## PREFACE

This volume continues the survey of Bulloch County cemeteries by the Genealogical Records Committee, Archibald Bulloch Chapter, DAR. Two cemeteries in Jenkins County and one in Candler County are included because these counties were once part of Bulloch County and descendants of persons buried in these cemeteries are living in Bulloch County.

An especial effort was made to locate and record small, hard-to-reach family burial grounds since these are rapidly disappearing. An effort also was made to contact descendants who might give information about persons buried in a particular cemetery in unmarked graves.

Where two or more persons are buried with a common headstone, this is indicated by "SS" between the inscriptions. A lot which is enclosed by a concrete curb or other material is shown by a line drawn around the inscription from the tombstones in the lot. When there is no tombstone but instead a metal undertaker's marker, this is shown by "UTM".

Some family information was given by descendants or relatives. Some was found on censuses. This information has been included.

Much assistance in surveying was given by persons other than DAR members. At the beginning of each cemetery the names of surveyors are listed as well as date surveyed and directions for reaching the cemetery from Statesboro.

There are fifty-one cemeteries in this volume with a total of two thousand, three hundred and ninety-eight tombstone inscriptions.

CONE CEMETERY  
Bulloch County, Georgia

DIRECTIONS: From Statesboro go out US 80 east. Turn left at Old Fellowship church. Go to junction and keep straight ahead. (Road becomes 119.) Go to Cone (black) Cemetery, on right. Just at end of cemetery is a dirt road with a gate. Go through gate and follow this road (Old River Road) for  $\frac{1}{2}$  a mile. Cemetery is on the left. Right at the road is a fallen tombstone. A little further on by a large oak tree is another grave which has been marked by DAR. These were the only two visible graves.

Surveyed 12 March 1981 by Mrs. William Starling and Mrs. Lawrence B. Kelly, Chairman.

1. In memory of  
Paul R. Cone  
a member of the 47th C--  
-- received a ----  
10th of June, Charleston, S.C.  
Died m--- Age 20 years  
This stone was bulldozed down  
and is broken in many places.
2. Captain William Cone  
Ga. Mil  
Rev. War

There are four concrete posts about 5 feet high at the corners of this grave.

Mrs. Francis Groover led us to this cemetery. Her husband gave the following information:

This area was originally a settlement, settled about 1760 - 70. A Barber family settled it. William Cone came from N.C. about 1770. He married one of the Barbers. The settlement was abandoned in the early 1880s. The last person buried there was Paul Cone, the Civil War soldier.

Mr. Groover told us that he heard that someone went there with a metal detector and dug up a grave and took an old Revolutionary War gun. Mr. Groover said that Capt. William Cone had many children. One of his sons, Aaron, had a son, Aaron, who had a daughter, Anna. She married S. E. Groover. Their son, William Aaron, was father of Francis Groover.

Dr. W. M. Cone, a descendant of this family told us that Paul R. Cone's brother was also buried in this cemetery. He was John R. Cone. The brothers both died in the first battle of the Civil War at Fort Sumter.

## GAY CEMETERY

Bulloch County, Georgia

DIRECTIONS: From Statesboro go out U. S. 80 west to Hwy 25. Go on Rt. 25 to Ruby Parrish's store. Turn right on paved road. Go 5 miles. Turn left at a dempsey dumpster. There is a two storied house on the right at the turn, a white block house to the left after turn. Cemetery is in a field at the left of the block house in a clump of trees. It has a low iron fence. It is badly overgrown and crawling is necessary to reach the graves. Mr. Rupert Hendrix who lives in the block house accompanied us. He said there were many more graves there that had been plowed under. He also said that there had been two other cemeteries on the property but nothing is now visible of either. The property is owned by Leo G. Parrish.

Survey 10 March 1981 by Mrs. William Starling and Mrs. Lawrence B. Kelly, Chairman.

At the back of the cemetery was a bricked area approximately 8 by 10 feet. The brick wall was approximately a foot high. The bricks were fallen and crumbling. The inner area was sunken. Mr. W. C. Hodges, who is a member of the church, said a man came in with a saw mill and was killed right in front of the church. Nobody knew where he came from or anything about him. He was buried in this bricked-in area. Mr. Hodges thinks his name was Matthews.
