A. GENERAL INFORMATION

Message from the Office of Institutional Research

The 2012 edition of the Armstrong Atlantic State University Fact Book is a point of reference that we hope will answer any questions you may have about Armstrong. The Fact Book is an annual publication that includes information on nearly every aspect of Armstrong. It includes data about our administration, enrollment, credit hours, academic achievement, and finances. The 2012 edition of the Fact Book mainly utilizes Fall 2012 census data and fiscal year 2012 data. We tried to provide five years of trend data for your reference.

This historical document would not be possible without the support and cooperation from many offices on campus. It could not have been completed without their support. Thank you!

If you have further questions or suggestions, please visit our website at www.armstrong.edu/departments/institutional_research or call us at 912-344-3235.

History of the University

Armstrong Atlantic State University, part of the University System of Georgia, was founded in 1935 as Armstrong Junior College to enhance higher educational opportunities in the community. The college was established by the mayor and alderman of the City of Savannah and was housed in the Italian Renaissance Armstrong House, a gift to the city from the family of George F. Armstrong. Over the years the college occupied six additional buildings in the Forsyth Park and Monterey Square areas.

In 1959, as Armstrong College of Savannah, it became a two-year unit of the University System of Georgia. The Board of Regents conferred four-year status on Armstrong State College in 1964. Two years later the college moved to its present 250-acre site, a gift from the Mills B. Lane Foundation and Donald Livingston. Additional buildings joined the six original structures as Armstrong added professional and graduate programs and quadrupled in size. On July 10, 1996, the institution gained university status and a new name: Armstrong Atlantic State University.

Today, Armstrong offers more than 100 academic programs and majors in the College of Education, College of Health Professions, College of Liberal Arts, College of Science and Technology and School of Graduate Studies. The academic community includes approximately 7,500 students from nearly every state and 70 different countries, and more than 580 faculty and staff members. The university granted its first Doctor of Physical Therapy degree in May 2010. Armstrong Atlantic State University has been accredited as a senior institution by the Southern Association of Colleges and Schools since January 1, 1968, and was last reaccredited in December 2002.

Armstrong celebrated its 75th anniversary throughout the 2010 calendar year. Fall 2010 brought the opening of the new freshman residence hall, Windward Commons, and Armstrong welcomed its largest freshman class in history. The number of students living on campus grew to 1,389. The 61,000 square-foot Student Union (the first green building on campus), which opened in April, quickly became a hub of activity for on- and off-campus students alike.

The inauguration of President Linda Bleicken on September 17, 2010, coincided with the opening day of Armstrong's campus in 1935, and brought the opportunity to celebrate Armstrong's history in a number of ways: a community day of service, an alumni recognition event, a 5-K run and release of Armstrong's history, *From the Mansion to the University*, authored by professor emerita Janet Stone.

Under President Bleicken's leadership the university adopted and began implementation of *Charting Excellence Together, Armstrong's Strategic Plan* in January 2011, with student success as its singular guiding principal. At the core of this plan are Armstrong's foundational commitment to being a teaching first university, its strong ties to Savannah, sound professional preparation and liberal arts core that prepares graduates not just for careers, but for thoughtful civically engaged lives.

During the past year, the university was designated as a military friendly institution by *GI Jobs Magazine* and also established a new Office of Online and Blended Learning, both to serve non-traditional students and grow the number of adults completing college in Georgia. The Doctorate of Physical Therapy program received national recognition after its inaugural year.

