Copyright & Disclaimer Information

CollegeSource® digital catalogs are derivative works owned and copyrighted by CollegeSource®, Inc. and Career Guidance Foundation. Catalog content is owned and copyrighted by the appropriate school.

While CollegeSource®, Inc. and Career Guidance Foundation provides information as a service to the public, copyright is retained on all digital catalogs.

This means you may NOT:

• distribute the digital catalog files to others,
• “mirror” or include this material on an Internet (or Intranet) server, or
• modify or re-use digital files without the express written consent of CollegeSource®, Inc. and Career Guidance Foundation and the appropriate school.

You may:

• print copies of the information for your own personal use,
• store the files on your own computer for personal use only, or
• reference this material from your own documents.

CollegeSource®, Inc. and Career Guidance Foundation reserves the right to revoke such authorization at any time, and any such use shall be discontinued immediately upon written notice from CollegeSource®, Inc. and Career Guidance Foundation.

Disclaimer

CollegeSource® digital catalogs are converted from either the original printed catalog or electronic media supplied by each school. Although every attempt is made to ensure accurate conversion of data, CollegeSource®, Inc. and Career Guidance Foundation and the schools which provide the data do not guarantee that this information is accurate or correct. The information provided should be used only as reference and planning tools. Final decisions should be based and confirmed on data received directly from each school.

*Because foreign-language data are subjected to a more limited quality control, CollegeSource® accepts no liability for the content of non-English materials.
The statements set forth in this Catalog are for information purposes only and should not be construed as the basis of a contract between the students and this institution. While the provisions of this Catalog will ordinarily be applied as stated, Georgia Southern University reserves the right to change any provision listed herein, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of such changes. Information on changes will be available in the Office of the Registrar. Ultimately, each student is responsible for keeping himself or herself apprised of current graduation requirements in his or her particular degree program. While academic advisors should be consulted regularly, students are responsible for the completion of their chosen degree programs.
Georgia Southern University

Statesboro, Georgia 30460
General Information: (912) 478-5611
World Wide Web: http://www.georgiasouthern.edu/

Georgia Southern University is accredited by the Southern Association of Colleges and Schools, 1866 Southern Lane, Decatur, GA 30033-4097, (404) 679-4501, http://www.sacscoc.org, to award associate, bachelor’s, master’s, specialist’s, and doctoral degrees. The Southern Association of Colleges and Schools (SACS) should be contacted for information about the accreditation status of Georgia Southern University, not for general admission information.

How to Use This Catalog
The Georgia Southern University General Catalog is an information book and reference guide dealing with different aspects of the University - its policies, facilities, degree programs, course offerings, services, and faculty.

The statements set forth in this catalog are for information purposes only and should not be construed as the basis of a contract between the student and this institution.

While the provisions of the catalog will ordinarily be applied as stated, Georgia Southern University reserves the right to change any provision listed in this catalog, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of such changes. Information on changes will be available in the Office of the Registrar. It is especially important for each student to note that it is his/her responsibility to keep himself/herself apprised of current graduation requirements for his/her particular degree program.

If you have suggestions for improving this Catalog, please email us at ccollins@georgiasouthern.edu.

Equal Opportunity Policy Statement
It continues to be the policy of Georgia Southern University to implement affirmative equal opportunity to all employees, students, and applicants for employment or admission without regard to race, color, gender, sexual orientation, national origin, religion, age, veteran status, political affiliation, or disability. This policy extends to participation in any of Georgia Southern’s programs. Questions regarding this policy of nondiscrimination should be directed to Associate Vice President for Institutional Compliance, at (912) 478-5136, P.O. Box 8035, Statesboro, GA 30460-8035.

Accommodations for Americans With Disabilities
In compliance with the Americans with Disabilities Act (ADA), Georgia Southern University will honor requests for reasonable accommodations made by individuals with disabilities. Students must self disclose their disability to the Student Disability Resource Center (SDRC) Director before academic accommodations can be implemented. The University offers modern technological devices for people with visual and hearing impairments. For additional information, please call the ADA Compliance Officer at (912) 478-5136, TDD (912) 478-0273, or the SDRC Director at (912) 478-1566, TDD (912) 478-0666. The TDD phone numbers are specifically for those with hearing impairments.

Student Notification Policy
All Georgia Southern University students are provided with an e-mail address within 24 hours of student registration. All undergraduate students are also provided with a Post Office Box. E-mail addresses and Post Office Boxes are the official means of communication between the University and the student. It is the student’s responsibility to check his or her e-mail each school day and his or her P.O. Box at least once a week for administrative messages. There is no justifiable excuse for failure to respond to a University communication or failure to act on a University communication in a timely manner.

General Information

University Mission
Georgia Southern University is a public, Carnegie Doctoral/Research university devoted to academic distinction in teaching, scholarship, and service. The University’s hallmark is a culture of engagement that bridges theory with practice, extends the learning environment beyond the classroom, and promotes student growth and life success. Georgia Southern’s nationally accredited academic programs in the liberal arts, sciences, and professional studies prepare a diverse and select undergraduate and graduate student population for leadership and service as world citizens. Faculty, staff, and students embrace core values expressed through integrity, civility, kindness, collaboration, and a commitment to lifelong learning, wellness, and social responsibility.

Central to the University’s mission is the faculty’s dedication to excellence in teaching and the development of a fertile learning environment exemplified by a free exchange of ideas, high academic expectations, and individual responsibility for academic achievement. Georgia Southern faculty are teacher-scholars whose primary responsibility is the creation of learning experiences of the highest quality, informed by scholarly practice, research, and creative activities. The University offers a student-centered environment enhanced by technology, transcultural experiences, private and public partnerships, and stewardship of a safe residential campus recognized for its natural beauty.

Georgia Southern University is committed to advancing the State of Georgia and the region through the benefits of higher education, offering baccalaureate through doctoral degrees and a variety of outreach programs. The University fosters access to its educational programs, provides a comprehensive and fulfilling university experience, and enhances quality of life in the region through collaborative relationships supporting education, health care and human services, cultural experiences, scientific and technological advancement, athletics, and regional development.

The University Strategic Plan Themes
The vision of becoming recognized as one of the best public comprehensive universities in the country identifies the University’s destination. The Level 1 plan articulates the overall strategic objectives and action steps to achieve this goal. The Level 2 and 3 plans describe how we will arrive there. Our journey is guided by six essential strategic themes, with the core being academic distinction.

**Academic Distinction Student-Centered University**
**Technological Advancement**
**Transcultural Opportunities**
**Private and Public Partnerships**
**Physical Environment**

The proposed action steps do not necessarily represent a fresh start toward an altogether new destination. Rather, they are ways of capitalizing on the progress we have made since 1906. We are already an excellent university, and we can contemplate actions that will enable us to become better and clearly one of the nation’s best public comprehensive universities. Given the differences among the units within the University, it is not anticipated that every unit will pursue the same themes. However, if the University is to progress, academic distinction must be the top priority at all levels and in all units.

History of Georgia Southern University
On December 1, 1906, the newly appointed First District Board of Trustees convened in Savannah, Georgia. It was one of 11 such boards created for each congressional district by state legislation that year to build and oversee agricultural and mechanical schools for elementary and secondary students. The trustees were prepared to hear bids from local leaders who wanted the First District A&M School to be built in their communities and were willing to provide the funding to do so. Among the bidders were 50 representatives from Bulloch County who had journeyed from Statesboro on a train called the “College Special.” Their bid of $125,000 in cash and in-kind contributions, including a donation of 300 acres for a campus, won handily. Early in 1908, just outside Statesboro (on a site called “Collegeboro”), the First District A&M School opened its doors with 15 students, four faculty members, and three buildings.

By 1920, the First District A&M School had 150 students and was fielding teams in football and baseball; the “Aggies” typically won more than half their games in any given season. But by 1921, a combination of rapidly growing debt and drastically declining enrollments almost spelled the end of the fledgling school.

Hard work and commitment prevailed, however, and by 1924, not only were the school’s finances and enrollments back on track, but the Georgia General Assembly upgraded the school to a two-year college for teacher training and retitled it the Georgia Normal School, one of three in the state. With this first change in the school’s status, “Principal” Ernest V. Hollis became “President” Hollis, Georgia Southern University’s first president. The following year, private donors funded the first scholarships for the campus.

In 1929, the General Assembly was persuaded that yet another major institutional promotion was due, and the Georgia Normal School became the South Georgia Teachers College via state legislation, converting the Statesboro campus from a two-year junior college to a four-year teachers college. The Aggies had receded, and the “Blue Tide” had rolled in, bringing programs not only in football and baseball, but also in basketball and track; basketball was played in a tobacco warehouse until the first gymnasium was built in 1931.

Also in that year, the long-supportive First District Board of Trustees, like all freestanding boards of college trustees in the state, was dissolved by state legislation. Higher education in Georgia was reorganized into its present form, with all state colleges and universities reporting to a single Board of Regents. Now, the Regents, not the General Assembly, were responsible for determining any changes in mission for the college in Statesboro.
In 1939, South Georgia Teachers College became Georgia Teachers College by action of the Board of Regents. This new title represented less a change of status for the college and more a recognition by the Regents that the Statesboro campus was the statewide college for teacher education. Later, the “Blue Tide” receded, and “The Professors” became the official name of Georgia Teachers College’s intercollegiate teams.

When Eugene Talmadge was elected governor in 1940, he remembered, according to some observers, that the electoral district dominated by Georgia Teachers College had voted for his opponent. Within a year, the governor had initiated an effort to remove President Marvin Pittman on charges that included advocating “racial equality and teaching communism” (the latter conclusively disproved). President Pittman was fired, and as a direct result of his dismissal, all state-supported institutions of higher education in Georgia saw their regional academic accreditation withdrawn by what is now the Southern Association of Colleges and Schools. In 1942, a new governor was elected, and the Board of Regents was reorganized; a year later, Georgia Teachers College and the University System of Georgia were reaccredited, and Dr. Pittman was reinstated by the Board as president of Georgia Teachers College.

This incident, which received international media coverage at the time, was a formative and symbolic experience in the history of Georgia Southern University and a measure of its resilience in the defense of academic and institutional integrity, qualities that remain today.

In 1957, the college in Statesboro was authorized by the Board of Regents to offer its first graduate degree, a Master of Education. In some ways, that benchmark was the beginning of the ultimate evolution from a college to a university.

Only two years later, Georgia Teachers College was upgraded by the Board of Regents to Georgia Southern College, a recognition by Georgia’s policymakers that the College was now a comprehensive institution with responsibilities well beyond the specialized mission of educating teachers. In 1960, the “Professors” was retired as the name of Georgia Southern’s intercollegiate teams, and by student vote, the “Eagles” was hatched.

The first fraternities and sororities were chartered on the campus in 1967 and 1968. The first three Schools, Arts and Sciences, Education, and Graduate Studies, were established in 1968, followed by the School of Business in 1971, and the School of Health, Physical Education, Recreation and Nursing and the School of Technology in 1980. Today, these schools have been organized as the College of Liberal Arts and Social Sciences (in 1994), Education, Graduate Studies, Business Administration, Health and Human Sciences, and the Allen E. Paulson College of Science and Technology (in 1994). In 2003, the College of Information Technology was established, and in 2005, the Jiann-Ping Hsu College of Public Health became the University’s eighth college. In 1981, football was reintroduced to Georgia Southern after a hiatus of almost 40 years, inaugurating a new winning tradition of Division I intercollegiate sports.

Beginning in the early 1970s, a resurgent effort to acquire university status for the Statesboro campus emerged, culminating in 1989 with the Board of Regents’ vote to promote Georgia Southern College to Georgia Southern University. When university status became effective on July 1, 1990, Georgia Southern received its sixth and final name. Georgia Southern University became the first new university in Georgia in 21 years and the third largest university in the state. In 1992, the Regents authorized Georgia Southern University to initiate its first doctoral program, the Doctorate of Education, which was the first doctorate to be offered by an institution located in South Georgia. In 2006, the Carnegie Foundation for the Advancement of Teaching classified Georgia Southern University as a doctoral/research institution.

**RONALD E. SHIFFLER, B.S., M.S., M.Stat., Ph.D.**
Dean, College of Business Administration

**FREDERICK K. WHITT, B.S., M.A., Ed.D.**
Dean, College of Health and Human Sciences

**College Structure**

The academic credit programs of the University are administered by eight colleges. They are the College of Liberal Arts and Social Sciences, the College of Business Administration, the College of Education, the College of Health and Human Sciences, the College of Information Technology, the Jiann-Ping Hsu College of Public Health, the Allen E. Paulson College of Science and Technology, and the Jack N. Averitt College of Graduate Studies. Except for the College of Graduate Studies and the Jiann-Ping Hsu College of Public Health, each of these is subdivided into schools or departments. A dean directs each college, a director or chair each school, and a chair each department. The following organizational structure provides for the degrees, fields of study, and courses set out in this catalog.

1. College of Business Administration
Dr. Ronald E. Shiffler, Dean
School of Accountancy
  Dr. Charles Harter, Director
Department of Finance and Quantitative Analysis
  Dr. William Wells, Chair
Department of Management, Marketing, and Logistics
  VACANT, Chair
School of Economic Development
  Dr. John Brown, Interim Director

II. College of Education
  Dr. Cindi Chance, Dean
Department of Curriculum, Foundations, and Reading
  Dr. Cordelia Zinskie, Chair
Department of Leadership, Technology, and Human Development
  Dr. Randal Carlson, Chair
Department of Teaching and Learning
  Dr. Ronnie Sheppard, Chair

III. College of Health and Human Sciences
  Dr. Frederick Whitt, Dean
Department of Hospitality, Tourism, and Family and Consumer Sciences
  Dr. Henry Eisenhart, Chair
Department of Health and Kinesiology
  Dr. A. Barry Joyner, Chair
School of Nursing
  Dr. Jean E. Bartels, Chair

IV. College of Information Technology
  Dr. Ronald Shiffler, Interim Dean
Department of Computer Sciences
  Dr. James Harris, Chair
Department of Information Systems
  Dr. Tom Case, Chair
Department of Information Technology
  Dr. J. Arthur Gowan, Chair

V. College of Liberal Arts and Social Sciences
  Betty Foy Sanders Department of Art
    Ms. Patricia Carter, Chair
Department of Communication Arts
  Dr. Pamela Bourland-Davis, Chair
Department of Foreign Languages
  Dr. Eric J. Karchner, Chair
Department of History
  Dr. William T. Allison, Chair
Department of Literature and Philosophy
  Dr. David Dudley, Chair
Department of Music
  Dr. Richard R. Mercier, Chair
Department of Political Science
  Dr. Richard L. Pacelle, Jr., Chair
Department of Psychology
  Dr. John Murray, Chair
Department of Sociology and Anthropology
  Dr. Peggy G. Hargis, Chair
Department of Writing and Linguistics
  Dr. Kathy Albertson, Interim Chair

VI. Jiann-Ping Hsu College of Public Health
  Dr. Charles J. Hardy, Founding Dean

VII. Allen E. Paulson College of Science and Technology
  Dr. Bret Danilowicz, Dean
Department of Biology
  Dr. Stephen Vives, Chair

Department of Chemistry
  VACANT, Chair
Department of Construction Management and Civil Engineering Technology
  Dr. Brian C. Moore, Chair
Department of Geology and Geography
  Dr. Dallas D. Rhodes, Chair
Department of Mathematical Sciences
  Dr. Martha Abell, Chair
Department of Mechanical and Electrical Engineering Technology
  Dr. Mohammad Davoud, Chair
Department of Military Science
  LTC George Lamont Fredrick, Chair
Department of Physics
  Dr. Mark Edwards, Chair
Institute of Arthropodology and Parasitology
  Dr. James Oliver, Director

VIII. Jack N. Averitt College of Graduate Studies
  Dr. Timothy P. Mack, Dean

Academic Services
In addition to the Colleges, several other departments or agencies within Georgia Southern University enhance the academic life of the University.

Advisement Philosophy
Georgia Southern University accepts the premise that ultimately a student’s program is his or her own responsibility. Any system of advisement must reflect students’ freedom of choice and their right to make their own decisions. It is required that students see their advisors prior to registration each semester to have their classes approved and to receive their Registration Access Number (RAN). Students should meet with their advisors at other times to plan programs carefully and make sure all requirements are being met.

It is the institution’s responsibility, however, to provide guidance, information, and assistance to the student whenever possible. It is the institution’s responsibility to see that advisors have accurate information, that they are concerned about the students, and that they are accessible to the students on a reasonable basis. It is the institution’s responsibility also to give the necessary support to those faculty members who choose advisement as an area of service and to see that good advisement is appropriately included in merit considerations.

Georgia Southern University also accepts the philosophy that faculty members should be involved in student advisement whenever possible since they provide a necessary academic orientation to the process. It is important that the students have as much direct contact with faculty as possible, and advisement is a particularly individualized avenue of communication. Advisement also provides the faculty member with a vital area of service.

Definition of the Role of Advisors
Advisors should fill three roles for students. They should serve as resource persons, providing information about university programs and institutional requirements to assist students in developing the most coherent plan for their college years. Second,
they should serve as a link between students and the university community, referring them to areas of assistance and familiarizing them with the resources provided by the institution to meet whatever needs and goals they might have. Finally, advisors should assist students in understanding the nature and purpose of higher education and help them develop self-direction in the process of decision-making.

Responsibility for Advisement

Advisement for students who have declared a major is provided by faculty and/or professional staff advisors in centers or in faculty offices. The College of Business Administration, College of Information Technology, College of Education, College of Health and Human Sciences, College of Liberal Arts and Social Sciences, and the Allen E. Paulson College of Science and Technology all have established advisement centers. Majors in International Studies and International Trade are advised in the Center for International Studies. Graduate students are assigned faculty advisors. Students in the Bachelor of General Studies are advised in the College of Liberal Arts and Social Sciences advisement center. Advisement for students who have not declared a major is provided through the First Year Experience Program (located on the ground floor of the Williams Center). Transient, post-baccalaureate, and non-degree students are advised through the Registrar’s Office.

The Academic Advisement Council consisting of key personnel from across campus meets on a monthly basis and serves to coordinate advisement activities at Georgia Southern. The Council is chaired by the Associate Provost for Academic Affairs.

The Division of Continuing Education and Public Service (CEPS)

The mission of the Division of Continuing Education and Public Service (CEPS) is to provide innovative credit and non-credit programs that facilitate degree completion, improve the skills of the region’s workforce, enhance societal and cultural understanding, encourage healthy lifestyles and constructive use of leisure time, and enhance the quality of life of the region’s citizens by providing personal development and cultural enrichment opportunities.

CEPS is comprised of the following units:
- Continuing Education
- Center for Online Learning
- Nessmith-Lane Facility
- Performing Arts Center
- Georgia Southern University Botanical Garden
- Georgia Southern University Museum
- Center for Wildlife Education and Lamar Q Ball, Jr. Raptor Center
- Regional Centers in Brunswick, Dublin, and Savannah

For more information about the Division, see http://ceps.georgiasouthern.edu/conted/.

Continuing Education

Continuing Education works closely with each college in the University to provide credit and non-credit programs, seminars, conferences, workshops, and symposiums designed for professionals seeking to enhance their personal, professional, and leadership skills. The unit also works with businesses, non-profit organizations, institutions, and government agencies to address the workforce and economic development needs of southeast Georgia.

Program development services provided by Continuing Education include needs assessment, program planning, program administration and coordination, fiscal management, marketing, and program evaluation. The unit also assists with in-house, contract training programs for businesses, industries, non-profit organizations, and other agencies.

All Continuing Education programs and activities are offered in accordance with the programmatic and fiscal requirements of the Commission on Colleges, Southern Association of Colleges and Schools, and the University System of Georgia. Continuing Education maintains all records pertaining to the University’s non-credit programs of instruction, including records of the Continuing Education Units (CEUs) earned by participants. For more information about Continuing Education, see http://ceps.georgiasouthern.edu/conted/.

Nessmith-Lane Building

The Nessmith-Lane facility provides a leading-edge environment for lifelong learning and cultural enrichment. It is designed to provide training and development programs for adults, host conferences, and offer distance education. The facility includes an 850 seat Performing Arts Center, a 600 seat multipurpose room, a 350 seat auditorium, a number of meeting and classrooms, offices, and a full-service catering facility. A full range of meeting planning and conference services is also available.

Regional Outreach Centers

- Brunswick Center
  The Brunswick Center is a consortium composed of the Coastal Georgia Community College in Brunswick, Armstrong Atlantic State University in Savannah, and Georgia Southern University in Statesboro. The Center serves as a residence center for the two Universities, and its staff assists students enrolled in either primarily undergraduate programs at Armstrong Atlantic State University or primarily graduate programs at Georgia Southern University. The director and staff are employees of Coastal Georgia Community College and serve in a joint staffing arrangement with the two universities. Georgia Southern’s participation in the Brunswick Center is under the oversight of the Dean of the Division of Continuing Education and Public Service. Georgia Southern offers degrees on the campus of Coastal Georgia Community College for the Bachelor of Business Administration - Management, Master of Business Administration, Master of Public Administration, Master of Education in Early Childhood, Middle Grades, and Educational Leadership. You can contact the Brunswick Center at (912) 264-7227.

- Coastal Georgia Center
  The Coastal Georgia Center is a University System of Georgia facility operated by Georgia Southern University in partnership with Armstrong Atlantic State University and Savannah State University. A host site for meetings, conferences, workshops, graduates courses, and more, this 40,000 square foot facility is located in Historic Downtown Savannah. Conveniences include free parking, auditorium
seating for over 350, catering services, and state-of-the-art technology that includes wireless Internet access, laptop computers, computer labs, distance learning, video-conferencing, and on-site technical assistance. The mission of the Center is “to provide Savannah and surrounding communities with a premier, technology advanced meeting facility for business professionals and students located in southeast Georgia; and to promote lifelong educational and economic development opportunities through continuing education, professional development, and graduate courses.” For more information about the Coastal Georgia Center, call (912) 651-2005, or see http://cgc.georgiasouthern.edu.

- **Dublin Center**
  Located in Dublin, Georgia, this University System of Georgia facility offers Georgia Southern junior and senior-level coursework leading to bachelor’s degrees in Early Childhood Education, Middle Grades Education, and Business Administration (General Management). Master’s programs are offered in Educational Leadership, School Psychology, Early Childhood Education, and Middle Grades Education. Students can obtain a Master of Business Administration degree through the WebMBA program. Middle Georgia College, which shares the Center and is responsible for the physical management of the facility, offers freshman and sophomore-level coursework leading to an associate’s degree in more than 50 program areas. Courses are offered through standard classroom delivery, distance learning, the Internet, and WebCT. Inquiries may be directed to the Center at (478) 275-6750. Visit the website at http://ceps.georgiasouthern.edu/center/offcampusdublin.htm.

**Outreach Facilities on the Georgia Southern Campus**

- **Georgia Southern University Botanical Garden**
  The Georgia Southern University Botanical Garden is located on an 11-acre site between Fair Road and Georgia Avenue near the southeast end of campus at 1505 Bland Avenue. Once the farmstead of Dan and Catharine Bland, the garden’s rural ambiance evokes the past and provides a backdrop for the Garden’s growing collection of Southeastern Coastal Plain native plants. Features include woodland trails, a native azalea collection, arboretum of woody natives, heritage garden, butterfly garden, children’s vegetable garden, complex of early 20th century farm buildings, and camellia garden, and outdoor classroom. The Garden is a research and educational resource for faculty and students and provides undergraduate and graduate internships as well as continuing education programs and programs of interest to the community. Workshops, tours, school field trips, special events, seasonal festivals, and community outreach are part of the Garden’s public programs. For most programs, there is no admission charge. The Garden’s gates are open 9 a.m. to dusk daily. Bland Cottage Visitor Center is open Monday through Friday, 10 a.m. to 4 p.m., and Saturday, 1 p.m. to 4 p.m. For more information, call the Garden office at (912) 871-1149, or visit the website at http://ceps.georgiasouthern.edu/garden.

- **The Georgia Southern University Museum**
  Since 1982, the Georgia Southern University Museum has sought to preserve, exhibit, and interpret objects pertaining to the unique cultural heritage and natural history of this region. A world-class mosasaur specimen and Georgiaetus vogtensis, the oldest fossil whale ever discovered in North America, are among the many exhibits reflecting Georgia’s prehistoric past. The museum also hosts a variety of changing exhibits and programs relevant to the University’s academic departments—often curated by faculty. The museum’s outreach programs, Project SENSE and BEST, train teachers to teach hands-on science and social studies and deliver kits to hundreds of teachers across south Georgia. The museum serves as a research and educational resource for faculty, staff, students, the general public, and schools in south Georgia. Opportunities exist for undergraduate and graduate student involvement in all aspects of the museum’s programs. The museum is open weekdays from 9 a.m. to 5 p.m., and on Saturdays and Sundays from 2 p.m. to 5 p.m. Inquiries may be directed to the museum at (912) 478-5444. Visit the website at http://ceps.georgiasouthern.edu/museum.

- **The Center for Wildlife Education and The Lamar Q Ball, Jr. Raptor Center**
  The Center for Wildlife Education and The Lamar Q Ball, Jr. Raptor Center is located on nearly 18 acres of green space in the heart of campus. This nature center displays 11 species of eagles, hawks, falcons, owls, and vultures showcased in their natural habitats. Flighted raptor demonstrations and reptile programs are offered to the public on weekends and to scheduled groups on weekdays. The Center includes exhibits dedicated to Georgia’s wildlife as well as a lecture hall and gift shop. Built through private donations, the $3 million Center is supported operationally through private and public partnerships. Recently opened is the 12 acre Wetland Preserves focusing on ornithology and water resource conversation. Inquiries may be directed to the Center at (912) 478-0831. Visit the website at http://ceps.georgiasouthern.edu/wildlife.

- **The Center for the Performing Arts**
  The Georgia Southern University Performing Arts Center is located in the Nessmith-Lane Continuing Education Building. The 34,000 square foot facility houses an 825 seat theatre and state-of-the-art performance equipment. Programming is planned for diverse audiences from the campus and community and reflects the Center’s mission: “to foster quality performing art and educational opportunities, encourage artistic expression, and establish lasting relationships between our community and all the arts.” Inquiries may be directed to the Box Office at (912) 478-7999 or to the Center’s director at (912) 478-7916. Visit the website at http://ceps.georgiasouthern.edu/pac.

**University Advancement**

The Division of University Advancement strives to build relationships with the external constituencies of Georgia Southern University in order to support the University in its position as a nationally distinguished public institution of higher learning. Private funding and the support of alumni, businesses and foundations, and the surrounding communities provide critical resources not available from other sources. Leadership for governmental relations between Georgia Southern University and the Georgia General Assembly and other statewide and federal governmental officials increases funding and promotes public
awareness of the University’s role in higher education. Telling the Georgia Southern story through a comprehensive marketing and communications program advances the understanding of and engaged participation in Georgia Southern’s Strategic Plan.

The Office of Development directs its efforts toward identifying, cultivating, securing and stewarding gifts for the University’s programs. Fundraising efforts include the Phonathon, the annual campus and community campaign — A Day for Southern, major gift solicitation from alumni and individuals, corporate and foundation proposals, and planned giving. The Office of Development is also the liaison for the Georgia Southern University Foundation, a separate 501(c)3 organization established in 1962, which raises private funding in an effort to meet certain educational and institutional needs at Georgia Southern University not addressed by state allocations.

The Office of Alumni Relations seeks to promote the growth, progress and general welfare of Georgia Southern University by raising friends and connecting and reconnecting alumni through education and communication. Alumni programs include the Alumni Association, Eagle Clubs, On-Line Community, Alumni Awards, official class rings, Homecoming, reunions, athletics and NCAA championship activities, and many other special events.

The Office of Governmental Relations seeks to secure state and federal funding and represent the University’s needs before federal and state legislatures. Special annual events are held in Atlanta and Washington, D.C., to inform legislators about the needs of Georgia Southern University and its economic and educational contributions to the communities of Georgia.

The Office of Marketing and Communications is responsible for services that enhance the University’s image, brand-building and awareness, media and public relations, and potential for recruiting and fundraising. The office encompasses the University’s primary communications services: media relations and news services, design and production of all major institutional publications, photo and video production, advertising, the institutional logo and identity program, and oversight of the University web site. The office works closely with other departments, including athletics media relations and marketing, to ensure consistency in the standards and quality of external communications.

**Henderson Library**

The Zach S. Henderson Library is a major academic resource for the campus, with its extensive collections of academic books and journals, government publications, special book and manuscript collections, and links to networked information resources in various electronic formats.

The Henderson Library is centrally located on campus in a four-story building constructed in 1975. The Library offers the most extensive operating schedule of any academic library in the state of Georgia. During the fall and spring academic terms, the Library remains open on a 24-hour basis for 143 of the 168 hours in each week to provide access to the Library’s computer resources, periodical collections, reserve reading collections, study facilities, and circulation procedures.

As of July 2007, the Library’s collections contained 599,216 bound volumes; 889,774 microform units; and 744,994 government documents. The Library maintains subscriptions to 2,630 serial and periodicals titles, and 32,508 electronic journals.

In addition to the extensive collections in paper and microform, the Library has a large set of information materials in electronic format, including full-text copies of articles from thousands of academic periodicals and newspapers. These electronic resources are accessible from any Internet-connected computer.

The Library network also provides access to many standard software applications in the areas of word processing, spreadsheets, database management, programming languages, and graphical design. Other programs, more directly related to specific curriculum-based needs for designated courses, are also available via the network.

The Library has installed a comprehensive library information system that links the on-line catalog, circulation procedures, periodical indexes, full-text databases, and in-process library acquisitions into one integrated system. The Library’s catalog is available on-line through the Internet and is also incorporated as a part of a combined catalog for the University System of Georgia, making an additional three million book titles and thousands of academic journals available within three days of a request. The Library is a full participant in the GALILEO project, Georgia’s statewide library sponsored by the University System of Georgia, providing more than 200 major databases and thousands of academic journals in full-text format, as well as rapid interlibrary loans across the state. Computer stations in the Library that access GALILEO also have access to other library catalogs and databases located throughout the world via the Internet.

The Henderson Library’s administration actively seeks comments and suggestions concerning any aspect of its operations and collections. The Dean of the Library is available to meet with any member of the academic community to discuss the resources of the Library or its connections to other information networks and services throughout the world.

**Institute of Arthropodology and Parasitology**

The James H. Oliver, Jr. Institute of Arthropodology and Parasitology (IAP) coordinates an area of interdepartmental research among the units of the College of Science and Technology’s, Biology, Geology and Geography departments and the Jiann-Ping Hsu College of Public Health. It includes faculty, post-doctoral students, graduate and undergraduate students, technicians and adjunct professors. In August 1990, the U.S. National Tick Collection, along with its Curator, was moved from the Smithsonian Institution in Washington, D.C. and is now part of Georgia Southern University. The Collection is housed in the IAP Building. This addition to the Institute has made it one of the foremost centers for tick research in the world. Independent research group seminars and lectures arranged and conducted by the group emphasize transmission of microbes by arthropods, and development, physiology, genetics, cytogenetics, reproductive biology, population biology and biomics of selected arthropods, nematodes, trematodes, and cestodes of regional and international importance. Laboratory and field research is conducted by Institute members. For information contact Dr. James H. Oliver, Jr., Director, at (912) 478-5564.

**Intercollegiate Athletics**

Intercollegiate athletics provide an opportunity for highly skilled student-athletes to compete regionally and nationally at the NCAA Division I level. These activities are conducted under the control of the Georgia Southern University Athletics Committee.
and within the rules and regulations of the National Collegiate Athletic Association and the Southern Conference. Intercollegiate athletics are an integral part of the total college experience and, as such, Georgia Southern sponsors programs for men in football, baseball, basketball, golf, soccer and tennis, and for women in basketball, volleyball, swimming and diving, softball, soccer, tennis, cross-country, and indoor/outdoor track.

Georgia Southern student-athletes and teams have enjoyed national success as evidenced by six NCAA Football Championship Subdivision titles in addition to NCAA Tournament and NCAA Championship participation in men’s and women’s basketball, baseball, golf, softball, women’s tennis, outdoor track and volleyball. Georgia Southern University joined the Southern Conference in 1992 and has claimed 33 league titles in 10 sports.

Postal Services
The Campus Postal Service is a university owned and operated facility located in the Landrum Center. This facility provides mail pick up, delivery, posting and boxing, and window services for faculty, staff and students.

All student mailboxes are located in the Landrum Center. All undergraduate students will be assigned a campus mail box within a 48 hour period after registration. SOAR students will be assigned a mail box two weeks before fall semester begins. Your PO Box with combination can be obtained on WINGS http://students.georgiasouthern.edu/registrar/ in the Personal Information section under View PO Box Combination. Forwarding addresses should be left for students who will:

- graduating
- withdrawing
- leaving for a semester
- completing a voluntary cancellation form

If you forward your mail, your first class mail and periodicals will be forwarded to your forwarding address. Forwarding addresses can be updated on WINGS.

Students late in paying fees, withdrawing, remaining out of school for an academic semester or completing a voluntary cancellation form will lose their campus mail box. If no forwarding address is on file, mail will be returned to sender.

If you have any questions, call the Georgia Southern Postal Services at (912) 478-5232.

Student Disability Resource Center
Georgia Southern University is committed to providing an equal educational opportunity to qualified students with disabilities. The Student Disability Resource Center (SDRC) is the primary source of services for these students. Students with an array of disabilities are eligible for services; however, documentation standards exist for all conditions, including Specific Learning Disabilities and Attention Deficit Disorder.

Students initiate services by completing the Voluntary Declaration of Disability that accompanies their acceptance letter from the Office of Admissions. The SDRC will contact students concerning documentation standards upon receipt of that document.

Services include advocacy with faculty, assistive technology, early registration, books in alternative format and other accommodations derived from documentation. There is no charge for these services.

The SDRC is located in Cone Hall on the second floor. Please call (912) 478-1566 or TDD at (912) 478-0666.

Regents Center for Learning Disorders (RCLD)
The Regents Center for Learning Disorders (RCLD) at Georgia Southern University is one of three centers in Georgia established by the Board of Regents to provide assessments, resources, and research related to students with learning disorders. The Center serves students from GSU and twelve additional institutions in the southern area of the state. Students with a history and/or those perceived as having learning disabilities, ADHD, or psychological disabilities may be referred by the enrolling institution’s disability service provider for a comprehensive assessment, feedback on appropriate academic accommodations, and recommendations for optimal educational achievement. Disability service providers may consult with the Center regarding disability documentation and assessments performed by other professionals. Georgia Southern University students should first contact the Student Disability Resource Center (912) 478-1566, while students at other institutions should contact their own office for disability services for a referral to the RCLD. The RCLD collaborates with other institutions on statewide policy development, provides programs and services for disability service providers and their students, and provides clinical training and research opportunities for graduate students in psychology and related programs at Georgia Southern. For further information please call (912) 478-0100, or visit http://services.georgiasouthern.edu/rcld/.

Visual Art Exhibitions and Permanent Collections
The Betty Foy Sanders Department of Art Exhibition Program offers multiple venues to view contemporary and traditional art.

Housed in the Center for Art and Theatre, contemporary art galleries feature solo and group exhibitions of contemporary artworks by professional artists working in a range of media from traditional paintings to multi-media installations. Exhibitions highlighting outstanding student work created by Georgia Southern art and design students are held throughout the academic year.

The Betty Foy Sanders Georgia Artists Collection Gallery is devoted to a permanent collection of diverse artwork by artists with a connection to the state of Georgia. The collection has been curated by Betty Foy Sanders since 1967.

Nestled between the Center for Art and Theatre and the Visual Arts Studio Building, a sculpture garden offers visitors the opportunity to enjoy changing exhibitions of three-dimensional works of art in a distinctive landscape.

The Smith Callaway Banks Southern Folk Art Research Center, located in the adjacent Visual Arts Studio Building, houses an extensive collection of folk art of varying genres and media from the southeastern United States.

All galleries and collections are open Monday through Friday, 8 a.m. to 5 p.m.; nights and weekends by appointment. Exhibits are
Music Program
Each academic year, the Department of Music presents more than 100 public concerts including performances in the Faculty and Guest Artist Recital Series, concerts by large and small ensembles, and student recitals. The Department’s performing ensembles include the Southern Georgia Symphony, Georgia Southern Chorale, University Singers, Women’s Chorus, Symphonic Wind Ensemble, Concert Band, Georgia Southern Opera, Jazz Band, and chamber ensembles such as the Percussion Ensemble, Clarinet Choir, Southern Saxophones, and Brass Quintet. Individual students perform in graduation, junior, senior, and graduate solo recitals. Information about the Department of Music, including the Concert Calendar, is available from the departmental office (912) 478-5396 or the Department of Music web page at http://class.georgiasouthern.edu/music/.

Office of Research Services and Sponsored Programs
The Office of Research Services and Sponsored Programs (ORSSP) supports faculty and staff in the acquisition, performance and administration of projects and programs funded from sources outside the University. The ORSSP is the central point of coordination for grants, and contractual obligations from individuals, government agencies, public agencies, industrial organizations, financial organizations, and private organizations to support sponsored research and service activities at Georgia Southern University. ORSSP is a full-service office, providing the following faculty support: 1) Pre-award services - identification and dissemination of funding opportunities; proposal editing services; project budget development; assistance with sponsor forms and submission requirements; routing of proposals for institutional approval; and contract and award negotiation. 2) Post-award management services – award acceptance on behalf of the institution; assistance to faculty in managing project budgets, monitoring project expenditures for allowability; submission of formal requests for award modification and extension; and project close-out.

In addition, the ORSSP serves as the administrative home for research compliance management, providing support and guidance to the Institutional Review Board for the Protection of Human Subjects (IRB), the Institutional Animal Care and Use Committee (IACUC), the Institutional Biosafety Committee (IBC), and the Intellectual Property Committee (IPC). The ORSSP also administers the university processes for reviewing financial conflict of interest and scientific or scholarly misconduct in science allegations.

The ORSSP is also the point of contact for faculty seeking internal support for research and related activities. The office provides support to the Faculty Research Committee, which awards competitive internal research awards on an annual basis and selects recipients of the Faculty Excellence in Research awards.

The Georgia Southern University Research and Service Foundation (GSURSF) is housed in ORSSP. The GSURSF is dedicated to supporting research and related activities at Georgia Southern University and to building the research infrastructure in support of faculty seeking external funds. The Director of ORSSP also serves as the Executive Director of the GSURSF.

If you have any questions, call the Office of Research Services and Sponsored Programs at (912) 478-5465.

The University Writing Center
The University Writing Center is open to all Georgia Southern students who want feedback on their writing and/or advice about how to become better writers. Staffed by faculty members from the department of Writing and Linguistics and graduate students from the department of Literature and Philosophy, the Writing Center offers one-on-one conferences to students working on writing projects for any course at any stage of the writing process. The Writing Center is not a remedial service, but an important resource for all student writers at all levels of ability. Consultants in the Writing Center can help writers to understand assignments, brainstorm ideas, organize information, and develop editing strategies. While the Writing Center staff will not proofread papers or do any of the actual writing for the students they work with, they will teach students effective ways to use evidence and detail, to anticipate and meet audience needs, and to streamline the structure of their arguments. Citation formats, document preparation, grammatical correctness, and stylistic fluency will also provide a focus for many writing center conferences.

Resources
- Individual, one-on-one conferences on writing projects
- Handouts on writing strategies and grammatical issues
- Handbooks, dictionaries, thesauruses, almanacs
- Information and practice essay exams for MCAT, LSAT, GACE
- Sample topics and essays from the Regents Exam
- Reference library on writing theory
- Online assistance and conference appointments (http://class.georgiasouthern.edu/writingc/)
- Networked computer lab

Consultants are available to give short presentations about the UWC and its services in any class at any time during the semester.

Location and Hours
The University Writing Center is located in room 1119 in the Forest Drive Building. One hour and half hour conferences are available from Monday through Thursday, 10:00 a.m. - 7:00 p.m., and Friday, 10:00 a.m. - 3:00 p.m. Appointments can be made on a walk-in basis, online, or by calling the Writing Center at (912) 478-1413. For more information about the Writing Center, please visit the Web site at http://class.georgiasouthern.edu/writingc/ or contact the Director, Dr. Michael Pemberton, at michaelp@georgiasouthern.edu.

Academic Success Center (ASC)
The Academic Success Center, a full-service learning center, offers support services to students ranging from first semester freshmen seeking to establish a firm foundation for their academic careers to honors and graduate students involved in more advanced scholarship.

Among the programs offered by and envisioned for the Academic Success Center are short courses and workshops in time management, study skills, mathematics, writing, reading,
standardized test preparation, and computer skills; Auxiliary Instruction in regularly scheduled, out-of-class study and review sessions for selected courses; Study Group Facilitation; Mentor Programs to assist non-traditional students become acclimated to the university experience; Virtual Resources/Electronic Community Building including computer-aided instruction, e-mail groups, online learning resources. For more information about the ASC, call (912) 478-5371 or check the Center’s web page at http://academics.georgiasouthern.edu/success/.

Tutoring Center
As a component of the Academic Success Center, the Tutoring Center’s mission is to provide a supportive learning environment for Georgia Southern students by offering free tutoring in mathematics, statistics, anatomy and physiology, biology, chemistry, sociology, psychology, writing across the curriculum, American government, and history.

The tutors are recommended by professors in their subject areas and are certified by Georgia Southern University Tutorial Services. The center has a full-time coordinator and faculty consultants from the Academic Success Center who work with tutors in the implementation of the program. Check for tutoring schedules and other information on the web at http://academics.georgiasouthern.edu/tutorial/ or call (912) 478-0321.

Testing Office
Another component of the Academic Success Center is the Testing Office. The Testing Office provides services to students as well as segments of the surrounding community. Such examinations as the ACT, COMPASS, CLEP Exams, Engineering Certification Exam, Graduate Record Exam – Subject Test (GRE-Subject), Institutional SAT and ACT (ISAT/ACT-R), Law School Admission Test (LSAT), Legislative Exemption Exams, Miller Analogies Test (MAT), Pharmacy College Admission Test (PCAT), Regents’ Exam, SAT, TOEFL Exam, and placement tests are administered through this office. The Testing Office also assists students by providing a center for Independent Testing for Correspondence Courses taken at other institutions and exams administered by computer through Castle Worldwide. Persons interested in further information concerning tests, times, cost, eligibility and sign-up procedures should contact the Testing Office at (912) 478-5415, come by Cone Hall Room 2031 in the Academic Success Center, check the web page at http://academics.georgiasouthern.edu/testing/, or email at testing@georgiasouthern.edu.

Directory Information
Directory information which consists of name, post office box, telephone number, date and place of birth, major, participation in activities, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent educational institution attended is considered public information and will be released to those requesting such information, unless the student has specifically requested that information in this category be restricted. Any student may present a written request to the Registrar that such information not be released. However, requests that directory information be withheld from a written publication must be received in sufficient time to prevent a delay in processing that publication.

As a matter of policy, the University does not release to outside agencies lists of students categorized by national origin or by membership in clubs and organizations. Other requests by category will be reviewed on an individual basis. Requests will be honored when the identified purpose of the outside agency has an obvious relationship to the category of student requested and when such categorization can be easily retrieved.

Annual Notice of Privacy Rights
This institution is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA) which is designed to protect the student’s rights with regard to educational records maintained by the institution. Under this Act, a student has the following rights:
1. the right to inspect and review education records maintained by this institution that pertain to the student;
2. the right to challenge the content of records on the grounds that they are inaccurate, misleading or a violation of privacy or other rights; and
3. the right to control disclosures from the education records with certain exceptions.
Admissions

The University accepts applications from qualified applicants from all cultural, racial, religious and ethnic groups. Admissions standards are designed to identify students whose academic backgrounds indicate they are capable of successfully completing work at Georgia Southern University. (See Equal Opportunity Policy statement inside the front cover.)

Applications for admission may be submitted online at http://admissions.georgiasouthern.edu/. Applications must be submitted prior to the application deadline.

Normally, all applicants who have applied or updated their applications prior to the application deadline for a specific term will be considered for admission. However, the University reserves the right to stop accepting applications at any time. Therefore, students are encouraged to apply or update well in advance of the application deadline.

The University reserves the right to examine any applicant by the use of psychological, achievement and aptitude tests. Each applicant must give evidence of good moral character, promise for growth and development, seriousness of purpose, and a sense of social responsibility.

The University reserves the right to require additional biographical data and/or an interview before the applicant is accepted or denied admission. If an interview is required, the applicant will be notified.

The Director of Admissions may refer any applicant to the Academic Standards Committee of the University for study and advice. The final decision of acceptance or denial will be made by the Director of Admissions subject to the applicant’s right to appeal as provided in the policies of the Board of Regents of the University System of Georgia.

An applicant who chooses not to enroll for the semester accepted must notify the Office of Admissions to update the term of application. Acceptance may be deferred until additional information is received. An applicant who updates the intended term of entry must meet admissions requirements for the new term.

Immunization Requirements

Please refer to the Health Services section of the catalog.

Beginning Freshmen

Requirements for Summer 2008, Fall 2008, Spring 2009

*An applicant will be considered for admission upon compliance with the following requirements and conditions:

1. Graduation from an approved secondary school;
2. Satisfactory completion of preparatory subjects in high school which should include the following units:
   1. English
   2. Foreign Language (must be the same language)
   3. Science (2 with Labs);
   4. Mathematics (courses should include Algebra I, Algebra II, Geometry and Trigonometry or other higher math)
   3. Social Studies
   4. Other electives

3. Submission of satisfactory scores on the College Entrance Examination Board Scholastic Aptitude Test (SAT) - minimum 1000 SAT total (Math + Critical Reading) and a writing score - or American College Test (ACT) with a 21 composite;
4. U.S. Citizens or Resident Aliens for whom English is not the native language may be required to take the English Language Placement Exam upon arrival. Resident Aliens must submit a copy of their green card;
5. Submission of an official high school transcript and a record of good conduct. Major or continued difficulty with the school or civil authorities may make an applicant ineligible regardless of academic qualifications.

Applicants are usually admitted prior to high school graduation, once they have completed their junior year of high school and have submitted an official high school transcript. The transcript should include a satisfactory grade point average. Satisfactory SAT or ACT scores should be requested from the testing agency or may be included on an official high school transcript.

An individual seeking admission as a special student not pursuing a degree program must submit a statement as to the type of studies to be pursued and the reason for selecting a special program. The individual must also submit documents and satisfactory scores on such ability or achievement tests as may be prescribed by the Director of Admissions.

*Requirements are subject to change. Please contact the Office of Admissions at (912) 478-5391 or at http://admissions.georgiasouthern.edu/ for current admission requirements.

Please note: Students applying to the Georgia Southern nursing program must meet general admissions requirements, as well as meet specific nursing program requirements. An additional application to the nursing program is required. Admission to Georgia Southern University does not guarantee acceptance into the nursing program.

(GED holders - See Mature Student criteria)

College Preparatory Curriculum (CPC)

Requirements for Summer 2008, Fall 2008, Spring 2009

The following high school courses are required of students who plan to enroll in regular college programs leading to the baccalaureate degree in institutions of the University System of Georgia: four units of English (including grammar and usage, American and World literature, and advanced composition skills), three units of science (including at least one lab course from the life sciences and one lab course from the physical sciences), four units of mathematics (Algebra I, Algebra II, Geometry and Trigonometry or higher), three units of social science (including one course focusing on United States studies, one course focusing on world studies, and a third college prep social science course), and two units of the same foreign language (skills-building courses emphasizing speaking, listening, reading, and writing). The Board of Regents provides a listing of specific qualifying college preparatory and academic courses in the Academic
Additional courses selected from the following areas are also strongly recommended: trigonometry, an additional laboratory course in science, a third course in foreign language or study of a second foreign language, fine arts (art, dance, drama, music), computer technology, health and physical education, and keyboarding.

Students who have completed the required courses of the college preparatory curriculum and who meet all other admission requirements will be considered for admission to Georgia Southern University as regularly admitted students.

**Accel Program/Joint Enrollment**

Effective Fall Term 2004, students who are receiving dual credit for high school courses and college degree-level courses from an eligible public or private college in Georgia will be eligible for the Accel Program. Public or private HOPE-eligible high schools and postsecondary institutions are eligible to participate in this program. A high school student must be classified as an 11th or 12th grader to participate. Eligible high school courses include only core-curriculum courses of English Language Arts, Mathematics, Social Studies, Science, and Foreign Language that can be used to satisfy the core-curriculum high school graduation requirements. All hours paid for by the Accel Program will be included in the 127 semester or 190 quarter-hour HOPE credit hour cap. College degree-level credit hours that students earned while in high school prior to Fall 2004 will not count towards the cap. The Accel Program award for public colleges and universities will cover tuition, HOPE-approved mandatory fees (which are capped at FY 2004 levels), and a book allowance.

Students must apply by submitting an application for admission to Georgia Southern (no application fee required), high school transcript, SAT or ACT scores and an Accel Program Application form. The Georgia Department of Education (DOE) has produced and provided to the Georgia Student Finance Commission (GSFC) a directory of eligible public high school courses that can be substituted with college degree-level coursework and applied toward high school graduation requirements for dual credit students. Georgia Student Finance Commission contact information - (770) 724-9025 or http://www.gsfc.org/.

Questions regarding this program should be directed to the student’s high school counselor or Guidance Office or the Office of Admissions. Students should confer with their high school counselor to determine which courses are necessary for satisfying high school graduation requirements. Placement in these courses cannot be guaranteed.

Accel is a state-funded program for public and private high school students that provides dual enrollment tuition assistance in Georgia. The program offers the opportunity to earn dual credit, satisfying high school and college core curriculum requirements. Joint Enrollment is not a state-funded program and does not guarantee satisfaction of the high school core curriculum.

**Admission Requirements for Accel or Joint Enrollment**

A student classified as a high school junior or senior may apply to enroll for college credit while attending high school. To be admitted, the student must satisfy the following:

1. Have earned an academic grade-point average of at least a 3.0 (85 on numeric scale);
2. Submit SAT scores of at least 1000 (Math + Critical Reading only) or 21 Composite ACT;
3. Excel in the field in which the student is seeking to enroll;
4. Have written consent of parent or guardian;
5. Must be on track to complete College Preparatory Curriculum (CPC) requirements;

Meet all other regular (non-provisional) admissions requirements. Students who are dual-enrolled during high school with a college or university other than Georgia Southern University must meet the University System of Georgia’s joint enrollment requirements before credit will be awarded in transfer to Georgia Southern.

*Admission requirements are subject to change.

**Transfer Admission**

Transfer admission policies are subject to change. Interested applicants should contact the Office of Admissions.

*Applicants who have attended any college or university should satisfy the following:

1. Request the Registrar at each institution attended, regardless of length of attendance or amount of credit earned, to send an official transcript to the Director of Admissions.
2. Present a satisfactory academic record from each institution attended. Admission will be evaluated in accordance with one of the following categories, as appropriate:
   a. Generally, students completing a transferable A.A. or A.S. degree with a 2.0 cumulative GPA (4.0 scale) in a college or university parallel curriculum will be offered admission.
   b. Students who have earned 30 semester hours (45 quarter) of collegiate work: admission will be granted only if the student has a cumulative grade point average of at least 2.0 on all collegiate work attempted or on the most recently attempted 30 semester credit hours (45 quarter).
   c. Students who have earned fewer than 30 semester hours (45 quarter) and graduated from a Georgia high school: admission will be granted only if the student meets all current requirements for regular freshman admission to Georgia Southern University and be eligible to return to their previous institution.
   d. Students who have earned fewer than 30 semester hours (45 quarter) and graduated from a non-Georgia high school: admission will be granted only if the student meets all current requirements for regular freshman admission with the exception of the Georgia college preparatory curriculum requirements, however, the applicant must meet the college preparatory curriculum requirements for the state from which they graduate high school. The student must also be eligible to return to their previous institution.
   e. GED transfer applicants are required to complete at least 30 semester hours (45 quarter) of transferable work with a 2.0 cumulative GPA.
6. Transfer students who have a transferable academic associate’s degree are granted core curriculum credit as follows:
   a. A University System transfer will get credit for completion of core areas A-F, health and kinesiology, provided they have not changed their intended major from the transferring school. If they change majors, they will have to complete area F at Georgia Southern University (Academic Affairs Handbook, University System of Georgia, 2.04.04).
   b. Non-system transfers who have completed a program with 60 semester hours or more will be given credit for core areas A-E, health and kinesiology (46 hours). Area F courses will be evaluated by the major advisor for use in the student’s program of study.

7. Credits accepted in transfer by Georgia Southern University may not necessarily apply as hours toward graduation. Final determination, with exception of areas A-E of the core curriculum, will be made by the appropriate academic advisor and are subject to the regulations of the school and department granting the degree and major.

8. Transfers who have earned 30 or more hours are exempt from FYE 1220 - First Year Seminar (2).

9. A maximum of 30 semester hours of correspondence (including Advance Placement, CLEP, DANTES, Military Credit, Extension, etc.) or a maximum of 24 semester hours of International Baccalaureate credits may be accepted for transfer within the following guidelines:
   a. A minimum grade of “C” is required for courses completed by extension or correspondence.
   b. A maximum of fourteen semester hours of credit for military service experience may be awarded upon receipt of AARTS or DD214 or DD295 or any other official documentation in the Registrar’s Office.
      - Fourteen semester hours including up to four semester hours of credit for physical education activity courses may be awarded for correspondence courses as recommended by the American Council on Education (A.C.E.).
      - Two semester hours of credits will be allowed for Physical Conditioning and Marksmanship for active service less than one year and four semester hours of credit for physical education activity courses may be allowed for one year or more active service.
   c. Military experience credit should be appropriate to the degree programs offered at Georgia Southern University.
   d. Any credit awarded for participation in the DANTES program will be awarded and administered in the same manner as CLEP.

Credit By Examination

Advanced Placement, International Baccalaureate, and CLEP

Georgia Southern University is a participant in the Advanced Placement (AP) Program, the International Baccalaureate (IB) program, and the College Level Examination Program (CLEP) of the College Entrance Examination Board. Under the AP and IB programs, a student offers a nationally graded examination as evidence of completion of a college level course taken in high school. Depending on the results of the examination, the student may receive credit for courses covering similar material. The total college course credits awarded for IB assessments may not

Transfer Credit/Military Credit

Accepted applicants who have attended any college or university may be granted advanced standing according to the following policies:

1. Transfer credit may be accepted from degree granting institutions that are fully accredited at the collegiate level by their appropriate regional accrediting agency. The regional accrediting agencies are: Middle States Association of Colleges and Schools, North Central Association of Colleges and Schools, New England Association of Colleges and Schools, Northwest Association of Colleges and Schools, Southern Association of Colleges and Schools, and Western Association of Colleges and Schools. Provisions may be considered when an institution appeals the policy. However, should the quality of the educational program of the institution attended appear to be mediocre or unsatisfactory, the Director of Admissions has the prerogative not to accept all or any part of previously earned credits.

2. The amount of academic credit accepted in transfer may not exceed the normal amount of credit that could have been earned at Georgia Southern University during that time.

3. All degree requirements for a transferable academic associate’s degree must be completed at a transferable accredited institution. Georgia Southern will not accept credit in transfer from any non-accredited technical college.

4. Credit will be allowed for completed college courses which are parallel in nature. Below college level (remedial or refresher) courses cannot be accepted in transfer.

5. The Director of Admissions, the Registrar, or the University Ombudsperson will make judgments concerning satisfying requirements for areas A-E of the Core Curriculum.
Admissions

 exceed 24. Under the College Level Examination Program and Advanced Placement, the University grants up to 30 semester hours of general education credit to those students who obtain the minimum scores defined by university policy. (Credit will not be awarded if the student has previously registered for a similar course or a more advanced course in the same field, or if six months have not elapsed since last taking the test.) For further information contact the Director of Admissions or check the website, http://admissions.georgiasouthern.edu/credit by exam.

Proficiency Exams
Georgia Southern University also offers the student an opportunity to obtain credit by local proficiency examination. The procedure is as follows:
1. Student eligibility must be determined by the Registrar.
2. Student petitions department head of the subject area for an examination covering a particular course listed in the catalog.
3. The student and the examiner will decide the date and time of the examination.
4. If the petition is approved, the student must pay a test fee of $15 per test to the Cashier’s Office. A receipt will be issued which will allow the student to take the test.
5. Credit obtained by proficiency examination will be considered resident credit.
6. The proficiency exam score must be at least a “C” to award credit by exam. The Registrar will enter a grade of “K” on student’s academic record showing credit was earned by proficiency examination.

Transient Admission
Subject to the availability of faculty, space, and facilities, a regular undergraduate student in good standing at another accredited institution may be permitted to enroll one semester at Georgia Southern University in order to complete work to be transferred back to the parent institution. The transient applicant should:
1. Submit the undergraduate application and application fee.
2. Present a statement from the dean or registrar of the home institution to the effect that he or she is in good academic standing and eligible to return to that institution.
3. Submit transcripts from all institutions attended and meet transfer requirements if applying for fall or spring terms.

Post-Baccalaureate Admission
Applicants for admission with a bachelor’s degree from an accredited institution but who are not seeking graduate-level credit are expected to meet general admission requirements established for enrollment in undergraduate programs.

In addition to the general application for admission form and the $30 application fee, applicants are required to submit an official transcript to the Director of Admissions from the institution in which they received their undergraduate degree. If the applicant is seeking an additional degree, official transcripts from all previous institutions will be required.

Individuals enrolled as post-baccalaureate students are eligible to take undergraduate level courses only.

International Student Admission
Georgia Southern subscribes to the principles of international education and to the concept that education and diversity can promote respect, appreciation, understanding, and tolerance of other cultures.

International students, permanent residents, and naturalized citizens graduating from U.S. high schools must meet requirements and conditions set forth under the heading of “Beginning Freshmen” in the Admissions section of this catalog. This includes completion of college preparatory subjects, submission of satisfactory scores on the Scholastic Aptitude Test (SAT) or the American College Test (ACT), and satisfactory grade point average. Students transferring from U.S. colleges or universities must meet the same requirements set forth in the “Transfer Admission” section of this catalog.

Applicants graduating or transferring from schools outside the United States will be considered for admission upon compliance with the following requirements:
1. Transfer and graduate students must submit an evaluation of international transcripts completed by a professional evaluation agency. Georgia Southern University recommends that the student use World Education Services (WES), http://www.wes.org/.
2. Submission of original or official secondary school and higher educational records including exam results, certificates, degrees, diplomas, and/or transcripts in the native language. The grade point average must be above average in academic work.
3. Submission of all educational documents translated into English; must be official translations.
4. Non-native English speakers must submit satisfactory scores on the Test of English as a Foreign Language (TOEFL). International students whose native language is not English, but whose secondary instruction was exclusively in English, must submit Scholastic Aptitude Test (SAT) scores. Native speakers of English will be required to submit satisfactory scores on the SAT.
5. Applicants residing outside the U.S. who require an F-1 student visa must submit a SEVIS Data Form and official documentation from a financial institution showing a minimum of one year’s educational and living expenses. The University assumes no financial responsibility for the student. Without this financial evidence, the University cannot issue the required I-20 Certificate of Eligibility for Nonimmigrant F-1 Student Status. Continuation of enrollment into a new program of study, such as a Master’s degree, requires additional financial documentation.
6. If the student is in the United States or has a U.S. visa, a copy of the visa, I-94, and passport information must be submitted at the time of application. Permanent residents (green card holders) are required to submit a copy of their resident alien card.

International students, permanent residents, and naturalized citizens, regardless of TOEFL or SAT scores, may be required to take an English placement exam upon arrival at Georgia Southern University. Georgia Southern University maintains the philosophy that all students who gain admission should be given the best chance possible to succeed. Since students enter at many levels of ability and preparation, the University seeks to give
assistance to each student where needed. Georgia Southern University offers a full range of English Language Program courses designed specifically to assist students whose native language is not English in developing English skills.

Students in F-1 visa status are responsible for making sure they comply with all laws regulating their visa status. To assist students with maintaining their visa status, a summary of the visa laws are sent with the I-20 and are provided at the International Orientation session after arrival on campus. In addition, handouts are available in the Center for International Studies in the Forest Drive building. Students are encouraged to contact the Center for International Studies for information and assistance at (912) 478-7435 or on the web at http://academics.georgiasouthern.edu/international.

Two basic aspects of maintaining status involve employment and full-time enrollment. F1-visa law allows students to work on campus for a maximum of 20 hours a week. During summer semesters (if not enrolled) and official breaks, students are permitted to work on campus full time. Off-campus work is NOT permitted without specific authorization from Georgia Southern’s Immigration Specialist or U.S. Citizenship and Immigration Services. F-1 visa law requires students to carry a FULL course of study during Fall and Spring Semesters. Summer Semesters are recognized as vacation terms and enrollment is not required. For internationals students in F-1 status, no more than one online class per semester may be counted toward the full course of study requirement.

Full time enrollment is as follows:

12 hours per semester = Undergraduate
9 hours per semester = Graduate (Some exceptions apply and must be closely coordinated with the Center for International Studies)

Georgia Southern will only admit students who are academically qualified.

The University System of Georgia requires all international students to have adequate health insurance. An insurance plan is available through the University and is administered by the Center for International Studies. The current cost is approximately $900 per year and is paid in two installments. The August premium payment covers Fall Semester and the January premium covers Spring and Summer Semesters. Students who have health insurance that provides coverage in the U.S. may submit an International Student/Scholar Insurance Waiver Form, available through the Center for International Studies, to their insurance company. If the waiver is received directly from the insurance company and indicates the student has insurance comparable to the policy available through Georgia Southern, the insurance premium will be removed from the student’s fees. Insurance is also available for dependents. Additional information on the international health insurance plan can be obtained from the Center for International Studies.

**Special Admission for Students Age 62 and Older**

Georgia citizens who are 62 years of age or older have the option, as granted by Amendment 23 of the Georgia Constitution, of enrolling in the University without the payment of fees subject to the following conditions:

- Must be a legal resident of Georgia;
- Must be 62 years of age or older and present proof of age at the time of registration;
- Must enroll as a regular student to audit or take courses offered for resident credit;
- Must pay for supplies, laboratory or fees.

Individuals who do not qualify as mature students (see below) must also satisfy the following:
- Must meet all Georgia Southern University and University System of Georgia admission requirements including high school graduation, SAT or ACT scores, and participation in Learning Support if required;
- If the applicant has previously attended another college or university, he or she must satisfy transfer admission requirements;
- If a course of study is pursued to degree, all institutional, system, and state-legislated degree requirements must be met. (See REQUIREMENTS FOR GRADUATION.)

**Special Admission for Mature (Non-Traditional) Students**

Applicants applying for admission as a mature student must meet the following requirements:

1. Students who have been out of high school for at least five years or whose high school class graduated at least five years ago or have earned fewer than 30 transferable semester hours of college credit and have not attended college within the past five years (or are in good standing at the last college attended if admitted to that college as a non-traditional student) are not required to take the SAT or ACT. These students, however, shall take the University System of Georgia COMPASS exam and complete Learning Support requirements if applicable.

2. In addition to the application and application fee, applicants must submit a high school transcript, college transcript, and/or GED scores.

**Readmission Policy**

The following students must fill out a former student readmission application:

1. Students who do not attend the University for one calendar year.
2. Students whose most recent academic standing was exclusion.
3. Students that have earned a baccalaureate degree from Georgia Southern University who wish to enroll in additional undergraduate courses.
4. Students that wish to return as a transient student to Georgia Southern University.

*Note: Students who are not required to file an application for readmission who have attended another institution while away from Georgia Southern University should contact that school and have an official transcript sent to Georgia Southern University Office of the Registrar.*

The transcript must indicate that the student is in good academic standing at the last school attended. Failure to submit this transcript by the midpoint of the first term after returning to
Georgia Southern University could result in the administrative withdrawal of the student.

Tuition Classification

Regents’ Policies Governing Classification of Students for Tuition Purposes: Under the Constitution and the laws of Georgia, the Board of Regents of the University System of Georgia was created to govern, control and manage a system of public institutions providing quality higher education for the Georgia citizens. The State, in turn, receives substantial benefit from individuals who are attending or who have attended these institutions through their contributions to the civic, political, economic and social advancement of the citizens of Georgia. Because of the overwhelming amount of financial support supplied by the citizens of Georgia, the determination of whether a student is a resident or a non-resident of Georgia is a significant matter. The tuition paid by in-state students covers about one-fourth of the total cost of their education in Georgia. Georgia taxpayers are therefore contributing 75 percent of the funds for quality education in the state. State colleges and universities often assign out-of-state students a higher tuition rate in an attempt to achieve parity between those who have and those who have not contributed to the state’s economy recently. The courts consider the durational residency requirement (usually 12 months) imposed by most states to be a reasonable period during which the new resident can make tangible or intangible contributions to the state before attending state colleges as an in-state student. The term “resident” is confusing because it can refer to voter registration, driver’s license, automobile registration, income taxes and other matters. A student may be a resident of Georgia for some purposes, but not entitled to in-state tuition fees. Courts have consistently upheld the right of these institutions to charge out-of-state students higher rates. The courts have also upheld the institution’s right to adopt reasonable criteria for determining in-state status. Through the resident and non-resident fees, the taxpayers of Georgia are assured that they are not assuming the financial burden of educating non-permanent residents.

If a person has moved to the state of Georgia for the purpose of attending a Georgia educational institution, it is difficult for that person to prove his/her intent to become a legal resident of the state. (The American Heritage Dictionary of the English Language defines intent in the following manner: n. 1. That which is intended; aim; purpose.)

Due to the requirement that a person prove his/her intent to have become a legal resident of the state of Georgia, his/her petition may not be approved. The burden of proof is always on the student, and documentation is absolutely necessary to prove any claims. If his/her petition for legal residency for tuition purposes is denied, the student may appeal the decision to the Tuition Classification Committee.

Classification of Students for Tuition Purposes

1. If a person is 18 years of age or older, he or she may register as an in-state student only upon showing that he or she has been a legal resident of Georgia for a period of at least 12 months immediately preceding the date of registration. Exceptions:
   a. A student whose parent, spouse, or court-appointed guardian is a legal resident of the State of Georgia may register as a resident providing the parent, spouse, or guardian can provide proof of legal residency in the State of Georgia for at least 12 consecutive months immediately preceding the date of registration.
   b. A student who previously held residency status in the State of Georgia but moved from the state then returned to the state in 12 or fewer months.
   c. Students who are transferred to Georgia by an employer are not subject to the durational residency requirement. No emancipated minor or other person 18 years of age or older shall be deemed to have gained or acquired in-state status for tuition purposes while attending any educational institution in this state, in the absence of a clear demonstration that he or she has in fact established legal residence in this state.

2. If a parent or legal guardian of a student changes his or her legal residence to another state following a period of legal residence in Georgia, the student may retain his or her classification as an in-state student as long as he or she remains continuously enrolled in the University System of Georgia, regardless of the status of his or her parent or legal guardian.

3. In the event that a legal resident of Georgia is appointed by a court as guardian of a nonresident minor, such minor will be permitted to register as an in-state student providing the guardian can provide proof that he or she has been a resident of Georgia for the period of 12 months immediately preceding the date of the court appointment.

4. Aliens shall be classified as nonresident students, provided, however, that an alien who is living in this country under an immigration document permitting indefinite or permanent residence shall have the same privilege of qualifying for in-state tuition as a citizen of the United States.

Student Responsibilities

1. Student Responsibility to Register Under Proper Classification - The responsibility of registering under the proper tuition classification belongs to the student. If there is any question of his/her right to in-state tuition status, it is his/her obligation, within 60 calendar days, beginning with the first day of class, to raise the question with the administrative officials of the institution in which he/she is registering and have it officially determined. The burden always rests with the student to submit information and documents necessary to support his/her contention that he/she qualifies for a particular tuition classification under Regents’ regulations.

2. Official Change of Tuition Status - Every student classified as a nonresident shall retain that status until such time as he/she shall have petitioned for reclassification in the form prescribed by the institution and shall have been officially reclassified in writing as an in-state student by the proper administrative officials. No more than one application may be filed for a given semester.

3. Reclassification - Every student who has been granted in-state tuition as a legal resident of Georgia shall be reclassified as an out-of-state student whenever he/she reports, or there have been found to exist, circumstances indicating a change in legal residence to another state.

Out-of-state Tuition Waivers

An institution may waive out-of-state tuition and assess in-state tuition for:
1. **Academic Common Market.** Students selected to participate in a program offered through the Academic Common Market.

2. **International and Superior Out-of-State Students.** International students and superior out-of-state students selected by the institutional president or an authorized representative, provided that the number of such waivers in effect does not exceed 2 percent of the equivalent full-time students enrolled at the institution in the full term immediately preceding the term for which the out-of-state tuition is to be waived. Apply by completing the Application for Scholarships, [http://admissions.georgiasouthern.edu/scholarships.htm](http://admissions.georgiasouthern.edu/scholarships.htm).

3. **University System Employees and Dependents.** Full-time employees of the University System, their spouses, and their dependent children.

4. **Full-Time School Employees.** Full-time employees in the public schools of Georgia or of the Department of Technical and Adult Education, their spouses, and their dependent children. Teachers employed full-time on military bases in Georgia shall also qualify for this waiver.

5. **Career Consular Officials.** Career consular officers, their spouses, and their dependent children who are citizens of the foreign nation that their consular office represents and who are stationed and living in Georgia under orders of their respective governments.

6. **Military Personnel.** Military personnel, their spouses, and their dependent children stationed in Georgia and on active duty, unless such military personnel are assigned as students to System institutions for educational purposes.

7. **Border County Residents.** Residents of an out-of-state county bordering a Georgia county in which the reporting institution or a Board-approved external center of the University System is located. Only Georgia Southern University graduate students who live in an out of state county that borders Chatham County (Jasper and Beaufort Counties, SC), Georgia and attend classes at the Coastal Georgia Center in Savannah are eligible for this waiver.

8. **National Guard Members.** Full-time members of the Georgia National Guard, their spouses, and their dependent children.

9. **Direct Exchange Program Students.** Any international student who enrolls in a University System institution as a participant in a direct exchange program that provides reciprocal benefits to University System students.

10. **Economic Advantage Out of State Fee Waiver.** A dependent or independent student who can provide clear evidence that the student or the student’s parent, spouse, or U.S. court-appointed legal guardian has maintained domicile in the State of Georgia to accept full-time, self-sustaining employment and has established domicile in the State of Georgia may qualify immediately for the “Economic Advantage” Out-of-State Fee Waiver. Relocation to the state must be for reasons other than enrolling in an institution of higher education. This waiver will expire 12 months after it is granted. After the expiration of the waiver, the student must petition for Tuition Classification according to the established procedures of Georgia Southern University. This waiver is intended to provide relief to students whose families move to Georgia because of a corporate transfer or other similar circumstances.

11. **Recently Separated Military Service Personnel.** Members of a uniformed military service of the United States who, within 12 months of separation from such service, enroll in a program for teacher certification and demonstrate an intent to become a permanent resident of Georgia. This waiver may be granted for not more than one year.

12. **Nonresident Student.** As of the first day of classes for the term, a nonresident student whose parent, spouse, or U.S. court-appointed legal guardian has maintained domicile in Georgia for at least 12 consecutive months so long as the student can provide clear evidence showing the relationship to the parent, spouse, or U.S. court-appointed legal guardian has existed for at least 12 consecutive months immediately preceding the first day of classes for the term. If the parent, spouse, or U.S. court-appointed legal guardian of a continuously enrolled nonresident student establishes domicile in another state after having maintained domicile in the State of Georgia for the required period, the nonresident student may continue to receive this waiver as long as the student remains continuously enrolled in a public postsecondary educational institution in the state, regardless of the domicile of the parent or U.S. court-appointed legal guardian.

**Waiver of Mandatory Fees**

**Waiver of Mandatory Fees for U.S. Military Reserve and Georgia National Guard Combat Veterans**

1. **Eligibility.** Eligible participants must be Georgia residents who are active members of the U.S. Military Reserves and/or the Georgia National Guard and were deployed overseas for active service in a location or locations designated by the U.S. Department of Defense as combat zones on or after September 11, 2001 and served for a consecutive period of 181 days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable USG institution and be accepted for admission.

2. **Benefits.** Eligible participants shall receive a waiver of all mandatory fees charged by USG institutions including, but not limited to, intercollegiate athletic fees, student health services fees, parking and transportation (where such fees are mandated for all students), technology fees, student activity fees, fees designated to support leases on facilities such as recreation centers, parking decks, student centers and similar facilities, and any other such mandatory fees for which all students are required to make payment. Students receiving this waiver shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food service, any other elective fees, special fees or other user fees and charges (e.g., application fees).

An institution may waive mandatory fees, excluding technology fees, for:

A. Students who reside or study at another institution.

B. Students enrolled in practicum experiences (e.g., student teachers) or internships located at least 50 miles from the institution.

C. Students enrolled in distance learning courses or programs who are not also enrolled in on-campus courses nor residing on campus. If a student is enrolled in courses from more than one institution during the same term, only the home institution will charge the approved technology fee to the student. Students who participate in distance education offerings as transient students will not be charged a technology fee by the transient institution. No separate
technology fee shall be established for collaborative distance learning courses or programs.

D. Students enrolled at off-campus centers, except that the institution shall be authorized to charge select fees to these students for special services subject to approval by the Board of Regents.
Financial Aid

Georgia Southern University offers a comprehensive program of financial aid for students who, without such aid, would be unable to continue their education. Through this program an eligible student may receive one or more types of financial aid: employment, grants, loans, or scholarships. Most financial aid at Georgia Southern University is awarded on the basis of a student’s academic progress and proven “financial need,” defined as the difference between a family’s estimated resources and the total estimated expense of attending the university. Georgia Southern University uses the Free Application for Federal Student Aid (FAFSA) form provided by the U.S. Department of Education to measure a student’s financial need eligibility. Students may receive financial aid for up to 30 credit hours of Learning Support Program course work. Contact the Department of Financial Aid at (912) 478-5413 for help with questions and problems. The Financial Aid Department, part of the Division of Student Affairs and Enrollment Management, is located on the second floor of the Rosenwald Building. The fax number is (912) 478-0573.

Mailing address:
Department of Financial Aid
P.O. Box 8065
Georgia Southern University
Statesboro, Georgia 30460-8065
http://students.georgiasouthern.edu/finaid

Four types of financial aid are available:
• Federal Work-Study (FWS) provides jobs to students who qualify for need-based financial aid.
• Grants - Federal, state and privately funded grant programs are available to students enrolled at Georgia Southern University.
• Loans - Loan programs are available from state and federal agencies.
• Scholarships - Georgia Southern University offers a limited number of academic scholarships to its students.

Application Procedures
To apply for any Federal Title IV aid:
• Complete and submit an Application for Admission to attend Georgia Southern University.
• By April 20, complete a Free Application for Federal Student Aid (FAFSA) online at http://www.fafsa.ed.gov, for the year you plan to enroll. You must list Georgia Southern University's federal school code, 001572, on the form.
• Enrolled students should re-apply for aid by April 20 of each year.

April 20 is a preferred filing date for financial aid. Applicants not filing by this date may not have funds available by the fall semester fee payment deadline, which is the first day of class.

More detailed information about financial aid programs can be secured by emailing the Financial Aid Department at finaid@georgiasouthern.edu or at the website: http://students.georgiasouthern.edu/finaid.

Class Attendance Verification
In accordance with federal regulations, financial aid cannot be released to the Office of Student Fees account until your professor(s) have verified your class attendance. Class attendance will be taken by professors the first day of each class for which you are registered.

Employment Programs
The University offers two student employment programs: Federal College Work-Study and Institutional Work Program.

Federal College Work-Study Program - The Federal College Work-Study Program (FWS) provides jobs for students who demonstrate financial need and who want to earn part of the educational expenses. Students must file the Free Application for Federal Student Aid (FAFSA) and establish financial need to be awarded FWS. Applicants must be enrolled at least half-time (six hours). The amount of the award depends upon demonstrated financial need and the amount of funds available. Funding is very limited for this program. The standard award allows the student to work 8 to 10 hours per week for the 15-week semester. Visit the Financial Aid Website at http://students.georgiasouthern.edu/finaid/ for more information.

Institutional Work Program - The Institutional Work Program helps students find part-time jobs in the various departments on campus. All currently enrolled students may participate, and no financial eligibility requirements apply. Interested students should review the Student Employment Center website at http://jobs.georgiasouthern.edu/SEC/ in order to review the various on-campus job openings and part-time job opportunities available in the Statesboro area. Students must be enrolled in six or more hours to qualify for this program.

Grant Programs

State Grants
The Georgia Student Finance Commission administers a number of state scholarships and student grant programs. For information contact the Georgia Student Finance Commission, 2082 East Exchange Place, Suite 200, Tucker, GA 30084, (800) 505-4732, or http://www.Gacollege411.org/.

Federal Pell Grant
The Federal Pell Grant is the primary federal student aid program administered by the U.S. Department of Education. It is intended to be the first and basic component of an undergraduate student’s financial aid package. To be eligible:
• You must show financial need.
• You must be enrolled in an approved undergraduate course of study and must not have a bachelor’s degree.
• You must be a U.S. citizen or an eligible non-citizen as defined in the instructions on the Free Application for Federal Student Aid (FAFSA).

You may receive a Pell Grant each academic year until you receive your bachelor’s degree. Federal Pell Grants range from $523 to $4,731 per year (but may vary pending Federal enactment). Follow the instructions on the FAFSA form to apply for the Federal Pell Grant beginning January 1 of every year. For additional information visit our website at http://students.georgiasouthern.edu/finaid.
Federal Supplemental Education Opportunity
Grant (FSEOG)
The Federal Supplemental Education Opportunity Grant (FSEOG) is a federal program administered by the Financial Aid Department to assist undergraduate students with financial need. For additional information visit our website at http://students.georgiasouthern.edu/finaid. To be eligible:

- You must show substantial financial need by using the FAFSA form.
- You must be eligible for Federal Pell Grant.
- You must be enrolled in an undergraduate course of study, and you must not have a bachelor’s degree. The standard grant amount awarded is $600 per academic year. The federal funding for this program is limited; therefore, funds are depleted rapidly.

Federal Academic Competitiveness Grant (ACG)
The Federal Academic Competitiveness Grant (ACG) will provide up to $750 for the first year of undergraduate study and up to $1300 for the second year of undergraduate study to full-time (12 credit hours or more) students who are U.S. citizens, eligible for the Federal Pell Grant, and who have successfully completed a rigorous high school program, as determined by the state or local education agency and recognized by the Secretary of Education. Second year students MUST also have maintained a cumulative grade point average (GPA) of at least 3.0. First year and second year recipient's eligibility is determined by high school graduation date. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Teacher Education Assistance for College and Higher Education (TEACH)
This program is effective beginning with the 2008-2009 Award Year and provides up to $4,000 a year in grant assistance to students who plan on becoming a teacher and meet certain specified requirements. If a student who receives a TEACH Grant does not complete the required teaching, the grant must be repaid as a Direct Unsubsidized Loan under the William D. Ford Federal Direct Loan Program.

National Science and Mathematics Access to Retain Talent Grant or National Smart Grant (SMART)
The National SMART Grant will provide up to $4,000 for each of the third and fourth year of undergraduate study to full-time (12 credit hours or more) students who are U.S. Citizens, eligible for a Federal Pell Grant, and majoring in the following fields of study:

- Food Science
- Food Technology and Processing
- Environmental Science
- Fishing and Fisheries Sciences and Management
- Forest Sciences and Biology
- Wood Sciences and Wood Products/Pulp and Paper Technology
- Wildlife and Wildlands Science Management
- Biopsychology
- Nutrition Sciences
- Physiological Psychology/Psychobiology
- Physical Science
- Life Science
- Computer Science

- Mathematics
- Technology
- Engineering
- Foreign Language determined critical to national security

Students must also have maintained a cumulative grade point average (GPA) of at least 3.0 in coursework required for the major. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Georgia Leveraging Education Assistance Program (LEAP)
The Georgia LEAP (Leveraging Educational Assistance Program) provides educational grant assistance to undergraduate Georgia residents who demonstrate exceptional financial need who are enrolled for at least six semester hours. LEAP Grants do not have to be paid back and can be awarded in addition to the Pell Grant. The maximum award is $1,000 a year at Georgia Southern. The amount you receive depends on when you apply, your level of need, and the funds available in the program. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Loan Programs

Federal Perkins Loan Program
The Federal Perkins Loan Program is a low-interest (5 percent) government loan for undergraduate students with exceptional financial need. This program is administered by the Department of Financial Aid at Georgia Southern University. Student eligibility is based upon a predetermined awarding formula using available funds. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Maximum Loan Amounts for Perkins
You may be awarded up to $4,000 for each year of undergraduate study. The total amount allowed as an undergraduate is $20,000. However, the standard Perkins Loan awarded at Georgia Southern University is $2,000 per academic year; $1,000 per semester.

Repayment Obligation for Perkins Loan
Repayment begins 9 months after you graduate, leave school, or drop below half time enrollment. You may be allowed up to 10 years to repay the loan. During the repayment period, you will be charged five percent, simple interest on the unpaid balance of the loan principal.

Application Procedure
1. Complete the FAFSA
   Statement of Rights and Responsibilities Under the Federal Perkins Loan Program: A Federal Perkins Loan is a serious legal obligation. Therefore, it is extremely important that you understand your rights and responsibilities.
   2. You must, without exception, report any of the following changes to the Federal Perkins Loan Collections Office, Georgia Southern University, P.O. Box 8119, Statesboro, GA 30460, (912) 478-5974:
      - If you withdraw from school;
      - If you transfer to another school;
      - If you drop below half-time enrollment status;
d. If your name should change (because of marriage, for example);  
e. If your address or your parents’ address changes;  
f. If you join military service, Peace Corps, or VISTA.

3. When you graduate or withdraw from Georgia Southern University you MUST arrange for an exit interview by calling (912) 478-5974.

4. Your first monthly payment will be due nine months from the time you cease to be at least a half-time student.

5. Your minimum monthly payment will be at least $40.

6. The annual percentage rate of five percent will be the FINANCE CHARGE based on the unpaid balance and will begin to accrue six months after you cease to be enrolled as at least a half-time student.

7. Cancellation will be granted for certain types of elementary or secondary school teaching; for military service in areas of hostilities; for full-time staff members in Head Start; and for permanent disability. You also accept the responsibility to inform the school of such status. In the event of death, family members should contact the school.

8. If you enter the military service, Peace Corps, VISTA, or comparable tax-exempt organization, full-time active duty in the Commissioned Corps of the U.S. Public Health Service, while temporarily totally disabled, or return to at least half-time study at an institution of higher education, you may request that the payments on your National Direct Student Loan be deferred.

9. If you fail to repay any loan as agreed, the total loan may become due and payable immediately, and legal action could be taken against you.

10. You must promptly answer any communication from Georgia Southern University regarding the loan.

11. You may repay at any time. Future interest payments will be reduced by making such payments. If you cannot make a payment on time, you must contact Georgia Southern University Federal Perkins Loan Office at (912) 478-5974.

12. Your loan history will be reported to a credit bureau at the time of disbursement.

13. When you sign the loan agreement, you authorize Georgia Southern University to contact any school which you may attend to obtain information concerning your student status, year of study, dates of attendance, graduation, withdrawal, transfer to another school or current address.

Federal Direct Stafford Loan
The Federal Direct Stafford Loan Program provides low-interest, long-term loans through the University. Funding for these loans comes from the U.S. Department of Education. These loans may be subsidized or unsubsidized. Eligible students must be admitted and enrolled in good standing at least half-time (six hours for undergraduate and four hours for graduate) in a program leading to a degree. If you drop below half-time status during a semester, the remainder of your loan may be canceled.

The amount you may borrow is determined by federal guidelines. The federal maximum that you are allowed to borrow follows:
- Freshman (those who have not completed 30 earned credit hours) - $3,500 yearly
- Sophomore (30-59 earned hours) - $4,500 yearly
- Juniors or seniors (60 + earned hours) - $5,500 yearly
- Graduate students - $8,500 yearly

Repayment normally begins six months following graduation or when you cease to be at least a half-time (six hours for undergraduate and four hours for graduate) student. Payments and the length of the repayment period depend upon the size of your debt. Under special circumstances, repayment of a Federal Direct Stafford Loan that is not in default may be deferred or canceled. Repayment, deferment, and cancellation are handled by a federal loan servicer. If you are eligible for a Federal Direct Stafford Loan, and request a loan on your FAFSA, you will be awarded one (either subsidized or unsubsidized or a combination of both) as part of your financial aid package. Please read the following paragraphs to learn the differences between the subsidized and unsubsidized Federal Direct Stafford Loans. If you decide to borrow a Federal Direct Stafford Loan, you are required to sign a master promissory note which the university will forward to a federal loan servicer. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Subsidized Federal Direct Stafford Loan
The amount of subsidized Federal Direct Stafford Loan you may borrow is the difference between the cost of education (your budget) and your resources (family contribution, financial aid such as Federal Perkins Loan, College Work-Study, and any other assistance you receive from the school and outside resources including scholarships). However, you may not borrow more than the federal maximum for your grade level.

If you are eligible for a subsidized Federal Direct Stafford Loan, the government will pay the interest for you until repayment begins. You will be assessed a loan origination fee, which is deducted from the loan proceeds but will not reduce the principal balance you are required to repay. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Unsubsidized Federal Direct Stafford Loan
The unsubsidized Federal Direct Stafford Loan can replace all or part of the family contribution. However, the amount of the loan may not be more than the difference between the cost of education and any financial assistance you will receive from the school and any outside source (including the subsidized Federal Direct Stafford Loan). If you are a dependent student, your total Federal Direct Stafford Loan (subsidized, unsubsidized, or a combination of both) cannot exceed the federal maximum according to your classification.

Federal Direct Lending Program
Georgia Southern University participates in the Federal Direct Lending Program. Loan funding comes directly from the U.S. Department of Education to students through the Federal Direct Stafford Loan Program and to the parents through the Federal Direct PLUS (Parent Loan for Undergraduate Students) Program. Additional information is available at http://www.ed.gov/DirectLoan.

The University is responsible for providing, collecting, and forwarding a signed promissory note to a contracted loan servicer. When loans are due, borrowers will repay them directly to the federal government through the loan servicer. For additional information visit our website at http://students.georgiasouthern.edu/finaid.
The interest rate is variable but will not exceed 8.25 percent. Interest accrues on the unsubsidized Federal Direct Stafford Loan while you are in school and during the six-month grace period before repayment begins. You have the option of paying the interest monthly, quarterly, or having the interest added to the principal. A loan origination fee is deducted from each disbursement of an unsubsidized loan. These charges do not reduce the amount you are required to repay. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Additional Unsubsidized Federal Direct Stafford Loan
If you are an independent undergraduate student or a dependent student whose parents are declined for a PLUS Loan, you may borrow an additional unsubsidized Stafford loan as follows: students in their freshmen and sophomore undergraduate years may borrow a maximum of $4,000 per academic year; students in their junior or senior undergraduate year may borrow a maximum of $5,000 per academic year; and graduate students may borrow $12,000 per academic year in addition to the loan limits mentioned previously, not to exceed the cost of education. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Federal Direct Parent Loan for Undergraduate Students
If you are a dependent student, you may be eligible for a Federal Direct Parent Loan for Undergraduate Students (PLUS) to meet your education expenses. This loan is available through the University and is funded by the U.S. Department of Education. The maximum loan amount for an academic year is determined by subtracting all financial aid (including Stafford loans) from the annual cost of attendance.

The interest rate on the Federal Direct PLUS is variable but will not exceed nine percent. Repayment begins within 60 days of the last disbursement of a loan period. A loan origination fee is deducted from each disbursement of a PLUS loan. These charges do not reduce the amount you are required to repay. Applications are available in the Department of Financial Aid. The University is responsible for forwarding a completed application/promissory note to the loan servicer. For additional information visit our website at http://students.georgiasouthern.edu/finaid.

Federal Direct Graduate PLUS Loan Program
The Federal Direct Graduate PLUS Loan Program is available for graduates and professional students.
To apply students must:
• Enroll as a Graduate or Professional Student in a degree-seeking program
• Complete the FAFSA
• Receive a determination of the maximum Direct Subsidized and Unsubsidized Stafford Loan
• Enroll at least half-time (six credit hours) for the semester
• Pass a Credit Check completed by the Lender
• Meet all other Title IV Federal financial aid program requirements such as quality assurance requirements, academic progress, and eligible citizenship categories
• The maximum loan amount for an academic year is determined by subtracting all financial aid (including Stafford loans) from the annual cost of attendance.

Georgia Service Cancelable Loan Programs
The Georgia Service Loan Commission offers loans to students pursuing specific professions who will cancel their debt by service in that profession. Currently, Georgia Southern University participates in the following Service Cancelable Loan programs. Refer to http://www.gacolleage411.org/ for more details and application procedures. Also, please note the contact information beside each program for more details:
• Nursing (School of Nursing)
• Nursing Education (advanced degree) (School of Nursing)
• National Guard (Army and Air) (Contact your Commanding Officer)
• Dietetics (College of Health and Human Sciences)

Promise Teacher Scholarship Loan
The PROMISE Teacher Scholarship Loan is funded by the Georgia Lottery for Education and is administered by the Georgia Student Finance Authority. The maximum award is $6000 over a two-year period.

For an application, go to http://www.gacolleage411.org/. To qualify, you must be a United States Citizen or Permanent Resident Alien, have earned a minimum overall grade-point average of 3.0 and be academically classified as being a junior or senior enrolled in a teacher education program. To cancel the debt, recipients must agree to teach in a Georgia public school (at the preschool, elementary, middle, or secondary level) after graduation for one academic year for each $1,500 awarded. If recipients fail to complete their degree program, or fail to obtain their Professional Georgia Educator Certificate, or fail to meet the terms of the teaching obligation within 12 months after graduation, the scholarship becomes a loan, which must be repaid in cash with interest.

HOPE Teacher Scholarship Loan Program
The HOPE Teacher Scholarship Loan is funded by the Georgia Lottery for Education and is administered by the Georgia Student Finance Authority. Maximum awards are based on the number of credit hours necessary for students to complete their program of study. Students are eligible for $125 per semester hour.

For an application, go to http://www.gacolleage411.org/. Established to provide financial assistance to teachers and individuals who are seeking advanced degrees in critical shortage fields, recipients agree to teach in their critical shortage field one academic year for each $2,500 awarded through the scholarship in a Georgia public school (at the preschool, elementary, middle, or secondary level) with a maximum of four years to repay. If a recipient fails to meet this obligation within 12 months after graduation, the scholarship becomes a loan, which must be repaid in cash with interest.

Scholarship Programs
New Student Scholarships
Scholarships for first-time freshmen and transfer students are administered by the Office of Admissions. To review scholarship opportunities, please access Admissions website at http://admissions.georgiasouthern.edu/scholarships.htm.

Continuing Students
Georgia Southern University departments offer a vast array of scholarships for continuing students. These scholarships are
managed by the individual departments within the University and vary from major-specific awards to leadership awards to study abroad awards. Most of these scholarships have different application procedures and deadlines. For information regarding these scholarships, contact the individual departments listed on our website at http://students.georgiasouthern.edu/financialaid/scholarships/depconta ts.html to determine the application procedure and deadlines.

Other Outside Sources of Financial Aid

Many foundations, companies, and other groups have established scholarship or loan programs for use by Georgia Southern University students. To review these, access the Georgia Southern University Financial Aid website at http://students.georgiasouthern.edu/financialaid/scholarships/external_s cholarships.

HOPE Scholarship

The HOPE Scholarship (Helping Outstanding Pupils Educationally) is Georgia’s unique program that rewards hard working Georgia high school students with matriculation scholarships in degree programs at any Georgia public college, university, technical school or eligible private institution.

To qualify for HOPE, students must be a legal resident of Georgia or be considered a Georgia resident for purposes of in-state tuition at the time of enrollment for the school term for which the scholarship is sought. Students that graduated from high school in 1993 or later with a high school core curriculum GPA of at least 3.0 for a college preparatory curriculum or a 3.2 for a general or career/technical curriculum track may qualify as incoming freshmen for the HOPE Scholarship.

Students who did not qualify for HOPE as incoming freshmen may still receive a HOPE Scholarship if they were a legal resident of Georgia at the time of enrollment for the school term for which the scholarship is sought, and have a 3.0 cumulative GPA after attempting 30, 60, or 90 semester hours of University course work.

HOPE eligibility is reviewed at various checkpoints during the academic year and all attempted hours are counted in the review. “Attempted hours” refers to all hours attempted in a degree program at a postsecondary institution after high school graduation, including classes that were dropped or failed as well as learning support classes. The deadline to apply for HOPE is the last day of class for the semester for which you are applying.

Contact a financial aid counselor for other requirements and further information, (912) 478-5413. Additional restrictions may apply. The above is based on the most recent information from the Georgia Student Finance Commission and is subject to change.

Satisfactory Academic Progress Policy

Requirement and Definition

Students receiving financial aid must be making Satisfactory Academic Progress (SAP) in accordance with the policies outlined below. Satisfactory progress means that a student is advancing toward his/her degree objective in a manner consistent with prescribed policies of the university.

The Department of Financial Aid is responsible for evaluating satisfactory academic progress of students receiving financial assistance from the following programs: Federal Perkins Loan, Federal Pell Grant, Federal Subsidized and Unsubsidized Stafford Loan, Federal College Work-Study, Federal Supplemental Educational Opportunity Grant, National Science and Mathematics Access to Retain Talent Grant or National Smart Grant (SMART), The Federal Academic Competitiveness Grant (ACG), Federal PLUS Loan, Teacher Education Assistance for College and Higher Education (TEACH) Grant, LEAP Grant and HOPE Scholarship.

Georgia Southern University’s SAP policy requires maintaining academic standards based on the following three criteria:

1. **Grade Point Average (GPA Requirements)**
   
   Undergraduates and post baccalaureate students must maintain a 2.0 minimum total institution GPA to remain in good standing for financial aid and academic purposes. Graduate students must maintain a 3.0 cumulative GPA to remain in good academic standing for financial aid and academic purposes. Failure to maintain the required cumulative GPA standards will result in academic and financial aid probation. When a student’s unsatisfactory academic standing results in exclusion from school by the Registrar’s Office, the student is also excluded from receiving financial aid. Student’s GPA requirements are evaluated at the end of each term.

2. **Credit Hour Completion (SAP Incremental Progress Required)**
   
   Students are required to earn a minimum number of hours each academic year depending upon their enrollment status. Undergraduate, post baccalaureate, and graduate students should complete 67% of all attempted hours registered for during the academic year. Note that these are minimum requirement standards and that most students will complete the required course work at a faster rate. Students’ incremental progress is evaluated at the end of the spring term and at the end of the summer term for students taking summer course work.

3. **Maximum Time Frame**
   
   **Undergraduate**: Students in a 4-year program who have attempted more than 150% of the published length of a degree program will have their aid terminated. All terms of enrollment will count toward the maximum time limit. Terms in which no aid is received will count if the student is enrolled after the first week of classes. For example, the published degree program length is 126 credit hours, the maximum time frame would be 188 credit hours (126 X 150%).
   
   **Graduate**: Graduates who have attempted more than 150% of the published length of a degree program will have their aid terminated. All terms of enrollment will count toward the maximum time limit. Terms in which no aid is received will count if the student is enrolled after the first week of classes. For example, the published degree program length is 36 credit hours, the maximum time frame would be 54 credit hours (36 X 150%).

Consortium Agreements

Credit hours earned through consortium agreements (contracts with other higher education institutions) will count toward
maximum time frame, credit hour completion percentage, and cumulative GPA.

Post-baccalaureate Students
The above requirements apply to all students seeking an additional bachelor’s degree. Post-baccalaureate students may not attempt more than 150% of additional hours required to obtain the second degree.

Learning Support Classes
Learning support students will have their first 30 credit hours of learning support course work excluded from the maximum time frame calculation defined above. Learning support credit hours in excess of 30 will be included in the maximum time frame and the required percentage of credit hour completion. Upon a student successfully exiting the Learning Support program, the grades earned through learning support course work will be included in the calculation of the cumulative GPA. Remedial or learning support course work from another institution will be counted in the calculation.

Dropped and Repeated Courses
All credit hours attempted during each term in which a student is enrolled will count toward the maximum time frame and minimum credit hours completion. A student is considered enrolled based on the number of credit hours registered after class attendance verification. Students who drop courses or completely withdraw from the university during the 100% refund period will not have those hours considered in determining total hours registered. Students who drop courses or completely withdraw from the university after the 100% refund period will have those hours considered in determining total hours registered, which will count toward the maximum time frame calculation.

Repeated courses will count in the calculation of attempted hours. The grade earned when the last grade is received for a course is the only grade that counts toward satisfactory academic progress.

Policy requires students to maintain good standing for Satisfactory Academic Progress by receiving grades of A, B, C, D, or S in courses; grades of F, I, W, WF, U or Audit represent unsatisfactory completion of courses; and grades of IP or V will not be included in the number of hours earned toward the completion of a degree. If a student does not receive the required grades of A, B, C, D or S in their courses, they are considered not making progress and their financial aid is canceled. To regain financial aid eligibility, refer to the ‘Reinstatement of Financial Aid Eligibility’ section.

Withdrawal from School
Financial aid recipients who withdraw from school during the 100% refund period of any term will not have their registered hours included in the maximum time frame calculation nor be required to meet the minimum credit hour completion percentage. However, aid recipients withdrawing from school after the 100% refund period will have their registered hours included in the maximum time frame calculation and be required to meet the minimum credit hour completion percentage.

Transfer Credits
Credits transferred from other institutions will count toward maximum time frame and credit hour completion percentage.

Reinstatement of Financial Aid Eligibility
A student seeking to have financial aid eligibility reinstated may do so by:
• Achieving the required minimum total institution GPA and successfully completing 67% of attempted hours, or
• Acquiring a successful appeal through the appeal process. Students will be notified of the committee’s decision and the specific requirements and/or grades a student must earn each term. Students’ progress will be checked at the end of every term of enrollment.

Appeal Process
Financial Aid Excluded Due to Failure to Meet Academic GPA Requirements
Students requesting an appeal to remain in school through the Academic Standards Committee may use the same process to request an appeal for receiving financial aid. Should the academic appeal process determine that a student may remain enrolled in school, he/she will also be allowed to continue to receive financial aid, provided that the student is also earning the required percentage of attempted hours.

Financial Aid Excluded Due to Failure to Progress Toward Academic Degree Completion
Students requesting an appeal for continuance of financial assistance must do so by contacting their financial aid counselor and completing a SAP Financial Aid Appeal form.

This appeal should explain the reason(s) for not meeting the Satisfactory Academic Progress standards and outline the steps that the student is taking to meet the requirements in the future. All appeals must be in writing and should be directed to the Financial Aid Appeals Committee. The Financial Aid Appeals Committee will review appeals and may request additional documentation from the student. Students will be notified of the Committee’s decision and the specific requirements and/or grades a student must earn each term. Students’ progress will be checked at the end of every term of enrollment. While completing the appeal process, students are required to pay current term fees by the published fee payment deadline.

Other Financial Assistance
The academic progress of students receiving federal financial assistance from the programs listed earlier in this narrative must be evaluated by the criteria outlined in this policy. These and other students receiving other types of financial assistance are evaluated based on requirements of the applicable financial assistance program.

Athletes
The Georgia Southern University Athletic Department administers student athletic scholarships. Student athletes who are eligible to receive institutional and/or Federal aid must comply with NCAA regulations. Student athletes interested in receiving financial aid in addition to their athletic scholarship must complete the appropriate application process.
CO-OP Program
Georgia Southern University offers its students the opportunity to gain relevant work experience related to their academic majors, begin the career decision-making process, and earns money for educational expenses. This is accomplished through the Cooperative Education program that is provided on an optional basis in most majors and minors in the Colleges of Liberal Arts and Social Sciences, Business Administration, Health and Human Sciences, Information Technology, Science and Technology, and the Engineering Transfer Programs. The Office of Career Services coordinates the Co-op Program administratively.

The Co-op assignment may be student, college, or industry initiated. Normally, students must have earned 30 semester hours of credit toward their major, have a GPA of 2.5 or better, and be willing to participate in no less than two alternating co-op work assignments, four (4) parallel work assignments, or a combination of alternating and parallel. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student, but in 80% of the cases the employers provide assistance in locating suitable accommodations. Co-op students register for the Co-op course each semester that they are on a work assignment. Co-op students and Co-op employers are required to submit evaluations at the end of each semester. A pass or fail grade will be awarded to the student.

Veterans’ Assistance Programs
The U.S. Department of Veterans Affairs (DVA) provides educational benefits under several programs. Eligibility is determined by DVA. Veterans or dependents of certain veterans who wish to attend Georgia Southern University under any of the veterans’ benefits programs should contact the Veterans Coordinator located in the Registrar’s Office for assistance at (912) 478-5154 or veterans@georgiasouthern.edu. The Veterans Coordinator is responsible for assisting veteran students with the processing of VA forms for educational benefits. Students will be advised of procedural requirements and certification of enrollment will be verified to DVA.

Veterans who have service-connected disabilities and are eligible for disability compensation may qualify for Vocational Rehabilitation. Disabled veterans who think they qualify for this assistance are encouraged to contact the Department of Veterans Administration for further information.

Georgia Southern University encourages all veterans to take advantage of college credit that may be granted for military training, as well as the credit by examination programs. Veterans requesting college credit for military training must provide the Registrar’s Office with an official military transcript for evaluation.

The Office of the Registrar will evaluate transfer Credit for Military Service based on completion of basic military training. A form DD-214 should be furnished to the Registrar’s Office for evaluation. Two (2) semester hour credits will be allowed for Physical Conditioning and Marksmanship for active service less than one year and four (4) semester hour credits will be allowed for one year or more active service.

Vocational Rehabilitation
The State of Georgia provides financial assistance (equal to tuition and other regular fees in the University) for residents of Georgia who have disabilities. For further information, write directly to Vocational Rehabilitation Program, 1700 Century Circle, Suite 300, Atlanta, GA 30345-3020, or call 404-486-6331, toll free 866-489-0001, or the web page http://www.vocrehabga.org.

U.S. Marine Corps Platoon Leaders Class
For freshmen, sophomores, and juniors, the Marine Corps offers the Platoon Leaders Class Program (PLCP). Freshmen and sophomores attend two six-week training sessions, and juniors attend one 10-week session at Quantico, VA.

To be eligible for the program, the student must be a U.S. citizen (either native-born or naturalized), with full-time enrollment in a minimum of 12 academic credits per semester, and must be working toward an accredited/recognized baccalaureate degree.

The PLCP offers two entry-level paths that lead to commissioning as a second lieutenant in the U.S. Marine Corps. The first is the Ground Officer Program, which encompasses all Military Occupational Specialties (MOS’s) not directly related to piloting aircraft. Applicants must have a qualifying score from either the SAT or ACT tests. The second program is the Guaranteed Aviation Program. Applicants must have a qualifying SAT or ACT score and must take the ASTB. Those who have at least the minimum score of 46/4 on the ASTB, pass a Class-1 aviation medical examination performed at a military medical facility, pass a Marine Corps physical fitness test (PFT), and are accepted into the program by Headquarters Marine Corps, could be eligible to receive a contract guarantee. Under the contract guarantee, the student attends flight school for the Marine Corps after graduation from college and acceptance of the commission as a second lieutenant.

A stipend of $150 a month for the nine months of the school year is available to all who meet the requirements and successfully complete summer training at Officer’s Candidate School.

These programs are subject to the control of, and are administered by and under the rules and regulations of, the U.S. Marine Corps and are subject to change from time to time.

Drug Policy - Anti-Drug Abuse Act of 1988
It is the policy of Georgia Southern University and the Office of Student Financial Aid that when the University or the Financial Aid Department is officially notified that a student, who is a recipient of a Federal Pell Grant, is convicted via a court of law of a drug offense during the period of enrollment covered by the Federal Pell Grant, and for which the student had previously certified he or she would be drug free, that individual’s violation of the certification statement must be reported to the U.S. Department of Education Office of Inspector General, in accordance with section 668.14 (g) of the Title IV Higher Education Act of 1965 and its amendments. Upon the final determination by the Office of the Inspector General, and the notification to Georgia Southern University, the Financial Aid Department will implement the recommendations set forth in
their findings, which may include the withholding of all further Title IV and institutional payments to the student. Until a final determination is made regarding fraud on the part of the student, the student will remain eligible for financial aid.
Fees

Business Regulations
The academic year is divided into two semesters of approximately 15 weeks each and a summer semester of approximately 12 weeks. Fees are charged and payable by the semester since each semester constitutes a separate unit of operation. A student may enroll at the beginning of any semester.

To ensure financial operation in conformity with Board of Regents policies, fee payment regulations must be observed. All fees and charges are due and payable by the first official day of class for the semester for the University; charges incurred during the drop/add period are due by the 10th calendar day following the Drop/Add period. Students are responsible for checking their account balance via WINGS at https://my.georgiasouthern.edu/ and ensuring fee payment by the published fee payment due dates. Fees and charges may be paid by cash, by check, online by free webCheck or by MasterCard, American Express or Discover in the exact amount of the student’s invoice. Payment by credit card must be made via WINGS and is subject to a 2.75% processing fee. Nonpayment of all fees and charges by the first day of university classes could result in cancellation of all classes. If a student’s financial aid is not available to pay all fees by the designated due date, he/she must be prepared to pay tuition and fees and be reimbursed when his/her financial aid is available. Should a student decide not to attend Georgia Southern University or cease to attend during the semester, he/she will continue to be fee liable until officially withdrawing from the University. (See refunds and withdrawals for more information)

PLEASE NOTE, NO INVOICES ARE MAILED; INVOICES ARE AVAILABLE ONLINE ONLY VIA WINGS AT THE ABOVE WEB ADDRESS.

Any amounts owed to the University that are not cleared when due will be subject to reasonable collection costs that could include collection agency fees, attorney fees, court costs and other charges necessary for the collection of the debt.

The University reserves the right to make changes in its fees, which are regulated by the Georgia Board of Regents, at the beginning of any semester and without previous notice. *At press time, Tuition and Fees were unavailable for Fall 2008 and Spring 2009. As soon as they are available, Tuition and Fees will be posted on the web at http://services.georgiasouthern.edu/bursar/osf/studentfeespage.htm.

Students’ personal checks made out to CASH-Georgia Southern University, with proper student identification, may be cashed at the Cashier’s Office in Deal Hall or at The University Store in an amount not to exceed $50.00.

Returned Check Procedure
If a check (paper or electronic webCheck) is returned unpaid by the bank on which it was drawn, a service charge of 5 percent of the face amount of the check or $30, whichever is greater, will be charged. Checks returned unpaid for registration fees before classes begin or during the first weeks of school will result in a registration cancellation on the next scheduled cancellation date. Fee checks returned unpaid after the last cancellation of the semester must be cleared within ten days of the date of the notice or the student will be administratively withdrawn from all classes and charged for the time enrolled according to the University catalog. Fee checks returned prior to mid-semester are sent to the bank twice for collection; after mid-semester they are presented only once. Other checks are presented to the bank for collection once and must be cleared within ten days of the date of written notice.

When three checks have been returned by any student's bank without payment, check privileges for that student will be suspended.

Any amounts owed to the University that are not cleared when due will be subject to reasonable collection costs that could include collection agency fees, attorney fees, court costs and other charges necessary for the collection of the debt.

In-State Tuition*

Tuition is charged to all students based on the number of semester credit hours for which the student is registered. In-state undergraduate students who first enrolled at a University System of Georgia institution prior to Fall 2006 and register for 12 or more hours will be charged $1,357* per semester; students registering for fewer than 12 hours will be charged $114* per semester hour. In-state undergraduate students who began attending college in Fall 2006, Spring 2007 or Summer 2007 and are registering for 12 or more hours will be charged $1,280 per semester; students registering for fewer than 12 hours will be charged $107 per semester hour; these amounts will be valid for 12 semesters for Freshmen and University System of Georgia Transfer Students; students who began attending Fall 2007, Spring 2008 or Summer 2008 will be charged $1,479 per semester; students registering for fewer than 12 hours will be charged $124 per semester hour; these amounts are valid for 12 semesters. More information on guaranteed tuition is available on the Board of Regents of the University System of Georgia website at http://www.usg.edu/.

In-state graduate students registering for 12 or more hours will be charged $1,758* per semester; students registering for fewer than 12 hours will be charged $147* per semester hour.

Students who enroll in an Online Degree Program (degree is offered entirely online) will be charged $1,050 per course for a 3 hour course or $350 per credit hour. Please see Online Degree Programs for more information.

Out-of-State Tuition*

Non-residents of Georgia are required to pay tuition at an out-of-state rate based on the number of semester credit hours for which the student is registered. Out-of-state undergraduate students who first enrolled at a University System of Georgia institution prior to Fall 2006 and register for 12 or more semester hours will be charged $5,428* per semester; students registering for fewer than 12 hours will be charged $453* per semester hour. Out-of-state undergraduate students who began attending college in Fall 2006, Spring 2007 or Summer 2007 and are registering for 12 or more hours will be charged $5,121 per semester; students registering for fewer than 12 hours will be charged $427 per semester hour; these amounts will be valid for 12 semesters for
Freshmen and University System of Georgia Transfer Students. Out-of-state undergraduate students who began attending college in Fall 2007, Spring 2008 or Summer 2008 and are registering for 12 or more hours will be charged $5,915 per semester; students registering for fewer than 12 hours will be charged $493 per semester hour; these amounts will be valid for 12 semesters. More information on guaranteed tuition is available on the Board of Regents of the University System of Georgia website at http://www.usg.edu/.

Out-of-state students registering for 12 or more semester hours will be charged $7,030* per semester; students registering for fewer than 12 hours will be charged $586* per semester hour.

Students who enroll in an Online Degree Program (degree is offered entirely online) will be charged $1,050 per course for a 3 hour course or $350 per credit hour. Please see Online Degree Programs for more information.

University Fee*
Cultural, social and athletic activities, good health care and transportation services are important parts of the university’s program and a student’s educational environment. In order to provide these activities and services, a per semester University Fee of $487* is charged. All students must pay this fee unless they are registered for fewer than four credit semester hours or enrolled in all off campus courses.

Technology Fee*
A $75* per semester Technology Fee is charged to all Georgia Southern University students (excluding those enrolled in Online Degree Programs). This fee is used to develop and maintain student computer laboratories. A Technology Fee Advisory Board, with student representation, makes decisions regarding the use of this fee.

*Fees quoted are for Fall 2007 and Spring 2008. At press time, Tuition and Fees were unavailable for Fall 2008 and Spring 2009. As soon as they are available, Tuition and Fees will be posted on our website at http://services.georgiasouthern.edu/bursar/osf/studentfeespage.htm.

Late Registration Fee*
Undergraduate and graduate students who complete registration after the published registration day at the beginning of each semester will be charged a non-refundable late registration fee of $100*.

Parking Permits
All vehicles parking on campus are required to have a parking permit which is available from the Parking Office located in Building 114 behind the Landrum Center on Chandler Road across the street from Subway. Resident permits are $96 and Commuter Permits are $134. Free parking is available for those who are willing to walk from the east and west perimeters of campus, and Car Pool permits are available for those wanting to share the cost of parking. Residents of some apartment complexes in close proximity to Campus do not qualify for parking permits. Permits are available for purchase on the Web at the address below. For details, please call the Parking and Transportation Office at GSU-PARK (912-478-7275) or visit our web site at http://services.georgiasouthern.edu/park/.

Visitors parking on campus are asked to obtain a complimentary visitor’s pass from the Parking Office at the location above or at the Welcome Center in the Admissions Office located on Sweetheart Circle in Lewis Hall.

Transportation Fee
A $45 per semester Transportation Fee is charged to Georgia Southern University students as part of their University Fee (See University Fee above). This fee is used to fund the Transit Services that are provided to students allowing them to park at Paulson Stadium and ride the Transit Shuttle to and around campus. For additional information, please call the Parking Office at (912) GSU-PARK (912-478-7275) or visit our web site at http://services.georgiasouthern.edu/park/.

Graduation Fee
A graduation fee of $35 for graduate and undergraduate students must be paid by the end of the term in which the student completes requirements for graduation. This fee includes application processing, payment for diploma, and mailing fee; separate payment by the student to the vendor for graduation attire will be required for those participating in the ceremony. Any outstanding financial obligations to the University (Business Office, Parking, Health Services, Library, NDSL) must be paid before a student may graduate.

Textbooks and Supplies
The University Store offers all textbooks and supplies that Georgia Southern students need for their courses. The average cost per semester is approximately $600, depending on course selection. Accepted forms of payment are: cash, check, MasterCard, Visa and EAGLEXPRESS. (See EAGLEXPRESS at the end of this section.) Students whose financial aid exceeds their tuition and fees, housing and meals are allowed to charge their required books and supplies at The University Store in the amount of the lesser of their excess financial aid or $600. These charges are then added to their student account and paid for out of their financial aid funds. The dates during which students may charge their books are provided to the students each semester via University assigned email, one of the official forms of University communication. All of the required materials are also available on The University Store’s website at http://www.gsustore.com.

Fee Refunds
Regulations of the Board of Regents of the University System of Georgia provide for tuition and mandatory fee refunds when formal withdrawal from the Institution is approved within a designated period following scheduled registration.

The refund percentage that a student receives is a calculation of the time remaining in the semester up through 60% of the semester; once 60% of a semester has expired, there is no refund for a withdrawal from school. The refund calculation is based on days enrolled in the semester divided by number of calendar days in the semester including weekends and holidays but excluding
Refunds due to formal withdrawal from school are made after the mid-point in the semester.

Refunds are not made for classes dropped after the drop/add period. Additional fees due for certain PE classes (i.e.: scuba diving, bowling) and for certain courses (chemistry, biology, geography and geology, public health, and student teaching) are not refundable after drop/add. A refund of all semester tuition and other mandatory fees is made in the event of death of a student any time during an academic semester.

Refunds for a Student Receiving Federal Title IV Financial Assistance

Students receiving Federal Title IV Financial Assistance who formally or informally withdraw from school are subject to Federal Return of Title IV Aid regulations as specified in the Higher Education Amendment of 1998. The calculation determines the aid earned by the student based on the days enrolled for the semester in relation to the total days in the semester. The aid considered not to be “earned” must be returned to the federal programs in the following order: Unsubsidized Federal Direct Stafford loans, Subsidized Federal Direct Stafford loans, Federal Perkins loans, Federal Direct PLUS loans received on behalf of the student, Federal Pell Grant, Academic Competitiveness Grant (ACT), National Science and Mathematics Access To Retain Talent Grant (SMART), and Federal Supplemental Educational Opportunity Grant. Receipt of Federal Title IV Aid in excess of aid earned may be subject to repayment by the student if the student has withdrawn from school. The Office of Student Fees notifies the student if a repayment is due. Failure to repay could result in loss of future Title IV Aid eligibility.

Example: Student received Title IV aid as follows: $1,274.00 in Subsidized Federal Direct Stafford Loan and $782.00 in Pell Grant. The student had $844.00 in Institutional Charges. Student withdrew on day 25 of a semester having 112 days. The student has earned 22.3% (25 days divided by 112 days) of the Title IV aid which equals $458.49 (Loan of $1,274.00 plus grant of $782.00 times 22.3%). The student has unearned aid of $1,597.51 (Total aid received of $2,056.00 minus aid earned of $458.49) that must be returned to the federal programs. The Institution must return $656.00 ($844.00 Institutional charges times 77.7% unearned aid); all of this will be returned to the Subsidized Federal Direct Stafford Loan. The remaining $941.51 (unearned aid of $1,597.51 minus amount Institution returned of $656.00) must be returned by the student. The student must repay $618.00 ($1,274.00 received in loan minus $656.00 returned to loan by Institution) to the Subsidized Federal Direct Stafford Loan in accordance with the terms of the loan. The student must return $162.00 (remaining unearned aid of $941.51 minus $618.00 returned to loan fund by student equals $323.51 multiplied by 50% {students are required to return 50% of unearned grant funds}) to the Pell Grant Program.*

*Copies of the complete refund policy for Federal financial assistance are available from the Office of Student Fees located on the first floor of Deal Hall.

Meal Plans

Five types of meal plans are available. Registration of contract meal plans may be done via the Housing Agreement on the web, at the Food Service Office in the Russell Union, or on the Food Service website at http://www.gsufoodservice.com. Contract meal plans are accepted at all food establishments on campus.

Contract Meal Plans

(1) 19 meals/week(Monday-Sunday) $1,335.00/semester*
(2) 14 meals/week(Monday-Sunday) $1,215.00/semester*
(3) 10 meals/week(Monday-Friday) $ 980.00/semester *
(4) 5 meals/week (Monday- Friday) $ 490.00/semester*
(5) The EAGLEXPRESS account is a stored value account which may be used in all Food Service and retail outlets. Accounts can be opened or added to at the Food Service Office in the Russell Union, the Pickle Barrel, The University Store, the Lakeside Café, or on the Food Service website at http://www.gsufoodservice.com.

*Rates quoted are for Fall 2008 and Spring 2009. Please see website for up to date charges.

Entering freshmen who live in residence halls must purchase a 10 meal or greater contract meal plan. Freshmen housed on campus are not eligible for the 5 meal plan. Please note that the housing contract contains a freshmen meal plan requirement clause. Please read and understand this requirement before signing the contract. Once this requirement has been satisfied, an EAGLEXPRESS account may then be opened. All other students may purchase any of the five meal plans desired or a combination of EAGLEXPRESS and one of the contract plans.

EAGLEXPRESS

EAGLEXPRESS is a stored value account which means that a student deposits funds into an account prior to making purchases, and then uses a Georgia Southern I.D. Card to make purchases much like a debit card account. When a purchase is made, the amount of the transaction is automatically deducted from the account balance. EAGLEXPRESS can be used to purchase goods and services at all Auxiliary Service units including all campus restaurants, retail outlets, snack bars, parking, health and printing services. EAGLEXPRESS is also accepted off-campus at over 50 designated locations. See our website at http://www.gsufoodservice.com for the most up-to-date list of EAGLEXPRESS retailers.
University Housing

The Department of University Housing at Georgia Southern University operates eight housing units providing a living-learning environment for approximately 3,300 students and offering a variety of facilities, services, and programs. In addition to providing reasonably priced housing, Georgia Southern University also strives to provide a positive environment conducive to the development and academic pursuits for its residents. Residence hall living provides social interaction and programming to heighten a student’s sense of belonging, self-esteem, and self-actualization. Included in learning experiences are floor meetings, social programs, public service projects, rules and regulations, hall government, roommate contracting, and leadership training. These experiences provide students the opportunity to grow, achieve, find autonomy, and practice decision-making. With a staff of more than 300 employees, the Department of University Housing is committed to assisting students in making a smooth transition to college life.

First Year On-Campus Live on Requirements/Eligibility

Georgia Southern University currently does not have a residency requirement. Any student, regardless of classification, has the option to live off campus. To be eligible to live in University Housing, one must be enrolled at Georgia Southern and maintain a minimum of 3 credit hours per semester.

Applying for Campus Housing

Only students accepted for admission to Georgia Southern University may apply for campus housing. Housing information will be mailed and emailed to students after notification of admission acceptance.

Occupancy Periods

Students may occupy their assigned space from the date designated as the official opening of campus housing to the date designated as the end of the term. Campus housing is closed between academic sessions. Some housing units provide housing during the Winter Break as part of the housing fees, please refer to the housing website for additional information.

Removal from Housing

Students can be removed from Housing for the following reasons: Judicial reasons; nonpayment of tuition, University fees, housing, and contract meal charges.

Rates

Housing rates vary based on the type of facility. Once rates have been approved by the Board of Regents, a complete listing of housing fees will be provided to applicants or may be viewed at http://www.gsuhousing.com.

Communities in the Residence Halls

Georgia Southern residence halls are organized around a community concept. Each of the eight residence halls falls into one of the community types that are designed to meet the different needs and desires of different residents. The types and specific communities for each residence hall are listed below.

Living/Learning Communities (LLC) feature special sections of general curriculum courses reserved for members of the residence hall community. They are exclusively for first-year students (who will enter college in summer or fall 2008) and have several services tailored to meet their needs. The biggest advantage of the Living/Learning Communities is the availability of sections of general curriculum or major courses that are reserved specifically for the members of the LLC. The LLCs also feature academic mentors (AMs), who tutor students in English, math and other subjects.

- Residential Interest Groups (RIGs) are clusters of roughly thirty students who share a major or interdisciplinary interest. They are housed in Eagle Village. The RIGs are the most academically intentional of the Living Learning Communities at Georgia Southern. The RIGs for 2008-2009 are: American Entrepreneur, School House, CLASS ACT (College of Liberal Arts and Social Sciences Academic Community Team), Recreational Living, Math PLUS (Math Positive Learning for Undergraduate Students), Chemistry ELEMents (Chemistry Educational Living Environment for Students) and SPACE (Students in Physics and Astronomy Communally Educated).

- First-Year Residential Experience (FYRE- pronounced like Fire) is a great option for those students who are interested in reserved classes but want or need more flexibility in their schedules. Students in FYRE are required to participate in a community service project each semester as well as a residence hall program. The FYRE community is located in Southern Pines.

- Pursuing Academics, Community and Excellence (PACE) is a great option for freshman students who desire a community aimed at assisting with the freshman transition without the structure of reserved classes. Resources to assist with academic development, community involvement, and personal exploration are abundant. Resources include low student/staff ratio, social programming, faculty programming, computer lab, community service opportunities, and living with freshman only. PACE community members are required to participate in community service projects and residence hall programs. This community is housed in Eagle Village.

- Technology, Engineering, and Nursing (TEN) is a community dedicated to providing academic and vocational support for students pursuing a career in these high-demand fields. TEN features a computer lab equipped with software used in engineering programs. It is housed in Southern Pines Buildings 1 and 5.

Upperclass Communities are reserved for students who enrolled in college in January 2008 or before. These communities focus on major and career development, as well as other aspects of life beyond Georgia Southern. Programs include speakers from the business and professional world talking about their fields as well
as workshops and roundtables on preparing for further schooling. These communities provide an environment that allows upperclass students more independence and privacy in their housing.

- Southern Courtyard
- University Villas

**Open Communities** do not have a pre-determined thematic or curricular orientation and are also open to students of all classifications. The staff works with students to determine residents’ needs, desires, and structures programs accordingly.

- Brannen Hall
- Kennedy Hall
- Sanford Hall
- Watson Hall

Student Life

The Division of Student Affairs and Enrollment Management supports the University's strategic plan by promoting and contributing to a university community centered on student learning and success. The Division focuses on the out-of-class welfare of the students and provides a richly diverse array of educational experiences to supplement classroom learning. Programs and activities are designed to contribute to the intellectual, emotional, physical, spiritual, and social development of the student. Students are encouraged to be active participants and to be involved in order to stimulate school spirit, strengthen campus life, and enhance the overall quality of their collegiate experience.

Enrollment Management
The Division of Student Affairs and Enrollment Management provides leadership for the enrollment management function, a process designed to guide students and parents in their choice of a college or university, to facilitate the transition of students to college or from one college to another, to reduce student attrition and improve retention, and to enhance student outcomes. Successful enrollment management requires collaboration and cooperation among Admissions, Financial Aid, Marketing and Communications, the Registrar, the Bursar's Office, Academic Advisement, University Housing, and faculty. It is a team approach that begins with prospective students, continues throughout the college experience, and extends as students become successful alumni.

Student Conduct Code
The Student Conduct Code is the official University publication governing student conduct and behavior. It is the responsibility of each student to become familiar with the rules and regulations governing student life.

Judicial procedures, appeal procedures, and disciplinary sanctions are found in the Student Conduct Code. Georgia Southern University reserves the right to change the Student Conduct Code when it becomes necessary to ensure the orderly operation of the University. For additional information, call the Office of Judicial Affairs at (912) 478-0059 or visit the web at http://students.georgiasouthern.edu/sta/guide/.

Support Services
Counseling and Career Development Center
The Counseling and Career Development Center offers services to students in need of assistance with academic, personal-social, or career concerns. In addition, consultation services are available to faculty who are concerned about students who show evidence of difficulties in the above areas. The center’s staff includes ten professionally trained psychologists and counselors who are committed to helping students meet their personal and educational goals.

The center offers personal counseling in areas such as self-esteem, depression, sexual identity, relationship conflicts, eating disorders, trauma and abuse issues, and family of origin concerns.

Group counseling offers students the opportunity to interact with others who have similar concerns while developing more satisfying relationships with other students, faculty, and staff.

Career development helps students determine their aptitudes and interests, assess their career-related values, explore career opportunities, and develop strategies to achieve career goals.

Academic counseling enables students to identify their academic obstacles and to improve in the areas of study skills, test anxiety, and time management.

The center’s staff offers workshops designed to educate students, faculty, and staff about stress management, dating violence, acquaintance rape, interpersonal relationships, and communication skills. Counseling staff members will conduct specific programs for campus groups or classes by request if notified two weeks in advance.

Counselors are also available to assist faculty who encounter students in crisis. The number to call during regular business hours Monday-Friday, 8 to 5, is (912) 478-5541, or after hours, (912) 478-5234.

Health Services
Georgia Southern University Health Services is a department of Auxiliary Services and the Division of Student Affairs and Enrollment Management. Health Services is also a member of the American College Health Association (ACHA), the Southern College Health Association (SCHA), and is a former recipient of Georgia Southern University’s President’s Staff Team Award for Excellence in Service to Students. Health Services is pursuing national accreditation by the Accreditation Association for Ambulatory Health Care (AAAHC).

The mission of Health Services is to help Georgia Southern University students achieve the best possible physical and psychological health and to positively impact their long-term health-related behaviors by providing them with high-quality, cost-effective healthcare services, programs, and products. Health Services supports the vision, mission, and strategic initiatives of Georgia Southern University, the Division of Student Affairs and Enrollment Management, and the Division of Auxiliary Services.

Health Services financial base is supported by the student health fee (included in the student fees and tuition), and by fees generated through specific healthcare services rendered to students. Health Services efforts to decrease rising health fee costs have resulted in a partnership with Highland Campus Health Group, an experienced national health insurance billing company, to conduct third party insurance billing for professional clinical services rendered at this facility. Health Services medical providers are now duly recognized and credentialed by most major insurance companies, which allows our provider prescriptions and medical referrals to be recognized by parent/student health insurance plans. Health Services will accept and bill all insurance plans, and will accept the amount allowed by the insurance carrier as paid in full for all professional office visits and ancillary services rendered. Health Services will not “balance bill” the students and parents (i.e., bill the balance of what was charged and what was paid for by the insurance plan). The insurance billing service, implemented in 2007, has helped to
alleviate some of the financial pressures faced by university students and their parents by eliminating some out-of-pocket expenses for reimbursable professional clinical services and ancillary services (i.e., laboratory tests and X-rays), which were already covered by their health insurance plans. Third party insurance billing will enable Health Services to limit increases in the student health fee, which is used to support the administrative costs of managing an ambulatory student health facility. It will also provide a revenue source for medical supplies and equipment, future expansion of the current facility, and resources to expand campus-wide health education, disease prevention, and wellness promotion. However, there may be certain situations when non-allowed ancillary services may be the student’s financial responsibility.

In addition to the quality medical services provided to Georgia Southern University students, Health Services is very excited about two web communication tools: MedBuddy-U and My Student Health Zone. All new students (freshmen, transfer, graduate) are now required to enroll in MedBuddy-U to submit immunization records and medical history information as part of their admissions process. New students will need to enroll in MedBuddy-U from Health Services web site and set up their own user account and password in order to access the medical history information and Certificate of Immunization forms.

My Student Health Zone is a comprehensive, on-line library of health information designed exclusively for college students. Articles cover medical, emotional, behavioral, drugs and alcohol, food and fitness, school and jobs, and sexual health issues relevant to young adults.

Look for the MedBuddy-U and My Student Health Zone log-in icons on the Health Services web site homepage at: http://services.georgiasouthern.edu/health.

Health Services is located in the University Health Center on Forest Drive across from Watson Hall and near the Lakeside Café. Operating hours are 8:00 a.m. to 5:00 p.m., Monday through Friday during semesters. Limited clinic hours are available when school is not in session.

MedBuddy-U is an online access system to the Health Center which makes it easier and more convenient for students to access health care at University Health Services and provides the opportunity for students to handle many of their healthcare needs right from their own room, or from any computer in the world with internet access. MedBuddy-U is compliant with federal privacy laws (HIPAA) and totally confidential and secure! During the fall of 2005, Health Services began using the MedBuddy-U system to: answer students questions by providing personalized answers from our staff; provide relevant health information that helps students stay healthy; allow students to receive confidential messages and lab results from Health Services healthcare providers, faster and more conveniently; request an appointment or prescription refill. Students have expressed much satisfaction with MedBuddy-U, and the system has become an integral part of the department’s daily activities. Please be aware that our MedBuddy-U system does not mean that the only way students can communicate with University Health Services is via the internet! Our staff still likes to see you in person and take your phone calls.

Health Services is available to Georgia Southern students for consultation, examination, diagnosis, and treatment of illnesses and injuries. All Georgia Southern University students are eligible for Health Services. Students enrolled in four (4) or more semester hours prepay the health fee at the beginning of each semester during the registration process when they pay tuition and student fees. This entitles those students to office visits throughout the semester for examination and treatment. Students taking less than four (4) semester hours may choose to pay an office visit fee (same price as the health fee) at the student health center to receive the same level of medical services as students who pay the health fee at registration. Students who are engaged in internships, student teaching, or the tuition remission program do not pay the health fee at registration, and must pay the office visit fee separately to receive the services sponsored by this fee. There may be situations requiring out-of-pocket fees for certain medical services that are not covered by insurance or the student health fee.

A valid Georgia Southern University identification card is required to access services at University Health Services. Insured students should also present a current insurance card to the Health Services staff.

The competent and friendly staff of Health Services includes the following full-time positions: physicians, nurse practitioners, nurses, administrative and clerical staff, a radiology technologist, a medical laboratory technologist, a certified respiratory therapy technician, a health educator, and an administrator. Pharmacy personnel are employed by a contract pharmacy. Health Services also employs part-time casual laborers in the clerical, health education, and nursing areas of the department.

The relationship between patients and Health Service staff is confidential and we strictly practice this rule of medical ethics. Students are entitled to privacy, within the capacity of the Health Services facility, and confidentiality to the extent of the law. Students may obtain a copy of our Notice of Privacy Practices, which may also be read on our web site. We are proud that our staff consistently receives high ratings for “Confidentiality” on our patient satisfaction surveys.

Some students may have medical conditions that require referral to other healthcare providers or specialists for consultation and/or treatment. All expenses related to the medical services of referred providers are the responsibility of the student. In addition, students may at any time choose to use other medical providers at their own expense.

Students are encouraged to maintain health insurance coverage in case of hospitalization. For those who are no longer covered by their parents’ insurance plan, or who may elect to purchase additional insurance coverage, Health Services has arranged for a Student Accident and Sickness Insurance Plan. To get an application or for more information about the insurance company or plan, please visit our web site at http://services.georgiasouthern.edu/health where you will find a link to the insurance company and their enrollment application form. Health Services provides its services, programs, and products regardless of students’ insurance plan or lack of insurance.

For medical emergencies, contact the Bulloch County Emergency Medical Service (EMS), regardless of the time of day or night. Dial 9-911 if using a campus telephone or 911 if using an off-campus telephone. Georgia Southern University Public Safety may also be contacted at (912) 478-5234 in case of emergencies.
Students who become sick or injured when the University Health Center is closed and feel they cannot wait until it reopens should seek medical treatment at East Georgia Regional Medical Center Emergency Room, which is located a short distance from Georgia Southern University on Fair Road in Statesboro. All expenses related to emergency and after hours care are the responsibility of the student. Students are encouraged to carry their health insurance card with them at all times.

Health Services is proud to be among the outstanding student services offered by Georgia Southern University. Please feel free to contact us with your questions, comments, or suggestions at any time. Thank you for your interest in Health Services. We look forward to serving you. Please visit our web site for more information about the Health Services department.

http://services.georgiasouthern.edu/health.

Immunization Requirements
The Board of Regents of the University System of Georgia requires all new students to provide proof of immunization against Measles, Mumps, and Rubella (MMR); Tetanus-Diphtheria; Varicella (chickenpox); Hepatitis B (three doses of vaccine or positive Hepatitis surface antibody), required of all students who are 18 years of age or younger; and for residents of University Housing, acknowledgement of vaccination against Meningococcal disease, or acknowledgement of information received about Meningococcal disease and declined offer to be vaccinated before they are allowed to register for or attend classes at Georgia Southern University. Health Services administers this policy and will gladly help students with appropriate forms and information.

The Board of Regents has adopted the Centers for Disease Control’s recommendation to modify the varicella (chickenpox) requirement and to post additional information about tetanus, diphtheria and acellular pertussis (whooping cough) vaccination, effective January 2007. The change in the varicella requirement mandates that all US born students, born in 1966 or later, as well as all foreign born students, regardless of the year born, are required to provide proof of immunization against varicella. All new students will be required to provide proof of immunization against Tetanus/Diphtheria, and the booster dose must have been received within 10 years prior to matriculation. A combined vaccine booster containing tetanus, diphtheria, and acellular pertussis (whooping cough), known as Tdap, is preferred, butTd is acceptable.

Students are urged to acquire these immunizations, before arriving at Georgia Southern; however they may also be obtained at the University Health Center. All new students (freshmen, transfer, graduate) are now required to enroll in MedBuddy-U to submit immunization records and medical history information as part of their admissions process. New students will need to enroll in MedBuddy-U from the Health Services web site and set up their own user account and password in order to access the medical history information and Certificate of Immunization forms.

The following three groups of students are exempt from the immunization policy: (1) those previously enrolled at Georgia Southern, (2) those with religious objections, and (3) those with bona fide medical reasons supported by appropriate documentation from the attending physician. The latter two groups would be restricted from all campus premises in case of an outbreak of vaccine-preventable diseases, such as measles, mumps, rubella, or varicella.

International students are required to be screened for tuberculosis (TB). Health Services will provide the initial TB screening free of charge to students. Visit the Health Service web site at http://services.georgiasouthern.edu/health for more information.

Career Services
The mission of Career Services is to guide members of the Georgia Southern University community in establishing career objectives through comprehensive programs which provide opportunities for individuals to learn strategies useful in reaching their career goals. As advisors and catalysts, the Career Services staff assists students with choosing majors, identifying career options, gaining related work experience, and providing guidance in their full-time professional job search strategies through three distinct areas: Career Advisement, Experiential Education, and Professional Employment. The career advisement phase is designed to assist students in identifying academic majors and career options; strategies include one-on-one or group career advising, computerized career assessments, investigation of careers through a comprehensive collection of literature, and computerized resources located in our Career Resource Center.

Acquiring relevant work experience during college increases a student’s marketability in his/her chosen career. Experiential Education enables students to gain relevant professional work experience in which they can apply to the world of work their analytical reasoning, critical thinking and writing skills, and the theoretical practices acquired in their major area of study. Our Cooperative Education program allows students to gain relevant experience associated with their academic major on a work-study rotation. Internships are another excellent way to gain valuable experience. Career Services serves as a clearinghouse to assist students in identifying possible internship sites and to work collaboratively with department internship coordinators, faculty, staff, and employers. Externships are designed for students who did not acquire relevant work experience during their academic career. Job Shadowing, another component of Experiential Education, also assists students in the decision-making process. We recommend that students not only conduct informational interviews, but also shadow a professional in the career they are considering. Job Shadowing can be conducted during spring semester breaks. Observing a professional in the real world environment and day-to-day activities gives students a realistic idea of what to expect when pursuing that career after graduation.

Our professional staff advises and assists students in developing professional skills during their academic career so that they may mount an effective job search campaign upon graduation. Workshops, class presentations, and PowerPoint presentations on
our home page prepare students in the areas of effective job search and networking strategies, cover letter and resume development, interviewing techniques, negotiation strategies, and making the transition from college to the world of work. Our department attracts a variety of industries and organizations to recruit Georgia Southern University seniors and alumni through resume referrals, on-campus interviewing, and employer websites located on our homepage. Six major Career Fairs are held during the academic year, two Eagle Expos, Graduate School Fair, GACE College to Career Fair, and two Education Career Fairs. Students are able to network with potential employers from business, industry, government, health and human services, and education to inquire about full-time employment upon graduation. Career Services works collaboratively with the academic and local communities to provide all Georgia Southern University graduates with the tools necessary to be highly marketable and competitive in the job market arena. For more information, please visit our website at: http://students.georgiasouthern.edu/career/ or call (912) 478-5197.

Multicultural Student Center
The mission of the Multicultural Student Center (MSC) supports Georgia Southern University’s greater mission to support cultural diversity. The department is designed to educate and celebrate the cultural and ethnic diversity of students, staff and the Georgia Southern community. This is accomplished by cultivating leaders who value civility, problem solving and heritage. The Multicultural Student Center also promotes a fulfilling and comprehensive college experience which encourages social responsibility and personal well-being obtained through cultural opportunities both inside and outside the classroom. These include a series of support services, programs and activities that foster inclusion and pluralism.

The Minority Advisement Program (MAP) is a retention program housed in the Multicultural Student Center designed to assist incoming freshmen in making a seamless transition from high school to college. This is accomplished through mentoring and social and academic programming.

As an office, the staff facilitates diversity workshops in classrooms and for student organizations. It also heads committees that present campus wide programming including but not limited to the following celebrations: Martin Luther King Day, Women’s Awareness, Hispanic Heritage, Black Awareness, Gay Lesbian Bisexual Transgender (GLBT), Religious Awareness, and Holocaust Remembrance Day.

The Diversity Resource Center located in the Multicultural Student Center provides literary, virtual, and video resources concerning a number of diversity issues for interested students, faculty and staff. The Center also lends great support and advocacy to the GLBT community as well as other under-represented groups through informal advisement and the Multicultural Advisory Council (MAC), a group representing multicultural student organizations at Georgia Southern.

For more information, visit us at http://students.georgiasouthern.edu/multicultural or room 2024 of the Russell Union. You may also contact us at (912) 478-5409 or msc@georgiasouthern.edu.

Minority Advisement Program
The Minority Advisement Program (MAP) was established in 1983 to enhance the academic welfare of minority students in the University System of Georgia. The Minority Advisement Program is a peer mentor program designed to assist minority freshmen with their transition from high school to college and to facilitate a successful adjustment to Georgia Southern University. MAP is centered on minority freshman students, but is open to any student seeking its services. With the assistance of peer leaders (MAP Sponsors), MAP tries to provide minority students with a wide variety of programs that assist them with the successful adjustment to Georgia Southern University academically and socially. Services include personal assistance to obtain resources available in such areas as academic advisement, financial aid, career counseling, tutoring, and campus orientation.

For more information about programs and services through the Multicultural Student Center call (912) 478-5409; Fax (912) 478-7437; or write the MSC at Georgia Southern University, P.O. Box 8068, Statesboro, GA 30460.

Eagle Entertainment
Eagle Entertainment is Georgia Southern University’s student-led programming council that consists of five program areas: Reel Entertainment, Southern Travel, Traditions and Spirit, Sound Stage Productions, and Promotions and Volunteer Recruitment. These areas provide programming that allows students to maintain a healthy balance between academic pursuits and social activities. Eagle Entertainment offers a diverse selection of popular entertainment throughout the year and supports the academic mission of Georgia Southern University by collaborating with various academic departments, organizations, and offices to provide speakers on a variety of topics.

Major events produced by Eagle Entertainment during the fall semester include Welcome Week, Finals Feast, Homecoming, and an annual winter break trip. The Miss Georgia Southern University Scholarship Pageant, outdoor movies, concerts, and the Spring Break trip are among the many programs coordinated during the spring semester. All events are open to Georgia Southern University students, faculty, and staff with their ID.

For more information about what programs are coming to campus, information about how to get involved, or a schedule of events, please contact the Office of Student Activities in the Russell Union Building, Room 1056/1058, or visit the website at http://www.eagleentertainmentonline.com. Also, check us out on http://www.facebook.com under group name Eagle Entertainment or Office of Student Activities.

Office of Judicial Affairs (Philosophy)
The Office of Judicial Affairs emphasizes a developmental approach toward discipline that is both educational and proactive and allows for maximum student growth. It is an integral part of the educational mission of Georgia Southern University and the Division of Student Affairs and Enrollment Management. The office embraces the concept of a student-centered university. A student-centered university is characterized by civility, respect, cooperation, responsibility, and understanding among all members of the campus community. It conveys high expectations for appropriate behavior and is designed to assist students in the development of an informed set of values, ethics, and beliefs. A
Student-centered university facilitates student’s progression from campus life through graduation as competent contributors to society. As members of the campus community, students, faculty, and staff are encouraged to actively support:

- Academic integrity and honesty in the classroom.
- Ethical behavior in all aspects of University and community living.
- Civil discourse among all members of the campus community.
- A climate of trust, openness, and freedom of ideas.
- Transcultural environments, recognizing the differences in ethnic and cultural backgrounds and a greater understanding of issues related to gender.

Southern’s Orientation, Advisement, and Registration (SOAR)

Once accepted for admission, all undergraduate students must attend Southern’s Orientation, Advisement, and Registration (SOAR). SOAR is a mandatory program for all new students (freshmen and transfers) which assists with their transition to the University life and provides academic advisement, an opportunity to register for classes, The Eagle Eye: New Student Handbook and other resource materials. Parents are invited and encouraged to attend SOAR. There is a fee for both students and parents to attend SOAR. Accepted students may complete an online orientation reservation, which can be found on the Office of Orientation’s website, http://admissions.georgiasouthern.edu/orientation/.

For Fall Semester enrollment, freshmen students can attend one of eight two-day SOAR sessions during the months of June and July. Transfer students can attend one of two one-day SOAR sessions during the months of June and July. The Office of Orientation also provides pre-semester SOAR sessions, just days prior to the beginning of each semester. For more information about SOAR contact the Office of Orientation at (912) 478-SOAR, orientation@georgiasouthern.edu, or visit the web at http://admissions.georgiasouthern.edu/orientation/.

Off-Campus Housing Programs

Off-campus Housing strives to act as a resource for students that live off-campus. Off-campus Housing is a division of the Office of Student Activities. Housing is the responsibility of the student. The Office of Student Activities does not approve, license, or inspect properties. Services provided by the Office of Student Activities include assisting with the Community Advisor program, facilitating housing fairs, and providing information to off-campus properties about campus programming. Students should contact the George-Anne with questions concerning apartment listings or rentals at (912) 478-5246. Additional information is available by calling our office at (912) 478-7270 or through the web at http://students.georgiasouthern.edu/offcampus.

Student Media

Georgia Southern’s campus media include a student newspaper (The George-Anne Daily) published daily during the academic year, a weekly general interest magazine (The Southern Reflector), and a semi-annual magazine of the arts (The Miscellany Magazine of the Arts). In addition, student media supports a comprehensive website with stories, photos, visitor feedback and a community calendar. Also two student groups—Photography, Art, Graphics, Electronic Systems, (PAGES) and Advertising/Distributing Services (ADS)—provide technical and business support for the student media. The Student Media Advisory Board of the Division of Student Affairs and Enrollment Management, a panel that also provides oversight to student media operations, selects student editors each spring for the following academic year. The goal of student media at Georgia Southern University is to provide news and information in a timely manner and without flaw, to provide entertainment that reflects the institution’s diversity, and to provide a designated open forum to promote an exchange of views on issues of interest to the university community and its constituents, in which all content decisions are vested solely in student editors. For more information contact the Office of Student Media Services, P.O. Box 8067, Room 2022 Williams Center, Statesboro, GA 30460, visit its web site at http://www.gafan.com or email gaeditor@georgiasouthern.edu or kcallaway@georgiasouthern.edu.

Educational Opportunity Programs

The primary goals of the Educational Opportunity Programs (EOP) are to identify disadvantaged young people with the potential to succeed in postsecondary education, to encourage them to continue and to graduate from secondary school, to enroll in postsecondary and graduate programs, and to encourage high school and college dropouts to return to school. Three TRIO Federal programs, Upward Bound, Educational Talent Search, and the Ronald E. McNair Post-Baccalaureate Achievement Program, comprise the Office of Educational Opportunity Programs. Upward Bound (1980), Educational Talent Search (1991) and the Ronald E. McNair Post-Baccalaureate Achievement Program (1998) have been responsible for placing more than 90 percent of their graduates in postsecondary educational programs. More than 49 percent of the former participants have graduated from college and more than 51 percent are currently enrolled in a postsecondary educational program.

Educational Talent Search provides 900 middle school, high school, and out-of-school youth with the support and assistance needed to complete high school and enter a program of postsecondary education. Eligible participants must:

- reside in Bulloch, Emanuel, Jenkins, or Screven Counties;
- be enrolled in the 6th through 12th grades, or be a high school/postsecondary school dropout;
- be a potential first generation college student, or meet the economic guidelines for low income families;
- possess the potential to be successful at the postsecondary educational level; or
- be at least 11 years of age, or be a veteran, regardless of age

Upward Bound provides 95 high school students with the motivation and academic assistance needed to successfully enroll in and complete higher education programs. Eligible participants must be enrolled in the 9th or the 10th grades in Bulloch, Candler, Emanuel, Evans, or Screven County high schools and possess the academic potential necessary for higher education.

The Ronald E. McNair Post-Baccalaureate Achievement Program provides 18 talented university juniors and seniors with the support necessary to increase their chances for success in graduate programs leading to doctoral degrees. McNair Scholars are exposed to summer research opportunities, internships,
faculty mentors, assistance with graduate school admissions, fellowships, and academic assistance seminars. Eligible participants should possess the interest and the aptitude to pursue doctoral studies.

These three projects are sponsored by grants provided by the U.S. Department of Education and are administered by the Georgia Southern University Division of Student Affairs and Enrollment Management.

Services:
• Academic, Personal, and Career Counseling
• Basic Skill Classes, Tutoring
• Cultural enrichment and educational travel
• Assistance with college selection and financial aid
• A six-week residential summer program (Upward Bound)
• ACT, GRE, and SAT preparation workshops and fee waivers
• Motivational and self-esteem Activities
• College courses for graduating high school seniors
• Workshops on financial aid, study skills, and personal growth
• Literature on postsecondary and graduate programs
• Parental involvement activities such as meetings, program events and trips
• Referrals to regional summer math and science programs
• An eight-week summer research and internships program (McNair)
• Mentoring and graduate school admissions assistance

For further information, visit the Office of Educational Opportunity Programs in Room 1026 of the Williams Center, or call (912) 478-5458. E-Mail: eop@georgiasouthern.edu; Homepage: http://students.georgiasouthern.edu/eop/.

Campus Life and Activity Programs

Russell Union
The mission of the Russell Union Student Center is to complement the educational mission of the University by providing an environment where students, faculty, staff, and guests can gather to participate and learn through co-curricular experiences and by creating an atmosphere that fosters a sense of community. The Student Center provides facilities, services, and support to programs that enhance the quality of out-of-class experiences. The Russell Union provides a multitude of event planning resources including facility reservations, audio visual services, and event consultation. The Russell Union also houses the following departments: The Office of the Dean of Students, Multicultural Student Center, Greek Life, I.D. Center, Judicial Affairs, Russell Union Operations, Student Activities, Student Government Association, and the Office of Student Leadership and Civic Engagement. Included in the 110,000 square foot Russell Union facility is a 750-seat ballroom, a 444-seat movie theatre/auditorium, three 42-inch plasma TVs, wireless Internet, 13 meeting rooms, two computer labs, Chick-Fil-A, Starbucks, Talon’s Grille, an information center, a catering kitchen, and several areas throughout the building to study, relax, and exchange thoughts and ideas with faculty, staff, and fellow students.

Office of Student Leadership and Civic Engagement
Come visit the Office of Student Leadership and Civic Engagement in the Russell Union Room 2022, visit our website at http://students.georgiasouthern.edu/leadership, call us at (912) 478-1435, or contact us via email at leader@georgiasouthern.edu.

The Office of Student Leadership and Civic Engagement serves to advance the leadership potential and civic engagement of Georgia Southern students. The Office develops curricular, co-curricular, and experiential leadership programming. Our mission to provide students with the opportunity to realize their personal leadership style and capacity to effect change in society. The Office also provides students with information and resources about the many opportunities available to become active in the community. Volunteering is a powerful way for students to gain hands-on professional level experience while addressing existing social issues and community needs.

Some of the programs provided by the Office include:
• Eagle Leadership EDGE - EDGE is a multi-faceted program for first year students looking to take that first step toward becoming a leader at Georgia Southern University. Participants attend 10 weekly sessions designed to help them develop skills to prepare them for leadership.
• Leadership 101 Series - The office coordinates a weekly leadership workshop series for students who have an interest in developing their leadership skill sets. Attend 9 out of 11 workshops and receive a certificate confirming your training through the workshop series.
• Leadership Conferences - The Office of Student Leadership and Civic Engagement organizes a one-day leadership conference hosted on Georgia Southern’s campus during the fall semester. The conference is designed for both students in leadership positions and students looking to advance their leadership skills. Additionally, the office provides opportunities for current students to attend regional leadership conferences.
• Principles of Leadership Course - This 3-hour academic course is taught during the fall and spring semester and is an opportunity for students to gain a foundation in leadership studies while building skills to necessary for success in personal and professional life.
• LeaderShape - A six-day intensive leadership institute to help young adults become effective leaders and lead with integrity! Georgia Southern hosts a campus version of the national institute in May and also offers the opportunity for students to attend the state-wide session of LeaderShape.
• SLIDE - The Southern Leadership Institute: Defining Excellence is an opportunity for the best and brightest leaders on campus to come together to share their experiences, discuss the current trends in leadership, explore case studies, and leave with a network of support and a challenge to lead with integrity.
• Alternative Break Trips - Offered in March, May, and December, these low-cost trips offer students the opportunity to spend their breaks giving back to others.
• Presidential Volunteer Service Award - This award is given by the President of the United States for service to the community. Students must register in the Office to qualify.
• Step-Into-Statesboro - Half-day service opportunities throughout the year for students to discover community agency opportunities in Statesboro.
• **Volunteer Involvement Board** - This student group plans and implements volunteer activities for the campus and community.

• **St Jude Up ‘til Dawn** - This student group works to raise money and awareness for St Jude Children’s Research Hospital, a hospital that will treat children with terminal illnesses regardless of their family’s ability to pay. The group, which formed in fall 2006, has raised over $35,000.

---

**Campus Recreation and Intramurals**

The Department of Campus Recreation and Intramurals (CRI), an integral and active service of the diverse University community, supports and strengthens the mission of Georgia Southern University. Our purpose is to provide growth opportunities and educational experiences, which will enrich the life-long learning process. Through our programs and facilities, which are recreational, educational and sporting in nature, we promote and develop healthy life-style choices. Benefits of participation include the application of leadership, decision-making, problem solving, conflict management, communication and social skills. We strive to provide the safest, cleanest, highest quality, most dependable and enjoyable services.

M.C. Anderson Recreational Park - 301 By-Pass and Akins Boulevard

Recreation Activity Center (RAC):

- Free Weight, Machine Weight, Cardio, Group Exercise, Mind/Body, and Spinning rooms
- Wellness Center including massage therapy room and a fitness assessment lab
- 8 Multiuse courts
- 2 indoor soccer courts
- Southern Adventures rental center
- 3 Multipurpose Rooms for dance, martial arts and club practices
- Natatorium, complete with 25 yd x 25 m lap pool, whirlpool, sauna, 1m & 3m diving boards and large locker room facilities

Outdoor venues:

- Outside leisure pool and whirl pool
- sand volleyball courts
- outdoor band shell
- Multiplex and Club Sport Fields: multipurpose playing fields (softball, soccer, and flag football)
- Outdoor Pavilion: versatile open-air meeting or picnic area

CRI is divided into seven separate recreational programs: Aquatics, Club Sports, Fitness and Wellness, Informal Recreation, Intramural Sports and Southern Adventures, Wellness Program.

- **Aquatics** is a program for those participants who enjoy swimming, diving, aqua aerobics, or simply relaxing in the pool.

- **Club Sports** are unique student organizations in which the overall functions of the organization are student operated. Club Sports may be organized for instructional, recreational and/or competitive purposes, and offers a way of finding others who share similar recreational interests. Current organized clubs include Aikido, Badminton, Baseball, Bowling, Brazilian Jujitsu, Climbing, Cycling, Disc Golf, Equestrian, Fencing, Inline Hockey, Kung Fu, Lacrosse, Racquetball, Rugby, Scuba, Soccer, Softball, Southern Explosion (dance), Table Tennis, Tennis, Tae-Kwon-Do, Ultimate Frisbee, Volleyball, Water Ski, and Wrestling.

- **The Fitness and Wellness Program** promotes health and wellness in many ways. Group Fitness (GF) classes including Yoga, Pilates, traditional aerobic and resistance classes and assist participants in improving their cardiorespiratory fitness while also building strength and endurance. Lifestyle and Weight Management workshops provide education for a healthy lifestyle. Personal Training and Fitness Assessment services are available to assist in evaluating fitness levels and providing guidance to reach or maintain fitness and wellness goals. Massage Therapy is also available to aid in relaxation and stress relief.

- **Informal Recreation** allows participants to engage in a variety of unstructured recreation activities such as basketball, volleyball, racquetball, walking or jogging. CRI also offers items for check-out – free of charge! Some of these items include: hand wraps, boxing gloves, radios, racquetballs, racquets, basketballs, and heart rate monitors.

- **Intramural Sports** provide students, faculty, and staff the opportunity for competition and fun in a variety of team and individual sports activities. Divisions are available for men, women and co-rec teams in a variety of skill and competition levels. Participants can compete in a variety of sports including flag football, dodge ball, basketball, indoor/outdoor soccer, softball, golf, tennis, bowling, and sand volleyball.

- **Southern Adventures** is the university community’s resource for adventure programming. Southern Adventures provides guided backpacking, sea kayaking, canoeing, and cycling trips that range from weekend trips around the southeast to week-long in Hawaii and California. The equipment rental center provides all the gear needed for embarking on your own adventures. The challenge course is designed to provide exciting, experiential opportunities that focus on leadership, communication, self/group awareness and inter-personal skills. The climbing wall, located in the RAC, allows participants to experience the thrill of rock climbing indoors. Instructional clinics are offered throughout the year to learn kayaking, belaying, navigating and other hard skills for outdoor recreation enthusiasts.

- **Wellness Program** is focused upon enhancing staff, faculty and student wellness. It is a combination of existing, new and collaborative programming that addresses the seven dimensions of wellness (emotional, environmental, intellectual, occupational, physical, social, spiritual). Numerous wellness opportunities are offered, with Wellness Week, which includes the Live Well Fair and Seminar Series, being the major event.

Participation in CRI programs is completely voluntary. It is strongly recommended that all participants consult a physician and/or have a physical exam prior to participation. Participants are also urged to secure adequate personal medical coverage. Additional CRI program information can be found on our website at [http://www.georgiasouthern.edu/services/cri/](http://www.georgiasouthern.edu/services/cri/).

---

**The University Store**

Located between the Russell Union and the Landrum Center, The University Store helps prepare Georgia Southern students for the “Southern” experience. For the “spirited,” the latest styles of officially licensed Georgia Southern apparel and gift items are available. The University Store also sports a General Books
department that carries a variety of general books and “How-To” manuals.

Georgia Southern students can enjoy the convenience of one-stop shopping! The University Store is the establishment that has all of the required textbooks and support material that are needed for Georgia Southern classes. The Supplies department has an extensive selection of pens, pencils, notebooks, binders, art and engineering supplies, and much more.

The University Store also buys back textbooks from students every day (though most students wait until the week of finals to sell their books). If the book is required for a course the following semester, The University Store will pay up to 66%, unless the quota has already been met for that book. On the other hand, if the book has not been ordered by a professor, it may still be bought for a book wholesaler at up to 33% of the retail price. Visit our website at http://www.gsu.store.com to check the buyback price of your books.

For the convenience of shopping at home, The University Store can be reached on the Internet 24 hours a day, seven days a week at http://www.gsu.store.com.

**Student Organizations**

Part of each student’s education is the development of his or her talents outside of the classroom. Through offering a wide variety of activities and over 200 student organizations, Georgia Southern University promotes this growth. Current student organizations range from the Student Government Association to the honor and recognition societies, special interest groups, professional fraternities and departmental clubs, and religious groups.

The supervision and coordination of student activities and organizations are the responsibility of the Office of Student Activities. At Georgia Southern University, student activities and organizations are regarded as an integral part of the total educational program. To warrant existence and recognition, campus organizations must contribute to the academic, recreational or cultural climate of the university. Therefore, the university reserves the right to officially recognize each student organization and requires that it function in accordance with its constitution and/or purpose. Procedures for establishing new organizations can be found in the Guide to Chartering a Student Organization, available from the Office of Student Activities or at http://studentorg.georgiasouthern.edu/. Practices of the various student organizations shall not be contrary to stated policies of the university. All students and student organizations are responsible for their conduct and for familiarizing themselves with the standards and regulations of the university. For more information on student organizations contact the Office of Student Activities, (912) 478-7270.

**Student Government Association**

The Student Government Association is the central student organization on campus. Its five executive officers - President, Executive Vice President, Vice President for Academic Affairs, Vice President for Finance, and Vice President for Auxiliary Affairs - are elected each Spring Semester by the student body.

Student Government represents the student body in all phases of student life at Georgia Southern University and facilitates communication among the administration, the faculty, and the student body. Individuals or organizations desiring input into the total life of the campus should enlist the services of the officers and senators. For additional information, call the Student Government Association at (912) 478-0655 or access their website at http://studentorg.georgiasouthern.edu/sga/.

**Greek Life**

Greek Life is an active part of student life on campus. Approximately 11 percent of full time undergraduate students are members of 18 fraternities and 9 sororities. These organizations provide opportunities for members to develop and refine personal leadership skills, make new friends, participate in campus activities and athletics, contribute to local and national philanthropies, and improve their scholarship aptitude. For additional information, call the Office of Greek Life at (912) 478-5185 or access their website at http://students.georgiasouthern.edu/greeklife/.
The following information pertains to undergraduate students. Graduate students, please reference “The College of Graduate Studies” section regarding graduate academic information.

General and Academic Information

Calendar
The University is organized on the semester system with each of the two terms (Fall and Spring) in the regular session extending over a period of approximately 15 weeks. Summer term calendar information can be found at http://students.georgiasouthern.edu/registrar/.

Credit Hours
The semester hour is the unit of credit in any course. It represents a recitation period of one fifty-minute period per week for a term. A course meeting three fifty-minute periods per week or two seventy-five minute periods per week when completed satisfactorily will thus give credit for three semester hours. Two laboratory or activity periods are the equivalent of one recitation class period.

Classification
Students are classified at the beginning of each term on the following basis:

- Freshmen 0 - 29.99 hours earned
- Sophomores 30 - 59.99 hours earned
- Juniors 60 - 89.99 hours earned
- Seniors 90 or more hours earned

Course Load
A student’s course load is computed on the credit hour value of all courses taken for credit during the term whether taken on-campus, off-campus, or by correspondence. A normal load in a term is 15 to 18 hours. Twelve or more hours is considered a full-time load for undergraduate students. An advisor may approve an overload for 19-21 hours. The Dean of the College in which the student’s major is found may approve an overload for 22-23 hours. Under extraordinary circumstances, a student’s dean may recommend to the Provost that a student be allowed to take more than 23 hours, but never more than 25 hours. During the summer semester, an undergraduate student must receive approval from his/her advisor to enroll in more than 12 hours. Graduate students must receive advisor approval to enroll in more than 9 hours in the summer semester.

Registration Time Tickets and RANs
Undergraduate students are allowed to register on Georgia Southern University’s web system, WINGS (Web Interactive Network for Georgia Southern), each term by means of their time ticket. A “time ticket” gives a student beginning and ending dates and times for registration. Time tickets are assigned on the basis of total institution cumulative hours earned. Students may view their time ticket on WINGS by going through their MyGeorgiaSouthern account. A student’s time ticket on WINGS is found by first clicking on the “Student Services and Financial Aid” menu. After choosing this menu, the student will click on “Registration,” then click on “Check Your Registration Status.”

Before any student at Georgia Southern University registers for classes on WINGS, he/she must have a RAN (Registration Access Number). This number will be given to each student by the appropriate academic advisor during advisement each semester. Post Baccalauriate students who have declared a major will receive their RAN from their academic advisor. Any Post Baccalaurate student who has not declared a major (undeclared) will get their RAN from their MyGeorgiaSouthern account.

Auditing Courses
A student may audit a course by submitting a written request to the Registrar’s Office. Academic credit is not awarded for auditing a class. Students may not transfer from audit to credit status or from credit to audit status after the last day of Drop/Add. A grade of “V” (audit) is entered on the student’s record. The student will be responsible for all fees charged for the audited course.

Class Attendance
University policy requires all students to attend the first class meeting of all classes for which they are registered. Instructors are required to report attendance for all students registered in their classes. Students who do not attend the first class meeting of a course for which they are registered will be dropped from the course. This policy applies to all levels of courses and includes on campus, off campus, distance learning, two way interactive video, and internet (on-line) classes. It is the student’s responsibility to verify course drops and check that fees are adjusted. Students who have verifiable extenuating circumstances which prohibit them from attending the first day of classes must contact their instructor or complete the web form available at https://my.georgiasouthern.edu/ to avoid being dropped from the course. In lieu of contacting the instructor or completion of the web form, students may also call (912) 478-0735, or (912) 478-5152.

Students are expected to attend all classes. Each professor has the responsibility for setting specific policies concerning class attendance beyond the first class meeting, including whether they will accept excused absences and whether they will allow work missed to be made up. Professors should clearly state policies to each class and make clear what constitutes excessive absences. Departments may establish policies concerning class attendance provided there is unanimous agreement by faculty members within the department. The student is responsible for all material presented in class and for all announcements and assignments whether or not the student is in attendance. For Financial Aid reasons, attendance of all students will be officially verified before financial aid will be disbursed. Students who have been recorded as “Not attending” may not receive their financial aid and will be dropped from the class roster. Students may check their attendance status via WINGS.

The University does not issue an excuse to students for class absences. In case of absences as a result of illness, representation of the University in athletic and other activities, or special situations, instructors may be informed of reasons for absences, but these are not excuses.
It is the policy of the University to permit students, faculty, and staff to observe those holidays set aside by their chosen religious faith. The faculty should be sensitive to the observance of these holidays so that students who choose to observe these holidays are not seriously disadvantaged. It is the responsibility of those who wish to be absent to make arrangements in advance with their instructors.

Policy for Changing a Student’s Final Examination

A change in a student's final examination schedule will be approved only for emergency reasons, such as serious illness (a note from Health Services or family physician is required) or the death of an immediate family member (a letter or phone call from a parent, guardian, or physician is required). Letters and phone calls should be directed to the appropriate faculty member.

Final examination schedules will not normally be changed for any of the following reasons: wedding of the student, relative, or friend; part-time or full-time job or job interview; internship or field study; vacation; graduation of relative or friend; convenience of travel schedule; or only one final examination remaining at the end of the week. Exceptions to these guidelines can be made, but should be based on a very compelling case.

Using these guidelines, the student may submit a Request to Reschedule a Final Examination form to the instructor, who, with approval of the department chair, has authority to reschedule the final examination to a new time not conflicting with other regularly scheduled examinations or classes if he or she desires. Forms are available on the following website: http://academics.georgiasouthern.edu/provost/forms.html.

Policy for Changing a Student’s Final Examination if There is a Conflict

A conflict is defined as three exams in a calendar day or two exams at the same time. Conflict Periods are scheduled at the stated times in the semester exam schedule, which can be accessed at: http://students.georgiasouthern.edu/Registrar/. Go to the main menu and scroll down to the “Final Exam Schedule.” To resolve a conflict in which a student has two examinations scheduled for the same period, the instructor of the lower numbered course shall reschedule the exam to another time mutually agreed upon by the instructor and the student, or to one of the Conflict Periods.

To resolve a conflict in which a student has three examinations scheduled in one calendar day, the examination scheduled for the middle period shall be rescheduled to another time mutually agreed on by the instructor and the student, or to a Conflict Period on another day. It is incumbent upon the student to petition his/her professor no later than the last week of classes so that an alternative arrangement can reasonably be made. http://academics.georgiasouthern.edu/provost/forms.html.

Degree Evaluation

The Degree Evaluation is a degree audit advising tool available through WINGS that is used to help undergraduate students track courses toward their degree. The Degree Evaluation is an UNOFFICIAL evaluation of how courses may be used toward degree requirements. The Degree Evaluation is a guide that can be used by the student and/or advisor. Adjustments can be made to the evaluation by submitting the “Degree Evaluation Adjustment Form.” For additional information on Degree Evaluation and the Adjustment Form, please see “DEGREE EVALUATION” at http://students.georgiasouthern.edu/Registrar/.

Transient Students

Georgia Southern University students (with a 2.0 Georgia Southern institutional GPA) who wish to take course work at another institution and receive academic credit at the institution may do so if the following conditions are met:
1. Student is not on Academic Probation, Restricted Enrollment, Exclusion, or disciplinary dismissal (exclusion);
2. Student must complete a Transient Form (available in the Registrar’s Office or at http://students.georgiasouthern.edu/Registrar/) obtaining the approval of his/her advisor and the Registrar;
3. If the student is within the last 30 hours of graduation, the student must also obtain the written approval of his/her dean;
4. Students with learning support requirements must obtain permission from the Director of the Academic Success Center;
5. Students may be approved for transient status for only one term at a time;
6. Students must make a minimum grade of “C” to assure that the course will be accepted in transfer;
7. Students attending another institution as a transient student must request that an official transcript of course work (once the term is over) as a transient be sent to Georgia Southern University’s Office of the Registrar;
8. A student who takes his/her last work for a degree as a transient student during any graduation term may not be eligible for graduation that term;
9. A student must make application to the school he/she wishes to attend;

Note: Courses taken as a transient will not be calculated in the Georgia Southern University GPA. However, transient work may affect a student’s eligibility for graduation with honors.

Grading Systems

All institutions of the University System of Georgia shall be on a 4.0 grade point average system. The following grades are approved for use in institutions in the determination of the Grade Point Average:

**I** An incomplete grade (“I”) indicates that the student was doing satisfactory work but was unable to meet the full requirements of the course due to non-academic reasons. It is the student’s responsibility to contact the instructor to complete the remaining requirements of the course. The instructor assigning an “I” grade must submit justification for this grade to the Registrar’s Office. An “I” should be removed during the following term, but the instructor may allow the student up to one calendar year to remove the incomplete. The student must complete the requirements of the instructor who assigned the incomplete and should not re-register for the course. If the “I” is not satisfactorily removed by the end of the third term (one calendar year), it will be changed to an “F” by the Office of the Registrar. For HOPE scholarship recipients, “I” grades could affect HOPE eligibility status when the grade for the incomplete is eventually submitted to the Office of the Registrar. Students who had been awarded HOPE, but later became ineligible with the grade change, will have HOPE awards canceled until the next checkpoint, and will be responsible for the repayment of any HOPE funds received while not eligible.

**IP** This symbol indicates that credit has not been given in courses that require an “IP” continuation of work beyond the term for which the student signed up for the course. The use of this symbol is approved for dissertation and thesis hours and project courses. With the exception of Learning Support courses, this symbol cannot be used for other courses. This symbol cannot be substituted for an “I”.

**K** This symbol indicates that a student was given credit for the course by examination (e.g., College Level Examination Program (CLEP), Advanced Placement (AP), and Proficiency). See “Credit by Examination” in the Admissions section of the catalog.

**NR** This symbol indicates that a grade has not been reported for the course. The student should contact his/her instructor for the grade.

**S** This symbol indicates that credit has been given for completion of degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. Also, this symbol is used for mid-term grades for freshmen and indicates that performance at mid-term is equivalent to a “C” or better grade. An “S” is not included in the computation of the GPA.

**U** This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. Also, this symbol is used for mid-term grades for freshmen and indicates that performance at mid-term is equivalent to less than a “C” grade. A “U” is not included in the computation of the GPA.

**V** This symbol indicates that a student was given permission to audit the course.

**W** This symbol indicates that a student was permitted to withdraw without penalty. It is assigned when a student withdraws before the last day to drop without academic penalty. A “W” is not considered in computing the GPA. If a student withdraws from all classes after the last day to drop without academic penalty, it is recommended to the instructor that he or she assign a “W” if passing at the time of withdrawal.

**WF** If a student withdraws from all classes after the last day to drop without academic penalty, it is recommended to the instructor that he or she assign a “W” if passing at the time of withdrawal or a “WF” if the student is failing at that time. The grade is the prerogative of the instructor. The “WF” is computed as an “F”. If a grade of “W” or “WF” is not assigned by the instructor, the Registrar’s Office will enter a grade of “W” for the student.

**WM** A “WM” grade indicates that the student was called for active duty in the military and withdrew from all classes. See “Military Withdrawals” for further information.

**S/U Grading Option**

Students may select the S/U grading option under the following conditions:

1. Student must have earned 67 semester hours of credit prior to enrolling in any course for S/U grading;
2. Student must be in good academic standing;
3. Student must have declared a major;
4. S/U grading will be permitted only in courses being used to satisfy the free elective or minor requirements of the individual student’s degree program. A maximum of three hours will be allowed for any minor. The option applies only to undergraduate courses;
5. Student may not change from S/U grading status to letter grade status or vice versa after the last day of Drop/Add.

Under the S/U grading option, the course content and requirements are the same for S/U registrants as for regular registrants. The minimum performance for an “S” grade is equivalent to the minimum performance for the letter grade “D”.

A student electing the S/U grading option must obtain approval from the student’s advisor. The advisor giving such approval should submit a memo specifying this approval to the Registrar’s Office.

**Petition to Review/Change a Grade**

The evaluation of the quality of a student’s performance is the prerogative of the instructor. Nothing stated below is intended to place a limitation on this prerogative and the instructor will be involved in the review at each stage in the appeal process. All
grade appeals should be viewed as confidential matters between the student, the instructor, and the appropriate administrators.

If a student does not understand the reason for a grade, it is the student’s responsibility to consult the instructor of the course about the grade. If after such consultation the student does not agree with the basis on which the grade was assigned, the student may initiate an appeal according to the procedures given below. The burden of proof will rest with the student. There are four stages of appeal available to a student and they must be followed sequentially.

Stages Two through Four must be completed during the term immediately following the term in which the grade was assigned unless an extension is authorized by the Provost. At the completion of each stage of the appeal, the student is to be notified of the decision in writing.

**Procedures**

**Stage One:** An appeal must be initiated within fourteen working days after the first day of class of the term which immediately follows the term for which the grade is awarded. The student should petition the instructor in writing, giving salient reasons for the grade appeal. The student should retain a copy of the written appeal for personal records.

**Stage Two:** If the student is not satisfied after the review by the instructor, the student should consult the department chair and submit a copy of the written appeal. The department chair will attempt to resolve the grade appeal. The chair will meet with the instructor and may consult with other persons who have relevant information.

**Stage Three:** If all efforts to resolve the grade appeal at the departmental level are unsuccessful, the student may submit the written appeal to the dean of the appropriate college. The dean will examine the appeal and other pertinent materials submitted by the student. The dean will meet with the instructor and may also request from the instructor materials deemed relevant. In an attempt to resolve the grade appeal, the dean may interview the student, instructor, and others who may have pertinent information. If the dean determines the need for a review committee to examine the issue, the committee shall consist of:

- One faculty member from the department
- One faculty member from the college, but not from the department of the instructor
- One faculty member from another college
- Ex Officio: A staff member from Student Affairs and Enrollment Management recommended by the Vice President for Student Affairs and Enrollment Management

The committee, if appointed, will advise the dean regarding the grade under appeal. Whether the dean chooses to appoint a committee or not, the dean will render a final decision on the grade appeal at the college level.

**Stage Four:** If all efforts to resolve the grade appeal at the college level are unsuccessful, the student may submit the written appeal to the Provost. The Provost will examine the appeal and other pertinent materials submitted by the student. The Provost will meet with the instructor and also may request materials deemed relevant. In an attempt to resolve the grade appeal, the Provost may interview the student, instructor, and others who may have pertinent information.

If a committee was constituted at the college level, the Provost will review the process, the committee findings, and the decision of the dean and render a final University decision. If a committee was not appointed at the college level, the Provost has the option of appointing a review committee which will conform to the composition described in Stage Three. The committee, if appointed, will advise the Provost regarding the grade under appeal. Whether the Provost chooses to appoint a committee or not, the Provost will render a final University decision.

**Midterm Grades**

Georgia Southern faculty report to freshmen students (who have earned 29 hours or fewer) their progress in each of their classes prior to mid-term. By using this very important academic and retention tool, it is hoped that members of the University will be able to intervene earlier with students so that they may be successful in their courses.

Faculty members are asked to submit a progress grade of Satisfactory (S) or Unsatisfactory (U) for each freshman. A grade of “S” will indicate that the student is doing the equivalent of “C” or better work, while a grade of “U” will indicate that the student is doing less than “C” work. Progress may be determined by any and all means of evaluation (e.g., tests, quizzes, written assignments, class participation, attendance, or a combination). Faculty are able to submit progress grades through WINGS using a Progress Report Grade Roster, which lists only the freshmen enrolled in the class. Freshmen are able to view their progress grades in their WINGS student account as soon as the instructor enters the grade. (To view midterm grades, select “Student Services and Financial Aid.” Under “Student Records,” click “Mid-term Grades” to view the grades assigned for all courses.)

Freshmen who receive unsatisfactory progress grades are advised to seek the counsel of their instructor and advisor to determine a plan for intervention, which should help the students be successful in their classes. The intervention strategies may include workshops in the Academic Success Center, tutoring sessions, individual tutoring, enrollment in a tutorial class, assistance from the Student Disability Resource Center or Counseling Center, or dropping (withdrawing from) the course if that is deemed necessary. See "Dropping (Withdrawing From) a Course" section below.

**Grade Point Average (GPA)**

The grade point average is the grade point on all work for which the student is enrolled excluding remedial and institutional credit. It is obtainable by dividing the total number of grade points earned by the total number of semester hours attempted (GPA hours). The institutional GPA is based only on the course work done at Georgia Southern University and does not include transfer course work. To calculate your GPA, go to the Office of the Registrar website at http://students.georgiasouthern.edu/registrar/ and click on "Calculate Your Projected GPA".

The total institution GPA is used for determining a student’s academic standing. Also, undergraduate students must maintain a 2.0 total institution grade point average to be considered in good academic standing. An undergraduate student may repeat any course and the most recent grade becomes the official grade for the course even if the most recent grade is lower. In computing the total institution grade point average all grades will be used.
Students should be aware that all grades earned at Georgia Southern University will appear on the Georgia Southern transcript.

A GPA is computed for each level (undergraduate, masters, specialist, doctorate) of course work. For example, a student who has been enrolled as both an undergraduate and a masters student will have one GPA for all undergraduate course work and one GPA for masters course work.

**Withdrawing from a Course**

Withdrawing from a course after the last day of registration (Drop/Add) can be done by either submitting a withdrawal via WINGS or completing a withdrawal form and submitting it to the Registrar’s Office prior to midnight on the last day to withdraw without academic penalty (this date is published in the University Calendar for each semester). For assistance with withdrawing from a course, contact the Registrar’s Office in the Rosenwald Building. The office is open Monday-Friday from 8:00-5:00 p.m. Before withdrawing from a class, it is important that you speak with your instructor, academic advisor and financial aid counselor. While there can be good reasons for withdrawing from a course after drop/add is over, withdrawing is often not the best option for students. Your chances of success in the course may be better than you think. You should also know the consequences of withdrawing from a course for your degree program and financial aid. Again, contact your instructor, your academic advisor and your financial aid counselor before taking this step. Any student who registers for a course must either complete course requirements or officially withdraw before the last day to withdraw without academic penalty. An “F” will be assigned to any student who discontinues attending class without officially withdrawing from the course before the last day to withdraw without academic penalty. With the proper procedures followed by the student, a “W” grade will be issued for any course withdrawn from after the Drop/Add period but before the last day to withdraw without academic penalty. Fees will not be reduced if the course is withdrawn from after the Drop/Add dates.

**Withdrawal from School**

To discontinue enrollment prior to the first day of University classes, a student should complete and submit a Voluntary Cancellation Form. Any student who wishes to withdraw from school during the term must complete and submit an official Withdrawal Form. Both forms are available at [http://students.georgiasouthern.edu/registrar/](http://students.georgiasouthern.edu/registrar/). Failure to complete and submit an official Withdrawal Form will result in the assignment of failing grades in all courses for which the student registered. A withdrawal is not permitted after the last day of classes. Grades of “W” will be given for all courses if the withdrawal is before the last day to drop without academic penalty. If the withdrawal is completed after the last day to drop, instructors are given the option of assigning “W” or “WF” grades. A “WF” grade is calculated in the GPA as an “F” grade. Students will not be able to withdraw from all of their classes via WINGS. WINGS prevents students from withdrawing from their last course over the web.

**Medical Withdrawals**

A student may be administratively withdrawn from the University when it is determined by the Counseling Center that the student suffers from a physical, mental, emotional or psychological health condition which: (1) poses a significant danger or threat of physical harm to the student or to the person or property of others or (2) causes the student to interfere with the rights of other students or with the exercise of any proper activities or functions of the University or its personnel or (3) causes the student to be unable to meet institutional requirements for admission and continued enrollment, as defined in the Student Conduct Code and other publications of the University. Except in emergency situations, a student shall, upon request, be accorded an appropriate hearing prior to a final decision concerning his or her continued enrollment at the institution. Medical withdrawals are not permitted after the term is completed (last day of classes).

**Military Withdrawals**

A student who is called to active duty to serve in the military while attending courses at Georgia Southern University is eligible to receive a Military Withdrawal. Students receiving this type of withdrawal are withdrawn as of the first day of University classes for the term. A 100% refund is issued. The student will receive “WM” grades for all courses that he/she enrolled in during the semester. The “WM” grades that are assigned will not affect the student's GPA. To process this type of withdrawal, the student needs to contact the Office of the Dean of Students or go online and submit a “Withdrawal Form.” The student will need to provide this office with a copy of his/her orders stating the date and place of deployment assigned by the military.

**Petition to Drop a Specific Course (Without Penalty)**

In every case in which a student drops a course before the last day to drop without academic penalty, a “W” is assigned. No petition is involved. Simply complete a drop form through the Office of the Registrar or drop the course via WINGS. For a student to drop without penalty from individual courses after the last day to drop without academic penalty, the instructor must certify on the “Petition to Drop a Specific Course” form all four of the conditions below and recommend withdrawal:

1. All work was up-to-date as of the last day to drop without academic penalty.
2. The work was of passing quality at the last day to drop without academic penalty.
3. Attendance was satisfactory up to the last day to drop without academic penalty.
4. The factors justifying withdrawal are essentially non-academic and developed after the last day to drop without academic penalty.

The Department Chair also must recommend the drop. After conferring with the instructor and department chair, the student must submit the completed “Petition to Drop a Specific Course” form to the Dean of his/her college. The Dean will submit the petition to the Office of the Registrar. This form may only be obtained from the Office of the Registrar.

**Transcripts - Ordering via fax, mail, or web**

Former students as well as current students may fax a completed and signed, Transcript Request Form to (912) 478-1448 or mail to: Georgia Southern University, Office of the Registrar, P.O. Box 8092, Statesboro, GA 30460. Also, current or recently enrolled Georgia Southern students may order transcripts via the web at [https://www.my.georgiasouthern.edu](https://www.my.georgiasouthern.edu) in WINGS. Select
“Student Services and Financial Aid,” then “Student Records.” Complete the request form “Request Printed/Official Transcript.” **Telephone requests will not be honored.** One week must be allowed for processing a transcript request. There is no charge for transcript services. Students may print unofficial transcripts from their WINGS (Web Interactive Network for Georgia Southern) account by selecting “Student Services and Financial Aid” then “Student Records.” Go to “View Academic/Unofficial Transcript” to print your unofficial transcript.

**Academic Policies**

A student shall be considered in good academic standing unless he/she has been excluded from the University and not readmitted. A student whose total institution GPA falls below 2.0 will be subject to the policies listed below.

**Probation**

Probation serves as a notice that academic dismissal from the University will follow unless the quality of academic work improves and the terms of probation are satisfied. A student will be placed on probation at the end of any term in which the total institution cumulative GPA drops below 2.0. Probation status is noted on the student’s transcript. A student will be allowed to continue on probation a maximum of two successive terms of enrollment as long as he/she maintains a term GPA of 2.0 or better. Probation will be removed at the end of any term in which the total institution cumulative GPA reaches 2.0. If at the end of two successive terms of enrollment the total institution cumulative GPA has not reached 2.0, the student will be placed on Restricted Enrollment or Exclusion.

If a student returns to satisfactory status (2.0 or better total institution cumulative GPA) and later falls below again, the student will again have two successive terms to reach a total institution cumulative GPA of 2.0 as long as the term GPA is at least 2.0.

**Academic Intervention Policy**

Any student with fewer than 30 overall GPA hours and whose total institution cumulative GPA is 1.5 or below must meet the following conditions (This policy also applies to transfer students.):

1. Must enroll in no more than 13 hours until the total institution cumulative GPA is above 1.5. The typical load would be academic courses for 9 - 10 hours, GSU 1120 for 2 hours (see #2 below), and a physical activity course (KINS prefix) for 1 hour.

2. Must enroll in GSU 1120, “Methods of Learning”, unless the student has completed that course with a minimum grade of “C” prior to Spring 2002, or a grade of “S”. The GSU 1120 course is specifically designed to improve study skills and overall academic performance. Students who do not attend as required will receive a grade of “F”.

Exceptions to this policy must be approved by the Office of the Registrar. In addition to these requirements, students are strongly urged to have regular meetings with their advisors for periodic updates on academic progress, for consultation, and for referral to appropriate support services as needed.

While on Academic Intervention, a student may pre-register for a subsequent term without being subjected to the Academic Intervention Policy.

**Restricted Enrollment**

Restricted Enrollment only applies to a student who has not had a prior exclusion. Restricted Enrollment will occur in either of the following two conditions:

1. Failure to earn a term GPA of 2.0 or better while on probation or failure to remove probation status after two successive terms of enrollment.

2. When a student is enrolled in 9 or more hours of course work at the 1000 level or above, completes the term, receives grades other than “I” or “W”, fails to earn any credit for that term, and the total institution cumulative GPA is below 2.0.

A student on Restricted Enrollment will be subject to probation requirements with the probation counter starting over the first term on Restricted Enrollment. Therefore, if a student earns a term GPA below 2.0 while on Restricted Enrollment and the total institution cumulative GPA is below 2.0, or fails to earn a total institution cumulative GPA of at least 2.0 within two terms after placement on Restricted Enrollment, the student will be excluded.

The student should meet with his/her academic advisor to discuss ways to regain good standing.

**Exclusion**

Exclusion is an involuntary separation imposed upon a student who has previously been on Restricted Enrollment and who fails to meet the terms of Probation. Exclusion results when a student in this situation either fails to earn a term GPA of at least 2.0 or fails to clear Probation by the end of two consecutive terms of enrollment. You must earn at least a 2.0 GPA the first term on Probation to qualify for the second consecutive term. The purpose of Exclusion is to allow the student time to reflect on the jeopardy of his/her academic status. A first Exclusion is for one term. The summer term will be treated as any other term, including terms of involuntary separation. Any subsequent Exclusion is for one calendar year. A student who is readmitted after an Exclusion must enroll under the conditions of Probation. Academic Exclusion is noted on the student’s transcript. For a student with a previous Restricted Enrollment, Academic Exclusion will also result when a student is enrolled in 9 or more hours of course work at the 1000 level or above, completes the term, receives grades other than “I” or “W”, fails to earn any credit for that term, and the total institution cumulative GPA is below 2.0.

**Learning Support Dismissal**

1. A Learning Support student who is placed on dismissal for failure to exit the Learning Support Program will be excluded for three years. Any student in the exit-level course and still in only one area of Learning Support may appeal for one additional semester. If granted an appeal, the student may register for only the Learning Support course needed to complete his/her requirements. A student wishing to appeal should contact the Academic Success Center at (912) 478-5371. Appeals must be received in the Academic Success Center by noon the day before classes begin.

2. Alternately, a Learning Support student who is placed on dismissal for failure to exit Learning Support may apply for
readmission as a transfer student after satisfying Learning Support requirements and completing thirty hours of college-level work with a minimum GPA of 2.0.

**Readmission**
A student who has been placed on first Academic Exclusion may apply for readmission to Georgia Southern University after remaining out for one term. After a subsequent Exclusion, a student may apply for readmission after remaining out for one year. A former student application should be submitted to the Registrar’s Office for the term readmission is desired.

**Right of Appeal**
In all matters concerning Academic Exclusion, the student may appeal by writing to the Registrar and clearly stating the basis for an appeal. The appeal will be considered by the Academic Standards Committee. A student will be allowed no more than two approved appeals to the Academic Standards Committee and no more than one approved appeal to the student’s dean.

Appeal forms are available online at [http://students.georgiasouthern.edu/registrar](http://students.georgiasouthern.edu/registrar) and must be submitted electronically. Go to “Forms on Line,” scroll down to the readmission appeal form, complete the form, and submit the appeal. An appeal should be submitted as soon as possible but must be received in the Office of the Registrar prior to 4 p.m. three (3) working days before the first day of University classes for the term a student is seeking readmission to Georgia Southern University. Individuals failing to satisfy the deadline may submit their appeal for the following term.

