Additional Topics Discussed by the Team

1. Janet's ideas for Green Eagle Awards display (from e-mail 4/1/2016)

How about we use these 2 (or 3?) videos (or something similar if someone finds better ones) to play on a loop for our display?

Elkay - exH2 Water Bottle Filling Stations - Product Overview

NOTE - See if ours have an LCD display or not and if so, figure out how/where to check them and program them.

Accompanying signage can say something like:

our Henderson Library logo, large, at the top.

“Henderson Library. Helping reduce the use of one plastic bottle at a time. It all adds up!”

(show photo of the stations and the numbers we’ve filled.) or ”Reusing one plastic bottle at a time.

With these stations we have filled XXXX bottles, as a result REDUCING the use of new plastic bottles, REUSING existing plastic water bottles or better yet, glass or paper cups or bottles, and saving them from the waste stream (including both recycling or trash.)

Reduce
