Tailor-made: FMAD starts alteration shop on campus

Tattered jeans and ill-fitted tops will no longer cause problems for the Georgia Southern community. The FMAD Stitch Alterations Shop, a project of the Department of Fashion Merchandising and Apparel Design (FMAD) opened on campus Sept. 1 and is opening up new possibilities for designers at the University.

Marketing and design student Amber Shelton came up with the idea for a campus alterations shop while taking the Apparel I class, taught by FMAD Professor Rachel Eike, Ph.D. After performing alterations for a friend as part of an assignment, Shelton was inspired to take this to another level. She reached out to Eike and another FMAD professor, Beth Myers, Ph.D., about her idea, and soon they began working on a grant to begin the shop.