**Requirements After Readmission**
Following any academic dismissal and a subsequent readmission on probation, failure to earn a term GPA of 2.0 or better, or failure to remove Probation by the end of two successive terms of enrollment will result in Academic Exclusion.

**Repeating Courses**
An undergraduate student may repeat any course and the most recent grade becomes the official grade for the course even if the most recent grade is lower. All grades will be used in computing the total institutional GPA. The total institution GPA will be used to determine academic standing and graduation GPA requirements.

**Attending Other Colleges and Universities**
The University cannot request another institution to accept a student during any period of ineligibility at Georgia Southern University. No transfer credit will be awarded for credits earned at another institution during any period of academic or disciplinary ineligibility.

**Academic Renewal Policy**
The Academic Renewal policy allows students who are enrolled in the University System of Georgia to have a fresh start if they have had academic difficulties in the past. The student must re-enroll at the same institution in which he/she experienced the problems and must not have attended any post-secondary institution for at least five calendar years prior to re-enrolling.

Former Learning Support students may not apply for Academic Renewal unless they had successfully completed all Learning Support requirements during their previous enrollment.

1. All previously attempted course work will continue to be recorded on the student’s official transcript. The student’s Regents’ GPA will include all credit courses taken excluding Learning Support courses. Any scholastic suspensions or exclusions that occurred in the past shall remain recorded on the student’s permanent record.
   a. Students must apply for Academic Renewal and Academic Renewal shall be granted upon application by the student. A student can be granted Academic Renewal status only once. Students should contact the Office of the Registrar to apply for Academic Renewal.
   b. An Academic Renewal GPA is begun when the student resumes taking course work following the five-year period of absence. A statement will be placed on the student’s transcript indicating the Academic Renewal status.
   c. The Academic Renewal GPA will be used for determining academic standing and eligibility for graduation. At least 50% of work toward a degree must be completed after the granting of Academic Renewal for a student to be eligible for honors at graduation.
   d. Academic credit for previously completed course work including transfer course work will be retained only for courses in which an “A”, “B”, “C”, or “S” grade has been earned. Retained grades are not calculated in the Academic Renewal GPA but are counted in the Academic Renewal Hours Earned.
   e. Retained hours earned prior to Academic Renewal may be used to satisfy Georgia Southern’s graduation residency requirement.

2. If a student does not request Academic Renewal status at the time of re-enrollment after a five year or greater period of absence from any post-secondary institution, the student may do so by the end of the second semester of re-enrollment or within one calendar year, whichever comes first. The Academic Renewal GPA begins with the first semester following re-enrollment.

3. Re-entry into any program is not automatic.

4. The granting of Academic Renewal does not supersede financial aid policies regarding Satisfactory Academic Progress.

5. The granting of Academic Renewal at Georgia Southern University will not supersede the admissions requirements of certain programs (e.g., teacher education, nursing) which require a specific minimum GPA based upon all course work.

6. United States and Georgia History and Constitution requirements met prior to the granting of Academic Renewal will remain on the student’s permanent record even though the courses may not count in the Academic Renewal GPA. Also, Regents’ Test scores prior to Academic Renewal will remain on the student’s record. Georgia Southern University will count all hours earned prior to Academic Renewal in regards to Regents’ review classes, College Preparatory Curriculum, and other Board of Regents’ Policy requirements.

7. Note for Students Granted Academic Renewal: The granting of Academic Renewal at Georgia Southern University will not supersede the admission requirements to graduate programs as set by the departments and the College of Graduate Studies.
**President’s List**
During any term, an undergraduate or post baccalaureate student carrying 12 or more GPA hours and making a term GPA of 4.0 will be placed on the President’s List. A President’s List Certificate will be awarded by the President.

**Dean’s List**
During any term, an undergraduate or post baccalaureate student carrying 12 or more GPA hours and making a term GPA of 3.5 - 3.9 will be placed on the Dean’s List. The Dean’s List Certificate will be awarded by the appropriate dean.

**Honors Day - Academic Awards**
Each year in April, the University honors outstanding students from all disciplines and areas of college life. The Honors Day Convocation highlights outstanding awards such as “University System Academic Recognition Award”, “The Alumni Association Scholarship Award”, Excellent Scholarship, selection to the Honor Society of Phi Kappa Phi and other honor societies, and Who’s Who Among Students in American Universities and Colleges. In addition, other students receive special awards from departments.

Election to membership in the national Honor Society of Phi Kappa Phi will be made on the basis of the following criteria:
1. A GPA of 3.5 or above with senior classification; 3.7 or above with junior classification;
2. Sound character;
3. Enrollment at Georgia Southern University for at least one year;
4. Juniors elected may not exceed one percent of candidates for graduation that year;
5. Seniors elected may not exceed ten percent of candidates for graduation that year;
6. Graduates elected may not exceed ten percent of students receiving graduate degrees that year.

To be honored for Excellent Scholarship, the student must have earned at Georgia Southern University a cumulative GPA of 3.5 or higher. The student must have completed at least 15 semester hours of resident degree credit at Georgia Southern University. This group will include currently enrolled undergraduate students, undergraduate students who have completed requirements for graduation, and baccalaureate students working toward a second degree. These students will be recognized by standing as a group on Honors Day. Seniors who have applied for graduation for the upcoming Spring commencement will receive a certificate for “Excellent Scholarship Graduating Senior with GPA 3.9 or Higher at Georgia Southern” and will be recognized on stage if they meet the following criteria:
- Spring prospective graduates must be enrolled in enough hours Spring semester to reach 60 Georgia Southern University hours at the end of Spring.
- Summer prospective graduates must be enrolled in enough hours Spring and Summer semesters to reach 60 Georgia Southern University hours at the end of Summer.
- Graduates must have a 3.9 GPA or higher at Georgia Southern.

Selections for Who’s Who Among Students in American Universities and Colleges will be made on the basis of the following criteria:
1. A cumulative GPA of 3.0 or above;
2. Campus and/or community leadership;
3. Campus and/or community service;
4. Junior or senior classification.

Any member of the faculty, staff, or student body may nominate candidates for Who’s Who Among Students in American Universities and Colleges. Final selections will be made by the Honors Committee from these nominations. These students will be recognized by standing as a group on Honors Day.

Selections for Special Awards will be made by the various organizations and departments in keeping with established criteria.

Any organization wishing to present a new award should make application through the Honors Committee. New awards to be presented on Honors Day must be submitted for approval by the Honors Committee before the beginning of the previous Fall semester. Criteria and information about the award can be sent to the Office of the Registrar and the coordinator of Honors Day will submit the information to the Honors Committee for review.

**Requirements for All Degrees**

**Area A - Essential Skills (9 Hours)**
**Area B - Institutional Options (4 Hours)**
**Area C - Humanities and Fine Arts (6 Hours)**
**Area D - Science, Mathematics, and Technology (11 Hours)**
**Area E - Social Science (12 Hours)**
**Area F - Courses Appropriate to Major (18 Hours)**

Additional Requirements - Health, Kinesiology, and First-Year Seminar (6 Hours)

Upper Division Requirements and Electives, to total a minimum of 126 semester hours.

**Definition of a Major**
A major program must include 21 semester hours or more of upper division (junior-senior level) courses in a field of study.

**Regents’ Testing Program**
The Regents’ Test is an examination that assesses the competency level in reading and writing of those students enrolled in undergraduate degree programs in University System institutions.

The following statement is policy of the Board of Regents of the University System of Georgia:
Each institution of the University System of Georgia will ensure the other institutions and the system as a whole that students obtaining a degree from the institution possess literacy competence.

The Regents’ Testing Program has been developed to attain this goal. The objectives of the Testing Program are:
1. to provide system wide information on the status of student competence in the areas of reading and writing; and
2. to provide a uniform means of identifying those students who fail to reach the minimum levels of competence in these areas.
Who Takes It:
You must take the test if any of the following conditions are met.
1. All regularly enrolled undergraduate students of Georgia Southern University;
2. Students whose native language is not English will take the test but will be tested separately and given more time (2 hours) on each component of the test under the guidelines of the International Students’ Policies;
3. Students with a documented disability will take the test under provisions approved by the Student Disability Resource Center;
4. All transfer students must take the test the first term of enrollment.

Exemptions:
Regents’ Reading
Students with SAT Reasoning Test Verbal (Critical Reading) scores of at least 510 or ACT Reading scores of at least 23 will be considered to have fulfilled the reading comprehension requirement of the Regents’ Test and do not need to take the reading portion of the Regents’ Test. Scores must be from a national administration of the SAT or ACT.

Regents’ Essay
Students scoring 560 or higher on the Writing section of the SAT Reasoning Test, students with College Board Advanced Placement (AP) English scores of at least 3, International Baccalaureate (IB) higher-level English scores of at least 4, or SAT Subject Test English Writing scores of at least 650 will be considered as having fulfilled the essay requirement of the Regents’ Test and do not need to take the essay portion of the Regents’ Test.

When:
Students must take both portions of the test their first semester of enrollment unless they meet one or more of the exemptions listed above. Those who do not take the test while enrolled in ENGL 1101 cannot enroll in ENGL 1102 until they have taken the Regents’ Test or satisfied the exemptions. Students are not required to pass the Regents’ exam prior to enrolling in ENGL 1102. Students who do not pass the test(s) must continue taking the test(s) each term until both sections are passed. Students who fail both sections of the test are required to re-take both sections at one testing. The Testing Office will register students for the test. The tests will appear as RRE 0001 (Reading and Essay), RE 0001 (Essay only), or RR 0001 (Reading only) on students’ schedules.

Regents’ Review Course(s)
Students who score a 50 or below on the Regents’ Reading Exam must enroll in the Regents’ Reading Review course the following semester regardless of the semester enrolled, effective Fall 2008. All other students who have not satisfied the exam within three (3) semesters of enrollment must take the Reading Review course each semester in attendance until both sections of the test have been passed, whether ENGL 1101 or 1102 has been completed. A student who has never tested or satisfied the requirement and has been enrolled three (3) semesters must also enroll in the Regents’ Reading Review course.

Students who score a low fail score on the Regents’ Essay Exam must enroll in the Regents’ Essay Review course the following semester regardless of the semester enrolled, effective Fall 2008. Students who have been enrolled three (3) semesters and who have not passed or taken the Regents’ Essay Exam must take a Regents’ Essay Review course each semester in attendance until the Essay portion is passed, whether English 1101 or 1102 has been completed, as well.

Each course carries two hours of institutional credit and will be considered a part of the student’s academic load. The student may not register for more than 18 hours Fall and Spring semesters including the review courses. Summer semester students may register for no more than 12 hours.

Transfer Students
All transfer students must take the test during their first term of enrollment. Those who have not passed the test before their third semester of enrollment are subject to the review course requirement if they have earned 45 or more hours. EXCEPTION: If a transfer student scores a 50 or below on the Regents’ Reading Exam and/or a low fail score on the Regents’ Essay, they will automatically have to enroll in the Regents’ Reading and/or Essay Review course(s) the following semester regardless of the semester enrolled, effective Fall 2008. Students who have not satisfied Regents’ Test requirements but have satisfied ENGL 1101 prior to entering Georgia Southern may be permitted to enroll in ENGL 1102 and will be registered for the Regents’ Test(s). Transfer students who have completed ENGL 1101 and/or 1102 still need to fulfill the Regents’ Exam either through the exemptions option on the left or by taking the exam.

Regents’ Reading Skills: RGTR 0198
This course will meet twice a week (two hours per class) for eight weeks immediately preceding the Regents’ Test date. Schedule may vary with the term.

Regents’ Writing Skills: RGTE 0199
This course will meet twice a week (two hours per class) for eight weeks immediately preceding the Regents’ Test date. Schedule may vary with the term.

Attendance Policy: A student must attend at least 75 percent of the classes and complete at least 75 percent of the assigned work in order to be eligible to take the Regents’ Test that same semester. Failure to attend at least 50% of the class sessions will result in the student being ineligible to enroll in the University for the subsequent semester.

Exceptions:
1. Students will not be allowed to take the test when they are in violation of Regents’ policies;
2. International students will be subject to the policies approved by the Faculty Senate. Exceptions to these policies will be dealt with by the Exceptions Committee.

Students who fail to meet the above requirements will be subject to this action: A student who is required to take review courses and who does not meet the attendance requirements of the course will not be allowed to take the Regents’ Test during the term in which the student is enrolled. Students who are required to enroll in review courses for the Regents’ Test and do not register for them before the first class meeting are in violation of Regents’ and Institution’s policy. Such students will be administratively withdrawn from the University.

Campus Review Procedure for the Essay Component
1. A student may request a formal review of his/her failure on the essay component of the test if that student’s essay received at least one passing score among the three scores awarded and if the student has passed ENGL 1101 and ENGL 1102.

2. The review procedure is as follows:
   a. The student gives a written request to the Testing Coordinator.
   b. The request must be received no later than one week after the last day of Drop/Add the following term.
   c. The Testing Coordinator will verify the validity of the review request and will notify the chair of the Writing and Linguistics Department. The Chair will appoint three members of the Writing and Linguistics faculty to review the essay. Action of the Writing and Linguistics Department Review Committee will be final. The review must be completed within one week of the request by the Department Chair.
   d. The Chair of the Writing and Linguistics Department will send the results of the committee’s findings to the Testing Coordinator, who will inform the student of the results.
   e. If the committee’s findings support the student, the Testing Coordinator will send the appeal to the Board of Regents’ office for action.

3. The results of the review by the Board of Regents Testing Office will be final. The student will be notified through the institution of the results. Action on the appeal is generally taken after mid-term and after the next administration of the Regents’ Test.

History and Constitution (U.S. and Georgia)

Requirements
Georgia law requires that each candidate for a degree or certificate demonstrate knowledge of the history and constitution of the United States and Georgia. These requirements may be met by passing examinations offered by the Testing Office (912) 478-5415. http://academics.georgiasouthern.edu/testing/legislative_exempti
on_exams.htm or by receiving a passing grade in certain courses.

The courses and the requirement(s) each course satisfies are as follows:
- POLS 1101/1101H satisfies Georgia Constitution and United States Constitution;
- HIST 2110/2110H satisfies Georgia History and United States History;
- POLS 3330 satisfies Georgia Constitution;
- HIST 4130 satisfies Georgia Constitution and Georgia History;
- BHON 2133 satisfies United States History, United States Constitution, Georgia History, and Georgia Constitution.

Equivalent courses taken at other institutions may not meet these requirements. If you took any of the equivalent courses listed above at an out of state college you will not have satisfied the Georgia History or the Georgia Constitution requirement. Information concerning preparation classes that will prepare you for the examinations offered by the Testing Office can be accessed at http://ceps.georgiasouthern.edu/conted/exam.html or you may call (912) 478-5555.

Students who graduate from high schools outside the United States are not subject to the CPC requirements. Students whose native language is not English and have graduated from a high school in the U. S. and who have not satisfied CPC in high school may take a proficiency exam in their native language and satisfy their CPC requirement if they are proficient at the Elementary II (1002) level of their language.

Foreign Language Requirements

BA Degree Requirements in Foreign Languages
BA degree students must complete through FORL 2002 (Intermediate II) course or its equivalent. Equivalence may be demonstrated by one of the following:
1. Secondary school background showing four (4) years or more of preparation in a single language;
2. Taking and passing a placement test which grants credit through the FORL 2002 course;
3. Written certification by the Department of Foreign Languages that the student’s residence abroad, family background, or other non-academic circumstance has provided the equivalent of Intermediate II proficiency.

Students who continue the language which they began in high school may do one of the following:
• Enroll in FORL 1001 or higher and complete the foreign language sequence through FORL 2002 (Intermediate II). Students who are admitted with three or more years of preparation in a single language may want to seek higher placement through testing or advisement.
• Take a placement test for credit for FORL 2001 (Intermediate I) and/or FORL 2002 (Intermediate II). Students who receive credit for FORL 2001 but not FORL 2002 may then enroll in FORL 2002.
• Enroll in one or more elementary foreign language course(s) (FORL 1001/1002) as well as the two Intermediate level courses (FORL 2001/FORL 2002). All Accelerated Elementary and Intermediate (FORL 1060 and FORL 2060) courses count toward graduation.

The four basic sequence courses (FORL 1001, FORL 1002, FORL 2001, and FORL 2002) will count toward graduation for BA degree students who take all four courses. The accelerated sequence (1060, 2060) allows students to complete the BA requirement in two semesters.

BS Degree Requirements in Foreign Languages
BS degree students whose courses specify a foreign language or allow for the option of a foreign language must complete through the FORL 2001 (Intermediate I) course or equivalent. Equivalence may be demonstrated by one of the following:
1. Secondary school background showing three (3) years or more of preparation in a single language;
2. Taking and passing a placement test which grants credit through the FORL 2001 course;
3. Written certification by the Department of Foreign Languages that the student’s residence abroad, family background, or other non-academic circumstance has provided the equivalent of Intermediate I proficiency.

Students who continue the language which they began in high school may do one of the following:
• Complete course work through FORL 2001 (Intermediate I).
• Take a placement test for credit for FORL 2001 (Intermediate I). Students who are admitted with three or more years of preparation in a single language may want to seek credit for FORL 2001 or higher placement through testing or advisement.
• Enroll in one or more elementary foreign language course(s) (FORL 1001/1002) as well as the Intermediate level course (FORL 2001). All Accelerated Elementary and Intermediate courses count toward graduation.

BS degree students who choose to start a language will take all three basic sequence courses (FORL 1001, FORL 1002, FORL 2001) and they will all count toward graduation.

NOTE: Intermediate I (FORL 2001) and Intermediate II (FORL 2002) may be taken concurrently with permission from the Foreign Language Department.

Graduation Requirements
Subject to the limitations and qualifications stated elsewhere in this catalog, the requirements for the baccalaureate degree are as follows:
• Undergraduate students should have their programs of study checked with their advisors at least three terms before anticipated completion of degree and submit an “Application for Graduation.” All degree seeking graduate students expecting to graduate must apply for graduation no later than the semester before degree requirements are expected to be completed.
• To have a degree awarded, the graduation fee must be paid and all other financial obligations or “holds” must be satisfied or removed before the end of the term that the student is planning to graduate.
• Students must earn at least 25 percent (30 semester hours) of their degree requirements in residence at Georgia Southern University. The last 30 semester hours of work must be earned at Georgia Southern University, unless an exception is made for the student to be a transient student at another institution. A student cannot complete requirements immediately following the term he/she is in attendance as a transient student at another institution unless an official transcript of transient credit is received by the Registrar prior to the end of the semester at Georgia Southern University.
• For the B.A. degree, a maximum of 30 semester hours of upper division course work in the major may be allowed to count toward the minimum of 126 hours required for graduation.
• For the B.S. degree, a maximum of 40 semester hours of upper division course work in the major may be allowed to count toward the minimum of 126 hours required for graduation.
• At least half of the courses required in the major must be taken at Georgia Southern University.
• At least nine semester hours of the fifteen required in the minor must be taken at Georgia Southern University.
• At least twelve semester hours of the eighteen required in the concentration must be taken at Georgia Southern University.
• A maximum of three semester hours may be taken under the S/U grading system within any minor.
• The total institution cumulative GPA of all courses (at least 126 semester hours) applying to the degree must be 2.0.
• A student must fulfill all major, minor and specific requirements prescribed for the degree and satisfy the legal requirements with regard to evidence of an understanding of the history and constitutions of Georgia and of the United States.
• A student must pass the Regents’ Test as required by the University System of Georgia (see Regents’ Testing Program). Satisfactory scores or exemptions will be evidence of competence and shall satisfy the requirement. This is a requirement for graduation.
• All students will be required to complete any current requirements beyond the catalog, such as legislative, certification and Board of Regents requirements.
• Advisors may recommend course substitutions in the major when deemed necessary by submitting the request for approval to their department chair. The substitution is then submitted to the Registrar who will review each request in
accordance with the Board of Regents and institutional policies.

- For students whose initial enrollment is Fall 1998 and after, GSU 1120-Methods of Learning will not apply to the degree.
- Credit for Military Science (MSci) Courses will appear on the student’s record. For students who are not pursuing a Military Science minor, four of these credit hours, either transfer or resident, may be applied toward the 126 hours required for a degree provided it meets with the approval of the appropriate advisor and department.
- A minimum grade of “C” is required in all Area A courses.
- A maximum of five physical activity courses may be applied to the 126 hours required for a degree.
- Students typically satisfy the requirements for graduation listed in the catalog when they initially enroll at Georgia Southern University. However, with the approval of their advisor, students enrolled Fall 1998 and after may elect to satisfy the graduation requirements specified in any of the catalogs in effect while they are enrolled. A change of major does not constitute a change of catalog for these students. If a major is changed after Fall 1998, students must satisfy semester major requirements. However, if a student has been out of school for ten or more calendar years and re-enters, the current catalog requirements (at time of re-entry) will apply. Any exceptions require the approval of the advisor, department chair, and dean.
- All outstanding “I” or “IP” grades must be cleared and all transcripts from other institutions must be received by the end of the term the student plans to graduate.
- Academic and financial obligations not met by the end of the term will result in the conferring of the degree the following term.

Second Majors
Students seeking a second major within the same degree program must complete the specific requirements for both majors. An application for the second major must be submitted to the Office of the Registrar. Both majors will be noted on the transcript.

Second Degrees
A student who has been awarded a baccalaureate degree, from Georgia Southern or another accredited institution, may be granted a second baccalaureate degree provided the following conditions have been fulfilled:

1. If the first degree is earned at Georgia Southern a student may seek a second undergraduate degree only if the degree is different from the first degree.
2. The student must satisfy all major requirements listed for the chosen program of study.
3. The student must complete the history and constitution requirements.
4. The student must take a minimum of 30 additional credit hours at Georgia Southern.
5. The student must earn at least 50% of the credits toward the major at Georgia Southern.
6. The requirement of a minor for the B.A. degrees will be waived, if the first degree content area is among the recognized minors at Georgia Southern as listed in the “Minors” section of the Georgia Southern catalog. If the student seeks a B.A. and has not already completed a major or minor recognized by Georgia Southern, the student would be required to complete a minor from the list of approved minors. The minor requirement is also waived for students who hold a B.G.S. from Georgia Southern and are seeking a B.A. degree.

Graduation With Honors
Honors are computed in the Registrar’s Office and all questions concerning honors should be directed to that office. There are three sets of criteria in effect, and the set that applies is determined by the student’s first date of attendance at Georgia Southern. Only baccalaureate degree candidates are eligible to graduate with honors. Students seeking graduate degrees are not eligible for graduation with honors. The following requirements must be met:

1. At least 60 hours of credit must be earned at Georgia Southern University. Hours enrolled Spring for May candidates will be computed to reach the 60 hours. Spring and Summer hours enrolled for Summer candidates who elect to participate in the May graduation will be computed to reach the 60 hours. Hours enrolled Fall for December candidates will be computed to reach the 60 hours. Attaining the required 60 hours will ensure that the candidate will be recognized as graduating with honors at the respective commencement ceremony.
2. To determine eligibility for recognition of graduation with honors at the ceremony, the student’s grade point average at the end of the term prior to the commencement ceremony will be used. After graduation and all final grades are recorded and all degree requirements are complete, honors are re-calculated and will be added to diplomas and transcripts if honors are achieved.
3. The first GPA criterion is that the minimum average for a particular level of honors must be earned on all undergraduate course work taken at Georgia Southern University.
4. The second GPA criterion is that the minimum average for a particular level of honors must be earned on all undergraduate course work attempted at all institutions attended.
5. In applying the two GPA criteria, the lower GPA will be used to assess the level of honors, if any.
6. The honors assigned and the scholastic records are:
   - Cum Laude 3.5 - 3.69
   - Magna Cum Laude 3.7 - 3.89
   - Summa Cum Laude 3.9 - 4.0
7. HONORS FOR SUBSEQUENT BACCALAUREATE DEGREES: In addition to the preceding, a third GPA criterion applies to students earning subsequent undergraduate degrees. The student must earn the minimum average for a particular level of honors on all course work taken between the most recent undergraduate degree and the current degree. The lowest of the three GPA calculations will be applied to assess the level of honors, if any.
8. HONORS FOR STUDENTS WHO SELECT ACADEMIC RENEWAL: Please refer to the policy regarding Academic Renewal.
Core Curriculum Course Requirements

AREA A - Essential Skills (9 Hours Total)
A minimum grade of “C” will be required in all Area A courses.

ENGL 1101 - Composition I (3)
ENGL 1102 - Composition II (Prerequisite ENGL 1101)

Select one math course from the following:

MATH 1101 - Introduction to Math Modeling (3) (Not a prerequisite for MATH 1112 or MATH 1113) *
MATH 1111 - College Algebra (3) **
MATH 1112 - Trigonometry (3) (Prerequisite MATH 1111 or equivalent academic background) *** †
MATH 1113 - Pre-Calculus (4) (Prerequisite MATH 1111 or equivalent academic background)

MATH 1441 - Calculus I with Lab (4) (Prerequisite MATH 1112 or 1113 or equivalent academic background)

* Satisfies Area A in CLASS, COBA, and some CHHS Programs.
** Credit earned for only one of these courses (MATH 1111 or MATH 1112) can count toward graduation.
*** Fulfills the MATH 1113 requirement for most students.
† Credit earned for only one of these courses (MATH 1112 or MATH 1113) can count toward graduation.

AREA B - Institutional Options (4 Hours Total)

HIST 1112 - World History II: Emergence of the Modern Global Community (3)
IDS 2210 - Turning Points and Connections (1) (Prerequisite HIST 1112)

AREA C - Humanities and Fine Arts (6 Hours Total)

Students may satisfy Area C by successfully completing requirements outlined below in Option 1 or Option 2.

(Option 1)
Select one literature course from the following:

ENGL 2111 - World Literature I (3) (Prerequisites ENGL 1101 and 1102)
ENGL 2112 - World Literature II (3) (Prerequisites ENGL 1101 and 1102)

Select one humanities/fine arts course from the following:

ART 1000 - Art in Life (3)
COMM 1110 - Principles of Public Speaking (3) (Prerequisite ENGL 1101)
FORL 1001 - Elementary I (3) *
FORL 1002 - Elementary II (3) *
FORL 2001 - Intermediate I (3) *
FORL 2002 - Intermediate II (3) *
FORL 1060 - Accelerated Elementary (3 of 6) (3 Hours to Area C) *
FORL 2060 - Accelerated Intermediate (3 of 6) (3 Hours to Area C) *
HUMN 2433 - Classicism (3)
HUMN 2434 - Myth in Arts and Humanities (3)
MUSC 1100 - Music Appreciation (3)
PHIL 1030 - Introduction to Philosophy (3)
RELS 2130 - Introduction to Religion (3)
THEA 1100 - Theatre Appreciation (3)

* FORL can be FREN, GRMN, JAPN, LATIN, SPAN, or YORU.

(Option 2)
Both of the following humanities courses:

HUMN 2321 - Humanities I (3) (Prerequisite ENGL 1101 or concurrent enrollment)
HUMN 2322 - Humanities II (3) (Prerequisites ENGL 1101 and HUMN 2321)

AREA D - Science, Mathematics, and Technology (11 Hours Total)

Select one course from Section I, one course from Section II, and Section III may be satisfied by selecting a course in any of the three sections. Only two courses in the same discipline may be chosen in Area D.

Section I - Traditional Laboratory Science Course (4 Hours)
Select one traditional laboratory science course from the following:

ASTR 1010 - Astronomy of the Solar System (3) and ASTR 1211 - Astronomy Lab (1)
ASTR 1020 - Stellar and Galactic Astronomy (3) and ASTR 1211 - Astronomy Lab (1)
BIOL 1130 - General Biology (3) and BIOL 1110 - General Biology Lab (1)
CHEM 1140 - Introduction to General and Organic Chemistry with Lab (4)
CHEM 1145 - Principles of Chemistry I with Lab (4)
GEOL 1121 - Introduction to the Earth (3) and GEOL 1110 - Earth Lab (1)
PHYS 1111 - Introduction to Physics I (3) (Prerequisite MATH 1112 or 1113) and PHYS 1113 - Physics Lab I (1)
PHYS 2211 - Principles of Physics I (3) (Prerequisite MATH 1441) and PHYS 1113 - Physics Lab I (1)

Section II - Mathematics (3 Hours)

Select one mathematics course from the following:

MATH 1112 - Calculus II (4)
MATH 1113 - Calculus III (4)
MATH 2211 - Linear Algebra (3)
MATH 2212 - Introduction to Probability (3)
MATH 2213 - Introduction to Statistics (3)

Section III - Allied Health, Physical Education, and Exercise Science (4 Hours)

Select one course from the following:

HEAL 1001 - Introduction to Health (3)
HEAL 2001 - Human Physiology (4)
HEAL 2002 - Human Anatomy (4)
HEAL 3001 - Exercise Physiology (3)
HEAL 3002 - Exercise Physiology Lab (1)
HEAL 3003 - Exercise Physiology II (3)
HEAL 3004 - Exercise Physiology Lab II (1)

Section IV - Allied Health, Physical Education, and Exercise Science (4 Hours)

Select one course from the following:

HEAL 1001 - Introduction to Health (3)
HEAL 2001 - Human Physiology (4)
HEAL 2002 - Human Anatomy (4)
HEAL 3001 - Exercise Physiology (3)
HEAL 3002 - Exercise Physiology Lab (1)
HEAL 3003 - Exercise Physiology II (3)
HEAL 3004 - Exercise Physiology Lab II (1)
Section II - Environmental Science with Lab (4 Hours)
Select one environmental science course with lab from the following:
- BIOL 1230 - Environmental Biology (3) and BIOL 1210 - Environmental Biology Lab (1)
- CHEM 1040 - Chemistry and the Environment with Lab (4)
- GEOL 1330 - Environmental Geology (3) and GEOL 1310 - Environmental Geology Lab (1)
- PHYS 1149 - Environmental Physics with Lab (4)

Section III - Mathematics, Science or Technology Elective (3 Hours minimum)
Select one mathematics, science or technology elective. Course can be chosen from either section I, II or III in Area D.
- ASTR 1000 - Introduction to the Universe (3)
- BIOL 1331 - Insects and People (3)
- BIOL 1333 - From Neuron to Brain (3)
- BIOL 1335 - Plants and Civilization (3)
- CHEM 1030 - Chemistry and Your World (3)
- CHEM 1146 - Principles of Chemistry II with Lab (4) (Prerequisite CHEM 1145)
- CISM 1110 - Computer Applications (1)
- CISM 1120 - Computer Concepts (2)
- CSCI 1230 - Introduction to BASIC Programming (3) (Prerequisite Math course)
- CSCI 1232 - Introduction to FORTRAN Programming (3) (Prerequisite Math course)
- GEOG 1111 - Climate and the Landscape (3) and GEOG 1110 - Climate and the Landscape Lab (1)
- GEOL 1122 - General Historical Geology with Lab (4) (Prerequisite GEOL 1121 with Lab)
- GEOL 1430 - Dinosaurs, Extinctions, and Disasters (3)
- GEOL 1530 - Principles of Oceanography (3)
- MATH 1112 - Trigonometry (3) (Prerequisite MATH 1111 or equivalent academic background)
- MATH 1113 - Pre-Calculus (4) (Prerequisite MATH 1111 or equivalent academic background)
- MATH 1232 - Survey of Calculus (3) (Prerequisite MATH 1101 or MATH 1111)
- MATH 1441 - Calculus I with Lab (4) (Prerequisite MATH 1112 or 1113 or equivalent academic background)
- MATH 2242 - Calculus II with Lab (4) (Prerequisite MATH 1441)
- MATH 2243 - Calculus III with Lab (4) (Prerequisite MATH 2242)
- PHYS 1112 - Introduction to Physics II (3) (Prerequisite PHYS 1111) and PHYS 1114 - Physics Lab II (1) (Prerequisite or concurrent enrollment of PHYS 2212 or 1112)
- PHYS 1135 - Physics: How Things Work (3)
- PHYS 2212 - Principles of Physics II (3) (Prerequisite PHYS 2211) and PHYS 1114 - Physics Lab II (1) (Prerequisite or concurrent enrollment of PHYS 2212 or 1112)
- STAT 2231 - Introduction to Statistics I (3) (Prerequisite MATH 1101 or MATH 1111)
- STAT 2232 - Introduction to Statistics II (3) (Prerequisite STAT 2231)
- TCGT 1530 - Science, Technology and the Environment (3)

AREA E - Social Science (12 Hours Total)
- ECON 2105 - Economics in a Global Society (3)
- HIST 2110 - The United States: A Comprehensive Survey (3)
- POLS 1101 - Introduction to American Government (3)
Select one social science elective course from the following:
- ANTH 1102 - Introduction to Anthropology (3)
- GEOG 1130 - World Regional Geography (3)
- PSYC 1101 - Introduction to Psychology (3)
- SOCI 1101 - Introduction to Sociology (3)

Additional Requirements (6 Hours Total)
- FYE 1220 - First Year Seminar (2)
- HLTH 1520 - Healthful Living (2)
- 2 Physical Activity Courses (2) (1 hour each)
University Programs and Courses
**GENERAL STUDIES**  
**B.G.S., 126 HOURS**

The Bachelor of General Studies (B.G.S.) program provides opportunities for non-traditional college students who are interested in combining a liberal arts background with some degree of specialization. It offers a solid core curriculum program along with the freedom to choose from a wide range of concentrations.

While the General Studies degree allows for study in several areas, it is organized to provide an academically sound program with carefully planned concentrations. The student who earns this degree will have achieved a broad-based education that meets high standards of learning.

*See Core Curriculum on page 63 for required courses in Area A through Area E.*

For the major, students may choose one of the following three options:

1. Three (3) concentrations of 18 hours each from the list of approved concentrations below;
2. Two (2) concentrations of 18 hours each from the list of approved concentrations below and one (1) Individual Emphasis of 18 hours;
3. Two (2) concentrations of 18 hours each from the list of approved concentrations below and one (1) 15-hour minor from the list of approved minors.

*Of the total number of hours for the major, 42 of the hours must be at the upper division level. The remaining hours to meet the required 126 total hours will be electives approved by advisor.*

### Approved Concentrations

- Africana Studies
- American Studies
- Asian Studies
- Business
- Communication Arts
- Culture and Society
- Education
- Electronic Broadcast Media
- European Studies
- French
- Geographic Information Science
- German
- Graphic Communications Management
- Humanities
- Individual Emphasis
- International Studies
- Latin American Studies
- Linguistics
- Religious Studies
- Southern Studies
- Spanish
- Technical Writing
- Visual Communications Design
- Women’s and Gender Studies

*Note: Please check with B.G.S. advisor for detailed information on Approved Concentrations.*

### Approved Minors

- Africana Studies
- American Studies
- Anthropology
- Art (History)
- Art (Studio)
- Biology
- Broadcasting
- Business
- Classical and Medieval Studies
- Chemistry
- Child and Family Development
- Communication Studies
- Community Health
- Comparative Literature
- Computer Science
- Economics
- English
- Exercise Science - Option 1: Exercise Behavior or Option 2: Coaching
- Fashion Merchandising and Apparel Design
- Film Studies
- Finance
- Fraud Examination
- French
- Geographic Information Science
- Geography
- Geology
- German
- Graphic Communications Management
- Health Behavior
- History
- Hotel and Restaurant Management
- Humanities
- Industrial Safety and Environmental Compliance
- Information Systems
- Information Systems
- Information Technology
- International Studies
- Irish Studies
- Japanese
- Japanese Studies
- Journalism
- Justice Studies
- Latin American Studies
- Linguistics
- Management
- Marketing
- Mathematics
- Military Science
- Music - Applied
- Music - History and Literature
- Music - Music Technology
- Nutrition and Food Science
- Philosophy
- Physics
- Political Science
- Psychology
- Public Relations
- Regional Economic Development
- Religious Studies
- Sociology
- Spanish
- Spanish for Business
- Sports Medicine
- Athletic Training
- Theatre
- Web Media
- Women’s and Gender Studies
- Writing

Mission
Georgia Southern University is committed to providing students with educational opportunities that offer an international perspective which recognizes the interdependence of nations, the plurality of cultures, the existence of political, economic, social and ecological concerns, and the urgent need for more effective methods of international and intercultural cooperation. Through the Center’s curricular and extra-curricular activities, Georgia Southern students develop international perspectives and an understanding of global issues and contemporary world cultures.

Objectives:
• To implement degree programs in International Studies and International Trade
• To enhance the international dimension in other degree programs through interdisciplinary minors, concentrations, and relevant international content courses
• To develop study abroad, exchange, and internship programs by establishing linkages with foreign institutions of higher education
• To provide services and programs for international students at the university
• To improve and expand foreign language instruction
• To organize faculty workshops designed to increase interaction among academic disciplines related to international studies
• To promote extracurricular programs aimed at increasing international awareness on the Georgia Southern campus, in the Statesboro community, and throughout Southeast Georgia
• To provide services to regional businesses and industries interested in conducting business in the global marketplace

Undergraduate Academic Programs

B.A. - International Studies
The B.A. in International Studies is a challenging major designed to provide an undergraduate, interdisciplinary social science background for careers both inside and outside the United States. The course work requires a student to choose one emphasis from the following:
• Modernization, Development, and Environment
• War and Peace Studies
• Society, Cultures, and Tradition

Students majoring in International Studies become highly proficient in understanding global affairs through a variety of means:
• The study of the culture, history, and political economy of regions outside the United States
• The acquisition of a high level of proficiency in a second language
• Direct experience of another culture by studying or working abroad

B.S. - International Trade
The B.S. in International Trade is a professional degree designed to provide an interdisciplinary business background for careers outside the United States or in international businesses and agencies within the U. S.

The degree will require completion of a prescribed course of study and an internship overseas or with a business or institution having an international component in the United States. The purpose of this internship is to immerse the student in the professional practice within the culture and in the language which has been studied for the required foreign language minor.

Minor in International Studies
The minor in International Studies provides an opportunity to develop an international perspective and to focus on those global issues that have significant meaning for and impact on today’s interdependent world. The minor complements many Georgia Southern degrees and increases the graduating student’s marketability. It consists of two required courses, Global Issues and Contemporary World Cultures, and three elective courses chosen from a list of approved courses.

Area Concentrations
The Undergraduate Concentrations in Africana Studies, Asian Studies, European Studies, and Latin American Studies allow students to supplement a disciplinary major with broad interdisciplinary exposure to one of these areas of study. Students pursue a focused curriculum that will provide a solid foundation for employment in African, Asian, European or Latin American related fields. A minor in Latin American Studies is also available.

Approved course listings for all degree-related services are available in the Center for International Studies.

Area Minors
Interdisciplinary minors with an international focus are available in Africana Studies, Irish Studies, Japanese Studies, and Latin American Studies. These minors can be combined with a variety of majors to add an international component to the degree.
**Significant International Content Courses**

Some B.S. degree programs allow for choice of completion of a foreign language at the 2001 (Intermediate I) level or the selection of a single course with significant international content.

The majors associated with these B.S. degrees are:

- Broadcasting
- Child and Family Development
- Fashion Merchandising and Apparel Design
- Hotel and Restaurant Management
- Interior Design
- Journalism
- Justice Studies
- Nutrition and Food Science
- Physics
- Public Relations
- Recreation
- Speech Communication
- Sport Management

Significant International Content courses are approved through the International Studies curriculum committee. They must be courses at the 2000 level or better which either carry no prerequisite or allow permission of the instructor for enrollment. The course selected must fall outside the major program of study and 1) exhibit a contemporary focus; 2) provide students with cross-cultural perspectives; and 3) focus on regional/area studies or global/international systems.

The following list of courses has been approved to fulfill the significant international content course requirement:

**Africana Studies**
- AAST 3230 - Introduction to Africana Studies (3)
- AAST/ART 3435 - African Art (3)
- AAST/INTS/HIST 3531 - History of Africa Since 1800 (3)
- AAST/GEOG 4330 - Geography of Africa South of the Sahara (3)

**Anthropology**
- ANTH 3331 - Cultural Anthropology (3)
- ANTH 4333 - Comparative Social Organization (3)
- ANTH 4431 - European Cultures (3)
- ANTH 4435 - Middle Eastern Cultures (3)
- ANTH/WGST 5331 - Gender and Anthropology (3)
- ANTH/AAST 5437 - Cultures of Africa (3)

**English**
- ENGL/COML 5536 - Post-Colonial Literature (3)

**Foreign Languages**
- YORU/AAST 3330 - Yoruba Culture and Civilization (3)

**Geography**
- GEOG 3230 - Economic Geography (3)
- GEOG 3530 - Cultural Geography (3)
- GEOG 4232 - Geography of Latin America (3)
- GEOG 4233 - Geography of Asia (3)
- GEOG/AAST 4330 - Geography of Africa South of the Sahara (3)
- GEOG 4430 - Geography of Europe (3)

**History**
- HIST/INTS 3338 - Contemporary Europe (3)
- HIST 3436 - The Holocaust (3)
- HIST/AAST/INTS 3531 - History of Africa Since 1800 (3)
- HIST/INTS 3532 - The Modern Middle East (3)
- HIST/INTS 3534 - Modern Southeast Asia (3)
- HIST/INTS/LAST 3538 - Modern Latin America (3)
- HIST 4335 - “Women Question” in Europe (3)
- HIST 4530 - Revolution and Revelation (3)
- HIST/INTS 5532 - Modern China (3)
- HIST/INTS 5533 - Economic Rivals: U.S. - E.C. - Japan (3)

**International Studies**
- INTS 2130 - Introduction to International Studies (3)
- INTS 3130 - Contemporary World Cultures (3)
- INTS/POLS 3239 - Human Rights International Relations (3)
- INTS/PRCA 3333 - International Public Relations (3)
- INTS/AAST/HIST 3531 - History of Africa Since 1800 (3)
- INTS/LAST/HIST 3538 - Modern Latin America (3)
- INTS/POLS 4137 - Industrializing Nations (3)
- INTS/POLS 4138 - International Terrorism (3)
- INTS 4630 - Seminar in International Studies (3)
- INTS/HIST 5532 - Modern China (3)

**Justice Studies**
- CRJU 4531 - Comparative World Criminal Justice Systems (3)

**Philosophy**
- PHIL/RELS 3131 - World Religions (3)

**Political Science**
- POLS/INTS 3132 - Asian Politics (3)
- POLS/LAST 3133 - Latin American Politics (3)
- POLS/INTS 3236 - International Relations (3)
- POLS/INTS 3239 - Human Rights in International Relations (3)
- POLS/AAST 3431 - African Politics (3)
- POLS 4134 - International Law and Diplomacy (3)
- POLS/INTS 4135 - International Organizations (3)
- POLS/INTS 4136 - Industrialized Nations (3)
- POLS/INTS 4137 - Industrializing Nations (3)
- POLS/INTS 4138 - International Terrorism (3)

**Public Relations**
- PRCA/INTS 3333 - International Public Relations (3)

**Recreation**
- RECR 3337 - International Tourism (3)

**Religion**
- RELS/PHIL 3131 - World Religions (3)

**Sports Management**
- SMGT 3237 - International Sport Management (3)
INTERNATIONAL STUDIES
B.A., 126 HOURS

See Core Curriculum on page 63 for required courses in Area A through Area E.

The Center for International Studies at Georgia Southern University offers a course of study designed to provide students with a basic knowledge of world affairs and how they affect American foreign and domestic policies. One of the main objectives of this program is to prepare students to cope realistically and intelligently with the changing world, a world which is becoming increasingly interdependent and in which vast new multiplications of cultural forces are emerging.

Area A - Essential Skills .................................................................................................................................................. 9
Hours
Area B - Institutional Options ............................................................................................................................................. 4 Hours Area C - Humanities and Fine Arts................................................................................................................................. 11 Hours Area D - Science, Mathematics, and Technology ............................................................................................................. 12 Hours Area F - Courses Appropriate to Major ....................................................................................................................... 18 Hours
Select 6-12 hours from the following:
- FORL 2002 - Intermediate Foreign Language II (0-6)
- STAT 2231 - Introduction to Statistics I (3)
- INTS 2130 - Introduction to International Studies (3)
- ANTH 1102 - Introduction to Anthropology (3)
- ECON 2106 - Business Economics (3)
- GEOG 1130 - World Regional Geography (3)
- HIST 1111 - World History I: Development of World Civilization (3)
- PHIL 1030 - Introduction to Philosophy (3)
- PSYC 1101 - Introduction to Psychology (3)
- RELS 2130 - Introduction to Religion (3)
- SOCI 1101 - Introduction to Sociology (3)
- STAT 2232 - Introduction to Statistics II (3)

Health and Physical Education Activities ......................................................................................................................... 4
Hours
- HLTH 1520 - Healthful Living (2)
- Physical Education Activities (2)

Orientation ................................................................................................................................................................................ 2
Hours
- FYE 1220 - First Year Seminar (2)

Specific Requirements ............................................................................................................................................................... 12
Hours
- INTS 3130 - Contemporary World Cultures (3)
- INTS 3230 - Global Issues (3)
- INTS 4630 - Seminar in International Studies (3)

Select one of the following:
- ANTH 5337 - Ethnographic Methods (3)
- HIST 2630 - Historical Methods (3)
- POLS 2130 - Scope and Methods in Political Science (3)
- POLS 3130 - Qualitative Research Methods (3)

Major ....................................................................................................................................................................................... 24
Hours
Students will take an additional twenty-four (24) hours within the major, choosing five courses from one of the three central themes under the Topical Emphases (list A) below. They must include one course each from two of the four world areas listed under (B) below. They will also include one course in the theory of the field (C), chosen in consultation with their advisor. A minimum grade of “C” must be made in every course of the International Studies major.

*(A) Topical Emphases (15 hours)
1. Modernization, Development, and Environment
2. War and Peace Studies
3. Society, Cultures, and Tradition

*(B) Area Emphases (6 Hours)
1. Asia
2. Africa
3. Latin America
4. Europe

(C) Theory (3 Hours)

Minor: Must be in a foreign language ................................................................................................................................................... 15
Hours

Electives or Internship ................................................................................................................................................................. 9
Hours

ADVICEMENT: Nancy W. Shumaker, Center for International Studies, P.O. Box 8106, (912) 478-0332.

*The list for Topical, Area, and Theory Emphases are available in the Center for International Studies in the Forest Drive Bldg.
# INTERNATIONAL TRADE  
**B.S., 126 HOURS**

- MKTG 4136 - International Marketing (3)

## International Studies Courses

- GEOG 3230 - Economic Geography (3)
- INTS 3130 - Contemporary World Cultures (3)
- INTS 3230 - Global Issues (3)
- POLS 3236 - Introduction to International Relations (3)

## Foreign Language

- Appropriate 3530 Foreign Language course (3)
- Four additional Foreign Language courses at the 3000 and 4000 level (12)

## Internship abroad with an international business using a foreign language on the job. Intensive study of language and culture in a total immersion environment

- ADVISEMENT: Nancy W. Shumaker, Center for International Studies, P.O. Box 8106, (912) 478-0332.

**Note:** A minimum grade of “C” must be made in every course of the International Trade major.
Additional Programs and Services

European Union Studies Certificate Program
The European Union Studies Certificate is offered by the University System of Georgia’s European Council. Students have the option of earning a certificate jointly conferred with the University of Munich in Germany. The certificate consists of a six course program of study which includes a mandatory course, Introduction to the European Union, four discipline-specific courses from three different disciplines and a capstone seminar for a total of 18 hours. The program is open to all academic majors and can be completed with a combination of courses offered at the home institution and web-based courses. The official certificate is awarded by the student’s home institution and is indicated on the transcript. A special notion of distinction for foreign language proficiency or honors thesis also can be added. For more information, contact:
Dr. Charles Crouch
History Department
Forest Drive Building, Room #1132
(912) 478-0547
E-mail: chascro@georgiasouthern.edu

Studies Abroad and Exchange Programs
Studying abroad provides students with a transcultural experience that has many major benefits: discovering the culture and institutions of other lands, facilitating the development of relevant career skills, making important connections with overseas professionals, and enhancing language skills. In addition, studying abroad contributes to personal maturity, a sense of independence, self-knowledge, and self confidence.

Georgia Southern University offers study abroad programs in a variety of disciplines. Each program is approved by the Office of the Provost and coordinated by the Study Abroad Office, Center for International Studies. Although program offerings differ year to year, Georgia Southern has sponsored programs to: Costa Rica (International Studies and Child and Family Development), Ecuador (Geography), Germany and the United Kingdom (Music), England (Education), India (Mountain Geography), Italy (Nutrition and Health Science), Mexico (Spanish and International Studies), Poland (Geography, EU Studies, and International Studies), and Spain (Spanish).

The Georgia Southern Center at Xalapa, Mexico:
Georgia Southern University has joined with the University of Veracruz to offer an exciting opportunity for students in Xalapa, the beautiful capital city of the Mexican State of Veracruz. The Center at Xalapa offers Spanish language classes as well as content area courses on Mexican culture and civilization. Semester studies (Fall or Spring) or year-long studies are available. Students register and pay fees at Georgia Southern to cover tuition and program costs.

The University System of Georgia Office of International Education coordinates many opportunities for students to study abroad while earning academic credit toward completion of degree requirements at their home campus. Over 200 summer and semester study abroad programs in more than 104 major fields of study are offered throughout the world.

The European Council of the University System is sponsoring study abroad programs to London; Paris, France; Schwäbisch Gmünd, Germany; Madrid, Spain; and St. Petersburg, Russia. A program in Montepulciano, Italy, is co-sponsored by Georgia Southern University, Kennesaw State University, and Georgia College and State University. These unique programs feature University System of Georgia faculty members who teach a variety of core and upper division courses at the overseas sites. Georgia Southern students may register on campus through the Study Abroad Programs Office, Center for International Studies.

The University System programs are open to all undergraduate students with a minimum cumulative GPA of 2.5; however, certain programs may require a higher GPA and completion of prerequisites. Graduate students are required to have a 3.0 GPA. HOPE currently pays for tuition for study abroad for students who are eligible. In addition, students in the University System of Georgia who receive financial aid may use it toward study abroad programs.

Exchange programs for Georgia Southern students are currently available at the Fachhochschule Ingolstadt in Germany, Roskilde University in Denmark, Keimyum University in South Korea, Nagoya University in Japan, Central China Normal (Huazhong) University in China, Wilfrid Laurier University and Mount Allison University in Canada, and the Universidad Veracruzana and Universidad de Sonora in Mexico. These programs allow students to pursue semester or year-long study of both major courses and classes in the language and culture of the host country.

Georgia Southern is also a member of ISEP, a world wide network that facilitates the exchange of students between 260 member institutions in the United States and 35 other countries. Students may pursue academic year or semester programs of study through the ISEP network. More information can be viewed at http://www.isep.org/.

The College of Education offers an International Study Opportunity in a partner school in the United Kingdom for eligible student teachers. This opportunity allows student teachers to gain a broader understanding of the interrelatedness of individuals, small groups, and society from a global perspective. Contact the Director of Field Experiences and Partnerships, Pat Parsons, pparsons@georgiasouthern.edu, (912) 478-5247 for more information.

For information on Georgia Southern University study abroad programs, on programs coordinated by the Office of International Education, and on numerous programs offered worldwide, contact:
Mr. Jeff Palis
Coordinator, Study Abroad
Forest Drive Bldg, Room #1323
Phone: (912) 478-1787
E-mail: jpalis@georgiasouthern.edu

International Student Programs and Services
The Center for International Studies assists international students’ needs and acclimates them to their new environment at Georgia Southern. There are approximately 250 international students and
scholars on F-1 and J-1 visas from over 80 countries at the university. The Center provides advisement and processes documents to help those individuals maintain their status with U.S. Customs and Immigration Services (U.S.C.I.S.).

In addition, the Center plans and coordinates programs which foster international understanding and cultural exchange both on campus and within the Statesboro community. Some of the programs offered are: weekly International Conversation Hours, International Week, the International Festival, the Global Ambassadors Program, the Cross-Cultural Friendship Program, and the International Extended Families Program. Day and overnight trips as well as socials and cookouts are offered throughout the year. Services provided include: orientation, English proficiency testing/placement, registration, and assistance with health insurance coverage, and advisement.

For more information about programs and services, please contact:

Forest Drive Building, Room #1322  
Phone: (912) 478-7435  
E-mail: intlstdy@georgiasouthern.edu

**English Language Program**

The English Language Program’s mission is to prepare non-native speakers for the academic environment by offering English as a second language course in the essential skill areas of oral communication and fluency, academic writing, intensive reading, English grammar, and U.S. culture. Please direct inquiries to:

English Language Program  
Forest Drive Building, Suite 1313, P.O. Box 8106  
Statesboro, GA 30460-8106, U.S.A.  
(912) 478-1379  
E-mail: elp@georgiasouthern.edu

**Course Offerings**

- ESL 0091A - Reading and Writing (2)
- ESL 0091B - Listening and Speaking (2)
- ESL 0091C - Grammar (2)
- ESL 0091D - Computer Assisted Language Learning (2)
- ESL 0091E - U.S. Culture (2)
- ESL 0092A - Reading and Writing (3)
- ESL 0092B - Listening and Speaking (3)
- ESL 0092C - Grammar (3)
- ESL 0092D - Computer Assisted Language Learning (2)
- ESL 0092E - U.S. Culture (3)

**The University Honors Program and 1906 Scholars**

The University Honors Program (UHP) provides a small college atmosphere in the context of a large comprehensive university. The program is designed to foster the development of a critical sense of inquiry, a spirit of creativity, a global perspective and an ethic of civic responsibility. A hallmark of the program is the emphasis on bringing ideas to life through undergraduate research, experiential learning and service-learning opportunities.

**University Honors Program Scholarships**

Approximately 150 new students are admitted to the program each year and students compete for (40) $1500 renewable University Honors Program scholarships. Furthermore, Georgia Southern University offers a variety of additional scholarships for incoming freshmen based on academic achievement, field of study or financial need.

**University Honors Program Benefits**

- Challenge honors courses taught by distinguished faculty
- Undergraduate research experience opportunities
- Priority registration for classes
- First year honors retreat
- Study abroad scholarships designated for honors students
- Honors community living option in Eagle Village
- Honors seal of distinction on diploma
- Leadership development opportunities
- Assistance in applying for nationally competitive scholarships and fellowships (e.g. Fulbright, Marshall, Rhodes, Rotary)

**1906 Scholars**

The 1906 Scholars are a select group of students that exist within the University Honors Program. Each fall, 15-18 freshmen are admitted as 1906 Scholars and these students participate in a series of interdisciplinary courses taught by some of the most celebrated faculty on campus. Weekly seminars and colloquia emphasize discussion and independent research as well as nurture creativity and the sharing of ideas among students and faculty.

**1906 Scholars Benefits**

- All benefits of the University Honors Program
- Full tuition scholarship including out-of-state fee waiver
- Academically rigorous interdisciplinary seminars and colloquia
- Annual seminar available only to the 1906 Scholars cohort
- Specially designed 1906 Scholars orientation program prior to the start of the fall semester

**Admission to the University Honors Program and 1906 Scholars**

Students interested in applying to the University Honors Program should possess a solid record of academic and co-curricular achievement as well as community involvement. Minimum requirements include:

- SAT score of 1200 or higher (math + critical reading) or ACT score of 27 or higher (composite)
- High school GPA of 3.5 or higher in college preparatory classes
- Personal interview is required for all University Honors Program scholarships

Students applying to be a 1906 Scholar should possess a superior record of academic and co-curricular achievement as well as community involvement. Minimum requirements include:

- SAT score of 1300 or higher (math + critical reading) or ACT score of 29 or higher (composite)
- High school GPA of 3.5 or higher in college preparatory classes
- Personal interview is required for all 1906 Scholars finalists

Georgia Southern University
Online Degrees

Center for Online Learning
The Center for Online Learning (COL) provides students and faculty with a single point of contact for information regarding online degree programs. Faculty support includes assistance with the development and management of strategies and technologies that support online delivery of courses (e.g., administration and support of the online learning management system, WebCT Vista, training and pedagogy, and the Online Course Design program).

Georgia Southern University offers the following fully online degree programs:

Graduate Programs
• Doctor of Nursing Practice
• Master of Education with a major in Accomplished Teaching
• Master of Education with a major in Instructional Technology
• Master of Education with a major in Teaching and Learning, track six: Instructional Improvement
• Master of Science with a major in Kinesiology, Coaching Education emphasis
• WebMBA-Master of Business Administration

Undergraduate Programs
• WebBSIT-Bachelor of Science in Information Technology

For more information, contact the Center for Online Learning at (912) 478-1361 or at (800) 679-6801, visit the website at http://online.georgiasouthern.edu/, or email to georgiasouthernonline@georgiasouthern.edu.

SOLO: Student Online Learning Orientation
The Center for Online Learning provides an online orientation program for students enrolled in online courses. This program features the following services:
• SORT - The Student Online Readiness Tool is a self-paced resource that enables students to determine if they are prepared for online coursework and helps students to understand what to expect from online courses.
• Using WebCT Vista - WebCT Vista is the software used to deliver online courses. This guide provides helpful tutorials, tips, and other resources for students.
• Campus Services - Nearly all services provided on campus can also be found and accessed online through this listing.
• Campus Policies - This list of policies helps students learn about Georgia Southern and what it means to be a contributing member of this community.
• Technology Primer - In addition to WebCT Vista, several other technologies are used in conjunction with online courses. This primer allows students to test their computers for readiness in accessing online courses.

For more information about SOLO, see http://academics.georgiasouthern.edu/col/solo/index.php.

First-Year Seminar
FYE 1220: First-Year Seminar
Students who enter the university with thirty or fewer hours enroll in FYE 1220: First-Year Seminar in their first semester at Georgia Southern. FYE 1220 is a thematic seminar designed to promote information literacy skills and support students' cognitive and affective integration into the University community. For more information, contact:
First-Year Experience
1001 Williams Center (912) 478-3939
http://academics.georgiasouthern.edu/fye/

Learning Skills Course
GSU 1120 Methods of Learning
Designed to promote academic success. Methods of Learning emphasizes opportunities for students to learn and apply strategies that lead to success in their academic courses, including interpreting, organizing, and synthesizing academic information in texts and lectures; identifying and assessing individual learning styles; setting and achieving academic goals; managing time effectively; taking comprehensive notes; and preparing for tests. This course is required of all freshmen with a total institution GPA of 1.5 or below unless they have already passed the course with a grade of “C” or “S”. Credit hours for this course can not be used toward graduation.

Learning Support
According to Board of Regents policies, “All non-traditional freshmen must be screened for placement in learning support courses using the COMPASS administered by a University System institution and must meet University System criteria for exemption or exit of learning support in reading, English, and mathematics. As an alternative, an institution may allow non-traditional freshmen who have within the past seven years posted SAT scores of at least 500 in both Verbal and Mathematics or ACT scores of at least 21 on both English and Mathematics to exempt the COMPASS placement test.”

The purpose of the Learning Support Program is to provide students who have been admitted with inadequate skills in reading, composition, and/or mathematics the opportunity to develop those skills to entry-level competency for regular freshman credit hours. If results of the placement tests reflect a need for assistance in developing academic skills of those who qualify for admission, students will be enrolled in a portion or in the entire Learning Support curriculum.

Learning Support courses carry institutional credit but not credit toward a degree. Except for Hope scholarship calculations, institutional credit is not used in computing grade point averages. If the diagnostic tests so indicate, a student may be allowed to enroll in one or more college-level courses for degree credit concurrently with Learning Support courses. The student’s first obligation, however, is to satisfy Learning Support requirements, and a student may not accumulate more than twenty (20) hours of degree-credit before completing Learning Support requirements.

Students’ progress will be assessed periodically, and they may move out of Learning Support courses at the end of any semester, provided satisfactory levels of proficiency have been reached. Students have a maximum of three semesters to exit an area of Learning Support (since the math area has two courses, students
have a maximum of two semesters in Math 0097). A Learning Support student who does not complete requirements for an area in three semesters (two semesters for Math 0097), will be placed on dismissal. Any student placed on dismissal for failure to exit Learning Support will be excluded for three years. Any student in the exit-level course and still in only one area of Learning Support may appeal for up to two additional attempts. A departmental appeal committee will individually evaluate the student and the decision will be based upon the student’s prior record and likelihood of success in completing requirements. If granted the additional course attempt, the student may take only the required learning support course unless the department approves additional course work. Alternately, a Learning Support student who is placed on dismissal for failure to exit Learning Support may apply for readmission as a transfer student after satisfying Learning Support requirements and completing thirty hours of college-level work with a minimum GPA of 2.0. A Learning Support student who enrolls at another institution before completing Learning Support requirements at Georgia Southern may apply for readmission as a transfer student after satisfying Learning Support requirements and completing thirty hours of college-level work with a minimum GPA of 2.0.

Students may carry a maximum of 15 hours (including any Learning Support courses) except in their third semester when they are limited to 12 hours.

Learning Support students will be assigned an advisor in the Academic Success Center and must see this advisor for drop/add and registration (even if the student has declared a major).

Students are not allowed to drop any required Learning Support classes. The only way a student can withdraw from a required Learning Support course is to withdraw from school.

Students who apply for or receive financial aid and who are enrolled as Learning Support students will receive the same consideration and awards as any other student.

Students who are not required to enroll in a Learning Support course may enroll on an audit basis only. They will be expected to participate in the course and take the tests, but they will not be subject to the Learning Support exit requirements.

See Course Descriptions for:
- READ 0099 A, B, C Academic Reading
- ENOL 0099 A, B, C Communication Skills
- MATH 0097 A, B Elementary Algebra
- MATH 0099 A, B, C Intermediate Algebra

Minors
Students in all baccalaureate programs who wish to do so may add a minor to their major programs of study from the following list of Minor Programs. The Bachelor of Arts (B.A.) degree programs require a minor. The courses to make up the minor should be planned with the major advisor, unless otherwise noted.

Minors and second minors may be declared as early as the freshmen year but should always be declared as soon as possible so that students have adequate time to plan the completion of their minors. Minors may be declared by completing a Minor/Concentration Declaration Form. A student changing their major may also declare or change a minor by completing the “Minors” section of the Change of Major Form.

Within the fifteen hours of course work presented for the required minor in the B.A. programs or the optional minor in any bachelor’s degree program, the student must have a minimum total institution GPA of 2.0, with no more than three hours of “D” work. A minimum of nine of the fifteen hours must be earned at Georgia Southern University.

A maximum of three hours may be taken under the S/U grading system within any minor.

Anthropology
Prerequisite:
- ANTH 1102 - Introduction to Anthropology (3) or equivalent

Minor Program:
- ANTH - Upper Division courses (15)

Art (History)
Prerequisites:
- ART 2531 - History of Art I (3)
- ART 2532 - History of Art II (3)

Minor Program:
- ART - Upper Division courses in Art History (15) (selected in consultation with an Art History Advisor)

Art (Studio)
Prerequisites:
- ART 1010 - Drawing I (3)
- ART 1020 - Two-Dimensional Design (3) OR ART 1030 - Three Dimensional Design (3) OR permission from the department chair

Minor Program:
- ART - Upper Division courses (15) (must have permission of the department chair)

Biology
NOTE: Biology Curriculum is currently under revision. Check with Advisor for updates.

Prerequisites:
- BIOL 1130 - General Biology (3) and BIOL 1110 - General Biology Lab (1) OR BIOL 2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology Lab I (1) and one chemistry course (6-8 hours) (Area D offerings accepted)

Minor Program:
- Lower Division courses (4 hours):
  - BIOL 2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1)
- Upper Division (11hours):
  - BIOL - Upper Division courses (3000 level or above) - at least one laboratory offering required (11 hours)

Additional Minor Requirements/Recommendations:
A Departmental Advisor must approve all course work.

Broadcasting
Prerequisites:
- 2.50 total institution GPA
- COMM 2332 - Introduction to Mass Communication (3)

Minor Program:
- BRCT 3331 - Audio Production (3)
- BRCT 3332 - Video Production (3)
Business

Minor Program:
ACCT 2030 - Survey of Accounting (3)
ECON 2105 - Economics in a Global Society (3)
Upper Division courses for which the prerequisites have been met (12)

Chemistry

Prerequisites:
CHEM 1145 - Principles of Chemistry I (4)
CHEM 1146 - Principles of Chemistry II (4)
CHEM 2031 - Introduction to Research Methods (3)

Minor Program:
The Chemistry Minor requires 15 hours above the 2100 level of which 9 hours must be upper division courses.
CHEM - One Upper Division course approved by a Chemistry Advisor (4)
The following courses may NOT be counted in the 15 hours for the minor:
CHEM 2542 - Nutritional Biochemistry (4)
CHEM 3610 - Junior Seminar (1)
CHEM 3790 - Teaching Internship in Chemistry (1-3)
CHEM 4611 - Senior Seminar (1)
CHEM 4790 - Chemistry Internship (1-4)

Child and Family Development

Minor Program:
CHFD 2134 - Family Development (3)
CHFD 2135 - Child Development (3)
Select three of the following:
CHFD 3132 - Prenatal and Infant Development (3)
CHFD 3134 - Child Development: Principles and Techniques (3)
CHFD 3135 - Middle Child and Adolescence (3)
CHFD 3136 - Families in Later Life (3)
CHFD 4130 - Administration of Programs: Children and Families (3)
CHFD 4134 - Family Life Education (3)
CHFD 4135 - Parenting: Family/Child Interaction (3)
CHFD 4136 - Assessment of Children and Families (3)
CHFD 4137 - Psychosocial Care of Children in Hospitals and Other Settings (3)

Additional Minor Requirements/Recommendations:
Consultation with a CHFD faculty member

Communication Studies

Prerequisites:
COMM 1100 - Introduction to Human Communication (3)
COMM 1110 - Principles of Public Speaking (3)

Minor Program:
COMM - Upper division courses (15)

Community Health

Minor Program:
HLTH 2130 - Foundations of Health Education (3)
HLTH 3133 - Health Promotion Program Planning (3)
HLTH 3230 - Community Health (3)
HLTH 3231 - Epidemiology and Vital Statistics (3)

Select one of the following:
HLTH 4230 - Maternal and Child Health (3)
HLTH 4231 - Health Aspects of Aging (3)
The Community Health Minor is open to any student interested in community health. Contact the Department of Health and Kinesiology, Room 2115, Hollis Building, (912) 478-0200 for information and advisement.

Computer Science

Minor Program:
CSCI 1301 - Programming Principles I (4)
CSCI 1302 - Programming Principles II (3)
CSCI 3230 - Data Structures (3)
CSCI 3232 - Systems Software (3)
Select one of the following Upper Division courses:
CSCI 5335 - Object Oriented Design (3)
CSCI 5432 - Database Systems (3)

Economics

The minor in economics is an excellent choice for students who want a basic understanding of economics to complement their major field of study.

Minor Program:
ECON 2106 - Business Economics (3)
ECON 3131 - Intermediate Macroeconomics (3)
ECON 3231 - Intermediate Microeconomics (3)
ECON - Two upper division economics courses (6)

English

Prerequisites:
ENGL 2131 - Introduction to Literary Studies (3) (Must be taken prior to or concurrent with all upper division courses.)

Minor Program:
ENGL - Upper Division (3000 or above) courses (15)

Exercise Science

Prerequisites: Prerequisites apply to Option 1 ONLY.
A minimum grade of "C" in:
KINS 2531 - Human Anatomy and Physiology I (3) and KINS 2511 - Human Anatomy and Physiology I Lab (1)
KINS 2532 - Human Anatomy and Physiology II (3) and KINS 2512 - Human Anatomy and Physiology II Lab (1)
PHYS 1111 - Introduction to Physics I (3) and PHYS 1113 - Physics Lab I (1)
PSYC 1101 - Introduction to Psychology (3)

Minor Program:
OPTION 1 - Exercise Behavior Emphasis Requirements:
KINS 3131 - Biophysical Foundations of Human Movement (3)
KINS 3132 - Foundations of Exercise and Sport Psychology (3)
KINS 3133 - Physiological Aspects of Exercise (3)
KINS 3134 - Biomechanical Analysis of Movement (3)
Select one of the following:
KINS 3230 - Motor Control, Coordination, and Skill (3)
KINS 4231 - Fitness Evaluation and Exercise Prescription (3)
OPTION 2 - Coaching Behavior Emphasis Requirements:
KINS 3430 - Principles of Coaching (3)
KINS 3431 - Psychology of Coaching (3)
KINS 4420 - Sport Conditioning Laboratory (2)
Minor Program:
KINS 4730 - Coaching Practicum (3)
Select two of the following:
  KINS 3426 - Coaching Baseball and Softball (2)
  KINS 3427 - Coaching Basketball (2)
  KINS 3428 - Coaching Football (2)
  KINS 3429 - Coaching Olympic Sports (2)
  KINS 4421 - Principles of Officiating (2)
The Exercise Science Minor is open to any student interested in exercise science. Students can choose between two emphases: exercise behavior or coaching behavior. Contact the Department of Health and Kinesiology, Room 2115, Hollis Building, (912) 478-0200 for information and advisement.

Fashion Merchandising and Apparel Design
Minor Program:
FMAD 1234 - Apparel I (3) OR FMAD 2230 - Social/Psychological Aspects of Clothing (3)
FMAD 3231 - Fashion Fundamentals (3)
FMAD 3234 - Textiles (3)
Select two of the following:
  FMAD 3232 - Principles of Merchandising (3)
  FMAD 3233 - Visual Merchandising (3)
  FMAD 3235 - History of Costume (3)
  FMAD 3236 - Apparel II (3)
  FMAD 4231 - Apparel Design Analysis I (3)
  FMAD 4232 - Apparel Design Analysis II (3)
  FMAD 4234 - Fashion Presentation and Promotion (3)
  FMAD 4235 - Computer Aided Design (3)
  FMAD 4236 - Fashion Study Tour (3)

Finance
Minor Program:
ACCT 2030 - Survey of Accounting (3) OR ACCT 2101 - Financial Accounting (3)
FINC 3131 - Principles of Corporate Finance (3)
FINC - Three electives for which the prerequisites are met (9)

The Finance minor is open to students who want a basic understanding of finance to complement their major fields of study. ACCT 2030 or ACCT 2101 should be satisfied before any upper division course is taken. Course selections should be approved by a faculty advisor.

French
Prerequisites:
FREN 1001 - Elementary French I (3) and FREN 1002 - Elementary French II (3), OR FREN 1060 - Accelerated Elementary French (6)
FREN 2001 - Intermediate French I (3) and FREN 2002 - Intermediate French II (3) or equivalent
Minor Program:
FREN - Upper Division courses (15) (Students must earn a minimum grade of "C" in each upper division course in French.)

Geographic Information Science
Minor Program: (Upper Division)
GEOG 3440 - Introduction to GIS and Cartography (4)
GEOG 4542 - Intermediate GIS (4)
GEOG 4543 - Advanced GIS: Spatial Analysis and Modeling (4)
Select one of the following:
GEOG 3741 - Remote Sensing (4)
GEOG 5091 - Applied GIS (4)

Geography
Prerequisites: (3-4 hours)
Select one of the following:
GEOG 1101 - Introduction to Human Geography (3)
GEOG 1111 - Climate and the Landscape (3) and GEOG 1110 - Climate and the Landscape Lab (1)
GEOG 1130 - World Regional Geography (3)
Minor Program:
GEOG - Upper Division courses (15) - (3000-level and above)

Geology
Prerequisites:
GEOL 1110 - Earth Lab (1)
GEOL 1121 - Introduction to the Earth (3)
Minor Program:
Select 8 hours from the following Upper Division courses:
  GEOL 3541 - Mineralogy (4) and GEOL 3542 - Petrology (4)
  GEOL 5141 - Paleontology (4) and GEOL 5142 - Stratigraphy and Sedimentation (4)
GEOL - Any combination of upper level classes that will total at least 7 hours (7)
Additional Minor Requirements/Recommendations:
Students are encouraged to take one of two basic course tracks, either the "hard rock" sequence or the "soft rock" sequence in order to develop strength in at least one area of the science.

German
Prerequisites:
GRMN 1001 - Elementary German I (3) and GRMN 1002 - Elementary German II (3), OR GRMN 1060 - Accelerated Elementary German (6)
GRMN 2001 - Intermediate German I (3) and GRMN 2002 - Intermediate German II (3) or equivalent
Minor Program:
GRMN - Upper division courses (15) (Students must earn a minimum grade of "C" in each upper division course in German.)

Graphic Communications Management
Prerequisite:
GCM 1131 - Graphic Communications Technology (3)
Minor Program: (No more than 11 hours at the 2000 and 2000 levels)
GCM 1321 - Desktop Publishing (2)
GCM 1411 - Desktop Publishing Lab (1)
GCM 2532 - Desktop Publishing II (3)
GCM 2512 - Desktop Publishing Lab II (1)
GCM - Approved Electives (8)
NOTE: Certain prerequisites are waived for students wishing to minor in Graphic Communications Management. Please contact the Graphic Communications Management minor advisor for specific requirements.

Health Behavior
Minor Program:
HLTH 2130 - Foundations of Health Education (3)
HLTH 3133 - Health Promotion Program Planning (3)
HLTH 3330 - Theories of Health Behavior Change (3)
HLTH 3331 - Stress Theory and Management in Health Promotion (3)
HLTH 4330 - Promotional Strategies for Health Programs (3)

The Health Behavior Minor is open to any student interested in health behavior. Contact the Department of Health and Kinesiology, Room 2115, Hollis Building, (912) 478-0200 for information and advisement.

History

Minor Program:
- HIST 1112 - World History II (3)
- HIST 2110 - U.S. History (3)
- HIST - History Courses (15)

Hotel and Restaurant Management

Prerequisite:
- Student must complete 42 semester credit hours

Minor Program:
- Lower Division Courses (0-3)
- Upper Division Courses (12-15)

Required Courses:
- HNRM 3333 - Introduction to Hospitality Operations (3)
- HNRM 3336 - Hotel Operations (3)

Select three of the following:
- HNRM 2334 - Hospitality Accounting and Finance (3)
- HNRM 3334 - Hospitality Facilities Layout and Design (3)
- HNRM 3337 - Marketing of Hospitality Services (3)
- HNRM 3338 - Human Resources Management for Hospitality (3)
- HNRM 4336 - Hospitality Issues and Perspectives (3)

Additional Minor Requirements/Recommendations:
- HNRM 3333 - Introduction to Hospitality Operations (3)
- will serve as a prerequisite for all other minor courses listed except the Hospitality Issues and Perspectives course (HNRM 4336) which requires HNRM 3336 - Hotel Operations (3) as an additional prerequisite.

Industrial Safety and Environmental Compliance

Prerequisite: (This course may be taken concurrently with the minor program courses below with permission of the program advisor.)
- TMFG 2131 - The Manufacturing Enterprise (3)

Minor Program:
- TMFG 3131 - Industrial Materials and Processes (3)
- TSEC 5331 - Occupational Safety (3)
- TSEC 5333 - Industrial Hygiene and Ergonomics (3)
- TSEC 5334 - Hazardous Waste Management (3)
- TSEC 5335 - System Safety in Manufacturing (3)

Information Systems

Minor Program:
- ACCT 2030 - Survey of Accounting (3) OR ACCT 2101 - Financial Accounting (3) and ACCT 2102 - Managerial Accounting (3)
- CISM 4130 - Management of Information Systems (3)
- CISM - Three electives for which the prerequisites are met (9)

Information Systems/Information Technology (IS/IT)

Prerequisites:
- CSCI 1236 - Introduction to Java Programming (3)
- IT 1130 - Introduction to IT (3)
- IT 1430 - Web Page Development (3)

Minor Program:
- CISM 2230 - Advanced Java (3)
- CISM 3135 - Systems Analysis and Design (3)
- CISM 4134 - Data Management (3)
- IT 3234 - Software Acquisition, Integration, and Implementation (3)

Select one of the following:
- CISM 3236 - Web Database Development (3)
- IT 3131 - Web Applications Design and Development (3)

Japanese

Minor Program:
Select five of the following:
- JAPN 3090 - Selected Topics (3)
- JAPN 3130 - Conversation (3)
- JAPN 3131 - Reading (3)
- JAPN 3230 - Modern Japanese Literature in Translation (3)
- JAPN 3330 - Cultural Patterns (3)
- JAPN 3331 - Culture for America (3)
- JAPN 3530 - Business Japanese (3)
- JAPN 4790 - Internship (3)
- JAPN 4890 - Directed Study (3)

Journalism

Prerequisites:
- JOUR 2331 - Introduction to Journalism (3)
- COMM 2332 - Introduction to Mass Communication (3)

Minor Program:
- JOUR 3331 - News Reporting and Writing (3)
- JOUR 3335 - Copy Editing (3)
- JOUR 3337 - Law and Ethics of Mass Communication (3)
- JOUR - Upper division elective (3)

Select one of the following:
- JOUR 4331 - History of Journalism (3)
- JOUR 4332 - Contemporary American Newspapers (3)

Justice Studies

Prerequisite:
- CRJU 1100 - Introduction to Criminal Justice (3)

Minor Program:
Select 15 hours from the following:
- CRJU - Upper Division courses (15) OR
- CRJU 2131 - Justice and Ethics (3) and CRJU - Upper Division courses (12)

Linguistics

Minor Program:
- LING/FORE/ANTH 3533 - Introduction to Language (3)

An additional 12 semester hours of courses with a significant Linguistics dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the Linguistics Minor.
Select 12 hours from the following courses approved for the
Linguistics Minor:
- FORL 3030 - Selected Topics in Foreign Language (1-3)
- FORL 4030 - Selected Topics in Foreign Language (1-3)
- LING 3030 - Selected Topics in Linguistics (3)
- LING 3031 - Phonology (3)
- LING 3032 - Syntax (3)
- LING/FO RL 3131 - Greek and Latin Vocabulary (3)
- LING 3337 - Language, Power, Politics (3)
- LING/AAST/AMST/ANTH 4133 - Gullah and Geechee Language and Culture (3)
- LING/COMS 4333 - General Semantics (3)
- LING/COMS 4335 - Linguistic Analysis (3)
- LING 5330 - History of the English Language (3)
- LING/COMM/ANTH 5530 - Sociolinguistics (3)

Management
Minor Program:
- ACCT 2030 - Survey of Accounting (3)
- MGMT 3130 - Management and Organizational Behavior (3)
- MGMT 3134 - Behavior in Organizations (3)
- MGMT 3334 - Human Resource Management (3)
- MGMT - One elective for which the prerequisites are met (3)

Marketing
Minor Program:
- ACCT 2030 - Survey of Accounting (3)
- MKTG 3131 - Principles of Marketing (3)
- MKTG - Three electives for which the prerequisites are met (9)

Mathematics
Prerequisites:
- MATH 1441 - Calculus I (4)
- MATH 2242 - Calculus II (4)
- MATH 2331 - Elementary Linear Algebra (3)

Minor Program:
- MATH 2332 - Mathematical Structures (3)
- MATH - Upper Division courses (12) (approved by an advisor of the Math B.S. degree programs)

Military Science
Minor Program:
- MSCI 3131 - Advanced Tactics and Applied Leadership I (3)
- MSCI 3132 - Advanced Tactics and Applied Leadership II (3)
- MSCI 4131 - Military Leadership and Management Seminar (3)
- MSCI 4132 - Transition to Lieutenant (3)
- Military History, Select one of the following:
  - HIST 3136 - US as a Global Power (3)
  - HIST 3230 - American Military History (3) - preferred
  - HIST 4531 - World War I (3)
  - HIST 5335 - World War II (3)

Music - Applied
Prerequisite:
- MUSC 1100 - Music Appreciation (3)

Minor Program:
- MUSC 1333 - Music Fundamentals I (3)
- MUSC 1334 - Music Fundamentals II (3)
- MUSA 3xxx - Applied Lessons (3 semesters) (6)
- MUSE 3xxx - Ensembles (3 semesters) (3)
- MUSE 1100 - Recital Attendance (2 semesters) (0)

Additional Minor Requirements/Recommendations:
Music - Applied Minors must be admitted by passing an audition in applied music. Students must be formally advised by a minor advisor and a minor must be declared prior to completing seven hours in the minor or registration for applied lessons. All credits earned in Principal Applied must be on a single instrument or in voice only. Students pursuing the music minor must enroll in the specified ensemble(s) appropriate to their Principal-Applied area. All minors must achieve equivalent of Level I proficiency in their applied area prior to completion of the minor.

Music - History and Literature
Prerequisite:
- MUSC 1100 - Music Appreciation (3)

Minor Program:
- MUSC 1333 - Music Fundamentals I (3)
- MUSC 1334 - Music Fundamentals II (3)
- MUSE 1100 - Recital Attendance (2 semesters) (0)
- Select 9 hours from the following:
  - MUSC 3131 - Music History I (3)
  - MUSC 3132 - Music History II (3)
  - MUSC 5234 - Opera History (3)
  - MUSC 5236 - Jazz History (3)
- MUSC xxxx - Upper division Music Literature Elective (3)

Additional Minor Requirements/Recommendations:
Students must be formally advised by a minor advisor and a minor must be declared prior to completing seven hours in the minor.

Music - Music Technology
Prerequisite:
- MUSC 1100 - Music Appreciation (3)

Minor Program:
- MUSC 1333 - Music Fundamentals I (3)
- MUSC 1334 - Music Fundamentals II (3)
- MUSC 1515 - Technology in Music (1)
- MUSC 5530 - Digital Audio Montage (3)
- MUSC 5531 - Advanced MIDI Sequencing (3)
- MUSC 5630 - Music, Technology, and Contemporary Culture (3)
- MUSE 1100 - Recital Attendance (2 semesters) (0)

Additional Minor Requirements/Recommendations:
Students must be formally advised by a minor advisor and a minor must be declared prior to completing seven hours in the minor.

Nutrition and Food Science
Minor Program:
- NTFS 2534 - Introductory Food Science (3)
- Select one of the following
  - NTFS 2530 - Nutrition and Health (3)
  - NTFS 2535 - Nutrition and Diet Therapy (3)
  - NTFS 3534 - Human Nutrition (3)
- Select three of the following
  - NTFS 3535 - Life Cycle Nutrition (3)
  - NTFS 3536 - Meal Management (3)
  - NTFS 3537 - Advanced Food Science (3)
  - NTFS 4535 - Community Nutrition (3)
  - NTFS 4539 - Issues and Trends in Food Science (3)
The Nutrition and Food Science Minor is open to any student interested in Nutrition and Food Science. Contact the Department of Health and Kinesiology, Room 2115, Hollix Building, (912) 478-0200 for information and advisement.

**Philosophy**

**Minor Program:**
Select 15 hours from the following courses:
- PHIL - Upper Division courses (15) **OR**
- PHIL 2232 - Critical Thinking (3) and PHIL - Upper Division courses (12)

**Physics**

**Prerequisites:** (8 hours)
- PHYS 1113 - Physics Lab I (1)
- PHYS 1114 - Physics Lab II (1)
Select one 6-hour sequence from the following:
- PHYS 1111 - Introduction to Physics I (3) and PHYS 1112 - Introduction to Physics II (3)
- PHYS 2211 - Principles of Physics I (3) and PHYS 2212 - Principles of Physics II (3)

**Minor Program:**
Select 15 hours from the following Upper Division courses:
(须 have approval of the physics advisor)
- PHYS 3131 - Optics (3)
- PHYS 3149 - Methods of Theoretical Physics (4)
- PHYS 3420 - Advanced Physics Laboratory (2) (must take twice)
- PHYS 3536 - Modern Physics I (3) and PHYS 3537 - Modern Physics II (3)
- PHYS 3538 - Physical Astronomy (3)
- PHYS 3539 - Introduction to Biophysics (3)
- PHYS 3542 - Analog Electronics (4)
- PHYS 3543 - Digital Electronics (4)
- PHYS 5130 - Sound Waves and Acoustics (4)
- PHYS 5134 - Principles of Laser (3)
- PHYS 5151 - Classical Mechanics (5)
- PHYS 5152 - Classical Electromagnetic Theory (5)
- PHYS 5230 - Quantum Optics (3)
- PHYS 5234 - Applications of Lasers (3)
- PHYS 5235 - Laser Technology (3)
- PHYS 5439 - Properties of Materials (3)
- PHYS 5530 - Thermal Physics (3)
- PHYS 5557 - Quantum Mechanics (5)
- PHYS 5715 - Laser Laboratory Techniques (1)

**Political Science**

**Prerequisites:**
- POLS 2101 - Introduction to Political Science (3)

**Minor Program:**
- POLS - Upper Division courses (15) *(Planned with major advisor)*

**Psychology**

**Prerequisites:**
- PSYC 1101 - Introduction to Psychology (3)

**Minor Program:**
- PSYC - Upper Division courses (15) *(Must take one each from Groups I, II, and III as defined under the B.A. and B.S. psychology major requirements plus any two additional upper division psychology courses as approved by the major advisor.)*

**Public Relations**

**Prerequisites:**
- COMM 2332 - Introduction to Mass Communication (3)
- JOUR 2331 - Introduction to Journalism (3)

**Minor Program:**
- PRCA 2330 - Introduction to Public Relations (3)
- PRCA 3330 - Public Relations Writing (3) **OR** JOUR 3331 - News Reporting and Writing (3)
- PRCA - Upper Division electives with appropriate prerequisites (6) *(Upper Division electives cannot include internship courses)*

**Sociology**

**Prerequisite:**
- SOCI 1101 - Introduction to Sociology (3)

**Minor Program:**
Select 15 hours of upper division Sociology courses with at least two courses from the following:
- SOCI 3333 - Deviant Behavior (3)
- SOCI 3336 - Social Problems (3)
- SOCI 4332 - Sociology of Gender (3)
- SOCI 4335 - Self and Society (3)
- SOCI 4431 - Inequality (3)
- SOCI 5132 - Sociology of Community (3)
- SOCI 5133 - Sociology of Religion (3)
- SOCI 5138 - Sociology of the Family (3)
- SOCI 5333 - Race and Ethnicity (3)

**Spanish**

**Prerequisites:**
Select 6 hours from the following:
- SPAN 1001 - Elementary Spanish I (3) and SPAN 1002 - Elementary Spanish II (3)
- SPAN 1060 - Accelerated Elementary Spanish (6)

Select 6 hours from the following:
- SPAN 2001 - Intermediate Spanish I (3) and SPAN 2002 - Intermediate Spanish II (3)
- SPAN 2060 - Accelerated Intermediate Spanish (6)

**Minor Program:**
- SPAN 3130 - Conversation (3)
- SPAN 3131 - Grammar and Composition (3)
- SPAN 3230 - Approach to Hispanic Literature (3)

Select two of the following:
- SPAN 3030 - Selected Topics (3)
- SPAN 3195 - Studies Abroad: Language (3)
- SPAN 3295 - Studies Abroad: Literature (3)
- SPAN 3395 - Studies Abroad: Culture (3)
- SPAN 3530 - Introduction to Spanish for Business (3)
- SPAN 4130 - Advanced and Applied Conversation (3)
- SPAN 4131 - Stylistics (3)
- SPAN 4231 - Introduction to Spanish American Literature I (3)
- SPAN 4232 - Introduction to Spanish American Literature II (3)
- SPAN 4233 - Peninsular Literature I (3)
- SPAN 4234 - Peninsular Literature II (3)
- SPAN 4195 - Studies Abroad: Advanced Language (3)
- SPAN 4295 - Studies Abroad: Advanced Literature (3)
- SPAN 4334 - Peninsular Culture and Civilization (3)
- SPAN 4335 - Spanish American Culture and Civilization
- SPAN 4395 - Studies Abroad: Advanced Civilization (3)
- SPAN 5030 - Selected Topics in Spanish (3)
Students must earn a minimum grade of “C” in each upper division course in Spanish.

**Spanish for Business**  
*Minor Program:*  
- SPAN 3130 - Conversation (3)  
- SPAN 3131 - Composition and Grammar (3)  
- SPAN 3530 - Introduction to Spanish for Business (3)  
- SPAN 4530 - Spanish for Business Advanced I (3)  
- SPAN 4532 - Translation and Interpretation (3)  
- SPAN 4533 - Business Through Literature (3) *(May be substituted for either SPAN 4530 or SPAN 4532)*

**Sports Medicine - Athletic Training**  
*Prerequisites:* *(Must earn a minimum grade of “C”)*  
- KINS 2531 - Human Anatomy and Physiology I (3)  
- KINS 2511 - Human Anatomy and Physiology I Lab (1)  
- KINS 2532 - Human Anatomy and Physiology II (3)  
- KINS 2512 - Human Anatomy and Physiology II Lab (1)  
- PHYS 1111 - Introduction to Physics I (3)  
- PHYS 1113 - Introduction to Physics I Lab (1)  
- PHYS 1112 - Introduction to Physics II (3)  
- PHYS 1114 - Introduction to Physics II Lab (1)  
*Minor Program:*  
- KINS 3330 - Prevention of Injury and Illness in Sports Medicine (3)  
- KINS 3331 - Pathology and Care of Sport Injury and Illness (3)  
- KINS 4330 - Evaluation of Lower Extremity Injuries (3)  
- KINS 4331 - Evaluation of Upper Extremity Injuries (3)  
Select one from the following:  
- KINS 4332 - Therapeutic Modalities in Sports Medicine (3)  
- KINS 4333 - Therapeutic Exercise and Rehabilitation (3)  
*The Sports Medicine - Athletic Training Minor is open to any student interested in sports medicine. Contact the Department of Health and Kinesiology, Room 2115, Hollis Building, (912) 478-0280 for information and advice.*

**Theatre**  
*Prerequisites:*  
- THEA 1100 - Theatre Appreciation (3)  
*Minor Program:*  
- THEA 2333 - Fundamentals of Acting (3) *OR* THEA 2332 - Stagecraft (3)  
- THEA - Upper Division courses (12)

**Writing**  
*Minor Program:*  
- Select five Upper Division Writing and Linguistics courses (15)

**Interdisciplinary Minors**  
Minors are available in seventeen interdisciplinary areas, each of which is coordinated by a committee of faculty from the disciplines involved. A student who minors in one of these areas typically will major in one of the disciplines whose courses are listed in the minor. Otherwise, the student must secure the approval of the committee. Approval also is required for the group of courses selected to comprise the minor.

**Guidelines for Interdisciplinary Minors**  
The interdisciplinary minor offers an opportunity to elect courses focused on a given area of study from more than one discipline. As with single discipline minors, the interdisciplinary minor is distinct from the major program of study.

The following guidelines apply to all interdisciplinary minors:  
1. A minor must contain 15 semester hours of coursework with at least 12 upper division hours. Typically, courses taken for the minor shall be in at least two disciplines other than the major. A minimum of nine of the fifteen hours must be earned at Georgia Southern University.  
2. While courses taken to satisfy Core Areas A through E may not be used to satisfy coursework in the minor, courses listed in Area F may be counted as coursework in the minor.  
3. A student has the option of taking one authorized lower division course and one upper division course crosslisted with the student’s major to fulfill minor requirements.  
4. The chairperson of the minor program must approve the courses selected for the minor.  
5. Students should declare the minor by the beginning of the junior year and advise the chairperson of the minor program of that decision.

**Africana Studies Minor**  
*Department: Center for Africana Studies*  
*Contact: Dr. Saba Jallow, Director, Center for Africana Studies, Forest Drive Building, Room 1116, (912) 478-5387*  
*Minor Program:*  
- AAST 3230 - Introduction to Africana Studies (3)  
- AAST 4630 - Seminar in Africana Studies (3)  
*An additional 9 semester hours of courses with a significant Africana dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the Director of the Africana Studies Minor.*

Select 9 hours from the following courses approved for the Africana Minor:  
- AAST 3030 - Selected Topics in Africana Studies (1-3)  
- AAST/HIST/AMST 3130 - African American History to 1877 (3)  
- AAST/HIST/AMST 3131 - African American History Since 1877 (3)  
- AAST/HIST/AMST 3133 - African American History Since 1877 (3)  
- AAST 3230 - Introduction to Africana Studies (3)  
- AAST/ENGL/AMST 3231 - Survey of African American Literature (3)  
- AAST/POLS/AMST 3237 - African American Politics (3)  
- AAST/YORU 3330 - Yoruba Culture and Civilization (3)  
- AAST/THEA/AMST 3332 - African American Theatre (3)  
- AAST/FREN 3336 - Francophone Cultures of Africa and Caribbean (3)  
- AAST/POLS 3431 - African Politics (3)  
- AAST/ART 3435 - African Art and Culture (3)  
- AAST/ART 3436 - African American Art (3)  
- AAST/HIST/INTS 3530 - History of Africa to 1800 (3)  
- AAST/HIST/INTS 3531 - History of Africa Since 1800 (3)  
- AAST/AMST/ANTH/LING 4133 - Gullah and Geechee Language and Culture (3)
American Studies Minor
Department: Communication Arts
Contacts: Dr. Bradley Edwards, Literature and Philosophy
Department, Newton Building, (912) 478-5909 and Dr. Donald Rakestraw, History Department, Forest Drive Building, (912) 478-0252

Minor Program:
AMST 3033 - Introduction to American Studies (3)
AMST 4033 - Seminar in American Studies (3)

An additional 9 semester hours of courses with significant American Studies dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by one of the directors of the American Studies Minor.

Select 9 hours from the following courses approved for the American Studies Minor:
AMST/AAST/HIST 3130 - African American History to 1877 (3)
AMST/AAST 3131 - African American History Since 1877 (3)
AMST/ENGL 3132 - American Literature II (3)
AMST/HIST 3133 - United States Constitutional History (3)
AMST/HIST 3134 - American Economic History (3)
AMST/WGST/HIST 3137 - History of Women in the US (3)
AMST/HIST 3230 - American Military History (3)
AMST/AAST/ENGL 3231 - Survey of African American Literature (3)
AMST/AAST/POLS 3237 - African American Politics (3)
AMST/ENGL 3238 - The American Dream (3)
AMST/FILM 3331 - History of American Film (3)
AMST/AAST/THEA 3332 - African American Theatre (3)
AMST/SOCI 3336 - Social Problems (3)
AMST/SOCI 3337 - Urban Sociology (3)
AMST/PHIL 3430 - American Philosophy (3)
AMST/ART 3437 - American Art (3)
AMST/POLS 4130 - American Political Thought (3)
AMST/HIST 4131 - American Biography (3)
AMST/HIST 4132 - Recent America: US Since 1945 (3)

Classical and Medieval Studies Minor
Department: History
Contact: Timothy Teeter, History Department, Forest Drive Building, (912) 478-0239

Minor Program:
HIST 1111 - World History I (3)
Any 3000 or 4000 level Latin course (3)
Select at least four of the following courses:
ART 2531 - Art History I (3)
ART 3530 - Ancient Art (3)
ART 3531 - Medieval Art (3)
ENGL 4135 - Chaucer (3)
ENGL 5530 - Bible as Literature (3)
HIST 3030 - Selected Topics in History (3)
HIST 3330 - History of Greece (3)
HIST 3331 - History of Rome (3)
HIST 3332 - Late Antiquity (3)
HIST 3333 - The Middle Ages (3)
HIST 3334 - History of Christianity 450-1750 (3)
HIST 3430 - History of England to 1603 (3)
HIST 5331 - The Age of Chivalry: Europe 1000-1300 (3)
LATN 3131 - Latin Authors (3)
LATN 3330 - Roman Women (3)
LATN 4890 - Directed Independent Study in Latin (at least 3 hours)
PHIL 3431 - Ancient Philosophy (3)
POLS 3336 - Classical Political Thought (3)

Additional Minor Requirement:
A minimum of 15 hours will be necessary for a minor in Classical and Medieval Studies, including 3 hours of upper division Latin. No student may apply any course in the department of his major towards the minor in Classical and Medieval Studies.

HIST 1111 - World History I (3) will be a requirement for all students minoring in Classical and Medieval Studies and counts toward the necessary 15 hours for all students except History majors. A History major who minors in Classical and Medieval Studies may not count World History I towards fulfilling the necessary 15 hours since history
majors are already required to take HIST 1111 as part of their major requirements. All students minoring in Classical and Medieval Studies may take up to one lower division and one upper division course cross listed with their majors.

Selected topics courses (3030s), study abroad programs and independent study courses with a specifically classical or medieval focus may be used as credit towards the minor upon approval of the director of the program and provided they are accepted for credit by the University. Their suitability for the minor will be decided by the director of the program.

Comparative Literature Minor
Department: Literature and Philosophy
Contact: Dr. Michael McGrath, Department of Foreign Languages, Forest Drive Building, Room 1346, (912) 478-0115

Minor Program:
COML 2531 - Crossing Borders: Introduction to Comparative Literature (3)
Foreign Language majors select three courses; non-Foreign Language majors select two courses from the following group:
COML/ENGL 3090 - Selected Topics (3)
COML/ENGL 4538 - Literary Criticism (3)
COML/ENGL 5330 - Drama to Romanticism (3)
COML/ENGL 5334 - Modern Drama (3)
COML/ENGL 5530 - The Bible as Literature (3)
COML/ENGL 5536 - Post-Colonial Literature (3)
ENGL 5538 - World Fiction since 1900 (3)

For all students, select one course from the following group:
ART 3435 - African Art (3)
ART 3438 - Art of Asia (3) ART
3530 - Ancient Art (3) ART
3531 - Medieval Art (3) ART
3532 - Renaissance Art (3)
ART 3533 - Baroque and Rococo Art (3)
ART 3534 - Nineteenth Century Art (3)
ART 4530 - Twentieth Century Art (3)
COMM 3331 - Media Criticism (3)
COML 3530 - Literary Translation (3)
FILM 3332 - Documentary Film (3)
FILM 3333 - Art of Film (3)
MUSC 3131 - History of Music I (3)
MUSC 3132 - History of Music II (3)
MUSC 5236 - Jazz History (3)
PHIL 3330 - Aesthetics (3)
THEA 4330 - Theatre History: To the Elizabethans (3)
THEA 4331 - Theatre History: Elizabethan to Modern (3)

For non-Foreign Language majors, one foreign language literature course (3)

Film Studies Minor
Department: Literature and Philosophy
Contact: Dr. Tomasz Warchol, Literature and Philosophy
Department, Newton Building, Room 2223A, (912) 478-5823

Prerequisites:
Select one of the following:
FILM 2331 - Introduction to Film (3)
FILM/ENGL 2434 - The Language of Film (3)

Minor Program:
FILM/AMST 3331 - History of American Film (3)
FILM 3333 - Art of Film (3)
Select three of the following:
FILM 3030 - Selected Topics in Film (3)
FILM 3332 - Documentary Film (3)
FILM/POLS 3334 - Film and Politics (3)
FILM/IRSH 3430 - Ireland in Film (3)
FILM/ENGL 3535 - Patterns in Film and Literature (3)

Fraud Examination Minor
Department: School of Accountancy
Contact Dr. Charles Harter, School of Accountancy, Business Administration Building, Room 2203, (912) 478-0103

Minor Program:
ACCT 4631 - Macro Fraud Examination (3)
ACCT 4632 - Micro Fraud Examination (3)
ACCT 4830 - Selected Topics in Accounting (3)
ACCT 5633 - Forensic Interviews and Interrogations (3)
LSTD 3630 - White Collar Crime (3)
LSTD 3631 - Fraud and the Law (3)

Select one of the following:
ACCT 2030* - Survey of Accounting (3)
ACCT 2101* - Financial Accounting (3)
ACCT 2102* - Managerial Accounting (3)

Business majors take ACCT 2101/2102. Other students take ACCT 2030. ACCT 2101 and ACCT 2030 are in Area F.

Humanities Minor
Department: Music
Contact: Dr. Gregory Harwood, Department of Music, Foy Fine Arts Building, (912) 478-5813

Prerequisites:
HUMN 2321 - Humanities I (3)
HUMN 2322 - Humanities II (3)

Minor Program:
An additional 15 semester hours of courses with a significant Humanities dimension in at least three different areas must be completed for a total of 15 hours, 12 hours of which must be upper-division courses (3000 or above). Courses may be selected from the list of courses below approved for the minor. Other courses may be approved by the director of the Humanities minor.

ART/AAST 3435 - African Art (3)
ART/AAST 3436 - African American Art (3)
ART/AMST 3437 - American Art (3)
ART 3438/3438S - Art of Asia (3)
ART 3530/3530S - Ancient Art (3)
ART 3531/3531S - Medieval Art (3)
ART 3532 - Renaissance Art (3)
ART 3533 - Baroque and Rococo Art (3)
ART 3534 - Nineteenth-Century Art (3)
ART/AMST 3535 - Native American Art (3)
ART 4530 - Twentieth Century Art (3)
ART 4531 - Contemporary Art (3)
ENGL 3121/3121S - British Literature I (3)
ENGL 3122/3122S - British Literature II (3)
ENGL 3131/3131S - American Literature I (3)
ENGL 3132/3132S - American Literature II (3)
ENGL/AAST/AMST 3231 - Survey of African American Literature (3)
ENGL/WGST 3237 - Women and Literature (3)

International Studies Minor
Department: Center for International Studies
Contact: Dr. Nancy W. Shumaker, Center for International Studies, Forest Drive Building, Room 1323, (912) 478-0332
Minor Program:
INTS 3130 - Contemporary World Cultures (3)
INTS 3230 - Global Issues (3)

An additional 9 semester hours of courses with significant International Studies dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the International Studies Minor.

Courses approved for the International Studies Minor can be obtained in the Center for International Studies located in the Forest Drive Building Room 1313.

Irish Studies Minor
Department: Center for Irish Studies
Contact: Howard Keeley, Literature and Philosophy Department, Newton Building, Room 3301-B, (912) 478-5471
Minor Program:
IRSH 4890 - Seminar in Irish Studies (3)

An additional 12 semester hours of courses with a significant Irish dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the Irish Studies Minor.

Select four of the following courses approved for the Irish Studies Minor:
HIST 3431 - England Since 1603 (3)
IRSH 3090 - Selected Topics (3)
IRSH 3330 - Contemporary Irish Culture (3)
IRSH/AMST 3333 - Irish Theatre (3)
IRSH/ENGL 3338 - Irish Cultural Identities (3)
IRSH/FILM 3430 - Ireland in Film (3)
IRSH/ENGL 5130 - Twentieth-Century Irish Literature (3)

Japanese Studies Minor
Department: Foreign Languages
Contact: Chair, Department of Foreign Languages, Forest Drive Building, Room 1302, (912) 478-8081
Minor Program:
Select five of the following:
JAPN 3090 - Selected Topics (3)
JAPN 3130 - Conversation (3)
JAPN 3131 - Reading (3)
JAPN 3230 - Modern Japanese Literature in Translation (3)
JAPN 3330 - Cultural Patterns (3)
JAPN 3331 - Culture for America (3)
JAPN 3530 - Business Japanese (3)
JAPN 4790 - Internship (3)
JAPN 4890 - Directed Study (3)

Latin American Studies Minor
Department: Center for International Studies
Contact: Dr. Nancy W. Shumaker, Center for International Studies, Forest Drive Building, Room 1323, (912) 478-0332
Minor Program:
INTS 3130 - Contemporary World Cultures (3)
LAST 4890 - Seminar in Latin American Studies (3)

An additional 9 semester hours of courses with significant Latin American dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the Latin American Studies Minor.

Select three of the following courses approved for the Latin American Studies Minor:
LAST 3090 - Selected Topics in Latin American Studies (3)
LAST/POLS 3133 - Latin American Politics (3)
LAST/SPAN 3331 - Latin American Civilization I (3)
LAST/HIST/INTS 3537 - Colonial Latin America (3)

Spanish for Business Minor
Department: Foreign Language
Contact: Chair, Department of Foreign Languages, Forest Drive Building, Room 1302, (912) 478-8081

Minor Program:
SPAN 3530 - Introduction to Spanish for Business (3)
Select 12 hours from the following:
SPAN 3531 - Technology for Business (3)
SPAN 4530 - Spanish for Business Advanced I (3)
SPAN 4531 - Spanish for Business Advanced II (3)
SPAN 4532 - Translation and Interpretation (3)
SPAN 4533 - Business through Literature (3)
SPAN 4534 - The Manufacturing Enterprise (3)

Women’s and Gender Studies Minor
Department: Women’s and Gender Studies
Contact: Dr. Lori Amy, Writing and Linguistics Department, Forest Drive Building, Room 1127, (912) 478-0625

Minor Program:
WGST 2530 - Introduction to Women’s and Gender Studies (3)
An additional 12 semester hours of courses with significant Women and Gender Studies dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the Women’s and Gender Studies Program.

Select four of the following courses approved for the Women’s and Gender Studies Program:
WGST 3090 - Selected Topics in Women’s and Gender Studies (3)
Guidelines for Interdisciplinary Concentrations

The interdisciplinary concentration offers students the opportunity to elect courses focused on a given area of study from more than one discipline. As with minor programs, the interdisciplinary concentration is distinct from the major program of study.

The following guidelines apply to all interdisciplinary concentrations:

1. A concentration must contain 18 semester hours of coursework with at least 15 upper division hours. Typically, courses taken for the concentration shall be in at least two disciplines other than those used in additional concentrations or the major program of study.
2. While courses taken to satisfy Core Areas A through E may not be used to satisfy coursework in the area of concentration, courses listed in Area F may be counted as coursework in the area of concentration.
3. A student has the option of taking one authorized lower division course and one upper division course crosslisted with the student’s major to fulfill concentration requirements.
4. The chairperson of the concentration program must approve the courses selected for the concentration.
5. Students should declare the concentration by the beginning of the junior year and advise the chairperson of the concentration program of that decision.

Africana Studies Concentration

AAST 3230 - Introduction to Africana Studies (3)

Five other courses, with at least one each from the humanities and the social sciences. A list of approved courses is available from the Center for Africana Studies.

American Studies Concentration

AMST 3033 - Introduction to American Studies (3)
AMST 4033 - Seminar in American Studies (3)

Three or four cross-listed American Studies elective courses from two different disciplines.

Asian Studies Concentration

INTS 3130 - Contemporary World Cultures (3)

An additional 15 hours of Asian courses in at least three disciplines from the following approved list for a total of eighteen (18) semester hours. Although not required, course work in an Asian language is strongly recommended.

Select 15 hours from the following:

ANTH 4355 - Cultural Anthropology and International Business (3)

ANTH 4435 - Middle Eastern Cultures (3)
ART 3438 - Art of Asia (3)
HIST/INTS 3532 - The Modern Middle East (3)
HIST/INTS 3534 - Modern Southeast Asia (3)
HIST/INTS 5531 - Modern Japan (3)
HIST/INTS 5532 - Modern China (3)
HIST/INTS 5533 - Economic Rivals United States, European Community, Japan (3)
JAPN 3331 - Japanese Culture for Americans (3)
European Studies Concentration

GEOG 4430 - Geography of Europe (3)
An additional 15 hours of upper division courses with significant European components. No more than two courses from any one discipline and all five electives must be courses in disciplines other than major field. INTS/POLS 3234 - Introduction to the European Union (3) is a course that is strongly recommended. Copies of the list of approved courses are available at the Center for International Studies.

Humanities Concentration

HUMAN 2321 - Humanities I (3)
HUMAN 2322 - Humanities II (3)
Six additional (3 credit hours) courses with at least three different prefixes from the following list (at least 15 of these credits must be upper division).
ART/AAST 3435 - African Art (3)
ART/AAST 3436 - African American Art (3)
ART/AMST 3437 - American Art (3)
ART 3438/3438S - Art of Asia (3)
ART 3530/3530S - Ancient Art (3)
ART 3531/3531S - Medieval Art (3)
ART 3532 - Renaissance Art (3)
ART 3533 - Baroque and Rococo Art (3)
ART 3534 - Nineteenth-Century Art (3)
ART/AMST 3535 - Native American Art (3)
ART 4530 - Twentieth Century Art (3)
ART 4531 - Contemporary Art (3)
ENGL 3121/3121S - British Literature I (3)
ENGL 3122/3122S - British Literature II (3)
ENGL 3131/3131S - American Literature I (3)
ENGL 3132/3132S - American Literature II (3)
ENGL/AAST/AMST 3231 - Survey of African American Literature (3)
ENGL/WGST 3237 - Women and Literature (3)
ENGL/AMST 3238 - The American Dream (3)
ENGL/IRISH 3338 - Irish Cultural Identities (3)
ENGL/FILM 3535 - Patterns in Film and Literature (3)
ENGL 4133/4133S - The British Novel (3)
ENGL 4135/4135S - Chaucer (3)
ENGL/AMST 4237 - The American Novel (3)
ENGL 4337 - Shakespeare (3)
ENGL 4435/4435S - Single Author (3)
ENGL/WGST 5539 - Literature by Women (3)
FILM 3332 - Documentary Film (3)
FILM 3333 - Art of Film (3)
HUMAN 2433/2433S - Classicism (2) (only one 2000-level course may be included)
HUMAN 2434/2434S - Myth in Arts and Humanities (2) (only one 2000-level course may be included)
MUSC 3131 - History of Music I (3)
MUSC 3132 - History of Music II (3)
MUSC 5234 - History of Opera (3)
MUSC 5230 - Music in the Baroque Period (3)
MUSC 5231 - Music in the Classic Period (3)
MUSC 5232 - Music in the Romantic Period (3)
MUSC 5233 - Music in the Contemporary Period (3)
MUSC/AMST 5235 - Music in the United States (3)
MUSC/AAST/AMST 5236 - Jazz History (3)
PHIL/RELS 3131 - World Religions (3)
PHIL 3330/3330S - Introduction to Art and Beauty (3)
PHIL 3431/3431S - Ancient Philosophy (3)
PHIL 3432 - Modern Philosophy (3)
PHIL 3433 - Reason and Revolution: 19th Century European Philosophy (3)
PHIL 3434 - Contemporary Philosophy (3)
PHIL 3531 - Theory of Knowledge (3)
PHIL 3532/3532S - Metaphysics (3)
PHIL 3635 - Existentialism (3)
PHIL/WGST 4130 - Feminist Philosophy (3)
PHIL/RELS 4632 - Philosophy of Religion (3)
RELS/HIST 3139 - History of Religion in the U.S. (3)
RELS/HIST 3233 - The Early Church (3)
RELS/HIST/INST 3250 - The Muslim World to Tamerlane (3)
RELS/HIST/INST 3251 - The Muslim World Since Genghis Khan (3)
RELS 3330 - Introduction to the Old Testament (3)
RELS/HIST 3334 - History of Christianity (3)
RELS/HIST 5332 - Age of the Reformation (3)
RELS/COM/ENGL 5530 - The Bible as Literature (3)
TheA/AAST/AMST 3332 - African American Theater (3)
TheA/IRISH 3333 - Irish Theater (3)
TheA 4330 - Theatre History; To the Elizabethans (3)
TheA 4331/4331S - Theatre History: Elizabethan to Modern (3)
TheA 4338 - Seminar: World Theater (3)

International Studies Concentration

INTS 3130 - Contemporary World Cultures (3)
INTS 3230 - Global Issues (3)
An additional 12 hours of upper division courses with significant international dimension from three different disciplines must be completed for a total of eighteen (18) semester hours. The three additional twelve (12) elective course hours must be selected from the list of courses approved by the International Studies Curriculum Committee. Copies of the list of approved courses are available at the Center for International Studies.

Latin American Studies Concentration

INTS 3130 - Contemporary World Cultures (3) LAST 1430 - Seminar in Latin American Studies (3)
An additional 12 hours of courses with significant Latin American dimension in at least two disciplines other than the major for a total of 18 semester hours. Courses may be selected from the list of courses approved for the concentration. Other courses must be approved by the director of the Latin American Studies Concentration, Dr. Ron Young.

Select 12 hours from the following courses approved for the Latin American Studies Concentration:
LAST 3090 - Selected Topics in Latin American Studies (3)
LAST/POLS 3133 - Latin American Politics (3)
LAST/SPAN 3331 - Latin American Civilization I (3)
LAST/HIST/INTS 3537 - Colonial Latin America (3)
LAST/HIST/INTS 3538 - Modern Latin America (3)
LAST/SPAN 4231 - Introduction to Spanish American Literature I (3)
LAST/GEOG 4232 - Geography of Latin America (3)
LAST/SPAN 4436 - 20th Century Spanish American Literature (3)
LAST/SPAN 5232/5232G - Literature of Hispanic Minorities (3)
Linguistics Concentration

FORL 3533 - Introduction to Language (3)
Five other language and linguistics courses. A list of approved courses is available from the Department of Writing and Linguistics.

Religious Studies Concentration

RELS 2130 - Introduction to Religion (3)
RELS 4890 - Seminar in Religious Studies (1-9)
Select four of the following: (Must be from at least three different disciplines and approved by advisor)
RELS 3030 - Selected Topics (3)
RELS/PHIL 3131 - World Religions (3)
RELS/HIST 3139 - Introduction to the History of Religion in the U.S. (3)
RELS/PSYC 3231 - Psychology of Religion (3)
RELS/HIST 3332 - Late Antiquity (3)
RELS/HIST 3334 - History of Christianity (3)
RELS 3335 - Introduction to the New Testament (3)
RELS/PSYC 3336 - Humanistic and Transpersonal Psychology (3)
RELS/HIST 3535 - Islamic Civilization (3)
RELS/PHIL 3635 - Existentialism (3)
RELS/HIST 4336 - Science and Religion (3)
RELS/PHIL 4632 - Philosophy of Religion (3)
RELS/SOCI 5133 - Sociology of Religion (3)
RELS/HIST 5332 - The Age of Reformation (3)
RELS/ENGL 5530 - The Bible as Literature (3)

Women’s and Gender Studies Concentration

WGST 2530 - Introduction to Women’s and Gender Studies (3)
An additional 12 semester hours of courses with significant Women and Gender Studies dimension in at least two disciplines other than the major must be completed for a total of 15 semester hours. Courses may be selected from the list of courses approved for the minor. Other courses must be approved by the director of the Women’s and Gender Studies.

Select 12 hours from the following courses approved for the Women’s and Gender Studies Program:
WGST 3090 - Selected Topics in Women’s and Gender Studies (3)
WGST/HIST/AMST 3137 - History of Women in the U.S. (3)
WGST/PSYC/INTS 3232 - Psychology of Gender (3)
WGST/POLS 3235 - Gender and Politics (3)
WGST/COMS 3333 - Communication and Gender (3)
WGST/PHIL 4130 - Feminist Philosophy (3)
WGST/COMM 4331 - Women and Media (3)
WGST/SOCI 4332 - Sociology of Gender (3)
WGST/HIST 4335: “Women Question” in Europe (3)
WGST/HIST/AAST 4530 - Revelation and Revolution (3)
WGST 5131 - Sex, Violence, and Culture (3)

Second Discipline Concentrations

Students in the Bachelor of Science program in information technology (IT) are required to choose a focused application area to blend their IT knowledge with an expanded knowledge of the application area. Students should select a second discipline concentration or a minor no later than the beginning of the junior year. Each second discipline concentration consists of 3 semester hours in Area F and 15 semester hours specified by the academic unit offering the second discipline concentration. Alternatively, with the approval of the chair of the Department of Information Technology, a minor plus additional coursework required to total at least 18 hours, will satisfy the second discipline concentration requirement. Students are encouraged to consult the College of Information Technology Office of Student Services or the Department of Information Technology to verify second discipline or minor information.

The requirements for the approved second discipline concentrations are given below.

Computer Science
Department: Computer Science
Area F
CSCI 1302 - Programming Principles II (3)

Required Courses:
CSCI 3230 - Data Structures (3)
CSCI 3232 - Systems Software (3)
CSCI 3236 - Theoretical Foundations (3)
CSCI 5335 - Object Oriented Design (3)
CSCI 5xxx - Select one 5000-level course (3)

Digital Imaging Systems
Department: Art
Area F
GCM 1321 - Desktop Publishing (2)
GCM 1411 - Desktop Publishing Lab (1)

Required Courses:
GCM 1131 - Graphic Communication Technology (3)
GCM 2532 - Desktop Publishing II (3)
GCM 2512 - Desktop Publishing II Lab (1)
GCM 5534 - Digital Output Applications (3)
Select a minimum of 6 hours from the following Elective courses:
GCM 2332 - Bindery and Finishing (3)
GCM 2412 - Bindery and Finishing Laboratory (1)
GCM 4232 - Photo Preparation for Production (3)
GCM 5234 - Color Reproduction (3)
GCM 5314 - Color Reproduction Lab (1)
GCM 5334 - Imaging Systems (3)

Note: Certain GCM prerequisites are waived for students in Second Disciplines. Please contact the GCM Second Discipline advisor.
Electronic Broadcast Media
Department: Communication Arts

**Area F**

- COMM 2332 - Introduction to Mass Communication (3)

**Required Courses:**
- BRCT 3331 - Audio Production (3)
- BRCT 3332 - Video Production (3)
- BRCT 3333 - Telecommunication (3)

Select two of the following Elective courses:
- BRCT 4337 - Law and Ethics (3)
- BRCT 4990 - Broadcast Applications (3)
- BRCT 4331 - Advanced Audio Production (3)
- BRCT 4332 - Advanced Video Production (3)
- BRCT 4337 - Digital Video Editing (3)

French
Department: Foreign Languages

**Area F**

- FREN 2001 - Intermediate French I (3)

**Required Courses:**
- FREN 2002 - Intermediate French II (3)
- FREN 3130 - Conversational French (3)
- FREN 3134 - French Through Writing (3)
- FREN 3136 - French Through Film (3)

Select one of the following:
- FREN 4130 - Grammar and Phonetics (3)
- FREN 3330 - French Civilization (3)
- FREN 3336 - Francophone Cultures of Africa and the Caribbean (3)

Geographic Information Science
Department: Geology and Geography

**Area F**

- STAT 2232 - Introduction to Statistics II (3)

**Required Courses:**
- GEOG 3440 - Introduction to GIS and Cartography (4)
- GEOG 3741 - Remote Sensing (4)
- GEOG 4542 - Intermediate GIS (4)
- GEOG 4543 - Advanced GIS: Spatial Analysis and Modeling (4)

German
Department: Foreign Languages

**Area F**

- GRMN 2001 - Intermediate German I (3)

**Required Courses:**
- GRMN 2002 - Intermediate German II (3)
- GRMN 3130 - German Conversation and Phonetics (3)

Select one of the following:
- GRMN 3132 - German Grammar Review (3)
- GRMN 3134 - Writing in German (3)

Select one of the following:
- GRMN 3231 - Listening Skills in German (3)
- GRMN 3330 - Germany Today (3)
- GRMN 4230 - Readings in German Literature (3)
- GRMN 4330 - German Heritage (3)
- GRMN 4331 - Business German (3)
- GRMN 4332 - Current Issues and Events in Germany (3)

Health Informatics
Department: Biology, Health and Kinesiology

**Area F**

- STAT 2232 - Introduction to Statistics II (3)

**Required Courses:**
- ACCT 2030 - Survey of Accounting (3)
- HLTH 2510 - Medical Terminology (1)
- HLTH 3131 - Health and Disease (3)
- HLTH 3231 - Epidemiology and Vital Statistics (3)
- HLTH 3132 - Health Care Systems (3) OR SOCI 5139 - Sociology of Health Care (3)

Select one of the following:
- HLTH 3133 - Health Promotion Program Planning (3)
- HLTH 4099 - Selected Topics in Health Sciences (3)
- HLTH 4330 - Promotional Strategies for Health Programs (3)

Imaging Information Systems
Department: Art

**Area F**

- GCM 1321 - Desktop Publishing (2)
- GCM 1411 - Desktop Publishing Lab (1)

**Required Courses:**
- GCM 1131 - Graphic Communication Technology (3)
- GCM 2512 - Desktop Publishing II Lab (1)
- GCM 2532 - Desktop Publishing II (3)
- GCM 5334 - Imaging Systems (3)

Select a minimum of 6 hours from the following Elective courses:
- GCM 2332 - Bindery and Finishing (3)
- GCM 2412 - Bindery and Finishing Laboratory (1)
- GCM 4232 - Photo Preparation for Production (3)
- GCM 5234 - Color Reproduction (3)
- GCM 5314 - Color Reproduction Lab (1)
- GCM 5534 - Digital Output Applications (3)

**Note:** Certain GCM prerequisites are waived for students in Second Disciplines. Please contact the GCM Second Discipline advisor.

Information Technology and the Administration of Justice
Department: Political Science

**Area F**

- CRJU 1100 - Introduction to Criminal Justice (3)

**Select five from the following:**
- CRJU 2131 - Justice and Ethics (3)
- CRJU 3133 - Criminal Procedure (3)
- CRJU 3230 - Policing (3)
- CRJU 4032 - Criminal Behavior (3)
- CRJU 4231 - Criminal Justice Research Methods (3)
- CRJU 4830 - Criminal Justice Administration (3)

International Trade
Department: Center for International Studies

**Area F**

- ACCT 2030 - Survey of Accounting (3)

**Required Courses:**
- INTS 2130 - Introduction to International Studies (3)
- INTS 3130 - Contemporary World Cultures (3)
- INTS 3230 - Global Issues (3)
- LOGT 3231 - Introduction to Transportation (3)

Select one of the following:
- GEOG 3230 - Economic Geography (3) (recommended unless GEOG 1130 taken in Area E)
Military Science
Department: Military Science
Students must take the following four Area F courses:
- MSCI 3131 - Advanced Tactics and Applied Leadership (3)
- MSCI 3132 - Advanced Tactics and Applied Leadership II (3)
- MSCI 4131 - Military Leadership and Management Seminar (3)
- MSCI 4132 - Transition to Lieutenant (3)

Required Courses:
Students must take one course in each of the following areas:
- COMMUNICATION SKILLS
  - WRIT 3230 - Writing in the Workplace (3)
  - WRIT 4130 - Advanced Composition (3)
- MILITARY HISTORY
  - HIST 3136 - US as a Global Power (3)
  - HIST 3230 - American Military History (3) (preferred)
  - HIST 4531 - World War I (3)
  - HIST 5335 - World War II (3)

Multimedia for Information Technology
Department: Art and Communication Arts
Area F
- GCM 1321 - Desktop Publishing (2)
- GCM 1411 - Desktop Publishing Lab (1)

Required Courses:
- COMM 2332 - Introduction to Mass Communication (3)
- GCM 5332 - Multimedia Presentations (3)

Select a minimum of 9 hours from the following Elective courses:
(Students in the Web and Multimedia Foundations specialization must select a minimum of 12 hours from the following electives)
- BRCT 3331 - Audio Production (3)
- BRCT 3332 - Video Production (3)
- BRCT 3335 - Writing for Electronic Media (3)
- GCM 4232 - Photo Preparation for Reproduction (3)
- GCM 5234 - Color Reproduction (3)
- GCM 5314 - Color Reproduction Lab (1)
- MUSC 1515 - Technology in Music (1)
- MUSC 5530 - Digital Audio Montage (3)

Note: Certain GCM prerequisites are waived for students in Second Disciplines. Please contact the GCM Second Discipline advisor.

Music
Department: Music
Area F
- MUSC 1331 - Music Theory I (3)

Required Courses:
- MUSC 1332 - Music Theory II (3)
- MUSC 1513 - Sight-Singing/Ear Training I (1)
- MUSC 1514 - Sight-Singing/Ear Training II (1)
- MUSC 1515 - Technology in Music (1)
- MUSC 5530 - Digital Audio Montage (3)
- MUSC 5531 - Advanced MIDI Sequencing (3)
- MUSC 5630 - Music, Technology, and contemporary Culture (3)

Technical Writing
Department: Writing and Linguistics
Area F
- WRIT 2130 - Technical Communication (3)

Required Courses:
- WRIT 3220 - Foundations in Professional and Technical Writing (3)
- WRIT 3233 - Technical and Professional Editing (3)
- WRIT 5930/5930G - Technical Writing (3)

Select two of the following:
- *WRIT 3030 - Selected Topics in Writing (2)
- WRIT 3230 - Writing in the Workplace (3)
- WRIT 3232 - Document Creation for Technical and Professional Writers (3)
- WRIT 3234 - Research Methods for Technical and Professional Writers (3)
- WRIT 5030/5030G - Selected Topics in Writing (3)
- WRIT 5550/5550G - Technologies of Writing (3)

*Chosen in Consultation with Area Coordinator for Professional and Technical Writing

Technology and Political Analysis
Department: Political Science
Area F
- POLS 2101 - Introduction to Political Science (3)

Required Courses:
- POLS 3230 - Modern Political Thought (3)
- POLS 4139 - Contemporary Political Thought (3)

Select three of the following Elective courses:
- POLS 3135 - Legislative Behavior (3)
- POLS 3236 - International Relations (3)
- POLS 3331 - Public Administration (3)
- POLS 3332 - Electoral Behavior (3)
- POLS 4131 - Public Policy (3)

Technology Education Program
Department: Teaching and Learning
Area F
- TCED 2131 - Introduction to Technology Education (3)

Required Courses:
- TCED 2132 - Lab Design (3)
- TCED 4130 - General Technology for Teachers (3)
- TCED 5236 - Technology Education Curriculum (3)
- TCED 5237 - Technology Education Methods (3)
- TCED 5239 - Advanced Technology for Teachers (3)

Spanish
Department: Foreign Languages
Area F
- SPAN 2001 - Intermediate Spanish I (3)

Required Courses:
- SPAN 2002 - Intermediate Spanish II (3)
- SPAN 3130 - Conversation (3)
- SPAN 3131 - Grammar and Composition (3)
- SPAN 4130 - Advanced and Applied Conversation (3)

Select one of the following:
- SPAN 4131 - Stylistics (3)
- SPAN 4334 - Peninsular Civilization and Culture (3)
- SPAN 4335 - Spanish American Civilization and Culture (3)
Visual Communications Design

Department: Art

Area F Pre-requisites

ART 1020 - Two Dimensional Design (3)

Required Courses:

- ART 2233 - Computer Graphics (3) OR GCM 1321 - Desktop Publishing I (2) and GCM 1411 - Desktop Publishing I Lab (1)
  
  Note: These are prerequisites to ART 2330 and ART 2331

- ART 2330 - Typography (3)
- ART 2331 - Graphic Design I (3)
- ART 3331 - Graphic Design II (3)
- ART 3338 - Typography II (3)

As additional proposals are approved, they will be posted on the College of Information Technology web-site.

With the approval of the Office of the Vice President for Academic Affairs, students in other baccalaureate programs may use second discipline concentrations as interdisciplinary concentrations.
College of Business Administration

(912) 478-5083
E-mail address: rebstock@georgiasouthern.edu

The College of Business Administration (COBA) at Georgia Southern University is part of a comprehensive, regional university. At the undergraduate level, we provide the Bachelor of Business Administration degree with majors in accounting, economics, finance, information systems, logistics and intermodal transportation, management, marketing, and regional economic development. At the graduate level, we provide the Master of Accounting, Master of Science in Applied Economics, and Master of Business Administration degrees to prepare students for accounting and management positions of significant responsibility. Our degree programs are accredited by the AACSB, an affiliation that underscores the College’s dedication to continuous improvement and commitment to excellence.

MISSION

The College of Business Administration at Georgia Southern University provides a student centered, learning community that presents, applies, and extends the current boundaries of knowledge about today’s dynamic global business environment.

Shared Values

Our mission is supported by a set of shared values that form the foundation for developing critical mission activities:

We value our students. Our first responsibility is to our students. Faculty members encourage excellence in academic performance by exhibiting professionalism in teaching, mentoring, and advising and by being readily accessible for consultations outside the classroom. We believe a student’s career achievement is a result of this faculty/student interaction. Although the majority of our students are Georgia residents, we welcome and encourage the diversity that occurs as we gain increasing numbers of students from beyond our state and national borders.

We value our region. As a College within a state-supported regional university, we recognize and value opportunities to assist in the development of our regional economy. Our desire to serve extends to providing regional businesses with professional assistance and learning opportunities in areas that cover an extensive range of domestic and international business practices.

We value our local community. We recognize our involvement in the local community as a central part of our responsibilities. Support of and involvement in our community make it a better place in which to live and provide a better environment for our students.

We value our faculty and staff. The College supports a collegial atmosphere for faculty and staff in which academic freedom exists and life-long learning is encouraged. While a balance of activities in teaching, research, and service is promoted, faculty members devote a significant amount of time and energy to teaching and other interactions with students. Scholarly efforts are predominantly focused on applied research, which supports the regional service dimension of our mission.

We value our alumni. They provide leadership in business, the community, and the world. We strive to keep them involved in our mission, and we recognize them for their long-term, career achievements.

Core Commitments

The faculty and staff of the College of Business Administration are committed to creating an atmosphere in COBA that will enable us to be:

• a diverse, academically qualified faculty who makes students its first priority;
• providers of instruction that combines business theory and practice for effective student understanding of the dynamic business environment;
• competent users of cutting edge technology located in modern, comfortable facilities;
• providers of expertise to serve the local community and region;
• a dedicated, qualified staff who supports COBA programs and activities;
• actively engaged with the Business Advisory Council; and
• actively engaged with our Alumni.

Student Outcomes

The faculty and staff of the College of Business Administration are committed to providing academic programs that will enable our graduates to be:

• able to communicate effectively;
• skilled in the collection and analysis of information for use in decision making;
• aware of global perspectives to help companies compete in international and domestic markets;
• capable of formulating decisions that integrate practical, economic, and ethical considerations; and
• appreciative of the vagaries and uncertainties of real-life, business situations and the importance of life-long learning.

STRUCTURE

School of Accountancy
Director: Charles Harter
Professors: L. Fletcher, C. Harter, J. Lockwood, L. Mooney, L. Wilson
Associate Professors: T. Backhoff, T. Cairney, L. Higgins, T. Noland, H. Wright
Assistant Professors: R. Jackson, B. McKay, C. Metrejean, E. Metrejean, A. Parham, D. Sinclair, S. Sipe, L. Sneathen

Department of Finance and Quantitative Analysis
Acting Chair: Williams Wells
Associate Professors: J. Hatem, S. Moss
Lecturer: E. Sibbald

Department of Information Systems
Acting Chair: Thomas L. Case
Professor: T. Case, S. Williams
Assistant Professors: A. Gardiner, H. Han, H. Kung, P. Rutner

Department of Management, Marketing and Logistics
Chair: Glen Riecken
Professors: L. Bleicken, C. Campbell, L. Denton, M. Hazeldine, R. Kent, W. McCartney, M. McDonald, M. Miles, L. Munilla, G. Riecken, D. Shepherd, J. Wilson
Associate Professors: K. Gruben, R. Hoell, M. Loughry, K. Manrodt, S. Rutner
Assistant Professors: D. Hale, J. Leaptrott, L. Mullen, M. Thomas

School of Economic Development
Acting Director: John Brown
Professors: W. Levernier
Associate Professors: W. Ampmons, G. Brock, J. Brown, D. Fisher, G. Gibbison, A. King, J. King, C. Ogloblin, B. Yang, M. Yanochik
Assistant Professors: A. Barilla, T. Henry, R. Kumazawa, M. Reksulak

COBA Emeriti
Associate Professors: W. Boswick, J. Gutknecht, H. Harrell, N. Herrin, J. Henry, R. Hilde, K. Johnson, W. Smith, S. Wise
Assistant Professors: J. Budack, W. Francisco, A. Moxley, L. Stewart, K. Williams

PROGRAMS - UNDERGRADUATE

Accounting
Accounting is the language of business. The accounting profession offers infinite opportunities for men and women to build exciting and rewarding careers. Technology is changing the way business is done, which means more new opportunities for accounting professionals as organizations of all sizes and structures struggle to harness the enormous potential of information and the technologies used to deliver that information. Accountants are America’s most trusted financial information professionals. The accounting program at Georgia Southern University, which is separately accredited by the AACSB, the international business and accounting accrediting organization, offers students the following curriculum options:

4-Year Track
The four-year program prepares students for a wide range of professional careers in industry, finance, government, and non-profit organizations. The four-year program includes accounting course work which prepares students for work in areas such as financial management, financial reporting and analysis, internal auditing, and management consulting. Upon completion of the 4-year track, students receive the Bachelor of Business Administration degree.

5-Year Track
The five-year program prepares students for careers in public accounting as certified public accountants (CPA). In order to become certified in the State of Georgia, candidates must have 150 semester hours of college education. During the fifth year, students complete thirty additional semester hours of accounting and non-accounting Masters’ level education that prepares them for work as objective outsiders for their clients, providing such services as auditing and assurance services, environmental accounting, forensic accounting, information technology services, international accounting, consulting services, and personal financial planning and tax advisory services. Upon completion of the 5-year track, students receive both the Bachelor of Business Administration and Master of Accounting degrees. Please refer to the graduate portion of the catalog for a detailed description of the Master of Accounting program.

Economics
This major is designed to give the student in business administration a broad knowledge of economic tools to provide a foundation for careers in business, economics, finance, or law.

Economics Major Without an Area of Emphasis
An economics major exposes the student to the different areas of economics. Because of the breadth of this degree, it allows maximum flexibility and prepares graduates to enter a wide variety of occupations or attend professional or graduate school in business, economics, finance, government, or law. Economics majors also have the option of receiving either the Bachelor of Arts or the Bachelor of Business Administration degree.

Emphasis in International Business
This curriculum prepares the student to access and respond to opportunities and problems of international trade, international finance, multinational markets, and multinational organizations.

Finance
Study in this area develops familiarity with the institutions and instruments within our financial system and an understanding of the problems of financing business activity. It includes study of the techniques and tools for solving financial problems.

Finance General
The finance major exposes a student to the areas of applied financial management. Because of the breadth of this degree, it gives maximum flexibility and prepares graduates to enter managerial programs in any financial field.

Emphasis in Financial Services
The emphasis in banking is designed to allow a student to specialize in the management of financial institutions, especially banks.

Emphasis in Personal Financial Planning
This emphasis prepares a student to work with individuals and households on strategies for reaching financial goals, including estate planning.

Emphasis in Risk Management and Insurance
This emphasis area prepares a student to manage risk in a variety of settings: as managers in a commercial enterprise, as personal and family risk management specialists, and in the operations of insurance firms. Students develop competency in both insurance and non-insurance risk management techniques, financial risk management techniques, and insurance company operations.
**Information Systems**
The Information Systems (IS) degree program combines knowledge of leading edge information technologies with an understanding of the ever changing needs of today’s dynamic business environment. As such, it attracts students who are interested in working with technology to find solutions to business problems. While a fundamental understanding of information technology is a cornerstone of the degree, an equally important and distinguishing element of the IS degree is a solid foundation in basic business functions. Students may major in IS without an area of emphasis or may select one of the following seven emphasis areas.

**Accounting Information Systems**
The AIS emphasis provides a solid understanding of general business principles with depth in technology and accounting. Students pursuing this emphasis will be prepared to help companies design information systems that are safeguarded against many different kinds of system errors and fraudulent activities. Students could also pursue careers in information assurance, serving as “auditors” who ensure that proper design and controls that protect against fraud are in place. Potential employers include “Big 4” accounting firms, business and IT consulting companies, as well as any organization (large or small) that relies upon an automated accounting system.

**Business Application Development**
The BAD emphasis provides exposure to programming languages and application development environments used to develop both traditional and Web-based business applications. Principles of program design, testing, and implementation are emphasized to prepare students for a wide range of jobs across all types of industries. Students pursuing this emphasis often begin their careers as programmer analysts or technically-oriented business analysts. Potential employers include a wide range of government agencies and non-profit organizations, as well as for-profit organizations ranging from small boutique software development shops to Fortune 100 corporations.

**Business Intelligence**
The BI emphasis focuses on the use of information technology to identify trends and hidden patterns in an organization’s data and external environment, and then predict how these trends and patterns will impact the organization’s activities and ultimate success. Students pursuing this emphasis will be prepared to assist companies in the identification and development of competitive strategies, as well as in the management of corporate knowledge. They will also receive an SAP America Certificate and be eligible for SAP’s TERP-10 Certification Program. Potential employers include a wide array of medium and large businesses across all types of industries.

**Electronic Commerce**
The EC emphasis provides exposure to the technical skills and business knowledge needed to develop web-based business applications. Students pursuing this emphasis will be prepared to develop and enhance E-Commerce Web sites based on solid, underlying business models. Potential employers include all organizations wanting to establish or improve the ability to conduct business via the Internet.

**Enterprise Resource Planning Systems**
The ERP emphasis focuses on large, complex information systems that integrate business processes across an entire organization. Because the number of IS professionals with these skills is low, this is a high-demand area. Students pursuing this emphasis will be prepared to assist companies in the selection, implementation, and support of such systems. Potential employers include consulting companies, ERP developers, as well as thousands of companies that adopt or wish to adopt ERP systems.

**Enterprise Security**
The ES emphasis focuses on the development and administration of security policies as they pertain to the management of information systems. Students pursuing this emphasis will be prepared to assist companies in the design, implementation and management of secure information systems and networks. In today’s security-conscious world, virtually every organization is a potential employer of students who pursue this option.

**Human Resource Information Systems**
The HRIS emphasis focuses on the use of information technology to support Human Resource (HR) management processes within organizations. Students pursuing this emphasis learn about e-recruiting, on-boarding, e-learning, employee self-service, time and attendance management, performance and talent management, compensation and benefit management, and other HRIS that enable HR to impact the bottom line via cost reductions, productivity improvements, and employee retention. Students completing this emphasis acquire hands-on experience with SAP’s human capital management (HCM) module. The emphasis prepares students for jobs as HRMS analysts, HRIS functional or project managers, and technical recruiters. Potential employers include medium and large organizations in a wide-array of industries, especially those that use SAP®.

**Logistics Information Systems**
The LIS emphasis focuses on the use of information technology as a critical enabler of the supply chain networks that businesses use to acquire, produce, and deliver goods and services all over the world. Students pursuing this emphasis will be prepared to help companies design information systems that integrate business processes across the supply chain. Potential employers include large retail distribution centers (such as Wal-Mart), logistics firms (such as UPS and Fed-Ex), railroads and a host of other trucking and shipping companies around the world.

**Technology Entrepreneurship**
The TE emphasis provides both the business and technology background necessary to start a successful enterprise in the technology industry. Students pursuing this emphasis will be prepared to establish firms that deliver technology services. Potential employers for those who do not establish their own business include start-up companies and other organizations seeking to undertake entrepreneurial activities.

**Technology Sales and Marketing**
The TSM emphasis takes advantage of COBA’s highly acclaimed Professional Selling program to provide students with a solid grounding in both Information Systems and sales and marketing. Students pursuing this emphasis not only know IT, they know how to sell it. Upon completing
the emphasis, students will be able to pursue careers as account executives, business development managers, Internet marketing specialists, marketing technologists, technology solution consultants, sales engineers, technical support managers, software and technical sales representatives, marketing directors, and sales managers. Potential employers include both large and small companies in the computer hardware, software development, and application and Web services industries.

**Logistics and Intermodal Transportation**

Transportation companies, industrial firms and government agencies are all looking for the qualified graduate with training in the field of physical distribution. The major in logistics and intermodal transportation prepares the student for this career choice by providing general knowledge of the field of business and supporting course work in the areas of logistics, transportation and marketing. The program also offers an international emphasis, and internships are available and strongly recommended for qualified students.

**Management**

This major emphasizes the integrative nature of the management discipline in planning, organizing, directing, and controlling contemporary profit and non-profit organizations. The program includes the study of both qualitative and quantitative contributions from the management sciences to provide the student with modern analytic concepts, tools, and techniques that can be used as aids to managerial decision-making. The impacts of the international environment and of the social responsibilities of managers receive special attention across the broad range of management courses. Various teaching methods are used in an effort to bring reality to classroom considerations of relevant business problems. The student who wishes to major in management can select one of four options: (1) the management major without an area of emphasis; (2) the management major with an emphasis in entrepreneurship/small business management; (3) the management major with an emphasis in human resource management; or (4) the management major with an emphasis in operations management.

**Management Major Without an Area of Emphasis**

This major is intended to expose students to entrepreneurship, human resources, and operations management as well as general management principles and practices.

**Emphasis in Entrepreneurship/Small Business Management (E/SB)**

This emphasis is designed for persons whose career aspirations include starting, managing, and developing their own businesses. The distinguishing characteristic of the emphasis is that it focuses on teaching students how to assume total responsibility for a business enterprise. This emphasis is especially appealing to self-motivated individuals who prefer to be their own bosses and who are unafraid of expressing and taking action on their ideas.

**Emphasis in Human Resource Management (HRM)**

The human resource management emphasis allows a student to specialize in the study of personnel administration and human resource management. While this emphasis is especially appealing to individuals whose career aspirations are focused on working in the human resources management areas, the collection of courses included in this emphasis are relevant to managers in all areas of today’s organizations.

**Emphasis in Operations Management (OM)**

The operations management emphasis allows the student to prepare for positions in manufacturing and other organizations with operations departments and for management careers in manufacturing and service organizations. While much of the course work focuses on manufacturing management, the approaches that are covered and the skills that are developed are generalizable to service operations.

**Marketing**

Preparation in this area will provide the student with an awareness of the marketing problems confronting today’s business firms, some knowledge and experience in application of the tools and techniques of marketing problem solving and a more detailed acquaintance with one or more specific areas of the marketing discipline. Students may choose to major in general marketing or in one of the three emphasis areas under marketing.

**The Marketing Major Without an Area of Emphasis**

The general marketing track is the most flexible and supports the largest number of career opportunities in the field of marketing.

**Emphasis in Fashion Merchandising**

The fashion merchandising emphasis is designed to provide the student with a broad knowledge of business and marketing while stressing the areas of retailing and fashion.

**Emphasis in Retailing Management**

The retailing management emphasis is for students interested in retail careers or in marketing positions where knowledge of retailing is important.

**Emphasis in Sales and Sales Management**

The sales and sales management emphasis is for the student interested in sales as an entry-level marketing position or in sales as a career.

**Regional Economic Development**

This major is unique in several ways. Since the economic development process is one of public-private partnership, students take the Bachelors of Business Administration core. This provides students with a unique appreciation of the particular motivations of business firms and problems that firms face in succeeding in the marketplace. This grounding in the problems and promise of private firms is extended by two varieties of course work designed to help the students focus on the problems of economic development. The Economics (ECON) courses provide an overview for students on the relationships between government, private firms and the economic development process. These courses focus on the impacts of environmental regulation on development, the effects of government tax and spending policies on firm locational decisions, and the processes of growth in regions and urban areas. The Regional Economic Development (REDV) courses provide students with information about specific government programs both nationally and locally that serve to promote economic development efforts. In addition, these courses discuss the sources of data to support development efforts and the techniques
of analysis that are necessary to support these efforts. A “hands-on” experience in an economic development agency is provided.

PROGRAMS - GRADUATE

Master of Business Administration
The purpose of the MBA program at Georgia Southern University is to prepare men and women for careers in business and non-profit organizations in an increasingly complex and changing world. It emphasizes the fundamental knowledge and skills underlying modern administration and management, and applies these with emphasis upon the area of managerial and executive decision-making.

Georgia Southern University has offered the Master of Business Administration degree since 1969 with graduates going on to pursue successful careers in banking and finance, marketing, manufacturing, and international organizations. The MBA program is flexible enough to accommodate part-time students. Classes are moderate in size to create an optimal environment for effective learning and thought-provoking discussions.

Master of Accounting
The Master of Accounting (MAcc) program focuses on the knowledge and skills students need for careers in public accounting. The curriculum includes 18 hours of accounting and 12 hours of electives designed to allow students to customize their program of study to fit their personal career objectives. The Georgia Southern University MAcc program meets Georgia’s 150-hour requirement for certification as a CPA, can be completed in one year, and may be partially financed with the HOPE scholarship. The MAcc Forensic Accounting Concentration is designed to provide the advanced knowledge, skills, and abilities needed to investigate asset theft and financial statement fraud, to design internal control systems that detect and/or prevent fraud, and to provide litigation support services such as expert witness testimony in court. Please refer to the graduate section of the catalog for a detailed description of the program.

Master of Science in Applied Economics
The Master of Science in Applied Economics (MSAE) will be offer exclusively online (Regents approval pending) The program’s objective is to provide graduates with analytical capabilities in economic development, financial economics, and regulatory issues. The program provides the quantitative and analytical skills for graduates to assist businesses in market analysis including: quantitative, regulatory, and economic development. Graduates will be able to compete for employment in financial institutions, industry, and government enterprises engaged in financial economic development, public utilities and federal and state regulatory agencies.

ADVISEMENT

Undergraduate
Academic advisement for all pre-business majors is managed by the College of Business Administration Student Services Center. Location: Room 1100, College of Business Administration Telephone: (912) 478-0085

Upper division Bachelor of Business Administration students are assigned a faculty advisor in the student’s major area.

Graduate
Academic advisement for Master of Business Administration students occurs in the Graduate Studies Office in the College of Business Administration.
Location: Room 1133, College of Business Administration Telephone: (912) 478-5767

Academic advisement for Master of Accounting students occurs in the School of Accountancy Office in the College of Business Administration.
Location: Room 2203, College of Business Administration Telephone: (912) 478-2228

Academic advisement for Master of Science in Applied Economics students occurs in the School of Economic Development Office in the College of Business Administration.
Location: Room 3310, College of Business Administration Telephone: (912) 478-5216

EXPERIENTIAL LEARNING OPPORTUNITIES

Internships
Internship opportunities are available through all departments and schools in the College of Business Administration. Internships are supervised work-study programs, designed to allow upper division students an opportunity to receive practical experience in their chosen field of study. Prerequisites include junior standing, a review of academic qualifications, and approval of supervising instructor and department chair. Students should consult with their academic advisors or the College of Business Administration Student Program Manager (Room 1101) for further information.

Cooperative Education
Co-ops allow students the opportunity to gain work experience related to their academic major while earning a salary. To participate in a cooperative education opportunity, a student must have completed at least 30 semester hours of instruction, have a grade point average of at least 2.5, and be willing to participate in a minimum of two alternating co-op work semesters. Work responsibilities and salaries are determined by the employer. Co-op students register for the designated Cooperative Education section. This is a non-credit course.

B.B.A. Specific Requirements
• Students seeking credit for COBA courses via proficiency examination will be allowed only one opportunity to do so and must score a minimum grade of “C” to obtain credit.
• Students with a declared major other than BBA, “Pre-Business,” “Pre-Information Systems” or “Undeclared” may enroll in upper division courses offered by COBA subject to completion of any course prerequisites or permission of the department chair responsible for the course.
• Students classified as “Pre-Business,” “Pre-Information Systems” or “Undeclared” may not enroll in any upper division courses offered by COBA.
• In order to change from “Pre-Business” or “Pre-Information Systems” to “BBA” status, a student must (1) complete each of the following nine courses with a minimum grade of “C” and (2) earn an adjusted GPA of 2.5 or better on these nine courses.

ENGL 1101: Composition I
ENGL 1102: Composition II
MATH 1111: College Algebra
MATH 1232: Survey of Calculus
ECON 2105: Economics in a Global Society
ACCT 2101: Financial Accounting
BUS 1105: Introduction to Business
LSTD 2106: Legal Environment of Business
CISM 2530: Advanced Business Applications

- BBA majors enrolling in upper division business courses for the first time must have completed or be concurrently enrolled in ACCT 2102 and ECON 2106.
- BBA degrees require 24 semester hours of course work under the heading “Specific Requirements Beyond Areas A-F” and another 24 under the heading “Major Requirements” for a total of 48 hours of courses related to the major. In addition to University graduation requirements, at least half of this 48 hour total (i.e., 24 hours) must be taken at Georgia Southern for a BBA student to qualify for graduation.
- To qualify for graduation, BBA students must (1) make a minimum grade of “C” in all courses used to satisfy their “Major Requirements” and (2) make a minimum grade of “C” in ACCT 2102 and ECON 2106 as well as in the business core courses: BUSA 3131, BUSA 3132, BUSA 4131, FINC 3311, MGNT 3130, MGNT 3430, MKTG 3131, AND CISM 4130 or ACCT 4130 or CISM 4135.

SECONDARY OR P-12 EDUCATION CERTIFICATION
For those interested in Secondary Education (grades 6-12) certification with a BUSINESS degree:
Students who plan to seek teacher certification after completion of the B.A. program (Accounting, Finance, Information Systems, Logistics and Intermodal Transportation, Management, Marketing, or Regional Economic Development) may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet content requirements, the following courses must be completed as part of or in addition to your current program of study.
CSCI 1230 - Introduction to BASIC Programming (3)
GCM 1321 - Desktop Publishing (2)
GCM 1411 - Desktop Publishing Lab (1)
IT 1130 - Introduction to Information Technology (3)
WRIT 3230 - Writing in the Workplace (3)
The following education courses may also be taken as electives while enrolled in your bachelor's program:
Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
- ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
- SPED 3333 - Introduction to Special Education (3)
Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:
- BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR

- BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  - EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  - EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

FORENSIC ACCOUNTING PROGRAMS
The costs of corporate fraud and white-collar crime are estimated to exceed $1 trillion annually. The School of Accountancy administers an interdisciplinary minor in fraud examination and offers a forensic accounting concentration in its graduate accounting program. The fraud examination minor prepares students to become fraud investigators. Please refer to the Interdisciplinary Minor section of the university catalog for a complete listing of the courses included in the minor. Integrating accounting, law, auditing, and investigative skills, the graduate forensic accounting concentration prepares students to become forensic accountants. Forensic accountants, often referred to as the bloodhounds of accounting, are highly sought after by firms and organizations wishing to beef up their investigations and forensics practices. Please refer to the graduate section of the catalog for a detailed description of the Master of Accounting Forensic Accounting Concentration.

VISION
The College of Education will become a regional leader for the professional preparation and continuing development of reflective educators and other stakeholders by creating a transcultural community of public and private partnerships that will facilitate enriched opportunities for student learning.

MISSION
To achieve our vision, the College of Education will emphasize five major commitments that, together, define our mission and provide a clear pathway toward greatness.

A COMMITMENT TO ACADEMIC DISTINCTION IN UNDERGRADUATE AND GRADUATE EDUCATION:
Our first responsibility is to our students. We shall build upon our tradition of preparing exemplary professionals for work in schools. Our pursuit of academic distinction will be deliberate, decisive, and designed to cultivate a cadre of educated and thoughtful learners. We will provide a rigorous academic environment and a student-centered pedagogy that ensure high standards. We are committed to the integration of emerging technologies that enhance instructional delivery, program development, and student learning.

A COMMITMENT TO COLLABORATION:
We shall create, maintain, and refine focused and well-chosen external collaborations. Successful change requires us to engage in sustained long-term relationships that will link the College of Education, schools, and community agencies as sources for ideas, support, and assistance. Alliances with P-12 colleagues through partner school and professional development school initiatives and further linkages with our regional community through campus and community internships and additional collaborations will be key attributes of our learning paradigm. Collaboration among all Georgia Southern University Colleges will be invited, sustained, and nurtured. We will be the initiators who develop a collaborative culture that really works.

A COMMITMENT TO DIVERSITY:
It is imperative that we prepare our students for work in diverse settings from classrooms to clinics and from computer labs to community agencies. It is essential for the College of Education to ensure that embracing diversity in its many dimensions becomes an important theme undergirding and informing our programs. All of our graduates must function successfully in communities that are characterized by racial, cultural, class, and ability differences and that are challenged by expanding and emerging technology and large shifts in population. We shall continue to define, devise, and develop ways to achieve greater diversity in undergraduate, graduate and terminal degree programs through recruitment, admission, and retention policies that are sensitive to the differences, needs, and strengths of our students and the communities they represent. We shall, congruent with the vision and mission of the University, continue to engage in affirmative recruitment and retention of women and minorities among our faculty and staff.

A COMMITMENT TO PROFESSIONAL DEVELOPMENT:
We shall continue to initiate and sustain opportunities for faculty to grow professionally and to become more expert so that their influence in theory and practice is enhanced. Programs that create a context for collaboration and reduce the artificial boundaries of program and department will be maintained, refined, and valued. We are committed to refining our processes and protocols to ensure that service and scholarship are respected and rewarded. We shall continue to promote faculty competence in using and encouraging technology, and we shall continue to refine and develop strategies to encourage and provide incentives for positive change.

A COMMITMENT TO REGIONAL SERVICE:
We shall develop practical strategies that meet the challenge of being a truly regional College of Education by carefully selecting programs that promote contemporary practices and emergent technologies for meeting the needs of stakeholders across our entire area of service. We shall also have clearly defined strategies and well articulated priorities for expanding our service and our influence. Instructional opportunities in new sites are important elements of our regional orientation and have clear and significant implications for faculty recruitment, strategic planning and enrollment management. These realities require that we be focused and united in our approaches to managing our resources and serving the needs of our region.

Conceptual Framework
Part I: Beliefs and Commitments

The College of Education assumes leadership for the preparation and continuing development of teacher candidates and other professional school personnel in collaboration with other colleges on campus, public schools, and related educational agencies. Further, we believe in the inclusive nature of the term educator as it refers to candidates in all programs of the College of Education who work in schools or other educational agencies. We
understand our work affects both our candidates and the individuals (including students) with whom they work. Toward that end, our conceptual framework extends beyond the traditional boundaries of the College to form a professional community. The Teacher Education Committee (TEC), which includes representatives from the College of Education, other colleges on campus, public schools, and related agencies, provides a forum for coordinating these efforts.

Georgia Southern University’s College of Education has adopted Reflective Educators for Diverse Learners as the theme for its conceptual framework. This theme reflects and extends the mission of Georgia Southern University, which is “rooted in South Georgia, a largely rural region. Our hallmark is a comprehensive university experience that promotes student growth and success through creative strategies for using technology, enhancing learning, and connecting all we do to those around us.” The College of Education’s professional community frames its work on the commitments described below. Embedding these commitments in the competencies in all programs ensures coherence among curriculum, instruction, field experiences, clinical practice, and assessment across a candidate’s program.

C.1 Commitment to the Knowledge, Skills and Dispositions of the Profession – We believe that it is of primary importance for our candidates to possess adequate knowledge of the subject matter they plan to teach, including a thorough understanding of the central concepts, tools of inquiry, and structures of their fields as delineated in professional, state and institutional standards. These standards provide the framework for the College of Education unit assessment system and for each program’s ongoing assessment and revision efforts. We believe that candidates must be knowledgeable about learning theories and related methodologies, the application of emerging technologies, and the influence of human growth and development on the educational process, coupled with a strong subject-matter knowledge base grounded on a firm ethical foundation. Educators must have the ability and the knowledge to create and evaluate personal guidelines for decision making in a professional context. We believe that by presenting a strong research base and linking it with practice we will facilitate the growth of our candidates as informed and reflective practitioners. Collaboration across academic fields prepares our candidates to support and promote positive change. Indeed, we believe that it is of outmost importance that our candidates work with change both proactively and reactively and recognize its implications on the future of individuals and groups with which they work. This represents the wide spectrum of educational activities in the College of Education and recognizes the dynamic nature of the work environments in which our candidates are or will be engaged.

C.2 Commitment to Diversity - We believe in the necessity of a strong historical understanding of one’s profession and the willingness to view knowledge as a personal construction affected by one’s cultural beliefs. We believe that educators must also recognize their responsibilities to, and the rights and needs of, all students. We believe educators must be able to enhance students’ learning by addressing diverse learning styles and abilities and taking into account each individual’s physical, cognitive, emotional, and social development. We believe that our candidates must understand the interrelatedness of individuals, small groups, and society, both locally and globally. Educators must be active in working with issues of culture, diversity, and equity; understand the political nature of education; and have the skills to effect change. Educators must be cognizant of the ideological, economic, and special interest pressures exerted on the institution of education at all levels. We believe educators must be able to enhance communication among all users of education in the school, community, home, and industry. We believe that educators must understand how human emotions interact with the education process, both in terms of the student and the educator. Educators must understand how personal perceptions of self, work, and professional relationships affect the daily decision-making process. Educators must be sensitive to prejudice and the effect it has on educational environments. Toward that end, diversity is an integral component of the mission of Georgia Southern University. Our candidate’s field experiences, clinical practice, and assessment have been designed to ensure that candidate experiences reflect the diversity of south Georgia.

C.3 Commitment to Technology - We believe that candidates must recognize the critical role of technology in all facets of the educational process thus we provide all candidates with experiences that allow exploration of a broad range of technologies. To that end, initial and advanced teacher education candidates integrate technology and other multimedia resources to maximize learning opportunities for all students. Candidates in fields preparing other school personnel collect and analyze data related to their work, reflect on their practice and use research and technology to support and improve student learning environments. The College of Education has implemented a technology-based assessment system that continuously gathers data at the unit and program levels. Through data analysis, the College of Education’s professional community ensures that candidates meet technology-related professional and state standards. Use of the technology-based assessment system by individual candidates facilitates the process of self-reflection and analysis.

C.4 Commitment to the Practice of Continuous Reflection and Assessment - We believe that reflective educators continually engage in self-assessment and assessment of student learning. As part of this process, candidates who work directly with students are provided with opportunities to accurately monitor, assess and analyze student learning, and make appropriate adjustments to instruction. Other professional school personnel candidates critique and are able to reflect on their work within the context of student learning. We believe that reflective educators evaluate the results of past actions and use the information to anticipate or plan for the future. They have the ability to define and frame a problem, to consider reasoned courses of action, to act, and, finally, to reflect on the appropriateness of their actions. We strive to develop in all our candidates both an awareness of their surroundings and the consequences of their actions, with the belief they will foster the same in the individuals with whom they work.

Reflective Educators for Diverse Learners considers all learners and represents a vision of professional practice for the entire College of Education professional community. To that end, our conceptual framework demonstrates that we believe all educators must acknowledge the multifaceted nature of their work and engage in practice that reflects a commitment to the knowledge, skills and dispositions of the profession; diversity; technology; and the practice of continuous reflection and assessment.
The purpose of our conceptual framework document is to capture and clearly convey to our candidates, school partners and other stakeholders what we believe to be the purpose and content of educator preparation. We want to emphasize that these beliefs are also commitments we desire to instill in our candidates. With this as a goal, our conceptual framework document is presented in two sections. Part I contains our belief statements expressed as “Four Commitments” and Part II contains the bibliographic support for each commitment. It includes a mixture of foundational literature and literature that is currently used by faculty in course bibliographies or as required textbooks. This literature underpins our beliefs and the Four Commitments across all programs in the College of Education. The Conceptual Framework Bibliography is a dynamic document that is maintained on our COE Web site.

**STRUCTURE**

The College of Education is organized into three academic departments:

The **Department of Teaching and Learning** offers undergraduate teacher preparation programs in early childhood education (grades P-5); middle grades education (grades 4-8); special education (P-12); family and consumer sciences (grades 6-12); and the P-12 teaching field in health and physical education. The Master of Arts in Teaching (M.A.T.) program offers secondary and P-12 teacher preparation in the fields of art, biology, business, chemistry, English, history, geography, mathematics, physics, political science, and Spanish, as well as middle grades and special education. Master of Education (M.Ed.) programs offer advanced preparation in accomplished teaching, in art education, and in teaching and learning with concentrations in early childhood education; instructional improvement; middle grades education; special education; secondary education in the fields of science, social science, English, mathematics, technology, and business; and P-12 teaching fields in French and Spanish education. The department also offers an Education Specialist (Ed.S.) degree in Teaching and Learning. In addition to degree programs, the department offers endorsements in Early Childhood Math and English for Speakers of Other Languages (ESOL). The programs are based upon the concept of developmentally appropriate practices and value of diverse, intensive field experiences in a range of grade levels and school settings.

Ronnie Sheppard, Chair

Professors: C. Alexander, J. Rakestraw, M. Schriver, R. Sheppard, S. Trimble

Associate Professors: C. Brewton, G. Chamblee, S. Franks, L. Gilpin, A. Heaston, S. Kenney, M. LaMontagne, J. Robbins, D. Thomas

Assistant Professors: S. Beck, M. Bennett, Y. Bodur, C. Draper, K. Harris, H. Lu, J. Maudlin, B. McKenna, M. Reidel, D. Sparkman, D. Weems, K. Zgonc

The **Department of Leadership, Technology and Human Development** offers a broad range of programs that provide school/system-wide and student-oriented support services for traditional and alternative settings. A diverse selection of graduate programs prepare school and community agency personnel in the areas of school and community counselor education, higher education student services, educational leadership, higher education administration, instructional technology, and school psychology. A doctoral degree program in educational administration is also offered by this department.

Randal D. Carlson, Chair

Professors: J. Bergin, R. Carlson, K. Clark, E. Downs, J. Green, J. Repman, L. Spencer

Associate Professors: M. Jackson, F. Parks

The **Department of Curriculum, Foundations, and Reading** provides a service function to all other programs in the College. Undergraduate and graduate level courses are offered in the areas of educational foundations, educational psychology, curriculum theory and development, reading education, and educational research. A master’s degree program in reading education and a doctoral degree program in curriculum studies are offered by this department.

Cordelia Zinskie, Chair

Associate Professors: W. Chambers, B. Griffin, M. He, M. Morris, K. Ritschol

Assistant Professor: J. Avila, D. Chapman, E. Edwards, R. Lake, A. Marshall, M. Williams-Johnson

The College of Education also has a variety of centers and offices that provide specific services to its students, faculty, and public schools:

Within the **Office of Undergraduate Teacher Education and Accreditation**, the Associate Dean coordinates all activities related to undergraduate education; Title II and BOR reporting; NCATE/PSC accreditation; College of Education Unit and program assessment; NNER membership; and Teacher Education Committee activities. The Director of Field Experiences and Partnerships facilitates undergraduate field experiences and coordinates student teaching and the Partnership Council including Clinical Associates, Clinical Supervisors, Partner Schools, the Professional Development District, and International Learning Community exchanges in collaboration with the various departments, public schools and international partners. Contact information for the Director of Field Experiences and Partnerships is Ms. Patricia A. Parsons, pparsons@georgiasouthern.edu, (912) 478-0499.

The **Office of Graduate Education, Research, Sponsored Programs and Development** coordinates graduate admissions and program offerings as well as research and grant activity for the College in collaboration with the various departments, campus offices, and school systems. This office also facilitates development, alumni and other external relations activities.

The **Center for International Schooling** coordinates the activities of the **International Learning Community (ILC)**. Through the ILC, Georgia Southern University and the United Kingdom universities of Derby, East London, Cambridge, Sheffield Hallam, and Oxford Brookes focus on the goal of improved teaching and learning from pre-school through graduate education. The ILC facilitates the sharing of research and best practice through partnerships and also the exchanges of students, school and university faculty, and school and university researchers.
The Coastal Area Teacher Education Service (CATES) promotes the continuing education and professional development of teachers and other educators in school systems in the southeast area of Georgia. CATES assists in the scheduling of off-campus graduate education courses, publicizes those courses, and assists off-campus graduate education students during registration.

The College of Education Student Success Center (SSC) is responsible for the advisement of all undergraduate education majors. The Director of the SSC and Certification Officer serves as a liaison between the College and the Georgia Professional Standards Commission dealing with certification matters. The Director evaluates student transcripts to determine course needs for acquiring initial or additional certification fields and makes the College’s recommendations for certification.

The Georgia Center for Educational Renewal conducts research and identifies its applications to practice for education renewal and/or reform in P-16 schools. It also focuses on educator preparation to facilitate improved teaching and learning in schools, especially for under-served populations. The Center is committed to closing the gaps between research and practice, the university and the schools and in the achievement of minority/majority students. It facilitates the activities of the National Network for Educational Renewal (NNER), the Center for International Schooling, and the Center for Educational Leadership and Service.

The Instructional Resources Center (IRC) provides computer laboratories, portable multimedia equipment, a variety of material resources and equipment for students and faculty. The IRC also provides technical and instructional assistance to College of Education faculty, staff, and students.

**PROGRAMS**

The College of Education offers undergraduate and graduate programs to prepare its students for work in public education, in community agencies, and in higher education. Programs are developed in collaboration with departments across the campus and with professionals in the field of education. Each program has been approved by the Georgia Professional Standards Commission, the National Council for Accreditation of Teacher Education, and the Southern Association of Colleges and Schools.

**Programs - Undergraduate**

- Early Childhood Education - B.S.Ed.
- Health and Physical Education - B.S.Ed.
- Music Education - B.M. (Teacher preparation program offered by the Department of Music with certification through the College of Education)
- Middle Grades Education - B.S.Ed.
- Family and Consumer Sciences - B.S.Ed.
- Special Education (Interrelated/Mild) - B.S.Ed

**Programs - Graduate**

- Accomplished Teaching - M.Ed.
- Counselor Education - M.Ed., Ed.S.
- Community Counseling
- School Counseling
- Student Services in Higher Education
- Curriculum Studies - Ed.D.
- Curriculum Studies
- Teaching and Learning
- Educational Administration - Ed.D.
- Higher Education Administration
- P-12 Administration
- Teacher Leadership
- Educational Leadership - M.Ed., Ed.S.
- Higher Education Administration - M.Ed.
- Instructional Technology - M.Ed.
- Master of Arts in Teaching - M.A.T.
- Middle Grades Education
- P-12 Education with Concentrations in Art Education and Spanish Education
- Secondary Education with Concentrations in Business Education, English Education, Mathematics Education, Science Education, and Social Science Education
- Special Education
- Reading Education - M.Ed.
- School Psychology - M.Ed., Ed.S.
- Teaching and Learning - M.Ed.
- Early Childhood Education
- Instructional Improvement
- Middle Grades Education
- P-12 Education with Concentrations in Foreign Language (French or Spanish)
- Secondary Education with Concentrations in Business Education, English Education, Mathematics Education, Social Science Education, Science Education, or Technology Education
- Special Education
- Moderate-Severe Disabilities - Adaptive Curriculum
- Mild Disabilities - General Curriculum

**Teacher Education Program**

Undergraduate students and those seeking initial certification as non-degree/M.A.T. students must meet admission requirements for the Teacher Education Program. Criteria for retention in the program must also be met, as well as specific program requirements and Student Teaching/Internship requirements. Candidate progress is monitored by program faculty and advisors to ensure that candidates are satisfactorily meeting program outcomes.

**ADVISEMNT**

**Undergraduate:** Education majors are assigned to a professional advisor in the Student Success Center in the College of Education for program planning and course scheduling. Since the College’s programs are developed to enable students to meet the certification requirements of the Georgia Professional Standards Commission, it is critical that students meet with their advisors to plan their programs of study. All students must complete the Core Curriculum; however, in order to meet the requirements of the teaching field, professional education, and certification, it is advisable for students to declare an intent to major in education before the second semester of the sophomore year. Prior to admission into the Teacher Education Program, students are designated as Pre-Education majors. For additional information or questions, contact Christina Thompson at (912) 478-0698 or cjhomp@georgiasouthern.edu.

**Graduate:** Graduate students in M.A.T., M.Ed., Ed.S., and Ed.D. programs are assigned to faculty advisors. Advisement takes place in the advisor’s office or by telephone, mail or e-mail, as appropriate. Since the College’s programs are developed to enable students to meet the certification requirements of the Georgia Professional Standards Commission, it is critical that
students meet with their advisors to plan their programs of study before the completion of 12 semester hours. Students should also consult their graduate advisor for information on any exit comprehensive assessment (if required) for the M.Ed. or Ed.S. program. Note: If seeking initial teaching certification as a non-degree or a M.A.T. candidate, a transcript evaluation should be completed by the College’s Student Success Center. Once transcripts are evaluated, a faculty advisor will be assigned.

**B.S.ED. DEGREE REQUIREMENTS**

General requirements for the B.S.Ed. degree include fulfillment of the Core Curriculum, a minimum of 60 semester hours at the junior/senior level in the teaching field and professional education course work, including 3 semester hours in electives, and 6 semester hours in orientation and health and physical education. At least half of the courses required in the teaching field must be taken at this institution. Correspondence and extension credits may not be used to satisfy professional education and content requirements. In addition to these requirements, students pursuing a B.S.Ed. degree are required to be admitted to the Teacher Education Program.

**ADMISSION INTO THE TEACHER EDUCATION PROGRAM**

Admission to the Teacher Education Program (TEP) is required for those students wishing to pursue a degree in any of the education undergraduate programs or in the M.A.T. degree or related non-degree program that leads to initial teacher certification. Undergraduate students must be admitted into the Teacher Education Program as a prerequisite for enrollment in junior/senior level education courses. Students must make formal application for admission into the Teacher Education Program which includes a TEP admissions folio review process. For undergraduates, the folio review process occurs during enrollment in the Pre-Professional Block (PPB), a set of three three-credit hour courses, which include field experiences totaling 50 clock hours, taken concurrently during the second semester of the sophomore year. A similar folio review process is required for M.A.T. or non-degree certification students. For transfer undergraduate students, an alternative folio review process is required. A decision is made by a TEP admissions review committee at the end of the term. During the PPB semester for undergraduate students or during Step One for graduate students, students begin using a data management system. This system supports the monitoring and assessment of students’ progress through the TEP.

In order to be admitted into the Teacher Education Program (TEP), an undergraduate student must have:

1. A cumulative GPA of 2.50 or better on all Georgia Southern course work as well as any transfer and transient hours which have been accepted by Georgia Southern. Those students who hold a B.A. or B.S. degree must have a minimum cumulative GPA of 2.50 on all coursework.
2. Earned a minimum of 50 semester credit hours in Core Curriculum courses including Area F Professional Education Block courses.
3. Completed Area A and Area F course work (including the Pre-Professional Block) with a minimum grade of “C” and an adjusted GPA of 2.75 or better in both areas combined.
4. Successfully completed the Regents Testing Program.
5. Successfully completed the GACE Basic Skills Assessment examination or be exempted by SAT/ACT/GRE scores.
6. Successfully completed the Pre-Professional Block TEP Admissions Folio Review.
7. Passing evaluation on Area F field experience rubrics. Any student who does not successfully complete the field component of the Area F courses may apply through the Undergraduate Teacher Education Office to attempt this field experience again. This field experience will be repeatable as field placements are available and must be completed successfully within three attempts, including the original attempt.
8. Successful completion of writing sample and interview, if applicable (see Transfer Student Plan available from the College of Education’s Student Success Center.)
9. Proof of liability insurance.
10. Completed a criminal background check.

In order to be admitted into the Teacher Education Program (TEP), a graduate student must have:

1. A minimum cumulative GPA of 2.50 or better on all previously attempted coursework.
2. A total adjusted GPA of 2.75 or higher on all teaching field course work.
3. Completed English composition and college algebra courses (or equivalents) with a minimum grade of “C.”
4. Successfully completed the GACE Basic Skills Assessment examination or be exempted by SAT/ACT/GRE scores.
5. Successfully completed the appropriate GACE Content Assessment examination.
6. Successfully completed the TEP Admissions Folio Review during Step One of the program.
7. Passing evaluation on TEP Admissions field experience rubrics during Step One of the program. Any student who does not successfully complete the field component of the required course(s) may apply through the COE graduate studies office to attempt this field experience again. This field experience will be repeatable as field placements are available and must be completed successfully within three attempts, including the original attempt.
8. Successful completion of writing sample and interview, if applicable (see Transfer Student Plan available from the College of Education’s Student Success Center.)
9. Proof of liability insurance.
10. Completed a criminal background check (unless the applicant holds certification in Georgia or can provide documentation that verifies employment in a school system or other educational/community agency and that a criminal background check was conducted as part of that employment.)

All of the following requirements must be met for retention in the Teacher Education Program:

1. Students must maintain an overall cumulative GPA of 2.50 or better.
2. Students must maintain a total adjusted GPA of 2.75 or better on all professional education and all teaching field course work.
3. Students must successfully complete all field experiences.
4. Students must not have been found in violation of the Georgia Southern Student Conduct Code. Reviews will be made on a case-by-case basis based on the seriousness of the violation and with regard to consistency.
5. Students must not have violated the Georgia Professional Practices Commission’s Code of Ethics for Professional Educators. Students are provided a copy upon admission and must sign a statement agreeing to abide by this Code of Ethics upon admission into TEP.
6. Students must be making satisfactory progress toward meeting program objectives. Programs will be responsible for monitoring student progress and providing guidance to students who may be having difficulty meeting retention requirements.
7. Students must maintain liability insurance.

ADMISSION TO STUDENT TEACHING/INTERNSHIP
In the Teacher Education Program, Student Teaching is required in all teacher preparation programs at the undergraduate level and either Student Teaching or Internship at the graduate level. In order to participate in the Student Teaching/Internship program, a student must:
1. Meet all admission and retention requirements for the Teacher Education Program.
2. Have earned an overall cumulative GPA of 2.50 or higher on all college course work attempted.
3. Make application to Student Teaching or Internship no later than one semester prior to the school year in which registration for the course occurs.
4. Meet admission requirements for Student Teaching/Internship no later than one semester prior to enrollment for the course.
5. Have met the College and departmental prerequisites for majoring in the field.
6. Have a disciplinary record clear of any actions which might be a detriment to successful performance in the classroom.
7. Possess mental, emotional, and physical health compatible with the expectations of the profession.
8. Participate in the orientation activities for Student Teaching/Internship.
9. Complete the professional education program and courses in the teaching field with a minimum grade of “C” and a total adjusted GPA of 2.75 or better.
10. For undergraduate programs, take the GACE Content Assessment examination.
11. Complete a criminal background check (unless the applicant holds certification in Georgia or can provide documentation that verifies employment in a school system or other educational/community agency and that a criminal background check was conducted as part of that employment.)

STUDENT TEACHING/INTERNSHIP PLACEMENTS
All student teachers/interns are placed within a 60-mile radius of the Georgia Southern campus. School systems in this area are in the counties of Appling, Bryan, Bulloch, Burke, Candler, Chatham, Effingham, Emanuel, Evans, Jefferson, Jenkins, Liberty, Long, Screven, Tattnall, Toombs, Vidalia City and Wayne.

Under the auspices of the International Learning Community, student teaching exchanges within the United Kingdom may be available. Information regarding this exchange can be obtained from the Office of Undergraduate Teacher Education.

INTERNSHIPS
Some graduate programs (in addition to initial teacher certification programs) require extensive field experience through internships as a program requirement. The student’s faculty advisor arranges the internship in cooperation with the student and local school systems/ agencies. For students enrolled in an initial teacher certification program at the graduate or undergraduate level, application for internships must be submitted to the Department of Teaching and Learning. Students who are required to participate in internships or other field experiences as part of their graduate program are required to complete a criminal background check on admission to the program and before commencing the internship unless the student is a certified teacher in Georgia or can provide documentation that verifies employment in a school system or other educational/community agency and that a criminal background check was conducted as part of that employment. Students will not be required to undergo a criminal background check more than once every two years.

TEACHING CERTIFICATES
The programs offered by the College of Education at the undergraduate and graduate levels are designed to prepare teachers and other school personnel for certification in the state of Georgia. Types of certificates include the Georgia Level Four (bachelors degree), Five (masters degree), Six (education specialist degree), and Seven (doctoral degree) certificates. The College of Education, in accordance with the Georgia Professional Standards Commission, provides courses for individuals who wish to reinstate expired certificates, add fields, and update certificates. For individuals who hold a bachelor’s degree, initial teaching certification may be obtained through the Master of Arts in Teaching (M.A.T.) program or similar non-degree graduate programs of study, except for the fields of Early Childhood Education (grades P-5), Health and Physical Education (grades P-12), Music Education (grades P-12), or Family and Consumer Sciences (grades 6-12) which must be completed at the undergraduate level.

All graduates of the University who plan to teach in Georgia must file an application for a teaching certificate. Students enrolled in Student Teaching are given an opportunity to make application at a prescribed time. All candidates for a teaching certificate must pass the Georgia teacher certification test (GACE Content Assessment) in the appropriate field, must have transcripts reviewed by the Director of the SSC and Certification Officer, and be recommended to the Georgia Professional Standards Commission for certification. Forms for this purpose are available online at www.gapsc.com and can be turned in at the College of Education Student Success Center, COE Building, room 1107.

ALTERNATIVE TEACHER CERTIFICATION PROCESS AND PROCEDURES
The College of Education offers the Master of Arts in Teaching (M.A.T.) degree or a similar graduate non-degree program option for those who hold bachelor’s degrees in a related teaching field. The M.A.T. and non-degree options are available for those in Middle Grades Education, Special Education, and Secondary and P-12 education fields (art, biology, business, chemistry, English, history, geography, mathematics, physics, political science, and
Spanish). Those who hold a bachelor’s degree and are interested in Early Childhood Education, Health and Physical Education, Music Education, or Family and Consumer Sciences certification must complete program requirements at the undergraduate level. For each of these options, students must have their transcripts evaluated by the Georgia Southern University’s Certification Officer and they must meet all Teacher Education Program (TEP) admission and retention requirements, including an overall GPA of 2.50 or higher over all college course work attempted. If a graduate degree is sought, all admission requirements for the graduate program must also be met and admission granted prior to entering Step Two of the program. See College of Education’s graduate section of this catalog for further information on these program options.

Candidates in an alternative certification program (degree or non-degree) must be admitted to the Teacher Education Program (TEP) by the end of Step One, prior to enrolling in Step Two of the program of study. For non-degree candidates who seek to enter the M.A.T. program, GRE or MAT test scores must be submitted and admission granted into the M.A.T. degree program before enrolling in Step Two. Any M.A.T. program application submitted by a candidate who is enrolled under non-degree status will not be considered for admission once the candidate enrolls in Step Two courses.

Prospective students should contact the College of Education Student Success Center with questions and go to http://coe.georgiasouthern.edu for an Application for Evaluation for Initial Teacher Certification. The completed application should be submitted along with transcripts and payment of the required fee ($25.00 for the first evaluation and $10.00 for each additional field requested). Allow at least two weeks for the evaluation process to be completed. Evaluations will be mailed to the applicant upon completion.

All applicants are expected to meet the criteria for admission to the Teacher Education Program. Further requirements for alternative certification students are outlined in the Application for Admission packet which is mailed out with each completed evaluation.

Advisement for students pursuing the certification-only option is provided in the College of Education Student Success Center. Candidates for the M.A.T. program are advised by graduate program faculty assigned at the time of admission.

For further information about alternative certification programs and the transcript evaluation process, please contact:

ADVICEMENT: Each student in Early Childhood Education is assigned to an advisor in the College of Education Student Success Center for program planning and course scheduling. Telephone: (912) 478-0698. E-Mail: cjthomp@georgiasouthern.edu

PROGRAM ADMISSION CRITERIA: See B.S.Ed. Degree Requirements

- Must be admitted into the Teacher Education Program

OTHER PROGRAM REQUIREMENTS:

- Must meet all requirements for retention in the Teacher Education Program
- Must earn a minimum grade of “C” on all courses in Area F of the Core, the teaching field, and professional education, a total institution GPA of 2.75 or better in this course work, and maintenance of overall cumulative GPA of 2.50 or better
- Must successfully complete all field experiences
- Must take courses sequentially according to Area
- Courses in Area F must be taken prior to admission into the Teacher Education Program
- Early Childhood Curriculum is a prerequisite to courses in Professional Education
- Take only one practicum course per semester
- Must meet requirements for admission to Student Teaching, including taking the Georgia teacher certification test, GACE Content Assessment
- Must successfully complete assessments identified at each program transition point

## Courses Appropriate to Major

### Professional Block
- EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
- EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
- EDUC 2130 - Exploring Learning and Teaching (3)

### Other courses for the major:
Select 6 hours in the primary concentration area (language arts, math, science or social studies) and 3 hours in the secondary concentration area (language arts, math reading, science, or social studies)

#### Language Arts:
- ENGL 2111 - World Literature I (3) OR ENGL 2112 - World Literature II (3)
- READ 2230 - Cognition and Language (3) (required for reading & language arts concentrations)

If language arts is the primary concentration and reading is the secondary concentration, select one of the following courses:
- ENGL 1230 - Reading Fiction (3)
- ENGL 1231 - Reading Drama (3)
- ENGL 2131 - Introduction to Literary Studies (3)
- COMM 1110 - Principles of Public Speaking (3)
- THEA 1100 - Theatre Appreciation (3)
- THEA 2333 - Fundamentals of Acting (3)

#### Math:
- Math 1112 - Trigonometry (3)
- MATH 2010 - Problem Solving for K-8 Teachers (3)

Reading (secondary concentration only):
- READ 2230 - Cognition and Language (3)

#### Social Studies:
- GEOG 1130 - World Regional Geography (3)
- HIST 1111 - World History I (3)

#### Science:
- ISCI 2001 - Life/Earth Science (3)
- ISCI 2002 - Physical Science (3)

</table>

#### Language Arts:
- ENGL 5135 - Teaching Literature to Middle and Secondary School Students (3) OR ENGL 5534 - Literature for Adolescents (3)
- LING/WRIT 3430 - Linguistics and Grammar for Teachers (3)
- READ 3330 - Content Literacy (3)
- WRIT 3131 - The Teaching of Writing (3)

#### Math:
- MATH 3032 - Foundations of Data Analysis and Geometry (3)
- MATH 5130 - Statistics and Probability for K-8 Teachers (3)
- MATH 5135 - Algebraic Connections for K-8 Teachers (3)
- MATH 5137 - Geometry for K-8 Teachers (3)
ENGL 5135 - Teaching Literature to Middle and Secondary School Students (3), ENGL 5534 - Literature for Adolescents (3), OR LING/WRT 3430 - Linguistics and Grammar for Teachers (3)
READ 3330 - Content Literacy (3)
READ 4131 - The Teaching of Reading (3)
READ 4233 - Literacy: Assessment and Instruction (3)

Science:
Select 12 hours from the following:
GEOG 3130 - Conservation (3) (only if GEOG 1530 has been completed)
GEOG 3330 - Weather & Climate (3)
GEOL 5230 - Earth Science (3)
*GEOL 5540 - Oceanography (4)
GEOL 5741 - Sea Turtle Conservation (3)
*OR 3000 level courses approved by the program
*GEOL 5540 - Only 3 hours apply to requirement for concentration

Social Studies:
HIST 4130 - Georgia History (3)
ANTH 3331 - Cultural Anthropology (3), GEOG 3530 - Cultural Geography (3), OR INTS 3130 - Contemporary World Culture (3)

Elective.................................................................................................................................3 Hours

VISION

The College of Health and Human Sciences (CHHS) will be recognized as a national model for comprehensive, distinctive, and innovative programs that enhance the health and quality of life for individuals, families, and communities through teaching, scholarship, and service.

MISSION

CHHS is composed of three academic units: The Department of Hospitality, Tourism, Family and Consumer Sciences; the Department of Health and Kinesiology; and the School of Nursing. In addition, the college also houses the Child Development Center, and the Magnolia Coastlands Area Health Education Center. This blend of disciplines is conjoined to provide unique educational opportunities, creative and contemporary scholarship, and socially responsive service activities.

CHHS prepares students through traditional classroom as well as nontraditional learning environments to assume careers in professions that promote the health and quality of life for individuals, families, and communities. Students are provided with “hands on” experience that extends learning beyond the classroom through internships, clinical and service learning experiences, practica, and field experiences, placing them “in touch” with the profession, with faculty and students, with the latest technology, and with global issues.

CHHS is distinguished by: Excellence in teaching

• Nationally accredited and recognized programs of instruction/curricula
• Student preparation that extends beyond the classroom through service learning, practica, internships, and clinical experience
• Outstanding and caring faculty who are committed to preparing and mentoring future professionals
• A commitment to creative and innovative scholarship
• Involvement in service opportunities that benefit the community
• Technologically rich environment
• A culture that embraces positive, professional, and collaborative interactions

• A collaborative decision making environment that embraces shared governance

CHHS expects students to develop into professionals who are:

• Aesthetically responsive
• Creative problem solvers
• Strong analytical thinkers
• Effective leaders
• Global visionaries
• Skilled communicators
• Technological integrators
• Value-based decision makers
• Ethical citizens

CHHS Values and Guiding Principles

As A College We Value:

• Achievement
• Collegiality
• Community Outreach
• Concern for Others
• Diversity
• Fun and Enjoyment
• Health and Activity
• Humility
• Interdependence
• Responsibility

CHHS Guiding Principles for Decision Making:

• Accountability
• Centrality
• Civility
• Comparative Advantage
• Involvement/Collaboration
• Quality
• Veracity
• Viability

CHHS Guiding Principles for Actions:

• Collaboration
• Grace
• Honesty
• Integrity
• Optimism
• Passion
• Pro-Activity
• Professionalism
• Respect
• Wisdom

STRUCTURE

Department of Hospitality, Tourism, Family and Consumer Sciences

Henry Eisenhart, Chair
Professors: J. Beasley, D. Cone, H. Eisenhart
Associate Professors: J. Bigley, W. Burden, J. Dilworth, L. Furr, A. Hall, J. Kropp, T. Lachowitz, V. Richards, M. Rouse-Arnott, L. Stalcup, S. Todd
Instructors: C. Edenfield, S. Minton
Laboratory Teachers: N. Brown, T. Lee, E. Staples, R. Waters
Department of Health and Kinesiology
Barry Joyner, Chair
Professors: B. Joyner, F. Whitt, D. Zwol
Instructors: R. Black, A. Hansen, E. Jordan, S. Richie,
Adjunct Faculty: E. Ellis
Lecturer: K. Pruitt

School of Nursing
Jean Bartels, Chair
Professors: J. Alberto, J. Bartels, D. Hodnicki, E. Marshall, C. Reavis
Associate Professors: S. Houston, M. Tabi, B. Talley, D. Wood
Instructors: A. Anumolu, B. Butler, C. Dubert, D. Moore, R. Scott, L. Upchurch, J. Watkins

CHHS Student Services Center
Deborah Kittrell-Mikell, Coordinator
R. Baker, Academic Advisor
V. Jones, Academic Advisor
P. Smith, Academic Advisor

Magnolia Coastlands AHEC - in Partnership with the College of Health and Human Sciences and housed in the Center for Health Outreach
M. Pung, Director
J. Edenfield, Preceptor Coordinator
B. Kundu, Health Careers Coordinator
K. Bledsoe, SCRUBS Recruiter
S. Deninger, Outreach Librarian
R. Harry, Data Coordinator

PROGRAMS - UNDERGRADUATE
The following undergraduate degree programs and emphasis areas are offered by the academic units within the College:

Department of Hospitality, Tourism, Family and Consumer Sciences
Bachelor of Science
   - Major in Child and Family Development (NAEYC Accredited)
   - Major in Fashion Merchandising and Apparel Design
   - Major in Hotel and Restaurant Management
   - Major in Interior Design (CIDA and NASAD Accredited)
   - Major in Recreation (NRPA Accredited)
     Emphasis Areas: Tourism and Community Leisure Services, Therapeutic Recreation, and Natural and Cultural Resource Management
   - Major in Sport Management (NASPE/NASSM Accredited)
The Bachelor of Science in Education with a major in Family and Consumer Sciences is also supported by the department.

