This newsletter is brought to you for free and open access by the Auxiliary Services at Digital Commons@Georgia Southern. It has been accepted for inclusion in Auxiliary Services Newsletters by an authorized administrator of Digital Commons@Georgia Southern. For more information, please contact digitalcommons@georgiasouthern.edu.

Several Auxiliary Services departments are currently undergoing updates and improvements to better serve you!

Visit our website for up-to-date information - [Pardon Our Progress](#)

Dining & Parking Renovations

Renovations are still underway at Starbucks and Chick-fil-A in the Russell Union. The entirety of the Russell Union is closed for the duration of the summer. We apologize for any inconvenience, and we look forward to serving you in our updated storefronts!

Parking lot improvements in North Lot 21 are moving along as well. While there is no access to this end of the parking lot for the summer, parking is still available on the south end of the lot. You can expect improved traffic flow and parking at the end of this project!

Construction will soon start on improvements to the sidewalk and greenery on the Chandler Road side of Dining Commons. Please be mindful of the reduced sidewalk space and be cautious when making your way around the building.

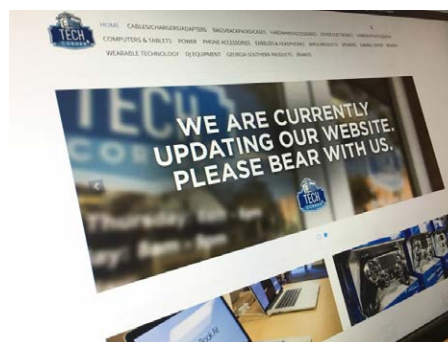

ATM Relocation (BoA)

ATMs have been relocated to the front of Dining Commons directly across from the entry turnstiles. We are still working diligently with Bank of America to secure a new ATM for the new location. Last week, Auxiliary Services representatives met with the telecommunications company responsible for installing infrastructure for Bank of America's ATM. More information will be available soon.

Tech Corner Website Update

Tech Corner's eCommerce systems have been updated to the latest version, and they will be rolling out new updates to their website over the next couple of weeks. Please bear with them as they make your online shopping experience more enjoyable. If you have any questions, please call them at (912) 478-7744. Tech Corner is open this summer Monday - Friday, 8 a.m. - 5 p.m. Plus, make sure to visit www.GSTechCorner.com to view their new website!

University Store POS Update

University Store's Point of Sale (POS) system as well as website, GSUStore.com, will be undergoing an update over the next few weeks. During this transition, the website may be down and some services may not be available. These updates should be in place as of June 12, but please be mindful that they are transitioning to a new system and website to better serve our campus community. We appreciate your patience as they make updates to better serve their customers!
