Keith Landry named ASCE Fellow

September 20, 2016

Keith Landry, assistant professor of CECM and interim assistant dean for research, has been elected to the rank of ASCE Fellow. ASCE (American Society of Civil Engineers) Fellows have made celebrated contributions and developed creative solutions that change lives around the world. It is a prestigious honor held by fewer than 3.5% of ASCE members. Fellow status must be attained by professional accomplishments and election by the Membership Application Review Committee.

In addition to serving as interim assistant dean for research in the CEIT, Dr. Landry serves as the interim director of CITEMS and teaches in the CECM department. His current funded research projects include expedient steel repair methods, and highway bridge deterioration & maintenance. His research interests include critical infrastructure resilience / protection, highway bridge maintenance, and engineering education.

Dr. Landry served for 26 years in the US Army Corps of Engineers, attaining the rank of Colonel. His command assignments included the C/12th Engineer Battalion, the 92nd Engineer Battalion, and the Louisville District of the US Army Corps of Engineers. He serves as faculty advisor for the GS student chapter of the Society of American Military Engineers (SAME) and is the program chair of the Military & Veteran Constituent Committee of the American Society of Engineering Education (ASEE).