Department of Health and Kinesiology
Bachelor of Science in Kinesiology
   - Major in Exercise Science
   - Major in Sports Medicine - Athletic Training (CAATE Accredited)
Bachelor of Science in Health Science
   - Major in Community Health
   - Major in Health Behavior
Bachelor of Science, Major in Nutrition and Food Science
   - The Nutrition and Food Science program is a Didactic Program in Dietetics (DPD) initially accredited by the Commission on Accreditation for Dietetics Education (CADE), American Dietetics Association, 120 S. Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, 1-800-877-1600, http://www.eatright.org.
   - The Bachelor of Science in Education with a major in Health and Physical Education (NCATE Accredited) is also supported by the department. For students seeking a coaching certification, a Coaching Behavior option under the minor in Exercise Science is also offered.

School of Nursing (CCNE Accredited and GBON Approved)
The School of Nursing offers fully accredited programs leading to the B.S.N and M.S.N. Undergraduate options include Pre-Licensure B.S.N, L.P.N - B.S.N, R.N. - B.S.N. and R.N. - M.S.N. Graduate options within the M.S.N. program include a Nurse Practitioner major with tracks in Family Nurse Practitioner and Women’s Health Nurse Practitioner and a Clinical Nurse Specialist major with a track in Community Health Clinical Nurse Specialist. Post-Master certificate options in the aforementioned areas are also available. This unit also administers the B.S. in Medical Technology. The School of Nursing also offers the Doctor of Nursing Practice (DNP).

PROGRAMS - GRADUATE
The following graduate degree programs are offered by the academic units within the College:

Department of Hospitality, Tourism, Family and Consumer Sciences
   - Master of Science
     - Major in Recreation Administration
     - Master of Science
       - Major in Sport Management

Department of Health and Kinesiology
   - Master of Science
     - Major in Kinesiology
       - Emphasis Areas: Exercise Science (Exercise Physiology and Biomechanics), Sports Medicine - Athletic Training, Sport Psychology and Coaching (On-Line Program)
   - Master of Education
     - Major in Health and Physical Education

School of Nursing
   - Master of Science in Nursing
     - Major in Nurse Practitioner (NP)
       - Concentration: Family Nurse Practitioner (FNP)
       - Concentration: Women’s Health Nurse Practitioner (WHNP)
     - Major in Clinical Nurse Specialist (CNS)
       - Concentration: Community Health Clinical Nurse Specialist (CHCNS)
   - Post MSN Certificate in all MSN majors/concentrations
   - RN-MSN Program in all majors
   - Doctor of Nursing Practice (DNP)

ADVISEMEN'T
Undergraduate and Graduate
Undergraduate students in the College of Health and Human Sciences with less than 60 hours are advised in the Student
Services Center which is located in Room 0107 in the Hollis Building. Students with 60 hours or more are advised in the appropriate academic department. Pre-Nursing, Pre-Sports Medicine-Athletic Training, Pre-Recreation, Pre-Sport Management, Pre-Exercise Science, Pre-Community Health, Pre-Health Behavior, Pre-Interior Design, and Pre-Child and Family Development students will continue to be advised in the Student Services Center until they are formally admitted into their programs. Graduate Students are advised by their academic department/school.

**EXPERIENTIAL LEARNING OPPORTUNITIES**

Experiential Learning underpins most of the professional programs in the College of Health and Human Sciences. Nursing and Sports Medicine-Athletic Training majors spend significant time in clinical sites. Internships provide another opportunity for students to work under the supervision of a practitioner in the field. Whether a Recreation major assigned to a resort, or a Community Health major shadowing a public health educator, interning students learn valuable lessons from experts in their discipline.

Laboratories also provide CHHS students with experiential learning opportunities. Specially equipped labs in Biomechanics, Applied and Clinical Exercise Physiology and Biochemistry, Nutrition and Dietetics, Sport Psychology, Sports Medicine-Athletic Training Education and Coaching give students hands-on experience with the technology and equipment they will typically encounter in the work environment.

The Department of Hospitality, Tourism, Family and Consumer Sciences operates a 50-seat restaurant supported by a state-of-the-art commercial kitchen where students gain experience in menu planning, food preparation, restaurant management and catering. Other experiential learning opportunities include Interior Design Studio experiences, Fashion Study Tours to the New York market and garment district, Historic Preservation Tours to Charleston and other sites, and opportunities to observe and work at the Child Development Center where students interact with infants, toddlers, and preschoolers and experience first-hand the theory discussed in class or seminar sessions.

All CHHS academic units offer classes that use computer laboratories located in the Hollis Building, the Nursing and Chemistry Building, and the Family and Consumer Sciences Building. The labs are equipped with the latest computer hardware and peripherals. Sophisticated software that supports programs in each of the discipline areas is available for instruction and general student use.

**ADVISEMENT:** Contact the College of Health and Human Sciences Student Services Center, Room 0107, Hollis Building, (912) 478-1931, for information regarding advisement and registration.

**PROGRAM ADMISSION CRITERIA:**

- Admission to Georgia Southern University
- A total institution GPA of 2.0 or better on all course work attempted (transfer course work and work completed at Georgia Southern University are considered)
- Completed a minimum of 30 semester hours
- A minimum grade of “C” in all Area F course work attempted

**PROGRAM PROGRESSION REQUIREMENTS:**

- Students must earn a minimum grade of “C” in all courses in Area F and within the major requirements, including guided major electives.
- Students must also earn a minimum grade of “C” in a prerequisite course prior to registering for an advanced course.
- Students must earn a minimum grade of “C” in all major courses, Major Guided Electives, and Area F courses; and have a GPA of 2.5 or better to enroll in internship.

*Must be Biology or Chemistry Laboratory Science, excluding Environmental Laboratory Science Courses. One semester hour credit carry-over to Guided Major Electives.

**Students not meeting the prerequisite requirements must substitute courses for the internship with approval of the Undergraduate Health Science Program Coordinator or submit formal petition to the Internship Appeals Committee.

Elective .................................................................................................................................................................................. 3 Hours

ADVISEMENT: Contact the College of Health and Human Sciences Student Services Center, Room 0107, Hollis Building, (912) 478-1931, for information regarding advisement and registration.

PROGRAM ADMISSION CRITERIA:
• Admission to Georgia Southern University
• A total institution GPA of 2.0 or better on all course work attempted (transfer course work and work completed at Georgia Southern University are considered)
• Completed a minimum of 30 semester Hours
• A minimum grade of “C” in all Area D and F course work attempted

PROGRAM PROGRESSION REQUIREMENTS:
• Students must earn a minimum grade of “C” in all courses in Area F and within the major requirements, including guided major electives.
• Students must also earn a minimum grade of “C” in a prerequisite course prior to registering for an advanced course.

*If taken in Area A or D, use Fundamentals to complete Area F, Guided Electives.
**If PHYS 1111/1113 - Introduction to Physics I taken in Area D, then CHEM 1145 or CHEM 1146 required in Area F, Guided Electives.
***Students can substitute courses for the internship with approval of the Undergraduate Exercise Science Program Coordinator.

Note: Exercise Science Majors must complete Fundamentals to include MATH 1112, CHEM 1145, CHEM 1146, and PHYS 1111/1113/w Lab. Students not able to complete Fundamentals in Areas A, D, and F will take these courses as part of their Guided Major Electives. Students may select to substitute MATH 1441 and PHYS 2211 for Fundamentals with advisor approval.

In order to be considered for admission into the Interior Design Program, the applicants must meet the following minimum requirements:

1. Attain admission to Georgia Southern University.
2. Declare Pre-Interior Design (INDS) as a major. Until students meet admission criteria and are admitted into the Interior Design Program, they will be considered “Pre-INDS” majors and will be advised in the College of Health and Human Sciences Student Services Center. Designation as a Pre-INDS major is separate from the application process and does not guarantee acceptance into the Interior Design Program.
3. Have a minimum of first semester sophomore status (30 semester hours completed) upon applying for the program.
4. Achieve a minimum total overall institution GPA of 2.25 or better on all course work attempted (transfer course work and work completed at Georgia Southern University are considered).
5. Complete a minimum of the following Area F courses with a minimum grade of “C”: INDS 2430, INDS 2434, and 2 of the 3 ART courses in Area F, preferably ART 1010 and ART 1020. (Students may be enrolled in ART courses during the application semester.)
6. By the end of the first two semesters as a declared Pre-INDS major, students shall have:
   a. Attended the semester Orientation Session (mid September or mid February) in the Interior Design complex announced through email (either Fall or Spring Semester of the first year as a Pre-INDS major).
   b. Turned in a completed Information Form (found on CHHS Student Services Center website at...
http://www.id.georgiasouthernhealthscience.com

c. Attended an orientation session with Interior Design Faculty (either Fall or Spring Semester of the first year as a Pre-INDS major).
7. Students transferring in with an Interior Design Major from other schools are required to have their portfolio and transcript(s) evaluated by the Interior Design Program Coordinator who is responsible for determining which design courses remain to be taken and which design courses receive transfer credit. Adequate time must be allowed for scheduling, review and notification.

APPLICATION FOR ADMISSION TO THE INTERIOR DESIGN PROGRAM:
The following completed Admission Package must be turned in by the application deadline in order for the candidate to be considered:
1. Official Application
2. Letter of Intent
3. Verification of grades with official transcripts of all schools attended including this university (WINGS accepted); mid-term verification of grades for all required courses in process (Students may be in the process of taking ART 1010 or ART 1020 and will be required to submit a mid-term grade from the professor. Final acceptance is contingent upon the final grade received in the course.)

Application deadlines:  
March 1 for Fall admission consideration 
October 1 for Spring admission consideration 
If date falls on a weekend or holiday then due the next working day.

**MEETING MINIMUM REQUIREMENTS IS NOT A GUARANTEE OF ACCEPTANCE INTO THE PROGRAM.

PROGRAM PROGRESSION REQUIREMENTS:
1. Students must earn a minimum grade of “C” in all courses within the major requirements including remaining Area F courses.
2. Students must maintain a 2.25 total institution overall GPA. An admitted student whose total institution GPA falls below 2.25 will be on probation for one semester. If the student’s GPA remains below 2.25 after the probation semester, the student will be dropped from the program. The student may be re-admitted to the program only by the application process outlined above.
3. Students must complete the courses in sequence and complete all prerequisites. If a course is dropped or failed, then the student will be out of sequence and graduation will be delayed. These students may have to reapply to the major depending on circumstances, availability of space, and time elapsed between classes.
4. Majors that drop from the program due to personal reasons and wish to reapply at a later date must have courses and skills reevaluated to determine eligibility for the current curriculum and program.

NOTE: Students transferring into the Interior Design major from other majors or from other institutions may not be able to graduate necessarily within the traditional four-year period.

For additional information, contact the College of Health and Human Sciences Student Services Center at (912) 478-1931 or the Department of Hospitality, Tourism and Family and Consumer Sciences at (912) 478-5345.

The Interior Design Program is accredited by the Council for Interior Design Accreditation (CIDA) and the National Association of Schools of Art and Design (NASAD).

**ADVICEMENT:** College of Health and Human Sciences Student Services Center Room 0107, Hollis Building will advise B.S. in MT majors prior to transfer. After transfer to AASU, Department of Medical Technology faculty and staff will assume advisement responsibilities.

**PROGRAM ADMISSION CRITERIA:**

Students may be admitted to the program of study at Georgia Southern who satisfy the admission requirements of the University. Acceptance into the AASU program will be determined by the AASU evaluation committee and is based on completion of required courses, strength of application, GPA, and Science GPA. For information and application materials for the AASU program contact Dr. Hassan Aziz, Program Director, Medical Technology, 11935 Abercorn St., Savannah, GA 31419, (912) 921-7448, email azizhass@mail.armstrong.edu.

**OTHER PROGRAM REQUIREMENTS:**

- Students must earn a minimum grade of “C” in all courses within the major requirements, including guided major electives.
- Students must also earn a minimum grade of “C” in a prerequisite course prior to registering for an advanced course.

### Elective

- 3 hours

### Foreign Language - Optional

### Minor - Optional

**ADVICEMENT:** Pre-Nursing majors are advised in the College of Health and Human Sciences Student Services Center, Hollis Building, Room 0107, (912) 478-1931. Nursing majors (BSN and LPN-BSN students) are advised in the School of Nursing, BSN Office, Nursing/Chemistry Building, Room 2002, (912) 478-5242. RN-BSN and RN-MSN students are advised in the School of Nursing, RN-BSN Office, Nursing/Chemistry Building, Room 2002, (912) 478-5994.
PROGRAM ADMISSION CRITERIA:
BSN Program applicants must meet the University entrance requirements as described in the University Catalog. All applicants must apply for admission to both the University and the School of Nursing. Once admitted to the University, students should contact the Student Services Center or the School of Nursing for advisement. Requirements for admission into the School of Nursing are based on requirements in place at the time of application to the BSN Program. In order to be considered for admission to the BSN Program, prelicensure applicants must have met the following requirements:
1. Attained admission to Georgia Southern University;
2. Achieved a minimum cumulative grade point average of 3.0 or better on all attempted hours in the Core Curriculum in Areas A-F. Those students who hold a B.A. or B.S. degree must have a cumulative GPA of 3.0 for all course work.
3. Completed a minimum of 45 semester credit hours of required course work with a minimum grade of “C”;
4. Completed 12 hours of the 20 hours of required lab science course work, including 4 hours in Area F with a minimum grade of “C”;
   Note: The student’s record of achievement in science and math courses will be an important consideration in the admission process.
5. Achieved a minimum score equivalent to or higher than the national passing composite score on the Nurse Entrance Test (NET). The NET test scores must be submitted with the nursing application. Scores submitted for the NET Exam must reflect a test date no more than 12 months prior to application to the nursing program. (Contact the School of Nursing for test dates, locations, and applicable fees)
6. Returned the nursing application to the School of Nursing by the announced deadline;
7. For transfer students: Requested official transcript(s) for all college work attempted and assured that the transcripts have been received in the Admissions Office by the announced deadline.
8. Through the LPN-BSN Program, LPN students may be eligible to earn up to 9 credit hours by proficiency examination.

Applicants must have met the following requirements before enrollment in NURS 3131:
1. Maintained a minimum cumulative GPA of 3.0
2. Earned a minimum grade of “C” in Area A courses, Lab Sciences, Statistics, Anatomy and Physiology I and II with Labs, Lifespan Human Growth and Development, and Microbiology. Note: The student’s record of achievement in science and math courses will be an important consideration in the admission process.
3. Met School of Nursing clinical course requirements, including: (a) health history and physical examination; (b) essential performance standards for nursing practice; (c) immunization requirements including measles, rubella, and hepatitis B; (d) tuberculosis screening; (e) current American Heart Association CPR for Health Care Providers’ certification; (f) health professions student liability insurance; and (g) personal health insurance.
4. Participated in a School of Nursing orientation session.
5. For applicants holding a current valid health profession’s license (e.g., LPN, EMT, RT, RD), provided proof of licensure.

The BSN Program is a participant in the Georgia RN-BSN Articulation Model for registered nurses returning for the Bachelor of Science in Nursing (BSN) degree. After successful completion of 6 hours of specified junior level nursing courses, RN students will be awarded 29 credit hours in the nursing major. The following courses are specifically designed to meet the needs of the RN: NURS 3139, NURS 4133, NURS 4738, and are taken instead of NURS 3129, NURS 4136/4326, and NURS 4728.

RN applicants (RN-BSN and RN-MSN):
To be considered for admission to the Bachelor of Science in Nursing degree program, RN applicants must have met the following minimum requirements by the application deadline:
1. Attained admission to Georgia Southern University.
2. Achieved a minimum total institution GPA of 3.0 on all course work attempted or a minimum of 2.7 for provisional admission. (full admission after earning a “B” or better in 6 semester hours of nursing courses).
3. Completed a minimum of 45 semester hours of required course work.
4. Provided proof of current Georgia RN licensure.
5. Returned the nursing application to the School of Nursing.
6. Met the requirements of the Georgia RN-BSN Articulation Model.
RN applicants must have met the following requirements upon admission to the RN-BSN Program: School of Nursing clinical requirements including: (a) health history and physical examination; (b) immunization requirements including measles, rubella, and hepatitis B; (c) tuberculosis screening; (d) current American Heart Association CPR for Healthcare Providers’ certification; (e) health professions liability insurance for Registered Nurses; and (f) proof of personal health insurance.

Progression Requirements
1. BSN students must earn a minimum grade of “C” in all required nursing courses in the major in order to progress in the nursing program.
2. Students who earn a grade of “D” or less in a clinical (practicum) course may not continue in any subsequent or concurrent clinical course during the same semester until their academic and clinical performance is individually reviewed by the School of Nursing Student Affairs Committee and the course faculty. Based on this review, a determination will be made regarding the students progression in a subsequent clinical course during the same semester. A student who is not allowed to progress to a subsequent or concurrent clinical course during the same semester will be administratively withdrawn from the subsequent or concurrent clinical course during the same semester.
3. A student who earns a “D” or an “F” in a required nursing course and wishes to continue in the major must write a letter directed to the BSN Director requesting permission to continue in the nursing major. Students should submit the letter a minimum of one week prior to
the anticipated date of reentry to the program. Requests to repeat a course are considered by the School of Nursing Undergraduate Student Affairs Committee on an individual basis and the student is notified in writing of the decision of the Committee. If approval is granted, the student may repeat the course at its next offering pending space availability.

4. Students given permission to repeat a required nursing course will be expected to complete a supplemental study program to remediate any areas of deficit identified by the student’s prior performance in the course. Approval for repeating a required nursing course and for progression in the nursing program is dependent on the reasons for unsuccessful performance in the course. Denial of a request to repeat a required nursing course will result in the dismissal of the student from the nursing program. The student will be notified in writing of the faculty’s decision.

5. Students who are unsuccessful in a second required nursing course must complete the following activities:
   a. Attend a Diagnostic and Learning Prescription Conference in the School of Nursing. Conference participants will include: the student, the course faculty, the student’s faculty advisor, and the BSN Program Director. A learning prescription addressing the needs of the student will be generated at the conference.
   b. Successfully complete the learning prescription developed at the Diagnostic and Learning Prescription Conference during the next semester of enrollment.

6. A nursing student may repeat a required nursing course only one time. In addition, a student may repeat a maximum of two required nursing courses.

7. Dismissal from the nursing major does not affect the ability of the student to progress in the University in another major.

8. Strict adherence to the American Nurses’ Association Standards of Clinical Practice and the Code for Nurses is required of all nursing students. Additionally, nursing students who are Registered Nurses are held accountable to the Georgia Nurse Practice Act for Registered Nurses. Failure to comply with these professional standards will result in review and action by the School of Nursing faculty and could result in the student’s dismissal from the nursing program.

OTHER PROGRAM REQUIREMENTS:
Students are responsible for:
- Transportation for off-campus practicums and field trips.
- The purchase of uniforms, white shoes, stethoscope, and sphygmomanometer.
- Maintaining personal health and accident insurance coverage and professional liability insurance.
- Fees for selected achievement tests during junior and senior years.
- Additional expenses which may include the cost of a nursing pin, academic regalia rental, and state board licensing examinations fees.

For additional information, contact the BSN Program secretary, School of Nursing, Nursing/Chemistry Building, Room 2002, (912) 478-5242. RN students wishing to pursue the BSN degree (RN-BSN and RN-MSN students) should contact the RN-BSN Secretary, Nursing/Chemistry Building, Room 2002, (912) 478-5994.

The School of Nursing Programs are accredited by the Commission on Collegiate Nursing Education and approved by the Georgia Board of Nursing.

ADVICEMENT: Contact the College of Health and Human Sciences Student Services Center, Room 0107, Hollis Building, (912) 478-1931, for information regarding admission and advisement.

PROGRAM PROGRESSION REQUIREMENTS:

• Students must earn a minimum grade of “C” in all courses in Area F and within the major including non-major requirements.
• Students must also earn a minimum grade of “C” in a prerequisite course prior to registering for an advanced course.

Note: Nutrition and food science students who transfer courses in with less than a “C” grade may be required to repeat those courses to meet pre-requisite and major requirements.

Initially accredited Didactic Program in Dietetics (DPD), Commission on Accreditation for Dietetics Education (CADE), American Dietetics Association, 120 S. Riverside Plaza, Suite 2000, Chicago, IL 60606-6995. Phone: (800) 877-1600. Web: http://www.eatright.org

*The following courses are required of all students majoring in Nutrition and Food Science with a Dietetic Emphasis. These courses include: KINS 2531/2511 - Human Anatomy and Physiology I (4), KINS 2532/2512 - Human Anatomy and Physiology II (4), SOCI 1101 - Introduction to Sociology (3) OR ANTH 1102 - Introduction to Anthropology (3), PSYC 1101 - Introduction to Psychology (3), STAT 2231 - Introduction to Statistics (3), CISM 1110 - Computer Applications (1) and CISM 1120 - Computer Concepts (2). Any of these courses not taken in the Core or in Area F should be taken in the Non-Major Requirements area. Any available hours beyond these may be taken as Free Electives.

FYE 1220 - First Year Seminar (2)

Major Requirements

27 Hours

RECR 3236 - Planning Recreation Areas and Facilities (3)
RECR 4430 - Financial and Legal Dimensions (3)
RECR 4435 - Managing Recreation Organizations (3)
RECR 4530 - Marketing Recreation Services (3)
RECR 4536 - Evaluation and Research (3)
RECR 4790 - Internship (12)

Areas of Emphasis (select one area)

12 Hours

Therapeutic Recreation

RECR 3130 - Theoretical Foundations of Therapeutic Recreation (3)
RECR 3135 - Therapeutic Recreation Practice Concepts (3)
RECR 4130 - Assessment and Documentation in Therapeutic Recreation (3)
RECR 4135 - Therapeutic Recreation Intervention Techniques (3)

Natural and Cultural Resource Management

RECR 3230 - Adventure Education (3)
RECR 3235 - Introduction to Natural and Cultural Resource Management (3)
RECR 4230 - Resource Management and Interpretation (3)
Directed Upper Division Recreation Elective (3)

Tourism and Community Leisure Services

RECR 3335 - Dynamics of Tourism (3)
RECR 3430 - Conference and Event Planning (3)
Directed Upper Division Recreation Elective (3)
Directed Upper Division Recreation Elective (3)

Non-Recreation Courses

15 Hours

Foreign Language or International Studies Elective

Elective

3 Hours

Elective

3 Hours

ADVISEMENT: Contact the College of Health and Human Sciences Student Services Center, Hollis Building, Room 0107, (912) 478-1931 for more information regarding admission and advising requirements.

PROGRAM ADMISSION CRITERIA:

- 2.00 GPA for Natural and Cultural Resource Management and Tourism and Community Leisure Services
- 2.5 GPA for Therapeutic Recreation
- 2.00 GPA to enroll in Internship
- Students must have completed all Area A requirements and RECR 1530 prior to admission to the program.

OTHER PROGRAM REQUIREMENTS:

- A minimum grade of “C” is required for each RECR or non-RECR course taken in Area F, Major Requirements, Areas of Emphasis, and Non-Recreation Courses.
SPORT MANAGEMENT
B.S., 126 HOURS

Courses Appropriate to Major

Guided Elective (3)
- ACCT 2030 - Survey of Accounting (3)
- SMGT 2120 - Introduction to Sport Management (3)
- SMGT 2230 - Social Issues in Sport (3)
- STAT 2221 - Introduction to Statistics I (3)

Select three hours from the following:
- RECR 2330 - Computer Applications in Recreation and Sport Management (3)
- CISM 1120 - Computer Concepts (2)
- CISM 1110 - Computer Applications (1)

Health and Physical Education Activities

- HLTH 1520 - Healthful Living (2)
- Physical Education Activities (2)

Orientation

- FYE 1220 - First Year Seminar (2)

Major Requirements

- SMGT 3230 - Economics of Sport (3)
- SMGT 3236 - Financial Management of Sport (3)
- SMGT 3238 - Management of Sport Organizations (3)
- SMGT 3330 - Sport Promotion and Marketing (3)
- SMGT 4330 - Facility and Event Management (3)
- SMGT 4336 - Sport Business Operations (3)
- SMGT 4337 - Legal Aspects of Sport (3)
- SMGT 4338 - Sport Policy Development (3)
- SMGT 4735 - Internship (12)

Non-Sport Management Courses

Business Minor (12)
- BUSA 3134 - Accounting for Management (3)
- OR FINC 3131 - Principles of Corporate Finance (3)
- MGMT 3130 - Management and Organizational Behavior (3)
- MGMT 3134 - Behavior in Organizations (3)
- MKTG 3131 - Principles of Marketing (3)

Guided Elective I (3)
Guided Elective II (3)

Hours

- 36

Total Hours

- 126

ADVISEMEN: Contact the Department of Hospitality, Tourism, Family and Consumer Sciences, Sport Management Office, Hollis Building, Room 1119, (912) 478-5266, for information regarding admission and advising requirements.

PROGRAM ADMISSION CRITERIA:

- Students must have a 2.25 GPA for admission to the degree program.
- Students must have completed all Area F requirements with a minimum grade of “C” before admission to the program.
- Students must have a 2.25 GPA to enroll in the internship.

PROGRAM PROGRESSION REQUIREMENTS:

- Students must earn minimum grade of “C” in all Area F courses and within the major requirements, including guided electives.
**SPORTS MEDICINE - ATHLETIC TRAINING**

**ADVISEMENT:** Contact the College of Health and Human Sciences Student Services Center, Room 0107, Hollis Building, (912) 478-1931.

*If taken in Area A or D, then use Fundamentals to complete Area F, Guided Electives.

**If PHYS 1111/1113 - Introduction to Physics I taken in Area D, then CHEM 1145, CHEM 1146, or PHYS 1112 w/Lab required in Area F, Guided Electives.

**Note:** Sports Medicine-Athletic Training Majors must complete Fundamentals to include MATH 1112, CHEM 1145, CHEM 1146, PHYS 1111/1113, and PHYS 1112/1114. Students not able to complete Fundamentals in Areas A, D, and F will take these courses as part of their Guided Major Electives and/or as course substitutions in the major program requirements. Students may substitute MATH 1441 and PHYS 2217/2212 for Fundamentals with advisor approval.

**PROGRAM ADMISSION CRITERIA:** Sports Medicine-Athletic Training major applicants must meet the University entrance requirements as described in the University General Catalog. All applicants must apply for admission to both the University and the Sports Medicine-Athletic Training Major. Once admitted to the University, students should contact the Student Services Center for advisement. In order to be considered for admission into the Sports Medicine-Athletic Training major, applicants must meet the following minimum requirements by the application deadline (See the School for application dates):
1. Attained admission to Georgia Southern University.
2. Possess a total institution GPA of 3.0 or better on all course work attempted (both transfer course work and work completed at Georgia Southern University are considered).
3. Completed a minimum of 15 semester hours, and enrolled in at least 12 semester hours during the time of application. Total hours must reflect at least 7 hours completed from Area D.
4. Attained a minimum grade of “C” in all Area D and Area F course work attempted.
5. Completed, by the deadline, an Application Package that includes the following:
   a. A completed Application Form.
   b. Copies of college transcripts for all work completed to date.
   c. Documented accumulation of a minimum 25 observation hours in an approved athletic training room environment. These hours must be documented and signed for by a certified athletic trainer. These hours must have been accrued within the last year. If you wish to attain these hours in the Georgia Southern University Athletic Training Room, you must first contact the Head Athletic Trainer for guidelines and to set up appropriate times.
   d. A one page, double-spaced, typed, writing sample addressing the following: the single most important attribute for an effective allied health care provider; personal traits or attributes you possess which will allow you to become an effective allied health care provider.
6. Accessed the NATA web page at and researched the following: the history of athletic training and the NATA, the role of an athletic trainer, the education and certification process of becoming an ATC, the difference between NATA certified, CAAHEP accredited and internship athletic training educational programs, and the NATA Code of Ethics. This information will be used in the personal interview.

All of the following requirements must be met for student progression in the program:
1. Students must maintain a total institution GPA of 2.50 or better on all course work.
2. Students must successfully complete all clinical field experiences related to course content and objectives, and for the current NATA Certification requirements.
3. Students must not have been found in violation of the Georgia Southern Student Conduct Code. Students found in violation of the Student Conduct code, may, depending upon the seriousness of the violation, be placed on program probation or dismissed from the program.
4. Students must not violate the NATA Code of Ethics for practicing athletic trainers. Students found in violation of the Code of Ethics will be dismissed from the program.

OTHER PROGRAM REQUIREMENTS/INFORMATION:
It is recommended that students:
1. receive a complete physical examination by a physician;
2. secure tetanus and hepatitis B vaccinations;
3. purchase student liability insurance; and
4. adhere to the program professional dress code during clinical experiences.

An athletic trainer is a qualified allied health care professional educated and experienced in the management of health care problems associated with physical activity. In cooperation with physicians and other allied health care personnel, the athletic trainer functions as an integral member of the health care team in secondary schools, colleges and universities, professional sports programs, sports medicine clinics, and/or other health care settings. The athletic trainer functions in cooperation with medical personnel, athletic personnel, individuals involved in physical activity, parents, and guardians in the development and coordination of efficient and responsive athletic health care delivery systems. The athletic trainer’s professional preparation is directed toward the development of specified competencies in the following domains: risk management and injury prevention, pathology of injuries and illnesses, assessment and evaluation, acute care of injury and illness, pharmacology, therapeutic modalities, therapeutic exercise, general medical conditions and disabilities, nutritional aspects of injury and illness, psychosocial intervention and referral, health care administration, professional development and responsibilities. Through a combination of formal classroom instruction and clinical experience, the athletic trainer is prepared to apply a wide variety of specific health care skills and knowledge within each of the domains. For additional information, contact the Department of Health and Kinesiology, College of Health and Human Sciences, 2115 Hollis Building, (912) 478-0200.
College of Information Technology

Interim Dean: Ronald E. Shiffler
Information Technology Room 3400

E-mail address: bobcook@georgiasouthern.edu

The College of Information Technology at Georgia Southern University started operations on July 1, 2003. At the undergraduate level, we administer the Bachelor of Science degree programs in computer science and information technology and are responsible for delivering the BBA in Information Systems for the College of Business Administration (COBA). In addition, we offer minors in Information Systems, Information Technology and Computer Science. At the graduate level, we deliver courses for the Master of Science in Mathematics with the Computer Science concentration, the Master of Business Administration with the Information Systems concentration, and the Master of Technology/Information Technology Option degrees. The business administration degree programs are accredited by the AACSB International, the Association to Advance Collegiate Schools of Business, and the computer science and information technology degrees are accredited by the Computing Accreditation Commission of ABET.

STRUCTURE

Department of Computer Sciences
James Harris, Chair
Professors: J. Bradford, R. Cook, V. Jovanovic, A. Pierce
(Emersitus), W. Zhang
Associate Professors: A. Greca, J. Harris
Assistant Professors: D. Acharya, K. Bell, L. Li, Y. Li.

Department of Information Systems
Thomas Case, Chair
Professors: T. Case, J. Pickett (Emeritus), R. Wells (Emersitus), S. Williams
Associate Professors: J. Dyer, K. Elder, J. H. Kung, R.
MacKinnon, C. Rogers, M. Tabatabaei, J. Whitworth
Assistant Professors: A. Gardiner, H. Han, P. Rutner

Department of Information Technology
J. Art Gowan, Chair
Professors: A. Gowan
Associate Professors: C. Aasheim, A. Zhang
Assistant Professors: C. Kadlec, T. Mirzoev, J. O’Malley, J.
Shropshire

PROGRAMS - UNDERGRADUATE

Computer Science
When introduced in 1983, the main emphasis was to provide a solid foundation in algorithm design and implementation based upon a strong background in mathematics. Since that time we have expanded our offerings to include more theoretical-based computer science courses while retaining the original objective. We also have strengthened the program with “core” courses in computer science that reflect a broader emphasis and a greater variety of electives.

The main objective of our program is to provide a quality undergraduate program for those students that enroll in the B.S. in Computer Science major at Georgia Southern University. This involves providing a solid foundation in the design, implementation, and application of computer software systems, a thorough understanding of the theoretical concepts underlying computer science, a functional background in computer hardware systems, and a solid understanding of mathematics.

Outcomes: Each graduate of the program should:
• Understand the concepts that underlie computer science;
• Have a foundation in the design, implementation, integration and testing of software systems;
• Have experience with computer hardware systems;
• Have communication and interaction skills necessary for teamwork;
• Have experience with practical and applied information technology;
• Understand their professional and ethical responsibilities.

Information Systems
The Information systems (IS) program is historically the oldest computing degree program at Georgia Southern University and it has the largest alumni base. The IS degree program combines knowledge of leading edge information technologies with an understanding of the ever changing needs of today’s dynamic business environment. As such, it attracts students who are interested in working with technology to find solutions to business problems. While a fundamental understanding of information technology is a cornerstone of the degree, an equally important and distinguishing element of the IS degree is a solid foundation in basic business functions. Students may choose to major in general Information Systems or in one of ten emphasis areas, namely Accounting Information Systems, Business Application Development, Business Intelligence, Electronic Commerce, Enterprise Security, Enterprise Resource Planning Systems, Human Resource Information Systems, Logistics Information Systems, Technology Entrepreneurship, Technology Sales and Marketing Information Systems. Students who complete the Enterprise Resources Planning emphasis also satisfy the requirements for a certificate from SAP America.

Outcomes: Each graduate of the program should display:
• An ability to apply knowledge of computing and mathematics appropriate to the discipline.
• An ability to analyze a problem, and identify and define the business and system requirements appropriate to its solution.
• An ability to design, implement, and evaluate a computer-based information system, process, component, or program to meet desired goals.
• An ability to function effectively on teams to accomplish a common goal.
• An understanding of professional, ethical, and social responsibilities.
• An ability to communicate effectively with a range of audiences.
• An ability to analyze the impact of computing on individuals, organizations, and society, including ethical, legal, security, and global policy issues.
• Recognition of the need for, and an ability to engage in, continuing professional development.
• An ability to use current techniques, skills, and tools necessary for computing practice.
• An understanding of processes that support the delivery and management of information systems within a specific application environment.
• An ability to identify and analyze organizational needs and take them into account in the selection, creation, evaluation, and administration of computer-based information systems.
• An ability to assist in the creation of an effective project plan.

NOTE: Click here for additional information on the B.B.A. Information Systems.

Information Technology
IT professionals focus on meeting the needs of users within an organizational and societal context through the selection, creation, application, integration and administration of computing technologies. They must, therefore, have a good understanding of the various information technologies and the type of activity the organization is involved in. The B.S. IT prepares students for careers as IT professionals. Students are required to complete thirteen core courses, an internship experience, an IT specialization area, and a six course second discipline.

The Department of Information Technology promotes Information Technology as a profession and an academic discipline. To pursue this mission, we provide world-class educational programs to prepare students for a range of careers or graduate study in the field of Information Technology, conduct innovative research in all aspects of Information Technology and its applications, and participate in consulting and economic development activities in support of the Mission of Georgia Southern University.

Outcomes: Each graduate of the program should be able to:
• Demonstrate expertise in the core information technologies;
• Demonstrate sufficient understanding of an application domain to be able to develop IT applications suitable for that application domain;
• Identify and define the requirements that must be satisfied to address the problems or opportunities faced by an organization or individual;
• Design effective and usable IT-based solutions and integrate them into the user environment;
• Demonstrate an understanding of best practices and standards and their application to the user environment;
• Identify and evaluate current and emerging technologies and assess their applicability to address individual and organizational needs;
• Create and implement effective project plans for IT-based systems;
• Work effectively in project teams to develop and/or implement IT-based solutions;
• Communicate effectively and efficiently with clients, user and peers, both orally and in writing;
• Demonstrate independent critical thinking and problem solving skills;
• Demonstrate an understanding of the impact of technology on individuals, organizations and society, including ethical, legal and policy issues;
• Demonstrate an understanding of the need for continued learning throughout their career.

ADVICEMENT
Undergraduate
Academic advisement for Computer Sciences and Information Technology students is conducted through the College of Information Technology Office of Student Services.
Location: Room 1208, College of Information Technology
Telephone: (912) 478-7667

Advisement for students enrolled in the BBA Information Systems is provided through the College of Business Administration Office of Student Services.
Location: Room 1100, College of Business Administration
Telephone: (912) 478-0085

Graduate
The Department of Information Systems delivers a variety of 7000-level courses that enable MBA students to complete an IS concentration.
Academic advisement for Master of Business Administration students occurs in the Graduate Studies Office in the College of Business Administration.
Location: Room 1133, College of Business Administration
Telephone: (912) 478-5767

The Department of Computer Sciences offers a M.S. degree jointly with the Department of Mathematics. The options are listed in the Jack N. Averitt College of Graduate Studies section of the catalog.

EXPERIENTIAL LEARNING OPPORTUNITIES
Internships
Internship opportunities are available for all undergraduate programs in the College of Information Technology and are required for students majoring in Information Technology. Internships are supervised work-study programs, designed to allow students an opportunity to receive practical experience in their chosen field of study. Students should consult with the College of Information Technology Office of Student Services for further information.

Cooperative Education
Co-ops allow students the opportunity to gain work experience related to their academic major while earning a salary. To participate in a cooperative education opportunity, a student must have completed at least 30 semester hours of instruction, have a grade point average of at least 2.5, and be willing to participate in a minimum of two alternating co-op work semesters. Work responsibilities and salaries are determined by the employer. Co-op students register for the designated Cooperative Education section. This is a non-credit course.

ADVISEMENT: College of Information Technology Office of Student Services, Room 1208, College of Information Technology, Telephone: (912) 478-7886 for pre-CS (computer science), while CS majors are advised by CS.

PROGRAM ADMISSION CRITERIA: A student must have completed both MATH 2130 and CSCI 1301 (Programming Principles I) with a “C” or better and be enrolled in CSCI 1302 in order to be accepted as a major in Computer Science. Otherwise, a student declaring a major in Computer Sciences will be declared a “Pre-Computer Science” major.

OTHER PROGRAM REQUIREMENTS: A minimum grade of “C” is required for each CSCI course taken in the major. This applies to all courses (lower and upper division).

- IT 5434 - Network Security Fundamentals (3)

### Second Discipline Concentration
- 15 Hours

Refer to the Second Disciplines section for a list and descriptions of approved concentrations.

### Electives
- 9 Hours

No more than 6 hours of electives in IT, CSCI, and CISM courses.

**ADVISEMENT:** College of Information Technology Office of Student Services, Room 1208, College of Information Technology, Telephone: (912) 478-7886.

**PROGRAM ADMISSION CRITERIA:** Before acceptance as an IT major, a student will be required to complete and have a minimum grade of “C” in CSCI 1236, CISM 2230, MATH 1232, MATH 2130, STAT 2231, and a minimum average GPA of 2.5 between IT 1130 and IT 1430.

**OTHER PROGRAM REQUIREMENTS:** A minimum grade of “C” is required in all Major Requirements, Second Discipline Concentrations, and minor courses. With the approval of the chair of the Department of Information Technology, a minor plus additional degrees can be earned.
course work required to total at least 18 hours will satisfy the second discipline concentration requirement.
College of Liberal Arts and Social Sciences

MISSION
Our college is committed to preparing graduates who view their education not as an end in itself, but as the foundation upon which to build lives of purpose, civility, and integrity. We strive to foster respect for all the liberal arts and social sciences as civilizing and unifying forces in a world of change and growing diversity. Besides imparting a broad knowledge base, CLASS faculty involve their students in an array of individual and collaborative learning opportunities designed to make them strongly competitive in a global economy. The College of Liberal Arts and Social Sciences challenges students to meet high standards of academic excellence, develop their research skills, recognize and enhance their creativity, and accept their responsibility as citizens dedicated to serving their communities, nation, and world.

VISION
The College of Liberal Arts and Social Sciences aspires to be recognized for its superior and innovative educational experiences across the humanities, the social sciences, and the arts. Our goal is to provide effective programs responsive to the needs of the region. All members of the college—faculty, staff, and students—serve together to enhance quality of life.

To this end, our vision is one of students who will demonstrate:

Critical Thinking: The ability to think critically and to employ independent and objective reasoning skills as well as the ability to organize and synthesize information.

Creative Problem Solving and Research Skills: The ability to develop creative solutions through a familiarity with a variety of research methodologies.

Effective Communication: The ability to speak and write clearly, correctly, and persuasively, and to show mastery of appropriate academic English.

Appreciation for Self: The ability to use resources for critically evaluating their lives and the social institutions that comprise their world.

Appreciation for Others: The ability to understand and value cultural differences and similarities.

Aesthetic and Arts Awareness: The capacity to celebrate the arts and their power to enrich the human experience.

Ethical Behavior and Responsible Citizenship: The ability to use the attributes that will make them well-informed and engaged citizens, as well as thoughtful and responsible members of a global society, respected in their communities and professions.

Intellectual Curiosity: The ability to demonstrate intellectual curiosity that lasts a lifetime, producing life-long learners and independent seekers of knowledge, both for their own enjoyment and the public good.

Information Literacy: The ability to access information and data and to interpret and apply them correctly.

Visit us at our web site at http://class.georgiasouthern.edu/

STRUCTURE
The College of Liberal Arts and Social Sciences includes ten departments and five centers:

Betty Foy Sanders Department of Art
Patricia Carter, Chair
Associate Professors: H. Iler (Emeritus), C. Lemon, J. McGuire, H. Mortensen
Assistant Professors : K. Hubbard, M. Moulton, L. Thompson, T. Townsend

Department of Communication Arts
Pamela Bourland-Davis, Chair
Professors: D. Addington (Emeritus), P. Bourland-Davis, G. Dart, M. Shytes (Emerita), R. Smith
Associate Professors: C. Geyerman, B. Graham, J. Harbour, R. Johnson (Emeritus), E. Wyatt (Emeritus)

Department of Foreign Languages
Eric Kartchner, Chair
Professors: D. Alley, L. Bouma (Emeritus), J. P. Carton, Z. Farkas (Emeritus), C. Krug, J. Schomber (Emerita), D. Seaman, N. Shumaker, J. Weatherford (Emeritus)
Associate Professors: C. Johnson, D. Martinez-Conde, D. Richards (Emeritus), M. McGrath
Assistant Professors: N. Barrett (Emerita), M. J. Borowsky (Emerita), L. Collins, J. Hidalgo, H. Kurz, A. Lawo-Sukam, M. Lynch (Emerita), L. McGrath, D. Rangel, J. Suazo
Temporary Assistant Professors: J. Goldstein
Temporary Instructors: N. Eisenhart, M. Hughes
**Department of History**
William Allison, Chair
Associate Professors: R. Batchelor, R. Barrow (Emeritus), J. Bryant, A. Downs, C. Ford (Emeritus), M. Haberland, T. McMullen, P. Rodell, J. Steinberg, T. Teeter
Temporary Instructors: G. Betty, M. Hunt, S. Smith, D. Timmons-Hill

**Department of Literature and Philosophy**
David Dudley, Chair

**Literature**
Associate Professors: R. Costomiris, M. Cyr, D. Dudley, O. Edenfield, J. Griffin, G. Kundu, C. Schille, T. Warchol
Assistant Professors: H. Keeley, J. Pellegrino, M. Villepontaux
Temporary Assistant Professors: B. Edwards, N. Sherrod
Adjunct Instructor: K. Callaway

**Philosophy**
Associate Professors: M. Adams
Assistant Professors: E. Butterfield, W. Eaton
Temporary Assistant Professors: R. Higginson

**Religious Studies**
Assistant Professor: H. Gossai

**Emerita/Emeritus-Literature and Philosophy**
Associate Professors: B. Bitter, P. LaCerva, D. Lanier, E. Little, F. Richter
Assistant Professors: G. Hicks, C. Hoff, A. Hooley, E. James, D. Jones, E. Mills, J. Parcells, S. Rabitsch
Instructor: N. Huffman

**Department of Music**
Richard Mercier, Chair
Associate Professors: C. Bryan, R. Caldwell, R. Dunham, M. Fallin, K. Hancock, T. Pearsall, J. Robbins (Emeritus), W. Schmid, D. Wirksis (Emeritus)
Asssistant Professors: C. Chau, A. Con, A. Gregory, R. Mason, D. Murray, J. Thompson
Associate Academic Professionals: J. Aceto, R. Berry, C. Purdy Staff Accompanist: K. Qualls
Part-Time Assistant Professors: S. Furry, M. Simpson, S. Thomson
Part-Time Instructors: S. Hancock, J. Onks, D. Ricks, A. Schmid, A. Thibeault

**Department of Political Science**
Richard Pacelle, Chair
Political Science
Assistant Professors: A. Bossler, B. Curry, T. Davis, N. Grasse, R. Gustafson, I. Khmelko, C. Marcum, E. Powell, K. Wiegand
Temporary Instructors: K. Cook, J. Crowther
Part-Time Professor: V. Kohler
Part-Time Instructors: C. Sapp, G. Starks

**Justice Studies**
Professors: R. Pacelle, S. Tracy
Associate Professors: R. Davis, S. Engel, C. Ludowise
Assistant Professors: A. Bossler, B. Curry, R. Gustafson, C. Marcum, B. Powell, A. Sittem
Temporary Instructors: C. Booker

**Department of Psychology**
John Murray, Chair
Professors: W. Jones (Emeritus), J. Kennedy, P. Kleinginna (Emeritus), M. Lloyd (Emerita), W. McIntosh, J. Murray, M. Nielsen, G. Richards (Emeritus), R. Rogers (Emeritus), E. Smith, J. Wilson
Associate Professors: J. Steim, D. Webster
Assistant Professors: K. Bodily, A. Hackney, L. Locker, K. Naufel, J. Pugh, B. Smalley, T. Yancey
Temporary Instructors: T. Locker
Director Regents Center for Learning Disorders: P. Feldt

**Department of Sociology and Anthropology**
Peggy Hargis, Chair

**Anthropology**
Professors: R. Branch (Emeritus), H. Mobley, (Emeritus), S. Moore
Associate Professors: S. Hale, B. Hendry
Assistant Professors: H. Altman, R. Shanafelt

**Sociology**
Professors: R. Branch (Emeritus), P. Hargis, H. Mobley (Emeritus), W. Smith
Associate Professors: E. Brown, D. Dixon, N. Malcom, P. Zhang
Assistant Professors: T. Brimeyer, J. Larhus-Thompson
Temporary Instructors: B. King, M. Scott,

**Department of Writing and Linguistics**
Kathy Albertson, Acting Chair
Professors: L. Burton, E. Nelson, M. Pemberton, M. Pennington
Associate Professors: K. Albertson, L. Amy, F. Arasanyin, P. Christopher, A. Crow, P. Dallas, T. Giles, M. Hadley, T. Klein, M. McLaughlin, L. Milner, B. Nichols (Emerita), D. Purvis, N. Saye, J. Walker, T. Welford
Assistant Professors: L. Costello, C. Crittenden (Emerita), N. Dessommes, E. Hendrix, S. Huber-Humes, R. Keithly (Emeritus), M. Marwitz, M. Pate, P. Price, M. Richardson, T. Thompson, L. Valeri
Temporary Assistant Professor: V. Black, P. Burton, S. Frigo
Lecturer: J. Joyner
Centers:
Center for Africana Studies
Director: S. Jallow

Center for Irish Studies
Director: H. Keeley

Center for Women’s and Gender Studies
Director: L. Amy

University Writing Center
Director: M. Pemberton

PROGRAMS - UNDERGRADUATE

Bachelor of Arts (B.A.)
General requirements:
• Fulfillment of the core curriculum (including Area F courses which are specific to the individual major) as well as two (2) hours of physical education, two (2) hours of health, and one (1) orientation course.
• Completion of the 2002 level course of a foreign language or equivalent.
• Completion of a minimum of 21 hours in the major field with half of those hours in residence (only 30 hours of upper division course work in the major may count toward the minimum of 126 hours for graduation).
• Completion of a minimum of 15 hours in a minor field with at least nine (9) hours in the upper division. Second minors may be chosen but must be approved by the advisor before the student applies for graduation; both minors will be listed on the transcript.
• Student must attain a minimum 2.0 total institution GPA in upper division hours in the major discipline.
• Completion of a minimum of 126 hours for graduation. Departments may establish program admission criteria and additional grade requirements; these are listed along with the course requirements for each major.

The College of Liberal Arts and Social Sciences offers degrees in the following departments: Art, Communication Arts, Foreign Languages, History, Literature and Philosophy, Music, Political Science, Psychology, Sociology and Anthropology, and Writing and Linguistics.

Minors
The minor (15 hours of courses in a single field or interdisciplinary field) for the B.A. Degree may be chosen from any department or college in the University which offers a minor. A minimum of 9 of the 15 hours must be earned at Georgia Southern University. The minor should be selected and communicated to the advisor by the beginning of the junior year. Second minors may be chosen but must be approved by the advisor before the student applies for graduation; both minors will be listed on the transcript.

Bachelor of Fine Arts (B.F.A.)
General requirements:
• Fulfillment of the Core Curriculum (including Area F courses required for all art degrees, which are prerequisites to coursework in the major), as well as two (2) hours of physical education, two (2) hours of health, and one (1) hour of orientation.
• Completion of three (3) hours of electives.
• Completion of a minimum of 21 hours from exploratory studio art courses.
• Completion of nine (9) hours of approved art history courses.
• Completion of 27 hours from a studio concentration.
• Completion of a minimum of 126 hours for graduation.

When balancing academic work with other activities, art students should be aware of the time requirements expected in completing coursework, including the amount of time spent in class and the minimum additional preparation time for course assignments. Based upon standards of the profession and our accrediting body, three (3) credit studio courses offered by the Betty Foy Sanders Department of Art meet for five contact hours per week. Additionally, studio course assignments are based upon the expectation that students will complete a minimum of four (4) hours of studio work per week outside of scheduled class time for each studio course they are enrolled in. Lecture-discussion courses require outside preparation as well and students should expect to spend three (3) hours in class and an additional two (2) hours minimum outside of scheduled class completing coursework.

A minimum earned grade of C is required in all art/art history courses for all art/art history degree majors. The department has established program admission criteria to upper division coursework in some studio concentrations; these are listed along with the course requirements for each major.

Bachelor of Science in Graphic Communications Management (BS)
General requirements:
• Fulfillment of the Core Curriculum (including Area F courses required for the major, which are pre-requisites to coursework in the major), as well as two (2) hours of physical education, two (2) hours of health, and one (1) hour of orientation.
• Completion of fifty-seven hours in the major.
• Completion of a minimum of 21 hours from elective courses in the areas of management, graphic communications management and university electives.

Completion of a minimum of 126 hours for graduation.

Bachelor of Music (B.M.)
General requirements:
• Satisfactory entrance audition.
• Completion of the core curriculum as well as two (2) hours of physical education, two (2) hours of health, and one (1) hour of orientation.
• Completion of all requirements in music.
• Completion of a minimum of 126 hours for graduation.

The department may establish program admission criteria and additional grade requirements; these are listed along with the course requirements for each major.

The majors available in the Bachelor of Music degree are composition, music education, and performance.

Bachelor of Science (B.S.)
General requirements:
• Completion of the core curriculum, Area F courses specific to the major, as well as two (2) hours of physical education, two (2) hours of health, and one (1) hour of orientation.
• Departments may require the completion of the 2001 course of a foreign language or one three-hour course with international content, or in some degrees, the student may select one of the two options. See specific degree programs to determine what is required.
• Completion of a maximum of 40 semester hours of courses in the major, at least 21 at the upper division level.
• Attainment of a minimum 2.0 total institution GPA in required upper division hours in the major discipline.
• Completion of a minimum of 126 hours for graduation. Departments may establish program admission criteria and additional grade requirements; these are listed along with the course requirements for each major.

Departments may establish program admission criteria and additional grade requirements; these are listed along with the course requirements for each major.

The College of Liberal Arts and Social Sciences offers Bachelor of Science Degrees in the following majors: broadcasting, journalism, political science, psychology, public relations, sociology, and speech communication.

Bachelor of Science in Justice Studies (B.S.J.S.)

General requirements:
• Completion of the core curriculum, Area F courses specific to the major, as well as two (2) hours of physical education, two (2) hours of health, and one (1) hour of orientation.
• Completion of 19 hours of Major Core courses.
• Completion of 11 hours of upper division criminal justice options.
• Completion of 12 hours from several, specified disciplines.
• Completion of 18 hours of free electives.
• Attainment of a minimum 2.0 total institution GPA in all upper division requirements for graduation.
• Completion of a minimum of 126 hours for graduation.

PROGRAMS - PRE-PROFESSIONAL

Pre-Law

There are no required majors, minors, or courses for law school. The American Bar Association does not recommend a specific major or minor, nor is there a specific major or minor which law schools prefer. Students should chose a major they will enjoy and in which they will excel, being certain to sharpen their skills in reading, speaking, researching, writing, and critical analysis.

To acquire full information about preparing for and taking the LSAT, preparing law school applications, and other concerns about seeking law school admission, contact Rebecca Davis at (912) 478-5765 or bdavis@georgiasouthern.edu or see http://class.georgiasouthern.edu/prelaw/. A pre-law office has been established in Carroll Room 2213 where students can ask questions, access resources, and acquire information.

SECONDARY OR P-12 EDUCATION DEGREES

For those interested in P-12 Education (grades preschool-12) certification with an ART degree:

Students who seek teacher certification after completion of the B.A. or B.F.A. Art program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet admission requirements, the following courses must be successfully completed within the undergraduate program of study or prior to admission into the certification track or MAT degree program.

ART 1135 - Painting I (3)
ART 1230 - Ceramics I (3)
ART 1235 - Sculpture I (3)
ART 1335 - Photography I (3)
ART 1430 - Printmaking I (3)
ART 2233 - Computer Graphics (3)

Art History coursework must include courses in the following distinctive areas:
• non-20th century; modern or contemporary; non-western

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
• SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements.

These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:
• BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR
• BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
• EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
• EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examinations and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification with an ENGLISH degree:

Students who plan to seek teacher certification after completion of the B.A. English program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet content requirements, the following courses must be completed as part of or in addition to your current program of study.

ENGL 3132 - American Literature II (3)
ENGL 4337 - Shakespeare (3) (recommended only)
ENGL 5534 - Literature for Adolescents (3) OR ENGL 5135 - Teaching Literature for Middle and Secondary School Students (3) (require one of these but recommend both)
READ 3330 - Content Literacy (3) OR READ 4131 - The Teaching of Reading (3)
LING/WRIT 3430 - Linguistics & Grammar for Teachers (3)
OR WRIT 3520 - Revision, Grammar and Culture (3)
WRIT 3131 - The Teaching of Writing (3)
The following education courses may also be taken as electives while enrolled in your bachelor’s program:
Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
• SPED 3333 - Introduction to Special Education (3)
Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses may provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:
• BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR
• BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  • EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  • EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)
NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification with a HISTORICAL degree:
Students who plan to seek teacher certification after completion of the B.A. History program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.A. History requirements are met, no other history content courses are required, except the following course:
HIST 4130 - Georgia History (3)
However, students are strongly encouraged to pursue certification in more than one social science field to enhance employment opportunity. Plan to complete at least 12 semester hours in one or more of the following fields: Economics, Geography, and/or Political Science, with advisor guidance in selection. These courses should be completed as part of the minor or electives. The following education courses may also be taken as electives while enrolled in your bachelor’s program:
Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
• SPED 3333 - Introduction to Special Education (3)
Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses may provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three
PPB courses have USG-mandated field requirements, the following guidance should be followed:

- BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; **OR**
- BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  - EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  - EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

**NOTE:** GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in P-12 Education (grades preschool-12) certification with a SPANISH degree:

Students who plan to seek teacher certification after completion of the B.A. Spanish or BA, Modern Languages (with Spanish concentration) program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.A. Spanish or Modern Languages requirements are met, typically no other Spanish content courses are required.

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:

- ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
- SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

- BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; **OR**
- BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  - EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  - EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

**NOTE:** GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification in English Education with a WRITING AND LINGUISTICS degree:

Students who plan to seek teacher certification after completion of the B.A. Writing and Linguistics program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet content requirements, the following courses must be completed as part of or in addition to your current program of study:

- ENGL 3121 - British Literature I (3)
- ENGL 3122 - British Literature II (3)
- ENGL 3131 - American Literature I (3)
- ENGL 3132 - American Literature II (3)
- LING/WRIT 3430 - Linguistics & Grammar for Teachers (3)
- OR WRIT 3520 - Revision, Grammar and Culture (3) (require one of these but recommend both)

- WRIT 3131 - The Teaching of Writing (3)
- READ 3330 - Content Literacy (3) OR READ 4131 - The Teaching of Reading (3)
- ENGL 5534 - Literature for Adolescents (3) OR ENGL 5135 - Teaching Literature for Middle Grades & High School Students (3)

Additional 9 hours of upper division (3000+) literature with advisor guidance in selection.

- ENGL 4337 - Shakespeare (3) (recommended only)

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:

- ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
- SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

- BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; **OR**
- BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  - EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  - EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

**NOTE:** GACE Basic Skills and GACE Content Assessment
examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

ART 4889 - Portfolio Design (3)

Select one of the following Selected Topics courses:
ART 3431 - Digital Photography (3)
ART 3731 - Graphic Design Internship (3)
ART 4333 - Publication Design (3)
ART 4335 - Web Page Design (3)

Elective ......................................................................................................................................................... 3 Hours

ADVICEMENT: Each student is assigned to a faculty advisor for program planning. Contact the Betty Foy Sanders Department of Art, Arts Building, (912) 478-5358. Students under 45 hours are advised in the CLASS Advisement Center, 912-478-7740. Students in the UHP program are advised in their major departments.

PROGRAM REQUIREMENTS:
• Must earn a minimum grade of "C" in all courses in the major, with a GPA of 2.50 or better.
• Must take courses in proper sequence.
• Must pass portfolio review after ART 2331 - Graphic Design I (3) to take upper division graphic design courses and be admitted to Graphic Design concentration.
• A total institution GPA of 2.75 is required to register for internship credit.
• A portfolio presentation in a public venue is required as a capstone experience during ART 4889 - Portfolio Design (3).

SPECIFIC REQUIREMENTS FOR GRAPHIC DESIGN CONCENTRATION:

Graphic Design Course Schedule Rotation
Note: Course offerings are subject to change depending upon faculty availability and student demand.

FALL
ART 2233 - Computer Graphics (3)
ART 2330 - Typography I (3)
ART 2331 - Graphic Design I (3)
ART 4381 - Graphic Design III (3)
ART 3333 - Corporate ID (3)
ART 3334 - Professional Practices (3)
Alternating Electives:
ART 3731 - Graphic Design Internship (3)
ART 3431 - Digital Photography (3)
ART 4333 - Publication Design (3)
ART 4335 - Web Page Design (3)

SPRING
ART 2233 - Computer Graphics (3)
ART 3331 - Graphic Design II (3)
ART 3338 - Typography II (3)
ART 3330 - Packaging Design (3)
ART 4889 - Portfolio Design (3)
Alternating Electives:
ART 3731 - Graphic Design Internship (3)
ART 3431 - Digital Photography (3)
ART 4333 - Publication Design (3)
ART 4335 - Web Page Design (3)

• Students enrolling in ART 2331 - Graphic Design I (3) beginning in Fall 2004 will be required to follow the policies/procedures and sequencing of coursework outlined in these materials.

• Portfolio Review for admission into upper division courses in Graphic Design:
• When Students have completed ART 2331 - Graphic Design I (3) and ART 2330 - Typography I (3), they will submit a portfolio of their design work for review by the design faculty. Based upon criteria outlined in the Art Department Student Handbook, faculty will identify and admit successful students into the Graphic Design concentration. A 3.0 GPA in ART 2331 - Graphic Design I (3) and ART 2330 - Typography I (3) is one requirement in passing the portfolio review. Only those students who pass the portfolio review will be able to register for upper division coursework in graphic design that requires Graphic Design I and Typography I as a prerequisite(s).
• Students who do not pass the portfolio review are encouraged to enter other concentrations in the art major more suitable to their talents. In this case, graphic design courses already taken will be counted as exploratory studio courses in their degree concentration program. Students who do not pass the portfolio review may also choose to resubmit their portfolio the following year after they further develop the quality of their work.
• All students will participate in a public presentation of their portfolio completed in Portfolio Design, held on campus or within a ten-mile radius of campus, for review by faculty and peers.

Electives .................................................................................................................................................................... 15 Hours

ADVICEMENT: Department of Communication Arts, Veazey Hall, (912) 478-5138. Students are advised in the CLASS Advisement Center, 912-478-7740 until 45 hours and until exiting “Pre-Communication Arts” status. Students in the UHP program are advised in their major departments.

PROGRAM ADMISSION CRITERIA:

- Students must have a total institution GPA of 2.50 and score a 70% or higher grade on the Grammar Proficiency Exam or earn a "C" or higher grade in WRIT 3520 and 30 earned hours to become a major in this Communication Arts program.
- Students with fewer than 30 hours and/or less than 2.50 total institution GPA will be considered “Pre-Communication Arts” students and advised in the CLASS Advisement Center.

OTHER PROGRAM REQUIREMENTS

- Students must make a minimum grade of “C” in each Communication Arts class to receive credit for that course.
- “Pre-Communication Arts” students cannot take upper division Communication Arts classes for credit.

* A total institution GPA of 2.75 is required to register for internship credit. A maximum of 6 hours of internship credit can be applied to major requirements.

DEPARTMENT OF MUSIC

DEPARTMENT OF MUSIC MISSION STATEMENT
The Department of Music actively embraces Georgia Southern University’s primary goal of excellence in teaching. Our professional faculty places the highest priority on nurturing students through academic, applied, and ensemble course work and thoughtful advisement while remaining engaged in creative activity and scholarship. The department offers a variety of experiences with guest artists, teachers, and clinicians who provide diversity of outlook. In turn, the department’s faculty lends its expertise as guest artists, teachers, and clinicians in southeast Georgia as well as nationally and internationally.

The music curriculum for majors at both the baccalaureate and graduate levels fosters proficiency in the creation, dissemination, performance, and teaching of music, and an understanding of its analytical, historical, cultural, and philosophical foundations. Programs for music majors also emphasize the development of habits related to life-long learning, including preparation for advanced degree work, understanding the importance of continual professional development, and the necessity and ability to adapt to changing professional demands.

The department makes significant contributions to the region’s culture by offering general education courses, concerts, recitals, lectures, and clinics and by providing opportunities for non-music majors and community members to participate in music-making through a variety of ensembles. It also renders service to the University community’s athletic programs and various public relations efforts.

The department maintains a commitment to music as one of the most pervasive and powerful expressions of culture, both historically in the development of modern civilization and sociologically in the artistic expression of the diverse societies that comprise our world. Through all of its activities, the department promotes a better understanding and appreciation not only of music but of the entire world around us.

REQUIREMENTS FOR ALL MUSIC DEGREE PROGRAMS

Admission Requirements
All prospective music majors must pass an entrance audition in the appropriate applied area.

Performance Requirements
Each candidate for a music degree must complete applied music proficiency level requirements appropriate to the candidate’s specific degree plan as well as fulfill other performance requirements consistent with the degree plan or individual course objectives. The appropriate applied music teacher will assist in this area.

Enrollment in any applied music course, including Junior Recital and Senior Recital, is by permission of the instructor and/or the department chair of music.

A jury examination in the appropriate applied area will be taken during the examination week or shortly before the end of each semester. Students not majoring in music who take applied music lessons may take a jury examination upon the recommendation of the applied instructor.

Recital requirements: Prior to performing a graduation, junior or senior recital, the candidate must pass a recital approval examination no less than three weeks before the recital date.

Candidates for the B.A. degree may be invited to perform a full public recital in their senior year in their primary applied area.

Group Piano Placement/Exit Examination
A placement examination in piano is required of all transfer students. Freshman music majors with prior keyboard experience should also take the placement examination. A maximum of four hours credit of group piano is allowed toward graduation requirements. All music majors must pass the group piano exit examination.

Music Theory Placement/Exit Examinations
A placement examination in music theory is required of all transfer students. Freshman music majors will take the placement examination. Placement exam results are for advisement purposes only. Each music major must pass (70 percent or better) the music theory exit exam. No student may register for any upper-level theory course unless the theory exit exam is successfully completed.

The requirements stated above for exiting the lower-level theory sequence apply regardless of grades received in the lower level theory courses.

Music Major Progression Requirements
1. Music majors must earn a minimum grade of "C" all each music class which applies toward graduation. Students earning less than a "C" grade in a sequential course offering may not enroll in the next course in the sequence until the course is repeated and a grade of "C" or higher is earned. In addition, students must earn a minimum grade of "C" in a prerequisite course prior to registering for an advanced course in the same subject area.
2. After not passing a required music course, music majors may repeat that course only once in order to pass it.
3. Music majors may repeat no more than three required music courses during the undergraduate degree program.
4. Music majors have a maximum of two additional attempts to pass a required Departmental competency or barrier examination.
5. Music majors who are unsuccessful in passing either a required music course with a “C” grade or a required Departmental competency or barrier examination are placed on probation in the Music Program until the course or examination is successfully completed. They will be required to participate in a Diagnostic and Learning Prescription Conference together with their advisor and the instructor of the course they failed (and the area head, if it involves a competency or barrier examination). A Learning Prescription addressing the needs of the student will be generated at the Conference. It may include, among other things:
   a. A requirement to attend class each and every day.
   b. A weekly conference with the instructor to discuss progress.
   c. Submission of a weekly study and/or practice schedule.
   d. Referral to the University Academic Success Center or and the Student Disability Resource Center
6. After attending a Learning Prescription Conference, the student will be given a written contract specifying the terms of the Learning Prescription and the timetable for its completion, either prior to or during the retaking of the course or examination.
7. Students who do not meet the above conditions will be notified in writing and administratively withdrawn from the Music Program.
8. A student who receives notification of dismissal from the program may file an appeal within 10 days of receipt of the notification. The appeal will be considered by a Faculty Appeals Committee within the next two weeks. The decision of the Faculty Appeals Committee will be final.
9. Dismissal from the Music Program does not affect the ability of the student to continue in another major in the University.

Additional Policies
See the Department of Music Handbook for additional policies governing degree programs in music.

The Department of Music is a full member of the National Association of Schools of Music.

WRIT 5330 - History of the English Language (3)
WRIT 5550 - Technologies of Writing (3)
WRIT 5633 - Writing the Body (3)

**Minor - Required**

**Electives (advisor approved)**

---

**ADVISEMENT:** Department of Writing and Linguistics, Newton Building, (912) 478-0739. Students under 45 hours are advised in the CLASS Advisement Center, 912-478-7740. Students in the UHP program are advised in their major departments.

**PROGRAM REQUIREMENTS:** Students must earn a “C” or better in all courses in the major.
Allen E. Paulson College of Science and Technology

snavaei@georgiasouthern.edu

The Allen E. Paulson College of Science and Technology (COST) offers programs and instruction in the sciences, mathematics, and applied engineering. Bachelor of Science or Bachelor of Arts degrees can be pursued in the following majors: Biology, Chemistry, Geography, Geology, Mathematics, Physics, as well as the Bachelor of Science degree in Construction Management, Civil Engineering Technology, Electrical Engineering Technology, and Mechanical Engineering Technology. Minors are available in Biology, Chemistry, Geographic Information Science, Geography, Geology, Mathematics, Military Science, and Physics. The College also offers Master of Science and Master of Technology programs.

Students in the College of Science and Technology may also choose to pursue a pre-professional program of study in Pre-Medicine, Pre-Dentistry, Pre-Veterinary Medicine, Pre-Pharmacy, Pre-Optometry, or Pre-Natural Resources. The Georgia Tech Regional Engineering Program and the Regents Engineering Transfer Program are also available to students within the College of Science and Technology. For students in any major, the Department of Military Science administers the Army ROTC program which leads to a commission as a second lieutenant at the time of graduation.

VISION

Within this decade, the Allen E. Paulson College of Science and Technology will be recognized as a national leader in the development of innovative curricula and for its dedicated faculty who integrate distinguished scholarship with superior undergraduate and graduate education.

MISSION

The Allen E. Paulson College of Science and Technology at Georgia Southern University is a diverse community of teachers, scholars, students, alumni, and friends engaged in the discovery, application, integration, and transformation of scientific and technological knowledge. Reflecting the best practices of our disciplines, the College provides undergraduate and graduate students with a challenging education that is research-based and technology-infused, and promotes life-long learning and stewardship for the benefit of the human, natural, and technological resources of Georgia, the nation, and the world.

Visit us at our web site at http://cost.georgiasouthern.edu

STRUCTURE

Department of Biology

In today’s world, studies in Biology are becoming increasingly important. Georgia Southern University’s Biology program prepares students for careers as professional biologists in a wide variety of fields. Southeast Georgia is a biologically rich and ecologically diverse area that encompasses coastline, wetlands, woodlands, and cities. Consistent with the mission of the University, the Biology Department seeks to expand horizons through outreach, preserve distinctive cultural and natural legacies, and maintain the integrity of South Georgia’s environment.

Faculty

Stephen P. Vives, Chair

Lecturer: R. A. Hattway

Adjunct Professors: S. A. Stevens, P. G. Verity, R. L. Walker

Adjunct Instructor: D. H. Hurley

Department of Chemistry

The Department of Chemistry offers a well-balanced program for the education of its students. To prepare them for their professional careers, the Department is committed to providing quality teaching and research experiences emphasizing critical and independent thought. The curriculum provides strong innovative instruction in the theory and practice of the chemical sciences. It is designed to introduce students to modern laboratory methods and technology using state-of-the-art scientific equipment. The faculty is committed to providing an environment that addresses the individual needs of each student and encourages them to develop their potential through life-long learning and to be responsible members of their profession and community.

Faculty

Mary K. Boyd, Chair

Assistant Professors: K. Aiken, S. Davis, D. Kreller, J. N. Orvis, D. Stallings, K. Welch

Department of Geology and Geography
The Department of Geology and Geography offers a balance of teaching, research, and service to the region served by the University, and beyond. Areas of focus among geology faculty include igneous and metamorphic petrology, paleontology, sedimentology, structural geology, hydrogeology, environmental geology, and natural history of the Coastal Plain. Geography faculty interests include climatology, geomorphology, human and cultural geography, and biogeography. Both programs emphasize computer applications, including Geographic Information System.

Faculty
Dallas D. Rhodes, Chair
Professors: G. A. Bishop (Emeritus), D. B. Good (Emeritus), D. D. Rhodes, F. J. Rich
Adjunct Professor: C. R. Alexander, V. J. Henry
Research Scientist: M. S. Kelley

Institute of Arthropodology and Parasitology
The Institute of Arthropodology and Parasitology (IAP) is an interdepartmental organization that provides an identity to an area of exceptional research and teaching strength on campus. Members of the IAP include faculty and students from several departments including biology, geology, geography, history, and psychology. It also has three full-time scientists and support personnel. Membership in the IAP is open to any researchers with an interest in arthropods (insects, mites, ticks, spiders, crabs, and other joint-legged animals) and parasites (viruses, bacteria, fungi, protozoa, worms, etc.). Several members are especially interested in diseases of humans, livestock, wildlife, and plants. The IAP serves as a center where persons with these types of interests can interact and focus on research and applied problems. The IAP is also the home of the U.S. National Tick Collection in association with the Smithsonian Institution in Washington DC.

Faculty
James H. Oliver, Director and Callaway Professor of Biology
Professors: J. H. Oliver
Assistant Professors: D. Apanskevich (Assistant Curator), L. B. Ziegler (Curator)

Department of Mathematical Sciences
The Department of Mathematical Sciences offers programs of study for students interested in mathematics, mathematics education or statistics. The department is dedicated to providing students with excellent instruction that incorporates innovative instructional techniques and technologies. In their roles as teacher-scholars, the faculty maintains consistent and significant productivity, recognized at regional, national, and international levels, in basic research, applications, and pedagogy. The department is strengthened by the extensive service activities of the faculty on campus and in the community as well as through high-profile service to the profession. In addition, the department provides many areas for student involvement, including an active student organization and student competition teams.

Faculty
Mark Edwards, Chair and Professor
Professors: M. Payne (Emeritus), X. Wang, A. Woodrum (Emeritus), J. Zhang
Associate Professors: C. Dean, W. Grant (Emeritus), V. Hassapis (Emeritus), Clayton Heller, Li Ma, C. Mobley (Emeritus), J. Rogers (Emeritus)
Assistant Professors: D. Gatch, J. Higdon
Adjunct Professor: S. Higdon

Department of Military Science
The Georgia Southern University Military Science Department is charged with managing the Army’s Reserve Officer Training Corps (ROTC) program on campus. Army ROTC provides college-trained officers for the U.S. Army, the Army National Guard, and the U.S. Army Reserve. It does this through a combination of college courses in military science and summer training sessions. The Professor of Military Science at Georgia Southern also administers the programs at Armstrong Atlantic State University, Savannah State University and Savannah College of Art and Design.

Faculty
George L. Fredrick, Chair
Professor of Military Science: G. L. Fredrick
Adjunct Professors: J. Handley, E. During, M. McGrath, T.M. Grant
Scholarship Enrollment Officer: W. Roberts

Department of Physics
The mission of the Department of Physics at Georgia Southern University is four-fold. First, to provide its majors with a strong, basic undergraduate physics/astronomy education that will serve them whether they pursue an advanced degree in physics, a career in industry or in science education. Second, to provide excellent instruction in introductory physics and astronomy to non-majors. Third, to conduct original research in physics and astronomy that is recognized at regional, national, and international levels. Fourth, to foster an interest in science in the community and the region.

Faculty
Mark Edwards, Chair and Professor
Professors: M. Payne (Emeritus), X. Wang, A. Woodrum (Emeritus), J. Zhang
Associate Professors: C. Dean, W. Grant (Emeritus), V. Hassapis (Emeritus), C. Heller, Li Ma, C. Mobley (Emeritus), J. Rogers (Emeritus)
Assistant Professors: D. Gatch, J. Higdon
Adjunct Professor: S. Higdon
Temporary Assistant Professor: V. Adedeji, A. Khan, I.
Perevalova
Laboratory Coordinator: F. Leach
Adjunct Instructor: T. Deal

Department of Construction Management and Civil Engineering Technology
The departmental goals are designed to give students state-of-the-art knowledge for professional career and life-long development skills needed to enter the fields of construction management and civil engineering technology while meeting all the requirements to earn a Bachelor of Science degree. The mission of this department is “Teaching First”. Students will find open doors to a dedicated and diverse faculty who are well-educated yet grounded in the practical aspects of “real world” architecture, engineering and contracting.

Faculty
Brian Moore, Chair and Professor
Professor: J.B. Karrh (Emeritus)
Associate Professors: N. Das,
Assistant Professors: F. Atuahene, A. Basha, I. Basha, G. Fu, J.
Hahs, G. Maldonado, J. Shen, D. Slater
Adjunct Professor: B. Boone, B. Lane
Temporary Instructor: J. Uhl
Laboratory Coordinator: K. Southwell

Department of Mechanical and Electrical Engineering Technology
The department of Mechanical and Electrical Engineering Technology offers students a hands-on educational experience in a variety of technical and industrial disciplines including: Electrical Engineering Technology, Mechanical Engineering Technology, and through the Engineering Studies program, an opportunity to complete the first two years of an engineering degree from Georgia Tech through either the Regents Engineering Transfer Program (RETP) or the Georgia Tech Regional Engineering Program (GTREP) on Georgia Southern Campus. The Master of Technology degree provides a master’s level education in Mechatronic, Engineering Management, and Information Technology.

Faculty
M. Davoud, Chair
Professors: M. Davoud, K. Hickman (Emeritus), G. Jones (Emeritus), S. Laskin (Emeritus), J. Manring (Emeritus), W. Meeks, S. Navaee, C. Perry (Emeritus), L. Selvidge (Emeritus), P. Waldrop, J. Wallace (Emeritus)
Associate Professors: A. Mitra, G. Molina, R. Redderson (Emeritus), V. Soloiu, B. Vlcek, D. Williams
Temporary Assistant Professor: A. Hossain, J. Zhou
Instructional Technology Services Coordinator: R. Miller
Lab Supervisor: R. Stephens

PROGRAMS - UNDERGRADUATE
Department of Biology
Bachelor of Arts with a major in Biology
Bachelor of Science in Biology

Department of Chemistry
Bachelor of Arts with a major in Chemistry
Bachelor of Science in Chemistry (Certified by the American Chemical Society)

Department of Geology and Geography
Bachelor of Arts with a major in Geography
Bachelor of Science with a major in Geography
Bachelor of Arts with a major in Geology
Bachelor of Science with a major in Geology

Department of Mathematical Sciences
Bachelor of Science with a major in Mathematics
Bachelor of Science in Mathematics

Department of Physics
Bachelor of Arts with a major in Physics
Bachelor of Science in Physics
Dual Degree (3 + 2) program whereby a student completes 3 years at Georgia Southern and 2 years at Georgia Tech and earns a Bachelor’s degree from each institution.

Department of Construction Management and Civil Engineering Technology
Bachelor of Science in Civil Engineering Technology
Bachelor of Science in Construction with a major in Construction Management

Department of Mechanical and Electrical Engineering Technology
Bachelor of Science in Electrical Engineering Technology
Bachelor of Science in Mechanical Engineering Technology
Engineering Studies Program
Regents Engineering Transfer Program (RETP)
Georgia Tech Regional Engineering Program (GTREP)

PROGRAMS - GRADUATE
Department of Biology
Master of Science in Biology

Department of Mathematical Sciences
Master of Science in Mathematics
**For a list of concentration areas, see the departmental web site
http://math.georgiasouthern.edu/math/

Department of Mechanical and Electrical Engineering Technology
Master of Technology
Options in Mechatronics, Engineering Management, and Information Technology

ADVICEMENT
Students who started at Georgia Southern as of Summer 2007 (or after as freshmen): These students will be advised in the COST Advisement Center for their first two years and then by faculty in their major department beginning their junior year. The COST Advisement Center is located in the Nursing/Chemistry Building, room 2222. Beginning Spring 2009, the Center will be located in the Technology Building, room 1116. Students meet with their faculty advisor for academic advisement on major requirements, course selection, registration and other student concerns during two meetings each semester. Students with majors in the following areas will be advised in the COST Advisement Center: Biology, Chemistry, Geology, Geography,
Mathematical Sciences, Physics, Construction Management, Civil Engineering Technology, Electrical Engineering Technology, Mechanical Engineering Technology and the Technology Options Program.

Students with 30+ credit hours and those who started at Georgia Southern prior to Summer 2007: These students will be advised by faculty members within their major department. Students should check their WINGS account via “My.GeorgiaSouthern” website to find out their advisor's name.

All GTREP, RETP, and Manufacturing/Industrial Management Students: These students should check their WINGS account via “My.GeorgiaSouthern” website to find out their advisor's name. These students will be advised by faculty members within the Department of Mechanical and Electrical Engineering Technology.

While faculty advisors provide information and guidance, final responsibility for completion of degree requirements rests with the student. All Georgia Southern students will complete the Core Curriculum as outlined. All majors have specific mathematics and science requirements. Therefore, it is to the student’s advantage to fit these specific requirements into the Core Curriculum whenever possible. In this way, both the Core Curriculum and the requirements of the major may be met.

Students may contact the COST Advisement Center if they have questions about advising or difficulty locating an advisor.

COST Advisement Center
Nursing/Chemistry Building, room 2222
Beginning Spring 2009: Technology Building, room 1116
PO Box 8044-01
(912) 478-0649
cost-advisor@georgiasouthern.edu
http://cost.georgiasouthern.edu/Advisement_Center/
Lisa Vance, Coordinator: (912) 478-0525
Kristen Ruhlman, Staff Advisor: (912) 478-7685
Latoya Ogleoby Smith, Staff Advisor: (912) 478-7304
Maria Sibbald, Admin. Secretary: (912) 478-0649

EXPERIENTIAL LEARNING OUTCOMES
A Cooperative Education (Co-op) Program is provided on an optional basis in all engineering studies and technology majors and in selected science and mathematics majors. The Co-op plan may be student, college, or industry initiated. Normally, students must have earned 30 semester hours of credit toward their major, have a GPA of 2.5 or better, and be willing to participate in no less than two alternating Co-op work assignments. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student, but in many cases the employers provide assistance in locating suitable accommodations. Dormitory rooms and meal plans are available to students working near the campus.

Co-op students register for a designated Special Problems/Co-op course each semester that they are on a work assignment. Students should refer to their advisor for the appropriate course designation. Co-op students in designated majors may receive one semester hour credit each semester they are on a work assignment. An S/U grade is assigned for each work semester on the basis of the employer’s evaluation only.

No commitment is made by either the student or employer for full-time employment upon completion of the Co-op program. However, a company may offer employment upon graduation.

SECONDARY OR P-12 EDUCATION CERTIFICATION
For those interested in Secondary Education (grades 6-12) certification with a BIOLOGY degree:

Students who plan to seek teacher certification after completion of the B.A. or B.S. Biology program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.A. or B.S. Biology requirements are met, no other biology content courses are required. However, students are strongly encouraged to pursue “broad fields” Science certification which includes the areas of biology, chemistry, earth science, and physics. To meet broad fields content requirements, the following courses are recommended as part of or in addition to your current program of study.

- CHEM - advisor recommended (12)
  - PHYS - advisor recommended: PHYS 2211, PHYS 2212, PHYS 3536 (12)
- Earth-Space Science - advisor recommended (12)

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

- Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
  - ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
  - SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

- BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR
- BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  - EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  - EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.
For those interested in Secondary Education (grades 6-12) certification with a CHEMISTRY degree:
Students who plan to seek teacher certification after completion of the B.A. or B.S. Chemistry program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.A. or B.S. Chemistry requirements are met, no other chemistry content courses are required. However, students are strongly encouraged to pursue “broad fields” Science certification which includes the areas of biology, chemistry, earth science, and physics. To meet broad fields content requirements, the following courses are recommended as part of or in addition to your current program of study.

BIOL - advisor recommended (12)
PHYS - advisor recommended: PHYS 2211, PHYS 2212, PHYS 3536 (12)
Earth-Space Science - advisor recommended (12)

The following education courses may also be taken as electives while enrolled in your bachelor’s program:
Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
• SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:
• BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR
• BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  • EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  • EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification with a GEOLOGY degree:
Students who plan to seek teacher certification after completion of the B.A. or B.S. Geography program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.A. or B.S. Geography requirements are met, no other geography content courses are required. However, students are strongly encouraged to pursue certification in more than one social science field to enhance employment opportunity. Plan to complete at least 12 semester hours in one or more of the following fields: Economics, History, and/or Political Science, with advisor guidance in selection. These courses should be completed as part of the minor or electives.

The following education courses may also be taken as electives while enrolled in your bachelor’s program:
Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)
• SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:
• BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR
• BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  • EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  • EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.
• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)

• SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

• BA/BS/BBA majors can take the complete 9 semester hour PPB block of courses with the required 50 hour field experience; OR

• BA/BS/BBA majors can take EDUC 2130 - Exploring Learning and Teaching concurrently with EDUC 2090 - PPB Practicum (50 contact hours in a school) – total of 3 credit hours. After taking EDUC 2130, those students can take one or both of the other PPB courses with approximately 10 hours of field experience with each course. These courses are:
  • EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
  • EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification with a PHYSICS degree:

Students who plan to seek teacher certification after completion of the B.A. or B.S. Mathematics program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet content requirements, the following courses must be completed as part of or in addition to your current program of study:

- BIOL - advisor recommended (12)
- CHEM - advisor recommended (12)
- Earth-Space Science - advisor recommended (12)

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:

• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)

• SPED 3333 - Introduction to Special Education (3)

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

  • EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.

For those interested in Secondary Education (grades 6-12) certification with a MATHEMATICS degree:

Students who plan to seek teacher certification after completion of the B.S. or B.S.Mat. Mathematics program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. To meet content requirements, the following courses must be completed as part of or in addition to your current program of study:

- MATH 3130 - College Geometry (3)
- MATH 5136 - History of Mathematics (3)
- MATH 5234 - Number Theory (3)
- STAT 5531 - Statistical Methods I (3)

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:

• ITEC 3430 - Instructional Technology for P-12 Education (3) (or meet the state technology requirement by passing the GACE Computer Skill Competency Assessment)

• SPED 3333 - Introduction to Special Education (3)
• EDUC 2110 - Investigating Critical and Contemporary Issues in Education (3)
• EDUC 2120 - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (3)

NOTE: GACE Basic Skills and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor’s program.
Allen E. Paulson College of Science and Technology Programs - Undergraduate
BIOLOGY B.A.,
126 HOURS

See Core Curriculum on page 63 for required courses in Area A through Area E.

Area A - Essential Skills .............................................................................................................................9 Hours
MATH 1112 - Trigonometry (3) OR MATH 1113 - Pre-Calculus (4) (MATH 1112 preferable for BIOL students)

Area B - Institutional Options ..........................................................................................................................4 Hours

Area C - Humanities and Fine Arts ..................................................................................................................6 Hours

Area D - Science, Mathematics, and Technology ..................................................................................................11 Hours
Select 4 hours from one of the following lecture and laboratory course pairs:
- PHYS 1111 - Introduction to Physics I (3) and PHYS 1113 - Physics Lab I (1)
- PHYS 2211 - Principles of Physics I (3) and PHYS 1113 - Physics Lab I (1)
- GEOL 1121 - Introduction to the Earth (3) and GEOL 1110 - Earth Lab (1)

Area E - Social Science ..................................................................................................................................12 Hours

Area F - Courses Appropriate to Major ...........................................................................................................18 Hours
- CHEM 1145 - Principles of Chemistry I (4) and CHEM 1146 - Principles of Chemistry II (4) (Students must complete CHEM 1145 and CHEM 1146)
- BIOL 2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology I Lab (1)
- BIOL 2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1) (Students must complete BIOL 2107 and BIOL 2108)

Foreign Language Level III (0-2)
Math, Computer Science, Science Course approved by advisor (0-2)

Health and Physical Education Activities ......................................................................................................4 Hours
- HLTH 1520 - Healthful Living (2)
- Physical Education Activities (2)

Orientation .....................................................................................................................................................2 Hours
FYE 1220 - First Year Seminar (2)

Specific Requirements ....................................................................................................................................5 Hours
Carryover from Area F (1)
Select a 4 hour lecture and laboratory course pair from the following to complete an 8 hour sequence: (Students must complete 1 year of either Physics or Geology; first course in sequence should be counted in Area D1)
- PHYS 1112 - Introduction to Physics II (3) and PHYS 1114 - Physics Lab II (1)
- PHYS 2212 - Principles of Physics II (3) and PHYS 1114 - Physics Lab II (1)
- GEOL 1122 - General Historical Geology (4)

Major Requirements ........................................................................................................................................28 Hours
- BIOL 3130 - Principles of Genetics (3)
- BIOL Evolution and Ecology Elective (3-4) (Level 3000 and above, see Dept. website for approved list)
- BIOL Organismal Elective (3-4) (Level 3000 and above, see Dept. website for approved list)
- BIOL Sub-Organismal Elective (3-4) (Level 3000 and above, see Dept. website for approved list)
- BIOL - Elective Courses (Level 3000 and above) (13-16)
- CHEM 5541 - Biochemistry I (4) may substitute for a BIOL Elective with advisor approval
Three of the above courses must have a laboratory requirement (4 credit hour courses)
One of the above courses must qualify as a "scientific process" course; see Dept. website for list of qualifying courses.
Department recommends that one of the above courses quality as a "capstone" experience; see Dept. website for list of qualifying courses.
A maximum of 5 hours of capstone courses can be applied to the B.A. degree.

Foreign Language Requirements .....................................................................................................................0-6 Hours

Electives .........................................................................................................................................................6-12 Hours

Minor (Required) ..........................................................................................................................................15 Hours

ADVICE MENT: Biology Faculty in the Allen E. Paulson College of Science and Technology, Biology Building, (912) 478-5487.

OTHER PROGRAM REQUIREMENTS:
- No more than 30 hours of upper division coursework in Biology may count toward the 126 minimum for graduation.
BIOLOGY B.S.B.,
126 HOURS

See Core Curriculum on page 63 for required courses in Area A through Area E.

Area A - Essential Skills .......................................................................................................................... 9 Hours
MATH 1112 - Trigonometry (3) OR MATH 1113 - Pre-Calculus (4) (MATH 1112 preferable for BIOL students)

Area B - Institutional Options .................................................................................................................. 4 Hours

Area C - Humanities and Fine Arts ........................................................................................................... 6 Hours

Area D - Science, Mathematics, and Technology ..................................................................................... 11 Hours
Select 4 hours from one of the following lecture and laboratory course pairs:
PHYS 1111 - Introduction to Physics I (3) and PHYS 1113 - Physics Lab I (1)
PHYS 2211 - Principles of Physics I (3) and PHYS 1113 - Physics Lab I (1)
GEOI 1121 - Introduction to the Earth (3) and GEOI 1110 - Earth Lab (1)

Area E - Social Science ............................................................................................................................. 12 Hours

Area F - Courses Appropriate to Major .................................................................................................. 18 Hours
CHEM 1145 - Principles of Chemistry I (4) and CHEM 1146 - Principles of Chemistry II (4) *(Students must complete CHEM 1145 and CHEM 1146)*
BIOL 2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology I Lab (1)
BIOL 2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1) *(Students must complete BIOL 2107 and BIOL 2108)*
Foreign Language Level III (0-2)
Math, Computer Science, Science Course approved by advisor (0-2)

Health and Physical Education Activities ............................................................................................... 4 Hours
HLTH 1520 - Healthful Living (2)
Physical Education Activities (2)

Orientation ................................................................................................................................................ 2 Hours

CHEM 3610 - Junior Seminar (1)
CHEM 4241 - Instrumental Analysis (4)
CHEM 4611 - Senior Seminar (1)
CHEM 5541 - Biochemistry I (4)

Block Electives: (11 hours)

Students must take two electives from Block I below plus additional hours from either Block I or Block II to meet the 11 hour elective requirement.

Block I
CHEM 4242 - Electrochemical Analysis (4)
CHEM 4244 - Advanced NMR Spectroscopy (4)
CHEM 4331 - Advanced Organic Chemistry (3)
CHEM 4332 - Principles of Drug Design (3)
CHEM 5243 - Environmental Chemistry (4)
CHEM 5542 - Biochemistry II (4)

Block II
*CHEM 3790 - Teaching Internship (variable)
*CHEM 4790 - Chemistry Internship (variable)
*CHEM 4890 - Chemical Research Experience (variable)

*Number of hours that can count toward completion of the 11 hour block elective requirement is limited. See your advisor.

Electives (At least 3 hours must be outside Chemistry) .......................... 12

Hours
ADVISEMENT: Chemistry Faculty, Nursing/Chemistry Building, Room 2003C, Phone: (912) 478-5681.

PROGRAM ADMISSION CRITERIA:

• Students who wish to change their major to Chemistry must have a total institution GPA of 2.0 or better in all course work completed at Georgia Southern.
• Transfer students from other institutions who wish to major in Chemistry must have a GPA of 2.0 or better on all credit hours attempted at other institutions as well as those hours attempted at Georgia Southern.

OTHER PROGRAM REQUIREMENTS:

• Chemistry majors must earn a minimum grade of “C” in each chemistry course which applies toward graduation.
HONORS IN CHEMISTRY

Commencement of pursuit of Honors in Chemistry requires that a student must have a minimum GPA of 3.2 based on 45 hours of coursework and must obtain approval of the Department of Chemistry faculty.
To graduate with Honors in Chemistry, a student must:

• Complete the Bachelor of Science in Chemistry (American Chemical Society certified degree).
• Complete two upper level honors Chemistry courses with a minimum grade of “B” in each course.
• Maintain a minimum GPA of 3.0 in Chemistry.
• Complete a research project of 4 semester credits of CHEM 4890 that encompasses a minimum of 3 semesters of effort. The entire project must be under the primary direction of one faculty member.
• Complete a research thesis on a research project under the direction of a thesis committee.
• Present a departmental seminar on this project.

## Courses Appropriate to Major

- **CHEM 1145** - Principles of Chemistry I (4)
- **CSCI 1232** - Introduction to FORTRAN Programming (3) OR **ENGR 1731** - Computing for Engineers (3)
- **ENGR 1133** - Engineering Graphics (3)
- **MATH 2242** - Calculus II (4)
- **PHYS 1112** - Introduction to Physics II (3)
- **PHYS 1114** - Physics Lab II (1)

## Health and Physical Education Activities

- **HLTH 1520** - Healthful Living (2)
- Physical Education Activities (2)

## Orientation Hours

- FYE 1220 - First Year Seminar (2)

## Specific Requirements Hours

- Carryover from Core (1)
- **TCET 3236** - Project Cost Analysis, Planning, and Management (3)
- **TENS 2141** - Statics (4)
- **TENS 2142** - Dynamics (4)
- **TENS 2143** - Strength of Materials (4)
- **TENS 2144** - Fluid Mechanics (4)

## Major Requirements Hours

- **TCET 2241** - Surveying (4)
- **TCET 3141** - Environmental Pollution (4)
- **TCET 3142** - Structural Analysis (4)
- **TCET 3233** - Transportation Systems (3)
- **TCET 3234** - Construction Materials (3)
- **TCET 4141** - Water Supply Systems (4)
- **TCET 4142** - Reinforced Concrete Design (4)
- **TCET 4146** - Structural Steel Design (4)
- **TCET 4243** - Highway Design (4)
- **TCET 4244** - Soil Mechanics and Foundations (4)
- **TCET 4245** - Water-Wastewater Treatment (4)
- **TCET 4536** - Senior Project (3)

## Free Elective Hours

- Total (3)

**ADVICEMENT:** CET Program Advisors, located in the Technology Building, Room 2121, Phone: (912) 478-1010.

**OTHER PROGRAM REQUIREMENTS:**

- At least 30 Semester hours of approved upper division Engineering Technology credits must be earned at Georgia Southern.
- The Area A Math requirement is Pre-Calculus.
- Introduction to Physics I (with Physics I Lab) is recommended as an Area D, Section I - Traditional Lab Science course.
- Calculus I is recommended as an Area D, Section III - Mathematics, Science or Technology course.
CIVIL ENGINEERING TECHNOLOGY
SUGGESTED CHRONOLOGY

FIRST YEAR
Fall - 13 Hours
ENGL 1101 - Composition I (3) (Area A)
FYE 1220 - First Year Seminar (2) (Area U)
HIST 2110 - United States: A Comprehensive Survey (3) (Area E)

**ADVICEMENT:** Geography Faculty in the Herty Building. Phone: (912) 478-5361.

**HONORS IN GEOGRAPHY**

Students majoring in Geography (BS or BA) may pursue an Honors in Geography program. Students are required to have a minimum GPA of 3.2 after 45 hours of coursework and approval of Geology and Geography faculty to commence the Honors program.

To graduate with Honors in Geography, a student must:

- Maintain a minimum GPA of 3.5 in the major and a 3.2 in a minor.
- Complete a senior thesis (BA or BS degree) with a minimum grade of “B” in GEOG 4610. The thesis will be supervised by a Geology/Geography faculty member.
- Complete a GEOG 4120, GEOG 4820, and GEOG 4610 (3 semester research sequence) for a total of 4 hours.

Present a departmental seminar on the thesis research.
GEOGRAPHY

MATHEMATICS
B.S., 126 HOURS

See Core Curriculum on page 63 for required courses in Area A through Area E.

*Area A - Essential Skills ................................................................................................................... 9 Hours
  MATH 1112 - Trigonometry (3) OR MATH 1113 - Pre-Calculus (4) OR MATH 1441 - Calculus I (4)

Area B - Institutional Options ................................................................................................................. 4 Hours

Area C - Humanities and Fine Arts .......................................................................................................... 6 hours

*Area D - Science, Mathematics, and Technology ................................................................................. 11 Hours
Area E - Social Science .......................................................................................................................... 12 Hours
Area F - Courses Appropriate to Major ........................................................................................................ 18 Hours
  CSCI 1232 - Introduction to FORTRAN Programming (3), CSCI 1236 - Introduction to Java Programming (3) OR CSCI 1301 - Programming Principles I (3-4)
  MATH 1441 - Calculus I (4)
  MATH 2242 - Calculus II (4)
  MATH 2243 - Calculus III (4)
  MATH 2331 - Elementary Linear Algebra (3)
  MATH 2332 - Mathematical Structures (3)
  One Course in Computer Science (CSCI 1232 or above), ENGR 1731, Biology, Chemistry, or Physics (0-3)

(Students must complete MATH 1441, MATH 2242, and MATH 2243)

Health and Physical Education Activities .................................................................................................. 4 Hours
  HLTH 1520 - Healthful Living (2)
  Physical Education Activities (2)

Orientation .................................................................................................................................................. 2 Hours
  FYE 1220 - First Year Seminar (2)

Specific Requirements ................................................................................................................................. 0-7 Hours
  Computing Course (3) (if only one computing class taken in Area F) (CSCI 1232 or above; ENGR 1731)
  Lab Science Course in addition to those taken in Area D (if not taken in Area F) (4)

* If MATH 1441 is taken in Area A, then 3 hours count in Area D and 1 hour in Area F. It is recommended that the mathematics major take a Calculus course in Area D (3 hours will count in Area D and 1 hour in Area F).

Major Requirements ..................................................................................................................................... 32 Hours
Required Courses
  MATH 3230 - Differential Equations (3)
  MATH 3333 - Modern Algebra I (3)
  MATH 3337 - Probability (3)
  MATH 4910 - Undergraduate Seminar (1) [*Student must take twice (2)]
  MATH 5331 - Analysis I (3)
  MATH 5539 - Mathematical Models (3)

Select five of the following Elective courses: *(at least one from MATH 5332, 5334, 5335)*
  MATH 3130 - College Geometry (3)
  MATH 4930 - Senior Research Project (3)
  MATH 5234 - Number Theory (3)
  MATH 5330 - Operations Research (3)
  MATH 5332 - Analysis II (3)
  MATH 5334 - Modern Algebra II (3)
  MATH 5335 - Intermediate Linear Algebra (3)
  MATH 5336 - Applied Numerical Methods (3)
  MATH 5338 - Applied Mathematics (3)
  MATH 5430 - Introduction to Mathematical Biology (3)
  MATH 5434 - Functions of a Complex Variable (3)
  MATH 5435 - Introduction to Topology (3)
  STAT 5330 - Introduction to Mathematical Statistics (3)
  STAT 5331 - Statistical Methods I (3)
  STAT 5332 - Statistical Methods II (3)

(Or other 3000-level or above MATH or STAT courses as approved by advisor.)

As an alternative to five elective courses, students may choose the option of Concentration in Mathematics Education. Concentration: Mathematics Education (15)
  Required Courses
    MATH 3130 - College Geometry (3)
    MATH 5136 - History of Mathematics (3)
    MATH 5234 - Number Theory (3)
    STAT 5531 - Statistical Methods I (3) *(Listed above)*
    *(These courses are also required for the M.A.T. - Master of Arts in Teaching)*
  Select one of the following Elective Courses:
    MATH 5332 - Analysis II (3)
MATH 5334 - Modern Algebra II (3)
MATH 5335 - Intermediate Linear Algebra (3) (Listed above)

Foreign Language Requirements (third course) (2001 Level) .................................................................................................................. 0-3 Hours
Electives .............................................................................................................................................................................................................................................. 18-28 Hours

For the Concentration in Mathematics Education, the courses that are listed in the Pre-Professional Block (PPB) are recommended for the M.A.T.

ADVICEMENT: Mathematical Sciences faculty, Math/Physics Building, Room 3008, Phone: (912) 478-5390.

OTHER PROGRAM REQUIREMENTS: A minimum grade of “C” is required for each CSCI, MATH, and STAT course taken in the major. This applies to all courses (lower and upper division). The mathematics major may not subsequently take a lower level MATH or STAT course after earning credit for a course that has the lower level course as a prerequisite (except by advisor’s permission).
MATH 1112 - Trigonometry (3) OR MATH 1113 - Pre-Calculus (4) OR MATH 1441 - Calculus I (4)

Area B - Institutional Options ........................................................................................................ 4 Hours
Area C - Humanities and Fine Arts ................................................................................................. 6 Hours
Area D - Science, Mathematics, and Technology ........................................................................... 11 Hours
Area E - Social Science .................................................................................................................. 12 Hours
Area F - Courses Appropriate to Major .......................................................................................... 18 Hours

CSCI 1232 - Introduction to FORTRAN Programming (3), CSCI 1236 - Introduction to Java Programming (3) OR CSCI 1301 - Programming Principles I (4)
MATH 1441 - Calculus I (4)
MATH 2242 - Calculus II (4)
MATH 2243 - Calculus III (4)
MATH 2331 - Elementary Linear Algebra (3)
MATH 2332 - Mathematical Structures (3)
MATH 1232 or above (0-3)

(Students must complete MATH 1441, MATH 2242, and MATH 2243)

Health and Physical Education Activities ....................................................................................... 4 Hours
HLTH 1520 - Healthful Living (2)
Physical Education Activities (2)

Orientation ........................................................................................................................................ 2 Hours
FYE 1220 - First Year Seminar (2)

Specific Requirement ...................................................................................................................... 0-3 Hours
Computing Course (3) (if only one computing class taken in Area F) (CSCI 1232, CSCI 1236, CSCI 1301, or CSCI 1302.)

* If MATH 1441 is taken in Area A, then 3 hours count in Area A and 1 hour in Area F. It is recommended that the mathematics major take a Calculus course in Area D (3 hours will count in Area D and 1 hour in Area F).

Major Requirements ...................................................................................................................... 44 Hours
Required courses
MATH 3230 - Differential Equations (3)
MATH 3333 - Modern Algebra I (3)
MATH 3337 - Probability (3)
MATH 4910 - Undergraduate Seminar (1) [*Student must take twice (2)]
MATH 5331 - Analysis I (3)
MATH 5332 - Analysis II (3) or MATH 5334 - Modern Algebra II (3)
MATH 5335 - Intermediate Linear Algebra (3)
MATH 5336 - Applied Numerical Methods (3)
MATH 5539 - Mathematical Models (3)
STAT 5531 - Statistical Methods I (3)

Select five of the following Elective courses:
MATH 3130 - College Geometry (3)
MATH 4930 - Senior Research Project (3)
MATH 5234 - Number Theory (3)
MATH 5330 - Operations Research (3)
MATH 5332 - Analysis II (3)

MET Electives: Automation and CIM, HVAC, Intro to Finite Element Analysis, Special Topics in Mechanical Engineering Technology, Mechanical System Design, Vibrations and Preventative Maintenance, or equivalent with program coordinator’s approval.
MILITARY SCIENCE NON-DEGREE, 15-32 HOURS

U. S. Army Reserve Officer Training Program Overview:
The Department of Military Science is a Senior Division Reserve Officer Training Corps (ROTC) Instructor Group staffed by Army personnel. The department provides a curriculum that qualifies the college graduate for a commission as an officer in the U. S. Army, U. S. Army Reserve or the Army National Guard. Enrollment is open to all students. The ROTC program is designed to provide students with the knowledge and practical experience in leadership and management that will be useful in any facet of society. Additionally, each student is provided a working knowledge of the organization and function of the Department of Defense and the role of the U. S. Army in national security and world affairs. The ROTC program is divided into two main phases: the Basic Course, which is normally pursued during the freshman and sophomore years, and the Advanced Course, which is taken during the junior, senior or graduate years.

Basic Course Description: The Military Science Basic Course teaches the organization and roles of the U. S. Army and introduces essential background knowledge of customs and traditions, leadership, map reading, small unit organization, and marksmanship. These courses have the objective of developing the student’s leadership, confidence, self-discipline, integrity, and sense of responsibility. There is no obligation to continue in ROTC as a result of taking any Basic Course classes. Additionally, all contracted students in the Basic Course are required to participate in physical training. Physical training is conducted Monday, Wednesday and Fridays from 0600 - 0700 hours.

Basic Course Hours
Students may take four 2-hour courses (8 Hours) or MSCI 2731 - Basic Military Skills Practicum (3) or a combination of the two in order to receive Basic Course credit.

Basic Course Requirements:
MSCI/KINS 1510 - Mountaineering (1) and MSCI 1111 - Introduction to Military Science (1)
MSCI 1122 - Marksmanship/Basic Military Leadership (2)
MSCI 2121 - Basic Military Skills (2)
MSCI 2122 - Basic Military Tactics (2)

MSCI 2731 - Basic Military Skills Practicum (3) (registration optional) - The Leadership Training Course is offered for those students who have not met the Basic Course requirements and desire to enroll in the Advance Course program. This course is currently conducted at Fort Knox, Kentucky during the summer. Students may earn three credit hours for attending this course through registration at the Registrar’s Office upon completion of the course and coordination through the Military Science Department. Students attending this camp are paid and given travel allowance from their home to camp and back.

Advanced Course Description: The Military Science Advanced Course is taken during the junior/senior or graduate years. Students learn land navigation, communications, small unit tactics, patrolling, military management, staff operations, logistics, army administration, military law, ethics, and the Army system and culture. Additionally, students must satisfy Professional Military Education (PME) requirements with courses in the following areas: communications skills, computer literacy, and military history. Students must meet eligibility requirements and sign a contract for commissioning with the U.S. Army. The general objective of these courses is to produce junior officers who will be the future officer leadership of the U.S. Army, U.S. Army Reserve, or the Army National Guard. Contracted Advanced Course students are required to attend the Leadership Development and Assessment Course (LDAC), normally between their junior and senior academic years. This course is mandatory for all students seeking a commission in the U.S. Army but registration for university credit is optional. Students attending this course are paid and given travel allowance from their home to camp and back. Students may earn three credit hours for attending this course through registration at the Registrar’s office upon completion of the course and coordination through the Military Science Department.

Advanced Course Credit

MSCI 3131 - Advanced Tactics and Applied Leadership I (3)
MSCI 3132 - Advanced Tactics and Applied Leadership II (3)
MSCI 4131 - Military Leadership and Management Seminar (3)
MSCI 4132 - Transition to Lieutenant (3)

MSCI 3731 - Advanced Military Skills Practicum (3) (registration optional) - This course is mandatory for all students seeking a commission in the U.S. Army but registration for university credit is optional. The ROTC Leader Development and Assessment Course (LDAC) or operation WARRIOR FORGE is the most important training event for an Army ROTC Cadet. The 32-day training event incorporates a wide range of subjects designed to develop and evaluate leadership ability. The challenges are rigorous and demanding, both mentally and physically. WARRIOR FORGE tests intelligence, common sense, ingenuity and stamina. These challenges provide a new perspective on an individual’s ability to perform exacting tasks and to make difficult decisions in demanding situations. This course is mandatory for all students wishing to seek a commission in the U.S. Army but registration is not required. Students may earn three credit hours for attending this course through registration at the Registrar’s Office upon completion of the course and coordination through the Military Science Department. Students attending this camp are paid and given travel allowance from their home to camp and back.

ADVISEMENT: Department of Military Science, Military Science Building, (912) 478-5320. Students will complete a CC 104R that will map out their college courses until graduation.

PROGRAM ADMISSION CRITERIA: All students entering the GSU Military Science courses must have a statement from a physician attesting that the student is capable of participating in physical activities. This statement must be no more than one-year old from time of
entry. Students in the Basic Course can obtain this medical statement from Health Services on campus. Students interested in earning a commission in the U.S. Army and enrolling in the Advanced Course require a Department of Defense Medical Evaluation Review Board physical, must be an academic junior or higher, have a GPA of 2.0 or better, have an SAT score of 920 or higher or an ACT score 19, be a U.S. citizen, have no moral obligations or personal conviction preventing service, satisfactorily explain any record of arrest and/or civil conviction, be a high school graduate or possess an equivalent certificate, pass the Army Physical Fitness Test and must demonstrate a potential for further leadership development. Additionally, Veterans, JROTC graduates (with at least four years of high school JROTC), and students who have completed military science courses in the military preparatory schools and junior colleges are eligible for advanced placement and are not required to participate in the Basic Course.

**OTHER PROGRAM REQUIREMENTS** ........................................................................................................................................................................9 Hours

Professional Military Education (PME) requirements are for students seeking a commission in the U.S. Army. Students must take 3 hours in each area with a preference in History 3230 for a Minor. The following is a list of PME classes:

- **COMMUNICATION SKILLS** (written and oral)
  - ENGL 1101 - English Composition (3) (Core Curriculum - Area A)
  - ENGL 1102 - English Composition (3) (Core Curriculum - Area A)
  - WRIT 3230 - Writing in the Workplace (3)
  - WRIT 4130 - Advanced Composition (3)

- **MILITARY HISTORY**
  - HIST 3136 - U.S. as a Global Power (3)
  - HIST 3230 - American Military History (3) (preferred)
  - HIST 4531 - World War I (3)
  - HIST 5335 - World War II (3)

- **COMPUTER LITERACY**
  - CISM 1110 - Computer Applications (1)
  - CISM 1120 - Computer Concepts (2)

**Participating Students Requirements (CC Pam 145-4/AR 145-1)**

- Participating students are those who choose not to or are ineligible to sign the CC Form 139-R, Cadet Enrollment Record, and therefore are not enrolled cadets. They are divided into the categories below. All categories of participating students who meet the requirements set by the school authorities may take Army ROTC classes for all 4 years. Participation in other than classroom instruction is not authorized. Specific grades and grade point averages (GPA) are awarded to these students for classroom work only and the policies set by the school authorities.

- ROTC participating students are students who participate in military science courses but are not fully enrolled in ROTC. They are divided into three categories: auditing students, conditional students, and alien students. Students who are ineligible or become ineligible for enrollment as an ROTC cadet may, if desired by school authorities and approved by the PMS, participate in the ROTC program in one of the above categories provided:
  1. They are not authorized access to classified instructional material.
  2. They are in good standing and attending school full time.
  3. There is no loss in effectiveness of military instruction.
  4. Such participation is not otherwise prohibited by law, DOD Directive or Army Regulation.

- ROTC participating students are ineligible for:
  1. Subsistence allowance. (See para 3–30b in CC Pam 145-4/AR 145-1.)
  2. Participation in the ROTC Scholarship Program.
  3. Commissioning credit, except immigrant alien students. Conditional students will be given credit for that part of the course successfully completed upon change to enrolled status. (See para 3–30b in CC Pam 145-4/AR 145-1.)
  4. Participation in any physical training, labs, field training exercises or any events outside the classroom. These students are also not authorized to wear the Army uniform or receive any issue of such from the ROTC Department.

- ROTC students completing the course of instruction in a non-enrolled status are ineligible for appointment as commissioned officers. Although immigrant aliens may be authorized to participate in the SROTC Program, if properly qualified, they must be advised that:
  2. Effective 1 January 1988, HQDA policy requires the possession of a SECRET security clearance, based on a National Agency Check (NAC) to be eligible for appointment.
  3. These two requirements must be met by graduation.
  4. Participants who do not meet these requirements by graduation will not be retained as a participating member of the ROTC program. (No waiver of these requirements will be granted.) Immigrant alien graduates who have otherwise fulfilled commissioning requirements may apply for direct commissioning once DOD requirements are met. Only conditional students and participating immigrant alien students may be presented a DA Form 134 (Military Training Certificate Reserve Officers’ Training Corps) after successfully completing all or part of the SROTC Program. When the student is issued the certificate it will be annotated to reflect that the certificate does not entitle the student to a commission.
• No student, except those in the alien student category, will be authorized to wear the ROTC uniform if denied enrollment into the ROTC because of failure to sign the loyalty oath.

• Applicability of academic credit and other school policies concerning participation in the ROTC program for these categories will be determined by school authorities.

• An immigrant alien who is also a member of the Reserve Components is not eligible to enroll in the advanced course or to participate in the program with this status.

Minor In Military Science Requirements .................................................................15 Hours
The following courses are required for a Minor in Military Science. In order for a participating student to receive a Minor in Military Science, he or she must register and complete the following courses:
  HIST 3230 - American Military History (3)
  MSCI 3131 - Advanced Tactics and Applied Leadership I (3)
  MSCI 3132 - Advanced Tactics and Applied Leadership II (3)
  MSCI 4131 - Military Leadership and Management Seminar (3)
  MSCI 4132 - Transition to Lieutenant (3)

Program Options, Obligation, Financial Assistance, Scholarships and Books, Uniforms and Supplies:
Two Year Program Versus The Four Year Program: The ROTC program is designed as a 4-year course of study. However, students who are not eligible for advanced placement and who have not completed the Basic Course program may still become qualified for the advanced program. They must satisfactorily complete a Leader Training Course, four weeks duration, during the summer between their sophomore and junior years. Students attending this Leader Training Course at a regular army post are paid and given a travel allowance from their home to camp and return. Leader Training Course can count for 3 general credits. Students who have participated in four years of JROTC or are an Eagle Scout meet the requirements of the Basic Course.

• Obligation: Once a student is contracted, he or she will incur an eight year Military Service Obligation (MSO). The cadet may elect to serve his/her MSO either on Active Duty, the National Guard or the Army Reserves. Active duty requires a minimum of four years active duty and four years Inactive Ready Reserve (IRR). The National Guard and Reserves requires eight years drill status (one weekend a month/two weeks a year) for the entire MSO. All cadets will incur an eight-year military service obligation whether they elect to go active duty, Reserve duty or National Guard.

• Financial Assistance: All contracted cadets are paid a subsistence allowance (Stipend) of $300- $500 per month based on college standing for up to 10 months per year. This is subject to change yearly.

• Scholarship Program: Each year the U.S. Army awards two, three, and four year scholarships to outstanding young men and women contracted in the ROTC program. In most cases, the Army pays the tuition or room and board and required fees incurred by the scholarship student. The scholarship will cover up to $20,000 per year. Scholarship winners also receive an allowance for books of $1200 per year. Individuals desiring to compete for two and three year scholarships should apply to the Army Military Science Department at Georgia Southern University. Some students who are enrolled in highly technical academic discipline programs and who qualify for Reserve Officers Training Corps scholarship benefits may be required to take an academic course load that will necessitate more than four academic years of study prior to graduation. It is possible to extend the Army Scholarships benefit to cover this additional period. ROTC students successfully completing the Leadership Development and Assessment Course (LDAC) may compete for civilian sponsored Scholarships awarded during their senior year. National winners receive $1500 and regional winners receive $1000. Contact the Georgia Southern University Department of Military Science at (912) 478-0040 for further information.

• Army Reserve Officer Training Corps Uniform, Books, And Supplies: Students enrolling in the Army ROTC program will be issued U.S. Army uniforms, most ROTC required books, and supplies by the Military Science Department. Uniforms and equipment must be returned before commissioning or upon disenrollment from the Reserve Officers Training Corps program.

**ADVICE:** Engineering Studies Office, Room 2121 of the Technology Building, Phone: (912) 478-0539. Students should obtain a copy of the course chronology for their specific field of engineering.
GEORGIA TECH REGIONAL ENGINEERING PROGRAM (GTREP)
AND THE REGENTS ENGINEERING TRANSFER PROGRAM (RETP)

ADMISSION AND COMPLETION REQUIREMENTS FOR THE GEORGIA TECH REGIONAL ENGINEERING PROGRAM (GTREP) AND THE REGENTS ENGINEERING TRANSFER PROGRAM (RETP)

Beginning freshmen
Students who apply to Georgia Southern University for either program as beginning freshmen must meet the following requirements. The prospective student must:
1. Be a resident of the State of Georgia (RETP only);
2. Have a high school grade point average (GPA) of at least 3.00 (B average);
3. Have a combined SAT score of at least 1090 (not counting the essay portion), with individual minima of 560 on the math portion and 440 on the verbal portion; or have been admitted to an engineering program at Georgia Tech (such students should supply the GSU Director of Engineering Programs with a copy of the acceptance letter from Georgia Tech);
4. Have satisfied the College Preparatory Curriculum (CPC) course work before enrolling at Georgia Southern;
5. For international students (GTREP only), have a TOEFL score of 600 (on the paper version) or a score of 250 (on the computer version).

High school graduates who do not meet the above requirements will be classified as Technology Options Program (TOP) majors.

Current Georgia Southern students and transfer students from another institution
Current Georgia Southern students are defined as those who are currently enrolled at Georgia Southern in another academic major (including the Technology Options Program). Transfer students are those who have taken a college or university course after graduating from high school from a college or university other than Georgia Southern. Such a student cannot be considered for freshman admission. To be accepted into either GTREP or RETP, current Georgia Southern students and transfer students must:
1. Complete a minimum of 30 semester hours of college course work with a cumulative grade point average (GPA) of 3.00;
2. Complete MATH 1441 (Calculus I) and MATH 2242 (Calculus II) with grades of at least “B” (3.00 GPA);
3. Complete CHEM 1147 (Comprehensive General Chemistry) or CHEM 1145 (Principles of Chemistry I) and PHYS 2211/1113 (Principles of Physics I/lab) with grades of at least “B” (3.00 GPA).

Change of major and transfer students who have not met the above requirements will be classified as Technology Options Program (TOP) majors. TOP students have up to four semesters (excluding summers, if students elect to take classes during the summer term) to satisfy the exit requirements. If at any point it appears that a TOP student is not likely to meet the exit requirements, they will be assisted with the selection of a different major.

Transfer admission to Georgia Tech with junior status
Georgia Southern students who wish to apply to Georgia Tech as either a GTREP or RETP student must first satisfy the following requirements:
1. Complete a minimum of 60 semester hours, including all course work as specified in the GTREP and RETP curriculum for the student's particular major field of engineering with a Regents cumulative grade point average of 2.70 on a 4.00 scale for Georgia residents and 3.00 for nonresidents/international students (GTREP only).
2. Complete the mathematics sequence (18 semester hours), beginning with Calculus I, with a cumulative GPA of 2.70 for Georgia residents and 3.00 for nonresidents/international students (GTREP only).
3. Complete all science courses for the particular major, including the calculus-based physics sequence (8 semester hours) and CHEM 1147 (4 semester hours) with a cumulative GPA of 2.70 for Georgia residents and 3.00 for nonresidents/international students (GTREP only).
4. Complete English composition I and II and all other remaining course work for their major with a minimum grade of “C.”

Application Process
When a student is within one semester of completing the above requirements, the following application process should be followed.
1. Obtain a Georgia Tech Transfer Application for Admission from the Director of Engineering Programs at Georgia Southern.
2. Submit the completed Georgia Tech application for undergraduate admission to the Director of Engineering Programs at Georgia Southern (the application fee is waived for RETP and GTREP students). Do not send this application to Georgia Tech!
3. Request that the Registrar’s Office of any institution(s) attended other than Georgia Southern submit directly to the Georgia Tech Admissions Office an official transcript of all course work taken at that/those institution(s). The Georgia Southern transcript will be submitted to Georgia Tech by the GSU Director of Engineering Programs as part of the admissions application package.
4. Request the Georgia Southern Registrar’s Office to submit an official transcript directly to Georgia Tech after the completion of all course work at Georgia Southern.
REGENTS ENGINEERING TRANSFER PROGRAM (RETP)
In order to provide greater access for Georgia residents to an engineering degree from the Georgia Institute of Technology, the University System of Georgia Board of Regents created the Regents Engineering Transfer Program (RETP) in 1986. Since its inception, Georgia Southern University has been a leading participant in the RETP, sending more students to Georgia Tech than any other school in the program. In addition, Georgia Southern students excel academically at Georgia Tech, with 89% completing the engineering degree and 38% making either the Dean’s List or Faculty Honors List there. The RETP allows prospective engineering students to take the first two years of the engineering curriculum at Georgia Southern and, upon successful completion of the first two years, transfer to Georgia Tech to complete the last two years of the engineering degree. Also, non-resident students and Georgia residents who are interested in the engineering programs at other universities may take the same course of study as the RETP students and then transfer to the school of their choice.

GEORGIA TECH REGIONAL ENGINEERING PROGRAM (GTREP)
Based in part on the success of Georgia Southern students in the RETP, Georgia Southern University and the Georgia Institute of Technology are now collaborating to offer engineering degrees in southeast Georgia. Through the GTREP, students can earn Georgia Tech degrees in either computer, electrical, mechanical or civil engineering while remaining on the Georgia Southern campus. During the freshman and sophomore years of the program, a student will enroll in core curriculum and introductory engineering courses taught by Georgia Southern faculty. After successful completion of the first two years, a student will progress to the upper division engineering courses which will be taught by Georgia Tech faculty in residence on Georgia Southern campus.

TECHNOLOGY OPTIONS PROGRAM (TOP)
The Technology Options Program (TOP) is designed for students who do not meet the initial entrance requirements for the GTREP or RETP program at Georgia Southern University. The TOP student will be permitted to take classes in mathematics, science, liberal arts, and technology that are required for their intended major within GTREP or RETP. Upon successful completion of the GTREP/RETP admission requirements, the student will be admitted into the program of his/her choice. The Technology Options Program therefore provides the opportunity for the TOP student to make up any deficiencies in their high school education prior to entering the major of their choice, thereby increasing the probability of success in that major. For further information, contact Dr. Gerald Jones, Director of Engineering Studies, Technology Building, Room 2121A, (912) 478-0539.
Pre-Natural Resources (Two-year) Transfer Program

Georgia Southern University, in cooperation with the Warnell School of Forest Resources, University of Georgia, offers a joint program of study for students interested in pursuing a degree and career in natural resources, including fisheries, wildlife, soil and water resources, environmental assessment, or forestry. Students selecting pre-natural resources follow a prescribed curriculum, depending on the intended major, at Georgia Southern University during the freshman and sophomore years. This curriculum prepares students for transfer to the Warnell School of Forest Resources to complete a Bachelor of Science in Forest Resources (BSFR). A limited number of students are accepted into the forest resources program. Students seeking admission to the University of Georgia Warnell School of Forest Resources must complete an application which is separate from the University of Georgia admission application. Application for Fall Semester admission should be submitted by March 1, and for Spring Semester submitted by October 1.

Application and scholarship forms may be obtained from the Undergraduate Coordinator, School of Forest Resources. For complete admission information contact the Office of Student Services, Warnell School of Forest Resources, UGA, Athens, GA, 30602, phone: (706) 542-1456; fax: (706) 542-8356; URL: http://www.uga.edu/wsfrr/; e-mail: undergradinfo@forestry.uga.edu. The advisor for the pre-forestry program at Georgia Southern University is: Dr. Lissa M. Lege, Department of Biology, Georgia Southern University, Statesboro, GA 30460-8042, phone: (912) 478-0800; fax: (912) 478-0845; e-mail: Leege@GeorgiaSouthern.edu.

Area A - Essential Skills ......................................................................................................................................................9

Hours
MATH 1112 - Trigonometry (3) OR MATH 1113 - Pre-Calculus (4)

Area B - Institutional Options ...............................................................................................................................................4

Hours
Area C - Humanities and Fine Arts...................................................................................................................................6

Hours
ENGL 2111 - World Literature I (3) OR ENGL 2112 - World Literature II (3)
COMM 1110 - Principles of Public Speaking (3)

Area D - Science, Mathematics, and Technology ...........................................................................................................12

Hours
CHEM 1145 - Principles of Chemistry I (4) and CHEM 1146 - Principles of Chemistry II (4)
MATH 1441 - Calculus I (4)

Area E - Social Science .......................................................................................................................................................12

Hours
Area F - Courses Related to Major .......................................................................................................................................17

Hours
BIOL 2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology I Lab (1)
BIOL 2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1)
BIOL 3133 - Evolution and Ecology (3) and BIOL 3113 - Evolution and Ecology Lab (1)

Other Required Courses:
STAT 2231 - Introduction to Statistics I (3) OR STAT 3130 - Applied Statistics (3)
KINS - Physical Activity Courses (2)

OTHER REQUIREMENTS:
Students interested in Forest Environmental Resources must take either Organic Chemistry I or Physics I.

NOTE: The above courses meet the UGA core. The Georgia Southern University core also requires HLTH 1520, and completion of the following: either BIOL 1230/1210, CHEM 1040, PHYS 1149, or GEOL 1330/1310, and either: PHYS 1111 and PHYS 1112 or GEOL 1121/1110 and GEOL 1122.

Other Recommended Electives (for the University of Georgia December 10, 2003)
TCET 4244 - Soil Mechanics and Foundations (Soil Major) (4)
BIOL 3343 - Woody Plants of the Southeast (Forestry Major) (4)
BIOL 3545 - Vertebrate Zoology (Wildlife Major) (4)
BIOL 4340 - Field Botany (Forestry Major) (4)
BIOL 5530 - Wildlife Management (Forestry or Wildlife Majors) (3)
BIOL 5444 - Ichthyology (Fisheries) (4)
BIOL 5542 - Aquatic Ecology (Fisheries) (4)

Pre-Medicine, Pre-Dentistry, and Para-Medical Pre-Professional Programs

Students intending to prepare for medical, dentistry, medical technology and other para-medical fields should conform to the course of study covering their respective pre-professional requirements as prescribed in the catalogs of the institutions in which they plan later to enroll. The following programs are suggestive only; program details should be worked out with the assistance of the appropriate faculty advisor considering the student’s personal plans. Students planning to complete the medical technology program are currently advised in the College of Health and Human Sciences Services Center. These students complete the program described later in this catalog.

Students interested in Pre-Pharmacy typically do not complete a Bachelor’s Degree program at Georgia Southern University, but take courses appropriate for admission to professional schools. Students interested in Pre-Optometry typically complete a Bachelor’s Degree program, but some may complete all of the course requirements in three years. For students in each of these areas, the university provides advisors who assist them in planning their schedules. These advisors are:

Pre-Pharmacy Ms. Jessica Orvis and Dr. Allison Long
Department of Chemistry
Pre-Optometry Dr. John Parrish
Pre-Pharmacy (Two-year)

Pre-Pharmacy Transfer Program
Georgia Southern University offers a two-year program in Pre-Pharmacy. Students wanting to complete a degree in pharmacy in the minimum period of time should plan on transferring to a school of pharmacy no later than summer following their sophomore year and should begin the transfer application process after the first year of undergraduate study. Some students, however, may apply for admission to a pharmacy program at a later stage, such as following the completion of an undergraduate degree, provided they have met the admission requirements. An additional four years in pharmacy school results in the Professional Pharm. D. Degree.

Registration in the Pre-Pharmacy program does not guarantee admission to the professional phases of a school of pharmacy. Enrollment in the professional phase is limited, and the student will be accepted in accord with academic standing, aptitude for career in pharmacy, and PCAT (pharmacy college admission test) scores. The PCAT should be taken at least one year prior to enrollment in pharmacy school. Because enrollment in pharmacy school is competitive, a GPA of 2.5 is required to enter or stay in the Pre-Pharmacy program.

The state of Georgia has three schools of Pharmacy – The University of Georgia College of Pharmacy, Mercer Southern School of Pharmacy, and South University School of Pharmacy. The courses required in the Pre-Pharmacy curriculum differ slightly, therefore the pre-pharmacy student should observe the differences in the three curricula outlined below to insure that all courses required for application and transfer to the school of choice have been completed.

Additional Elective hours (9)

*Not all students need to take Pre-Calculus (MATH 1113), instead they can take Calculus (MATH 1441). If Pre-Calculus is needed, then only 3 additional elective hours are required.

Pre-Optometry
The requirements for admission into the various optometry schools and colleges are not identical. Contact the Pre-Optometry advisor, Dr. John W. Parrish, for the specific requirements of each school. Typically, the requirements include courses in Biology, Calculus, Chemistry, English, Physics, Psychology, and the Social Sciences. The Pre-Optometry course requirements represent a minimum of three academic years of study. However, students are encouraged to obtain a four year degree prior to application for optometry school.

Direct individual inquiries are invited by the American Optometric Association, Department of Public Affairs, 243 N. Lindbergh Blvd., St. Louis, Missouri 63141 (Telephone (314) 991-4100). Also see website http://www.opted.org.

Pre-Medicine, Pre-Dentistry and Pre-Veterinary
Students intending to prepare for Medicine, Dentistry, or Veterinary Medicine must select a course of study leading to a Bachelor’s Degree in an academic area. Any major may be selected as long as the student is careful to complete courses required by the professional schools as well as those required for completion of the student’s Bachelor Degree program. Students must be advised by an academic advisor in their major area.

These Advisors Are:

Pre-Med
Biology Majors: Dr. Chris Cutler, Dr. Lance Durden, Dr. Quentin Fang, Dr. Ann Pratt, Dr. Laura Regassa
Chemistry Majors: Dr. Todd Deal and Dr. Jeff Orvis
Physics Majors: Dr. Mark Edwards
Psychology majors should consult with Dr. Janice Steirn
Other majors contact: Prof. Jim Braselton

Pre-Dentistry
Biology Majors: Dr. John Parrish
Chemistry Majors: Dr. Todd Deal and Dr. Jeff Orvis
Physics Majors: Dr. Mark Edwards
Other majors contact: Prof. Jim Braselton

Pre-Veterinary Medicine
Biology Department: Dr. Oscar Pung and Dr. William Irby
Chemistry Department: Dr. Todd Deal and Dr. Jeff Orvis

Pre-Medical/Pre-Dental Program
There is no major in “Pre-Medicine” or “Pre-Dentistry.” Students desiring to go to medical or dental school should pursue courses of study leading to a Bachelor Degree in academic areas chosen according to their interests and aptitudes. Students with majors other than Biology, Chemistry, Physics, or Psychology should be advised by Prof. Jim Braselton in addition to the academic advisor in the chosen major. Students must be careful to complete courses required for acceptance into medical school as well as those courses required for their degrees. The most complete, up-to-date information on the Pre-Medical/Pre-Dental program is available on the web at http://cost.georgiasouthern.edu/PreProfWebsite/.

Freshman Pre-Medical/Pre-Dental Students:
During their first two semesters, in addition to one course appropriate for the chosen major, beginning freshmen should take BIOL 2107, BIOL 2108, BIOL 3130, CHEM 1145, and CHEM 1146; and the appropriate math course(s). While earning their degree students should take math courses through MATH 1441 or MATH 2242 (preferred). The Board also encourages students to STAT 2231 or STAT 3130, especially if they are planning to apply to the Medical College of Georgia.

Medical College Admissions Test (MCAT):
Scores on the MCAT are required by almost all medical schools. Currently, the test is given periodically from January to September. It is recommended that the test be taken in April prior to the time the application is submitted and approximately a year and a half before matriculation at the medical school. In order to be prepared to study for the exam, students planning to take the MCAT in April should complete two years of Chemistry, one year of Physics and at least one year of Biology by that April. Students planning to take the MCAT in August should complete two years of Chemistry, one year of Physics and at least one year of Biology by the end of spring semester preceding that August. These dates normally fall in year three. Students who do not complete the above courses on time should be prepared to have their time of entrance into medical school delayed accordingly. Students are typically better prepared for the MCAT if they elect to take
calculus-based Physics rather than the other series of Physics courses. At least one semester of biochemistry and one semester of genetics is strongly recommended to be better prepared for the MCAT. The attainment of competitive scores on the MCAT requires an extended period of intensive study. Students are advised to obtain appropriate study materials and to study seriously and diligently over a period of several months. They are also advised to take advantage of preparatory courses designed to tutor the student for the MCAT. Depending upon demand, Georgia Southern offers an institutional course of this type through the Division of Continuing Education.

**Dental Admissions Test (DAT):**
Scores on the DAT are required by almost all dental schools. The test is administered by testing centers and is a computer-based test. It is recommended that the test be taken in May/June to the time the application is submitted and approximately a year and a half before matriculation at the dental school. In order to be prepared to study for the exam, students planning to take the DAT should complete two years of Chemistry and at least one year of Biology by the spring of year three of their college careers. Students who do not complete the above courses on time should be prepared to have their time of entrance into dental school delayed accordingly. At least one semester of biochemistry and one semester of genetics is strongly recommended to be better prepared for the DAT. The attainment of competitive scores on the DAT requires an extended period of intensive study. Students are advised to obtain appropriate study materials and to study seriously and diligently over a period of several months. They are also advised to take advantage of preparatory courses designed to tutor the student for the DAT. Georgia Southern offers an institutional course of this type through the Division of Continuing Education.

**Application Procedures for Medical and Dental Schools:**
For most schools, deadlines for application are during the fall preceding the year of entry into the school. Early application is recommended. It is the responsibility of the student to secure the proper application materials and to meet all deadlines. Requests for college transcripts to be sent as part of the application should be made sufficiently early in order for official transcripts to arrive before the deadline(s).

**The Medical/Dental Admissions Review Board:**
Letters of recommendation for Pre-Dental and Pre-Medical students are prepared by the Medical/Dental Admissions Review Board, as required by most medical/dental schools as part of the secondary application. Letters will be written only for those students who have been interviewed by the Board and under no circumstances will letters be written for students by individual members of the Board. Students desiring letters should contact Prof. Jim Braselton, Department of Mathematical Sciences, to arrange for an interview with the Board at least 12 weeks in advance during the regular academic calendar year. Interviews normally are held during Spring semester of the calendar year in which the first application is submitted. Competition for admission to the schools is such that favorable letters can be written only for those students who have achieved adequate GPAs and test scores. Pre-Dental students requesting an interview must have at least a 2.9 cumulative GPA and an average score of 16 on each section of the DAT. Pre-Medical students requesting interviews must have at least a 3.1 cumulative GPA and a total of at least 21 points on the MCAT. Because interviews are usually conducted before MCAT or DAT scores are obtained, the Board will interview students who they reasonably believe will perform satisfactorily on the MCAT or DAT. Students who do not meet these requirements and who think that there are extenuating circumstances should make this known, in writing, to Prof. Braselton. Subsequently, the Board will make a decision regarding the eligibility of the student for an interview. Only form letters of reference will be sent from the board for any student who was not interviewed, but who has requested a letter. The above are minimum criteria for consideration for recommendation by the board and do not ensure acceptance into the respective schools.

Our standard Pre-Medicine and Pre-Dentistry curriculum consists of the following courses: BIOL
2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology I Lab (1) BIOL
2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1) BIOL
3130 - Principles of Genetics (3)
BIOL Electives at 3000 Level or above (12)
CHEM 1145 - Principles of Chemistry I (4)
CHEM 1146 - Principles of Chemistry II (4)
CHEM 3341 - Organic Chemistry I (4)
CHEM 3342 - Organic Chemistry II (4)
(CHEM 5541 - Biochemistry (4) is strongly recommended)
MATH 1112 - Trigonometry (3), if necessary
MATH 1441- Calculus I (4)
(MATH 2242 - Calculus II (4) Recommended)
PHYS 2211 - Principles of Physics I (3) and PHYS 1113 - Physics Lab I (1) and PHYS 2212 - Principles of Physics II (3) and PHYS 1114 - Physics Lab II (1) (Calculus - based Physics Strongly Recommended) OR PHYS 1111 - Introduction to Physics I (3) and PHYS 1113 - Physics I Lab (1) and PHYS 1112 - Introduction to Physics II (3) and PHYS 1114 - Physics Lab II (1)

Because there will be a very limited number of Biology courses, students not majoring in Biology should consult with their advisor to choose the most appropriate Biology courses.

**Pre-Veterinary Medicine**
Students interested in pursuing studies leading to the Doctor of Veterinary Medicine (DVM) must select a course of study leading to a Bachelor’s Degree in an academic area. This curriculum is designed to qualify students for admission into a College of Veterinary Medicine. An essential component of a student’s preparation for veterinary college is practical experience working with animals, preferably gained by
working with a practicing veterinarian. Dr. William Irby and Dr. Oscar Pung, Department of Biology, and Dr. Todd Deal and Dr. Jeff Orvis, Department of Chemistry, serve as advisors to students in this program.

BIOL 2107 - Principles of Biology I (3) and BIOL 2107L - Principles of Biology I Lab (1)
BIOL 2108 - Principles of Biology II (3) and BIOL 2108L - Principles of Biology II Lab (1)
BIOL 3133 - Evolution and Ecology (3) and BIOL 3113 - Evolution and Ecology Lab (1) (recommended)
BIOL Elective at 3000 Level or above (4)
CHEM 1145 - Principles of Chemistry I (4)
CHEM 1146 - Principles of Chemistry II (4)
CHEM 3341 - Organic Chemistry I (4)
CHEM 3342 - Organic Chemistry II (4)
CHEM 5541 - Biochemistry I (4)
MATH 1113 - Pre-Calculus (3)
PHYS 1111 - Introduction to Physics I (3) and PHYS 1113 - Physics Lab I (1) and PHYS 1112 - Introduction to Physics II (3) and PHYS 1114 - Physics Lab II (1) OR PHYS 2211 - Principles of Physics I (3) and PHYS 1113 - Physics Lab I (1) and PHYS 2212 - Principles of Physics II (3) and PHYS 1114 - Physics Lab II (1)

Highly Recommended Electives:
BIOL 3240 - Biology of Microorganisms (4)
BIOL 5132 - Eukaryotic Molecular Genetics (3)
BIOL 5144 - Advanced Cell Biology (4)
BIOL 5241 - Comparative Vertebrate Anatomy (4)
MATH 1441 - Calculus I (4)

Recommended Electives:
BIOL 5146 - Developmental Biology (4)
BIOL 5210 - Comparative Animal Physiology Lab (1)
BIOL 5230 - Comparative Animal Physiology (3)
BIOL 5240 - Histology (4)
BIOL 5248 - Immunology (4)

The Jiann-Ping Hsu College of Public Health (JPHCOPH) created effective January 1, 2006 exists to provide public health education, research, and community service that will positively impact the quality of life and health disparities of rural and underserved populations. The establishment of the College was made possible by a generous gift from Dr. Karl E. Peace, in memory and honor of his wife, Dr. Jiann-Ping Hsu.

VISION
The Jiann-Ping Hsu College of Public Health will be the nationally recognized leader in the empowerment of rural communities and underserved populations to address public health issues, eliminate health disparities and improve health outcomes.

MISSION
The mission of the Jiann-Ping Hsu College of Public Health is to enhance health and eliminate disparities of rural communities and underserved populations in Georgia and the southeastern region, the nation and the world through excellence in public health workforce development, research, professional service and community engagement.

ABOUT PUBLIC HEALTH
The Institute of Medicine (IOM) has defined the role of public health as “…the fulfillment of society’s interest in assuring the conditions in which people can be healthy” (IOM, 1988). Public health activities focus on improving the health of communities.

Public health is also defined as the art and science of promoting health, preventing disease, and prolonging life among human populations; the broad mission of public health is to enhance human health through organized community efforts (Council on Education for Public Health, 1978).

A diverse and ever-expanding field of practice, public health embraces an ecological approach that recognizes the interactions and relationships among multiple determinants of health. It involves the dissemination of reliable information for policy decisions; identifying systemic inequalities and problems; protecting the public’s health and safety through education and research; and fostering partnerships with individuals, communities, and organizations to promote health.

Though public health involves the knowledge and application of many disciplines in its research, teaching, service, and practice activities, the following have been identified as fundamental, core areas to the practice of public health (CEPH Accreditation Criteria, 2005):

- **Biostatistics** - collection, storage, retrieval, analysis and interpretation of health data; design and analysis of health-related surveys and experiments; and concepts and practice of statistical data analysis;
- **Environmental Health Sciences** - environmental factors including biological, physical, and chemical factors that affect the health of a community;
- **Epidemiology** - distributions and determinants of disease, disabilities, and death in human populations; the characteristics and dynamics of human populations; and the natural history of disease and the biologic basis of health;
- **Health Services Administration** - planning, organization, administration, management, evaluation, and policy analysis of health and public health programs; and
- **Community Health Education/Social and Behavioral Sciences** - concepts and methods of social and behavioral sciences relevant to the identification and solution of public health problems.

The teaching, research, and service activities of the Jiann-Ping Hsu College of Public Health are grounded in these core public health knowledge areas. Our goals for workforce development, community-based research and community-based service help us focus our efforts on cross disciplinary projects that build on the synergistic effects of these core knowledge areas.

Public health is concerned with protecting the health of communities, both small and large. Public health professionals focus on building on assets and preventing problems from happening or recurring through implementing educational programs, developing policies, administering services, and conducting research in concert with, but in contrast to, clinical health professionals (e.g., physicians and nurses) who focus primarily on treating individuals after they become sick or injured. No matter what form public health assumes, its goal is always the same: to improve the quality of life of individuals, families, and communities by focusing on prevention, promotion, and protection.
This preventive model encompasses three core functions: a) assessing and monitoring the health of communities and at-risk populations to identify health problems and establish priorities; b) formulating public policies in collaboration with community and government leaders designed to prioritize and solve local and national health problems; and c) assuring that all populations have access to appropriate and cost-effective health care, including health promotion and disease prevention services, and evaluating the effectiveness of the care.

GOALS
The Jhann-Ping Hsu College of Public Health is committed to the pursuit of excellence in each of the following areas:

Workforce Development
• Provide five exceptional competency-based MPH degree programs in the core areas of public health that will ensure our graduates attain and demonstrate competencies that will contribute to the mission of JPHCOPH during their academic programs and throughout their careers.
• Provide three exceptional competency-based DrPH programs (in the areas of Public Health Leadership, Biostatistics and Community Health Behavior and Education) that graduate leaders of the public health workforce who contribute to the mission of JPHCOPH during their academic training and throughout their careers.
• Provide a competency-based MHA degree program that will ensure our graduates attain and demonstrate competencies that will contribute to the mission of JPHCOPH during their academic programs and throughout their careers.
• Ensure all of our graduates develop skills for lifelong learning, critical thinking, collaboration and visionary leadership.
• Expand our doctoral program to include concentrations in Epidemiology and Environmental Health within five years.

Research
• Foster excellence in applied public health-related research that enhances the knowledge, processes, best practices and values to improve health in communities and eliminate health disparities among the rural and underserved populations of the state and region.
• Initiate development of an internationally-focused applied public health research track that will support the health of rural communities and underserved populations while building the research capacity of JPHCOPH faculty and students.

Service
• Facilitate public health-related community outreach, service learning, use of best practices, continuing education for workforce development and community service to improve health and eliminate health disparities among the rural and underserved populations of the state and region.
• Facilitate faculty and student involvement in national service activities and professional leadership roles to enhance public health.
• Foster international service activities that will improve the health of rural and underserved populations around the world.

Organizational
• Develop and continually enhance a sustainable College of Public Health with an emphasis on ongoing assessment and quality improvement processes.

OUR SHARED VALUES
The Jhann-Ping Hsu College of Public Health is endowed by Dr. Karl E. Peace as a tribute to his wife and an enduring celebration of her life characterized by "a zeal for excellence, consideration of others, intelligence and scholarship, honesty, kindness and humility." In honor of Dr. Hsu, the faculty, students and staff of the JPHCOPH commit to demonstrate these values in our behavior toward one another and to those that we serve.

In 2007, the JPHCOPH students, faculty and staff worked together to clarify the following list of shared core values. These values serve to guide decision making for our workforce development, research, professional service and community engagement activities. We will also use these values to help us make choices about how to move forward when the path is not clear.
• Excellence in research, service and instruction.
• Passion for improving the health of rural communities and underserved populations.
• Responsibility for promoting health equity and eliminating health disparities in rural communities and underserved populations.
• Commitment to Community Involvement.
• Collaboration for problem solving.

STRUCTURE
The college's organizational structure includes a dean, associate dean, director of the office of academic affairs, director of the office of public health research, director of the office of public health practice, graduate program directors, committees, faculty, students, and staff. Faculty program concentrations include: Biostatistics, Community Health Education, Environmental Health Sciences, Epidemiology, and Health Services Policy and Management. JPHCOPH offers graduate degrees in Health Services Administration (Master of Health Services Administration - M.H.S.A.) and in Public Health (Master of Public Health - M.P.H. and Doctor of Public Health - Dr.P.H.). Program concentrations in the M.P.H. are as follows: Biostatistics, Community Health Education, Environmental Health Sciences, Epidemiology, and Health Services Policy and Management. Program concentrations in the Dr.P.H. are as follows: Biostatistics, Community Health Behavior and Education, and Public Health Leadership.

FACULTY
Professors: C. Hardy, L. Woodhouse, K. Peace, R. Vogel
Associate Professors: G. Ledlow, A. Parrillo, S. Tedders, R. Toal, J. Zhang
Instructor: R. Whitworth
RESEARCH CENTERS
Karl E. Peace Center for Biostatistics
R. Vogel, Director

Center for Rural Health and Research
S. Tedders, Director

Center for Survey Research and Health Information
G. Ledlow, Director

Center for Addiction Recovery
C. Hardy, Acting Director

PROGRAMS - GRADUATE
Public Health

ADVICEMENT - DR.P.H., M.P.H. AND M.H.S.A.
Graduate students are advised by the Graduate Program Directors and Faculty Advisors in the Program Concentrations within the Jiann-Ping Hsu College of Public Health.

EXPERIENTIAL LEARNING OPPORTUNITIES
All M.P.H. students are required to take a Public Health Practicum and a Capstone Research Project. The practicum permits the student to receive practical experience in a selected health-related setting. Twelve contact hours per week are required in the practicum. The Capstone Research Project requires the completion of an independent research project in the preferred field requiring a defense of the design, methods, analysis, and interpretation of the data. This is typically completed in conjunction with the practicum. A culminating experience highlighting these learning opportunities is required prior to completion of the M.P.H. program.

M.H.S.A. students are required to complete a Managerial Residency or a Thesis. The residency permits the student to receive practical experience in a selected health-related setting. Forty contact hours per week are required for the residency. The thesis option requires completion of an independent research project requiring the defense of the design, methods, analysis and interpretation of the data. A culminating experience highlighting these learning opportunities is required prior to completion of the M.H.S.A. program.

All Dr.P.H. students are required to take a Doctoral Preceptorship in Public Health and a Dissertation. The preceptorship/field experience consists of 250 hours of field experience under the joint direction of a public health faculty member and a qualified specialist working in selected areas of public health. A written report specifying the activities, products, and outcomes of the experience is required upon completion of the preceptorship. The doctoral dissertation is a culminating experience that requires the student to synthesize and integrate knowledge and apply theory and principles learned to an area of public health practice within the area of concentration. A written product must be submitted and must take the form of a manuscript that is suitable for publication in a national-level public health journal, a grant proposal, a technical report, a case analysis, or other similar document. The dissertation must also be presented and successfully defended before the faculty.

COLLEGE OF GRADUATE STUDIES
The Graduate School at Georgia Southern University was established in 1969 under the leadership of Dr. Jack N. Averitt. In 1998, in honor of his many contributions to the development of graduate studies at the University, the College was named the Jack N. Averitt College of Graduate Studies (COGS). The College offers the following graduate degrees: Dr.P.H., D.N.P., Ed.D., Psy.D., Ed.S., M.A., M. Acc., M.B.A., M.Ed., M.F.A., M.H.S.A., M.M., M.P.A., M.P.H, M.S., and the M.T. In addition to the offerings at the University’s main campus in Statesboro, graduate courses/programs are also offered at our off-campus centers: the Coastal Georgia Center in Savannah, the Brunswick Center in Brunswick, and the Dublin Center in Dublin.

VISION
Our student-centered faculty prepare today’s graduate students for tomorrow’s worldwide challenges.

MISSION
The College of Graduate Studies administers and evaluates all of the graduate programs at Georgia Southern University. The College and the graduate faculty are committed to bringing the University’s intellectual resources to bear on the needs of the state, the region, the nation and the world. Based upon this mission, the College of Graduate Studies:

• Provides a clear direction for graduate education at Georgia Southern University.
• Works with Admissions, colleges, and departments to actively market degree programs.
• Acts as an advocate for graduate education.
• Develops, reviews, and assesses graduate policies and programs.
• Supports graduate faculty development and innovation.

GUIDING PRINCIPLES FOR DECISION MAKING
• Quality
• Centrality
• Sustainability
• Comparative Advantage

GRADUATE DEGREES AND PROGRAMS
Graduate Degree Program Directors
The Graduate Program Director (GPD) in an academic unit is a faculty member appointed by the unit administrator (Chair) to administer its graduate program(s). The GPD makes recommendations for admission, provides approval for Programs of Study, Thesis and Dissertation committees, etc. It is the GPD’s responsibility to coordinate the department’s program with the COGS. The GPD receives all inquiries, applications, announcements, and requests for data and information relative to the academic program(s), and communicates the COGS policies and actions to program faculty and graduate students. Graduate Program Directors are expected to be knowledgeable of degree requirements, Graduate School regulations and procedures, and the general organization of the University as it affects graduate students. The specific duties of the GPDs include:
• Processing and evaluation of applications
• Transmitting to the Office of Graduate Admissions the program’s recommendation on student applications for admission
• Notifying the COGS of the student’s progress towards the degree (exams, etc.)
• Submitting Programs of Study to the COGS for final approval
• Submitting committee nominations for approval by the COGS
• Maintaining unit files on prospective, present and past students
• Providing department endorsement of requested exceptions to University policy
• Attendance and participation in COGS Program Director meetings and functions.

Graduate Faculty
A member of the Graduate Faculty at Georgia Southern University must be an active, productive, creative scholar or creative performer in his/her discipline. In order to teach graduate students how to be active scholars, practitioners, and/or performers in their own right, Graduate Faculty must be involved in the current knowledge, methods, and techniques of their disciplines. This modeling of sustained scholarship/performance is the cornerstone of quality graduate education. There are two Categories of Graduate Faculty: Member and Affiliate. Members of the Graduate Faculty are professorial faculty on tenured or tenure-track appointments. Affiliate Graduate Faculty include research appointees, visiting, temporary, adjunct, or part-time faculty who may appropriately teach graduate classes and serve on thesis and dissertation committees. Affiliate membership can also be used to recognize outstanding scholars, including those who work in government agencies, private industry, healthcare, and education. The rights of Members and Affiliates are:

Members are eligible:
• To teach graduate courses.
• For memberships on university graduate committees.
• To serve on comprehensive examination committees.
• Eligible to direct and/or chair master’s theses committees
• To direct and/or chair master’s and doctoral committees as approved by the department/school or division.

Affiliates are eligible:
• To teach graduate courses.
• To serve on comprehensive examination committees.
• For membership on and/or co-chair master's and doctoral committees as approved by the department/school or division.

Member and Affiliate graduate faculty status is granted permanently.

University-wide Criteria
The minimum University-wide criteria for appointment to the Member Category of the Graduate Faculty shall be:
• an earned terminal degree;
• potential for or demonstrated ability to teach graduate courses;
• potential for or demonstrated involvement in graduate programming and curriculum, including advising responsibilities and directing student research; and
• potential for or demonstrated evidence of scholarly activity.

Faculty Committees in Departments/Schools and Colleges may develop additional criteria for Graduate Faculty. The Graduate Committee of the Faculty Senate must approve these criteria.

Graduate Assistants
Graduate assistants are essential to the success of the graduate programs at Georgia Southern University. The assistantship not only enables the student to complete the program of study in a timely fashion, but also affords the opportunity to be involved in full-time study at the University. Graduate assistants enliven the academic environment of the university by adding to the community of scholars within the institution.

Assistantships may only be awarded to graduate students who have unqualified admission to the College of Graduate Studies under the “Regular” (not Provisional) classification. Graduate assistants must maintain a cumulative 3.0 grade point average (3.50 for Ed.D. students) and be registered as a full-time student (normally nine semester hours) each semester within the program of study throughout the period of the assistantship appointment.

A normal work load for a full time graduate assistant is twenty (20) hours per week in both the fall and spring semesters. Federal law generally limits the number of hours that international students can work on campus to twenty (20) hours per week in the fall and spring semesters. Exceptions to this limitation can be granted by the Dean of the College of Graduate Studies. The standard starting date for a graduate assistant shall be one week before the first day of classes and the standard ending date shall be the last day of final exams. Graduate Assistants do not submit time sheets and are not hourly employees. Students on assistantships may not otherwise be employed at Georgia Southern University, except as approved by the Dean of the College of Graduate Studies.

The stipend for a full time graduate assistantship is determined by the department/unit awarding the assistantship, with the minimum amount being determined by the COGS. Graduate assistants qualify for a special reduced tuition fee. Graduate assistants are responsible for paying all University Fees and the Technology Fee each semester. Assistantships are normally limited to 2 years for master’s level candidates. Assistantships for doctoral candidates are not time limited. Exceptions to this time limit
require prior approval of the Dean of the College of Graduate Studies.

March 1 is the deadline for the receipt of applications by the College of Graduate Studies to receive priority consideration for employment during the upcoming Fall semester. A student’s acceptance of a graduate assistantship for the next academic year constitutes an agreement, which the College of Graduate Studies expects the student to honor. If the student accepts the offer and subsequently desires to withdraw, the student may submit, in writing, a resignation of the appointment within two weeks after accepting the offer. However, an acceptance given or left in force after this date prevents the student from accepting another offer without first obtaining a written release from the College of Graduate Studies.

Each department/unit is required to adopt a procedure for producing a written evaluation or measurement of performance of their graduate assistants as well as an opportunity for graduate students to evaluate their assignment at least once a semester. The focus of this evaluation is to provide formal feedback to the assistant for professional development and performance improvement. Suspension or dismissal of a graduate student from the University for disciplinary reasons will terminate the assistantship. A graduate assistant may also be terminated for any of the following reasons: (a) the overall GPA drops below 3.0, (b) the semester course load falls below the minimum full-time load of nine (9) hours or the equivalent, (c) an allegation of academic or scientific misconduct, and (d) failure to perform work assignments at a satisfactory level. All graduate assistants should receive prior written notice of termination, with a minimum expectation of two weeks’ notice. Failure to satisfactorily perform work assignments in particular needs to be documented in writing prior to the dismissal notification. Additionally, the University reserves the right to terminate a graduate assistant if, in the sole discretion of the Dean of the College of Graduate Studies, the circumstances of a particular situation warrant such action. The College of Graduate Studies and the department/unit to which the student is assigned have the joint responsibility to ensure that appropriate procedures are followed before termination of the assistantship. A student choosing to resign or terminate employment must submit a letter of resignation to the Dean of the College of Graduate Studies through the Department/Division Chair of the employing unit.

Admission to the College of Graduate Studies

Application materials may be obtained from the COGS web site at http://cogs.georgiasouthern.edu. Departments and schools in which graduate degree programs are offered set requirements to complete an application. All application materials, including official test score reports, letters of recommendation and other required supporting documents, should be received in the Office of Admissions by the stated application dates for the application to receive admission review. All application documents must be received by the application deadline for the application to be considered. The applicant must submit an official transcript from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school. All application documents become the property of Georgia Southern University and may not be forwarded to a third party or returned to the applicant. The applicant must indicate if he/she is applying for a graduate degree program, a non-degree or transient admission, and must indicate a specific graduate major area of study that is offered at Georgia Southern University.

Application materials are forwarded to the academic departments for their review and recommendation. Admission includes only those students whose academic records indicate that they can successfully undertake graduate work.

Application Deadlines

U.S. Citizens/Naturalized Citizens

Fall Semester
- Psy.D. - January 15
- M.Ed Counselor Education - March 15
- Ed.D. Educational Administration - Statesboro & Augusta Cohorts - June 1
- Ed.D. Curriculum Studies (Admits only for Summer Term)
- Other Programs - March 1 (Priority)
- Other Programs - July 1 (Final Deadline)

Spring Semester
- October 1 (Priority)
- November 15 (Final Deadline)
- Ed.D. Educational Administration - Statesboro & Augusta Cohorts - November 1
- Ed.D. Curriculum Studies (Admits only for Summer Term)
- M.Ed. Counselor Education (Summer and Fall admission only)

Summer Semester
- March 15 (Priority)
- April 1 (Final Deadline)
- Ed.D. Curriculum Studies - January 30

International Students

Fall Semester
- March 1 (Priority)
- June 1 (Final Deadline)

Spring Semester
- October 1 (Final Deadline)

Summer Semester
- February 1 (Final Deadline)

Admission to the College of Graduate Studies is competitive. Applicants are encouraged to submit application materials by the Priority Deadline. Priority is for students seeking financial aid, scholarships, and assistantships. Applications received after the Final Deadline may be considered by the Program Directors on a case-by-case basis.

Admission Requirements

Individuals seeking admission to the College of Graduate Studies must hold a baccalaureate degree from an institution accredited by the appropriate regional accrediting association or its international equivalent prior to the expected semester of matriculation. Applicants should be ranked in the upper half of their undergraduate class. Specific requirements for each graduate program are presented in the University Catalog.

Applicants must be admitted to the COGS before they are eligible to register for classes. Only students formally admitted to the COGS are eligible to enroll in graduate courses (courses numbered 5000G, 6000, 7000, 8000 and 9000). Official
acceptance is conveyed to the applicant in a formal letter issued by the Dean of the COGS.

Admission is granted for a specific semester and is validated by registration for that semester. Applicants wishing to defer admission to a subsequent semester may request a one-time deferral as long as the request occurs before the start of the original semester of matriculation.

Admission Classification
A prospective student who plans to take additional course work beyond the baccalaureate degree must apply to the COGS and be admitted under one of the following classifications:

Degree Admission
Students who are admitted to the COGS with the expressed intention of following a program leading to a graduate degree are classified as degree-seeking students. When admitted as a degree-seeking student, the applicant will be placed in one of the following categories:

1. **Regular** - Meets all requirements for unqualified admission and has been recommended by the college, department or program in which he/she proposes to study, and approved by the COGS.

2. **Provisional** - Does not satisfy the full admission requirements. Applicants granted Provisional admission are required to earn grades of "B" or better in their first nine (9) hours of graduate credit taken at Georgia Southern University under this admission category. Failure to satisfy the conditions of provisional admission will result in exclusion from the degree program. A student admitted in this category will be reclassified to Regular admission when the conditions have been met. A Provisional student may enroll in graduate courses and such courses may be counted in a degree program when the student has been reclassified as a Regular student. Only credit earned in graduate courses at Georgia Southern University may be used to satisfy Provisional admission requirements. A student excluded from a graduate degree program for failure to meet the conditions of provisional admission may not be readmitted to the COGS under non-degree admission. There is no provisional admission to Doctoral programs.

Non-Degree Admission
An applicant may be admitted to the COGS as a non-degree student to earn credit in graduate courses **without** working toward a degree. Students who are admitted in a non-degree category may later apply to a degree program. Upon the advisor’s recommendation, non-degree graduate courses may be included in the program of study should the student gain reclassification as a Regular student. A student may be admitted to the COGS in one of the following non-degree admission categories:

1. **Limited** - A student whose file is incomplete because all required application materials have not been received in the Office of Admissions. Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) semester hours of credit in graduate courses in any seven contiguous years. A student may count a limited number of credit hours earned under non-degree admission toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

2. **Enrichment** - A student who holds an undergraduate or graduate degree and desires to take courses for personal or professional improvement. Enrollment in the Non-Degree Enrichment category is unlimited; however, a student may count a limited number of credit hours earned under this non-degree admission category toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

3. **Certificate** - A student who holds an undergraduate or graduate degree can pursue a graduate certificate program through the Non-degree Certificate admission. Enrollment in the Non-Degree Certificate category is limited to the number of hours required for the certificate program, not to exceed 18 semester hours of credit in graduate courses in any seven contiguous years unless additional hours are approved by the College of Graduate Studies. A student may count the credit hours earned as part of the certificate program toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

4. **Teaching/Service/Leadership Certification** - A student seeking initial certification as a P-12 educator (teaching, service or leadership certification as defined by the Georgia Professional Standards Commission) may be admitted in this category and enroll in graduate courses required for certification in any seven contiguous years. In addition, in-service teachers enrolling to meet requirements of a local board of education or the Georgia Professional Standards Commission to renew or reinstate a certificate, to certify in a new area, or to obtain an endorsement to an existing certificate may enroll in graduate courses for credit for this particular purpose through this category. Note that admission in this category and completion of a certification program does not guarantee subsequent admission to a graduate degree program; that is a separate process, and different criteria must be met. Enrollment in this category is limited to the number of hours required for certification and/or endorsement not to exceed 18 semester hours of credit. A student may count the credit hours earned as part of the certification/endorsement program(s) toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies. (Note that some certification fields require completion of a M.Ed. and/or Ed.S. degree; refer to the admission requirements or Graduate Program Director for information on the specific field of interest.)

Additional Admission Categories

**Transient Admission**
Students who are currently enrolled in a graduate program at another university may take courses at Georgia Southern University as a transient student. To be admitted as a transient student, the student must submit an application and a certificate of good standing from the appropriate official from the home institution. A student is admitted under this classification for one semester only and must be readmitted under this classification each subsequent semester in transient status.

**Graduate Credit for Seniors (Senior Privilege)**
A senior, within nine (9) semester hours of completing the requirements for the bachelor’s degree, may apply for Senior Privilege to enroll in graduate courses (up to a total of nine hours) for graduate credit providing:
The student submits a Senior Privilege Application Form;
- Permission to enroll in such courses is obtained from the chairperson of the department involved, the appropriate graduate program director, and the COGS;
- The student is otherwise qualified for Regular Admission to the COGS; and
- The total term load does not exceed fifteen (15) semester hours, with no more than nine (9) hours of graduate credit. **Under no circumstances may a course be used for both graduate and undergraduate credit.**

**Application Process**

Applicants are responsible for submitting all materials required for admission. These items include, but are not limited to, the following: application for admission, application-processing fee, transcripts, entrance test scores, letters of recommendation, certification of finances forms (international applicants), and any supplemental material required by the department. The application materials should be submitted on-line to the Office of Admissions. Additional application materials can be submitted in hard-copy format to the Office of Admissions prior to the deadline.

An applicant wishing to defer an application to a subsequent semester should first consult with the academic department to determine if the department admits students for that semester. An applicant may submit a one-time request to the Office of Admissions, as long as the request occurs prior to the start of the original semester of matriculation. After the original semester of matriculation has begun, the applicant must submit a new application and application fee to defer an application to a future semester. Deferred applications are referred to the department for reconsideration and a new admissions recommendation.

Academic departments may refuse admission to applicants whose files are incomplete after the beginning of the semester of expected matriculation and when the applicants have not requested deferrals to future semesters. The application and supporting documents become the property of the University and cannot be returned or forwarded elsewhere.

**Domestic (U.S. Citizen and Resident Alien) Applicants**

- Completed on-line Graduate Application for Admission Form
- $50.00 application fee
- Official transcripts from each college or university previously attended. Transcripts must be designated as official and sent directly from the institution(s) previously attended to the Office of Admissions. Transcripts marked “Issued to Student” will not be accepted. Applicants who have attended Georgia Southern University are not required to submit Georgia Southern transcripts.
- Official test scores as required for the selected program. Scores must be within the last five years and sent directly from the testing agency to the Office of Admissions.
- Certificate of Immunization Form. (Not required for applicants in on-line programs). This form should be completed and sent directly to the Office of Health Services.
- Other documents as required by the department, college, or program. These may include letters of reference, personal statement, or letter of intent. See [http://cogs.georgiasouthern.edu](http://cogs.georgiasouthern.edu) for information on program specific requirements.
- Applicants who are applying for a graduate assistantship must complete the Graduate Assistantship Application.

**International Applicants**

International applicants for admission to the COGS must submit the following:
- Completed on-line Graduate Admission Form.
- $50.00 application fee
- Certified copy of diploma and certified English translation of diploma. This must be sent directly from the institution(s) previously attended to the Office of Admissions.
- Certified original and English translations of transcripts. Transcripts designated as official must be sent directly from the institution to the Office of Graduate Admissions. Transcripts marked “Issued to Student” will not be accepted. Applicants who have attended Georgia Southern University are not required to submit Georgia Southern transcripts. Applicants will be required to have transcripts evaluated by a member of the National Association of Credential Evaluations Services, Inc. (NACES).
- Official test scores as required for the selected program. Scores must be current, within the last five years, and sent directly from the testing agency to the Office of Graduate Admissions.
- Official TOEFL scores not more than two years old
- SEVIS Data Form. This form should be completed and sent directly to the Office of Graduate Admissions.
- Certified Bank Statement (not more than six [6] months old) confirming finances. (See page 1 of the SEVIS Data Form for specifications.) This statement should be completed and sent directly to the Office of Admissions.
- Other documents as required by the department, college, or program. These may include letters of reference, personal statement, or letter of intent. See [http://cogs.georgiasouthern.edu](http://cogs.georgiasouthern.edu) for information on program specific requirements.
- Applicants who are applying for a graduate assistantship must complete the Graduate Assistantship Application.

International applicants admitted must submit the completed Certificate of Immunization Form to the Health Services Office to be eligible to register for classes.

Credentials evaluated by any U.S. agency that is a member of the National Association of Credential Evaluation Services, Inc. (NACES) may be presented. The evaluation must be sent directly from the agency to the Office of Graduate Admissions. Three such agencies are:

Additional Information For International Applicants
All international students admitted to the College of Graduate Studies must demonstrate the same level of achievement as U.S. students. They must have an outstanding undergraduate record, have the demonstrated ability to do graduate work, and give evidence of language proficiency sufficient for the pursuit of a graduate degree. International applicants must qualify for “Regular” admission. International applicants are not granted non-degree admission status unless holding a visa that permits non-degree admission. Questions about the qualifications of international students should be directed to the College of Graduate Studies.

English Proficiency for International Students
International applicants and U.S. Citizens whose native language is not English must demonstrate competence in English. Prior to consideration for admission, international applicants whose native language is not English must take and pass the Test of English as a Foreign Language (TOEFL) unless they have received a degree from an accredited college or university in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand. The TOEFL examination is administered at various times of the year and in many centers throughout the world. Test administration and location inquiries should be addressed to TOEFL, Educational Testing Service, Princeton, New Jersey 08541, Phone 1-877-863-3546, Email: toefl@ets.org, Web address: http://www.ets.org/toefl/.

A score of at least 80 (internet-based test, IBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL is required to be considered for admission to the College of Graduate Studies. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus.

Health Insurance
All international students are required to have adequate student health insurance as determined by Georgia Southern University. A health insurance plan is available through the University. Charges for this insurance will be on the student’s invoice and collected with other university fees. Insurance for families is available at a significantly higher cost. Students who can prove that they have other health insurance that is equivalent or better than the Georgia Southern University student insurance plan, may apply for a waiver of the University insurance. Students seeking a waiver must complete an insurance waiver form available from the Center for International Studies prior to arrival in the United States. Proof of health insurance is required before a student may register for classes.

Course Load
International students on a student visa are required to carry a full course of study (9 semester credit hours) by U.S. immigration law. Failure to do so may result in the loss of visa status, and the student may be required to leave the United States.

Financial Information
International students may apply for Graduate Assistantships.

Georgia Southern University offers a limited number of International Diversity Scholarships (Out-Of-Country waivers) to exceptional international students.

Visa Information
The University will issue an I-20 or DS-2019, whichever is appropriate, after the applicant has been fully admitted and all required financial documentation has been submitted. These documents permit the applicant to apply for the appropriate student visa from a U.S. embassy if outside the United States or transfer schools if within the United States. Students residing in the United States must submit proof from their current international student adviser that they are in valid visa status before final admission.

International Student Advisor
The Center for International Studies at Georgia Southern has experienced qualified advisors available to help international students with maintaining visa status and becoming oriented to campus. Advisors are available for advice and support, and a full social and cultural program is available.

Standardized Test Scores
Depending on the graduate program for which the student is applying, one of the following standardized admission tests will be required: GMAT, GRE, MAT or GACE/Praxis. The following list indicates the tests that are required for each program. Test scores must be sent from the testing agency directly to the Office of Admissions. Further information on test dates and fees may be obtained from the Testing Office, Post Office Box 8067, Georgia Southern University, Statesboro, GA 30460-8067 (912) 478-5415.

College Of Business Administration
Master of Accounting (GMAT)
Master of Business Administration (GMAT)
Master of Science in Applied Economics (GRE )

College of Education
Doctor of Education (GRE or MAT)
Education Specialist (GRE or MAT)
Master of Education (GRE or MAT)
Master of Arts in Teaching (GRE or MAT, and GACE/Praxis)
USG Franchise Programs (GRE, MAT, or GACE/Praxis)

Jiann-Ping Hsu College of Public Health
Master of Health Services Administration (GRE)
Master of Public Health (GRE)
Doctor of Public Health (GRE, GMAT, MCAT, LSAT)
College Of Health and Human Sciences
Doctor of Nursing Practice (GRE or MAT)
Master of Science (Kinesiology) (GRE)
Master of Science in Nursing (GRE or MAT)
Master of Science (Recreation Administration) (GRE, GMAT or MAT)
Master of Science (Sport Management) (GRE, GMAT, or MAT)

College of Liberal Arts and Social Sciences
Doctor of Psychology (GRE)
Master of Arts (GRE)
Master of Public Administration (GRE)
Master of Psychology (GRE)

College Of Science and Technology
Master of Science (Biological) (GRE)
Master of Science (Mathematics) (GRE)
Master of Technology (GRE)

Residency
Please refer to the Admissions section of the catalog.

Admission By Appeal
A student denied admission to a graduate program may appeal the admission decision to the College of Graduate Studies. The student will be required to provide additional information in support of the appeal. A student whose appeal for admission is denied by the department and/or college may appeal to the Dean of the College of Graduate Studies. The Dean of the College of Graduate Studies will make the final decision on an appeal.

Academic Common Market
Students from a number of states may be eligible for an out-of-state fee waiver based upon the Academic Common Market agreement that Georgia shares with these participating states (http://www.sreb.org/programs/acm/acmindex.asp). If a student majors in disciplines at Georgia Southern University that are not available in their home states, they may be eligible for the waiver. Sport Management is currently approved for graduate students from selected states.

Border County Fee Waiver
Graduate students who are legal residents of an out-of-state county bordering a Georgia county in which the reporting institution or a Board-approved external center of the University System is located. Only Georgia Southern University graduate students who live in an out of state county that borders Chatham County (Jasper and Beaufort Counties, SC), Georgia and attend classes at the Coastal Georgia Center in Savannah are eligible for this waiver.

Postdoctoral Study
Mature scholars, as well as the most able new recipients of the doctorate, are encouraged to spend one or more years in concentrated study with experts in their field. These scholars make a distinct contribution to the quality of the graduate program with which they are associated and to the prestige of the University. To be eligible to take graduate level courses, Post Doctoral Fellows must apply for and be admitted to the College of Graduate Studies.

Residence Time Limits
All work credited toward a Master’s or Educational Specialist degree must be completed within 7 years. Extensions of time may be granted only on conditions beyond the control of the student. A formal request outlining the extenuating circumstances for an extension of time should be addressed to the College of Graduate Studies.

Graduate Student Advisors
When the student is notified of admission to the College of Graduate Studies, a graduate faculty member in the student’s major field will be assigned as the advisor. A graduate student may request a change in advisor by contacting the Graduate Program Director of the program of study in writing. If the request is granted, the student will be notified in writing.

Graduate student advisors will assist in:
- Helping the student plan a program of study in keeping with the student’s field and goals.
- Approving all course selections prior to registration.
Students who are initially uncertain about their graduate program of study and Transient Students taking graduate classes at Georgia Southern University for degree credit at another college or university may be advised by the College of Graduate Studies. International graduate students will be advised by the Dean of Students as well as by a faculty advisor in their academic program. Graduate students with physical or developmental disabilities are encouraged to avail themselves of the services of the Center for Students with Disabilities or the Counseling and Career Development Center.

Graduate Credit
All courses carrying graduate credit at Georgia Southern University numbered 5000G and above are open to graduate students. Courses 6000 through 9999 are open to graduate students ONLY. Courses numbered 9000-9999 and above are open to doctoral ONLY. Graduate courses numbered 5000G - 5999G may not be counted toward doctoral degree program requirements.

A student who has been admitted to the College of Graduate Studies may register for graduate courses using the Random Access Number (RAN). The RAN changes each semester/term. The initial admission term RAN is listed in the acceptance letter. Subsequent registration term RANS are available on My.GeorgiaSouthern for each active graduate student during the registration periods each semester.

At least 50% of the courses applicable to earn a degree must be courses in which enrollment is restricted to graduate students.

A maximum of 6 semester hours earned in “Independent Study” may apply toward a graduate degree, with the approval of the advisor, provided the student is classified under Regular admission when the credits were taken.

Graduate credit is not allowed for non-academic work done in extension (continuing education) or by correspondence.

A student seeking a second masters’ degree may count up to three courses (not more than 9 semester credit hours) from the first
degree toward the requirements for the second degree upon recommendation of the student’s advisor and approval of the department chair. Only course with a minimum grade of “B” may be counted.

**Grading System**

All institutions of the University System of Georgia are on a 4.0 grade point average system.

**Auditing Courses**

A student may audit a course by submitting a written request to the Registrar’s Office. Academic credit is not awarded for auditing a class. Students may not transfer from audit to credit status, or from credit to audit status after the last day of Drop/Add. A grade of “V” (audit) is entered on the student’s record. The student will be responsible for all fees charged for the audited course.

**Grade Point Average**

The cumulative grade point average is the grade average made by the student on all work for which she/he has enrolled. It is obtained by dividing the total number of grade points earned by the total number of Grade Point Hours. Courses carrying an “S” or “U” are not included. When courses in which a student has made a grade of “D” or “F” are repeated, the last earned grade is the official grade. However, all hours attempted are counted in computing the GPA. A graduate student may not repeat any course for credit in which she/he has already received a minimum grade of “C” unless specifically permitted by the degree program policy.

**Required Academic Standing**

Master’s and Education Specialist degree graduate students must maintain a cumulative graduate GPA of 3.0 or higher on all graduate work and in the Program of Study to graduate. Graduate students are ineligible to graduate with grades of “I” or “IP” on their graduate academic record. Credits taken as a non-degree student in order to raise the GPA to meet admission standards may not be used to satisfy graduation requirements of the program. Students whose cumulative GPA falls below a 3.0 will be placed on academic probation and/or exclusion. Details of academic standing, probation and exclusion are presented for each degree.

**Credit by Transfer**

A graduate student may transfer graduate credit from a regionally accredited institution. Additionally, graduate credit from the American Council of Education (ACE) for National Board Certification may be accepted for elective credit in a Master’s or Education Specialist’s program of study. A maximum of six (6)* transferred semester hours may apply toward a Master’s or Education Specialist’s degree provided:

- The institution offers the graduate degree program for which the student has been admitted at Georgia Southern University. (Not required for transfer of ACE transcript credit.)
- An official transcript is sent directly to the College of Graduate Studies from the institution in which the graduate work was taken.
- The credit was earned no more than 7 years prior to the date of completion of the graduate degree.

- The student’s advisor or major professor has to approved the transfer credit as a part of the student’s approved program of study.
- A student pursuing a graduate degree at Georgia Southern University who plans to take graduate courses at another institution as a transient student must complete a Graduate Student Transient Permission Form, which must be approved by the advisor or major professor and the College of Graduate Studies prior to enrolling in the transient courses. This procedure insures that courses taken as a transient student at another institution will constitute a part of the planned program of study. Students who take courses without prior approval are doing so with the possibility that the course may not count in the degree program.
- A degree candidate may not graduate at the end of a term in which (s)he is enrolled as a transient student at another institution. The student, upon request, will be furnished a statement that all requirements for the degree have been completed when the said requirements have been satisfied.
- No grade lower than a “B” in a course earned at another institution may be accepted in transfer credit to count toward a graduate degree at Georgia Southern University.

* Each College of Education program involved in a USG franchise program will allow for additional graduate course credits to be received from other USG institutions involved in the respective franchise. The maximum number of transfer credits allowed will be identified by the specific program, ranging from 9 to 27 semester hours, and will be published in program materials.

**Unit of Credit**

The University year is organized on the semester system, each of the two semesters in the regular session extending over a period of approximately 15 weeks. A semester hour is equivalent to 12.5 clock hours of instruction.

**Registration and Enrollment**

Graduate students may register for no more than 12 semester hours in all graduate level courses (5000G level and above). Students who have been admitted to the College of Graduate Studies must register and pay fees during the regular registration period. University regulations prohibit a student from sitting in a course or courses in which he/she is not officially registered. Only students who have been granted admission to the College of Graduate Studies are eligible to enroll in graduate level courses. Registration Access Numbers (RAN) are provided in acceptance letters for new students and available on My.GeorgiaSouthern for continuing students.

**Full-Time Enrollment**

Minimum semester credit hours for full time graduate enrollment is nine (9) hours during the academic year (fall and spring semesters) and 3 hours for the summer term. Due to the clinical nature of the program, the minimum semester hours for full time graduate enrollment during the academic year in the MSN program is 5 (five) hours. Full-time enrollment in the MPA program is eight (8) hours and seven (7) hours for the Master of Music program.

**Program of Study Procedures**

The Program of Study is a detailed course plan that has been developed for each student in a degree program. The student in
consultation with the academic advisor develops the Program of Study. The Program of Study can be developed at any time during the course of study. The College of Graduate Studies encourages students to develop a working Program of Study with their advisor at the beginning of their graduate program. Students must submit a formal Program of Study for approval by the College of Graduate Studies not later than the end of the semester/term prior to the semester in which they intend to graduate. The Program of Study forms are available on the College of Graduate Studies Website at http://cogs.georgiasouthern.edu.

Internship/Thesis/Dissertation Enrollment Requirements
A prospective candidate for a graduate degree must be registered during each term in which an internship is being conducted, a thesis (if required), or a dissertation is under preparation and where university facilities and/or staff time are utilized, including the final term in which the internship, thesis or dissertation is being completed. Students completing an internship, thesis or dissertation must comply with the following regulations:

• A student must register by the term registration deadline. Any student failing to register by the term registration deadline will be enrolled in the following term and will be updated for graduation for the same term, if applicable.

• The student’s advisor and/or major professor will be responsible for advising the student to register for the appropriate number of credit hours to comply with internship, thesis, dissertation, and/or comprehensive examination enrollment requirements.

• A grade of IP will be recorded for all internship, thesis, or dissertation credit work in progress, and will automatically be recorded each term the student is enrolled.

• The grade of S/U must be recorded for all theses, or dissertation credit when completed.

• The advisor and/or major professor will report a final thesis or dissertation grade of S or U. Any reported grade other than S/U will be changed to an S/U grade according to the following: REPORTED GRADE OF A, B, C = S; D, F = U

• Upon completion of the internship, thesis, or dissertation requirements, final grades for preceding terms will be changed to the appropriate grade.

• Theses or dissertation students must submit the thesis or dissertation in electronic format. The Electronic Thesis and Dissertation policies and procedures are discussed in detail on the College of Graduate Studies Website http://cogs.georgiasouthern.edu.

Dropping a Course
Students can drop a course after the last day of drop/add by submitting a drop form to the Registrar’s Office or by logging into their student WINGS account. To avoid academic penalty, the course(s) must be dropped prior to the last day to drop without academic penalty, a date which is published in the University Calendar. Any student who does not drop his/her course before this published date for the term must complete the course requirements. An “F” grade will be assigned to any student who discontinues attending a class without officially dropping the course. A “W” (Withdraw) grade will be issued for any course dropped after the last day of Drop/Add but before the last day to drop without academic penalty. Fees will not be reduced and a refund will not be issued for courses dropped after the last day of Drop/Add.

Withdrawal from Course/School
To discontinue enrollment prior to the first day of University classes, a student should complete and submit a Voluntary Cancellation Form. Any student who wishes to withdraw from school during the term must complete and submit an official Withdrawal Form. Both forms are available at http://students.georgiasouthern.edu/Registrar. Failure to do this will result in the assignment of failing grades in all courses for which the student registered. A withdrawal is not permitted after the last day of class. Grades of “W” (Withdraw) are given for all courses if the withdrawal is processed before the last day to drop without academic penalty. If the withdrawal is completed after the last day to drop, instructors are given the option of assigning “W” or “WF” grades. A “WF” (Withdraw - Failing) grade is calculated in the student’s GPA the same as an “F” grade. Once the semester has begun, students will not be able to withdraw from all of their classes via WINGS. WINGS prevents students from withdrawing from their last course over the Internet. A withdrawal form must be submitted to the Office of the Dean of Students to be withdrawn properly from Georgia Southern University.

Petition to Review/Change a Grade
The evaluation of the quality of a student’s performance is the prerogative of the instructor. Nothing stated below is intended to place a limitation on this prerogative and the instructor will be involved in the review at each stage in the appeal process. All grade appeals should be viewed as confidential matters between the student, the instructor, and the appropriate administrators.

If a student does not understand the reason for a grade, it is the student’s responsibility to consult the instructor of the course about the grade. If after such consultation the student does not agree with the basis on which the grade was assigned, the student may initiate an appeal according to the procedures given below. The burden of proof will rest with the student. There are four stages of appeal available to a student and they must be followed sequentially.

Stages Two through Four must be completed during the term immediately following the term in which the grade was assigned unless an extension is authorized by the Provost. At the completion of each stage of the appeal, the student is to be notified of the decision in writing.

Procedures
Stage One: An appeal must be initiated within fourteen working days after the first day of class of the term which immediately follows the term for which the grade is awarded. The student should petition the instructor in writing, giving salient reasons for the grade appeal. The student should retain a copy of the written appeal for personal records.

Stage Two: If the student is not satisfied after the review by the instructor, the student should consult the department chair and submit a copy of the written appeal. The department chair will attempt to resolve the grade appeal. The chair will meet with the instructor and may consult with other persons who have relevant information.

Stage Three: If all efforts to resolve the grade appeal at the departmental level are unsuccessful, the student may submit the written appeal to the dean of the appropriate college. The dean
will examine the appeal and other pertinent materials submitted by the student. The dean will meet with the instructor and may also request from the instructor materials deemed relevant. In an attempt to resolve the grade appeal, the dean may interview the student, instructor, and others who may have pertinent information. If the dean determines the need for a review committee to examine the issue, the committee shall consist of:

- One faculty member from the department
- One faculty member from the college, but not from the department of the instructor
- One faculty member from another college
- Ex Officio: A staff member from Student Affairs and Enrollment Management recommended by the Vice President for Student Affairs and Enrollment Management

The committee, if appointed, will advise the dean regarding the grade under appeal. Whether the dean chooses to appoint a committee or not, the dean will render a final decision on the grade appeal at the college level.

**Stage Four:** If all efforts to resolve the grade appeal at the college level are unsuccessful, the student may submit the written appeal to the Provost. The Provost will examine the appeal and other pertinent materials submitted by the student. The Provost will meet with the instructor and also may request materials deemed relevant. In an attempt to resolve the grade appeal, the Provost may interview the student, instructor, and others who may have pertinent information.

If a committee was constituted at the college level, the Provost will review the process, the committee findings, and the decision of the dean and render a final University decision. If a committee was not appointed at the college level, the Provost has the option of appointing a review committee which will conform to the composition described in Stage Three. The committee, if appointed, will advise the Provost regarding the grade under appeal. Whether the Provost chooses to appoint a committee or not, the Provost will render a final University decision.

**Graduate Student Conduct**

The University has established a series of procedures and regulations governing student conduct and behavior. Included in these procedures and regulations, which collectively are known as the **Student Guide to Conduct**, are statements concerning expectations for student conduct, guarantees of student rights, and procedures for adjudicating allegations concerning student misconduct. The penalties for violations of these regulations are also contained in the **Student Guide to Conduct**. The guide is available on the web at [http://students.georgiasouthern.edu/sta/guide/](http://students.georgiasouthern.edu/sta/guide/).

All students at Georgia Southern are expected to read and become familiar with all sections of the **Student Guide to Conduct**. Each student is individually responsible for adhering to the regulations contained in the **Student Guide to Conduct**.

A student who is found to be responsible for violating these regulations will be subject to disciplinary action ranging from disciplinary warning to suspension or expulsion. The severity of the sanction is dependent upon the severity of the offense as determined by the appropriate Judicial Officer, the University Judicial Board and the Hearing Office appointed by the Vice President for Student Affairs and Enrollment Management.

Penalties levied by the Residence Hall Judicial Board, Resident and Area Directors cannot exceed Disciplinary Probation.

Discipline will be imposed in all instances except those situations in which a qualified, licensed, mental health professional has indicated to the University, in writing, that the actions of the individual were caused by psychological problems sufficient to warrant the immediate withdrawal from the University by the individual involved. In each instance, the individual may not re-register at Georgia Southern University for at least two full academic semesters and then only upon the written recommendation of the mental health professional.

Any and all questions concerning the **Student Guide to Conduct**, its enforcement or interpretation of any of its sections should be directed to the Office of Judicial Affairs or the Office of the Vice President for Student Affairs and Enrollment Management.

**Graduate Electronic Communications Policy**

Georgia Southern University considers Electronic Communication an official method of communication. The University promotes timely delivery of information to our students. Students can expect important notices about deadlines, upcoming events, and other information to be sent electronically to their email accounts. Students are expected to regularly check their accounts for activity.

Computer accounts are issued automatically to new students. Students holding computer accounts are required to follow all Georgia Southern University Policies and Procedures governing the use of Georgia Southern and the University System of Georgia computer resources. Computer use must be in accordance with all applicable laws, regulations, and policies, including but not limited to the Georgia Computer Systems Protections Act, O.C.G.A. Sections 16-9-90 et. seq.

Students are assigned a User ID and password for their personal use only and must not be shared with others. Access to any University computer resource is a privilege granted by Georgia Southern and account holders are solely responsible for the security of the assigned User ID(s) and password(s). In the event this security has been compromised, you must notify the Georgia Southern Computer Help Center at (912) 478-5429. Account holders should understand that periodic audits of their activities on any Georgia Southern computer resource might be made by the system administrator.