2011-2012 Armstrong Achievements

- A report released by the University System of Georgia's Selig Center in June 2012 estimated Armstrong's economic impact on our region at \$209 million and 2,074 jobs.
- Armstrong's College of Health Professions remains one of the largest regional health professions education centers in Georgia.
- Among 19 University System of Georgia institutions, Armstrong's College of Education has the second highest percentage of graduates hired in the state's K-12 schools.
- Armstrong's art, music, and theatre programs put on more than 110 performances, exhibitions, and concerts each year, attracting thousands of visitors to the campus.
- Armstrong has been named a Military Friendly School by *G.I. Jobs* magazine and opened the Military Outreach Center in June 2012.
- The Office of Online and Blended Learning was opened to expand Armstrong's fully online and blended offerings.
- Armstrong's College of Liberal Arts added the Master of Arts and graduate certificate in professional communication and leadership and the entirely online undergraduate certificate in criminal justice.
- The College of Education added the Master of Education in Reading Specialist Education degree.
- Armstrong received support from the University System of Georgia's African-American Male Initiative to launch the new Men of Vision and Excellence (MOVE) mentoring and leadership program on campus to foster success among African-American male undergraduates.
- Armstrong became a tobacco-free campus in August 2012. The new policy underscores the university's commitment to provide a healthy learning and working environment for students, faculty, and staff.
- Armstrong's 100 Black Men of Savannah's Collegiate 100 Chapter received the 100 Black Men of America, Inc. 2012 Collegiate 100 Chapter of the Year. The award is based on the Armstrong Collegiate 100's outstanding accomplishments, community service, and mentoring.
- In fall 2012, Armstrong launched its first-year seminar pilot program, First Class, that will help students become more engaged on campus and hone information literacy skills that enable them to answer their own questions and solve their own problems.
- Armstrong received a Robert Noyce Teacher Scholarship grant of \$1.2 million from the National Science Foundation (NSF) to create a unique scholarship program for science, technology, engineering, or mathematics (STEM) students. Those who receive the scholarships will complete the Bachelor of Science degree, continue their studies at Armstrong to gain a Master of Teaching degree, and become K-12 STEM teachers.
- President Linda Bleicken took part in a roundtable discussion at the White House in Washington, D.C., with two dozen fellow presidents from state colleges and universities, as part of the American Association of State Colleges and Universities' (AASCU) Council of State Representatives. Dr. Bleicken represents the state of Georgia on the Council.

- Armstrong received over \$1 million from the University System of Georgia's Complete College Georgia initiative to add more student employment opportunities on campus; expand academic, financial and military support services; enhance technology support; and upgrade lab facilities.
- Armstrong ROTC Cadet Michael Wayne Holly was ranked in the top 10 on the national Order of Merit List from among more than 5,600 graduating cadets across the nation.

COLLABORATIONS AND PARTNERSHIPS

- The College of Science and Technology is partnering with Ossabaw Island Foundation, Georgia Southern University, and the Skidaway Institute of Oceanography to continue and expand learning opportunities that focus on our area's unique coastal environment.
- Armstrong and Georgia Southern University forged a partnership for undergraduate engineering education. Students can complete an associate degree at Armstrong, and then transfer to Georgia Southern to complete their bachelor's degree in engineering.
- Lumina Foundation awarded a \$600,000 grant for Armstrong, Savannah State University, and Savannah Technical College to partner together on the state's only Latino Student Success program, CAMINO—College Access Mentoring Information and Outreach.
- The U.S. Health Resources and Services Administration (HRSA) awarded Armstrong's College of Health Professions a \$1.5 million grant to implement an inter-professional care model at St. Mary's Health Center over the next three years. Health professions students provide hundreds of hours of care to adults and children who otherwise could not afford care.
- Armstrong established a partnership with Linnaeus University and the city of Växjö, Sweden, the greenest city in Europe. The two institutions will support an academic exchange program, sustainability efforts and education, and online coursework in clinical informatics with Linnaeus' eHealth Institute.
- Treasure Savannah day of service in spring and fall brought more than 700 volunteers to complete projects at nonprofit organizations across the city. The March event included participation in the City of Savannah's Great American Spring CleanUp.
- Armstrong held its first Community Summit in fall 2011, engaging leaders from the business, government, education, and military community together to discuss how Armstrong can continue providing programs and graduates that help to meet workforce needs.
- Armstrong's College of Education received a grant from the U.S. Department of Justice National Institute of Corrections that will fund a cooperative agreement for implementing inmate behavior management programs.
- Hispanic Outreach and Leadership at Armstrong (HOLA) program awarded \$150,000 in scholarships to 18 Latino students to help cover tuition and related costs for the 2011-2012 academic year.

