

**Proceedings of the Eighth
Annual Meeting of the
Georgia Association of
Mathematics Teacher
Educators**

**October 15, 2014
Rock Eagle**

Georgia Association of Mathematics Teacher Educators (GAMTE)

GAMTE 2014 Officers

President: Greg Chamblee, Georgia Southern University
President-Elect: Jeffrey S. Hall, Mercer University
Secretary: Teresa Banker, University of West Georgia
Treasurer: Woong Lim, Kennesaw State University
Member-at-Large: Tamara Pearson, Clayton State University
Member-at-Large: Angel Abney, Georgia College and State University

GAMTE 2014 Conference Committee

Gregory Chamblee, Georgia Southern University
Jeffrey S. Hall, Mercer University
Ha Nguyen, Georgia Southern University
Sharon Taylor, Georgia Southern University

GAMTE 2014 Proceedings Committee

Don K. Brown, Middle Georgia State College
Jill Drake, University of West Georgia
Jeffrey S. Hall, Mercer University
Tamara Pearson, Clayton State University
Lynn Stallings, Kennesaw State University
Sharon Taylor, Georgia Southern University

Purposes and Goals of GAMTE

The purpose of GAMTE is to encourage and facilitate the improvement of mathematics teacher education across the state of Georgia. The goals of the organization are to: facilitate communication and collaboration among mathematics teacher educators between and within all educational levels; coordinate activities and work collaboratively with other associations, organizations, and governmental (national, state, and local) units to strengthen the mathematical, pedagogical, and clinical preparation of mathematics teachers at all levels (P-college); facilitate collaboration among mathematics teacher educators who are members of different academic units, such as departments of mathematics and departments of education; promote leadership among mathematics teacher educators in the broader mathematics education community; encourage research related to mathematics teacher education, especially which identifies factors that contribute to improving the preparation and professional development of mathematics teachers at all levels; encourage and organize programs and meetings focusing in issues related to the preparation and professional development of mathematics teachers; and foster the incorporation of appropriate technology into teacher education programs and professional development opportunities in mathematics at all levels (P - college).

Letter from the President

A Letter from the President

The eighth annual conference of the Georgia Association of Mathematics Teacher Educators provides an opportunity for mathematics educators to meet, discuss and present scholarly works about mathematics teaching and learning. The conference also presents a time for members to discuss 'initiatives' at their institutions and 'catch-up' on mathematics education in Georgia in general. This year's conference presentations are a mix of research and practice sessions. These proceedings represent a sample of the work of the membership over the past year.

The annual conference and proceedings would not be possible without the work of many individuals. Thanks to Conference Co-chairs Sharon Taylor, Ha Nguyen and Gregory Chamblee for putting together a very diverse program. Thanks to Proceedings Co-Editors Jeffrey Hall and Don Brown along with the review committee (Jill Drake, Tamara Pearson, Lynn Stallings and Sharon Taylor) for reviewing submitted papers and preparing each paper for publication. Thanks to all the presenters for disseminating their research and practices to the membership.

Leadership is the key to the sustainability of an organization. We thank Sharon Taylor (Past-President) for all of her work and Jeffrey Hall (President-Elect) for all of his work during the past year. We look forward to the leadership of Jeffrey Hall (President) and the incoming officers as they continue to move the organization forward.

Mathematics-related issues in Georgia continue to change by the day. I personally want to thank each member for making Georgia Association of Mathematics Teacher Educators a viable voice in this discussion. It has been a pleasure serving as your President for the past two years. Thanks for all you do!

Gregory Chamblee

Table of Contents

	Page Number
A Proposed Pedagogical Approach for Preparing Teacher Candidates.....	5
to Incorporate (Academic)	
Woong Lim, Kennesaw State University	
Lynn Stallings, Kennesaw State University	
Design Considerations for Visually-Aided Discussion Prompts: Emphasizing	15
Mathematical Reasoning in Teacher Education	
Anne Marie S. Marshall, Berry College	
Kadian M. Callahan, Kennesaw State University	
Differences in Beliefs Across a Series of Four Mathematics Content Courses	28
Susanna Molitoris Miller, Kennesaw State University	
Caitlin Walkey, Kennesaw State University	
Do You See What I See? Deepening Teachers' Understanding of Linear Equation	37
Through Student Interviews	
Tamara Pearson, Clayton State University	
Kelli Nipper, Clayton State University