Georgia Southern University does not routinely monitor electronic communications passing through campus servers. However, e-mails that pass through these servers are automatically stored. The stored e-mails are subject to state and federal laws concerning law enforcement investigations, court discovery requests, University investigations, network diagnostics, and the Open Records Act. Similarly, while the University does not routinely monitor Web page visits, such data may be collected pursuant to the needs of law enforcement authorities. Also, such data may be automatically stored on individual computers. Accordingly, Georgia Southern University cannot and does not guarantee the privacy of any e-mail message or Internet session sent from or received at any campus computer.
The University adopted a policy that recognized Georgia Southern student email accounts as an official method of correspondence. Students are expected to regularly check their accounts for activity.

Graduate Honor Code
The Georgia Southern University Honor Code states: “I will be academically honest in all of my coursework and will not tolerate the academic dishonesty of others.”

Academic Dishonesty
A surprising number of students do not understand what academic dishonesty is. For example, it is academically dishonest to copy materials from a website and not cite the website. Academic dishonesty includes:

- Submitting material that is not yours as part of your course performance, such as copying from another student’s exam, allowing a student to copy from your exam.
- Using information or devices that are not allowed by the faculty; such as text messaging another student during an exam.
- Obtaining and using unauthorized material, such as a copy of an examination before it is given.
- Fabricating information, such as the data for a lab report.
- Collaborating with others on assignments without the faculty’s consent.
- Helping another student to cheat.
- Other forms of dishonest behavior, such as having another person take an examination in your place; or altering exam answers and requesting the exam be regarded; or communicating with any person during an exam.

Plagiarism includes:
- Directly quoting the words of others without using quotation marks or indented format to identify them; or,
- Using sources of information (published or unpublished) without identifying them; or,
- Paraphrasing materials or ideas of others without identifying the sources.

Plagiarism is prohibited. Themes, essays, term papers, tests and other similar requirements must be the work of the student submitting them. When direct quotations are used, they must be indicated and when the ideas of another are incorporated in the paper they must be appropriately acknowledged.

Failure to cite borrowed material is a form of cheating. A writer’s facts, ideas, and phraseology should be regarded as his/her property. Any person who uses a writer’s ideas or phraseology without giving due credit is guilty of plagiarism. Information may be put into a paper without a footnote or some kind of documentation only if it falls into the category of general or common knowledge. One may assume that information is general or common knowledge if it meets all of these conditions:
- It may be found in writings of several authors on the subject.
- It is written entirely in the words of the student.
- It is not paraphrased from any particular source.

Whenever any idea is taken from a specific work, even when the student writes the idea entirely in his own words, there must be a footnote giving credit to the author responsible for the idea. The student is entirely responsible for knowing and following the principles of paraphrasing. The student should never retain a sentence pattern and substitute synonyms for the original words. The student should never retain the original words and alter the sentence pattern.

NOTE: Under certain circumstances, alleged violations of academic dishonesty may be adjudicated under Procedures for Academic Dishonesty cases as outlined in The Student Guide to Conduct.

Graduate Satisfactory Academic Progress Policy for Financial Aid
Students are evaluated on the basis of grade point average (GPA), credit hour completion, and minimum time frame limitation. The Department of Financial Aid is responsible for evaluating the satisfactory academic progress of all graduate students receiving Federal Subsidized and Unsubsidized Stafford Loans. Georgia Southern University’s SAP policy requires maintaining academic standards based on the following three criteria:

Graduate students must maintain a 3.0 minimum GPA to remain in good academic standing for financial aid and academic purposes. Failure to maintain the required minimum GPA standards will result in academic and financial aid probation. When a student’s unsatisfactory academic standing results in exclusion from school by the Registrar’s Office, the student is also excluded from receiving financial aid. Student’s GPA requirements are evaluated at the end of each term.

Students are required to earn a minimum number of hours each academic year depending on their enrollment status. Undergraduate, post-baccalaureate and graduate students who enroll for full-time, three-quarter time or part-time course work throughout each academic year should complete 66% of all attempted hours registered for during each academic year. Note that these are minimum requirement standards and that most students will complete the required course work at a faster rate. Students’ incremental progress is evaluated biannually at the end of the Spring term and at the end of the Summer term for students taking summer course work.

Students in a Masters program who have attempted more than 150% of the published length of a degree program will have their aid terminated. (A student with at least a 3.0 cumulative grade point average and is projected to receive his/her degree the term immediately after earning the maximum hours will be considered making satisfactory progress.) Students’ maximum time frame progress is evaluated biannually at the end of spring term and at the end of summer term for students taking summer course work.

Master’s and Education Specialist Programs
Admission and General Requirements
To gain admission to a Master’s or Education Specialist program, the applicant student must be recommended for admission by the graduate program director or the graduate faculty of the department or school in which study is proposed and approved for admission to the degree program by the College of Graduate Studies.
To be eligible to be awarded the degree, the student must successfully complete all degree requirements including the minimum number of credit hours required for the degree, successfully pass the comprehensive or terminal examination (if required), successfully defend the thesis (if required), have an approved program study on file in the College of Graduate Studies and must have applied for graduation by the graduation application deadline.

To be awarded a master’s or education specialist degree, the student (a) must not be on academic probation, (b) must have a cumulative graduate grade point average (GPA) of 3.0 or higher, (c) must have an approved program of study on file in the College of Graduate Studies, (d) must meet all the requirements of the College of Graduate Studies and the student’s academic program area, (e) have no grades of “I” or “IP” on the graduate transcript, and (f) if enrolled in a program that requires a thesis or internship - must be enrolled during each semester in which the thesis or internship is active and where university staff, faculty or facilities are utilized and be enrolled the semester in which the degree requirements are completed.

The College of Graduate Studies recognized three different plans for a master’s degree and the graduate faculty in each academic unit may accept one or more of them. The possibilities are:

Thesis option: As part of a degree program the student will complete a thesis for a minimum number of credits as determined by the program.

Non-Thesis Option: The student’s degree program will consist of course and evidence of advanced work, such as term papers, objects of art, music or designs, as determined by the graduate faculty of the department or school.

Internship option: Students in certain designated degree programs must complete a supervised internship.

Not all master’s degree programs offer all these options, and a student may not select a plan that has not been approved by the graduate faculty of the program in which he or she is enrolled.

Degree seeking students must demonstrate competency in their study area as determined by the academic program. Competency is demonstrated in one or more of the following ways: (a) pass a final comprehensive and/or oral examination, (b) present a satisfactory portfolio, (c) thesis defense, (d) studio exhibition or recital.

Foreign Language Requirement

The College of Graduate Studies has no requirement for a language other than English for the master's degree. Individual academic units may establish, with approval of the Graduate Committee, language requirements for their degree programs and may define the level of competence needed to satisfy those requirements.

The Master’s Thesis Supervisory Committee

Within the first year of study, the student in a degree program that requires a thesis should assemble a thesis supervisory committee including a major professor and at least two other Graduate Faculty. The Dean of the College of Graduate Studies will formally approve the supervisory committee. This committee will supervise the student’s program and thesis progress, and conduct the final examination. The major professor serves as chair of the supervisory committee.

Thesis

Candidates who undertake a thesis should schedule their work to allow sufficient time for review by the major professor and the supervisory committee and for making any necessary revisions before proceeding to the final examination. With unanimous approval of the supervisory committee, a student majoring in Modern Languages may write a thesis or report in a language other than English, provided that the language is clearly appropriate to the subject matter. If the thesis requires the use of human subjects, animals, or biohazardous materials, the student is required to comply with University policies and procedures. The compliance policies and procedures can be found at http://academics.georgiasouthern.edu/research/.

The candidate must provide a copy of the thesis (electronic or hard copy format) to each member of the supervisory committee and all members of the committee must certify that they have received acceptable copies of the thesis before a final defense can be scheduled. A copy of the thesis must also be available at the defense. Following a successful final defense, the candidate must submit an electronic copy of the thesis to the College of Graduate Studies for format check by the semester/term stated deadline. Late submissions will not be accepted. When the format check has been completed, the electronic document is returned to the student. Once the student has made all format corrections and changes, the student should ask his/her major professor and committee if they wish to review the electronic document before the final corrected copy is submitted to the College of Graduate Studies. The student must make all corrections and the electronic document must be in final and acceptable form, incorporating any revisions required by the supervisory committee. Information regarding the ETD can be found on the COGS web page at http://academics.georgiasouthern.edu/etd/. The final corrected copy must be submitted and received by the final submission deadline stated in the university academic calendar.

The Program of Study (POS)

Every master’s student must file with the College of Graduate Studies a Program of Study, a formal list of the courses the student intends to take to fulfill the requirements of the degree. The program of study should consist solely of courses directly related to the master’s degree. The Program of Study must be signed by the student, Advisor, and Graduate Program Director or Department Chair before being submitted to the College of Graduate Studies for final approval. The POS must be submitted to the College of Graduate Studies not later than the end of the semester or term proceeding the expected graduation term. Subsequent changes in the program may be submitted on an Amended Program of Study form or by filing a revised Program of Study that is signed by all persons as stated above. A revised Program of Study must be approved by the College of Graduate Studies before graduation.

Final Comprehensive Examination

A final oral examination or a comprehensive written examination or both may be required for a degree. The examination will be administered after the student has completed the program of study and other requirements or in the term in which the candidate intends to complete them. Examinations may take the form of a defense of the thesis, an interpretation of other scholarly work, a
portfolio of the student’s work or a test of the student’s understanding of the field. The academic unit determines the format of the examination and, along with the supervisory committee for programs requiring a thesis is responsible for its administration. The Department Chair, Graduate Program Director or major professor is responsible for reporting the results of the examination and/or thesis defense to the College of Graduate Studies on the Report on Comprehensive Examination/Thesis Defense Form. Normally, final oral examinations will be given on the Statesboro campus. Exceptions can be made if requested by the student, recommended by the supervisory committee, and approved by the Department Chair or Graduate Program Director and the Dean of the College of Graduate Studies. In the case of an examination in which the participants are not all in the same location, any technology used to conduct the examination must support simultaneous oral interaction between the student and all members of the examining committee. Copies of the questions for all final written examinations must be filed with the academic unit. In the case of a candidate writing a thesis, the examination cannot be scheduled until the supervisory committee certifies that a satisfactory copy of the thesis has been presented. Final examinations must be scheduled by the academic calendar deadlines for examinations and/or theses defenses and final submissions for the term during which graduation is expected.

Grade Requirements

Graded Work
For graduate credit, the grade in a course must be a minimum grade of “C.” To be awarded a graduate degree, the student (a) must not be on probation (see Section F.2), (b) must have a cumulative GPA of 3.0 or higher on all graduate course work attempted and on course work on the program of study, (c) must meet all the requirements of the College of Graduate Studies, the student’s academic program area, and the student’s supervisory committee, and (d) must be enrolled during the semester in which the degree requirements are completed if completing a thesis.

A student may not repeat any course for credit for which he/she has already received a minimum grade of “C” unless specifically permitted by the degree program department policy.

Satisfactory/Unsatisfactory Graded Work
Certain courses including thesis and internship credit may be graded on a satisfactory/un satisfactory (S/U) basis. A grade of “S” indicates that credit has been given for completion of the credit and the credit may count toward degree requirements. A grade of “U” indicates unsatisfactory progress in the course and credit may not be counted toward degree requirements. Satisfactory/Unsatisfactory graded work is not computed in the grade point average.

In-Progress (IP) Grade
“IP” indicates that credit has not been given in courses that require an “IP” continuation of work beyond the term for which the student signed up for the course. The use of these symbols is approved for dissertation and thesis hours and project courses. With the exception of Learning Support courses and Regents’ Test review courses, these symbols cannot be used for other courses. These symbols cannot be substituted for an “I”.

Incomplete Policy
An incomplete grade “I” may be given to a student providing the student was doing satisfactory work in a course but was unable to meet the full requirements of the course due to non-academic reasons beyond his/her control. An “I” must be removed within one calendar year following the term in which the “I” grade was recorded. The course professor may set a course completion time of less than the one calendar year. It is the student’s responsibility to insure that the course work is completed. If the “I” is not removed by the established deadline, it will be changed to an “F”. A student may not graduate with any “I” grades on their transcript.

Courses Applied Toward Two Degrees
No graduate student may use credit from the same course in meeting the requirements for both an undergraduate and a graduate degree. A student pursuing a second Master’s degree may count up to nine (9) credit hours from the first earned Master’s degree toward requirement for the second degree providing the courses are recommended by the student’s advisor and the first master’s degree has been completed before the second degree.

A person may earn a master’s degree or a doctorate at Georgia Southern University after receiving the same degree, in the same or another field, at another institution. The degree sought at Georgia Southern University is subject to the same provisions for transfer of credit as a first degree. If a master’s degree is sought at this University after earning a doctorate here, a maximum of nine (9) credit hours from the doctoral work may be applied toward the master’s degree.

Off-Campus Research
The student must submit to the supervisory committee a well-formulated research plan, including objectives and methodology, and the committee must review and approve the plan before the student departs for the research site and indicate approval on the program of study. In addition, the supervisory committee may require:

1. That the major professor and/or a competent local authority who can reliably guide the student provide continuing on-site supervision.
2. That the student provides the supervisory committee with frequent, periodic estimates of performance and progress. The committee may also require that a competent local authority authenticate these.
3. That the major professor carries out local inspections of the student’s activities.

Regardless of the location at which the research is conducted, the final written and/or oral examination will normally be given on the Statesboro campus. In the case of an examination in which the participants are not all in the same location, any technology used to conduct the examination must support simultaneous oral interaction between the student and all members of the examining committee. When unusual circumstances arise in the guidance of off-campus students, supervisory committees should consult with the Dean of the College of Graduate Studies.

Inactive Status
A student who does not enroll for one semester is considered inactive and must have their enrollment eligibility updated to be eligible to enroll in subsequent semesters. A student who does
not enroll for one academic year must re-apply to (and be accepted into) a graduate program before being considered for re-entry by the College of Graduate Studies. In order to be allowed to resume graduate studies, the student must meet all requirements for entry in force at the time of the new application. Inactive students who seek to regain active status will not, however, be required to recreate materials submitted with their original applications and held in their files by the College of Graduate Studies. If allowed to regain active status, the formerly inactive student will be subject to all requirements in force in his or her graduate program and in the College of Graduate Studies at the time the student returns to active status.

Probation
A student whose cumulative graduate grade point average falls below 3.0 upon the completion of nine (9) credit hours will be placed on academic probation. If the cumulative GPA remains below 3.0 after the completion of nine (9) additional credit hours, the student will be excluded from the program and is ineligible to continue graduate work. Only credit earned in graduate courses at Georgia Southern University may be used to repair a GPA deficiency. In certain departments, a student will be excluded from the degree program upon earning more than two (2) grades of “C” or below.

Removal from Probation
Students placed on academic probation will be reinstated to good standing providing they raised their cumulative graduate point average to at least 3.0 upon completing a maximum of nine (9) semester hours following the effective probation term. Except in certain departments, courses may not be repeated in courses in which a grade of “C” is earned.

Exclusion
A graduate student will be denied continued enrollment at Georgia Southern University for any of the following reasons:
1. Failure to meet the conditions of academic probation.
2. Failure to meet the conditions of Provisional Admission.
3. Failure to meet specified academic requirements as set by the department offering the program.
4. Failure to comply with the Academic Dishonesty section of the Student Conduct Code.

Reinstatement
Students excluded from a degree program due to academic reasons may appeal for reinstatement following exclusion. To appeal for reinstatement, the student must submit a letter to the College of Graduate Studies specifically indicating what the student is appealing and the justification for filing the appeal. At least three letters of support must accompany the appeal from the department graduate faculty. The appeal will be reviewed by the academic department, the college appeals committee (if appropriate), and the college dean. A recommendation will be forwarded to the College of Graduate Studies for review by the Dean of the College of Graduate Studies. If the Dean of the College of Graduate Studies approves the appeal, the appellant will be allowed to proceed toward the degree under conditions specified by the appropriate department and/or college.

Preparing For Graduation
Program of Study Form
The Program of Study Form confirms that you have taken the courses required for your graduate degree. The Program of Study Form must be submitted to the College of Graduate Studies not later than the end of the semester or term prior to the expected .

Application for Graduation
This is the formal request for the Registrar’s Office to begin proceedings for declaration of the degree. It must be received in the Registrar’s Office not later than the end of the semester or term prior to the expected graduation term. The form is online at:
http://students.georgiasouthern.edu/registrar/GradGradApp.htm

Graduation Fee Payment
A non-refundable fee of $35 is required to cover the processing of the graduation and the diploma. Payment should be received by the end of the term in which the student plans to graduate. It is best to pay the graduation fee by sending a check or money order made payable to GSU to the Office of the Registrar, P.O. Box 8092. Credit card payments are also accepted at the Georgia Southern University Cashier’s Office, Deal Hall, (912) 478-0020.

Graduate Program Exit Survey
Complete the College of Graduate Studies Exit Survey and return to the College of Graduate Studies, Georgia Southern University, PO Box 8008, Statesboro, GA 30460, (912) 478-0578 http://www.surveymonkey.com/s.aspx?sm=t1T2bFKL9nDzbT6FZ2mdkw_3d_3d.

Graduate in Absentia Form
Students who do not plan on attending the commencement must complete the Request to Graduate in Absentia Form. The completed form should be sent to: Georgia Southern University, Registrar’s Office, PO Box 8092, Statesboro, GA 30460-8092, (912) 478-0432, Email: tsaylor@georgiasouthern.edu. http://students.georgiasouthern.edu/registrar/request_inabsentia.htm

Reserve Graduation Attire
Graduation attire must be reserved 8 weeks before graduation. Order attire by going to this web site:
http://www1.herffjones.com/college/graduation/index.cfm. Cap and gown fees can be paid directly to the Herff Jones Company when you place your order. Doctoral students must contact Herff Jones with their height, cap size, degree, and major at: Herff Jones, 32 Lindberg Street, Statesboro, GA 30458, Telephone: (912) 764-9314, Fax: (912) 764-9550, Email: rodick@frontiernet.net.

Pay Outstanding Debts
All debts to Georgia Southern University must be paid in full. To determine debts such as parking tickets, library fees, fines, etc., students should contact the Cashier’s Office at: Georgia Southern University, Cashier’s Office, Deal Hall, (912) 478-0020.

Diploma Address
The GSU Registrar’s Office will mail the diploma to students 4-6 weeks after graduation if the student applied for graduation three semesters before completion. Students are strongly encouraged to update the Diploma Address and graduation e-mail address on WINGS before the end of the semester in which you are completing the degree requirements.
Degree Completion Activities for Master’s or Ed.S.
Candidates
Students should:
• have satisfied the Foreign Language requirement if completing a master’s program in which a Foreign Language is required.
• have accumulated the required number of credit hours for the degree.
• have an approved Program of Study on file in the College of Graduate Studies.
• have no grades of “F” or “IP” on your graduate transcript.
• have a cumulative graduate GPA of at least 3.0.
• be registered in at least one (1) credit hour if completing a degree program in which an internship is being conducted, or project or thesis is being completed.
• take and pass the comprehensive examination (or equivalent in your department) if required for your degree program by the deadline. Your advisor must submit the Report on Comprehensive Examination/Thesis Defense Form to the College of Graduate Studies by the deadline.
• pass the thesis or internship defense by the deadline if completing a degree program in which a thesis or internship is required.
• submit the electronic thesis for format review by the College of Graduate Studies by the deadline.
• submit the final electronic version of the approved thesis to the College of Graduate Studies by the deadline.
• complete the Institutional Review Board (IRB) termination notification through the Office of Research Services and Sponsored Programs by the deadline.

USG Franchise Programs - Master of Education Degree Programs
Certain Master of Education degree programs are offered on-line through the University System of Georgia's GeorgiaOnMyLINE (www.georgiaonmyline.org). These programs currently include the M.Ed. in Accomplished Teaching and the M.Ed. in Instructional Technology.

Transfer Credits
Each College of Education program involved in a USG franchise program may allow for additional graduate course credits to be transferred from other USG institutions involved in the respective franchise. The maximum number of transfer credits allowed will be identified by the specific program and will be published in program materials. The M.Ed. in Instructional Technology franchise program will allow up to 9 hours of transfer credit with the advisor’s approval. The M.Ed. in Accomplished Teaching will allow up to 27 hours of transfer credit including 18 hours of that program’s required franchise courses with advisor’s approval.

Admission Requirements
Quick Admit
For quick admission to a USG Franchise Program, applicants must:
1. Complete and submit the “GeorgiaOnMyLine” admission application and pay the specified application fee. http://www.georgiaonmyline.org/
2. Have completed bachelor’s degree requirements from a regionally accredited institution.
3. Possess a clear, renewable Georgia certification in teaching, service, or leadership field.
4. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Quick Admit candidates will be evaluated at the end of the first 9 hours of study in terms of GPA and key assessments.

Regular
For Regular admission to a USG Franchise Program applicants must:
1. Complete and submit the “GeorgiaOnMyLine” admission application and pay the specified application fee. http://www.georgiaonmyline.org/
2. Have completed bachelor’s degree requirements from a regionally accredited institution.
3. Present official score reports for the Miller Analogies Test (MAT) or the General Graduate Record Examination (GRE).
4. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Collaborative Franchise Programs
Applicants for a USG Franchise Collaborative Program, such as the M.Ed. in Accomplished Teaching, must apply for and be admitted to the cooperating university from which they choose to earn the degree.

The Doctoral Degree
Admission and General Requirements
To gain admission to a doctoral program, the student must be approved for admission both by the graduate faculty of the department and by the College of Graduate Studies.

The Dissertation Committee
Upon admission to a doctoral program, the student confers with the degree program coordinator of the academic program and selects an advisor, or “major professor,” from among the graduate faculty who are certified to direct dissertations and who are willing to assume the responsibility. Upon the recommendation of the graduate program director and the Department or School Chair, the Dean of the College of Graduate Studies approves a dissertation committee consisting of a major professor who will chair the committee and a minimum number of other members per the program-specific guidelines. On doctoral committees having co-major professors, both must be certified to direct dissertations. One member of the supervisory committee must be a graduate faculty member from outside the major professor’s department. In addition to the members recommended, the Dean of the College of Graduate Studies may appoint other members to the supervisory committee from the graduate faculty. All members of a student’s dissertation committee participate as peers and have the responsibility for planning the program of study, advising the student and ensuring that the student’s doctoral program is of high quality.

The Program of Study
Every doctoral student must file with the College of Graduate Studies a Program of Study, a formal list of the courses the student intends to take to fulfill the requirements of the degree. The program of study should consist solely of courses directly related to the doctoral degree. The program of study, signed by the student and approved by the Major Professor, the Department Chair and the Dean of the College of Graduate Studies, must be
submitted not later than the end of the semester or term prior to the expected graduation term. Changes in the program may be submitted on an Amended Program of Study form or by filing a revised Program of Study that is signed by all persons as stated above.

Courses
While courses numbered 6000 and above are offered for graduate credit, courses numbered 9000 and above are open to doctoral students only. Courses numbered 5000G to 5999G may be taken for graduate credit but may not be counted toward doctoral degree requirements.

Independent Study
A maximum of six (6) credits earned in “Independent Study” may apply toward a graduate degree, providing the student was classified under “Regular” admission at the time the Independent Study courses were taken and providing the student’s advisor recommends the courses as part of the program of study.

Correspondence Study
Credits taken by correspondence study or by extension are not permitted to be counted toward degree program requirements.

Courses Applied Toward Two Degrees
No graduate student may use credit from the same course in meeting the requirements for both an undergraduate and a graduate degree. A graduate student may matriculate in two graduate programs concurrently. A graduate student pursuing two graduate degrees concurrently must complete all requirements for each degree.

A person may earn a doctorate at Georgia Southern University after receiving the same degree, in the same or another field, at another institution. The degree sought at Georgia Southern University is subject to the same provisions for transfer of credit as a first degree.

Off-Campus Research
Dissertation committees must take adequate steps to ensure appropriate guidance of off-campus research. As a minimal requirement, the student must submit to the dissertation committee a well-formulated research plan, including objectives and methodology, and the committee must review and approve the plan before the student departs for the research site and indicate approval on the program of study. In addition, the dissertation committee may require:

1. that the major professor and/or a competent local authority who can reliably guide the student provide continuing on-site supervision.
2. that the student provides the dissertation committee with frequent, periodic estimates of progress and progress. The committee may also require that these be authenticated by a competent local authority.
3. that the major professor carries out local inspections of the student’s activities.

Regardless of the location at which the research is conducted, the dissertation defense will normally be given on the Statesboro campus. Exceptions can be made if requested by the student, recommended by the dissertation committee, and approved by the Graduate Program Director, School or Department Chair and the Dean of the College of Graduate Studies. In the case of a defense or examination in which the participants are not all in the same location, any technology used to conduct the examination must support simultaneous oral interaction between the student and all members of the committee. When unusual circumstances arise in the guidance of off-campus students, dissertation committees should consult with the Dean of the College of Graduate Studies.

Research conducted outside an academic program cannot be accepted for credit as part of a program of study.

Degree Time Limit
Dr.P.H. - 7 years from first admission and enrollment term
D.N.P. - 7 years from first admission and enrollment term
Ed.D. - The Program completion deadline is the Candidacy Exam pass term plus five (5) years
Psy.D. - Five (5) years from Bachelors to Doctorate

Practicum Requirement
Dr.P.H. - One academic year of continual enrollment.
D.N.P. - One academic year of continual enrollment.
Ed.D. - Curriculum Studies - One academic year of continual enrollment.
Ed.D. - Educational Administration - A student must be enrolled in a minimum of six (6) semester hours during each of two semesters (semesters do not have to be consecutive).
Psy.D. - First four years in residence at Georgia Southern University

Grade Requirements
To be awarded a doctoral degree, the candidate must (a) not be on academic probation (see Section F.2), (b) meet the minimum GPA requirement for the degree program, (c) meet all the requirements of the College of Graduate Studies, the academic program, and the dissertation committee, and (d) be enrolled during the semester in which the degree requirements are completed if completing a dissertation.

A student may not repeat any course for credit for which he/she has already received a grade of “C” or better unless specifically permitted by the degree program department policy.

Minimum GPA Requirements
Dr.P.H. - 3.0
D.N.P. - 3.0
Ed.D. - 3.5
Psy.D. - 3.5

Candidacy Examination
The student must be given a written candidacy examination, which may be supplemented by an oral examination as prescribed by the program requirements. These are designed to test the student’s breadth and depth of knowledge in the proposed field of specialization, as well as the student’s ability to explore problems on the boundaries of knowledge. Satisfactory performance in the examination is an indication that the student is prepared to perform independent work toward the doctoral degree. The candidacy examination must be taken no later than the last semester of course work or the following semester. Copies of the examination are filed with the academic unit and made available on request to any graduate faculty member for a period of two years from the date of examination. The results of the candidacy examination are reported to the College of Graduate Studies on the Candidacy Exam Report form that must be signed by
members of the Candidacy Committee. If the student fails the
candidacy examination, only one retake of the Exam is permitted.
The format of the examination and the structure of the candidacy
committee may differ among doctoral programs, and in some
programs, the candidacy committee will differ from the
dissertation committee. Within one week following the
completion and determination of the results of the candidacy
examination, including those of any oral portion, the candidacy
committee must sign the ballot indicating that the candidacy
examination has been completed. In case of failure of the first
candidacy examination, the candidacy committee may approve a
second examination with no more than one dissenting vote. A
second examination can be taken no sooner than three months
following the initial failure. As with the first examination, the
signed Candidacy Exam Report Form must be submitted to the
College of Graduate Studies within one week of the
determination of the results of the examination.

Candidacy
Upon satisfactory completion of program of study course work
(except for the dissertation), with the minimum required grade
point average, passing the candidacy examinations, passing the
dissertation pre-prospectus and having met the enrollment
requirement the doctoral student is automatically advanced to
candidacy for the degree.

The period of candidacy may last up to five years from the end of
the semester in which the candidacy exam was passed. If a
student fails to complete both the dissertation within the program
specific time limit, the student will be dropped from candidacy.
Any student whose candidacy has thus lapsed may regain the
status of a doctoral candidate by successfully retaking the
candidacy exam. Students readmitted to candidacy may be
required to take additional course work.

Failure to maintain continuous enrollment following the first
semester or term of dissertation registration will also result in loss
of candidacy.

Continuous Enrollment
A student working for a doctorate must be enrolled at Georgia
Southern University during the semester in which the
comprehensive/qualifying/candidacy examination is taken and in
each subsequent semester following the first dissertation
registration, until the degree requirements are met and the
dissertation is accepted by the College of Graduate Studies.
Failure to enroll will result in loss of candidacy. To regain
candidacy, the student must successfully petition the College of
Graduate Studies.

If it is necessary to interrupt progress toward the degree, the
student may petition for a leave of absence of up to one year. The
petition must be submitted at least one month before the effective
date of leave. The major professor, the department chair, and the
Dean of the College of Graduate Studies must grant approval.
The Dean will establish the conditions of the leave. An extension
of a leave of absence beyond one year may be granted by the
Dean of the College of Graduate Studies upon recommendation
of the student’s dissertation committee.

Dissertation
An approved dissertation is required of all candidates for the
award of a doctorate degree. Its purpose is to demonstrate the
candidate’s ability to conduct significant original research of a
type appropriate to the academic discipline, to analyze the
information obtained from the research, and to present the results
in a form acceptable to the supervisory committee. A dissertation
must be written in a form appropriate to the discipline.

When the student is admitted to candidacy and the Dissertation
Committee chair is satisfied with the completed dissertation,
he/she will inform the candidate that the dissertation is ready to
be read by all members of the Dissertation Committee. Per the
preference of the Dissertation Committee, the student will then
distribute dissertation copies in electronic file or hard copy format
to the committee members. The candidate must provide a copy of
the dissertation to each member of the final examining committee
at least two weeks before the scheduled defense. The candidate,
in consultation with the Committee Chair (Major Professor) and
committee members, will then schedule the dissertation defense.
The dissertation defense must be scheduled by the term/semester
deadline stated in the university academic calendar to conduct the
defense. The College of Graduate Studies must receive written or
electronic notification of the dissertation defense date at least
three (3) weeks prior to the defense date. The dissertation defense
will be held in a forum open to the public.

The chairperson also has the right and the responsibility to
evaluate the candidate’s performance and to cast a vote. The
responsibilities of the dissertation committee are:

To examine the doctoral dissertation and approve scheduling
the dissertation defense. The committee must agree to the
scheduling of the dissertation defense. Agreeing to the
dissertation defense scheduling does not imply that the
dissertation is approved.

To hold a public, oral dissertation defense, after the
dissertation is deemed acceptable in form, at which the
candidate presents and defends the dissertation; and to report
the result of this examination to the Dean of the College of
Graduate Studies. All members of the examining committee
(or substitutes appointed by the Dean of the College of
Graduate Studies) are expected to be present throughout the
examination. At least three-fourths of the examining
committee including substitutes appointed by the Dean of
the College of Graduate Studies must approve the
candidate’s performance before he or she is deemed to have
passed. A refusal to vote by the chairperson or any other
member of the examining committee shall be recorded as a
negative vote. With the permission of at least three-fourths of
the committee, a failed defense may be retaken only one
time and scheduled no earlier than three months from the
date of the failure. The defense must be given on the
Statesboro campus. When the dissertation has been
approved, the dissertation defense passed, and all other
requirements have been met, the candidate is recommended
to be awarded the degree by the Dean of the Graduate
School.

Following a successful dissertation defense, the candidate must
make any corrections or changes to the dissertation that are
required by the defense committee. The student must submit the
dissertation as an electronic file (ETD) required by the College of
Graduate Studies for format check by the format check deadline.
After the document format has been completed the electronic
document is returned to the student. If format corrections are to
be made the student must make the changes and submit the final
corrected electronic version to the College of Graduate Studies by
the final submission deadline as posted for the semester. The student should check with her/her dissertation chair to determine if the dissertation committee chooses to re-review the document before final submission to the College of Graduate Studies. The final copy must also conform to the stylistic guidelines adopted by the academic unit established by the College of Graduate Studies. Information regarding the ETD can be found on the COGS web page at http://academics.georgiasouthern.edu/etd/.
College of Business Administration Programs - Graduate
ACCOUNTING
M.Acc., 30 HOURS

Advising: College of Business Administration, Angela Leverett, P.O. Box 8050, Statesboro, GA 30460, (912) 478-0290, aleveret@georgiasouthern.edu, Fax: (912) 478-7480.

Admission Requirements
The Master of Accounting (M.Acc.) program focuses on the knowledge and skills students need for careers in public accounting. The curriculum includes 18 hours of accounting and 12 hours of electives designed to allow students to personalize their program of study to fit their career objectives. The Georgia Southern University M.Acc. program meets Georgia’s 150-hour requirement to sit for the CPA Exam and can be completed in one year. A prospective student who has earned a baccalaureate degree and plans to take courses in the program must be admitted under one of the following classifications:

Degree Student
Students who are admitted to the College of Graduate Studies with the expressed intention of following a program leading to a graduate degree are classified as degree students. When admitted as a degree student, the applicant will be placed in one of the following categories:

Regular Admission
A prospective candidate for the M.Acc. degree who meets all requirements for unqualified admission and has been recommended by the Director of Graduate Studies in the College of Business Administration and approved by the College of Graduate Studies is classified as a regular degree student. A student with a standard formula score of 1000 or higher (or with an upper-level score of 1050 or higher) and a minimum GMAT score of 430 will be admitted as a regular MBA student. Applicants may ask that the GRE be used or GMAT be waived under special circumstances. For example, applicants with advanced degrees (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) might not be required to present a GMAT score. The applicant’s credentials will be presented to the Graduate Curriculum and Programs Committee which will forward its recommendation to the College of Graduate Studies. Student transcripts are evaluated for prerequisite requirements during the review of the admission packet. The requirement to make up deficiencies in prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Provisional Admission
A prospective candidate for the M.Acc. degree who does not satisfy the full admission requirements as defined by the standard formula* may be classified in this category under conditions specified at the time of admission by the College of Graduate Studies upon the recommendation of the Director of Graduate Studies in the College of Business Administration. A student with a standard formula score equal to or greater than 950 and less than 1000 will be admitted as a Provisional MBA student provided the undergraduate GPA is 2.80 or higher and the GMAT score is 430 or higher, or the GMAT score is 470 or higher. Applicants may ask that the GRE be used or GMAT be waived under special circumstances. For example, applicants with advanced degrees (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) might not be required to present a GMAT score. The applicant’s credentials will be presented to the Graduate Curriculum and Programs Committee which will forward its recommendation to the College of Graduate Studies. A student admitted in this category will be required to make a minimum grade of “B” in each of the first three graduate courses. Only credit earned at Georgia Southern University may be used to satisfy this admission requirement. A student admitted in this category will be reclassified to regular admission when the conditions have been met. Failure to satisfy the conditions in the specified course limit will result in the student’s ineligibility to continue work in the M.Acc. program.

Admission Appeals
An applicant may appeal to use his/her GRE score in place of the GMAT score. Admission to the M.Acc. requires a minimum GMAT score of 430. If an applicant does not score 430, he or she may appeal for admission. To appeal for admission, the applicant must follow the College of Graduate Studies appeal procedures. Appeals are considered by the College of Business Administration Graduate Curriculum and Programs Committee (GCPC) which forwards its recommendations to the College of Graduate Studies.

Applicants who have earned an advanced degree (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) from a regionally accredited college or university may request a waiver of the GMAT score. An applicant with an advanced degree may request a GMAT waiver through the Graduate Curriculum and Program Committee (GCPC) which will review the applicant’s credentials to determine if the GMAT waiver will be granted. Should the GCPC not meet during an admission cycle, the Dean of the College of Business Administration will appoint a committee of the COBA Graduate Faculty to consider admission and waiver appeals.

Factors that the GCPC may consider for admission will include (but not limited to) the following:
1. Probability of success in the applications chosen program.
2. The diversity the applicant brings to the degree program.
3. Space availability in the applicant's chosen program.

The GCPC may make a recommendation it deems to be in the best interest of the programs, including, but not limited to the following:
1. “Regular” admission with no restrictions.
2. “Regular” admission with restrictions.
3. “Provisional” admissions with additional restrictions.

Non-degree Student
An applicant may be admitted to the College of Graduate Studies as a non-degree student to earn credit in graduate courses without working toward a degree. Admission as a non-degree student does not guarantee subsequent admission to a graduate degree program; that is a separate process, and different criteria must be met. Students who are admitted in a non-degree category may apply to a degree program at any time. Upon the advisor’s recommendation, non-degree courses may be included in the graduate degree program of study should the student gain reclassification as a degree student. A student may be admitted to the College of Graduate Studies and in Business in one of the following admission categories:

**Enrichment**

An applicant who holds an undergraduate or graduate degree and desires to take graduate business courses for personal or professional improvement may be admitted in this category. Enrollment in the Non-Degree Enrichment category is unlimited; however, a student may count a maximum of nine (9) semester hours of credit toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

Once admitted under this classification, an acceptable GMAT score that qualifies the applicant for M.Acc. degree admission must be submitted to the College of Graduate Studies by the completion of the third graduate level course in order to pursue the M.Acc. degree.

**Limited**

A student whose file is incomplete because certain required application materials have not been received in the Office of Graduate Admissions for degree admission consideration may be admitted in this category. Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) semester hours of credit in graduate courses in any seven contiguous years. A student may count a maximum of nine (9) semester hours of credit toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

A student who has not taken the GMAT may be admitted under this classification provided that the overall undergraduate GPA is 3.25 or higher, or the upper-level (last 60 semester hours) GPA is 3.50 or higher. Once admitted under this classification, an acceptable GMAT score that would qualify the applicant for M.Acc. degree admission must be submitted by the completion of the third graduate level course in order to continue with additional graduate courses. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

**Graduate Transfer or Transient Credit**

The College of Business Administration accepts graduate transfer or transient credit only from AACSB accredited programs not to exceed six (6) semester hours subject to review and approval by the COBA Graduate Curriculum and Programs Committee.

**Program of Study: Master of Accounting Degree**

**Prerequisites**

A student admitted to the College of Graduate Studies as a prospective candidate for the Master of Accounting degree must present evidence of satisfactory completion (a minimum grade of “C”) of the following course content:

**Accounting:**

- **Intermediate Accounting**
  - Georgia Southern equivalents are:
    - ACCT 3131 - Intermediate Accounting I (3)
    - ACCT 3132 - Intermediate Accounting II (3)
    - ACCT 4133 - Intermediate Accounting III (3)

- **Managerial Accounting**
  - Georgia Southern equivalent is:
    - ACCT 3231 - Managerial Accounting II (3)

- **Income Tax**
  - Georgia Southern equivalent is:
    - ACCT 3330 - Income Tax (3)

- **Accounting Information Systems**
  - Georgia Southern equivalent is:
    - ACCT 4130 - Accounting Information Systems (3)

- **Auditing**
  - Georgia Southern equivalent is:
    - ACCT 4430 - Auditing (3)

**General Business:**

- **Accounting Fundamentals**
  - Georgia Southern equivalent is:
    - ACCT 6130 - Accounting and Control (3)

- **Foundations of Economics**
  - Georgia Southern equivalent is:
    - ECON 6230 - Foundations of Economics (3)

- **Fundamentals of Corporate Finance**
  - Georgia Southern equivalent is:
    - FINC 6230 - Fundamentals of Corporate Finance (3)

- **Legal and Ethical Issues in Business**
  - Georgia Southern equivalent is:
LSTD 6130 - Legal Environment Business (3)
Foundations of Management and Marketing
  Georgia Southern equivalent is:
  MGNT 6331 - Foundations of Management and Marketing (3)
Business Statistics using Spreadsheet Analysis
  Georgia Southern equivalent is:
  MGNT 6330 - Business Statistics using Spreadsheet Analysis (3)

**Required Courses** ............................................................................................................................................................... 18 Hours
  ACCT 7130 - Seminar in Financial Accounting (3)
  ACCT 7330 - Taxation of Corporations and Partnerships (3)
  ACCT 7430 - Seminar in Auditing (3)
  ACCT 7530 - Seminar in Accounting Information Systems (3)
  ACCT 7634 - Fraudulent Financial Reporting (3)
  LSTD 7230 - Law and Ethics for Accountants (3)

**Electives (no more than six ACCT hours)** .................................................................................................................................................. 12 Hours
Selected from 7000-level courses offered by the College of Business Administration, or from approved electives offered elsewhere in the University.
Admission into the M.Acc. Forensic Accounting Concentration

Forensic accounting is the application of accounting principles, theories, and techniques to facts or hypotheses at issue in a legal dispute. Forensic Accounting is one of the fastest growing areas in the profession today. Because forensic accountants must look beyond the numbers to grasp the underlying substance of business activities, they have been described as private investigators with a financial sixth sense. The M.Acc. Forensic Accounting Concentration is designed to provide the advanced knowledge and skills graduates need to investigate asset theft and financial statement fraud, to design internal control systems that detect and/or prevent fraud, and to serve effectively as expert witnesses in a court of law. Students may apply for admission to the forensic accounting concentration at the time they apply to the Master of Accounting program (Refer to Admission Requirements described in the General M.Acc. section). Admission to the concentration is competitive. The admissions committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success and future professional growth based on the following:

- **Statement of Purpose Essay**: Because the admissions process may not allow for personal interviews, this essay is a crucial reflection of the applicant’s communication and presentation skills.
- **Past Academic Performance**: While there is no minimum undergraduate grade point average (GPA) requirement, the admissions committee views past grades as an important indicator of the applicant’s future academic performance. The committee may also consider the ranking and reputation of the applicant’s undergraduate institution.
- **Work Experience**: There is no work experience requirement although work experience will be viewed positively by the admissions committee.
- **Extracurricular Activities**: Public, community, or military service; travel experiences; extracurricular activities, hobbies and special aptitudes; and any honors or recognitions received are all important indicators of the applicant’s motivation and character.
- **GMAT Score**: A minimum of 430 on the GMAT is required, GMAT scores will be an extremely important component of the application and thus applicants should address this component aggressively.
- **Letters of recommendation**: Two letters will be required. References should speak to the applicant’s personal qualities, career potential, and potential to succeed in the classroom.

Finally, personal characteristics that add to the diversity of the class may also be considered, such as country of citizenship, family background, race, gender, multilingual skills, and socioeconomic history.

Applications to the Forensic Accounting program will be accepted for the fall semester only (See Note) and must be subject to an early application deadline because of the processing time required.

**Note**: Students needing to complete the fraud examination prerequisites will be admitted summer semester.

Application for Admission to the Concentration in Forensic Accounting

2. Write an essay explaining how pursuing a concentration in Forensic Accounting will help you reach your career goals. (Maximum 500 words)
   a. Submit document as a Microsoft Word file using the following format:
      `Yourfirstname_Yourlastname-Essay.doc`
3. Submit a resume that includes work experience, honors, extracurricular activities, military service, travel experience, hobbies, and special aptitudes.
   a. Submit document as a Microsoft Word file using the following format:
      `Yourfirstname_Yourlastname-Resume.doc`
4. Obtain two letters of recommendation that speak to your personal qualities, career potential, and potential to succeed in the classroom.
   a. Submit document as a Microsoft Word file using the following format:
      `Yourfirstname_Yourlastname-Recommendation.doc`
5. Submit all documentation to aleveret@georgiasouthern.edu

APPLIED ECONOMICS
M.S., 30 HOURS

Advising: College of Business Administration, School of Economic Development, Dr. William Amponsah, Georgia Southern University, P. O. Box 8152, Statesboro, GA 30460, phone (912) 478-5216, website: http://coba.georgiasouthern.edu/depts/sed/

Admission Requirements
Regular
The applicant must have:
1. Completed requirements for the Bachelor’s degree in a college accredited by the proper regional associations.
3. A 3.0 (4.0) cumulative grade point average or higher on undergraduate work.
4. A combined score of no less than 500 on the Verbal section and 500 on the Quantitative section of the Graduate Records Exam (GRE).
5. Submitted:
   a. A personal statement that includes a description of career goals, reasons for applying for graduate study at Georgia Southern University, and relevant experience and achievements.
   b. Recommendations from three individuals who can speak of the applicant’s undergraduate academic performance and potential for graduate study.

Provisional
For applicants who meet one but not both the GPA requirement and GRE requirement, provisional admission may be granted by the departmental graduate faculty based on their consideration of the materials submitted by the applicant and an interview (if done).

Program of Study
Required Courses..........................................................18 Hours

BUSINESS ADMINISTRATION
M.B.A., 30 HOURS for General MBA
36 HOURS for MBA with Area Concentration

Advising: College of Business Administration, Dr. J. Michael McDonald, P.O. Box 8050, Statesboro, GA 30460-8050, or (912) 478-5767, mmcdonal@georgiasouthern.edu or Angela Leverett, (912) 478-0290, aleveret@georgiasouthern.edu, Fax: (912) 478-7480. Website: http://coba.georgiasouthern.edu/mba/

MBA Mission Statement
The mission of the Master of Business Administration at Georgia Southern University is to create organizational leaders with an understanding of global, ethical, and social issues.

Graduates of the program will have:
1. Functional knowledge of business and insight that can be applied from a management perspective to address cross disciplinary issues.
2. Analytical problem solving, decision making, and critical thinking skills that address managerial issues in uncertain environments.
3. The ability to synthesize knowledge to address existing and unforeseen issues.
4. A global perspective on organizational strategies.
5. A sense of social responsibility and an understanding of ethical standards.
6. The ability to use technology and manage information to adapt to changing conditions.
7. Teamwork, leadership, and communication skills.

Admission Requirements
A prospective student who has earned a baccalaureate degree from an accredited college or university and plans to take courses in the MBA program must be admitted under one of the following classifications:

Degree Student
Students who are admitted to the College of Graduate Studies with the expressed intention of following a program leading to a graduate degree are classified as degree students. When admitted as a degree student, the applicant will be placed in one of the following categories:

Regular Admission
A prospective candidate for the MBA degree who meets all requirements for unqualified admission and has been recommended by the Director of Graduate Studies in the College of Business Administration and approved by the College of Graduate Studies is classified as a regular degree student. A student with a standard formula score of 1000 or higher and a minimum GMAT score of 430 will be admitted as a regular MBA student. Applicants may ask that the GRE be used or GMAT be waived under special circumstances. For example, applicants with advanced degrees (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) might not be required to present a GMAT score. The applicant's credentials will be presented to the Graduate Curriculum and Programs Committee which will forward its recommendation to the College of Graduate Studies. Student transcripts are evaluated for the prerequisite requirements during the review of the admission packet. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Provisional Admission
A prospective candidate for the MBA degree that does not satisfy the full admission requirements as defined by the standard formula* may be classified in this category under conditions specified at the time of admission by the College of Graduate Studies upon the recommendation of the Director of Graduate Studies in the College of Business Administration. A student with a standard formula score equal to or greater than 950 and less than 1000 will be admitted as a Provisional MBA student provided the undergraduate GPA is 2.80 or higher and the GMAT score is 430 or higher, or the GMAT score is 470 or higher. Applicants may ask that the GRE be used or GMAT be waived under special circumstances. For example, applicants with advanced degrees (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) might not be required to present a GMAT score. The applicant's credentials will be presented to the Graduate Curriculum and Programs Committee which will forward its recommendation to the College of Graduate Studies. A student admitted in this category will be required to make a minimum grade of “B” in each of the first three graduate courses. Only credit earned at Georgia Southern University may be used to satisfy this admission requirement. A student admitted in this category will be reclassified to regular admission when the conditions have been met. Failure to satisfy the conditions in the specified course limit will result in the student's ineligibility to continue work in the MBA program.

Admission Appeals
Admission to the MBA requires a minimum GMAT score of 430. If an applicant does not score 430, he or she may appeal for admission. To appeal for admission, the applicant must follow the College of Graduate Studies appeal procedures. Appeals are considered by the College of Business Administration Graduate Curriculum and Programs Committee (GCPC) which forwards its recommendations to the College of Graduate Studies.

An applicant may appeal to use his/her GRE score in place of the GMAT score. Applicants who have earned an advanced degree (M.S., M.A., M.D., J.D., D.V.M., D.D.S., Ph.D., etc.) from a regionally accredited college or university may request a waiver of the GMAT
score. An applicant with an advanced degree may request a GMAT waiver through the Graduate Curriculum and Program Committee (GCPC) which will review the applicant’s credentials to determine if the GMAT waiver will be granted. Should the GCPC not meet during an admission cycle, the Dean of the College of Business Administration will appoint a committee of the COBA Graduate Faculty to consider admission and waiver appeals.

Factors that the GCPC may consider for admission will include (but not be limited to) the following:

1. Probability of success in the applicant’s chosen program.
2. The diversity the applicant brings to the degree program.
3. Space availability in the applicant’s chosen program.

The GCPC may make a recommendation it deems to be in the best interest of the programs, including, but not limited to the following:

1. “Regular” admission with no restrictions.
2. “Regular” admission with restrictions.
3. “Provisional” admissions with additional restrictions.

**Non-degree Student**

An applicant may be admitted to the College of Graduate Studies as a non-degree student to earn credit in graduate courses without working toward a degree. Admission as a non-degree student does not guarantee subsequent admission to a graduate degree program; that is a separate process, and different criteria must be met. Students who are admitted in a non-degree category may apply to a degree program at any time. Upon the advisor’s recommendation, non-degree courses may be included in the graduate degree program of study should the student gain reclassification as a degree student. A student may be admitted to the College of Graduate Studies and in Business in one of the following admission categories:

**Enrichment**

An applicant who holds an undergraduate or graduate degree and desires to take business courses for personal or professional improvement may be admitted in this category. Enrollment in the Non-Degree Enrichment category is unlimited; however, a student may count a maximum of nine (9) semester hours of credit toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

Once admitted under this classification, an acceptable GMAT score that qualifies the applicant for MBA degree admission must be submitted to the College of Graduate Studies by the completion of the third graduate level course in order to pursue the MBA degree program.

**Limited**

A student whose file is incomplete because certain required application materials have not been received in the Office of Graduate Admissions for degree admission consideration may be admitted in this category. Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) semester hours of credit in graduate courses in any seven contiguous years. A student may count a maximum of nine (9) semester hours of credit toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Dean of the College of Graduate Studies.

A student who has not taken the GMAT may be admitted under this classification provided that the overall undergraduate GPA is 3.25 or higher, or the upper-level (last 60 semester hours) GPA is 3.50 or higher. Once admitted under this classification, an acceptable GMAT score that would qualify the applicant for MBA degree admission must be submitted by the completion of the third graduate level course in order to continue with additional graduate courses. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

**Graduate Transfer or Transient Credit**

The College of Business Administration accepts graduate transfer or transient credit only from AACSB accredited programs not to exceed six (6) semester hours subject to review and approval by the COBA Graduate Curriculum and Programs Committee.

**Terminal Examination**

Under certain circumstances, a terminal oral exam may be required of candidates for the degree of Master of Business Administration. MBA students may exempt the oral examination provided the student earns a minimum grade of “B” in Global Business Strategy (BUS 7530). If required, the terminal oral examination must be scheduled at least two weeks prior to graduation. The comprehensive examination will be conducted by a committee consisting of members of the Graduate Faculty in the MBA program appointed by the Dean of the College of Business Administration. The date, time, and place of the examination will be set by the Director of Graduate Studies in the College of Business Administration after consultation with the committee. The Dean of the College of Business Administration will be an ex-officio member of the committee.

The Director of Graduate Studies of the College of Business Administration shall notify the Dean of the College of Graduate Studies, five days prior to the examination, of the proposed date and time of the final examination and the composition of the committee.
The Director of Graduate Studies in the College of Business Administration shall notify members of the examination committee of appointment, time, and place of the examination.

The candidate is expected to demonstrate a competency to discuss basic facts, justify interpretations, defend opinions, and demonstrate competencies learned in their entire MBA Program of Study.

The decision on the candidate’s performance on the examination shall be reported “Pass” or “Fail” to the Dean of the College of Graduate Studies within five days after the examination on a standard form furnished by the College of Graduate Studies. Should the decision be reported as “Fail,” the candidate for the degree will not be permitted a re-examination until the conditions set forth by the committee have been met.

The candidate is eligible to receive the degree of Master of Business Administration upon completion of all course work in the planned program and a satisfactory report on the terminal examination.

**MBA Program Requirements**

Requirements in the Program of Study leading to the Master of Business Administration depend on whether a student pursues a General MBA degree or an MBA degree with an area of concentration.

**Program of Study: General M.B.A. Degree**

A student admitted to the College of Graduate Studies as a prospective candidate for the Master of Business Administration degree must present evidence of satisfactory completion (a minimum grade of “C”) of the following “Core/Foundation” course content in Business Administration or take the undergraduate equivalents:

- **Important:** Any undergraduate course taken in Business Statistics (or equivalent) must be taken within the last five (5) years and a minimum grade of “B” is required. Additionally, the applicant must score in excess of the 30% percentile in the quantitative area of the GMAT exam. If this prerequisite requirement is not met, then MGNT 6330 must be taken and passed with a minimum grade of “C”.

**Core/Foundation/Prerequisites**

- ACCT 6130 - Accounting and Control (3)
- ECON 6230 - Fundamentals of Economics (3)
- FINC 6230 - Fundamentals of Corporate Finance (3)
- LSTD 6130 - Legal Environment of Business (3)
- MGNT 6330 - Business Statistics using Spreadsheet Analysis (3)
- MGNT 6331 - Foundations of Management and Marketing (3)

**General MBA Requirements**

- ACCT 7230 - Accounting for Executives (3)
- BUSA 7130 - International Business (3)
- BUSA 7530 - Global Business Strategy (3)
- CISM 7330 - Information Technology Management (3)
- FINC 7231 - Financial Problems (3)
- MGNT 7330 - Leadership and Motivation (3)
- MGNT 7331 - Managerial Decision Analysis (3)
- MGNT 7430 - Management of Operations for Competitive Advantage (3)
- MKTG 7431 - Strategic Marketing Management (3)

**MBA Elective**

Selected from 7000-level courses offered by the College of Business Administration or from approved electives offered elsewhere in the University.

**TOTAL:** 30 Hours

**General MBA Degree**

**NOTE:** ALL ELECTIVE COURSES TAKEN FOR CREDIT TOWARD COMPLETION OF ANY MASTERS LEVEL DEGREE PROGRAM IN THE COLLEGE OF BUSINESS ADMINISTRATION MUST BE APPROVED BY HIS/HER ADVISOR AND MUST INCLUDE ONLY THOSE COURSES RESERVED EXCLUSIVELY FOR GRADUATE STUDENTS.

**SPECIAL REQUIREMENT:** MGNT 7331 (MANAGERIAL DECISION ANALYSIS) MUST BE TAKEN DURING THE STUDENT’S FIRST SEMESTER OF 7000 LEVEL COURSE WORK.
BUSINESS ADMINISTRATION
M.B.A., 36 HOURS
(With Area Concentration)

Advising: College of Business Administration, Dr. J. Michael McDonald or Angela Leverett, P.O. Box 8050, Statesboro, GA 30460, or (912) 478-5767, or FAX (912) 478-7480.

MBA Area Concentrations:
Students may earn an area concentration in the following fields: Health Service Administration, Information Systems, and International Business. The requirements for each concentration are listed below. To earn an MBA with an area concentration, all MBA prerequisite courses must be completed before beginning 7000 level classes. Also, the “General MBA Requirements” described above must be part of the Program of Study.

BUSINESS ADMINISTRATION
M.B.A., 30 HOURS
(The Georgia WebMBA®)

Advising: College of Business Administration, Dr. J. Michael McDonald or Angela Leverett, P.O. Box 8050, Statesboro, GA 30460, or (912) 478-5767, or mba@georgiasouthern.edu.

The Georgia WebMBA® curriculum consists of 10 courses, plus a one (1) credit hour orientation. Associates are required to complete two courses each term for five consecutive terms. No electives are required. Convenient and affordable, the WebMBA® provides quality instruction in a Web-based virtual setting. You will work with top business professors from five University System of Georgia institutions.

Georgia Southern University considers the WebMBA® to be a full time program of six credit hours per semester. The program is “lock step.” Georgia Southern is among five schools listed in the U.S. News & World Report of online MBAs offered by regionally and professionally accredited business schools. The program is also listed with Business Week Online, World Wide Learn, and http://www.geteducated.com/.

Admission Requirements
Admission occurs only for Fall and Spring semesters.
1. Complete the Graduate Admission Application Form at http://cogs.georgiasouthern.edu/.
2. A $50.00 application fee is required.
3. Send an official transcript from all colleges and universities attended to:
   Georgia Southern University
   College of Graduate Studies
   Admissions Office
   P.O. Box 8113
   Statesboro, GA 30460-8113
   (912) 478-0587
4. Official GMAT score. Our school code is 5253. For more information about the GMAT, go to http://www.gmac.com and/or http://www.mba.com/mba/TaketheGMAT
5. Send your résumé.
6. Complete the Health Forms located at http://www.services.georgiasouthern.edu/health/.
7. TOEFL score for only international students.

Admission Formula
Regular Admission
A student with a standard formula score of 1000 or higher or with an upper-level score of 1050 or higher. (See standard formula below.) A minimum GMAT score of 450 is required.

Standard formula score is calculated by multiplying undergraduate GPA times 200 plus the GMAT score, [(UGPA x 200) + GMAT => 1000]. Upper level formula is [(Last 60 semester hours UGPA x 200) + GMAT => 1050]. (A minimum GMAT score of 450 is required.)

Prerequisite Requirements showing Undergraduate Equivalents
A prospective candidate must present evidence of satisfactory completion (a minimum grade of “C”) of the following undergraduate equivalent course content in Business Administration or take the graduate prerequisites or undergraduate equivalents before enrolling in 6000 level coursework.

Graduate Prerequisite Requirements
WMBA 5000 - Foundation to Business Statistics (3)
   Georgia Southern equivalent is: BUSA 3131 - Business Statistics (3)
WMBA 5010 - Foundations of Micro/Macroeconomics (3)

Learning Education Admission and Retention
A student must be admitted to the graduate degree program for which they intend to earn a degree by the completion of half of the required program course work. Any courses taken beyond that point will not apply to the degree program.

Criteria for Retention in all graduate educator preparation programs:
- Maintain required GPA
- Successfully complete all key assessments required by the program
- Successfully complete all field experiences, including field-based research projects
- Successfully complete all requirements specified by the program and be making satisfactory progress toward achieving program outcomes
- Must not have violated the Georgia Professional Standards Commission Code of Ethics for Educators
- Must not have violated the Georgia Southern University Student Conduct Code (Reviews will be made on a case-by-case basis based on the seriousness of the violation and with regard to consistency.)

Master of Education Programs
Master of Education (M.Ed.) degree programs are offered in 8 areas of study. A student admitted to the College of Graduate Studies as a prospective candidate for the M.Ed. degree must satisfactorily complete a planned Program of Study of at least thirty-six semester hours, including a minimum of 6-9 hours in the professional education Core and a minimum of 15 hours in the content field of the major. Since programs of study in all certificated areas are planned to enable students to meet the requirements of the Georgia Professional Standards Commission as specified in Georgia Southern’s “approved programs,” it is critical that students meet with their Advisors early in their course work to plan an appropriate Program of Study. The development of the Program of Study expedites the registration process and ensures that all course work may be applied toward fulfilling degree requirements. Upon successful completion of the Program of Study, graduates in certification programs will be recommended for the appropriate Georgia Level Five Professional Certificate.

M.Ed. programs of study must include at least 50% of level 6000, 7000 and 8000 courses. Students and their Advisors are strongly encouraged not to include more than one 5000G-5999G level course in the Program of Study.

Admission to M.Ed. Programs
Regular Admission
For regular admission to the College of Graduate Studies to pursue the Master of Education degree, the applicant must:
1. Possess a bachelor’s degree from a regionally accredited institution.
2. Satisfy program requirements for certification. Select programs require that those admitted possess or be eligible for a Professional Level Four Certificate or equivalent in the teaching field or a related field. Refer to program admission requirements in the catalog.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE). GRE or MAT scores will not be required for USG franchise programs for applicants who hold clear, renewable certification in a teaching, service or leadership field; instead those applicants must submit passing GACE or PRAXIS scores and will be evaluated at the end of the first 9 hours of study in terms of GPA and key assessments.
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. NOTE: Some programs, including Counselor Education and School Psychology programs, have additional admissions requirements; refer to programs for specific information.

Provisional Admission
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Admission by Appeal
A student who does not meet the criteria for provisional admission may appeal for admission to the College of Education Student Affairs Committee. The Student Affairs Committee examines additional information in support of a student’s request for admission to a graduate program and makes recommendations to the Dean of the College of Education. Information required in the appeals process may be secured by contacting the College of Graduate Studies. Students who are successful in the appeals process will be admitted “provisionally” to the M.Ed. program in the College of Graduate Studies and must satisfy the conditions of provisional admission upon the completion of 9 semester hours following the effective provisional admission term.

Linked M.Ed. Programs
A collaborative relationship exists between Georgia Southern University and Armstrong Atlantic State University (AASU) and, as a result, selected M.Ed. programs are offered as “linked programs.” The “linked programs” include the M.Ed. in Early Childhood Education, Middle Grades Education, select Secondary Education programs, and Special Education. Students in these programs may take courses from either institution with easy transferability. Graduate Advisor approval must be obtained in advance for courses to apply to the Program of Study. Students are required to complete a minimum of 9 semester hours of their program at any of the residential sites of the degree-granting institution they have chosen. The residential sites for AASU are Chatham, Camden, and Bryan Counties. Effingham and Liberty Counties are residential sites for both AASU and Georgia Southern. The residential sites for Georgia Southern are all other counties in southeast Georgia. Additional information can be obtained from the College of Education or the College of Graduate Studies at Georgia Southern University.
Alternative Teacher Certification Programs
The College of Education offers the Master of Arts in Teaching (M.A.T.) degree or a similar graduate non-degree program option for those interested in acquiring initial teacher certification in the fields of Middle Grades Education, Special Education, and Secondary and P-12 education fields (art, biology, business, chemistry, English, history, geography, mathematics, physics, political science, and Spanish). An undergraduate post-baccalaureate option is available for those interested in acquiring initial teacher certification in the areas of Early Childhood Education, Family and Consumer Sciences, Health and Physical Education, Music, or Technology Education. A bachelor’s degree is required for admission into an alternative teacher certification program and, in most cases, must be in a discipline related to the teaching field.

Master of Arts in Teaching
The Master of Arts in Teaching (M.A.T.) degree program leads to initial teacher certification as well as the master’s degree and is available for those in Middle Grades Education, Special Education, and Secondary and P-12 education fields (art, biology, business, chemistry, English, history, geography, mathematics, physics, political science, and Spanish). [Those who hold a bachelor’s degree and are interested in initial teacher certification in Early Childhood Education, Health and Physical Education, Music Education, Family and Consumer Sciences, or Technology Education certification must complete program requirements at the undergraduate level. See Non-degree Initial Certification Programs.]

For admission to the M.A.T., students must have their transcripts evaluated by Georgia Southern University’s Certification Coordinator and they must meet all Teacher Education Program (TEP) admission and retention requirements, including an overall GPA of 2.50 or higher over all college course work attempted. Prospective students should contact the College of Education Student Success Center and request an Application for Evaluation for Initial Teacher Certification. The completed application should be submitted along with transcripts and payment of the required fee ($25.00 for the first evaluation and $10.00 for each additional field requested). Allow at least two weeks for the evaluation process to be completed. Evaluations will be mailed to the applicant upon completion.

Students in the M.A.T. program are assigned a faculty advisor in the Department of Teaching and Learning.

Candidates in the graduate alternative certification program (M.A.T degree or non-degree) must be admitted to the Teacher Education Program (TEP) by the end of Step One, prior to enrolling in Step Two of the program of study. For non-degree candidates who seek to enter the M.A.T. program, GRE or MAT test scores must be submitted and admission granted into the M.A.T. degree program before enrolling in Step Two. Any M.A.T. program application submitted by a candidate who is enrolled under non-degree status will not be considered for M.A.T. admission once the candidate enrolls in Step Two courses.

Admission to M.A.T. Program
Regular
1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a transcript evaluation by the College of Education’s Director of Advisement and Certification, and completion of specified prerequisite content course work.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present a total adjusted GPA of 2.75 or higher on all teaching field course work.
5. Present an official report of scores on the Miller Analogies Test (MAT) or the verbal, qualitative, and analytical writing sections of the Graduate Record Exam (GRE).
6. Submit passing scores on the GACE Basic Skills Assessment exam or be exempt by acceptable SAT, ACT, or GRE scores.
7. Submit a passing score on the GACE Content Assessment exam in the area for which one is seeking certification. (Not required for the MAT in Special Education.)
8. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
9. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first 9 hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Admission by Appeal
A student who does not meet the criteria for provisional admission may appeal for admission to the College of Education Student Affairs Committee. The Student Affairs Committee examines additional information in support of a student’s request for admission to a graduate program and makes recommendations to the Dean of the College of Education. Information required in the appeals process may be secured by contacting the College of Graduate Studies. Students who are successful in the appeals process will be admitted “provisionally” to the M.A.T. program in the College of Graduate Studies and must satisfy the conditions of provisional admission upon the completion of 9 semester hours following the effective provisional admission term.

Non-Degree Initial Teacher Certification Programs
Non-degree initial certification programs are available in all teaching fields, including Early Childhood Education, Middle Grades Education, Secondary Education fields, P-12 certification fields (Art, Foreign Language, Health and Physical Education, and Music), and Special Education. The non-degree program option is designed for those who do not wish to pursue a master’s degree. For middle grades education, special education, and secondary and P-12 fields, the graduate non-degree initial certification programs are similar to the M.A.T. program and students will enroll with graduate admission. For early childhood education, health and physical education, music education, and family and consumer sciences, the non-degree programs mirror undergraduate teacher preparation programs and students will enroll with post-baccalaureate admission. Non-degree initial certification students must be admitted for graduate study as a Non-degree Teaching/Service/Leadership student (test scores are not required). All students seeking initial teaching certification
must meet all TEP admission requirements. A transcript evaluation by the Director of Advisement and Certification identifies the program of study required in order to meet initial certification requirements for the desired field. A staff advisor assists non-degree certification students in course selection which typically includes undergraduate courses.

Note: Initial certification in non-teaching fields such as Counselor Education, Educational Leadership, School Psychology, and Instructional Technology require completion of the master’s degree. Initial certification in Counselor Education and School Psychology cannot be completed as non-degree study.

To pursue certification in Educational Leadership or Instructional Technology as a non-degree student, the applicant must possess a master’s degree at entry and meet all other admission criteria for the program.

Non-Degree Graduate Studies
For non-degree admission to graduate education programs for those interested in professional development, certification renewal, or adding another field or an endorsement to an existing certificate, students must be admitted to graduate study as a non-degree student. If desiring to add a teaching field to an existing certificate, a transcript evaluation is required for advisement (see Georgia Southern’s Director of Advisement and Certification).

For non-degree admission to the College of Graduate Studies, the applicant must:
1. Possess a bachelor’s degree from a regionally accredited institution.
2. Possess or be eligible for certification as prescribed by the specific program. [If pursuing initial teaching certification, all Teacher Education Program admission requirements must be met and a transcript evaluation must be obtained for advisement purposes only.]
3. Present a cumulative 2.5 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Note: Initial certification in non-teaching fields such as Counselor Education, Educational Leadership, School Psychology, and Instructional Technology require completion of the master’s degree. Initial certification in Counselor Education and School Psychology cannot be completed as non-degree study. To pursue certification in Educational Leadership or Instructional Technology as a non-degree student, the applicant must possess a master’s degree at entry and meet all other admission criteria for the program.

Endorsements
Endorsement programs are available in the areas of: Early Childhood Math, English for Speakers of Other Languages (ESOL), Reading, and Teacher Leader. Endorsement programs can be completed as non-degree course work or, as appropriate and with advisor approval, included in a degree program of study. These endorsements may be added to a professional certificate in teaching, service, and leadership fields. See the endorsement programs at the end of the College of Education Graduation Section for specific course requirements.

Education Specialist Programs
The Education Specialist (Ed.S.) degree is a unique professional degree for educators that is designed to provide the opportunity to develop a high level of proficiency in the field of study as well as develop research and leadership skills. Ed.S. degree programs are offered in four areas of study. Programs of study leading to the Ed.S. degree can be planned to enable students to meet certification requirements for the Georgia Professional Standards Commission as specified in Georgia Southern’s “approved programs.” Upon successful completion of the program, graduates are eligible for the appropriate Level Six Professional Certificate.

The Ed.S. degree requires a Program of Study that includes a minimum of 30 semester hours of course work with at least a “B” average. The Program of Study must include a research sequence of nine to twelve semester hours, including EDUR 8131, EDUR 8434, and a directed field-based research course in the field of study, and a minimum of 12 hours in the major. Upon admission into the Ed.S. program, the student is responsible for meeting with the assigned graduate faculty Advisor. Collaboratively an individualized Program of Study should be developed that meets degree requirements and also reflects the student’s career goals, educational background, interests, and needs. The Ed.S. in Teaching and Learning program allows students the option of selecting an emphasis area. Each program requires a culminating experience that is connected with the field-based research course, serves as the comprehensive exit assessment, and must be satisfactorily completed in order for the Ed.S. degree to be awarded. Upon completion of the Ed.S. degree, graduates are eligible to apply for the Georgia Level Six Professional Certificate if they possess the Level Five Certificate in the field.

Admission to Ed.S. Programs
Georgia Southern University admits persons who display an educational development and achievement level that are better than average. To this end, admission requirements reflect previous educational orientation, and a judgment of admission or rejection is made by the College. For admission to the College of Graduate Studies to pursue the Education Specialist degree, the applicant must:
1. Complete requirements for a Master’s degree from a regionally accredited institution. If a Master’s degree is not held in the identified area of concentration, the applicant must satisfy any identified program requirements for graduate level work in the area of concentration, typically 12 to 18 hours.
2. Present a 3.25 (4.0 scale) grade point average on all graduate work attempted.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE). If the applicant holds a Master’s degree from Georgia Southern University with at least a 3.50 graduate GPA, the GRE or MAT is not required.
4. Satisfy program requirements for certification. Select programs require that those admitted possess or be eligible for a Professional Certificate (Level 4 or 5) or equivalent in the identified field or related field. Refer to program admission requirements in the catalog.
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
A Georgia Southern University graduate student who is within six (6) credits of completing a Master’s program may, with the approval of the Master’s degree program advisor, enroll for a maximum of three (3) credits toward an Ed.S. program provided all College of Graduate Studies admission requirements for “Regular” Ed.S. admission have been satisfied except for completion of the Master’s degree. The total number of credits for the semester in which the Ed.S. enrollment is approved may not exceed nine (9). Under no circumstances may a course be used for credit in both a student’s Master’s and Education Specialist programs of study.

**Ed.S. Provisional Admission:**
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

**Admission by Appeal**
A student who does not meet the criteria for admission may appeal for admission to the College of Education Student Affairs Committee. The Student Affairs Committee examines additional information in support of a student’s request for admission to a graduate program and makes recommendations to the Dean of the College of Education. The Committee suggests that students make more than one attempt at the GRE and MAT, make a recent attempt to meet test score requirements for admission, and submit letters of recommendation from previous instructors with the appeal for admission. Information required in the appeals process may be obtained by contacting the College of Graduate Studies.

**Ed.S. Comprehensive Exit Assessment**
To complete degree requirements for the Ed.S. degree, each student must demonstrate the ability to conduct and present a field-based research project. The student and the graduate faculty Advisor should consider possible research topics that complement the student’s career objectives and Program of Study. Upon enrollment in EDUR 8434, Field-Based Educational Research, the second course in the research sequence, the student is expected to have formulated a research topic and will select three graduate faculty members to serve on an Advisory Team. This team will approve the research topic, mentor the progress of the research, and attend a formal presentation of the research. The team will be comprised of a content area instructor, the student’s graduate Advisor, and one member of the student’s choice selected with the Advisor’s approval. The third member may be from a field outside the student’s major area. The research proposal developed in EDUR 8434 will include the statement of the problem, a literature review, and research methodology. In the directed field-based research course specific to the field of study, the student engages in guided field research to develop inquiry and problem-solving skills and implements the proposal developed in EDUR 8434. The instructor, collaborating with the Advisory Team, is responsible for evaluation of the research project/thesis and assigns a final course grade. A formal presentation of the research is made during which the Ed.S. candidate orally shares the research and related findings. The presentation may be up to forty minutes followed by a period when the student’s Advisory Team or others attending may make inquiry pertaining to the research being presented. The entire presentation and inquiry session should not exceed one hour and should be open to all faculty and students.

**Doctor of Education Programs**
Doctor of Education (Ed.D.) degree programs are offered in the areas of Curriculum Studies and Educational Administration. The Ed.D. program in Curriculum Studies prepares graduates to work directly in the schools as master teachers, curriculum supervisors, curriculum coordinators, curriculum consultants, or curriculum theorists, as well as gain employment in government and private agencies. The design of the Ed.D. program in Curriculum Studies strikes a triadic balance between general core studies in Curriculum and the Foundations of Education, courses in Research and Scholarly Inquiry, and studies in a Concentration area, representing a unique and contemporary approach to doctoral study in Curriculum. See program for specific information on admission, Program of Study, and other requirements.

The Ed.D. degree program in Educational Administration is designed to extend the competence and knowledge base of educational leaders who have been prepared to work in elementary, middle, secondary, and postsecondary educational settings. The program seeks to develop administrators and supervisors who (1) will become team and community leaders, (2) have developed an informed vision of what educational organizations are and can become, (3) will focus on teaching and learning for an increasingly diverse student group as the mission of the educational organization, and (4) have acquired an initial mastery of the theory and practice of organizational leadership and management in a climate of fiscal and social constraint. The program draws on many themes and research agendas. A new campus cohort of students is admitted each fall semester and moves through the program together. A new Augusta cohort (in conjunction with Augusta State University) is admitted each fall semester and spring semester. A new Savannah cohort is admitted each spring semester.

**Off-Campus Graduate Offerings**
Courses are offered in Savannah which support M.Ed, programs in Educational Leadership and Higher Education Administration; the Ed.S. program in Educational Leadership; and Ed.D. programs in Curriculum Studies and Education Administration. Courses are offered in Augusta which support the Ed.D. in Education Administration. Graduate course offerings are also scheduled regularly in Dublin and other off-campus sites. Master’s core courses are offered each semester through on-line delivery. Various education and content courses are scheduled as needed through on-site, distance learning and internet technology. For projected course offerings for a particular program, see the department website or contact the program coordinator.

See program for specific information on admission, Program of Study, and other requirements.
ACCOMPLISHED TEACHING
M.Ed. (Online), 36 HOURS

(Cooperative Degree with Valdosta State University and Columbus State University)

Advising: Department of Teaching and Learning, Dr. Kymberly Harris, P.O. Box 8134, Statesboro, GA 30460, (912) 478-7629, kharris@georgiasouthern.edu, Fax: (912) 478-0026

Admission Requirements

Regular
1. Complete requirements for a bachelor’s degree from an accredited institution.
2. Possess or be eligible for a clear, renewable certification in a teaching, service, or leadership field.
3. Present a 2.50 or higher GPA on all undergraduate and graduate work combined.
4. GRE or MAT scores will not be required for applicants who hold a clear renewable certification in a teaching, service, or leadership field; instead the applicants must submit passing GACE or PRAXIS scores.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

• Must successfully complete assessments identified at each program transition point
COUNSELOR EDUCATION  
M.Ed., 48 HOURS  

Advising: Department of Leadership, Technology and Human Development, Dr. Leon Spencer (Community Counseling and Program Coordinator), P.O. Box 8131, Statesboro, GA 30460, (912) 478-5917, lespence@georgiasouthern.edu, Fax: (912) 478-7104, Dr. Jim Bergin (School Counseling), P.O. Box 8131, Statesboro, GA 30460, (912) 478-0873, jim.bergin@georgiasouthern.edu, Fax: (912) 478-7104; Dr. Mary Jackson (School Counseling), P. O. Box 8131, Statesboro, GA 30460, (912) 478-5736, mjackson@georgiasouthern.edu, Fax: (912) 478-7104; Dr. Lisa Schulz (School Counseling), P. O. Box 8131, Statesboro, GA 30460, (912) 478-0498, Fax: (912) 478-7104; Dr. Fayth Parks (Student Services in Higher Education), P. O. Box 8131, Statesboro, GA 30460, (912) 478-5738, fparks@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/llhd/counselored.html.

Program Intent: The Counselor Education program prepares Counselors for Elementary, Middle Level, Secondary, or Post-secondary Educational and related agency settings. There are three degree program emphases/track based on educational background and career goals:

- **Emphasis/Track One:** School Counseling - Does not require Professional Level Four Certification for admission. This track is designed for those students who wish to pursue a career in school counseling.
- **Emphasis/Track Two:** Community Counseling - This track is designed for those students who seek Counselor preparation for a variety of settings not requiring Level Five Certification in School Counseling for employment.
- **Emphasis/Track Three:** Student Services in Higher Education - This track is designed for those students seeking employment in Student Affairs in a variety of post-secondary educational settings and does not lead to P-12 certification.

Admission Requirements  
Note: Admission to the graduate program is required. Non-degree status to achieve initial certification is not permitted.

Regular  
1. Complete requirements for a bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
4. Submit completed Counselor Education Supplementary Documents (available at College of Education or College of Graduate Studies web site).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Participate in a pre-admission seminar.
8. For Track One, School Counseling, pass the GACE Basic Skills Assessment.

Provisional  
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Acquiring School Counseling Certification for Those who Already Hold a Master's Degree:  
Persons who hold a master's degree in a field other than School Counseling may earn the Program's recommendation for the School Counselor Level Five Certificate by completing the M.Ed. in Counselor Education, School Counseling Emphasis/Track One. Up to three courses from a previous master's program may be applied toward degree requirements.

A. Persons seeking initial certification in School Counseling and who hold a 48 hour (CACREP equivalent) master's degree in a counseling field other than School Counseling may earn the program's recommendation for the School Counseling Level Six Certificate by completing the Ed.S. in School Counseling, and all of the following school specialty courses: COUN 7431, COUN 7432, COUN 7433, COUN 7434, COUN 7738 (School Counseling Internship I) and COUN 7739 (School Counseling Internship II).

B. Persons seeking initial certification in School Counseling and who hold less than a 48 hour (CACREP curriculum equivalent) master's degree in School Counseling or in a counseling field other than School Counseling may earn the program's recommendation for the School Counselor Level Six Certificate by completing the Ed.S. degree program in Counselor Education and all of the course work in the M.Ed. in Counselor Education (School Counseling Emphasis/Track One), not completed previously.

Emphasis/Track One: School Counseling

OTHER PROGRAM REQUIREMENTS  
• For Track One and Track Two, successful completion of the M.Ed. Comprehensive Exit Examination  
• For Track Three, successful completion of a Professional Portfolio  
• For all tracks, successful completion of assessments identified at each program transition point
COUNSELOR EDUCATION
Ed.S., 30 HOURS

Advising: Department of Leadership, Technology and Human Development, Dr. Mary Jackson, P. O. Box 8131, Statesboro, GA 30460, (912) 478-5736, mjackson@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/counselored.html

Admissions Requirements

Regular
1. Hold a Master’s degree in the field of counseling from an accredited graduate institution.
2. If seeking Georgia Level Six Certification in Counselor Education, must possess or be eligible for the Level Five Certificate in the field.
3. Present a 3.25 or higher GPA on all graduate work attempted.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Acquiring School Counseling Certification:
A. Persons seeking initial certification in School Counseling and who hold a 48 hour (CACREP equivalent) master’s degree in a counseling field other than School Counseling may earn the program’s recommendation for the School Counseling Level Six Certificate by completing the Ed.S. in School Counseling, and all of the following school specialty courses: COUN 7431, COUN 7432, COUN 7433, COUN 7434, COUN 7738 (School Counseling Internship I) and COUN 7739 (School Counseling Internship II).
B. Persons seeking initial certification in School Counseling and who hold less than a 48 hour (CACREP curriculum equivalent) masters's degree in School Counseling or in a counseling field other than School Counseling may earn the program's recommendation for the School Counselor Level Six Certificate by completing the Ed.S. degree program in Counselor Education and all of the course work in the M.Ed. in Counselor Education (School Counseling Emphasis/Track One), not completed previously.

Prerequisites
- EDUR 7130 - Educational Research (3)
- COUN 8839 - Action Research in Counselor Education (3)
- EDUR 8131 - Educational Statistics I (3)

Research Sequence Requirements...........................................................................................................9 Hours
- COUN 8839 - Action Research in Counselor Education (3)
- EDUR 8131 - Educational Statistics I (3)
- EDUR 8434 - Field-based Educational Research (3)

Counselor Education Core Requirements ............................................................................................9 Hours
- COUN 8536 - Advocacy and Systemic Change in a Diverse Society (3)
- COUN 8538 - Advanced Group Development and Supervision (3)
- COUN 8737 - Advanced Counseling Practicum and Supervision (3)

Advisor Approved Electives.....................................................................................................................12 Hours
Advisor approved electives may be chosen from Counselor Education, Educational Leadership, Instructional Technology, School Psychology, or other areas related to projected work settings.

OTHER PROGRAM REQUIREMENTS
- Successful completion of Ed.S. Comprehensive Exit Assessment: Involves constituting a three faculty advisory committee to guide field study, and requires the completion and oral defense of a major field-based research paper
- Must successfully complete assessments identified at each program transition point

*IRB approval of research proposal required before enrolling.
**Advisory approval of research topic is a prerequisite to enrolling.
CURRICULUM STUDIES
Ed.D.

63 semester hours beyond Master’s including dissertation, 54 hours beyond Master’s excluding dissertation

Advising: Department of Curriculum, Foundations, and Reading, Dr. Cordelia Zinskie, P. O. Box 8144, Statesboro, GA 30460, (912) 478-5091, czinskie@georgiasouthern.edu, FAX: (912) 478-5382, http://coe.georgiasouthern.edu/foundations/edd/

Admission Requirements
The following minimum admission requirements must be met:
1. Complete the work necessary to be eligible for the minimum of a Master’s degree from an accredited graduate institution.
2. Present a minimum grade point average of 3.50 (4.0 scale) in all graduate work attempted (or other appropriate evidence of scholarly aptitude necessary for doctoral study).
3. Present scores from the Graduate Record Examination (GRE) or the Miller’s Analogies Test (MAT). International Students who have not earned a degree at an institution of higher education in the United States must also submit the results of the TOEFL Examination.
4. Submit completed application for admission, required application fee and official transcripts consistent with the College of Graduate Studies admission requirements.
5. Submit three (3) professional letters of reference.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Complete an in-house writing sample.
8. Complete an interview, if requested.

Applicants' credentials will be evaluated by the Ed.D. in Curriculum Studies Admissions Committee in order to identify the candidates in that applicant pool to recommend for admission; admission is competitive. The number of applicants accepted each year will be dependent upon available resources. Applications will be evaluated once per year for Summer admissions. The deadline for applications is January 30.

Enrollment: One academic year of continual enrollment.

Time Limit: Doctoral students must pass the Candidacy Exam within five years from the first Ed.D. admission registration term and no later than the last semester of Ed.D. course work or the following semester. All degree requirements must be completed within five (5) years of passing the Candidacy Exam. After successful completion of the Candidacy Exam, students have five years to finish program requirements, including the Dissertation; otherwise, the Candidacy Exam must be retaken.

Program of Study: This degree program consists of work in four areas: (1) The Doctoral Core, (2) Doctoral Program Strand, (3) Concentration Area, and (4) Dissertation. The first two areas require a combined minimum of 39 semester hours of course work, the third area requires a minimum of 15 semester hours of course work, and the fourth area requires a minimum of 9 semester hours. The complete program requires a minimum of 54 semester hours of course work plus 9 hours of dissertation credit.

Prerequisites: Students must meet prerequisites required by the program and by certain courses within the program. The program prerequisites are:
   EDUC 7130 - Curriculum Theories and Design (3)
   EDFU 7130 - Learning Theories and Applications (3)
   EDFU 7235 - Multicultural Education (3)
   EDUC 7130 - Educational Research (3)

Some students might enter the program carrying course work beyond the Master’s degree. Once admitted and Candidacy Committee Chair is identified, up to 18 semester hours of applicable and appropriate post-Master’s work may apply toward degree requirements with the approval of the student’s Candidacy Committee Chair.

The Doctoral Core. This is the nexus of the program. As such, it contains courses to be taken by all doctoral students. The Core intertwines the theoretical, ethical, and historical concepts underpinning curriculum work with advanced theories of design, development, and implementation.

Research and Inquiry. This portion of the program is designed to create scholars who might apply their knowledge base to the solving of problems encountered in daily education work. Both components of this segment are understood to be essential in the preparation of doctoral students who will engage in meaningful, productive investigations into critical issues in curriculum. The Research component of the segment provides for advanced study into specific methodologies and their appropriate applications. The Inquiry component addresses theoretical questions of orientation of various research paradigms so that the doctoral student might make an informed decision as to the general approach (i.e. quantitative or qualitative) he/she will wish to pursue in order to effectively address a topic or problem in curriculum.

Concentration Areas. This program offers five interdisciplinary concentration areas covering a broad terrain of scholarly inquiry and educational application.

1. Cultural Curriculum Studies
This concentration area provides both depth and breadth of learning experiences in the field of curriculum beyond the studies of the Doctoral Core, and ensures an intensive exposure to critical aspects of the field. This concentration area also reflects current major trends in the field of curriculum studies. It also centers on the study of popular culture in its many manifestations and the implications of the ways in which the study of these educational sites impact the social construction of identity and the intersections of popular culture on pedagogy and curriculum theory. This area provides opportunities for doctoral students to engage in highly advanced and specialized study of curriculum theory, design, and evaluation. As such, students will exit the program capable of gaining employment at the administrative levels of public school systems as curriculum specialists or of entering the professoriate as curriculum scholars.

2. **Instructional Improvement**
   This area meets the needs of many practicing professionals including curriculum directors, staff development personnel, instructional coordinators, high school department chairs, and lead teachers as well as others in teaching or administrative positions at the P-12 level or in higher education. Education will improve only if teaching improves, and individuals in positions to work with teachers need to be highly qualified and well-trained in innovative techniques for instructional improvement.

3. **Multicultural/International Studies**
   This concentration area reflects the growing importance of multicultural and international studies at all levels of education. The concentration area allows examination of the needs of culturally diverse groups, the relationship between culture and academic achievement, and the nature of international schooling. Opportunities for engaging in international activities (through travel or the use of technology) are also included.

4. **Teacher Leadership**
   This area is designed for doctoral candidates who want to develop teacher leadership skills and/or aspire to be teacher leaders within their school settings. Courses in this concentration focus on enhancing candidates’ knowledge and skills in research, pedagogy, and teacher leadership. With approval from the candidate’s advisor, courses previously taken for the Ed.S. degree will count toward this concentration area.

5. **Teacher Education**
   This area is designed for doctoral candidates who aspire to teach at the college or university level in a teacher education field. Courses help candidates understand the role of the teacher educator and the teaching, service, and research expectations for higher education faculty. Candidates will develop skill in teaching and supervising preservice and inservice teachers and will have opportunities to teach an undergraduate methods course and/or supervise practicum or student teachers under the mentorship of a faculty member in the Department of Teaching & Learning.

**Grade Average.** To be eligible for graduation, a student must maintain a cumulative 3.5 grade point average. A student will be excluded from the program upon earning grades of “C” or below in two or more courses.

**Student Assessment.** Students will be assessed regularly throughout the program at a variety of administrative and curricular checkpoints.

The official sequence is as follows.
1. Admission to the program
2. Course work
3. Candidacy examinations
4. Preprospectus defense
5. Prospectus defense
6. Dissertation defense

**Examinations and Committees.** During their tenure in the program, students with their Advisors, will assemble two separate examination committees. The first is the Candidacy Examination Committee, and the second is the Dissertation Committee. Each committee has a distinct mission in the program of the student and specific membership criteria. At least one Curriculum Studies faculty member must be a member of each of the committees described below. The membership of these committees may or may not be comprised of the same individuals. The following is a description of the mission and membership requirements of each committee.

**The Candidacy Examination.** Following the completion of the prescribed minimum course work and before a student is formally admitted to candidacy for the doctoral degree, the Candidacy Examination must be passed. This examination evaluates both the work to date and the student’s qualifications for advanced research.

**The Candidacy Committee.** The committee will be comprised of three faculty, each responsible for one of the examination blocks (Core, Research, Concentration Area). All committee members must hold Graduate Faculty status. If the committee is larger than three (at the student’s request), there may be only one dissenting vote in order for the candidate to pass. Upon successful completion of the Candidacy Examination, the student is formally admitted to candidacy and will begin work on the dissertation.

**The Dissertation Committee.** The Preprospectus Defense, Prospectus Defense, and the Dissertation Defense are proctored by at least four members of the Graduate Faculty and conducted in a public forum. The membership is as follows: the Director of the dissertation and three readers, one of whom must be from outside the College of Education. Candidates, in concert with their chair, will choose the individuals of the committee. Three of the four members must approve the dissertation and the final examination in order for the candidate to receive the doctoral degree.

**The Preprospectus Defense.** The dissertation is simultaneously the last requirement in the program and the first research project as a curriculum scholar. There are two check points in the dissertation process, the first being the Preprospectus Defense. This is to ensure the
committee’s agreement with the project and to elicit any preliminary suggestions and/or redirection of question, context, method, and/or analysis.

**The Prospectus Defense.** This is to provide formal feedback on the first three chapters of the dissertation (or the introduction, theoretical framework, literature review and methodology) before the student begins the “data collections” stage of the dissertation.

**The Dissertation Defense.** The defense will be undertaken once the project is complete. Although there are traditional formats for dissertations in education, the Department requires no template for construction. There are, however, certain tenets of educational research which should be addressed in some manner in the work depending upon the general theoretical structure (quantitative or qualitative), and the methodological approach chosen from within that theoretical paradigm. The role of the dissertation chair is critical in this process and candidates should carefully choose the individual with whom they wish to work.

**Distinguished Off-Campus Scholar.** Having a highly respected scholar from another institution or research center serving on a doctoral examination committee can be very valuable. Therefore, a person who is a nationally or internationally recognized scholar may serve as a voting member of a dissertation examination committee for an individual doctoral student. Further information and criteria for such an appointment should be obtained from the dissertation chair or the program director.
Program of Study

NOTE: All electives must be approved by committee chair

**Doctoral Core**

EDUC 9230 - Power and Schooling (3) ......................................................................................15 Hours
EDUC 9631 - Advanced Seminar in Curriculum Theory (3)

**Dissertation**

EDUC 9999 - Dissertation (3) (minimum of 9 credit hours) .......................................................9 Hours

**OTHER PROGRAM REQUIREMENTS**

- Must successfully complete assessments identified at each program transition point
EDUCATIONAL ADMINISTRATION

Ed.D.

75 semester hours beyond Master’s including dissertation; 66 semester hours of course work; plus minimum of 9 dissertation credits

Advising: Department of Leadership, Technology and Human Development, Dr. Randal D. Carlson P.O. Box 8131, Statesboro, GA 30460, (912) 478-5260, rcarlson@georgiasouthern.edu, FAX: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/leadership.html

Admission Requirements

Applicants who wish to pursue advanced professional preparation in Educational Administration beyond the Specialist degree, with a view for becoming a candidate for the Ed.D. degree, will be expected to file a formal application and present themselves to the faculty for special tests and/or interviews. Recommendations on admission will be made by program faculty only after screening procedures have been carried out. Admission will be upon the recommendation of the program committee, or the committee’s designated representative, and the approval of the Dean of the College of Graduate Studies.

Admission to the Ed.D. program in Educational Administration requires the applicant’s satisfaction of the following standards:

1. Complete all College of Graduate Studies admission requirements.
2. Hold a Master’s degree. Applicants who anticipate eventual endorsement for the Level Six and Level Seven Certificates in Educational Leadership should hold the Georgia Level Five Certificate at the point of admission.
3. Present a minimum grade point average of 3.50 (4.0 scale) in previous graduate work.
4. Hold an administrative or supervisory position at the P-12 or post-secondary level. Alternate admission criteria are applied when the applicant is not so employed.
5. Present scores from the Graduate Records Examination (GRE) or the Miller Analogies Test (MAT).
6. Submission of four professional references which attest to the applicant’s potential for success in a doctoral program and for executive leadership in education.
7. Submission of a personal statement which outlines the applicant’s future direction and how the degree will benefit the applicant.
8. Submission of a brief, two-page resume which highlights the achievements of the applicant.
9. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
10. Successful interview, if requested.

The final phase of the admission process will require adherence to the following procedures:

1. Applicant credentials are rated by Educational Leadership (EDL) faculty.
2. These faculty, meeting as a committee of the whole, will use these ratings to assemble a list of top candidates for interviews.
3. Students may be required to interview with EDL Faculty. The interview would explore their potential for leadership in educational organizations, qualifications for doctoral study, their career aspirations, their visions for education, and their thoughts on topics for doctoral level study.
4. A writing sample may be required.
5. Educational leadership faculty, meeting as a committee of the whole, make recommendations on candidates for each cohort.
6. Faculty recommendations are forwarded to the College of Graduate Studies.

Enrollment: The Ed.D. degree presupposes a minimum of five semesters of continuous study beyond the Specialist Degree and cannot be secured through summer study alone. At least six semester hours must be completed during each of two semesters to satisfy full-time residency requirements at Georgia Southern University (semesters do not have to be consecutive).

Time Limit: All course requirements for the Ed.D. degree, except the dissertation, must be completed within a period of three years. This time requirement begins with the first registration for core (Tier II) courses on the student’s approved program of doctoral study. In addition, a candidate for the Ed.D. degree who fails to complete all degree requirements within five years after passing the comprehensive examinations and being admitted to degree candidacy will be withdrawn from the program, or must retake comprehensive examinations to be reinstated.

Grade Average: A student must maintain at least a 3.50 GPA on all graduate courses taken and on all courses on the Program of Study.

Supervisory Committee. Before the end of the fourth semester of study in Tier II of a prospective candidate for the Ed.D. degree, the Dean of the College of Graduate Studies shall, upon the recommendation of the program coordinator offering the degree, appoint a Supervisory Committee for the student. The committee will consist of a major professor, who will serve as committee chairperson, and at least two additional members. The chair of the Supervisory Committee must meet all requirements established by the College of Graduate Studies for directing doctoral dissertations. All members of the committee must have graduate faculty status. Department recommendations for committee membership, and any necessary replacements, shall be determined by procedures established by the majority of the graduate faculty of that program. The Supervisory Committee, in consultation with the student, is charged with planning and approving the student’s Program of Study. It is also charged with approving a subject for the dissertation, and approving the student’s oral defenses of his/her research. The committee will advise the student of the skills and understandings required both in content and inquiry/research areas.
Program of Study. A Program of Study based on a minimum of seventy-five semester hours beyond the Master’s degree, will be submitted to the Program Coordinator by the end of the student’s first semester of study. The program must be developed by the Program Coordinator and the doctoral student. A total of 30 semester hours of course work, exclusive of dissertation credit, must be taken at Georgia Southern University at the doctoral level. The final Program of Study must be approved by the Supervisory Committee, the Department Chair, and the Dean of the College of Graduate Studies before application for admission to degree candidacy. The final Program of Study submitted prior to graduation must show all graduate courses relevant to the Ed.D. program (Specialist and transfer credit), and not just courses satisfying minimum degree requirements. A minimum of nine semester hours of dissertation credit must be included in the Program of Study. Program faculty will evaluate carefully and fully each doctoral student’s progress at the end of each year of study to advise the student whether or not to continue in the program.

Comprehensive/Qualifying Examinations. A student must pass formal, comprehensive written and/or oral examinations before being admitted to candidacy for the degree. These examinations will be administered in accordance with policies in effect in the College of Graduate Studies and the student’s department. The oral examination will be an inclusive examination within the student’s field of study. Following each examination, written and/or oral, each member of the Examination Committee will cast a written vote of “pass” or “fail” on the examination. At least three positive votes are required to pass each examination. The results of both examinations will be reported to the College of Graduate Studies. If a student fails the comprehensive examination for a second time, he/she will be removed from the program.

Admission to Degree Candidacy. The student is responsible for initiating an application for admission to degree candidacy so that it is filed with the College of Graduate Studies at least two semesters before the date of graduation. The application for degree candidacy is a certification by the student’s program that the student has shown the ability to do acceptable graduate work in the chosen field of study and that:
1. all prerequisites set as a condition for admission have been met;
2. all inquiry/research skill requirements have been met;
3. the final Program of Study has been approved by the Supervisory Committee, the Department Chair, and the Dean of the College of Graduate Studies;
4. a grade point average of 3.50 or higher has been maintained on all graduate courses taken and on all completed courses on the Program of Study; no more than one grade of “C” may be placed on the final Program of Study;
5. written and/or oral comprehensive examinations have been passed and reported to the College of Graduate Studies;
6. the Supervising Committee, including any necessary changes in the membership, is confirmed and all its members have been notified of their appointments; and
7. the enrollment requirement has been met.

The Supervisory Committee Chair has the primary responsibility for guiding the student’s research, but the student should regularly consult all members to draw upon their expertise in relevant areas. After admission to degree candidacy, a student must register for a minimum of nine semester hours. Students in the Ed.D. degree program in Educational Administration must enroll in EDLD 9999-Dissertation. Students must be enrolled for a minimum of three semester hours of credit in any semester when using University facilities or staff time. Students must be continuously enrolled (fall, spring, and summer semesters) in EDLD 9999 after Admission to Candidacy.

Dissertation Planning. The dissertation preprospectus and prospectus for the Ed.D. degree in Educational Administration will be defended by the candidate upon completion of all prerequisite course work. It is possible that the composition of the student’s Supervisory Committee may change to ensure that faculty members are knowledgeable in the areas of the student’s research. If changes in the composition of the original committee are in order, all affected parties will be notified, including the Dean of the College of Graduate Studies. The Supervisory Committee Chair and the committee membership will guide the student in planning the dissertation. When the Committee Chair certifies that the dissertation prospectus is satisfactory, it must be formally considered by the Supervisory Committee at a meeting with the student. Following the meeting, each committee member will cast a written vote of “pass”, “fail,” or “pass with modifications.” At least three positive votes are required for approval. Their signatures on the appropriate form, with a final copy of the approved prospectus, will be filed in the department office. A copy of the approval/disapproval form will be forwarded to the College of Graduate Studies. If a student fails any stage of the dissertation process (preprospectus, prospectus or full dissertation) a second time, he/she will be removed from the program.

Dissertation Defense and Approval. When the Supervisory Committee chair is satisfied with the completed dissertation, he/she will certify approval and indicate that it is ready to be read by all members of the Supervising Committee. Copies will be distributed to the remaining members of the Supervisory Committee, a final oral defense scheduled, and the College of Graduate Studies notified. The College of Education will announce the time and place of the defense of the dissertation. Committee members will have at least three weeks to READ and evaluate the dissertation. If the committee declines to approve the dissertation, the Supervisory Committee Chair will so notify the student and the College of Graduate Studies. The oral defense session will be led by the Supervising Committee Chair and must be attended by all members of the committee. This meeting is open to all members of the University community. Three out of four members of the committee must approve the student’s dissertation and defense and certify their approval in writing. The results of the defense must be reported to the College of Graduate Studies as per deadlines announced by the College of Graduate Studies. Once the dissertation has been approved by the Supervisory Committee and the final oral examination has been passed, the dissertation must be submitted in electronic format to the College of Graduate Studies for final approval by the deadline announced by the College of Graduate Studies.

Other Requirements. The student must submit a receipt showing that he/she has deposited with the University Controller the cost of microfilming the dissertation. (If the student wishes to copyright the dissertation, an additional charge must be paid.) This fee must be presented to the Dean of the College of Graduate Studies in the form of a receipt from the Georgia Southern University Business Office.

**Ed.D. Electives**
Elective course selection is dependent upon the program option. Course credit is given for Ed.S. course work to a maximum of 36 semester hours, provided the course work was completed in a timely manner at an accredited institution authorized to offer the Ed.S. in Educational Administration/Leadership.

**Strands**
There are three strands in the doctoral program in Educational Administration: P-12 Administration, Higher Education Administration, and Teacher Leadership.

EDUCATIONAL LEADERSHIP
M.Ed., 36 HOURS

Advising: Department of Leadership, Technology, and Human Development, Dr. Barbara Mallory, P.O. Box 8131, Statesboro, GA 30460, (912) 478-1428, bmallory@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/leadership.html

Admission Requirements
Regular
1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. Possess or be eligible for a Professional Level Four Certificate or equivalent in a teaching field. Persons with a Master’s degree in a related field may be admitted; however, additional course work may be required. (Required for Track One only)
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Submit school/district endorsement and agreement for Internship. (Required for Track One only)
8. One (1) year of teaching experience prior to admission to the program. (Required for Track One only)

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Track One - Certification
Professional Education Core Requirements ........................................................................................................... 12 Hours
   EDUF 7140 - Learning, Cognition, and Curriculum (3)
   EDUR 7130 - Educational Research (3)
   EDUR 8131 - Educational Statistics I (3)
   ITEC 7538 - Instructional Technology for School Leaders (3)

Specific Requirements ....................................................................................................................................... 24 Hours
   EDLD 7530 - The Democracy-centered School Leader (3) *
   EDLD 7531 - Legal and Ethical Issues in School Leadership (3) *
   EDLD 7532 - Empowering Human Resources (3) *
   EDLD 7533 - Mobilizing Communities (3) *
   EDLD 7534 - Leading Innovation and Change (3)
   EDLD 7535 - Using Data in Leadership for Learning (3) *
   EDLD 7737 - Supervised Field Experience I (3) *
   EDLD 7738 - Supervised Field Experience II (3) *

* A Key Assessment will be a major component of this course’s requirements.

Track Two - Non Certification
Professional Education Core Requirements ........................................................................................................... 12 Hours
   EDUC 7130 - Curriculum, Theories and Design (3)
   EDUF 7130 - Learning Theories and Applications (3)
   EDUR 7130 - Educational Research (3)
   ITEC 7530 - Instructional Technology Foundations (3)

EDLD Electives .................................................................................................................................................. 18 Hours
Electives .............................................................................................................................................................. 6 Hours

Selected in consultation with Advisor
NOTE: Neither EDLD 7737 - Supervised Field Experience I or EDLD 7738 - Supervised Field Experience II may be used to fulfill either the EDLD Electives or Elective requirements for Track Two.

NOTE: Completing Track Two WILL NOT result in a Level-5 Certificate in Leadership.

OTHER PROGRAM REQUIREMENTS
  • Successful completion of the M.Ed. Comprehensive Exit Examination
  • Must successfully complete assessments identified at each program transition point
EDUCATIONAL LEadership
Ed.S., 30-33 Hours

(For Students Holding Level 5 Certification and Seeking Level 6 Certification)

Advising: Department of Leadership, Technology, and Human Development, Dr. Abebayehu Tekleselassie (912) 478-5567, ateilselassie@georgiasouthern.edu. Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lhld/leadership.html

Admission Requirements

Regular
1. Complete requirements for a Master’s degree from a regionally accredited institution.
2. Possess or be eligible for the Professional Level Five Certificate or equivalent in Educational Leadership. (School Administration Concentration only)
3. Present a passing score on the Georgia Assessments for the Certification of Educators (GACE) Educational Leadership Assessment or another exam designated by the Georgia Professional Standards Commission (PSC) to replace this exam for use with performance-based certification. (School Administration Concentration only)
4. Present a 3.25 or higher GPA on all graduate work attempted.
5. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
6. Have had two years of experience in school work.
7. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations. For School Administration, the statement must include whether Building or District Level Certification (or both) is being sought.
8. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
9. Submit school/district endorsement and agreement for Residency at the Building or District level. (School Administration Concentration only)
10. Three years school/district experience prior to admission to the program. (School Administration Concentration only)

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Concentration:

School Administration, 33 Hours

Prerequisites

EDUR 7130 - Educational Research (3)
EDUR 8131 - Educational Statistics I (3)

The Program is a Fall Admission Program which is administered through the Cohort Process. The Residency is a performance-based internship, which is guided cooperatively by the university and school/district partner. Candidates should follow the Program of Study as prescribed here:

Semester I (Fall) ........................................................................................................................................................................6 Hours
EDLD 8630 - Planning for Change (3) *
EDLD 8631 - Implementing Change (3) *

Semester II (Spring) ........................................................................................................................................................................9 Hours
EDLD 8632 - Organizational Culture (3) *
EDLD 8633 - Curriculum and Instructional Leadership (3) *
EDLD 8737 - Residency I (3) (On-site Performance-based Residency in a Leadership Position: Designate Building/District Level)
(Residency will span Spring, Summer, and Fall Semesters, as planned and directed by Beginning Leader Support Team)

Semester III (Summer) .....................................................................................................................................................................6 Hours
EDLD 8634 - Managing Operations and Processes (3) *
EDLD 8738 - Residency II (3) (On-site Performance-based Residency in a Leadership Position: Designate Building/District Level)
(Residency will span Spring, Summer, and Fall Semesters, as planned and directed by Beginning Leader Support Team)

Semester IV (Fall) ..............................................................................................................................................................................9 Hours
EDLD 8635 - Leading School Renewal (3) *
EDLD 8739 - Residency III (3) * (On-site Performance-based Residency in a Leadership Position: Designate Building/District Level)
(Residency will span Spring, Summer, and Fall Semesters, as planned and directed by Beginning Leader Support Team)
EDUR 8434 - Field-based Educational Research (3)

Semester V (Spring) ...........................................................................................................................................................................3 Hours
EDLD 8839 - Directed Research in Educational Leadership (3)

* A Key Assessment will be a major component of this course’s requirements.
CONCENTRATION:
HIGHER EDUCATION ADMINISTRATION, 30 HOURS

Required Research Core .........................................................................................................................9 Hours
- EDLD 8839 - Directed Research in Educational Leadership (3)
- *EDUR 8131 - Educational Statistics I (3) OR EDLD 8130 - Educational Evaluation (3)
- **EDUR 8434 - Field-Based Educational Research (3)

Higher Education Core ..........................................................................................................................15 Hours
Selected in consultation with Advisor

Elective Course work..............................................................................................................................6 Hours
Selected in consultation with Advisor

*If equivalent was taken, student may substitute with Advisor approval

**Prerequisite: Advisor and committee approval of research topic
HIGHER EDUCATION ADMINISTRATION
M.Ed., 36 HOURS

Advising: Department of Leadership, Technology, and Human Development, Dr. Brenda Marina P.O. Box 8131, Statesboro, GA 30460, (912) 478-5600, bmarina@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/

Admission Requirements

Regular
1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Professional Education Core Requirements..............................................................................................................9 Hours
EDUF 7130 - Learning Theories and Applications (3)
EDUR 7130 - Educational Research (3)
ITEC 7530 - Instructional Technology Foundations (3)

Higher Education Administration Core..................................................................................................................27 Hours
COUN 7132 - Contemporary College Student (3)
EDLD 7430 - American Higher Education (3)
EDLD 7431 - Higher Education Administration (3)
EDLD 7432 - History of American Education (3)
EDLD 8135 - Educational Planning (3)
EDLD 8431 - Higher Education Law (3) EDLD 8439 - Politics of Higher Education (3) EDLD 8433 - Higher Education Governance (3)
EDLD 8735 - Higher Education Practicum (3)

Other Program Requirements
- Successful completion of a professional portfolio
- Must successfully complete assessments identified at each program transition point
INSTRUCTIONAL TECHNOLOGY
M.Ed. (Online), 36 HOURS

(For Students Seeking Level 5 Certification as a Media Specialist)
Advising: Department of Leadership, Technology, and Human Development, Dr. Judi Repman, P.O. Box 8131, Statesboro, GA 30460, (912) 478-5394, jrepman@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/itech.html

The courses in this program are offered online.

Admission Requirements
Regular
1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. Possess or be eligible for a Professional Level Four Certificate or equivalent in a teaching field. Persons not holding Level Four Certification may be admitted; however, the program will exceed 36 hours.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Prerequisites
ITEC 7530 - Instructional Technology Foundations (3) OR Test-Out.
If the person does not possess a Professional Level Four Certificate or equivalent in a teaching field, the following courses are required as prerequisites:
  - EDUC 7130 - Curriculum Theory and Design (3)
  - SPED 6130 - Introduction to Special Education (3)

Professional Education Core Requirements................................................................................................................. 6 Hours
  - EDUF 7130 - Learning Theories and Applications (3)
  - EDUR 7130 - Educational Research (3)

Specific Requirements..................................................................................................................................................24 Hours
  - ECED 7232 - Children’s Literature (3) OR MSED 7331 - Early Adolescent Literature (3)
  - ITEC 7132 - Administration of the School Library Media Program (3)
  - ITEC 7134 - Collection Development and Organization (3)
  - ITEC 7136 - Reference and Information Sources (3)
  - ITEC 7230 - Selection and Development of Instructional Technologies (3)
  - ITEC 7430 - Instructional Design (3)
  - ITEC 7737 - Practicum in School Library Media Centers (3)
  - ITEC 8530 - Applications of Instructional Technology (3)

Content Electives .......................................................................................................................................................6 Hours
• All candidates for a Master’s Degree in Instructional Technology are required to submit an electronic professional portfolio as a requirement for graduation.
• Must successfully complete assessments identified at each program transition point
• ITEC 7530 may not be used as credit toward the Instructional Technology M.Ed. Program elective

OTHER PROGRAM REQUIREMENTS
INSTRUCTIONAL TECHNOLOGY
M.Ed. (Online), 36 HOURS

(For Students Not Seeking Level 5 Certification as a Media Specialist)
Advising: Department of Leadership, Technology, and Human Development, Dr. Judi Repman, P.O. Box 8131, Statesboro, GA 30460, (912) 478-5394, jrepman@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/itech.html
The courses in this program are offered online.
Program Intent: This program does not lead to a Level Five School Library Media Specialist Certification.

Admission Requirements
Regular
1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).

SCHOOL PSYCHOLOGY
M.Ed., 36 HOURS

Advising: Department of Leadership, Technology and Human Development, Dr. Terry Diamanduros, P.O. Box 8131, Statesboro, GA 30460, (912) 478-1548, tdiamanduros@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/schoolpsych.html

Program Intent: This program prepares psychologists to serve children and adolescents with learning, behavioral, or emotional problems in educational settings. The M.Ed. degree may be obtained after the successful completion of the prescribed program of study; however, the Level Six Certificate in School Psychology is required for Professional Certification in Georgia. Successful completion of the combined Master’s and Specialist programs and an acceptable score on the GACE examination in School Psychology are required for the Renewable Level Six Certificate. Level Four Certification is not required for admission.

Admission Requirements
Regular
1. Complete requirements for a bachelor’s degree in the social sciences or in education from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
4. Submit a personal statement of purpose that includes reasons for selecting school psychology as a career, self evaluation of personal qualities that would be brought into the program, and the impacts the applicant believes school psychologists should have on the lives of children.
5. Three letters of recommendation from persons well acquainted with the applicant’s academic and/or professional performance.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Prerequisites
SPED 6130 - Introduction to Special Education (3)

Professional Education Core Requirements .................................................................................... 9 Hours
EDUC 7130 - Curriculum Theories and Design (3)
EDUF 7130 - Learning Theories and Applications (3)
EDUR 7130 - Educational Research (3)

ESPY 7130 - Professional School Psychology (3)
ESPY 7131 - Behavioral Interventions (3)
ESPY 7230 - Developmental Diagnosis of School-aged Children (3)
ESPY 7132 - Interpretation of Psychoeducational Tests (3) OR SPED 6230 - Assessment in Special Education (3)
ITEC 7430 - Instructional Design (3)
PSYC 7236 - Physiological and Neuropsychology (3)

OTHER PROGRAM REQUIREMENTS
• Successful completion of M.Ed. Comprehensive Exit Examination
• Must successfully complete assessments identified at each program transition point
SCHOOL PSYCHOLOGY
Ed.S., 33 HOURS

Advising: Department of Leadership, Technology and Human Development, Dr. Terry Diamanduros, P.O. Box 8131, Statesboro, GA 30460, (912) 478-1548, tdiamanduros@georgiasouthern.edu, Fax: (912) 478-7104, http://coe.georgiasouthern.edu/lthd/schoolpsych.html

Program Intent: Professional entry-level in the field of School Psychology requires Professional Level Six (S-6) Certification which is acquired after successful completion of the prescribed Ed.S. Program of Study and a passing score on the GACE examination in School Psychology.

Admission Requirements

Regular
1. Complete requirements for a master’s degree in School Psychology or equivalent.
2. Present a 3.25 or higher GPA on all graduate work attempted.
3. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
4. Submit a personal statement of purpose that includes reasons for selecting school psychology as a career, self evaluation of personal qualities that would be brought into the program, and the impacts the applicant believes school psychologists should have on the lives of children.
5. Three letters of recommendation from persons well acquainted with the applicant’s academic and/or professional performance.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Prerequisite

Master of Education in School Psychology or equivalent degree and content

Research Sequence Requirements

EDUR 8131 - Educational Statistics I (3)
EDUR 8434 - Field-based Educational Research (3)
ESPY 8839 - Action Research in Education (3)

Specialized Content

ESPY 8131 - Individual Intellectual Assessment (3)
ESPY 8132 - Advanced Intellectual Assessment (3)
ESPY 8133 - Personality and Behavioral Assessment in the Schools (3)
ESPY 8230 - Consulting in Educational Settings (3)
ESPY 8631 - Seminar in School Psychology (3)

Applied Content

ESPY 8737 - Practicum in School Psychology (3)
ESPY 8738 - School Psychology Internship I (3)
ESPY 8739 - School Psychology Internship II (3)

OTHER PROGRAM REQUIREMENTS

- Successful completion of Ed.S. Comprehensive Exit Examination; involves constituting a three-faculty advisory committee to guide field study, and requires the completion and oral presentation of a major field-based research paper
- Must successfully complete assessments identified at each program transition point

NOTE: Successful completion of GACE Examination required for S-6 Certification in School Psychology.
TEACHING M.A.T.,
33-48 HOURS

Advising: Department of Teaching and Learning, Dr. Missy Bennett, P.O. Box 8134, Statesboro, GA 30460, (912) 478-0356, mbennett@georgiasouthern.edu, Fax: (912) 478-0026.

Program Intent and Admission Requirements:
The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master’s degree for those persons who hold a bachelor’s degree from a regionally accredited institution. There are four study concentrations/tracks based on educational background and career goals:

Study Concentration 1: Secondary Education certification (6-12) for candidates who hold a bachelor’s degree in English, business, mathematics, history, geography, economics, political science, chemistry, biology, geology, physics, or related field.

Study Concentration 2: Middle Grades certification (4-8) for candidates who hold a bachelor’s degree. Candidates must complete two teaching concentrations from reading, language arts, science, social studies, and mathematics.

Study Concentration 3: Special Education certification (P-12) for candidates who hold a bachelor’s degree in psychology, counseling, child and family development, or a closely-related field.

Study Concentration 4: P-12 Education certification for candidates who hold a bachelor’s degree in Art or Spanish.

The total hours for the degree are dependent on previous course work completed in the area of certification. A transcript evaluation by the College of Education’s Director of Advisement and Certification is required at the outset. Prerequisite content course work, based on the transcript evaluation, must be completed as a non-degree student before admission into the program.

Admission Requirements
Regular
1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a transcript evaluation by the College of Education’s Director of Advisement and Certification, and completion of specified prerequisite content course work.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present a total adjusted GPA of 2.75 or higher on all teaching field course work.
5. Present an official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative, and analytical writing sections of the Graduate Record Exam (GRE).
6. Submit passing scores on the GACE Basic Skills Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
7. Submit a passing score on the GACE Content Assessment in the area for which one is seeking certification.
8. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
9. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first 9 hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

MAT Program Sequence

Study Concentration One:
Secondary Education with Teaching Fields in Biology, Chemistry, Geology, Physics, History, Geography, Political Science, Economics, Broad Fields Science, Mathematics, English, or Business. Candidates in one of the science fields or social science fields are encouraged to complete additional courses in order to pursue certification in several or all of the disciplines in science or in the social sciences. There is a broad fields science test one can take for candidates seeking certification in one or more of the science fields; however, for the social sciences, candidates must take separate tests for the different social science fields in order to be certified in more than one of the social science disciplines. (Grades 6-12)........................................................................................................................................... 36-39 Hours

Step One - The following courses are prerequisites to Steps Two and Three (Fall Semester Only) (6-9 Hours):

ITEC 7530 - Instructional Technology Foundations (3) OR PSC Test-Out Option
MSED 6130 - Introduction to the Middle & Secondary School (3)
SPED 6130 - Introduction to Special Education (3)

[Admission criteria to the Teacher Education Program (TEP), must be met for progression to Step Two.]

Step Two: Secondary Education Block* (Spring Semester Only) (6-9 hours to be taken concurrently):

ESED 6738 - Supervised Practicum (3) OR Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6739 - Internship I (3)
SCED 6131 - Curriculum for the Secondary School (3)

Select one of the following Appropriate Subject-Specific Courses:

MSED 6237 - Science Methods (3)
MSED 6337 - Language Arts Methods (3)
MSED 6437 - Social Science Methods (3)
MSED 6537 - Mathematics Methods (3)
MSED 6637 - Business Education Methods (3)
*Candidates who are currently teaching full-time enroll in the subject-specific methods course concurrently with ESED 6799 during Step Three.

**Step Three: Student Teaching/Supervised Internship Semester and Colloquium (12-15 hours):**
Candidates who are not currently teaching full-time enroll in SCED 5799G - Student Teaching in Secondary Education (9)
Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6799 - Supervised Internship (9) concurrently with the appropriate subject-specific methods course listed in Step Two.
MSED 7130 - Colloquium (3)
[Candidates may apply for initial T-4 certification upon successful completion of ESED 6799 or SCED 5799G]

**Step Four: Course work required for completion of the MAT degree (9 hours):**
EDUR 7130 - Educational Research (3)
ESED 7131 - Enhancing Student Performance (3)
SCED 8633 - Seminar in Secondary Education (3)
[Candidates may apply for T-5 certification upon successful completion of all program requirements]

---

**Study Concentration Two:**

**Middle Grades Education (Grades 4-8) ........................................................................................................................................ 45-48 Hours**

**Step One - The following courses are prerequisites to Steps Two and Three (Fall Semester Only) (9-12 Hours):**
ITEC 7530 - Instructional Technology Foundations (3) OR PSC Test-Out Option
MSED 5333G - Literature and Writing for the Middle and Secondary Schools (3)
MSED 6130 - Introduction to the Middle & Secondary School (3)
SPED 6130 - Introduction to Special Education (3)
[Admission criteria to the Teacher Education Program (TEP), must be met for progression to Step Two.]

**Step Two: Middle Grades Education Block (Spring Semester Only) (9 hours to be taken concurrently):**
ESED 6738 - Supervised Practicum (3) OR Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6739 - Internship I (3)
MGED 6131 - Curriculum for the Middle Grades (3)
Select one of the following Appropriate Subject-Specific Methods Courses in One’s Primary Concentration Area:
MSED 6237 - Science Methods (3)
MSED 6337 - Language Arts Methods (3)
MSED 6437 - Social Science Methods (3)
MSED 6537 - Mathematics Methods (3)

**Step Three: Student Teaching/Supervised Internship Subject-Specific Methods Course, and Colloquium (15 hours):**
Select one of the following Appropriate Subject-Specific Methods Courses in One’s Second Concentration Area:
MSED 6237 - Science Methods (3)
MSED 6337 - Language Arts Methods (3)
MSED 6437 - Social Science Methods (3)
MSED 6537 - Mathematics Methods (3)
Candidates who are not teaching full-time enroll in MGED 5799G - Student Teaching in Middle Grades Education (9)
Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6799 - Supervised Internship (9)
MSED 7130 - Colloquium (3)
[Candidates may apply for initial T-4 certification upon successful completion of ESED 6799 or MGED 5799G]

**Step Four: Additional course work required for completion of the MAT degree (12 hours):**
EDUR 7130 - Educational Research (3)
ESED 7131 - Enhancing Student Performance (3)
MGED 8131 - Integrated Curriculum for the Middle Grades (3)
MGED 8633 - Seminar in Middle Grades Education (3)
[Candidates may apply for T-5 certification upon successful completion of all program requirements]

---

**Study Concentration Three:**

**Special Education (Grades P-12) ........................................................................................................................................ 42-48 Hours**

**Step One - The following courses are prerequisites to Steps Two and Three (6-9 Hours):**
EDUF 7130 - Learning Theories and Applications (3)
ITEC 7530 - Instructional Technology Foundations (3) OR PSC Test-Out Option
SPED 6130 - Introduction to Special Education (3)
[Admission criteria to the Teacher Education Program (TEP), must be met for progression to Step Two.]

**Step Two: Special Education Prerequisite Content Block (9 hours):**
SPED 6230 - Assessment and Procedures in Special Education (3)
SPED 6231 - Special Education Laws and Procedures (3)
SPED 6330 - Classroom Management (3)

**Step Three: Special Education Content For Teaching Block (12 hours):**
READ 7131 - Approaches to Reading Instruction (3)
SPED 7133 - Collaboration Across the Life Span (3)
SPED 7631 - Perspectives on Characteristics of Mild Disabilities (3)
SPED 7632 - Methods for Mild Disabilities (3)
Step Four: Student Teaching/Supervised Internship (6-9 hours):
Candidates who are not teaching full-time enroll in SPED 5799G - Student Teaching in Special Education (9)
Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in SPED 7736 - Internship in Special Education (6)
[Candidates may apply for initial T-4 certification upon successful completion of SPED 7736 or SPED 5799G]

Step Five: Additional Coursework for the MAT degree completion (9 hours):
EDUR 7130 - Educational Research (3)
SPED 7136 - Language Development (3)
**SPED 7630 - Seminar in Special Education (3)
**Capstone course includes an exit project for the MAT
[Candidates may apply for T-5 certification upon successful completion of all program requirements]

Study Concentration Four:
P-12 Education with Teaching Fields in Art or Spanish.................................................................33-39 Hours

Step One - The following courses are prerequisites to Steps Two and Three (6-9 Hours):
EDUF 7130 - Learning Theories and Applications (3)
ITEC 7530 - Instructional Technology Foundations (3) OR PSC Test-Out Option
SPED 6130 - Introduction to Special Education (3)
[Admission criteria to the Teacher Education Program (TEP), must be met for progression to Step Two.]

Art Education (30)
Step Two: Art Education Pedagogy and Supervised Practicum (9 hours):
ART 7432 - Curriculum and Methods in P-5 Art Education (3)
ART 7433 - Methods in Middle and Secondary School Art (3)
ART 7438 - Curriculum Development in Art Education (3)

Step Three: Student Teaching/Supervised Internship (9 hours):
Candidates who are not teaching full-time enroll in ESED 5799G - Student Teaching in P-12 Education (9)
Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6799 - Supervised Internship (9)
[Candidates may apply for initial T-4 certification upon successful completion of ESED 6799 or ESED 5799G]

Step Four: Additional course work required for completion of the MAT degree (12 hours):
EDUR 7130 - Educational Research (3)
Art Education graduate courses approved by advisor (9)
[Candidates may apply for T-5 certification upon successful completion of all program requirements]

Spanish (27)
Step Two: Foreign Language Pedagogy and Supervised Practicum (9 hours):
FORL 6433 - Practicum in Foreign Language (3)
FORL 6431 - Foreign Language Methods P-5 (3)
FORL 6432 - Foreign Language Methods 6-12 (3)

Step Three: Student Teaching/Supervised Internship (9 hours):
Candidates who are not teaching full-time enroll in ESED 5799G - Student Teaching in P-12 Education (9)
Candidates who are currently teaching full-time on a non-renewable teaching certificate enroll in ESED 6799 - Supervised Internship (9)
[Candidates may apply for initial T-4 certification upon successful completion of ESED 6799 or ESED 5799G]

Step Four: Additional course work required for completion of the MAT degree (9 hours):
EDUR 7130 - Educational Research (3)
SPAN - Graduate level Spanish courses (6)
[Candidates may apply for T-5 certification upon successful completion of all program requirements]

OTHER PROGRAM REQUIREMENTS (FOR ALL CONCENTRATIONS)
• Must successfully complete assessments identified at each program transition point
TEACHING AND LEARNING
M.Ed., 36 HOURS

Advising: Department of Teaching and Learning, Dr. Ronnie Sheppard, P.O. Box 8134, (912) 478-0198, sheppard@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/landl/. The contact person for each Emphasis/Track is listed below with the program of study.

Admission Requirements

Regular
1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. For Tracks 1-5, possess or be eligible for a Professional Level Four Certificate or equivalent in the certification field for which one is applying. Persons may be admitted into the Special Education Concentration/Track Three with Level Four Certification in a teaching field other than Special Education if prerequisite course work is completed. Concentration/Track Six Instructional Improvement does not require teacher certification.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Record Examination (GRE).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Concentration/Tracks: There are six Concentration/Tracks based on educational background and career goals:

• Concentration/Track One: Middle Grades Education (4-8) for candidates who hold a Professional Level Four Certificate or equivalent in Middle Grades Education.
• Concentration/Track Two: Secondary Education (6-12) for candidates who hold a Professional Level Four Certificate or equivalent in one of the following certification areas: biology, geology, chemistry, physics, English, mathematics, technology education, business education, history, geography, political science, economics, social science, science.
• Concentration/Track Three: Special Education (P-12) for candidates who hold a Professional Level Four Certificate or equivalent in Special Education or candidates with a Professional Level Four Certification in a teaching field other than Special Education if prerequisite course work is completed.
• Concentration/Track Four: P-12 Education (P-12) for candidates who hold a Professional Level Four Certificate or equivalent in Spanish or French.
• Concentration/Track Five: Early Childhood Education (P-5) for candidates who hold a Professional Level Four Certificate or equivalent in Early Childhood Education.
• Concentration/Track Six: Instructional Improvement for candidates who hold a bachelor’s degree from a regularly accredited institution and who are interested in an advanced degree in education that does not lead to teacher certification.

Concentration/Track One: Middle Grades Education (Grades 4-8) ...........................................................................................................36 Hours
Contact: Department of Teaching and Learning, Dr. Deborah Thomas, P.O. Box 8134, (912) 478-7691 or 912-651-2642, debthom@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/landl/

Professional Education Core Requirements (6 hours)
EDUF 7130 - Learning Theories and Applications (3)
EDUR 7130 - Educational Research (3)

Specific Requirements (12 hours)
MGED 8131 - Integrated Curriculum for the Middle Grades (3)
MGED 8132 - Effective Middle Schools (3)
*MGED 8633 - Seminar in Middle Grades Education (3)
ESED 7131 - Enhancing Student Performance (3)

Major Requirements (12 hours)
**A minimum of 6 hours of graduate courses approved by the advisor in two concentration areas selected from: science, social studies, language arts/reading, and mathematics. Must include a 3 semester hour advanced methods course in each of the two concentration areas:
MGED 7535 Teaching Middle Grades and Secondary Mathematics, MGED 7432 Teaching Social Studies in the Middle and Secondary Schools, MGED 7333 Writing Instruction for Middle and Secondary Schools, or MGED 7331 Hands-On Science for the Middle and Secondary Schools.

Electives (6 hours)

*Prerequisites: MGED 8131 and MGED 8132. The capstone course must be taken the last fall semester prior to completing the program.
**MGED 7535 is required of candidates concentrating in mathematics and is a prerequisite to ESED 7131.

Concentration/Track Two: Secondary Education (Grades 6-12) with emphases in Business Education, English Education, Mathematics Education, Social Science Education, Science Education, or Technology Education ..............................................................36 Hours
College of Education Programs - Graduate 381

Contact: Department of Teaching and Learning, Dr. Michelle Reidel, P.O. Box 8134, (912) 478-5806, mreidel@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/tandl/

Professional Education Core Requirements (6 hours)
EDUF 7130 - Learning Theories & Applications (3)
EDUR 7130 - Educational Research (3)

Specific Requirements (6 hours)
ESED 7131 - Enhancing Student Performance (3)
*SCED 8633 - Seminar in Secondary Education (3)

Advanced Subject-Specific Methods Courses in the Emphasis Areas (9 hours)
Teaching Field Courses in the Emphasis Area (12 hours)
12 hours of graduate teaching field courses in the selected concentration approved by the advisor
Elective (3 hours)

*Not required for candidates concentrating in Technology Education; substitute an advisor-approved course

Concentration/Track Three: Special Education (Grades P-12).................................................................................................................. 36 Hours
Contact: Department of Teaching and Learning, Dr. Maggie LaMontagne, P.O. Box 8134, (912) 478-0353, lamontag@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/tandl/

Prerequisites
READ 4131 - The Teaching of Reading (3) OR READ 7131 - Approaches to Reading Instruction (3)
SPED 6130 - Introduction to Special Education (3)
SPED 6230 - Assessment in Special Education (3)
SPED 6231 - Special Education Laws and Procedures (3)
SPED 6330 - Classroom Management (3)

Program of Study for Certification Areas
Professional Education Core Requirements (6 hours)
EDUF 7130 - Learning Theories and Applications (3)
EDUR 7130 - Educational Research (3)

Specialized Content for Teaching (12 hours)
ITEC 7530 - Instructional Technology Foundations (3) OR ITEC 8530 - Application of Instructional Technology (3)
SPED 7133 - Collaboration Across the Life Span (3)
SPED 7630 - Seminar in Special Education (3)
SPED 7736 - Internship (3)

Specialized Area of Emphasis Courses (9 hours)
Select one of the following Curriculum Areas:

Moderate-Severe Disabilities-Adaptive Curriculum
SPED 7634 - Characteristics of Low Incidence Populations (3)
SPED 7635 - Methods for Low Incidence Populations (3)
SPED 7633 - Introduction to Augmentative Language (3) OR SPED 7136 - Language Development (3)

Mild Disabilities - General Curriculum
SPED 7631 - Perspectives on Characteristics of Mild Disabilities (3)
SPED 7632 - Methods for Mild Disabilities (3)
SPED 7136 - Language Development (3)

Reading Electives (9 hours)
READ 7132 - Diagnosis and Correction of Reading Difficulties (3)
READ 7230 - Issues and Trends in Reading (3)
READ 7330 - Reading in the Content Area (3)

Specific Program Requirement:
• All new master’s level candidates must schedule and meet with their assigned Special Education Advisor for a brief interview orientation meeting prior to their first semester of course work in order to meet the registration requirements of the program.
• Candidates must successfully complete an electronic portfolio project in order to exit the program.

Concentration/Track Four: P-12 Education (Grades P-12) with an emphasis in Foreign Language (French or Spanish)......36 Hours
Contact: Department of Foreign Language, Dr. David Alley, P.O. Box 8134, (912) 478-5281, dalley@georgiasouthern.edu, Fax: (912) 478-0652, http://coe.georgiasouthern.edu/tandl/

Professional Education Core Requirements (6 hours)
EDUF 7130 - Learning Theories and Applications (3)
EDUR 7130 - Educational Research (3)

Teaching Concentrations in French or Spanish (15 hours)
Select one of the following options:

Option 1: Teaching Concentration in Spanish:
SPAN 7130 - Second Language Acquisition in Spanish (3)
SPAN 7131 - Stylistics in Spanish (3)
SPAN - Graduate courses approved by the advisor (9)

Option 2: Teaching Concentration in French:
FREN 7130 - Second Language Acquisition in French (3)
FREN 7132 - Advanced Grammar (3)
FREN - Graduate courses approved by the advisor (9)
Advanced Methods Courses (6 hours)
  FORL 7231 - Foreign Language Curriculum (3)
  FORL 7232 - Foreign Language Methods (3)
ESOL Endorsement Courses (6 hours)
  ESED 5235G - Applied Linguistics: ESOL (3)
  ESED 5234G - Cross-Cultural Issues for ESOL (3)
Elective (3 hours)

Concentration/Track Five: Early Childhood Education (Grades P-5)........................................................................................................... 36 Hours
Contact: Department of Teaching and Learning, Dr. Susan Franks, P.O. Box 8134, (912) 478-0073, sfranks@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/tandll/
Professional Education Core Requirements (9 hours)
  ECED 7132 - Effective Curriculum and Instruction in Elementary Schools (3)
  EDUF 7130 - Learning Theories and Applications (3)
  EDUR 7130 - Educational Research (3)
Specialized Content for Teaching (12 hours)
(Professional Education Prerequisites)
  ECED 7230 - Advanced Language Arts Methods (3)
  ECED 7330 - Advanced Math Methods (3)
  ECED 7430 - Advanced Science Methods (3)
  ECED 7530 - Advanced Social Studies Methods (3)
Culmination Course (3 hours)
(Professional Education and Specialized Content Prerequisites)
  ECED 7639 - Seminar in P-5 (3)
Restricted Electives (6 hours)
Select six hours from the following:
  ECED 7090 - Selected Topics in P-5 Education (1-3)
  ECED 7231 - Emerging Literacy (3)
  ECED 7232 - Children’s Literature (3)
  ECED 7331 - Emerging Science and Math Concepts (3)
  ECED 8230 - Problems in P-5 Language Arts (3)
  ECED 8330 - Problems in P-5 Mathematics (3)
  ECED 8430 - Problems in P-5 Science (3)
  ECED 8530 - Problems in P-5 Social Studies (3)
  EDLD 7137 - Supervising Skills for Teacher-Support Specialists (3)
  ESED 5235G - Applied Linguistics: ESOL (3)
  ESED 5234G - Cultural Issues: ESOL (3)
  ESED 5235G - Methods for ESOL (3)
  READ 7131 - Approaches to Reading Instruction (3)
  READ 7132 - Diagnosis and Correction of Reading Difficulties (3)
  READ 7330 - Reading in Content Areas (3)
  SPED 7631 - Perspectives on Mild Disabilities (3)
  SPED 7632 - Methods for Mild Disabilities (3)
Open Electives (approved by advisor) (6 hours)

Concentration/Track Six: Instructional Improvement (Online)................................................................................................................... 36 Hours
Contact: Department of Teaching and Learning, Dr. Yasar Bodur, P.O. Box 8134, (912) 478-7285, ybodur@georgiasouthern.edu, Fax: (912) 478-0026, http://coe.georgiasouthern.edu/tandll/
Professional Education Core Requirements (9 hours)
  EDUF 7130 - Learning Theories and Applications (3)
  EDUR 7130 - Educational Research (3)
  ESED 7133 - Trends, Issues, and Research in Education (3)
*Specific Program Requirements (12 hours)
  ESED 7132 - Framework for Teaching (3)
  ESED 7131 - Enhancing Student Performance (3)
  ITEC 7430 - Instructional Design (3) OR ITEC 7530 - Instructional Technology Foundations (3)
  ESED 5234G - Cultural Issues: ESOL (3) OR EDUF 7235 - Multicultural Education (3)
Specialization (12 hours)
  Select twelve hours of coursework in an area of specialization from the College of Education or outside the College of Education.
Elective (3 hours)

*Candidates may substitute a course approved by the advisor if already completed one of the required courses.

PROGRAM EXIT EXPERIENCE:
• Successful completion of a professional portfolio and presentation arranged with the advisor.
OTHER PROGRAM REQUIREMENTS FOR ALL CONCENTRATION/TRACKS:
• Successfully complete assessments identified at each program transition point, as well as the M.Ed. exit assessment.
TEACHING AND LEARNING
Ed.S., 30 HOURS

Advising: Department of Teaching and Learning, Dr. Susan Tremble, P.O. Box 8134, Statesboro, GA 30460, (912) 478-5596, susatrim@georgiasouthern.edu, FAX: (912) 478-0026, http://coe.georgiasouthern.edu/tandl/

Admission Requirements

Regular
1. Complete requirements for a Master’s degree from a regionally accredited institution.
2. Possess or be eligible for a Professional Level Five Certificate in one of the following fields: Art, Early Childhood Education, Foreign Languages, Health/PE, Music, Special Education, Middle Grades, Instructional Technology, Reading, or a Secondary Education program area.
3. Present a 3.25 or higher GPA on all graduate work attempted.
4. Present official report of scores on the Miller Analogies Test (MAT) or the verbal, quantitative and analytical writing sections of the Graduate Records Examination (GRE).
5. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional
Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first six (6) hours of coursework after admission and meet any other stipulations outlined by the department to be converted to regular status.

Research Sequence Requirements ........................................................................................................................................................................9 Hours

EDUR 8131 - Educational Statistics I (3)  
*EDUR 8434 - Field-Based Educational Research (3)  
**ESED 8839 - Seminar and Field Study (3)

Major Requirements ........................................................................................................................................................................................................... 12 Hours

#ESED 8130 - Research on Current Trends and Issues (3)  
+ESED 8131 - Teacher Leadership (3)  
+ESED 8132 - Curriculum and Instruction (3)  
+ITEC 8231 - Transforming Learning with Technology (3)

++Emphasis Area (or) Electives ....................................................................................................................................................................................................... 9 Hours

OTHER PROGRAM REQUIREMENTS

• Successful completion of the Ed.S. Comprehensive Exit Assessment; involves constituting a three faculty advisory committee to guide field study, and requires the completion and oral presentation of a major field-based action research paper
• Must successfully complete assessments identified at each program transition point

*Prerequisites: EDUR 8131, ESED 8130, ESED 8131, ESED 8132, ITEC 8231
**Prerequisites: EDUR 8131, EDUR 8434, ESED 8130, ESED 8131, ESED 8132, ITEC 8231

#Must be taken during the first 9 hours; Prerequisite: Admission into the Ed.S. in Teaching and Learning
+Prerequisite: ESED 8130
++Candidates may select an emphasis from one of the following areas: Science Education, Mathematics Education, Social Science Education, English Education, Technology Education, Business Education, Instructional Technology, Reading Education, Art Education, Music Education, Health and Physical Education, Foreign Language Education, Middle Grades Education, Special Education, or Early Childhood Education. An emphasis area is not required.
EARLY CHILDHOOD MATH ENDORSEMENT

Purpose. Prepares mathematics specialists for grades Preschool - 5 students.

Requirements
1. Hold a bachelor’s degree from a regionally accredited institution.
2. Hold a valid Professional Level Four Teaching Certificate (T4) in Early Childhood Education.
3. Complete 12 semester hours of prescribed course work.
   - MATH 5130G - Statistics and Probability for K-8 Teachers (3)
   - MATH 5135G - Algebraic Connections for K-8 Teachers (3)
   - MATH 5137G - Geometry for K-8 Teachers (3)
   - MATH 6130 - Fundamental Concepts of Arithmetic and Geometry (3)
ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) 
EDUCATION ENDORSEMENT

Purpose. Prepares individuals to teach English to speakers of other languages in grades P-12.

Requirements
1. Hold a bachelor’s degree from a regionally accredited institution or admission to the Teacher Education Program.
2. Hold a valid Georgia Professional Level Four Teaching Certificate (T4) or admission to the Teacher Education Program.
3. Complete 9 semester hours of prescribed course work.
   - ESED 5233G - Applied Linguistics: ESOL (3)
   - ESED 5234G - Cultural Issues: ESOL (3)
   - ESED 5235G - Methods for ESOL (3)
READING ENDORSEMENT:
CLASSROOM TEACHER OF READING PROGRAM

**Purpose.** Prepares individuals to teach reading at the grade levels of their certification.

**Requirements**
1. Hold a bachelor’s degree from a regionally accredited institution.
2. Hold a valid professional Georgia teaching certificate (T4).
3. Complete 9 semester hours of prescribed course work.
   - READ 7131 - Approaches to Reading Instruction (3)
   - READ 7132 - Diagnosis and Correction of Reading Difficulties (3)
   - READ 7330 - Reading in Content Areas (3)
TEACHER LEADER ENDORSEMENT

**Purpose.** Prepares individuals to be teacher leaders.

**Advising:** Department of Leadership, Technology, and Human Development; Educational Leadership Faculty Contact: Dr. Barbara Mallory bmallory@georgiasouthern.edu. Postal address: P.O. Box 8131, College of Education, Georgia Southern University, Statesboro, Georgia, 30460-8131, Telephone: (912) 478-1428, Fax: (912) 478-7104.

**Requirements**

- EDLD 7530 - The Democracy-centered School Leader (3) *
- EDLD 7531 - Legal and Ethical Issues in School Leadership (3) *
- EDLD 7532 - Empowering Human Resources (3) *

* A key assessment is part of this course.
College of Health and Human Sciences Programs
- Graduate
COACHING CERTIFICATE PROGRAM
18 HOURS

Advising: Department of Health & Kinesiology, Georgia Southern University, P.O. Box 8076, Statesboro, GA 30460, (912) 478-0091, FAX: (912) 478-0381, http://chhs.georgiasouthern.edu/in_sci_kinesiology.html

Program
The program consists of 18 semester credits. Students will take five courses from the existing Master of Science - Major in Kinesiology - Coaching Emphasis degree program. These five courses, which cover the five content areas that are typical of coaching programs nationally, are: administration, sport physiology, athletic training, sport issues and sport psychology. One of these content areas (this is to be interpreted as one course) may be satisfied by documented life experiences or previous graduate course work. (Students may transfer up to two courses from a graduate program at another University.) These documented experiences will be submitted in written form and reviewed by the Program Coordinator and teaching faculty. Previous graduate course work must be supported by an institutional catalog description.

Admission Requirements
Regular
1. Admission to the Georgia Southern University College of Graduate Studies. This requires the following:
   a. Completion of a Bachelor’s degree from an accredited institution.
   b. Official copies of all undergraduate and graduate, if appropriate, transcripts.
   c. An updated resume that includes the following: a) Work history, b) Professional experiences, c) Membership and participation in professional organizations, d) Other experiences related to the academic program, and e) Contact information for a minimum of three references.

2. At the completion of three courses (9 semester credits) the student must sign a form declaring that he/she will complete the Certificate Program (total 18 semester credits) or will apply for admission to a degree seeking program. This is necessary because only 9 semester credits (no more than 3 courses) of non-degree course work may be accepted towards completion of a degree program (some exceptions; please see the Georgia Southern University Catalog).

NOTE: Contact the Office of Graduate Admissions for other admission related information.

Course requirements

KINS 7430 - Administrative Issues in Coaching (3)
KINS 7431 - Applied Sport Physiology (3)
KINS 7433 - Prevention, Recognition and Care of Athletic Injuries (3)
KINS 7434 - Current Issues in Coaching (3)
Guided Elective (3)

Select one of the following:
KINS 7530 - Psychology of Peak Performance (3)
KINS 7531 - Team Dynamics (3)
KINS 7534 - Current Issues in Sport Psychology (3)
DOCTOR OF NURSING PRACTICE
D.N.P., 40 HOURS
(Online)

Program Description: The Doctor of Nursing Practice (DNP) is a terminal degree committed to educating advanced practice nurses who possess the knowledge, skills and values necessary to contribute to and lead in the efforts to improve the health care delivery system of the nation. The DNP is a professional terminal degree with an applied nursing focus. Students are trained for advanced-science-based practice and practice-oriented research in private-and/or public sector careers to include clinical practice, health education, research application, leadership, and analysis of health care outcomes. The DNP is a versatile degree which prepares advanced practice nurses (nurse practitioners and clinical nurse specialists) to provide leadership in public and private organizations; assess health care needs, develop and implement new health care practices, care and evaluate health care outcomes; recommend health care policy; and interact with other health care providers and agencies at diverse levels. The program serves both the full-time student preparing for an advanced career in advanced practice nursing, as well as, currently employed nursing professionals seeking advanced education to augment their existing skills to assume leadership positions. The DNP program builds on a high quality MSN curriculum requiring 48 credits for the Family Nurse Practitioner and 36 credits for the Community Health Clinical Nurse Specialist with 810 and 630 clinical hours required respectively.

Model: The Post-Masters DNP requires a minimum of 40 credit hours and is offered on a full-time basis over 3 yrs. Guided by the AACN Essentials for Doctoral Education for Advanced Nursing Practice, sequencing of courses allows the development of content expertise prior to the initiation of the clinical project and experience core. A capstone practicum allows for role immersion and competency integration.

Admission Requirements
This Post-MSN DNP is designed to build upon the foundation of the Advanced Practice Registered Nurse (APRN) role. DNP program is directed toward FNP and CHCNs and closely associated specialty areas (i.e. Adult NP, Adult CNS, Public Health MSN preparation), and other specialty areas reviewed on an individualized basis. All applicants’ prior course work will be reviewed and individual DNP programs of study will be developed. A DNP Admission Committee will review portfolios and applications.

Admission criteria
1. Education
   a. Post-BSN: Bachelor’s degree in the proposed field of study (BSN) or its equivalent from a college accredited by the appropriate accrediting association.
   b. Post-MSN: Master’s degree in the proposed field of study (MSN) or its equivalent from a college accredited by the appropriate accrediting association.
2. Minimum undergraduate or graduate GPA of 3.0 (on 4.0 scale)
3. Satisfactory GRE or MAT scores
4. DNP portfolio to include evidence of:
   a. Vitae to include
      • Personal rationale for seeking DNP
      • Future goals
      • Education
      • Research experience
      • Publications (identify refereed)
      • Professional presentations (identify refereed)
      • Community service projects
   b. Certification in a specialty area for all NPs. For all others, appropriate certification in specialty area, if available.
   c. Discrete graduate nursing courses in Pathophysiology, Pharmacology, and Health/Physical Assessment and Epidemiology course or equivalent --CDC on-line Epidemiology course will meet this requirement.
   d. Academic clinical hours and post-graduation clinical experience in the advanced practice role.
   e. Current registered nursing (RN) licensure
      • For Post-MSN DNP, licensure in state of residence where clinical hours will be completed
      • For Post-BSN DNP, Georgia licensure
   f. Current malpractice liability insurance
   g. American Heart Association Level C (2 person-BLS) CPR certification
   h. Three letters of recommendation from professional colleagues who can attest to academic and clinical acumen
   i. Listing of current technological support for Internet based courses with summary of experience with on-line courses
5. Complete submission of documentation:
   a. College of Graduate Studies application and fee
   b. Graduate Nursing Program DNP application materials
6. Successful interview with faculty committee

Grades: Students in DNP coursework must maintain a 3.0 average (B or better) in course work to proceed in the doctoral program and to be eligible to graduate. Grades in all courses applied toward the doctorate must be B or better. Students will become academically ineligible
when any of the following occur in course work of an approved program of study: 1) a grade of D, F, or WF in any course; 2) a grade of C in any three courses; or 3) the minimum 3.0 average is not achieved within the minimum number of semester hours required for the degree.

**Enrollment:** The DNP requires a minimum of one academic year of continual enrollment.

**Foreign Language Requirement:** There is no foreign language requirement.

**Transfer Credit:** Students may request that up to, but no more than, 6 graduate credit hours be applied toward the 37 credits required for the DNP. Transfer credits must also satisfy the same requirements as course taught for doctoral education within the School of Nursing Graduate Program (e.g., minimum grade of B), be consistent with the student’s approved program of study, and have been received from a regionally accredited college or university. Thesis and dissertation credits cannot be transferred. The student must provide documentation in support of equivalence, such as a course syllabus, transcript, term paper, and/or instructor testimony. Equivalence is determined by the Faculty Advisor or Program Director. Credit reductions do not influence the residency or enrollment requirements or comprehensive examination procedures.

**Course Time Limits:** All requirements for the DNP must be completed within seven academic years from the date of the first enrollment for study following admission to the doctoral coursework. For transfer students, the seven year time limit commences with the semester during which the credit being transferred was earned at another institution.

**Essentials Examination:** The purpose of the Essentials Examination is to assess the student’s knowledge, integration and application of knowledge to problems of advanced nursing practice at the doctoral level of study.

The Essentials Examination can be taken at the completion of 20 credits but must be taken within one semester of completing all course work. The examination will be completed using Internet capability. The School of Nursing DNP Program Committee will determine the 3 questions to comprise the examination. The reading committee members will hold Graduate Faculty status. The examination responses will be awarded a pass, a conditional pass, or a failure. With a pass of all examination components the student may be approved for graduation upon successful completion of all degree requirements.

A conditional pass on any component will require a repeat of that exam component in a format suggested by the DNP Program Committee. Failure of the Essentials Examination may result in additional coursework prior to a second examination. A second failure constitutes dismissal from the program and denial of continued course work to earn the DNP.

**Clinical Immersion Project:** Doctoral students are required to complete a clinical project at an advanced level. A dissertation is not required. The clinical project may take diverse forms (e.g., identification of a health care problem, development of an intervention and analysis of outcomes; an investigation of a health issue with development of health policy strategies to address the health problem; or the development of a complex programmatic strategy within a health care system to address a significant issue). Upon completion of the clinical project the student must present the project to faculty and peers in an appropriate venue determined by the faculty. Submission of the project to a refereed professional organization for presentation or peer reviewed journal for publication is required. It is expected that a minimum of one peer reviewed presentation or peer reviewed publication will be achieved on DNP related content prior to completion of course work.

**DNP Capstone Practicum:** This capstone clinical experience course provides an opportunity to integrate the role of the DNP in a comprehensive real-world context that includes utilization of leadership, consultation, advocacy, and collaboration competencies. Individual experiences will be developed under the guidance of a faculty advisor with completion of 180 hours in an approved setting. Students will be jointly supervised by a graduate faculty member and the clinical site preceptor.

**Faculty Advisor:** Each student will be assigned a faculty advisor upon admission. The role of the faculty advisor is to mentor the student, provide advice and academic support as needed, monitor progress, and to be available for student assistance as appropriate. The faculty advisor will advise the student in regards to chosen electives and modifications to the program of study which must be approved by the Graduate Program Director in order to assure that desired course offerings are available in the sequence desired to ensure timely completion of all course work. The faculty advisor may act as the chair or member of the Clinical Project or Essentials Examination committee.

**Accreditation:** The School of Nursing Graduate Program is accredited by the Commission on Collegiate Nursing Education (CCNE). CCNE will also accredit DNP programs. The accreditation criteria are under development. The current MSN Program and the proposed DNP Program were developed in accordance with the AACN Essentials for both Graduate and DNP Education. The MSN meets the NONPF National Standards for NP Programs and the DNP Program Standards for NP preparation.

Admission Requirements

Regular
1. Completion of a Bachelor's degree from an accredited institution.
2. Minimum grade point average (GPA) of 2.75 (4.0 scale).
3. Minimum score of 400 on the GRE Verbal section plus submission of scores for the:
   a. Quantitative and Analytical sections of the GRE taken prior to October 1, 2002 OR
   b. Quantitative and Analytical Writing sections of the GRE taken after October 1, 2002.
4. A full vita or resume that includes the following: a) Work history, b) Professional experiences, c) Membership and participation in professional organizations, d) Other experiences related to the academic program, and e) Contact information for a minimum of three references.

Provisional
1. Completion of a Bachelor’s degree from an accredited institution.
2. Minimum grade point average (GPA) of 2.50 (4.0 scale).
3. Minimum score of 350 on the GRE Verbal section plus submission of scores for the:
   a. Quantitative and Analytical sections of the GRE taken prior to October 1, 2002 OR
   b. Quantitative and Analytical Writing sections of the GRE taken after October 1, 2002.
4. A full vita or resume that includes the following: a) Work history, b) Professional experiences, c) Membership and participation in professional organizations, d) Other experiences related to the academic program, and e) Contact information for a minimum of three references.

NOTE: Prerequisite undergraduate course work may be required. Contact the Graduate Program Director in the Department of Health and Kinesiology for complete information.

Investigative Core........................................................................................................................................................................6 Hours
   KINS 6130 - Research Design in Kinesiology (3)
   KINS 6131 - Data Analysis in Kinesiology (3)

Students select one of the following emphasis areas: ........................................................................................................................................30 Hours

Sport Psychology Emphasis
   KINS 7530 - Psychology of Peak Performance (3)
   KINS 7531 - Team Dynamics (3)
   KINS 7533 - Sport Psychology Interventions (3)
   KINS 7534 - Current Issues in Sport Psychology (3)
   KINS 7733 - Practicum in Sport Psychology (3)
   KINS 7999 - Thesis (6)
   Guided Major Elective (9)

Athletic Training Emphasis

   Athletic Training Common Courses
   KINS 7333 - Advanced Evaluation Skills in Athletic Training (3)
   KINS 7334 - Advanced Rehabilitation Skills in Athletic Training (3)
   KINS 7335 - Medical Aspects of Athletic Training (3)
   KINS 7336 - Current Topics in Athletic Training (3)
   Guided Major Elective (3)
   KINS 7999 - Thesis (6)

Select one of the following focus areas (9 hours)

   Clinical Instruction Focus
   KINS 7330 - Clinical Teaching Skills in Athletic Training (3)
   KINS 7731 - Clinical Practicum for Teaching Athletic Training Skills (3)
   KINS 7732 - Clinical Practicum for Evaluating Athletic Training Skills (3)

   Clinical Foundations Focus Area (Select 9 hours)
   KINS 7230 - Cardiovascular, Respiratory, and Environmental Exercise Physiology (3)
   KINS 7234 - Clinical Applications of Biomechanics (3)
   KINS 7238 - Human Performance and Nutrition (3)
   KINS 7438 - Motor Behavior (3)
   KINS 7530 - Psychology of Peak Performance (3)

Exercise Science Emphasis
   KINS 7130 - Nervous, Endocrine, Muscle, and Metabolic Exercise Physiology (3)
   KINS 7230 - Cardiovascular, Respiratory, and Environmental Exercise Physiology (3)
   KINS 7231 - Laboratory Techniques in Exercise Physiology (3)
   KINS 7234 - Clinical Applications of Biomechanics (3)
   KINS 7238 - Human Performance and Nutrition (3)
KINS 7799 - Internship (6) OR KINS 7999 - Thesis (6)
Select one of the following focus areas (9 hours)

**Biomechanics Focus Area**
- KINS 7235 Instrumentation Techniques in Biomechanics (3)
- KINS 7432 Applied Sport Biomechanics (3)
- KINS 7438 Motor Behavior (3)

**Clinical Exercise Physiology Focus Area**
- KINS 7236 Cardiopulmonary Pathophysiology and ECG Interpretation (3)
- KINS 7237 Exercise and Special Populations (3)
- KINS 7239 Clinical Exercise Physiology (3)

**Applied Exercise Physiology Focus Area**
- KINS 7232 Health Appraisal and Fitness Testing (3)
- KINS 7237 Exercise and Special Populations (3)
- KINS 7431 Applied Sport Physiology (3)

**Coaching Emphasis**
*Note: The Coaching Emphasis is offered online.*
- KINS 7430 - Administrative Issues in Coaching (3)
- KINS 7431 - Applied Sport Physiology (3)
- KINS 7432 - Applied Sport Biomechanics (3)
- KINS 7433 - Prevention, Recognition, and Care of Athletic Injuries (3)
- KINS 7434 - Current Issues in Coaching (3)
- *Guided Major Electives (9)*
- Elective (3)

Select one of the following:
- KINS 7530 - Psychology of Peak Performance (3)
- KINS 7531 - Team Dynamics (3)
- KINS 7534 - Current Issues in Sport Psychology (3)

*Students may select KINS 7999 Thesis (6) to replace 6 hours of the Guided Major Electives*

**Physical Education Emphasis**
*Note: The Physical Education Emphasis is offered online but does require on campus work during the summer.*
- HLTH 8430 - Current Issues/Trends in School Health Education (3)
- KINS 7110 - Multicultural Issues in Physical Education (1)

- KINS 8430 - Supervision of Instruction in Physical Education (3)
- KINS 8431 - Curriculum Issues/Trends in Physical Education (3)
- Guided Major Elective (3)
- Elective (3)
NURSING M.S.N., 36-48 HOURS (Hybrid)*

Programs Available: MSN Degree, Post-MSN Certificate, RN-MSN - Earn BSN and MSN
Total Hours: 36-48 credit hours depending on major. Post-MSN Certificate options variable in length.
Advising: School of Nursing, Graduate Program, Dr. Donna Hodnicki, P. O. Box 8158, Statesboro, GA 30460-8158, (912) 478-0017, FAX (912) 478-1679; dhodnicki@georgiasouthern.edu, http://www.georgiasouthernhealthscience.com/departments/school-of-nursing/graduate/graduate-program-info.html

* Courses are offered in hybrid format using Internet and 6 on-campus class meetings per course per semester.

Admission Requirements
1. Bachelor’s degree in the proposed field of study (BSN) or its equivalent from a college accredited by the appropriate accrediting association.
2. Current Georgia RN license. Out-of-state students must obtain a Georgia RN license.
3. Two years of clinical nursing experience prior to entering the nurse practitioner clinical specialty.
4. Prerequisite undergraduate statistics course or a statistically oriented methodology course.
5. Pre-admission interview by nursing faculty.
6. Submission/completion of documentation:
   a. College of Graduate Studies application
   b. Georgia Southern Health Services form
   c. School of Nursing graduate application
   d. Proof of current malpractice liability insurance
   e. Proof of American Heart Association Level C (2 person-BLS) CPR certification
   f. Three letters of recommendation
   g. School of Nursing Student Health Appraisal forms

Specific Admission Policies
Must gain Regular or Provisional Degree-Seeking Status admission to the MSN program to be eligible to enroll in graduate nursing courses. Non-degree students are not permitted to enroll in graduate nursing courses with the exception of students formally admitted to the Post-MSN Certificate options.

Regular
Minimum undergraduate GPA of 3.0 (on 4.0 scale) plus one option below:
1. Minimum Miller Analogy Test (MAT) of 44 (for test taken prior to October 2004); 402 (for test taken after October 1, 2004).
2. Minimum Verbal 450 and minimum 450 on Quantitative or Analytical on Graduate Record Examination (GRE) taken prior to October 1, 2002.
3. Minimum Verbal and Quantitative of 450 and minimum Writing Level of 4 on GRE taken after October 1, 2002.

Provisional
Minimum undergraduate GPA of 2.7 (on 4.0 scale) plus one option below:
1. Minimum Miller Analogy Test (MAT) of 36 (for test taken prior to October 2004); 389 (for test taken after October 1, 2004).
2. Minimum Verbal 450 and minimum 350 on Quantitative or Analytical on Graduate Record Examination (GRE) taken prior to October 1, 2002.
3. Minimum Verbal and Quantitative of 400; Writing Level of 3 on GRE taken after October 1, 2002.

**Courses for Majors**

**OTHER PROGRAM REQUIREMENTS**

- See academic standards and regulations in the graduate section for information on Program of Study and comprehensive examination procedures.
- Students must meet the progression policies of College of Graduate Studies and the MSN Program.
- A student admitted Non-degree to the Post-MSN Certificate options must meet the same academic standards and regulations for progress and retention as a Degree-seeking student.
- Students completing the Family Nurse Practitioner and Women’s Health Nurse Practitioner MSN degree or Certificate option are eligible to sit for national certification examination.
- Preference is given to applicants with a desire to work in rural or under served areas. Minority and rural students are encouraged to apply.
RECREATION ADMINISTRATION
M.S., 36 HOURS

Advising: Department of Hospitality, Tourism and Family and Consumer Sciences, Dr. Henry Eisenhart, Georgia Southern University, P.O. Box 8077, Statesboro, GA 30460, (912) 478-5463, FAX: (912) 478-0386 E-Mail: henry_e@georgiasouthern.edu, http://chhs.georgiasouthern.edu/m_recreation.html

Admission Requirements

Regular
For unqualified admission to the College of Graduate Studies to pursue work leading to the Master of Science (Major in Recreation Administration), the applicant must have:
1. Completed requirements for the Bachelor’s degree in a college accredited by a proper regional accrediting association.
2. A 2.5 (4.0 scale) cumulative grade point average or higher in undergraduate work.
3. Minimum Graduate Record Examination (GRE) subtest scores of 450 Verbal, plus 450 Quantitative or Analytical, to meet a subtest score total of 1200; or minimum subtest scores of 450 Verbal, 450 Quantitative and 3 on the Analytical Writing section for persons taking the GRE after October 1, 2002. One may also score 44 on the Miller Analogies Test (MAT) or make an acceptable score on the Graduate Management Test (GMAT). GMAT scores are evaluated by the following formula: 200 x overall GPA + the GMAT score must equal no less than 1000 for regular admission.
4. An undergraduate major in Recreation or a discipline closely related to one of the recognized emphasis areas associated with undergraduate recreation education.
5. Successfully completed a three semester hour introductory recreation course and a three semester hour introductory statistics course. Those candidates who have not completed the above courses will be required to complete these or equivalent courses prior to or during graduate course work. Exceptions to this requirement must be approved by the Chair of the Department of Hospitality, Tourism and Family and Consumer Sciences.
6. Three letters of recommendation by persons familiar with the applicant’s academic and/or employment experience.

Provisional
Provisional admission may be granted with a 2.5 undergraduate grade point average and minimum GRE subtest scores of 400 Verbal plus 400 Quantitative or Analytical for a subtest score total of 1100; or minimum subtest scores of 400 Verbal, 400 Quantitative and 3 on the Analytical Writing section for persons taking the GRE after October 1, 2002. Provisional admission may also be granted with a 40 MAT; or GMAT scores are evaluated by the following formula: 200 x overall GPA + the GMAT score must equal no less than 950 for provisional admission.

Program of Study
The Chair of the Department of Hospitality, Tourism and Family and Consumer Sciences shall name the major professor who, in conference with the graduate student, will develop a Program of Study to include:

Required Recreation Core Requirements.................................................................18

Hours
RECR 6030 - Selected Topics in Recreation and Sport (3) OR RECR 7830 - Directed Individual Study (3) OR SMTG 6337 - Sport Facility and Event Management (3)
RECR 7230 - Research Methods and Statistical Applications in Recreation and Sport Management (3)
RECR 7236 - History and Philosophy of Leisure and Sport (3)
RECR 7237 - Recreation Management (3)
SMTG 6330 - Social and Ethical Issues of Sport and Leisure (3)
SMTG 7335 - Sport Law and Risk Management (3)

Guided Electives (9 for Internship and 12 for Thesis) ......................................................... 9-12

Hours
Students may choose electives in any of the following areas or from advisor approved options:
Business
Environmental Studies
Higher Education
Historic Preservation
Hospitality
Kinesiology
Natural and Cultural Resource Management
Psychology
Public Administration
Sociology
Sport Management
Tourism

INTERNERSHIP OPTION........................................................................................................9

Hours
Students choosing not to pursue the emphasis area may choose the internship which will fulfill 600 hours of full time work experience in place of the 9 credit hours of emphasis, or the thesis. Internships must be approved by the student’s advisor.

THESIS OPTION ......................................................................................................................6

Hours
This option is for students who have an interest in research and is strongly recommended for those students planning to pursue doctoral study. Students, with support from their major professor and committee, will develop a thesis proposal, conduct appropriate research, analyze results, and produce a finished written product. Students must follow all policies and guidelines developed by the College of Graduate Studies. The thesis option is completed by a thesis defense.
SPORT MANAGEMENT
M.S., 36 HOURS

Advising: Department of Hospitality, Tourism and Family and Consumer Sciences, Dr. Sam Todd, Georgia Southern University, P. O. Box 8077, Statesboro, GA 30460, (912) 478-5054, FAX: (912) 478-0386, Email: sytodd@georgiasouthern.edu

Admission Requirements

Regular
For regular admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science (Major in Sport Management), the applicant must have:
1. Completed requirements for the Bachelor’s degree in a college or university accredited by the proper regional accrediting association.
2. A 3.00 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. Minimum Graduate Record Examination (GRE) subtest scores of 450 Verbal plus 450 Quantitative or Analytical, to meet a subtest score total of 1200; or minimum subtest scores of 450 Verbal, 450 Quantitative and 3 on the Analytical Writing section for persons taking the GRE after October 1, 2002. One may also score 44 on the Miller Analogies test (MAT) or make an acceptable score on the Graduate Management Admission Test (GMAT). GMAT scores are evaluated by the following formula: 200 x overall GPA + the GMAT score must equal no less than 1000 for regular admission.
4. Two letters of recommendation by persons familiar with the applicant’s academic or professional experience.
5. Successful completion of a personal interview with members of the faculty.

Provisional
Provisional admission may be granted with a 2.5 undergraduate grade point average and minimum GRE subtest scores of 400 Verbal plus 400 Quantitative or Analytical for a subtest score total of 1100; or minimum subtest scores of 400 Verbal, 450 Quantitative and 3 on the Analytical Writing section for persons taking the GRE after October 1, 2002. Provisional admission may also be granted with a 36 MAT or 950 GMAT formula.

Program of Study

The Chair of the Department of Hospitality, Tourism and Family and Consumer Sciences shall name the major professor who, in conference with the graduate student, will develop a Program of Study to include:

Sport Management Core .........................................................................................................................................................12

SMGT 6335 - Sport Administration (3)
SMGT 7330 - Research Methods and Statistical Applications in Recreation and Sport Management (3)
SMGT 7335 - Sport Law and Risk Management (3)
SMGT 7337 - Sport Marketing (3)

Guided Sport Management Electives ........................................................................................................................................6-15

RECR 6030 - Selected Topics in Recreation and Sport (3)
RECR 6230 - Computer Applications in Recreation and Sport Management (3)
SMGT 6030 - Selected Topics in Sport Management (3)
SMGT 6330 - Social and Ethical Issues of Sport and Leisure (3)
SMGT 6337 - Sport Facility and Event Management (3)
SMGT 7339 - Sport Finance and Management Strategy (3)

Guided Business Electives .........................................................................................................................................................6-9

MGMT 7330 - Leadership and Motivation (2)
MGNT 7332 - Management of Not for Profit Organizations (3)
MGNT 7335 - Entrepreneurship (3)
MGNT 7338 - The Human Resource Process (3)
MKTG 7431 - Strategic Marketing Management (3)
MKTG 7435 - Global Marketing (3)
MKTG 7830 - Special Topics in Marketing (3)

Thesis/Internship Option

Thesis Option (6 Hours)
This option is for students who have an interest in research and is strongly recommended for those students planning to pursue doctoral study. Students, with support from their major professor and committee, will develop a thesis proposal, conduct appropriate research, analyze results, and produce a finished written product. Students must follow all policies and guidelines developed by the College of Graduate Studies, including the Georgia Southern University Graduate Student Manual. The thesis option is completed by a thesis defense.

Internship Option (9 Hours)
This option is for students whose primary interest lies in a career in the sport industry. The internship may begin upon completion of at least 27 hours of course work. The internship must consist of at least one full academic semester. The student/intern is expected to work 35/40 hours per week. At the conclusion of the internship, the student will make a presentation to faculty on all aspects of their activities during the internship.
College of Liberal Arts and Social Sciences
Programs - Graduate
CLINICAL PSYCHOLOGY
Psy.D.,

108 Hours beyond Bachelor’s degree including dissertation; 99 semester hours of coursework
Advising: Department of Psychology, Dr. Edward W. L. Smith, P. O. Box 8041, Statesboro, GA, (912) 478-5343, ESmith@georgiasouthern.edu, FAX: (912) 478-0751, http://class.georgiasouthern.edu/psychology/psyd.html

Program Mission
The primary objective of this program is to train doctoral-level professional psychologists to practice psychotherapy and assessment skills in the underserved rural areas of Georgia. This training will be accomplished through coursework, practicum and internship experiences.

Model and Goals
The philosophy of the program is consistent with a practitioner-scholar model of education and training. Therefore, graduates of the program are awarded the Psy.D. degree and are trained to be primarily practitioners of clinical psychology. The graduate experience is designed to develop the personhood of each student on par with academic and technical competence. Keeping in mind the acute need for clinical psychologists in rural areas, students will be selected, in part, for their commitment to a pursuit of rural practice. The faculty has identified goals and objectives for students while in the program. These are based on the core competencies of clinical education and training stated by the American Psychological Association (APA) and the National Council of Schools in Professional Psychology (NCSPP).

This program is based on an inclusive theoretical orientation, taking as elements the following clinical positions: behavioral, cognitive, existential, family systems, humanistic, and psychodynamic. Having been exposed to various theories within each of these major positions, students are encouraged to develop an ego-syntonic, integrated theoretical orientation. A well and broadly trained faculty makes the implementation of this model possible. Although each faculty member has her or his particular eclectic theoretical position, all clinical faculty share overarching humanistic values. Not attempting to educate clinicians who will be all things to all people, our primary emphasis is on competency in the delivery and supervision of adult psychotherapy and assessment services.

Education and Training Goals and Objectives
1. The foremost goal of this program is to offer high quality graduate education and training in clinical psychology with an emphasis on psychotherapy and assessment in clinical practice. To this end, the Psy.D. program has a clear and coherent curriculum. The training for practice is sequential, cumulative, and graded in complexity. As a practice-oriented program, students will acquire and demonstrate substantial understanding of and competence in the areas specified by the APA “Guidelines and Principles for Accreditation of Programs in Professional Psychology,” 2005, and the consistent education and training model of NCSPP.
   • Objective 1.1: Relationship competence: Students should develop the ability to form productive relationships with clients, community members, faculty, peers, and supervisors. As an aspect of personhood, such development is supported through the requirement of personal psychotherapy, personal work with peers practicing psychotherapy skills in courses involving such, and self-exploration components in the assessment courses.
   • Objective 1.2: Assessment competence: Students are expected to be able to diagnose or define problems through psychological assessment and measurement and to be able to describe in a meaningful manner a well-functioning individual. In addition, students should be able to use appropriate assessment methodologies for the planning of intervention and to assess intervention outcomes.
   • Objective 1.3: Intervention competence: Students are required to be able to form a coherent, theoretically based, and when possible, empirically-supported treatment plan that is revisited and revised as appropriate in the course of treatment.
   • Objective 1.4: Research and evaluation competence: Students are required to demonstrate the ability to (1): formulate a clinically meaningful research question, operationalize the question, develop a sound method for addressing the question, and analyze and interpret the qualitative or quantitative data so generated; or (2) identify a meaningful question of theory and write a scholarly dissertation that significantly deepens or furthers the understanding of said theory; or (3) develop a scholarly and in-depth clinical case study.
   • Objective 1.5: Consultation and education competence: Students will be required to demonstrate the ability to identify situations in the rural community where the on-site education or supervision of lower tier professionals, paraprofessionals, or volunteer mental health workers is called for rather than direct client intervention.
   • Objective 1.6: Management and supervision competence: Through at least two carefully selected practicum placements, students will be given the opportunity to learn about the organization and management of agencies offering mental health services. One practicum course will be specifically devoted to the supervision of graduate students at an earlier point in the program by more advanced students.
   • Objective 1.7: Legal and ethical competence: Students are expected to be conversant with the APA Code of Ethics and to abide by this code in all academic and clinical settings.
   • Objective 1.8: Cultural and diversity competence: Students are expected to understand the impact of culture on clinical practice and to take such into consideration when working with individuals and groups of individuals.
2. The second goal is for the clinical training of students to be well grounded in the breadth of scientific psychology.
   • Objective 2.1: Students will demonstrate knowledge in the following broad areas of psychology: biological aspects of behavior; cognitive and affective aspects of behavior; social aspects of behavior; history and systems of psychology; psychological measurement; research methodology; and techniques of data analysis.
   • Objective 2.2: Students will demonstrate knowledge in the following scientific, methodological and theoretical foundations of clinical practice: individual differences in behavior; human development; psychopathology; ethics and professionalism.
3. The third goal is to promote in students an understanding of rural culture and its impact on clinical practice.
4. As a fourth goal, this program seeks to instill in students a wish for lifelong development of the personhood of the clinician on par with lifelong development of clinical knowledge and skills.

- Objective 4.1: Students will be required to seek out personal psychotherapy while in this program.
- Objective 4.2: Students will be supported and encouraged to attend professional continuing education workshops that are experiential and oriented toward personal growth.
- Objective 4.3: Students will be supported and encouraged to attend professional continuing education workshops that update and teach new clinical knowledge and skills.

Program Goals and Objectives

1. The primary goal of this program is to increase the quality and availability of mental health services in rural areas, particularly in the state of Georgia, by encouraging students who graduate from this program to practice in rural settings.
   - Objective 1.1: Based on the research that indicates that students who come from rural areas and who receive their professional training in rural settings are more likely to practice in such settings, preference will be given to applicants to this program who come from or reside in rural parts of Georgia.
   - Objective 1.2: Vigorous efforts have been made, and continue, to locate and develop working relationships with rural mental health facilities where students may be placed for practicum.

2. The second goal of this program is to further the recognition and the understanding of the impact of the culture of the rural South on human behavior and mental health.
   - Objective 2.1: Both faculty and students are encouraged to engage in research that furthers understanding of the impact of the rural culture of Georgia.
   - Objective 2.2: Both faculty and students are encouraged to present their research and knowledge of rural practice at professional conferences.

Accreditation

Because we are a new program, we are seeking accreditation from the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, GA, 30033-4097). We are also seeking designated program status by the National Register/Association of State and Provincial Board of Professional Psychology. The program is not yet accredited by the American Psychological Association (APA). APA considers a doctoral program for accreditation only after the program has students active in all phases of training, including internship. APA accreditation will be sought as soon as is deemed feasible by the Psychology Department faculty.

Applying to the Psy. D. program

Although academic background, intellectual potential and professional experience and skills will be key selection criteria, we intend to recruit students who are committed to providing service to our region. Therefore, students should carefully consider their interest in rural and underserved populations before applying to the program. Applicants will only be considered for the Psy.D. program (i.e., students will not be admitted for a terminal masters degree in clinical psychology).

Application for Advanced Standing. Students who already have a masters degree in psychology from a regionally accredited institution can apply for advanced standing in the Psy.D. program. Traditionally, very little course credit is allowed to be transferred into a doctoral program in clinical psychology. A master’s degree in clinical psychology does not automatically take the place of the first two years of course work. Course equivalencies will be determined on a case-by-case basis, after a careful examination of the master’s degree transcript and course syllabi for course equivalencies. Any course deficiencies will need to be completed with attention to course sequences and prerequisites before a degree can be awarded. Consideration for course equivalencies will be determined only after the student has been admitted to the Psy.D. program.

Specific admissions procedures are as follows:

1. Applications will be evaluated once per year for Fall admissions. The deadline for applications is January 15.
2. Applicants will submit an application packet which will consist of all material listed in the Application Checklist.
3. An admissions committee, consisting of 5 program faculty elected by the entire program faculty, will review and rank order applications based on the criteria described below.
4. A successful completion of a bachelor’s degree from a regionally accredited institution. Students' academic record will be evaluated based on official transcripts from all previous enrollments in higher education.
   - The following minimum GPA standards will be applied: Undergraduate: 3.25 (out of 4.0); Graduate: 3.5
   - A minimum grade of B in the following undergraduate courses: Introductory Psychology, Psychological Statistics, Research Design, Abnormal Psychology
   - Record of having taken at least two of the following courses: Personality, Social Psychology, Developmental Psychology, Learning and/or Cognition, Health Psychology, Tests and Measurement, Theories of Psychotherapy, Psychology of Substance Abuse.
5. Current (last 5 years) scores from the Graduate Record Exam (GRE). The minimum scores allowable for admission are: 550 (verbal); 550 (quantitative); 550 (psychology subject test).
6. Three letters of recommendation from former professors or appropriate employers/advisors.
7. A written statement of professional goals and a rationale for how the Psy.D. program will further the students' career objectives. This statement will help the committee evaluate applicants' commitment to providing professional service to the rural areas of this region, as well as their understanding of the time commitments involved in undertaking doctoral study.

8. Based upon the recommendation of the Admissions Committee, a personal interview with applicants may be scheduled as part of the admissions process.

Program Requirements
The program is designed to be a five-year, full-time program for those entering with a bachelor's degree. The first four years will include coursework and graded practicum experiences. The fifth year will consist of a full-time (2000 hour) approved internship.

- Annual Evaluations:
  Each year, near the end of the spring semester, students will have an individual meeting with a faculty committee for an evaluation of their progress. The committee will consist of the Director of Clinical Training and at least two other professors under whom the student has studied. The evaluation will assess ongoing development of academic performance and professional skills, ethical judgment and sensitivity, as well as personal attributes or behaviors that may call into questions the student's suitability for career in professional psychology. Documented poor performance in any of these areas will be the basis of efforts by the advisor and program faculty to assist the student in forming and completing a plan for improvement; continued poor performance within specified time frames will be the basis for terminating a student's enrollment in the program.

- Comprehensive Examination, Dissertation, and Qualifying Examination:
  In the spring semester of their second year, all students will take a comprehensive examination that will cover psychotherapy, intellectual assessment, developmental psychology, neuropsychology, ethics, learning and cognition, psychopathology, and personality theory. Passing of this comprehensive examination at an advanced level will allow students to receive the Master of Science (M.S.) degree and to proceed in the Psy.D. program. Passing the comprehensive examination at a minimal level will allow students to receive the M.S. degree but not to continue in the Psy.D. program. Failure to pass the comprehensive examination will result in termination from the program without a degree being awarded. An acceptable doctoral dissertation proposal will be drafted, typically in the summer of the third year, and implemented in the fourth year of study. It is expected that by the time the student begins internship in the fifth year, the dissertation will have been successfully defended. Subject to the approval of the Director of Clinical Training, the dissertation may consist of an empirical study, an in-depth clinical case study, or a theoretical paper suitable for publication. The acceptability of the dissertation proposal, and ultimately the dissertation itself, will be determined by a committee consisting of a chair and at least two other members of the graduate faculty. The constituency of the committee is subject to the approval of the Chair of the Department of Psychology and the Director of Clinical Training. The committee's approval of the dissertation will be based in part on an oral defense held open to the university community. After successful completion of the one-year pre-doctoral internship, each student will be required to pass the national Examination of Professional Practice in Psychology (EPPP), which will constitute the qualifying examination for the Psy.D. degree.

- Practicum:
  Students begin practicum experiences in the second year of the program following first-year instruction in Psychotherapy foundations, specific instruction in skills, and ethics. In the second and fourth years, students will participate in Vertical Supervision teams. These teams will consist of second-year students doing therapy and assessment and fourth-year students doing the supervision under the guidance of faculty mentors. These teams will do their work in sites on campus: the Georgia Southern Community Psychology Clinic (housed within the Department of Psychology), the Georgia Southern University Center for Counseling and Career Development, and the Regents Center for Learning Disorders (focusing on assessment). In the third year, all students will do their practicum in rural clinics. Students should note that rural training sites often require a substantial time commitment. These sites may be quite a distance from campus and may, in some cases, involve overnight stays. All practicum placements will be at training sites with which the psychology department has prior written agreements concerning training and supervision criteria.

- Internship:
  All state examining boards for doctoral level psychologists require candidates for licensure to have completed a one-year, full-time (2,000 hour) pre-doctoral internship at a site accredited by the APA. The listing of the accredited sites is published in the December issue of the American Psychologist each year. The list is also available on-line at http://www.apa.org/ed/accreditation/intern.html. Typically during their fourth year of study, students will meet with the Director of Clinical Training to discuss internship options. Students will then be encouraged to follow the application process outlined by the Association of Psychology Postdoctoral and Internship Centers (APPIC) http://www.appic.org. APA accredited internships are preferred but exceptions can be made, particularly for sites that are not accredited but are listed in the APPIC national match. Whenever possible, rural internship sites will be selected. The Georgia Psychological Association assists students in acquiring internships. Supervision of doctoral students will be done on site.

Program of Study
Below are the courses required for the Psy.D. program. A curriculum by year can be found by visiting the Psychology Department’s web site at http://class.georgiasouthern.edu/psychology/psyd.html

Foundational Psychotherapy .......................................................................................................................... 15 Hours
PSYC 7232 - Foundations of Psychotherapy I (3)
PSYC 7433 - Foundations of Psychotherapy II (3)
PSYC 7237 - Psychotherapy Skills I (3)
PSYC 7333 - Psychotherapy Skills II (3)
PSYC 7633 - Psychotherapy Skills III (3)

Foundational Assessment ........................................................................................................................... 9 Hours
PSYC 7231 - Assessment I (3)  
PSYC 7234 - Assessment II (3)  
PSYC 7335 - Assessment III (3)  

**Biological Bases of Behavior** ................................................................. 6 Hours  
- PSYC 7236 - Physiological and Neuropsychology (3)  
- PSYC 9331 - Psychopharmacology (3)  

**Cognitive and Affective Aspects of Behavior** ....................................... 9 Hours  
- PSYC 7132 - Advanced Learning (3)  
- PSYC 7133 - Advanced Cognitive Psychology (3)  
- PSYC 7531 - Advanced Personality Psychology (3)  

**History and Systems of Behavior** ...................................................... 3 Hours  
- PSYC 9235 - History and Systems (3)  

**Research Methodology and Data Analysis** ......................................... 6 Hours  
- PSYC 7130 - Statistics for Psychology (3)  
- PSYC 7131 - Research Design (3)  

**Human Development and Individual Differences** ................................ 3 Hours  
- PSYC 7331 - Advanced Developmental Psychology (3)  

**Psychopathology** ............................................................................. 3 Hours  
- PSYC 7239 - Psychopathology (3)  

**Professional Standards and Ethics** .................................................... 3 Hours  
- PSYC 7233 - Ethics and Professional Issues (3)  

**Social Aspects of Behavior** ............................................................... 3 Hours  
- PSYC 7332 - Advanced Social Psychology (3)  
- PSYC 7332 - Advanced Social Psychology (3)  

**Cultural and Individual Diversity** ..................................................... 6 Hours  
- COUN 7337 - Cross Cultural Counseling (3)  
- SOCI 5435G - The Rural South (3)  

**Advanced Psychotherapy** .................................................................. 6 Hours  
- PSYC 7235 - Group Psychotherapy (3)  
- PSYC 7238 - Child and Family Psychotherapy (3)  

**Consultation and Supervision** ........................................................... 6 Hours  
- PSYC 9735 - Practicum in Supervision (3) (taken two times)  

**Clinical Practica** ................................................................................ 18 Hours  
- PSYC 7730 - Practicum I (3)  
- PSYC 7731 - Practicum II (3)  
- PSYC 7732 - Practicum III (3)  
- PSYC 9731 - Rural Practicum (3) (taken three times)  

**Internship** ......................................................................................... Experiential Credit  
- Internship in 5th year  

**Clinical Seminar** .............................................................................. 3 Hours  
- PSYC 7630 - Clinical Seminar (3)  

ENGLISH
M.A., 36 HOURS

Total Hours: 30 + 6 hours Thesis

Advising: College of Liberal Arts and Social Sciences, Department of Literature and Philosophy, Dr. John Humma, Georgia Southern University, P.O. Box 8023, Statesboro, GA 30460, phone (912) 478-5779, fax (912) 478-0653, email humma@georgiasouthern.edu, website: http://class.georgiasouthern.edu/litphi/

Admission Requirements

Regular
1. Completed requirements for the Bachelor’s degree in a college accredited by the appropriate regional accrediting associations.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. A minimum score of 550 on the Verbal section of the Graduate Record Examination (GRE) taken prior to October 1, 2002 or a minimum score of no less than 550 on the Verbal and no less than 3.5 on the Analytic Writing sections of the GRE taken after October 1, 2002.
4. An undergraduate major or the equivalent in the proposed field of study.
5. Two letters of recommendation by persons familiar with the applicant’s academic experience.

Provisional
A minimum score of 450 on the Verbal section of the Graduate Record Examination (GRE) taken prior to October 1, 2002 or a minimum score of no less than 450 on the Verbal and no less than 3.5 on the Analytic Writing sections of the GRE taken after October 1, 2002; accompanied by a better than 2.75 (4.0 scale) cumulative grade point average on undergraduate college work. Students who do not meet provisional requirements may appeal to a departmental committee of graduate faculty members for admission.

Program of Study

Required Hours

Hours: ...............................................................................................................................................21

ENGL 7111 - Seminar in College English (1)
ENGL 7121 - Methods of Research (2)
ENGL - Six seminars at the 6000 or 7000 level (18)

Electives (courses at the ENGL 5000 level or additional ENGL seminars).......................................................................................................................................9 Hours

Up to six hours may be taken in other disciplines (no more than one course per department) upon approval of the Director.

Thesis OR Non-Thesis Option .................................................................................................................................................................................................6 Hours

(See below and for more information consult the M.A. English web page at http://class.georgiasouthern.edu/litphi/graduate.htm)

1. Thesis Option

In cooperation with a thesis advisor and committee, the student will write an M.A. thesis (minimum of 60 pages, not counting Notes and Works Cited). The student must pass an oral examination consisting of a discussion of the thesis and of questions related to it. In depth and scope, the thesis must demonstrate originality in research as well as independent and critical judgment in interpreting materials. The major professor shall supervise the research, direct the writing of the thesis, and approve the thesis in its final form. Prior to final approval, the members of the thesis committee will have read the thesis. Both second and third readers shall report all comments to the major professor. See the Graduate Student Manual for additional Thesis information. Prior to beginning the thesis, the student should have the supervisor complete a Thesis Prospectus Form to be approved by the department and the Graduate College.

2. Non-Thesis Option

After completing thirty hours of course work, students may opt to take two additional courses at the 6000-7000 level instead of writing the thesis. They will prepare one of the papers (of fifteen to twenty pages) that they write in those courses to present before a faculty forum, followed by a question and answer session. The paper and the presentation will be assessed by a panel consisting of the student’s teacher for the course and two other professors.

OTHER PROGRAM REQUIREMENTS

Language Requirement

All degree programs leading to the Master of Arts degree require a reading knowledge of a foreign language. French, German, or Spanish is generally required, but another language may be specified by the major professor when the latter is appropriate to the area of research proposed by the student in the thesis prospectus. A foreign national may not use English or his or her native language to satisfy the language requirements.