FACULTY HIGHLIGHTS

- Ashraf Saad, professor of computer science, was one of 20 professors from across the country selected for a second prestigious 10-week NASA Glenn Faculty Fellowship Program in Cleveland, Ohio. The summer program, which Saad originally attended in 2006, offered the opportunity to conduct state-of-the-art research at NASA's Controls and Dynamics branch.

- ☐ The University of Georgia’s Marine Education Center and Aquarium celebrated contributions of the late Peter Verity, former adjunct professor in Armstrong’s College of Science and Technology and long-time professor of biological oceanography at the Skidaway Institute of Oceanography. The institute opened a permanent exhibit, “Sea Jellies of the Georgia Coast” and dedicated its Ctenophore tank to Verity.
- ☐ Armstrong Professor of Economics Michael J. Toma was named the university’s Fuller E. Callaway Professorial Chair. The prestigious Callaway Professorial Chair is granted to professors in the state of Georgia to honor both excellence in the classroom and scholarship.
- ☐ Armstrong associate professor of political science José de Arimatéia da Cruz joined a group of renowned international faculty at the University of Stavanger in Norway as a visiting scholar in the one-of-a-kind European Master in Migration and Intercultural Relations (EMMIR) program.
- ☐ Dr. Regina Rahimi, assistant professor in the Department of Adolescent and Adult Learning, recently published *Pervasive Vulnerabilities: Sexual Harassment in School*, a groundbreaking new book about sexual harassment in middle schools and high schools.
- ☐ A new book by Armstrong assistant professor of history Hongjie Wang sheds light on the tumultuous national politics of China in the 10th century, a period of political strife and widespread warfare that saw the rise of a new empire in what is today’s Sichuan province.
- ☐ Lesley Roessing, College of Education faculty member and director of the Coastal Savannah Writing Project, published her second book for educators, *No More Us and Them: Classroom Lessons & Activities to Promote Peer Respect* (Rowman & Littlefield Education).
- ☐ Y. Daniel Liang, a professor of computer science, presented a lecture on the Java programming language to faculty and students at Nanchang University in southern China.

ATHLETICS

- ☐ Armstrong’s head baseball coach Joe Roberts has been chosen for induction into the American Baseball Coaches Association (ABCA) Hall of Fame as a member of the ABCA’s Hall of Fame Class of 2013.
- ☐ Simon Earnshaw was named the Division II Women’s Tennis National Coach of the Year by the ITA, marking his fourth career ITA National Coach of the Year Award.
- ☐ Armstrong senior April Jowers became the all-time softball hit leader in Pirate history.
- ☐ Both the men’s and women’s tennis teams won national championships, bringing their combined national titles to 10.
- ☐ The soccer team made the university’s first-ever appearance in the NCAA Division II Final Four.
- ☐ The Pirates brought home seven Peach Belt titles and also earned the Peach Belt Commissioner’s cup, another first for Armstrong.

Space prohibits the inclusion of many others who wrote book chapters, served on or chaired state and national committees, presented at professional conferences, displayed their art and musical talent or otherwise represented themselves and Armstrong with distinction in many prestigious venues around the world.

Armstrong Mission, Vision, and Values

Our Mission

Armstrong is teaching-centered and student-focused, providing diverse learning experiences and professional programs grounded in the liberal arts.

Our Vision

Armstrong strives to be an academically selective institution of first choice, recognized nationally for undergraduate, graduate, and professional education.

Our Values

Armstrong embraces these core values:

- We value education that is student-focused, transformative, experiential and rigorous, leading to student success.
- We value balance among teaching, mentoring, and scholarship.
- We value an environment of mutual trust and collegiality that builds an inclusive community.
- We value transparency that fosters shared governance.
- We value and respect diversity.
- We value ethical behavior and accountability that support high standards of performance.
- We value civic engagement through outreach and service.
- We value our relationship with Savannah, its unique geographic location, rich history, and abundant opportunities.

Strategic Goals

Strategic Goal 1

Armstrong will impart the skills and habits of mind to motivated students that help them realize their potential as productive citizens of the world.

