LEGO ROBOTICS

We always look forward to seeing the bright faces of these future Eagles we serve during our summer programs!

From Lego Robotics and Game Labs to Eagle Expedition and our ever-popular Blackrocket Creativity Camps, learning is always fun at Georgia Southern University Continuing Education!

Hats off to our Youth Program Specialists Judy Hendrix-Poole and Mary Thaler for developing these youth programs from inception to completion. Through their efforts and partnership with Georgia Southern University Conference Services, the camps continue to attract new participants every year.