Georgia Southern University offers the following two options for graduate students who need to complete a foreign language requirement:

1. The language requirement may be satisfied by a minimum grade of “C” in the fourth course of a college-level foreign language that is approved by the student’s advisor.
2. A student primarily interested in reading research in his or her field should prepare to take the Foreign Language Graduate Reading Exam administered by the Department of Foreign Languages. The student must arrange with the Department of Foreign Languages to take the test in the first half of any semester.

Seminars

ENGL 6630 - Seminar in Medieval Literature (3)
ENGL 6631 - Seminar in Shakespeare (3)
ENGL 6632 - Seminar in Literature of the English Renaissance (3)
ENGL 6633 - Seminar in Eighteenth-Century and Restoration Literature (3)
ENGL 6634 - Seminar in Major Authors (3)
ENGL 6635 - Seminar in Women’s and Gender Studies (3)
ENGL 6637 - Seminar in Criticism and Theory (3)
ENGL 7630 - Seminar in World and Comparative Literature (3)
ENGL 7631 - Seminar in the British Novel (3)
ENGL 7632 - Seminar in the American Novel (3)
ENGL 7633 - Seminar in Nineteenth-Century British Literature (3)
ENGL 7635 - Seminar in Nineteenth-Century American Literature (3)
ENGL 7637 - Seminar in Twentieth-Century American Literature (3)
ENGL 7638 - Seminar in Twentieth-Century Poetry (3)
ENGL 7999 - Thesis (6)

A student may repeat a seminar once when it is taught with a different subtitle.
FINE ARTS
M.F.A., 60 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of Art, Director of Master of Fine Art Program, Professor Christina Lemon, Georgia Southern University, P.O. Box 8032, Statesboro, GA 30460, phone (912) 478-5358, fax (912) 478-5104, email: clemont@georgiasouthern.edu.

Admission Requirements
Application Deadlines: March 1 for Fall Semester, October 1 for Spring Semester

Regular
1. Completed requirements for the Bachelor’s degree in a college accredited by the appropriate accrediting association.
2. Completed a minimum of 18 semester hours of undergraduate studio arts courses and a minimum of 9 semester hours of art history.
3. A 2.5 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
4. Prospective students are required to submit a creative portfolio for consideration by the admissions committee in the Art Department (i.e., slides or color reproductions, artist statement, letters of reference, vita and statement of intent) to be sent with application materials.

Program of Study
A student admitted to the Master of Fine Arts degree will pursue either a two-dimensional or three-dimensional concentration. Upon the completion of 30 hours, the student must pass a review of their work. The committee reviewing the work will consist of the major professor and two other art faculty members. A grade of “A” or “B” is required in course work applied toward the degree. No more than two grades of “C” are permitted while seeking the degree. A student earning grades of “C” or below in three courses will be excluded from the program.

Electives outside Major Concentration (6)

Thesis Exhibition and Support Paper (6)

Thesis Exhibition
The student will successfully complete an M.F.A. Thesis Exhibition. The Thesis is to include a major exhibition of studio work supported by a written paper that adheres to the College of Graduate Studies guidelines and explains the historical and theoretical foundations for the student’s work.
HISTORY M.A.,
36 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of History, Director of Graduate Studies, Georgia Southern University, P.O. Box 8054, Statesboro, GA 30460, phone (912) 478-5586, fax (912) 478-0377, website: http://class.georgiasouthern.edu/history/

Admission Requirements
Application Deadlines: March 1, for Fall enrollment; November 15, for Spring enrollment applications. Although later applications will be considered, applicants meeting these deadlines will be given priority consideration for available graduate assistantships.

Regular
Applicants seeking admission to the graduate program in history must have:
1. Completed requirements for the Bachelor’s degree in a college accredited by the proper regional accrediting associations.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work, with a 3.0 cumulative GPA in history and no grade in history lower than a “C.”
3. Minimum Graduate Record Examination (GRE) scores of 500 Verbal plus 500 Quantitative or Analytical for applicants who took the GRE prior to October 2002; or minimum scores of 500 on the Verbal section and 3.5 on the Analytical Writing section of the GRE taken after October 1, 2002. Lower test scores may be considered but the applicant will need strong evidence of the ability to perform satisfactorily in graduate level work.
4. An undergraduate major or the equivalent in history. Students with majors in other fields of study are given equal consideration for admission providing they have at least 15 semester hours (or quarter-system equivalent) of history (at least 12 hours at the upper division level) and a total of 30 hours in the social sciences and humanities.
5. Two letters of recommendation by individuals who are familiar with the applicant’s potential for successful graduate study.
6. A statement of purpose (approximately 250 words) outlining the applicant’s interest in graduate study in history.

Provisional
Non-traditional students and applicants not meeting the above requirements may be considered for Provisional (Probationary) admission as determined on a case-by-case basis.

Program of Study
The department offers thesis and non-thesis options.
The degree candidate for a Master of Arts in History will take 30 hours of course work (out of a total of 36), which includes the following:

General Requirements

Thesis Option

The Historian’s Craft (3)
Reading Colloquium (in area of concentration) (3)
Reading Colloquium (outside area of concentration) (3)
Research Seminar (3)
Historical Writing and Editing (3)
Electives (15) (5000-level courses and above) (Up to six hours may be taken in other disciplines upon approval of Advisor)
Thesis (6)

Non-Thesis Option

Same as above, except candidate will substitute three additional hours of elective and an article-length paper (approximately 10,000 words) for the thesis.

OTHER PROGRAM REQUIREMENTS

• The student must also pass a reading-knowledge examination in an appropriate foreign language, pass an oral examination on courses taken for the degree, and, for the thesis option, pass an oral thesis defense.
MUSIC M.M., 33 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of Music, Dr. Gregory W. Harwood, Music Dept., GSU, P.O. Box 8052, Statesboro, GA 30460, phone (912) 478-5813, fax (912) 478-0583, email: gharwood@georgiasouthern.edu

Admission Requirements:

Regular:
1. A completed bachelor’s degree in music or equivalent.
2. A minimum 2.5 (4.0 scale) cumulative grade point average in undergraduate work.
3. Two letters of recommendation.
4. Requirements pertinent to the student’s intended major area of emphasis:
   a. Composition: satisfactory sample scores for at least 3 different types of compositions
   b. Music Education: L-4 certification by the State of Georgia or its equivalent
   c. Performance: satisfactory audition with compositions from at least 3 different periods

Provisional:
Students may be admitted on a provisional basis if one or more of the requirements listed above are judged to be marginal. Specific provisions for exiting provisional status will be set in each case by the admissions committee and must be satisfied before proceeding past the first 12 semester hours of course work.

Departmental Proficiency Requirements:
Before proceeding past the first 12 semester hours of the degree, all students admitted into the program must demonstrate acceptable proficiency (undergraduate exit level) in music theory (part-writing, analysis, and ear-training) and music history, determined through a test administered by the Department of Music. In addition, candidates in vocal performance must demonstrate acceptable proficiency in diction in both English and at least two foreign languages during their audition; basic undergraduate proficiency levels in the International Phonetic Alphabet (IPA) in German, French, Italian; and fluency in basic keyboard skills. At the discretion of the M.M. Advisor, students who have not met proficiency standards in a particular area may be restricted from enrolling in certain courses related to their deficiency.

All M.M. candidates are required to pass a comprehensive oral examination, covering coursework and their recital or final project.

Emphasis in Composition
- MUSA 7191 - Recital (3)
- MUSC 5233G - Music in the Contemporary Period (3) OR other music history course from the range MUSC 5230G-5236G (3)
- MUSC 6131 - Music Reference Tools and Resources (3)
- MUSC 6531 - Technology in Music (3) OR MUSC 7531 - Advanced Electronic/Digital Music (3)
- MUSC 7331 - Advanced Analytical Techniques (3)
- MUSC 7391 - Composition (6)
Free Electives Approved by Student’s Advisor (12)

Emphasis in Performance
- MUSA 7xxx - Applied Music (6)
- MUSA 7191 - Recital (3)
- MUSC - One music history course from 5230G-5236G (3)
- MUSC 6131 - Music Reference Tools and Resources (3)
- MUSC 7091 - Selected Studies in Music Literature (3)
- MUSC 7331 - Advanced Analytical Techniques (3)
Free Electives Approved by Student’s Advisor (12)

Emphasis in Music Education
- MUSC - One music history course from 5230G-5236G (3)
- MUSC 6131 - Music Reference Tools and Resources (3)
- MUSC 6531 - Technology in Music (3)
- MUSC 7232 - Music Education Research Techniques and Methodologies (3)
- MUSC 7991 - Music Education Final Project (3)
Free Electives (9) Approved by Student’s Advisor

Select two of the following: (or other music education courses approved by advisor)
- MUSC 7231 - History and Philosophy of Music Education (3)
- MUSC 7233 - Methods and Materials in General Music (3)
- MUSC 7234 - 20th Century Music Education Methodologies (3)
- MUSC 7431 - Advanced Choral Techniques and Materials (3)
- MUSC 7432 - Choral Literature (3)
- MUSC 7433 - Advanced Instrumental Techniques and Materials (3)
- MUSC 7434 - Band Literature (3)
- MUSC 7632 - Interdisciplinary Music Education (3)

Select one of the following:
- ECED 7130 - Creativity and Children (3)
- EDUC 7130 - Curriculum Theories and Design (3)
- EDUC 8130 - Curriculum for Effective Schooling (3)
- EDUC 7130 - Learning Theories and Applications (3)
EMPHASIS IN MUSIC TECHNOLOGY

MUSC 5233G - Music in the Contemporary Period (3) OR other music history course from the range MUSC 5230G-5236G (3)
MUSC 5630G - Music, Technology, and Contemporary Culture (3)
MUSC 6131 - Music Reference Tools and Resources (3)
MUSC 6531 - Technology in Music (3)
MUSC 7932 - Music Technology Final Project (3)

Select two of the following:
MUSC 7092 - Selected Topics in Music (Music Technology Subject) (3)
MUSC 7531 - Advanced Electronic/Digital Music (3)
MUSC 7532 - Producing Music with Technology (3)
MUSC 7533 - Sound Design and Processing (3)

Select 12 hours from the following Free Electives: Approved by Student's Advisor

EDUF 7231 - Comparative Educational Thought (3)
EDUF 7233 - School and Society (3)
EDUF 7234 - History of American Education (3)
EDUF 7235 - Multicultural Education (3)

GCM 7232 - Multimedia for Business and Industry (3) OR GCM 5332G - Multimedia Presentations (3)
PSYCHOLOGY
M.S., CLINICAL TRACK: 45 HOURS
EXPERIMENTAL TRACK: 36 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of Psychology, Dr. John Murray, Georgia Southern University, P.O. Box 8041, Statesboro, GA 30460, phone (912) 478-5447, fax (912) 478-0751, email jmurray@georgiasouthern.edu, website: http://class.georgiasouthern.edu/psychology/

Admission Requirements
New students are admitted to the program in Fall semester only. The program is limited to 12 new students.

Regular
The applicant must have:
1. Completed requirements for the Bachelor’s degree in a college accredited by the proper regional accrediting associations.
2. Taken Introduction to Psychology, an introductory statistics course, and at least two additional courses in psychology. (Research Methods or Experimental Psychology preferred).
3. A 3.0 (4.0 scale) cumulative grade point average or higher on undergraduate work.
4. A score of no less than 450 on the Verbal section and 450 on the Quantitative section of the Graduate Record Examinations (GRE).
5. Submitted:
   a. A personal statement that includes a description of career goals, reasons for applying for graduate study at Georgia Southern University, a list of academic achievements, non-academic achievements, relevant work experience, a self-evaluation of maturity level and character.
   b. Recommendations from three individuals who can speak of the applicant’s undergraduate academic performance, potential for graduate study, and maturity level and character.

Provisional
For applicants who meet one but not both the GPA requirement and the GRE requirement, provisional admission may be granted by the departmental graduate faculty based on their consideration of the materials submitted by the applicant and an interview if done.

Program of Study
Statistics and Research Design (6)
Content courses, e.g., Developmental Psychology, Cognitive Psychology (18)
Applied research courses, e.g., Research Experience (6)
Thesis (6)

Total: ........................................................................................................................................................................36 Hours

OTHER PROGRAM REQUIREMENTS
• All students in the MS program must pass a written comprehensive exam given during the spring semester of their second year. The thesis requires an oral defense.
PUBLIC ADMINISTRATION
M.P.A., 36 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of Political Science, Dr. Erik Brooks, MPA Program, Georgia Southern University, P.O. Box 8101, Statesboro, GA 30460, phone (912) 478-1400, fax (912) 478-1396, email: mpa@georgiasouthern.edu

Admission Requirements

Regular
A student must have the following items in his or her portfolio:
1. Completed requirements for the Bachelor’s degree in a college accredited by proper regional accrediting association.
2. A 2.5 (4.0 scale) cumulative grade point average in undergraduate work.
3. Regular admission is typically offered to applicants who score at least 400 on the Verbal or Quantitative section of the Graduate Record Examination (GRE) and have a score of at least 900 on the combined Verbal and Quantitative sections; and score at least 3 on the Analytical Writing section of the GRE taken after October 1, 2002.
4. A current resume detailing relevant work experience.
5. Three (3) letters of recommendation from persons familiar with the applicant’s academic or employment experience.
6. Statement of career goals and objectives.

Provisional
In the following circumstances, applicants who do not meet the above criteria may be admitted:
1. Provisional admission will be considered for applicants with an individual Verbal or Quantitative GRE section score of less than 400, or less than a 3 on the analytical Writing section if strong evidence of ability to perform well in graduate work is provided through reference to work experience or other means.
2. An applicant whose undergraduate record does not include American Government and/or Statistics with a minimum grade of “C” will be required to complete such course work before being allowed to enroll for more than 15 hours of graduate course work. (International students may have the American Government requirement waived as a prerequisite for admission, but must take such a class in the first semester enrolled in the MPA program.)

Non-Degree
In cases of incomplete admission applications, an applicant must have an undergraduate GPA of 2.5 and will be restricted to two courses per semester (determined by the program director).

Prerequisites:
At least one undergraduate class in American Government and one in Statistics, each completed with a minimum grade of “C”.

Program of Study
The graduate student and the MPA Program Director shall jointly develop a Program of Study which includes a 3-semester hour core course, 15 semester hours in basic principles courses, 4 semester hours in administrative skill courses, 9 (pre-service students) or 12 (in-service students) hours of electives, 3 semester hours of internship (pre-service students only), and 2 semester hours in a capstone course.

Core Requirements
PBAD 7620 - Capstone Seminar in Public Management (2)
P BAD 7631 - Foundations of Public Administration (3) ........................................................5 Hours

Basic Principles
Select one of the following
PBAD 7130 - Ethics in Government (3)
P BAD 7133 - Public Law and Administration (3)
Select one of the following
PBAD 7230 - Budgeting in the Public Sector (3)
P BAD 7232 - Public Sector Financial Management (3)
Select one of the following
PBAD 7330 - Intergovernmental Relations (3)
P BAD 7331 - Managing Small Cities and Towns (3)
P BAD 7332 - State Government (3)
P BAD 7334 - Rural Development Management (3)
P BAD 7335 - Urban Management (3)
Select one of the following
PBAD 7430 - Public Personnel Management (3)
P BAD 7431 - Organizational Behavior in the Public Sector (3)
Select one of the following
PBAD 7530 - Research Methods for Government (3) (prerequisite of “C” or better in undergraduate statistics)
P BAD 7531 - Public Program Evaluation (3) (if the student had strong undergraduate methods training) ........................................................4 Hours

Administrative Skills
Select two of the following:
PBAD 7020 - Selected Skills in Public Management (2)
P BAD 7120 - Written Communication for Public Managers (2)
P BAD 7121 - Presentations for Public Managers (2)
P BAD 7122 - Grant Writing for Public Managers (2)
P BAD 7220 - Computer Applications for Public Managers (2)
P BAD 7221 - Geographic Information Systems (2)
PBAD 7320 - Community Organizing and Development (2)
PBAD 7321 - Diversity Issues in Public Management (2)

**Public Administration or Related Electives**.......................... 9 Hours (preservice) OR 12 Hours (inDefaultValue)

**Other Program Requirements**..................................................3 Hours (preservice)

Students who are not professionally employed in the public or non-profit sector while a student in the MPA program will be required to complete an internship in a public agency or non-profit organization before completing the program. Students must have completed at least 15 semester hours and have a GPA in the MPA program of at least 3.0 before enrolling for credit in the internship.
SOCIAL SCIENCE
M.A., 36 HOURS

Advising: College of Liberal Arts and Social Sciences, Department of Sociology and Anthropology, Georgia Southern University, P.O. Box 8051, Statesboro, GA 30460, (912) 478-5443, FAX: (912)478-0703

Admission Requirements
Regular
1. An undergraduate degree from an accredited, four-year institution (or a course of study that is the equivalent of such a degree).
2. A statement of purpose expressing student’s aspirations.
3. A favorable review by the Social Science Graduate Admissions Committee. Consideration is given to an applicant’s potential for succeeding in the program, undergraduate GPA, GRE Scores, and career aspirations.

Required Core Courses .................................................................12

Hours
SOCI 6638 - Proseminar in Social Science (3)
Theory (3) (Can be any ANTH, HIST, POLS, PSYC, or SOCI theory course)
Methods and/or Analysis (6) (Can be any ANTH, HIST, POLS, PSYC, or SOCI methods and/or analysis)

Elective Courses ......................................................................................................................18

Hours
A student will develop a program of study in conjunction with their advisor and approved by the graduate Director. A student will select an area of concentration in Anthropology, History, Political Science, Psychology, or Sociology.

General Program Requirements
An area of concentration requires a minimum of 15 hours of coursework from within anthropology, history, political science, psychology or sociology. At least 50% of the courses applicable toward a graduate degree must come from courses at the 6000-level or above. Enrollment in courses outside anthropology, history, political science, psychology, and sociology is limited to a maximum of 6 semester hours. Courses that are taken to fulfill a prerequisite for admission may not be used to satisfy elective course hour requirements. It is suggested that students take courses from at least three disciplines.

Terminal Courses.....................................................................................................................6

Hours
Applied/Public Service Track
The applied/public service track is for students who plan to enter applied or public service venues. Students must complete 6 hours of coursework that has an applied/public service emphasis (e.g. additional classes in methods, statistics, grant writing, program evaluation, public policy, or field research). Specific courses must be approved by the advisor and graduate director.

Research Thesis Track
The research thesis track is strongly recommended for students who plan to continue in graduate or professional education. The thesis may be theoretical or empirical and should represent the student’s knowledge of social science theory, methodology and a substantive area as well as the ability to conduct research. Data for empirical research projects may be qualitative and/or quantitative and primary and/or secondary in nature.
SPANISH
M.A., 42 HOURS

Total Hours: 36 + 6 hours Thesis
Advising: Department of Foreign Languages, Dr. Donnie D. Richards, Georgia Southern University, P.O. Box 8081, Statesboro, GA 30460, (912) 478-5281, fax: (912) 478-0652, email: dondean@georgiasouthern.edu

Admission Requirements
Regular
1. Completed requirements for the Bachelor's degree in a college accredited by the appropriate regional accrediting associations
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work
3. A score of no less than 550 on the Verbal section of the Graduate Record Examinations (GRE)
4. An undergraduate major or the equivalent in the proposed field of study or permission
5. Two letters of recommendation by persons familiar with the applicant's academic experience
6. Successful completion of Spanish proficiency exam administered by Georgia Southern University Department of Foreign Languages or other accredited institution

Provisional
A minimum score of 450 on the Verbal section of the GRE accompanied by a better than 2.75 (4.0 scale) cumulative grade point average on undergraduate college work. Students who do not meet provisional requirements may appeal to a departmental committee of graduate faculty members for admission.

Program of Study
Candidates for the M.A. in Spanish must complete a total of 42 hours.
1. Thesis Option: 30 hours required course work + 6 hours of electives + 6 hours Thesis
   In cooperation with a thesis advisor and committee, the student will write an M.A. thesis (minimum of 60 pages, not counting Notes and Works Cited). The student must pass an oral examination consisting of a discussion of the thesis and of questions related to it. In depth and scope, the thesis must demonstrate originality in research as well as independent and critical judgement in interpreting materials. The major professor shall supervise the research, direct the writing of the thesis, and approve the thesis in its final form. Prior to final approval, the members of the thesis committee will have read the thesis. Both second and third readers shall report all comments to the major professor. Prior to beginning the thesis, the students should have the supervisor complete a Thesis Prospectus Form to be approved by the department and the Graduate College. Upon completion of the thesis there will be a thesis defense administered by the major advisor and at least two other members of the Spanish faculty as determined by the candidate and the advisor.
2. Non-Thesis Option: After completing 30 hours of required course work, students who do not plan to enter a Ph.D. program will take 12 additional hours instead of writing the thesis. Students choosing the non-thesis option will prepare a paper (fifteen-twenty pages) that they write in their last six hours of course work to present before a faculty forum, followed by a question and answer session. The paper and the presentation will be assessed by a panel consisting of the student's teacher for the course and two other professors.
3. All degree candidates will take a comprehensive examination over course work and a masters reading list which will be placed in their hands upon entering the degree program

OTHER PROGRAM REQUIREMENTS
Language Requirement
All degree programs leading to the Master of Arts degree require a reading knowledge of a second foreign language. Either French, German, Japanese or Latin is generally required, but another language may be specified by the major professor when the latter is appropriate to the area of research proposed by the student in the thesis prospectus. A foreign national may not use English or his or her native language to satisfy the language requirements.

Georgia Southern University offers the following two options for graduate students who need to complete a foreign language requirement:
1. The language requirement may be satisfied by a minimum grade of “C” in the fourth course of a college-level foreign language that is approved by the student's advisor.
2. A student primarily interested in reading research in his or her field should prepare to take the Foreign Language Graduate Reading Exam administered by the Department of Foreign Languages. The student must register for the exam with the Department of Foreign Languages no later than the last week of the semester before the test is to be taken. The examination will be based on material selected in advance by the student and approved by the examiner. The exam will have a limit of two hours, during which time the student will be expected to prepare a reasonably accurate written translation of several passages selected by the examiner. The use of dictionaries during the exam will be permitted. The examining committee for foreign languages shall report “pass” or “fail” to the College of Graduate Studies.

Required Courses
Thesis option
- SPAN 5230G - Medieval Literature (3)
- SPAN 6130 - History of the Spanish Language (3)
- SPAN 6132 - Phonetics (3)
- SPAN 6230 - Survey of Colonial Spanish American Literature (3)
- SPAN 6231 - Survey of 18-19C Spanish American Literature (3)
- SPAN 6232 - 16-17C Drama in Spain (3)
- SPAN 6233 - 16-17C Poetry and Prose in Spain (3)
- SPAN 6235 - Major Authors in Spain: 18th-21st Centuries (3)
SPAN 7131 - Stylistics (3)
SPAN 7236 - Contemporary Spanish American Literature (3)
SPAN 7999 - Thesis (6)
SPAN - Additional course work at the 6000 or 7000 level (6)

Non-thesis option
Same 30 hours as above

Plus 12 additional hours course work at the 5000 level or above
Select four of the following additional hours:
SPAN 5030G - Selected Topics in Spanish (3)
SPAN 5232G - Literature of Hispanic Minorities (3)
SPAN 5234G - Modern Peninsular Women Writers (3)
SPAN 5235G - Modern Spanish American Women Writers (3)
SPAN 5330G - African Hispanic Culture (3)
SPAN 5331G - Latinos in the USA (3)
SPAN 5332G - Hispanic Culture Through Cinema (3)
SPAN 5890G - Directed Studies in Spanish (3)
SPAN 6234 - Spanish American Poetry: 1910 to the Present (3)
SPAN 6236 - Modern Spanish American Theater (3)
SPAN 6331 - Contemporary Spanish American Culture and Civilization (3)
SPAN 7090 - Selected Topics in Spanish (3)
SPAN 7091 - Seminar in Spanish (3)
SPAN 7195S - Study Abroad: Language (3)
SPAN 7230 - Epics and Ballads (3)
SPAN 7231 - Picaresque Literature (3)
SPAN 7232 - Cervantes (3)
SPAN 7233 - Romanticism (3)
SPAN 7234 - Quijote (3)
SPAN 7237 - Modernism (3)
SPAN 7395S - Study Abroad: Culture (3)
SPAN 7890 - Directed Study in Spanish (3)
Jiann-Ping Hsu College of Public Health Programs - Graduate
Master of Public Health

The Master of Public Health (M.P.H.) educational degree program at Georgia Southern University prepares professionals for broad-based practice in public health, through the integration of core competencies in the five areas of knowledge basic to public health (biostatistics, environmental health, epidemiology, health services administration, and social and behavioral sciences) with specialized knowledge and expertise in one of these areas. The program serves both the full-time student preparing for a career in public health, as well as currently employed health professionals seeking an advanced education to augment their existing skills and background.

Purpose
The purpose of the M.P.H. is to prepare graduate level public health practitioners capable of applying practice-based skills to promote the concepts of the field.

A comprehensive public health education program should provide skills enabling students to assess the magnitude and potential impact of the multiple problems facing populations, as well as recognize existing community capacities or resources. In conjunction with assessment skills, students enrolled in a public health program should understand the role of community empowerment, community mobilization, networks, and partnerships in the development of comprehensive public health policies designed to impact the priority areas identified in the assessment phase. Lastly, student skill sets in a public health program should focus on the task of assuring a presence of services and infrastructure necessary to address problems identified in the assessment phase, as well as enforce policies developed in response to the assessment. Specific skill sets related to the core functions of public health practice are as follows:

- Monitor health status to identify community health problems;
- Diagnose and investigate health problems and health hazards in the community;
- Inform, educate, and empower people about health issues;
- Mobilize community partnerships to identify and solve health problems;
- Develop policies and plans that support individual and community health efforts;
- Recognize the importance of the enforcement of laws and regulations necessary to protect health and ensure safety;
- Link people to needed personal health services and assure the provision of health care when otherwise unavailable;
- Evaluate effectiveness, accessibility, and quality of personal and population-based health services; and
- Research for new insights and innovative solutions to health problems.

The M.P.H. program at Georgia Southern University is committed to producing public health practitioners that possess the knowledge, skills, and values necessary to produce an effective public health workforce.

Student Learning Outcomes
Students who complete the M.P.H. degree will:

- Contribute to the public health profession through the practice of sound professional public health attitudes, values, concepts and ethics.
- Appreciate and facilitate diversity of thought, culture, gender and ethnicity through inter-professional communication and collaboration.
- Participate in professional development, research, service, and educational activities that contribute to the knowledge base and service outreach of public health.
- Integrate and apply the crosscutting knowledge and competencies within five core public health areas of knowledge (biostatistics, environmental health sciences, epidemiology, health services administration, and community health education/social and behavioral sciences).
- Demonstrate advanced knowledge and skills necessary for specialized roles within public health, in at least one of the five core areas of public health.

The Curriculum
The M.P.H. is an applied professional/graduate degree designed for highly motivated students who either have a professional degree or a substantial interest in public health. Unique sequencing of courses, community-based program activities, and field/laboratory research provide students with multiple opportunities to define their course of study.

The M.P.H. program requires a minimum of 45 credit hours and is offered on both a full-and part-time basis. The overall curriculum model includes:

Public Health Core, 16 credit hours
Concentration, 18 credit hours
Electives, 6 credit hours
Practicum in Public Health, 3 credit hours
Public Health Capstone
Research Project, 2 credit hours

The M.P.H. core course requirements provide a broad overview of the disciplines of public health and the basic principles of public health practice. Specialty coursework develops the skills and knowledge upon which to build or enhance a career in public health. Selective courses are available in each of the five core areas of concentration: Epidemiology, Environmental Health Sciences, Biostatistics, Health Services Administration, and Social and Behavioral Sciences/Community Health Education.
In addition, all students are required to take an introduction to public health. An important practical experience in a public health venue is a field practicum in a community, a public health facility, a government agency, or related setting. The culminating experience is a capstone research project that requires the student to present (both orally and in written format) a data-based project that integrates their specialization with public health practice.

Admission Requirements
Admission into the graduate program is competitive and based upon academic background, performance on the Graduate Record Examination (GRE), professional experience, interest in the field, a history of service, a personal statement, and letters of recommendation.

Degree Admission Requirements
Regular*
- Completion of a Bachelor’s degree from an accredited institution
- Minimum cumulative undergraduate GPA of 2.75/4.0 scale
- Official scores on the Graduate Record Examination
- TOEFL scores are also required for international applicants
- A resume that includes the following: a) educational experiences, b) professional goals and objectives, c) work history, d) professional experiences, memberships and/or participation in professional organizations, e) experiences in public health programs
- Three letters of reference

*In lieu of the above requirements, an earned doctorate or master’s degree from a regionally-accredited institution may qualify the applicant for regular admission.

Provisional
Applicants may be admitted provisionally, based upon an evaluation of their application materials. Provisional admission is for applicants who do not satisfy requirements for regular admission, or those who require pre-requisite coursework prior to entering a particular program of study.

Advisement: M.P.H. and M.H.S.A.
Graduate students are advised by the Graduate Program Coordinators within the Jiann-Ping Hsu College of Public Health.

Experiential Learning Opportunities
All M.P.H. students are required to take a public health practicum and a capstone research project. The practicum permits the student to receive practical experience in a selected health-related setting. Twelve contact hours per week are required in the practicum. The Capstone Research Project requires the completion of an independent research project in the preferred field requiring a defense of the design, methods, analysis, and interpretation of the data. This is typically completed in conjunction with the practicum.

M.H.S.A. students are required to complete a managerial Practicum or a Thesis. The practicum permits the student to receive practical experience in a selected health-related setting. Forty contact hours per week are required for the practicum. The thesis option requires completion of an independent research project requiring the defense of the design, methods, analysis and interpretation of the data.

Admission Requirements

*Regular
1. Completion of a Bachelor’s degree from an accredited institution.
2. Minimum cumulative undergraduate grade point average (GPA) of 2.75 (4.0 scale).
3. Official scores on the Graduate Record Examination (GRE).
4. A resume that includes the following: a) educational experiences, b) professional goals and objectives, c) work history, d) professional experiences, memberships and/or participation in professional organizations, and e) experiences in public health programs.
5. Three letters of reference.
6. Statement of purpose (maximum 500 words) that conveys the applicant's reasons for pursuing graduate study in public health/biostatistics and how admission into the program relates to the applicant's professional aspirations.

*In lieu of the above requirements, an earned doctorate or master’s degree from a regionally accredited institution may qualify the applicant for regular admission.

Provisional

Applicants may be admitted on a provisional basis based upon the evaluation of their application materials. Provisional admission is for applicants who do not satisfy full admission requirements or applicants who require pre-requisite coursework prior to entering into a particular program study.

NOTE: Prerequisite undergraduate course work may be required. Contact the Graduate Program Director in the Jiann-Ping Hsu College of Public Health for complete information.

Course Requirements:

Public Health Core Courses ............................................................................................................................................. 18

Hours
- PUBH 5520G - Introduction to Public Health (2)
- PUBH 6532 - Environmental Health (3)
- PUBH 6533 - Epidemiology (3)
- PUBH 6534 - Health Policy and Management (3)
- PUBH 6535 - Social and Behavioral Sciences and Public Health (3)
- PUBH 6541 - Biostatistics (4)

Biostatistics Courses .......................................................................................................................................................... 21

Hours
- BIOS 6135 - Topics of Inference (3)
- BIOS 6331 - Regression Analysis in Biostatistics (3)
- BIOS 6332 - Experimental Design in Biostatistics (3)
- BIOS 6531 - Categorical Data Analysis (3)
- BIOS 7231 - Clinical Trials Methodology (3)
- BIOS 7534 - Data Management for Biostatistics (3)

Select one of the following guided electives:
- BIOS 7090 - Selected Topics in Biostatistics (3)
- BIOS 7131 - Survival Analysis (3)
- BIOS 7331 - Multivariate Analysis in Biostatistics (3)
- BIOS 7431 - Statistical Issues in Drug Development (3)
- BIOS 7433 - Biopharmaceutical Statistics in Drug Development (3)

Practicum and Culminating Experience .................................................................................................................................. 6

Hours

Master of Health Services Administration

Purpose
The purpose of the Master of Health Services Administration (M.H.S.A.) degree is to develop leaders who possess the values, knowledge, and skills to manage optimal delivery of healthcare.

Student Learning Outcomes
Upon completion of the M.H.S.A. Program students will possess the following functional competencies:

- Assume leadership positions in public and private agencies involved in the delivery of public health services;
- Assess the health status of a population, understand the determinants of health and illness in a population, and define the factors that influence the utilization of public health services;
- Define the organization, finance, and delivery services of public health and health care systems;
- Identify the economic, political, social and technological forces that affect the delivery of public health services;
- Apply analytical skills from economics, financial management, quantitative decision making, and policy studies to the administration of health service organizations and delivery systems;
- Demonstrate leadership and managerial skills in relationship to human capital and organizational resources;
- Demonstrate an understanding of values and ethical issues associated with the practice of health services administration;
- Demonstrate the development of strong operational and analytical skills through the integration of various academic disciplines; and
- Demonstrate skills in critical thinking, problem solving, decision-making, service development, planning and evaluation.

The Curriculum
All Georgia Southern University Jiann-Ping Hsu College of Public Health students who select to study the M.H.S.A. degree program will complete a minimum of 39 credits in this discipline. Students pursuing this degree will take Health Services Administration Core Courses (15 credits), Business Courses (12 credits), and Guided Electives (6 credits). In addition, students will participate in a Managerial Residency (6 credits) where they will apply, in practical fashion, the skills learned throughout their education or conduct a data-based research thesis (6 credits). Upon completion of the M.H.S.A. will be trained to function effectively as administrators of healthcare services.

Admission Requirements
Admission into the graduate programs within the Jiann-Ping Hsu College of Public Health is competitive and based upon academic background, performance on the Graduate Record Examination (GRE) or the Graduate Management Admission Test (GMAT), professional experience, interest in the field, a history of service, a personal statement, and letters of recommendation.

Degree Admission Requirements
Regular *
- Completion of a Bachelor’s degree from an accredited institution
- Minimum cumulative undergraduate GPA of 2.75/4.0 scale
- Official scores on the Graduate Record Examination or the Graduate Management Admission Test
- TOEFL scores are also required for international applicants
- A resume that includes the following: a) educational experiences, b) professional goals and objectives, c) work history, d) professional experiences, memberships and/or participation in professional organizations, e) experiences in public health programs.
- Three letters of reference

*In lieu of the above requirements, an earned doctorate or master’s degree from a regionally-accredited institution may qualify the applicant for regular admission.

Provisional
Applicants may be admitted provisionally, based upon an evaluation of their application materials. Provisional admission is for applicants who do not satisfy requirements for regular admission, or those who require pre-requisite coursework prior to entering a particular program of study.

Non-Degree Admission Requirements
An applicant may be admitted to the COGS as a non-degree student to earn credit in Public Health graduate courses without working toward the M.H.S.A. Interested applicants should consult the Jack N. Averitt College of Graduate Studies for the types of Non-Degree admission as well as the requirements for admission in this category.

This concentration is designed to develop the knowledge and skills needed to assume entry level management positions in the health care industry. While this program is designed for MBA students, interested graduate students from other areas can elect to take this concentration.

Course Requirements:
- HSPM 7131 - Principles of Organizational Theory and Behavior in Health Services Management (3)
- HSPM 7133 - Health Policy, Issues, and Ethics (3)
- HSPM 7137 - Health Care Finance and Payment Systems (3)
- PUBH 6134 - Health Services Administration (3)
Doctor of Public Health

The Doctor of Public Health (Dr.P.H.) program at Georgia Southern University is committed to producing public health practitioners who possess the knowledge, skills, and values necessary to contribute to an effective public health workforce. The Dr.P.H. prepares professionals for broad-based practice in public health, through the integration of advanced courses in public health sciences (biostatistics, environmental health, epidemiology, health services administration, and social and behavioral sciences), a community-based practice core and advanced courses in three concentration areas: Biostatistics, Public Health Leadership, Community Health Behavior and Education. The program serves both the full-time student preparing for a career in public health, as well as currently employed public health professionals seeking an advanced education to augment their existing skills and backgrounds. Concentrations in Epidemiology and Environmental Health Sciences will be added as the Jiaan-Ping Hsu College of Public Health achieves accreditation by the Council of Education for Public Health – CEPH.

The Dr.P.H. degree is the terminal professional degree conferred in recognition of an individual’s command of a comprehensive body of knowledge in the field of public health and related disciplines, and of the proven ability to initiate, organize, and pursue the investigation of significant problems in public health practice.

Those who earn this degree are expected to occupy leadership positions in public health and related areas. Additionally, individuals earning this degree will be positioned to exert significant influence on the development of policies and programs aimed at improving the health of populations in the region. It is anticipated that such positions will represent considerable diversity with respect to international, national, state or local levels; and in the public or private sector. In addition, those who earn the Dr.P.H. degree may also seek teaching and research positions at colleges and universities.

Purpose
The Dr.P.H. is the terminal professional degree for those who intend to pursue or advance their professional practice career in public health. The proposed Dr.P.H. program aims to train students for advanced science-based practice and practice-oriented research. Public health practice involves the strategic, organized and interdisciplinary application of knowledge, skills and competencies necessary to perform essential public health services necessary to improve the population’s health.

The Dr.P.H. is conferred in recognition of the candidate’s command of a comprehensive body of knowledge in public health, their ability to initiate, organize and pursue the investigation of significant problems in public health, and their capacity to formulate policies, strategies, and/or programs on the basis of the knowledge generated. The Dr.P.H. leads to a career in administration, teaching, or public health practice, where advanced analytical and conceptual capabilities are required.

The Dr.P.H. program expands the competencies included in the Jiaan-Ping Hsu College of Public Health Master of Public Health (M.P.H.) program for all matriculating students, with increased emphasis on advanced skills in evidenced-based problem-solving. Students who have not completed one or more of the M.P.H. core public health courses must complete these courses as part of their doctoral program. In addition, those students are required to complete a minimum of 63 credit hours for the doctoral degree. Students with a master’s degree other than in public health may be required to take health or health-related courses in addition to the 63 minimum credit hours.

The Dr.P.H. program offers students the opportunity to specialize their training in three program concentration areas:
- Biostatistics
- Community Health Behavior and Education
- Public Health Leadership

The Dr.P.H. Program Outcomes
Students who complete the Dr.P.H. degree will:
- Define, defend, illustrate, categorize, design and justify sound professional public health principles and ethics;
- Participate in, generate, organize, appraise and compare and contrast professional development programs, research, service and educational activities that contribute to the knowledge base and service outreach of public health;
- Apply, generate and create as appropriate, integrate, interpret and assess the knowledge and competencies within five (5) core public health areas of knowledge (biostatistics, epidemiology, environmental health sciences, health services administration, social and behavioral sciences);
- Plan, generate and appraise community-based participatory research and program planning projects;
- Explain, prepare artifacts that attest to, categorize and interpret skills and knowledge in public health funding and grantsmanship;
- Explain, differentiate, compose and justify a model and process that attests to their knowledge and skills necessary for leadership roles within public health either biostatistics, community health behavior and education or public health leadership; and
- Distinguish, facilitate, differentiate and interpret diversity of thought, culture, gender and ethnicity through inter-professional communication and collaboration.

The Curriculum
The Dr.P.H. program requires a minimum of 63 credit hours and is offered on both a full-time and part-time basis. The overall curriculum model includes:
- Public Health Science Core 15
- Community-Based Practice Core 9
- Advanced Courses in Concentration 24
• Doctoral Public Health Field Experience 6
• Dissertation 9

The Dr.P.H. Public Health Sciences Core provides advanced courses in the core disciplines of public health. The Community-Based Practice Core courses are designed to provide an interdisciplinary approach to community based participatory research, program planning and evaluation, and public health funding and grantsmanship. Advanced specialty coursework develops the skills and knowledge upon which to build or enhance a career in public health. Selective courses are available in three core areas of concentration: Biostatistics, Public Health Leadership and Community Health Behavior and Education.

An important practical experience in a public health venue is a field practicum in a public health related setting. Dr.P.H. students will complete a 250 hour preceptorship under the joint direction of a qualified specialist working in the area of concentration and a public health faculty member.

The Dissertation serves as the culminating academic experience for students in the Dr.P.H. program. The dissertation requires the student to defend (both orally and in written format) a data-based project that integrates their area of specialization with public health practice.

Admission Requirements

Admission into the graduate program is competitive and based upon academic background, performance on the standardized tests, professional experience, interest in the field, a history of service, a personal statement, and letters of recommendation.

Degree Admission Requirements

Regular *

To complete an application to the Dr.P.H. program, applicants must submit the following:

• Completed the On-line Graduate Application for Admission form
• $50.00 Application Fee
• Official transcript(s) from a regionally accredited college or university showing courses completed, grades earned, dates, and degree(s) awarded. Transcript(s) should show completion of at least one (1) graduate-level course in each of the following five (5) areas
  • biostatistics
  • epidemiology
  • health behavior/health education
  • health management/policy
  • environmental health sciences
• Courses must have been completed in the last five (5) years, and each must have been passed with a grade of “B” or better. Applicants who have not completed these courses, but whose applications show exceptional potential for success in the Dr.P.H. program, may be admitted to the Dr.P.H. program, but will be required to complete the courses (as presented in the JPHCOPH MPH core course requirements) with grades of “B” or better before progressing to the Public Health Sciences and Public Health Practice Cores of the Dr.P.H. program;
• Three (3) letters of recommendation. Two must be from graduate faculty members and the third from a work supervisor;
• Official scores from the GRE (General Test), GMAT, MCAT, or LSAT, taken in the last five (5) years. An original copy of the test score, sent by the testing agency to the Office of Admissions, is required before any action is taken on an application. A copy of the score provided to the student and subsequently forwarded is not acceptable. The requirement for completion of a standardized test will be waived for those applicants who hold a doctoral degree from a regionally accredited college or university;
• All international applicants, including resident and non-resident aliens, whose native language is not English and who do not have an undergraduate degree from a regionally accredited U.S. college or university, are required to submit official TOEFL scores taken within the year immediately preceding the requested semester of admission. A minimum total score of 83, and minimum scores of 20 for each of the skills evaluated by the TOEFL: Listening, Reading, Speaking, Writing) An original copy of the test score, sent by the testing agency to the Office of Admissions is required before any action is taken on an application. The copy of the score provided to the student and subsequently forwarded is not acceptable;
• Personal statement/letter of interest emphasizing reasons for pursuing Dr.P.H. (Limited to a maximum of 700 words);
• Current curriculum vitae or resume;
• Certificate of Immunization Form. This form should be completed and sent directly to the Office of Health Services; and
• Applicants who are applying for a graduate assistantship must complete the Electronic Graduate Assistantship Application and submit it to the Jack N. Averitt College of Graduate Studies.

*Applicants may be required to take pre-requisite coursework prior to taking program concentration courses. Conditions of admission will be presented in the letter of acceptance to each student.

Non-degree Admission Requirements

An applicant may be admitted to the COGS as non-degree students to earn credit in Public Health graduate courses without working toward a Dr.P.H. Interested applicants should consult the Jack N. Averitt College of Graduate Studies for the types of Non-Degree admission as well as the requirements for admission in this category.

Grades. Students must maintain a 3.0 average (B or better) in course work to proceed in the doctoral program and to be eligible to proceed with a dissertation. Grades in all courses applied toward the doctorate must be B or better. Students will become academically ineligible when any of the following occur in course work of an approved program of study: (1) grades of F or WF in any two courses; (2) grades of C or
below in nine semester hours, (3) a grade of F or WF in combination with six hours of C or below grades; or (4) the minimum 3.0 average is not achieved within the minimum number of semester hours required for the degree.

**Enrollment.** The Dr. P.H. program requires a minimum of one academic year of continual enrollment.

**Foreign Language Requirement.** There is no foreign language requirement.

**Transfer Credits.** Students may request that up to, but no more than, 6 graduate credit hours be applied toward the 63 credit required for the Dr. P.H. Transfer credit must also satisfy the same requirements as courses taught for doctoral training within the Jiann-Ping Hsu College of Public Health (e.g., minimum grade of B), be consonant with the student’s approved program of study, and have been received from a regionally accredited college or university. Thesis and dissertation credits can not be transferred. The student must provide documentation in support of equivalence, such as a course syllabus, transcript, term paper, and/or instructor testimony. Equivalence is determined by the Faculty Advisor. Credit reductions do not influence the residency and enrollment requirements or comprehensive examination procedures.

**Course Time Limit.** All requirements for the Dr. P.H. must be completed within seven academic years from the date of the first enrollment for study following admission to the doctoral program. For transfer students, the seven-year time limit commences with the semester during which transfer credit was earned.

**Qualifying Examination.** The purpose of the Qualifying Examination is to assess the student’s knowledge and integration and application of the student’s knowledge to problems in public health principles obtained at the doctoral level of study. The Qualifying Examination is usually completed after the fourth semester of course work, at the end of the Spring semester of the second year, or the beginning of the Fall semester of the third year. The examination must be taken within one semester of completing all course work. The student selects four faculty members to serve as the examination committee. All members of the examination committee must be selected from the faculty of the Jiann-Ping Hsu College of Public Health. Three of these faculty members must be from the student’s area of concentration and one member must be from a public health area outside of the concentration. The student will appoint a chair of the examination committee, with the restriction that (s)he be in the area of concentration and a Full Member of the Graduate Faculty. The composition of the examination committee must be approved by the Jack N. Averitt College of Graduate Studies.

The exam consists of two parts: written and oral. Each committee member will prepare two (2) written questions for the chairperson of the committee. Six of the questions will focus upon the student’s program concentration and one question will focus on the public health science core courses and one question will focus on community-based practice core courses. The chairperson will return the questions to the originating committee member for grading. The faculty member will evaluate each question and

246 determine if the question receives a pass, a qualified pass, or a failure. Within 30 days of successfully completing the written portion of the exam, the student and committee members will assemble for the oral examination. The oral exam will focus on the answers to the written questions as well as further questions regarding the student’s ability to demonstrate an understanding of public health practice. The committee will collectively evaluate the student based on the grades assigned the individual written answers and the student's responses to the oral questions. One official grade will be given for the entire exam: pass, qualified pass, or fail.

Admission to candidacy follows successful completion of the qualifying examination, which requires a 3/4 favorable vote of the committee. The chairperson of the committee will officially notify the student and the College of Graduate Studies of the outcome of the qualifying examination. After successfully completing the qualifying examination, the student is recommended for candidacy for the degree. A qualified pass will require additional coursework as outlined by the committee to correct a deficiency.

In the case of failure of the qualifying examination, the committee may approve a second examination with no more than one dissenting vote. A second examination can be taken no sooner than three months following the initial failure. A second failure constitutes denial of admission to candidacy for the doctoral degree in public health and termination from the program.

**Candidacy.** Upon satisfactory completion of program study course work (except for the dissertation) with the minimum grade point average and the written and oral portions of the qualifying examination, the doctoral student is automatically advanced to candidacy for the degree by the College of Graduate Studies.

**Dissertation.** Doctoral candidates are required to prepare and successfully defend a dissertation. The dissertation research may be substantially original or applied but must make a contribution to the existing field of knowledge within the student’s program concentration. In most instances, the dissertation is completed prior to the end of the Spring semester of the third year. The purpose of the dissertation is to demonstrate the candidate’s ability to conduct research of a type appropriate to the academic discipline, to analyze information obtained from research, and to present the results in a form acceptable to the Dissertation Committee and the College of Graduate Studies. Each student will form a Dissertation Committee following advancement to Candidacy. The committee will be composed of four members, with one member being external to the college. In addition, one of the members will serve as the chair of the Dissertation Committee. The Chair must be a member of the Jiann-Ping Hsu College of Public Health and a Full Member of the Graduate Faculty. The student will prepare a dissertation proposal and submit it to his/her Dissertation Committee. The student will present and defend the dissertation proposal to the Dissertation Committee after being admitted into candidacy for the degree. The examination includes a detailed review and discussion of the proposed dissertation research and subject, and includes a written and oral component. The written exam consists of a dissertation proposal describing the proposed area of study, research and research design, and background information. The oral examination will include questions that will focus discussion on the content of the written dissertation proposal. The defense is open to the public and therefore may be attended by others.
outside the Dissertation Committee. The doctoral committee must approve the proposal in writing and the student must receive approval from the University Internal Review Board (IRB) before the proceeding with the dissertation research. Upon completion of the research, the student must complete and defend his/her research to the committee members. The dissertation and its defense must be approved by all committee members. The defense may be attended by others outside the Committee. The chairperson of the committee will notify the student and the College of Graduate Studies in writing of the outcome of the dissertation defense. All requirements for the Dr. P.H. including the presentation and defense of the dissertation must be completed within seven academic years from the date of the first enrollment for study following admission to the doctoral program. Students should confer with their dissertation adviser as well as with the College of Graduate Studies to insure that the composition of their Dissertation Committee meets the University requirements. In addition, students are expected to follow all the guidelines specified by the College of Graduate Studies regarding the proper preparation of their dissertation.

**Faculty Advisor.** Each student is assigned a faculty advisor upon admission. The role of the faculty advisor is to assist the student in developing a program of study for the degree and that assures sufficient flexibility to satisfy individual goals. The faculty advisor is responsible for reviewing and discussing the requirements of the College of Public Health and the College of Graduate Studies with the student to insure that the student is fully informed of the requirements necessary for completing the Dr.P.H. degree. In addition to programmatic advising, faculty advisors provide mentoring for Dr.P.H. students. Mentoring is a relationship built upon open communication between the student and the faculty advisor who is responsible for the overall guidance and professional development of the student. It is often through this relationship that students acquire the doctoral-level training in sophisticated analytical thinking, identification of significant questions and literature in the field, and understanding of the experimental and disciplinary concepts and the design of approaches to productively address problems in public health. In many cases, the faculty advisor will also be the student’s dissertation committee chair and thus will play an active role in proposing appropriate professional and/or research opportunities, as well as monitoring the student’s progress.

Admission Requirements
Admission into the graduate program is competitive and based upon academic background, performance on standardized tests, professional experience, interest in the field, a history of service, a personal statement, and letters of recommendation.

Degree Admission Requirements
Regular *
To complete an application to the Dr.P.H. program, applicants must submit the following:
• Completed the On-line Graduate Application for Admission form
• $50.00 Application Fee
• Official transcript(s) from a regionally accredited college or university showing courses completed, grades earned, dates, and degree(s) awarded. Transcript(s) must show completion of at least one (1) graduate-level course in each of the following five (5) areas:
  • biostatistics
  • epidemiology
  • social and behavioral sciences in public health
  • health policy and management
  • environmental health sciences
• Courses must have been completed in the last five (5) years, and each must have been passed with a grade of “B” or better. Applicants who have not completed these courses, but whose applications show exceptional potential for success in the Dr.P.H. program, may be admitted to the Dr.P.H. program, but will be required to complete the courses (as presented in the JPHCOPH MPH core course requirements) with grades of “B” or better before enrolling in doctoral level courses;
• Three (3) letters of recommendation. Two must be from graduate faculty members and it is encouraged that the third letter be from a work supervisor;
• Official scores from the GRE (General Test), GMAT, MCAT, or LSAT, taken in the last five (5) years. An original copy of the test score, sent by the testing agency to the Office of Admissions, is required before any action is taken on an application. A copy of the score provided to the student and subsequently forwarded is not acceptable. The requirement for completion of a standardized test will be waived for those applicants who hold a doctoral degree from a regionally accredited college or university;
• All international applicants, including resident and non-resident aliens, whose native language is not English and who do not have an undergraduate degree from a regionally accredited U.S. college or university, are required to submit official TOEFL scores taken within the year immediately preceding the requested semester of admission. A minimum total score of 83 is required, with minimum scores of 20 for each of the skills evaluated by the TOEFL: Listening, Reading, Speaking, Writing) An original copy of the test score, sent by the testing agency to the Office of Admissions is required before any action is taken on an application. The copy of the score provided to the student and subsequently forwarded is not acceptable;
• Personal statement/letter of interest emphasizing reasons for pursuing Dr.P.H. (Limited to a maximum of 700 words);
• Current curriculum vitae or resume;
• Certificate of Immunization Form. This form should be completed and sent directly to the Office of Health Services; and
• Applicants who are applying for a graduate assistantship must complete the Electronic Graduate Assistantship Application and submit it to the Jack N. Averitt College of Graduate Studies.

*Applicants may be required to take pre-requisite coursework prior to taking program concentration courses. Conditions of admission will be presented in the letter of acceptance to each student.

Non-degree Admission Requirements
An applicant may be admitted to the COGS as non-degree students to earn credit in Public Health graduate courses without working toward a Dr.P.H. Interested applicants should consult the Jack N. Averitt College of Graduate Studies for the types of Non-Degree admission as well as the requirements for admission in this category.

Applications for admission into the Dr. P.H. program will be reviewed by the department once annually (in the spring) for admission during the fall semester. In addition to a review of the applicant’s Graduate Record Examination scores, recommendations for successful graduate study, and previous academic training, the department considers the compatibility of the student’s interest areas with those of the faculty and curriculum emphases. The Dr.P.H. Admissions Committee will consider the totality of the applicant’s work, educational experience, recommendations, and other application data. A single application criterion will not be used to outweigh other criteria in making recommendations for admission.

Admission into the Dr. P.H. program requires a master’s degree in public health (M.P.H.) or an acceptable equivalent. Students should have master’s level grade point averages and Graduate Record Examination scores that are acceptable as determined by the faculty. Students who have not completed the public health core as part of their master’s degree must do so by taking an approved course in each of the following areas: biostatistics, environmental health sciences, epidemiology, health policy and management, and social and behavioral sciences.
Admission to the Dr.P.H. is highly selective to ensure that all accepted into the program have the potential to become effective practitioners and applied researchers.

**NOTE:** Prerequisite undergraduate course work may be required. Contact the Graduate Program Director in the Jiann-Ping Hsu College of Public Health for complete information.

**Course Requirements:**

Allen E. Paulson College of Science and Technology Programs - Graduate
BIOLOGY M.S.,
30 HOURS

Advising: Allen E. Paulson College of Science and Technology, Department of Biology, Dr. Ray Chandler, Dept. of Biology, Georgia Southern University, P.O. 8042, Statesboro, GA 30460-8042, (912) 478-5657, chandler@georgiasouthern.edu, FAX: (912) 478-0845, Departmental Web Page: http://www.bio.georgiasouthern.edu

Admission
Students are selected for the Master of Science in Biology degree program on a competitive basis. Meeting minimum requirements does not guarantee admission. Applications are usually evaluated during the eighth week of the semester prior to the semester of admission. Applications for graduate assistantships must be received by March 15 to receive full consideration for fall. Assistantships are awarded for a maximum of five semesters and are reviewed each semester.

Admission Requirements: For unqualified admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science degree in Biology, the applicant must have:

Regular
1. Completed requirements for the bachelors degree in a college accredited by the proper regional accrediting associations.
2. A 2.80 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. Scores of at least 450 on the verbal and 500 on the quantitative portions of the Graduate Record Examination (GRE) are typical for applicants to the Master’s Program in Biology. Lower scores will sometimes be considered, but the applicant will need strong evidence of ability to perform satisfactory graduate work.
4. An undergraduate major or the equivalent appropriate to the proposed field of study. Adequately prepared applicants will typically have completed 24 hours of biology, 9 hours of mathematics, 16 hours of chemistry (including organic chemistry), and 8 hours of physics (or geological science).
5. Two letters of recommendation from persons familiar with the applicant’s potential to complete successful graduate work.
6. A statement of career goals.

Provisional
Students that fail to meet one of the requirements 2-4 above (GPA less than 2.80, GRE scores below 450 Verbal and 500 Quantitative, bachelors degree with inadequate background in biology, math, or chemistry) may be admitted provisionally. Provisional students must earn a “B” or higher in their first 6 hours of courses to be converted to regular status.

Non-degree
Non-degree students are accepted on an individual basis as space is available.

Program of Study
The graduate student and their graduate committee shall jointly develop a Program of Study that includes 24 semester credit hours in graduate course work plus 3 credit hours of research and 3 credit hours of thesis. Of the 30 required credit hours, 15 must be at the 6000 level or higher.

General Requirements
Core Requirements
- BIOL 7610 - Graduate Seminar (2-4)
Specific Requirements
- BIOL 7610 - Graduate Seminar (2-4)
- BIOL 7895 - Research (3)
- BIOL 7999 - Thesis (3)

Electives ........................................................................................................................................................................... 20-22

Hours
Courses at 5000G level or above

OTHER PROGRAM REQUIREMENTS
Students entering the Master of Science program in Biology are expected to demonstrate knowledge of a broad range of biological principles such as those covered in a general biology course. Thus, all students entering the graduate program in biology at Georgia Southern must (1) have passed the GRE advance biology test with an overall score in at least the 50th percentile OR (2) pass a qualifying exam equivalent to a final in a general biology course with a minimum score of 80%. Students must take the qualifying exam during their first week of classes and may retake the test no more than two times during their first semester. Students that fail to pass the qualifying exam will not be re-admitted for a second semester.

Each candidate for the Master of Science degree in Biology must complete a thesis on a subject approved by his/her committee. This thesis must be defended before the graduate committee and presented at a public exit seminar. The thesis defense is a comprehensive examination that may include questions on the thesis, subject matter related to the thesis, and course work taken at Georgia Southern University.
MATHEMATICS
M.S., 30 HOURS COURSE WORK
6 HOURS RESEARCH PROJECT

Advising: College of Science and Technology, Department of Mathematical Sciences, Dr. Jimmy Solomon, Georgia Southern University, P.O. 8093, Statesboro, GA 30460, (912) 478-5390, E-mail: jsolomon@GeorgiaSouthern.edu

Admission Requirements
Regular
For regular admission to the College of Graduate Studies to pursue work leading to this degree, the applicant must have:
1. Completed requirements for the Bachelor’s degree in a science, engineering, or mathematical discipline at a regionally accredited college or university.
2. Submitted scores from the Graduate Record Examinations to the College of Graduate Studies.
3. Successfully completed courses in calculus, probability, and linear algebra.
4. Successfully completed additional prerequisite courses as applicable for particular concentrations. See the department website http://cost.georgiasouthern.edu/math/.

Provisional
Applicants who do not meet admission requirements may be admitted provisionally but must take appropriate undergraduate courses before receiving regular admission. Admission of an applicant who is deemed marginal may require that an interview be conducted by a committee of graduate faculty members from the department.

Non-Degree
Non-degree students are accepted on an individual basis as space is available. Upon the advisor’s recommendation, up to a maximum of 9 credit hours earned as a non-degree student may be included in the program of study if a non-degree student is granted regular admission.

Program of Study
The graduate student and the graduate advisor shall develop a Program of Study that consists of 30 hours of graduate course work, including 12 hours of core courses, and 18 hours of elective courses. In addition, the Program of Study will include a 6-semester hour research project in the area of concentration. Of the 36 required credit hours, at least 18 must be at the 7000 level.

General Requirements
Core Requirements .................................................................................................................................................................12 Hours
MATH 5332G - Analysis II (3)
MATH 5335G - Intermediate Linear Algebra (3)
MATH 7231 - Advanced Numerical Analysis I (3)
STAT 5531G - Statistical Methods I (3)

Electives in Concentration Area ........................................................................................................................................18 Hours
Selected Courses in MATH, STAT, or CSCI.
See the department website for information on acceptable courses for each concentration.
A maximum of two elective courses may be taken from outside the student’s concentration area. These must be approved by the graduate advisor.

Research in Concentration Area ........................................................................................................................................3 Hours
MATH 7895 - Research (3)

Thesis in Concentration Area ........................................................................................................................................3 Hours
MATH 7999 - Thesis (3)
Each candidate for the Master of Science in Mathematics must complete a thesis on a subject approved by the student’s advisor. The thesis must be defended before a student advisory committee. The presentation part of the defense is open to the public.
TECHNOLOGY
M.T., 30 HOURS THESIS TRACK
30 HOURS NON-THESIS TRACK

Total Hours: Thesis Track 24 + 6 hours thesis
Non-Thesis Track 30 hours

Advising: Department of Mechanical and Electrical Engineering Technology, Dr. Frank Goforth, Georgia Southern University, P.O. Box 8046, Statesboro, GA 30460, (912) 478-7583, FAX: (912) 478-1455, E-mail: fgoforth@georgiasouthern.edu

Admission Requirements

Regular
1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
2. A 2.5 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work.
3. A score of no less than 450 on the Verbal Section and 450 on the Quantitative section of the Graduate Record Examinations. (Scores from the Analytical section of the Graduate Record Examinations will be reviewed and may be considered in determining admission status recommendations to the College of Graduate Studies.)
4. An undergraduate major or the equivalent in the proposed field of study.

Provisional
A student may be granted provisional admission with a minimum of 400 on the Verbal Section and 400 on the Quantitative section of the Graduate Record Examinations accompanied by a 2.5 or better (4.0 scale) cumulative grade point average on undergraduate college work. A recommendation by the Master of Technology Graduate Coordinator is also necessary. (Scores from the Analytical section of the Graduate Record Examinations will be reviewed and may be considered in determining admission status recommendations to the College of Graduate Studies.)

Non-Degree:
Non-degree students are accepted on an individual basis as space is available.

Program of Study
The Master of Technology degree program provides concentrations in Mechatronics, Engineering Management, and Information Technology.

A minimum of 50% of courses for the Master of Technology degree must be taken at or above the 6000 level.

Mechatronics Concentration

Thesis Track..................................................................................................................................................................30 Hours
Core Requirements
- TMAE 7136 - Mechatronics I (3)
- TMAE 7137 - Mechatronics II (3)
- TMAE 7530 - Research in Applied Engineering (3)
Restricted Elective courses at or above the 5000 level (15) as contracted with the faculty advisor and degree coordinator
- TMAE 7999 - Thesis (6)
Other Thesis Track Requirements: Comprehensive Exam

Non-Thesis Track..........................................................................................................................................................30 Hours
Core Requirements
- TMAE 7136 - Mechatronics I (3)
- TMAE 7137 - Mechatronics II (3)
TMAE 7530 - Research in Applied Engineering (3)
OR STAT 6130 - Statistical Methods for Researchers (3) Restricted Elective courses at or above the 5000 level (18) as contracted with the faculty advisor and degree coordinator
- TMAE 7999 - Thesis (6)
Other Requirements for Non-Thesis Track: Comprehensive Examination

Engineering Management Concentration

Thesis Track..................................................................................................................................................................30 Hours
Core Requirements
- TMAE 7530 - Research in Applied Engineering (3)
- TMAE 7432 - Advanced Engineering Economy (3) OR TMAE 5330 - Cost Engineering (3) OR FINC 7231 - Financial Problems (3)
OR ACCT 7230 - Accounting for Executives (3) OR ACCT 7134 - Analysis and Reporting (3)
Restricted Elective courses at or above the 5000 level (6) 18 as contracted with the faculty advisor and degree coordinator
- TMAE 7999 - Thesis (6)
Other Thesis Track Requirements: Comprehensive Exam

Non-Thesis Track..........................................................................................................................................................30 Hours
Core Requirements
- TMAE 7530 - Research in Applied Engineering (3)
- TMAE 7432 - Advanced Engineering Economy (3) OR TMAE 5330 - Cost Engineering (3) OR FINC 7231 - Financial Problems (3)
OR ACCT 7230 - Accounting for Executives (3) OR ACCT 7134 - Analysis and Reporting (3)
Restricted Elective courses at or above the 5000 level (21) as contracted with the faculty advisor and degree coordinator
- TMAE 7891 - Independent Study (3)
Other Non-Thesis Track Requirements: Comprehensive Exam
Information Technology Option

<table>
<thead>

- GCM 7232 - Multimedia for Industry and Business (3)
- TCGT 7532 - Global Technology (3)

Restricted Elective courses at or above the 5000 level (17-18) as contracted with the faculty advisor and degree coordinator

Other Requirements for Non-Thesis Track: Comprehensive Examination

Thesis

Each candidate for the Master of Technology Thesis Track degree must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is READ by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of a “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Technology degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- An original of the completed thesis shall be submitted to the College of Graduate Studies by the submission deadline stated in the University Calendar. After approval, the student submits the number of copies as required in the Graduate Student Manual.
- The copies of the thesis must contain the written approval of the major professor, the members of the thesis committee, and the Dean of the College of Graduate Studies.

Course Descriptions

Introduction
This section of the catalog offers an alphabetical listing of undergraduate and graduate courses offered at Georgia Southern University, along with the college in which that course is taught. Prerequisites are noted at the end of each description. Graduate courses, in general, begin with a 6, 7, 8, or 9. Courses numbered “5000” followed by a “G” are also graduate courses. (See “Course Numbering” below).

Core Curriculum
Course titles preceded by a bullet are part of the Core Curriculum -- Areas A - E -- of the University System of Georgia. They are transferable within the University System and to most private institutions. Course titles not preceded by a bullet are designed for students who seek a major, minor, or emphasis in a specific program, and may or may not transfer to other institutions. Students should work closely with their advisors in selecting courses each term, especially if a student is considering transferring or changing majors.

Course Numbering System
In general, the first digit of the course corresponds to the level of the class. (1 - Freshman, 2 - Sophomore, 3 - Junior, 4 - Senior, 5 - dual Undergraduate/Graduate, 6 - Lower Division Graduate, 7 - Upper Division Graduate, 8 - Upper Division Graduate, 9 - Doctoral Level Graduate.)

The second digit in the course number indicates the course type. (1-5 - Traditional course format/Example: Lecture and Lab, 6 - Seminar, 7 - Internships and Practica, 8 - Independent Study, 9 - Research, 0 - Topics courses)

The third digit indicates the credit hours. (0-4 - Actual number of hours, 5-8 - Other 3 hour courses, 9 - variable)

The fourth digit indicates the sequence of the course.

A course number followed by a “G” indicates a Graduate course.

A course number followed by an “H” indicates an Honors course.

A course number followed by an “S” indicates a Studies Abroad course.

Credit Course Description
Beside each course title, there are three numbers, such as 3-0-3. The first number listed is the number of hours of lecture; the second number indicates the number of hours of laboratory; and the third number indicates the number of credit hours awarded for successful completion of the course.

College Abbreviations
CHHS - College of Health and Human Sciences
CIT - College of Information Technology
CLASS - College of Liberal Arts and Social Sciences
COBA - College of Business Administration

Course Prefixes
AAST - Africana Studies
ACCT - Accounting
AMST - American Studies

Course Descriptions

Africana Studies (CLASS)

AAST 3030/3030S
Selected Topics in Africana Studies: (1-3)-0-(1-3)
Designed to promote interdisciplinary engagement and, or, individualized specialization so that the student can deepen his or her knowledge of Africa and the African Diaspora.

AAST/HIST/AMST 3130
African American History to 1877: 3-0-3
See HIST 3130 for course description.

AAST/HIST/AMST 3131
African American History Since 1877: 3-0-3
See HIST 3131 for course description.

AAST 3230
Introduction to Africa and Its Diaspora: 3-0-3
A general examination of the history, cultures, and societies of peoples of African descent throughout the world, with emphasis on those who live in Africa, the United States, the Caribbean, and Latin America.

AAST/ENGL/AMST 3231
Survey of African-American Literature: 3-0-3
See ENGL 3231 for course description.

AAST/POLS/AMST 3237
African American Politics: 3-0-3
See POLS 3237 for course description.

AAST/YORU 3330
Yoruba Culture and Civilization: 3-0-3
See YORU 3330 for course description.

AAST/THEA/AMST 3332
African American Theatre: 3-0-3
See THEA 3332 for course description.

AAST/FREN 3336
Francophone Cultures of Africa and the Caribbean: 3-0-3
See FREN 3336 for course description.

AAST/LING/ANTH/POLS 3337
Language, Power, Politics: 3-0-3
See POLS 3337 for course description.

AAST/POLS 3431/3431S
African Politics: 3-0-3
See POLS 3431 for course description.

AAST/ART 3435
African Art and Culture: 3-0-3
See ART 3435 for course description.

AAST/ART 3436
African-American Art: 3-0-3
See ART 3436 for course description.

AAST/INTS/HIST 3530
History of Africa to 1800: 3-0-3
See HIST 3530 for course description.

AAST/INTS/HIST 3531
History of Africa since 1800: 3-0-3
See HIST 3531 for course description.

AAST/AMST/ANTH/LING 4133
Gullah and Geechee Language and Culture: 3-0-3
See LING 4133 for course description.

AAST/HIST 4134
The Civil Rights Movement: 3-0-3
See HIST 4134 for course description.

AAST/GEOG 4330
Geography of Africa South of the Sahara: 3-0-3
See GEOG 4330 for course description.

AAST/AMST/SOCI 5333/5333G
Race and Ethnicity: 3-0-3
See SOCI 5333/5333G for course description.

AAST/COMS/AMST 4337
Rhetoric of Social Movements: 3-0-3
See COMS 4337 for course description.

AAST/SOCI 4431
Inequality: 3-0-3
See SOCI 4431 for course description.

AAST/HIST/WGST 4530
Revelation and Revolution: 3-0-3
See HIST 4530 for course description.

AAST/HIST 4532
Destruction of Slavery: 3-0-3
See HIST 4532 for course description.

AAST 4630/4630S
Seminar in Africana Studies: 3-0-3
The Seminar in Africana Studies must be taken within the 15-hours block required for the minor in Africana Studies. It is a capstone course in which students apply knowledge gained in the classes they have taken in the Africana Studies program through discussion of selected texts, a major research paper, and an oral presentation required of all Africana Studies minors. Prerequisite: AAST 3030.

AAST/YORU 4890
Directed Individual Study in Yoruba: (1-15)-0-(1-15)
See YORU 4890 for course description.

AAST/HIST 5233/5233G
The American City: 3-0-3
See HIST 5233 for course description.

AAST/AMST/MUSC 5236/5236G
Jazz History: 3-0-3
See MUSC 5236 for course description.

AAST/SPAN 5330/5330G
African Hispanic Culture: 3-0-3
See SPAN 5330 for course description.

AAST/SOCI/ANTH/AMST 5435/5435G
The Rural South: 3-0-3
See SOCI 5435 for course description.

AAST/ANTH 5437/5437G/5437S
Cultures of Africa: 3-0-3
See ANTH 5437 for course description.

AAST/ENGL/WGST 5539/5539G
Literature by Women: 3-0-3
See ENGL 5539 for course description.

Accounting (COBA)

ACCT 2030/2030S
Survey of Accounting: 3-0-3
A study of the theory and application of accounting concepts used to gather and report economic information to users within and outside of the organization. The course stresses the use of accounting information for decision making within the framework of a free economy. Open to non BBA students. ACCT 2030 is a substitute for ACCT 2101 and 2102 for non-business majors. Credit for graduation can only be granted for either ACCT 2030 or ACCT 2101 and ACCT 2102.

ACCT 2101/2101H
Financial Accounting: 3-0-3
The theory and application of managerial accounting concepts. The course stresses the use of accounting information for decision making and the role of managerial accounting in a business environment. Prerequisite: A minimum grade of “C” in BUSA 1105, MATH 1232, CISM 2530, and completion of Area A. ACCT 2030 is a substitute for ACCT 2101 and ACCT 2102 for non-business majors. Credit for graduation can only be granted for either ACCT 2030 or ACCT 2101 and ACCT 2102.

ACCT 2102/2102H
Managerial Accounting: 3-0-3
The theory and application of managerial accounting concepts. The course stresses the use of accounting information for decision making and the role of managerial accounting in a business environment. Prerequisite: A minimum grade of “C” in ACCT 2101. ACCT 2030 is a substitute for ACCT 2101 and 2102 for non-business majors. Credit for graduation can only be granted for either ACCT 2030 or ACCT 2101 and ACCT 2102.

ACCT 3131
Intermediate Accounting I: 3-0-3
The conceptual framework behind financial accounting, reporting and current practice in the preparation of financial statements including the income statement and balance sheet is the focus of this course. This includes accounting for changes and errors in financial reporting, income recognition, financial accounting disclosure, and analysis of financial statements through percentage and ratio analysis. Recent developments at the FASB, SEC and IASB are reviewed as an essential part of this course and students should be prepared to critically examine prospective financial accounting standards. The course stresses problem solving, critical thinking and research skills. Prerequisite: A minimum grade of “B” in ACCT 2101; or a minimum grade of “C” in both ACCT 2101 and ACCT 2102.

ACCT 3132
Intermediate Accounting II: 3-0-3
This course is a continuation of ACCT 3131. This course focuses on the accounting treatment for assets and liabilities including cash; current receivables; inventories; property, plant and equipment; intangible assets; current liabilities and contingencies; and long-term liabilities and receivables. The financial statements of several public companies are reviewed and a detailed analysis of these statements is an essential part of this course. Prerequisite: A minimum grade of “C” in ACCT 3131.

ACCT 3231
Managerial Accounting II: 3-0-3
Preparation and analysis of information to assist management in decision making, learning, planning, and controlling business activities. The use of management accounting information for costing products and services, budgeting, pricing and product mix decisions, and evaluating operating performance are emphasized. Prerequisite: A minimum grade of “C” in ACCT 2102.

ACCT 3330
Income Tax: 3-0-3
Develops an understanding of the reporting of individuals, corporations, partnerships, trusts, and estates. Prerequisite: A minimum grade of “C” in ACCT 3131.

ACCT 3530
Tax Aspects of Business Decisions: 3-0-3
An introduction to basic tax, business, and legal concepts instrumental in decreasing federal taxes. The course stresses problem solving, critical thinking, and application of skills necessary to reduce taxes. Open to either non-accounting BBA or Non-BBA students. Will not substitute for ACCT 3330. Prerequisites: For BBA students a minimum grade of “C” in both ACCT 2101 and ACCT 2102; for Non-BBA students, a minimum grade of “C” in ACCT 2030.

ACCT 4030/4030S
Special Topics in Accounting: 3-0-3
A customized course that allows students to pursue further study in a specific accounting topic at the frontier of an area of research or a contemporary topic related to current real-world events. Prerequisite: Permission of director.

ACCT 4130
Accounting Information Systems: 3-0-3
An introduction to how accounting activities are implemented and integrated in manual and computer-based accounting information systems. Topics include AIS components, transaction cycles, system development, internal control, the relationship between AIS design and the audit process, and the effects of technology. The course stresses problem solving, critical thinking, and computer application skills. Prerequisite: A minimum grade of “C” in ACCT 3131.

ACCT 4131
International Accounting: 3-0-3
Examination of accounting issues and business operations in a global environment. Topics include foreign market currency systems, inflation and currency translation methodology, and international auditing and taxation issues impacting multinational corporations and individuals involved in exports, services, or capital transactions at an international level. Prerequisite: A minimum grade of “C” in ACCT 3132.

ACCT 4133
Intermediate Accounting III: 3-0-3
The capstone of the intermediate accounting sequence, this course is a continuation of ACCT 3132. Advanced accounting topics including investments, stockholders’ equity, accounting for income taxes, accounting for pensions and other post-retirement benefits, accounting for leases, and the statement of cash flows are the basis for this course. Prerequisites: A minimum grade of “C” in ACCT 3132.

ACCT 4430
Auditing: 3-0-3
Develops the background to understand the auditing process and judgments made by auditors. Topics include external, internal and governmental auditing. Prerequisite: A minimum grade of “C” in ACCT 3132 AND a minimum grade of “C” in ACCT 4130 or concurrent enrollment in ACCT 4130.

ACCT 4631
Macro Fraud Examination: 3-0-3
This course takes a macro look at fraud by examining the pervasiveness of and the causes of fraud and white-collar crime in our society. Other topics to be explored include financial crime statutes, evidence gathering and admissibility, types and elements of fraud, general investigative methods, and report writing. Prerequisites: A minimum grade of “C” in ACCT 2102 or ACCT 2030.

ACCT 4632
Micro Fraud Examination: 3-0-3
This course takes a micro look at fraud by examining about 40 of the most common fraud schemes including how they work and how they can be
effectively detected, investigated, and prevented. Prerequisite: A minimum grade of “C” in ACCT 4631.

**ACCT 4790**
*Internship in Accounting: (3-6) 0-3 (3-6)*
A supervised work-study program in selected business and accounting firms throughout the southeast. Any student enrolled in the internship program will be required to work for one full semester. Prerequisites: Total Institution GPA of 2.5 or better, permission of advisor and director.

**ACCT 4830/4830S**
*Special Problems in Accounting: 3-0-3*
A customized course that is under the direction of a faculty sponsor. The course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with faculty sponsor. Prerequisite: Permission of director.

**ACCT 4890/4890S**
*Directed Study in Accounting: 0-0-(1-3)*
Designed for independent study and research in selected areas of accounting under faculty supervision. Prerequisite: Permission of department chair or director.

**ACCT 5232/5332G**
*Managerial Accounting III: 3-0-3*
Continues the study of management accounting by focusing on current topics in the areas of 1) cost management, 2) applications and implications of modern costing and management accounting techniques, including advanced costing techniques, performance measurement, and process analysis, and 3) the legal, corporate, and professional responsibilities of accounting departments. Specific topics may vary from year to year. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ACCT 3231.

**ACCT 5530/5530G**
*Governmental and Institutional Accounting: 3-0-3*
An introduction to accounting and financial reporting for state and local governments and not-for-profit entities. Financial management and accountability considerations particular to government and not-for-profit organizations are emphasized. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ACCT 3131.

**ACCT 5633/5633G**
*Forensic Interviews and Interrogations: 3-0-3*
This course examines the distinctions between interviews and interrogations and how each can be used in resolving criminal or civil allegations. Other topics to be explored include the verbal and nonverbal cues indicating truth or deception, preparation of interview memoranda, and obtaining and preparing legally-admissible admission statements. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Completion of a minimum of 55 semester hours.

**ACCT 6130**
*Accounting and Control: 3-0-3*
Provides an overview of financial and management accounting. It illustrates how financial accounting information is generated, analyzed, and used for external reporting purposes and how management accounting information is used in management decision making. Differences in accounting practices between and among nations are also explored. Prerequisite: Graduate standing.

**ACCT 7130**
*Seminar in Financial Accounting: 3-0-3*
A study of business combinations, consolidation of financial statements of affiliated companies, multinational operations, foreign currency transactions, translation of foreign currency financial statements, reporting disaggregated information, and interim financial statements. Prerequisite: A minimum grade of “C” in ACCT 4133 and Graduate standing.

**ACCT 7131**
*Selected Topics in Accounting: 3-0-3*
This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in existing graduate courses. The scope and nature of the material is determined in consultation with the faculty sponsor. Prerequisite: Graduate standing and permission of director.

**ACCT 7132**
*Theory of Accounting: 3-0-3*
A study of historical and contemporary developments of accounting theory, policy, and reporting procedures. The objectives of financial reporting are reviewed within the conceptual framework of accounting and the accounting standard setting process. Particular emphasis is placed on financial accounting theory formulation and the application of accounting theory to selected contemporary issues. Prerequisite: Graduate standing.

**ACCT 7134**
*Financial Reporting and Analysis: 3-0-3*
This course focuses on the interpretation of financial statement information for decision making. Topics include understanding the importance of industry context and the firm’s own strategic choices in evaluating the financial statement; assessing the quality of financial statement information and recognizing situations where more stringent forensic accounting measures might be appropriate; evaluating profitability and risk; associating subsets of the available analytical tools with the kinds of decisions for which they are most appropriate; and recognizing the effects of GAAP on the input variables of various firm valuation models. Includes coverage of recent relevant legislation and pronouncements of the FASB, SEC, and IASB. Prerequisite: Admission to the MAcc program or consent of the director of the School of Accountancy.

**ACCT 7230**
*Accounting for Executives: 3-0-3*
A study of management accounting and control information. This course shows how to make pricing and product mix decisions, how to improve existing activities and processes, how to measure performance in decentralized units, and how to align organizational activities with long-term strategic objectives, both in a domestic and international setting. Prerequisites: Graduate standing and the completion of the MBA prerequisites, or permission of the COBA Director of Graduate Studies for non-MBA students.

**ACCT 7330**
*Taxation of Corporations and Partnerships: 3-0-3*
A study of the laws involving the formation, operation, and liquidation of corporations, S corporations, and partnerships. Prerequisite: A minimum grade of “C” in ACCT 3330 and Graduate Standing.

**ACCT 7331**
*Taxation of Estates, Gifts, and Trusts: 3-0-3*
Covers transfers pursuant to estates and gifts as well as the taxation of both simple and complex trusts and estates. Prerequisite: A minimum grade of “C” in ACCT 3330 and Graduate standing.

**ACCT 7332**
*Advanced Tax Planning and Research: 3-0-3*
Advanced tax topics such as tax-free exchanges, including like-kind exchanges, involuntary conversions, exchanges pursuant to corporate reorganizations, mergers and acquisitions, as well as deferred compensation. Prerequisite: ACCT 7330.

**ACCT 7430**
*Seminar in Auditing: 3-0-3*
Advanced topics in independent, internal, and governmental auditing. Prerequisite: A minimum grade of “C” in ACCT 4430 and Graduate standing.
ACCT 7431  
Auditing Practice: 3-0-3  
Practical and theoretical components are considered related to auditing topics including auditing in the computer environment, conducting auditing research, and report writing. Prerequisite: ACCT 7430.

ACCT 7530  
Seminar in Accounting Information Systems: 3-0-3  
Develops an understanding and appreciation for the design, analysis, development and implementation of computer-based accounting information systems with an emphasis on control and management issues of this accounting function. Practical application will be examined through computer projects and systems' cases. Prerequisite: A minimum grade of "C" in ACCT 4130 and Graduate standing.

ACCT 7634  
Fraudulent Financial Reporting: 3-0-3  
While asset theft fraud is well covered in the two fraud examination courses, additional training in financial statement fraud is needed due to the technical nature of accounting and reporting standards. This course demonstrates how financial statement analysis can be used to uncover fraudulent financial reporting. In addition, the most common methods for "cooking the books" will be examined along with strategies for detecting and investigating such schemes. Prerequisite: A minimum grade of "C" in ACCT 4133 and Graduate standing.

ACCT 7635  
Fraud and Society: 3-0-3  
This course examines the numerous legislative, administrative, and other societal remedies that have emerged in response to white-collar crime. Such remedies encompass securities fraud, pension fraud, environmental crimes, anti-trust violations, bribery, money laundering, and corporate governance (e.g. Sarbanes-Oxley Act of 2002). Prerequisite: Graduate standing.

ACCT 7636  
Expert Witnessing: 3-0-3  
This course examines the role of accountants as either testifying or consulting experts in legal disputes involving professional negligence cases securities fraud, business/partnership disputes, business interruption losses, business valuations, and marital disputes. Topics include how to communicate opinions effectively at deposition, at trial, and in a written report; the law and procedure dealing with experts; ethics; and how to deal with attorneys. Prerequisite: Graduate standing.

ACCT 7637  
Forensic Accounting Capstone: 3-0-3  
This is an integrative capstone course with potentially many modes of delivery including instruction from multiple professors, use of comprehensive cases, mock trials, and panel and round robin discussions of current issues. Guest speakers may present, or students may report on various projects that they have been conducting either independently or in groups. Students may be assigned projects designed to assist in their preparation to sit for the Certified Fraud Examiner (CFE) exam. To successfully complete this course, student must demonstrate a growing mastery of the skills required of the forensic accountant. Prerequisites: A minimum grade of "C" in ACCT 7634, ACCT 7635, ACCT 7636, and graduate standing.

ACCT 7730  
Internship in Accounting: 0-0-3  
A supervised work-study program of specified length in selected business and accounting firms. Prerequisite: Graduate Standing and permission of Director.

ACCT 7899/7899S  
Directed Study in Accounting: (1-3)-0-(1-3)  
Designed for independent study and research in selected areas of accounting under faculty supervision. Prerequisite: Graduate standing and permission of instructor, director, and program advisor.

American Studies (Interdisciplinary)  
AMST 3033  
Introduction to American Studies: 3-0-3  
The first course in the American Studies minor program, introducing students to the interdisciplinary nature of American Studies. Prerequisite: ENGL 1101.

AMST/HIST/AAST 3130  
African-American History to 1877: 3-0-3  
See HIST 3130 for course description.

AMST/HIST/AAST 3131  
African-American History since 1877: 3-0-3  
See HIST 3131 for course description.

AMST/ENGL 3132/3132S  
American Literature II: 3-0-3  
See ENGL 3132 for course description.

AMST/HIST 3133  
United States Constitutional History: 3-0-3  
See HIST 3133 for course description.

AMST/HIST 3134  
American Economic History: 3-0-3  
See HIST 3134 for course description.

See ANTH 6132 for course description.

Anthropology (CLASS)

ANTH 1102/1102H/1102S
Introduction to Anthropology: 3-0-3
The comparative study of humankind draws materials from the widest possible range of peoples, cultures, and time periods to determine and explain similarities and differences among peoples of the world. This course brings the perspectives of all of the sub-fields of anthropology to the study of humanity: cultural anthropology, archeology, linguistics, and biological anthropology.

**ANTH 3091/3091S**  
Selected Topics Anthropology: (1-3)-0-(1-3)  
Various topics. May be dual numbered. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 3131**  
World Archeology: 3-0-3  
An introduction to the archeology of the Old and New Worlds. This course will examine significant cultural developments from an archeological perspective. A particular focus will be on the development of farming and complex societies. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 3331**  
Cultural Anthropology: 3-0-3  
An exploration of the nature, structure, and dynamics of human culture systems through the examination of a variety of cultures, including our own, from around the world. It will provide the student with a better understanding and tolerance of cultural differences and of how and why people, including ourselves, live and act as they do. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH/LING/POLS/AAST 3337**  
Language, Power, Politics: 3-0-3  
See LING 3337 for course description.

**ANTH 3531**  
Biological Anthropology: 3-0-3  
Examines the interaction of biological and cultural forces in shaping human behavior and physical diversity. Key areas of study include human evolution, primatology and the physical diversity of modern populations. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH/FORE/LING 3533**  
Introduction to Language: 3-0-3  
A general introduction to the nature and structure of language and its role in society.

**ANTH 4131/AMST 4139**  
North American Archeology: 3-0-3  
An introductory course on the archeology of North America. Concentrates on the prehistory and protohistory of Native Americans as well as introducing students to the history of North American archeology.

**ANTH 4132**  
Southeastern Archeology: 3-0-3  
The prehistoric cultures of the Southeastern U.S., including their patterns of subsistence, economy, social and political organization, art, and architecture. The relationship between culture and environment in producing culture change is emphasized. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH/AAST/AMST/LING 4133**  
Gullah and Geechee Language and Culture: 3-0-3  
See LING 4133 for course description.

**ANTH/LAST 4135/4135S**  
Mesoamerican Archeology: 3-0-3  
An examination of the prehistoric cultures of Central America beginning with the Paleosindians and culminating with the Olmec, Mixtec, Aztec, Toltec, Totoc, Maya, and Huastec Civilizations. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 4231/4231S**  
Methods and Theory in Archeology: 3-0-3  
Examination and application of current topics in archeology relating to excavation strategy and interpretation. Analysis of various theoretical approaches as well as field techniques. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 4232/4232S**  
Archeology Field Session: 0-6-3  
On-site participation in the excavation of an archeological site including training in the field and laboratory techniques involved in excavation. Experience in excavation, analysis, recording, and interpretation of archeological materials is provided. Prerequisite: ANTH 1102 or permission of the instructor.

**ANTH 4233**  
Zooarcheology: 3-0-3  
An introduction to the analysis of animal remains from archeological sites. Emphasis will be placed on the identification of specimens and the methodologies of interpretation. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 4235**  
Advanced Archeological Analysis: 3-0-3  
An advanced course in the analysis of archeological sites and materials. In-depth examination of certain types of archeological materials. Students also learn about the conservation of archeological materials. Prerequisites: ANTH 1102 plus an upper level archeology course or permission of instructor.

**ANTH 4262**  
Archeology Field Session: 0-12-6  
On-site participation in the excavation of an archeological site including training in the field and laboratory techniques involved in excavation. Experience in excavation, analysis, recording, and interpretation of archeological materials is provided. No more than 9 total hours are allowed in any combination of ANTH 4232, ANTH 4262, ANTH 4292. Prerequisite: ANTH 1102 or permission of the instructor.

**ANTH 4292**  
Archeology Field Session: 0-18-9  
On-site participation in the excavation of an archeological site including training in the field and laboratory techniques involved in excavation. Experience in excavation, analysis, recording, and interpretation of archeological materials is provided. No more than 9 total hours are allowed in any combination of ANTH 4232, ANTH 4262, ANTH 4292. Prerequisite: ANTH 1102 or permission of the instructor.

**ANTH 4331**  
Anthropology and Human Problems: 3-0-3  
A study of the applications of anthropology in coping with a variety of problems among diverse peoples of the world. Issues include intercultural health care, rural to urban migration, and international development. The history, methods, and ethics of practical or applied anthropology are examined, as well as career opportunities. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 4333**  
Comparative Social Organization: 3-0-3  
A cross-cultural examination of patterns of social organization including family, kinship, associations, and social networks, through comparative studies of selected cultures from around the world. Prerequisite: ANTH 1102 or permission of instructor.

**ANTH 4335**  
Anthropology and International Business: 3-0-3  
A study of the applications of anthropological concepts and methods in the study of the cultural dimensions of business in other countries. It examines the problems and skills involved in intercultural business relationships including intercultural communication, cultural sensitivity, organizational
cultures, culture shock, and cross-cultural misunderstandings. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/RELS 4337
Folklore and Religion: 3-0-3
See RELS 4337 for course description.

ANTH 4431
European Cultures: 3-0-3
An examination of the differences and similarities among European peoples and the effects of social, political, and economic changes on their cultures from an anthropological perspective. It also examines the principal anthropological methods and theories used in the study of European culture systems. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 4435
Middle Eastern Cultures: 3-0-3
An ethnological examination of the lifeways of the diverse peoples of the Middle East. The focus of the course will be on who the peoples of the Middle East are, how they live, and why they live as they do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 4890/4890S
Directed Individual Study: (1-3)-0-(1-3)
Independent study under faculty supervision. Prerequisite: Permission of instructor.

ANTH 5091/5091S
Selected Topics in Anthropology: (1-3)-0-(1-3)
Various topics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/AMST 5131/5131G
Historical Archeology: 3-0-3
An introduction to the field designed to provide a background in basic research methods in historical archeology and ethnography. Emphasis will be placed on regional studies of the southeastern United States. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 5133/5133G
Georgia Archeology: 3-0-3
A basic background in archeology specifically centered on the state of Georgia. It examines the archeological record from earliest times through the antebellum period in an attempt to place Georgia in the larger archeological setting of the southeastern United States. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/WGST 5331/5331G
Gender and Anthropology: 3-0-3
An examination of the biocultural and multi-cultural perspectives of gender provided by anthropology. Theories and case examples of gender studies from selected cultures will be examined using insights from physical anthropology, archeology, cultural anthropology, and linguistics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 5337/5337G
Ethnographic Methods: 3-0-3
A study of the research methods used by cultural anthropologists to gather and analyze data in order to describe and explain how people live and why they live that way. Emphasizes qualitative techniques such as interviewing and participant observation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/AMST 5431/5431G
North American Indians: 3-0-3
A study of the lifeways of the Native North Americans from the time of European contact through the present. It focuses on understanding the nature and variety of traditional Native American cultures, and on the changes they have undergone. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/AMST 5432/5432G
Southeastern Indians: 3-0-3
A study of the lifeways of the native peoples of the southeastern United States from the late prehistoric period to the present. Their patterns of family life, economy, politics, religion, and ceremony are examined to understand their cultures, appreciate their accomplishments, and obtain insights into the nature of human cultural behavior. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/SOCL/AAS/AMST 5435/5435G
The Rural South: 3-0-3
A study of the lifeways and social organization of rural society with emphasis on the South. Examines social institutions, community dynamics, social change, and the cultural distinctions of the region. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or SOCI 1101 or permission of instructor.

ANTH/SOCL/AST/LAST 5436/5436G
Latin American Societies: 3-0-3
Descriptive and analytical survey of the formation of Latin American societies emphasizing their historical backgrounds and emergent characteristics as products of the interplay between internal processes and external influences. Special attention is given to the socio-cultural characteristics, forms of social interaction and social structure, and relations between urban and rural life. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

ANTH/AAS 5437/5437G/5437S
Cultures of Africa: 3-0-3
A comparative study of the lifeways of African peoples south of the Sahara. Traditional cultures, contemporary development, and the course of culture change in various regions are examined. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/INTS/SOCL 5438/5438G
Social Issues of International Development and Change: 3-0-3
See SOCI 5438/5438G for course description.

ANTH/LING/WRIT 5530/5530G
Sociolinguistics: 3-0-3
The principles and methods used to study language as a sociocultural phenomenon. These are examined both from the linguistic viewpoint and the social scientific viewpoint. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or SOCI 1101.

ANTH 5531/5531G
Anthropological Theory: 3-0-3
A study of the major anthropological theories of human culture covering the history of theory and contemporary materialist and idealist theories. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6091
Selected Topics in Anthropology: (1-3)-0-(1-3)
Various topics. Prerequisite: ANTH 1102 or permission of instructor.
ANTH/AMST 6131
North American Archeology: 3-0-3
An introductory course on the archeology of North America. Concentrates on the prehistory and protohistory of Native Americans as well as introducing students to the history of North American archeology. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6431
European Cultures: 3-0-3
An examination of the differences and similarities among European peoples and the effects of social, political, and economic changes on their cultures from an anthropological perspective. It also examines the principal anthropological methods and theories used in the study of European culture systems. Prerequisite: ANTH 1102 or permission of instructor.

ANTH/AMST 6132
Southeastern Archeology: 3-0-3
A study of the prehistoric cultures of the Southeastern U.S. including their patterns of subsistence, economy, social and political organization, art, and architecture. The relationship between culture and environment in producing culture change is emphasized. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6135
Mesoamerican Archeology: 3-0-3
An examination of the prehistoric cultures of Central America beginning with the Paleoindians and culminating with the Aztec and Maya. Materials covered include the art, iconography, architecture, religion, economy, social, and political organization of the Olmec, Mixtec, Aztec, Toltec, Totanec, Maya and Huastec civilizations. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6231
Methods and Theory in Archeology: 3-0-3
Examination and application of current topics in archeology relating to excavation strategy and interpretation. Analyzes various theoretical approaches as well as field techniques. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6233
Zoarcheology: 3-0-3
An introduction to the analysis of animal remains from archeological sites. Emphasis will be placed on the identification of specimens and the methodologies of interpretation. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6235
Advanced Archeological Analysis: 3-0-3
An advanced course in the analysis of archeological sites and materials. In-depth examination of certain types of archeological materials. Students also learn about the conservation of archeological materials. Prerequisites: ANTH 1102 plus a 4000 level archeology course or permission of instructor.

ANTH 6262
Field Session in Archeology: 0-6-6
On-site participation in the excavation of an archeological site including training in the physical and observational techniques of the extractive processes of archeological excavation. Experience in excavation, analysis, recording, and interpretation of archeological materials is provided. Prerequisite: ANTH 1102 or permission of instructor. Group size limited.

ANTH 6330
Cultural Anthropology: 3-0-3
Focuses on the nature of human culture and its role in shaping human behavior through the examination of particular culture systems selected from around the world. It examines the components of culture systems and how they develop, function, and change. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6331
Anthropology and Human Problems: 3-0-3
A study of the applications of anthropology in coping with a variety of problems among diverse peoples of the world. Issues include intercultural health care, rural to urban migration, and international development. The history, methods, and ethics of practical or applied anthropology are examined, as well as career opportunities. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6333
Comparative Social Organization: 3-0-3
A cross-cultural examination of patterns of social organization including family, kinship, associations, and social networks through comparative studies of selected cultures from around the world. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6335
Anthropology and International Business: 3-0-3
A study of the applications of anthropological concepts and methods in the study of the cultural dimensions of business in other countries. It examines the problems and skills involved in intercultural business relationships including intercultural communication, cultural sensitivity, organizational cultures, culture shock, and cross-cultural misunderstandings. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6337
Folklore: 3-0-3
A survey of the creation and persistence of tradition in societies and of the process of change as demonstrated in such aspects as narrative, music, song celebration, festival, belief, and material culture. Emphasis will be given to understanding the multi-ethnic nature of the traditions in the U.S.A. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6435
Middle Eastern Cultures: 3-0-3
An ethnoanthropological examination of the lifeways of the diverse peoples of the Middle East. The focus of the course will be on who the peoples of the Middle East are, how they live, and why they live as they do. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6631
Seminar in Anthropology: 3-0-3
Exploration of selected topics of contemporary relevance in anthropology. Topics will vary with professional interest of students as to their specialization in the graduate curricula of the University. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6632
Seminar in Archeology: 3-0-3
Exploration of selected topics in archeology of interest to individual or small groups of students which are relevant to their course of specialization in the graduate curricula of the University. Prerequisite: ANTH 1102 or permission of instructor.

ANTH 6690
Archeology Field Supervision: 0-(3-9)-(3-9)
This course is designed to give students who have already completed an archeological field experience a supervisory role in field investigations. They will be expected to participate in supervising pre-field preparations, fieldwork and post-field wrap-up.

ANTH 7999
Thesis: 0-(1-3)-(1-3)
Planned research and writing directed by the student's thesis advisor.

Arabic (CLASS)
ARAB 1001
Elementary Arabic I: 3-0-3
For students who have never studied Arabic. Focus on basic communication skills (understanding, speaking, reading, and writing Arabic) and cultural understanding. Includes laboratory program.

**ARAB 1002**
Elementary Arabic II: 3-0-3
Continued focus on basic communication skills (understanding, speaking, reading, writing Arabic) and cultural understanding, with increased emphasis on active use of the language. Includes laboratory program.

**Art (CLASS)**

**ART 1000/100S**
Art in Life: 3-0-3
A general introduction to art and aesthetics and their role in human life and culture. Includes discussion and analysis of architecture, sculpture, painting, ceramics, drawing, printmaking, photography, design, and other art forms from various historical periods and world cultures.

**ART 1010/101S**
Drawing I: 3-3-3
An introduction to the basic materials and methods of drawing. Students will develop skills in direct observations, composition, and techniques using still-life and natural forms.

**ART 1011/101S**
Drawing II: 3-3-3
Through direct observation and experimentation the student is led to develop a personal approach to expression. The figure, landscape and still-life are examined in a variety of materials. Prerequisite: ART 1010.

**ART 1020**
Two Dimensional Design: 3-3-3
Emphasizes two-dimensional design through analysis of line, texture, color, size, shape, and mass. Individual experiences with a variety of media.

**ART 1030**
Three Dimensional Design: 3-3-3
Uses lectures, demonstrations, discussions, and hands on experiences to introduce students to a variety of basic materials, techniques, and general concepts related to design within the context of 3-D form and space.

**ART 1135/1135S**
Painting I: 3-0-3
An introduction to oil and/or acrylic painting through a variety of studio experiences. This course is designed to familiarize students with skills necessary for creating a painting. Emphasis is placed on technical competence with the media, mixing color, value, and composition. Equally stressed are iconographic concepts such as symbolic use of color, marks and form to increase expressionistic content within a work of art. Direct observation is utilized. Prerequisite: Art Major, Art Minor, or Permission of Department.

**ART 1230**
Ceramics I: 3-0-3
An introduction to clay and the various techniques, including pinching, coil construction, slab building, architectural relief, wheel throwing, and firing.

**ART 1235**
Sculpture I: 3-0-3
A study of the processes and concepts of sculpture. Primitive and historical technologies will be employed in the production of sculpture. Students will gain experience working with a variety of media and materials. Prerequisite ART 1030.

**ART 1236**
Jewelry I: 3-0-3
An introduction to the tools, materials and techniques of jewelry/metal design. Students will explore fabrication, surface embellishment, stone-setting and finishing techniques while demonstrating creativity and understanding of the media. Prerequisite: ART 1030 or permission of instructor.

**ART 1335/1335S**
Photography I: 3-0-3
This is a studio course that explores fundamentals in techniques and applications of the photographic medium within the context of art. Students learn the use of the 35mm camera, exposure, meter, black and white film processing, printing, and the use of the camera as a means of personal creative self-expression.

**ART 1430**
Printmaking I: 3-0-3
A brief overview of all printing processes with focus on relief and intaglio. Emphasis will be placed on understanding the printmaking process within a historical and critical context. Prerequisite: ART 1020.

**ART 2135/2135S**
Painting II: 3-0-3
An advanced exploration of paint as an expressive medium. Emphasis is on the cultivation of personal imagery and creative exploration as informed by a knowledge of traditional and contemporary art. Technical competence handling traditional formal elements such as composition, color mixing, and paint surface are stressed. Students are urged to develop a personal iconography and to deepen the expressionistic content of their work. Prerequisite: ART 1135.

**ART 2230**
Ceramics II: 3-0-3
Intermediate exploration in selected technical areas of ceramics and firing. Students will explore glaze problems, firing techniques and aesthetics. Emphasis will be on historical and aesthetic concern dealing with the form. Prerequisite: ART 1230.

**ART 2233**
Computer Graphics: 0-6-3
This is an introductory overview of computer-based imaging. Students will create and manipulate digital images.

**ART 2235**
Sculpture II: 3-0-3
Advanced studio work in the concepts and processes of sculpture. A major emphasis will be placed on using casting techniques to produce original works of art. Prerequisite: ART 1235.

**ART 2236**
Jewelry II: 3-0-3
An exploration of intermediate level techniques of jewelry/metal design. Students will investigate casting and wax-working techniques while developing a personal direction in the discipline. Prerequisite: ART 1236 or permission of instructor.

**ART 2330**
Typography I: 3-2-3
Introduction to the basic foundations of typographic design. Creative solutions to typographical design problems will be explored, through the application of the practical and technical aspects of typography. Prerequisites: ART 1010 and ART 1020.

**ART 2331**
Graphic Design I: 3-2-3
A general introduction to graphic design. The focus of this course will be on students' development of their creativity and skills at effective visual communications, while also learning about general concepts and issues that apply to the field of graphic design. Prerequisites: ART 1010 and ART 1020.

**ART 2335**
Photography II: 3-0-3
This is a studio course that explores the use of the 35mm camera and black and white processing to creatively express ideas and emotions. Emphasis is on the continued development of technique and personal aesthetic. Prerequisite: ART 1335.

**ART 2430**  
Printmaking II: 3-0-3  
Intermediate study of printmaking focusing on the planographic and serigrahic print processes. Emphasis will be placed on understanding the printmaking process within a historical and critical context. Prerequisite: ART 1430.

**ART 2531/2531S**  
Art History I: 3-0-3  
A chronological survey of world visual arts from pre-historic times through the Middle Ages in the West and various non-western cultures. Emphasis is on architecture, sculpture, painting, and other major media. This course introduces questions of style, meaning, and cultural context for works of art.

**ART 2532/2532S**  
Art History II: 3-0-3  
A chronological survey of the visual arts from the Renaissance to contemporary times. Emphasis is on architecture, sculpture, painting, and other major media. This course introduces questions of style, meaning, and cultural context for works of art. Prerequisite: ART 2531.

**ART 3131/3131S**  
Drawing III: 0-6-3  
Involves students in drawings of an advanced technical and conceptual nature. Students are encouraged to experiment with traditional and contemporary approaches to personal image making in a variety of drawing materials. Prerequisites: All area F Art courses.

**ART 3132**  
Figure Drawing: 0-6-3  
The historical, structural, anatomical, and compositional study of the human figure as an expressive subject. Prerequisites: All area F Art courses.

**ART 3134**  
Art for the General Classroom Teacher P-8: 3-0-3  
Prepares the future elementary and middle school classroom teacher to plan, implement and evaluate visual art education for children in grades PreK-8.

**ART 3135**  
Art Teacher P-5: 3-0-3  
The art education major will learn to plan, implement, and evaluate visual art education for children in grades PreK-5. Course work addresses the history and theories of art education, state and national standards for the teaching of visual arts, children's artistic development, and related teaching strategies.

**ART 3136**  
Art Methods for the Art Classroom Teacher 6-12: 3-0-3  
Students examine history, theory, instructional strategies, studio skills necessary to integrate art learning experiences in aesthetics, art criticism, art history, and art production. Emphasis is on developing advanced skills in planning, implementation and evaluation of art instruction for grades 6-12.

**ART 3230**  
Ceramics III: 0-6-3  
Advanced exploration into clay forms including surfaces and various firing techniques. Students develop a vocabulary of visual work supported by research in the history of ceramics. Prerequisite: ART 2230.

**ART 3235**  
Sculpture III: 3-0-3  
Advanced studio work in the concepts and processes of sculpture. Major emphasis will be placed on using casting techniques to produce original works of art. Prerequisite: ART 2235.

**ART 3236**  
Jewelry III: 3-0-3  
Advanced students will explore metal-forming techniques such as forging, raising and fold-forming in the creation of small sculptural objects and jewelry. Students will demonstrate proficiency in the media while developing a unique personal style. Prerequisite: ART 2236 or permission of instructor.

**ART 3330**  
Packaging Design: 3-2-3  
A study of various aspects of packaging design. Creative solutions to a diverse range of packaging design problems will be explored, along with study of practical and technical demands specific to three dimensional design. Prerequisite: ART 2331.

**ART 3331**  
Graphic Design II: 3-2-3  
An intermediate level course which teaches page design and layout of various types, focusing on books, magazines, catalogs, and newspapers. Special emphasis will be on developing students' abilities to find creative yet functional solutions to a diverse range of paper design problems. Prerequisites: ART 2330 and ART 2331.

**ART 3333**  
Corporate Identity: 3-2-3  
A study of how to design a visual identity system which includes logos, trademarks, letterheads, business cards, signage, brochures, catalogs, electronic web designs, and other forms of communication appropriate to the business. Prerequisite: ART 3331.

**ART 3334**  
Professional Practices: 3-0-3  
This advanced level course will cover the practical issues that confront professional graphic designers today. Topics include job searching, freelancing, contract negotiation, ownership of intellectual property, client dynamics, presenting design solutions and other relevant issues. Students will learn to prepare files for printing and apply professional standards within the graphic design industry. Prerequisite: ART 3331.

**ART 3335**  
Photography III: 3-0-3  
A studio course that explores a variety of photographic methods to achieve an advanced level of personal expression and an understanding of aesthetics. Prerequisite: ART 2335.

**ART 3336**  
Photography IV: 0-6-3  
A studio course that explores photographic seeing through the application of advanced processing, and printing techniques. Experimental imagery will be encouraged. Emphasis on the development of a personal style. Prerequisite: ART 3335.

**ART 3337**  
Enameling: 3-0-3  
Students will explore various enameling processes including cloisonne, champleve, Limoge and basse-taille. Students will also investigate the use of color in the creations of contemporary jewelry and small sculptural objects. Prerequisite: ART 1236 or permission of instructor.

**ART 3338**  
Typography II: 3-2-3  
This course provides an advanced study of typographic systems, principles, and usage with emphasis on refining student's understanding of type aesthetics, and its informative, expressive, and experimental potential in solving complex communications problems. Students will use type as a visual form and visible language. Prerequisite: ART 2330.

**ART 3430/3430S**  
Printmaking III: 0-6-3
Advanced instruction in various printing processes with emphasis on one process. Students are encouraged to develop their own form of individual expression and critical understanding within the visual language of printmaking. Prerequisite: ART 2430.

ART 3431  
Digital Photography I: 3-2-3  
Students will create photographic images using the fundamentals of technology including digital cameras and computer print technology. Prerequisite: ART 1335.

ART/AAST 3435  
African Art: 3-0-3  
Surveys the major themes, cultural groups, and art traditions of Africa. It focuses on materials, function, meaning, and the contexts in which art is used. Prerequisites: ART 2531 and ART 2532.

ART/AAST 3436  
African American Art: 3-0-3  
The study of African American art and design from the period of pre-colonial Africa to the contemporary United States. The course investigates the creativity and cultural identity of African Americans and their contributions to the visual culture in America. Prerequisites: ART 2531 and ART 2532.

ART/AMST 3437  
American Art: 3-0-3  
Study of American architecture, painting, sculpture, graphic art, decorative art, and photography from the seventeenth century to the present. Art works, styles, issues, and artists will be studied in relation to the historical, social, cultural, and political background which they reflected and which gave them meaning. Prerequisites: ART 2531 and ART 2532.

ART 3438/3438S  
Art of Asia: 3-0-3  
A study of art and architecture from the major cultures in Asia and the Far East including India, Southeast Asia, China, Korea, and Japan. Prerequisites: ART 2531 and ART 2532.

ART 3490  
Problems in Printmaking: 0-(2-6)-(0-9)  
Intensive individual research in a specific printmaking process or specific mixed media approach. Emphasis will be placed on creating a cohesive body of work which could include the exploration of artist's books and papermaking. Prerequisite: Advanced Printmaking or permission of instructor.

ART 3530/3530S  
Ancient Art: 3-0-3  
A study of the architecture, sculpture, painting, and applied arts of major civilizations in the Middle East and the Mediterranean world from prehistory to the 4th century C.E., with emphasis on developments in Greece and Rome. Prerequisites: ART 2531 and ART 2532.

ART 3531/3531S  
Medieval Art: 3-0-3  
A study of architecture, painting, sculpture, and applied arts in Europe and the Mediterranean world from the Fall of Rome to the thirteenth century. Prerequisites: ART 2531 and ART 2532.

ART 3532  
Renaissance Art: 3-0-3  
A study of the architecture, sculpture, painting, and applied arts in Europe from the fourteenth through the sixteenth centuries with emphasis on developments in Italy and Northern Europe. Prerequisites: ART 2531 and ART 2532.

ART 3533  
Baroque and Rococo Art: 3-0-3  
A study of architecture, painting, sculpture, and graphic arts in Europe during the seventeenth and eighteenth centuries. Prerequisites: ART 2531 and ART 2532.

ART 3534/3534S  
Nineteenth Century Art: 3-0-3  
A chronological study of the visual arts in Europe and America from the late eighteenth through the early twentieth centuries. This course examines the art, artists and issues in Nineteenth century art through lectures and discussion. Prerequisites: ART 2531 and ART 2532.

ART/AMST 3535  
Native American Art: 3-0-3  
A survey of the visual arts and artifacts of native North American cultures from prehistory to contemporary times. This course examines Native American artifacts for their distinctive aesthetic value in addition to their ritual significance. Prerequisites: ART 2531 and ART 2532.

ART 3731  
Graphic Design Internship: 0-5-3  
Students will apply their skills and learn practices of the profession through a professional experience in graphic design. Prerequisite: ART 3331.

ART 4190/4190S  
Problems in Drawing: 0-(2-6)-(1-3)  
An intensive exploration of drawing media with special focus on advanced levels of personal expression. Thematic content, style, and expressive interpretation are to be determined by the student in consultation with the instructor. Prerequisite: Permission of the instructor.

ART 4191  
Problems in Painting: 0-(2-6)-(1-3)  
An advanced exploration of paint as an expressive medium. Emphasis is on the cultivation of personal imagery and creative exploration as informed by a knowledge of traditional and contemporary art. Technical competence in handling traditional formal elements such as composition, color mixing, and paint surface is stressed. Prerequisite: Permission of the instructor.

ART 4230  
Kiln Building: 0-6-3  
The history, design, and construction of ceramic kilns. Students will design and construct a variety of kilns used throughout the history of ceramics. Includes the study of how fuels interact with the structure to achieve desired design results. Prerequisite: ART 2230.

ART 4231  
Glaze Calculation: 0-6-3  
Introduction to the development of clay bodies and glazes. Students will utilize specific glaze and ceramic formulas for desired technical and aesthetic results. Traditional glazes will be contrasted with experimental approaches. Prerequisite: ART 3230.

ART 4290  
Problems in Ceramics: 0-(2-6)-(1-3)  
Intensive individual research in a specific area of ceramics. Prerequisite: Permission of the instructor.

ART 4291  
Problems in Sculpture: 0-(2-6)-(1-3)  
Individual research in sculpture. Prerequisite: Permission of the instructor.

ART 4333  
Publication Design: 3-2-3  
This class investigates publication design as a vehicle for consolidating all graphic design skills. Informed by tradition, as well as trend and its commercial viability in publications, students develop visual expressions as they pertain to journalistic philosophies, typography, photography, illustration, technology, time and sequencing. Integrated style or identity will be examined and related to various publications and view audiences,
such as corporate reports and books, museum exhibit catalogs and magazines. Prerequisites: ART 3331 and ART 3338.

ART 4335
Web Page Design: 3-2-3
The student will develop effective graphic design interfaces for website construction. Course content will address software and technical information with an emphasis on items such as site construction and site management, as well as current and future developments in online services, search engines, and how they affect the online community. Students will incorporate workflow and organizational skills into an active online website for a variety of topics. Prerequisites: ART 3331 and ART 3338.

ART 4381
Graphic Design III: 3-2-3
An advanced level course focusing on advertising design. Various types of advertisement problems will be explored, including magazines, catalogs, brochures, and newspapers as well as electronic advertising designed for the web. Students will explore marketing related issues and learn to develop visual design which effectively communicates a client's desired message. Prerequisites: ART 3331 and ART 3338.

ART 4391
Problems in Photography: 0-(2-6)-(1-3)
A studio course in which students organize and assemble a photographic portfolio. Emphasis is on the development of a personal style using advanced photographic techniques and aesthetics. Prerequisite: Permission of the instructor.

ART 4392
Problems in Jewelry: 0-(2-18)-(1-9)
Intensive individual research in a specific area of jewelry. Students will demonstrate proficiency in the media while developing a unique personal style. Prerequisite: Permission of the instructor.

ART 4435/4435S
Art History Travel: 3-0-3
A study of important art works on location at museums, galleries, monuments and other sites. Specific topics and locations to be announced. Prerequisite: Permission of the instructor.

ART 4473
Senior Painting Exhibition: 0-6-3
Students prepare and mount an exhibition of images they create as students at Georgia Southern. In this exhibition the students show the depth and breadth of their understanding for developing a personal iconography and for increasing the expressionistic content of their work. Prerequisite: Completion of 9 credits of Problems in Painting and permission of the instructor.

ART 4490
Problems in Printmaking: (1-9)-0-(1-9)
Intensive individual research in a specific printmaking process or specific mixed media approach. Emphasis will be placed on creating a cohesive body of work which could include the exploration of artist's books and papermaking. Prerequisite: Permission of the instructor.

ART 4530
Twentieth Century Art: 3-0-3
Surveys in detail the development of the artistic avant-garde in Europe and America from the late nineteenth century to the present. Major movements, individuals, and theoretical issues will be considered. Emphasis on painting and sculpture with some attention to photography, architecture, printmaking and other areas. Prerequisite: ART 2532.

ART 4531
Contemporary Art: 3-0-3
Examines in detail the major tendencies in contemporary painting, sculpture, printmaking, performance, video, photography, and environmental art from the middle of the twentieth century to the present. Emphasis is on the major themes, styles, and approaches to art in the contemporary world. Prerequisite: ART 2532.

ART 4590/4590S
Problems in Art: 0-(2-6)-(1-3)
Individual research in a specific area of art. Prerequisite: Permission of the instructor.

ART 4631/4631S
Art History Seminar: 3-0-3
A seminar-format course on selected topics in art history with emphasis on directed readings and classroom discussion. Prerequisite: Permission of the instructor.

ART 4731
Senior Ceramics Exhibition: 0-6-3
The student will develop an exhibition of ceramic work documented by way of photographic slides. The student will be expected to produce a resume and an artist's statement. Prerequisite: Permission of instructor.

ART 4732
Senior Drawing Exhibition: 3-0-3
The capstone course of the drawing concentration in which the students produce works for a final exhibition and stage an exhibit of their work before graduating. Prerequisite: Permission of instructor.

ART 4733
Senior Painting Exhibition: 0-6-3
Students prepare and mount an exhibition of images they have created. In this exhibition the students show the depth and breadth of their understanding for developing a personal iconography and for increasing the expressionistic content of their work. Prerequisite: Permission of instructor.

ART 4734
Senior Photography Exhibition: 0-6-3
Work leading up to the presentation of a professional and cohesive body of printmaking within an individual senior exit show. Prerequisites: Six credits of ART 4391 and permission of instructor.

ART 4735
Senior Printmaking Exhibition: 0-6-3
Work leading up to the presentation of a professional and cohesive body of printmaking within an individual senior exit show. Prerequisites: Nine hours of ART 4490 and permission of instructor.

ART 4736
Senior Sculpture Exhibition: 0-6-3
Individual research and exhibition of advanced studio work. Prerequisite: Permission of instructor.

ART 4737
Art History Thesis: 0-0-3
Independent research and writing on a specific topic under the supervision of an art history faculty member. The course is intended as a capstone experience for senior art history students during their final semester. The thesis is a substantial research paper which demonstrates advanced understanding or interpretation on a specific art history topic.

ART 4790
Practicum in Art Education: 0-(6-12)-(3-6)
Prepares the art education major to plan, implement, and evaluate instructional programs in visual art education in grades P-12.

ART 4830
Art History Research: 3-0-3
Independent research and study on selected topics in art history. Prerequisite: Permission of instructor.
ART 4831
Senior Art History Thesis: 3-0-3
Independent research and writing on a specific topic under the supervision of an art history faculty member. The thesis is a substantial research paper which demonstrates advanced understanding or interpretation on a specific Art History topic. Prerequisite: Senior Standing.

ART 4889
Portfolio Design: 3-2-3
The student will compile a professional portfolio and exhibit creative work to the public. Prerequisite: ART 4381.

ART 7190
Drawing: 0-(1-18)-(1-9)
An intensive exploration of drawing media with special focus on advanced levels of personal expression. Themetic content, style, and expressive interpretation are to be determined by the student in consultation with the instructor.

ART 7191
Ceramics: 0-(1-18)-(1-9)
Individual research in a specific area of ceramics.

ART 7192
Painting: 0-(2-6)-(1-9)
An advanced exploration of paint as an expressive medium. Emphasis is on the cultivation of personal imagery and creative exploration as informed by a knowledge of traditional and contemporary art.

ART 7193
Sculpture: 0-6-(1-9)
Advanced studio work in the concepts and processes of sculpture. A major emphasis will be placed on using casting techniques to produce original works of art.

ART 7194
Graphic Design: 0-6-(1-9)
An advanced level course which focuses on advertising design. Various types of advertisement will be explored including magazines, catalogs, brochures, and newspapers as well as electronic advertising designed for the web. Students will explore marketing related issues and learn to develop visual designs which effectively communicate a client's desired message.

ART 7195
Photography: 3-0-(1-9)
A studio course in which students organize and assemble a photographic portfolio. Emphasis is on the development of a personal style using advanced photographic techniques and aesthetics.

ART 7196
Printmaking: 0-6-(1-9)
Individual research in a specific printmaking process or specific mixed media approach. Emphasis on creating a cohesive body of work.

ART 7231
Ancient Art: 3-0-3
A study of the architecture, sculpture, painting, and applied arts of major civilizations in the Middle East and the Mediterranean world from prehistory to the 40th century C.E. with emphasis on developments in Greece and Rome.

ART 7232
Medieval Art: 3-0-3
A study of architecture, painting, sculpture, and applied arts in Europe and the Mediterranean world from the fall of Rome to the thirteenth century.

ART 7233
Renaissance Art: 3-0-3
A study of architecture, painting, sculpture, and applied arts in the European world from the fourteenth through the sixteenth centuries with emphasis on developments in Italy and Northern Europe.

ART 7234
Baroque and Rococo Art: 3-0-3
A study of architecture, painting, sculpture, and graphic arts in Europe during the seventeenth and eighteenth centuries.

ART 7235
Nineteenth Century Art: 3-0-3
A chronological study of the visual arts in Europe and America from the late eighteenth through the early twentieth centuries. Examines the art, artists, and issues in nineteenth century art through lectures and discussions.

ART 7236
Twentieth Century Art: 3-0-3
Surveys in detail the development of the artistic avant-garde in Europe and America from the late nineteenth century to the present. Major movements, individuals, and theoretical issues will be considered.

ART 7237
Contemporary Art: 3-0-3
Examines in detail the major tendencies in contemporary painting, sculpture, printmaking, performance, video, photography, and environmental art from the middle of the twentieth century to the present. Emphasis on the major themes, styles, and approaches to art in the contemporary worlds.

ART 7238
African Art: 3-0-3
Surveys the major themes, cultural groups, and art traditions of Africa. Focuses on materials, function, meaning, and the contexts in which art is used.

ART 7239
African American Art: 3-0-3
The study of African American art and design from the period of pre-colonial Africa to the contemporary United States. Investigates the creativity and cultural identity of African Americans and their contributions to the visual culture in America. Format is lecture and discussion.

ART 7330
American Art: 3-0-3
Study of American architecture, painting, sculpture, graphic art, decorative art, and photography from the seventeenth century to the present. Art works, styles, issues, and artists will be studied in relation to the historical, social, cultural, and political background which they reflect and give meaning.

ART 7331
Art of Asia: 3-0-3
A study of art and architecture from the major cultures in Asia and the Far East including India, Southeast Asia, China, Korea, and Japan.

ART 7335
Native American Art: 3-0-3
A survey of the visual arts and artifacts of native North American cultures from prehistory to contemporary times. Examines Native American artifacts for their distinctive aesthetic value in addition to their ritual significance.

ART 7339
Methods in Middle and Secondary School Art: 3-0-3
Students examine history, theory, instructional strategies, and studio skills necessary to integrate art learning experiences in aesthetics, art criticism, art history, and art production. Emphasis is on developing advanced skills in planning, implementing, and evaluating art instruction for grades 6-12.

ART 7430
Foundations of Art Education: 3-0-3
The study of theoretical and historical foundations of art education: philosophical, psychological, anthropological, and sociological approaches
and their influence on curriculum development at the elementary and secondary levels.

**ART 7431**  
**Cultural Diversity Through Art: 3-0-3**  
Provides an opportunity to explore the role art plays in the interpretation and dissemination of cultural, historical, and philosophical views by comparing and contrasting art from various world cultures.

**ART 7432**  
**Curriculum and Methods in P-5 Art Education: 3-0-3**  
The practices for the teaching of perceptual awareness, production, art history, aesthetics, and criticism of the visual arts in grades P-5. Analysis of common situations in early childhood and elementary education will be made to discover opportunities for creative work and the methods and materials by which they may be realized are explored.

**ART 7433**  
**Methods in Middle and Secondary School Art: 3-0-3**  
Students examine history, theory, instructional strategies, and studio skills necessary to integrate art learning experiences in aesthetics, art criticism, art history, and art production. Emphasis is on developing advanced skills in planning, implementing, and evaluating art instruction for grades 6-12.

**ART 7434**  
**History and Philosophy of Art Education: 3-0-3**  
An examination of the historical dimensions of art education in the United States.

**ART 7435**  
**Aesthetics and Criticism in Art Education: 3-0-3**  
An introduction to basic issues related to the teaching aesthetics, art criticism, and art history to P-12 students. Students will design, implement, and evaluate developmentally appropriate instruction for teaching these issues.

**ART 7436**  
**Art Therapy/Popular Education: 3-0-3**  
Introduces art teachers to art therapy and special populations. Emphasizes instructional strategies and therapeutic techniques relevant to social and learning needs.

**ART 7437**  
**Arts Administration and Supervision: 3-0-3**  
An introduction to a variety of organizational structures and managerial strategies in the arts field. Emphasizes the history and philosophy of arts administrators, the status and role of arts administrators, and implementation and assessment strategies in art institutions. Prerequisite: Ed. S. in Art Candidacy.

**ART 7438**  
**Curriculum Development in Art Education: 3-0-3**  
The planning, implementation and evaluation of a sequential curriculum for the fine arts in schools, museums, and art centers. Areas of analysis include past and present art programs and art education movements as alternative models for curriculum design; creation and evaluation of innovative school, college, museum, and other institutional art programs; meaning and method of curriculum improvement; guidelines for curriculum decision making; testing and evaluating curriculum innovations. Prerequisites: Graduate course work in at least two courses of one medium to be target of research.

**ART 7530**  
**Problems in Studio Pedagogy: 3-0-3**  
The development of qualitative curricula as it relates to the pedagogy of a studio media for grades P-College. The student will develop a curriculum in a specific 2D or 3D media. Investigation includes planning, implementation, and evaluation of learning in relation to the studio skills, vocabulary, history, aesthetics, and criticism. Prerequisites: Graduate course work in at least two courses of one medium to be target of research.
Astronomy (COST)

ASTR 1000
Introduction to the Universe: 3-0-3
A study of the motions and constitution of the solar system, stars and other celestial bodies. Theories of evolution of celestial bodies and the universe are considered in addition to the instrumentation used by astronomers.

ASTR 1010
Astronomy of the Solar System: 3-0-3
A study of the motions and physical properties of the planets, asteroids, and comets.

ASTR 1020
Stellar and Galactic Astronomy: 3-0-3
A study of the physical properties of stars and galaxies and of the origins of the universe.

ASTR 1211/1211S
Astronomy Lab: 0-2-1
A series of laboratories designed to measure the physical properties of planets, stars, and galaxies. Corequisites: Must be taken concurrently with either ASTR 1010 or ASTR 1020.

ASTR/PHYS 3131
See PHYS 3131 for course description.

ASTR 3137
The Search for Life in the Universe: 3-0-3
The course will describe the current quest to find intelligent life in the universe. It will begin with a discussion of the nature and origin of life on Earth. After considering the search for life in our solar system, techniques used to search for extrasolar planets and extraterrestrial life will be explored. The course will also include a discussion of the physical limitations to interstellar spaceflight and alternative methods of communication. Prerequisites: ASTR 1000, ASTR 1010, or ASTR 1020, or permission of instructor.

ASTR 3538
Physical Astronomy: 3-0-3
The physical nature of the solar system, stars and galaxies will be studied in detail. Principles of physics will be used and illustrated, especially in the areas of mechanics, thermodynamics, physical optics, and spectral analysis. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

ASTR/PHYS 3558
See PHYS 3558 for course description.

ASTR 4030
Selected Topics in Astronomy: 3-0-3
This course will cover selected topics in Astronomy. Students may be allowed to do special projects in astronomy under the recommendation of the instructor. Prerequisite: PHYS 1112 or PHYS 2212 or permission of instructor.

ASTR 4130
Astrophysics: 3-0-3
This course will cover advanced topics in Astrophysics. Students will become familiar with the fundamental physics of stars. This includes stellar atmospheres, interiors, and evolution. Students will study the atomic properties of matter and its interaction with light. Students will also study techniques for observing stars using telescopes and interferometers. Prerequisite: PHYS 1112 or PHYS 2212.

ASTR 4138
Galactic Astronomy: 3-0-3
Galactic Astronomy will cover advanced topics in galactic structure and evolution. This includes galaxy morphology, stellar and gaseous content, stellar orbits, disc dynamics, central massive black holes, large scale structure, interactions and evolution in a cosmological setting. Students will also be introduced to the historic development of our modern view of the universe. Prerequisites: PHYS 1112 or PHYS 2212, or permission of instructor.

ASTR 4330
Observational Techniques in Astronomy: 3-0-3
This course will cover advanced topics in astronomical observing techniques. This includes basic physical principles and methods needed to plan, obtain, and reduce photometric data of celestial objects. Students will be introduced to the principles of spherical astronomy, photoelectric detectors, atmospheric extinction and standard system transformations, and the Image Reduction and Analysis (IRAF) software package. Prerequisite: PHYS 1112 or PHYS 2212.

Business Education (COE)

BEED 3236
Methods of Teaching Business Subjects in the Secondary School: 3-0-3
An introduction to various methods and materials for teaching business subjects in the secondary school. A field based component will be arranged. Focuses on instructional methods in the teaching of skill development courses, including classroom interaction patterns, instruction modification and evaluation techniques. A field based component is included. Prerequisites: Completion of 24 hours in the business teaching field and admission to Teacher Education Program. Corequisites: SCED 4138 and EDUF 3234.

BEED 4090
Business Education Special Topics: (1-3)-0-(1-3)
Designed to promote specialized training appropriate to the needs of preservice teachers. Attention will be given to a range of specific problems as they relate to the secondary school classroom. Prerequisites: Approval of the advisor, instructor and department chair.

BEED 5130/5130G
Cooperative Vocational Education: 3-0-3
Considers all cooperative curriculum programs in the high school, as well as the philosophy and background for the program. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Admission to Teacher Education Program or possess a Bachelor of Science in Education (BSED).

BEED 7090
Selected Topics in Business Education: 3-0-3
Designed to promote specialized training appropriate to the needs of in service teachers. Attention will be given to a range of specific problems as they relate to the secondary school classroom. Prerequisites: Approval of the advisor, instructor, and department chair.

Honors (Bell Honors Program)

BHON 1101
Seeing and Writing I: 3-0-3
Provides in-depth study in the techniques of good writing and of critical thinking with exposure to various ways of seeing the world and one's relation to it through intensive readings in the humanities. Students will write essays, read novels, stories, poetry and non-fiction prose, and see and analyze within established course contexts serious motion pictures. Interdisciplinary and team-taught.

BHON 1102
Seeing and Writing II: 3-0-3
Emphasizes refining the skills in writing, critical thinking, and reading acquired in BHON 1101. In addition to writing essays, students will write a longer course paper, synthesizing materials of both courses, in which they will apply, interactively, important personal concerns and interests and nurture basic research skills. Interdisciplinary and team-taught.

BHON 1110
Freshman Seminar I: 1-0-1
The freshman BHP Seminars are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 1111
Freshman Seminar II: 1-0-1
The freshman BHP seminars are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 1131
Social Science Perspectives: The Human Dawn: 3-0-3
The development of world cultures from human origins throughout the era of Tamerlane, Dante, and the cresting of Ottoman power in the Middle East. The role of economics in the development of social and political institutions is a central emphasis. Interdisciplinary and team-taught.

BHON 1132
Genesis Modern Societies: 3-0-3
The evolution of world cultures, from the high Renaissance in the west, the Ming period in China, and the cresting of the Incan Empire, via the Protestant Reformation and the age of explorations, the Mughal Empire of India, the scientific revolution and the Enlightenment, through the American and French revolutions to the era of Napoleon, the Tokugawa Shogunate in Japan and the independence movements in South America. The role of economics in the development of social and political institutions is a central emphasis. The development of U.S. government and the Constitution, and the history of Georgia are also focal themes. Interdisciplinary and team-taught.

BHON 1441
Essential Skills in Math: 3-1-4
Imparts the content of the first calculus course, with additional content determined by the instructor, but to include probability and matrices, systems of equations and number theory. BHP Scholars entering with exceptionally strong backgrounds in calculus, demonstrated by AP scores and/or Post-Secondary Option college work, would, when appropriate, be permitted to take MATH 2242 or a higher level course in lieu of this course; this would not normally be advised.

BHON 2111
Sophomore Seminar I: 1-0-1
The sophomore BHP Seminars are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 2133
Social Science Perspectives: The Foundations of the Contemporary World: 3-0-3
A study of world cultures of the nineteenth and twentieth centuries, down to the present. Central attention is given to the role of economics and its influence on the development of social and political institutions. The institutions of American government, the U.S. Constitution and the history and Constitution of Georgia are also focal themes. Interdisciplinary and team-taught, with a political scientist as one member of the team.

BHON 2134
The Shape of Things to Come: 3-0-3
A capstone and conclusion to BHP courses in all areas. An interdisciplinary and team-taught exploration of the best thinking on projected future developments of world issues and world cultures. The central theme is the role of economics, applying micro- and macro-economic methods, and its influence on shaping the future. A broad spectrum of other topics, art, music, and contemporary thought through world political issues to business and law, are considered in their relation to economic forces and institutions. Employs extensive use of guest professors to provide a wide variety of perspectives on the future. Includes an economist as one member of the core teaching team.

BHON 2210
Turning Points and Connections: 1-0-1
A special BHP section, focusing on the connections between major turning points in history and their effects on life, as seen in art, music, philosophy, literature, politics, science, economics and cultural outlook. Serves as BHP seminar in spring semester of the sophomore year.

BHON 2230
Ideas and the Arts: 3-0-3
An interdisciplinary and team-taught introduction to philosophy and the fine arts and their interrelationships.

BHON 2241
Science and Contemporary World Issues: 3-2-4
Explores contemporary issues and controversies in the sciences and the role of science and scientists in issues facing the world of today. A study of environmental issues is central. Continuing attention is paid to applications of mathematics. Includes a laboratory component, with laboratory content appropriate to the disciplines of faculty teaching the course. Interdisciplinary and team-taught.

BHON 3110
Junior Colloquium I: 1-0-1
The junior BHP Colloquia are special additional enrichments of the general educations of Bell Honors Program scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 3111
Junior Colloquium II: 1-0-1
The Junior BHP Colloquia are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 4110
Senior Colloquium I: 1-0-1
The Senior BHP Colloquia are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

BHON 4111
Senior Colloquium II: 1-0-1
The Senior BHP Colloquia are special additional enrichments of the general educations of Bell Honors Program Scholars. Content is determined when selections are made by the Honors Council from annually submitted proposals from faculty.

Biology (COST)
BIOL 1110/1110H/1110S
General Biology Laboratory: 0-2-1
A series of laboratory components that involve hands-on experimentation with the biological concepts of genetics, growth, ecology, reproduction, development and physiological processes.

BIOL 1130/1130S
General Biology: 3-0-3
An introductory course covering the concepts and applications of biological diversity. In this course, cell organization, genetics, diversity, plant and animal structure and function, ecology, evolution, and our impact on the environment will be discussed in class.

**BIOL 1210/1210H**
**Environmental Biology Laboratory: 0-2-1**
A series of laboratory components that are directed towards ecological and environmental science and stress experimental design and data analysis.

**BIOL 1230**
**Environmental Biology: 3-0-3**
A consideration of environmental issues and ecological processes including interspecific interactions, community dynamics, biodiversity, and the major biomes of the world. Human impact on earth, population growth, conservation, energy production, food production, and pollution will be related to those basic ecological processes.

**BIOL 1331**
**Insects and People: 3-0-3**
An introduction to the role insects and other arthropods serve in relation to humans. Insect human interactions in the home, yard, garden, workplace, recreational areas, and human body are included. Consideration of the natural history, life cycles and optional human actions regarding pests, beneficial insects, insects and disease, insects and food, and aesthetics is included.

**BIOL 1333**
**From Neuron to Brain: 3-0-3**
A consideration of the workings of the brain from a biological perspective. The mechanisms of neural function from cell to network to brain will be studied. Topics will include neurons, neurotransmitters, nerve nets, the biological basis of learning, vision, language, brain sex differences, major disorders of mind and brain, and aging of the brain.

**BIOL 1335/1335H**
**Plants and Civilization: 3-0-3**
An introduction to major groups of economic plants and their role in the origin and maintenance of civilization. The course also deals with plant biodiversity and the potential impact of biological losses.

**BIOL 2107/2107H**
**Principles of Biology I: 3-0-3**
A general course covering the concepts and applications of cellular and molecular biology. Includes scientific method, cell organization, gene regulation, molecular genetics, cell diversity, cell structure and function, and evolution. Prerequisite: Prior or concurrent enrollment in CHEM 1145. Corequisite: BIOL 2107L.

**BIOL 2107L**
**Principles of Biology I Laboratory: 0-3-1**
Laboratory course emphasizing hands-on experience in the applications of cellular and molecular biology through emphasis on experimental design and data analysis. Prerequisite: Prior or concurrent enrollment in CHEM 1145. Corequisite: BIOL 2107.

**BIOL 2108**
**Principles of Biology II: 3-0-3**
Survey of the diversity and basic biology of viruses, bacteria, protista, fungi, plants and animals. For each group, emphasis will be placed on systematic relationships at higher taxonomic levels, recognition of diagnostic structures, functional systems and reproduction. Prerequisites: BIOL 2107 and BIOL 2107L.

**BIOL 2108L**
**Principles of Biology II Laboratory: 0-3-1**
Laboratory survey of the diversity and basic biology of viruses, bacteria, protista, fungi, plants, and animals. Emphasis will be placed on recognition of the major groups of organisms and understanding of the relationship between structure, function and organismal success. Prerequisite: Prior or concurrent enrollment in CHEM 1145. Corequisite: BIOL 2108.

**BIOL 2240/2240S**
**Microbiology: 3-2-4**
Emphasizes fundamental principles of microbiology. Topics include structure, physiology, and economic importance of microorganisms. Prerequisites: 4 credit hour laboratory course in Biology or Chemistry and sophomore standing.

**BIOL 3099/3099S**
**Selected Topics/Biology: 3-3-4**
Course taught on a selected topic in biology on a one-time basis. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133.

**BIOL 3113**
**Evolution and Ecology Laboratory: 0-3-1**
Emphasizes quantitative and graphical analyses in transmission genetics, evolutionary biology including systematics, and ecology. Students will conduct controlled experiments followed by analysis and formal written presentation of the methods and results. Exercises will utilize manipulation of live organisms, computer simulations, and preserved/prepared specimens. Prerequisites: BIOL 2111 and BIOL 2131.

**BIOL 3130**
**Principles of Genetics: 3-0-3**
This course includes the study of gene structure and function, the role of genes in determining the traits of living organisms, and the role of genes in evolution. Topics include the physical basis of Mendelian inheritance, interaction of genes, linkage and mapping, sex linkage, DNA replication, mutation, RNA transcription, protein translation, regulation of gene expression, and the fundamental principles of population, quantitative, and evolutionary genetics. Prerequisites: BIOL 2107, BIOL 2107L, BIOL 2108, and BIOL 2108L.

**BIOL 3133**
**Evolution and Ecology: 3-0-3**
An introduction to major principles of genetics, evolution, and ecology. This course covers the origin and maintenance of genetic variation (Mendelian and population genetics), genetic change in populations over time (microevolutionary processes of selection, drift, and gene flow), and taxonomic diversification (macroevolutionary process of speciation). Students will see how this evolution and diversification are shaped by ecological interactions between organisms and their abiotic and biotic environment. These ecological interactions will be studied at the population, community, and ecosystem levels. Prerequisites: BIOL 2111 and BIOL 2131.

**BIOL 3230**
**Introduction to Immunology: 3-0-3**
Introduction to the biology of lymphocytes and adaptive immune responses including the study of immunoglobulins and cytokines. The roles of the immune system in health and disease are also examined. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and three or four courses in chemistry.

**BIOL 3240**
**Biology of Microorganisms: 3-3-4**
Covers the principles and techniques of general microbiology, including physiology, genetics, and host-parasite interactions involving bacteria, eukaryotic microorganisms and viruses. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133.

**BIOL 3341**
**Nonvascular Plants: 3-3-4**
A general survey of bacteria, algae, fungi, lichens, and Bryophytes, stressing identification, morphology, life cycles, economic importance, and roles in ecosystems. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133.

**BIOL 3343**
**Woody Plants of the Southeast: 2-6-4**
A general survey of vascular plants including life histories, morphology, ecology, and identification. The woody plants of Bulloch County and vicinity are emphasized. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 3440**
Field Biology: 3-2-4
A field introduction to the natural history of plants and animals of the Georgia coastal plain. Field collections and observations are integrated with laboratory identification and lectures. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 3533**
Field Entomology: 1-6-3
An off-campus concentrated introduction to the study of insects. Field collection and laboratory identification supplement the lecture, which focuses on external and internal morphology, development, behavior, and interactions with plants and animals. Prerequisites: BIOL 2131, BIOL 2132 and BIOL 3133.

**BIOL 3541**
Invertebrate Zoology: 3-3-4
A survey of the diversity and basic biology of the invertebrates. Emphasis is placed on adaptations responsible for the diversity and life history strategies of invertebrates, and identification of locally important invertebrate groups. Field trips and research project required. Prerequisites: BIOL 2131, BIOL 2132 and BIOL 3133.

**BIOL 3545**
Vertebrate Zoology: 3-3-4
Study of the vertebrates with emphasis on the form, function, identification, evolution, distribution, and life histories of local vertebrate fauna. Field trips required. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 3635**
Biological Basis of Animal Behavior: 3-0-3
This course will cover the biological basis of animal behavior, emphasizing the evolution, function, development and causes of behavioral actions by animals. Classes will be interactive and include student discussions. Video clips will illustrate behavioral concepts discussed in the course. A range of topics will be covered, including such possibilities as communication, predator/prey interactions, reproductive behavior, the interaction of genes and the environment, the development of behavior and sensory mechanisms. Prerequisites: BIOL 2131, BIOL 2131H, BIOL 3132, and BIOL 3133.

**BIOL 3790**
Teaching Internship in Biology: 1-(2-6)-(1-3)
Student internship in BIOL 1210 under the mentorship of a faculty member. The student will participate in an introductory workshop immediately prior to the start of the semester, intern in BIOL 1210, and meet with the faculty mentor one hour each week. Prerequisites: Junior standing or above, 3.0 GPA, letter of recommendation from a professor and permission of instructor. 1 credit hour per laboratory section of BIOL 1210 in which the student interns.

**BIOL 4340**
Field Botany: 2-6-4
An introduction to plant systematics with primary emphasis on identification and classification of non-woody flora. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 or permission of instructor.

**BIOL 4620**
Undergraduate Seminar: 2-0-2
Group study of selected biological topics held in conjunction with the normal seminar schedule of the Department of Biology. Topics will vary each semester and will be led by biology faculty. Prerequisite: Junior standing.

**BIOL 4730**
Internship in Biology: 3-0-3
Qualified biology majors may acquire practical experience by working with a government agency that specializes in the proposed area of study. Faculty members of the biology department must act as consultants. Internships must be approved by the head of the department. An oral presentation of the results must be presented at the end of the semester. Prerequisites: Minimum GPA of 2.75 and junior standing.

**BIOL 4890/4890S**
Undergraduate Research: (1-4)-0-(1-4)
Biological research will be encouraged to conduct a research project under the supervision of faculty. The faculty recommendation must have approval of the head of the biology department. A written abstract and an oral presentation of the results by the student must be presented at the end of the semester. A minimum of five credit hours of Biology 4890 may be counted toward the 22 (BA) or 32 (BS) credit hours needed in Biology Elective course work. Prerequisites: Minimum GPA of 2.75 and junior standing.

**BIOL 4989H**
Honors Research: 0-(1-4)-(1-4)
Independent research under the guidance of a biology faculty member for Biology honors students. Students may register for 1-4 credit hours, but must complete 4 credit hours. Students opting to attempt the honors degree program would be precluded from receiving biology elective credit for the biology course, BIOL 4890. Prerequisites: Open to students in the Honors in Biology only.

**BIOL 4999H**
Honors Thesis: 2-0-2
Written and oral presentation of results of individual research in partial fulfillment of the requirements for Honors in Biology. Students opting to attempt the honors degree program would be precluded from receiving biology elective credit for the biology course, BIOL 4890. Prerequisites: Minimum GPA of 3.5 in all course work applied to the Biology degree and junior standing and BIOL 4895H.

**BIOL 5099/5099G/5099S**
Selected Topics/Biology: 3-(0 or 3)-(3 or 4)
A course taught on a one-time basis. Lecture only courses will be three credit hours while courses with a laboratory will be four credit hours. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5130/5130G**
Biology of Cell Membranes: 2-3-3
A comparative course on membrane structure and function. Specific areas to be included are: transport kinetics, physiochemical properties, electrical properties, membrane transport, comparative studies, biochemical assays for membrane proteins, cell-cell communication and medical applications of membrane biology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 5144 and BIOL 5230 strongly recommended.

**BIOL 5132/5132G**
Eukaryotic Molecular Genetics: 3-0-3
Examines aspects of inheritance of eukaryotes at the molecular, biochemical, cytological, organismic, and population levels. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A combination of 20 hours of Biology and Organic Chemistry.

**BIOL 5134/5134G**
Population/Quantitative Genetics: 3-0-3
Introduction to the dynamics of evolutionary change for qualitative and metric characters. Hardy-Weinberg equilibrium will provide a basis for further analysis of microevolutionary “forces” of selection, drift, gene flow, and mutation. Methods for estimating heritability of metric traits and predicting the course of selection will also be introduced. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133. A statistics course and first calculus recommended.
BIOL 5140/5140G
Bacteriology: 3-3-4
A survey of bacteriology with emphasis on fundamental techniques, microbial physiology, medical applications, and contemporary aspects of applied bacteriology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5142/5142G
Molecular Biotechniques: 3-3-4
Highlights modern discoveries in molecular genetics and their application in today's world. In addition to the body of facts associated with molecular methodology, the course will introduce students to experimental techniques such as PCR, electrophoresis, restriction enzyme digest analysis, and DNA sequencing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5144/5144G
Advanced Cell Biology: 3-3-4
Examines the structure and physiology of cells and subcellular organelles. Topics include membrane transport, DNA, RNA and protein synthesis, cellular respiration, the synthesis and function of macromolecules, the cellular biology of neural and endocrine cells, and the cellular biology of microbiology. Students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and two semesters of chemistry.

BIOL 5146/5146G
Developmental Biology: 3-3-4
Examines the development of the chordates with emphasis on interpretation of experimental procedures. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5148/5148G
Human Genetics: 3-3-4
Basic principles of Mendelian inheritance and molecular genetics are applied to a systematic review of human disorders. Included are disorders of blood, connective tissue, muscles, lysosomes, lipoproteins, transport membrane and mechanisms, amino acid metabolism, and the immune system. Special attention is given to diseases caused by chromosomal abnormalities. Sex determination, genetic markers, gene mapping, and population genetics are also covered. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133, and CHEM 3341.

BIOL 5210/5210G
Comparative Animal Physiology Laboratory: 0-3-1
Laboratory study of the basic physiological processes of animals, with integrated studies of molecular, cellular, metabolic, and organ-system functions. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: BIOL 5230 or concurrent registration, or permission of instructor.

BIOL 5220/5220G
Comparative Animal Physiology: 3-0-3
A comparative review of the function and regulation of the major organ systems in animals. Topics include homeostasis, membrane transport, osmoregulation, and energetics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5233/5233G
Biolog of Aging: 3-0-3
Examines biological processes accompanying aging in humans and other organisms. Emphasizes physiological decline, theoretical explanations, attempts to prolong life, and the utility and limitations of model systems used to analyze human aging. Field trips required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 or permission of instructor.

BIOL 5235/5235G
Fish Physiology and Behavior: 2-3-3
A comparative study of the physiological and behavioral processes in cartilaginous and bony fishes. Selected topics include acid-base metabolism, cardiovascular function, excretion, feeding, locomotion, migration, osmoregulation, reproduction, respiration, sensory systems, and thermoregulation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and BIOL 5230. BIOL 5345 recommended.

BIOL 5237/5237G
Physiological Ecology: 3-0-3
Examines how physiological adaptations of animals and plants to abiotic environmental factors (e.g., temperature, salinity, moisture, ultraviolet radiation) contribute to the understanding of local species diversity, biogeographic patterns, and habitat exploitation. Emphasis is placed on how physiological function (e.g., osmoregulation, thermoregulation, gas exchange, energy use) interacts with ecology and evolutionary biology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5239/5239G
Neurobiology: 3-0-3
Introduction to the mechanisms of neural responses, neural integration, neural development, and environmental effects on developing and differentiating nervous systems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133. BIOL 5144, CHEM 1146 and PHYS 1112 recommended.

BIOL 5240/5240G
Histology: 3-3-4
Examines the origin, development, structure, and function of vertebrate tissues. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5241/5241G
Comparative Vertebrate Anatomy: 3-3-4
A comparative and functional study of the organological systems of vertebrates. Laboratory emphasizes dissection of representative vertebrate groups. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5243/5243G
Toxicology: 3-3-4
An introduction to the principles of toxicology with a focus on the toxicology of aquatic organisms. Topics include risk assessment, regulatory toxicology, mutagenesis, teratology, and toxicology of the nervous and reproductive systems. Graduate students will be given an assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133. BIOL 5230. CHEM 1145, and CHEM 1146 recommended.

BIOL 5244/5244G
Insect Physiology: 3-3-4
An introduction to insect physiology. Topics include ingestion and utilization of food, reproduction, water balance, muscles, sensory systems, and pheromones. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.
BIOL 5245/5245G  
Ethophysiology of Insects: 3-3-4  
An intensive off-campus examination of insect sensory and motor systems. Topics include insect structure and function, behavior of insects, and measurement and analysis of simple and complex behaviors. Course is held in residence at a field station. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5246/5246G  
Human Pathophysiology: 3-3-4  
A selective survey of causes and effects of diseases in humans at the molecular, cellular, and systemic level. Selected topics include cellular malfunctions, altered cell environments, cancer biology, and the pathophysiology of the nervous, endocrine, cardiovascular, pulmonary, and renal organ systems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and BIOL 5230. BIOL 5132 and BIOL 5248 recommended.

BIOL 5247/5247G  
Endocrinology: 3-3-4  
A study of endocrine mechanisms, including their evolution and importance at various levels of biological organization. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5248/5248G  
Immunology: 3-3-4  
A detailed study of the mammalian immune system emphasizing the experimental basis of current immunological theories. Topics include antigen-antibody interactions, organization and expression of immunoglobulin genes, complement, major histocompatibility complex, antigen processing and presentation, and generation of humoral and cellular immune responses. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and CHEM 3341 and CHEM 3342, or permission of instructor.

BIOL 5333/5333G  
Emerging Diseases: 3-0-3  
Study of the epidemiology of emerging and re-emerging human diseases throughout the world, but with emphasis on the situation in North America. New and re-emerging diseases caused by prions, viruses, bacteria, protozoa, fungi, arthropods, and helminths will be discussed, including some vector-borne and tropical diseases. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 3132 and BIOL 3133 or permission of instructor.

BIOL 5340/5340G  
Plant Pathology: 3-3-4  
A broad introduction to representative common plant diseases and disorders with emphasis on diagnoses, causes, epidemiology, and methods of control. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5341/5341G  
Parasitology: 3-3-4  
A study of the general principles of parasitism, with emphasis on morphology, classification, identification, and life cycles of parasites of vertebrates. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5343/5343G  
Medical-Veterinary Entomology: 3-3-4  
An intensive study of the role of arthropods in the transmission, dissemination and causation of diseases of humans and animals. Topics include identification of vector arthropods and associated diseases, ecology, and control. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and one of the following: BIOL 5442, BIOL 5341 or BIOL 3541.

BIOL 5345/5345G  
Systematic Biology: 3-3-4  
Introduces the principles and methods of biostatistics. Speciation, biologically monophyletic, hierarchical taxonomic categories, systematic characters, molecular systematics, and phylogenetic analyses are discussed. Laboratories involve use of modern molecular techniques and computational analysis with a variety of software packages. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5430/5430G  
Math Models/Population Ecology I: 3-0-3  
An introduction to discrete time models that arise from the study of ecological populations. Difference equation and matrix equation models for populations will be formulated and analyzed both analytically and numerically. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATI 1441 or permission of instructor. Biology majors should have completed BIOL 3133.

BIOL 5431/5431G  
Virology: 3-0-3  
A survey of the biology of viruses, with emphasis on viral diversity, virus-host interactions, viral diseases of humans, animals and plants and uses of viruses in medicine, research and biocontrol. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5440/5440G  
Protozoology: 3-3-4  
A survey of the diversity and basic biology of the protozoa with emphasis on protozoan adaptations that have allowed them to invade a wide range of habitats. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5441/5441G  
Mycology: 3-3-4  
Broad introduction to various taxonomic groups of Fungi, emphasizing morphology, taxonomy, evolution, physiology, and economic importance. Selected mycotic diseases and symbiotic relationships in nature will be explored. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and two courses of chemistry.

BIOL 5442/5442G  
Entomology: 3-3-4  
Examines the phylogeny, morphology, life history and ecology of insects. Identification of local species will be emphasized. Field trips required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

BIOL 5444/5444G  
Ichthyology: 3-3-4  
Emphasizes the systematics, evolution, biology and behavior of recent and extinct fishes. Laboratory emphasizes the identification, morphology, and natural history of fishes. Field trips required. Graduate students will be given an extra assignment determined by the instructor that
undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5445/5445G**  
Herpetology: 3-3-4  
Examines the phylogeny, morphology, life history and ecology of reptiles and amphibians. Field identification of local species will be emphasized. Field trips required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5446/5446G**  
Ornithology: 3-3-4  
An introduction to the study of birds, emphasizing field identification, songs and calls, classification, and life histories of Georgia's birds. Anatomical, physiological and behavioral adaptations are reviewed. Field trips required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5447/5447G**  
Advanced Ornithology: 3-3-4  
Advanced course reviews current research topics in the field of ornithology. Students develop practical field skills for ornithological research, including banding, censusing, and behavioral observations. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133, and BIOL 5446, or graduate status.

**BIOL 5448/5448G**  
Mammalogy: 3-3-4  
Course examines the classification, evolution, distribution and life histories of mammals. The laboratory includes identification and preparation of specimens and development of field techniques. Field trips required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5449/5449G**  
Vertebrate Paleobiology: 3-3-4  
An investigation of the evolution, relationships and biology of fossil vertebrates, including major radiations, extinction events, and the roles of plate tectonics and paleoclimate. Current and controversial topics in paleontology will also be discussed. Field trip required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5530/5530G**  
Wildlife Management: 3-0-3  
Emphasizes the principles, practices and prescriptions used in restoring and managing wildlife and other natural resources on a sustainable basis. All elements of wildlife management are examined in relation to basic land and water uses affecting the landscape. Factors influencing wildlife populations, including behavior, diseases, hazardous substances, predation and harvests are covered in practical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133. BIOL 5540 strongly recommended.

**BIOL 5532/5532G**  
Evolution: 3-0-3  
Covers the historical development of evolutionary thought and focuses on current issues in evolution. Emphasis is placed on the perceived importance of natural selection, mechanisms of speciation, the history of life on Earth, and human evolution. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5533/5533G**  
Evolutionary Ecology: 3-0-3  
Focuses on the evolutionary response of populations to selection pressures arising from their external abiotic and biotic environments. Responses to evolutionary pressures will be reviewed and analyzed from the contexts of demography, population growth, community structure, and biogeoography. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5535/5535G**  
Sex and Evolution: 3-0-3  
Focuses on the evolution of sex and the subsequent conflict that arises between sexes. Models for the evolution and maintenance of sexual reproduction are compared. Sex allocation theory is reviewed and special attention is drawn to genetic mechanisms that permit sex ratio of offspring to be manipulated. Sexual selection and mate choice tactics are evaluated with reference to empirical studies in behavioral ecology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5537/5537G**  
Biogeography: 3-0-3  
Examines the distributional patterns of animals and plants from the perspectives of vicariance biogeography and organismal dispersal. One field trip required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5539/5539G**  
Biological Macrophotography: 2-3-3  
Introduction to techniques in photographing biological specimens both in the field and in the lab. Basic techniques of black and white film processing will be covered. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 and two additional biology courses.

**BIOL 5540/5540G**  
Advanced Ecology: 3-3-4  
Reviews basic ecological principles and current hypotheses relevant to biological organisms from the level of the population to ecosystems. Application of mathematic models to biological processes is emphasized. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5541/5541G/5541S**  
Tropical Marine Biology: 3-3-4  
This is an intensive 2-week field course conducted in the Bahamas. Through daily lectures and field excursions, students are exposed to the natural history and ecology of a variety of marine organisms and ecosystems including mangroves, seagrasses, rocky shores and coral reefs. Additional fees required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133, or equivalent and permission of instructor.

**BIOL 5542/5542G**  
Aquatic Ecology: 3-3-4  
Covers the biological and physiochemical factors that affect common organisms found in local aquatic ecosystems, including streams and rivers, wetlands, estuaries, and lakes. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133, CHEM 1145 and CHEM 1146.

**BIOL 5543/5543G**  
Advanced Field Ecology: 1-9-4
A field expedition involving ecological investigations of a major biome or natural area of North America. Expeditions normally require three to five weeks in the field, depending upon the habitat selected and the type of travel required. In addition to tuition, students must bear all travel expenses while in the field. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Junior standing and permission of instructor(s).

**BIOL 5544/5544G**
**Population Biology: 3-3-4**
A review of the genetic consequences of evolutionary forces that impact population structure, cohesion, and persistence. Special attention is given to the behavioral, ecological, and demographic responses of populations to natural selection pressures arising from the social environment and the presence of other species in the community. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5545/5545G**
**The Biology of Plants: 3-3-4**
An investigation of the unique morphology, physiology, ecology and evolution of higher plants. Labs will emphasize an experimental approach, examining living systems in the greenhouse and in the field. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133, or equivalent and permission of the instructor.

**BIOL 5546/5546G**
**Plant Evolutionary Ecology: 3-3-4**
Examines the complex nature of plant reproductive biology, with focus on the evolution and maintenance of diverse breeding systems, the dynamics of plant-pollinator relationships, seed and seedling ecology, and coevolution. Students will design and carry out research projects, read the primary literature and present oral seminars. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5547/5547G**
**Marine Ecology: 3-3-4**
Course stresses ecological processes and adaptations that act to structure coastal associations and permit their persistence through time. The course provides a background for students interested in research in the marine sciences. Students will learn to develop good statistical designs and use various techniques to collect data in marine ecology. Several field trips are required. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132, and BIOL 3133 or permission of instructor.

**BIOL 5548/5548G**
**Conservation Biology: 3-3-4**
Explores the causes and consequences of the loss of biodiversity, as well as methods for conserving rare species and ecosystems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133.

**BIOL 5645/5645G**
**Behavioral Ecology: 4-3-3**
This is a course in behavioral biology couched in a framework of evolutionary and ecological inputs on behavior. Through lectures, discussions on papers from the primary literature, field trips with experiments related to recent topics covered in class, and student presentations on their research, participants will be immersed in the field of behavioral ecology. The laboratory will emphasize techniques used to study behavioral and provide students an opportunity to conduct research and carry out the entire scientific process in a behavioral context. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: BIOL 3635 or graduate level status.

**BIOL 7090**
**Selected Topics/Biology: 3-3-4**
A course taught on a one-time basis. Prerequisites: BIOL 2131, BIOL 3132, BIOL 3133 or equivalent.

**BIOL 7133**
**Molecular Genetics: 3-0-3**
Studies from a molecular viewpoint of gene structure and action in both prokaryotic and eukaryotic organisms. Emphasis is placed on how genes function in their biological context. Prerequisites: Three semester hours of genetics; organic chemistry, biochemistry recommended. Simultaneous enrollment in BIOL 7131 recommended.

**BIOL 7135**
**Cytogenetics: 3-0-3**
Studies from a cytological aspect of eukaryotic chromosomes including chromosome structure, chromosomal aberrations, and chromosome mapping.

**BIOL 7141**
**Molecular Techniques: 2-6-4**
Students learn molecular biology techniques through hands-on exercises. Techniques covered include DNA isolation, agarose and polyacrylamide gel electrophoresis, restriction enzyme analysis, Southern blot analysis, cloning, DNA sequencing and bioinformatics. Prerequisites: Three semester hours of genetics, organic chemistry, biochemistry recommended, or permission of instructor.

**BIOL 7341**
**Local Flora: 2-6-4**
A study of Georgia's plants with emphasis on ferns and seed plants, including methods of plant collection, identification, and preservation. Meets on alternate weekends. Not for Master of Science in Biology students. Prerequisites: BIOL 2131, BIOL 3132 and BIOL 3133 or permission of instructor.

**BIOL 7410**
**Insect Hematophagy: 1-0-1**
Examines aspects of the biology of blood-sucking insects, host location, feeding, ingestion of blood, host-insect interactions and transmission of parasites.

**BIOL 7440**
**Vector Ecology: 3-3-4**
Examines physiological, evolutionary, and ecological relationships between arthropod vectors, microbial pathogens they transmit and their vertebrate hosts.

**BIOL 7521**
**Research Methods: 0-4-2**
A general introduction to biological research methods, including computer skills, web-based resources, oral and written scientific presentations, proposal writing, and the peer-review process. This course is designed for first-year M.S. students.

**BIOL 7530**
**Biometry: 3-0-3**
Provides students with basic skills in the analysis of biological data. Lectures cover both parametric and nonparametric methods, with an emphasis on the practical problems posed by biological data. Prerequisite: Graduate status.

**BIOL 7610**
**Graduate Seminar: 1-0-1**
An intensive study of an advanced biological topic covered by one or more members of the graduate faculty from the Department of Biology. The selected topic will vary from semester to semester. Required for the M.S. degree. Prerequisite: Graduate status.
BIOL 7890
Directed Individual Study: 0-0-(1-4)
An independent or directed individual study supervised by a member of the graduate faculty of the Department of Biology. Prerequisites: Permission of the instructor and approval by the chair of the Department of Biology.

BIOL 7893
Biological Problems: 0-0-(1-4)
Studies of biological problems in a specialized area of biology under the supervision of a member of the biology faculty. Prerequisites: Permission of the instructor and approval by the chair of the Department of Biology.

BIOL 7895
Research: 0-0-(1-3)
Graduate students will pursue, under the direction of their advisory committee, a program of independent research in a particular area of biology. Results of the research will be presented as a thesis in partial fulfillment of the requirements for the Master of Science degree.

BIOL 7999
Thesis: (1-3)-0-(1-3)
Results of individual research will be presented as a thesis in partial fulfillment of the Master of Science degree. The thesis requires defense of design, execution, analysis and interpretation of the research project.

Biostatistics (COPH)

BIOS 6135
Topics of Inference in Biostatistics: 3-0-3
This course provides an introduction to the fundamental knowledge of derivatives and integrals found in biostatistical inference. The course will introduce the theory of probability, expectation and variance of discrete and continuous distributions, moment generating functions, bivariate and multivariate distributions, maximum likelihood estimation, and bias. Emphasis will be placed on the development of critical thinking skills and how concepts in this course are used in public health and biomedical studies.

BIOS 6331
Regression Analysis in Biostatistics: 3-0-3
This course introduces the methods for analyzing biomedical and health related data using linear regression models. The course will introduce the student to matrix algebra as used in linear models. The course will involve model selection, diagnosis and remedial techniques to correct for assumption violations. The students will learn how to apply SAS procedures PROC REG, PROC CORR, and PROC GLM to interpret the results of analysis. Emphasis will also be placed on the development of critical thinking skills. Prerequisite: PUBH 6131.

BIOS 6332
Experimental Design in Biostatistics: 3-0-3
This course introduces the student to experimental designs commonly used in public health and biomedical settings and the methods for analyzing them. It will introduce the student to the principles of designing an experiment (randomization, blocking and replication), completely randomized designs, factorial design, randomized block designs, nested designs, split-plot designs, crossover designs, Latin squares and analysis of the longitudinal designs, a fixed effect (Model I) single factor and multifactor experiment, a random effect (Model II) single factor and multifactor experiment, a mixed effect (Model III) multifactor experiment, and covariance model. Students will learn how to apply SAS procedures: PROC GLM, PROC MIXED, PROC GENMOD, PROC VARIOGRAM, PROC RSREG and PROC MULTTEST to public health and biomedical data and interpret the results of the analysis. Prerequisite: BIOS 6331 or equivalent.

BIOS 6531
Categorical Data Analysis: 3-0-3
This course introduces statistical methods for analyzing both univariate and multivariate categorical and count data in public health, biomedical research, and other health-related fields. The course will introduce how to distinguish among the different measurement scales in addition to the commonly used statistical probability distribution and inference methods for categorical and count data. Emphasis will be placed on the application of the methodology and computational aspects rather than theory. The students will learn how to apply SAS procedures to data and interpret the results. Prerequisite: PUBH 6131.

BIOS 7090
Selected Topics in Biostatistics: (1-3)-0-(1-3)
Allows the student the opportunity to receive specialized and/or focused instruction in a biostatistical topic not generally offered by the department. Prerequisite: Permission of instructor.

BIOS 7131
Survival Analysis: 3-0-3
This course introduces statistical methods for analyzing data collected on the time to an event, referred to as survival data, in medical research and other health related fields. Emphasis will be placed on the application of the methodology and computational aspects rather than theory. The students will learn how to apply SAS procedures to data and interpret the results. Prerequisite: BIOS 6331 and BIOS 6531 or equivalent.

BIOS 7231
Clinical Trials Methodology: 3-0-3
Students are introduced to regulatory, scientific, statistical and practical aspects of methods inherent in design, monitoring and analyzing clinical trials. Clinical trials in many areas of drug development are presented, discussed and critiqued. Prerequisite: A minimum grade of "C" in PUBH 6541.

BIOS 7331
Multivariate Analysis in Biostatistics: 3-0-3
This course is designed to provide students in biostatistics with an introduction to multivariate methods commonly found in health related fields. The course will emphasize multivariate regression, multivariate analysis of variance (MANOVA) and co-variance (MANCOVA), discriminant analysis and an alternative to logistic regression and cluster analysis. Students will be introduced to appropriate SAS procedures and be required to interpret and report their results in a form that meets both FDA and the International Committee on Harmonization. Prerequisite: BIOS 6332.

BIOS 7431
Statistical Issues in Drug Development: 3-0-3
Major statistical issues in the federal regulation of drug research and clinical development will be studied. Specifically, summarization, analysis and monitoring of adverse experiences, two treatment crossover designs, active control equivalence studies, optimization in clinical trials and combination drug development, dosing in the elderly, intention to treat in clinical trials, and dual control groups in rodent carcinogenicity studies will be studied. Prerequisites: BIOS 6331 and BIOS 6332 or equivalent.

BIOS 7433
Biopharmaceutical Statistics in Drug Development: 3-0-3
Statistical aspects of drug research and development, federal regulations, and marketing will be studied. Specifically, statistical methods useful in the areas of pharmaceutical discovery and optimization, assessment of pharmacological activity, pharmaceutical formulation, preclinical and clinical safety assessment, clinical development, bio-availability and bio-equivalence, clinical trials with quantitative and qualitative measurements, cancer clinical trials, and manufacturing and quality control processes will be studied. Prerequisites: BIOS 6331 and BIOS 6332 or equivalent.

BIOS 7534
Data Management for Biostatistics: 2-2-3
This course emphasizes data management and software applications using the SAS (Statistical Analysis System) software package. It will introduce the student to SAS codes for: inputting and outputting data, creating temporary and permanent data sets, creating formatted and labeled SAS data sets, merging and connecting SAS data sets, creating output using the TABULATE and REPORT procedures, debugging a SAS program that
includes the TABULATE, REPORT and SQL procedures, using character
functions in SAS, using a random number generator, probability
distributions, arrays, and date and time functions. Students will also write a
simple and complex query using the SQL procedure; create, populate and
modify a set of tables/views using the SQL procedure; and create a SAS
program which includes one or more macros. This course will cover basic
relational database design and descriptive statistics in SAS. Particular focus
is placed on applications pertaining to public health and biomedical
research.

**BIOS 7890**

**Directed Individual Study:** (1-3)-0-(1-3)
Provides the student with an opportunity to investigate an area of interest
under the direction of a faculty mentor. Prerequisite: Permission of
instructor.

**BIOS 9130**

**Research Seminar in Biostatistics:** 3-0-3
This course is designed to provide the student with the current best practices
in biostatistical consulting. Topics include: Identifying and constructing
appropriate questions to ask clients regarding their consultation request, an
overview of appropriate statistical methods and SAS software procedures to
use for specific study designs and statistical analysis of collected data,
directing a consultation appointment without faculty lead, conducting
exploratory data analyses, conducting effective analyses based on
appropriate statistical methods and providing oral and written
communication of statistical findings.

**BIOS 9131**

**Advanced Statistical Inference for Biostatistics - I:** 3-0-3
This course provides an advanced study of theoretical statistics. Topics include:
introduction to probability and sample space, conceptual
probability and Bayes Theorem, probability distribution of a random
variable, discrete and continuous random variables, functions of random
variables, moments and moment generating functions, order statistics and
their distributions, discrete distributions, continuous distributions, bivariate
and multivariate normal distribution, modes of convergence, limiting
moment generating functions, and the central limit theorems.

**BIOS 9133**

**Advanced Statistical Inference for Biostatistics II:** 3-0-3
This course is a continuation of Advanced Statistical Inference for
Biostatisticians I. The additional topics in this course consists of: sample
moments and their distributions, the theory of point estimation, the Neyman-
Pearson Theory of testing hypotheses, likelihood ratio test, chi-square tests,
t-tests, F-test, (Bayes ) and Minimax procedures in hypothesis testing,
confidence estimation, the general linear hypothesis, and nonparametric
statistical inference. Prerequisite: A minimum grade of “C” in BIOS 9131.

**BIOS 9231**

**Bayesian Statistics I:** 3-0-3
This course provides the student with an introduction Bayesian Analysis and
compares Bayesian methods to that of frequentists. The course includes
selection of prior distributions, computing posterior distributions, conjugate
models, Beta-Binomial model, Normal-Normal model, and Gamma-Poisson
model. Bayesian inference using point and interval estimation, Bayesian
hierarchical models, and exchangeability will be explored. Topics including
Empirical Bayes versus a fully Bayes approach, Markov Chain Monte Carlo
methods and model checking using Bayes factors and sensitivity analyses
will be included. Prerequisite: A minimum grade of “B” in BIOS 9231.

**BIOS 9233**

**Bayesian Statistics II:** 3-0-3
This course is a continuation of Bayesian Statistics I. In this course the
student will study data collection and design of Bayesian analyses, including
ignorability issues, Normal linear regression under the Bayesian paradigm,
Markov Chain Monte Carlo methods, including the Gibbs sampler and
Metropolis-Hastings algorithms, model checking and sensitivity analysis for
model robustness, and Bayesian generalized linear models. Prerequisite: A
minimum grade of “B” in BIOS 9231.

**BIOS 9333**

**Applied Longitudinal Data Analysis:** 3-0-3
This course provides an introduction to longitudinal and clustered data.
Topics include the basic concepts of longitudinal data, linear models for
longitudinal data, generalized linear models and salient features, generalized
estimating equations, generalized linear mixed effects models, missing data
and dropouts, sample size and power, repeated measures, and multilevel
linear models.

**BIOS 9331**

**Meta-Analysis:** 3-0-3
This course is designed to address research questions in biomedical and
other health-related research using meta-analysis techniques. A survey of
past and present challenges of such techniques will be addressed, as will a
mixture of Frequentist and Bayesian approaches to meta-analysis. Typical
research questions found in health-related issues such as prevention,
diagnosis, treatment, and policy will be constructed, followed by the
methodologies to analyze such health-related questions. The course will
focus on modeling and implementation issues in meta-analysis for
biostatistical applications. In particular, this course will emphasize such
topics as heterogeneous study results, combining studies with different
designs, advantages and disadvantages to using meta-analysis over large
trials, meta-analysis for 2x2 tables with multiple treatment groups, meta-
analysis of clinical trials, addressing biases, meta-analysis of patient survival
data, among additional biomedical applications. Prerequisite: A minimum
grade of “B” in BIOS 9131.

**BIOS 9431**

**Descriptive Biostatistics and Assumption Checking:** 3-0-3
This course will provide the student informative ways of presenting raw
data, descriptive summaries of data: graphical and tabular, and diagnostic
testing of assumptions underlying the validity of biostatistical methods.

**BIOS 9432**

**Randomization and Bootstrap Methods in Health Data:** 3-0-3
This course is designed to provide the student with the basics of
randomization tests and bootstrap methods. This course will cover the
following topics: Randomization tests, the jackknife, the bootstrap and its
application to health related data, Monte Carlo tests, considerations when
using randomization, jackknife and bootstrap methods, one and two sample
tests, analysis of variance, regression analysis, survival data and multivariate
data. Prerequisite: A minimum grade of “B” in BIOS 9131. Corequisite:
BIOS 9231.

**BIOS 9433**

**Analysis with Missing and Mis-specified Data:** 3-0-3
This course is designed to provide the student with the basics of methods for
analyzing data with missing data and mis-specified data. This course will
cover the following topics: missing data in experiments, complete case
analysis, weighted complete case analysis, available case analysis, single
imputation methods such as mean, regression, last value varied forward, hot
deck imputation, cold deck imputation, Bayes Imputation, Multiple
imputation, and nonignorable missing data models. Prerequisite: A
minimum grade of “B” in BIOS 9131. Corequisite: BIOS 9231.

**Broadcasting (CLASS)**

**BRCT 3331**

**Audio Production:** 3-0-3
Introduces fundamentals of audio production and equipment, production
principles and techniques, station operations, radio history, and FCC
regulations. Focus and emphasis is on production of laboratory projects and
programs with student activity in various studio tasks involved with broadcast
radio production. Prerequisite: A minimum grade of “C” in
COMM 2332.

**BRCT 3332/3332S**

**Video Production:** 3-0-3
Introduces basic television equipment and elements of studio operation.
Analyzes the techniques, equipment, materials, aesthetics, and problems of
video and lighting. Students will participate in various studio roles while producing several laboratory programs. Prerequisites: A minimum grade of "C" in COMM 2332.

BRCT 3333/3333S
Telecommunications: 3-0-3
Studies the operations of the various forms of media as they relate to the burgeoning information-based economy. Offers theoretical and practical knowledge toward understanding and the roles of new and evolving media technologies as well as comprehending the societal, public policy, and economic impact of information technologies. Prerequisite: COMM 2332.

BRCT/JOUR 3334
Broadcast News: 3-0-3
Provides students with techniques and experiences in facets of gathering and presentation of news and interviews for radio and television newscast presentation. Prerequisite: JOUR 2331.

BRCT 3335
Writing for Electronic Media: 3-0-3
Provides the principles and techniques necessary for adapting the principles of copy writing to the electronic media, specifically radio and television. Prerequisite: COMM 2332.

BRCT/POLS 3233
Politics and the Media: 3-0-3
See POLS 3233 for course description.

BRCT/INTS 3336/3336S
International Media Systems: 3-0-3
Studies, comparatively, the mass media systems around the world. Analyzes media systems in terms of relevant political, social, economic, and cultural factors. Diversity and change in global communication is a main theme, and the influence of rapidly advancing technology is analyzed for its dynamic impact around the world, especially in developing nations. Permission of instructor.

BRCT/JOUR 3337
Law and Ethics: 3-0-3
Surveys freedom of speech and the press and its limitations by laws governing libel, privacy, copyright, contempt, free press, broadcast regulation, fair trial, and reporter's shield. Broadcast industry self-regulation and ethical concerns of mass communications will be discussed. Prerequisite: COMM 2332.

BRCT 3338
Electronic Media Sales: 3-0-3
Studies the selling of commercial advertising in electronic media. Examines analytical and creative aspects of spots and sponsorship. Students gain working knowledge of the skills for success in commercial objectives for electronic media. Course develops audience research techniques and audience oriented media-marketing principles. Prerequisites: MKTG 3132, COMM 2332, and BRCT 3333.

BRCT/FILM 3434
Introduction to Digital Filmmaking: 3-0-3
See FILM 3434 for course description.

BRCT/JOUR 3530
Media Ethics: 3-0-3
The study of moral and professional conduct within various mass communication contexts. Provides students with the ability to recognize and confront potential ethical issues as journalists and media consumers. Prerequisites: A minimum grade of "C" in COMM 2332; and JOUR 2331 or BRCT 3332.

BRCT 4030
Selected Topics In Broadcasting: 3-0-3
Offers varied courses in specialized areas of the field of broadcasting study. Prerequisites: BRCT 3333 and permission of instructor.

BRCT 4090
Broadcast Applications: 0-(2.5-3.0)-(1-12)
Practicum course providing experience in audio or video production of broadcast news or corporate news or corporate programming. Course requires three hours of approved practicum activity per week per semester hour of credit. With instructor approval, student may register for one to three hours of credit per semester, and may repeat the course up to a maximum of 12 hours. Only six hours may be counted toward broadcast majors (1-12). Prerequisite: Permission of instructor.

BRCT 4331
Advanced Audio Production: 3-0-3
Designed to increase audio production techniques including, but not limited to, enhancement of audio with signal processing techniques, multi-voice production, and digital audio editing procedures. Students produce audio projects such as complex commercials and simulated live programming in the style of professional radio broadcasters. Prerequisite: BRCT 3331.

BRCT 4332
Advanced Video Production: 3-0-3
Offers understanding in video editing techniques, field production techniques, and greater understanding of video aesthetics and producing/directing of a variety of video aesthetics and a variety of video programs on location. Prerequisites: BRCT 3331 and BRCT 3332.

BRCT 4333
Electronic Media Management: 3-0-3
Studies the organization and operation of broadcast station policies and procedures. Examines telecommunications management theory and practice, key media administrator roles, media industry processes and departments, and media manager skills in finances, personnel, programming, promotion/marketing, and audience research. Prerequisites: BRCT 3333 and COMM 2332.

BRCT 4337
Digital Video Editing: 3-0-3
Teaches the fundamentals of non-linear digital video editing via computer-based system. Prerequisite: BRCT 3332.

BRCT 4791
Broadcast Internship: 0-400-3
Optional internship open only to broadcast majors who have earned 2.75 total institution GPA and have completed all other major requirements. Faculty place student applicants in approved electronic media facility. Requires 400 clock hours of approved and supervised site activity during semester. May be taken in conjunction with BRCT 4792, with instructor approval. A maximum of six hours of internship credit may be applied toward the Broadcasting major. Prerequisites: 2.75 total institution GPA and instructor permission.

BRCT 4792
Broadcast Internship: 0-400-6
Optional internship course open only to broadcast majors who have earned 2.75 total institution GPA and have completed all other Broadcast major requirements. Faculty place student applicants in approved electronic media facility. Students will work 30 hours per week over 15 weeks or 40 hours per week over ten weeks to equal a total of 400 clock hours during a semester. A maximum of six hours of internship credit may be applied toward the Broadcasting major. Prerequisite: 2.75 total institution GPA or instructor permission.

BRCT 4891
Directed Study in Broadcasting: 0-(2-6)-(1-3)
Permits students to conduct in-depth study of issues associated with broadcasting. Students may enroll for one, two or three hours of credit, and may take the course more than one, but not for a credit hour total that exceeds three hours. Course designs must be approved by the instructor and
the department chair. This course cannot be used to replace existing BRCT major courses. Prerequisite: BRCT major and instructor permission.

Business Administration (COBA)

BUSA 1105/1105H/1105S
Introduction to Business: 3-0-3
A survey course that acquaints beginning college students with the major institutions and practices in the business world, provides an understanding of basic business concepts, and presents a view of career opportunities that exist in business. Prerequisites: Only pre-business and non-business majors who have not completed other business courses may register for this course.

BUSA 1131
Financial Survival Skills: 3-0-3
An overview of the issues relating to managing finances throughout one's life. Attention is given to career planning, budgeting, credit cards, loans, lease vs. purchase for automobiles and housing, saving for retirement and risk management with insurance.

BUSA 3131/3131S
Business Statistics: 3-0-3
This introductory course covers the concepts and techniques concerning exploratory data analysis, frequency distributions, central tendency and variation, probability, sampling, inference, regression, and correlation. Students will be exposed to these topics and how each applies to and can be used in the business environment. Students will master problem solving using both manual computations and statistical software. Prerequisite: A minimum grade of "C" in MATH 1232 or MATH 1441.

BUSA 3132
Quantitative Analysis: 3-0-3
Focuses on the analysis of the scientific decision-making methods for modern day managers, including such topics as decision making under certainty and uncertainty, linear programming, queuing models, simulation, project management, and forecasting. Students will be exposed to these topics as well as their solutions using both manual computations and statistical software. Prerequisites: A minimum grade of "C" in BUSA 3131.

BUSA 3134
Accounting for Management: 3-0-3
Presents the internal and independent audit functions, demonstrating how they assist managers in organizations. Accounting information is used to enhance management decision making in a variety of business contexts, such as analyzing an annual report and making product pricing decisions for both internal and external customers. Prerequisites: A minimum grade of "C" in both ACCT 2101 and ACCT 2102; or a minimum grade of "C" in ACCT 2030.

BUSA 4131
Strategic Management: 3-0-3
The major purpose of this course is to develop an understanding of the strategic management process and enable students to integrate the functional areas of business. Prerequisites: A minimum grade of "C" in BUSA 3132, FINC 3131, MGMT 3130, MGMT 3430, and MKTG 3131.

BUSA 4700
Cooperative Education: 0-0-0
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. An S/U grade is assigned for each work assignment on the basis of the employer's evaluation only.

BUSA 4790
Internship in Business: (3-6)-0-(3-6)
A supervised work-study program in selected business firms throughout the southeast. Prerequisites: Total Institution GPA of 2.5 of better, permission of advisor and major department chair.

BUSA 4830/4830S
Special Topics in Business: 3-0-3
A customized course that is under the direction of a faculty sponsor. Designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with faculty sponsor. Prerequisite: Senior Standing and permission of the director.

BUSA 7030/7030S
Special Topics in Business: 3-0-3
A standard course developed for a special or newly emerging topic that is in demand by MBA students. Lectures, group work, readings, research, and writing are required as in any other advanced elective course. Prerequisites: Cumulative grade GPA of 3.0 or better, completion of the MBA prerequisites, and permission of the Director and instructor.

BUSA 7130
International Business: 3-0-3
This course presents fundamental considerations for managers of international trade operations, providing students with the experience of simulating the business of exporting. Prerequisites: Graduate standing and the completion of the MBA core or permission of the COBA Director of Graduate Studies for non-MBA students.

BUSA 7314
Team Building: 1-0-1
Designed to teach essential skills for teamwork.

BUSA 7530/7530S
Global Business Strategy: 3-0-3
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment. Prerequisites: ACCT 7230, FINC 7231, MGMT 7430, and MKTG 7431 and graduate standing and completion of MBA prerequisites, or permission of the COBA Director of Graduate Studies for non-MBA students.

BUSA 7790
Internship in Business: 0-0-(3-6)
A supervised work/study program in selected organizations throughout the U.S.A. and abroad. Any student enrolled in the internship program will be required to work for one full semester. Prerequisites: Cumulative grade GPA of 3.0 or better, completion of the MBA prerequisites, and permission of the Director.

BUSA 7890/7890S
Individual Research: (0-3)-0-(1-3)
A guided individual research project that provides the student with an opportunity to explore a particular topic in-depth. Normally, the course would culminate in a research report or case study. Prerequisites: Graduate standing, completion of the MBA prerequisites, and permission of the Director.

Community Health: Behavior and Education (COHP)

CHBE 9130
Research Methods in Community and Behavioral Health: 3-0-3
This course introduces doctoral students to research methods in health science. Development and presentation of research proposals will be the focus of the course. Additional emphasis will be placed on writing skills in research and grant applications.
CHBE 9131
Behavioral Determinants of Healthy People and Healthy Communities: 3-0-3
The course provides students with an examination of the research related to the behavioral determinants of health as they apply to individuals and communities, and the types of interventions commonly used to produce change in both. The priority risk areas affecting individuals and their health will be emphasized, as well as a focus on whole communities and community systems; the Healthy People and Rural Healthy People initiatives will provide the framework for study.

CHBE 9132
Ecological Determinants of Public Health: 3-0-3
The course provides students with an examination of the social and behavioral determinants of health at all ecological levels, and their relationships with health equity. It also explores social and behavioral interventions to address community health inequity at multiple ecological levels (individual through policy).

CHBE 9133
Public Health Emergencies and Community Preparedness: 3-0-3
The course will examine the history of terrorism in the United States and provide an overview of the possible means that terrorists may use to disrupt this country. The modes of delivery, identification, and treatment of biological, chemical, explosive, and radiation weapons will be discussed. Also examined will be the potential use of public drinking water and food supplies to poison or infect large numbers of people. Steps taken by public health, emergency management, public safety and other governmental agencies to interdict, respond to, and mitigate these threats will be examined. Also discussed will be the issues regarding public awareness and communication, balancing public safety and civil liberties, and awareness and preparedness of communities to respond to natural disasters. Subject matter experts will present the material in weekly lectures and panel discussions.

CHBE 9230
Community-Based Public Health Program Planning and Evaluation: 3-0-3
This course introduces students to the theory and application of community-based program planning and evaluation. Concepts in community assessment, organization, and mobilization for the purpose of addressing identified public health concerns will serve as the foundation for the public health planning process. Appropriate techniques of partnership building, planning strategies, data collection, data analysis, and evidence-based decision making will also be introduced.

CHBE 9231
Health Across the Lifespan: 3-0-3
This course will focus on producing health in populations. The following topics will be examined: Health, disease, and functional disabilities, and how they are measured; the interrelationship of social, economic, cultural, environmental, genetic, and behavioral factors that produce health disparities seen in different populations; fetal, infant, and childhood development critical to understanding chronic diseases among the elderly; and how the public health sector can appropriately intervene in a variety of cultural settings to improve health outcomes.

CHBE 9233
Social Marketing Theory and Methods for Health Education and Promotion: 3-0-3
This course provides students with an in-depth study of theory-driven approaches to the application of social marketing and health communication to effectively impact health behavior change.

CHBE 9235
Communication and Advocacy: 3-0-3
This course will provide students with the ability to evaluate the history and current applications of health communication theory and strategies to public health practice and research. Emphasis is placed on use of health communication theory and strategies designed to create change across the ecological spectrum, from individual to policy levels. Students will gain the skills to structure, develop, implement and evaluate social marketing, media advocacy, risk communication and advocacy efforts for policy change. In addition, ability to lead systematic qualitative and mixed method data collection processes involving interviewing skills, participant observation and focus group development will be developed. Emphasis is placed on critical thinking skills to help students analyze and utilize these skills in research and practice in diverse public health settings.

CHBE 9331
Health Disparities and the Rural Underserved: 3-0-3
This course provides an in-depth look at health disparities, including factors related to the history, politics, socioeconomics, race/ethnicity, and access to and utilization of health care. The extent literature in each of these areas will be examined and discussed.