Armstrong will foster student success.

Armstrong graduates have demonstrated a distinguished record of achievement and service to the city of Savannah, the state, and the nation. This new strategic plan will strengthen Armstrong's efforts to attract and retain dedicated, hard-working, and professionally striving students who will sustain this record of achievement and service.

Strategic Goal 2

Armstrong will build upon and strengthen its foundational commitment to teaching, ensuring that transformative student learning occurs inside and outside the classroom.

Armstrong's history of academic excellence rests upon superior teaching. The strategic plan reinforces the continued expectation of high-quality learning experiences underscored by diverse learning environments.

Strategic Goal 3

Armstrong will enhance existing campus technologies, expanding both its technological capabilities and reach, to meet current and emerging needs.

Armstrong is keenly aware of the rapid changes in technological innovation that impact higher education. The university must or will assess the needs of faculty, staff, students, and other constituents in order to systematically develop plans to secure, deploy, and maintain appropriate technologies campus-wide.

Strategic Goal 4

Armstrong will strengthen its financial base, diversify university resources, and wisely invest in initiatives in order to ensure long-term sustainability.

Armstrong faces strong competition for limited resources. The university will identify and secure diverse but reliable sources of revenue in order to meet its obligations while fueling future development.

Strategic Goal 5

Armstrong will increase its visibility across the state and region by transforming its most compelling strengths, values, and offerings into resonant messaging that inspires loyalty among internal stakeholders and alumni and builds lasting relationships with the local community.

Armstrong must have a clearly defined image and increased visibility to attract students, faculty, staff, donors, and community partners. With strong, targeted marketing and public relations plans, Armstrong can position and differentiate itself to achieve its vision.

B. ADMINISTRATION AND FACULTY

The University System of Georgia

The Board of Regents of the University System of Georgia was created in 1931 as a part of a reorganization of Georgia's state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The governor appoints members to the Board, who each serve seven years. Today the Board of Regents is composed of 18 members, five of whom are appointed from the state-at-large, and one from each of the 13 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System.

The Board oversees the 35 colleges and universities that comprise the University System of Georgia, Skidaway Institute of Oceanography and The Georgia Public Library System. These institutions enroll approximately 318,000 students and employ approximately 41,680 faculty and staff members to provide teaching and related services to students and the communities in which they are located.

Presidents of Armstrong Atlantic State University

Dr. Linda M. Bleicken joined Armstrong Atlantic State University on July 1, 2009, becoming the seventh Armstrong president and the first woman to lead the institution since the establishment of Armstrong Junior College in 1935.

President Bleicken's arrival on campus proved auspicious for planning the university's 75th anniversary in 2010. The year brought an opportunity not only to celebrate Armstrong's history, but also to create new campus traditions, including the recognition of notable alumni and Treasure Savannah day of service to benefit community nonprofit organizations.

During her tenure, President Bleicken has ushered in a new strategic plan that reaffirms the university's commitment to student success and sets forth five strategic goals for the institution. Under her leadership, the university has developed and implemented a new branding campaign that calls attention to Armstrong's dedication to excellence in academics and its strong ties to our city and coastal region.

Linda M. Bleicken
2009- present

President Bleicken has been a tireless advocate for the university off-campus as well. Her efforts in the Georgia legislative arena have been instrumental in garnering and keeping safe the funding that is supporting the university's new Library Learning Commons and other vital renovations. She is also a member of the legislative team for the American Association of State Colleges and Universities (AASCU), which takes her to Washington as an advocate for critical budgetary issues such as student financial aid and funding for higher education. In fall 2012, President Bleicken was elected to sit on the NCAA Division II President's Council, representing the Peach Belt Conference.

Prior to joining Armstrong, President Bleicken served at Georgia Southern University for 19 years, beginning as assistant professor of management. Her tenure at Georgia Southern included serving as acting chair of the department of management, associate dean of the College of Business Administration, vice president for student affairs and enrollment management and provost and vice president for academic affairs.