CHBE 9333
Global Health: 3-0-3
The course provides an overview of the major problems and issues affecting human populations in differing geographic and cultural settings around the world. The focus of the course will be on illness and diseases, programs, health care systems, and health policies in low to middle-income countries; comparative references to more affluent countries will be made as appropriate. Special attention will be paid to: cross-cultural issues; illness, health and healing; major factors contributing to morbidity and mortality; globalization; development of health in emerging countries; infectious diseases; maternal and child health; women's health; nutrition; indigenous medicine; technology transfer and pharmaceutical policies; health care infrastructure, reforms, and policies; the role of NGOs; and public health education interventions. The extent literature in each of these areas will be examined and discussed.

CHBE 9335
Global Health and Preparedness: 3-0-3
This course will focus on global public health and preparedness for domestic and global emergencies. Students will explore patterns of health and disease around the world, and compare them to public health issues in the United States. An ecological framework will be employed to illustrate the complex political, social, economic, and environmental determinants of global health inequity. Concepts from the social sciences, epidemiology, health systems, and policymaking will be incorporated. The course will emphasize issues related to humanitarian emergencies and natural disasters both globally and domestically, and the need to build public health infrastructure and preparedness to mitigate them.

CHBE 9630
Doctoral Seminar in Community Health: 3-0-3
This course will provide students with the opportunity to analyze the history and current applications of social and behavioral science theories, approaches, models and strategies (learned throughout the curriculum) to public health practice and research. This seminar will examine the breadth of epistemologies employed as we develop effective methods to create change across the ecological spectrum, from individual to policy levels. Emphasis will be placed on critical thinking skills to help students engage in dialog about what will be effective research and practice in diverse public health settings over the next ten years.

Chemistry (COST)

CHEM 1030
Chemistry and Your World: 3-0-3
Introduces students to the many ways in which chemistry affects their lives. Topics include plastics, nutrition, drug design and the many aspects of environmental chemistry. Decision-making activities related to real-world societal issues will help develop critical thinking skills.

CHEM 1040
Chemistry and the Environment: 3-3-4
Students will study the fundamental aspects of chemistry in its political, economic, social, and international context. The laboratory will be a primary component of the course in that some of the course material will be first experienced in the laboratory. The laboratory will stress experimental design and data analysis as applied to environmental science.

**CHEM 1140**  
Introduction to General, Organic, and Biochemistry: 3-3-4  
Introduces students to the basic concepts of chemical structure and reactivity with a focus on biological molecules. General chemistry topics of interest will include basic atomic structure, bonding, intermolecular forces, solutions, and acid-base chemistry. Students will focus on the structure and reactivity of carbon-containing compounds, applying these concepts to the structure and significance of biological molecules and their roles in biological systems. Prerequisite: Completion of or exemption of learning support math.

**CHEM 1145/1145H**  
Principles of Chemistry I: 3-3-4  
Introduces students to many of the basic concepts of chemistry, emphasizing chemical structure. Beginning at the atom, the course evolves to a consideration of chemical bonding and intermolecular forces, ending with phase changes; the chemical reactions involving changes in the states of matter.

**CHEM 1146/1146H**  
Principles of Chemistry II: 3-3-4  
Completes the introduction to chemistry, focusing on advanced topics of chemical reactivity (including kinetics, thermodynamics and equilibrium) and concludes with a detailed look at the applications of chemistry to a variety of issues and problems in society. Prerequisite: A minimum grade of "C" in CHEM 1145, or equivalent.

**CHEM 1147**  
Comprehensive General Chemistry: 3-3-4  
Fundamental laws and theories of chemical reactions. Topics include atomic structure, bonding theory, stoichiometry, properties of matter; chemical thermodynamics, electrochemistry and kinetics. Prior completion of a high school chemistry course is highly recommended.

**CHEM 2031**  
Introduction to Chemical Research Methods: 2-2-3  
An introduction to the techniques and resources related to data reduction and management and an introduction to primary and secondary sources of chemical information. Prerequisites: A minimum grade of “C” in CHEM 1146 and MATH 1113, or equivalent.

**CHEM 2242**  
Analytical Chemistry: 3-3-4  
The study of modern quantitative determination methods, including volumetric and gravimetric analyses, equilibrium calculations, and acid/base chemistry, as well as, the fundamental theory of chromatography, spectroscopy, and electrochemistry. Prerequisite: A minimum grade of "C" in CHEM 1146 and prior or concurrent enrollment in CHEM 2031.

**CHEM 2541**  
Bioanalytical Chemistry: 3-3-4  
This course deals with the analysis of molecules in biological systems. It is designed to provide students with in-depth information on several instrumental analytical techniques and to promote integration of analytical thinking when dealing with biological systems. Topics include chemical and biochemical analysis of biopolymers, instrumental techniques of analysis, isolation and purification of biomolecules, applications of bioanalytical chemistry in medicine, biotechnology, and forensic science. The interpretation and significance of analytical data will be illustrated by selected case studies and data collected by the students themselves in the laboratory sessions that will run concurrently with the course. Prerequisites: A minimum grade of “C” in CHEM 1146 and CHEM 2031.

**CHEM 2542**  
Nutritional Biochemistry: 3-3-4  
Designed to introduce the biochemical aspects of nutrition. Topics to be covered include the energetics of metabolism, the structure and metabolism of proteins, carbohydrates, and lipids, and the integration of metabolic systems. The laboratory focuses on isolating, purifying, and quantifying the biomolecules in various foodstuffs. Prerequisite: CHEM 1140.

**CHEM 3010**  
Scientific Glassblowing: 0-3-1  
Develops the fundamental glassblowing skills required for the construction of glassware used in scientific investigations. Prerequisites: Junior standing and science major.

**CHEM 3090**  
Special Topics in Chemistry: (1-3)-0-(1-3)  
An intensive study in a specialized field of chemistry. Provides an in-depth look at an area of special interest which is not a part of the standard coursework in chemistry. Prerequisite: Permission of instructor.

**CHEM 3140**  
Advanced Inorganic Chemistry: 3-3-4  
Introduces students to a broad overview of modern inorganic chemistry. Included are considerations of molecular symmetry and group theory, bonding and molecular orbital theory, structures and reactivities of coordination compounds, organometallic chemistry, catalysis and transition metal clusters. Laboratory experiences will include the measurement of several important features of coordination compounds, such as their electronic spectra and paramagnetism, as well as the synthesis and characterization of organometallic compounds. Prerequisites: A minimum grade of “C” in CHEM 3342 and CHEM 3441, or equivalent.

**CHEM 3341**  
Organic Chemistry I: 3-3-4  
Introduces the fundamental concepts of structure and reactivity of organic compounds. Topics covered include the chemistry of alkanes, alkyl halides, alkenes, and aromatics, as well as, the concepts of reaction mechanisms, stereochemistry and spectroscopy of organic compounds. Prerequisite: A minimum grade of “C” in CHEM 1146, or equivalent.

**CHEM 3342**  
Organic Chemistry II: 3-3-4  
A continuation of CHEM 3341 focusing on alkenes, aromatic compounds, aldehydes, ketones, amines, and carboxylic acids and their derivatives. Emphasizes the synthetic and mechanistic aspects of these compounds and will continue the study of spectroscopy of organic compounds. Prerequisite: A minimum grade of “C” in CHEM 3341, or equivalent.

**CHEM 3441**  
Physical Chemistry I: 3-3-4  
A survey of chemical kinetics and thermodynamics. Covers the kinetic theory of gases, rates of reaction, integrated rates, rate laws and reaction mechanisms, followed by a development of the three laws of thermodynamics, chemical and phase equilibria and solution thermodynamics. Prerequisites: A minimum grade of “C” in CHEM 2031, CHEM 2242, MATH 2242, PHYS 2212, and PHYS 1114.

**CHEM 3442**  
Physical Chemistry II: 3-3-4  
A development of quantum chemistry and its application in a number of relevant areas. Covers atomic structure, molecular structure, molecular spectroscopy, and statistical mechanics. Prerequisites: A minimum grade of “C” in CHEM 2031, CHEM 2242, PHYS 2212, PHYS 1114, and either CHEM 3441 or CHEM 3541.

**CHEM 3541**  
Biophysical Chemistry: 3-3-4  
This course explores the physical principles underlying the complex nature of living systems. Topics include the theory and applications of thermodynamics, equilibrium, kinetics, and molecular motion and transport.
CHEM 3610 
Junior Seminar: 1-0-1
Introduces students to the skills necessary to be a competitive chemical professional. Topics covered may include resume writing, choosing and applying to a graduate school, chemistry related careers and preparing and delivering a research presentation. Outside speakers from industry and academia will be a regular part of this course. Prerequisite: Junior standing.

CHEM 3790 
Teaching Internship in Chemistry: 1-(3-9)-(1-3)
Student internship in the laboratory component of CHEM 1040 (Chemistry and the Environment) under the mentorship of a faculty member. The student will participate in an introductory workshop immediately prior to the start of the semester, intern in the CHEM 1040 laboratory and meet with the faculty mentor once each week. Prerequisites: Permission of the instructor and one of the following: CHEM 2031 or CHEM 3341. 1 credit hour per laboratory section of CHEM 1040 in which the student interns.

CHEM 4241 
Instrumental Analysis: 3-3-4
The study of modern spectroscopy and chromatography methods. The spectoscopic methods to be covered may include mass spectrometry, ultraviolet/visible spectroscopy, fluorescence spectroscopy, atomic spectroscopy, infrared spectroscopy and raman spectroscopy. The chromatographic methods to be covered may include gas chromatography, liquid chromatography, supercritical fluid chromatography, capillary zone electrophoresis, Prerequisite: A minimum grade of “C” in CHEM 2242, or equivalent.

CHEM 4242 
Electrochemical Analysis: 3-3-4
Theory and practice of modern electrochemical methods of analysis. These methods include potentiometry, coulometry, voltammetry, computer simulation and other modern forms of electrochemical analysis. Prerequisite: A minimum grade of “C” in CHEM 2242, or equivalent.

CHEM 4243 
Principles of Chemical Separations: 3-3-4
This course will examine theories, and models of separation with applications to the analyses of a wide range of chemical, biological, and environmental samples. Topics include high-resolution gas chromatography and high-performance liquid chromatography. Emphasis is on the theory of reverse-phase, normal-phase, ion-exchange, size-exclusion, and affinity-based separations. Instrumentation such as detectors, pumps, and columns, and data acquisition and analysis are also presented. Prerequisite: A minimum grade of “C” in CHEM 2242.

CHEM 4244 
Advanced NMR Spectroscopy: 3-3-4
Introduces students to modern aspects of nuclear magnetic resonance spectroscopy. Details of one dimensional spectra of proton and carbon 13 will be discussed in-depth, as well as the more advanced two dimensional experiments of COSY and HETCOR. Students will gain skill with the hands on operation of the spectrometer, as well as in the spectral interpretation of complex organic and biomolecules. Prerequisites: A minimum grade of “C” in CHEM 3342, or equivalent.

CHEM 4331 
Advanced Organic Chemistry: 3-0-3
A course designed to build upon the knowledge gained in CHEM 3341 (Organic I) and CHEM 3342 (Organic II). Topics covered may include considerations of structural and mechanistic organic chemistry, synthetic organic chemistry and bioorganic chemistry. Prerequisite: CHEM 3342.

CHEM 4332 
Principles of Drug Design: 3-0-3
A course designed to introduce the chemistry of drug design and development, as well as drug actions and their impacts on society. Topics include drug discovery, receptor site theory, neurotransmitters, pharmokinetics, federal drug laws, drugs in sports and individual classes of drugs. Prerequisite: A minimum grade of “C” in CHEM 3342.

CHEM 4611 
Senior Seminar: 1-0-1
A continuation of the junior seminar with increased emphasis on the preparation and presentation of a research topic. Prerequisites: A minimum grade of “C” in CHEM 2031, CHEM 2242. CHEM 3341, CHEM 3342, CHEM 3610, and six additional hours of chemistry numbered at or about the 3000 level.

CHEM 4790 
Chemistry Internship: (1-4)-0-(1-4)
Intended primarily for students who plan to seek employment in the chemical industry after graduation rather than going on to graduate or professional studies, this course will provide students with practical experience in industry and business. Students will secure employment on their own, earning academic credit and possible compensation, and gain practical experience and technical training. Students must complete a minimum of 120 hours of on-site work for each credit hour earned.

CHEM 4890 
Chemical Research Experience: 0-(3-12)-(1-4)
An independent research experience in which a student will investigate a research problem under the direction of a faculty member. All laboratory. Prerequisite: Permission of instructor.

CHEM 5243/5243G 
Environmental Chemistry: 3-3-4
A survey of the current environmental issues and the underlying chemistry associated with them, including stratospheric chemistry, air pollution, global climate change, toxic organic chemicals, natural water systems, soil chemistry, and energy production. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CHEM 2242 and CHEM 3342, or equivalent.

CHEM 5541/5541G 
Biochemistry I: 3-3-4
Surveys the fundamental principles of protein structure, enzyme mechanisms, carbohydrate structure, and the major metabolic pathways of carbohydrate metabolism. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CHEM 2242, or equivalent.

CHEM 5542/5542G 
Biochemistry II: 3-3-4
Examines the structure and function of biological membranes, as well as additional metabolic pathways not covered in CHEM 5541, including the degradation and biosynthesis of lipids and amino acids. In addition, the course will examine nucleic acid chemistry, including DNA replication, transcription, recombinant DNA technology and related topics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CHEM 5541, or equivalent.

CHEM 7031 
Molecular Visualization: 0-3-9
Focuses on computer skills related to building and presenting molecular information in the High School Science context. All content will be introduced through tutorial exercises provided as handouts. Intended as an elective in Chemistry for graduate students in the M.Ed. and Ed.S. Science Education programs.
CHEM 7042
Chemistry for Secondary Teachers: 2-4-4
This course will emphasize the skills necessary to create and execute effective physical science demonstrations and laboratory experiments appropriate for secondary students, using common, inexpensive, easily-purchased, and easily-disposed of materials. Lab periods will be used to develop and implement demos and experiments based on the topics covered in lecture. This course is intended as a Chemistry elective for graduate students in the M.Ed. and Ed.S. Science Education Programs. Prerequisite: 1 year of college chemistry.

CHEM 7090
Selected Topics/Chemistry: 3-(0-3)-(3-4)
A course taught on a one time basis. Lecture only courses will be three credit hours while courses with a laboratory will be four credit hours. Prerequisite: Permission of instructor.

Child and Family Development (CHHS)

CHFD 2130
Family Economic Environment: 3-0-3
A study of the consumer in American society, management of family financial resources, legal protection and consumer responsibility in the marketplace.

CHFD 2134
Family Development: 3-0-3
A study of factors affecting family development and the individual within the family. Stresses the internal dynamics of interpersonal relationships, communication, contemporary issues, and normative and catastrophic stressors.

CHFD 2135
Child Development: 2-2-3
A study of the developmental characteristics of young children ages 3 to 6, using a whole child approach. Reviews research, theory, and practice that contribute to a developmentally appropriate experience for children in a quality group setting. Observation and interaction at the Child Development Center required.

CHFD 2137
Lifespan Development: 3-0-3
Investigates human development throughout the lifespan as influenced by the family and society. Emphasis is placed on the physical, intellectual, and psycho-social development processes.

CHFD 3130
Research Methods in Child and Family Development: 0-0-3
A study of the basic techniques and methods of research is presented which enables students to effectively read, understand, and critique research, particularly as it pertains to the field of child and family development. Prerequisite: A minimum grade of “C” in CHFD 2134 and CHFD 2135.

CHFD 3132
Prenatal and Infant Development: 2-2-3
Emphasis on development from conception through the first thirty-six months of life. This course reviews research, theory, and practice that contribute to a developmentally appropriate experience for the very young child in a quality group setting. Observation and interaction in the Child Development Center laboratory program required. Prerequisite: A minimum grade of “C” in CHFD 2135.

CHFD 3134
Child Development: Principles and Techniques: 2-2-3
Planning and implementing developmentally appropriate activities for children 3 to 6 is the focus. Activities used must be consistent with the whole child philosophy and guidelines established by NAECY. Students participate in the Child Development Center program. Prerequisite: A minimum grade of “C” in CHFD 2135.

CHFD 3135
Middle Childhood and Adolescence: 3-0-3
Reviews research, theory and practice as it relates to the physical, intellectual, language, and social and emotional development of children ages 6 to 18. Emphasis will be on current issues that relate to these years and the role of parent(s), family and other adults in fostering their development. Prerequisites: A minimum grade of “C” in CHFD 2134 and CHFD 2135.

CHFD 3136
Families in Later Life: 3-0-3
An in-depth study of factors influencing inter-relationships in family development in the later years of the life cycle. Prerequisite: A minimum grade of “C” in CHFD 2134.

CHFD 4090
Selected Topics in Child and Family Development: (1-3)-0-(1-3)
Scheduled on an infrequent basis to explore new research and emerging knowledge in Child and Family Development. This course will carry a subtitle. Prerequisite: Permission of instructor.

CHFD 4130
Administration of Programs for Children and Families: 3-0-3
Administration of programs for children and families in a variety of settings. Topics studied include advocacy, policy-making, management of personnel, licensure, budgeting, etc. Supervised trips to various programs. Prerequisites: A minimum grade of “C” in CHFD 2130, CHFD 2134, and CHFD 2135.

CHFD 4134
Family Life Education: 3-0-3
An introduction to the programs, procedures, techniques, resources, and counseling skills needed to promote an understanding of family life education through the life cycle. Prerequisite: A minimum grade of “C” in CHFD 2134.

CHFD 4135/4135S
Parenting: Family Child Interaction: 3-0-3
The structure, function, and process of parenting are explored. Emphasis is placed on understanding characteristics of parents and parenting behavior and their consequences on children and parent-child relationships. Prerequisites: A minimum grade of “C” in CHFD 2134 and CHFD 2135.

CHFD 4136
Assessment of Children and Families: 3-0-3
Developmental assessment and research as related to children and families. Students will administer, score and interpret results using a variety of assessment techniques. Prerequisites: A minimum grade of “C” in CHFD 2134, CHFD 2135, and CHFD 3132.

CHFD 4137
Psychosocial Care of Children in Hospitals and Other Settings: 3-0-3
Special psychosocial needs of children who are hospitalized will be identified. Students will learn to assess children (age 0-18) in a holistic manner, and to function as part of a health care team. This course will, in part, prepare students for certification as a Child Life Specialist or to work with children in other treatment environments. Prerequisite: Permission of the instructor.

CHFD 4790
Internship in Child and Family Development: 0-0-12
Supervised experience in Child and Family Development which requires the student to employ the knowledge base acquired. Site is selected by the student and approved by the student's academic advisor. Students enrolled in the program must agree to abide by the regulations governing all employees of the sponsor. Grading will be on the satisfactory/unsatisfactory mode. Students will work full-time for the entire semester while enrolled in the internship program. Prerequisites: A minimum grade of “C” in CHFD 3132, CHFD 3134, CHFD 3135, CHFD 3136, CHFD 4130, CHFD 4135.
Course Descriptions

FACS 4138, and 15 semester hours of guided electives. In addition, a minimum grade of "C" in either CHFD 3130 or CHFD 4136 AND either CHFD 4134 or CHFD 4137; senior status; 2.0 GPA; approval of instructor.

CHFD 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

CHFD 6130
Parent Education: 3-0-3
Application of theory, research and developmental practice to: 1) understand the role of parents, teachers and community leaders in guiding the behavior of children from birth to adolescence; 2) establish mutually satisfying parent-child relationships throughout the life cycle; and 3) explore programs for parents and parental interactions with schools and other institutions. Prerequisite: Successful completion of the M.Ed. core curriculum.

CHFD 6131
Assessment of Children’s Development: 3-0-3
This course will prepare the graduate student to evaluate development and learning in the social, affective, physical and cognitive domains. Students will examine classroom and standardized assessment procedures as they relate to developmentally appropriate practices. Students will administer and score tests and then interpret results using a variety of assessment techniques. Prerequisites: Early Childhood Education majors masters core courses and ECED 7131; Family and Consumer Sciences majors undergraduate or graduate course in Child Development, undergraduate or graduate course in Assessment or Research Methods; or permission of instructor.

CHFD 7090
Selected Topics in Child and Family Development: (1-3)-0-(1-3)
Provides the student with an opportunity for in-depth study of selected topics in Child and Family Development. Prerequisite: Permission of instructor.

Chinese (CLASS)

CHIN 1001
Elementary Chinese I: 3-0-3
Continued focus on basic communication skills (understanding, speaking, reading, writing Chinese) and cultural understanding, with increased emphasis on active use of the language. Includes laboratory program.

CHIN 1002
Elementary Chinese II: 3-0-3
Continued focus on basic communication skills (understanding, speaking, reading, writing Chinese) and cultural understanding, with increased emphasis on active use of the language. Includes laboratory program.

Computer Information Systems (CIT)

CISM 1110/1110S
Computer Applications: 1-0-1
Provides lecture and detailed instruction in application software using word-processing, spreadsheets, database, and presentation software. Corequisite: CISM 1120.

CISM 1120/1120S
Computer Concepts: 2-0-2
Provides an introduction of computer concepts and the evolution of computers in society. Lecture topics include computer system components, data representation and storage, software and multimedia, computer architecture, data communications and network configuration, data security and privacy, viruses, ethic, email, Internet, and the computer marketplace. Corequisite: CISM 1110.

CISM 2230
Advanced Java: 3-0-3
This course extends the fundamental principles of object-oriented programming using Java as our tool. The focus of this class is on advanced applications development. Topics include: objects, classes, inheritance, interfaces, GUI components, layout managers, events, multimedia, exception handling, and I/O files. Prerequisites: A minimum grade of “C” in CSCI 1236 (or equivalent) and a solid understanding of data types, control structures, and algorithm design before taking this class.

CISM 2530
Advanced Business Applications: 3-0-3
This course will provide students with hands-on experience in creating advanced business applications using spreadsheet and database management system (DBMS) tools. Advanced topics in word-processing and presentation tools will also be explored.

CISM 2530H
Advanced Business Applications (Honors): 3-0-3
Students will complete weekly projects with an emphasis on comprehensive applications of software to specific business applications and problem solving in various business disciplines including quantitative methods, finance, marketing, logistics, accounting, and other relevant applications in business. Students will be expected to successfully complete the practice exam version of the Microsoft Certification Exams in Excel and Access. Reserved for Honors students.

CISM 3134
Data Communications: 3-0-3
An overview of traditional and emerging telecommunications technologies and applications in today’s business environment including voice, data, and video communications. The application of business telecommunications to satisfy information system requirements is emphasized. Prerequisite: Pre-business and undeclared students must meet the requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 55 semester hours.

CISM 3135
Systems Analysis and Design: 3-0-3
Introduces the fundamental principles of information systems analysis and design. In this course, students will learn to apply the tools and techniques commonly used by systems analysts to build and document information systems. Classical and structured tools for describing data flow, data structure, process flow, file design, input and output design, and program specifications will be studied. Object-oriented concepts and techniques will also be introduced. Prerequisite: Pre-business and undeclared students must meet the requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 55 semester hours.

CISM 3235
Application Development with COBOL: 3-0-3
Provides a complete treatment of the COBOL language. Includes file handling, programming using multiple tiered control breaks, the manipulation of two and three dimensional tables, the exploration of sequential and indexed sequential files, and exposure to interactive programs. Prerequisite: A minimum grade of “C” in CSCI 1236 or CSCI 1301.

CISM 3236
Web Database Development: 3-0-3
Provides an overview of web database connectivity and programming alternatives available or integrating internet technologies related to e-commerce and m-commerce with database systems. Students will gain an understanding of the creation, use, and management of web interfaces and the integrated database system. Prerequisite: A minimum grade of “C” in CISM 2230.
CISM 3237
Visual Basic.Net Windows and Web Applications Programming: 3-0-3
This course introduces students to Visual Basic.Net which is a leading edge object oriented programming language that integrates with .Net platform to provide a programming component for Windows applications, as well as Internet and World-Wide-Web applications. The student will be exposed to and learn topics related to object oriented programming, strings, graphics, graphical-user-interface components, exception handling, multitreading, multimedia (audio, images, animation and video), file processing, prepackaged data structures, database processing, Internet and World-Wide-Web based client/server networking and distributed computing. Prerequisite: CISM 2230.

CISM 3331
Principles of Enterprise Information Systems Security: 2-1-3
An introduction to the various policy, administration, management, and technical aspects of information systems security across the enterprise. This course provides the foundation for understanding key policies and issues associated with protecting information assets; designing a consistent, reasonable information security system; identifying alternatives for determining the necessary levels of protection; and developing and administering appropriate responses to security incidents. Included are design issues for appropriate intrusion detection, disaster incidents, and reporting for various enterprise networking infrastructures. Prerequisites: A minimum grade of “C” in CISM 3134 and CISM 3135.

CISM 4130
Management Information Systems: 3-0-3
An overview of the utilization of information technology in business organizations to support managerial decision making and to provide competitive advantage. This course will address the evolution of information and information technology as corporate assets, how information technology is reshaping organization structures and work processes, how it is changing business relationships among organizations, and emerging information technologies expected to significantly impact business operations in the years ahead. Prerequisite: Pre-business and undeclared students must meet the requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 55 semester hours.

CISM 4134
Database Management: 3-0-3
An applied study of business databases, their design, and implementation. The focus of the course is on application development with fourth generation systems. Applications using a third generation host language and application generators are used to demonstrate concepts and techniques. Prerequisites: A minimum grade of “C” in CISM 3135.

CISM 4135
Project Management and Development: 3-0-3
The course focuses on principles and processes of project management, specifically as they relate to the development of information systems to solve business problems. The fundamentals of organizational behavior, systems theory and systems dynamics, as well as the important components of project management such as planning, organizing, directing, and controlling are covered. In addition, team building and working with others is emphasized to improve efficiency and effectiveness. The students will have an opportunity to work with current Project Management software tools to emphasize the application of these concepts. Prerequisite: Pre-business and undeclared students must meet the requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 55 semester hours.

CISM 4136
Global Information Resource Management: 3-0-3
A study of the international management of the organization's information system function from the perspective of information as a critical organization resource and as a key to competitiveness in the global market. Emphasis will be placed on the application of technology to meet information systems requirement. Prerequisite: A minimum grade of “C” in CISM 3134 and CISM 3135. CISM 4134 is recommended.

CISM 4234
Application Development with Objects: 3-0-3
Extends the fundamentals of object-oriented design and moves into the realm of developing object-oriented applications with a current development system. Prerequisites: A minimum grade of “C” in CISM 2230 and CISM 3135.

CISM 4236
AS/400 and Its Application: 3-0-3
Provides an introduction to and experience in developing applications on the AS/400. Students will develop business applications using the unique features of the AS/400, including OS/400 and DB2/400. Development will be in both third generation languages, i.e. COBOL and RPG4, and fourth generation languages, i.e. SQL/400 and QUERY/400. Emphasis will be on the use of the AS/400 in a distributed, networked environment. Prerequisite: A “C” or better in CISM 2230 or CISM 3135.

CISM 4237
Decision Support Systems: 3-0-3
Examines the role of decision support systems in the organizational environment. Upon completion, the student will be capable of designing and implementing decision support systems with a variety of development systems. Prerequisites: A minimum grade of “C” in CISM 3135.

CISM 4238
Network Administration: 3-0-3
An applied study of the problems inherent in the maintenance and management of the heterogeneous networking environments prevalent in the modern business enterprise. Emphasis will be placed on acquiring and integrating the practical management/technical skills that define the effective networking specialist. Prerequisite: A minimum grade of “C” in CISM 3134.

CISM 4331
Point of Sale Technologies: 3-0-3
Provides an overview of the architecture and functionality of point of sale (POS) systems, as well as an appreciation for the issues and challenges associated with the development, implementation, and support of large-scale commercial systems. Prerequisites: A minimum grade of “C” in CISM 2230 and CISM 3135.

CISM 4332
Electronic Business: 3-0-3
This course focuses on the linkage between organizational strategy and networked information technologies to implement a rich variety of business models in national and global contexts connecting individuals, business, governments, and other organizations to each other. The course examines e-business strategy and the development and architecture of e-business solutions and their components. Prerequisites: CISM 2230, CISM 3134, and MKTG 3131.

CISM 4334
ERP Systems Using SAP: 3-0-3
Focuses on Enterprise Planning (ERP) using SAP R/3. Students will spend computer intensive time navigating in SAP and completing SAP lab assignments. Currency in ERP developments by subscribing to Internet newsletters on ERP or SAP developments is required. Students will also be required to complete a major ERP project and give a presentation on important recent ERP developments. Prerequisite: Permission of the Information Systems Chair.

CISM 4335
Advanced Business Applications Programming (ABAP) for the SAP/ERP System: 2-1-3
This course provides an overview of the ABAP programming language for the SAP enterprise resource planning system. Students will learn how to access database tables, design input screen selections and generate output
list reports. Students will write a variety of beginning and intermediate level programs using the ABAP workbench, ABAP objects, and data dictionary tools. Modular programming techniques such as subroutines, function modules, and events will also be discussed. Prerequisites: A minimum grade of “C” in CISM 2230 and CISM 4334.

CISM 4434
Enterprise System Configuration: 2-1-3
This course focuses on configuring and testing an Enterprise Resource Planning (ERP) system for use in a large organization. Students learn how to setup a trading company from the ground up using SAP R/3. Throughout the semester, students will create and test the organizational structure, master data and business rules to integrate different functional business processes such as purchasing, sales, distribution, logistics, accounts payable, accounts receivable, etc. Students can also be expected to complete a major project working in cross-functional teams to configure and test an ERP system. Prerequisite: A minimum grade of “C” in CISM 4334.

CISM 4790
Internship in Information Systems: (3-6)-0-(3-6)
A supervised work-study program in selected business firms throughout the southeast. Prerequisites: A minimum grade of “C” in CISM 3135 is required. Completion of CISM 2230 and CISM 3134 (with a minimum grade of “C”) is recommended. Total Institution GPA of 2.75 or better is required.

CISM 4830
Special Problems in Information Systems: 3-0-3
A customized course that is under the direction of a faculty sponsor. This course is designed to offer students an opportunity to pursue studies or topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with the faculty sponsor. Prerequisite: Senior standing.

CISM 4890
Directed Study in Information Systems: 0-0-(1-3)
Designed for independent study and research in selected areas of information systems under faculty supervision. Prerequisite: Permission of department chair or director.

CISM 5131/5131G
Fundamentals of Computer Forensics: 3-0-3
This course examines how computers are being used to perpetrate fraud along with how investigators can use the computer as a weapon against fraudsters. Other computer-related topics to be explored include security breaches, employee theft, asset abuse, theft of intellectual property, and imaging of computer drive contents including files, operating and file system artifacts, and deleted files or file fragments located in file slack or unallocated space. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CISM 2530, or CISM 1110 and CISM 1120.

CISM 6120
Technology for Executives: 2-0-2
Examines the role of information technology (IT) in business and how IT is used to solve business problems. Fundamental grounding in key areas of IT (hardware, software, data resources, and networks) is provided, with the emphasis on how IT affects an organization, its employees and its competitive position. The challenges and opportunities related to networked enterprises and global markets are also explored. A variety of software tools are used to create solutions to traditional business problems, with the focus on the application of problem solving and critical thinking skills, rather than the achievement of computer literacy.

CISM 7030
Special Topics in Information Systems: (0-3)-(0-3)-3
Provides the student with an opportunity for in-depth study of selected topics in Information Systems. Prerequisite: Graduate standing and completion of MBA prerequisites or permission of the COBA Director of Graduate Studies for non-MBA students.

CISM 7330
Information Technology Management: 3-0-3
Designed to enable the manager to effectively utilize and manage information technology in the applied business environment. The course focuses on the managerial, not the technical aspects of information management. No prior technical expertise is required. Relevant readings and cases are used to apply the concepts and techniques presented in the course. Prerequisites: Graduate standing and the completion of the MBA prerequisites, or permission of the Director of COBA Graduate Studies for non-MBA students.

CISM 7331
Business Systems Analysis: 3-0-3
Introduces the fundamental principles of business systems analysis and design. Students will learn to apply the tools and techniques used by systems analysts to analyze business problems and design information systems-based solutions to those problems. While classical, structured tools for describing data flows, data structures and input/output design will be presented, the emphasis will be on the concepts and techniques of object-oriented systems design and development. Prerequisite: Graduate standing and the completion of the MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

CISM 7332
Enterprise Data Management: 3-0-3
This course examines the design and use issues underlying relational, object-oriented and multidatabase management systems. Design and implementation methods are examined with the support of modern software tools, such as Oracle. Data management issues are addressed, including modern data storage infrastructure technologies (such as Data Warehousing, and SANs), the role of metadata, and storage of semi-structured data. Prerequisite: Prior completion of CISM 7330 and CISM 7331 is recommended.

CISM 7333
Digital Commerce: 3-0-3
This course aims to provide students with an introduction to the issues that surround the management of digital commerce technologies within the business environment. Topics include global issues of E-Commerce, Internet business models, online marketing, mobile and ubiquitous commerce, W3C E-Commerce standards, electronic payments, and online agent technologies. Prerequisite: Prior completion of CISM 7330 and CISM 7331 is recommended.

CISM 7334
IT Strategy and Policy: 3-0-3
This course emphasizes competitive advantage as a driver in information systems design and deployment. Among topics examined are: achieving sustainable competitive advantage via IT, how IT can be used to create business value, measuring returns on IT investments, developing an IT strategic plan, alignment of IT with corporate strategy, IT governance and ethics, outsourcing IT, developing IT as an organizational core competency, and improving business processes through the application of IT. Prerequisite: Prior completion of CISM 7330 and CISM 7331 is recommended.

College of Liberal Arts and Social Sciences
(CLASS)

CLAS 4700
Cooperative Education: 0-0-0
Cooperative educational experiences are coordinated by the Office of Career Services. Students must have earned a 2.5 adjusted GPA and have earned 18 semester hours of credit toward the major to apply.
College of Education (COE)

COED 3610H
Honors Research Seminar in Education: 1-0-1
A seminar course to prepare undergraduate teacher education students to conduct research projects in education. Reserved for teacher education students in the University Honors Program or others seeking educational research experience as an undergraduate. Prerequisites: A minimum grade of "C" in EDUC 2110, EDUC 2120, and EDUC 2130; and permission of instructor.

Community Health Education (COPH)

COHE 6130
Research Methods in Health Science: 3-0-3
Introduces students to research methods in health science. Development and presentation of practicum and research proposals will be the focus of the course. Additional emphasis will be placed on writing skills in research and grant applications. Prerequisite: Undergraduate course in research methods or permission of instructor.

COHE 7090
Selected Topics in Community Health Education: (1-3)-0-(1-3)
Allows the student the opportunity to receive specialized and/or focused instruction in a community health topic not generally offered by the department. Prerequisite: Permission of instructor.

COHE 7232
Health Promotion Planning: 3-0-3
Introduces the student to the theory and application of planning and evaluation principles. Planning and evaluation skills will be developed that can be utilized in a variety of health-related settings. Familiarizes students with theories and models from the social and behavioral sciences and health education used in behavior change interventions. Emphasizes the planning and implementing of community health interventions at multiple ecological levels.

COHE 7233
Ecologically Focused Program Evaluation: 3-0-3
This course provides an overview of the principles of program evaluation. It explores the methods associated with systematic evaluation of public health education programs. Students will learn the skills needed to plan, conduct, and critique evaluation research. The content of the course includes: program logic models, formative, process, impact, outcome, and summative evaluation; theory driven evaluation; a review of validity issues as they relate to evaluation; sampling in a complex context; operationalizing variables; assessment of measurement instruments; and analysis of quantitative evaluation designs. In addition, issues that impact evaluation across the ecological model, specifically the importance of context and equity issues, will be examined. Qualitative methods used in program evaluation and mixed method designs for evaluation will be highlighted. Supporting the needs of all stakeholders in the evaluation will be emphasized. Prerequisite: A minimum grade of "C" in COHE 7232.

COHE 7234
Community Health Analysis: 3-0-3
Advanced concepts in the purpose and methods of community health organization, social action, organizational development, policy influence, capacity building, community diagnosis (needs assessment), social networking and coalition formation to bring about health behavior change and improved quality of life. Special focus on the application of methods presented to develop and enhance community health education intervention efforts. Prerequisites: Undergraduate course in health promotion planning and evaluation or permission of instructor.

COHE 7235
Community Health Education Methods: 3-0-3
Advanced concepts in community health education for health improvement across multiple organizational levels in communities. Theory driven educational program development with special focus on reaching multi-cultural target groups. Prerequisite: Undergraduate course in health planning and evaluation, community health, health behavior theory, or permission of instructor.

COHE 7236
Social Marketing and Health Communication: 3-0-3
Provides the student with an in-depth study of theory driven approaches to the application of social marketing and health communication to the development of health education and promotion programs. Prerequisite: Undergraduate course in marketing or permission of instructor.

COHE 7237
Rural Community Health Issues: 3-0-3
A study of social, economic, political and cultural influences that impact the health of individuals and families in rural communities. Designed for health professionals, this course focuses on improving health status and developing culturally appropriate and effective interventions and services in rural settings.

COHE 7238
Communication for Change: 3-0-3
This course is designed to familiarize students with the history and current applications of health communication theory and strategies to public health practice and research. This course examines how to structure, develop and evaluate social marketing, media advocacy, risk communication and advocacy skills for change. In addition, systematic qualitative data collection processes such as interviewing skills, participant observation and focus groups will be developed. Emphasis is placed on critical thinking skills to help students analyze and utilize these skills in research and practice.

COHE 7890
Directed Individual Study: (1-3)-0-(1-3)
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

Comparative Literature (CLASS)

COML 2531
Crossing Borders: 3-0-3
This is the foundation course for the Minor in Comparative Literature. It is designed as a transcultural, interdisciplinary course in which students discover and analyze English and other national literatures in translation. Course includes guest lecturers from a number of related disciplines. Prerequisite: ENGL 1102.

COML 3090
Selected Topics: (1-3)-0-(1-3)
Selected topics in comparative literature.

COML 3530
Literary Translation: 3-0-3
Introduction to the history and theory of literary translation. Emphasis on practical problems and techniques, with exercises culminating in the translation of a foreign language text appropriate to the student's interests and abilities. Prerequisites: Completion of the fourth semester of a foreign language.

COML/ENGL 4538
Literary Criticism: 3-0-3
See ENGL 4538 for course description.

COML/ENGL 5330/5330G
Drama to Romanticism: 3-0-3
See ENGL 5330 for course description.
COML/ENGL 5334/5334G
Modern Drama: 3-0-3
See ENGL 5334 for course description.

COML/ENGL/RELS 5530/5530G
The Bible as Literature: 3-0-3
See ENGL 5530 for course description.

COML/ENGL 5536/5536G
Post-Colonial Literature: 3-0-3
See ENGL 5536 for course description.

Communication Arts (CLASS)

COMM 1100/1100S
Introduction to Human Communication: 3-0-3
Surveys the historical roots of communication, discusses the encoding and decoding of messages, and introduces the contexts of communication. Prerequisite: ENGL 1101.

COMM 1110/1110H/1110S
Principles of Public Speaking: 3-0-3
The critical study and practice of public speaking emphasizing the art of rhetoric from a humanistic perspective. Areas of study include research and preparation, ethics, audience analysis, and presentation of speeches. Prerequisite: ENGL 1101.

COMM 2332/2332S
Introduction to Mass Communication: 3-0-3
Introduction to print and electronic mass communications and media-related professions. Surveys the media's historical development in the United States with particular focus on structure, social roles, and related theories. Also considers change factors that can affect the future of media. Prerequisite: ENGL 1101.

COMM 3030/3030S
Selected Topics In Communication Arts: 3-0-3
Offers varied courses in specialized areas of the field of Communication Arts. Prerequisite: Permission of instructor.

COMM 3331/3331S
Media Criticism: 3-0-3
Familiarizes students with dominant paradigms currently used in media studies. Particular emphasis will be given to theories addressing the social context of the media and criticism as a rhetorical act.

COMM/WRIT/AMST 3433
Comic Book Writing in American Culture: 3-0-3
See WRIT 3433 for course description.

COMM/WGST 4331
Gender, Media, and Representation: 3-0-3
Examines the implicit gender messages that are communicated through mass media. Focuses on the representation of gender in the media and how media both reflects and creates cultural values and ideals pertaining to gender.

COMM 4332/4332S
Contemporary Communication Application: 3-0-3
Offers analysis of a selected contemporary topic in communication. Includes discussion of appropriate communication models and their analytical application to the selected topic. May be repeated a maximum of two times for credit. Prerequisite: Permission of instructor.

COMM 4333/4333S
Theories of Mass Communication: 3-0-3
Examines the development of mass media systems and the resulting theoretical perspectives. Encourages theory application as a means of understanding and explaining what happens to us individually and as members of a society as mass communication became possible and now that media systems are being adapted. Prerequisite: COMM 2332.

COMM 4334
Advanced Law and Ethics: 3-0-3
Provides an evaluation of contemporary media regulations/law and ethical issues by way of case analysis along with the study of the evolution of media regulation for understanding of past, present, and future media performance. Prerequisite: JOUR 3337.

Communication Studies (CLASS)

COMS 1711
Speech Practicum: 1-0-1
Practical experience in speaking and performance events. A maximum of three credit hours may be applied toward the degree.

COMS 2330
Introduction to Communication Research: 3-0-3
Introduces students to the professional literature in communication and examines the major paradigms used in communication research. The students will gain practical experience using formal research styles.

COMS 2711
Speech Practicum: 1-0-1
Practical experience in speaking and performance events. A maximum of three credits hours may be applied toward the degree.

COMS 3030
Selected Topics in Speech Communication: 3-0-3
Offers varied courses in specialized areas of the field of speech communication. Prerequisite: Permission of instructor.

COMS 3330
Health Communication: 3-0-3
Applies various communication theories to the health care community. The impact of health communication in different contextual levels, i.e., interpersonal, group, organizational, mass and cultural will be examined.

COMS 3331
Argumentation: 3-0-3
Examines the function and structure of argumentation by focusing on the critical analysis of argument around important issues in public policy, science, law, religion and politics.

COMS 3332
Small Group Communication: 3-0-3
This course examines the increasing importance of communication in small group situations. Communication in group roles, relationships, leadership, conflict, group discussion and reflective decision making, will be highlighted. Prerequisite: COMM 1100 or COMM 1110.

COMS/WGST 3333
Communication and Gender: 3-0-3
Introduces students to the literature of gender and communication. Considers how men's and women's self-perceptions and resulting communication patterns evolve as a function of cultural influences.

COMS 3334
Communicating in the Workplace: 3-0-3
Considers the theoretical and practical challenges existing in a variety of workplace communication scenarios ranging from interviews and group interaction and structure through oral presentations supplemented by a variety of modern media.

COMS 3335
Interpersonal Communication: 3-0-3
Consider current interpersonal research emphasizing practical analysis for how we communicate and form interpersonal relationships. Prerequisite: COMM 1100.

COMS 3336  
Introduction to Performance Studies: 3-0-3  
Examines the performance process in relation to the cultural values communicated in social and artistic forms. An introduction to folklore, storytelling, and solo performance.

COMS 3337  
Persuasion: 3-0-3  
Considers the ethics, philosophies, theories, and techniques of persuasion from the points of view of both senders and receivers of persuasive messages. Prerequisite: COMM 1110.

COMS 3338  
Rhetorical Criticism: 3-0-3  
Introduces students to the major perspectives and approaches used in the practice of rhetorical criticism through the analysis of various rhetorical forms, including public speeches, drama and entertainment, tradition and ideology.

COMS 3339  
Intercultural Communications: 3-0-3  
This course will focus on the different contexts in which culture influences the communication process. Aspects of communication such as language, nonverbal communication, interpersonal relationships, and organizations will be examined across different cultures. Students will strive to understand the impact of culture on perception, social identity, values, and structures of power. Intercultural, cross-cultural, and multicultural contexts for communication will be discussed. Prerequisites: COMM 1100 or COMM 1110.

COMS 3711  
Speech Practicum: 1-0-1  
Practical experience in speaking and performance events. A maximum of three credits hours may be applied toward the degree.

COMS/INTS 4330  
Rhetoric of International Relations: 3-0-3  
Examines the discourse of international relations from a rhetorical perspective. Emphasizes the analysis and criticism of persuasive messages used in international relations from Aristotelian, Neo-Aristotelian, dramatic and narrative rhetorical theoretical bases. Prerequisite: Junior or Senior standing, or permission of instructors.

COMS 4331  
Communication and Conflict: 3-0-3  
Introduces students to the theory and practice of conflict management in personal and professional relationships.

COMS 4332  
Political Communication: 3-0-3  
Emphasizes the role and function of communication in the political setting. Examines theories of political communication and their application to political campaigns, debates, and speech writing.

COMS 4333  
General Semantics: 3-0-3  
Studies the relationship between symbols and meaning in the tradition established by Alfred Korzybski. Focuses on signs and symbols and their implications on nonverbal and oral communication.

COMS 4334  
Communication Theory: 3-0-3  
Introduces students to major approaches in the development of communication theory with emphasis on various communication contexts, e.g., interpersonal, group, organization, mass media, intercultural.

COMS 4336  
Advanced Performance Studies: 3-0-3  
Presents performance techniques relevant to the scripting and staging of presentational ensemble and solo performance. Emphasizes performance as a language act.

COMS/AAST/AMST 4337  
Rhetoric of Social Movements: 3-0-3  
Introduces students to the rhetorical significance of selected social movements including labor reform, civil rights, and environment protection, emphasizing the analysis of persuasive social movement discourse.

COMS 4338  
Organizational Communication: 3-0-3  
Explains the role and effects of communication in everyday organizational life. Includes interpersonal communication in the workplace, leadership, organizational communication and climate, motivation and flow of information in organizations.

COMS 4339  
Philosophy of Communication: 3-0-3  
Introduces students to the contributions of philosophical debate from logical positivism through hermeneutics to the discipline of human communication studies.

COMS 4711  
Speech Practicum: 1-0-1  
Practical experience in speaking and performance events. A maximum of three credits hours may be applied toward the degree.

COMS 4791  
Speech Internship: 3-0-3  
Provides practical experience in a professional setting appropriate for a student trained in speech communication. Will be under the supervision of a skilled practitioner in the particular area of communication. May be taken only by Speech Communication majors. A maximum of six hours may be applied to the major. Prerequisites: COMM 1110 and at least 20 semester credits in upper division COMS classes and a minimum 2.5 total institution GPA.

COMS 4831  
Directed Study in Speech: 3-0-3  
Offers students opportunities to design and conduct directed research and/or projects in specialized speech communication areas. Must be approved in advance by instructor and department chair. This course may not be used to replace an existing course in the catalog. Prerequisites: Permission of instructor and department head.

Associate VP Academic Affairs (VPAA)

COOP 2090F  
Sophomore Coop-Full-time: 0-0-12  
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Sophomore standing.

COOP 2090P  
Sophomore Coop-Part-time: 0-0-(1-9)  
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the
responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Sophomore standing.

COOP 3090F
Junior Coop-Full-time: 0-0-12
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Junior standing.

COOP 3090P
Junior Coop-Part-time: 0-0-(1-9)
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Junior standing.

COOP 4090F
Senior Coop-Full-time: 0-0-12
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Senior standing.

COOP 4090P
Senior Coop-Part-time: 0-0-(1-9)
An opportunity to gain work experience related to academic major, begin the career decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated administratively by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. “V” grade is assigned for successful completion of the work assignment. Prerequisite: Senior standing.

Counseling Education (COE)

COUN 7131
Student Services in Higher Education: 3-0-3
Covers the student services associated with divisions of student affairs in higher education settings. It is designed to trace the development of student services, to understand the philosophy and to explore the issues that face student affairs professionals in higher education settings.

COUN 7132
Contemporary College Student: 3-0-3
Examines trends and changes in the characteristics of college students and institutions they attend (cohort changes), research issues related to college impact research (student change) and emerging theories and methodologies that address the consequences of attending college. It is intended to provide a broad introduction to research on students in a broad range of developmental and sociological areas.

COUN 7133
Administration and Leadership in Higher Education Student Services: 3-0-3
Introduces student to the administrative aspects of student affairs. It will include an overview of organizational structures, organizational change, personnel issues, leadership, program planning and evaluation, selected legal and ethical issues and basic budget information. It also includes strategies related to professional development.

COUN 7134
Ethical and Professional Issues in Student Services: 3-0-3
Designed to inform students in some depth of ethical standards, laws, ordinances and statutes that govern professional behavior. Specific topics and cases explored will include professional practice and ethics involving professional responsibilities, confidentiality and violations. Also addressed will be licensure laws, as well as, parameters of related practice procedures. Prerequisite: COUN 7131.

COUN 7231
Foundations of Community Counseling and Ethics: 3-0-3
Provides an overview of community counseling. Includes a survey of theoretical foundations, research and practice, and ethical and legal issues in community counseling. Topics covered include: the role of the community counselor, outreach to vulnerable client populations, preventive education, client advocacy, referral practices, consultation and the adaptation of community counseling models in community health agencies, business, industry and specialized settings. Addresses ethics, program management and the Diagnostic and Statistical Manual of Mental Disorders.

COUN 7232
Addiction Counseling: 3-0-3
Surveys aspects of alcohol and drug abuse and assists in understanding the process of addiction and in developing skills for identifying clients with chemical dependencies and/or eating disorders. Addresses the role counselors, teachers and professionals can play in prevention, treatment and recovery process including appropriate resources.

COUN 7233
Family Counseling: 3-0-3
Examines the family as a system. How it affects the client, how the client affects its family system and communication theories will be presented with specific attention to the student's awareness of their own family's system as a base from which they can develop an approach for understanding and working with families. The utilization of family counseling techniques in a variety of settings will also be examined. Didactic presentations, role playing and work with simulated families will be utilized. Prerequisite: COUN 7332.

COUN 7234
Counseling Assessment, Diagnosis and Intervention: 3-0-3
This course is designed to provide students with an opportunity to develop a knowledge base regarding the nomenclature and criteria imperative in the analysis and diagnosis of mental disorders. Additionally students will develop an understanding of the professional identity and role of counselors as it relates to assessment, diagnosis, and intervention. Students will also have an opportunity to develop a knowledge based for treatment planning and treatment documentation. Crises intervention assessment and techniques will also be addressed.

COUN 7332
Theories of Counseling: 3-0-3
Study of the nature of counseling, alternative theoretical strategies and the process of counseling. Provides a base from which the student can build a personal theory of counseling. Prerequisite: COUN 7331.

COUN 7333
Models and Techniques of Counseling: 3-0-3
Systematic, developmental counseling models are presented in which theoretical approaches may be practiced. Role playing and other experimental techniques are utilized to demonstrate effective counselor/client relationships and processes. Pre-practicum activities include analysis of audio and video taped counseling sessions. Prerequisites: COUN 7332 and proof of professional liability insurance coverage.
COUN 7334
Group Dynamics: 3-0-3
Designed to provide an understanding of group development, dynamics, counseling theories, group counseling methods and skills and other group work approaches. Prerequisites: COUN 7331 and COUN 7333.

COUN 7335
Individual Analysis: 3-0-3
Cognitive and affective group and individual test instruments and techniques used for individual analysis in counseling and in educational psychology and for instructional and administrative purposes.

COUN 7336
Career Counseling: 3-0-3
The career counselor facilitates career development based on knowledge of the strengths and limitations of the career theories, self assessment strategies, knowledge of the world of work and resources. The ability to identify needs/issues and develop intervention which assist diverse populations is also stressed.

COUN 7337
Cross Cultural Counseling: 3-0-3
Builds cross cultural counseling skills. Will familiarize students with theories, counseling techniques, skill development and a wide range of issues regarding ethical and effective counseling in a world of cultural differences. Emphasis is placed on expanding cultural awareness, knowledge and skill building in order to facilitate an appreciation of cultural, racial, ethnic, age, gender and sexual preference issues. Prerequisites: COUN 7333 and proof of professional liability insurance.

COUN 7338
Life Span Development: 3-0-3
Developmental processes throughout the life span are covered in the physical, cognitive and social/emotional areas. Theoretical and practical instruction are designed for application of developmental research and theory to counseling and related educational settings.

COUN 7431
Collaboration and Program Coordination: 3-0-3
The organization of comprehensive development of school counseling programs in the elementary, middle and high schools, and the counselor's roles as coordinator. Topics include: needs assessment, program planning and implementation, scheduling, research and evaluation, counselor accountability, public relations and coordination of the school's pupil personnel specialists team.

COUN 7432
Developmental Guidance Curriculum: 3-0-3
The role and functions of the school counselor in designing and implementing the developmental guidance curriculum for grades P-12. Large group guidance, small group counseling and individual counseling interventions are examined and guidance units organized to address clients' development needs. Ethical and diversity issues in designing curricula are emphasized.

COUN 7433
Consultation and Intervention in the Schools: 3-0-3
This course provides a general framework for understanding and practicing major models of consultation and advocacy as well as applying theoretical material to case and organizational conceptualizations. In addition, approaches to recognizing and assisting students, teachers, and families with issues that may affect student development and functioning are included (abuse, violence, addictions, attention deficit hyperactivity disorder, childhood depression, suicide, etc.).

COUN 7434
Foundations of School Counseling and Ethics: 3-0-3
Designed to introduce the student to the profession of school counseling and practice in various school settings. The history and development of the profession, national associations, ethical codes, and standards for counselor preparation and credentials are examined, as well as, school counselor roles, functions and responsibilities.

COUN 7737
Practicum: 1-3-3
Areas covered in this course are application and critical evaluation of all counseling skills in practical situations with provision of clinical experiences under supervision for a total of 100 clock hours, 40 of which will be direct service work with clients. Individual and group counseling will be audio and/or video taped, critiqued and evaluated. Prerequisites: COUN 7332, COUN 7333, COUN 7334 and proof of professional liability insurance coverage.

COUN 7738
Internship I: 1-20-3
Primary emphasis is on the integration of process, conceptual, professional and personal skills. Internship provides extensive supervised on-the-job experience in a school, community, or college counseling setting closely aligned with the student's professional career goals. The student is required to complete 300 hours of field experience. Prerequisites: COUN 7332, COUN 7333, COUN 7334, COUN 7337, three other content courses in counselor education or higher education approved by advisor and proof of professional liability insurance coverage.

COUN 7739
Internship II: 1-20-3
Primary emphasis is on the integration of process, conceptual, professional and personal skills. Internship provides extensive supervised on the job experience in a school, community or college counseling setting closely aligned with the student's professional career goals. The student is required to complete 300 hours of field experience. Prerequisites: COUN 7738, approved by advisor, and proof of professional liability insurance coverage.

COUN 7798
Internship I in Higher Education: 1-20-3
Provides 300 hours of supervised field experience for students in higher education student services program. The scope and objectives will be determined on an individual basis by the professor, the student and the field supervisor. COUN 7798 will be completed at the first site. Prerequisite: 27 semester hours of course work in the program.

COUN 7799
Internship II in Higher Education: 1-20-3
Provides 300 hours of supervised field experience for students in higher education student services program. The scope and objectives will be determined on an individual basis by the professor, the student, and the field supervisor. COUN 7799 will be completed at the second site. Prerequisite: COUN 7798.

COUN 7890
Directed Individual Study: (1-3)-0-(1-3)
Permits specialization beyond regular course content through in-depth study of individually selected topics of interest and importance in higher education student services. The study will be directed by the instructor. Prerequisites: 12 semester hours of course work in the program.

COUN 8533
Professional Practice and Ethics: 3-0-3
Informs students of ethical standards, laws, ordinances, and statutes that govern professional behavior of counselors in schools and in community/mental health settings. Specific topics explored will include professional practice and ethics involving professional relationships, the impact of values, confidentiality, violations and licensure laws.

COUN 8535
Organization and Administration of Student Services: 3-0-3
Investigation of recent trends and development in the organization and administration of student services in elementary, secondary and post-secondary settings; and evaluation of job performance and programs. A required course for certification as a Director of Pupil Personnel Services.
Prerequisite: Admission to the Ed.S. program in Counselor Education or School Psychology, or permission of instructor.

COUN 8536
Counseling Advocacy and Systemic Change in a Diverse Society: 3-0-3
Designed to provide students with the knowledge about counseling advocacy and social change necessary for creating effective learning practices and environments. Students will acquire an understanding of the social, economic, and political factors which influence and shape the counselor's role in diverse institutional settings such as schools and community agencies. The course examines the role of the counselor as a change agent in eliminating systemic barriers that impede student and client success. Prerequisite: Admission to Ed.S. program or instructor's permission.

COUN 8538
Advanced Group Development and Supervision: 2-1-3
Emphasis is placed on principles of group leadership and group processes at the theoretical and applied levels. Supervised practice in leading and/or co-leading groups in counseling is included. Prerequisite: COUN 7334.

COUN 8590
Selected Topics in Counseling: 3-0-3
Participants examine selected topics in the areas of school, community, and college counseling. Course focuses on the specialized needs of Professional Counselors in public, school, community agency, and post-secondary educational settings.

COUN 8737
Advanced Counseling Practicum and Supervision: 3-0-3
Advanced clinical experience in application of counseling theories, tools and techniques in counseling. Includes monitored experience in the supervision of counseling. Prerequisite: Admission to the Ed.S. program in Counselor Education or permission of instructor.

COUN 8839
Action Research: 1-2-3
Each student will implement a research study based on the proposal prepared in the field based Educational Research class. Should be related to a practical problem in professional practice setting. Oral presentation of the study is required. Prerequisites: EDUR 8131 and EDUR 8434.

COUN 8890
Directed Individual Study: (1-3)-(0-2)-(1-3)
Used to meet individual needs or interests that students may have in various areas. The needs or interests that students may have in group procedures, career development or vocational evaluation. Library research, empirical research and practice applications are typical aspects of many individual projects. Results are presented in written form and frequently include guides or manuals for practice in projected work settings. Prerequisite: Permission of instructor.

Criminal Justice (CLASS)

CRJU 1100
Introduction to Criminal Justice: 3-0-3
A three-hour survey course of the criminal justice system and its central components: police, courts, and corrections. Topics include: the activities and legal environment of each component; individual rights and public order; the juvenile justice process; theories of causation; the growth and use of technology in crime and crime solving; and special issues such as AIDS, drugs, and public policy.

CRJU 2131
Justice and Ethics: 3-0-3
Students will apply approaches to justice and ethical theories to issues in the justice system. Among the topics studied are police discretion, lawyer misconduct, rationales for punishment, the death penalty, white-collar crime, and privacy issues in preventing and investigating cyber-crime.

CRJU 3131
Criminal Law: 3-0-3
A Study of the nature, origins, and purposes of criminal law in the United States. Also addresses the constitutional limits on criminal law, the general principles of criminal liability, the elements of specific crimes, and the defenses of criminal liability, as well as an examination of the Georgia Criminal Code as it relates to specific crimes.

CRJU 3133
Criminal Procedure: 3-0-3
Students will study the legal processes from arrest through appeal, with emphasis upon the rights of the accused. Particular attention is paid to due process, the right to counsel, search and seizure, the privilege against self-incrimination, and the challenges to individual rights represented by advances in technology and information systems.

CRJU 3134
Criminal Investigations: 3-0-3
Introduces students to the fundamentals of conducting a criminal investigation. Specific topics include: gathering evidence at a crime scene, interviewing and interrogating, testifying in court, and writing investigation reports.

CRJU/POLS 3137
Judicial Process: 3-0-3
See POLS 3137 for course description.

CRJU 3230/3230S
Policing: 3-0-3
An introduction to the study of policing in American society. Focuses on a variety of topics, including: the development of policing; agency structure, organization, and management; professionalism, ethics, and discretion; community policing; constraints on police action; the use of technology and computer information systems by police agencies; and special issues, such as corruption, AIDS, civil liability, and stress.

CRJU 3331
Corrections: 3-0-3
An overview of correction theories, philosophies, practices, and procedures.

CRJU 3332
Community-Based Corrections: 3-0-3
Theories and methods of offender community-based treatment. Offers theories and techniques which may be employed within the boundaries of probation, parole, and other non-custodial programs that influence and alter the attitudes, values, and behaviors of persons adjudicated guilty by the criminal justice system. Also reviews community-based treatment programs, emphasizing functions of half-way houses and the use of volunteers in corrections.

CRJU 3431
Juvenile Justice: 3-0-3
Provides an overview of the operation of the juvenile justice system and juvenile jurisprudence. Specifically, examines the history of the juvenile justice movement and its future, explains how juveniles are handled by the system, and discusses the legal status of juveniles in the adult system.

CRJU/SOCI 3432/3432S
Gangs, Drugs, and Criminal Justice: 3-0-3
Focuses on the history and crime-related aspects of mid-affecting drugs, with emphasis on effects on criminal behavior, the legal response to the problem, and on the interface of drugs and youth gangs. Also examines the history of youth gangs in the United States and how gangs have changed over time. Students will learn about contemporary gangs and their activities, why youths join gangs, and how gangs relate to the larger society.

CRJU 4031
Offender Counseling: 3-0-3
An examination of theories and techniques that may be employed to influence and alter the attitudes, values, and behaviors of offenders within the boundaries of the correctional system.

CRJU 4032/4032S
Criminal Behavior: 3-0-3
An examination of criminal and deviant behaviors from a multidisciplinary approach that include violent property offenders, delinquency, and white-collar offenses, such as fraud and computer crimes. Addresses major theories and research, correlates of crimes including classification concepts, case studies, and application by various components of the criminal justice system.

CRJU 4133
Criminal Justice Organizations: 3-0-3
Provides students with the opportunity to conduct a detailed study of the component of the criminal justice system in which they are serving internships. Corequisite: CRJU 4792.

CRJU 4135
Directed Study in Criminal Justice: 3-0-3
A structured, individualized research focus to be mutually designed and agreed upon by instructor and student. May be used to meet individual needs or interests that students have in various areas. Prerequisite: Junior or senior standing.

CRJU 4192
Special Topics: 3-0-3
Scheduled periodically to explore topics not offered in the regular curriculum.

CRJU 4231
Criminal Justice Research Methods: 3-0-3
Provides students with a better understanding of research and its application in the field of criminal justice. Topics include understanding the scientific method, research methodology, inductive and deductive statistics, and data analysis for report preparation. Also includes student utilization of computer-based spreadsheets, database management, and interactive statistical packages.

CRJU 4531/4531S
Comparative World Justice Systems: 3-0-3
Examines the institutions of justice in various countries around the world as well as the variety of international institutions which address questions of justice. The legal, political, philosophic, social, and historical factors underlying these institutions are of primary concern.

CRJU/POLS 4732
Politics, Government, and Criminal Justice: 3-0-3
Provides students with a basic understanding of the relationship between criminal justice and American political institutions. Topics include the theoretical foundations of criminal behavior; trends in crime legislation, criminal justice perspectives, and crime policy; the application of public policy models to the criminal justice system; and the creation, implementation, and evaluation of crime policy at the local, state, and federal levels of government.

CRJU/POLS 4733
Theories of Justice: 3-0-3
A consideration of the primary theories of justice formulated throughout history. Students will examine and evaluate the theoretical foundations of conceptions of justice from a variety of perspectives

CRJU 4792
Internship in Criminal Justice: 0-0-(3-9)
Provides students the opportunity to utilize, in a supervised work setting, the knowledge they have gained through their course work. Emphasizes the experiential, professional, and academic development of the student. Prerequisites: Junior or senior status and permission of the director to enroll. 3, 6, and 9 hour internships available.

CRJU 4830
Criminal Justice Administration: 3-0-3
A study of organizational and managerial issues associated with the criminal justice system in respect to the courts, policing, and corrections. This course examines a variety of topics within the context of the criminal justice system, including: staffing and training; leadership, power, and decision-making; organizational change; and the selection and use of technology, such as network applications and management information systems.

CRJU 4930
Justice Studies Honors Thesis: 3-0-3
A substantial research project in Justice Studies structured jointly by a University Honors Program student and faculty mentor, approved by the University Honors Program director.

Computer Science (CIT)

CSCI 1230
Introduction to BASIC Programming: 3-0-3
Basic concepts, logic, and syntax of BASIC programming language. Elementary programming techniques and algorithms. Topics include: variables, arithmetic operations, input/output, strings, GUI design, IF blocks, loop structures, subprograms, one- and two-dimensional arrays, file processing and applications. Prerequisites: Three hours of mathematics.

CSCI 1232
Introduction to FORTRAN Programming: 3-0-3
Basic concepts, logic and syntax of the FORTRAN programming language. Elementary programming techniques and algorithms. Topics include: arithmetic operations, input/output, data types, variables, selection and control statements, applications, applets, strings, and event-driven programming. Prerequisite: A minimum grade of “C” in MATH 1111 or equivalent.

CSCI 1236
Introduction to Java Programming: 3-0-3
Basic concepts, logic and syntax of the Java programming language. Elementary programming techniques and algorithms. Topics include: arithmetic operations, input/output, data types, variables, selection and control statements, applications, applets, strings, and event-driven programming. Prerequisite: A minimum grade of “C” in CSCI 12XX language or ENGR 1631.

CSCI 1301/1301S
Programming Principles I: 3-2-4
Provides a fundamental understanding of the development of computer solutions to solve problems with emphasis on structured, top-down development and testing. Concepts include the following: an overview of computer system design, problem solving and procedural abstraction design of computer solutions, algorithm development using simple data types and control structures, implementation and testing of programmed problem solutions, design modularization using subprograms and structured and user-defined data types. Prerequisites: MATH 1111 or higher and a minimum grade of “C” in CSCI 12XX language or ENGR 1631.

CSCI 1302
Programming Principles II: 3-0-3
A continuation of CSCI 1301. Emphasis is on advanced programming techniques such as recursion, data and responsibility driven design and implementation, GUI and file processing techniques. Prerequisite: A minimum grade of “C” in CSCI 1301 or CISM 2230.

CSCI 2120
Computers, Ethics and Society: 2-0-2
An investigation of issues related to the use of computers and computer technology including the following: computer ethics, professional standards, and social impact of computer applications. Some topics to be researched include: philosophical ethics, the application of ethical theory to situations involving computer technology, codes of conduct, privacy, data protection, employee privacy, data regulation, artificial intelligence, copyright/patent
issues, computer malfunction liability, computer crime and responsibilities of computer users. Prerequisites: A minimum grade of “C” in CSCI 1301.

CSCI 2230
C++ Programming: 3-0-3
Basic concepts, logic and syntax of the C++ programming language. Elementary programming techniques and algorithms, debugging. Topics include: arithmetic operations, input/output, data types, variables, functions, selection and repetition statements, arrays, strings and elementary file processing. Prerequisites: A minimum grade of "C" in MATH 1111.

CSCI 3230
Data Structures: 3-0-3
Introduction to abstract data types such as lists, stacks, queues, and trees, and algorithm analysis. Prerequisites: A minimum grade of “C” in CSCI 1302 and MATH 2130.

CSCI 3231
Logic Circuits and Microprocessors: 2-2-3
Digital system and Logic Circuits Design. Topics include the study of the Logic gate, Boolean Functions representation and Minimization, Combinational and Sequential logic circuits, Programmable Logic Arrays, Data Representation, RAM, ROM, and Cache Memories, Register Transfer Language and micro-operations, Hardware Description Language (VHDL), Microprocessor Organization and Design, Assembly Language, Computer Aided Design Tools and Field Programmable Gate Arrays. Corequisites: CSCI 1302.

CSCI 3232
Systems Software: 3-0-3
Provides basic concepts of computer software systems including operating systems, language translators, utilities, linkers and loaders, system component interface, diverse programming language concepts, and interfaces. Prerequisite: A minimum grade of “C” in CSCI 1302. Corequisite: CSCI 3230.

CSCI 3236
Theoretical Foundations: 3-0-3
A study of languages, formal grammars, and abstract representations of computer science. Prerequisites: A minimum grade of “C” in CSCI 1302 and MATH 2130.

CSCI 4790
Special Problems/CO-OP: (1-3)-0-(1-3)
Work experience in computer science through the CO-OP program. A student may enroll in this course more than once, but cumulative credit may not exceed three credit hours. Prerequisite: Acceptance as a CO-OP student in the area of computer science.

CSCI 4890
Directed Study in Computer Science: (1-3)-(0-2)-(1-3)
Directed study under faculty supervision. Seminar with at last one hour to be used as student engagement in service work. Prerequisites: Permission of instructor and department chair.

CSCI 5090/5090G
Selected Topics in Computer Science: (1-3)-(0-2)-(1-3)
Specialized study in a selected area of Computer Science. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

CSCI 5130/5130G
Data Management for Math and the Sciences: 3-0-3
Topics in data management, including operating systems, word processing, spreadsheets, and database management and their applications to mathematics education. Intended primarily for those majoring in Mathematics and Mathematics Education. For those majoring or minor in Computer Science, this course may not be used as an upper level Computer Science elective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: CSCI 1230 or permission of instructor.

CSCI 5230/5230G
Discrete Simulation: 3-0-3
Introduction to discrete simulation models and their implementation on computers. Topics include modeling techniques, experiment design, analysis and validation of results. Students will be exposed to one or more computer simulation languages. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 3230 and STAT 2231 or permission of instructor.

CSCI 5232/5232G
Operating Systems: 3-0-3
A study of functions and structures of operating systems. Emphasis will be placed on the management of files, processes, memory, and input/output devices of the Unix operating system. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: minimum grade of “C” in CSCI 3230 and CSCI 3232 or permission of instructor.

CSCI 5234/5234G
Parallel Processing: 3-0-3
Fundamental concepts of parallel/distributed computing including architectures of parallel/distributed computing systems, as well as languages, algorithms, performance, and programming practice issues. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 3230 and CSCI 3231 or permission of instructor.

CSCI 5330/5330G
Algorithm Design and Analysis: 3-0-3
An in-depth study of the design, implementation, testing, and analysis of algorithms. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 3236 and MATH 2242.

CSCI 5331/5331G
Computer Architecture: 2-2-3
Topics include the study of the Microprocessor Organization and Bus Structures, Complex Instruction Set Computer (CISC) Systems, Reduced Instruction Set, Computer (RISC) Systems, Micro-programmed Control and Controller Design, Concepts and Application of Embedded Systems, Pipeline and Vector processing, Input-Output Organization., Memory Organization, Parallel processor Architecture. Advanced topics related to Hardware-Software Co-design. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CSCI 3231 or permission of instructor.

CSCI 5332/5332G
Data Communications and Networking: 3-0-3
Fundamental concepts of data communications including architecture models, protocol suites, network programming, signal and data transmissions, error detection, and performance analysis. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 3232, CSCI 5331, 5331G, and STAT 2231.

CSCI 5335/5335G
Object-Oriented Design: 3-0-3
Introduction to concepts, methods, and current practice of object oriented design and analysis. Topics include the study of the Unified Modeling Language (UML), which has become an industry standard notation. UML topics will include use cases, diagramming notation (class, object, sequence) and object state diagrams. Students will use UML to design and implement individual and small group projects. Additional topics include understanding design patterns in building applications. Graduate students will be given an
extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CSCI 3230.

CSCI 5430/5430G
Artificial Intelligence: 3-0-3
Introduction to different paradigms for creating software that can reason, access a knowledge base, handle uncertainty, learn, communicate, perceive and act. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CSCI 3230 and CSCI 5330 or permission of instructor.

CSCI 5431/5431G
Computer Security: 2-2-3
Computer security theory and practice fundamentals including methods of attack, defending against attacks, privacy vs. security, methods of encryption, authentication, writing secure code, web security, and network security. Prerequisite: A minimum grade of “C” in CSCI 2120. Corequisite: CSCI 5332.

CSCI 5432/5432G
Database Systems: 3-0-3
The fundamental concepts of database management systems (DBMS) including logical and physical database organization, data models and design issues. Emphasis will be placed upon the relational data model including design and implementation using commercial database systems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CSCI 3230 or permission of instructor.

CSCI 5434/5434G
Theory of Programming Languages: 3-0-3
A study of the formal description, the abstraction and the features of modern programming languages. Various computational paradigms and corresponding languages are introduced. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 3230 and CSCI 3236 or permission of instructor.

CSCI 5436/5436G
Distributed Web Systems Design: 3-0-3
This course involves programming methodologies for the World Wide Web. Topics include: Client-side programming, distributed transactions, remote procedure calls, component objects, server side programming and network load balancing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in CSCI 5432.

CSCI 5437/5437G
Computer Graphics: 3-0-3
Course covers fundamentals of the theory of computer graphics, including raster systems, 3D viewing, illumination, shading and solid modeling. A standard computer graphics language is also introduced in cooperating with the learning of the theory. Prerequisites: A minimum grade of “C” in CSCI 3230 and CSCI 3236.

CSCI 5438/5438G
Animation: 3-0-3
Course covers mechanism of computer animation and its implementation in OpenGL, together with advanced graphics features that are essential for full-fledged animation. Prerequisite: A minimum grade of “C” in CSCI 5437.

CSCI 5530/5530G
Software Engineering: 3-0-3
This course serves as a major integrative, capstone experience for students and requires teamwork. A study of the development and management of software; strategies and techniques of design, testing, documentation and maintenance. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of “C” in CSCI 5330, CSCI 5335, and CSCI 5432 or permission of instructor.

CSCI 5531/5531G
Systems Assurance Standards and Processes: 3-0-3
Course explores international and national standards (including ISO 17799) as frameworks for modeling internal security standards, policies and procedures. Lectures and case studies situate course topics in the explicit context of technologically rich environments of modern software and data intensive systems and networks. Lectures are based on systematic use of standards and assessments of realistic cases from diverse areas. Cases are used in a comprehensive manner covering the most relevant systems assurance issues in situations characterized by complex interdependencies, for example associated with multiple locations, substantial software development, large data center responsibilities and multi-layered networks. Technical issues underlining non-electronic security are fully complemented with leadership ones in all areas of security including those for large and medium-sized organizations. Students will be involved in risk assessments, comprehensive assurance planning, improvement of policies and procedures as well as budget preparations, an array of risk assessments and countermeasure planning based on solid understanding of technical issues involved, including relevant calculations in capacity planning, storage virtualization (using RAID for fault tolerance and backups) and similar. Prerequisite: A minimum grade of “C” in CSCI 5431 or permission of instructor.

CSCI 5532/5532G
Network Management Systems: 3-0-3
Basic concepts of network management systems, including fundamentals of standards, models, languages, network management systems architectures and protocols, SNMP based protocols that manage TCP/IP networks, broadband network management systems and Web-based network management systems tools and applications. Prerequisite: A minimum grade of “C” in CSCI 5332.

CSCI 5538/5538G
Wireless and Mobile Systems: 3-0-3
This course deals with the basics of cellular concept and mobile communication systems, multiple radio access procedures and channel allocation techniques, the architecture and functioning of satellite systems including global positioning systems, different wireless LAN technologies and personal area networks with an emphasis on Bluetooth networks and mobile application development required for mobile and wireless handheld devices like PDAs and cell phones. Prerequisites: A minimum grade of “C” in CSCI 5332 and MATH 1441 or permission of instructor.

CSCI 7090
Selected Topics in Computer Science: (1-3)-(0-2)-(1-3)
Specialized study in a selected area of Computer Science. Prerequisites: Permission of instructor.

CSCI 7140
Software Development and Machine Architecture: 4-0-4
Software and hardware topics that include an object oriented language, web page construction, electric circuits, architecture, language translation, operating systems and networks. Primarily intended for those that are beginning a Masters Degree in Technology. Cannot be taken for credit by those earning a Masters in Mathematics. Prerequisites: Enrollment in the Master of Technology degree program or permission of instructor.

CSCI 7230
Advanced Computer Architecture: 3-0-3
Comparing different modern computer systems architecture and investigating their performances. Topics include: parallel computer systems, pipelining techniques, vector processor arrays, multiprocessor systems, data flow machines and fault-tolerant computer systems. Prerequisite: CSCI 5331 or permission of instructor.

CSCI 7232
Switching Theory: 3-0-3
Introduction to sets, relations, lattices, and switching algebra. Minimization techniques. Special switching functions. Multivalued logics. Finite state automata. Hazard analysis, fault detection and correction. Testing and testability. Prerequisite: CSCI 5331 or permission of instructor.

CSCI 7330
Advanced Operating Systems: 3-0-3
A study of functions and structures of distributed operating systems: communication, synchronization, file system, processes and memory management. Prerequisite: A minimum grade of “C” in CSCI 5232 or permission of instructor.

CSCI 7332
Parallel Algorithms Design and Analysis: 3-0-3
A study of parallel constructs for providing experiences in designing and analyzing parallel algorithms. Prerequisite: A minimum grade of “C” in CSCI 5330 or permission of instructor.

CSCI 7334
Unix Network Programming: 3-0-3
A study of UNIX interprocess communication protocols and how they can be used in programs. Prerequisite: A minimum grade of “C” in CSCI 3232 or permission of instructor.

CSCI 7336
Broadband Communications: 3-0-3
An in-depth study of the structures and principles of broadband networks. Major concepts and principles are explained along with their mathematical analysis. Prerequisites: A minimum grade of “C” in CSCI 5332 and STAT 2231 or permission of instructor.

CSCI 7337
Optical Networks: 3-0-3
An introduction to optical networks, their principles and systems, an understanding of the construction and organization of optical networks along with an in-depth study of the structures and requirements of lightwave-coherent systems. Major concepts and principles are covered along with their mathematical analysis. Prerequisites: A minimum grade of “C” in CSCI 5332 and STAT 2231 or permission of instructor.

CSCI 7430
Advanced System Modeling and Simulation: 3-0-3
Advanced study directed toward system and modeling theory, analysis, validation, verification techniques, simulation languages to model and analyze real systems. Prerequisite: A minimum grade of “C” in CSCI 5230 or permission of instructor.

CSCI 7431
Distributed Database Systems: 3-0-3
A study of distributed database architectures and system design, semantic data control, query processing, transaction management, concurrency control, distributed DBMS reliability, parallel DB systems, distributed object DB management systems, and database interoperability. Prerequisites: A minimum grade of “C” in CSCI 5332 and CSCI 5432 or permission of instructor.

CSCI 7432
Algorithm Analysis and Data Structures: 3-0-3
Advanced topics in algorithm design and analysis and data structures for implementing these algorithms. Problems considered from areas of information storage and retrieval, graph theory, cryptography and parallel processing. Prerequisite: CSCI 5330 or permission of instructor.

CSCI 7434
Data Mining: 3-0-3
The application of concepts and techniques from information science, statistics, visualization, artificial intelligence, and machine learning for the purpose of extracting, integrating, and visualizing information and knowledge from large databases. Prerequisites: A minimum grade of “B” in CSCI 5432 and CSCI 5330.

CSCI 7435
Data Warehousing: 3-0-3
Data warehouse design principles and technical problems inherent in complex industrial implementations using commercial software. Possible topics include: an introduction to data warehousing, multidimensional data modeling, data warehouse architectures, data warehouse design and implementations, development of data cube technology, organizing data warehousing projects, from data warehousing to data mining. Prerequisite: CSCI 5432.

CSCI 7436
Internet Programming: 3-0-3
Advanced design and implementations of large-scale Internet applications through the use of high and low level programming constructs. Possible topics include: client-side scripting languages, middle-tier programming languages, middle-tier transaction servers, server-side data access, server-side scripting/programming, integrating applications within a network cluster, internet protocols and socket programming. Prerequisite: A minimum grade of “C” in CSCI 5332 and CSCI 5432 or permission of instructor.

CSCI 7532
Advanced Software Engineering: 3-0-3
The focus is the rigorous specification, modeling and prototyping of critical software systems/components. Topics selected from formal specification using Z and VDL, specifications using UML with OCL for real-time systems. Structure, dynamic and constraint modeling, constraint/performace [rate monotonic] analysis, concurrency, reconfiguration and distribution, prototyping, reuse and integration issues, and component implementation using advanced tools with implementation styles such as Generic and Meta-Programming. Prerequisite: CSCI 5530.

CSCI 7533
Requirements and Architecture: 3-0-3
Software requirements and architecture evaluation using examples of complex software intensive systems. Product-line approach and use of industry standards. Functional and object oriented approaches in complex domains such as avionics, ground vehicles, medical devices, telecommunication. Students are expected to critically evaluate and develop architecture and requirements for sizable systems, functioning as lead architects and requirements managers. Prerequisite: A minimum grade of “C” in CSCI 5530 or permission of instructor.

CSCI 7534
Testing and Measurement: 3-0-3
Testing and quantitative evaluation of software products and processes. Topics include: models, methods, standards and tools for testing, measurement and evaluation, test (defect) catalog and coverage testing of units, components, and subsystems. Integration, system and acceptance testing and evaluation, test suites, regression testing and test automation. Prerequisite: A minimum grade of “C” in CSCI 5530 or permission of instructor.

CSCI 7890
Directed Study in Computer Science: (1-3)-(0-2)-(1-3)
Directed study under faculty supervision. Prerequisite: Permission of instructor and department chair.

CSCI 7899
Research Project in Computer Science: (1-6)-(0-4)-(1-6)
Research project addressed toward a real world problem. Prerequisite: Permission of project advisor and permission of department chair.

CSCI 7999
Thesis: 0-(1-6)-(1-6)
Thesis.
Decision Sciences (COBA)

**DSCI 7439**
**Business Research Methods: 3-0-3**
The course covers research design in business, collection of business data, analysis of experimental or survey data, interpretation of research findings, and presentation of results. Students will analyze real data sets and obtain significant business insights from analytical solutions.

**DSCI 7539**
**Applied Multivariate Methods for Business Research: 3-0-3**
The course teaches the process of multivariate data analysis for business research. The course focuses on the selection of the appropriate modeling technique and interpretation of the results. SPSS will be used in the course for model estimation. Students will analyze real data sets and prepare methodology and results appropriate for business journals.

**DSCI 7639**
**Qualitative Research Methods in Business: 3-0-3**
This course helps students develop their research skills in qualitative methods. It focuses on the application of qualitative methods in business case studies. Students will learn how to design a qualitative research, collect qualitative data, analyze qualitative data, and make valid inference in order to solve practical business problems.

Early Childhood Education (COE)

**ECED 3131/3131S**
**The P-5 Curriculum: 3-0-3**
The P-5 Curriculum course introduces the candidate to the curriculum, instruction, and organization of elementary schools serving a preschool through fifth grade population. Emphasis is placed on elementary schools implementing developmentally appropriate practices to meet the diverse needs of the P-5 population. Field experience required. Corequisites: EDUF 3131, ITEC 3130, and SPED 3130.

**ECED 3232**
**P-5 Creative Arts: 3-0-3**
Provides opportunities for the students to familiarize themselves with the basic theories and practices of creative arts. Emphasizes the use of creative arts across the curriculum while developing the whole child. Prerequisites: ECED 3131.

**ECED 3262**
**P-5 Language and Literacy: 6-0-6**
The P-5 Language and Literacy course is designed to explore materials and methods of teaching language and literacy in the P-5 classroom. Students will study language and literacy development as well as the implications of student diversity for language learning. Students will investigate the theoretical background and research base supporting current understandings of the processes of the language arts (speaking, listening, reading, writing, viewing, and visually depicting). Students will also become acquainted with the vast selection of children's literature and strategies for incorporating literature into the curriculum. Prerequisites: ECED 3131 and READ 2230.

**ECED 3732**
**Methods I Practicum: 1-5-3**
The Methods I Practicum is designed to provide the preservice teacher with opportunities to integrate theory with practical application in the methods of teaching language, literacy and the creative arts in the K-2 classroom. Students will observe and participate in an early primary classroom setting and will plan and implement lessons and instructional units within that setting. Prerequisites: A minimum grade of “C” in ECED 3131. Corequisite: ECED 3262.

**ECED 4090**
**Special Topics: (1-3)-0-(1-3)**
Promotes specialized training appropriate to the needs of pre-service teachers. Attention will be given to a range of specific problems as they relate to the elementary, middle, or secondary schools and teaching field. Prerequisites: Approval of advisor, instructor, and department chair.

**ECED 4333**
**P-5 Teaching Mathematics: 3-0-3**
Studies the role of mathematics in the education of elementary school children, with emphasis on: the understanding of curriculum content; current trends in teaching; use of appropriate teaching materials; and planning for and evaluating instruction. Designed to give the prospective teacher an understanding of how children learn mathematics and have at their disposal methods which will facilitate this process for each child in a P-5th grade range. Prerequisites: ECED 3131, EDUF 3231, and MATH 3032.

**ECED 4433**
**P-5 Science: 3-0-3**
Designed to prepare students for teaching science in grades P-5. The content of science is reviewed. Methods of teaching and assessing a diverse population of learners in P-5 science education are examined. Emphasis is placed on the importance of science in social and environmental issues. Prerequisites: ECED 3131 and EDUF 3231.

**ECED 4533**
**P-5 Social Studies: 3-0-3**
Designed to prepare students for teaching social studies in grades P-5. The goals and definitions related to the early childhood social studies program will be considered. The content of P-5 social studies will be reviewed. Students will become acquainted with appropriate teaching methods, materials, and organizational techniques for providing children with successful learning experiences in social studies. Prerequisite: ECED 3131.

**ECED 4733**
**Methods II Practicum: 1-5-3**
Designed to provide the preservice teacher with observation and actual teaching experience in a supervised classroom setting. A major emphasis is on planning and teaching an integrated unit in a 3-5 classroom. Prerequisites: ECED 3732 and completion of or concurrent enrollment in ECED 4333 and ECED 4433.

**ECED 5799/5799G**
**Student Teaching in Early Childhood Education: 0-40-9**
Provides a period of guided teaching during which the student, under the direction of a classroom supervising teacher, takes increasing responsibility for leading the school experiences of a given group of learners over a period of fifteen consecutive weeks and engages directly in the activities which constitute the wide range of a teacher's assigned responsibilities. The student teacher will be responsible for assuming the full responsibilities of the teacher for a minimum of fifteen days. Prerequisite: Completion of teaching field, professional education courses, and admission to the Student Teaching Program. Corequisite: ESED 4633.

**ECED 7090**
**Selected Topics in P-5 Education: 3-0-3**
Designed to serve dual purposes: 1) allows the department to respond to specific needs of area schools with in-service education, and 2) allows the department to respond to current issues and trends in P-5 education with topical courses.

**ECED 7132**
**Effective Curriculum and Instruction in Elementary Schools: 3-0-3**
Provides students the opportunity to explore the relationship between curriculum and instruction. How to effectively plan curriculum and instruction for elementary classrooms will be emphasized.

**ECED 7230**
**Advanced Language Arts Methods: 3-0-3**
Designed to build on the graduate students' knowledge of materials and methods of teaching language and literacy in the P-5 classroom. Students will examine issues related to language arts instruction and the theoretical
background and research base related to these issues. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of program.

ECED 7231
Emerging Literacy: 3-0-3
Provides students with the opportunity to examine current research and practice regarding emerging literacy. Emphasizes utilizing research findings to analyze grades. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of program.

ECED 7232
Children's Literature: 3-0-3
Designed for the graduate student who has some knowledge of children's literature. Attempts to update the student's knowledge of children's literature in the classroom and media center.

ECED 7330
Advanced Mathematics Methods: 3-0-3
Designed to provide an extension of the knowledge base acquired at the undergraduate level that is necessary to provide a firm foundation for mathematics instruction to the P-5th grade child. Emphasis will be on problem solving, mathematical reasoning and communication, and the use of technology when delivering instruction. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of program.

ECED 7331
Emerging Science and Mathematics Concepts: 3-0-3
Provides students with the opportunity to examine current research and practice regarding emerging science and mathematics concepts. Emphasizes utilizing research findings to analyze P-2 classroom practices leading to the development of science and mathematics thinking. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of program.

ECED 7430
Advanced Science Methods: 3-0-3
An extension of the undergraduate science methods course emphasizing grades P-5. Students are given the opportunity to reinforce and extend basic science content knowledge and science process skills as well as enhance current teaching strategies. The impact of current issues and trends on science instruction will be emphasized. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of program.

ECED 7530
Advanced Social Studies Methods: 3-0-3
An advanced course in social studies instructional methodology and inquiry in the P-5th grade classroom. Components and theoretical foundations of early childhood social studies curriculum will be investigated. Concepts, skills, and attitudes associated with elementary school social studies will be discussed in conjunction with various teaching methods, models, and materials considered developmentally appropriate and effective for children. Strategies for integrating social studies instruction with other areas of curriculum are investigated through active student participation. Prerequisites: ECED 7132, EDUF 7130, EDUR 7130 or permission of instructor.

ECED 7639
Seminar in P-5: 3-0-3
Designed as a culminating experience for students to integrate educational theory with classroom practice in a P-5 setting. Emphasis is placed on appropriate application of educational theory and content knowledge in a P-5 setting through analysis and evaluation of current classroom practices. Prerequisite: Completion of ECED emphasis area.

ECED 8230
Problems in P-5 Language Arts: 3-0-3
Focuses on research related to the identification of methods to address problems in the teaching and learning of language arts in the P-5 curriculum. Prerequisites: ECED 7230, ECED 7231, and EDUR 8131.

ECED 8330
Problems in P-5 Mathematics: 3-0-3
Focuses on research related to the identification of methods to address problems in the teaching and learning of mathematics in the P-5 curriculum. Prerequisites: ECED 7330, ECED 7331, and EDUR 8131.

ECED 8430
Problems in P-5 Science: 3-0-3
Focuses on research related to the identification of methods to address problems in the teaching and learning of science in the P-5 curriculum. Prerequisites: ECED 7331, ECED 7430, and EDUR 8131.

ECED 8530
Problems in P-5 Social Studies: 3-0-3
Focuses on research related to problems in the teaching and learning of social studies in the P-5 curriculum. Prerequisites: ECED 7530 and EDUR 8131.

ECED 8890
Directed Individual Study: (1-3)-0-(1-3)
Provides an opportunity for a student to pursue an area of interest not covered by any existing courses in a guided, independent format. The student is responsible for defining an area of study, course objectives, activities and assessment procedures and identifying a graduate faculty member in the Early Childhood Education department who will supervise the study. Prerequisite: Permission of department chair.

Economics (COBA)
ECON 2105/2105H/2105S
Economics in a Global Society: 3-0-3
The market mechanism and its relationship to the major institutions of developed economies, current events, and the challenges of globalization; particularly emphasizes informed decision-making about issues of the aggregate economy in a global setting.

ECON 2106/2106S
Business Economics: 3-0-3
Analyzes the behavior of firms, workers, and consumers in perfectly competitive and imperfectly competitive markets. Particular emphasis is placed on firm behavior and how it is affected by the characteristics of the market. Prerequisite: A minimum grade of “C” in ECON 2105.

ECON 3131
Intermediate Macroeconomics: 3-0-3
The study of forces which determine the level of income, employment, inflation, interest rates, output with particular attention to the effects of government monetary and fiscal policy. Prerequisites: A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 3132/3132S
International Trade: 3-0-3
A study of international trade both in theory and practice. The course will cover standard trade theory models from Ricardo to Heckscher-Ohlin, including criticism of the theories. Provides students with the tools necessary to analyze trade and the likely impact of trade on domestic economic policy. Course will focus on microeconomic trade issues. Prerequisites: A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 3231/3231S
Intermediate Microeconomics: 3-0-3
The market mechanism and its relationship to major institutions. Household decision making and consumer demand. Production, cost and the firm's supply decision. Market structures, market failures and the appropriate role of government policy. Prerequisites: A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 3232
International Monetary Relations: 3-0-3
490 Georgia Southern University
Analyzes international monetary relations. Integrates economic theory,
policy, and application. Examines the balance of payments, the foreign
exchange market, exchange-rate determination under alternate exchangerate regimes, and macroeconomic policy in an open economy. Prerequisite:
A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 4030
Special Topics in Economics: 3-0-3
A customized course that allows students to pursue further study in a
specific topic. Topics for the course may include, but not limited to, sports
economics, behavioral and experimental economics, economics of social
issues, history of economics thought, game theory, or resource economics.
Prerequisites: A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 4431
Economic Development: 3-0-3
This course examines the economic and social challenges faced by rural
areas of the United States and developing countries. The main concern is on
what resources rural economies have, and how these resources can be used
to sustain economic development. Special attention is given to economic
development strategies that emphasize equity in distribution as a goal as
well as access to resources by a wide cross-section of citizens. Prerequisites:
A minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 4437/4437S
Regional and Urban Economics: 3-0-3

See REDV 4131 for course description.

This course provides an overview of urban and regional economics,
including the theories of regional growth and urban development. It also
provides a framework for understanding regional economic development
and the regional development planning process. Prerequisite: A minimum
grade of “C” in ECON 2106.

ECON 4331
Money and Banking: 3-0-3

ECON/FINC 4534
Business Insurance: 3-0-3

A study of money, banking, and financial markets with particular emphasis
on the impact that monetary policy has on business decision making.
Prerequisites: A minimum grade of “C” in both ECON 2105 and ECON
2106.

See FINC 4534 for course description.

ECON/REDV 4131
Applied Econometrics and Regional Analysis: 3-0-3

ECON 4332
Labor Economics: 3-0-3
A study of wage and employment determination in the labor market. Topics
include discrimination, human capital development, labor union, and
unemployment. Prerequisites: A minimum grade of “C” in ECON 2105 and
ECON 2106.

ECON 4333
Managerial Economics: 3-0-3
Presents the theory of the firm as an aid to business decision-making,
examines the employment relationship and incentive structures within and
among firms, the make-or-buy decision, and the problems arising from
incomplete contracting and opportunism. Prerequisites: A minimum grade
of “C” in ECON 2105 and ECON 2106.

ECON 4334
Transportation Economics: 3-0-3
Provides students with the basic economic analysis of transportation,
including the economic theories of transportation and location of economic
activity, the history and current status of government regulation of
transportation activities, and empirical analysis of the behavior of the
transportation industries. Prerequisites: A minimum grade of “C” in ECON
2105 and ECON 2106.

ECON 4335
Public Finance and Public Policy: 3-0-3
A study of the role of government in a market economy, how governments
can efficiently allocate expenditures among the various members of society,
the government decision-making process, cost-benefit analysis, government
expenditures, and the effects and incidence of taxation. The focus of the
course is on the federal government. The course also examines various
public policy issues, such as welfare to work programs, health care, and
Social Security. Prerequisites: A minimum grade of “C” in ECON 2105 and
ECON 2106.

ECON 4336
Industrialized Organization and Regulation: 3-0-3
An introduction to the scientific study of imperfectly competitive markets.
Topics include the causes of market imperfections (economics of scale,
barriers to entry, etc.), behavioral and performance responses by firms to
market imperfections, and government policy responses to market
imperfections (antitrust law and regulation). Prerequisites: Junior Standing;
a minimum grade of “C” in ECON 2105 and ECON 2106.

ECON 4790
Internship in Economics: (3-9)-0-(3-9)
The student is to work with/for a manager of the enterprise in a management
training or special projects capacity. Management level responsibilities and
duties are expected of the student. Prerequisites: Senior standing. For
students with an emphasis, the required course(s) of the emphasis must be
completed.

ECON 4830/4830S
Special Problems in Economics: 0-0-3
A customized course that is under the direction of a faculty sponsor. It
allows students to pursue further study in a specific topic. Topics for the
course may include, but are not limited to, sports economics, behavioral
economics, economics of social issues, history of economic thought, or
resource economics. Prerequisite: Junior standing.

ECON 4890
Directed Study in Economics: 0-0-(1-3)
Designed for independent study and research in selected areas of economics
under faculty supervision. Prerequisite: Permission of department chair or
director.

ECON 6230
Foundations of Economics: 3-0-3
A study of the fundamental concepts and theories of microeconomics and
macroeconomics. Prerequisite: Graduate standing.

ECON 7030
Special Topics: 3-0-3
A customized course that allows students to pursue further study in a
specific topic. Prerequisite: Admissions to the MS in Applied Economics
Program or permission of the SEC Director for non-majors.

ECON 7131
Microeconomics: 3-0-3
An introduction to the modern study of microeconomics. Examines the
economic behavior of consumer households, firms, and goods and factor
markets. The efficiencies offered by competitive markets and the costs
imposed by deviation from competition are examined. Prerequisite:
Admissions to the MS in Applied Economics Program or permission of the
SEC Director for non-majors.

ECON 7132
Macroeconomics: 3-0-3
This course is an introduction to advanced macroeconomic theory. The first
half studies dynamic models of long-run growth: the Solow model, the
neoclassical growth model, overlapping generation models, and endogenous
growth models; it also discusses long-run policy issues and the determinants


ECON 7133
International Economics: 3-0-3
This course provides an analytical framework for understanding economic interaction between independent nations and examining international trade policies. The classical theory is complemented by a new theoretical view in which economies of scale and imperfect competition play an important role in determining international trade patterns and gains from trade. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7231
Mathematical Economics: 3-0-3
This course introduces basic mathematical analysis employed in theoretic economic research, in both micro and macro, focusing on economic modeling and research methods. It includes optimal choice models, applied in both consumption and production/cost analysis as well as in intertemporal choice and choice under uncertainty. It also covers basic contract theory and information economics, and dynamic analysis. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7232
History of Economic Thought: 3-0-3
This course is a comprehensive study of the development of economic doctrine. Scientific discoveries of important economic theorists will be analyzed in detail. Special emphasis will be placed on the development to the theory of value, and how differences among economists on this topic have served to shape various market and non-market economic systems. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7332
Advanced Econometrics: 3-0-3
This course is a graduate course in econometric techniques commonly used in applied microeconomic analysis. Instrumental variable models are discussed as alternatives to the linear regression model along with diagnostics and specification testing. Additional techniques include simultaneous equation models, cross-section and panel estimation, and models of qualitative choice. Prerequisite: Admission to the MS in Applied Economics Program or permission of the SEC Director for non-majors and MGMT 7339.

ECON 7431
Regional Economic Development: 3-0-3
This course provides students with an in-depth understanding of why economic development is important to business growth. Students will also discover the vital role industry plays in the economic development process. This course exposes students to the importance of economic development through case studies exploration, interaction with business leaders and government officials, and the course provides a hands-on look at economic development activities in the area. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7432
Financing Economic Development: 3-0-3
This course focuses on financing tools and program models to support local economic development. It includes an overview of private capital markets and financing sources to understand capital market imperfections that constrain economic development; business accounting, financial statements analysis; federal economic development programs, and public finance tools. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7531
Industrial Organization: 3-0-3
An introduction to the modern study of markets where the monopoly power significantly affects economic performance. Particularly oriented towards the techniques of and results from empirical investigation of markets with these characteristics and the policy lessons that can be drawn from them. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7532
Regulation and Antitrust: 3-0-3
An introduction to the modern study of government restrictions upon the activities of private firms. Examines the economic arguments for regulation, economic analysis of the effects of regulation on economic performance and empirical assessments of the performance of regulated markets. Covers the legal and regulatory institutions associated with Antitrust enforcement. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7631
Advanced Financial Economics: 3-0-3
This course is a detailed examination of financial institutions and the impact of institutions on the inter-temporal allocations of resources. The microeconomic aspects of financial institution are emphasized. In addition, investment decisions are analyzed within the context of changing financial institutions. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7632
Financial Economics and Risk: 3-0-3
This course is a comprehensive study of the economics of risk and the various techniques used to measure and analyze risks are explored. The course begins with an overview of the risk management process. Then different quantitative approaches used in risk management are covered in detail. Prerequisite: Admissions to the MS in Applied Economics Program or permission of the SEC Director for non-majors.

ECON 7890
Individual Research: (1-3)-0-(1-3)
A guided individual research project that provides the student with an opportunity to explore a topic in-depth. Prerequisite: Permission of the SED Director.

EDAT
EDAT 7131
Enhancing Student Performance: 3-0-3
The course will emphasize strategies for selecting and adapting curriculum, instruction, resources, and assessments in order to maximize learning. The course will provide educators with ways to identify, analyze, and use results from multiple performance assessments to plan instruction aimed at enhancing and demonstrating learning.

EDAT 7132
Framework for Teaching: 3-0-3
A study of teaching and learning strategies associated with effective teaching practices. Emphasis is placed upon the relationships that exist between student development, instructional practices, educational environments, continuous reflection and assessment, learning communities, and dispositions of the profession.

EDAT 7133
Trends, Issues, & Research in Education: 3-0-3
Designed to help practitioners develop critical frameworks for designing and evaluating educational practices and programs within the context of current trends and issues in education. Emphasis is placed on specific research findings and their application to practice, in addition to the development of analytical and communicative skills needed to improve teaching and learning. Candidates will formulate their own professional goals that will
culminate with the presentation of a professional portfolio at the end of the program.

Educational Leadership (COE)

EDLD 4090
Selected Topics in Educational Leadership: (1-3)-0-(1-3)
Participants are introduced to selected topics in the areas of administration and supervision. Focuses on the specialized needs of administrators, supervisors, counselors, and teachers who do not require certification.

EDLD 7090
Selected Topics in Educational Leadership: 3-0-(1-3)
Participants examine selected topics in the areas of P-12 and postsecondary administration and supervision. Focuses on the specialized needs of administrators, supervisors, and teachers.

EDLD 7132
General School Administration: 3-0-3
Participants are introduced to social and behavioral science theories and their applications in understanding school leadership precepts, governance issues, and organizational/structural requirements. Students experience the various dimensions of school administration from both the “theoretical” and the “practical” perspectives. Corequisite: EDLD 7737.

EDLD 7133
School Law: 3-0-3
Participants will examine legal principles impacting on public schools, federal and state relationships to public education, authority and liability of school boards, administrators and teachers, negligence and discipline.

EDLD 7137
Supervising Skills for Teacher-Support Specialists: 3-0-3
Participants develop supervisory skills and understandings that support the instructional mentoring process. Emphasis is on the supervision of five categories of teachers: pre-service teachers, student teachers, teachers new to the profession, teachers new to the school, and teachers with identified needs. This is the first of the two-course sequence leading to TSS endorsement by the Georgia Professional Standards Commission.

EDLD 7234
Instructional Supervision: 3-0-3
Participants explore the difference and the relationship between supervision and administration, both at the building and district levels. Attention is specifically directed to curriculum, instructional practice, staff development, and staff evaluation.

EDLD 7235
School Business Administration: 3-0-3
Participants will develop an understanding of all aspects of school business functions, including school budgeting and accounting procedures, auditing, risk management, cash management, pupil transportation, school food services, management information systems, purchasing, and school facilities maintenance and operation.

EDLD 7236
School Personnel Administration: 3-0-3
Participants will examine the primary functions and processes of personnel administration in public school systems. Skills will be developed in recruiting, selecting, orienting, assigning, developing and evaluating school personnel. Legal constraints, including affirmative action, and employee rights will be included.

EDLD 7337
The Principalship: 3-0-3
Participants receive direction in developing the knowledge, skills, and dispositions required of instructional leaders within “today’s schools.” Students comprehensively and intensely experience the key dimensions of school administration from both the “theoretical” and the “practical” perspectives as a part of culminating experience in their Program of study.

Prerequisites: A minimum grade of “C” in EDLD 7132, EDLD 7133, EDLD 7234, and EDLD 7737. Corequisite: EDLD 7738.

EDLD 7430
American Higher Education: 3-0-3
This course analyzes the evolution and organization of American higher education. Participants examine the dominant historical, philosophical, and social constructs which impacted American higher education. Consideration will be given to the roles and missions of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. Prerequisite: Admitted to M.Ed. program or permission of instructor.

EDLD 7431
Higher Education Administration: 3-0-3
Overview of the evolution and organization of American higher education administration. Examines the dominant leadership and managerial themes shaping the nation’s system of post-secondary education. Considers administrative and management precedents that shaped the structuring and management of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. Prerequisite: Admitted to M.Ed. program or permission of instructor.

EDLD 7432
History of American Higher Education: 3-0-3
This course is an analysis of the historical evolution of American higher education. The course examines the conceptual belief that American higher education is a culmination of historical development which directly influences every aspect of higher education administration. Considers historical precedents that shaped the structuring and management of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. Prerequisite: Admitted to M.Ed. program or permission of instructor.

EDLD 7530
The Democracy-Centered School Leader: 3-0-3
This course will provide an introduction to educational leadership through a comprehensive overview of the field of educational administration. Distributed leadership, as well as democracy-centered school leadership, will be studied as a means of leading schools in the 21st century. A wide variety of topics, such as school reform, district organization, organizational culture, school level processes, diversity and ethics, and pupil personnel services will be introduced from the perspective of democracy-centeredness. A major focus will be on dispositions of educational leaders. This course is aligned to the Georgia Board of Regents Principles, Organizational Culture, Relationship Development, and Performance Management and Process Improvement, and ELCC Standards. Corequisite: EDLD 7737.

EDLD 7531
Legal and Ethical Issues in School Leadership: 3-0-3
This course will provide candidates the opportunity to examine legal and ethical principles relating to managing operations and organizational culture of schools. Candidates in the course will study legal and moral liability of school boards, administrators, and teachers. The goal is to provide school leaders awareness and understanding of their ethical and legal obligations in leading schools with a commitment to serving and providing access to schooling for all, including students, teachers, and parents from all walks of life. The school leader will examine issues concerning local, regional, state, and federal laws and guidelines that may impact the educational leader's efforts to develop a legally sound and ethical educational institution. The Code of Ethics for Georgia Educators provides a core ethical system for democracy-centered school leaders. This course is aligned to the Georgia Board of Regents Principles, Managing Operations, and ELCC Standards. Prerequisite: A minimum grade of “C” in EDLD 7530.

EDLD 7532
Empowering Human Resources: 3-0-3
This course will provide an overview of the system of human resources, including recruiting, selecting, maintaining, and developing school personnel in the democracy-centered school. Candidates will explore, demonstrate, and evaluate the relationships between administrators and other school personnel with an emphasis on empowering human resources.
in educational settings. Human resources processes, procedures and techniques used to facilitate the attainment of state, school district and school educational visions, missions, goals and objectives will be reviewed and analyzed. A focus on cultural, legal, and ethical issues involved in leading productive teams in democracy-centered schools will be articulated and demonstrated in this course. This course is aligned to the Georgia Board of Regents Principles, Organizational Culture, Professional Learning and Development, and Relationship Development and ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 7530.

EDLD 7533
Mobilizing Communities: 3-0-3
This course is designed to provide the beginning administrator with the knowledge, skills, and dispositions essential for democracy-centered school leaders in communicating with various publics. Sensitivity to multicultural needs and an understanding of all communities—both internal and external—provide a foundation for the democracy-center school leader to provide means of access to the school’s systems. Interacting with internal and external publics as a key role in school leadership will be explored and practiced through readings, discussions, seminars, and field-based experiences for the purpose of mobilizing communities in support of teaching and learning. This course is aligned to the Georgia Board of Regents Principles Relationship Development and ELCC Standards. Prerequisite: A minimum grade of "C" in EDLD 7530.

EDLD 7534
Leading Innovation and Change: 3-0-3
This course will focus on knowledge and skills of leading innovation and change. Candidates will understand how problem-solving and decision-making may be utilized in support of innovation, change, learning, and teaching. Stages of innovation and change will be explored in the school/district setting. This course is aligned to the Georgia Board of Regents Principles (Leading Change) (Relationship Development) and the ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 7530 and EDLD 7737.

EDLD 7535
Using Data in Leadership for Learning: 3-0-3
This course provides educational leaders with knowledge, skills, and application of data in the school improvement process. The 21st century accountability-driven, educational environment requires that educational leaders make conscious and informed adaptation of their practices to build meaningful educational practices to impact student outcomes. Among key competencies that educational leaders need to successfully harness, manage and implement educational change efforts leading to student outcomes is through the use of educational data. This course builds such competencies by equipping candidates with the knowledge, skills and dispositions needed to identify, navigate, discuss, explain, analyze, interpret, and communicate school, district, state, and national educational databases appropriate in school development and improvement processes. Major topics to be covered, among others, include: accountability and leadership dilemmas in using data in leadership for learning; skills and strategies for building school and classroom data to engage and lead data analysis team; using data to identify trends in educational outcomes of students from disadvantaged background; integrating local, state and national data in school improvement process; and summarizing, reporting and communicating educational data with major partners and stakeholders. This course is aligned to the Georgia Board of Regents Principles, Assessment and Data Analysis, and ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 7530, EDUR 7130, and EDUR 8131.

EDLD 7737
Internship I: 0-7-3
Candidates will complete a 100-hour practicum in building level administration under the direction of a practicing administrator and supervising faculty member. This course is part of the six (6) hour introductory block for the masters in educational leadership that includes experiences in the daily operations of schools. Corequisite: EDLD 7132.

EDLD 7738
Internship II: 0-7-3
Candidates will complete a 100-hour practicum in building level administration under the direction of a practicing administrator and supervising faculty member. This course is part of the six (6) hour culminating block for the masters in educational leadership that includes experiences in the daily operations of schools. Prerequisite: A minimum grade of a “C” in EDLD 7132 and EDLD 7737. Corequisite: EDLD 7337.

EDLD 8130
Educational Evaluation: 3-0-3
Participants will consider educational evaluation from a theoretical and practical perspective. Emphasis is placed upon the application of evaluation theories, designs, models and techniques for use at the classroom, school center, and school district levels.

EDLD 8135
Educational Planning: 3-0-3
This course examines concepts and theories relating to various forms and approaches of planning at the school district and postsecondary educational levels. Emphasis is placed on specific skills to perform educational forecasting and management techniques to plan for future events.

EDLD 8136
Educational Facilities: 3-0-3
This course examines the concepts, procedures, and importance of facilities planning for schools, colleges, and universities. Participants will learn the practical skills of facility inventory, needs assessment, and evaluation. The course covers major aspects of institutional facilities planning at the elementary, secondary, and postsecondary levels.

EDLD 8230
The Curriculum Leader: 3-0-3
Participants will acquire the knowledge and skills necessary to make appropriate decisions regarding the development of curriculum at the school and district levels. They will also consider ways in which the school's curriculum is shaped by, and in some cases influences, current social issues.

EDLD 8430
School Finance: 3-0-3
Participants examine major principles of educational finance, particularly as they relate to the funding of American public education. State and national models of educational finance are introduced and discussed. An effort is made to develop skill as an interpreter of fiscal policy. Participants will study tax structures in Georgia and elsewhere. Alternative sources of school funding are also reviewed.

EDLD 8431
Higher Education Law: 3-0-3
Explores basic legal precepts and their application to institutions of higher education, primarily using the case study method and discussion. Covers such topics as constitutional mandates of due process and equal protection, non-discrimination in employment and educational programs, privacy and openness, contractual relationships with students, tenure and academic freedom, and faculty governance.

EDLD 8432
Higher Education Finance: 3-0-3
Fiscal management and budgeting practices applicable to higher education institutions are the focus of this course. It is intended for persons seeking a working knowledge of budget development, financial management, and fiduciary control in vocational/technical schools, two-and four-year colleges, and universities.

EDLD 8433
Higher Education Governance: 3-0-3
Examines the organizational dynamics of higher education institutions as well as traditional and emerging managerial patterns. The use of organizational models and paradigms enables participants to analyze a variety of contemporary issues and situations in higher education settings.
EDLD 8434
The Community College: 3-0-3
Examines the educational mission of the two-year postsecondary institution (vocational/technical institutes and community college). Particular emphasis is given to the philosophical, pedagogical and organizational underpinnings of two-year institutions with concentration on their historical development, student clientele, and educational mission. Prerequisite: Admission to Tier I doctoral study in Educational Administration.

EDLD 8435
Higher Education Policy: 3-0-3
Examines policy-making processes in higher education institutions. The skills of policy analysis and policy development, the identification of policy issues appropriate for study at these institutions, and the relationship of policy to all other areas of administration are considered.

EDLD 8436
Grant Development/Administration: 3-0-3
Students will learn the methods and processes of project development, funding source development, and proposal writing. All grants and proposals developed during the course will be submitted to various foundations and/or government agencies for possible funding.

EDLD 8438
Organizational Leadership: 3-0-3
This course deals with the major conceptual frameworks for understanding human behavior within complex educational organizations, the competencies required for effective educational leadership and the major functions of organizational theory and management applied to education. Prerequisite: Admitted to M.Ed. program or permission of instructor.

EDLD 8439
Politics of Higher Education: 3-0-3
This course explores the myth that politics and American higher education exist in separate worlds. Participants will examine the current “press” for institutional change and its political implications for two-year colleges, four-year colleges, and comprehensive universities. Manifestations of political influence systems at the federal and state levels will also be considered.

EDLD 8531
School Public Relations: 3-0-3
Participants will learn how to conduct good school public relations with both internal and external publics. Topics include school publications and press releases, working with the media, speaking and listening skills, the community school and volunteers and key communicators. The practitioner oriented course emphasizes hands on activities, simulations, etc. and should be beneficial to all school personnel, especially those in teacher leadership, administrative, or supervisory roles.

EDLD 8532
Policy Studies in Schools: 3-0-3
Participants will examine policy development, implementation and evaluation at the federal, state and school district levels. Includes the skills of policy analysis and policy development, the identification of issues appropriate for policy review at the school-site and school-district levels. Considers the policy-related roles of the school administrator.

EDLD 8533
Politics of Public Education: 3-0-3
The myth that politics and education exist in separate worlds is examined in this course. Participants will review the recent waves of educational reform in terms of their political implications for educational decision makers. Manifestations of overt political behavior and the “press” of politics at the federal, state and local levels will also be reported.

EDLD 8534
The Superintendency: 3-0-3
Participants will acquire an understanding of the knowledge and skills required to function in today's highly complex and dynamic superintendency. Major consideration will be given in the areas of leadership, visioning, planning, goal setting, operations management, risk management and interpersonal relationships.

EDLD 8630
Planning for Change: 3-0-3
This course will serve as the introductory course to the EdS Program in Educational Leadership. The course will focus on issues that democracy-centered leaders may face relative to high expectations and school/community relations as part of planning for change. While the focal point will be on how the democracy-centered leader plans for meaningful change in education, the change will be in context with human dynamics and relationships. Participants will examine cultural, ethical and interpersonal issues that affect school climate and resistance to significant change in a democracy-centered school culture. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (7) Performance Management, (9) Leading Change, and (10) Relationship Development and ELCC Standards 1-6. Corequisite: EDLD 8631.

EDLD 8631
Implementing Change: 3-0-3
This course will focus on leading change by having the participants apply change theory in initiating a change effort in the educational setting. After a review of structural and post-structural perspectives, candidates will identify a need with special attention given to the relationship of the change effort to the organizational vision. Candidates will be coached on tools and processes used in implementing change to address the need, as well as coached on how to monitor progress of the change initiative. Skills of leading change will be demonstrated through simulations and lab activities. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district/school level. This course is aligned to the Georgia Board of Regents Principles (7) Performance Management and (9) Leading Change and ELCC Standards 1-5. Corequisite: EDLD 8630.

EDLD 8632
Organizational Culture: 3-0-3
This course will focus primarily on components of organizational culture, including curriculum and instruction, the technical “core” of the school/district and leadership. Distributed leadership within the culture of high academic expectations will be examined, as well as school/district climate issues associated with “fluid leadership.” A major emphasis will be on conflict management and motivational strategies for students, faculty/staff. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (5) Organizational Culture and ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 8630 and EDLD 8631. Corequisites: EDLD 8633 and EDLD 8737.

EDLD 8633
Curriculum and Instructional Leadership: 3-0-3
This course is designed for the beginning principal/district level administrator to demonstrate best practices in leading curriculum and instruction in the democracy-centered educational setting. The candidates in the course will implement strategies to facilitate curriculum wisdom. Candidates will also identify research-based best practices and strategies in effective schools. Candidates will be immersed in instructional supervision of teaching and learning, including assessment for learning. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (1) Curriculum (2) Instruction and ELCC Standards 1,2,3, and 5. Prerequisites: A minimum grade of "C" in EDLD 8630 and EDLD 8631. Corequisites: EDLD 8632 and EDLD 8737.

EDLD 8634
Managing Operations and Processes: 3-0-3
This course will provide candidates with an in-depth look at the essential day-to-day operational management of the school/system, as well as features of day-to-day processes that impact teaching and learning, such as attendance, parent volunteer programs, professional learning programs, the hiring process, staff scheduling, etc. Fiscal policies and procedures will be
analyzed from the perspective of aligning resources with instructional priorities. The physical site, including grounds and buildings, will be analyzed from the perspective of state, system, and local school rules, policies, and procedures, as well as aligning the use of facilities with instructional priorities. The course will provide an overview of the safe, orderly and engaging learning environment, as it relates to day-to-day operations. Working conditions will be examined from a best practices perspective. The beginning principal/district office administrator will understand, practice, and implement strategies to facilitate professional learning in a high performing school, where teaching and learning needs define facilities and resource needs. Candidates will identify barriers and interventions to professional learning and development, especially as professional learning relates to operational procedures. The course will emphasize current problems in the management of the learning organization, including, but not limited to, diversity, ethical leadership, politics, and policy in today’s global society. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is primarily aligned to Georgia Board of Regents Principles (8) Managing Operations and Processes and ELCC Standards 2, 3, 5. Prerequisites: A minimum grade of "C" in EDLD 8630, EDLD 8631, EDLD 8632, and EDLD 8633; a minimum grade of "S" in EDLD 8737. Corequisite: EDLD 8738.

EDLD 8635
Leading School Renewal: 3-0-3
This course allows candidates to develop the knowledge, skills and disposition needed to implement successful school improvement and allow them to lead such process in their own school or school district. Successful school improvement under state and federal mandates requires major and dramatic change in a limited timeframe. Major topics to be covered, among others, include elements of successful school improvement process; benchmarking and correlates of successful schools; building the capacity for change through effective and focused program of staff development; leading the school improvement effort by engaging teachers, faculty, parents, and community members; dealing with barriers against the school improvement process; utilizing technology in school improvement process to improve student outcomes; assessing the school improvement process to identify progress and gaps in student learning; building appropriate school culture for sustainable and lasting school improvement process. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance based at the district or school level. This course is primarily aligned to the Georgia Board of Regents Principles (1) curriculum (2) instruction (3) assessment and (4) data analysis and ELCC Standards 1,2,5,6. Prerequisites: A minimum grade of "C" in EDLD 8630, EDLD 8631, EDLD 8632, EDLD 8633, and EDLD 8634; a minimum grade of "S" in EDLD 8737 and EDLD 8738. Corequisite: EDLD 8739.

EDLD 8735
Higher Education Practicum: 3-0-3
Participants complete a supervised field experience under the direction of a practicing higher education administrator or supervisor.

EDLD 8737
Residency I: (1-3)-0-(1-3)
This Residency is required of all candidates seeking L-6 certification and/or the EdS Degree in Educational Leadership. The candidate will enroll in a nine-hour residency which will span spring, summer, and fall semesters. The Residency is designed to be a performance-based field-experience at the school or district level. Each candidate is required to complete a self-assessment of his/her leadership skills and a review of the real work in his/her educational setting to determine a minimum of four performance-based projects aimed at deep development of the school leader during the three-semester Residency. The self-assessment and review of the real work in the educational setting will be utilized to design the Residency Plan, which will guide the performance-based residency experience. The Residency Plan will also include refinement and continuing work completed on the eight performance-based activities derived from course work in the Program. The candidate will develop his/her Residency Plan, which will be presented to the Beginning Leader Support Team (BLST). The candidate and the BLST will collaborate to develop and approve the Residency Plan and the timeline, along with candidate goals for the Residency. The Residency will be guided by the members of the BLST with coaching to assist the candidate in development of leadership skills and dispositions. The candidate will generate an electronic portfolio to document the performances identified in the Residency Plan. This course is aligned to the Georgia Board of Regents Principles and ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 8630 and EDLD 8631. Corequisites: EDLD 8632 and EDLD 8633.

EDLD 8738
Residency II: (1-3)-0-(1-3)
This Residency is required of all candidates seeking L-6 certification and/or the EdS Degree in Educational Leadership. The candidate will enroll in a nine-hour residency which will span spring, summer, and fall semesters. The Residency is designed to be a performance-based field-experience at the school or district level. Each candidate is required to complete a self-assessment of his/her leadership skills and a review of the real work in his/her educational setting to determine a minimum of four performance-based projects aimed at deep development of the school leader during the three-semester Residency. The self-assessment and review of the real work in the educational setting will be utilized to design the Residency Plan, which will guide the performance-based residency experience. The Residency Plan will also include refinement and continuing work completed on the eight performance-based activities derived from course work in the Program. The candidate will develop his/her Residency Plan, which will be presented to the Beginning Leader Support Team (BLST). The candidate and the BLST will collaborate to develop and approve the Residency Plan.

EDLD 8739
Residency III: (1-3)-0-(1-3)
This Residency is required of all candidates seeking L-6 certification and/or the EdS Degree in Educational Leadership. The candidate will enroll in a nine-hour residency which will span spring, summer, and fall semesters. The Residency is designed to be a performance-based field-experience at the school or district level. Each candidate is required to complete a self-assessment of his/her leadership skills and a review of the real work in his/her educational setting to determine a minimum of four performance-based projects aimed at deep development of the school leader during the three-semester Residency. The self-assessment and review of the real work in the educational setting will be utilized to design the Residency Plan, which will guide the performance-based residency experience. The Residency Plan will also include refinement and continuing work completed on the eight performance-based activities derived from course work in the Program. The candidate will develop his/her Residency Plan, which will be presented to the Beginning Leader Support Team (BLST). The candidate and the BLST will collaborate to develop and approve the Residency Plan and the timeline, along with candidate goals for the Residency. The Residency will be guided by the members of the BLST with coaching to assist the candidate in development of leadership skills and dispositions. The candidate will generate an electronic portfolio to document the performances identified in the Residency Plan. This course is aligned to the Georgia Board of Regents Principles and ELCC Standards. Prerequisites: A minimum grade of "C" in EDLD 8630, EDLD 8631, EDLD 8632, and EDLD 8633; a minimum grade of "S" in EDLD 8737. Corequisite: EDLD 8634.

EDLD 8830
Directed Study in Educational Leadership: 3-0-3
Participants propose and carry out an independent research project. Projects may be in the areas of P-12 or higher education administration and/or supervision. The approved project will address the specialized
preservice/inservice needs of the participant. Prerequisite: Instructor permission.

EDLD 8839
Directed Research in Educational Leadership: 3-0-3
Participants complete a fully formulated study in the area of educational administration or supervision, and orally defend a written report descriptive of that study. Prerequisites: EDUR 8131 and EDUR 8434 or equivalents.

EDLD 9231
Administrative Theory: 3-0-3
Examines the nature of social science theory and its relation to the study of administrative practice in educational organizations. Theories are applied discretely and in combination, complex bodies of theoretical knowledge are assimilated and appropriate applications of theory in field research are considered. Participants directly apply theories in the conduct of research reviews of problem areas that integrate theoretic and practical knowledge in applicable ways. Prerequisite: Admission to Tier II doctoral study in Educational Administration.

EDLD 9232
Decision Making/Problem Solving: 3-0-3
Participants will be introduced to the dominant philosophical, organizational and managerial themes that support advanced study in the analysis of problems and theory concerning decision making, as well as, practical applications. The focus of this course is on a theoretical and research-based approach to the examination of decision making and problem solving in complex educational organizations. Prerequisite: Admission to Tier II doctoral study in Educational Administration.

EDLD 9233
Leadership Theory: 3-0-3
The integration of knowledge from previous seminars is the primary focus of this course. Students will apply multiple strategies and frames for understanding and interpreting individual and organizational behaviors of leaders. Connections between administrative theory, problem solving and decision making will be analyzed to explain leadership styles, traits and behaviors. Strategies and processes educational leaders use in developing and maintaining a current awareness of the status of their respective organizations are carefully considered. Prerequisites: Admission to Tier II doctoral study in Educational Administration and successful completion of EDLD 9231 and EDLD 9232.

EDLD 9234
Doctoral Seminar: 3-0-3
This course explores the rationale for pursuing a doctorate in educational administration within the context of personal preferences, professional competencies and organizational politics. Students are provided an orientation to the doctoral program in educational administration in anticipation of the tremendous demand for performance. Students enhance group participation skills, professional writing competences, analytical ability within a structured collegial environment. The primary context for the course is the history of educational administration. Prerequisite: Admission to Advanced Doctoral Study.

EDLD 9235
Contemporary Issues in Educational Administration: 3-0-3
This course examines the two extremes of doctoral study. At one end the student must analyze and synthesize the historical precedents that have provided direction to educational administration, particularly in their research area. At the other end the student must hypothesize and conceptualize the current issues that are impacting administrators in complex educational institutions. Such a synthesis will provide guidance in a research agenda and ultimately in dissertation development. Prerequisite: Admission to Advanced Doctoral Study (Tier II).

EDLD 9236
Diversity and Ethics for Educational Leaders: 3-0-3
Focuses on issues that educational leaders may face relative to diversity and ethics. Examination of issues concerning race, sex, gender, class, and other special needs that may impact the educational leader's efforts to develop an ethical educational institution.

EDLD 9631
Research Seminar I: 3-0-3
Assists the doctoral student in identifying the major topic leading to the doctoral dissertation. This identification includes the approval of a dissertation topic and a conceptualization of the research design to be utilized in completing the dissertation. Prerequisite: Admission to Tier II doctoral study in Educational Administration.

EDLD 9632
Research Seminar II: 3-0-3
Assists the doctoral student in developing the major topic leading to the doctoral dissertation. Guidance is provided in developing and writing plan for the dissertation. Prerequisites: Admission to Tier II doctoral study in Educational Administration and successful completion of other core classes.

EDLD 9999
Dissertation: (1-3)-(1-3)
Students are provided support and direction in completing the doctoral dissertation. The course provides guidance from both the dissertation supervising chair and the dissertation committee. Prerequisite: Admission to Tier III doctoral degree candidacy.

Curriculum (COE)

EDUC 2090
PPB Practicum: 0-50(0-1)
This Pre-Professional Block Practicum is designed to assist students to integrate and apply knowledge gained through class activities in each of the following Area F Pre-Professional Block courses: EDUC 2110, Investigating Critical and Contemporary Issues in Education; EDUC 2120, Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts; EDUC 2130, Exploring Learning and Teaching. This practicum requires the completion of a variety of field-based assignments from each course. Successful completion of this practicum may be used to complete one of the requirements for admission to the Teacher Education Program. This 0-credit course will be completed as part of the Area F Pre-Professional Block. One-credit hour registration is needed only if student does not successfully complete the PPB Practicum course on the first attempt.

EDUC 2110
Investigating Critical and Contemporary Issues in Education: 2.53-1.13-3
This course engages students in observations, interactions, and analyses of critical and contemporary educational issues. Students will investigate issues influencing the social and political contexts of educational settings in Georgia and the United States. Students will actively examine the teaching profession from multiple vantage points both within and outside the school. Against this backdrop, students will reflect on and interpret the meaning of education and schooling in a diverse culture and examine the moral and ethical responsibilities of teaching in a democracy. Corequisites: EDUC 2120 and EDUC 2130.

EDUC 2120
Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts: 2.53-1.13-3
Given the rapidly changing demographics in our state and country this course is designed to equip future teachers with the fundamental knowledge of understanding culture and teaching children from diverse backgrounds. Specifically, this course is designed to examine 1) the nature and function of culture; 2) the development of individual and group cultural identity; 3) definitions and implications of diversity; and 4) the influences of culture on learning, development, and pedagogy. Corequisites: EDUC 2110 and EDUC 2130.

EDUC 2130
Exploring Learning and Teaching: 2.53-1.13-3
Explore key aspects of learning and teaching through examining your own learning processes and those of others, with the goal of applying your knowledge to enhance the learning of all students in a variety of educational settings and contexts. Corequisites: EDUC 2110 and EDUC 2120.

EDUC 7130  
Curriculum, Theories and Design: 3-0-3  
A comprehensive overview of the field of curriculum designed to develop the theoretical knowledge competencies and strategies needed by teachers and other curriculum developers at all levels of education to participate in the curriculum change process.

EDUC 8130  
Curriculum for Effective Schooling: 3-0-3  
Explores the relationship between policy and curriculum with particular attention to how school reform and restructuring efforts affect the curriculum. Special emphasis is given to an analysis of the impact of recent effective schools research, school restructuring and/or the national standards movement upon the formulation and delivery of public school curriculum in the United States. Prerequisite: EDUC 7130.

EDUC 8230  
Curriculum Design and Evaluation: 3-0-3  
Examines multiple theoretical bases and practical processes by which curriculum planning, design and evaluation decisions can be made. Students will have an opportunity to devise and critique their own plans for developing curriculum projects using one or more of these planning perspectives and processes. Prerequisites: Ed.D. admission, Ed.S. admission, or permission of advisor and instructor.

EDUC 9130  
Contemporary Curriculum Theorists: 3-0-3  
An advanced course in contemporary curriculum theorists in which students will explore the histories and the works of contemporary leaders in the field of curriculum studies. Students will be introduced to the leading edge of curriculum scholarship. Prerequisite: Instructor permission required.

EDUC 9132  
Critical Reading in Curriculum: 3-0-3  
An advanced seminar for doctoral students offering an in-depth study of a specific topic in Curriculum Studies. Prerequisites: Admission into the Ed.D. program in Curriculum Studies and permission of advisor and instructor.

EDUC 9134  
Teacher Education Curriculum: 3-0-3  
Examines alternative approaches to designing and evaluating curriculum for Teacher Education Programs within historical, professional, legal, political, and institutional contexts. Prerequisite: Ed.D. admission or permission of advisor and instructor.

EDUC 9230  
Power and Schooling: 3-0-3  
Explores competing analyses of power and the relationships of these analyses to schooling. Topics include structural, poststructural, Marxist, neo-Weberian, feminist, conflict, and/or critical analyses of power and the process of schooling. Students will read both original writings and interpretive works addressing three or four major theoretical positions of the topic of power. Prerequisites: EDUC 7130, EDUC 7130, and EDUC 7235 or equivalents.

EDUC 9232  
Forms of Curriculum Inquiry: 3-0-3  
An examination of major research within the field of curriculum studies, along with an analysis of the varied forms of inquiry used in this research, including philosophical, practical, historical, empirical, theoretical, critical, deliberative and action inquiry, among others. Prerequisites: EDUC 9631 and EDUC 9133.

EDUC 9631  
Advanced Seminar in Curriculum Theory: 3-0-3  
Examination of major curriculum theories, their adequacy and merit. These theories will be studied in their originator's own words from the writings of the theorists themselves. Prerequisite: EDUC 9133.

EDUC 9632  
Advanced Seminar in Qualitative Dissertation Writing: 3-0-3  
This course provides both practical and theoretical implications for qualitative research. Building upon the broad survey research methods studied in EDUC 9231, students will engage in in-depth analysis of various forms of qualitative research, as well as develop and articulate their own research agenda. Prerequisite: EDUC 9231.

EDUC 9999  
Dissertation: (1-3)-0-(1-3)  
Readings and research under the direction of a member of the education faculty whose interests coincide with those of the student. Repeatable for credit. Prerequisite: Admission to Ed.D. Candidacy.

Educational Foundations (COE)  
EDUF 1130  
Careers in Education: 3-0-3  
Introduces students to the various career opportunities in the field of education. Emphasis will be placed on the various roles and responsibilities of teachers, administrators, counselors, media specialists, etc. Addresses current trends and issues in education (e.g. impacts of technology, multicultural diversity, etc.).

EDUF 1230  
Education, Society and Learners: 3-0-3  
Education of youth is one of the foremost responsibilities of any society and greatly impacts the future well being of the society. As a member of a society, an employer, a parent, a taxpayer, the future of our society depends upon the quality of the job done in the education of its youth. This course utilizes both psychological and sociological foundations of education to enable students to understand and participate in these important social and political debates.

EDUF 2090/2090S  
Special Topics in Educational Foundations: (0-3)-(0-3)-(0-3)  
Designed to provide specialized coursework to meet the needs of students. Attention will be directed toward a wide range of topics as they relate to education.

EDUF 2132/2132S  
Teaching for Diversity: 3-0-3  
Examines the current practices and theoretical foundations of multicultural education and the implications of diversity for curriculum and teaching. Emphasis will be placed on developing strategies and resources which will prepare prospective teachers for culturally diverse classrooms. Prerequisite: Sophomore standing.

EDUF 3131  
Assessment and Management: 3-0-3  
The purpose of this course is to provide advanced preparation in two important teaching skill areas, assessment of student learning and classroom management. First, it is to provide pre-service P-5 teachers with the knowledge and skills to create and implement developmentally appropriate traditional and alternative forms of assessment that will prepare teachers to evaluate development and learning in the social, emotional, physical, and cognitive domains. Second, this course will help pre-service teachers to develop knowledge of and skills in effectively motivating students and managing classrooms through preventive and interventive techniques. Prerequisite: Admission to Teacher Education Program.

EDUF 3231  
Educational Psychology: Early Childhood Education: 3-0-3
Students will examine psychological principles of learning, cognition, motivation, behavior and the practical implications of these principles for teaching, learning and assessment. The development of skills to interpret behavior and classroom interaction within a framework of psychological theory will be a major feature of this course. Special emphasis will be placed on examining psychological principles which are appropriate for the teaching of children ages 4-11. Prerequisites: Junior standing, admission to Teacher Education Program, completion of pre-professional block or equivalent.

EDUF 3232
Educational Psychology: General: 3-0-3
Students will examine psychological principles of learning, cognition, motivation, behavior and the practical implications of these principles for teaching, learning, and assessment. The development of skills to interpret behavior and classroom interaction within a framework of psychological theory will be a major feature of the course. Prerequisites: Junior standing, admission to Teacher Education Program, completion of pre-professional block or equivalent.

EDUF 3233
Educational Psychology: Middle Grades: 2-3-3
In this upper division course, students will examine psychological principles of learning, cognition, motivation, behavior and the practical implications of these principles for teaching, learning and assessment. The development of skills to interpret behavior and classroom interaction within a framework of psychological theory will be a major feature of this course. Special emphasis will be placed on examining psychological principles which are appropriate for the teaching of transescents. Students must have completed Georgia Southern's preprofessional block or its equivalent and be admitted into Teacher Education. This course requires an additional lab component. Prerequisites: Junior standing, admission to Teacher Education Program. Corequisites: MGED 3232, MGED 3532, MGED 4738.

EDUF 3234
Educational Psychology: Secondary Education: 2-3-3
Examines psychological principles of learning, cognition, motivation, behavior and the practical implications of these principles for teaching, learning, and assessment. The development of skills to interpret behavior and classroom interaction within a framework of psychological theory will be a major feature of the course. Requires an additional lab component. Prerequisites: Junior standing, admission to Teacher Education Program. Corequisite: SCED 4138.

EDUF 7090
Selected Topics in Educational Foundations: (1-3)-0-(1-3)
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student. Prerequisite: Permission of the instructor.

EDUF 7130
Learning Theories and Applications: 3-0-3
Examines the principles and theories of learning that serve as the basis for educational models and practices. Special emphasis is given to recent empirical findings and to practical applications and theory to educational settings.

EDUF 7140
Learning, Cognition, and Curriculum: 3-0-3
This three-hour course examines principles and theories of human cognitive processes on education and determines how this knowledge can be best applied to the development of skills for instruction and assessment of students. Individuals will explore political, social, economic, and cultural contexts of monitoring and evaluating the implementation of a standards-based curriculum and develop an understanding of transformative curriculum leadership that empowers teachers and helps them to accomplish emancipatory teaching and learning.

EDUF 7233
School and Society: 3-0-3
Examines the contributions of the social sciences to debates about the interrelated nature of school and society. Focuses particularly on a theoretical examination of the purposes of education and schooling in a democratic society.

EDUF 7235
Multicultural Education: 3-0-3
Using an interdisciplinary approach, this seminar investigates underlying theoretical concepts and social assumptions that both inform and impede efforts in multicultural education.

EDUF 8131
Theories of Adolescence: 3-0-3
The rapidly changing world of today's adolescents and the ever-changing nature of the field of adolescence will be examined from three perspectives: theory, research and contemporary social forces. This course will be eclectic in its orientation. Rather than adopting one theoretical position, various views will be discussed. Similarities and differences among theories will be examined, in addition to an analysis of strengths, weaknesses, and contributions of each, as well as the implications for educating, guiding and working with adolescents.

EDUF 8133
Interaction and Learning: 3-0-3
Examines views of learning which emphasize the importance of interaction, authenticity and the social construction of knowledge. Students will also explore instructional practices and assessment issues consistent with these perspectives. Relevant theories, research, and practical implications will be examined for each perspective addressed. Perspectives and practices which will be explored may include, but are not limited to, constructivism, situated cognition, the social formation of mind, cooperative learning, and authentic assessment.

EDUF 8134
Models of Motivation: 3-0-3
Critically examines how contemporary models of motivation are utilized to improve the delivery of instruction. Special emphasis is placed on the theoretical principles, empirical research and educational strategies involved in the design and implementation of motivational models.

EDUF 8135
Thinking and Problem Solving: 3-0-3
Examines current conceptions and models of critical thinking and creative problem solving as they relate to learning and instruction. Emphasis will be given to how instructional practices can positively affect students' thinking skills and dispositions for learning and to methods designed to increase students' awareness and control of their thinking processes. In addition, the course will evaluate the effectiveness of current programs designed to teach critical thinking and problem solving strategies across the curriculum and within specific content areas. Prerequisite: EDUF 7130.

EDUF 8136
Theories of Human Development: 3-0-3
Examines theories of human development, with a focus on infancy to adolescence. Major theoretical perspectives pertaining to several aspects of development, such as cognitive, social, moral, emotional and personality development, will be considered. In addition, students will gain an understanding of the value of theories in general, as well as, the particular characteristics of a good theory, in order to critically evaluate these theories in light of empirical research evidence.

EDUF 8231
Global Education: 3-0-3
This course focuses on the analysis of theories and practices of transformative educational reforms and changes in various countries in the era of globalization, cultural interrelatedness, and interdependence of the world.

EDUF 8236/8236S
International Study of Educational Practices: 3-0-3
This course offers students the opportunity to examine educational practices of another country through travel abroad, involvement in international initiatives, and/or use of technology. Students will be asked to reflect on the American educational system -- theoretical perspectives, curriculum, instructional methodologies, and comparative issues and trends -- to compare and contrast it with another country's educational system. Topics will be investigated through selected readings, observations, participation, and discussions. Prerequisites: Permission of instructor.

EDUF 8831
Philosophies of Education: 3-0-3
In this course, students study the major philosophical schools of thought which inform all educational activities. Particular attention is given both to current and historical writings, and the relationship of philosophical assumptions to current practices in the process of schooling.

EDUF 8890
Directed Individual Study in Educational Foundations: (1-3)-0-(1-3)
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student. Prerequisite: EDUF 8831 or permission of instructor.

EDUF 9131
Ethical Dimensions of Education: 3-0-3
Develops an understanding of ethical obligations and considerations within the field of education through case studies immediately applicable to their professional lives. Students will explore traditional ethical systems, such as Consequentialism and Situationalism, as well as, more contemporary perspectives including those of equity and technology. Prerequisite: EDUF 8831.

EDUF 9132
History of American Curriculum: 3-0-3
An advanced course in curriculum studies designed to provide an in-depth analysis of the major historical curriculum documents, trends and reform movements that have given form and shape to the American public school curriculum. Special emphasis will be given to the interpretation and critique of the competing curriculum discourses, especially as they appear in primary source historical curriculum documents, state/local curriculum guidelines and textbooks. Prerequisite: Ed.D. admission.

EDUF 9133
Theories of Educational Inquiry: 3-0-3
An advanced seminar in the field of curriculum investigating the major paradigms within which the competing methodologies of empirical educational inquiry are grounded and the epistemological and ethical issues involved in conducting research within each paradigm. Prerequisite: Ed.D. admission.

EDUF 9234
History of American Education: 3-0-3
Focuses on the social, political, economic and ideological forces that have shaped the growth and development of the American public school system from colonial times to the present. A special emphasis will be an analysis and critique of the purpose, structure, function and results of the various school reform movements in American history.

EDUF 9631
Seminar in Cultural Studies: 3-0-3
This advanced seminar investigates contemporary questions and movements in the field of cultural studies. Prerequisite: EDUF 7235.

EDUF 9632
Regional Issues In Multicultural Education: 3-0-3
This field based course will involve doctoral students in researching the local multicultural educational needs, issues and problems and developing strategies for constructing a pluralistic and culture-tolerant environment in the schools and/or communities of the region. Prerequisite: A minimum grade of "B" in EDUF 7235.

Educational Research (COE)

EDUF 7090
Selected Topics in Educational Research: (1-3)-0-(1-3)
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student. Prerequisite: Permission of the instructor.

EDUF 7130
Educational Research: 3-0-3
A comprehensive overview of topics related to research as it is applied to educational settings. Emphasis is placed upon methods of quantitative and qualitative research, especially in regard to applied and basic research in education.

EDUF 8131
Educational Statistics I: 3-0-3
Topics covered in this course include central tendency, variability, distributions, correlation, significance testing, t-tests, linear regression and chi-square analysis. Emphasis is placed on application of statistics in educational research situations. Prerequisite: EDUF 7130 or equivalent or permission of instructor.

EDUF 8132
Educational Statistics II: 3-0-3
This is an advanced statistics in education course that extends knowledge of educational research situations and statistical procedures beyond EDUF 8131. Emphasis is placed on more complex analysis of variance procedures (e.g., repeated measures, analysis of covariance), multiple regression analysis and multiple dependent variable techniques (e.g., canonical correlation) as applicable to current educational research problems. Prerequisite: EDUF 8131 or equivalent.

EDUF 8230
Classroom Measurement: 3-0-3
Provides detailed coverage of concepts and skills necessary for proper construction of valid classroom tests. Emphasized are procedures for developing and evaluating various types of test items (e.g., multiple-choice, brief-response essays, true-false, etc.). Also covered are portfolio development and assessment, performance assessments, standardized score interpretation and methods for establishing validity and reliability.

EDUF 8330
Experimental Design in Education: 3-0-3
Provides coverage of true and quasi experimental designs that are typically used in educational settings. Also presented are factors that affect the internal and external validity of such designs with special attention directed to those threats that are common to educational research. Statistical methods for analysis of data drawn from educational experiments (such as factorial ANOVA, ANCOVA, repeated measures ANOVA, group comparison procedures, and effect sizes) are emphasized. Prerequisite: EDUF 8132.

EDUF 8434
Field-Based Educational Research: 3-0-3
Designed primarily to assist Ed. S. level students in developing a sound research proposal for the conduct of an independent research project required as part of their Ed.S. program. Prerequisite: EDUF 8131 or equivalent.

EDUF 8890
Directed Individual Study: (1-3)-0-(1-3)
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student. Prerequisite: Permission of instructor.

EDUF 9131
Doctoral Research Methods: 3-0-3
The purpose of this course is for doctoral-level students to gain a firm foundation in educational research prior to enrollment in the more specialized courses in quantitative methods. Students engage in an applied
research project that updates their understanding of research procedures (hypothesis generation, sampling theory, instrument construction, measurement concepts and descriptive and inferential statistics). Emphasis is on the “hands-on” application of advanced inquiry skills. Prerequisites: EDUR 7130 and EDUR 8131 or equivalent courses.

**EDUR 9231**
**Qualitative Research in Education: 3-0-3**
Examines a broad survey of major styles of qualitative/descriptive research, as well as, attention to the major field work techniques and problems associated with conducting qualitative research. Prerequisite: EDUR 7130.

**EDUR 9232**
**Advanced Qualitative Research: 3-0-3**
An advanced graduate level course in qualitative data analysis for educational research which includes an in-depth treatment of the analytical approaches for each of the major traditions in qualitative research as well as the technologies used to assist in analysis. Prerequisite: A minimum grade of “B” in EDUR 9231.

**English (CLASS)**

**ENGL 0099**
**Communication Skills: 4-0-4**
Designed to help students develop language skills necessary for entering regular college courses. Emphasizes grammar and punctuation, essays and other forms of written expression, oral participation, and reading proficiency. Because the course is developmental, a student may exit at the end of any semester by passing the course and achieving a satisfactory score on the exit examination. Audit or institutional credit only.

**ENGL 1101/1101H**
**Composition I: 3-0-3**
A composition course focusing on skills required for effective writing in a variety of contexts, with emphasis on exposition, analysis, and argumentation, and also including introductory use of a variety of research skills.

**ENGL 1102/1102H/1102S**
**Composition II: 3-0-3**
A composition course that develops writing skills beyond the proficiency required by ENGL 1101, emphasizing interpretation and evaluation, and incorporating a variety of more advanced research methods. Students (including transfer students) who have not passed the Regents' essay and reading tests must take the exams while enrolled in ENGL 1102. Prerequisite: A minimum grade of “C” in ENGL 1101 or equivalent and evidence that the Regents' Exam was taken or satisfied by exemption while enrolled in ENGL 1101.

**ENGL 1230**
**Reading Fiction: 3-0-3**
The aim of this course, intended for all students at all levels, is to experience the pleasure of reading fiction. Readings for the class may include short stories and novels, works written in English as well as those that have been translated, older as well as recent writing. This course will emphasize the qualities that make fiction meaningful and memorable and enable students to sharpen their powers of observation, analysis, and interpretation.

**ENGL 1231**
**Reading Drama: 3-0-3**
The aim of this course, intended for all students at all levels, is to experience the pleasure of reading drama. Readings for the class may include one-act plays as well as full-length plays, works written in English as well as those that have been translated, ancient as well as modern drama. This course will emphasize the qualities that make drama meaningful and memorable and enable students to sharpen their powers of observation, analysis, and interpretation.

**ENGL 1232**
**Reading Poetry: 3-0-3**
The aim of this course, intended for all students at all levels, is to experience the pleasure of reading poetry. Readings for the class may include a variety of poetic forms, works written in English as well as those that have been translated, older as well as recent poems. This course will emphasize the qualities that make poetry meaningful and memorable and enable students to sharpen their powers of observation, analysis, and interpretation.

**ENGL 2111/2111H/2111S**
**World Literature I: 3-0-3**
A survey of great works of world literature from ancient times to the end of the seventeenth century. Beginning with the oral tradition, the course studies classical works and their impact on later literature, the spread of ideas beyond national and ethnic boundaries, and the influence of philosophy and religion on literature. Emphasis on critical reading and writing skills. Prerequisite: ENGL 1102.

**ENGL 2112/2112H/2112S**
**World Literature II: 3-0-3**
A survey of great works of literature from the 1700’s to the present. The course studies literary representation and reaction to the rise of science, industrialism, internationalism, and other forces shaping the modern and postmodern world. Emphasis on critical reading and writing skills. Prerequisite: ENGL 1102.

**ENGL 2131**
**Introduction to Literary Studies: 3-0-3**
An examination of the fundamental principles of literary study, with special attention to critical approaches to language and literature, bibliography and research, and writing in the discipline. Required of all majors.

**ENGL/FILM 2434**
**The Language of Film: 3-0-3**
A study of the semantics of cinema and the evolution of the film language. The course will examine technical, literary, and cultural means and aspects of communicating meaning in film. Prerequisite: ENGL 1102.

**ENGL 3121/3121S**
**British Literature I: 3-0-3**
A study of British literature and literary history from the Old English Period through the pre-Romantics, Focusing on literary types, themes, and historical, political, and cultural contexts. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 3122/3122S**
**British Literature II: 3-0-3**
A study of the major British literature from the Romantic Period (1780) to the present, focusing on major movements, authors, and themes. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 3131/3131S**
**American Literature I: 3-0-3**
A survey of American Literature from the period of exploration and colonization through the Enlightenment and American Romanticism, concluding with the end of the Civil War. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/AMST 3132/3132S**
**American Literature I: 3-0-3**
A survey of American literature from 1865 to the present, focusing on major movements, authors, and themes. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper
division courses. Permission of instructor required for all non-English majors.

**ENGL/WGST 3237**  
Women and Literature: 3-0-3  
A study of the literature by and about women, which reflects some of the myths, legends, and social forces molding the female character. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/AAST/AMST 3231**  
Survey of African-American Literature: 3-0-3  
A survey of African-American literature from its beginnings to the present, focusing on important movements, genres, and themes. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/FILM 3232**  
The Art of Film Adaptation of Literature: 3-0-3  
Comparative interpretation of the differences between literature and film and the complex challenges of turning diverse narrative literature into autonomous works of cinema. Prerequisites: A minimum grade of "C" in ENGL 2111 or ENGL 2112.

**ENGL/AMST 3238**  
The American Dream: 3-0-3  
A survey of the development of the ideal vision of the American Dream of freedom, opportunity, and success as depicted in the writings of the earliest European explorers to those of contemporary American authors. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/IRSH 3338**  
Irish Cultural Identities: 3-0-3  
A study of Irish cultural identities through literary perspectives on famine in Ireland, in the writings of Edmund Spenser and Jonathan Swift (among others), and in the writings of later authors who have responded to the Great Irish Famine of 1845-50, including James Clarence Mangan, Liam O'Flaherty, and Seamus Heaney. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/FILM 3535**  
Patterns in Film and Literature: 3-0-3  
A comparative interpretation of themes, ideas, and patterns in selected works of narrative literature, and cinema. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 3537/3537S**  
Special Topics in English: 3-0-3  
Readings on particular authors, genres, literary histories and movements on topics not covered by regular courses. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 4133/4133S**  
The British Novel: 3-0-3  
A study of the development of the novel in English through the reading of a selective list of novels which best illustrate the main tendencies in the English fiction of the eighteenth and nineteenth centuries. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 4135/4135S**  
Chaucer: 3-0-3  
A study of The Canterbury Tales and other selected works. May be used to fulfill the single author requirement. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/AMST 4237**  
The American Novel: 3-0-3  
A survey of the development of the novel in America, eighteenth through twentieth centuries, with special study of a list of works selected to illustrate the major movements in American fiction. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/ART 4337/4337S**  
Shakespeare: 3-0-3  
A close reading of Shakespeare's major comedies, histories, selected romances, dramatic tragedies, and the sonnets offering students an overview of a major Western Literary Icon. Fulfills single author requirements. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 4435/4435S**  
Single Author: 3-0-3  
Devoted to the study of a single author whose work has occasioned a significant body of criticism. Students will focus on the body of the author's work and consider both historical context and critical response. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/COML 4538**  
Literary Criticism: 3-0-3  
A study of literary criticism from Plato to Derrida with concluding emphasis on the theory, approaches, and techniques of current literary study. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 5090/5090S**  
Selected Topics: 3-0-3  
Selected topics in English. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/IRSH 5130/5130G**  
20th Century Irish Literature: 3-0-3  
A study of representative fiction, poetry, and drama by twentieth century Irish authors. Readings will emphasize the way Irish writers have explored the diversity of the Irish experience as it has been influenced by history, culture, politics, and religion. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 5131/5131S/5131G**  
British Romantics: 3-0-3  
A study of English Romantic poetry and prose, including major works of Blake, Wordsworth, Coleridge, Byron, the Shelleys, Keats, and many recently rediscovered authors of the period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL
2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5134/5134G
British Neoclassical Literature: 3-0-3
A study of verse and prose from the Restoration to the Romantic period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5135/5135G
Teaching Literature to Middle and Secondary School Students: 3-0-3
A course designed to introduce classroom approaches to literature to middle grades and high school teachers. It will include work with a variety of literary genres and multicultural texts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5136/5136G/5136S
English Medieval Literature, Excluding Chaucer: 3-0-3
A study of Old and Middle English literature emphasizing the major genres of prose and poetry unique to this period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5138/5138G
Poetry and Prose of the English Renaissance: 3-0-3
A study centering on the analysis and interpretation of Renaissance poetry with some involvement in its larger historical context, especially in its relationship with controversy. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5139/5139G
Victorian Prose and Poetry: 3-0-3
A study of the Victorian Period in England with emphasis on the prose and poetry of major authors. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL/AMST 5230/5230G
Colonial American Literature: 3-0-3
A detailed study of the poetry and prose from 1492-1800 by writers, both in America and Europe, who describe and define the major American identity by means of an emerging literature and diverse cultural experience. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL/AMST 5234/5234G
Southern Literature: 3-0-3
A survey of the literary achievements of the South from the Colonial period to the present. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL/COML 5330/5330G
Drama to Romanticism: 3-0-3
A study of representative works of dramatic literature, primarily of the western world, from Aeschylus through Beaumarchais, excluding English drama. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5333/5333G
Studies in English Drama: 3-0-3
Dramatic literature will be selected from the beginnings of English drama through Shaw, excluding Shakespeare. Courses may focus on particular periods, themes, genres, or authors. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL/COML 5334/5334G
Modern Drama: 3-0-3
A study of the major drama from Romanticism to the present, including, but not limited to, Anglo-American and European dramatists. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5430/5430G
Contemporary Poetry: 3-0-3
A study of English language poetry written since World War II with an emphasis on major figures and literary movements. Significant attention will be paid to the diversity and multinational character of contemporary English language verse. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5434/5434G
Donne and Milton: 3-0-3
A study of two major poets that focuses on close study and interpretation of their greatest works, creating involvement in religious and historical circumstances of the time in which they were written. Among the poetry are the best loved poems of all time. May be used to fulfill the single author requirement. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5436/5436G/5436S
Spirit of Place in British Literature: 3-0-3
A study of British literary figures important for their evocation of place, against the background of the regions they wrote about. A ten-to-fourteen-day tour of the English countryside is part of the course. Offered summers only. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

ENGL 5438/5438G
Modern Poetry to 1945: 3-0-3
A study of British, Irish, and American poets and poetry since 1900, emphasis being placed on the more influential, such as Yeats, Pound, Frost, Eliot, and Stevens. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior
to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/COML/RELS 5530/5530G**

**The Bible as Literature: 3-0-3**

A study of the literary dimension of the English Bible. Major emphasis is upon the literary themes, types, personalities, and incidents of the Old and New Testaments. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 5534/5534G**

**Literature for Adolescents: 3-0-3**

A study of literature, primarily (but not exclusively) narrative, on the subject of adolescence, with emphasis on analyzing and evaluating contemporary literature written especially for or about adolescents. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 5535/5535G**

**Children's Literature: 3-0-3**

A study of literature written for or read by children with a focus on British and American classics. Students will read and write critical analyses of these works with special attention to the history of childhood. Authors studied may include the Brothers Grimm, Lewis Carroll, Louisa May Alcott, Mark Twain, Kenneth Grahame, Frances Hodgson Burnett, and others. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/COML 5536/5536G**

**Post-Colonial Literature: 3-0-3**

Examines and evaluates the diverse "common-wealth" of post-colonial Anglophone literature written by authors from countries that were formerly part of the British Empire: Africa, Australia, Canada, the Indian sub-continent, Ireland, New Zealand, Southeast Asia, and the West Indies. Highlights the use of a variety of reading and critical strategies to analyze the formal and linguistic complexities and innovations of this literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 5538/5538G**

**World Fiction since 1900: 3-0-3**

A study of some of the major works of fiction written by American, British, and World authors since 1900. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL/WGST 5539/5539G**

**Literature by Women: 3-0-3**

A study of classic, contemporary, and experimental writing by women in all genres, with special emphasis on the polemical and theoretical bases of and critical approaches to such texts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGL 2111 or ENGL 2112; ENGL 2131 must be taken prior to or concurrent with all upper division courses. Permission of instructor required for all non-English majors.

**ENGL 6232**

**Seminar in African-American Literature: 3-0-3**

A study of images, issues, and themes in African-American literature through an examination of works by such writers as Douglass, Washington, Chestnut, Hughes, Wright, Baldwin, and Morrison.

**ENGL 6630**

**Seminar in Medieval Literature: 3-0-3**

A study of the major authors, genres and literary influences of the English Middle Ages with an emphasis on Chaucer and the fourteenth century.

**ENGL 6631**

**Shakespeare Seminar: 3-0-3**

A close examination of several of Shakespeare's "problem" plays.

**ENGL 6632**

**Seminar in Literature of the English Renaissance: 3-0-3**

A study in the major writers of the English Renaissance, including such figures as Sidney, Spenser, Herbert, Donne, and Browne. Lesser authors may be incorporated for their historical significance in the development of modern English prose and poetry.

**ENGL 6633**

**Seminar in Restoration and Eighteen Century British Literature: 3-0-3**

An in-depth study of major works and documents from the period. Specific topics and texts may vary.

**ENGL 6634/6634S**

**Seminar in Major Authors: 3-0-3**

An intensive study of the life (lives) and works of one to three major authors.

**ENGL/WGST 6635**

**Women's and Gender Issues: 3-0-3**

A study of women's and gender issues and concerns in the context of important works of literature.

**ENGL 6637**

**Criticism and Theory: 3-0-3**

A study of the great tradition of literary critics, from Plato to the present, and the contemporary critical approaches and theory they shape today.

**ENGL 7111**

**Seminar in College English: 1-0-1**

A study of strategies and techniques for developing rhetorical skills in College English. Required of graduate assistants in English and open to other graduate students in English.

**ENGL 7121**

**Methods of Research: 2-0-2**

The seminar provides an in-depth understanding of the bibliographic, research, and critical skills required to do advanced scholarship in literary studies.

**ENGL 7630**

**Seminar in World and Comparative Literature: 3-0-3**

Research and discussion of a topic in a specific period of world literature or comparative literature.

**ENGL 7631**

**Seminar in the British Novel: 3-0-3**

A study of important developments or themes of the British Novel.

**ENGL 7632**

**Seminar in the American Novel: 3-0-3**

A survey of the novel in America from the eighteenth to the twentieth centuries.
ENGL 7633/7633S
Seminar in Nineteenth Century British Literature: 3-0-3
A study of prose and poetry of the nineteenth century, focusing on either Victorian or Romantic authors.

ENGL 7635
Seminar in Nineteenth Century American Literature: 3-0-3
A study of major authors and documents of the nineteenth century, focusing on either Romantic or Realist authors.

ENGL 7637
Seminar in Twentieth Century American Literature: 3-0-3
A study of American prose, poetry or drama of the twentieth century, with emphasis chosen by the instructor.

ENGL 7638
Seminar in Twentieth Century Poetry: 3-0-3
A study of British and American poets of the twentieth century, with emphasis on major authors of either the Modern or Contemporary periods.

ENGL 7999
Thesis: 3-0-(1-6)

Engineering (COST)

ENGR 1111
Introduction to Engineering: 1-0-1
An introductory course required of all engineering students. Topics include: Historical development of engineering, modern engineering challenges, engineering study skills, engineering communications, engineering career opportunities, the engineering curriculum, the engineering team, ethics and other professional responsibilities of engineering, and the engineering design process.

ENGR 1133
Engineering Graphics: 2-3-3
Introduction to engineering graphics and visualization including sketching, line drawing, simple wire-frame and solid modeling. Development and interpretation of drawings and specifications for product realization.

ENGR 1731
Computing for Engineers: 2-2-3
Foundations of computing with an introduction to design and analysis of algorithms and an introduction to design and construction of programs for engineering problem-solving. Prerequisite: Concurrent or prior completion of MATH 1441.

ENGR 1732
Program Design for Engineers: 2-2-3
This course will introduce engineering students to applications for engineering problem-solving and object-oriented programming principles in Electrical and Computer Engineering using standard (ANSI) C and C++. An introduction to interfacing with FORTRAN is also given. Prerequisite: A minimum grade of "C" in ENGR 1731.

ENGR 2230
Introduction to Mechanics: 3-0-3

ENGR 2231
Engineering Mechanics I: 3-0-3
Fundamental concepts of mechanics. Statics of particles. Moments and equivalent systems of forces on rigid bodies; equilibrium of rigid bodies.

Distributed forces- centroids and centers of gravity. Analysis of trusses, frames and machines. Internal normal and shearing forces, bending moments, and torque. Shear and bending moment diagrams, relations between distributed load, shear, and bending moment. Friction. Distributed forces area moments of inertia. Prerequisites: MATH 2242 and PHYS 2211.

ENGR 2232
Dynamics of Rigid Bodies: 3-0-3
Kinematics and dynamics of particles and rigid bodies in one, two, and three dimensions using Newton's Second Law Method, Work-Energy and Impulse-Momentum methods. Mass moments of inertia and products of inertia. Prerequisite: A minimum grade of "C" in ENGR 2230 or ENGR 2231.

ENGR 2233
Statics and Dynamics: 3-0-3
Elements of statics in two and three dimensions, centroids, friction, kinematics and kinetics of rigid bodies in plane motion. Prerequisites: MATH 2242 and PHYS 2211.

ENGR 2233
Digital Design Lab: 1-3-2
Design and implementation of digital systems, including a team design project, CAD tools, project design methodologies, logic systems, and assembly language programming. Prerequisite: ENGR 2332.

ENGR 2233
Introduction to Computer Engineering: 3-0-3
Computer systems and digital design principles. Architectural concepts, software, Boolean algebra, number systems, combinational datapath elements, sequential logic and storage elements. Design of DRAM control and I/O bus. Prerequisite: A minimum grade of "C" in ENGR 1731 or equivalent.

ENGR 2234
Circuit Analysis: 3-0-3
Introduces students to the basic concepts of DC and AC circuit theory and analysis. Prerequisites: ENGR 2341 and PHYS 2212. Concurrent or prior completion of MATH 3230.

ENGR 2341
Introduction to Signal Processing: 3-3-4
Introduction to signal processing for discrete-time and continuous-time signals. Filtering. Frequency Response. Fourier Transform. Z Transform. Laboratory emphasizes computer-based signal processing. Prerequisites: A minimum grade of "C" in MATH 2242 and ENGR 1731 or equivalent.

ENGR 2431
Creative Decisions and Design: 2-3-3
Fundamental techniques for creating, analyzing, synthesizing, and implementing design solutions to open-ended problems through team and individual efforts utilizing flexibility, adaptability, and creativity. Prerequisites: A minimum grade of "C" in ENGR 1133, and ENGR 2230 or ENGR 2231, and concurrent or prior completion of MATH 2430.

ENGR 2630
Civil Engineering Systems: 3-0-3
Infrastructure viewed from a systems perspective; analytical approaches and modeling of civil engineered facilities; sustainability; engineering economy applications. Prerequisite: MATH 2243.

ENGR 3233
Mechanics of Materials: 3-0-3
Definition and analysis of stress and strain, mechanical properties of materials, axially loaded members, torsion of circular sections, bending of beams, transformation of stress and strain, design of beams, and buckling of columns. Prerequisite: ENGR 2231.

ENGR 3431
Thermodynamics: 3-0-3
Thermodynamic properties, state postulate, work interactions, steady-state and transient energy and mass conservation, entropy and the second law. First and Second Law analysis of thermodynamic systems. Gas cycles and vapor cycles. Prerequisite: PHYS 2211.

**Enrichment Program (Interdisciplinary VPAA)**

**ENPR 1220**

Enrichment Program: 2-0-2

A combined activity/seminar course designed to engage students in a broad range of extra classroom intellectual, cultural, and aesthetic events as a regular part of their educational experience. Students may take the course repeatedly, but a maximum of two credit hours may be applied to the 126 minimum for graduation.

**ENPR 3220H**

Honors Seminar: 2-0-2

The seminar is an enrichment of the general education of University Honors Program (UHP) students. Context is determined when selections are made by the University Honors Program Council based on submitted proposals from faculty. The course is restricted to juniors and seniors in the UHP.

**Environmental Health Sciences (COPH)**

**ENVH 7090**

Selected Topics in Environmental Health Sciences: (1-3)-0-(1-3)

Allows the student the opportunity to receive specialized and/or focused instruction in an environmental health topic not generally offered by the department. Prerequisite: Permission of instructor.

**ENVH 7231**

Air Quality: 3-0-3

Introduces students to chemical, physical, and biological principles of air quality, as well as potential sources of contamination and the resulting effects. The course will also introduce environmental policies pertinent to air issues along with current remediation strategies to ameliorate pollution.

**ENVH 7232**

Water Quality: 3-0-3

Introduces students to chemical, physical, and biological principles of water quality, as well as potential sources of contamination and the resulting effects. The course will also introduce environmental policies pertinent to water issues along with current treatment and remediation strategies to ameliorate pollution.

**ENVH 7233**

Environmental Exposure and Impact Assessment: 3-0-3

This course introduces students to appropriate design, implementation, and analysis of primary environmental exposures. Specific topics covered include designing risk profiles, analyzing field exposures of toxins, development of impact assessments, and evaluating dose-response relationships.

**ENVH 7234**

Environmental Toxicology: 3-0-3

Introduces students to concepts associated with the lethal and sub-lethal effects of environmental and occupational stressors on humans and other living organisms.

**ENVH 7235**

Field Methods in Environmental Health: 3-0-3

This course introduces students to an overview of current and accepted standards of environmental and occupational exposure monitoring. Also examines the field methodology related to sample collection for water and air quality monitoring.

**ENVH 7236**

Spatial Analysis for Environmental Health Sciences: 3-0-3

Introduces students to concepts and methods of spatial analysis related to environmental health problems and public health planning. Students will also employ basic concepts of mapping through the use of applicable Geographic Information Systems software.

**ENVH 7237**

Risk Assessment and Communication: 3-0-3

Introduces students to the qualitative and quantitative skills necessary to evaluate the probability of injury, disease, or death in the general population from exposure to environmental contaminants. Hazard identification, exposure assessment, dose-response evaluation, and risk characterization are highlighted. Risk communication includes developing practical skills in assessing health concerns and explaining potential health risks or risk management to the general public.

**ENVH 7238**

Environment, Ethics and Equity: 3-0-3

Introduces students to theory, concepts and methods of ethics and equity related to one's location. Topics to be addressed include environmental justice, public health ethics, impacts on equity and disparities. Students will also employ basic concepts of spatial analysis through the use of applicable Geographic Information Systems (GIS) software.

**ENVH 7890**

Directed Individual Study: (1-3)-0-(1-3)

Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

**Epidemiology (COPH)**

**EPID 7090**

Selected Topics in Epidemiology: (1-3)-0-(1-3)

Allows the student the opportunity to receive specialized and/or focused instruction in an epidemiology topic not generally offered by the department. Prerequisite: Permission of instructor.

**EPID 7131**

Epidemiology of Chronic Disease: 3-0-3

This course is designed to introduce the student to the ever-expanding area of chronic disease epidemiology. Students will be introduced to the current status of chronic disease and control programs, methods used in chronic disease surveillance, intervention methods, and modifiable risk factors. Some of the major chronic diseases such as cancer, cardiovascular disease, chronic lung disease, diabetes and arthritis will be discussed in detail. Prerequisite: A minimum grade of "C" in PUBH 6533 or permission of instructor.

**EPID 7133**

Epidemiologic Research Methods I: 3-0-3

This course will focus on epidemiologic methods - primarily methods used in observational studies using existing data, cohort studies, case-control studies and randomized controlled trials. With respect to cohort studies, topics covered include cohort identification, ascertainment of exposure status, follow-up of cohort members, measuring outcomes, sources of bias and data interpretation issues. Case-control studies include issues around defining cases and controls, control of confounding, and sources of bias/systematic error. Topics around randomized trials include randomization procedures, defining and assembling treatment/intervention arms, selecting study subjects and approaches to data collection. Other topics covered in this course include surveillance and ecologic studies. Pros and cons of all study designs will be discussed, in part through readings of published papers. Fundamentals of data analysis will also be addressed, but a detailed discussion of that material will be covered in EPID 7134. Prerequisite: PUBH 6131 or equivalent.

**EPID 7134**

Epidemiologic Research Methods II: 3-0-3

This course provides instruction and hands-on experience in the analysis and interpretation of data from epidemiologic studies. Topics to be covered
include epidemiology research questions that can be addressed by case-control and cohort studies, the rationale underlying the major techniques used to analyze data from case-control and cohort studies, the conditions under which these methods are appropriate and their relative advantages and disadvantages. Attention will be given to how interactions, confounders and nonlinear relationships among variables can be addressed along with interpretation of statistical software output from epidemiologic studies employing these designs and analytical methods. Prerequisite: A minimum grade of "C" in EPID 7133 or permission of instructor.

**EPID 7135**

**Epidemiology of Infectious Disease: 3-0-3**

This course is designed to provide students with an overview of the principles and practices of infectious diseases epidemiology with focus on how the presence and control of communicable diseases affects public health locally, nationally and internationally. Topics to be covered include: 1) general principles of infectious diseases epidemiology, including outbreak investigation, surveillance, analysis of infectious diseases data, and laboratory testing of specimens; 2) major modes of infectious disease transmission, including airborne, food and water, zoonotic, insect vector, blood, and sexual transmission; 3) different control strategies for infectious diseases, including infection control, antimicrobial management, immunization, risk factor modification, and screening; 4) the practical application of epidemiologic tools for the understanding and control of infectious diseases. Prerequisites: A minimum grade of "C" in PUBH 6541 and PUBH 6533 or permission of instructor.

**EPID 7230**

**Social Epidemiology and Health Equity: 3-0-3**

This course will focus on understanding the social determinants of health. The course will provide an analysis of major social variables that affect population health: poverty, social class, gender, race, family, community, work, behavioral risks, and coping resources. Readings and discussion center on understanding the theories, measurement and empirical evidence related to specific social conditions and experiences such as socioeconomic position, discrimination, social networks and support, work conditions, ecological level neighborhood and community social conditions, and social and economic policies. Biological and psychological mechanisms by which social conditions influence health will be discussed. Methods are introduced to operationalize each construct for the purposes of empirical application in epidemiologic research. Prerequisite: A minimum grade of "C" in PUBH 6533 or permission of instructor.

**EPID 7233**

**Public Health Surveillance: 3-0-3**

This course will provide students with a strong foundation in public health surveillance of both health conditions and risk factors. The course will teach the theory and practice of surveillance supported by many examples of surveillance systems from the developed and developing world. The class will build on and reinforce basic epidemiologic concepts. Students will be given the opportunity to design and evaluate a surveillance system. Prerequisite: A minimum grade of "C" in PUBH 6533 or permission of instructor.

**EPID 7890**

**Directed Individual Study: (1-3)-0-(1-3)**

Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

**Early Childhood Middle Grades-Secondary Education (COE)**

**ESED 4633**

**Student Teaching Seminar: 3-0-3**

Students will analyze issues related to school law, diverse student populations, classroom/behavior management, school funding, issues and trends in education, technology integration, and ethics. Special emphasis will be placed on instructional setting, strategies, and related services. Prerequisite: Admission to Student Teaching. Corequisite: ECED 4799 for Early Childhood Education majors only.

**ESED 4890**

**Directed Individual Study: (1-3)-0-(1-3)**

The student, under the direction of the instructor, will identify and study a topic applicable to a teaching field and level of certification. Prerequisite: Approval of advisor, instructor, and department chair.

**ESED 5233/5233G**

**Applied Linguistics: ESOL: 3-0-3**

An in-depth study of the major theories of first and second language acquisition and their implications for instruction. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**ESED 5234/5234G**

**Cultural Issues: ESOL: 3-0-3**

The principles of culture and its link to second language learning, as well as, problems of teaching in a multicultural classroom. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**ESED 5235/5235G**

**Methods for ESOL: 3-1-3**

An introduction to current second language acquisition theory and its application to curriculum development and instructional strategies. Participants in this course will design curriculum and learning activities that facilitate the use of English as a Second Language in listening, speaking, reading, and writing. In addition, participants will learn how to develop strategies for integrating school, neighborhood, and home resources to further the education ESOL students. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of "C" in ESED 5233G, ESED 5234G and admission to Teacher Education Program or hold a valid teaching certification.

**ESED 5799/5799G**

**Student Teaching in P-12 Education: 0-40-9**

Student Teaching is a period of guided teaching during which the student, under the direction of a cooperating teacher, takes increasing responsibility for planning the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities. Prerequisites: Completion of teaching field, professional education courses, and admission to the Student Teaching Program.

**ESED 6738**

**Supervised Practicum: 0-15-3**

A supervised teaching experience in an elementary, middle, or secondary school. Candidates will plan and teach in one's specific teaching field and grade levels for which they are being certified. Emphasis is placed on instructional planning, classroom management, and student evaluation. Prerequisite: Admission to Teacher Education Program.

**ESED 6739**

**M.A.T. Internship I: 3-3-3**

This supervised practicum course is designed for M.A.T. candidates who are employed full time in an approved teaching position. It provides a supervised teaching experience in an appropriate grade level school setting for the candidate's teaching field. Candidates will plan and teach in the candidate’s specific teaching field(s) and grade level for which s/he is being certified. Emphasis is placed on instructional planning, classroom
management, and student evaluation. Prerequisite: Admission to Teacher Education Program.

**ESED 6799**
**Supervised Internship: 0-40-9**
A fifteen-week supervised teaching experience in the specific teaching field and grade levels for which one is being certified. Candidates seeking initial certification in middle grades or in one of the secondary or P-12 teaching fields will complete the supervised internship for initial certification. Emphasis is placed on instructional planning, methodology, classroom management, and assessment of student learning. Prerequisites: Completion of teaching field and professional education courses, a supervised practicum in one's teaching field, and admission to the Supervised Internship.

**ESED 7090**
**Special Topics: 3-0-3**
Promotes specialized training appropriate to the needs of inservice teachers. Attention will be given to a range of specific problems as they relate to the P-12 teaching fields. Prerequisites: Permission of the advisor, instructor, and department chair.

**ESED 7131**
**Enhancing Student Performance: 3-0-3**
The course will emphasize strategies for selecting and adapting curriculum, instruction, resources, and assessments in order to maximize learning. The course will provide educators with ways to identify, analyze, and use results from multiple performance assessments to plan instruction aimed at enhancing and demonstrating learning.

**ESED 7132**
**Framework for Teaching: 3-0-3**
A study of teaching and learning strategies associated with effective teaching practices. Emphasis is placed upon the relationships that exist between student development, instructional practices, educational environments, continuous reflection and assessment, learning communities, and dispositions of the profession.

**ESED 7133**
**Trends, Issues, and Research in Education: 3-0-3**
Designed to help practitioners develop critical frameworks for designing and evaluating educational practices and programs within the context of current trends and issues in education. Emphasis is placed upon specific research findings and their application to practice, in addition to the development of analytical and communicative skills needed to improve teaching and learning. Candidates will formulate their own professional goals that will culminate with the presentation of a professional portfolio at the end of the program.

**ESED 7231**
**Foreign Language Curriculum: 3-0-3**
A study of the various trends and issues in foreign language curriculum development. Emphasis will be placed on the goals and philosophies of foreign language education, the implementation of these goals through the use of appropriate materials and activities, and the evaluation of student progress toward these goals using a variety of evaluative instruments. Prerequisites: Admission to Teacher Education Program or hold a valid teaching certificate.

**ESED 7232**
**Foreign Language Methods: 3-1-3**
A study of the historical, theoretical and practical dimensions of materials and methodology in second language education. The overall objective of this course is to help each student develop a repertoire of effective teaching techniques and materials as well as acquire the necessary theoretical foundation on which to expand that repertoire. A field-based component is included. Prerequisite: Admission to Teacher Education Program or hold a valid teaching certificate.

**ESED 8130**
**Research on Current Trends and Issues: 3-0-3**
This course provides candidates the opportunity for in-depth exploration and reflection of current trends, issues and research of effective teaching and learning. Emphasis is placed on the topics of reform/renewal and the moral dimensions of teaching and learning. Candidates will identify researchable topics, examine and synthesize quantitative and qualitative research related to such topics and write a first draft of a literature review. Prerequisite: Admission into the Ed. S. Program.

**ESED 8131**
**Teacher Leadership: 3-0-3**
This course is an action-oriented experience that explores the multiple aspects of the teacher as a leader. Teachers will discover their own leadership potential as they delve into the characteristics of leadership, adult development, the school culture, interpersonal and technical skills, and tasks and functions of leadership. Examination and application of processes, systems, strategies, and leadership to achieve results in classroom, building, and larger educational arenas. A goal is to develop a working knowledge of characteristics of successful organizational systems, core values, and educational concepts that ensure continual improvement of teaching and leadership methods. Prerequisite: ESED 8130.

**ESED 8132**
**Curriculum and Instruction: 3-0-3**
This course is designed to provide the experienced teacher and graduate candidate with an opportunity to examine and explore current trends and issues in curriculum and instruction and the impact of these trends and issues on student learning outcomes. A focus is on the critical evaluation of traditional and non-traditional curriculums, the influence of professional standards on curriculum across content areas, and the development of effective instructional practices to enhance academic achievement for all students. Prerequisite: ESED 8130.

**ESED 8537**
**Trends: Math/Science/Computer Education: 3-0-3**
Current trends and issues in teaching mathematics, science, and computing technology in the schools. Emphasis is placed on research findings, recommendations of professional organizations and effective practices that connect the teaching of mathematics and science, supported by computing technology. Prerequisite: Admission to an Ed.S. or Ed.D. program.

**ESED 8538**
**Applications: Math/Science Education: 3-0-3**
Addresses the integration of mathematics and science in the classroom and serves to correlate knowledge from science and mathematics courses with practical applications in local industries. Topics focus on applications of mathematics in science contexts, while emphasizing the relevance of mathematics and science to every day life. Prerequisite: Admission to an Ed.S. or Ed.D. program.

**ESED 8539**
**Computer Technology in Math/Science Education: 3-0-3**
Applications of computing technologies such as graphics calculators, computers and the Internet in the classroom. Emphasis is placed on integrating these technologies into the teaching of school mathematics and science. Prerequisites: Admission to an Ed.S. or Ed.D. program.

**ESED 8839**
**Seminar and Field Study: 2-1-3**
Students will initiate, complete and present an acceptable field-based research study, developed and approved in EDUR 8434. This course will focus on collecting, organizing and analyzing data, as well as composing a formal research paper based on the research study. The course culminates with an oral presentation of the study. Seminars will be held that focus on current trends, issues, and research in one's teaching field and certification level. Prerequisites: EDUR 8131, EDUR 8434, ESED 8130, ESED 8132, ITEC 8231.

**ESED 8890**
**Directed Individual Study: 0-(1-3)-(1-3)**

The candidate, under the direction of the instructor, will identify and study a topic applicable to one’s teaching field. Prerequisites: Approval of advisor, instructor and department chair.

ESED 9131
Inquiry and Development of Educational Practice: 3-0-3
This course is designed to provide the doctoral candidates with a critical understanding of the diversity of roles of professionals in education. This course will focus on exploring the dimensions of inquiry as it supports, enhances, and strengthens the development of educational practice in a variety of settings. Doctoral candidates will develop the skills and competencies in the research and design of grant and presentation proposals, as well as in the reflective analysis of teaching and professional growth. Course will include a field component. Prerequisite: Ed.D. admission.

ESED 9132
Critical Analysis of Schools and Educational Practices: 3-0-3
Doctoral candidates will engage in critical examination of a variety of current schooling issues, reform efforts, and educational practices and analyze the implications for research and practice in teaching and learning. From this examination and analysis candidates will develop strategies for planning, implementing, and sustaining school change related to a specific schooling issue or practice. A field component is included. Prerequisite: Ed.D. admission.

ESED 9231
The Teacher Educator: 3-0-3
This course is designed for the doctoral candidate who aspires to be a teacher educator at a college or university. A main focus is the role of the teacher educator and expectations for teaching, scholarship, and service. Candidates will apply knowledge and skill from the course in developing a syllabus and course materials for a teacher preparation course and they will develop a professional portfolio. Prerequisite: Ed.D. admission.

ESED 9232
Supervision of Teachers: 3-0-3
This course is a combination of theory and practice and is designed to prepare students who have prior teaching experiences to use principles of supervision to help improve classroom performance and to create better learning communities. Participants will examine supervisory theories, research, and practice to develop knowledge, skills, and supervisory styles. An integration of related literature regarding conferencing and evaluation, curriculum development, lesson planning, effective teaching, effective schools, collaborating, program expectations, and adult learners will be included. This course is paired with the Internship in Teacher Education course. Doctoral candidates will work with at least one or more supervisors concurrently and contribute their supervisory experiences in ongoing class discussions and reflections in the semester. Prerequisite: Ed.D. admission. Corequisite: ESED 9799.

ESED 9233
The Scholarship of Teaching and Learning: 3-0-3
This course helps candidates to reconceptualize teaching as a form of inquiry. It challenges candidates to bring to teaching and learning contexts the kinds of inquiry and engagement that are traditionally reserved for scholarship. Thus, candidates engage in questioning, designing, investigating, and analyzing issues related to teaching and learning while being responsive to changing demographics, content, technologies, national priorities, and global connections. Prerequisite: Ed.D. admission.

ESED 9631
Advanced Seminar in Teaching and Learning: 3-0-3
This seminar explores enduring and contemporary topics in the field of education through analytical and critical lenses. Such lenses enable candidates to unravel the philosophical, ethical, and political assumptions that undergird educational practices and facilitate reflection and action (praxis) on the part of candidates. Prerequisite: Ed.D. admission.

ESED 9799
Internship in Teacher Education: 3-0-3
The internship is a supervised teaching experience in a face-to-face or online higher education classroom. Supervision of student teachers and/or methods students may be included. Emphasis is placed on pedagogy for adult learners, modeling of best practices, and systematic student evaluation. Prerequisite: Ed.D. admission. Corequisite: ESED 9232.

English Second Language (CLASS)
ESL 0090A
Reading and Writing I: 6-0-4
A beginning level reading and writing class for non-native speakers of English.

ESL 0090B
Listening and Speaking I: 6-0-4
A beginning level class designed to help non-native speakers of English develop communication skills through a variety of listening and speaking activities.

ESL 0090C
Grammar I: 5-0-4
A basic structure class for beginning non-native speakers of English.

ESL 0090D
Computer I: 0-3-3
A class designed to help beginning non-native speakers of English students learn how to use the computer as a way of improving their language skills.

ESL 0090E
U. S. Culture I: 4-0-3
An introduction to the customs, behaviors, and attitudes most prevalent in US society, including experiential learning through field trips.

ESL 0091A
Reading and Writing II: 6-0-4
An intermediate reading and writing class for non-native speakers of English.

ESL 0091B
Listening and Speaking II: 6-0-4
An intermediate level class designed to help non-native speakers of English develop communication skills through a variety of listening and speaking activities.

ESL 0091C
Grammar II: 5-0-4
An intermediate structure class for non-native speakers of English.

ESL 0091D
Computer II: 0-3-3
An intermediate class designed to help non-native speakers of English learn how to use the computer as a way of improving their language skills.

ESL 0091E
U. S. Culture II: 4-0-3
An intermediate course on the customs, behaviors, and attitudes most prevalent in US society, including experiential learning through field trips.

ESL 0092A
Reading and Writing III: 6-0-4
An advanced level reading and writing class for non-native speakers of English.

ESL 0092B
Listening and Speaking III: 6-0-4
An advanced level class designed to help non-native speakers of English develop communication skills through a variety of listening and speaking activities.
ESL 0092C
Grammar III: 5-0-4
An advanced structure class for non-native speakers of English.

ESL 0092D
Computer III: 0-3-3
An advanced class designed to help non-native speakers of English learn how to use the computer as a way of improving their language skills.

ESL 0092E
U. S. Culture III: 4-0-3
An in-depth course on the customs, behaviors, and attitudes most prevalent in US society, including experiential learning through field trips.

ESL 0093
English as a Second Language I: 5-2-6
An intensive course designed for students whose native language is not English. Includes listening and speaking skills, reading comprehension, with an emphasis on vocabulary development, basic grammar review, and writing clear, logical, well-structured essays. Students may be required to pass this course before they are recommended to enter WRIT 0095 or ENGL 1101, depending on their proficiency. Prerequisites: Placement dependent upon successful score on Michigan Test of English Language Proficiency and a writing sample.

ESL 0095
English as a Second Language II: 2-2-3
Designed for students whose native language is not English. Includes group discussion skills, interpretation of short readings, advanced grammar review, and writing clear, logical, well-structured essays. Students may be required to pass this course before they can enter ENGL 1101. Prerequisites: Placement dependent upon successful score on Michigan Test of English Language Proficiency and a writing sample.

School Psychology (COE)

ESPY 7090
Selected Topics in School Psychology: (1-6)-0-(1-6)
Participants are introduced to topics in school psychology that will be useful in their practice as school psychologists. This course is designed to meet the special needs of pre-service or in-service school psychologists. Some topics might include assessment, intervention, consultation or evaluation/research in school psychology. Prerequisite: Permission of instructor.

ESPY 7130
Professional School Psychology: 3-0-3
A study will be made of the development of school psychology and its present status and trends. The professional responsibilities of the school psychologist will be explored in the context of social, legal and ethical issues that affect practice. Prerequisite: Admission to M.Ed. in School Psychology or permission of instructor.

ESPY 7131
Behavioral Interventions: 3-4-3
Prepares school psychologists, counselors and classroom consultants to manage children with moderate to severe conduct problems so that they can profit from classroom instruction. Includes symptoms, diagnosis, treatment and management of children with conduct disorders that hamper learning. Prerequisite: Admission to M.Ed. in School Psychology or permission of instructor.

ESPY 7132
Interpretation of Psychoeducational Tests: 3-0-3
Designed to foster accurate interpretation of individual educational and psychological test results to produce appropriate instructional approaches for children with learning or behavioral problems. Training in multi-factored assessment skills, particularly as they relate to the interpretation of psychoeducational evaluations, is emphasized. Prerequisite: Admission to M.Ed. in School Psychology or permission of instructor.

ESPY 7133
Educational Implications of Social Deviance: 3-0-3
This course is designed to provide students with theoretical perspectives on social deviance and their applications in educational environments. Using a social constructivist context, students will examine a range of behaviors that differ from accepted social standards within our cultural institutions.

ESPY 7230
Developmental Diagnosis of School-aged Children: 3-0-3
Prepares school psychologists, counselors, social workers, special education personnel, and classroom teachers and consultants to develop awareness of theoretical foundations, research and practice relevant to the development of school-aged children birth through twenty-one. Developmental diagnosis is the focus, incorporating physical, cognitive, language, social-emotional, and moral development areas. Also included is discussion of symptoms, diagnosis, treatment, and management of children at-risk. Prerequisites: EDUC 8136, PSYC 7331, COUN 7338 or equivalent background.