She holds Ph.D. and Master of Science degrees in management from Georgia State University. She earned her bachelor's degree in marketing magna cum laude, also from Georgia State. She serves on the boards of the Ossabaw Island Foundation and the Union Mission, and is a member of the Savannah Rotary Club.

I. INSTITUTIONAL INFORMATION

Lane Library

Lane Library, built in 1966 and extensively expanded in 1975, supports the academic programs of Armstrong Atlantic State University. The staff combines the traditional repository responsibilities of academic libraries with newer concepts of librarianship, including course-integrated bibliographic instruction, computer-assisted information retrieval, and media production/circulation.

The library collection consists of more than 900,000 total items, including over 200,000 book volumes, close to 550,000 microforms, records, slides, motion picture kits, and videotapes, and 496 periodical subscriptions. The Florence Powell Minis Collection contains university archives, material of local color, and a special collection of first editions by Conrad Aiken and other Savannah authors. An automated interlibrary loan service permits access to the resources of other libraries throughout the United States.

Lane Library utilizes state-of-the-art technology to improve its services and operations. Cataloging is enhanced through membership in a national bibliographic utility. The reference services are reinforced with computerized bibliographic searching and media services encompass distribution and presentation of materials in a variety of formats.

Armstrong Atlantic State University Athletics

Armstrong Atlantic State University competes at the Division II level of the National Collegiate Athletic Association (NCAA) and is a charter member of the Peach Belt Conference, the premier NCAA Division II conference in the nation. Armstrong has gained a reputation of excellence for the quality of its program as eight of its athletic teams were represented in the NCAA Championships in 2011-12. The Pirates have also excelled in the classroom as 56 percent of Armstrong's 166 student-athletes carried grade-point averages of 3.0 or better and a school-record 88 student-athletes were named to the Peach Belt Conference's Presidential Honor Roll. 2011-12 also marked the first season in which Armstrong won the Peach Belt Conference's Commissioner's Cup, presented annually to the top overall athletic program in the league.

The Armstrong men's tennis team notched its third NCAA Division II National Championship, going an unbeaten 30-0 and blanking No. 2-ranked West Florida, 5-0, in the National Championship match. The Pirates featured the Peach Belt Conference's Player of the Year, Georgi Rumenov, who also finished the season ranked No. 1 in the nation in singles. Rumenov and Mikk Irdoja were the top-ranked doubles team in the nation.

Armstrong women's tennis captured the program's seventh NCAA Division II National Championship in 2012, compiling an unbeaten 29-0 overall record and knocking off top-ranked BYU-Hawai'i, 5-2, in the National Championship match in Louisville, Ky. The Pirates finished the year ranked No. 1 in the nation and six Armstrong players earned ITA All-America honors.

The Armstrong women's soccer team advanced to its first NCAA Division II Final Four in 2011, going 18-3-3 while capturing both the Peach Belt Conference regular season and tournament titles, hosting both an NCAA Southeast Regional and the NCAA South/Southeast Region Championship match as well as the NCAA Quarterfinals. The Pirates finished the 2011 season ranked No. 3 in the National Soccer Coaches' Association of America (NSCAA) Division II Top 25 poll.

Armstrong volleyball set a new school and Peach Belt Conference record by winning its first 31 matches of the season en route to a 36-3 overall record in 2011, capturing the Peach Belt's regular season title. Junior Brittany Wolf was named the PBC Player of the Year, hitting .406 for the season, fifth-best in NCAA Division II. The Pirates made their fourth straight and ninth overall NCAA Championships appearance while finishing the season ranked No. 25 in the AVCA Top 25 poll.

The Armstrong baseball squad went 41-16 overall and 20-10 in the Peach Belt Conference in 2012, becoming one of only three league schools to win both the Peach Belt regular season and tournament titles in the same season. The Pirates advanced to the NCAA Championships for the 13th time in the last 23 seasons and junior outfielder Zach Taylor was named the PBC Player of the Year, while also earning ABCA All-American honors.

Armstrong softball went 45-11 overall while going 19-1 in the Peach Belt, capturing the school's second PBC regular season title. The Pirates hosted their first NCAA Regional in 2012 and senior April Jowers, the PBC's Player of the Year, led NCAA Division II in hitting with a .565 batting average.

The Armstrong women's golf team captured its first Peach Belt Conference title in 2012, winning the league's tournament by 11 strokes over UNC Pembroke in April. Sophomore Kristen Sammarco shot a two-over-par 144 score to earn individual medalist honors. Sophomore Jenna Birch advanced to the NCAA Regionals as an individual, qualified for the NCAA Championships and finished tied for 21st in Louisville.

Armstrong men's golf advanced to its 10th straight NCAA Championships in the 11 seasons since the sport was reinstated in 2000-01 while finishing fifth in the Peach Belt Conference.

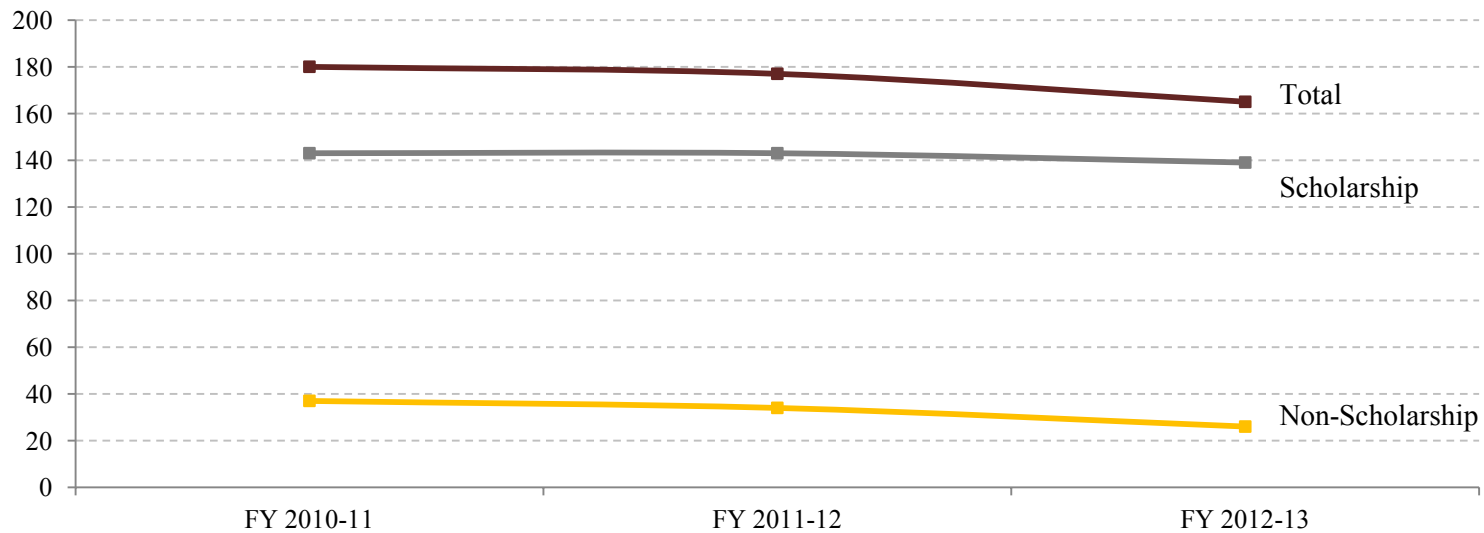

Armstrong men's basketball ended Augusta State's 41-game home winning streak in January and also beat eventual NCAA Division II national runner-up Montevallo. The Pirates finished the 2011-12 season 10-16 overall and 6-12 in the PBC .

The Armstrong women's basketball team went 13-13 overall and 7-11 in the Peach Belt Conference. Sophomore Mauri Wells led the Peach Belt and ranked fourth in NCAA Division II in rebounding, averaging 13.0 rebounds per game.

Armstrong men's cross country finished its fourth season of competition since the reinstatement of the sport in 2008 and hired former SCAD head cross country coach Michael Sergi to direct the program for the upcoming 2012-13 season.