ESPY 8130
Curriculum-based Assessment: 3-0-3
Concerned with assessing the skills and performances of students in the basic academic areas. Personalized programs based on assessed needs will be developed within a field-based experience by using the general education curriculum as the axis of all assessment and programming activities. Prerequisite: EDUC 7130 or permission of instructor.

ESPY 8131
Individual Intellectual Assessment: 3-0-3
Designed for students majoring in School Psychology. It provides intensive experience in the administration, scoring and interpretation of individual psychological tests for educational purposes. Includes report writing, case history techniques and interview techniques. Prerequisites: ESPY 7132, EDUC 7130 or equivalent and admission to the M.Ed. or Ed.S. in School Psychology.

ESPY 8132
Advanced Intellectual Assessment: 3-0-3
This course builds on knowledge and skills in intellectual assessment that school psychology students gained in ESPY 8131. It provides extensive experience in the administration, scoring, and interpretation of intellectual tests for psychoeducational purposes. It includes interpretation of test data, report writing, interviewing techniques and presentations of case histories. Prerequisites: ESPY 8131, admission to M.Ed. or Ed.S. in School Psychology or permission of instructor.

ESPY 8133
Personality and Behavioral Assessment in the Schools: 3-0-3
This course provides school psychology students with extensive experience in administering, scoring, and interpreting personality and behavioral assessment measures. School psychology students will also learn to conduct a clinical interview and integrate information from various assessment sources to write an integrated report. Prerequisite: A minimum grade of “B” in ESPY 8132 or permission of instructor.

ESPY 8230
Consulting in Educational Settings: 3-4-3
Prepares students to work with families in the development of intervention programs for children at risk and with special needs in both rural and urban educational environments. Intervention during crises affecting children in schools will be presented. Prerequisite: Admission to Ed.S. in School Psychology or permission of instructor.

ESPY 8631
Seminar in School Psychology: 3-0-3
Provides a review of professional competency issues, legal/ethical issues, practice guidelines and practice applications for students entering the School Psychology Internship. Prerequisite: Permission of instructor. Repeatable for credit up to 6 hours.
**ESPY 8737**  
**Practicum in School Psychology: 3-8-3**  
Experience with school children having learning problems will be provided. Complete child studies will be made and students will develop competence in working with children, teachers, educational specialists and parents under supervision. Prerequisites: ESPY 8132 or concurrent enrollment, permission of instructor and proof of professional liability insurance.

**ESPY 8738**  
**School Psychology Internship I: 0-40-3**  
Supervised field experience to provide the comprehensive range of experiences in the professional role of school psychologists. Experiences will be individually planned to include assessment, direct interventions, indirect interventions and evaluation/research. Prerequisites: ESPY 8737, admission to Ed.S. in School Psychology and proof of professional liability insurance.

**ESPY 8739**  
**School Psychology Internship II: 0-40-3**  
Supervised field experience to provide the comprehensive range of experiences in the professional role of school psychologists. Experiences will be individually planned to include assessment, direct interventions, indirect interventions and evaluation/research. Prerequisites: ESPY 8738, admission to Ed.S. in School Psychology and proof of professional liability insurance.

**ESPY 8839**  
**Action Research in School Psychology: 0-3-3**  
Students will apply their knowledge of research skills by preparing and completing a research project related to a practical problem in school psychology or student services. Ethical and legal guidelines as appropriate for the project are to be followed. Format decisions will be made in consultation with appropriate faculty member. Prerequisite: EDUR 8434. Repeatable for credit up to 9 hours.

**ESPY 8890**  
**Directed Individual Study: 1-6-0-(1-6)**  
This course permits specialization beyond regular course content through in-depth study of individually selected topics of interest and importance in school psychology or student services. The study will be directed by the instructor. Prerequisite: Permission of advisor.

**European Union (VPAA)**

**EURO/INTS/POLS 3234/3234S**  
**Introduction to the European Union: 3-0-3**  
This course will introduce students to the history, institutions, policies, and cultures of the European Union and its member states.

**EURO 4130**  
**European Law and Legal Systems: 3-0-3**  
This course focuses on the legal institutions that constitute the European Union, and the legal processes of those institutions. The course begins with a brief overview of the European Union, including the historical antecedents that preceded the present day entity of the EU. Prerequisite: A minimum grade of "C" in POLS 1101.

**EURO 4230**  
**Doing Business in the European Union and United States: 3-0-3**  
This course is intended for non-business majors. For this reason, an introduction to economics is included. The course compares the general legal rules and cultural environment of running a business in the European Union and the United States. Topics include government regulations, labor relations, cultural values, consumer behavior, mergers, and marketing. Prerequisite: A minimum grade of "C" in EURO 3234.

**EURO 4330**  
**Science and Technology Policy: 3-0-3**  
The purpose of this course is to introduce the Science and Technology Policy of the European Union (EU). This is an introductory course about the history, goals, and issues of the EU related to science, industry, and technology. Prerequisite: A minimum grade of "C" in EURO 3234.

**Family and Consumer Sciences (CHHS)**

**FACS 2220**  
**Social Survival Skills: 1-0-1**  
A study of etiquette and social interaction as they relate to social gatherings, the work environment and daily living. Students will be encouraged to incorporate the principles of professional and personal courtesies into their lifestyles. Is appropriate for all majors. Class will meet one evening session during the semester.

**FACS 2437**  
**Interior Design CAD I: 1-4-3**  
Introductory computer drafting and programming. A basic overview of AutoCAD, file management, and fundamental executions of drafting components. The concepts of 3-D modeling will be addressed. Prerequisites: INDS 2430 or INDS 2434, and CBM 1110 and CBM 1120, or permission of instructor.

**FACS 3035**  
**Methods of Teaching Family and Consumer Sciences: 3-0-3**  
This course is designed to assist students in understanding planning and instruction in the secondary family and consumer sciences classroom and in becoming familiar with best practices in secondary instruction. Skills will be developed in planning, conducting, and evaluating instruction using classroom and practicum experiences. Major emphasis will be placed on planning, presentation, reflection and assessment, and on developing strategies to facilitate working with the diverse student populations in public schools. Prerequisite: Admission to Teacher Education Program.

**FACS 3437**  
**Interior Design CAD II: 1-4-3**  
Further develops the student's ability to use the computer as a drafting tool for Interior Design at an advanced level. Subjects addressed in this course will be working drawings in conjunction with INDS 4435, schedules, details, and 3-D modeling. Prerequisite: A minimum grade of "C" in FACS 2437. Corequisite: INDS 4435.

**FACS 4032**  
**Ethics in Family and Consumer Sciences: 3-0-3**  
This course is an applied introduction to ethical practice in family science professions. The course will focus on ethical codes applicable to family science occupations including but not limited to the ethical codes for child care workers, family life educators, child life specialists, social workers, and therapists. Key concepts pertaining to all ethical codes will be explored. Case study analyses will broaden the students' understanding of ethical issues and how to resolve ethical dilemmas in practice. Prerequisite: A minimum grade of "C" in CHFD 2135 or permission of instructor.

**FACS 4090**  
**Selected Topics in Family and Consumer Sciences: 1-3-0-(1-3)**  
Scheduled on an infrequent basis to explore new research and emerging knowledge in Family and Consumer Sciences and related fields. This course will carry a subtitle.

**FACS 4131**  
**Introduction to Marriage and Family Therapy: 3-0-3**  
The student will acquire a basic knowledge regarding the concepts that represent family systems theory and understand the range and types of therapeutic interventions that are common to family therapy approaches. Students will learn about the history, theories, models, ethics and legal considerations associated with the discipline. A minimum grade of "C" in CHFD 2135 or permission of instructor.
FACs 4138  
Professional Development: 3-0-3  
A study of the unique and complex nature of communication within the family with specific application to careers in family and consumer sciences. Involves discussion of current issues and topics with a focus on professional ethics, professional employment opportunities, internships, development and growth, and current research themes within the profession. Prerequisites: A minimum grade of "C" in CHFD 2134 and CHFD 2135. Should be taken one to two semesters before CHFD 4790.

FACs 4610  
Senior Seminar: 1-0-1  
To prepare senior level students to acquire employment and/or internship in their chosen professional field. Prerequisite: Senior status in any major.

FACs 4890/4890S  
Directed Individual Study: (1-3)-0-(1-3)  
Provides the student with the opportunity to study topics and issues relevant to the Family and Consumer Sciences profession in an individual setting. The student will be able to work with faculty in a rigorous, closely directed, research or exploratory environment. Prerequisite: Permission of instructor.

FACs 4899  
Directed Individual Study: (1-6)-0-(1-6)  
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

Film (CLASS)

FILM 2331/2331S  
Introduction to Film: 3-0-3  
Introduces the creative elements of cinema including screen writing, performance, cinematography, editing, sound and directing. Selected films will be screened and analyzed.

FILM/ENGL 2434  
The Language of Film: 3-0-3  
See ENGL 2432 for course description.

FILM 3030/3030S  
Selected Topics in Film: 3-0-3  
Offers various courses in specialty areas of film studies. Prerequisite: FILM 2331.

FILM/ENGL 3232  
The Art of Film Adaptation of Literature: 3-0-3  
See ENGL 3232 for course description.

FILM/AMST 3331  
History of American Film: 3-0-3  
Surveys the history of American film recognizing the influence of international cinema upon American film. Selected films of historical significance will be screened and analyzed.

FILM 3332/3332S  
Documentary Film: 3-0-3  
Explores the documentary film genre as an art form and as a medium of communication. Landmark documentary films will be screened and analyzed. Prerequisite: FILM 2331.

FILM 3333  
Art of Film: 3-0-3  
Provides detailed analysis of selected masterpiece films emphasizing aesthetics. Prerequisite: FILM 2331.

FILM/POLS 3334  
Film and Politics: 3-0-3  
See POLS 3334 for course description. Prerequisite: POLS 1101 or permission of instructor.

FILM/WRIT 3335  
Introduction to Screenwriting: 3-0-3  
This course introduces students to creative process of scriptwriting for film and television through workshops, screenings, and examination of screenplays. Plot, character development, writing for visual media, and other elements of screenwriting will be covered. Students will develop a minimum of two short film scripts and one television dramatic or comedy script (spec script). Prerequisites: A minimum grade of "C" in ENGL 1102; and FILM 2331 or ENGL 2434; or permission of instructor.

FILM/IRSH 3430  
Ireland in Film: 3-0-3  
SEE IRSH 3430 for course description.

FILM/ENGL 3535  
Patterns in Film and Literature: 3-0-3  
A comparative interpretation of themes, ideas, and patterns in selected works of narrative literature and cinema. Prerequisite: ENGL 2111 or ENGL 2112.

FILM/BRCT 3434  
Introduction to Digital Filmmaking: 3-0-3  
This course introduces students to the aesthetics and production of narrative short film using digital cameras. Composition, shooting, lighting, sound recording, and non-linear editing will be covered. Students will make three short films in the course. Prerequisite: A minimum grade of "C" in FILM 2331, ENGL 2434, or BRCT 3332.

FILM 4131  
Advanced Screenwriting: 3-0-3  
A workshop and critique setting, students will work through the various stages of the screenwriting process, building on the basic knowledge acquired in Screenwriting FILM 3335. Students also will collaborate in the production of one short film script to demonstrate translation from script to visual medium. Students will complete one feature-length script and one short film with the completion of the course. Prerequisite: A minimum grade of "C" in FILM/WRIT 3335 or permission of instructor.

Finance (COBA)

FINC 3130  
Financial Tools and Methods: 3-0-3  
Fundamental concepts and analytical methods in finance. Emphasis on spreadsheet applications, mathematic of finance, and statistical analysis. Prerequisite: A minimum grade of "C" in ACCT 2101.

FINC 3131/3131S  
Principles of Corporate Finance: 3-0-3  
A study of fundamental concepts, theories, tools of analysis and problems of managerial finance in business. Prerequisite: A minimum grade of "C" in ACCT 2101.

FINC 3132  
Intermediate Financial Management: 3-0-3  
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management. Prerequisites: A minimum grade of "C" in FINC 3131.

FINC 3133/3133S  
International Finance: 3-0-3  
A survey of the financial markets and institutions which make international trade and capital flows possible. Its emphasis is on understanding exchange rates and hedging the risks inherent in cross-border transactions. Prerequisites: A minimum grade of "C" in FINC 3131.
FINC 3134
Enterprise Risk Management: 3-0-3
A study of the identification, evaluation, financing and control of both financial and business risk and the techniques that are used to manage cash inflows and outflows in such a way as to maximize the value of the firm. Integrated risk management of the entire business enterprise is emphasized throughout the course. Risk management techniques to include hedging, diversification, risk transfer and insurance are examined. Prerequisites: A minimum grade of “C” in FINC 3131.

FINC 3231
Investments: 3-0-3
A study of investment theory and practice, investment strategies and portfolio construction and management. Particular attention is given to the valuation of common stock, bonds, and derivative securities, such as options and futures.

FINC 3331
Financial Institutions: 3-0-3
An examination of the nature, purpose and economic functions of financial markets and institutions. The various domestic and foreign financial markets are included, as well as the key characteristics, operations, and regulatory aspects of depository and non-depository financial institutions, such as commercial banks, securities firms and investment banks, and insurance companies. Prerequisites: A minimum grade of “C” in ACCT 2101 and ECON 2105.

FINC 3531
Principles of Risk and Insurance: 3-0-3
An introductory study of the risk management process and the importance of insurance as a method of managing risk. This course is meant to develop awareness of the nature of risk, its effects on both individual and business decisions, and the methods available for managing risk. Prerequisite: A minimum grade of “C” in FINC 3131.

FINC 4030
Special Topics in Finance: 3-0-3
A course that will allow students to learn about timely specialized topics that are not part of the regular curriculum in Finance, including but not limited to Small Business Start-Up Finance, Credit Derivatives, and Federal Reserve Policy. Prerequisite: A minimum grade of “C” in FINC 3131.

FINC 4231
Personal Financial Planning: 3-0-3
A study of the fundamentals of personal financial planning to include: the financial planning process, asset management, liability management and risk management. Prerequisite: A minimum grade of “C” in FINC 3131.

FINC 4232
Security Analysis: 3-0-3
This course examines some of the key assumptions underlying the major areas of investments, i.e. portfolio theory, derivative asset pricing, and asset valuation. It provides a thorough examination of various topics found in the academic as well as financial press. Prerequisites: A minimum grade of “C” in FINC 3131.

FINC 4233
Estate Management: 3-0-3
Planning for various financial contingencies, and asset management on a personal level. Creating an integrated financial plan using insurance, investments, taxes and trusts. Prerequisites: A minimum grade of “C” in FINC 3131.

FINC 4234
Personal Insurance Planning: 3-0-3
A study of alternative methods of managing the primary pure risk exposures of individuals: life, health and property-casualty risks. The course emphasizes the use of insurance as the primary tool for managing hazard risks facing households. Prerequisites: A minimum grade of “C” in FINC 3131.

FINC 4331
Bank Management: 3-0-3
Provides an introduction to the commercial bank industry, its organization, structure, and regulation. The lending and investment functions of banking are examined along with liability and capital management issues including de novo banking and merger/acquisition. Its purpose is to offer an overview of commercial banks and their delivery role in the financial services industry. Prerequisites: A minimum grade of “C” in FINC 3131.

FINC 4333
Commercial Bank Lending: 3-0-3
An introduction to bank lending, focusing on key concepts and tools in credit analysis-statement logic and cash flow cycles-and applying them in commercial loan underwriting and consumer lending. Attention will also be given to core loan administration practices and its role in managing portfolio quality risks. Prerequisite: A minimum grade of “C” in FINC 3131.

FINC 4431
Principles of Real Estate: 3-0-3
Covers a real estate transaction in enough depth to guide the student through a transaction with minimal outside help (attorney, etc.). It also helps the student identify those economic factors that will add value to the property through time. In addition, the student will be introduced to several areas of real estate as a possible profession. Prerequisite: Junior standing.

FINC 4433
Real Estate Appraisal: 3-0-3
The study of the valuation of real estate and of ownership rights in real estate. Concentration is primarily on residential real estate. Prerequisite: Junior standing.

FINC 4435
Real Estate Finance and Investments: 3-0-3
An analysis of real estate markets, investment decisions and the form and function of financing alternatives. The student should acquire a basic understanding of investment cash flow analysis and the calculations and measurements required for the quantitative real estate investment, valuation and income-property analysis. Prerequisite: A minimum grade of “C” in FINC 3131.

FINC 4532
Personal/Personnel Risk Management: 3-0-3
A study of the alternative methods of controlling personal financial and personnel loss exposures. Emphasis is given to health care, workers compensation, life insurance and retirement plans, although additional discussions of disability and key employee topics are included. Personal or individual risk financing issues are discussed, with a focus on planning for premature loss of life and retirement. Financial analysis of alternative methods of personnel management is covered, with a focus on health care and workers’ compensation. Prerequisite: Junior Standing.

FINC/ECON 4534
Business Insurance: 3-0-3
A study of alternative methods of managing financial risk of the firm using business insurance products. Although the course emphasizes insurance methods, alternatives to insurance are also examined. Financial concepts are applied to the evaluation of alternative courses of action for the firm. The course also focuses on regional insurance topics such as marine insurance, aviation insurance and crop insurance that affect southeast Georgia. Prerequisite: Junior standing.

FINC 4790
Internship in Finance: 0-0-(3-9)
The student is to work with/for a manager of the enterprise in a management training or special projects capacity. Management level responsibilities and duties are expected of the student. Prerequisite: Senior standing. For students with an emphasis, the required course(s) of the emphasis must be completed.
FINC 4830/4830S  
Special Problems in Finance: 0-0-3  
A customized course that is under the direction of a faculty sponsor. The course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with the faculty sponsor. Prerequisite: Junior standing.

FINC 4890  
Directed Study in Finance: 0-0-(1-3)  
Designed for independent study and research in selected areas of finance under faculty supervision. Prerequisite: Permission of department chair or director.

FINC 6230  
Fundamentals of Corporate Finance: 3-0-3  
A study of the fundamental concepts, theories, tools of analysis and current problems of managerial finance in business. Prerequisites: ACCT 6130 and graduate standing, or permission of the COBA Director of Graduate Studies for non-MBA students.

FINC 7231  
Financial Problems: 3-0-3  
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of the COBA Director of Graduate Studies for non-MBA students.

FINC 7232  
Global Finance: 3-0-3  
A study of the financial markets and institutions that make international trade and capital flows possible. The course provides a framework within which the key financial decisions of the multinational firm can be analyzed. Prerequisites: Graduate standing and the completion of the MBA prerequisites, or permission of the COBA Director of Graduate Studies for non-MBA students.

FINC 7233  
Investment Management: 3-0-3  
A survey of domestic financial markets. Topics covered include interest rates, stocks, bonds, derivative securities, retirement issues, and mutual funds. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of the COBA Director of Graduate Studies for non-MBA students.

FINC 7334  
Corporate Financial Theory: 3-0-3  
This course is an intensive review of modern financial theory as it applies to corporate finance, to include capital structure, dividend policy, mergers and acquisitions, taxation, cash flow, financial distress, and financial risk management. The course will introduce students to both the classical theories and the current trends in corporate finance.

Fashion Merchandising and Apparel Design  
(CHHS)

FMAD 1234  
Apparel I: 1-4-3  
A study of selection, fit and care of wearing apparel with the primary focus on custom garments. Experiences include traditional and contemporary methods of apparel construction.

FMAD 2230  
Social and Psychological Aspects of Clothing: 3-0-3  
The cultural, social, psychological, and economic aspects of clothing which affect the selection and usage of clothing by the consumer.

FMAD 3030  
Selected Topics: 3-0-3  
Scheduled on an infrequent basis to explore special areas in Fashion and Apparel and will carry a subtitle.

FMAD 3220  
Understanding Aesthetics: 2-0-2  
An in-depth investigation of aesthetics and how aesthetics applies to the roles of the fashion/apparel industry professional. Prerequisite: FMAD 1234 or permission of instructor.

FMAD 3231  
Fashion Fundamentals: 3-0-3  
A survey course of the fashion industry. Fashion terminology, influential designers of the nineteenth and twentieth centuries, influences on fashion, leading fashion centers, auxiliary fashion enterprises, career opportunities and current trends in merchandising are discussed. Prerequisites: FMAD 1234, FMAD 2230, or LSTD 2106.

FMAD 3232  
Principles of Merchandising: 3-0-3  
A study of the processes required to bring consumer goods to the marketplace. The retail buyer's role is explored in the selection process at the wholesale market, resource development, assessment of quality of goods and classification merchandising. Prerequisite: FMAD 3231.

FMAD 3233  
Visual Merchandising: 3-0-3  
Principles and applications of the visual presentation of merchandise including display, design and materials appropriate to a store's image. Prerequisite: FMAD 3232.

FMAD 3234  
Textiles: 3-0-3  
Emphasizes the fiber characteristics, fabric properties, and manufacturing processes that affect the selection, use, and care of textile goods. Prerequisite: FMAD 3231.

FMAD 3235  
History of Costume: 3-0-3  
Chronological survey of the development and characteristics of historic costume from the ancient Egyptian culture to the present.

FMAD 3236  
Apparel II: 1-4-3  
Investigates the art principles as they relate to apparel selection and the importance of quality and price in wardrobe selection. The student gains experience in advanced construction skills necessary to manipulate current fashion fabrics into a garment. Prerequisite: A minimum grade of “C” in FMAD 1234.

FMAD 3237  
Apparel Analysis: 3-0-3  
An in-depth investigation of the development, production, and comparison of wearing apparel. Focus on the structural, functional and decorative aspects of apparel. Emphasis on sourcing of companies and materials, costing of product line, and comparing design and manufacturing techniques that affect price, quality, and size of apparel. Prerequisite: FMAD 1234.

FMAD 3238  
Textiles for Interiors: 3-0-3  
Investigates the production, specifications and regulations, and serviceability of textiles for residential and commercial interiors. Emphasis on soft floor coverings, upholstered furniture, window and wall coverings, and other current developments in the textile field. Prerequisite: IND 2430.

FMAD 4231  
Apparel Design Analysis I: 2-2-3  
Application of principles involved in designing apparel using flat pattern techniques. Prerequisite: FMAD 3236.
FMAD 4232
Apparel Design Analysis II: 2-2-3
Application of principles involved in designing apparel using draping techniques. Prerequisite: FMAD 3236.

FMAD 4234
Fashion Presentation and Promotion: 3-0-3
Principles and practice of merchandise presentation and promotion at the wholesale and retail levels. Experience in planning, executing, and evaluating fashion promotions. Prerequisite: FMAD 3232 or permission of instructor.

FMAD 4235
Computer-Aided Design: 1-4-3
Investigation and application of computer technology in textile design, apparel design, and apparel manufacturing. Prerequisite: FMAD 1234, CISM 1110, and CISM 1120.

FMAD 4236
Fashion Study Tour: 3-0-3
Supervised field study which includes an integrative study of the fashion industry. Visits include historic costume collections, wholesale showrooms, auxiliary fashion enterprises and noted retail stores. Seminars on campus and at pre-arranged appointments during tour dates. While planned specifically for Fashion Merchandising and Apparel Design majors, other interested persons who qualify for admission may participate. Prerequisite: FMAD 3231 or permission of instructor.

FMAD 4790
Internship in FMAD: 12-0-12
Supervised work-study program in fashion and apparel industry selected by the student and pre-approved by the student's advisor. Students will work full-time for the entire semester while enrolled in the internship program. Student must agree to abide by regulations governing all employees of the sponsor. Prerequisites: 2.0 GPA and approval of instructor.

FMAD 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

Foreign Languages (CLASS)

FORL 1010
Preparation for Success in Foreign Language: 1-0-1
Addresses needs of students who have difficulty learning a foreign language. Addresses strategies for better linguistic functioning in foreign language classes and ultimately helps in student retention.

FORL 1090/1090S
Selected Topics in Foreign Languages: (1-3)-0-(1-3)
Elementary level foreign language topic.

FORL 3030/3030S
Selected Topics in Foreign Languages: (1-3)-0-(1-3)
Study of a topic in Foreign Languages literature, culture, society, thought or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: FORL 2002.

FORL/LING 3131
Greek and Latin Vocabulary: 3-0-3
Greek and Latin Vocabulary in English is a course designed to improve the student's use and understanding of the vocabulary of English through a study of the Latin and Greek elements (word roots) in English. Emphasis on words in current scientific and literary use. No knowledge of Greek or Latin required.

FORL 3431
Foreign Languages Methods P-5: 2-2-3
Includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions, and class activities, students will become familiar with the theory and practice of teaching foreign languages at the P-5 level. These activities include reading and discussion of text materials, development of lesson plans, evaluation of materials, in-class demonstrations of teaching techniques, and appropriate field experiences. Prerequisites: Successful completion of Pre-Professional Education Block and admission to Teacher Education Program.

FORL 3432
Foreign Languages Methods 6-12: 2-2-3
Includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions, and class activities, students will become familiar with the theory and practice of teaching foreign languages at the 6-12 level. These activities include reading and discussion of text materials, development of lesson plans, evaluation of materials, in-class demonstrations of teaching techniques, and appropriate field experiences. Prerequisites: Successful completion of Pre-Professional Education Block and admission to Teacher Education Program.

FORL 3510
Futures in Foreign Languages: 1-0-1
Guided discussion and investigation of the field of foreign languages with attention to opportunities for foreign language learners, challenges of a global society, and projections of future needs and uses for foreign languages. Prerequisite: 2001 or equivalent in any foreign language. Required of foreign language majors.

FORL/LING/ANTH 3533/3533S
Introduction to Language: 3-0-3
See ANTH 3533 for course description.

FORL 4030/4030S
Selected Topics in Foreign Languages: (1-3)-0-(1-3)
Study of a topic in Foreign Languages literature, culture, society, thought or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: FORL 2002.

FORL 4393
Practicum in FL Education: (1-3)-0-(1-3)
Provides field experience opportunities for students pursuing a bachelor's degree in Spanish, French, or German education to relate principles and theories to actual practice in diverse educational settings.

FORL 4890/4890S
Directed Study in Foreign Languages: (1-15)-0-(1-15)
Concentrated study of a topic in literature, culture, society, thought or language. May be repeated for credit provided a new topic is studied. Prerequisites: Two foreign language courses at the 3000 level.

FORL 6431
Foreign Language Methods P-5: 3-0-3
Includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions, and class activities, students will become familiar with the theory and practice of teaching foreign languages at the P-5 level. These activities include the reading and discussion of text materials, development of lesson plans, evaluation of materials, in-class demonstrations of teaching techniques, and appropriate field experiences. Prerequisite: Successful completion of the Praxis II and acceptance into MAT program.
FORL 6432
Foreign Languages Methods 6-12: 3-0-3
Includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions, and class activities, students will become familiar with the theory and practice of teaching foreign languages at the 6-12 level. These activities include the reading and discussion of text materials, development of lesson plans, evaluation of materials, in-class demonstrations of teaching techniques, and appropriate field experiences. Prerequisite: Successful completion of the Praxis II and acceptance into MAT program.

FORL 6433
Practicum in Foreign Languages: 3-0-3
Provides field experience opportunities for students pursuing the MAT, with content areas in a foreign language to relate principles and theories to actual practice in diverse educational settings. Prerequisite: Successful completion of the Praxis II and acceptance into MAT program.

Curriculum Theory (COE)

FRCT 7130
Curriculum Theory and Design: 3-0-3
A comprehensive overview of the field of curriculum designed to develop the theoretical knowledge competencies and strategies needed by teachers and other curriculum developers at all levels of education to participate in the curriculum change process.

Early Childhood (COE)

FREC 7232
Children's Literature: 3-0-3
Designed for the graduate student who has some knowledge of children's literature. Attempts to update the student's knowledge of children's literature in the classroom and media center.

French (CLASS)

FREN 1001/1001S
Elementary French I: 3-0-3
Introduction to listening, speaking, reading, and writing in French and to the culture of French-speaking regions.

FREN 1002
Elementary French II: 3-0-3
Continued listening, speaking, reading and writing in French with further study of the culture of French-speaking regions. Prerequisite: FREN 1001 or equivalent.

FREN 1060
Accelerated Elementary French: 6-0-6
An accelerated introduction to listening, speaking, reading, and writing in French and to the culture of French-speaking regions. Completes the elementary levels of French in one semester.

FREN 2001/2001S
Intermediate French I: 3-0-3
Building upon communication skills (understanding, speaking, reading, and writing French) and cultural understanding, developed at the elementary level. Prerequisite: FREN 1001 and FREN 1002 or FREN 1060.

FREN 2002/2002S
Intermediate French II: 3-0-3
Continued focus on communication skills and cultural understanding. Prerequisite: Prior or concurrent enrollment in FREN 2001 or equivalent.

FREN 2060
Accelerated Intermediate French: 6-0-6
Accelerated intermediate French with continued work on listening, speaking, reading, and writing in French and the culture of French-speaking regions. Completes the intermediate levels of French in one semester. Prerequisite: Completion of FREN 1002 or equivalent.

FREN 3030
Selected Topics in French: (1-3)-0-(1-3)
Study of a topic in French literature, culture, society, thought or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: FREN 2002 or equivalent.

FREN 3130
Conversational French: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) with a strong emphasis on conversational skills. Practice in the use of everyday French for functional vocabulary build-up and increased oral proficiency. Course work includes the study of authentic oral materials (such as excerpts from films, radio and TV programs, recordings of songs, skits, etc.), as well as situational communicative exercises. Prerequisite: FREN 2002 or equivalent.

FREN 3132
French Through Literature: The Short Story: 3-0-3
Continued development of all five language competencies through the study of selected short stories representative of the main periods and styles. Course work includes oral reading, writing, and grammar activities. Prerequisite: FREN 2002 or equivalent.

FREN 3134
French Through Writing: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) with strong emphasis on writing, such as: personal narratives, movie reviews and short research topics. Prerequisite: FREN 2002 or equivalent.

FREN 3136
French through Film: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) through an in-depth study of selected feature films. Course work includes oral comprehension, speaking, reading, writing, and grammar activities. Emphasis on everyday spoken French. Conducted in French. Prerequisite: FREN 2002 or equivalent.

FREN 3195/3195S
French in France: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) with strong emphasis on everyday functions essential to living in France. Prerequisites: FREN 2002 or equivalent and admission to the France Study Abroad program.

FREN 3230
French Through Literature: Introduction to the Study of Literary Texts: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) through the study and analysis of literary texts. Texts include representative samples of four literary genres: short story, poetry, theatre, and novel. Course work includes oral comprehension, speaking, reading, writing, and grammar activities. Conducted in French. Prerequisite: FREN 2002 or equivalent.

FREN 3330
French Civilization: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) through the study of French civilization. Course work includes oral comprehension, speaking, reading, writing, and grammar activities. Conducted in French. Prerequisite: FREN 2002 or equivalent.
FREN/AAST 3336
Francophone Cultures of Africa and the Caribbean: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) with a focus on an introduction to Africa and the Caribbean. Texts include fables, poems, newspaper articles, and film. Course work includes oral, reading, writing, and grammar activities. Conducted in French. Prerequisite: FREN 2002 or equivalent.

FREN 3395/3395S
French Regional Culture: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) through the study of a geographic region in France based on residential study in the region. Conducted in French. Prerequisite: FREN 2002 or equivalent.

FREN 3530
French for Professions: 3-0-3
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) through the study of professional situations in areas such as business, law, health, and tourism. Course work includes oral, reading, writing, and grammar activities. Conducted in French. Prerequisite: FREN 2002 or equivalent.

FREN 4030
Selected Topics in French: 3-0-3
Study of a topic in French literature, culture, society, thought, or language not included in regular offerings. Conducted in French. Prerequisites: FREN 3230 and one other course at the 3000 level.

FREN 4130
Grammar and Phonetics: 3-0-3
Intensive review of major grammatical structures and contrastive analysis of French and English sound systems. Extensive oral and written activities, including grammar exercises, compositions, and pronunciation exercises. Conducted in French. Prerequisites: Two courses at the 3000 level.

FREN 4330
Contemporary France: 3-0-3
An in-depth study of present-day France, including its institutions, daily life, current events, and its place in Europe and on the international scene. Extensive use of authentic materials (newspapers, magazines, TV and radio materials, and the Internet).

FREN 4431
Perspectives in Literature I: 3-0-3
Introduction to masterpieces of French literature representative of major movements and genres from the Middle Ages to the present. Conducted in French. Prerequisites: FREN 3230 and one other course at the 3000 level.

FREN 4432
Perspectives in Literature II: 3-0-3
Same as FREN 4431 but focuses on different texts and/or authors. Conducted in French. Prerequisites: FREN 3230 and one other course at the 3000 level.

FREN 4790
Internship in French: (1-15)-(0-1-15)
Internship in one or more French-speaking countries. Prerequisites: Permission of instructor and department chair.

FREN 4890
Directed Study in French: (1-3)-(0-1-3)
Independent study under faculty supervision. Prerequisite: Permission of the instructor.

FREN 7030
Selected Topics in French: 3-0-3
Study of a topic in French literature, culture, society, thought, or language not included in regular offerings. Conducted in French.

FREN 7091
Seminar in French: 3-0-3
Topics to be selected by the instructor.

FREN 7130
Second Language Acquisition in French: 3-0-3
A study of problems of second language acquisition in French from the standpoint of a program centered on the teaching of communicative skills for use in authentic contexts. Theoretical and historical background as well as hands-on activities.

FREN 7131
French Phonetics: 3-0-3
Contrastive analysis of the French and English sound systems and extensive practice to help students refine their pronunciation; familiarization with various French accents.

FREN 7132
Advanced Grammar: 3-0-3
Intensive review and in-depth study of the major grammatical structures of the French language with a special emphasis on their nuances. Extensive oral and written practice, translation from French into English and English into French, and compositions.

FREN 7230
Survey of French Literature: 3-0-3
Introduction to masterpieces of French literature from the Middle Ages to the present. Continued development of all five language competencies (listening, speaking, reading, writing, and culture), with special emphasis on French literary texts and their context.

FREN 7231
Development of Theatre: 3-0-3
A study of French theatre from the late Middle Ages to the present. Course texts include plays representing various periods and movements.

FREN 7232
Development of the Novel: 3-0-3
A study of the French novel from the late Middle Ages to the present. Course texts include novels representing various periods and movements.

FREN 7233
French Poetry: 3-0-3
A study of French poetry by major movements, from the late Middle Ages to the present, with an emphasis on reading strategies and poetic techniques and interpretation. Oral reports and discussions. Written analyses (explication de texte).

FREN 7234
Short Prose Fiction: 3-0-3
An in-depth study of the genre of the short story focusing on its roots in the oral tradition, its rise in nineteenth-century France, and its contemporary practice in France and francophone countries.

FREN 7330
Contemporary France: 3-0-3
An in-depth study of present-day France, including its institutions, daily life, current events, and its place in Europe and on the international scene. Extensive use of authentic materials (newspapers, magazines, TV and radio materials, and the Internet).

FREN 7530
French for Business: 3-0-3
Preparation for the use of French in business including detailed units on banking, advertising, marketing and economics. Course reflects the requirements for the Paris Chamber of Commerce and Industry Certificate in Business French.
FREN 7890  
Directed Study in French: (1-3)-0-(1-3)  
Independent study under faculty supervision.

Educational Research (COE)  
FRER 7130  
Educational Research: 3-0-3  
A comprehensive overview of topics related to research as it is applied to educational settings. Emphasis is placed upon methods of quantitative and qualitative research, especially in regard to applied and basic research in education.

Instructional Technology (COE)  
FRIT 7090  
Selected Topics in Instructional Technology: (1-3)-0-(1-3)  
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems. Prerequisite: Permission of instructor.

FRIT 7132  
Administration of the School Library Media Program: 3-0-3  
An introduction to the functions of the school library media center and the roles of the school library media specialist. Candidates will develop skills that will enable them to direct a school library media center, design a school library media center facility, manage personnel and budgets, develop policies and procedures, and evaluate the school library media program.

FRIT 7134  
Collection Development and Organization: 3-0-3  
An overview of the processes and procedures associated with developing, organizing, maintaining and evaluating the school library media collection. Emphasis is placed on intellectual freedom, evaluating existing collections, principles of selecting materials in all formats, applying standard methods of cataloging to organize the collection, and utilization of technology to access physical and virtual collections.

FRIT 7136  
Reference and Information Sources: 3-0-3  
Provides a working knowledge of standard reference resources in all formats. Emphasis is placed on the concept of information literacy and teacher-media specialist collaboration to integrate information literacy skills across the P-12 curriculum.

FRIT 7230  
Selection and Development of Instructional Technologies: 3-0-3  
Provides competence in the selection, production, utilization and evaluation of various formats of instructional technologies. Basic techniques are provided through direct laboratory experiences in the design and production of instructional technologies.

FRIT 7335  
Web Design and Development: 3-0-3  
Focuses on the front-end aspects of web design: HTML authoring, graphics production, and media development.

FRIT 7430  
Instructional Design: 3-0-3  
An introduction to systems theory as applied to the design of instructor. Examines principles of systems theory in the context of the design, development, selection and utilization of curriculum, instruction and instructional materials.

FRIT 7737  
Practicum in School Library Media Centers: 3-0-3  
A culminating activity in the Instructional Technology program. Students are assigned specific experiences that implement content from the school library media certification program. Prerequisite: Permission of advisor and completion of Transition Point #2.

FRIT 7738  
Practicum in Instructional Technology: 3-0-3  
Practicum in Instructional Technology will allow the student to utilize technology to support instruction, manage technology resources and evaluate the effectiveness of technology resources for learning. Prerequisite: Permission of advisor and completion of Transition Point #2.

FRIT 8132  
Administration of Technology Resources: 3-0-3  
This course is intended to provide students with the knowledge and skills required to plan, design, evaluate, and manage technology resources in various instructional and institutional environments.

FRIT 8435  
Program Evaluation: 3-0-3  
Program Evaluation covers the theory and practice of systematic investigation of instructional programs, projects products, and processes. The course is designed to teach practitioners how to assess the effectiveness of endeavors such as quality improvement, enhancing organizational performance, or improving school curricula.

FRIT 8530  
Applications of Instructional Technology: 3-0-3  
This course focuses in the effective utilization of technology in the instructional process and on systematic processes for using new technology to enhance learning. Meets the Special Georgia technology Requirements for Teacher Certification.

FRIT 8532  
Multimedia Tools and Applications: 3-0-3  
Covers issues in the design and development of interactive multimedia instructional lessons. Covers the tools required for the creation of interactive multimedia and is organized around individual student projects. Prerequisite: ITEC 7530 or permission of instructor.

Educational Foundations (COE)  
FRLT 7130  
Learning Theories and Applications: 3-0-3  
Examines the principles and theories of learning that serve as the basis for educational models and practices. Special emphasis is given to recent empirical findings and to practical applications and theory to educational settings.

Middle and Secondary Education (COE)  
FRMS 7331  
Early Adolescent Literature: 3-0-3  
A study of pedagogical theory and practices for integrating contemporary early adolescent/young adult literature into the middle and secondary school curriculum. Course content will focus on making text selections, workshop approaches, literary circles, and reader response theory.

First Year Experience (Provost)  
FYE 1220  
First-Year Seminar: 1.5-5.2  
Thematic seminar designed to promote information literacy skills and support students' cognitive and affective integration into the University community. Required during the first semester for all students new to the University (except for transfer students with 30 hours or more); students may not withdraw.
FYE 2212
Teaching Internship in First-Year Experience: 0-1-1
Provides selected sophomore, junior and senior students an opportunity to develop leadership and mentoring skills through their involvement with FYE 1220: First-Year Seminar. Includes training in counseling, communication, problem solving, classroom management, and conflict resolution skills. Under the supervision of the First-Year Experience program and the faculty member teaching the FYE 1220 course, students in FYE 2212 lead classroom discussions and activities, assess student work, and serve as a resource for first-year students.

GCM 2512
Desktop Publishing II Laboratory: 0-2-1
A laboratory experience that uses detailed instruction and problem solving activities, which students complete through the use of current desktop publishing hardware and software. This course supports the concepts learned in Desktop Publishing II (GCM 2532) through hands-on activities. Topics include digitizing originals, file format usage and creation, file preflight, image trapping, digital imposition, advanced image editing techniques and concepts and advanced desktop publishing techniques and concepts. Prerequisites: A minimum grade of “C” in GCM 1321 and GCM 1411. Corequisite: GCM 2532.

GCM 2532
Desktop Publishing II: 3-0-3
This course builds on the concepts learned in Desktop Publishing (GCM 1321) and expands on the relationship between desktop publishing and digital prepress. Students examine the techniques and technologies used to create the visual images we see all around us. The concepts taught move the student from beginning desktop publishing into the world of digital prepress. Topics include the prepress working environment, hardware and software considerations, font and file management, bitmap and vector graphics, digital image characteristics, digital imposition, and digital image trapping. Prerequisites: A minimum grade of “C” in GCM 1321 and GCM 1411. Corequisite: GCM 2512.

GCM 2721
Industrial Practicum: 0-2-2
Designed for direct observation and work experience with the local printing industry. The student is exposed to problems, practices, management, structures, and work ethics. Prerequisites: A minimum grade of “C” in GCM 1131 and GCM 1321. Corequisite: GCM 2722.

GCM 2722
Industrial Practicum Laboratory: 0-8-2
Designed for direct observation and work experience with the local printing industry. The student is exposed to problems, practices, management, structures, and work ethics. Prerequisites: A minimum grade of “C” in GCM 1131 and GCM 1321. Corequisite: GCM 2721.

GCM 3110
Instructional Assistance: 0-3-1
A supervised experience in the instructional process (on the university level) through direct participation in a laboratory situation. Grading is evaluated on a satisfactory/unsatisfactory basis only. This course may be repeated for a total of three semester hours. Prerequisite: Student must have junior or senior standing and must have earned a minimum of “B” in the class in which the student assists.

GCM 3130
Customer Service for Graphic Communications: 3-0-3
A course designed to acquaint the students with duties and responsibilities associated with customer service for graphic communications management. Prerequisites: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor).

GCM 3745
Graphic Communications Internship I: 0-40-4
Designed for students to receive practical work experience with an approved graphic communications firms. A minimum of 480 contact hours with the host site is required. Graphic Communications Management Majors. Prerequisites: A minimum grade of “C” in GCM 2721, GCM 2722 and a minimum 7 hours from GCM 2432, GCM 2332 and GCM 2412, and GCM 2532 and GCM 2512.

GCM 4132
Screen Printing: 2-2-3
An introduction to screen printing. Screen preparation, emulsion preparation, single and multi-color printing, and screen recovery are...
Course Descriptions 519

experienced. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor).

GCM 4232
Photo Preparation for Reproduction: 2-2-3
A combination of traditional and digital photography techniques will be used to enhance the quality of the original photograph. The focus of the class will be on creating images which maximize resolution while reducing editing requirements. Students will choose and use various lighting arrangements and output techniques to improve final image quality. Prerequisite: A minimum grade of “C” in GCM 1131, ART 1335, JOUR 3333, or permission of instructor.

GCM 4746
Graphic Communications Internship II: 0-40-4
Designed for students to further their industry experience beyond GCM 3745. A minimum of 480 hours contact hours with the host site is required. Graphic Communications Management Majors. Prerequisites: A minimum grade of “C” in GCM 3745 and 9 or more hours from the following: GCM 5234, GCM 5314, GCM 5434, GCM 5514, GCM 4132, GCM 5331, GCM 5334, and GCM 5534.

GCM 4899
Independent Study: (0-3)-(0-6)-(1-3)
Available for the student to undertake individualized experimentation, research, or study related to the printing industry. The specific topic will be determined and approved by the faculty and the student prior to the semester in which the course is taken. Academic credit is assigned to the independent study commensurate with the magnitude of the study. Prerequisite: Permission of the instructor.

GCM 5090/5090G
Selected Topics in Graphic Communications: (1-3)-(2-6)-(1-3)
This course is scheduled on an infrequent basis to explore special areas in technology and will carry a subtitle. Credit is variable from 1 to 3 semester hours. This special topics course is in keeping with established policies for offering a structured course on an infrequent basis. It will allow faculty to offer a course on a trial basis for possible approval at a later date. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete.

GCM 5234/5234G
Color Reproduction: 3-0-3
An exploration of professional color reproduction concepts and procedures related to the graphic communications and information technology industries. Topics include color theory, copy evaluation, color separation methods, color reproduction variables, color separation hardware and software, and color management systems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor). Corequisite: GCM 5314/5314G.

GCM 5314/5314G
Color Reproduction Laboratory: 0-2-1
This is a hands on laboratory course. The laboratory activities include the following: test for abnormal color vision, color measurement and evaluation, color charts, color proofing, color scanning, color reproduction methods, color management systems, color reproduction techniques using Photoshop and other software. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor). Corequisite: GCM 5234/5234G.

GCM 5331/5331G
Flexography: 2-2-3
Introduction to the flexographic printing industry. Discussions will include the design, techniques, processes, and manufacture of flexographic printed products. Activities will include setup and operation of a flexographic press. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 required for undergraduate course only.

GCM 5332/5332G
Multimedia Presentations: 2-2-3
Multimedia Presentations is the study of digital imaging applications for presentations. The course covers the creation of digital components for multimedia presentations, including sound, graphics, animation, and video technique, and their use in multimedia presentations for video, CD ROM, and the Internet. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: Successful completion of a college level computer course.

GCM 5334/5334G
Imaging Systems: 2-2-3
Imaging Systems is an in-depth course of how to effectively use, organize, and link imaging workstations, peripherals, systems, and files for information imaging. Current trends and issues of the industry are also covered. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor).

GCM 5335/5335G
Graphic Communications Management Topics: 3-0-3
Course topics focus specifically on managerial decisions as they uniquely apply to graphic communications, such as: facilities planning and production flow, trade customs, contracts, and quality control and testing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745.

GCM 5434/5434G
Lithographic Reproduction: 3-0-3
Designed to introduce the student to film assembly and presswork. Topics include imposition layouts, film assembly, plate-making, proofing systems, and press operation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor). Corequisite: GCM 5514/5514G.

GCM 5514/5514G
Lithographic Reproduction Laboratory: 0-3-1
Designed to present the student with various film assembly and presswork techniques. Laboratory activities include: film assembly, plate-making, proofing systems, and press operation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor). Corequisite: GCM 5434/5434G.

GCM 5534/5534G
Digital Output Applications: 2-2-3
Covers the utilization of electronic imaging technologies for output applications for information imaging. Specific topics include internet development and management, and print-on-demand development and management. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 (required
for Graphic Communications Management majors only, IT second discipline students and GCM minor students should consult with the assigned GCM program advisor).

GCM 5535/5535G
Estimating for Print Production: 3-0-3
Acquaints the student with various types of estimating practices found in the printing industry. The student will learn how to measure cost centers, calculate materials used and conceptualize the production process. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to complete. Prerequisite: A minimum grade of “C” in GCM 3745 required for undergraduate course only.

GCM 7231
Digital Image Preparation: 2-2-3
An exploration of the tools, processes and planning procedures used to capture, edit, and assemble images. The different image constraints required for various output or display methods are reviewed and demonstrated. Layout and design for various output and display methods are reviewed and implemented into course projects.

GCM 7232
Multimedia for Business and Industry: 2-2-3
This course will cover the creation of digital components for multimedia presentations, including: sound, graphics, animation, and video techniques. The use of multimedia presentations for video, CD-ROM, and the Internet, and the application of these technologies for the business and industrial setting will be explored and practiced. Prerequisite: Successful completion of a college level computer course or GCM 7231.

Geography (COST)

GEOG 1101/1101S
Introduction to Human Geography: 3-0-3
Basic concepts of cultural geography including characteristics and spatial patterns of population, religions, settlements, economies, languages, nutrition, health, migration, economic development, art, music, and other cultural phenomena.

GEOG 1110
Climate and the Landscape Lab: 0-2-1
A series of laboratories and exercises designed to provide hands-on applications of general theories regarding earth processes discussed in GEOG 1111, Climate and the Landscape. Prerequisite: Highly recommended to be taken concurrently with GEOG 1111.

GEOG 1111
Climate and the Landscape: 3-0-3
The earth’s surface in its areal differentiation. Focuses on the various elements of physical geography that act as a foundation to the discipline, including location and interaction of physical surficial phenomena. Prerequisite: Highly recommended to be taken concurrently with GEOG 1110.

GEOG 1130/1130S
World Regional Geography: 3-0-3
Study of geographic regions of the world emphasizing physical landscapes, resources, economies, culture and politics. Selected problems or situations of contemporary interest will be incorporated.

GEOG 3130/3310S
Conservation: 3-0-3
Examination of environmental factors in the setting of human activities. Emphasis is on modern efforts in conservation and resource management concerning wildlife, forests, fisheries, agriculture, rangeland, water, soils and oceans.

GEOG 3230/3230S
Economic Geography: 3-0-3
Study of the distribution, production and utilization of the world’s basic commodities.

GEOG 3330
Weather and Climate: 3-0-3
Elements and controls of weather and climate and the distribution and characteristics of climate regions.

GEOG 3440
Introduction to GIS and Cartography: 2-4-4
An introduction to the basic concepts, theories, techniques, and applications of Geographic Information Systems (GIS) and cartography. Students will learn and apply GIS and cartographic concepts to gain extensive hands-on experience in thematic mapping and manipulation of geo-referenced spatial information using GIS software.

GEOG 3530
Cultural Geography: 3-0-3
An examination of the world’s diverse cultural landscapes. Emphasis on the connections between social, political, religious and agricultural patterns and the impact of societies on the natural environment.

GEOG/GEOL 3741
Remote Sensing: 2-4-4
Introduction to the concepts, theory, collection, analysis and applications of remotely sensed spatial information. Prerequisite: Permission of instructor.

GEOG 4120
Introduction to Research: 2-0-2
The process of research utilizing the scientific method will be studied. Research methods in human and physical geography are discussed and critiqued. Methodologies including literature searches, topic selection and refinement, and research problem solving will be discussed. A proposal for a research project will be selected or assigned. A proposal written, and an oral presentation of the proposed research will be made. A minimum grade of “B” is required to continue in the research sequence.

GEOG 4130
Biogeography: 3-0-3
Introduces students to biogeography: the study of the distribution of plants and animals. Both historical taxonomic and ecosystems biogeography are covered. The analysis and explanation of spatial patterns of plant and animal distribution, while addressing change in species distribution and evolution in response to climate change and the process of continental drift that have taken place in the past and are taking place today, will be emphasized.

GEOG 4131
Geography of the American South: 3-0-3
Systematic regional treatment of the South including the physical, cultural and economic aspects of its various regions.

GEOG/LAST 4232
Geography of Latin America: 3-0-3
Study of the physical, cultural and economic geography of Latin America, including Mexico.

GEOG 4233
Geography of Asia: 3-0-3
A survey of the physical, cultural, political and economic geography of the countries of Asia. Selected problems or situations of contemporary interest will be incorporated.

GEOG/AAST 4330
Geography of Africa South of the Sahara: 3-0-3
A survey of the physical, cultural, political and economic geography of Africa south of the Sahara Desert. Selected problems or situations of contemporary interest will be incorporated.

GEOG 4430/4430S
Geography of Europe: 3-0-3
Survey of the physical, cultural, political and economic geography of Europe. Situations of contemporary interest will be included.

GEOG 4542
Intermediate GIS: 2-4-4
An introduction to advanced data models and spatial data analysis functions of Geographic Information Systems (GIS) software, with an emphasis on the conversion among various GIS data formats and geodatabase construction and management. Prerequisite: GEOG 3440.

GEOG 4543
Advanced GIS: Spatial Analysis and Modeling: 2-4-4
This course covers the advanced spatial analysis and modeling functions of GIS and offers both fundamental theoretical background and extensive hands-on experience in spatial analysis and modeling. Major topics include network analysis, surface modeling, spatial patterns analysis, spatial data visualization, and basics of spatial statistics. Prerequisite: GEOG 3440 and GEOG 4542.

GEOG 4610
Senior Thesis Seminar: 1-0-1
Proficiency in formal scientific paper presentation will be demonstrated. The student's senior research topic from GEOG 4820 will generate both written and oral presentations made in a formal setting to an audience of professors and peers. Prerequisites: GEOG 4120 and GEOG 4820.

GEOG 4790
Internship in Geography: 0-(5-30)-(1-6)
The internship allows students to work in a professional setting related to their chosen concentration in the field. Undergraduate students can earn between one and six credits for internships approved by their academic advisor and the Department's Internship Director. Students must maintain contact with the Internship Director through the course of the internship work, and must submit a written report and a work product at the end of the project. Internship credits can be used for elective credit only and may not substitute for specific degree requirements. Prerequisite: Permission of the Geology and Geography Internship Director is required.

GEOG 4820
Senior Thesis Research: 2-0-2
Provides a mechanism for geography majors to complete research project(s) started in GEOG 4120. The end product of the research is the senior thesis. Prerequisite: GEOG 4120.

GEOG 5030/5030G
Selected Topics-Regional Geography: 3-0-3
Offered on an experimental basis. Graduate students will complete an individual term project or special report.

GEOG 5031/5031G
Selected Topics-Human Geography: 3-0-3
Offered on an experimental basis. Graduate students will complete an individual term project or special report.

GEOG 5090/5090S/5090G
Selected Topics-Physical Geography: (3-4)-(0-2)-(3-4)
Offered with or without a lab on an experimental basis. Graduate students will complete an individual term project or special report.

GEOG 5091
Applied GIS: 0-8-4
Applications of advanced GIS design and modeling to a specific topical and/or geographic area. Topics and studies will be varied over time. Prerequisites: GEOG 3440, GEOG 4542, and GEOG 4543.

GEOG/AMST 5130/5130G
Geography of North America: 3-0-3
Systematic regional treatment of Canada and the United States including the physical, cultural, and economic aspects of various subregions. Special attention will be paid to comparative themes such as resource development, trade, and migration. Graduate students will complete an individual term project or special report.

GEOG 5230/5230G/5230S
Urban Geography: 3-0-3
An analysis of site, situation, base, principal functions, distribution, supporting areas and internal structure of urban settlements. Graduate students will complete an individual term project or special report.

GEOG 5430/5430G/5430S
Political Geography: 3-0-3
This course will cover the geography of political behavior from the local to the global scale by examining the relationship of geography and politics. Students will investigate the rapidly changing geopolitics of the era in which they live, with special emphasis on international relations, sovereignty, war, and terrorism. Additionally, the course will focus on redistricting, the Electoral College, and other geographic elements of our American democratic system. Graduate students will learn how to undertake an independent, supervised research project in the field of political geography.

GEOG 5590/5590G
Field Studies in Geography: (6-8)-(0)-(6-8)
An intensive course on a specific region of the world conducted in that region combining lecture, observation and travel. Students usually will bear tuition, travel and living expenses during the course. May be repeated for credit in different regions. Graduate students will complete an individual term project or special report.

GEOG 5620/5620G
Research Seminar in Geography: 2-0-2
Research methods in human and physical geography are discussed and critiqued. A proposal for a research project will be selected or assigned, a proposal written and an oral presentation of the proposed research will be made. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Junior standing or higher and permission of instructor.

GEOG 5890/5890G
Special Problems in Geography: (1-3)-(0-2)-(1-4)
Independent study for advanced students. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Approval of department chair.

Geology (COST)

GEOL 1110
Earth Laboratory: 0-2-1
A series of laboratory components that involve hands-on exercises with earth materials and processes which modify the Earth's interior and exterior. Prerequisite: Concurrent or prior completion of GEOL 1121. Strongly recommended to be taken concurrently with GEOL 1121.

GEOL 1121
Introduction to the Earth: 3-0-3
An introductory study of the origin and structure of earth materials and processes which modify Earth's interior and exterior. Corequisite: Strongly recommended to be taken concurrently with GEOL 1110.

GEOL 1122
General Historical Geology: 3-2-4
Discusses the origin and geological history of Earth. Methods of interpretation, fossils, geologic time measurements, time scales, physical and organic development of Earth are taught. Prerequisite: GEOL 1110 and GEOL 1121 or permission of instructor.

GEOL 1310
Environmental Geology Lab: 0-2-1
Consists of data collection, analysis, and problem solving of geologic and environmental problems. These problems will deal with earth materials, geologic hazards, economic and energy resources and water quality.
GEOL 1330
Environmental Geology: 3-0-3
An introduction to geologic processes, including flooding, coastal erosion, volcanoes, and earthquakes, and their effect on our environment. The origin, global distribution, use, and reserves of the Earth’s basic resources, including soils, water, minerals, rock deposits and energy resources are investigated. The role of these components and their effects on our daily lives are discussed.

GEOL 1430
Dinosaurs, Extinctions and Disasters: 3-0-3
A review of the dynamic processes of extinction, evolution, and change in ancient animal assemblages. Particular attention will be paid to the unique terrestrial communities that were dominated by dinosaurs, mammoths, and other megafauna. We will focus on the effects of meteorite collisions, ice ages, and mass extinction events.

GEOL 1530
Principles of Oceanography: 3-0-3
A survey course dealing with the physical and biological processes of the oceans addressing the interrelationships of the processes.

GEOL 3520
Field Methods: 0-4-2
Instruction in the tools and techniques used in the collection of field data, compilation of geologic maps and cross sections. Students will construct topographic and geologic maps and write geologic reports and abstracts. The course will consist of three main areas; data sources, data collection, and post-processing. Prerequisites: GEOL 1121, MATH 1112 or MATH 1113, or permission of instructor. Note: Two-day field trips are required.

GEOL 3541
Mineralogy: 3-3-4
An introduction to morphological crystallography, physical properties and the optical characteristics of the common minerals. Examines the genesis, occurrence, and uses of minerals. Laboratory work consists of study of common crystal forms, hand specimen identification and optical study via the petrographic microscope. Prerequisites: CHEM 1145, CHEM 1146, and GEOL 1121.

GEOL 3542
Petrology and Petrography: 3-3-4
An introduction to the origin, occurrence, and classification of common igneous and metamorphic rocks. Laboratory work consists of combined microscopic and megascopic study of rocks. A three day field trip across the southern Appalachians provides a field study component. Prerequisite: GEOL 3541.

GEOL/GEOG 3741
Remote Sensing: 2-4-4
See GEOG 3741 for course description.

GEOL 3790
Teaching Internship in Geology: 1-(2-6)-(1-3)
Student internship in GEOL 1310 (Environmental Geology Lab) under the mentorship of a faculty member. Student will participate in an introductory workshop immediately prior to the start of the semester, will intern in GEOL 1310, and meet with the faculty mentor one hour each week. One credit hour per laboratory section of GEOL 1310 in which the student interns. Prerequisite: A minimum grade of “B” in GEOL 1121, GEOL 1330 and MATH 1111 or permission of instructor.

GEOL 4120
Introduction to Research: 2-0-2
The process of research will be studied from the scientific method through the process of writing a scientific proposal. Construction of a technical paper and the technical oral presentation will be examined and practiced. Usages of geologic terms will be explained and learned. A proposal for a research paper will be selected or assigned, a proposal written and an oral presentation of the proposal research will be made. A minimum grade of “B” is required to continue in the research sequence.

GEOL 4530
Tectonics: 3-0-3
Processes, structures, and land forms associated with the deformation of the Earth’s crust are studied including the changes that take place on structures and landforms over time. Scales ranging from local, to regional, to global are incorporated. Prerequisites: GEOL 1121 and GEOL 1122.

GEOL 4610
Senior Seminar: 1-0-1
The process of scientific communication will be investigated and practiced. A final paper on the student's senior research topic will be written and an oral presentation made in a formal “Technical Session” format. The student will learn to prepare visual aids to illustrate his/her paper and talk. The “Technical Session” will be organized and run by students. Prerequisite: GEOL 4820.

GEOL 4790
Internship in Geology: 0-(5-30)-(1-6)
The internship allows students to work in a professional setting related to their chosen concentration in the field. Undergraduate students can earn between one and six credits for internships approved by their academic advisor and the Department's Internship Director. Students must maintain contact with the Internship Director through the course of the internship work, and must submit a written report and a work product at the end of the project. Internship credits can be used for elective credit only and may not substitute for specific degree requirements. Prerequisite: Permission of the Geology and Geography Internship Director is required.

GEOL 4820
Senior Thesis Research: 2-0-2
Provides a means by which geology majors can conduct research intended for completion of the senior thesis. Prerequisite: A minimum grade of “B” in GEOL 4120.

GEOL 5090/5090G/5090S
Selected Topics: (0-3)-(3-6)-(1-9)
This course provides a means by which new courses can be offered for experimental purposes. Graduate students will complete an individual term project or special report. Prerequisite: Permission of instructor.

GEOL 5130/5130G
Geochemistry: 3-0-3
The application of chemical concepts to geological problems. Graduate students will complete an individual term project or special report. Prerequisites: GEOL 1121, GEOL 1122, GEOL 3541, GEOL 3542, two terms of introductory chemistry or permission of instructor.

GEOL 5131/5131G
Economic Mineralogy: 2-3-3
An introduction to the origins of industrial and metallic mineral resources, and the exploration, discovery and use of such resources. Laboratory work includes identification and evaluation of mineral resources and visits to mines. Graduate students must complete a paper on an assigned topic. Prerequisites: GEOL 1121, GEOL 1122 and GEOL 3541 or permission of instructor.

GEOL 5132/5132G
Regional Field Geology: 3-0-3
A field expedition involving geological investigation of a major geologic region of North America. Students will be expected to make geological observations through such techniques as mapping, measuring sections, collecting scientific samples, or other standard techniques, then to analyze and interpret their observations or measurements. A scientific journal or notebook will be used by each student to record data and observations. A final report will be required. Students usually will bear tuition, travel, and living expenses in the field. Graduate students will complete an individual term project or special report.
GEOL 5140/5140G
Vertebrate Paleontology: 3-2-4
A study of the morphology, classification and geologic significance of vertebrate fossils. Graduate students will complete an individual term project or special report. Prerequisites: GEOL 1121 and GEOL 1122 or introductory biology or permission of instructor.

GEOL 5141/5141G
Paleontology: 3-3-4
This course covers the applications of paleontological methods to geologic problems. Major topics include: 1) the formation of fossils, 2) biostatigraphy; 3) fossil identification and classification, 4) biogeography, and 5) palaeoclimatology. Labs utilize a diverse collection of fossils and a computer lab with paleontology software. Graduate students will complete an individual term project or special report. Prerequisites: GEOL 1121 and GEOL 1122, introductory biology or approval of instructor.

GEOL 5142/5142G
Stratigraphy and Sedimentation: 3-2-4
Introduction to the principles and application of stratigraphy and biostratigraphy, and principles of sedimentation. Emphasis is placed on concepts of time, time-rock, rock units, sedimentary facies, guide fossils and fossil range and description of rocks in time and space, their correlation and interpretation. Petrologic interpretation and basic laboratory techniques are also demonstrated. The origin and distribution of sedimentary rocks is examined from initial weathering through erosion and transportation, to environments and mechanisms of deposition. Graduate students will complete an individual term project or special report. Prerequisite: GEOL 1122.

GEOL 5230/5230G
Earth Science: 2-3-3
A systematic study of the earth as a planet, including aspects of its atmosphere, oceans, lithosphere, soils and physiography. Laboratory will emphasize the location and utilization of local, as well as regional materials for earth science teaching and learning. Graduate students will complete an individual term project or special report. Prerequisite: Permission of instructor.

GEOL 5430/5430G
Geological Evolution of the Coastal Plain: 2-3-3
A study of the agents of weathering, transportation and deposition of sediments and the development of coastal plain landforms. Includes a study of Mesozoic and Cenozoic stratigraphy and paleontology with special emphasis on the Gulf and Atlantic Coastal Plains. Graduate students will complete an individual term project or special report. Prerequisites: GEOL 1121 and GEOL 1122. GEOL 5530 recommended.

GEOL 5431/5431G
Coastal Geology: 3-0-3
Coastal Geology will comprise an introduction to a variety of coastal environments and landforms as well as the physical and geological processes that shape them. Coastal hazards and issues related to the ecology and management of the coast will also be discussed. The course will include two required weekend fieldtrips to coastal areas in the southeastern United States. Graduate students will complete an individual term project or a special report. Prerequisite: GEOL 1121 or GEOL 1330; or permission of instructor.

GEOL 5440/5440G
Structural Geology: 3-3-4
A study of geologic structures resulting from rock formation and deformation. Attention will be given to recognition and solution of structural problems. Graduate students will complete an individual term project or special report. Prerequisites: GEOL 1121 and MATH 1113.

GEOL 5530/5530G
Geomorphology: 2-3-3
A systematic study of landforms and the processes which create and modify them. Graduate students will complete an individual term project or special report. Prerequisite: GEOL 1121 or GEOG 1111.

GEOL 5540/5540G
General Oceanography: 3-2-4
An integrated approach to the study of oceans with special emphasis on biology, chemistry and geology of ocean basins. Studies will include the ecological, physical, and geological features of ocean basins, as well as chemical composition of ocean water and oceanic circulation processes. Graduate students must complete an additional term project. Prerequisites: At least one term of introductory biology and two terms of chemistry or permission of instructor.

GEOL 5541/5541G
Hydrogeology: 3-2-4
A survey of hydrogeology that includes the occurrence, distribution, movement and chemistry of subsurface waters. Emphasizes subsurface hydrology (hydrogeology), but will also include related aspects of surface systems. Major topics covered will include: 1) relationships between precipitation, runoff, and infiltration; 2) porosity and permeability of various earth materials; 3) subsurface movement of water through earth materials; 4) basic chemical characteristics of natural waters; and 5) current water resource issues such as supply, quality, contamination, and remediation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: GEOL 1121 or permission of instructor.

GEOL 5542/5542G
Advanced Hydrogeology: 3-2-4
In-depth study of hydrogeologic and geochemical principles with emphasis on quantitative techniques. Various laboratory and field techniques will be covered, including the use of numerical models and aquifer testing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: GEOL 5541.

GEOL 5740/5740G
Sea Turtle Natural History: 3-3-4
Designed primarily for in-service teachers, will allow students to earn 4 hours credit for research monitoring sea turtle nesting on St. Catherine’s Island, Ga. Students will attend two distance learning training sessions, reside on the island for seven days to observe sea turtle nesting evidence, participate in sea turtle conservation activities, study barrier island natural history with lectures by leading scientists, and collect natural history specimens for their classrooms, and attend a follow-up meeting. Graduate students will complete a resource notebook or term project.

GEOL 5741/5741G
Sea Turtle Conservation: 3-8-4
Designed primarily for pre-service and in-service teachers, will introduce students to conservation through the study of Georgia’s sea turtles, content and process skills of science through conservation, and the integration of teaching resources and electronic technologies into their classrooms. May meet by distance learning with laboratory content delivered by Internet, distance learning, fax, or e-mail or by self-contained web-based video streaming (SREC). Will average 3 hours of lecture alternate weeks via distance learning and 4-8 credit hours of laboratory on alternate weekends via Internet, e-mail, and hands-on exercises. Permission of instructor required. Graduate students will complete an endangered species teaching unit or paper.

GEOL 5821/5821G
Museum Methods: 0-3-1
Practical experience in curation of geological museum specimens. Techniques include cataloging, preparation, reproduction, exhibiting and interpreting of geologic materials. Graduate students will complete an individual term project or special report. Prerequisite: Permission of instructor.
GEOL 5890/5890G
Directed Study: (0-3)-(0-9)-(1-3)
Well prepared geology majors may be permitted to carry on independent study upon the recommendation of one of the geology/geography faculty. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

German (CLASS)

GRMN 1001/1001S
Elementary German I: 3-0-3
An introduction to the German language and the culture of the German-speaking world. Beginning of a survey of basic German grammar and the development of the four language skills of listening, speaking, reading and writing German. Some aspects of everyday life in the German-speaking world will also be introduced.

GRMN 1002/1002S
Elementary German II: 3-0-3
The second part of an introduction to the German language and the culture of the German-speaking world. Completion of the survey of basic German grammar and further development of the four language skills of listening, speaking, reading, and writing German. Aspects of everyday life in the German-speaking world will also be introduced. Prerequisite: GRMN 1001 or equivalent.

GRMN 1060
Accelerated Elementary German: 6-0-6
An accelerated introduction to listening, speaking, reading, and writing in German and to the culture of German-speaking regions. Completes the elementary levels of German in one semester.

GRMN 2001/2001S
Intermediate German I: 3-0-3
Building upon communication skills (understanding, speaking, reading, and writing German) and cultural understanding, developed at the elementary level. Prerequisites: GRMN 1001 and GRMN 1002 or equivalent.

GRMN 2002/2002S
Intermediate German II: 3-0-3
Continued focus on communication skills and cultural understanding. Prerequisite: GRMN 2001 or equivalent or permission of instructor.

GRMN 2060
Accelerated Intermediate German: 6-0-6
Accelerated intermediate German with continued work on listening, speaking, reading, and writing in German and the culture of German-speaking regions. Completes the intermediate levels of German in one semester. Prerequisite: Completion of GRMN 1002 or equivalent.

GRMN 2195/2195S
Beginning German Conversation in Germany: 3-0-3
Learning the basics of German conversation, with simulated and live situations for practice in the real-life setting of Germany in the study abroad program. Prerequisites: GRMN 1002 or equivalent or permission of instructor and admission to the German Study Abroad program.

GRMN 2535/2535S
German Literature in Translation: 3-0-3
A study of certain major German authors and some of their best works read in translation. Also includes a study of the authors of these works and the literary periods in which they were written. Students may not count this course for credit toward a major or a minor in German.

GRMN 3130/3130S
German Conversation and Phonetics: 3-0-3
Vocabulary building and extensive practice of conversational skills in German through conversational settings. Contrastive analysis of the German and English sound systems and extensive oral practice. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 3132/3132S
German Grammar Review: 3-0-3
Intensive review of grammar with extensive practice in the application of the grammar in communicative situations. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 3134/3134S
Writing in German: 3-0-3
Grammar review, basic instruction in stylistics, and extensive practice in writing both short compositions and longer items. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 3230
Introduction to Literature: 3-0-3
Introduction to the terminology, methods, and goals of literary analysis. Reading of literary texts. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 3231
Listening Skills in German: 3-0-3
Presentation and discussion of select songs, radio plays, films and similar texts and formats. Can be repeated for credit with different content. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 3330
Germany Today: 3-0-3
A study of the geographic setting and the institutions in the contemporary German-speaking countries. Prerequisite: GRMN 2002 or GRMN 2060 or equivalent or permission of instructor.

GRMN 4030/4030S
Selected Topics in German: (1-3)-0-(1-3)
Study of a topic in German literature, culture, society, thought or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: GRMN 2002 or permission of instructor.

GRMN 4230
Readings in German Literature: 3-0-3
Presentation and discussion of German texts from all periods. Can be repeated for credit with different content. Prerequisites: Two courses at the 3000 level or permission of instructor.

GRMN 4330
The German Heritages: 3-0-3
A study of various aspects of the German cultural heritage, including German music, art, architecture, literature, and language. Prerequisites: Two German courses at the 3000 level or equivalent or permission of instructor.

GRMN 4331
Business German: 3-0-3
A career-oriented course designed to introduce the student to the language of business, commerce, and economics. Prerequisites: Two German courses at the 3000 level or permission of instructor.

GRMN 4332
Current Issues and Events in Germany: 3-0-3
Presentation and discussion of current issues, news, events, and aspects of daily life. Due to its nature, the content changes every time this course will be offered. Can be repeated for credit with different content. Prerequisites: Two German courses at the 3000 level or permission of instructor.

GRMN 4790
Internship in Germany: (1-15)-0-(1-15)
Internship in one or more German-speaking countries. Prerequisites: Permission of instructor and department chair.

GRMN 4890
Directed Study in German: (1-15)-0-(1-15)
Independent study under faculty supervision. Prerequisites: Two German courses at the 3000 level or equivalent or permission of instructor.

Georgia Southern University (VPAA)

GSU 1120
Methods of Learning: 2-0-2
Designed to promote academic success, Methods of Learning emphasizes opportunities for students to learn and apply strategies that lead to success in their academic courses, including interpreting, organizing, and synthesizing academic information in texts and lectures; identifying and assessing individual learning styles; setting and achieving academic goals; managing time effectively; taking comprehensive notes; and preparing for tests. This course cannot be used to meet graduation requirements.

GSU 2121
Career Exploration: 2-0-2
This course is designed to provide the student with the opportunity for indepth career exploration. Within a decision making model, the student will explore self and the world of work and how the two interact. From this framework, students will narrow down career-major choice options using a variety of exercises and resources. Prerequisite: Completion of 30 hours of course work.

GSU 2122
Professional Development Seminar: 2-0-2
The seminar will focus on the job search process and preparation for the business world. It is geared towards students who are beginning their job search process and who have completed 60+ hours. Students may also enroll with special permission of the instructor. Prerequisite: Junior standing or higher.

GSU 2222
Preparing Students for University Service: 2-0-2
This course is open to students who have been through a selection process to obtain positions which require working effectively with peers and professional staff and are an integral part of the delivery of services by the Division of Student Affairs. The course teaches student paraprofessionals skills and knowledge to allow them to better serve other students, and introduces students to careers in higher education. The professional staff/instructor has the obligation to provide the essential theoretical and practical information necessary for students to effectively carry out their responsibilities. Prerequisite: Permission of instructor.

History (CLASS)

HIST 1111/1111S
World History I: Development of World Civilization: 3-0-3
A survey of the major developments in world history from the beginnings of civilization to 1450, establishing the historical context for contemporary global society.

HIST 1112/1112H/1112S
World History II: Emergence of Modern Global Community: 3-0-3
Addresses the historical context of contemporary global society by tracing developments from the fifteenth century to the present.

HIST 2110/2110H/2110S
U.S. A Comprehensive Survey: 3-0-3
Surveys the United States from precolonial times to the present with special attention to Georgia. Satisfies the Georgia History and U.S. History requirements.

HIST 2630/2630S
Historical Methods: 3-0-3
An examination of the methodologies and techniques of historical research and writing. This course is a requirement for history majors and for the social studies section of the Bachelor of Science in Education.

HIST 2630H
Historical Methods (Honors): 3-0-3
In this course, students will examine the methodologies and techniques of historical research and writing, be introduced to the nature and expectations of the historical profession, and develop the skills necessary to conceive and complete the honors senior thesis.

HIST 3030/3030S
Selected Topics in History: 3-0-3
Topics vary with individual professor.

HIST 3111H
History Honors Thesis Seminar I: 1-0-1
In this course Honors History majors will begin the research component of the Honors Program in History by selecting a research topic and writing a research proposal. Prerequisite: A minimum grade of "C" in HIST 2630.

HIST 3112H
History Honors Thesis Seminar II: 1-0-1
In this course Honors History majors will continue the research component of the Honors Program in History through a review of the historiographical literature, compilation of an annotated bibliography, and outline of their Senior Honors Thesis project. Prerequisite: A minimum grade of "C" in HIST 3111H.

HIST/AAST/AMST 3130
African American History to 1877: 3-0-3
African American history from African beginnings to Reconstruction. This is a study of the thought and actions of people of African ancestry from their origins in precolonial Africa to the conclusion of the Civil War and its aftermath.

HIST/AAST/AMST 3131
African American History Since 1877: 3-0-3
African American history from Reconstruction to the present.

HIST 3132
Young Republic, 1788-1848: 3-0-3
A survey of U.S. history from the Ratification of the Constitution through the end of the war with Mexico. This course will cover major aspects of American politics, economy, and culture as the country expanded to the Pacific.

HIST/AMST 3133
United States Constitutional History: 3-0-3
A survey of United States Constitutional history from its origins to the present including an exploration of the adaptation of the federal system to changing social, economic, and political demands.

HIST/AMST 3134
American Economic History: 3-0-3
The changing character of American economic life from colonial times to the modern consumer culture including religious beliefs, economic thought, industrialization, business organization, government-business relations, and social transformation.

HIST 3135
Rise of U.S. to World Power: 3-0-3
Studies the history of U.S. foreign relations from the initial breach with Britain in the 1770s to the aftermath of the Spanish-American War at the end of the nineteenth century.
HIST/INTS 3136/3136S
U.S. as a Global Power: 3-0-3
Studies the history of U.S. foreign relations from the turn of the twentieth century to the present.

HIST/AMST/WGST 3137
History of Women in the United States: 3-0-3
Examines the experiences of women in the United States from colonial times to the present within the overall framework of American history. Explores the impact of major historical events on women; the contributions of women to the social, political, cultural and economic development of the US; and the changing roles of women within the family and the workplace.

HIST/RELS 3139
History of Religion in the U.S.: 3-0-3
A survey and analysis of the major religious patterns in the United States with special attention given to belief systems, institutional forms, social composition, and historical development.

HIST/AMST 3230
American Military History: 3-0-3
Studies military strategy, tactics, technology, and main features of American conflicts from colonial times to this century.

HIST/RELS 3233
The Early Church: 3-0-3
How did Christianity turn from an illegal, persecuted cult into the official religion of the Roman empire? The course will focus on the first five hundred years of the Christian church: its development, doctrine, and especially its relationship with the ancient civilizations of the Mediterranean world (Greece, Rome, and the Near East).

HIST/INTS/RELS 3250
The Muslim World to Tamerlane: 3-0-3
A study of the rise of Islam in the seventh century and of the various Muslim societies that arose prior to the fifteenth century from the Iberian Peninsula to South Asia.

HIST/INTS/RELS 3251
The Muslim World Since Genghis Khan: 3-0-3
A study of the global reach of Islam since the thirteenth century. The focus is on how Muslim societies have dealt with the precipitous decline in their well-being since their pinnacle of influence in the seventh century.

HIST 3330/3330S
History of Greece: 3-0-3
A survey of ancient Greek history from the Minoan and Mycenaean civilizations to Alexander the Great.

HIST 3331/3331S
History of Rome: 3-0-3
A survey of Roman history and society from the beginnings to the emperor Constantine.

HIST 3332
Late Antiquity: 3-0-3
A survey of the Mediterranean world from the later Roman empire to the new civilizations of Europe, Byzantium, and Islam.

HIST 3333/3333S
The Middle Ages: 3-0-3
A survey of the development of European civilization and relations between Christendom and Islam from the decline of the Roman Empire to the Renaissance.

HIST/RELS 3334
Christian Europe 450-1750: 3-0-3
The major theme of this course is the development of various Christian traditions in Europe from the early middle ages to the Enlightenment. Topics include the spread of Christianity, formation of distinct Christian churches, and the many wars fought in the name of Christianity.

HIST 3337/3337S
Europe, 1914-1945: 3-0-3
A study of the role of the two world wars and the interwar period in shaping Europe and the modern international environment.

HIST/INTS 3338/3338S
Contemporary Europe: 3-0-3
An examination of the European experience since the end of World War II. Emphasizes the political, economic, social, cultural, and intellectual change and continuity in the years 1945 to the present.

HIST 3430
History of England to 1603: 3-0-3
A survey of English history from the Roman occupation to the death of Elizabeth I.

HIST/IRSH 3431
England since 1603: 3-0-3
A survey of English history from the accession of King James I to the present.

HIST 3432
Germany: 1648-Present: 3-0-3
A survey of modern German history, outlining the origins of Prussia, Bismarck’s statecraft, the rise and fall of Hitler’s Third Reich, and post-World War II Germany.

HIST 3434
Modern European Thought: 3-0-3
An examination of significant figures and developments in modern European intellectual history from the eighteenth century Enlightenment to Post-Structuralism.

HIST 3435
The Scientific Revolution: 3-0-3
A study of scientific change from Copernicus to Newton.

HIST 3436
The Holocaust: 3-0-3
This course will examine the origins, implementation, and legacy of the Holocaust: the attempt of the Nazis to eliminate Europe’s Jews and other ethnic groups labeled as undesirables by the National Socialist Movement in Germany.

HIST/INTS/AAST 3530
History of Africa to 1800: 3-0-3
Traces the development of significant social, economic and political institutions within precolonial Africa.

HIST/INTS/AAST 3531
History of Africa since 1800: 3-0-3
Traces significant developments in precolonial, colonial and post colonial African history. These include trade and the origins of the colonial state as well as African encounters with colonialism.

HIST/INTS 3532
The Modern Middle East: 3-0-3
A survey of the major developments in the Middle East since World War I.

HIST 3533
Modern Eastern Europe: 3-0-3
A survey of Eastern Europe which will stress the political, social, economic, military, and cultural development of 19th and 20th century Poland, Hungary, the Czech Republic as well as the Balkan nations.
HIST/INTS 3534  
Modern Southeast Asia: 3-0-3  
Common themes of the region from 1600, including the impact of the West, the nationalist response, and the post-WW II rise of a modern community of nations.

HIST 3536/3536S  
Russia to 1917: 3-0-3  
A survey of the history of Russia from its Kievan origins to the Revolution of 1917.

HIST/INTS/LAST 3537  
Colonial Latin America: 3-0-3  
A political, social, and economic survey of Latin America from its pre-Columbia era to its struggles for independence.

HIST/INTS/LAST 3538/3538S  
Modern Latin America: 3-0-3  
A political, social, and economic survey of Latin America from independence to the present.

HIST 4030  
Directed Study in History: 3-0-3  
Independent study with topics varying by professor.

HIST 4111H  
History Honors Thesis Seminar III: 1-0-1  
In this course Honors History majors will progress through the research component of the Honors Program in History by completing a first draft of their Senior Thesis project. Prerequisites: A minimum grade of “C” in HIST 3111H and HIST 3112H.

HIST 4112H  
History Honors Thesis Seminar IV: 1-0-1  
In this course Honors History majors will progress through the research component of the Honors Program in History by completing the final version of their Senior Honors Thesis project and presenting their findings at the Undergraduate Research Symposium. A minimum grade of “C” in HIST 3111H, HIST 3112H, and HIST 4111H.

HIST 4130  
Georgia History: 3-0-3  
Explores important political, social, cultural, and economic developments that have shaped modern Georgia. Satisfies the Georgia Constitution and Georgia History requirements.

HIST/AMST 4131  
American Biography: 3-0-3  
An analysis of the life stories of representative individuals in American history including examination of different types of biographical writing.

HIST/AMST 4132  
Recent America: U.S. Since 1945: 3-0-3  
Surveys the history of the United States from World War II to the present, including social, political, and economic developments.

HIST/INTS 4133  
U.S. Diplomacy: The Cold War: 3-0-3  
Examines the history of U.S. foreign relations from the aftermath of World War II to the collapse of the Soviet Union.

HIST/AAST 4134  
The Civil Rights Movement: 3-0-3  
The course explores the origins, ideologies, strategies and legacy of the modern civil rights movement in the North and the South with special focus on the impact of race, class, and gender on civil rights from 1946-1968.

HIST/AMST 4135  
The United States in the 1960's: 3-0-3  
An examination of the cultural, social and political changes in the United States during the 1960s. Topics include the Civil Rights movement, the Vietnam War, the rise of feminism, the counterculture, and the conservative backlash.

HIST 4230/4230S  
The Renaissance: 3-0-3  
Examines the cultural, intellectual, political, economic and social aspects of Italy from 1300-1525, with additional reference to its northern European context.

HIST 4333  
Colonial Experience I: Europe: 3-0-3  
Examines the causes, course and consequences of the “New Imperialism” of Europe in the years 1875 to 1945 and the subsequent process of decolonization following the end of World War II. Emphasis will be placed on the historiographical treatment of the causes of European imperialism, the debate over its consequences, and the relationship between Europe and its former dependencies.

HIST/WGST 4335  
“Woman Question” in Europe: 3-0-3  
An intellectual history course focusing on the debate over women’s nature, women’s roles, and the notion of “woman.” Although the “woman question” has a history spanning the entire modern period, this course will examine the period 1848-1950 when many of the classic texts appeared.

HIST/RELS 4336  
Science and Religion: 3-0-3  
Examines the interactions between science and religion from ancient times to the present.

HIST 4337  
Technology and the Historian: 3-0-3  
This course considers the implications of new technologies for the reading, writing, organization and presentation of history. Along with analyzing how technological development has helped fashion collective memory, the course emphasizes creating and implementing design solutions for the communication of historical findings through individual and group projects.

HIST/AMST 4431  
Contact, Encounter and Colonization: Early America to 1670: 3-0-3  
The Atlantic World context for the settlement of North America, initial contacts between Old World and New, and the processes of colonization and intercultural encounter are the primary subjects of this course.

HIST/AMST 4432  
Diversity and Division: Early America 1670-1763: 3-0-3  
This course focuses on the growing prosperity of the colonial American colonies, the increasing diversity of their populations, and the tensions and crises that resulted from both of these developments. Topics will include the rise of slavery, the birth of a consumer society, and the contest among European nations and their Indian allies over the future of North America.

HIST/WGST/AAST 4530  
Revelation and Revolution: 3-0-3  
Explores issues of gender, spirituality, and power within the context of African history.

HIST 4531/4531S  
World War I: 3-0-3  
An examination of the background, origins, diplomacy, strategy, critical turning points, conclusion, and meaning of World War I.

HIST/AAST 4532  
 Destruction of Slavery: 3-0-3  
Focuses on the end of plantation slavery in the nineteenth century Atlantic World. The geographic concentration and topics covered will vary according to the focus of the instructor.
HIST 4533
The History of Flight: 3.0-3
A study of the development of aeronautics from the earliest ideas through the space age.

HIST 4534
Dinosaurs and Extinctions: 3.0-3
The history of (1) the meaning of fossils, meteorites, comets, and asteroids; (2) the discovery of dinosaurs and other extinct animals; and (3) the various extinction theories.

HIST 4635
Senior Seminar: 3.0-3
A senior seminar in which students will engage in extensive research in historical sources and literature relating to a specific problem or topic. Emphasis will be on the individual preparation of research papers. Topics will vary with professor. Prerequisites: Senior standing or permission of instructor.

HIST 4690
Senior Thesis: 3.0-3
Readings in the literature and philosophy of history under the direction of a faculty member with the goal of completing a senior thesis. Admission only by permission of the department.

HIST 4790
Internship in History: 0-1.0-9
Designed to give History majors applied history experiences in museums, historical societies, historical sites, or other venues approved by the History Department chair. May be taken only by History majors. Prerequisite: 15 semester credit hours of upper-division course work in History; adjusted GPA of 3.0; GPA of 3.0 in History courses; approval of department chair and supervisor at internship site.

HIST 5130/5130G
American Indian History: 3.0-3
A survey of the history of American Indians from pre-contact to the present, supplemented by case studies from a number of regions.

HIST/AMST 5133/5133G
Revolutionary America: 3.0-3
An intensive study of themes in Revolutionary American history (from 1763 to approximately 1790), including the growing rift between Britain and its colonies, the roles of women and African-Americans, and the origins of American identity. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST/AMST 5134/5134G
Civil War and Reconstruction: 3.0-3
An examination of the sectional polarization of the 1850's, the impact of war on the southern and northern home fronts, and the trauma of reconstructing the Union. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5136/5136G
Recent America: U.S. Since 1945: 3.0-3
Surveys the history of the United States from World War II to the present, including social, political, and economic developments. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST/AMST 5137/5137G
The Antebellum South: 3.0-3
The social, intellectual, cultural, economic, and political history of the American South to 1861 with an emphasis on Georgia's role. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST/AMST 5138/5138G
The New South: 3.0-3
The social, intellectual, cultural, economic, and political history of the post-Civil War South with an emphasis on Georgia's role. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5230/5230G
Advertising and Culture: 3.0-3
Surveys the business of selling consumer goods from the nineteenth century to the present with analysis of how advertising became a cornerstone of the consumer culture and how ads historically have communicated images of the American dream. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5231/5231G
Legal History of U.S.: 3.0-3
Examines United States legal history from colonization to modern times, looking at such issues as the role of the law in the economy, society, and growth of the modern legal order. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5232/5232G
Working Class History in the United States: 3.0-3
An examination of the social, cultural and political history of the working class in the United States since industrialization. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST/AAST 5233/5233G
The American City: 3.0-3
An examination of American urban development from the colonial period to the present with particular attention paid to migration, architecture, technology, politics, transportation, and urban culture in the late nineteenth and twentieth centuries. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5331/5331G
The Age of Chivalry: 3.0-3
Examines the society and culture of Europe during the High Middle Ages. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST/RELS 5332/5332G
The Reformation: 3.0-3
Focuses on the breakup of western Christian unity in the sixteenth century, particularly on the formation of Lutheran and Calvinist denominations and the social, political, and economic consequences for all European through the seventeenth century. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5335/5335G
World War II: 3.0-3
The Second World War from its origins to its consequences. The military campaigns are covered, but there is also emphasis on the personalities, the technology, the national policies, and the effect of the war on the home fronts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5336/5336G/5336S
Revolutionary France: 3.0-3
An examination of the causes, course, and consequences of the French Revolutionary and Napoleonic Eras. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

HIST 5339/5339G
Modern Britain: 3.0-3
A detailed study of British history from the Reform Act of 1867 to the present. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**HIST 5430/5430G**
**Modern France: 3-0-3**
An examination of the history of France from the fall of Napoleon Bonaparte in 1815 to the present. It will examine the political, diplomatic, cultural, economic, social, intellectual, and artistic developments which have shaped France in the modern era. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**HIST 5530/5530G/5530S**
**20th Century Russia: 3-0-3**
A survey of the history of Russia in the 20th century. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**HIST/INTS 5531/5531G/5531S**
**Modern Japan: 3-0-3**
Japan through the Tokugawa period to its nineteenth century emergence from isolation and its growth as a world power with emphasis on traditional culture, industrialization, and post-WW II society. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**HIST/INTS 5532/5532G**
**Modern China: 3-0-3**
Cultural change and continuities of China from 1600 to its response to the West, the rise of the People's Republic, and the Post-Mao present.

**HIST/INTS 5533/5533G**
**Economic Rivals: U.S.-EC-Japan: 3-0-3**
Contrasts the historical development of business in the U.S., European Community, and Japan from preindustrial times to the present, emphasizing how culture, economics, and politics have shaped business growth and international trade, creating rival capitalists. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**HIST 7630**
**The Historian's Craft: 3-0-3**
This seminar introduces graduate students to professional aspects of teaching and pursuing research in history, including historiography, preparing a curriculum vitae, fundamentals of classroom teaching, and tutoring.

**HIST 7631/7631S**
**Readings in American History: 3-0-3**
A reading colloquium in which topics will vary with individual professor.

**HIST 7633**
**Readings in European History: 3-0-3**
A reading colloquium in which topics will vary with individual professor.

**HIST 7635**
**Readings in Non-Western History: 3-0-3**
A reading colloquium in which topics will vary with individual professor.

**HIST 7638/7638S**
**Research Seminar: 3-0-3**
Topics vary with individual professor.

**HIST 7639**
**Studies in Georgia History: 3-0-3**
Engages a variety of selected topics in Georgia History.

**HIST 7791**
**Graduate Internship in History: 0-(1-6)-(1-6)**
Designed to give graduate students in History applied history experiences in museums, historical societies, historical sites, or other venues approved by the History Department chair. May be taken only by History graduate students. Maximum of 3 credit hours may apply toward the M.A. degree for students pursuing the thesis option; maximum of 6 credit hours may apply toward the M.A. degree for students pursuing the non-thesis option. Will not substitute for thesis credit or non-thesis project credit required for the M.A. degree. Prerequisite: 18 credit hours graduate courses in History, with a minimum overall GPA of 3.0 and minimum GPA in History courses of 3.0; approval of department chair and supervisor at internship site.

**HIST 7830**
**Historical Writing: 3-0-3**
Techniques of writing and editing manuscripts based on original historical research.

**HIST 7831**
**Independent Study in History: 3-0-3**
Topics vary with professor.

**HIST 7990**
**Non-Thesis Project in History: (1-6)-(0-1-6)**
Planned research and writing directed by student's advisor. Intended only for graduate students pursuing the non-thesis option in the M.A. program in History. This course cannot count as an elective.

**HIST 7999**
**Thesis: (0-6)-(0-1-6)**
Planned research and writing directed by student's thesis advisor.

**Health (CHHS)**

**HLTH 1520/1520H/1520S**
**Healthful Living: 2-0-2**
Introduces students to fundamental concepts associated with healthful living throughout the life span in modern society. Course content focuses upon the promotion of health and wellness within individuals, families and communities through an understanding of healthful living, development of healthy lifestyles and avoiding or overcoming harmful habits.

**HLTH 2120**
**Safety Principles and First Aid Techniques: 1-3-2**
Enables students to learn to function more effectively in personal, social and vocational roles by developing expertise that will enable them to reduce to a minimum the risk of accident involvement. Special emphasis is placed on the concepts of accident causation, counter measures and how to respond to a wide variety of injury and sudden illness emergencies. Students satisfying American Red Cross standards will receive certification in Community First Aid and Safety/Community CPR.

**HLTH 2130**
**Foundations of Health Education: 3-0-3**
Introduces students to the field of health education. The historical origins of health education, selected learning theories, emerging issues and trends in the field and professional responsibilities of health educators in various practice settings will be examined.

**HLTH 2510**
**Medical Terminology: 1-0-1**
Equips the student with the basic skills needed to read, understand and interpret medical terms common to health related issues and tasks.

**HLTH 2520**
**Peer Health Education Training: 1-3-2**
Develops the skills necessary to become an effective peer health educator. Content will include a review of basic health knowledge, development of program planning and presentation skills. At the completion of the course,
the students will be able to develop, coordinate, and implement health education workshops, promote health related activities and execute effective media and public relations strategies for health education.

HLTH 3130
Substance Use and Abuse: 3-0-3
Explores legal and illegal drug use in modern society. Issues related to the social, cultural, political and economic impact of drug use will be discussed. The emphasis in the course will be on prevention, treatment and effective education techniques for various practice settings and target populations.

HLTH 3131
Health and Disease: 3-0-3
A discussion of special topics covering the basic principles of the disease process and pathophysiological functioning in humans. Included is the study of the etiology, signs and symptoms, diagnosis, treatment and prevention of diseases and conditions of the body systems including: cardiovascular, urinary, reproductive, digestive, circulatory, nervous and endocrine. Prerequisites: A minimum grade of “C” in KINS 2531/2511 and KINS 2532/2512.

HLTH 3132
Health Care Systems: 3-0-3
Covers the background and development of administrative settings for health care delivery in the United States. Explores the dynamics, trends and issues evolving from current health and medical care programs and practices with an emphasis on the ramifications of these various settings and trends with regard to health promotion and community health. Prerequisite: HLTH 2130 or permission of instructor.

HLTH 3133/3133S
Health Promotion Program Planning: 3-0-3
Provides the student with the theory and practical applications of planning, developing, implementing and evaluating health promotion programs in a variety of settings. The focus will be on a global approach to planning with emphasis on the worksite, hospital and the community as settings for health promotion programming. Prerequisite: HLTH 2130 or permission of instructor.

HLTH 3134
Research Methods and Evaluation: 3-0-3
Introduces the student to research methods used in health education and promotion. Examines the rationale and procedure to evaluate health education/promotion programs. Focuses on several topics including: research design, methods of program evaluation, planning research and evaluation, the politics and ethics of evaluation, measurement, sampling logistics, data analysis and the development of a student project. Prerequisite: HLTH 3133.

HLTH 3230
Community Health: 3-0-3
Exposes the student to concepts, theories, terms, models, resources, people and experiences which are related to community health issues and programs with a focus on the role of health educators in various community health settings. An examination of affiliations, functions, responsibilities, skills and networks used by community health educators will be included. Prerequisite: HLTH 2130, HLTH 3131, or permission of instructor.

HLTH 3231
Epidemiology and Vital Statistics: 3-0-3
Introduces the student to the principles and practice of epidemiology and vital statistics. Students will be exposed to the historical development of epidemiology, concepts of causality, definitions of health and disease and sources of community health data. Current principles and practices in the cause, prevention and control of diseases in various community settings will be emphasized. Prerequisite: HLTH 2130, HLTH 3131, or permission of instructor.

HLTH 3330
Behavioral Approaches to Health Programs: 3-0-3
This course is intended to introduce students to the learning and behavioral science theories that provide a framework for the practice of health education and promotion. Application of the theories to planning and implementing health promotion and education programs for individuals, groups, families and communities will be emphasized. This course also introduces the students to various approaches to describing, explaining, and predicting health behaviors behaviors that have or are perceived to have significant effect on human health. Prerequisite: HLTH 2130.

HLTH 3331
Stress Theory and Management in Health Promotion: 3-0-3
Explores issues related to the etiology of stress and stressors with emphasis on environmental, organizational, interpersonal and individual patterns of stress in various health promotion settings. Competency in the active management of stress and mobilizing support in health settings will be evaluated. Prerequisite: HLTH 2130 or permission of instructor.

HLTH 3332
Coordinated School Health Programs: 3-0-3
Designed to study the basic principles and practices underlying the organization and administration of a coordinated school health program including the relationship to current child health status. Assessment and planning of developmentally appropriate health instruction, examination of health education curricula with content focus on the following health topics: nutrition, consumer health, environmental/community health, disease prevention, sexuality and substance use education will also be addressed. Prerequisite: Junior standing and formal acceptance into the Teacher Education Program or consent of instructor. (Fall semester) Prerequisites: A minimum grade of “C” in HLTH 1520 and admission to the Teacher Education Program.

HLTH 3430
Sexuality Education: 3-0-3
Explores contemporary issues in human sexuality and prepares future health professionals to conduct sexuality education with diverse populations in a variety of settings (i.e., school, community, or worksite). Content is intended to help students increase their knowledge of sexuality, improve their ability to educate about and promote sexual health and develop skills to increase their comfort level in discussing human sexuality.

HLTH 3431
Methods and Materials for School Health Education: 2-3-3
Introduces the student to productive, creative, innovative and effective methods needed to implement comprehensive school health education. Students will become familiar with organizing and presenting health content, health materials, health curricula, community resources and using technology for K-12 with emphasis on middle and secondary school students. An integral component of the class will be the participation in peer teaching experiences in the school setting. Prerequisites: A minimum grade of “C” in HLTH 3130, HLTH 3332, HLTH 3432, and admission to Teacher Education Program in Health and Physical Education.

HLTH 3432
HPE Curriculum Development: 3-0-3
Provides the student with the knowledge, skills, and resources to develop a philosophical position and curricular materials consistent with that position and with state and national guidelines. Prerequisite: Admission to Teacher Education Program in Health and Physical Education.

HLTH 3530
Health and Physical Education for the Early Childhood Teacher: 3-0-3
Develops the elementary classroom teacher's ability to organize and implement a developmentally appropriate health and physical education program for students. Emphasis will be placed upon teaching strategies and methodologies. Prerequisite: Admission to Teacher Education Program.

HLTH 3531
Consumer Health: 3-0-3
Prepares individuals to make intelligent decisions regarding the purchasing and use of health products and services that will have a direct affect on their health. Allows students to explore the relationships among consumerism, health and education. Students will investigate consumerism, marketing and advertising as foundational aspects of consumer health. In addition, students will survey a variety of health related products and services to determine the implications and consequences of their use.

**HLTH 4099/4099S**

**Selected Topics in Health Science: (1-3)-0-(1-3)**

Provides the student with in-depth study of selected topics in health science. Prerequisite: Permission of instructor.

**HLTH 4130**

**Perspectives on Living While Dying: 3-0-3**

The web-based course lays a foundation for students' future interactions with and care of individuals who are dying. Strategies for improving the quality of life during dying and death are examined attention to application. The physiology of dying and methods of handling circumstances surrounding the process of dying and death are included. The course is directed toward students in the helping professions such as nursing, health science, sociology, psychology, and the general student population. Prerequisite: Junior/Senior level or permission of instructor.

**HLTH 4230**

**Maternal and Child Health: 3-0-3**

Reviews the historical and contemporary maternal and child health trends and issues. The application of health behavior and education theories to understanding the health status of women and their children will be central to the course. Particular emphasis will be placed on promotion and education efforts designed to improve the health, well-being and quality of life for women and children in the United States. Prerequisite: HLTH 2130 for Health majors or permission of the instructor for Non-Health majors.

**HLTH 4231**

**Health Aspects of Aging: 3-0-3**

Examines the aging process from a health education perspective. Students will become acquainted with the process of and problems associated with aging in order to effectively manage this important public health issue. Knowledge and understanding of biological, psychological, and sociological aspects of aging as related to health and wellness will also be addressed. Prerequisite: HLTH 3230 or permission of instructor.

**HLTH 4330**

**Promotional Strategies for Health Programs: 3-0-3**

Explores the application of social marketing and communication theory to the development of strategies to enhance health education and promotion programs. Prerequisite: HLTH 2130.

**HLTH 4331**

**Individual and Group Strategies for Health Behavior Change: 3-0-3**

Explores techniques and practices for improving personal communication effectiveness with both individuals and groups. An overview of the literature on group dynamics and self-directed health behavior change will be provided, focusing on skills for working with individuals and for leading and facilitating groups. Prerequisites: HLTH 2130 for Health majors or permission of the instructor for Non-Health majors.

**HLTH 4618**

**Senior Seminar in Community Health: 1-0-1**

Provides senior level Community Health majors with a colloquium in which to discuss current issues and topics, with a focus on professional ethics, professional employment opportunities, internships, development and growth and current research themes within the profession. Should be taken 1-2 semesters prior to HLTH 4798. Prerequisite: Senior level Community Health major status, HLTH 3131 or equivalent.

**HLTH 4619**

**Senior Seminar in Health Behavior: 1-0-1**

Provides senior level Health Behavior major students with a colloquium in which to discuss current issues and topics, with a focus on professional ethics, professional employment opportunities, internships, development and growth and current research themes within the profession. Should be taken 1-2 semesters prior to HLTH 4799. Includes preparation for the internship experience. Prerequisite: Senior level Health Behavior major status, HLTH 3131 or equivalent.

**HLTH 4798**

**Internship in Community Health: 0-0-12**

Provides the senior level Community Health majors with a practical experience in an appropriate health setting. Students should complete all course work in the Community Health major prior to enrolling in this course. Prerequisites: A minimum grade of “C” in all major courses, major guided electives, and Area F courses, 2.5 adjusted GPA.

**HLTH 4799**

**Internship in Health Behavior: 12-0-12**

Provides the senior level Health Behavior major student with a practical experience in an appropriate health setting. Students should complete all course work in the Health Behavior major prior to enrolling in this course. Prerequisite: HLTH 4619.

**HLTH 4899**

**Directed Individual Study: (1-3)-0-(1-3)**

Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

**HLTH 7099**

**Selected Topics in Health Science: (1-3)-0-(1-3)**

Provides the student with the opportunity to conduct an in-depth study of selected topics in health science. Particular attention will be given to the critical evaluation and presentation of research. Prerequisite: Permission of instructor.

**HLTH 7760**

**Practicum in Community Health Education: 0-36-6**

Permits the student to receive practical experience in a selected health related setting. Prerequisite: Permission of Graduate Program Director.

**HLTH 7899**

**Directed Individual Study: (1-3)-0-(1-3)**

Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

**HLTH 8430**

**Educational Strategies for Chemical Dependency: 3-0-3**

Emphasizes educational strategies and techniques of teaching material related to chemical dependency. Techniques of presenting instruction will be related to precursors of abuse, physiological and psychological effects and rehabilitation methods and costs to society. Prerequisite: Undergraduate course in drug use and abuse or permission of instructor.

**HLTH 8431**

**Health and Human Sexuality for Educators: 3-0-3**

Prepares current and future sexuality educators for implementing sexuality education programs in various settings, including schools, colleges and universities and community programs. Prerequisite: Undergraduate course in sexuality or permission of instructor.

**Hotel and Restaurant Management (CHHS)**

**INRM 2333**

**Introduction to the Hotel and Restaurant Industry: 3-0-3**

An introduction to the history of services management, the organizational forms and professional opportunities in the hospitality industry.
HNRM 2334
Hospitality Accounting and Finance: 2-2-3
The practice of managerial accounting and financial management in hotels, restaurants and resorts. Prerequisites: HNRM 2333, ACCT 2030, CISM 1110, and CISM 1120.

HNRM 3090/309OS
Selected Topics in Hotel and Restaurant Management: 3-0-3
Provides students with the opportunity to study contemporary and international topics and issues relevant to the hotel and restaurant management profession.

HNRM 3324
Foodservice Theory: 2-0-2
Food service and menu planning in commercial settings are studied. Emphasis is placed on forecasting, procuring, storing, producing, serving food, standardized recipes, writing specifications and utilizing computers for food service. Prerequisite: HNRM 2334, NTFS 2534, or permission of instructor. Corequisite: HNRM 3335.

HNRM 3333
Introduction to Hospitality Operations: 3-0-3
This course is an introduction to the hospitality industry that highlights critical supervision and management topics such as managerial accounting, communication skills, job opportunities and a historical overview of the hospitality industry.

HNRM 3334
Hospitality Facilities Layout and Design: 3-0-3
Provides an introduction to all the phases in the planning and execution of a hotel or restaurant design. Emphasis is placed on pre-planning stage of design development, blueprint information, installation factors, fire code regulations, environmental controls, and facility systems and maintenance. Prerequisite: HNRM 2333, HNRM 3333, or permission of instructor.

HNRM 3335
Quantity Food Production: 0-6-3
Food science theories and principles are applied in a functioning commercial food production laboratory. Food service production skills and techniques are developed in this course. Application of sanitation regulations are emphasized. Prerequisite: HNRM 2334, NTFS 2534, or permission of instructor. Corequisite: HNRM 3324.

HNRM 3336
Hotel Operations: 3-0-3
Focuses on four major lodging management components: service management, operations management, developing leadership potential and employee productivity. Prerequisites: HNRM 2334, HNRM 3333, or permission of instructor.

HNRM 3337
The Marketing of Hospitality Services: 3-0-3
The application of marketing concepts, principles and practices in the hospitality industry. Prerequisite: HNRM 2333, HNRM 3333, or permission of instructor.

HNRM 3338
Human Resources for the Hospitality Industry: 3-0-3
Examines employment laws, planning and staffing in the hospitality industry. Prerequisite: HNRM 2333, HNRM 3333, or permission of instructor.

HNRM 3339
Catering and Beverage Operations: 2-2-3
The application of small business management principles to quantity food preparation for special events. Principles of planning, production, service, presentation and evaluation of catering activities are emphasized. Prerequisite: HNRM 3335.

HNRM 4324
Food and Beverage Operations: 2-0-2
Emphasis is placed on strategic planning, the budgetary process, productivity, purchasing and the use of technological advances affecting profitability and customer satisfaction in a foodservice facility. Prerequisite: HNRM 3324, HNRM 3335, HNRM 3337, or permission of instructor. Corequisite: HNRM 4325.

HNRM 4325
Restaurant Management: 0-4-2
Actively managing a restaurant is the focus. Activities include employee supervision, food procurement, service, reservations and inventory control. Prerequisite: HNRM 3324, HNRM 3335, HNRM 3337, or permission of instructor. Corequisite: HNRM 4324.

HNRM 4336
Hospitality Issues and Perspectives: 3-0-3
The study of organizations, strategic planning and implementation, leadership and decision processes in the hospitality industry. Prerequisite: HNRM 2334 or HNRM 3333, and HNRM 3336, or permission of instructor.

HNRM 4790
HNRM Internship: 12-0-12
Supervised work-study program in a hotel, restaurant or resort. Students are expected to be employed in a full-time, semester-long position with a business that is approved by the HNRM Internship Director. Prerequisite: Attendance at pre-internship meeting with the Internship Director, permission of Internship Director and Internship Site Supervisor, Senior status, 2.0 GPA, and approval of academic advisor.

HNRM 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

Health Services Policy Management (COPH)

HSPM 7090
Selected Topics in Health Services Policy Management: (1-3)-
0-(1-3)
Allows the student the opportunity to receive specialized and/or focused instruction in a health services policy and management health topic not generally offered by the department. Prerequisite: Permission of instructor.

HSPM 7131
Principles of Organizational Theory and Behavior in Health: 3-0-3
Integrating theory and concepts from organizational theory and behavior literature, this course provides applications to improve the management of health services organizations.

HSPM 7133
Public Health Policy and Ethics: 3-0-3
Prepare students to make critical decisions in regards to health care policy and biomedical ethics. Includes exploration of basic economic, political and social determinants of health policy. Substantive legal topics covered include the balance between individual rights and public health initiatives, confidentiality, medical malpractice and informed consent, medical directives and living wills, legal rights of access to health care and health care reform. Methods of implementing change through policy making and the legislative process will be presented.

HSPM 7135
Public Health Policy Development and Evaluation: 3-0-3
This course introduces students to policy analysis and management by examining issues in the health sector. It fosters an appreciation of the
complexity of policy problems and provides the basic tools used in public health policy design, implementation and evaluation.

HSPM 7137
Health Care Financing and Payment Systems: 3-0-3
Provides the student with an understanding of payment systems for hospitals, long-term care organizations, integrated delivery systems, ambulatory care and other health care providers. Specific health care financing topics include: third party payment reimbursement system for private and public insurers, capitation, legislated cost containment strategies (DRGs and PPSs), medical payment incentives, risk assessment and health reform initiatives. Prerequisite: Undergraduate course in finance or permission of instructor.

HSPM 7230
Health Leadership and Strategic Planning: 3-0-3
This course deals with the application of leadership theory and strategic management and planning principles to a variety of “real world” management issues in health service organizations.

HSPM 7232
Public Health Finance: 3-0-3
This course examines the structure and functioning of the finance components of the public health system. Public health organizations will be discussed within the context of the financial environment that includes financial management, managerial accounting, revenue cycle management, and funding and financial management of grants/contracts. The course also examines key financial tools and analyses for financially related decision making within the principles of strategic management applied to public health organizations amid a dynamic changing environment.

HSPM 7233
Information Management and Decision Making in Health Services: 3-0-3
Focuses on the fundamental concepts and applications of managing information as a health services corporate asset, emphasizing converting data into information for decision support.

HSPM 7235
Health Law: 3-0-3
The purpose of this course is to introduce students to legal issues in public health and healthcare. Basic legal principles underlying the legal system, governmental regulation, development of legal rules and how to interact effectively with the legal system as public health practitioner will be explored. This course has two main purposes: first, to examine the legal context of the relationship between the individual and the community; and second, to understand public health regulation in the context of a market-driven system.

HSPM 7236
Health Informatics: 3-0-3
This course presents the knowledge, infrastructure, functions, and tools of health informatics. It explores technology, planning and management and applications in public health and health care. The emphasis is on conceptual frameworks as well as a deeper level of engagement on system applications. It focuses on the application of health technology, with a particular emphasis on the private/public sector of health management. It is designed to familiarize students with core concepts and issues confronting managers in the health sector associated with planning, implementation and evaluation of information systems. The course provides an overview of the theory, processes and applications of information systems and how they relate to health policy and management. It also provides a basic understanding of data standards and requirements, and the critical concepts and practice in mapping and interpreting health information.

HSPM 7330
Strategies for Managed Care: 3-0-3
Prepares students to function and make sound managerial decisions in a health care system that is shaped by managed care. The role of health care administrators in the application of economic principles in implementation of competitive managed health care programs is discussed. Critical issues pertinent to managed care that will be covered include: monitoring and analyzing medical practice patterns, installation of rigorous utilization management components, designation of Primary Care Physicians (PCPs), catastrophic case managers, establishment of quality assurance programs and patient channeling. Managed care case studies are examined in light of benchmarks for corporate policy, assessments of program options, strategies for communication and guidelines for evaluation. Prerequisite: Graduate level course in Economics.

HSPM 7331
Long Term Care Administration: 3-0-3
Prepares students in the fundamentals of long term care administration. Organization and administration of long term delivery system with emphasis on nursing home administration, home health programs and hospice management will be discussed. Other topics to be covered include organization and management of interagency organizations, personnel and residential care facilities and institutions for other populations needing long term specialty treatment. Emphasis is placed upon personal and professional skills necessary to provide a range of services and quality care in these environments.

HSPM 7769
Managerial Residency in Health Services Administration: 0-36-6
Permits the student to receive practical experience in selected health related settings. Prerequisite: Permission of the Graduate Program Director.

HSPM 7890
Directed Individual Study: (1-3)-0-(1-3)
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

Humanities (CLASS)

HUMN 2321/2331S
Humanities I: 3-0-3
A historically-organized interdisciplinary approach to the fine and performing arts from antiquity to ca. 1600. Team taught large group lectures and small group discussions. Students are expected to enroll in both HUMN 2321 and HUMN 2322 to fulfill Area C requirement of the Core. Prerequisite: Completion of or concurrent enrollment in ENGL 1101.

HUMN 2322/2322S
Humanities II: 3-0-3
A historically-organized interdisciplinary approach to the fine and performing arts from ca. 1600 to the present. Team taught large group lectures and small group discussions. Students are expected to enroll in both HUMN 2321 and HUMN 2322 to fulfill Area C requirement of the Core. Prerequisite: HUMN 2321 and completion of or concurrent enrollment in ENGL 1101.

HUMN 2433/2433S
Classicism: 3-0-3
Explores classicism as both a philosophical approach and an aesthetic style in art, rhetoric, literature, architecture, and music.

HUMN 2434/2434S
Myth in Arts and Humanities: 3-0-3
Explores selected myths and their treatments in art, rhetoric, literature, theatre, and music.

Interdisciplinary Studies (CLASS)

IDS 2210
Turning Points and Connections: 1-0-1
Focuses on the connections between major turning points in history and their effects on life, as seen in art, music, philosophy, literature, politics,
economics, science, or cultural outlook. Prerequisite: HIST 1112. Required of all students.

IDS 3090/3090S
Special Topics: (1-3)-0-(1-3)
Offers varied courses which are interdisciplinary in nature. Prerequisite: Permission of instructor.

Interior Design (CHHS)
IDS 2430
Design Appreciation: 3-0-3
A general introduction to the principles and elements of design as they relate to the built environment. Discussion and analysis of design theory, design styles, components and materials, and spatial relationships are included.

IDS 2434
Interior Design Graphics: 1-4-3
An introduction to the basic concepts, skills, and graphics used to represent interior design applications. Design projects will include floor and building plans, sketching, blueprint reading, perspectives and other techniques.

IDS 2435
Design Studio I: 1-4-3
Fundamental execution of interior design problems to refine presentation skills. Includes measured and freehand perspectives, mixed media renderings, detail drawings, and model buildings. Prerequisites: ART 1010, ART 1020, INDS 2430, and a minimum grade of “C” in INDS 2434. Corequisite: INDS 3435.

IDS 2436
Interior Materials and Systems: 2-2-3
Selection and application of materials and finishes in the design of components of the built environment. Introduction of cost estimations and specifications. Introduction to building technology with an emphasis on developing an awareness of buildings and their systems. Research of resources and communication with labor sources will be incorporated. Prerequisites: INDS 2430 and prior or concurrent enrollment in INDS 2434.

IDS 3424
Decorative Accessories: 2-0-2
Study of historic through contemporary accessories in both a residential and non-residential context. Application of design principles and elements in selection and arrangement of accessories within the built environment. Prerequisite: Prior or concurrent enrollment in FMAD 3238, or permission of instructor.

IDS 3431
History of Interiors I: 3-0-3
Survey of historic development of architectural styles, interiors, and their furnishings related to major cultures from the prehistoric period through the nineteenth century. Prerequisite: INDS 2430 or permission of instructor.

IDS 3432
History of Interiors II: 3-0-3
Survey of significant developments in the design of interiors and furniture of Europe and America beginning with the late 19th and up to the 21st century. Emphasis on interior architecture, furniture styles, interior designers, industrial designers, architects, and accessories of the contemporary movement. Prerequisite: INDS 2430 or permission of instructor.

IDS 3434
Lighting: 2-2-3
The principles of lighting design and the impact on interior space are explored through an analysis of environmental constraints, calculations, economics, design theory, technical and aesthetic components. Prerequisite: INDS 2434 and INDS 2430 or permission of instructor.

IDS 3435
Design Studio II: 1-4-3
The design planning process as it applies to the moderate scale residential interior environment. Intermediate projects utilizing design philosophy and concept development, space planning and design development to include furniture, finish and interior architectural materials, and diverse populations. Area of emphasis is residential. Prerequisites: A minimum grade of “C” in ART 1010, ART 1020, INDS 2430, and INDS 2434; prior or concurrent enrollment in INDS 2436. Corequisite: INDS 2435.

IDS 3436
Design Studio III: 1-4-3
The design planning process as it applies to the medium scale interior space. Intermediate projects utilizing design philosophy and concept development, space planning and design development to include furniture, finish and interior architectural materials, building codes and diverse populations. Areas of emphasis may include hospitality, multi-residential, healthcare, adaptive reuse and commercial. Prerequisites: FACs 2437, INDS 2436, and a minimum grade of “C” in INDS 2435 and INDS 3435; prior or concurrent enrollment in ART 1030.

IDS 3438
Professional Practices I: 3-0-3
A study of the professional practice of interior design. Basic business principles, professional organizations, client relationships, communication techniques, specification writing, estimating, internship preparation and portfolio development will be addressed. Prerequisite: INDS 3435.

IDS 4434
Professional Practices II: 3-0-3
Business development and procedures, project management, contract administration, specification writing and professional ethics will be the focus of this advanced level of business procedures and practices. Design issues of the global marketplace and international protocol will be explored. Prerequisites: INDS 3436, INDS 3438, and INDS 4790.

IDS 4435
Design Studio IV: 1-4-3
The design planning process as it applies to the more complex larger scale interior space. Intermediate projects utilizing design philosophy and concept development, space planning and design development to include furniture, finish and interior architectural materials, building codes and diverse populations. Areas of emphasis may include work environments including systems, hospitality, retail, adaptive reuse, and other appropriate commercial environments. Prerequisites: FMAD 3238, TCM 3320, and a minimum grade of “C” in INDS 3436; prior or concurrent enrollment in INDS 3438 and INDS 3434. Corequisite: FACs 3437.

IDS 4436
Design Studio V: 1-4-3
A capstone course for the interior design student that will provide an advanced integrative design/research experience. Projects are complex, specific design situations that will be based on individual student areas of interest. Prerequisite: INDS 3434, INDS 4790, FACs 3437, and a minimum grade of “C” in INDS 4435. Corequisite: INDS 4616.

IDS 4616
Interior Design Seminar: 1-0-1
A senior level seminar course for the interior design student which explores common design issues and allows the student to further develop their design portfolio. Prerequisite: A minimum grade of “C” in INDS 4435. Corequisite: INDS 4436.

IDS 4790
Interior Design Practicum: 3-0-3
Supervised work-study program with selected organizations which perform professional services related to the field of interior design. Practicum will serve as an educational bridge between the junior level and the senior level of design studies. Prerequisites: INDS 3436 and INDS 3438.
INTS 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

International Studies (Interdisciplinary)

INTS 2130/2130S
Introduction to International Studies: 3-0-3
Introductory course intended to provide students with a set of intellectual tools to identify and address the most pressing contemporary global events which are making headlines throughout the world today. In doing so, this course will introduce the concepts of "global" issues, the study of conflict from a regional/cultural perspective, and the study of contemporary events using a "level of analysis" perspective.

INTS 3090/3090S
Selected Topics in International Studies: 3-0-3
Selected Topics in International Studies.

INTS 3130/3130S
Contemporary World Cultures: 3-0-3
Survey and analysis of contemporary world cultures, in which selected cultural features, such as religion, political institutions, and interpersonal communications are examined across applicable cultures. Prerequisite: INTS 2130 is recommended.

INTS/POLS 3132/3132S
Asian Politics: 3-0-3
See POLS 3132 for course description.

INTS/HIST 3136/3136S
U.S. as a Global Power: 3-0-3
See HIST 3136 for course description.

INTS 3230/3230S
Global Issues: 3-0-3
Study of selected global issues and problems facing all nations, states and peoples.

INTS/PSYC/WGST 3232
Psychology of Gender: 3-0-3
Examines biological and environmental determinants of gender, as well as, the role of gender in cognitive functioning, personality, physical and mental health, interpersonal relationships, and work life. Prerequisite: PSYC 1101.

INTS/EURO/POLS 3234/3234S
Introduction to the European Union: 3-0-3
See EURO 3234 for course description.

INTS/POLS 3236/3236S
International Relations: 3-0-3
See POLS 3235 for course description.

INTS/POLS 3239/3239S
Human Rights in International Relations: 3-0-3
See POLS 3239 for course description.

INTS/HIST/RELS 3250
The Muslim World to Tamerlane: 3-0-3
See HIST 3250 for course description.

INTS/HIST/RELS 3251
The Muslim World Since Genghis Khan: 3-0-3
See HIST 3251 for course description.

INTS/PRCA 3333
International Public Relations: 3-0-3
See PRCA 3333 for course description.

INTS/BRCT 3336/3336S
International Media Systems: 3-0-3
See BRCT 3336 for course description.

INTS/HIST 3338/3338S
Contemporary Europe: 3-0-3
An examination of the European experience since the end of World War II. Emphasizes the political, economic, social, cultural, and intellectual change and continuity in the years 1945 to the present.

INTS/AAST/HIST 3530
History of Africa: 3-0-3
See HIST 3530 for course description.

INTS/AAST/HIST 3531
History of Africa since 1800: 3-0-3
See HIST 3531 for course description.

INTS/HIST 3532
The Modern Middle East: 3-0-3
See HIST 3532 for course description.

INTS/HIST 3534
Modern Southeast Asia: 3-0-3
See HIST 3534 for course description.

INTS/HIST/LAST 3537
Colonial Latin America: 3-0-3
See HIST 3537 for course description.

INTS/HIST/LAST 3538/3538S
Modern Latin America: 3-0-3
See HIST 3538 for course description.

INTS/POLS 3730
Introduction to United Nations: 3-0-3
The preamble to the Charter of the United Nations identifies several ambitious goals, which framed the establishment of this international organization, including a desire “to save succeeding generations from the scourge of war” and to promote fundamental human rights, social progress, and economic development. In this course, students will be introduced to the concepts of international organizations and the part that they play today in international politics. Specifically, we will examine the United Nations, its structure and function, its failures and successes, and what the future holds for this organization.

INTS/POLS 4132
U.S. Foreign Policy: 3-0-3
See POLS 4132 for course description.

INTS/HIST 4133
U.S. Diplomacy: The Cold War: 3-0-3
See HIST 4133 for course description.

INTS/POLS 4135
International Organizations: 3-0-3
See POLS 4135 for course description.

INTS/POLS 4136/4136S
Comparative Politics of Industrialized Nations: 3-0-3
See POLS 4136 for course description.

INTS/POLS 4137
Industrializing Nations: 3-0-3
See POLS 4137 for course description.
INTS/POLS 4138
International Terrorism: 3-0-3
See POLS 4138 for course description.

INTS/COMS 4330
Rhetoric of International Relations: 3-0-3
See COMS 4330 for course description.

INTS 4630
Seminar in International Studies: 3-0-3
Advanced course focusing on major themes and issues in international relations.

INTS/POLS 4730
Model United Nations: 3-0-3
Prepares students for Georgia Southern's participation in the National Model United Nations Conference in New York City in the spring of each year. Students learn the structure, function and organization of the United Nations as well as in-depth knowledge of the particular country that they will be representing in New York. Emphasis is placed on learning parliamentary procedure and diplomatic skills as part of the research conducted for becoming an advocate of the country being represented. Prerequisite: A minimum grade of “C” in INTS 3730 or POLS 3730, or permission of instructor.

INTS 4790/4790S
Internships Abroad: (3-12)-0-(3-12)
Provides practical experience abroad. Students are selected by a departmental process. Prerequisite: Permission of the appropriate department chair.

INTS 4890
Directed Independent Study: (3-9)-0-(3-9)
Concentrated study of a topic or theme of an international nature and scope. Prerequisite: Permission of instructor.

INTS 5195/5195S
International Studies Abroad: (3-9)-0-(3-9)
Students will pursue advanced level undergraduate or graduate studies focused on a particular topic or theme in a foreign country. Classroom instruction combined with on-site visits will provide a practical learning experience.

INTS/SOCI/ANTH/5438/5438G
Social Issues of International Development and Change: 3-0-3
See SOCI 5438/5438G for course description.

INTS/HIST 5531/5531G/5531S
Modern Japan: 3-0-3
See HIST 5531 for course description.

INTS/HIST 5532/5532G
Modern China: 3-0-3
See HIST 5532 for course description.

INTS/HIST 5533/5533G
Economic Rivals: U.S.-EC-Japan: 3-0-3
See HIST 5533 for course description.

INTS/POLS 5633/5633G/5633S
Seminar in International Politics: 3-0-3
See POLS 5633 for course description.

INTS/POLS 5634/5634G
Seminar in Comparative Politics: 3-0-3
See POLS 5634 for course description.

INTS/POLS 5635/5635G
Seminar in International Organizations: 3-0-3
See POLS 5635 for course description.

Irish Studies (Interdisciplinary)

IRSH 1001/1001S
Gaelic Irish I: 3-0-3
A basic intensive course in the Irish language for beginners with no previous knowledge of the language. Designed to provide an introduction to the sound system of the modern standard language and its orthography as well as to familiarize students with the essentials of grammar, basic idioms, and elementary vocabulary necessary for everyday conversation.

IRSH 2001/2001S
Gaelic Irish II: 3-0-3
An intermediate, intensive course in the Irish language for students who have completed basic Irish language instruction. Designed to provide participants with a sound knowledge of all the main aspects of the grammar of standard Irish, increase their ability to employ the many idioms of the language and develop an acceptable standard of reading.

IRSH 3330/3330S
Selected Topics in Irish Studies: 3-0-3
Designed to provide intensive study of an area related to the geography, history, literature, culture and/or civilization of Ireland and the Irish people including those of Irish descent in the United States.

IRSH 3330/3330S
Contemporary Irish Culture: 3-0-3
Designed to expand awareness of the rich Irish traditions in music, dance, archaeology, theatre, and sport. The course will center on active participation in workshops focusing on traditional Irish singing, set dancing, bodhran (Irish skin drum) playing, weavuing, local archeology, hill walking, contemporary poetry and traditional folklore. Field trips to Irish cultural sites will further enhance knowledge gained in the workshop.

IRSH/ THEA 3333
Irish Theatre: 3-0-3
See THEA 3333 for course description.

IRSH/ENGL 3338
Irish Cultural Identities: 3-0-3
See ENGL/IRSH 3338 for course description.

IRSH/FILM 3430
Ireland in Film: 3-0-3
The course will consist of a study of films depicting Ireland and the way it represents Irish history, culture and conflict.

IRSH/HIST 3431
England Since 1603: 3-0-3
See HIST 3431 for course description.

IRSH/POLS 3432
Celtic Identity and Conflict: 3-0-3
See POLS 3432 for course description.

IRSH 4890
Seminar in Irish Studies: 3-0-3
An advanced course emphasizing class discussion and independent research leading to the preparation and writing of a major seminar paper on some aspect of Ireland's literature, history, language (Gaelic-Irish), culture, politics, and /or society.

IRSH/ ENGL 5130/5130G
Twentieth-Century Irish Literature: 3-0-3
See ENGL 5130 for course description.
Science, Teaching and Learning (COE)

ISCI 2001  
Life/Earth Science: 3-0-3  
This course is an integrated science course covering major concepts in the areas of life and earth science. The course will emphasize the nature and skills of science as well as the understanding of major science concepts and principles in these fields. The use of an inquiry based approach throughout the course will enhance the application of these concepts to the teaching of elementary and middle grades students.

ISCI 2002  
Physical Science: 3-0-3  
This course is an integrated science course covering major concepts in the areas of physical science. The course will emphasize the nature and skills of science as well as the understanding of major science concepts and principles in this field. The use of an inquiry based approach throughout the course will enhance the application of these concepts to the teaching of elementary and middle grades students.

Information Technology (CIT)

IT 1130  
Introduction to Information Technology: 3-0-3  
An introduction to IT as an academic discipline and the structure of the BS IT degree at Georgia Southern. It also provides students with an introduction to the range of applications of Information Technology, partly through an introduction to the second disciplines available to them. Finally, it introduces students to some of the techniques that they will need for later courses, in particular databases and SQL. Prerequisite: Familiarity with productivity tools.

IT 1430  
Web Page Development: 1-2-3  
A thorough introduction to the languages used to create web pages. Throughout it stresses the importance of good coding style. The course also introduces students to the principles of good human computer interface design, including design for people with disabilities. Finally, the course introduces students to object-oriented design. Prerequisite: Familiarity with productivity tools.

IT 2333  
IT Infrastructure: 2-1-3  
This course allows students to develop a thorough understanding of the IT infrastructure which includes computer hardware and networks that support various IT applications, and network security. This course allows students to develop this knowledge as well as some fundamental skills in server, network system administration and management, and to become aware of the importance of information assurance and security in the design, implementation and administration of an IT Infrastructure. Prerequisite: A minimum grade of “C” in CISM 2530 or IT 1130.

IT 3131  
Web Applications Design and Development: 3-0-3  
Covers design, programming, and implementation of web-enabled/web-based applications. Students will learn to interface the application to files or a database via the creation, accessing, and integrating of middle tier components. Prerequisites: A minimum grade of “C” in IT 1430, IT 2333, and CISM 2230. A minimum average GPA of 2.5 for IT 1130 (or CISM 2530) and IT 1430.

IT 3132  
Web Software: 3-0-3  
A survey of advanced web software tools used in the development and deployment of web-based systems. Course content includes the use of web authoring, animation, and graphical tools. Prerequisites: A minimum grade of “C” in IT 1430 and Junior standing.

IT 3233  
Database Design and Implementation: 2-1-3

This course provides students with the opportunity to develop a broad knowledge of database design, implementation, and systems development. The course covers data modeling concepts, approaches and techniques, and stages in database development processes (conceptual, logical and physical design). The course also covers methods and approaches used in system analysis and design, including the system development life cycle, prototyping, and rapid application design. To reinforce the course concepts, students will carry out individual and group projects based on real world situations. Prerequisite: A minimum grade of “C” in CSCI 1236.

IT 3234  
Software Acquisition, Integration, and Implementation: 3-0-3  
A study of the software acquisition process, focusing on the use of packaged solutions. COTS (Commercial, Off-the-Shelf), SA-CMM (Software Acquisition, Capability Maturity Model), ERP (Enterprise Resource Planning), and BPR (Business Process Reengineering) will be discussed. Prerequisites: A minimum grade of “C” in IT 3131, IT 3233, and STAT 2231 or BUSA 3131.

IT 4130  
IT Issues and Management: 3-0-3  
Covers case studies of IT development projects to assist the student in the recognition of the need of an IT development project. The student will study and critique the development, implementation and management of both successful and unsuccessful projects. Prerequisite: A minimum grade of “C” in IT 3234.

IT 4131  
Information Technology Capstone Project: 2-1-3  
This course provides students with the opportunity to develop in-depth knowledge of IT project design and implementation. The course covers the main topics of IT project management including requirements specification, project integration, scope, time, cost, quality, human resources, communications, and risk management. In addition, techniques and methods used in IT project management will be covered. To reinforce the course concepts, students will complete projects related to their specialization and/or second discipline. Prerequisite: A minimum grade of “C” in IT 3234 and senior standing.

IT 4135  
Information Organization and Retrieval: 3-0-3  
A study of the use of existing databases (bibliographic and non-bibliographic formats), their data structure, processing and retrieval data, integrity and security, and interface design issues. Topics includes basic search logic commands using controlled vocabulary, query languages and operations indexing and searching, text and multimedia processing, web and catalog-based extraction and retrieval, use of digital libraries, algorithms and architectures for information retrieval. Prerequisites: A minimum grade of “C” in IT 3131 and IT 3233 or permission of instructor.

IT 4136  
Knowledge Discovery and Data Mining: 3-0-3  
A study of the process of automatically extracting valid, useful, and previously unknown information from large databases and using it to make crucial business decisions. Data Mining has evolved from several areas including databases, artificial intelligence, information retrieval, and statistics. This course is designed to provide students with a solid understanding of knowledge discovery and data mining concepts and tools including machine learning, data warehousing, rule discovery, and information compression and reconstruction. Prerequisites: A minimum grade of “C” in IT 3233 and STAT 2231 or BUSA 3131.

IT 4234  
Network Operating Environments: 3-0-3  
Provides a study of functions and structures of network operating systems. Emphasis will be placed on the management of files, processes, memory, and input/output devices of major network operating systems such as UNIX, LINUX, Novell NetWare, and Windows 2000 Server. Prerequisites: A minimum grade of “C” in CISM 3134 and IT 2333.
IT 4235
Problems in Web Application: 3-0-3
This course provides an introduction and application of human-computer interaction theories to web-based applications. It covers the evaluation of user interfaces using various techniques including heuristic evaluation and user testing. Prerequisite: A minimum grade of C" in IT 3131.

IT 4335
Network Architecture: 3-0-3
This course covers the hardware required for interconnecting digital devices for the purpose of enabling data communication through a network. Bus architectures, ports, network cards, cabling, routers, switches. Ensuring network reliability. Optimizing network performance. Prerequisite: A minimum grade of C" in CISM 3134.

IT 4790
Internship in Information Technology: 0-0-3
A campus-approved and coordinated IT-experience-based internship will be required of each student. The internship will include at least 280 hours of work. A written report by the student, along with an employer evaluation of the student's work will be required. Prerequisite: Permission of Chair.

IT 4830
Special Problems in Information Technology: 0-0-3
A customized course that is under the direction of a faculty sponsor. Special Problems is designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with the faculty sponsor. Prerequisite: Permission of Director.

IT 4890
Directed Study in Information Technology: 0-0-(1-3)
Designed for independent study and research in selected areas of Information Technology under faculty supervision. Prerequisite: Permission of department chair or director.

IT 5090/5090G
Selected Topics in Information Technology: 3-0-3
Provides an opportunity for in-depth study of selected topics or emerging area in information technology. Prerequisite: Permission of instructor.

IT 5434
Network Security Fundamentals: 3-0-3
This course is intended to serve the needs of individuals interested in understanding the field of network security and how it relates to other areas of information technology. The course will take a broad look as network security and provide the knowledge necessary to prepare students for further study in specialized security fields or used as a capstone course to those interested in acquiring a general knowledge of the field. Prerequisites: A minimum grade of "C" in CISM 3134 and IT 2333.

IT 6130
Theoretical Foundations for Network Analysis: 3-0-3
This course will provide a detailed review of fundamentals relevant to the study of telecommunications, and data communications. Topics covered will include Shannon's Theorem, elements of Graph theory, Queuing Theory, Probability, Number Systems, Matrices and more. Students will complete several exercises using MATLAB and Microsoft Excel to reinforce topics covered in lecture by solving network related problems. Discrete event simulations software (OPNET) will also be used to observe and analyze concepts and behaviors in communications networks.

Instructional Technology (COE)

ITEC 3130
Instructional Technology for Early Childhood Education: 3-0-3
This course is an introduction to the effective uses of instructional technology for Early Childhood Education majors. A systematic approach to selecting, producing, and utilizing various instructional technologies will be covered with an emphasis on the instructional uses of the computer. The course will correlate with the Early Childhood Education pre-service experience.

ITEC 3230
Instructional Technology for Special Education: 3-0-3
This course is an introduction to the effective uses of instructional technology for Special Education majors. A systematic approach to selecting, producing, and utilizing various instructional technologies will be covered with an emphasis on the instructional uses of the computer. The course will correlate with the Special Education pre-service experience.

ITEC 3430
Instructional Technology for P-12 Teaching Fields: 3-0-3
This course is designed for students enrolled in one of the P-12 teaching fields. It is an introduction to the effective uses of technology in an instructional setting. A systematic approach to selecting, producing, and utilizing various instructional technologies will be covered with an emphasis on the instructional uses of the computer. The course will correlate with the pre-service experience for students enrolled in one of the P-12 teaching fields.

ITEC 3530
Instructional Technology for Middle Grades Education: 3-0-3
This course is an introduction to the effective uses of instructional technology for Middle Grades Education majors. A systematic approach to selecting, producing, and utilizing various instructional technologies will be covered with an emphasis on the instructional uses of the computer. The course will correlate with the Middle Grades Education pre-service experience.

ITEC 7090
Selected Topics in Instructional Technology: (1-3)-0-(1-3)
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems. Prerequisite: Permission of instructor.

ITEC 7132
Administration of the School Library Media Program: 3-0-3
An introduction to the functions of the school library media center and the roles of the school library media specialist. Candidates will develop skills that will enable them to direct a school library media center, design a school library media center facility, manage personnel and budgets, develop policies and procedures, and evaluate the school library media program.

ITEC 7134
Collection Development and Organization: 3-0-3
An overview of the processes and procedures associated with developing, organizing, maintaining and evaluating the school library media collection. Emphasis is placed on intellectual freedom, evaluating existing collections, principles of selecting materials in all formats, applying standard methods of cataloging to organize the collection, and utilization of technology to access physical and virtual collections.

ITEC 7136
Reference and Information Sources: 3-0-3
Provides a working knowledge of standard reference resources in all formats. Emphasis is placed on the concept of information literacy and library-media specialist collaboration to integrate information literacy skills across the P-12 curriculum.

ITEC 7230
Selection and Development of Instructional Technologies: 3-0-3
Provides competence in the selection, production, utilization and evaluation of various formats of instructional technologies. Basic techniques are provided through direct laboratory experiences in the design and production
of instructional technologies. Prerequisite: ITEC 7530 or permission of instructor.

ITEC 7335
Web Design and Development: 3-0-3
Focuses on the front-end aspects of web design: HTML authoring, graphics production, and media development. Prerequisite: ITEC 7530 or permission of instructor.

ITEC 7430
Instructional Design: 3-0-3
An introduction to systems theory as applied to the design of instruction. Examines principles of systems theory in the context of the design, development, selection and utilization of curriculum, instruction and instructional materials.

ITEC 7530
Instructional Technology Foundations: 3-0-3
An introduction to the use of the computer in the instructional process. The course focuses on the uses of the computer as a medium of instruction. Meets the Special Georgia Technology Requirement for Teacher Certification.

ITEC 7535
Advanced Hardware and Software: 3-0-3
Investigates hardware and software issues that arise in the development and delivery of instruction. Topics include hardware and software troubleshooting, security, networks, and distance education and communication systems. Prerequisite: ITEC 7530 or permission of instructor.

ITEC 7538
Instructional Technology for School Leaders: 3-0-3
The course is designed to enhance the skills of school administrators in the area of technology leadership and meets the special Georgia Technology requirement for Certified Leadership. Included is an overview of the utilization of technology to enhance decision-making, institute long-term planning, and regulate the infusion of technology in the school curriculum. Prerequisite: A minimum grade of “C” in ITEC 7530 or GACE test-out.

ITEC 7737
Practicum in School Library Media Centers: 3-0-3
A culminating activity in the Instructional Technology program. Students are assigned specific experiences that implement content from the school library media certification program. Prerequisites: Permission of advisor and completion of Transition Point #2.

ITEC 7738
Practicum in Instructional Technology: 0-(1-10)-3
Allows the student to utilize technology to support instruction, manage technology resources and evaluate the effectiveness of technology resources for learning. Prerequisite: Permission of advisor and completion of Transition Point #2.

ITEC 8130
Advanced Media Management and Supervision: 3-0-3
Management and supervisory techniques and their application to the instructional media program. Includes management by objectives, staff development and processes for change through the supervisory role of the media specialist. Prerequisite: ITEC 7132 or permission of instructor.

ITEC 8132
Administration of Technology Resources: 3-0-3
This course is intended to provide students with the knowledge and skills required to plan, design, evaluate, and manage technology resources in various instructional and institutional environments.

ITEC 8231
Transforming Learning with Technology: 3-0-3
Critical examination of the role of technology and instructional design in the teaching/learning process. Review of quantitative and qualitative research relevant to student’s area of interest and the impact of technology on student learning. Examination of the use of electronic portfolios to demonstrate student learning. Prerequisites: ITEC 8530 or IntTECH/Media Tech certification and ESED 8130.

ITEC 8435
Program Evaluation: 3-0-3
Program Evaluation covers the theory and practice of systematic investigation of instructional programs, projects, products, and processes. The course is designed to teach practitioners how to assess the effectiveness of endeavors such as quality improvement, enhancing organizational performance, or improving school curricula. Prerequisite: ITEC 7430 or permission of instructor.

ITEC 8530
Applications of Instructional Technology: 3-0-3
Focuses on the effective utilization of technology in the instructional process and on systematic processes for using new technologies to enhance learning. Meets the Special Georgia Technology Requirement for Teacher Certification. Prerequisites: ITEC 7530 and ITEC 7430.

ITEC 8532
Multimedia Tools and Applications: 3-0-3
Covers issues in the design and development of interactive multimedia instructional lessons. Covers the tools required for the creation of interactive multimedia and is organized around individual student projects. Prerequisite: ITEC 7530 or permission of instructor.

ITEC 8630
Advanced Seminar in Instructional Technology: 3-0-3
Advanced study of theory and research related to technology mediated instruction, including technology integration for meaningful learning, systemic change with technology, legal and ethical issues, and online pedagogy.

ITEC 8734
Applied Distance Education: 0-0-3
Designed as a culminating experience for the M.Ed in Instructional Technology for staff development and training. The student will design, develop, implement, and evaluate instruction for use over a selected distance learning technology. Prerequisites: Completion of 24 hours of course work and permission of advisor.

ITEC 8839
Field-Based Research in Instructional Technology: (1-3)-0-3
In this course the student will carry out a formal research study in Instructional Technology and prepare a written and oral report. Prerequisite: EDUR 8434.

ITEC 8890
Directed Individual Study: (1-3)-0-(1-3)
The student will propose and carry out an applied or theoretical project in instructional technology. Prerequisite: Permission of advisor.

Japanese (CLASS)

JAPN 1001/1001S
Elementary Japanese I: 3-0-3
Introduction to listening, speaking, reading, and writing in Japanese and to the culture of Japanese-speaking regions.

JAPN 1002
Elementary Japanese II: 3-0-3
Continued listening, speaking, reading, and writing in Japanese with further study of the culture of Japanese-speaking regions. Prerequisite: JAPN 1001 or equivalent.
JAPN 1060/1060S
Accelerated Elementary Japanese: 6-0-6
An accelerated introduction to listening, speaking, reading, and writing in Japanese and to the culture of Japanese-speaking regions. Completes the elementary levels of Japanese in one semester.

JAPN 2001/2001S
Intermediate Japanese I: 3-0-3
Building upon communication skills (understanding, speaking, reading, and writing Japanese) and cultural understanding, developed at the elementary level. Prerequisites: JAPN 1001 and JAPN 1002 or equivalent.

JAPN 2002/2002S
Intermediate Japanese II: 3-0-3
Continued focus on communication skills and cultural understanding. Prerequisite: JAPN 2001 or concurrent enrollment in JAPN 2001 or equivalent.

JAPN 2060/2060S
Accelerated Intermediate Japanese: 6-0-6
Accelerated intermediate Japanese with continued work on listening, speaking, reading, and writing in Japanese and the culture of Japanese-speaking regions. Completes the intermediate levels of Japanese in one semester. Prerequisite: Completion of JAPN 1002 or the equivalent.

JAPN 3090/3090S
Selected Topics in Japanese: (1-3)-0-(1-3)
Study of a topic in Japanese literature, culture, society, thought, or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: JAPN 2002.

JAPN 3110/3110S
Conversation Table: 1-0-1
This course consists primarily of guided conversation in Japanese, based on current issues as reflected in contemporary journals and newspapers.

JAPN 3130/3130S
Japanese Conversation: 3-0-3
Continued development of all five competencies: listening, speaking, reading, writing and culture, with special emphasis on conversational skill. Prerequisite: JAPN 2002.

JAPN 3131/3131S
Reading Japanese: 3-0-3
Introduction to the Japanese language with an emphasis on reading skills. Continued development of all five skills: listening, speaking, reading, writing and culture. Prerequisite: JAPN 2002 or equivalent.

JAPN 3230/3230S
Modern Japanese Literature in Translation: 3-0-3
A survey of major authors and movements in Japanese literature from the Meiji period to the present, including women in literature and the relations to cultural trends and other arts, such as painting and film.

JAPN 3330/3330H/3330S
Japanese Cultural Patterns: 3-0-3
Development of the Japanese language with a special emphasis on its culture. Development of all five language skills: listening, speaking, reading, writing and culture. Prerequisite: JAPN 2002 or equivalent.

JAPN 3331/3331H/3331S
Japanese Culture for Americans: 3-0-3
Introduction to the Japanese culture, values, society, customs, and the language for American students.

JAPN 3530/3530S
Business Japanese: 3-0-3
Introduction to the language and practice of business conventions in Japan. Development of all five language skills: listening, speaking, reading, writing and culture. Prerequisite: JAPN 2002 or equivalent.

JAPN 4790
Internship in Japan: (1-15)-0-(1-15)
Internship in Japan. Prerequisites: Permission of instructor and department chair.

JAPN 4890/4890S
Directed Study: 3-0-(3-12)
Directed study in Japanese.

Journalism (CLASS)

JOUR 2331
Introduction to Journalism: 3-0-3
An introductory study of the role of journalism, with fundamental instruction and practice in writing for the mass media. Prerequisite: ENGL 1101.

JOUR 3030
Selected Topics in Journalism: 3-0-3
Offers various courses in specialty areas of journalism. Prerequisite: Permission of instructor.

JOUR 3331
News Reporting and Writing: 3-0-3
Provides theory, instruction, and practice in a variety of news gathering and writing forms and independent assignments. Prerequisite: JOUR 2331.

JOUR 3332
Feature Writing: 3-0-3
Surveys the gathering and writing of various forms of feature stories and in-depth news stories for newspapers and magazines, emphasizing research, investigation, and interview techniques.

JOUR 3333
Photojournalism: 3-0-3
Offers theory, instruction, and practice in the process of conducting photo assignments for the print media, with special emphasis on gathering and editing pictorial material for newspapers and magazines. Prerequisite: JOUR 2331 or permission of instructor.

JOUR/BRCT 3334
Broadcast News: 3-0-3
Provides students with techniques and experiences in facets of gathering and presentation of news and interviews for radio and television news cast presentation. Prerequisite: JOUR 2331.

JOUR 3335
Copy Editing: 3-0-3
Provides instruction and practice in the fundamentals of news editing, including copy editing, grammar, journalistic style, headline writing, photo editing, and basic typography, with emphasis on editing the weekly and daily newspaper. Prerequisite: JOUR 2331.

JOUR 3336/3336S
International Media Systems: 3-0-3
Studies, comparatively, mass media systems around the world. Analyzes media systems in terms of relevant political, social, economic, and cultural factors. Diversity and change in global communication is a main theme, and the influence of rapidly advancing technology is analyzed for its dynamic impact around the world, especially in developing nations.

JOUR/BRCT 3337
Law and Ethics of Mass Communication: 3-0-3
Surveys freedom of speech and press and its limitations by laws governing libel, privacy, copyright, contempt, free press, broadcast regulation, fair trial,
and reporter's shield. Broadcast industry self-regulation and ethical concerns of mass communications will be discussed. Prerequisite: COMM 2332.

**JOUR/BRCT 3530**
**Media Ethics:** 3-0-3
See BRCT 3530 for course description.

**JOUR 3711/3711S**
**Journalism Practicum:** 1-0-1
Provides limited overview and supervised practical experience in print journalism through the Office of Student Publications. A maximum of three hours will be applied towards the journalism major. Prerequisites: ENGL 1101 and permission of instructor.

**JOUR/AMST 4331**
**History of American Journalism:** 3-0-3
Surveys the history of journalism in America, with emphasis upon its correlation with political, social, and economic trends.

**JOUR/AMST 4332/4332S**
**Contemporary American Newspapers:** 3-0-3
Surveys the American newspaper industry, emphasizing a study of the more important daily newspapers and trends in the business.

**JOUR 4333**
**Opinion Journalism:** 3-0-3
Analyzes the principles and roles of the various forms of opinion in journalism, including editorials, columns, and cartoons; and offers practice in the research and writing of opinion. Prerequisite: JOUR 2331 or permission of instructor.

**JOUR 4334/4332S**
**Magazine Writing and Editing:** 3-0-3
Provides instruction in magazine journalism, from editing to production techniques, circulation, art, advertising and audience analysis.

**JOUR 4335**
**Creative and Investigative Journalism:** 3-0-3
Serves as a capstone reporting course in providing instruction and practice in public affairs journalism, with emphasis on beat reporting, social science reporting, and investigative reporting. Prerequisite: JOUR 3331.

**JOUR 4336**
**Online Journalism:** 3-0-3
In this course, students will examine the emerging forms of news delivery over the World Wide Web. They will practice real time reporting and writing on the Internet by utilizing basic multimedia elements such as texts, graphics, sound and animation. This is not a traditional journalism course offered online, but a course which teaches students to publish news on an Internet-based news outlet. Prerequisite: A minimum grade of "C" in JOUR 3331.

**JOUR 4711**
**Journalism Practicum:** 1-2-1
Serves as a capstone course focusing on the development of a series of journalistic pieces on a single topic for presentation to the mass audience. Attention is given to journalistic research as well as various journalism writing and reporting formats.

**JOUR 4791**
**Journalism Internship:** (3-15)-0-(3-15)
Provides journalism majors with supervised practical experience on a full-time basis at an approved media site. Students must have permission of instructor. Prerequisites: JOUR 3332, JOUR 3335, JOUR 4335 and permission of instructor.

**JOUR 4831**
**Directed Study in Journalism:** 3-0-3
Permits students to conduct in-depth studies of issues associated with journalism but may not replace an existing course in the catalog. Prerequisites: Permission of instructor and department chair.

**Kinesiology (CHHS)**

**Physical Activity Program**
All students are required to take two, one-hour, physical activity courses. The goal of the Physical Activity Program is to help each student attain and maintain a degree of physical fitness and motor skill, as well as, develop an interest in lifetime physical activity. This goal is accomplished through imparting knowledge, movement techniques, strategies and rules of exercise, sport and physical activities. All courses are one credit hour. All students are required to read and sign the Departmental Agreement to Participate Form prior to the first day of activity. All activities are taught at the beginning level unless described otherwise. The following courses require additional fees: KINS 1115, 2115, 1216, 2216, 1310, 2310, 1318, 2318. Please contact the Healthful Living and Physical Activity Programs Office (Hollis 1104) for detailed descriptions of all physical activity courses and for specifics regarding courses that require additional fees. Proficiency testing may be used to substitute for selected courses. Proficiency testing is offered during the 10th week of Fall and Spring Semesters. Students wishing to satisfy the physical activity requirement through proficiency testing must contact the Healthful Living and Physical Activity Programs Office (Hollis 1104) prior to the test date. Courses may not be repeated for credit. A maximum of five physical activities may be applied to the 126 hours required for a degree. Course offerings are listed below:

**KINS 1090**
**Selected Topics in Physical Activity:** 0-2-1
Provides an introduction to alternative physical activity courses.

**KINS 1110**
**Aerobics:** 0-2-1

**KINS 1111**
**Aerobic Cross Training:** 0-2-1

**KINS 1112**
**Badminton:** 0-2-1

**KINS 1113**
**Basketball:** 0-2-1

**KINS 1114**
**Body Conditioning:** 0-2-1

**KINS 1115**
**Bowling:** 0-2-1

**KINS 1116**
**Canoeing:** 0-2-1

**KINS 1117**
**Dance:** Ballet: 0-2-1

**KINS 1118**
**Dance:** Clogging: 0-2-1

**KINS 1119**
**Dance:** Country Western: 0-2-1

**KINS 1210**
**Dance:** Folk: 0-2-1

**KINS 1211**
**Dance:** Line: 0-2-1
KINS 1212
Dance: Modern: 0-2-1

KINS 1213/1213S
Dance: Social: 0-2-1

KINS 1214
Dance: Square: 0-2-1

KINS 1215
Dance: Tap: 0-2-1

KINS 1216
Equestrian: 0-2-1

KINS 1217
Fencing: 0-2-1

KINS 1218
Fitness Walking: 0-2-1

KINS 1219
Football: Flag: 0-2-1

KINS 1310
Golf: 0-2-1

KINS 1311
Jogging: 0-2-1

KINS 1312
Outdoor Education Activities: 0-2-1

KINS 1313
PA for People with Disabilities I: 0-2-1

KINS 1314
PA for People with Disabilities II: 0-2-1

KINS 1315
PA for People with Disabilities III: 0-2-1

KINS 1316
PA for People with Disabilities IV: 0-2-1

KINS 1317
Racquetball: 0-2-1

KINS 1318
Scuba: 0-2-1

KINS 1319
Self Defense: 0-2-1

KINS 1410
Soccer: 0-2-1

KINS 1411
Softball: 0-2-1

KINS 1412
Swimming: 0-2-1

KINS 1413
Swimming: Aquatic Aerobics: 0-2-1

KINS 1414
Swimming: Fitness: 0-2-1

KINS 1415
Tennis: 0-2-1

KINS 1416
Tumbling: 0-2-1

KINS 1417
Volleyball: 0-2-1

KINS 1418
Weight Training: 0-2-1

KINS 1419
Water Safety: Survival Swimming: 0-2-1

KINS 1510
Mountaineering: 0-4-1

KINS 2110
Aerobics: Intermediate: 0-2-1

KINS 2112
Badminton: Intermediate: 0-2-1

KINS 2113
Basketball: Intermediate: 0-2-1

KINS 2115
Bowling: Intermediate: 0-2-1

KINS 2117
Dance: Ballet Intermediate: 0-2-1

KINS 2213
Dance: Social Intermediate: 0-2-1

KINS 2216
Equestrian: Intermediate: 0-2-1

KINS 2217
Fencing: Intermediate: 0-2-1

KINS 2219
Football: Flag Intermediate: 0-2-1

KINS 2310
Golf: Intermediate: 0-2-1

KINS 2317
Racquetball: Intermediate: 0-2-1

KINS 2318
Scuba: Intermediate: 0-2-1

KINS 2319
Self Defense: Intermediate: 0-2-1

KINS 2321
Clinical Skills in Sports Medicine I: 0-6-2
Develops clinical psychomotor skills in the prevention, acute care and evaluation of athletic injuries. Prerequisites: Sports Medicine major status or permission from Undergraduate Sports Medicine Coordinator.
KINS 2322  
**Clinical Skills in Sports Medicine II: 0-6-2**  
Develops clinical psychomotor skills in the use of therapeutic modalities, therapeutic rehabilitation techniques and reconditioning techniques. Prerequisites: A minimum grade of “C” in KINS 2321 and Sports Medicine major status.

KINS 2410  
**Soccer: Intermediate: 0-2-1**

KINS 2411  
**Softball: Intermediate: 0-2-1**

KINS 2412  
**Swimming: Intermediate: 0-2-1**

KINS 2415  
**Tennis: Intermediate: 0-2-1**

KINS 2417  
**Volleyball: Intermediate: 0-2-1**

KINS 2418  
**Weight Training: Intermediate: 0-2-1**

KINS 2419  
**Swimming: Water Polo: 0-0-1**

KINS 2420  
**Lifeguard Training: 2-0-2**  
Prepares students to meet the requirements of the American Red Cross and qualify for certification as a lifeguard.

KINS 2421  
**Water Safety Instruction: 2-0-2**  
Prepares the student to meet the requirements of the American Red Cross and qualify for certification as a water safety instructor.

KINS 2431  
**Foundations of Health and Physical Education: 1-4-3**  
Defines health and physical education and their role within the school curriculum. Introduces past, present, and future issues with school-based health and physical education. Reviews the HPE program requirements and sequence, and initiates student portfolio project. Introduces fundamental pedagogical concepts and components including instructional strategies, developmentally appropriate practice, planning, managerial strategies and assessment. Observations in a variety of public school roles including administration, physical education and health classroom teaching is required. Assist teachers in facilitating lesson segments.

KINS 2511  
**Human Anatomy and Physiology I Laboratory: 0-3-1**  
The laboratory component of the first course in a two semester sequence in which human anatomy and physiology are studied in a body systems approach, with emphasis on the interrelationships between form and function at the gross and microscopic levels of organization. The laboratory course is intended to provide students with hands-on experiences that will enhance and reinforce the content of KINS 2531. The experiences will be structured to encourage critical thinking, understanding of scientific methodology, and the application of scientific principles.

KINS 2531  
**Human Anatomy and Physiology I: 3-0-3**  
A two semester sequence in which human anatomy and physiology are studied using a body systems approach, with emphasis on the interrelationships between form and function at the gross and microscopic levels of organization. Course content includes: basic anatomical and directional terminology; fundamental concepts and principles of cell biology; histology; the integumentary, skeletal, muscular, and nervous systems; special senses; and the endocrine system.

KINS 2532  
**Human Anatomy and Physiology II: 3-0-3**  
A two semester sequence in which human anatomy and physiology are studied using a body systems approach, with emphasis on the interrelationships between form and function at the gross and microscopic levels of organization. This course is a continuation of KINS 2531 and includes the cardiovascular system, the lymphatic system and immunity, the respiratory system, the digestive system and metabolism, the urinary system, fluid/electrolyte and acid/base balance and the reproductive systems. Prerequisites: A minimum grade of “C” in KINS 2531.

KINS 3130  
**Research Methods in Kinesiology: 3-0-3**  
Introduces the student to fundamental principles underlying research methods in kinesiology. Included will be basic procedures for conducting experimental, descriptive, historical, qualitative research, computer applications, basic measurement concepts, statistical methods, critical thinking and scholarly writing.

KINS 3131  
**Biophysical Foundations of Human Movement: 2-3-3**  
Surveys biological systems and physical principles as applied to human movement and the relationship of these systems and principles to the development of the study of human movement. Prerequisites: A minimum grade of “C” in KINS 2531/2511 and KINS 2532/2512.

KINS 3132  
**Foundations of Exercise and Sport Psychology: 3-0-3**  
Introduces the student to how individuals behave in physical activity settings. Psychological antecedents and consequences of primary and secondary involvement in exercise and sport will be explored. Prerequisite: PSYC 1101.

KINS 3133  
**Physiological Aspects of Exercise: 2-3-3**  
Provides an in-depth perspective of physiological and biochemical responses of the human body when subjected to exercise. Prerequisites: A minimum grade of “C” in KINS 3131.

KINS 3134  
**Biomechanical Analysis of Movement: 2-3-3**  
Focuses on the study of human motion through an examination of forces acting on the body and the effects produced by these forces. Prerequisites: A minimum grade of “C” in PHYS 1111, PHYS 1113, and KINS 3131.

KINS 3230  
**Motor Control, Coordination, and Skill: 3-0-3**  
Focuses on the nature of motor skill performance, motor skill learning, and the factors influencing motor skill acquisition. Prerequisites: PSYC 1101, KINS 3131 or permission of instructor.

KINS 3321  
**Clinical Applications in Sports Medicine I: 0-6-2**  
Provides the student with direct supervised clinical experiences in sports medicine. Prerequisites: A minimum grade of “C” in KINS 2321 and Sports Medicine major status.
KINS 3322
Clinical Applications in Sports Medicine II: 0-6-2
Provides the student with direct supervised clinical experiences in sports medicine. Prerequisites: A minimum grade of “C” in KINS 3321 and Sports Medicine major status.

KINS 3330
Prevention of Injury and Illness in Sports Medicine: 3-0-3
Acquaints the student with the latest techniques to identify injury/illness risk factors associated with the participation of rigorous physical activity. Successful completion of the course should allow the student to develop a comprehensive plan for the implementation of injury/illness prevention protocols for competitive and recreational athletes. Information will cover the use of pre-participation screening techniques, prophylactic strength and conditioning techniques, evaluation and fitting of protective equipment used in sport, nutritional and ergogenic aids and other therapeutic means to aid in the reduction of injury and illness associated with participation in sport. Prerequisites: HLTH 2120 for non-Sports Medicine-majors, A minimum grade of “C” in KINS 2531/2511 and KINS 2532/2512.

KINS 3331
Pathology and Care of Sport Injury and Illness: 3-0-3
Acquaints the student with the underlying pathologies and subsequent care of injury and illness associated with the participation in competitive and recreational sport. Upon the successful completion of the course the student should be able to recognize and appropriately manage and treat and/or refer the various injuries and illnesses associated with participation in rigorous physical activities. Prerequisite: KINS 3330.

KINS 3426
Coaching Baseball and Softball: 1-3-2
Provides the prospective coach with the knowledge and understanding of basic skills, fundamentals, techniques, team organization, team strategy and conditioning in baseball and softball.

KINS 3427
Coaching Basketball: 1-3-2
Provides the prospective coach with the knowledge and understanding of basic skills, fundamentals, techniques, team organization, team strategy and conditioning in basketball.

KINS 3428
Coaching Football: 1-3-2
Provides the prospective coach with the knowledge and understanding of basic skills, fundamentals, techniques, team organization, team strategy and conditioning in football.

KINS 3429
Coaching Olympic Sports: 1-3-2
Provides the prospective coach with the knowledge and understanding of basic skills, fundamentals, techniques, team organization, team strategy and conditioning in three of the following sports: golf, soccer, tennis, track and field, volleyball and other Olympic sports.

KINS 3430
Principles of Coaching: 3-0-3
Introduces the student to the sport science principles of coaching. Topics include philosophy, psychology, pedagogy, physiology, management, first aid and injury prevention. Successful completion of the course leads to certification by the National Federation Interscholastic Coaches Education Program.

KINS 3431
Psychology of Coaching: 3-0-3
Provides the prospective coach with the science and practice of various sport psychology principles as applied to coaching and athletic performance.

KINS 3432
Elementary Physical Education I: 1-4-3
Provides the introduction to a developmentally appropriate approach to teaching the elementary physical education content (gymnastics, games, and dance). Focus is on gymnastic and dance-like activities to build a movement foundation that encourages learners to resolve movement problems in unique ways. Balance, tumbling, movement exploration, whole and part body expression, and simple rhythms are the core to these learning activities. Students will be required to design and implement a variety of movement challenges for elementary learners. Prerequisite: Admission into the Teacher Education Program in Health and Physical Education.

KINS 3433
Elementary Physical Education II: 1-4-3
Along with KINS 3432, it is designed to focus on a developmentally appropriate approach to teaching the foundations of movement to children. Focus is on dance and game-like activities to build a movement foundation that encourages learners to resolve movement problems and manipulate objects in unique ways. Movement exploration, whole and part body expression, rhythms, game creation, game variations, game strategies and game/cooperative skills are the core to these learning activities. Also emphasizes the inclusion of fitness concepts in the elementary curriculum. Students will be required to design and implement a variety of movement challenges for elementary learners. Prerequisites: Admission into the Teacher Education Program in Health and Physical Education and a minimum grade of “C” in KINS 3432.

KINS 3435
Life Span Motor Development: 3-0-3
Develops the ability to survey the developmental perspective of motor development, the knowledge of changing motor behavior, the knowledge of the factors affecting motor development and the ability to apply information about motor development sequences and developmental constraints analysis to the teaching of motor skills. Prerequisite: Admission into Teacher Education Program in Health and Physical Education.

KINS 3436
Performance and Technique in Physical Activity I: 1-4-3
Enhances the knowledge, skill, and understanding of activities and games pertinent to middle and high school physical education. Identifies appropriate teaching sequences, assessment strategies, and developmentally appropriate modifications to enhance student learning. Reviews and analyzes “traditional” game and sports activities and concerns in regard to maximizing learning. Skill, strategy and conceptual transfer, across activities and games, will be identified to enhance learner skillfulness and adaptability. Content focus will be on traditional and non-traditional games and activities involving individual and group skills to diversify movement efficiency. Students will be required to design and implement a variety of movement challenges for middle and high school learners. Strategies for integrating fitness concepts into these activities will be addressed. Prerequisite: Admission into Teacher Education Program in Health and Physical Education.

KINS 3437
Performance and Technique in Physical Activity II: 1-4-3
Enhances the knowledge, skill, and understanding of dance, cooperative and adventure activities pertinent to middle and high school physical education. Identifies appropriate teaching sequences, assessment strategies and developmentally appropriate modifications to enhance student learning. Reviews and analyzes strategies for incorporating these activities into the middle and high school curriculum. Skill, strategy and conceptual transfer, across activities will be identified to enhance learner skillfulness and adaptability. Content focus will be on activities which develop social dance, teamwork, communication and outdoor/adventure skills and to diversify movement efficiency. Students will be required to design and implement a variety of movement challenges for middle and high school learners. Strategies for integrating fitness concepts into these activities will be addressed. This course will involve two weekend adventure experiences. Prerequisites: Admission into Teacher Education Program in Health and Physical Education and a minimum grade of “C” in KINS 3436.

KINS 4099
Selected Topics in Kinesiology: (1-3)-0-(1-3)
Provides the student with in-depth study of selected topics in kinesiology. Prerequisite: Permission of instructor.

KINS 4130 Administrative Principles in Kinesiology: 3-0-3
Focuses on the study of the processes of planning, organizing, directing and controlling the functioning of movement based professions (exercise science, sports medicine).

KINS 4131 Population Health Care Strategies: 3-0-3
Overview of the levels of prevention, epidemiological principles and their impact on health promotion and disease prevention. A major focus is primary prevention relative to exercise/activity. Emphasis is placed on the clinical application of activity for improving health. Prerequisite: Junior/Senior level or permission of instructor.

KINS 4231 Fitness Evaluation and Exercise Prescription: 3-0-3
Provides the student with an in-depth study of fitness appraisal and exercise prescription and the development, interpretation, implementation and management of fitness programs. Prerequisites: KINS 3133 and HLTH 1520 or permission of instructor.

KINS 4330 Evaluation of Lower Extremity Injuries: 3-0-3
Presents advanced principles and techniques in the clinical evaluation of athletic injuries and illnesses involving the lower extremities and lumbar spine. Prerequisite: A minimum grade of "C" in KINS 3331.

KINS 4331 Evaluation of Upper Extremity Injuries: 3-0-3
Presents advanced principles and techniques in the clinical evaluation of athletic injuries and illnesses involving the upper extremities and cervical spine. Prerequisite: A minimum grade of "C" in KINS 4330. Corequisite: KINS 4333.

KINS 4332 Therapeutic Modalities in Sports Medicine: 3-0-3
Introduces the student to the physiological effects associated with therapeutic modalities used in the treatment and rehabilitation of athletic injuries. Prerequisites: A minimum grade of "C" in PHYS 1111, PHYS 1112 and KINS 3331.

KINS 4333 Therapeutic Exercise and Rehabilitation: 3-0-3
Imparts knowledge pertaining to the physiological effects, indications, contraindications and applications of therapeutic exercise in the rehabilitation of athletic injuries and illnesses. Prerequisites: A minimum grade of "C" in KINS 4330. Corequisite: KINS 4331.

KINS 4334 Pharmacological Issues in Sports Medicine: 3-0-3
Acquaints the student with the foundations of chemical substances and pharmacology of injury and illness in athletes. Prerequisites: A minimum grade of "C" in CHEM 1146 and KINS 3331.

KINS 4420 Sport Conditioning Laboratory: 1-3-2
Prepares students to undertake responsibilities in the areas of coaching, fitness programming and or related areas.

KINS 4421 Principles of Officiating: 1-3-2
Provides the prospective coach with the knowledge and understanding of principles and basic techniques of officiating selective sports.

KINS 4430 Instructional Design in Health and Physical Education for Elementary Students: 3-0-3
Develops skills and knowledge related to teaching physical education to young or beginning learners. Specifically the course will be oriented toward developing an understanding of the characteristics and needs of children, appropriate curriculum content in elementary school physical education and effective teaching skills for elementary school physical education. To the extent possible, the majority of the course will be conducted in elementary schools, providing continuous opportunities to observe, plan for, teach and evaluate teaching physical education lessons on a regular basis. Prerequisite: ESED 3231. Corequisite: EDUC 3232.

KINS 4431 Instructional Design in Health and Physical Education for Middle and High School Students: 3-0-3
Develops instructional skills in planning, teaching and evaluating psychomotor, cognitive and affective learning in large group settings. The emphasis will be on intermediate level learning about current health issues and health related fitness at the high school level, and game/sport, dance, and fitness activities at the middle and high school levels. Specifically the course will be oriented toward developing an understanding of the characteristics of youths in both middle school and high school, appropriate curriculum content in middle school physical education, appropriate curriculum content in high school health education, and effective teaching skills for middle school physical education and high school health education. Prerequisite: KINS 4430

KINS 4432 Adapted Physical Education: 3-0-3
This is an introductory course designed to provide students with the knowledge and basic skills required to meet the professional and legal mandates pertaining to physical education for individuals with disabilities. Prerequisites: A minimum grade of "C" in KINS 4430 and admission to Teacher Education Program. Corequisite: KINS 4431.

KINS 4617 Senior Seminar in Health and Physical Education: 1-0-1
Provides senior level health and physical education majors with a colloquium in which to discuss job search strategies, trends and current issues in the profession, certification issues in education, student teaching responsibilities and advocacy strategies for promoting the profession. Prerequisite: Completed all required coursework in the Health and Physical Education major. Corequisite: EDUC 4799.

KINS 4618 Senior Seminar in Sports Medicine: 1-0-1
Provides senior level sports medicine majors with a colloquium in which to discuss current issues and topics, with a focus on professional ethics, professional employment opportunities, development and growth and current research themes within the profession. Prerequisite: Senior level Sports Medicine major status.

KINS 4619 Senior Seminar in Exercise Science: 1-0-1
Provides senior level exercise science students with a colloquium in which to discuss current issues and topics, with a focus on professional ethics, professional employment opportunities, internships, development and growth and current research themes within the profession. The course also includes preparation for the internship experience. Prerequisite: Senior level Exercise Science major status.

KINS 4721 Clinical Practicum in Sports Medicine I: 2-0-2
Offers the student advanced clinical practice in sports medicine. Prerequisites: A minimum grade of "C" in KINS 3321 and Sports Medicine major status.

KINS 4722 Clinical Practicum in Sports Medicine II: 2-0-2
Offers the student advanced clinical practice in sports medicine. Prerequisites: A minimum grade of "C" in KINS 4721 and Sports Medicine major status.
KINS 4730
Coaching Practicum: 3-0-3
Provides the student with supervised coaching experience in a sport. Prerequisite: Beginning coaching course in the sport or permission of instructor.

KINS 4735
Practicum in Exercise Science: 3-0-3
Offers the student the opportunity to participate in appropriate laboratory techniques and practices within the biophysical and behavioral domains of exercise science. Prerequisite: Permission of Exercise Science Program Coordinator.

KINS 4799
Internship in Exercise Science: 12-0-12
Provides the senior level Exercise Science major student with a practical experience in an appropriate exercise setting. Prerequisite: KINS 4619.

KINS 4899
Directed Individual Study: (1-3)-0-(1-3)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

KINS 4999
Senior Thesis: 6-0-6
Provides the student with a capstone experience focusing on designing and conducting an original research project or assisting a faculty mentor in ongoing research. Prerequisites: 3.0 GPA and permission of Exercise Science Program Coordinator.

KINS 6130
Research Design in Kinesiology: 3-0-3
Provides the student with the opportunity to develop skill in designing, evaluating and producing research, with a focus on critical thinking and problem solving. Prerequisite: Undergraduate course in research methods or permission of instructor.

KINS 6131
Data Analysis in Kinesiology: 3-0-3
Provides the student with an advanced understanding of data analysis in kinesiology. The goal of the course is for the student to obtain advanced knowledge and skills to analyze and understand research data within the field of human movement. Prerequisite: Undergraduate course in statistics, KINS 6130 or permission of instructor.

KINS 7099
Selected Topics in Kinesiology: (1-3)-0-(1-3)
Provides the student with an opportunity for in-depth study of selected topics in kinesiology. Prerequisite: Permission of instructor.

KINS 7110
Multicultural Issues in Physical Education: 1-0-1
This course focuses on the critical analysis of multicultural issues and other ecological variables in physical activity settings including equity, accessibility, social responsibility, and cultural influences.

KINS 7111
Action Research in Physical Education: 1-0-1
The purpose of this course is to develop skills and knowledge necessary to effectively conduct research in P-12 Physical Education. Students will complete a field-based research project in physical education under the direction of a faculty mentor. Prerequisites: A minimum grade of "C" in KINS 6130 and KINS 6131.

KINS 7130
Nervous, Endocrine, Muscle, and Metabolic Exercise Physiology: 3-0-3
Explores the role of metabolism and the nervous, endocrine, and muscular systems on the response of the human body to acute and chronic exercise. Prerequisite: A minimum grade of "C" in an undergraduate course in exercise physiology or permission of instructor.

KINS 7230
Cardiovascular, Respiratory, and Environmental Exercise Physiology: 3-0-3
Focuses on the study of the effects of exercise on the physiological functions of the human organism with emphasis on cardiovascular and respiratory systems and the impact of the environment on physiological function. Prerequisite: Undergraduate course in exercise physiology.

KINS 7231
Laboratory Techniques in Exercise Physiology: 2-3-3
Acquaints the student with the use of typical laboratory equipment used in exercise physiology. Prerequisite: KINS 7230 or permission of instructor.

KINS 7232
Health Appraisal and Fitness Testing: 3-0-3
Examines advanced fitness assessments and exercise prescription. Students will learn assessment techniques for a wide variety of client categories and will be responsible for demonstrating application of measurement skill in a format similar to national certification exams. Prerequisite: KINS 7230 or permission of instructor.

KINS 7233
Fitness Program Administration: 3-0-3
Focuses on the administrative aspects involved in conducting safe and effective fitness programs. Students will learn exercise leadership, patient counseling, emergency procedures, and administrative principles as they apply to clinical exercise settings.

KINS 7234
Clinical Applications of Biomechanics: 3-0-3
Provides the student with the biomechanical knowledge essential to conduct systematic quantitative and qualitative analysis of human movement in clinical settings. Prerequisite: Undergraduate courses in biomechanics, physics and functional anatomy or permission of instructor.

KINS 7235
Instrumentation and Techniques in Biochemistry: 2-3-3
Provides students with theoretical knowledge and skills for the biomechanical analysis of movement. Prerequisite: A minimum grade of "C" in an undergraduate class in biomechanics, algebra, trigonometry, or permission of instructor.

KINS 7236
Cardiopulmonary Pathophysiology and ECG Interpretation: 3-0-3
Focuses on the pathophysiology, epidemiology and rehabilitation from the effects of cardiovascular and respiratory disease. Students will learn electrocardiograph interpretation and become familiar with exercise prescriptions for persons with cardiovascular and respiratory disease. Prerequisite: KINS 7230, KINS 7232, or permission of instructor.

KINS 7237
Exercise and Special Populations: 3-0-3
Examines the various physiological processes as they are affected by pregnancy, maturation and aging, and how these changes alter a person's response to, and ability to participate in, exercise. Prerequisite: KINS 7230 or permission of instructor.

KINS 7238
Human Performance and Nutrition: 3-0-3
Examines the interaction between nutrition and physical activity, including exercise and athletic performance. Topics will include the latest research on nutrients and ergogenic aids. Prerequisite: Undergraduate course in exercise physiology or permission of instructor.
KINS 7239  
**Clinical Exercise Physiology: 3-0-3**  
Prepares the student to supervise and direct exercise for the management and rehabilitation of clinical cardiovascular, pulmonary, renal, and metabolic disease. Prerequisite: A minimum grade of "C" in an undergraduate course in exercise physiology or permission of instructor.

KINS 7330  
**Clinical Teaching Skills in Athletic Training: 3-0-3**  
Exposes the student to knowledge and skills of teaching clinical education programs in athletic training. Students will be exposed to the teaching theories and schema as they relate to clinical education in athletic training. Prerequisite: Permission of instructor.

KINS 7333  
**Advanced Evaluation Skills in Athletic Training: 3-0-3**  
Focuses on the advancement of entry level knowledge and skills related to the evaluation of musculoskeletal related injury. Students will be exposed to both theoretical framework and psychomotor aspects of evaluation skills. Prerequisite: Permission of instructor.

KINS 7334  
**Advanced Rehabilitation Skills in Athletic Training: 3-0-3**  
Focuses on the advancement of entry level knowledge and skills related to the rehabilitation of musculoskeletal related injury. Students will be exposed to both theoretical framework and psychomotor aspects of rehabilitation skills. Prerequisite: Permission of instructor.

KINS 7335  
**Medical Aspects in Athletic Training: 3-0-3**  
This course is designed to enhance the student's knowledge of pathophysiology, clinical presentation, and diagnostic tests of common general medical conditions observed in physically active individuals. Content of the course will cover the following categories/systems: cardiovascular, hematological, pulmonary, ENT, renal, gastrointestinal, hepatology and immunology.

KINS 7336  
**Current Issues in Athletic Training: 3-0-3**  
An advanced course that focuses on current issues and/or special topics of interest to athletic clinicians. Prerequisite: Permission of instructor.

KINS 7430  
**Administrative Issues in Coaching: 3-0-3**  
Provides the student with the opportunity to study philosophy, principles and procedures in administering an athletic team or program.

KINS 7431  
**Applied Sport Physiology: 3-0-3**  
Focuses on the study of exercise physiology principles applied to developing training and conditioning programs for enhancing health-related fitness and performance. Prerequisite: Undergraduate course in exercise physiology or permission of instructor.

KINS 7432  
**Applied Sport Biomechanics: 3-0-3**  
Provides the student with an in-depth study of the internal and external forces acting on the human body and the effects produced by these forces. Prerequisites: Undergraduate courses in biomechanics, algebra and trigonometry or permission of instructor.

KINS 7433  
**Prevention, Recognition and Care of Athletic Injuries: 3-0-3**  
Focuses on the study of advanced knowledge in the concepts, practices, and procedures in the prevention, recognition and care of athletic injury and illness. Prerequisites: Undergraduate courses in anatomy, physiology and exercise physiology or permission of instructor.

KINS 7434  
**Current Issues in Coaching: 3-0-3**  
Provides the student with an overview of the skills, techniques and knowledge involved in becoming a coach, focusing on current issues affecting the coaching profession.

KINS 7437  
**Analysis of Teaching Physical Education: 3-0-3**  
Examines practices of effective teaching techniques and their relationship to learning. Provides the student with an understanding of opportunities to practice effective teaching strategies and skills.

KINS 7438  
**Motor Behavior: 3-0-3**  
Presents the major theoretical frameworks for acquisition of motor skill. Emphasis is given to the understanding of concepts of motor development, motor control, motor learning and the implications for pedagogy. Prerequisite: Undergraduate course in motor behavior or permission of instructor.

KINS 7530  
**Psychology of Peak Performance: 3-0-3**  
Examines the psychological factors that may lead to peak performances in exercise and sport. Students will be introduced to the physical, mental and emotional variables related to the readiness states of this ideal performance condition. Research and interventions associated with the common qualities of peak performance will be discussed. Prerequisite: Undergraduate course in sport psychology or permission of instructor.

KINS 7531  
**Team Dynamics: 3-0-3**  
Provides the student with an understanding of the influence of teams/groups within exercise and sport upon the individual performer, as well as, the influence of individuals upon teams/groups. Based upon the science/practice model, this theory, research and application within team/group dynamics. The assignments are structured to give students experience with working in teams/groups. Prerequisite: Undergraduate course in sport psychology or permission of instructor.

KINS 7533  
**Sport Psychology Interventions: 3-0-3**  
Provides an introduction to the application of exercise and sport psychology intervention strategies to enhance performance. Students will participate in various individual-focused performance enhancement training procedures and produce a personalized performance enhancement manual. Prerequisite: KINS 7530 or permission of instructor.

KINS 7534  
**Current Issues in Sport Psychology: 3-0-3**  
Provides student with an in-depth examination of special areas, current topics, and relevant issues in the field of sport psychology. Prerequisite: Undergraduate course in sport psychology or permission of instructor.

KINS 7535  
**Fitness and Wellness Education: 3-0-3**  
The purpose of this course is to provide the teacher with current theories and knowledge regarding fitness and wellness education in P-12 Physical Education. The course will additionally provide the teacher opportunities to design and evaluate fitness and wellness education programs.

KINS 7536  
**Assessment and Technology in Physical Education: 3-0-3**  
The purpose of this course is to develop skills and knowledge necessary to effectively assess student learning in P-12 Physical Education. The course will additionally provide an overview of the various types of technology that can be utilized in teaching and assessing physical education. The course includes personal computer use in creating materials to enhance instruction and aid in assessment. Also included are other technologies, such as personal digital assistants (PDA), digital cameras/camcorders, various physical education software and Internet options.
KINS 7630
Seminar in Kinesiology: 3-0-3
Provides the student with an in-depth literature review and discussion of contemporary topics in kinesiology. Prerequisite: KINS 6130, KINS 6131, or permission of instructor.

KINS 7730
Practicum in Coaching: 0-9-3
Provides the student with coaching experiences in planning, teaching skills, conducting practice sessions, organizing game situations and analysis, scouting and structuring off-season programming. Prerequisite: Permission of instructor.

KINS 7731
Clinical Practicum for Teaching Athletic Training Skills: 0-9-3
Provides the student with an opportunity to practice knowledge and skills of teaching clinical skills in athletic training. Students will be placed in clinical environments and will assist in the teaching of clinical athletic training skills. Prerequisite: KINS 7330 or permission of instructor.

KINS 7732
Clinical Practicum for Evaluating Athletic Training Skills: 0-9-3
Allows the student to practice knowledge and skills of evaluating clinical skills in athletic training. Students will be placed in clinical environments and will assist with the supervision and evaluation of the application of athletic training skills. Prerequisite: KINS 7333, KINS 7731, or permission of instructor.

KINS 7733
Practicum in Sport Psychology: 0-9-3
Provides the student with the opportunity to practice knowledge and skills of sport psychology interventions. Students will be involved in supervised, applied environments that allow them to work with a team or individual. Prerequisite: KINS 7531, KINS 7533, or permission of instructor.

KINS 7799
Internship in Kinesiology: 9-0-0
Provides the student with an opportunity to receive practical experiences in a selected movement related setting. Prerequisite: Permission of Graduate Program Director.

KINS 7899
Directed Individual Study: (1-3)-0-(1-3)
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

KINS 7999
Thesis: (1-6)-0-(1-6)
Provides the student with an opportunity to complete an independent research project. A written and oral defense of the project is required. Prerequisite: Permission of Graduate Program Director.

KINS 8430
Supervision of Instruction in Physical Education: 3-0-3
Assists the professional educator with acquiring the knowledge and skills essential to improving instruction and instructional programs in physical education. Supervision of novice and experienced physical education teachers will be discussed. Prerequisite: EDLD 7137.

KINS 8431
Curriculum Issues and Trends in Physical Education: 3-0-3
Identifies theoretical frameworks of curriculum development in relationship to current issues and trends.

Latin American Studies (Interdisciplinary)

LAST 3090/3090S
Selected Topics in Latin America: 3-0-3
Designed to provide intensive study of an area relating to the geography, history, culture and/or civilization of Latin America.

LAST/POLS 3133
Latin American Politics: 3-0-3
See POLS 3133 for course description.

LAST/SPAN 3331
Latin American Civilization I: 3-0-3
See SPAN 3331 for course description.

LAST/HIST/INTS 3537
Colonial Latin America: 3-0-3
See HIST 3537 for course description.

LAST/HIST/INTS 3538/3538S
Modern Latin America: 3-0-3
See HIST 3538 for course description.

LAST/ANTH 4135/4133S
Mesoamerican Archeology: 3-0-3
See ANTH 4135 for course description.

LAST/SPAN 4231
Introduction to Spanish-American Literature: 3-0-3
See SPAN 4231 for course description.

LAST/GEOG 4232
Geography of Latin America: 3-0-3
See GEOG 4232 for course description.

LAST/SPAN 4331
Contemporary Hispano-American Culture: 3-0-3
See SPAN 4331 for course description.

LAST/SPAN 4436/4436S
Twentieth Century Spanish-American Literature: 3-0-3
See SPAN 4436 for course description.

LAST 4890
Seminar in Latin American Studies: 3-0-3
Must be taken as the final 3-hour course in the 15-hour block required for the minor in Latin American Studies, is designed to permit interdisciplinary engagement and individualized specialization so that the student can intensify his or her studies of Latin American topics. Prerequisite: Contemporary World Cultures plus three upper division courses with significant Latin American dimension in at least two disciplines other than the major.

LAST/SPAN 5232/5232G
Literature of Hispanic Minorities: 3-0-3
See SPAN 5232 for course description.

LAST/ANTH/SCOI 5436/5436G
Latin American Societies: 3-0-3
See ANTH 5436 for course description.

Latin (CLASS)

LATN 1001
Elementary Latin I: 3-0-3
Introduction to the Latin language: pronunciation, fundamentals of grammar, reading, and translation.
LATN 1002
Elementary Latin II: 3-0-3
Continued study of Latin grammar and syntax begun in Latin 1001, with further reading and translation. Prerequisite: LATN 1001 or equivalent.

LATN 1060
Accelerated Elementary Latin: 6-0-6
An accelerated introduction to the Latin language: pronunciation, fundamentals of grammar, reading, and translation.

LATN 2001
Intermediate Latin I: 3-0-3
Beginning series of reading in Roman authors with emphasis on prose. Elements of grammar will also be reviewed. Discussion of Roman history and culture. Prerequisites: LATN 1001 and LATN 1002 or equivalent.

LATN 2002
Intermediate Latin II: 3-0-3
Continued reading of Roman authors with emphasis on poetry. Prerequisite: LATN 2001 or concurrent enrollment in LATN 2001 or equivalent.

LATN 2060
Accelerated Intermediate Latin: 6-0-6
Accelerated intermediate Latin with continued work on pronunciation, fundamentals of grammar, reading, and translation.

LATN 3030/3030S
Selected Topics in Latin: (1-3)-0-(1-3)
Study of a topic in Latin literature, culture, society, thought or language not included in the regular offering. May be repeated for credit provided a new topic is studied. Prerequisite: LATN 2002.

LATN/WGST 3330
Roman Women: 3-0-3
Study of the role of women in the ancient Roman world. Emphasis on their influence within the political, economic, social, religious, and intellectual life of Rome. Examination of the Roman world through the eyes of ancient Roman women from different historical periods and social status.

LATN 3131
Latin Authors: 3-0-3
Concentrated study of the works of one or more Latin authors. Themes in the literature will be studied with emphasis placed on the cultural and historical significance of the written work and its author. May be repeated for credit provided a new topic is studied. Prerequisites: Two Latin courses at the 2000 level.

LATN 4890
Directed Study in Latin: (1-15)-0-(1-15)
Concentrated study of a topic in Latin literature, culture, society, thought, or language. May be repeated for credit provided a new topic is studied. Prerequisites: Two Latin courses at the 3000 level.

Leadership (CLASS)

LEAD 2031
Principles of Leadership: 3-0-3
The Principles of Leadership course will prepare students for leadership roles in the community and in their professions. The course will provide students with the knowledge, skills, and foundation in Leadership necessary to be effective in a variety of settings. Students will develop an understanding of the components that make leadership successful. Students will gain both the theoretical and practical skills necessary for success in both their personal and professional lives. It is intended for students who are interested in gaining a foundation in leadership studies and extended coursework in applied aspects of Leadership. Prerequisite: A minimum grade of “C” in ENGL 1101.

Linguistics (Interdisciplinary)

LINGWRIT 2090
Selected Topics in Writing and Linguistics: (1-3)-0-(1-3)
See WRIT 2090 for course description.

LING 3030/3030S
Selected Topics in Linguistics: 3-0-3
Offers varied courses in specialized areas of the field of linguistics.

LING 3031
Phonology: 3-0-3
An in-depth introduction to sounds and sound structures within formal grammar. Relation of basic units of sound structure to major components of linguistics including syntax, morphology, and semantics. Reading and discussion of trends in phonological theory, including nonlinear phonology and current optimality approaches. Prerequisite: ENGL 1102.

LING 3032
Syntax: 3-0-3
A broad introduction to syntactic theory within historical and contemporary approaches to language and linguistic representation. Exploration of language as a systematic structure drawing on the Generative Transformational models complemented by the Minimalist paradigm. Prerequisite: ENGL 1102.

LING/FORL 3131
Greek and Latin Vocabulary: 3-0-3
See FORL 3131 for course description.

LING/ANTH/POLS/AAST 3337
Language, Power, Politics: 3-0-3
An in-depth investigation of the role of language in national and international power structures. Comparative evaluation of language in social organization of politics, economic policy and law as aggregated by race, culture, ethnicity, class, group ideology, and gender. Emphasis on social policy management and minority/linguistic rights. Prerequisite: ENGL 1102.

LING/POLS 3338
Language and Law: 3-0-3
A critical examination of language as a problem-solving device and tool for understanding argument and legal contestation. Delination of individual rights, institutional authority and legal jurisdiction with emphasis on language and legal power. Analysis of the sociology of language and law within the concepts of human rights and socio-political entitlements. Prerequisite: A minimum grade of “C” in ENGL 1102.

LING/ANTH/FORL 3533
Introduction to Language: 3-0-3
See ANTH 3533 for course description.

LING 3630
Language and Linguistic Theory: 3-0-3
Critical overview, examination and evaluation of influential theories in linguistics and their insight on language. Application of basic principles of linguistic theorizing to issues of language structure and understanding. Prerequisites: ENGL 1102.

LING/AAST/AMST/ANTH 4133
Gullah and Geechee Language and Culture: 3-0-3
This course introduces students to the culture, language, folklore, traditional stories, and creative output of the Gullah and Geechee people in Georgia and South Carolina through readings, lectures, films, and hands-on experiences. Prerequisite: A minimum grade of “C” ENGL 1102.

LING 4333
Semantics: 3-0-3
Focuses on language analysis applied to practical problems of communication in contemporary society.
LING 4335
Linguistic Analysis: 3-0-3
Focuses on the fundamental concepts and principles of linguistic theory. Includes phonology and morphology as applies to certain languages.

LING/WRIT 5130/5130G
Modern English Grammar: 3-0-3
See WRIT 5130/5130G for course description.

LING/WRIT 5330/5330G
History of English Language: 3-0-3
See WRIT 5330/5330G for course description.

LING/ANTH/WRIT 5530/5530G
Sociolinguistics: 3-0-3
See ANTH 5530 for course description.

Logistics (COBA)

LOGT 3231
Principles of Transportation: 3-0-3
An introduction to the principles of transportation with emphasis on transportation modal and intermodal operations (rail, highway, air, water, and pipeline transportation) and transportation management. Consideration is given to the economic, social, political and international aspects of the transportation industry. The role of logistics information technology in modern global transportation systems is introduced via topics including electronic data interchange, global positioning systems, and intelligent transportation systems. Prerequisite: Junior standing.

LOGT 3232
Business Logistics: 3-0-3
An introduction to and study of the fundamentals of logistics and supply chain management. Course coverage includes the flow of raw materials, work-in-progress, and finished goods through the supply chain. Particular emphasis is given to the design of channels of distribution, management of inventory, evaluation of transportation alternatives, information flow, facility location, outsourcing and third-party relationships, and the rapidly expanding field of logistics information technology. Prerequisite: Junior standing.

LOGT 4030
Special Topics in Logistics: 3-0-3
A customized course that allows students to pursue further study in a specific logistics topic at the frontier of an area of research or a contemporary topic related to current real-world events. Prerequisites: A minimum grade of “C” in LOGT 3231 and LOGT 3232.

LOGT 4231
Logistics and Intermodal Transportation Operations: 3-0-3
An examination of the design and management of supply chain operations in selected logistics settings. Particular emphasis is placed upon the areas of traffic management, carrier operations, carrier selection and contract negotiation, and warehousing. Each area is analyzed in terms of organizational differences, operational processes, variations in information needs, and performance control mechanisms. Prerequisite: LOGT 3232.

LOGT 4232
International Logistics: 3-0-3
An examination of the many differences between domestic and international supply chain management activities and functions. Considerable emphasis is placed upon the importance of ocean shipping and air transportation and their impact on international trade and global trade patterns. Other topics covered include INCOTERMS (international commercial terms), the use of EDI (electronic data interchange) in international transactions, the management of ocean carriers, the import/export process, the role of international agents and forwarders, and international sourcing decisions. Prerequisite: LOGT 3231.

LOGT 4233
Logistics Executive in Residence: 3-0-3
A capstone, integrative, case course in logistics and transportation strategy. Students participate in an Executive in Residence program that provides interaction with top-level logistics and transportation executives. Prerequisites: A minimum grade of “C” in LOGT 3231, LOGT 3232, LOGT 4231, and LOGT 4232.

LOGT 4234
Analytical Tools in Logistics: 3-0-3
This course is an examination of the principle analytical tools and methods used in logistics and transportation, including the application of analytical tools to strategic, tactical, and operational supply chain problems. Students will be required to demonstrate the ability to understand the fundamentals of the field and to stretch this understanding to comprehend the intricate processes needed by logistical and transportation managers. Prerequisites: A minimum grade of “C” in LOGT 3231 and LOGT 3232. Corequisite: LOGT 4231.

LOGT 4263
Seminar in Intermodal Distribution: 3-0-3
This course is knowledge of a wide range of logistics terms and concepts. Students are required to read extensively from the current literature in the field and to demonstrate proficiency in sourcing intermodal information via electronic media. A major research project is an integral part of the course, involving the analysis of organizations and/or topics directly related to intermodal distribution. Prerequisites: LOGT 3231 and LOGT 3232.

LOGT 4830
Special Problems in Logistics: 3-0-3
A senior level course that allows LOGT majors to pursue an intensive study of a specific topic or emerging area of transportation and logistics to be developed by the instructor. Prerequisites: LOGT 3231 and LOGT 3232 or permission of instructor.

LOGT 4790
Internship in Logistics: (3-6)-0-(3-6)
A supervised work-study program in selected logistics and intermodal transportation companies. Students will be permitted to undertake internships only after review of academic qualifications and with firm pre-approval by the faculty. Prerequisites: LOGT 3231 or LOGT 3232 and approval of the supervising faculty member.

LOGT 4890
Directed Study in Logistics and Intermodal Transportation: 3-0-3
Independent study and research in selected areas of Logistics and Intermodal Transportation under supervision of a member of the LOGT faculty. Prerequisite: Approval of the instructor and department chair.

LOGT 7432
Logistics Fundamentals and Strategy: 3-0-3
Develops an understanding of logistics systems. The class will apply a managerial focus approach to integrating the numerous logistical activities in the supply chain including materials management, physical distribution, third party logistics, transportation, and other topics. The class will stress practical applications through a case approach and a logistics simulation. Prerequisites: Graduate standing and the completion of the MBA prerequisites or permission of the COBA Director of Graduate Studies for non-MBA students.

LOGT 9131
Introduction to Logistics and Transportation: 3-0-3
Survey of the concepts, best practices and current research in the field of Logistics and Transportation. The subject will be studied from multiple perspectives including the design and interaction of various portions of the supply chain: logistics costs, transportation options, transaction cost economics, operations, supply chain relationships and other relevant topics. The class will provide a foundation for future materials at a doctoral level.
LOGT 9632
Logistics and Transportation Modeling: 3-0-3
Techniques and methodology for logistics, transportation and supply chain system design, customer service, and policy formulation. Methodological focus on simulation and analytical techniques to develop empirical results documenting current and anticipated system performance.

LOGT 9633
Logistics Literature and Research Criticism: 3-0-3
Survey of the past, current and possible future concepts of the Logistics and Transportation literature. The material will be discussed in a survey setting and will evaluate various research methodologies and highlight opportunities for future research. The course will help the doctoral student identify gaps in the literature, prepare research plans to address the gaps and apply the academic research process.

LOGT 9634
Current Supply Chain Management Thought: 3-0-3
Survey of concepts of inter-organizational systems. Supply chains will be examined to include the operational, customer service and financial implications to logistics and transportation academics and professionals. The class will prepare the logistics and transportation major to effectively integrate other business disciplines into a successful supply chain relationship.

LOGT 9737
Logistics and Transportation Teaching Practicum: 0-3-3
A practicum of applied teaching at the undergraduate level for doctoral students. Ensures that students have the basic pedagogical foundations and classroom experience to succeed at the university level. Required of all DBA students.

LOGT 9999
Dissertation: 0-0-3
A directed research project to develop the student's dissertation. This course will also serve as dissertation hours upon completion of the first three (3) hours. An additional 15 hours of LOGT 9999 is required at a minimum for the student to produce an acceptable dissertation.

Legal Studies (COBA)
LSTD 2106/2106H/2106S
Legal Environment of Business: 3-0-3
Business operates in a domestic and global environment shaped by social and economic forces, made to operate on managers through government regulation and incentives. This course presents an introduction to those factors in the environment of business that shape and affirm American capitalism. Prerequisites: Completion of at least 24 semester hours including a minimum grade of "C" in ENGL 1101.

LSTD 3130/3130S
International Trade Regulation: 3-0-3
This course presents fundamentals of international trade operations, providing students with the experience of regulatory compliance while conducting the business of exporting. Prerequisite: Permission of instructor.

LSTD 3230
Building Construction Law: 3-0-3
A study of the legal concepts, statutes and regulations governing the building and construction industry, including the legal framework of contract law, construction financing, property rights zoning, lien, bonding, liability, competitive bidding, dispute resolution theories and relevant/current development of government regulation of the building construction industry. Prerequisites: 30 credit hours of Building Construction and Contracting courses or permission of instructor.

LSTD 3630
White Collar Crime: 3-0-3
This course examines the U.S. criminal justice system along with its response to the escalating incidence of white-collar crime. Other topics include understanding human behavior, theories of crime causation, organization crime, occupational crime, and the constitutional rights of white-collar criminals. Prerequisite: Completion of a minimum of 55 semester hours.

LSTD 3631
Fraud and the Law: 3-0-3
Fraud-fighting professionals must understand the laws governing a fraud investigation as it moves through the US legal system. This course examines the numerous legal issues associated with conducting fraud investigations including the federal rules of civil and criminal procedure along with issues involving discovery and evidence admissibility. Prerequisite: Completion of a minimum of 55 semester hours.

LSTD/MGNT 4334
Workplace Legislative Compliance: 3-0-3
See MGNT 4334 for course description.

LSTD 4830
Special Problems in Legal Studies: 0-0-3
A customized course that is under the direction of a faculty sponsor. The course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with faculty sponsor. Prerequisite: Permission of director.

LSTD 4890
Directed Study in Legal Studies: 0-0-1(3)
Designed for independent study and research in selected areas of legal studies under faculty supervision. Prerequisite: Permission of department chair or director.

LSTD 6130
Legal Environment of Business: 3-0-3
Business operates in a domestic and global environment shaped by social and economic forces, made to operate on managers through government regulation and incentives. This course presents an introduction to those factors in the environment of business that shape and affirm American capitalism. Prerequisite: Graduate standing.

LSTD 7130
Legal and Ethical Issues in Business: 3-0-3
A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place. Prerequisites: Graduate standing and the completion of the MBA core or permission of the COBA Director of Graduate Studies for non-MBA students.

LSTD 7230
Law and Ethics for Accountants: 3-0-3
An introduction to legal and ethical issues involving the Uniform Commercial Code and administrative agency regulations. Emphasis is on recognition of these issues to enhance professionalism for business administration. Prerequisite: Graduate standing and LSTD 6130 or equivalent.

Mathematics (COST)
MATH 0091
Algebra Lab: 1-0-1
Provides additional instruction on selected topics from MATH 1111 and is open to all students. MATH 0091 is a required course for any student who makes below a “C” in MATH 1111. Students required to take MATH 0091 must take it concurrently with MATH 1111 until they make at least a “C” in MATH 1111. Topics covered include a study of functions, equations, graphing, and operations with polynomial, rational and radical expressions. Also included are appropriate study skills and the use of technology. (Corequisite: MATH 1111) Audit or institutional credit only.
MATH 0097
Beginning Algebra: 4-0-4
The first of two courses designed for students who are not prepared to enter a college core curriculum mathematics course: MATH 0097 consists of a study of the structure of the real number system, properties of real numbers, first degree equations and inequalities, applications, exponents, polynomials, functions and graphs. Students will be placed in MATH 0097 based on their score on a placement exam. Students will be allowed a maximum of 2 semesters to meet exit requirements for MATH 0097. Audit or institutional credit only.

MATH 0099
Intermediate Algebra: 4-0-4
The second of two courses designed for students who are not prepared to enter a college core curriculum mathematics course: MATH 0099 consists of a study of exponents, polynomials, rational expressions, equations, inequalities, radicals, graphing and functions. A student must demonstrate mastery of material taught in MATH 0097 prior to enrolling in MATH 0099. A student may exit at the end of any semester by passing the course with a “C” or better and meeting any system requirements. Audit and institutional credit only.

MATH 1101
Introduction to Mathematical Modeling: 3-0-3
Mathematical modeling using graphical, numerical, symbolic, and verbal techniques to describe and explore real-world data and phenomena. The investigation and analysis of applied problems and questions, and effective communication of quantitative concepts and results. Topics include linear, quadratic, polynomial, exponential and logarithmic models of real-world phenomena. Credit cannot be earned toward graduation for MATH 1111 if credit is earned for MATH 1101. Prerequisite: Two years of high school algebra or equivalent.

MATH 1111
College Algebra: 3-0-3
A functional approach to algebra that incorporates mathematical modeling of real data, business applications and use of appropriate technology. Emphasis will be placed on the study of linear, quadratic, piece-wise defined, rational, polynomial, exponential and logarithmic functions. Credit cannot be earned toward graduation for MATH 1101 if credit is earned for MATH 1111. Prerequisite: Two years of high school algebra or equivalent.

MATH 1112
Trigonometry: 3-0-3
Circular functions, solutions of triangles, trigonometric identities and equations, graphs of trigonometric functions, Law of Sines, Law of Cosines, applications, vectors, matrices, complex numbers, Euler's formula, DeMoivre's theorem. Appropriate technology will be used. Credit may not be received for both MATH 1112 and MATH 1113. Prerequisite: A minimum grade of “C” in MATH 1111 or equivalent.

MATH 1113
Pre-Calculus: 4-0-4
Emphasizes trigonometric functions and concepts and will include a review of selected topics from algebra including systems of equations and matrices, algebra. The graphing calculator will be incorporated throughout the course. Prerequisite: A minimum grade of “C” in MATH 1111 or equivalent.

MATH 1232
Survey of Calculus: 3-0-3
Covers the fundamental elements of differential and integral calculus of algebraic, logarithmic and exponential functions. Topics include a brief review of algebraic principles, limits, derivatives and integrals. Appropriate technology will be incorporated throughout the course. Prerequisite: A minimum grade of “C” in MATH 1111 or MATH 1113 or equivalent.

MATH 1234
Technical Calculus: 3-0-3
An introduction to the fundamental elements of calculus with applications of technology. Topics include a brief review of algebraic principles, and a study of function, graphs, limits, derivatives and integrals. Designed primarily for Industrial Technology majors. Credit may not be received for both MATH 1232 and MATH 1234. Prerequisite: MATH 1113.

MATH 1441/1441H
Calculus I: 4-1-4
This is the first of a sequence of courses which present a unified treatment of the differential and integral calculus. Topics include: limits, continuity, differentiation and integration, applications of the derivative and the integral. Prerequisite: A minimum grade of “C” in MATH 1112 or MATH 1113, or equivalent.

MATH 2008
Foundations of Numbers and Operations: 3-0-3
This course is an Area F introductory course for early childhood education majors. This course will emphasize the understanding and use of the major concepts of numbers and operations. As a general theme, strategies of problem solving will be used and discussed in the context of various topics. This course is also part of the program of study for middle grade majors. Prerequisite: A minimum grade of “C” in MATH 1111.

MATH 2130
Discrete Mathematics: 3-0-3
Covers important discrete mathematical objects such as sets, relations and functions, graphs and trees. An introduction to mathematical logic and reasoning, and the concept of an algorithm and its complexity will be covered. Prerequisites: Prior or concurrent enrollment in MATH 1232, or a minimum grade of “C” in MATH 1111 or any mathematics course that has MATH 1111 as a prerequisite.

MATH 2242/2242H
Calculus II: 4-1-4
Includes an introduction to transcendental functions, techniques of integration, improper integrals, infinite series and conics. Prerequisite: A minimum grade of “C” in MATH 1441 or equivalent.

MATH 2243
Calculus III: 4-0-4
Topics in real valued functions of several variables. Topics include polar coordinates, parametric equations, vectors in two and three dimensions, quadric surfaces, partial derivatives and applications, multiple integrals and applications, line integrals and Stokes and Green's theorem. Prerequisite: A minimum grade of “C” in MATH 2242 or equivalent.

MATH 2331
Elementary Linear Algebra: 3-0-3
Matrices, solutions of linear systems, vector spaces and subspaces, orthogonality, determinants, eigenvalues and eigenvectors, linear transformation, diagonalization, and applications. Prerequisite: A minimum grade of “C” in MATH 2242.

MATH 2332
Mathematical Structures: 3-0-3
When this course was introduced, it was designed as a discrete mathematics course for mathematics and computer science majors. In the meantime a new course Discrete Mathematics Math 2130 was designed as a service course for information technology majors and as an introductory course in discrete mathematics for mathematics majors. Therefore, this course is redesigned to be an introductory course in proof techniques and foundations of mathematics intended primarily for mathematics majors. Prerequisite: A minimum grade of “C” in MATH 2242.
MATH 2430
Computing Techniques: 3-0-3
Fundamentals of numerical methods and development of programming techniques with implementation in the computer solution of problems in engineering. Prerequisites: CSCI 1301 or ENGR 1731, MATH 2242, PHYS 2211. Corequisite: MATH 3230.

MATH 3032
Foundations of Data Analysis and Geometry: 3-0-3
A study of basic probability, statistics and geometry, including two and three dimensional shapes and triangle congruence similarity. For Early Childhood and Middle Grade majors only. Prerequisite: A minimum grade of “C” in MATH 2008.

MATH 3130
College Geometry: 3-0-3
A study of absolute and Euclidean geometry. Prerequisite: MATH 2332.

MATH 3230
Differential Equations: 3-0-3
Solution of first and higher order ordinary differential equations, applications and solutions of systems of linear differential equations. Prerequisites: MATH 2242 and MATH 2331.

MATH 3333
Modern Algebra I: 3-0-3
The fundamental algebraic structures: Groups, rings and fields. Prerequisite: MATH 2332.

MATH 3337
Probability: 3-0-3
An introduction to probability, random variables and discrete and continuous probability distributions for students in mathematics, engineering and the sciences including the social sciences and management science. Prerequisite: A minimum grade of “C” in MATH 2242 or equivalent.

MATH 4890
Directed Study in Mathematics: (1-3)·(0-2)·(1-3)
Directed study under faculty supervision. Well prepared math majors may be permitted to enroll in an independent study upon the recommendation of a Mathematics faculty member. Prerequisite: Permission of instructor and department chair.

MATH 4910
Undergraduate Seminar: 1-0-1
A specialized study of various topics in mathematics with the intention to engage students independent reading, writing and presentation of these topics under the supervision of mathematics faculty. Prerequisites: A minimum grade of “C” in MATH 2332 and MATH 2243.

MATH 4930
Senior Research Project: 3-0-3
Main objective of this course is to engage senior undergraduate students in mathematical, statistical or computer science research and writing. Students will select advisors to work with on their projects. At least one oral presentation on the progress of their research during the semester is required. Also, a final written report on the project as well as a final oral presentation is required. Prerequisite: Students must have at least 15 credit hours of upper level mathematics, statistics and/or computer science.

MATH 5090/5090G
Selected Topics in Mathematics: (1-3)·(0-2)·(1-3)
Specialized study in a selected area of Mathematics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

MATH 5130/5130G
Statistics and Probability for K-8 Teachers: 3-0-3
An in-depth study of topics in statistics, such as sampling and data analysis, and probability, such as counting methods, odds, and expected value. For Early Childhood and Middle Grade majors only. Prerequisite: MATH 3032.

MATH 5135/5135G
Algebraic Connections for K-8 Teachers: 3-0-3
The evolution of algebraic concepts through the curriculum will be followed by how algebra is related to other areas of mathematics and real-world applications. For Early Childhood and Middle Grade majors only. Prerequisite: MATH 3032.

MATH 5136/5136G
History of Mathematics: 3-0-3
A survey of the historical development of mathematics. The emphasis will be on mathematical concepts, problem solving, and pedagogy from a historical perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 2242 or permission of instructor.

MATH 5137/5137G
Geometry for K-8 Teachers: 3-0-3
A continuation of the study of geometry from MATH 3032. Focus will be on two and three dimensional geometry. Motion geometry and tessellations will also be covered. For Early Childhood and Middle Grade majors only. Prerequisite: A minimum grade of “C” in MATH 3032.

MATH 5230/5230G
Advanced Geometry: 3-0-3
Selected topics from Euclidean and Non-Euclidean Geometry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 3130 or one year of teaching high school mathematics.

MATH 5232/5232G
Mathematical Applications Using Technology: 3-0-3
Selected mathematical topics used in research, problem solving, and demonstrations will be investigated with the use of current technologies. Intended for mathematics education majors. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 2243 and 3 hours of mathematics at the junior level or above.

MATH 5234/5234G
Number Theory: 3-0-3
Introduction to the principal ideas of elementary number theory: Divisibility, congruencies, linear Diophantine Equations, Fermat’s Theorem, Euler’s Theorem, Pythagorean triples and the distribution of primes. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 2332.

MATH 5236/5236G
Patterns of Problem Solving: 3-0-3
A study of patterns involved in solving problems. Particular attention is paid to Polya’s heuristics and his characterization of the problem solving process. The student will also solve many problems. The application of these techniques by mathematics teachers will be stressed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 1441 or permission of instructor.

MATH 5238/5238G
Special Problems in Mathematics: 3-0-3
Topics of special need and interest to mathematics teachers will be studied. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

MATH 5330/5330G
Operations Research: 3-0-3
Introduction to basic deterministic and probabilistic operations research models of decision problems. Mathematical methods of optimization for these models will be analyzed both analytically and numerically. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 2331 and MATH 3337 or permission of instructor.

MATH 5331/5331G
Analysis I: 3-0-3
Provides a transition from calculus to real analysis. Emphasis will be placed on understanding and constructing mathematical proofs. Rigorous development of fundamental concepts in analysis, including topics such as relations, functions, limits of functions, cardinality, topology of the reals, completeness axiom, compact sets, sequences, subsequence, continuity and differentiability. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 2243 and MATH 2332.

MATH 5332/5332G
Analysis II: 3-0-3
A continuation of Analysis I, including topics such as Riemann integration, infinite series, sequences and series of functions, metric spaces, and normed spaces. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 5331/5331G.

MATH 5334/5334G
Modern Algebra II: 3-0-3
A continuation of MATH 3333. Applications and deeper properties of the fundamental algebraic structures, isomorphisms of groups, rings and fields, quotient structures, vector spaces and Euclidean constructions. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 3333.

MATH 5335/5335G
Intermediate Linear Algebra: 3-0-3
General vector spaces and bases, linear operators, least squares problems, eigenvalue problems, and applications of these concepts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in MATH 2331 and MATH 2332.

MATH 5336/5336G
Applied Numerical Methods: 3-0-3
Introduction to scientific computation. Solutions of linear and nonlinear equations, polynomial interpolation, numerical differentiation and integration, data fitting, and other numerical methods. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 2331 and knowledge of a programming language.

MATH 5338/5338G
Applied Mathematics: 3-0-3
Theories and applications of mathematical methods such as power series solutions, Laplace Transforms, vector calculus, Fourier series, integrals and partial differential equations. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 3330.

MATH 5339/5339G
Partial Differential Equations: 3-0-3
An in-depth study of analytic and numeric solutions to partial differential equations with at least three independent variables, and Green's function. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 5338/5338G; or MATH 3330 and permission of instructor.

MATH 5430/5430G
Introduction to Mathematical Biology: 3-0-3
An introduction to applications of mathematics to various biological, ecological, physiological, and medical problems, which will be analyzed both analytically and numerically. Graduate students will be given additional assignments that will not be completed by undergraduate students. Prerequisite: MATH 3230 or permission of instructor.

MATH 5431/5431G
Combinatorics and Graph Theory: 3-0-3
The course covers basic theory and applications of combinatorics and graph theory. Combinatorics is a study of different enumeration techniques of finite but large sets. Topics that will be studied include principle of inclusion and exclusion, generating functions and methods to solve difference equations. Graph theory is a study of graphs, trees and networks. Topics that will be discussed include Euler formula, Hamilton paths, planar graphs and coloring problem; the use of trees in sorting and prefix codes; and useful algorithms on networks such as shortest path algorithm, minimal spanning tree algorithm and min-flow max-cut algorithm. Graduate students will be given extra assignments determined by the instructor that undergraduates will not be required to do. Prerequisites: A minimum grade of "C" in MATH 2332 and MATH 3337.

MATH 5434/5434G
Functions of a Complex Variable: 3-0-3
Topics in complex variables including functions, limits, derivatives, integrals, the Cauchy-Riemann conditions, series representation of functions, Cauchy Integral formula, and elementary conformal mappings. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: MATH 2332.

MATH 5435/5435G
Introduction to Topology: 3-0-3
An introduction to metric spaces, topological spaces, connectedness and compactness of topological spaces, and continuous functions on topological spaces. Graduate students enrolled in this course will complete one or more assignments that the undergraduate students will not be required to complete. A minimum grade of “C” in MATH 2332.

MATH 5436/5436G
Introduction to Fractals: 3-0-3
Fractals as nonlinear systems involving feedback and iteration. Classical fractals, limits and self-similarity. Fractal dimensions. Encoding of fractals. Decoding of fractals. Iterated function systems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 2243, MATH 2332 and MATH 5335.

MATH 5530/5530G
Math for Scientists and Engineers: 3-0-3
A survey of topics useful in the study of areas of applied mathematics such as physics, engineering and computer science. Topics include vector calculus, linear algebra, complex variables, numerical methods, Fourier series and partial differential equations. For non-math majors only. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 2243 and MATH 3230.

MATH 5539/5539G
Mathematical Models: 3-0-3
A study of model construction and types of models. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 3230, CSCI 1301, and 15 additional hours of upper-level mathematics.

MATH 6030
Special Topics for Mathematics Education: 3-0-3
Topics of special need and interest to mathematics teachers will be studied. Prerequisite: Permission of instructor.
MATH 6130
Fundamental Concepts of Arithmetic and Geometry: 3-0-3
Emphasizes the mathematical content indicated, but time is also spent in exploring concepts in basic statistics and probability. There is also a field component for this course that teachers will complete by implementing course activities in their classrooms. This course is intended for teachers seeking a P-5 Mathematics Endorsement on their teaching certificate. Prerequisite: Admission to P-5 Endorsement Program.

MATH 6230
Fundamental Ideas of Calculus: 3-0-3
A review of the principal ideas of calculus, with emphasis on concepts. Intended for Mathematics Education majors. Prerequisites: MATH 1441 and permission of instructor.

MATH 6232
Fundamental Ideas of Set Theory and Topology: 3-0-3
The elementary theory of sets and operations on sets, as well as an introduction to point set topology. Intended for Mathematics Education majors. Prerequisite: Permission of instructor.

MATH 6330
Fundamental Ideas of Probability: 3-0-3
Fundamental ideas of probability with emphasis on topics, examples, and applications for secondary mathematics teachers. Intended for Mathematics Education majors. Prerequisite: MATH 2242 or permission of instructor.

MATH 6430
Fundamental Ideas of Algebra: 3-0-3
The elementary theory of groups, rings and linear algebra. Intended for Mathematics Education majors. Prerequisite: Three hours of mathematics above the sophomore level or one year of teaching high school mathematics.

MATH 6432
Fundamental Ideas of Statistics: 3-0-3
Topics will include descriptive statistics, point and interval estimation, hypothesis testing, correlation and nonparametric statistics. In addition, students will work on projects which will be appropriate for teachers to use to illustrate the topics of secondary school students. Intended for Mathematics Education majors. Prerequisite: Three hours of mathematics above the sophomore level.

MATH 7090
Selected Topics in Applied Mathematics: (1-3)+(0-2)+(1-3)
Specialized study in a selected area of Applied Mathematics. Prerequisite: Permission of instructor.

MATH 7130
Mathematical Optimization Theory: 3-0-3
Necessity and sufficiency conditions for constrained optimization problems are derived. The derived conditions are used to help answer questions concerning whether a given optimization problem has a solution, whether a solution is unique and how a solution can be found. Prerequisite: MATH 3331.

MATH 7132
Methods of Optimization: 3-0-3
Selected methods for unconstrained and constrained optimization problems with applications. Prerequisite: MATH 5330/5330G or permission of instructor.

MATH 7231
Advanced Numerical Analysis I: 3-0-3
An in-depth study of computer arithmetic, the solution of non-linear equations, the solution of systems of linear equations, eigenvalue problems and interpolation. Algorithms and methods are developed and then implemented on a computer. Prerequisite: MATH 5336.

MATH 7232
Advanced Numerical Analysis II: 3-0-3
An in-depth study of orthogonal polynomials, numerical integration, and numerical solutions of ordinary and partial differential equations. Development and computer implementation of algorithms and methods. Prerequisite: MATH 7231.

MATH 7234
Advanced Applied Linear Algebra: 3-0-3
A study of advanced topics in linear algebra including various applied problems whose solutions rely on techniques and results from the theory of linear spaces and matrices. Prerequisites: MATH 3230 and MATH 5335.

MATH 7236
Advanced Ordinary Differential Equations: 3-0-3
Linear and nonlinear ordinary differential equations and their applications to physics and engineering. Topics include solution and stability of systems of equations, approximate solutions, and phase plane analysis. Prerequisite: MATH 3230.

MATH 7330
Advanced Applied Analysis: 3-0-3
Applications of duality, linear operators, compact and Freholm operators, Banach algebras, and Hilbert spaces. Prerequisites: MATH 3230, MATH 3331, MATH 5332, and MATH 5335.

MATH 7331
Real Analysis: 3-0-3
Theory of Lebesgue measure and integration, monotone convergence, the dominated convergence theorem, Fubini's Theorem, Radon-Nikodym theorem, Riesz representation theorem, Lp and lp spaces, functions of finite variation, Stieljes integral, absolute continuity. Prerequisite: MATH 5332/5332G.

MATH 7332
Advanced Partial Differential Equations: 3-0-3
Theory of partial differential equations. Topics include Fourier series, boundary value problems of partial differential equations, applications of special functions, method of characteristics, and classification of second order equations. Prerequisite: MATH 5338.

MATH 7890
Directed Study in Applied Mathematics: (1-3)+(0-2)+(1-3)
Directed study under faculty supervision. Prerequisite: Permission of instructor and department chair.

MATH 7895
Research: 0+(1-3)+(1-3)
Graduate students will conduct a program of independent research under the direction of a thesis advisor or an advisory committee on a topic in Mathematical Sciences. Results of the research will be presented as a thesis in partial fulfillment of the requirement of the Master of Science degree.

MATH 7999
Thesis: 0+(1-3)+(1-3)
Results of independent research conducted under the direction of a thesis advisor will be presented as a thesis in partial fulfillment of the Master of Science degree. The thesis will be defended before an advisory committee.

Middle Grades Education (COE)

MGED 3131
Nature and Curriculum Needs of the Middle Grades Learner: 3-2-3
Examines the curriculum, instruction and organization of middle grades schools. Provides a substantial knowledge based in the nature and needs of early adolescents, as well as, in middle school curriculum and instruction. The course also includes a field component. Prerequisite: A minimum grade of “C” in ITEC 3530 and admission to Teacher Education Program.
MGED 3232
Methods of Teaching Science in the Middle Grades: 3-2-3
Provides an overview of the basic program of science instruction in the middle grades. Research in science education, teaching techniques and methods applicable for this age level, and organization of lessons are studied. Emphasis will be placed on science concepts and principles, an application of concepts to real life situations, science and technology and the development and implementation of hands-on activities. Includes a field based component which requires planning and teaching a science unit in a middle school classroom. Prerequisites: A minimum grade of “C” in MGED 3232, MGED 3432, MGED 3731, SPED 3332, and admission to Teacher Education Program. Corequisites: MGED 3532 and MGED 3732.

MGED 3332
Methods of Teaching Language Arts/Reading in the Middle Grades: 3-2-3
Designed to study current trends for integrating language arts across the curriculum in the middle school setting. Emphasis is placed on the natural connections between writing, reading and oral expression. Instructional strategies that link writing, reading, literature and language across the curriculum will be explored. Appropriate language arts curriculum, including content and pedagogy, for early adolescents will be addressed. Students will plan and teach an integrated language arts/social studies unit in a middle school classroom. Prerequisites: A minimum grade of “C” in MGED 3131, MSED 5333, ITEC 3530, and admission to Teacher Education Program. Corequisites: MGED 3432, MGED 3731, and SPED 3332.

MGED 3432
Methods of Teaching Social Studies in the Middle Grades: 3-2-3
A study of the role of social studies in the education of early adolescents, with emphasis on understanding the historical and philosophical foundations of social studies, curriculum organization, planning and evaluation of instruction, social studies techniques and materials appropriate for early adolescent learners and current trends in social studies. Students will plan and teach an integrated social studies/language arts unit in a middle school classroom. Prerequisites: A minimum grade of “C” in MGED 3131, MSED 5333, ITEC 3530, and admission to Teacher Education Program. Corequisites: MGED 3332, MGED 3731, SPED 3332.

MGED 3532
Methods of Teaching Mathematics in the Middle Grades: 3-2-3
A study of teaching methods and materials, curriculum content, assessment strategies, and trends in middle grade mathematics. A field based component which requires planning and teaching a mathematics unit in a middle grade classroom is required. Prerequisites: A minimum grade of “C” in MGED 3332, MGED 3432, MGED 3731, SPED 3332 and admission to Teacher Education Program. Corequisites: MGED 3232 and MGED 3732.

MGED 3731
Middle School Practicum I: 0-3-3
This practicum involves structured observations, as well as planning and teaching an integrated language arts/social studies instructional unit in a middle grades classroom. Emphasis is placed on classroom management, instructional strategies for diverse populations of students, the integration of technology, classroom environment, and assessment of student learning. Prerequisites: A minimum grade of “C” in ITEC 3530, MGED 3131, MSED 5333, and admission to Teacher Education Program. Corequisites: MGED 3332, MGED 3432, and SPED 3332.

MGED 3732
Middle School Practicum II: 0-3-3
This practicum involves structured observations, as well as planning and teaching instructional units in mathematics and science in a middle grades classroom. Emphasis is placed on classroom management, classroom environment, instructional strategies for diverse populations of students, the integration of technology, and assessment of student learning. Prerequisites: A minimum grade of “C” in MGED 3332, MGED 3432, MGED 3731, SPED 3332, and admission to Teacher Education Program. Corequisites: MGED 3232 and MGED 3532.

MGED 5799/5799G
Student Teaching in Middle Grades Education: 0-40-9
A period of guided teaching during which the student, under the direction of a cooperating teacher, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher’s assigned responsibilities. Prerequisites: Completion of the teaching field and professional education courses and admission to the Student Teaching Program.

MGED 6131
Curriculum for the Middle Grades: 3-0-3
An introduction to the middle school concept that emphasizes the developmental needs of early adolescents in the context of patterns of school organization and curriculum that are responsive to the intellectual, social, emotional and physical needs of adolescents. Topics will include historical development, school organization, assessments, materials to enhance student learning, and special programs for early adolescent learners. Emphasis will be placed on lessons and units appropriate for adolescents. Candidates will design an instructional unit that demonstrates effective instructional strategies, appropriate content, multiple assessments of student learning, and a range of learning resources, including technology. Prerequisite: Admission to Teacher Education Program.

MGED 8131
Integrated Curriculum for the Middle Grades: 3-0-3
A study of middle level curriculum issues and trends that focus on a variety of strategies that integrate the curriculum. Emphasis will be placed on various models for integrating the curriculum in order to be responsive to the transitional needs of the early adolescent.

MGED 8132
Effective Middle Schools: 3-0-3
A study of student development concepts, school structures and practices, and important teaching and learning strategies associated with effective middle level schools. Emphasis is placed upon the relationships that exist between student development, school organization and practice and strategies for supporting effective learning and interaction among diverse learners. The course includes field-based action research, participation in learning teams, and development of significant portfolio evidence of successful interaction with the course content and other learning team members. Some components will typically be network based.

MGED 8633
Seminar in Middle Grades Education: 3-0-3
A capstone course for the M.Ed. Middle Grades program. Examines the current status and future directions in middle level education. Current research in young adolescent development, curriculum, school organization and pedagogy will serve as the focus of the course. Contains a major reading experience which emphasizes the relationship between theory and practice. Attention will also be given to teacher leadership roles. A field based project is included. Prerequisites: MGED 8131 and MGED 8132.

Management (COBA)

MGNT 3130/3130S/3130H
Management and Organizational Behavior: 3-0-3
Examines the various perspectives on managing organizations and the basic management functions of planning, organizing, leading, and controlling. Emphasis is placed on the functions of organizing and leading. Designed to complement the planning and controlling skills taught in MGNT 3430. Organizational behavior topics such as motivation, communication, and decision-making are also covered. Prerequisite: Pre-business and undeclared students must meet the requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 55 semester hours.
MGNT 3134/3134S
Behavior in Organizations: 3-0-3
An advanced course that examines the determinants and consequences of human behavior in formal organizations. Specific focus is on the individual, interpersonal, and group processes which underlie Organizational Behavior. Prerequisites: A minimum grade of “C” in MGNT 3130.

MGNT 3234
Entrepreneurship: 3-0-3
A study of the business formation process focusing on the behaviors of entrepreneurs and the creation of new businesses in dynamic environments. Prerequisites: A minimum grade of “C” in FINC 3131, MKTG 3131, and MGNT 3130, or permission of instructor.

MGNT 3334
Human Resource Management: 3-0-3
A survey course of the fundamentals of human resource management in organizations. The basics of Human Resource Management, systems, policies, and practices relative to functional areas such as workforce planning, employment, compensation and benefits, employee and labor relations, occupational health, safety and security will be covered. COBA students must earn a “C” or better in this class. Prerequisites: Pre-business students must meet requirements for BBA status. Students with declared majors in other fields must have completed a minimum of 60 semester hours. Recommend taking MGNT 3130 concurrently.

MGNT 3430
Operations Management: 3-0-3
Application of the principles of management to the planning, control, design, operation, and updating of operational systems both in the manufacturing and service sectors. Prerequisite: A minimum grade of “C” in BUSA 3131 or STAT 2231.

MGNT 3437
Service Operations Management: 3-0-3
Students will become familiar with the various Operations Management decisions required in managing a service business. Analytical models which support these decisions will be presented and discussed. Students will also become familiar with application of these principles and models through analysis of actual firms and service firm cases. Prerequisites: A minimum grade of “C” in BUSA 3131 or STAT 2231.

MGNT 4030/4030S
Special Topics in Management: 3-0-3
A customized course that allows students to pursue further study in a specific management topic at the frontier of an area of research or a contemporary topic related to current real-world events. Prerequisite: A minimum grade of “C” in MGNT 3130.

MGNT 4230/4230S
International Management: 3-0-3
Provides an appreciation for and an understanding of the operations of the multinational firm. Prevailing management practices of selected international companies are studied in-depth. A semester long project with a cultural focus is required. Prerequisite: A minimum grade of “C” in MGNT 3130.

MGNT 4234
Small Business Management: 3-0-3
Provides a complete coverage of small business operations with proper balance between business functions and the management function. Prerequisite: A minimum grade of “C” in FINC 3131, MKTG 3131, and MGNT 3130 or permission of instructor.

MGNT 4235
Applied Small Business Management: 3-0-3
An applied course which involves developing a major case project tailored to the needs of an actual business. Prerequisite: A minimum grade of “C” in FINC 3131, MKTG 3131, and MGNT 3130 or permission of instructor.

MGNT 4332
Compensation and Benefits: 3-0-3
Designed to provide the knowledge and skills required to design and implement comprehensive compensation and benefit systems. Topics include the development of compensation strategy, internal pay structures, the role of job analysis and performance evaluation, the rewarding of individuals and groups, and administration of employee benefits. Prerequisites: A minimum grade of “C” in MGNT 3130 and MGNT 3334.

MGNT 4333/4333S
Human Resource Information Systems: 3-0-3
A study of how human resource information systems are applied in organizations to support organizational strategy, improve efficiency and flexibility, increase productivity and performance, and ensure compliance with employment law. The focus will be on merging computer technology with a strategic human resource management perspective. Prerequisite: A minimum grade of “C” in MGNT 3334.

MGNT/LSTD 4334/4334S
Workplace Legislative Compliance: 3-0-3
An overview of the current issues in the work environment related to the job selection process, equal employment opportunity, and the rights of workers on the market. Prerequisite: A minimum grade of “C” in MGNT 3130.

MGNT 4335
Labor Relations: 3-0-3
A study of the history and the functions of labor organizations with reference to such areas as trade unions and public policy; the structure, government, and objectives of trade unions; the collective bargaining process; and the labor market. Prerequisite: A minimum grade of “C” in MGNT 3130.

MGNT 4338
Staffing, Training, and Development: 3-0-3
A study of human resources planning, recruiting, and selection followed by a detailed investigation of training programs, evaluation of training, and personnel development. Prerequisites: A minimum grade of “C” in MGNT 3130, BUSA 3131, and MGNT 3334.

MGNT 4431
Purchasing and Negotiation: 3-0-3
The nature of today’s business environment places great importance on organizational sourcing. This course helps students to better comprehend the various supply management decisions required to effectively contribute to organizational strategies. The course will introduce key areas of purchasing (supply management) and develop skills in negotiation. Upon successful completion of the course, students will be able to apply conceptual and analytical approaches to better influence and direct decisions where supply meets demand. Prerequisites: A minimum grade of “C” in BUSA 3131 and BBA status or permission of department chair.

MGNT 4435
Management of Quality and Process Improvement: 3-0-3
Teaches how to identify, document, analyze, and improve the processes that constitute a business’s operations. Begins by establishing a foundational practice of recognizing and describing key processes, using techniques such as process mapping and value stream mapping. Builds on this foundation by developing Quality Management Systems that address both corporate and tactical decisions by planning to meet customers’ needs, organizing resources, managing for continuous improvement, and facilitating employee involvement. Prerequisites: A minimum grade of “C” in MGNT 3430.

MGNT 4436
Planning and Control Systems: 3-0-3
Students will learn advanced concepts and techniques in planning and controlling operations and how these concepts/techniques are applied in an organization, with emphasis placed on the utilization of these models in Enterprise Resource Planning (ERP) software systems. Prerequisite: A minimum grade of “C” in MGNT 3430.
MGNT 4438
Operations in Supply Chains: 3-0-3
The growing tendency of firms to focus on their core competencies, and the resulting vertical disintegration of activities, has required a more holistic view of the operations function. Firms have increasingly extended their operations beyond the firm boundary, forming webs of interdependent interactions. This course will cover and integrate concepts and topics related to the role of operations management in the design and management of supply chains. Prerequisites: A minimum grade of “C” in MGNT 3430 and BBA status or permission of department chair.

MGNT 4790
Internship in Management: (3-6)-0-(3-6)
A supervised work-study program in selected business firms throughout the southeast. Any student enrolled in the internship program will be required to work for one full semester. Prerequisites: Total Institution GPA of 2.5 or better, permission of advisor and department chair.

MGNT 4830/4830S
Special Problems in Management: (1-3)-0-(1-3)
A customized course that is under the direction of a faculty sponsor. This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with the faculty sponsor. Prerequisites: A minimum grade of “C” in MGNT 3130 and permission of instructor.

MGNT 4890/4890H
Directed Study in Management: 0-0-(1-3)
Designed for independent study and research in selected areas of management under faculty supervision. Prerequisite: Permission of department chairman or director.

MGNT 6330
Business Statistics using Spreadsheet Analysis: 3-0-3
Coverage of statistical techniques and concepts commonly applied by managers. Topics covered include descriptive and graphical analysis, probability, sampling, statistical inference, and regression analysis. Spreadsheet and database analysis will be included in the coverage. Provides the foundation for understanding the concepts and applications that will be studied in MGNT 7331. Prerequisite: Graduate standing.

MGNT 6331
Foundations of Management and Marketing: 3-0-3
This course is an integrated course encompassing the principles of management, organizational behavior, and human resources management and marketing. This course will show students how to place management activities within the context of a global operating environment, with consideration given to ethical, legal, and corporate social responsibility issues; plan for the future of the organization using proven planning strategies; and structure an organization effectively, given its environment and strategy. This course also provides a firm foundation for an understanding of the challenges that face the marketing environment, ethics and other current developments in marketing. Prerequisite: Graduate Standing.

MGNT 7330
Leadership and Motivation: 3-0-3
A study of leadership and motivation. This course provides an overview of existing theories and models of leadership and motivation. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power, and influence in organizational life. Special emphasis is placed on leadership for change. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7331
Managerial Decision Analysis: 3-0-3
The course will provide a conceptual paradigm for decision makers to construct models and analyze decisions in today's business environment. Quantitative methods will be used to construct models with emphasis placed on representing real world problems and gaining insight and understanding of the decision making process. Specific models developed may include, but are not limited to, statistical fundamentals and probability for decision making, linear programming applications, multiple regression and forecasting models, and statistical quality control. The course will be spreadsheet based. Prerequisite: A minimum grade of “B” in BUSA 3131 or CISM 2530 or a minimum grade of “C” in MGNT 6330. Prerequisite must be taken within the last five years.

MGNT 7332
Management for Non-profit Organizations: 3-0-3
A study of the unique aspects of managing nonprofit organizations. Their role in society is considered. Special emphasis is placed on HRM functions of the nonprofit, as well as analysis of planning, organizing, directing, and controlling. Boundary spanning activities with governments and private sector will be studied. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7333
Social Issues in Business: 3-0-3
Overview of the impact of social issues on managerial decision making. Examines the role of the businessperson in modern society. Considers business and society responsibility, pollution, employment discrimination, affirmative action, sexual harassment, consumerism, business and professional ethics, and the social responsibilities of multinational corporations. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7334/7334S
Global Management: 3-0-3
Provides the student with an understanding of the global manager's role in the global organization. Provides graduate level skills in the management functions of global planning, international organizing, leading expatriates and diverse cultures, and controlling the global organization. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7335
Entrepreneurship: 3-0-3
A study of the business formation process that focuses on the creativity, risk-taking, and planning associated with new ventures. Provides information on the entrepreneurial process starting with idea generation, idea development, feasibility analysis, resource identification, and concludes with the development of a coherent business plan. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7336
Readings in Total Quality Management: 3-0-3
Managerial issues that are important in understanding and implementing an organization-wide “Total Quality Management” process, to include organizational-level strategic quality decisions plus tactical-type decisions related to the total quality management of the organization. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7337
Managing Organizational Change and Development: 3-0-3
Provides an overview of the field of organization development (OD) and the management of change in today's organizations. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MGNT 7338
The Human Resource Process: 3-0-3
Provides a comprehensive in-depth study of the field of Human Resource Management and the interplay with other business functions and the environment. Prerequisites: Graduate standing and completion of MBA
Examines all aspects of retail store operations including store development, merchandising, human resources, promotion, and security. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4316
Introduction to E-Commerce: 3-0-3
This course presents the strategic themes and issues associated with the field of e-commerce and highlights the technology, capital, public policy, and media infrastructures needed to provide the context in which business strategy operates. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4030/4030S
Special Topics in Marketing: 3-0-3
A customized course that allows students to pursue further study in a specific marketing topic at the frontier of an area of research or a contemporary topic related to current real-world events. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4131
Marketing Research: 3-0-3
An activity of information gathering, analysis and interpretation for input into management decision making. Application of current practices and techniques in the marketing research industry. Requires the use of statistical software. Prerequisites: A minimum grade of “C” in MKTG 3131 and BUSA 3131.

MKTG 4132
Retail Store Management: 3-0-3
A comprehensive problems analysis course that involves both qualitative and quantitative aspects of retail operations. Merchandise budgets, pricing, operations control, and environmental issues are among the topics examined in the course. Prerequisites: A minimum grade of “C” in MKTG 3131 and MKTG 3135 or permission of instructor.

MKTG 4133
Sales Management: 3-0-3
Management of sales force activities. Emphasis on organization, territory design, leadership skills, motivation, and cost analysis. Prerequisites: A minimum grade of “C” in MKTG 3131 and MKTG 3133.

MKTG 4134
Services Marketing: 3-0-3
An analysis of the marketing aspects of the largest and most rapidly growing sector of the global economy. The principles and concepts of marketing are applied within the context of both consumer services and business services, in both domestic and international settings. Emphasis is placed upon the unique problems and opportunities associated with the marketing of services and the design and implementation of marketing strategies for service organizations. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4135
Buyer Behavior: 3-0-3
Application of the behavioral science approach to analysis of buyer behavior, both final consumer and industrial. Individual, social, sociocultural, and psychological factors are studied. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4136/4136S
International Marketing: 3-0-3
An examination of the mechanics of international marketing with particular focus on the influence of culture on the development of marketing strategy. Coverage of marketing topics is comprehensive with a particular focus on current events and their relationship to trade. Discussion of ethics and global responsibility are infused throughout the course. Prerequisite: A minimum grade of “C” in MKTG 3131.

MKTG 4137
Marketing Management: 3-0-3
An integrative course designed to demonstrate the complexity and multi-dimensional nature of marketing decisions. Marketing policies and strategy
form the marketing manager's viewpoint. Prerequisites: A minimum grade of "C" in MKTG 3131 and last two semesters prior to graduation.

MKTG 4232
Advanced Selling: 3-0-3
An advanced course that integrates and extends concepts encountered in other selling and sales-related courses. Particular emphasis is placed on negotiating skills and customer relationship management (CRM), as well as general sales-related topics including sales automation and time/territory management. Students will be required to spend time in the field with professional salespeople and to prepare and deliver several effective sales presentations. Prerequisite: A minimum grade of "C" in MKTG 3133.

MKTG 4790
Internship in Marketing: (3-9)-0-(3-9)
A supervised work-study program in selected business firms throughout the Southeast and nationally. Students will be permitted to undertake internships only after review of academic qualifications and with firms pre-approved by the Marketing faculty. Prerequisites: Senior standing. Substantive course work completed within major area of study. Approval of both the supervising faculty member and the department chair is required.

MKTG 4830/4830S
Special Problems in Marketing: 3-0-3
An intensive study of some phase or emerging phase of marketing to be developed by the instructor. Prerequisite: A minimum grade of "C" in MKTG 3131.

MKTG 4890
Directed Study in Marketing: 3-0-3
Independent study and research in selected areas of Marketing under supervision of a member of the Marketing faculty. Prerequisite: Approval of the instructor and department chairperson.

MKTG 7431
Strategic Marketing Management: 3-0-3
A strategy planning approach to marketing management from conception and application perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical, and international aspects are also considered. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MKTG 7435/743SS
Global Marketing: 3-0-3
Provides the student with a thorough examination of the mechanics of international marketing with particular focus on the influence of culture on the development of marketing strategy. Coverage of marketing topics is comprehensive with a particular focus on current events and their relationship to trade. Discussion of ethics and global responsibility are infused throughout the course. Prerequisites: Graduate standing and completion of MBA prerequisites, or permission of Director of COBA Graduate Studies for non-MBA students.

MKTG 7830
Special Topics in Marketing: 3-0-3
A standard course developed for a special or newly emerging topic in marketing. Lectures, group work, readings, research, and writing are required as in any other advanced elective course. Prerequisites: Cumulative GPA of 3.0 or better, completion of the MBA prerequisites, and permission of the director.

MKTG 9631
Seminar in Marketing Theory: 3-0-3
This course provides a comprehensive overview of the history, nature, scope, and evolution of marketing thought. Students taking this course will examine how the philosophy of science relates to the development of marketing theory, explore the history of marketing and the impact of paradigm shifts on the definition and role of marketing over time, learn how to critically assess research and theory within the discipline of marketing, and begin to define the role and responsibility of the marketing scholar.

Military Science (COST)

MSCI 1111
Introduction to Military Science: 0-4-1
Instruction provides the basics of the U.S. Army and its role in National Defense. Includes the following subjects: the role of the U.S. Army in national defense, organization and branches of the U.S. Army, and its role, customs and traditions of the service, military writing, implementing a personal physical fitness program, role of the ARNG and USAR, and roles of the commissioned and non-commissioned officer.

MSCI 1122
Basic Military Leadership: 2-0-2
Continues the development of critical military skills, leadership, and management techniques. Provides basic leadership techniques and principles, professional ethics and senior subordinate relationships. Skills development includes instruction in basic marksmanship techniques including safety procedures and firing Army small arms weaponry. One weekend field trip is required.

MSCI/ KINS 1510
Mountaineering: 0-4-1
A course designed to introduce mountaineering skills, fundamentals and knowledge. Corequisite: MSCI 1111.

MSCI 2121
Basic Military Skills: 2-0-2
Instruction and practical exercises covering basic skills necessary as a future leader in the U.S. Army. Includes the following subjects: land navigation and map reading, basic first aid, survival and communications.

MSCI 2122
Basic Military Tactics: 2-0-2
Introduces students to the fundamentals of Army leadership and management techniques. Focus is placed on the mission, organization, and composition of small unit teams, principles of offensive operations stressing firepower, movement, communications techniques and introduction to troop leading procedures.

MSCI 2731
Basic Military Skills Practicum (Basic Camp): 3-0-3
The Leadership Training Course is offered for those students who have not yet met the Basic Course requirements and desire to enroll in the Advanced Course program. This course is currently conducted at Fort Knox, Kentucky, during the summer. Students may earn three credit hours for attending this course through registration at the Registrar's Office upon completion of the course and coordination through the Military Science Department. Students attending this camp are paid and given a travel allowance from their home to camp and back.

MSCI 3131
Advanced Tactics and Applied Leadership I: 2-2-3
Instruction on the principles of leadership and the leader's role in directing small units in a variety of tactical scenarios. Emphasis is placed on offensive and defensive tactics, patrolling techniques, and conducting after action reviews. Instruction on management and leadership techniques emphasizes Green Tab Leadership and leadership assessment.

MSCI 3132
Advanced Tactics and Applied Leadership II: 2-2-3
Continued instruction on the principles of leadership and the leaders' role in directing small units in a tactical environment. Emphasis is placed on offensive and defensive tactics, patrolling techniques, and conducting after action reviews. Instruction on management and leadership techniques emphasizes Green Tab Leadership and leadership assessment.
MSCI 3731
Advanced Military Skills Practicum (Advanced Camp): 3-0-3
The ROTC Leader Development and Assessment Course (LDAC) or operation WARRIOR FORGE is the most important training event for an Army ROTC. The 32-day training event incorporates a wide range of subjects designed to develop and evaluate leadership ability. The challenges are rigorous and demanding, both mentally and physically. WARRIOR FORGE tests intelligence, common sense, ingenuity and stamina. These challenges provide a new perspective on an individual's ability to perform exacting tasks and to make difficult decisions in demanding situations. This course is mandatory for all students wishing to seek a commission in the U.S. Army but registration is not required. Students may earn three credit hours for attending this course through registration at the Registrar's office upon completion of the course and coordination through the Military Science Department. Prerequisites: A minimum grade of “C” in MSCI 3131 and MSCI 3132.

MSCI 3732
Advanced Military Nursing Skills Practicum (Advanced Camp Clinical): 3-0-3
The study and practical application of nursing skills and leadership ability during a three week (120 clinical hour) encampment experience. Encampment and training is conducted at the Army Medical Department Facility of the students choice in a nursing area of interest to the student. Instructor to student ratio is one to one. Instruction and evaluation is done by a BSN prepared registered nurse.

MSCI 4131/4131S
Military Leadership and Management Seminar: (0 or 2)-(0 or 2)-(0 or 3)
Instruction covers U.S. Army Command and Staff functions. Military and professional knowledge topics include writing in the Army style, oral communications, conducting briefings, preparing to conduct training and evaluating training. Topics in Military Justice system will be introduced to include the Law of Land Warfare and Code of Conduct.

MSCI 4132
Transition to Lieutenant: 2-2-3
Instruction prepares MS IV cadets in their transition from Cadet/student to commissioned officer. Instruction covers leadership ethics and case studies, personnel, logistics, intelligence systems, and additional basic knowledge an individual needs to become a professional officer. Covers Army Officer personal affairs, education, evaluation systems, counseling techniques and Officer-NCO relations.

MSCI 4890
Military Science Independent Study: (1-3)-(0-1-3)
This course is designed to complement the military education and leadership development of cadets through independent studies in such topics as mission analysis, war gaming, military decision making process, course of action development, revolutions in military affairs, application of technology in the military, troop leading procedures, and other similar topics. This course will help students remain proficient in the military skills they will need upon their commissioning and for future officer training. Prerequisites: A minimum grade of “C” in MSCI 3131, MSCI 3132, MSCI 4131, MSCI 4132, and HIST 3230.

Middle Grades and Secondary Education (COE)

MSED 5333/5333G
Literature and Writing for the Middle and Secondary Schools: 3-0-3
An intensive study of instructional strategies appropriate for integrating literature and writing instruction. Special attention will be given to identifying and accommodating reading and writing needs of diverse adolescent learners, as well as evaluating the effectiveness of instruction. Students will learn to develop cross-curricular instruction, diagnose reading problems, provide individualization feedback, as well as employ appropriate intervention and assessment methods. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Admission to Teacher Education Program (initial certification candidates only).

MSED 5530/5530G
Using Calculators and Manipulatives to Teach Mathematics: 3-0-3
An in-depth study of integrating calculators and manipulatives in the middle grades and secondary mathematics curriculum. Emphasis is placed on current research findings, planning and assessing calculator and manipulatives use in the classroom. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MSED 5531/5531G
Integrating Computer Technology and Mathematics: 3-0-3
Introduction to teaching middle grades and secondary mathematics using computer-based technology. Emphasis is placed on planning and assessing computer-based classroom instruction. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MSED 6130
Introduction to the Middle and Secondary School: 3-3-3
This course examines the curriculum, instruction, and organization of middle and secondary schools. It provides substantial knowledge of the nature and needs of adolescent learners as well as curriculum planning and instruction. The course also includes a 50-hour field component.

MSED 6237
Science Methods: 3-0-3
This course is designed to assist students in understanding the purpose of science in the middle and secondary school curricula and becoming familiar with the trends in science instruction. Skills are developed in using classroom laboratory and field trip experiences in planning and evaluating science instruction. Major emphasis is placed on planning and presentation skills and on developing strategies to facilitate working with the diverse student populations present in the public schools. Prerequisite: Admission to Teacher Education Program.

MSED 6337
Language Arts Methods: 3-0-3
A study of methods and materials appropriate in teaching composition, literature, and oral expression in the middle and secondary school language arts/English program. Emphasis will be placed on the writing process, teaching grammar through writing, and literature for grades 4-12. Prerequisite: Admission to Teacher Education Program.

MSED 6437
Social Science Methods: 3-0-3
A study of the social sciences in the middle and secondary schools. Emphasis is placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and an application of the NCSS standards in the middle and secondary social science curriculum. Prerequisite: Admission to Teacher Education Program.

MSED 6537
Mathematics Methods: 3-0-3
A study of teaching methods and materials, curriculum content, assessment and trends in middle and secondary school mathematics. Emphasis is placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and application of NCTM standards in the middle and secondary mathematics curriculum. Prerequisite: Admission to Teacher Education Program.

MSED 6637
Business Education Methods: 3-0-3
A study of teaching methods and materials, curriculum content, and trends in teaching Business Education in the middle and secondary schools. The course also includes a study of vocational education programs. Emphasis is
placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and an application of the national business education standards. Prerequisite: Admission to Teacher Education Program.

**MSED 7130**
Middle and Secondary School Colloquium: 3-0-3
In the M.A.T. colloquium course, students will analyze issues related to diverse school populations, classroom and behavior management, technology integration, school governance and teacher leadership, professional performance assessments, educational law, and ethics and professionalism in teaching. Prerequisite: Admission to student teaching or supervised internship. Corequisites: SCED 5799G, MGED 5799G, or ESED 6799.

**MSED 7231**
Hands-On Science for the Middle and Secondary Schools: 3-0-3
Designed to introduce and promote the use of curricula, resources, and activities which emphasize the use of hands-on/inquiry science appropriate for middle and secondary schools. The course focuses on: the development of hands-on and interdisciplinary science curricula; research relative to the use of inquiry-based science; classroom implementation of science programs; and the development of process and inquiry skills. Emphasis will be placed on addressing local needs and resources in the area of science instruction.

**MSED 7232**
Teaching the Great Ideas in Science: 3-0-3
This course is designed to enhance students' understanding of the "Great Scientific Premises" that undergird and integrate the science disciplines. Emphasis is placed on hands-on interaction with scientific principles and materials that will enable the capacity of teachers to support their students' construction of scientific understanding. The course uses the ideas and experiences of both classical and/or contemporary scientists to engage teachers in a reflective opportunity to gain an appreciation of the rich extent of the history and nature of the scientific enterprise and to prepare them to help their students “make sense” of the science they are expected to learn. It is also designed in a way to engage teachers with the National Science Standards as they explore the science that is necessary to be a scientifically literate citizen of the United States.

**MSED 7331**
Early Adolescent Literature: 3-0-3
A study of pedagogical theory and practices for integrating contemporary early adolescent/young adult literature into the middle and secondary school curriculum. Course content will focus on making text selections, workshop approaches, literary circles, and reader response theory.

**MSED 7333**
Writing Instruction for the Middle and Secondary Schools: 3-0-3
Examines current research in the teaching of writing. Emphasis will be placed on a study of instructional strategies for prewriting, composing, revising, and editing. The course also examines models for integrating writing across subject areas in the middle and secondary schools.

**MSED 7431**
Teaching Geography in the Middle and Secondary Schools: 3-0-3
This course is designed to assist social studies teachers implement the National Geographic Standards. These standards identify what every public school student should learn. The course will emphasize the benchmarks that have been adopted in order to assist teachers and curriculum specialists develop guidelines for their own classrooms and school systems.

**MSED 7432**
Teaching Social Studies in the Middle and Secondary Schools: 3-0-3
A study of the place of social education in middle and secondary schools. In a seminar setting, students will analyze problems challenging middle and secondary school social studies educators including the knowledge base of social science education, teaching for active and responsible citizenship, making curricular choices, selecting appropriate instructional techniques, and assessing current trends in middle and secondary school social studies education. A field-based project will be included.

**MSED 7535**
Teaching Middle Grades and Secondary Mathematics: 3-0-3
An in-depth study of current content standards, methods and assessments strategies for teaching middle grades and secondary mathematics.

**MSED 8231**
Trends in Middle and Secondary Science: 3-0-3
Designed to provide an in-depth study of current issues, reforms, and trends in middle grades and secondary science.

**MSED 8331**
Trends in Middle and Secondary Language Arts: 3-0-3
Students will examine current trends, reform initiatives, and problematic issues related to English language arts curriculum and instruction in middle and secondary schools. Emphasis will be placed on state and national standards, assessment, technology integration, struggling readers and writers, and responding to the needs of diverse learners. The course contains a field-based research component.

**MSED 8333**
Research in Language Arts: 3-0-3
Explores current research in middle grades and secondary school language arts. Particular emphasis is placed on examining the theoretical and philosophical frameworks of language arts curriculum and instruction. A field-based project is included.

**MSED 8433**
Readings in the Social Studies: 3-0-3
This course is designed to promote a forum for advanced graduate students to read, critique, and analyze selected professional literature in the social sciences. Selected readings will include books, essays, professional articles, reviews, and significant speeches which can be applied to teaching middle level and secondary social studies.

**MSED 8434**
Trends in Middle and Secondary Social Studies: 3-0-3
A study of current trends and issues in social studies curriculum and instruction. An emphasis is placed on an analysis of problems challenging social studies teachers in the middle and secondary schools.

**MSED 8530**
Foundations of Teaching Grades 4-12 Mathematics: 3-0-3
An in-depth analysis of the content and pedagogy of middle grades and secondary mathematics. Emphasis will be placed on a study of the research in middle grades and secondary mathematics curriculum and instruction, as well as the historical development of current mathematics content requirements. Prerequisites: A minimum grade of “B” in MSED 7535.

**Applied Music (CLASS)**

**MUSA**
Applied Music
Admission to an applied studio is by approval of the Music faculty. Instruction in various instruments and voice is offered. Undergraduate instruction is offered at preparatory, first, second, and third and fourth year levels. Graduate instruction is also offered. Credit hours available vary from 1-3 hours. Additional Fees: $175.00.
MUSC 1050
Music Appreciation: 3-0-3
An introduction to the development of listening skills, the fundamental elements of music, a historical survey of major periods and styles in Western music, and music in selected non-Western cultures.

MUSC 1213
Percussion Class: 2-0-1
Emphasis on acquiring a theoretical and practical knowledge of percussion instruments. Includes instructional application through playing and the study of methods and materials.

MUSC 1215
String Class: 2-0-1
Emphasis on acquiring a theoretical and practical knowledge of string instruments. Includes instructional application through playing and the study of methods and materials.

MUSC 1216
Voice Class: 2-0-1
Designed to teach the elements of healthy voice production to instrumental majors in the music education program. Course includes study of breathing for singing, elements of balanced tone production, an introduction to the International Phonetic Alphabet, and instructional application through singing and study of methods and materials.

MUSC 1217
Woodwind Class: 2-0-1
Emphasis on acquiring a theoretical and practical knowledge of woodwind instruments. Includes instructional application through playing and the study of methods and materials.

MUSC 1218
Brass Class: 2-0-1
Emphasis on acquiring a theoretical and practical knowledge of brass instruments. Includes instructional application through playing and the study of methods and materials.

MUSC 1311/1311S
Composition Class: 1-0-1
An introductory course to begin the development of skills in melodic/harmonic music composition. Prerequisites: MUSC 1331/1513 or MUSC 1333.

MUSC 1315
Guitar Class Non-Major: 1-0-1
This course is designed to teach the basic elements of guitar performance to non-music majors.

MUSC 1316
Voice Class Non-Major: 1-0-1
This course is designed to teach the basic elements of voice performance to non-music majors.

MUSC 1331
Music Theory I: 3-0-3
Development of a command of the fundamental elements in music notation and structure, paralleling the work in MUSC 1513. Emphasizes notation, scales, tonality, intervals, harmony, cadences, nonharmonic tones, texture, and melodic organization.

MUSC 1332
Music Theory II: 3-0-3
Continuation of the manipulation of elements in music notation and structure, paralleling the work in MUSC 1514. Emphasizes voice-leading in two and four voices, harmonic progression and rhythm, the dominant seventh chord, leading-tone seventh chords, and nondominant seventh chords. Prerequisites: MUSC 1331 and MUSC 1513.

MUSC 1333/1333S
Music Fundamentals I: 3-0-3
Basic music theory with emphasis on note reading, understanding scales and rhythms, simple chord formations and their applications, basic relationships between melody and harmony and reading melodies at sight. Prerequisite: MUSC 1100 or permission of instructor.

MUSC 1334
Music Fundamentals II: 3-0-3
Further study in melodic and harmonic relationships with emphasis on chords, chord symbols, and chord progressions through the study and analysis of musical compositions. Prerequisite: MUSC 1333 or permission of instructor.

MUSC 1421
Group Piano: Piano Major A: 2-0-2
Development of basic pianistic skills: scales, arpeggios, etc.

MUSC 1422
Group Piano: Piano Major B: 2-0-2
Continuation of MUSC 1421, plus development of sight-reading, accompanying and keyboard harmony skills. Prerequisite: MUSC 1421.

MUSC 1511
Group Piano I: 0-2-1
The study of keyboard theory and development of functional piano skills at the elementary level, with emphasis on harmonization, sight-reading, transposition, improvisation, and scales and chords.

MUSC 1512
Group Piano II: 0-2-1
Continuation of skills begun in MUSC 1511. Prerequisite: MUSC 1511 or permission of instructor.

MUSC 1513
Sight-Singing/Ear Training I: 1-1-1
Development in aural perception and sight-singing skills to parallel the work in MUSC 1331. Emphasizes melodic and harmonic dictation and sight-singing. Lab work will utilize the Music CAI Lab.

MUSC 1514
Sight-Singing/Ear Training II: 1-1-1
Development in aural perception and sight-singing skills to parallel the work in MUSC 1332. Emphasizes melodic and harmonic dictation and sight-singing. Lab work will utilize the Music CAI Lab. Prerequisites: MUSC 1331 and MUSC 1513.

MUSC 1515/1515S
Technology in Music: 1-1-1
Introduction to the uses of technology in music, including acoustics, hardware/software, digital keyboards and MIDI sequence recording and editing. Supervised lab work with digital synthesizers and computers.

MUSC 2211
Instrumental Methods I: 2-0-1
Designed for the choral music education student. Provides the student an overview of theoretical and practical knowledge of the woodwind and string families.

MUSC 2212
Instrumental Methods II: 2-0-1
Designed for the choral music education student. Provides the student an overview of theoretical and practical knowledge of the brass and percussion families.

MUSC 2311
Jazz Improvisation I: 1-0-1
Theory and techniques of jazz improvisation with emphasis on functional harmony, melodic form, and development of style. Prerequisites: MUSC 1331, MUSC 1332, MUSC 1513 and MUSC 1514.

MUSC 2312
Jazz Improvisation II: 1-0-1
Theory and techniques of jazz improvisation with emphasis on functional harmony, melodic form, and development of style. Prerequisite: MUSC 2311.

MUSC 2321/2321S
Composition I: 2-0-2
Creative writing for small ensembles with emphasis on notation, form, and individual stylistic development. Performance of works encouraged. Prerequisites: MUSC 1332 and MUSC 1514.

MUSC 2322/2322S
Composition II: 2-0-2
Creative writing for small ensembles with emphasis on notation, form, and individual stylistic development. Performance of works encouraged. Prerequisite: MUSC 2321.

MUSC 2333
Music Theory III: 3-0-3
A study of traditional, chromatic and twentieth century forms and melodic/harmonic practices. Exercises in composition are included. Prerequisites: MUSC 1332 and MUSC 1514.

MUSC 2334
Music Theory IV: 3-0-3
A study of traditional, chromatic and twentieth century forms and melodic/harmonic practices. Exercises in composition are included. Prerequisites: MUSC 2333 and MUSC 2513.

MUSC 2411
Diction for Singers I: 1-1-1
Focuses on the study of the International Phonetic Alphabet and its application to the Italian, English and Latin languages within the standard vocal literature.

MUSC 2412
Diction for Singers II: 1-1-1
Focuses on the study of the International Phonetic Alphabet and its application to the German, French and Spanish languages within the standard vocal literature.

MUSC 2421
Piano Literature I: 2-0-2
The study of solo piano music from the late Baroque Period through the compositions of Beethoven, with special attention given to representative genres and composers. Prerequisite: Permission of instructor.

MUSC 2431
Piano Pedagogy I: 3-0-3
An introduction to the teaching of piano at the elementary level through an examination of beginning methods and materials, teaching techniques, and studio management.

MUSC 2511
Group Piano III: 0-2-1
Continuation of skills developed in MUSC 1512 at the intermediate level, with additional work in score reading and accompanying. Prerequisite: MUSC 1512 or permission of instructor.

MUSC 2512
Group Piano IV: 0-2-1
Continuation of skills developed in Group Piano III. Final Exam serves as the Piano Exit Exam. Prerequisite: MUSC 2511 or permission of instructor.

MUSC 2513
Sight-Singing/Ear Training III: 1-1-1
Development of aural perception and sight-singing. Emphasis on melodic and harmonic dictation and error detection. Supervised lab sessions for ear training practice. Prerequisites: MUSC 1332 and MUSC 1514.

MUSC 2514
Sight-Singing/Ear Training IV: 1-1-1
Development of aural perception and sight-singing. Emphasis on melodic and harmonic dictation and error detection. Supervised lab sessions of ear training practice. Prerequisites: MUSC 2333 and MUSC 2513.

MUSC 3031/3031S
Selected Topics in Music: 3-0-3
Topics vary with individual professor.

MUSC 3131
History of Music I: 3-1-3
A chronological survey of music from antiquity to the end of the Baroque period, emphasizing issues of style, performance practice, musical aesthetics, and cultural context. Prerequisite: HIST 1112.

MUSC 3132
History of Music II: 3-1-3
A chronological survey of music from the classic period to the present, emphasizing issues of style, performance practice, musical aesthetics, and cultural context. Prerequisite: HIST 1112.

MUSC 3231
Music For Teachers (K-4): 3-0-3
A course for education majors which provides experience in singing, movement, playing rhythm and accompanying instruments, and music skills for teachers. The emphasized music education materials are for kindergarten through grade five.

MUSC 3232
Elementary Methods and Materials in Music: 2-1-3
Designed for the music specialist in the elementary school, with an emphasis on materials and methodology used in preschool through grade eight. Opportunities will be provided for observing, planning, and teaching in the elementary school classroom. Restricted to music majors. Prerequisite: Admission to Teacher Education Program.

MUSC 3311
Jazz Improvisation III: 1-0-1
Theory and techniques of jazz improvisation with emphasis on functional harmony, melodic form, and development of style. Prerequisites: MUSC 2312.

MUSC 3312
Jazz Improvisation IV: 1-0-1
Theory and techniques of jazz improvisation with emphasis on functional harmony, melodic form, and development of style. Prerequisites: MUSC 3311.

MUSC 3321/3321S
Intermediate Composition I: 2-0-2
Creative writing using techniques of various historical periods. Emphasis on medium forms and combinations of instruments in small ensembles. Performance of works encouraged. Prerequisite: MUSC 2322.

MUSC 3322/3322S
Intermediate Composition II: 2-0-2
Creative writing using techniques of various historical periods. Emphasis on medium forms and combinations of instruments in small ensembles. Performance of works encouraged. Prerequisite: MUSC 3321.

MUSC 3331/3331S
Instrumentation: 3-0-3
The study of traditional instrumental and vocal notation, ranges, technical capabilities, basic scoring techniques. Prerequisites: MUSC 2334 and MUSC 2514.

MUSC 3411
Brass Pedagogy: 1-0-1
Survey of teaching techniques (studio teaching of instruments).

MUSC 3412
Percussion Pedagogy: 1-0-1
Survey of teaching techniques (studio teaching of instruments).

MUSC 3413
String Pedagogy: 1-0-1
Survey of teaching techniques (studio teaching of instruments).

MUSC 3414
Woodwind Pedagogy: 1-0-1
Survey of teaching techniques (studio teaching of instruments).

MUSC 3421
Piano Literature II: 2-0-2
Covers the principle genres of solo piano music from the early Romantic Period through the Impressionistic Period, with formal and stylistic analysis of specific representative works by the principal composers. Prerequisite: Permission of instructor.

MUSC 3422
Piano Literature III: 2-0-2
Comprises the stylistic and formal analysis of representative solo piano music of the twentieth century. Prerequisite: Permission of instructor.

MUSC 3423
Vocal Literature I: 2-0-2
Study of the historical development of the Italian, French, and Spanish song literature, focusing on selected works of representative composers in each stylistic period. Prerequisites: MUSC 2411 and MUSC 2412 or permission of instructor.

MUSC 3424/3424S
Vocal Literature II: 2-0-2
Study of the historical development of the German and English song literature, focusing on selected works of representative composers in each stylistic period. Prerequisites: MUSC 2411 and MUSC 2412 or permission of instructor.

MUSC 3432
Piano Pedagogy II: 3-0-3
An introduction to the teaching of piano at the pre-school, adult and intermediate levels.

MUSC 4221
Marching Band Techniques: 2-0-2
Theoretical and practical approach to the instruction and direction of marching bands.

MUSC 4321/4321S
Advanced Composition I: 2-0-2
Creative writing for large ensembles, using twentieth century techniques, including electronic/digital music. Performance of works emphasized. Prerequisite: MUSC 3322.

MUSC 4322/4322S
Advanced Composition II: 2-0-2
Creative writing for large ensembles, using twentieth century techniques, including electronic/digital music. Performance of works emphasized. Prerequisite: MUSC 4321.

MUSC 4331
Analytical Techniques: 3-0-3
Techniques for analyzing form and other stylistic elements of music, emphasizing works from the common practice period; preparation of time lines and other graphic representations; score reading of orchestral scores with transposing instruments. Prerequisite: Completion of sophomore-level music theory sequence.

MUSC 4332
Counterpoint: 3-0-3
Practical music writing experience in sixteenth, eighteenth, and twentieth century contrapuntal styles. Prerequisites: MUSC 2334 and MUSC 2514.

MUSC 4411
Basic Conducting: 1-0-1
A practical course directed toward the cultivation and development of the skills required for students who plan to conduct music ensembles.

MUSC 4421
Voice Pedagogy: 2-1-2
The development of the teaching of singing through the study of its history and the investigation and application of research in vocal production and pedagogy. Supervised teaching of applied lessons and a survey of teaching materials. Prerequisites: MUSC 2512 or MUSC 1422 and MUSC 2514 or permission of instructor.

MUSC 4431
Choral Conducting and Literature: 3-0-3
Designed to provide students with in-depth knowledge of choral conducting techniques and literature. Students will study appropriate conducting gestures specific to choral ensembles while acquiring knowledge of the great monuments of choral literature. Prerequisite: A minimum grade of "C" in MUSC 4411.

MUSC 4432
Instrumental Conducting and Literature: 3-0-3
Development of conducting skills through the study of literature appropriate for all levels of instrumental ensembles. Prerequisite: A minimum grade of "C" in MUSC 4411.

MUSC 4531
Middle Grades Methods and Materials in Music: 3-1-3
Designed to provide the music education candidate with rehearsal and teaching skills necessary to function in the middle grades music classroom. Through in class instruction and thirty hours of structured field experience, students will learn rehearsal and teaching techniques, management and administration strategies, and develop specific skills related to effective middle grades music teaching. Prerequisites: A minimum grade of "C" in MUSC 4431, MUSC 4432 and admission to the Teacher Education Program.

MUSC 4532
Secondary Methods and Materials in Music: 3-1-3
Designed to provide the music education candidate with rehearsal and teaching skills necessary to function in the secondary music classroom. Through in class instruction and thirty hours of structured field experience, students will learn rehearsal and teaching techniques, management and administration strategies, and develop specific skills related to effective secondary music teaching. Prerequisite: A minimum grade of "C" in MUSC 4431 or MUSC 4432 and admission to the Teacher Education Program.

MUSC 4799
Student Teaching in P-12 Music Education: 9-0-9
Student Teaching in Music Education is a period of guided music teaching during which the student, under the direction of a cooperating teacher, takes increasing responsibility for leading the school music experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a
MUSC 4891/4891S
Special Problems in Music: (1-9)-0-(1-9)
Topics vary with individual professor.

MUSC 5030/5030G
Selected Topics Music Literature: 3-0-3
Specialized study of a specifically announced area in music literature. Graduate students must complete an extra project for this course.

MUSC 5031/5031G/5031S
Selected Topics in Music: 3-0-3
Topics vary with individual professor. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5230/5230G
Music in the Baroque Period: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Baroque period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5231/5231G
Music in the Classic Period: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Classic period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5232/5232G
Music in the Romantic Period: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Romantic period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5233/5233G
Music in the Contemporary Period: 3-0-3
A survey for major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Contemporary period.

MUSC 5234/5234G/5234S
History of Opera: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory in opera history. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC/AMST 5235/5235G
Music in the United States: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory in American music. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC/AAST/AMST 5236/5236G
Jazz History: 3-0-3
A jazz survey course which emphasizes the historical, musical, and chronological development of jazz music. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5237/5237G
Symphonic Literature: 3-0-3
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory in symphonic literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5332/5332G
Jazz Styles and Analysis: 3-0-3
The study of most of the major jazz styles which have been documented in recordings. Emphasis in post-1940's styles of big bands and combos, and in the musical analysis of those jazz styles. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MUSC 3132 and MUSC 5236.

MUSC 5411/5411G
Jazz Pedagogy: 1-0-1
Emphasizes the materials and methods available for the teaching of jazz music at all levels from middle school through university. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 5430/5430G
Advanced Choral Arranging: 3-0-3
Practical experience in arranging for various vocal combinations, score analysis, score reading, and manuscript preparation for publishers. Graduate students must complete an extra project for the course. Prerequisite: A minimum grade of "C" in MUSC 2334.

MUSC 5431/5431G
Advanced Instrumental Arranging: 3-0-3
Study of issues and techniques in composing arrangements for various types of instrumental ensembles with practical experience. Prerequisite: A minimum grade of "C" in MUSC 2334.

MUSC 5432/5432G
Advanced Jazz Arranging: 3-0-3
Study of issues and techniques in composing arrangements for various types of jazz ensembles with practical experience.

MUSC 5530/5530G
Digital Audio Montage: 2-2-3
Explores digital audio theory and practice, sound recording techniques, sound and music representation, sound transformation, and compositional methods of morphological montage through the creation and performance of musical works in the electronic medium. Prerequisites: Experience using computers, a firm background in music theory, computer science, or visual art, basic math skills, and be familiar with elementary aspects of music technology (mixers, cables, and other studio basics).

MUSC 5531/5531G
Advanced MIDI Sequencing: 2-2-3
Explores the core concepts of acoustics and psychoacoustics, the MIDI protocol, music composition and performance using MIDI, hardware-based sound synthesis, hardware-based effects, and audio sampling through the creation and performance of musical works in the electronic medium. Prerequisites: Experience using computers, a firm background in music theory, computer science, or visual art, basic math skills, and be familiar with elementary aspects of music technology (mixers, cables, and other studio basics).

MUSC 5630/5630G
Music, Technology and Contemporary Culture: 3-0-3
Examines the development of sound technology, the impact of music technology on listeners, performers, and composers, the diversification and globalization of musical styles, and the changing sociological roles of music in contemporary culture from both historical and ethnographic points of view. Students will also explore specific topics of their own interest in a seminar setting. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

MUSC 6131
Music Reference Tools and Resources: 3-0-3
Course Descriptions

MUSC 6531  
Technology in Music: 3-0-3  
Introduction to the uses of technology in music, including acoustics, hardware/software, digital keyboards and MIDI sequence recording and editing. Supervised lab work with digital synthesizers and computers.

MUSC 7092  
Selected Topics in Music: 3-3-3  
Topics vary with individual professor.

MUSC 7231  
History and Philosophy of Music Education: 3-0-3  
A study of historical and philosophical currents which have shaped current music education practices.

MUSC 7232  
Research Methodologies in Music Education: 3-0-3  
Survey of qualitative and quantitative methodologies commonly used in music education research, including procedures, criteria for evaluation of research, and the communication of research findings.

MUSC 7233  
Methods and Materials in General Music: 3-0-3  
Designed for music teachers who conduct classes for non-performers. Emphasis is given to understanding the function and structure of music in relevant form for the general student.

MUSC 7234  
Twentieth Century Music Education Methodologies: 3-0-3  
A study of current and traditional methodologies in twentieth century music education, with specific emphasis on Kodaly, Ofr, Dalcroze, MMCP, and Comprehensive Musicianship. Designed for music educators who wish to increase their knowledge and skills in providing musical experiences for primary and intermediate classrooms.

MUSC 7331  
Advanced Analytical Techniques: 3-0-3  
Techniques for analyzing form and other stylistic elements of music, emphasizing larger and more complex works; overview of major analytical methodologies; issues in interpreting published analytical research; combining analytical and historical research.

MUSC 7332  
Twentieth Century Harmony: 3-0-3  
A study of harmonic concepts and practices in twentieth century music. Emphasis on analysis and on writing exercises.

MUSC 7333  
Contrapuntal Techniques: 3-0-3  
A study of sixteenth, eighteenth, and twentieth century techniques of counterpoint, with emphasis on writing exercises in typical styles, using typical devices and forms.

MUSC 7391/7391S  
Composition: (1-3)-0-(1-3)  
Development of skills in advanced composition. Prerequisite: Instructor's permission.

MUSC 7432  
Choral Literature: 3-0-3  
Designed to provide students with in-depth knowledge of choral literature. Students will study the major genres from the Pre-Renaissance to the present with emphasis on the mass, motet, requiem, and oratorio.

MUSC 7434  
Band Literature: 3-0-3  
Provides a survey of the historical development of wind band literature and ensembles from the Renaissance to the present, with respect to composers, composition, performers, instrumentation, and events.

MUSC 7435  
Advanced Marching Band Techniques: 3-0-3  
A theoretical and practical approach to the instruction and direction of marching bands.

MUSC 7533  
Sound Design and Processing: 2-2-3  
Examines sound design and processing through the use of the Supercollider 3 programming language for musical digital signal processing. Students will explore fundamentals of object-oriented computer programming and musical digital signal processing through the creation and performance of musical works in the electronic medium and the creation of their own audio synthesis and transformation software. Prerequisite: Experience using computers, a firm background in music theory and/or computer science, basic math skills, familiarity with elementary aspects of music technology (mixers, cables, etc.). A background in computer programming is helpful but not required.

MUSC 7534  
Interactive Media: 2-2-3  
Examines the use of interactivity in multimedia. Students will learn high-level programming concepts, algorithmic design, and cross-modal aesthetic principles using Max/MSP/Jitter. Prerequisite: Experience using computers, a firm background in music theory, computer science, or visual art, basic math skills, and be familiar with elementary aspects of music technology (mixers, cables, and other studio basics). A background in computer programming is helpful but not required.

MUSC 7630  
Seminar in Advanced Conducting: 3-0-3  
Refinement of conducting and rehearsal techniques including issues related to preparation, gesture, blend and balance, intonation and diction, pedagogy, and rehearsal strategies. Includes supervised rehearsal and performance practicum. May be repeated for credit toward the degree. Prerequisite: Permission of the Instructor. Students must either be available to work with an assigned ensemble at the University or receive approval to work with their own ensemble (such as a secondary school band or choir).

MUSC 7631  
Advanced Score Reading Techniques: 3-0-3  
A capstone course to review concepts of music theory and examine current systems and materials used in teaching music theory.

MUSC 7632  
Interdisciplinary Music Education: 3-0-3  
Examines ways of integrating music education with other disciplines, focusing on social studies, language, and visual arts. Special attention will be given to using music as a tool to address issues of ethnocentrism and multiculturalism. Intended for both music and non-specialists, who will each contribute their point of view in a seminar setting.

MUSC 7633  
Advanced Score Reading Techniques: 3-0-3  
Score study techniques and discussion of issues in preparation for conducting across all areas of band, choral, orchestral, and mixed ensembles.

MUSC 7891/7891S  
Special Problems in Music: (1-9)-0-(1-9)  
Topics vary with individual professor.

MUSC 7931  
Music Education Final Project: 0-0-3
Planned project, written or practical, directed by the student's project advisor. Prerequisites: Permission of the student's project advisor and the graduate coordinator.

**MUSC 7932**  
Musical Technology Final Project: 0-3-3  
Planned project directed by the student's project advisor. Prerequisite: Permission of the student's project advisor and graduate coordinator.

**MUSC 7999**  
Thesis: 0-0-(1-6)  
Planned research and writing directed by the student's thesis advisor. Prerequisites: Permission of the student's thesis advisor and the graduate coordinator.

**MUSC 8231**  
Music Administration: 3-0-3  
An introduction to the various issues in music administration including, but not necessarily limited to, those relating to academic leadership, the decision-making process, personnel matters, problem solving, new technologies in music, resource planning, development and assessment.

**Music Ensemble (CLASS)**

**MUSE**  
Ensembles  
Ensembles of various types are available to all students (some through audition), at both undergraduate and graduate levels. Ensembles carry 1 hour credit.

**Nutrition and Food Science (CHHS)**

**NTFS 2514**  
Professional Practice Strategies: 1-0-1  
Presents an overview of the career opportunities in nutrition, food science and dietetics. Focuses on the development of personal and professional skills required for success in the professions.

**NTFS 2530**  
Nutrition and Health: 3-0-3  
The basic principles of nutrition and their application to health and wellness. The interrelationship between personal nutrition and health maintenance throughout the life cycle is included.

**NTFS 2534**  
Introductory Food Science: 1-4-3  
Develops basic understanding of the principles of food preparation. Applies principles to food preparation for individuals, families and commercial food services.

**NTFS 2535**  
Nutrition and Diet Therapy: 3-0-3  
Provides a basic understanding of the importance of nutrition in health maintenance and disease. The role of the nurse/health care provider in the nutritional assessment and the delivery of nutrition support services for individuals with illness and physical stress are emphasized. Prerequisite: 8-hour laboratory science or permission of instructor.

**NTFS 3534**  
Human Nutrition: 3-0-3  
The fundamental principles of human nutrition and their application to food selection are discussed. Emphasis is placed upon the recommended dietary allowances and other dietary guidelines which promote health maintenance and disease prevention. Prerequisite: A minimum grade of "C" in CHM 1140 or permission of instructor.

**NTFS 3535**  
Life Cycle Nutrition: 3-0-3  
Investigates the role of nutrition and dietary factors on the growth, development and maintenance of health in individuals from birth through aging. Prerequisites: A minimum grade of "C" in NTFS 2530, NTFS 2535, NTFS 3534, or permission of instructor.

**NTFS 3536**  
Meal Management: 1-4-3  
Principles of nutrition and food science are integrated with the management process in menu planning and quality meal service. Prerequisites: A minimum grade of "C" in NTFS 2530 or NTFS 2535 or NTFS 3534 and NTFS 2534.

**NTFS 3537**  
Advanced Food Science: 1-4-3  
Considers the chemical, physical, and biological properties of food ingredients. Emphasis is placed on investigating the relationship between preparation methods, proportions of ingredients and final product quality. Prerequisites: A minimum grade of "C" in NTFS 2534, NTFS 3534, and CHEM 1140 or permission of instructor.

**NTFS 3630**  
Sport Nutrition: 3-0-3  
This course provides a basic understanding of the importance of nutrition in physical activity and sport performance. Topics will include energy metabolism during exercise, fluid intake and performance, common nutritional deficiencies for athletes/exercisers, and the role of nutritional supplements and ergogenic aids in physical activity. Prerequisite: A minimum grade of "C" in NTFS 2530, NTFS 2535, or NTFS 3534.

**NTFS 3730**  
Quantitative Food Practicum: 0-6-3  
Food Science theories and principles are applied in an institutional food service facility. Food service production skills and techniques are developed in this course as are skills in the application of sanitation regulations. To be taken in conjunction with HNRM 3324. Prerequisites: A minimum grade of "C" in HNRM 2334, NTFS 2534, and BIOL 2240 or permission of instructor.

**NTFS 4534**  
Medical Nutrition Therapy 1: 3-0-3  
Investigates the role and benefits of nutritional support and therapy in the metabolic and pathophysiological changes associated with disease in humans. Teaches the application and documentation of the nutritional care process to the needs of patients. Emphasis is placed upon energy imbalance, drug nutrient interactions, metabolic disorders, and gastrointestinal, hepato-biliary, endocrine, and cardiovascular diseases. Prerequisite: A minimum grade of "C" in NTFS 4536 or permission of instructor.

**NTFS 4535**  
Community Nutrition: 3-0-3  
Explores the role of nutritionists in the delivery of nutrition services through community agencies and health and wellness programs. Planning, implementation, monitoring and evaluation of community-based programs are emphasized. The role of government and the impact of the legislative process on the provision of services is examined. Prerequisites: A minimum grade of "C" in NTFS 2530 or NTFS 2535 or NTFS 3534 and NTFS 3535 or permission of instructor.

**NTFS 4536**  
Metabolic Nutrition: 3-0-3  
Considers the principles of nutrition science with special emphasis on integration of macro and micronutrient. Prerequisites: A minimum grade of "C" in CHEM 2542, KINS 2531/2511, KINS 2532/2512, NTFS 3534 or permission of instructor.

**NTFS 4537**  
Experimental Food Science: 1-4-3  
Considers the effects of composition, handling, and preparation techniques on food product quality. Emphasis is placed on basic concepts of research methodology, statistical analysis, and preparation of detailed technical
Course Descriptions

NTFS 4538
Medical Nutrition Therapy II: 3-0-3
Investigates the role and benefits of nutritional support and therapy in the metabolic and pathophysiological changes associated with disease in humans. Teaches the application and documentation of the nutritional care process to the needs of patients. Emphasis is placed upon sepsis, burns, trauma, cancer, immune and neurological disorders, hypertension, anemia, pulmonary, bone, and renal diseases, soft tissue disorders and diseases as well as adaptive feeding techniques and specialized equipment, parenteral and enteral nutrition, and complementary/alternative nutrition and herbal therapies. Prerequisite: A minimum grade of "C" in NTFS 4534 or permission of instructor.

NTFS 4539
Issues and Trends in Food Science: 3-0-3
A study of current trends and issues in the field of food science and technology. Issues related to product development, marketing and regulations and standards will be addressed. Prerequisite: A minimum grade of "C" in NTFS 3537 or permission of instructor.

NTFS 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

NTFS 4610
Nutrition and Food Science Senior Seminar: 1-2-1
Provides nutrition and food science seniors with a colloquium in which to prepare and deliver presentations in trends and issues in the profession of dietetics in a seminar forum. The course also includes the process of applications for dietetic internships and/or employment opportunities. Resume writing, portfolio review and interviewing skills will be discussed. Prerequisites: A minimum grade of "C" in NTFS 2514 and NTFS 4536.

Nursing (CHHS)

NURS 3129
Foundational Concepts of Professional Nursing: 2-0-2
This course is designed to introduce the student to the emerging issues and domains of professional nursing. Within a developmental series of activities, opportunity is provided to explore educational, political and practice components of the nursing profession. Learners are introduced to the BSN Program's Framework of Health Promotion Throughout Life. The concepts of person, nursing, health, environment, health promotion, human caring, communication, ethical principles, critical thinking, empowerment, research, cultural sensitivity, and collaborative professional group process are explored and applied to specific professional situations. The student is exposed to the historical aspects of nursing and healthcare environment. Healthcare delivery systems, barriers to healthcare, and legal aspects of nursing are discussed. The ANA Standards of Practice are introduced in this course with specific emphasis on caring and ethics.

NURS 3130
Critical Inquiry: Nursing Research: 3-0-3
Focuses upon the research process and enhancement of critical thinking skills. Students learn to critique, analyze, and apply research findings to health promotion of persons, families, groups, and communities. The relationship of nursing research to nursing theory and practice is explored. Prerequisites: NURS 3129 or NURS 3139, and STAT 2231.

NURS 3131
Therapeutic Nursing Interventions: Health Promotion I: 3-0-3
Builds a foundation for professional nursing practice including fundamental concepts and principles related to basic nursing care for a culturally diverse rural population. Emphasis is on the acquisition of basic nursing skills and utilization of enabling factors in the performance of safe and appropriate therapeutic nursing interventions. The course incorporates knowledge gained from the arts and sciences into the practice of nursing. Prerequisite: Admission to B.S.N. program and prior or concurrent enrollment in NURS 3129. Corequisites: NURS 3331, NURS 3231, and NURS 3230.

NURS 3133
Mental Health Nursing: Health Promotion III: 3-0-3
Introduces major theoretical concepts in mental health which relate to the nursing care of persons, families, groups, and communities. Utilizing the Health Promotion framework, students conceptuate how the enabling factors are incorporated into the assessment of needs and the planning of care of persons with mental health problems. Emphasis is placed on the examination of mental health alterations and the various roles and functions of the professional mental health nurse. Prerequisites: NURS 3129, NURS 3131, NURS 3331, NURS 3230, and NURS 3231. Corequisite: NURS 3323.

NURS 3139
Conceptual Basis of Nursing: Health Promotion Throughout Life: 3-0-3
Provides an introduction to the B.S.N. Program's framework of Health Promotion Throughout Life. The concepts of person, nursing, health, environment, health promotion, human caring, communication, ethical principles, critical thinking, empowerment, research, cultural sensitivity, and healthcare technology are explored and applied to specific case situations. The student is exposed to the historical aspects of nursing and healthcare, with emphasis on the rural environment, as well as healthcare policy and financial implications in the current healthcare arena. Healthcare delivery systems, barriers to healthcare, and legal aspects of nursing are discussed. The ANA Standards of Nursing Practice are introduced in this course with specific emphasis on caring and ethics.

NURS 3142
Nursing Care of Adults: Health Promotion II: 4-0-4
Focuses on Health Promotion Throughout Life incorporating primary, secondary, and tertiary prevention as they apply to illness affecting adults. Application of the nursing process through nurse-person partnerships regarding promotion, maintenance, or restoration of health is emphasized through the use of case studies. Prerequisites: NURS 3129, NURS 3131, NURS 3331, NURS 3231, and NURS 3333. Corequisite: NURS 3342.

NURS 3230
Health Assessment Across the Lifespan: 2-3-3
The theoretical and laboratory course focuses on the physical, psychosocial, socioeconomic, nutritional, cultural, and spiritual parameters of persons across the lifespan. Facilitates the development of health assessment skills within the Health Promotion framework. Prerequisites: Admission to B.S.N. program or permission of instructor and prior or concurrent enrollment in NURS 3129. Corequisite: NURS 3139.

NURS 3231
Pharmacology and Other Therapeutic Modalities: 2-3-3
Introduces pharmacologic and other therapeutic modalities appropriate to culturally diverse populations across the lifespan. Ethical, legal, and teaching responsibilities are delineated. Emphasis is placed on roles and responsibilities of the nurse in collaboration with the multidisciplinary team to facilitate health promotion. Prerequisite: Admission to B.S.N. program and prior or concurrent enrollment in NURS 3129. Corequisite: NURS 3139.

NURS 3232
Mental Health Promotion: Practicum III: 0-6-2
This practicum allows students to synthesize and apply the major mental health concepts in providing nursing care to persons, families, groups, and communities. Utilizing the Health Promotion framework, students integrate the enabling factors in assessing, diagnosing, identifying outcomes, planning, implementing, and evaluating mental health nursing care. Emphasis is placed on the application of various treatment modalities on the roles and functions of the professional mental health nurse. Prerequisites:
NURS 3129, NURS 3131, NURS 3331, NURS 3230, and NURS 3231. Corequisite: NURS 3333.

NURS 3331
Therapeutic Nursing Interventions: Practicum I: 0-9-3
Focuses on the acquisition of basic nursing skills and utilization of enabling factors needed to provide safe and appropriate therapeutic nursing interventions. Knowledge acquired in NURS 3311 will be utilized in the performance of basic therapeutic nursing skills. 9 clinical hrs/wk. Prerequisite: Admission to B.S.N. program and prior or concurrent enrollment in NURS 3129, Corequisites: NURS 3131, NURS 3230, and NURS 3231.

NURS 3342
Adult Health Promotion: Practicum II: 0-12-4
Provides clinical experiences regarding health promotion in rural/urban primary, secondary, and tertiary health care settings. Students use the nursing process and other analytical tools to provide care to persons experiencing illnesses. Students build on skills previously mastered while acquiring new skills needed to administer safe and effective care. The practicum gives students the opportunity to integrate theory with clinical practice thereby fostering critical thinking in the solution of problems. Prerequisites: NURS 3129, NURS 3131, NURS 3331, NURS 3230, and NURS 3231. Corequisite: NURS 3142.

NURS 4090/4090S
Selected Topics in Nursing: (0-3)-(0-9)-(1-6)
This course provides a mechanism for offering selected topics in nursing. Prerequisite: Permission of the instructor.

NURS 4130
Perspectives on Living While Dying: 3-0-3
The web-based course lays a foundation for students’ future interaction with and care of individuals who are dying. Strategies for improving the quality of life during dying and death are examined attention to application. The physiology of dying and methods of handling circumstances surmounting the process of dying and death are included. The course is directed toward students in helping professions such as nursing, health science, sociology, psychology, and the general student population. Prerequisite: Junior/Senior level or permission of instructor.

NURS 4131
Population Health Care Strategies: 3-0-3
Overview of the levels of prevention, epidemiological principles and their impact on health promotion and disease prevention. A major focus is primary prevention relative to exercise/activity. Emphasis is placed on the clinical application of activity for improving health. Prerequisite: Junior/Senior level or permission of instructor.

NURS 4132/4132S
Complementary Therapeutic Modalities: 3-0-3
Introduces culturally specific therapeutic modalities that are complementary to western health care. These health care modalities are examined relative to their combination with scientific therapies and professional and lay healers. Ethical, legal, and teaching responsibilities are elaborated. Emphasis is placed on the roles and responsibilities of the nurse in collaboration with the client and the multidisciplinary team to facilitate health promotion.

NURS 4133
Complex Nursing Concepts: 3-0-3
The course provides an opportunity for thorough analyses of complex concepts relative to nursing such as person, environment, health, holistic nursing, caring, rurality, spirituality, and power. Multiple theoretical models are analyzed: Health Promotion, Caring, Transcultural Nursing and others. Case study analysis and other modes, including field work, are used to apply models to life events such as birth, death and changes in health status. Attention is given to the availability and use of community resources for individuals and families experiencing dynamic change and complex health events. Additionally, considerable attention is given to the impact of social, economic, cultural, legal, and ethical variables on the experience of profound life events. Prerequisite: Admitted to RN-BSN Program.

NURS 4134
Nursing Care of Developing Families: Health Promotion IV: 3-0-3
Focuses on health promotion of developing families throughout the prenatal experience. Enabling factors which facilitate the performance of therapeutic nursing interventions are explored. Content focuses on theories of developing families, the four trimesters of pregnancy, family developmental tasks, and health education. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Corequisite: NURS 4324.

NURS 4135
Nursing Care of Children: Health Promotion V: 3-0-3
Focuses on the role of the nurse in partnership with families for the purpose of promoting the health and development of children. Family health is viewed as integral to children's health. Theory and research serve as the basis for the effective utilization of enabling factors in the nursing care of children and their families. Content focuses on the health promotion needs of infants, toddlers, preschoolers, school-agers, and adolescents. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Corequisite: NURS 4325.

NURS 4136
Nursing in Complex Health: Health Promotion VII: 3-0-3
The focus of this course is on the pathophysiological mechanisms, nursing diagnosis, and management of persons experiencing complex and/or life-threatening health problems. Students analyze current trends in the provision of care to persons with complex, critical, and/or end of life conditions and how these trends impact nursing, persons, and families in rural/urban settings. Prerequisites: NURS 4134, NURS 4135, NURS 4324, and NURS 4325. Corequisite: NURS 4326.

NURS 4137
Community Health Nursing: Health Promotion VI: 3-0-3
Focuses on health promotion of diverse cultures in the rural community. Students synthesize and apply previously introduced health promotion concepts. Concepts of community health nursing, including principles and application of epidemiology and community assessment, are introduced. Students analyze variables that place populations at risk and design appropriate interventions. The importance of critical thinking and caring are stressed in the provision of therapeutic nursing interventions to culturally diverse persons, families, groups, and communities. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Corequisite: NURS 4327.

NURS 4138
Nursing Leadership and Management: Health Promotion VIII: 3-0-3
Focuses on health promotion in nursing through leadership and management in multidisciplinary environments. The importance of critical thinking to effective nursing leadership within a culturally diverse and changing health care system is emphasized. Course content includes management and leadership theories and skills, management techniques, change strategies, healthcare technology, and role transition strategies to assist the new professional nurse. Prerequisites: NURS 4134, NURS 4135, NURS 4324, and NURS 4325. Corequisite: NURS 4728.

NURS 4229
Health Promotion: A Critical Analysis of Nursing Concepts: 1-3-2
Facilitates the synthesis and application of major concepts of the Health Promotion framework in the nursing care of persons, families, groups, and communities. Students utilize the enabling factors in leading seminar discussions and engaging in critical discourse and case analysis. Successful completion of a comprehensive summative examination is required to pass the course. Prerequisites: NURS 4134, NURS 4324, NURS 4135, and NURS 4325. Corequisites: NURS 4728, NURS 4136, and NURS 4326.

NURS 4324
Developing Families Health Promotion: Practicum IV: 0-6-2
Focuses on health promotion of families throughout the prenatal experience. Knowledge acquired in NURS 4134 is utilized in planning and implementing therapeutic nursing interventions which are empowering in promoting, maintaining, and restoring health. Students utilize the nursing process in the provision of nursing care for selected persons and families. The enabling factors of human caring, communication, ethical principles, critical thinking, empowerment, research, cultural sensitivity, and health care technology are used in providing nursing care. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Proposed Corequisite: NURS 4134.

NURS 4325
Child Health Promotion: Practicum V: 0-6-2
Focuses on health promotion of children and their families. Knowledge acquired in NURS 4135 is utilized in assessing, analyzing, planning, implementing and evaluating nursing care to promote, maintain, and restore health of children. Clinical experiences are provided in rural/urban hospitals and community settings. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Corequisite: NURS 4135.

NURS 4326
Complex Health Promotion: Practicum VII: 0-6-2
This course focuses on the provision of nursing care to persons who are experiencing complex and/or life threatening health problems. Students gain clinical experience in rural and urban settings offering complex, critical, and/or end of life care and explore legal and ethical dilemmas which affect the care of persons with critical and/or end of life conditions. Prerequisites: NURS 4134, NURS 4324, NURS 4135, and NURS 4325. Corequisites: NURS 4136.

NURS 4327
Community Nursing Health Promotion: Practicum VI: 0-6-2
Focuses on the provision of nursing within community settings. Students assess and identify health problems of persons, families, groups, and communities. Focus of activities is on health promotion in partnership with selected persons, families, groups, and communities. Prerequisites: NURS 3142, NURS 3342, NURS 3133, and NURS 3323. Corequisite: NURS 4137.

NURS 4341
Population Focused Nursing: 3-4-4
This course is designed to aid the public health nurse in developing and/or revitalizing skills essential in population-based practice in conjunction with clinical/preventive skills already obtained in the workforce. Emphasis will be on conducting community assessments, planning and implementing appropriate interventions based on assessment findings, presenting health data to groups, facilitating the development of community coalitions, and collaboration with community partners for effective change in health policy. Prerequisite: Permission of instructor.

NURS 4728
Nursing Leadership Preceptorship: Practicum VIII: 0-8-2
The practicum provides an opportunity for the student to: a) practice varied leadership roles, including the management of groups and the art of delegation and b) gain an intensive nursing experience in a clinical specialty area of interest to the student. Students work with a qualified nurse preceptor in a variety of clinical areas and locations. Prerequisites: NURS 4134, NURS 4324, NURS 4135, and NURS 4325. Corequisites: NURS 4136, NURS 4138, NURS 4229, and NURS 4326.

NURS 4738
Nursing Leadership and Management: Practicum VIII: 0-9-3
The practicum provides opportunities for the student to function as a manager in a collaborative role within a multidisciplinary healthcare team. Students collaborate with the course instructor in developing a learning contract with clear objectives and outcome measurements. The contract is based on the student's self-assessment of learning needs and aspirations related to nursing leadership. The student chooses an RN facilitator, subject to approval of the instructor, to assist in meeting selected objectives. Other planned activities also assist the student in meeting learning objectives. Prerequisites: Admitted to RN-BSN Program and NURS 3139.

NURS 4890/4890S
Independent Study: (1-3)-(0-9)-(1-3)
Allows the individual student to study or investigate an area of interest under the direction of a faculty member. Prerequisite: Permission of instructor.

NURS 5210/5210G
Lifespan Advanced Health Assessment Clinical: 0-1-1
Group discussions provide the opportunity for learning synthesis. 90 clinical hours are required in settings which provide experience for health, developmental and diagnostic assessments; and histories and physical examinations of adults, pregnant women, children and newborns. On-campus seminar and laboratory practice and off-campus experiences in ambulatory settings with laboratory facilities serving diverse populations is required. Students taking course for graduate credit will complete additional assignments. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Corequisite: NURS 5230/5230G.

NURS 5230/5230G
Lifespan Advanced Health Assessment for APN: 3-0-3
This health assessment course builds on basic assessment to evaluate persons across the life span within a transcultural context. Principles and techniques necessary to complete a total health history, developmental assessment, nutritional evaluation, physical examination and documentation of findings to form a data base on the individual, pregnant female and newborn are included. Recognition of pathological signs and symptoms associated with illness and assessment of health promotion needs are emphasized. Selected diagnostic procedures are covered. Students taking course for graduate credit will complete additional assignments. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Corequisite: NURS 5210/5210G.

NURS 6131
Professional Roles and Issues: 3-0-3
Explores concepts that prescribe the framework of advanced practice nursing with application to APN roles. Professional, ethical, and cultural issues that impact health care will be discussed. The graduate nursing student will begin to build and shape strategies for dealing with role assimilation, positive and negative role influences, and important health care issues.

NURS 6133
Health Care Organizations and Policy for Advanced Practice Nursing: 3-0-3
Characteristics of health care organizations from rural and urban perspectives important to advanced practice nursing are examined. The American health care system, financing, health policy, national, state, and local legislative issues which impact the delivery of health care by advanced practice nurses are emphasized. Students analyze information systems and use information technologies to investigate current legislative and advanced practice nursing issues.

NURS 6134
Differential Diagnosis and Pathophysiology: 3-0-3
Explores advanced concepts of pathophysiology that alter and/or disrupt body system functioning in adults and children. Knowledge of pathophysiology concepts provide the foundation for determining differential diagnosis(es) related to presenting patient problems.

NURS 6135
Pharmacotherapeutics for Advanced Practice Nursing: 3-0-3
Builds upon the pharmacological knowledge base of the student in an advanced practice nursing major. Pharmacology and pharmacotherapeutics for selected drug classifications and prototype drugs used in primary care settings are explored. Selected primary care disorders are discussed related to appropriate pharmacological management.
NURS 6136
Family Health Promotion for Advanced Practice Nursing: 3-0-3
Family theoretical frameworks are used to explore the influence of psychological, cultural, and social aspects of rural/urban life on health. Health care problems and issues of concern to advanced practice nursing providing care to rural and urban families will be compared and contrasted. Techniques for screening at-risk families to facilitate early case finding and strategies for health maintenance and health promotion are included.

NURS 6140
Applied Theory and Research for Advanced Practice Nursing: 4-0-4
Course synthesizes the application of theory and research to utilize evidence-based practice in the APN role. Evolution of nursing theory and nursing science; critical analysis, synthesis and critique of nursing theory and research; quantitative and qualitative methodologies; and theory to practice linkages are emphasized. Theory-driven research focusing on the evaluation of outcomes applicable to nursing practice, and critical review of literature on evidence-based practice are included. Course is designed to prepare informed consumers of health care research and beginning nurse scientists. The importance of the advancement of nursing science and of the ethical conduct of nursing research are incorporated throughout the course. Prerequisite: A minimum grade of "C" in undergraduate statistics.

NURS 6211
Epidemiology and Transcultural Issues Clinical for APN: 0-1-1
Course requires the application of the principles of epidemiology and transcultural healthcare to patient populations served by advanced practice nurses (APN). A total of 90 hours will provide experiences in assessing and planning interventions for selected vulnerable populations to achieve higher levels of wellness within their cultural and environmental contexts. Corequisite: NURS 6220.

NURS 6220
Epidemiology and Transcultural Cultural Issues for APN: 2-0-2
Course provides introduction to the principles of epidemiology and transcultural healthcare competence as applied to patient populations served by advanced practice nurses (APN). Emphasis is placed on preparing APNs to utilize the principles of epidemiology to assist vulnerable populations in achieving a higher level of wellness within their cultural and environmental contexts. Corequisite: NURS 6211.

NURS 6811
Research Practicum I: 1-0-1
Course provides an opportunity for graduate nursing student to participate in a research project applicable to advanced nursing practice. Completion of the research project will occur in NURS 6812. Prerequisite: A minimum grade of "C" in NURS 6140.

NURS 6812
Research Practicum II: 1-0-1
Course provides an opportunity for graduate nursing student to complete the research investigation of an area of interest begun in NURS 6811. Prerequisite: A minimum grade of "C" in NURS 6811.

NURS 7090/7090S
Selected Topics Nursing: (1-3)-(0)-(1-3)
Provides a mechanism for offering courses on selected topics in nursing.

NURS 7224
Primary Care Clinical I: Women's Health: 0-2-2
This course requires the application of theoretical concepts relative to the provision of health care to the female client within the scope of practice of the family nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 180 hours of clinical experience in a primary care obstetrical/gynecological setting providing care to women experiencing reproductive or lifestyle concerns and pregnancy or gynecological conditions is required. Prerequisites: NURS 5230G, NURS 5210G, and NURS 6134. Corequisites: NURS 6135 and NURS 7231.

NURS 7225
Primary Care Clinical II: Pediatric Health: 0-2-2
This course requires the application of theoretical concepts relative to the provision of health care to the pediatric client within the scope of practice of the nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 180 hours of clinical experience in pediatric ambulatory primary care setting providing care to the pediatric population is required. Prerequisites: A minimum grade of “B” in NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7231.

NURS 7231
Primary Care I: Women: 3-0-3
This course explores the role of the nurse practitioner in the provision of primary health care to women in rural/urban ambulatory care settings presenting for gynecological care. Emphasis is placed on health maintenance/promotion and the management of women's health concerns within the transcultural context of family/community. Prerequisites: NURS 5230G, NURS 5210G, and NURS 6134. Corequisites: NURS 6135 and NURS 7224.

NURS 7233
Primary Care II: Pediatrics: 3-0-3
This course explores the role of the family nurse practitioner in the provision of primary health care to the pediatric client in rural/urban ambulatory care settings. Emphasis is placed on health maintenance/promotion and the management of pediatric health within a transcultural context of the family/community. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7225.

NURS 7234
Primary Care Clinical III: Adult Health: 1-2-3
This course requires the application of theoretical concepts relative to the provision of health care to the adult and older client within the scope of practice of the nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 180 hours of clinical experience in a rural/urban ambulatory primary care setting providing care to the adult and older population is required. Prerequisites: A minimum grade of “B” in NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisites: NURS 7234.

NURS 7243
Primary Care III: Adult: 3-0-3
This course explores the role of the family nurse practitioner in the provision of primary health care to the adult client in a rural/urban ambulatory care setting. Emphasis is placed on health maintenance/promotion and management of adult health within the transcultural context of family/community. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7224.

NURS 7331
Women's Health Nurse Practitioner II: Problem Pregnancy: 3-0-3
Focuses on women who are pregnant or wish to become pregnant. Pharmacological strategies appropriate to pregnancy will be covered. Therapeutic nursing interventions related to preconceptual counseling issues, complicated pregnancy and postpartum conditions, pregnancy termination, infertility and fetal assessment will be discussed. Health promotion strategies for the woman with problems complicating a pregnancy will be addressed. Prerequisites: NURS 5240, NURS 6134, NURS 6135, NURS 7224 and NURS 7231. Corequisite: NURS 7322.

NURS 7332
Women's Health Clinical II: Advanced OB: 0-2-2
This course requires the application of theoretical concepts relative to the provision of health care to the woman with a normal or high risk pregnancy within the scope of practice of the women's health nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 180 hours of clinical experience in a rural/urban obstetrical setting is required. Prerequisites: A minimum grade of “B” in NURS 5230G, NURS 5210G, NURS 6134, NURS 6135, NURS 7231 and NURS 7224. Corequisite: NURS 7331.

NURS 7341
Women's Health Nurse Practitioner III: Complicated Gynecological and Primary Care of Women: 4.0-4
Focuses on complex gynecological and selected primary health care problems of women. Therapeutic nursing interventions and medical management related to breast disease, reproductive infections, reproductive cancer, and technological diagnostic measures will be covered. Selected psychological, physical and non-gynecological primary care problems frequently seen by the Women's Health Nurse Practitioner will be addressed. Health promotion strategies to improve the quality of life of the women will be emphasized. Prerequisites: NURS 5240, NURS 6134, NURS 6135, NURS 7224 and NURS 7231. Corequisite: NURS 7342.

NURS 7342
Women’s Health Clinical III: GYN/Primary Care: 1.3-4
This course requires the application of theoretical concepts relative to the provision of health care to the woman with a gynecological or primary care problem within the scope of practice of the women's health nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 270 hours of clinical experience in a rural/urban gynecological primary care setting is required. Prerequisites: A minimum grade of “B” in NURS 5230G, NURS 5210G, NURS 6134, NURS 6135, NURS 7224, and NURS 7231. Corequisite: NURS 7341.

NURS 7511
Community Health Clinical I: 0-1-1
Course requires 90 hours of experience with a preceptor to apply theory, evidence-based practice and clinical knowledge in the development of culturally competent, effective care to improve the health of a selected population with in a community. Population assessment; health care issues identification; and the development, implementation and evaluation of intervention strategies will be addressed. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7520.

NURS 7520
Community Health I: 2.0-2
Course emphasizes application of theory, evidenced-based practice and clinical knowledge in the assessment, design, and evaluation of culturally competent, effective health care provided within systems to meet the needs of individuals, families, groups, and communities within a health promotion framework. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7511.

NURS 7521
Community Health Clinical II: 0-2-2
Course requires 180 hours of experience with preceptor to develop leadership skills within the context of community. Experiences will include program planning and evaluation; resource management to include budgeting, funding, and grant writing; strategic planning and decision making; and the CNS role as advocate and change agent. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7530.

NURS 7530
Community Health II: 3.0-3
Course emphasizes application of theory and research applicable to the development of leadership skills within the context of community. Course includes program planning and evaluation; resource management to include budgeting, funding, and grant writing; strategic planning and decision making; and the CNS role as advocate, change agent and consultant. Prerequisites: NURS 5230G, NURS 5210G, NURS 6134, and NURS 6135. Corequisite: NURS 7521.

NURS 7730
Primary Care Capstone: FNP: 2.1-3
This FNP capstone course provides 90 hours of clinical experiences in a variety of rural/urban ambulatory health care settings to allow synthesis and application of theoretical, evidenced-based research and clinical knowledge gained in required courses. Emphasis is placed on the provision of care by APN to persons across the life span within a transcultural and health promotion framework. Group discussions will provide an opportunity for capstone learning synthesis of the FNP role. All courses must be completed with the exception of an elected thesis. Prerequisites: All courses except Thesis.

NURS 7731
CNS Capstone: Community Health: 1.2-3
This capstone course provides 180 hours of experience in a setting that supports synthesis and applications of theory and evidenced-based practice knowledge gained in required courses. Emphasis is placed on the development and evaluation of systems which provide care to a community within a transcultural and health promotion framework. Group discussions will provide an opportunity for capstone learning synthesis of the community health CNS role. All courses must be completed with the exception of an elected thesis. Prerequisites: All course work for major except Thesis.

NURS 7890
Independent Study Nursing: (1.3)-0(1.3)
Allows the graduate student the opportunity to investigate an area of interest under the direction of a faculty member. Prerequisite: Permission of instructor.

NURS 7999
Thesis Nursing: (0.3)-0(0.3)-(1.3)
Thesis hours are elective to the graduate nursing program of study. A thesis provides the opportunity to pursue research in an area of interest within the major under faculty direction. The student is required to demonstrate evidence of critical thinking in the development of the research design and analysis of the findings. The thesis requires a defense of design, conduct, analysis and interpretation of the findings. The thesis is completed utilizing a standard format prescribed by the College of Graduate Studies. Prerequisites: NURS 6140 and permission of instructor.

NURS 9121
DNP Role Transition: 2.0-2
This course explores the theoretical underpinnings that provide the foundation for the Doctor of Nursing Practice role. Nurses in this role will conceptualize solutions to the access and equity issues of twenty-first century health care.

NURS 9126
Biomedical Ethics in Practice and Leadership: 2.0-2
Course prepares the Advanced Practice Nurse (APN) to guide patients, families, communities, and organizations through the complex maze of legal and ethical dilemmas. Through the philosophical study of morality as applied to biomedical ethics in current health care dilemmas, culturally sensitive and appropriate solutions will be derived.

NURS 9131
Biometrics for Advanced Practice Nursing: 3.0-3
Course provides foundation for the application of statistical analysis to investigate underlying relationships in health care data relevant to advanced practice nursing. Students will gain an understanding of when and why to use statistical techniques as well as how to apply them with confidence and interpret their output, using statistical computer software.

NURS 9132
Leadership and Management in Practice Transition: 3.0-3
This course provides an opportunity for the student to develop leadership skills important to the practice environment of the advanced practice nurse and to affect health care outcomes. Content includes leadership theory, power as a leadership asset, personnel management, change theory, conflict management, marketing, communication, group dynamics, and strategic planning. The dynamic interactions of health care organizations and regulatory/funding organizations will be analyzed. Attention will be given to the legal, ethical, and cultural aspects of leadership.

NURS 9133
Applied Evidence-based Practice: 3-0-3
Course synthesizes concepts from nursing science, and other related sciences to prepare the student for the highest level of evidence-based practice. Concepts of critical appraisal, generation, analysis, and synthesis of evidence are included. Students are prepared to disseminate findings from evidence-based research to improve health care outcomes for individuals and populations.

NURS 9134
Health Care Financing and Policy Development: 3-0-3
This course explores the relationship of macro and micro economics to health care financing and policy development from regional, state, national, and global perspectives. Quantitative decision making models are examined, compared and contrasted with intangible aspects of decision making and policy development. Emphasis is given to financial management skills including project analysis, budgeting, variance reporting, revenue estimation, and financial risk management. Ethical inquiry addresses access to health care and utilization and dispersion of scarce resources.

NURS 9135
Outcomes Management Strategies for Improved Health Care: 3-0-3
Course provides the foundation to conduct comprehensive outcomes management initiatives to improve health care. Theoretical models, analytic methods, and evaluation strategies will be explored and critiqued as they relate to outcomes management. Connections between nursing-sensitive outcomes, outcomes management strategies, and patient population characteristics in health care systems will be emphasized.

NURS 9136
Population Focused Collaborative Initiative: 2-6-3
Course prepares the APN to investigate a vulnerable population in collaboration with health care partner in a clinical context. The student will develop the ability to assume a consultant role in procuring fiscal resources to improve health care outcomes diverse populations.

NURS 9730
DNP Capstone Practicum: 1-12-3
This capstone clinical experience course provides an opportunity to integrate the role of the DNP in a comprehensive real-world contextual practicum that includes utilization of leadership, consultation, advocacy, and collaboration. Individual experiences will be developed under the guidance of a faculty advisor.

NURS 9921
DNP Clinical Immersion Project 1 : Development: 1-6-2
In this course DNP students will design, a clinical scholarship project within their interest and expertise aimed at improving health care outcomes. The clinical project will actualize the DNP competencies inherent to the advance practice nursing role. Oversight of this clinical project will be provided by a faculty committee.

NURS 9922
DNP Clinical Immersion Project 2 : Implementation: 1-6-2
In this course students will complete the implementation and data collection for the clinical scholarship project begun in DNP Clinical Immersion Project 1: Development. Prerequisite: A minimum grade of “B” in NURS 9921.

NURS 9923
DNP Clinical Immersion Project 3 : Outcomes Analysis and Dissemination: 1-6-2
In this course students will evaluate the outcomes of a clinical scholarship project implemented in DNP Clinical Immersion Project 2: Implementation. Findings will be disseminated in a professional format. Prerequisite: A minimum grade of “B” in NURS 9922.

Public Administration (CLASS)
PBAD 7020
Selected Skills in Public Management: 2-0-2
Intensive development of specific skills needed by public managers not covered by other courses. May be repeated once as skill areas change.

PBAD 7030
Selected Topics in Public Management: 3-0-3
Intensive studies of specific topics in public management not covered by other courses. May be repeated once as topics change.

PBAD 7120
Written Communication for Public Managers: 2-0-2
Teaches students the formats, styles and techniques for effective writing in a public sector organization. Attention will be given to memoranda, speech writing, reports, press releases, evaluations and recommendations, form letters, and individualized letters of response to citizen requests and complaints.

PBAD 7121
Presentations for Public Managers: 2-0-2
Focuses on skills needed to make effective oral presentations in public settings, to conduct effective meetings, and to prepare effective supplementary materials that enhance the quality of presentations. Skills in using technology in making presentations will be covered.

PBAD 7122
Grant Writing for Public Managers: 2-0-2
Teaches students how to locate grant opportunities and how to structure effective grant proposals that will win funding for government and nonprofit organization projects. Also examines the importance of effective grant administration.

PBAD/POLS 7130
Ethics in Government: 3-0-3
Focuses on experiences, approaches, and strategies for confronting and solving problems. An emphasis is placed on accountability and responsibility of public officials for appropriate behavior and ethical decision-making.

PBAD 7133
Public Law and Administration: 3-0-3
Examines the legal framework in which public managers must operate in the 21st century. Particular attention is given to understanding the implications of constitutional law on administrative behavior and decisions and on administrative laws designed to ensure due process and equal treatment for all citizens. The interrelationship of law and ethics for public managers is also examined.

PBAD 7220
Computer Applications for Public Managers: 1-1-2
Emphasis is on selection of computer hardware and software as well as practical experience with common tools such as spreadsheets, word processors, database management systems, presentation programs, etc.

PBAD 7221
Geographical Information Systems for Public Managers: 2-2-2
Study and demonstration of the uses of Geographic Information Systems to address public administration issues and problems.
PBAD 7230
Budgeting in the Public Sector: 3-0-3
Examines both politics and techniques used in formulating and implementing budgets by local, state, and federal governments in the United States.

PBAD 7232
Public Sector Financial Management: 3-0-3
An exploration of the management of revenue-raising and expenditure activities. Topics include understanding grants and contracts, recording of outlays, expenditures monitoring, procurement and purchasing, and financial audits of public agencies.

PBAD 7320
Community Organization and Development: 2-0-2
Examines the history and theory behind the practice of community organizing and the concept of community development in the United States. Additional focus on specific problems faced by the students' local communities will be included as will consideration of specific organizing and development strategies and techniques that might address those problems.

PBAD 7321
Diversity Issues in Public Management: 2-0-2
Examines the ways in which human differences affect the work of public managers with respect to their employees, their colleagues, their supervisors, and the public which they serve.

PBAD/POLS 7330
Intergovernmental Relations: 3-0-3
Examines the interaction between the federal, state, and local levels of government in the United States. Special attention is given to the constitutional and fiscal relationships between these levels of government and the historical evolution of the nature of the relationships.

PBAD/POLS 7331
Managing Small Cities: 3-0-3
A systematic study of the political and administrative processes of cities, counties, and other units of local government in the United States. Special attention is given to the role of effective governance exercised by elected officials and the professional responsibilities of the city manager who often executes decisions of elected bodies.

PBAD/POLS 7332
State Government: 3-0-3
A systematic study of the growing role of the states in the development and administration of domestic social policy in the United States. Special attention is given to the capacity building in state government and the devolution of power to the states. Specific policy areas in state government including education, crime control, and economic development are examined in-depth.

PBAD 7334
Rural Development Management: 3-0-3
Examines the administrative problems and salient public policy issues which persist in rural settings. Rural development theories and practices will be analyzed to enhance the student's understanding of rural development problems, types of rural communities, and the role of administrators in formulating, implementing, and evaluating policy in rural settings.

PBAD 7335
Urban Management: 3-0-3
An examination of the problems confronting public managers in large cities and of the structure and responsibilities of urban governments in the United States. Specific policy areas such as transportation, housing, social welfare, public health, and public safety will be studied in an urban context with a focus on approaches managers have taken in addressing these issues.

PBAD/POLS 7336
Comparative Public Management: 3-0-3
Examines public administrative structures and processes in different parts of the world cognizant of cultural and contextual variables and how they affect the administrative process.

PBAD/POLS 7337
Environmental Management and Policy: 3-0-3
An overview of environmental and natural resource management in the United States. Particular attention will be paid to issues of regional importance, including water quality and availability, regulation and monitoring compliance, sustainable growth, and management within overlapping jurisdictions.

PBAD 7338
Managing Economic Development: 3-0-3
Examines the strategies, tools, and techniques used by local, state, and national governments to generate economic growth and revitalization of economically depressed areas. The role played by public managers in effectively managing public/private partnerships aimed at improving the economic well-being of neighborhoods and individuals will be a particular focus.

PBAD 7430
Public Personnel Management: 3-0-3
The functions of public personnel management and the challenges it faces in the American society and government.

PBAD 7431
Organization Behavior in the Public Sector: 3-0-3
A study of human behavior in organizations with special attention to the unique characteristics of the interface between behavior and organizational structures in the public sector.

PBAD/POLS 7530
Research Methods For Government: 3-0-3
An examination of quantitative techniques for public administration. Emphasis will be placed on understanding and using techniques appropriate to categorical analysis and the simple linear model. Students will also be exposed to research design, measurement, and the use of computer program packages appropriate to the public sector. Prerequisite: A placement examination or completion of a program-approved statistics course with a minimum grade of “C-”.

PBAD/POLS 7531
Public Program Evaluation: 3-0-3
A thorough study of the design and implementation of policy and program evaluation in public and non-profit agencies. Special attention is given to monitoring agency operations through performance measurement. The mechanics of cost benefit analysis and qualitative assessment techniques are examined. Prerequisite: Graduate research methods or permission of instructor.

PBAD/POLS 7532
Public Policy: 3-0-3
A systematic study of how public policy is developed, implemented, and evaluated. Attention is given to the skills of policy analysis, as well as, the social problems and cultural interpretations that lead to public policy. Illustrations from domestic policy in the United States are supplemented with insights from other nations.

PBAD 7553
Public Sector Planning: 3-0-3
Examines the scope, theories, resources, and politics of urban, regional, state, and national planning.

PBAD 7620
Capstone Seminar in Public Management: 2-0-2
Students will meet weekly to discuss various issues related to challenges and problems they are encountering in their work sites and internship assignments in terms of the concepts and theories of public management that they have learned.
PBAD/POLS 7630
Seminar in American Government: 3-0-3
A graduate introduction to the basic structures, processes, and patterns of behavior of American national government, emphasizing the interfacing of politics, economics, and public policy.

PBAD 7631
Foundations of Public Administration: 3-0-3
Provides an overview of the tasks confronted by public managers in the American system of government at all levels: national, state, and local. The political and legal constraints on managers and the differences between problems faced by public managers when compared to private sector managers are emphasized.

PBAD 7632
Public Safety Management: 3-0-3
Provides the basic principles for important systems in the field of public safety management: law enforcement, jail administration, fire safety, emergency services, and hazard and disaster response.

PBAD 7633
Correctional Management: 3-0-3
Examines the correctional system, the correctional process, and the management of penal institutions. Provides an in-depth examination of prison management and the interface of the institutions with the court and the community. Studies management of community programs and special challenges.

PBAD 7634
Juvenile Justice Management: 3-0-3
Examines the context of the administration of a Juvenile Justice system through history, philosophy, and law. Encompasses the systematic process from diversion programs to incarceration.

PBAD 7635
Police Organization and Management: 3-0-3
Examines the managerial and leadership tasks of the police agency's chief executive officers. Particular emphasis will be on assessment and creation of policies, procedures, and budgets. Other topics will include organizational structure and design, planning, decision making, communication, and change.

PBAD 7636
Administration of Justice: 3-0-3
Examines the legal structure which supports the criminal system. Current and future problems of law enforcement will be discussed including judicial process, community relations, and civil liberties.

PBAD/POLS 7637
Social Welfare Management: 3-0-3
Examines the issues involved in administering social welfare programs at the local, state, and federal levels of government. Particular attention is paid to problems faced by social welfare service delivery organizations and the question of welfare reform strategy in the United States.

PBAD 7730
Internship in Public Management: 3-0-3
Students will work 30-40 hours per week in a professional capacity with either a governmental organization, a nonprofit organization, or possibly a private sector organization which has been contracted to perform a government function. The internship will apply skills being learned in various public administration course work.

PBAD 7890
Directed Reading: (1-3)-0-(1-3)
A structured set of readings and assignments mutually designed by the student and the instructor on a specific area of public management.

Philosophy (CLASS)

PHIL 1030/1030S
Introduction to Philosophy: 3-0-3
An introductory course which surveys the ideas of some of the great philosophers of the Western world, focusing on issues about religion, ethics, reality, and ways of knowing.

PHIL 2232
Critical Thinking: 3-0-3
An introduction to the concepts and skills necessary for identifying, evaluating, and constructing good arguments. Topics will include strategies that are used to strengthen or weaken an argument, spot fallacious ways of reasoning, and identify hidden assumptions. The course also studies the basic elements of deductive reasoning.

PHIL 3030/3030S
Selected Topics in Philosophy: 3-0-3
Selected Topics in Philosophy.

PHIL/RELS 3131
World Religions: 3-0-3
The teachings concerning people and their relations to God and the world found in the major world religions. Judaism, Christianity, Islam, Hinduism, Confucianism, Jainism, and Buddhism are among the religions studied.

PHIL/POLS 3230
Modern Political Thought: 3-0-3
See POLS 3230 for course description.

PHIL/POLS 3232
Philosophy of Law: 3-0-3
A study of major topics in the philosophy of law, all of which concern the relationship of law to morality and justice—including the nature of law in general; the importance of the rule of law and of limiting the rule of law; and some theory and practice of criminal law.

PHIL 3330/3330S
Introduction to Art and Beauty: 3-0-3
A critical study of the philosophical theories about the nature of art and beauty drawing from both traditional and contemporary thinkers. Topics include defining art and beauty, justifying aesthetic judgments, analyzing artistic creation, and determining the value of art.

PHIL 3332
Contemporary Moral Problems: 3-0-3
A course in applied ethics which provides a philosophic discussion of the most salient ethical problems of the day. Typically the course will cover such topics as abortion, animal rights, euthanasia, capital punishment, and suicide.

PHIL 3333
Introduction to Ethics: 3-0-3
An introduction to the main concepts of philosophical ethics such as virtue, duty, utility, rights, and liberty. The course also introduces philosophers whose ethical theories have been historically the most influential, such as Aristotle, Kant, and Mill.

PHIL 3334
Environmental Ethics: 3-0-3
A study of the moral relations between human beings and their natural environment. The course examines theories of valuing nature, applies ethical analysis to environmental problems, and explores the underlying causes of environmental degradation.

PHIL 3431/3431S
Ancient Philosophy: 3-0-3
The main ideas of Socrates, Plato, Aristotle, the Stoics, the Epicureans, Plotinus, and St. Augustine and a consideration of how those ideas apply to our lives.
PHIL 3432
Modern Philosophy: 3-0-3
The main ideas held by philosophers in the seventeenth and eighteenth centuries, tracing many of the positions that lead us to think as we do today. Thinkers included are Bacon, Hobbes, Descartes, Spinoza, Leibniz, Locke, Berkeley, Hume, Kant, Galileo, Kepler, and Newton.

PHIL 3433
Reason and Revolution: 19th Century European Philosophy: 3-0-3
A survey of the Continental philosophers of the nineteenth century and their ideas regarding the nature of knowledge, truth, reality, God, religion, society, and humanity. Philosophers studied include Hegel, Marx, Schopenhauer, Kierkegaard, and Nietzsche.

PHIL 3434
Contemporary Philosophy: 3-0-3
A survey of the main philosophical movements of the twentieth century, primarily in the English-speaking world. The course will stress the importance of language in thinking about some of the traditional problems of philosophy, such as what can be known and what exists. Readings will include selections from Russell, Wittgenstein, Moore, and others.

PHIL 3531
Theory of Knowledge: 3-0-3
A study of the main theories concerning the nature of knowledge and belief. Topics will include problems of scepticism, the reliability of perception and memory, and the sources of justification.

PHIL 3532/3532S
Metaphysics: 3-0-3
A study of the main theories concerning the nature of reality. Topics will include what things exist, the nature of space, time, matter, self, freedom, infinity, and God.

PHIL/RELS 3635
Existentialism: 3-0-3
A study of the existentialist movement in philosophy from its origins to the present, showing how and why the movement began, what its authors advocate, and how it has been assessed by contemporary critics. Readings will include selections from Kierkegaard, Jaspers, Heidegger, Sartre, and others.

PHIL/WGST 4130
Feminist Philosophy: 3-0-3
An introduction to the main topics in Feminist Philosophy to include the adversary method and the 'maleness' of philosophy; dualities of mind and body, male and female, self and other; women's ways of knowing: caring and maternal thinking; and ecofeminism. Feminist philosophy addresses these ideals and assumptions in the western philosophic traditions that have oppressed women and other subordinate groups.

PHIL 4233
Introduction to Formal Logic: 3-0-3
Fundamentals of propositional and predicate logic. Emphasis will be placed on construction of proofs in formal systems.

PHIL 4333
20th Century Ethical Theory: 3-0-3
Main trends in twentieth century normative ethical theory in the Western world, to include Intuitionism, Emotivism, Prescriptivism, Act and Rule Utilitarianism, and Contractarianism.

PHIL 4532
Philosophy of Emotions: 3-0-3
This course is designed to help students understand the nature of emotions, and to enable students to become better equipped to understand their own emotions. Students will study and critically evaluate the major contemporary theories of emotion as well as historical accounts of emotion.

PHIL 4533
Philosophy of Mind: 3-0-3
An introduction to the most important questions in the philosophy of mind. The course will ask what minds are, whether statements about minds can be replaced by or reduced to statements about brains, what consciousness is, and whether there can be artificial intelligence.

PHIL/RELS 4632
Philosophy of Religion: 3-0-3
An in-depth examination of religious teachings and basic philosophical problems associated with them. Topics considered will include creation, salvation, life after death, the origin of evil, religious experience, and God.

PHIL 5030/5030G
Selected Topics in Philosophy: 3-0-3
Selected Topics in Philosophy. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Public Health Leadership (COPH)

PHLD 9130
Public Health Research Methods: 3-0-3
This course provides theoretical and applied concepts, techniques, procedures, and technologies used in scientific inquiry and reporting for applied health services delivery, systems, health administrative and managerial research.

PHLD 9131
Leadership Foundations and Strategies for Health Organizations: 3-0-3
This course will examine the role of leaders in improving health organizations and the relationship between situational leadership strategy, organizational culture, communication, and performance. Theoretical foundations, strategies and processes of leadership are explored and synthesized through critical thinking, self and group assessment.

PHLD 9133
Health Organization Communication: 3-0-3
This course examines the delivery and exchange of messages within health organizations. Contexts will include conflict, negotiating, networks, channel selection, knowledge management, risk communication and public relations.

PHLD 9231
Health Informatics and Decision Making: 3-0-3
This course focuses on the fundamental concepts of managing information as an asset in public health and healthcare delivery contexts. Emphasis will be placed on converting data into information and converting information into decision support models.

PHLD 9233
Enterprise Human and Supply Chain Resource Planning and Management in the Health Enterprise: 3-0-3
This course provides understanding, knowledge and evaluation models to manage an organization's enterprise resource planning and management system. Healthcare human resources and supply chain management are evaluated from a financial and operations management perspective.

PHLD 9331
Health Policy, Regulation and Ethics: 3-0-3
This course explores the policy, legal and ethical issues found in the healthcare system, and investigates the healthcare professional as decision-maker, leader and moral agent. Prerequisites: A minimum grade of “B” in PUBH 8134.

PHLD 9333
Health Organization Strategic and Contingency Planning: 3-0-3
This course will examine the concepts, processes, and integration of management information systems, financial, human resource, and marketing plans into an organizational strategic planning system with emphasis on contingency planning as a major context and application.

PHLD 9334
Financial Management of Public Health Organizations and Programs: 3-0-3
This course examines the structure and functioning of the finance components of the Public Health System using Federal Basis Generally Accepted Accounting Principles (FGAAP). It will provide Dr.P.H. students with the theory, concepts, and tools necessary to make better decisions regarding the acquisition and deployment of resources, and promoting the financial well being of public health organizations. The course will discuss the following topics: financial goals; time value analysis; financial risk and return, debt and equity financing; capital decisions; cost of capital; capital investment decisions; business valuation; and leasing decisions. Students will apply the material learned in real world (case) settings and, in the process, gain an appreciation of the value of spreadsheets in financial decisions.

Physics (COST)

PHYS 1111
Introduction to Physics I: 3-0-3
This is the first of a sequence of courses which provide a working knowledge of the basic principles of physics. Topics include mechanics, oscillations and wave motion. The student should have had pre-calculus, or have an equivalent knowledge of algebra and trigonometry. Prerequisite: MATH 1113 or an equivalent knowledge of algebra and trigonometry. Corequisite: PHYS 1113.

PHYS 1112
Introduction to Physics II: 3-0-3
This is the second in a sequence of two courses which provide a knowledge of the basic principles of physics using application that require a knowledge of trigonometry and elementary algebra. Topics include electricity and magnetism, optics and modern physics. Prerequisite: PHYS 1111. Corequisite: PHYS 1114.

PHYS 1113
Physics Lab I: 0-3-1
This is the first of two laboratory courses that provide the laboratory part of PHYS 1111, PHYS 1112, PHYS 2211 and PHYS 2212. Provides laboratory work on mechanics, wave motion and thermodynamics. Prerequisites: Requires prior or concurrent enrollment in either PHYS 1111 or PHYS 2211. In the event the student drops the lecture portion of the course, the lab should also be dropped.

PHYS 1114
Physics Lab II: 0-3-1
This is a set of experimental studies on electricity and magnetism, optics and modern physics. Serves as the laboratory portion of PHYS 2212 and PHYS 1112. In the event a student drops PHYS 2212 or PHYS 1112, this course may not be continued unless the student has already completed either PHYS 2212 or PHYS 1112. Prerequisites: Concurrent or prior completion of PHYS 2212 or PHYS 1112.

PHYS 1135
How Things Work: 3-0-3
This is a non-mathematical course designed for liberal arts students. Fifty-one objects in our everyday world are examined to answer the question “How do they work?”. As a result concepts of physics that everyone uses daily are revealed in an interesting and understandable manner.

PHYS 1149
Environmental Physics: 3-2-4
A general course on the physical basis of environmental science. Emphasis is placed on the identification and effective amelioration of both natural and man made hazards to the earth’s biosphere. Topics include greenhouse effects, ozone, acid rain, energy production and water disposal, radiation hazards, noise pollution and disruptive natural phenomena.

PHYS 2211
Principles of Physics I: 3-0-3
This is the first of a sequence of two courses that provide a working knowledge of the basic principles of physics using applications requiring a knowledge of calculus. Topics include mechanics, wave motion and thermodynamics. Prerequisite: Requires prior or concurrent enrollment in MATH 1441. Corequisite: PHYS 1113.

PHYS 2212
Principles of Physics II: 3-0-3
This is the second of a sequence of courses which provide a working knowledge of the basic principles of physics using applications requiring a knowledge of calculus. Topics include electricity, magnetism, optics and modern physics. Prerequisite: PHYS 2211. Corequisite: PHYS 1114.

PHYS/ASTR 3131
Optics: 3-0-3
Geometric, physical, and quantum optics in which the general principles of wave optics and several optical devices are studied. Prerequisites: PHYS 2211 or PHYS 1111; and PHYS 2212 or PHYS 1112.

PHYS 3420
Advanced Physics Lab: 0-6-2
A laboratory course where the student will learn classical laboratory techniques, computer data acquisition, statistical analysis of data and proper reporting of results. This lab can be repeated up to four times with two repetitions required of all Physics majors. Prerequisite: Permission of instructor.

PHYS 3520
Advanced Physics Lab: 0-6-2
Improves the ability of Physics majors to rapidly consolidate and inter-relate knowledge of their physics courses by familiarization with the techniques of rapid characterization and solution of problems and by in-class practice of rapid problem-solving. Prerequisite: PHYS 3537 or permission of instructor.

PHYS 3536
Modern Physics I: 3-0-3
Historical development of modern physics including topics on special theory of relativity, early models of the atom, atomic radiation and interaction of electrons with matter. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

PHYS 3537
Modern Physics II: 3-0-3
A continuation of modern physics topics including atomic and molecular physics and nuclear physics. Prerequisite: PHYS 3536.

PHYS/ASTR 3558
Introduction to General Relativity: 3-0-3
An introduction to the metric description of different spacetimes that describe flat and various curved geometries so as to derive the laws of mechanics for planets, stars, blackholes, etc. The course also introduces a very simple model of the expanding universe and briefly introduces cosmology. Prerequisite: PHYS 3537 or permission of instructor.

PHYS 3539
Introduction to Biophysics: 3-0-3
The physics of living organisms with emphasis on physical support, movement, sensory perception and the physical properties of plant and
animal processors at the molecular and organismic levels of organization. Prerequisites: Permission of instructor.

**PHYS 3542**
Analog Electronics: 2-6-4
A course in intermediate electronics with emphasis on topics of interest to students in physics. Discusses electronic instruments, transducers, diodes and power supplies. Amplifier behavior, the operational amplifier and wave shaping circuits are covered in detail. Discrete electronic devices are also discussed. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

**PHYS 3543**
Digital Electronics: 2-6-4
Presents the concepts and application of digital electronics. Digital logic concepts and techniques are presented. Flip-flops and counting circuits are studied extensively resulting in a discussion of digital instrument development. The principles of operation, general architecture and some applications of the microprocessor (the Intel 8085) are discussed. Prerequisite: PHYS 3542.

**PHYS 3790**
Teaching Internship in Physics: 1-(2-6)-(1-3)
PHYS 3790 (student internship in the laboratory component of PHYS 1149 environment physics) will be under the mentorship of a faculty member. The student will participate in an introductory workshop immediately prior to the start of the semester, intern in the PHYS 1149 laboratory, and meet with the faculty mentor one hour each week. 1 credit hour per laboratory section of PHYS 1149 in which the student interns for a maximum of 3 credit hours interned multi-section.

**PHYS 4790**
Internship in Physics: 0-0-(1 to 6)
The internship allows physics majors to work in a professional setting related to their chosen concentration. Students can earn between one and six credits for internships approved by their academic advisor and the Physics Internship Director. Students must complete a minimum of 5 hours of on-site work per week for each credit hour earned. Students must maintain contact with the Physics Internship Director through the course of the internship work, and must give an oral presentation at the end of the semester. Internship credits can be used for elective credit only and may not substitute for specific degree requirements. Prerequisite: Permission of Physics Internship Director.

**PHYS 5130/5130G**
Sound Waves and Acoustics: 3-0-3
A study of the production, transformation, reflection, absorption and general effects of vibration and sound. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

**PHYS 5134/5134G**
Principles of Lasers: 3-0-3
An introduction to the basic principles of laser oscillation, construction and operation of the most common laser systems, based on the rate equation and laser cavity theory. Provides practical experience in the use of many laser systems and in laser radiation safety. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

**PHYS 5151/5151G**
Classical Mechanics: 5-0-5
Provides physics majors and student of applied mathematics and engineering with the fundamentals of analytical mechanics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 2211, PHYS 1111 and PHYS 2212 or PHYS 1112 and prior or concurrent enrollment in MATH 3230.

**PHYS 5152/5152G**
Classical E and M Theory: 5-0-5
Provides physics majors and students of applied mathematics and engineering with the fundamentals of electromagnetic field theory. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PHYS 5151.

**PHYS 5230/5230G**
Quantum Optics: 3-0-3
Involves theories related to laser spectroscopy, nonlinear optics, laser pulse propagation, laser cooling and various effects in laser spectroscopy related to quantum interference. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PHYS 5557.

**PHYS 5234/5234G**
Applications of Lasers: 3-0-3
A detailed study of the research and the development of laser applications, including applications of lasers in optical communication, industry, scientific and military research and in bio-medicine. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PHYS 5134.

**PHYS 5235/5235G**
Laser Technology: 3-0-3
An intensive study of the most useful technologies, such as modulation and amplification of laser beam, Q-switching, mode-locking, laser frequency tuning and wavelength conversion by nonlinear optics. Emphasis is given to laser technologies in the generation of high power, short pulsed (nanosecond, picosecond, and femtosecond) and tunable laser pulses. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PHYS 5134.

**PHYS 5439/5439G**
Properties of Materials: 3-0-3
Introduction to the properties of semiconductors, magnetic materials and superconductors. Particular emphasis will be placed on semiconductors with regard to developing an understanding of light emitting diodes, diode lasers and quantum well devices. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112.

**PHYS 5490/5490G**
Directed Independent Study: (1-5)-0-(1-5)
Selected Topics in Physics. Students may be allowed to do special projects in Physics or Astronomy upon the recommendation of the Physics faculty member. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

**PHYS 5530/5530G**
Thermal Physics: 3-0-3
A course in classical thermodynamics and kinetic theory. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 2211 or PHYS 1111 and PHYS 2212 or PHYS 1112 and MATH 2243.

**PHYS 5536/5536G**
Studies in Physics for Secondary Teachers: 3-0-3
Designed to acquaint the student with some of the problems encountered in high school physics presentations. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: MATH 1113.

**PHYS 5557/5557G**
Quantum Mechanics: 5-0-5
A study of the basic postulates of quantum mechanics with solutions to Schrodinger's wave equation for simple applications: the techniques of
calculating position, energy and momentum with operators and the elements of perturbation theory with application to atomic spectra. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: PHYS 3536, PHYS 3537 and prior or concurrent enrollment in MATH 3230.

PHYS 5715/5715G
Laser Lab Techniques and Laser Technology: 0-3-1
Provides intensive laboratory hands on training in the most important and useful laser techniques including the following areas: alignment and operation of laser systems, laser detection and parameter measurement, laser beam manipulation, laser cavity and laser mode, nonlinear optical frequency conversion, frequency tuning, Q-switching and mode-locking. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

Political Science (CLASS)

POLS 1101/1101S
Introduction to American Government: 3-0-3
Surveys government and politics, with additional attention to the government and the Constitution of Georgia. Topics include the constitutional structure of American government, the role of non-governmental institutions such as interest groups and mass media, the role of governmental institutions such as Congress and the Presidency, the operation of major political process such as elections and policy making, and the interaction between institutions and processes. Satisfies the Georgia Constitution and U.S. Constitution requirements.

POLS 2101/2101S
Introduction to Political Science: 3-0-3
An introduction to the concepts that are considered in the systematic study of politics, such as justice, equity, regimes, and democracy. This course will examine the means by which political scientists explore politics theoretically and in applied settings. Required of all majors and minors in political science. Prerequisite: POLS 1101.

POLS 2130
Scope and Methods in Political Science: 3-0-3
An introduction to the major theoretical models currently used in political science and to the major research techniques and methodologies. Students will have direct experience with data gathering, statistical analysis, data processing, and research reporting. Prerequisites: POLS 1101, STAT 2231, and STAT 2232.

POLS 3130
Qualitative Research Methods: 3-0-3
An introduction to the major theoretical models currently used in political science and to qualitative research techniques and methodologies. Students will have direct experience in data collection, analysis, and research reporting. Prerequisites: POLS 1101 and POLS 2101.

POLS/INTS 3132/3132S
Asian Politics: 3-0-3
A study of government and politics in the larger countries in Asia. The historical, cultural, religious, and economic factors influencing the political systems of these countries are also studied in this course.

POLS/LAST 3133/3133S
Latin American Politics: 3-0-3
An examination of the major domestic and international factors in comparative Latin American political systems. Special attention and detail is given to the challenges of development and democratization.

POLS 3135
Legislative Behavior: 3-0-3
The ability of elected bodies whether they are local, state, regional, or national to represent the preferences of their constituents is linked to the ability of elected officials, their staffs, and the executive agency administrators to manage change in an arena of inadequate information. This course will examine decision making, agenda setting, elections, and institutional arrangements with a particular concern for the mechanisms legislatures have for processing information. Students will become familiar with the three contemporary approaches to the study of legislatures: historical, behavioral, and formal.

POLS 3136
The Presidency: 3-0-3
An analysis of the political, constitutional, behavioral, symbolic and policy roles of the President. Attention is also paid to the linkages between the Presidency and the other government and political institutions.

POLS/CRJU 3137
Judicial Process: 3-0-3
Introduces students to the judicial process through analysis and evaluation of the main actors, institutions, processes, and procedures that affect the administration of justice.

POLS 3138
Constitutional Law I: 3-0-3
A study of the constitutional development of the national government through landmark Supreme Court decisions. Topics include: judicial power, separation of power, federalism, and interstate commerce.

POLS 3139
Constitutional Law II: 3-0-3
The study of the Bill of Rights through landmark Supreme Court decisions. Topics include freedom of speech, press, and religion, the right to privacy, rights of the accused, search and seizure law, and equal protection of the law.

POLS/PHIL 3230
Modern Political Thought: 3-0-3
The course in modern political thought is concerned with the differentiation of politics as an activity distinct from, and independent of, religion. Political thinkers in the modern period are distinguished by their turn to scientific and other modern modes of rationality as foundations for the analysis of politics. Central concerns include delineating the rights and powers of the individual and establishing a secular basis for a just society.

POLS 3231
Environmental Politics: 3-0-3
Examines important topics in United States environmental protection policy-making. It does so within the institutional context of American politics, including the congressional, presidential, administrative, judicial, intergovernmental, and constituency components of decisions relating to environmental protection. These decisions will be examined using the focus of the regionally important aspects of environmental quality such as water, air, and land resources.

POLS/PHIL 3232
Philosophy of Law: 3-0-3
A study of major topics in the philosophy of law, all of which concern the relationship of law to morality and justice-including the nature of law in general; the importance of the rule of law and of limiting the rule of law; and some theory and practice of criminal law.

POLS/BRCT 3233
Politics and The Media: 3-0-3
A comprehensive overview of the institutions and processes of the mass media in American politics. Emphasis is given to the history and role of the mass media in the United States and to the use of the media in covering news events as well as in political campaigns. Prerequisites: POLS 1101 and a minimum grade of “C” in COMM 2332 or permission of instructor.

POLS/EURO/INTS 3234/3234S
Introduction to the European Union: 3-0-3
See EURO 3234 for course description.
POLS/WGST 3235
Gender and Politics: 3-0-3
A study of the relationship of women to political life and to political theory-building. Focuses on political socialization, behavior, and institutional impact based on gender, using a comparative cross-national approach.

POLS/INTS 3236/3235S
International Relations: 3-0-3
Introduces students to the basic concepts of international relations, including those of war and peace, power, foreign policy, international organizations, markets, demography, ecology, and the impact of information technology. Students will be provided with the necessary concepts, theories, and methods used in the discipline including quantitative analysis in order to gain a better understanding of the nature and problems of international relations.

POLS/AAST/AMST 3237
African American Politics: 3-0-3
A basic appreciation of the nature, processes, structures, and functions of African American politics in the domestic and international arena and how they differ from dominant assumptions, theories, approaches, and models of American politics. Focus is on how to seek and maintain empowerment.

POLS/INTS 3239/3239S
Human Rights in International Relations: 3-0-3
This course will explore the vulnerability of various political minorities to human rights abuses at the global level and provide an assessment of the roles of states, international organizations, and non-governmental organizations in human rights issues.

POLS 3330
State and Local Government: 3-0-3
Examines the forms of organizations, the functions, and the operations of the 50 state governments. Special attention will be given to the growing problems in the urban areas such as the interplay of politics, pressure groups, and community power structures.

POLS 3331/3331S
Introduction to Public Administration: 3-0-3
An examination of how local, state, and federal governments make use of human resources, financial resources, and information resources to assist in policy making, provide services to citizens, and exercise the regulatory power of government.

POLS 3332
Political Parties and Elections: 3-0-3
A comprehensive overview of the institutions and processes that connect the public to government institutions. Course emphasis is given to the history and structure of the political parties in the United States and the electoral process and voting at and below the presidential level.

POLS/AMST 3333
Southern Politics: 3-0-3
Examines the changing political conditions and trends within the eleven states of the American south since WWII. Students will examine the events which led to the unique political environment one encounters in the south. The primary focus will be on the political environment, but also on social, cultural, and economic variables as they relate to the political system.

POLS/FILM 3334
Film and Politics: 3-0-3
Considers how the art of film has contributed to an understanding of major twentieth-century political events and thoughts. Topics include war, nationalism, authoritarianism, the Cold War, presidential politics and campaigning, populism and the ethos of democracy in classic and contemporary film.

POLS 3335
Politics of Ethnicity: 3-0-3
Examines the resurgence of ethnic conflict as nations fragment in the midst of regional reconfiguration among states. Assesses and analyzes the major factors which contribute towards ethnic makeup, economic conditions, the modernization process, and technology. What are the relevant indicators of ethnicity for groups and how do they change over time? What kinds of issues does a given conflict seek to resolve? How successful are different strategies in ethnic conflict resolution?

POLS 3336
Classical Political Thought: 3-0-3
Examines political themes and thinkers from the Ancient Greeks to the Renaissance.

POLS/LING/ANTH/AAST 3337
Language, Power, Politics: 3-0-3
See LING 3337 for course description.

POLS/LING 3338
Language and Law: 3-0-3
See LING 3338 for course description.

POLS/AAST 3431/3431S
African Politics: 3-0-3
Examines salient themes and background of contemporary African political systems. The emphasis will be on government and politics of modern Africa bearing on the emergence of post-colonial states and regional and global ramifications.

POLS/IRISH 3432
Celtic Identity and Conflict: 3-0-3
This course examines contemporary issues raised by the conflict of Northern Ireland by studying conflicts in the broader historical context of the experience of the Celtic people in Ireland, Scotland, and Wales who sought to preserve their political and cultural identities in the British Isles.

POLS 3712
Community Development: (1-2)-0-(1-2)
Covers the various meanings of and approaches to community development. Students will be required to work with nonprofit community development organizations outside of class for either 4 hours per week (one credit) or 10 hours per week (two credits) in addition to classroom meetings. Prerequisite: POLS 1101.

POLS/INTS 3730
Introduction to United Nations: 3-0-3
See INTS 3730 for course description.

POLS 3831
Reading For Honors: 3-0-3
Prerequisites: Permission of the department chair and instructor.

POLS 4031/4031S
Selected Topics in Political Science: 3-0-3
Selected Topics in Political Science.

POLS/AMST 4130
American Political Thought: 3-0-3
Examines political themes and thinkers from the Colonial to the Contemporary period.

POLS 4131
Public Policy: 3-0-3
A study of the policy process in the American political system focusing on the analysis, formulation, implementation, and evaluation of public policies. Specific policy areas such as welfare, information technology, education, health, and foreign policy are examined. Prerequisite: POLS 1101.

POLS/INTS 4132
U.S. Foreign Policy: 3-0-3
Provides basic information and understanding of the key elements and actions involved in the formulation and execution of U.S. foreign policy. Special attention is given to the impact of U.S. foreign policy on the international system.

**POLS 4133**
**International Political Economy: 3-0-3**
Examines the interplay between international politics and international economics or business or the process of international wealth acquisition and transfer. Emphasis will be on the dynamics that give rise to asymmetric distributions: who gets what, when and how among different players in the global economy.

**POLS 4134/4134S**
**International Law and Diplomacy: 3-0-3**
Examines the body of literature, concepts, and historical perspectives of international law and diplomacy as related to the critical problems of the Post-Cold War era. Focuses on the legal, oral, and strategic dimensions of several past, present, and proposed means of conflict resolution.

**POLS/INTS 4135**
**International Organizations: 3-0-3**
An analytical study of the organization, powers, and problems of global and regional international agencies with particular emphasis upon the European Union.

**POLS/INTS 4136/4136S**
**Comparative Politics of Industrialized Nations: 3-0-3**
A systematic review of the empirical and theoretical literature concerning the structure, function, and problems of contemporary governments in developed countries.

**POLS/INTS 4137**
**Industrializing Nations: 3-0-3**
A study of government and politics in the major developing countries of Latin America, Africa, and Asia. Historical, cultural, religious, and economic factors influencing the political systems of these countries are also studied.

**POLS/INTS 4138**
**International Terrorism: 3-0-3**
Designed to explore the political, religious, economic, and social issues which pervade the global environment. Key issues to be addressed include different forms of terrorism, conflict resolution, and at the state level reunification issues. Emphasizes the critical, and perhaps, decisive and controlling impact which terrorist groups level on policy changes.

**POLS 4139**
**Contemporary Political Thought: 3-0-3**
Theorists since the onset of the twentieth century have questioned the scientific foundations of modern political ideas and institutions. Issues to be discussed may include the nature and limits liberalism, the rise of mass politics, the benefits and dangers of modern technology, and the emergence of multiculturalism and feminism.

**POLS/INTS 4730**
**Model United Nations: 3-0-3**
See INTS 4730 for course description.

**POLS/CRJU 4732**
**Politics, Government, and Criminal Justice: 3-0-3**
See CRJU 4732 for course description.

**POLS/CRJU 4733**
**Theories of Justice: 3-0-3**
See CRJU 4733 for course description.

**POLS 4791**
**Field Internship in Political Science: 0-0-(3-15)**
Designed to give practical experience in a government qualified agency. Internship credit must be earned in addition to the 24 hours required for the major in political science. No more than 3 semester field internship hours can be used towards a minor in political science. Prerequisites: POLS 1101, POLS 2101 and permission of the department chair. This course may be repeated.

**POLS 4890/4890S**
**Independent Study in Political Science: 3-0-3**
Independent Study in Political Science.

**POLS 5630/5630G**
**Seminar in American Politics: 3-0-3**
A systematic focus on major themes and issues in American public policy and their roots in American politics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Undergraduate course work in American politics or permission of instructor.

**POLS 5631/5631G**
**Seminar in Political Theory: 3-0-3**
A seminar focusing on selected theoretical topics. Emphasis will be placed on normative theory and the history of political thought. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Undergraduate coursework in Political Theory or permission of instructor.

**POLS 5632/5632G**
**Seminar in Urban Politics: 3-0-3**
Focuses on the political development of urban areas in the United States from colonial to modern times, including the growth of cities, urban political machines, post-war suburbanization, the structure of urban governments, and the challenges of urban development today. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**POLS/INTS 5633/5633G/5633S**
**Seminar in International Politics: 3-0-3**
Designed to familiarize students with the theories which guide the conduct and analysis of international relations. These theories are examined in both their classical and contemporary context and used to evaluate and assess international relations' phenomena. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: POLS 1101, POLS 2101 and undergraduate coursework in International Politics or permission of instructor.

**POLS/INTS 5634/5634G**
**Seminar in Comparative Politics: 3-0-3**
Provides a systematic review of the empirical and theoretical literature concerning the structure, function, and problems of contemporary governments in industrializing and industrialized countries. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: POLS 1101, POLS 2101 and undergraduate coursework in Comparative Politics or permission of instructor.

**POLS/INTS 5635/5635G**
**Seminar in International Organizations: 3-0-3**
An analytical study of the organization, powers, and problems of global and regional international agencies with particular emphasis upon the European Union. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: POLS 1101, POLS 2101 and undergraduate coursework in International Relations or permission of instructor.

**POLS 5930**
**Political Science Honors Thesis: 3-0-3**
A substantial research project in Political Science structured jointly by a University Honors Program student and a Political Science Department faculty member, approved by the University Honors Program Director.
Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**POL 7030**  
Selected Topics in Political Science: 3-0-3  
An opportunity for instructors to teach special topics within the discipline.

**POL 7130**  
Ethics in Government: 3-0-3  
Focuses on experiences, approaches, and strategies for confronting and solving problems, accountability and responsibility of public officials for appropriate behavior, and ethical decision-making.

**POL 7133**  
Public Law and Administration: 3-0-3  
Examines the legal framework in which public managers must operate in the 21st century. Particular attention is given to understanding the implication of constitutional law on administrative behavior and decisions and on administrative laws designed to ensure due process and equal treatment for all citizens. The interrelationship of law and ethics for public managers is also examined.

**POL 7231**  
U.S. Foreign Policy: 3-0-3  
Designed to familiarize students with the principles underlying and the process undertaken in the formulation and execution of United States foreign policy. Special attention is given to the role of the United States in the post-World War II period.

**POL 7232**  
Comparative Foreign Policy: 3-0-3  
An in-depth comparative study of the foreign policy of the United States, the European Union, Russia, the People's Republic of China, Japan, and other significant actors in global politics, emphasizing comparative methodology and theoretical framework.

**POL 7234**  
International Political Economy: 3-0-3  
Examines the politics of international economic relations. Systemic and domestic explanations of international economic policy will be applied in various issue areas such as international wealth acquisition and transfer, strategies and the politics of development, trade, investment, exchange rates, debt, aid and relief assistance. The dynamics that give rise to asymmetric wealth distributions and hegemonic transmutations will be given emphasis.

**POL 7330**  
Intergovernmental Relations: 3-0-3  
See PBAD 7330 for course description.

**POL 7331**  
Local Government: 3-0-3  
See PBAD 7331 for course description.

**POL 7332**  
State Government: 3-0-3  
See PBAD 7332 for course description.

**POL 7336**  
Comparative Public Management: 3-0-3  
See PBAD 7336 for course description.

**POL 7337**  
Environmental Management and Policy: 3-0-3  
See PBAD 7337 for course description.

**POL 7530**  
Research Methods for Government: 3-0-3  
See PBAD 7530 for course description.

**POL 7531**  
Public Program Evaluation: 3-0-3  
See PBAD 7531 for course description.

**POL 7532**  
Public Policy: 3-0-3  
See PBAD 7532 for course description.

**POL 7533**  
Qualitative Research Methods: 3-3-3  
Examines the techniques useful in political science research involving case studies, ethnographic data, content analysis, elite surveys, and problems encountered when crossing disciplinary boundaries. Issues of research design, execution, the role of theory, sampling, measurement, instrumentation, data collection, and ethical quandaries will be addressed in the course.

**POL 7630**  
Seminar in American Government: 3-0-3  
See PBAD 7630 for course description.

**POL 7631**  
Empirical Political Theory: 3-0-3  
A survey of the prominent theoretical approaches used in empirical political inquiry. The philosophies of the social sciences and the construction of political explanation provide the foundation for embarking on original research necessary for the thesis stages of the program.

**POL 7632**  
Comparative Politics: 3-0-3  
A systematic review of the empirical and theoretical literature concerning the structure, function, and problems of contemporary governments in developed and developing countries. Prerequisite: POLS 1101 or lower Comparative Politics course recommended.

**POL 7633**  
International Politics: 3-0-3  
Provides graduate students with in-depth coverage of particular themes in international relations. Topics may include issues pertaining to international politics and theory, including international political economy, security studies, foreign policy decision making, international law and organization, international environmental issues, and a wide variety of regional issues.

**POL 7636**  
Seminar in International Law and Diplomacy: 3-0-3  
Examines the body of literature, concepts, and historical perspectives of international law and diplomacy as related to the critical problems of the Post-Cold War era. The focus of the course will be on the legal, moral, and strategic dimensions of several past, present, and proposed means of conflict resolution.

**POL 7637**  
Social Welfare Management: 3-0-3  
See PBAD 7637 for course description.

**POL 7860**  
Internship in Political Science: 6-0-6  
The internship allows students pursuing their M.A. degree to work in a professional setting relating to their chosen concentration in Political Science. Students will be required to complete a final paper detailing the experiences of their internship and defend their paper and experiences before a faculty committee.

**POL 7890**  
Directed Reading: 3-0-1(3)  
A structured, individualized research focus to be mutually designed by instructor and student.
POLS 7999
Thesis: 3-0-(1-6)
A major research project structured jointly by the student and instructor.

Public Relations (CLASS)

PRCA 2330
Introduction to Public Relations: 3-0-3
Introduces the history, theories, and principles of public relations, and the role and practice of public relations in various organizational contexts. Prerequisite: COMM 2332.

PRCA 3030/3030S
Selected Topics in Public Relations: 3-0-3
Offers varied courses in specialized areas of the field of Public Relations. Prerequisite: PRCA 2330 or permission of instructor.

PRCA 3330
Public Relations Writing: 3-0-3
Examines writing techniques employed in media management programs including the strategic design and development of messages for mass and personal media, message dissemination, and evaluation of results. Prerequisites: JOUR 2331 and PRCA 2330.

PRCA 3331
Corporate Public Relations: 3-0-3
Examines the role of public relations within a corporation and its responsibilities in developing and maintaining external and internal relations. Prerequisite: PRCA 2330 or permission of instructor.

PRCA 3332
Public Relations Event Management: 3-0-3
Provides students with the opportunity to learn and implement planning techniques and strategies unique to events. Special emphasis will be placed on non-profit creation of an event to meet organizational goals. Prerequisite: PRCA 2330 or permission of instructor.

PRCA/INTS 3333/3333S
International Public Relations: 3-0-3
Introduces the performance of public relations in international contexts. Consideration will be given to the political, economic, social, and historical contexts affecting public relations practices. Special emphasis will be placed on the interaction between government and public relations. Prerequisite: PRCA 2330 or permission of instructor.

PRCA 3339/3339S
Public Relations Publications: 3-0-3
Provides the opportunity to learn about and create specialized organizational publications such as brochures, annual reports, and magazines. Prerequisites: PRCA 2330 and PRCA 3330.

PRCA 3711
Public Relations Practicum: 0-2-1
Provides limited practical experience in public relations projects in either an academic or a professional setting. A maximum of four hours may be applied toward a degree. Prerequisite: PRCA 3330.

PRCA 4330
Public Relations Research: 3-0-3
Examines the role of public opinion in public relations. Students will gather, analyze and use qualitative and quantitative audience research as part of a public relations program. Prerequisite: PRCA 2330.

PRCA 4331
Public Relations Firms: 3-0-3
Reviews the evolution and management of public relations firms and principles involved in counseling clients. Prerequisite: PRCA 3330 or permission of instructor.

PRCA 4332
Public Relations Crisis Communication: 3-0-3
Provides understanding of how crises affect an organization's public relations efforts. Students will learn strategies for anticipating crises and developing communications responses. Prerequisite: PRCA 3330 or permission of instructor.

PRCA 4335
Senior Seminar in Public Relations: 3-0-3
Examines ethical issues and current topics in the practice of public relations. Prerequisite: PRCA 2330, PRCA 3330, PRCA 4330 or permission of instructor.

PRCA 4339
Public Relations Campaign Strategies: 3-0-3
An advanced course in which students analyze cases and apply principles, processes, and theories of public relations to the execution of campaigns. Prerequisites: PRCA 2330, PRCA 3330 and PRCA 4330.

PRCA 4711
Public Relations Practicum: 1-0-1
Provides limited practical experience in public relations projects in either an academic or a professional setting. A maximum of four hours may be applied toward a degree. Prerequisite: PRCA 3330.

PRCA 4791
Public Relations Internship: (3-12)-0-(3-12)
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisites: A minimum grade of “C” in PRCA 3330 and a minimum 2.5 total institution GPA. May be taken only by public relations majors.

PRCA 4792
Public Relations Internship: 0-15-3
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisites: PRCA 2330 and PRCA 3330.

PRCA 4793
Public Relations Internship: 0-15-3
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisites: PRCA 2330 and PRCA 3330.

PRCA 4794
Public Relations Internship: 0-15-3
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisites: PRCA 2330 and PRCA 3330.

PRCA 4831
Directed Study in Public Relations: 3-0-3
Offers students opportunities to design and conduct independent research and/or projects in specialized public relations areas. May be taken only once. Prerequisite: PRCA 2330 or permission of instructor.

Psychology (CLASS)

PSYC 1101/1101H/1101S
Introduction to Psychology: 3-0-3
A survey of the major concepts and findings in the fundamental subfields of psychology encouraging their application to the understanding of human behavior in everyday life. Prerequisite for all upper division psychology courses.

PSYC 2210
Careers in Psychology: (1-2)-0-1
Reviews research and theories of college student development, familiarizes students with career options in psychology, helps students clarify personal interests and career goals, and prepares them for job searching or admission to graduate school. Required of all psychology majors. Prerequisite: PSYC 1101, declaration of Psychology as major.

PSYC 2231
Psychological Statistics: 3-0-3
Students learn to choose, execute, interpret, and present results for the statistical procedure most commonly used in psychological research. Prerequisites: A minimum grade of "C" in PSYC 1101 and MATH 1101 or MATH 1111 or MATH 1112 or MATH 1113 or MATH 1232 or MATH 1441.

PSYC 3030/3030S
Selected Topics: 3-0-3
Focuses on humanistic and transpersonal approaches to psychology, those “third” and “fourth” forces that offer a view of the person which goes beyond that offered by positivistic behavioral theory or by classical psychoanalytic theory.

PSYC 3130
Psychological Tests and Measurements: 3-0-3
Provides an overview of psychological assessment with emphasis on the construction of psychological tests. Prerequisite: A minimum grade of "C" in PSYC 1101 and STAT 2231.

PSYC 3141
Research Methods in Psychology: 3-2-4
Students learn the fundamental principles of research in psychology, including experimental, quasi-experimental, and correlational approaches. Prerequisites: PSYC 1101 and PSYC 2231.

PSYC 3230
Psychology of Adjustment: 3-0-3
Studies the factors that promote psychological adjustment with emphasis on self-help techniques. Prerequisite: PSYC 1101.

PSYC/RELS 3231
Psychology of Religion: 3-0-3
An introduction to the literature of the psychology of religion, including the functions of religiousness, types of religious experiences, religious motivation, and the relationship between religion and mental health. Prerequisite: PSYC 1101.

PSYC/WGST/INTS 3232
Psychology of Gender: 3-0-3
See INTS 3232 for course description.

PSYC 3234
Industrial/Organizational Psychology: 3-0-3
Introduction to psychological study of behavior in the workplace, including application of psychology to such areas as personnel testing, job performance, and employee morale. Prerequisite: PSYC 1101.

PSYC 3235
Behavior Modification: 3-0-3
An introductory survey of the application of learning principles and procedures used in the establishment, maintenance, and modification of complex human behavior in clinical situations, as well as, the natural environment with particular attention given to ethical issues associated with the use of behavior change techniques. Prerequisite: PSYC 1101.

PSYC 3236
Psychology of Substance Abuse: 3-0-3
An intensive and critical analysis of the normative and deviant use of various substances with emphasis placed on substance use, misuse, and abuse within a framework integrating the psychological, social, and biological aspects of substance use throughout history, including stimulant, depressant, hallucinogenic, and psychotherapeutic drugs. Prerequisite: PSYC 1101.

PSYC 3327
Psychology of Human Sexuality: 3-0-3
Focuses on sexual motivation, attraction and love, sexual orientation, sexual techniques, sexual morals and politics, paraphilias, erotica, sexual dysfunctions and therapy, and the place of sexuality in the experience of being human, with secondary attention given to sexual anatomy and physiology, and contraception. Prerequisite: PSYC 1101.

PSYC 3330/3330S
Abnormal Psychology: 3-0-3
Designed to provide an introduction to the concepts of "normal" and "abnormal" behavior, the traditional categories of psychological disorders, and the etiology of these disorders. Prerequisite: PSYC 1101.

PSYC 3331
Child Psychology: 3-0-3
Studies psychological theories, research, and application of psychology as these relate to the social and cognitive development of the child from conception through adolescence. Prerequisite: PSYC 1101.

PSYC 3332
Psychology of Adolescence: 3-0-3
Examines theories and research on physical, cognitive, personality, and social development in adolescence, emphasizing normal development. This course will not satisfy the requirements in adolescent psychology or educational psychology for teacher certification. Prerequisite: PSYC 1101.

PSYC 3333
Life span Developmental Psychology: 3-0-3
Provides a comprehensive overview of normal human development from conception through old age. Prerequisite: PSYC 1101.

PSYC 3334/3334S
Social Psychology: 3-0-3
Studies the social determinants of human behavior and surveys current theories and findings in such major content areas as social cognition, attitudes, prejudice, gender roles, conformity, obedience, interpersonal attraction, prosocial behavior, aggression, and group influence. Prerequisite: PSYC 1101.

PSYC 3335
Personality Psychology: 3-0-3
Surveys research findings on selected aspects of personality, as well as, determinants and development of personality, research methods, and personality assessments. Prerequisite: PSYC 1101.

PSYC/RELS 3336/3336H
Humanistic and Transpersonal Psychology: 3-0-3
This course will focus on humanistic and transpersonal approaches to psychology, those “third” and “fourth” forces that offer a view of the person which goes beyond that offered by positivistic behavioral theory or by classical psychoanalytic theory. Prerequisite: PSYC 1101.

PSYC 3380
Research Experience: (1-6)-0-(1-6)
Students work with a faculty member on his/her research to gain experience on a research project. Prerequisite: PSYC 1101.

PSYC 4131
Advanced Psychological Statistics: 3-0-3
Students learn to apply advanced statistical and research procedures used in psychology. Prerequisite: PSYC 3141.

PSYC 4143
Senior Research: 3-2-4
Students design, execute, write up, and present an original empirical research project. Prerequisite: PSYC 4131.
PSYC 4430
Cognitive Psychology: 3-0-3
Explores the nature of human intellectual functioning and the research methods for doing so. Prerequisite: PSYC 1101.

PSYC 4431
Motivation and Emotion: 3-0-3
Examines theories and research in the areas of motivation and emotion with emphasis on humans. Prerequisite: PSYC 1101.

PSYC 4432
Sensation and Perception: 3-0-3
Presents some fundamental concepts, methodologies, and research findings in the study of human sensory and perceptual functioning. Prerequisite: PSYC 1101.

PSYC 4433
Principles of Animal Learning: 3-0-3
Introduces the basic principles of animal learning and the scientific study of learning in nonhumans. Prerequisite: PSYC 1101.

PSYC 4434
Animal Behavior: 3-0-3
A survey of methods, theories, and research in animal behavior, with attention also being given to evolutionary theories of human behavior. Prerequisite: PSYC 1101.

PSYC 4436
Theories of Psychotherapy: 3-0-3
Provides students with a comprehensive review of the major theoretical orientations used in the practice of psychotherapy, including issues related to psychotherapy research and the applicability of these theories to a range of clients. Prerequisite: PSYC 1101.

PSYC 4630
Senior Seminar: 3-0-3
An in-depth exploration of the theory and research finding pertaining to a broad topic integrating various areas of psychology. Prerequisite: At least 17 hours of psychology including PSYC 3141.

PSYC 4830
Field Experience: 3-0-3
Through both classroom and field work, students gain practical experience through volunteer field work in a setting related to psychology. Prerequisite: At least 17 hours in psychology.

PSYC 4832
Directed Study: (1-6)-0-(1-6)
Consists of in-depth investigation of an area within psychology not normally covered in the curriculum. Prerequisites: PSYC 1101 and permission of instructor.

PSYC 4841
Directed Research: 0-0-4
Under the supervision of faculty member, the individual student completes all phases of a research project in an area of the student's interest. Prerequisites: PSYC 4131 and permission of instructor.

PSYC 5030/5030G
Selected Topics: 3-0-3
Scheduled on an irregular basis to explore special areas in psychology not offered in the regular curriculum and will carry a subtitle. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5230/5230G
Health Psychology: 3-0-3
Surveys the application of psychological principles in the treatment and prevention of health related problems. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5232/5232G
Psychology and Law: 3-0-3
An introduction to the interdisciplinary study of psychological research and scholarship. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5330/5330G
Psychology of Aging: 3-0-3
Examines developmental psychological processes in later adulthood, including changes with age in perception, intelligence, learning, memory, personality, and social behaviors. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5430
Physiological Psychology: 3-0-3
A broad survey of the nervous system with emphases on functional relationships between the nervous system and behavior and on the techniques and methods used to examine the physiological bases for human and nonhuman animal behavior. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5431/5431G
Evolutionary Psychology: 3-0-3
A survey of the methods and theories of the new field of evolutionary psychology emphasizing how human behavior and cognition develop from an interaction of life experiences with inherited interests, tendencies, and abilities that have been shaped by natural selection. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 1101.

PSYC 5530
History and Systems: 3-0-3
Examines the development of experimental and clinical psychology with emphasis on relating the development to current issues in psychology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: PSYC 3141 and at least 17 hours of psychology courses.

PSYC 7030
Selected Topics: 3-0-3
Scheduled on an irregular basis to explore several areas in psychology not offered in the regular curriculum and will carry a subtitle.

PSYC 7130
Statistics for Psychology: 3-0-3
Covers the logic of statistical inference, fundamental principles of analysis of variance, complex analysis of variance designs, selected non-parametric procedures, and a brief introduction to multivariate procedures with emphasis upon the application of these methods in psychological research. Prerequisite: An introductory course in statistics.

PSYC 7131
Research Design: 3-0-3
An examination of research techniques for dealing with specific problems in psychology. Prerequisite: PSYC 7130.

PSYC 7132
Advanced Learning: 3-0-3
An examination of behavior theory and the types of learning that help account for similarity and diversity in the behavior of human and nonhuman animals. Course focuses on the learning processes of habituation, classical conditioning, and operant conditioning.
PSYC 7133
Advanced Cognitive Psychology: 3-0-3
Provides an overview of contemporary cognitive psychology research and theory. Classic and recent theoretical approaches will be covered.

PSYC 7230
Research for Applied Psychology: 3-0-3
Exposes students to the terminology, methodology, and ethical considerations of quantitative and qualitative research with an emphasis on developing the skills necessary to critically read and evaluate research.

PSYC 7231
Assessment I: 3-0-3
This course is the first in a series and provides an introduction to and the beginning of skill development in assessment of persons' intellectual abilities, academic achievement, cognitive strengths and weaknesses, and social-emotional functioning. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7232
Foundations of Psychotherapy I: 3-0-3
An advanced examination of several of the major therapy systems, comparing them, contrasting them, and looking for the bases of meaningful integration. Systems examined include: Psychoanalysis, Jungian analysis, and Adlerian individual psychology. Also examined will be research in psychotherapy. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7233
Ethics and Professional Issues: 3-0-3
Designed to provide the clinician in training with a clear understanding of the legal and ethical responsibilities incurred when working with clients in a clinical capacity. Lectures and class discussions will cover specific legal and ethical principles and the application of those principles in clinical settings. Topics related to professionalism will also be covered. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7234
Assessment II: 3-0-3
Continuation of PSYC 7231. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7235
Group Psychotherapy: 3-0-3
Provides the clinician in training with an overview of the concepts and various theories of group psychotherapy. Emphasis is placed on the process model of group psychotherapy, but other models are considered. Prerequisite: A minimum grade of “B” in PSYC 7433. Corequisite: PSYC 7236.

PSYC 7236
Physiological and Neuropsychology: 3-0-3
This course consists of a broad survey of the nervous system and physiological determinants of behavior followed by an introduction to the anatomical, empirical, and clinical aspects of neuropsychology, with an emphasis upon clinical assessment. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7237
Psychotherapy Skills I: 3-0-3
Practice and practical application of the theories covered in PSYC 7232. Prerequisites: Admission to the Psy.D. program or permission of the instructor.

PSYC 7238
Child and Family Psychotherapy: 3-0-3
The general goal of this course is to provide graduate students, who are therapists in training, with a comprehensive overview of the theories and concepts of child and family psychotherapy. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7239
Psychopathology: 3-0-3
Focuses on descriptions, hypothesized etiologies, and treatment modalities of major classes of mental disorders as classified by the Diagnostic and Statistical Manual of the American Psychiatric Association. Prerequisite: Admission to the Psy.D. program or permission of the instructor.

PSYC 7331
Advanced Developmental Psychology: 3-0-3
An examination of the major themes, theories, and research in developmental psychology.

PSYC 7332
Advanced Social Psychology: 3-0-3
Examines theory and research on selected topics in social psychology.

PSYC 7333
Psychotherapy Skills II: 3-0-3
Practice and practical application of the theories covered in PSYC 7433. Prerequisite: A minimum grade of “B” in PSYC 7232. Corequisite: PSYC 7433.

PSYC 7335
Assessment III: 3-0-3
This is a graduate level course in the science and the art of personality assessment. Building on what was covered in Assessment I and Assessment II, this course explores the broad personality as it is reflected and revealed in behavior elicited by selected intellectual, objective and projective instruments and methods. Prerequisites: A minimum grade of C in PSYC 7234.

PSYC 7390
Development of Original Research: 0-0-(1-6)
Provides students with opportunity to develop an original research idea and implement it.

PSYC 7433
Foundations of Psychotherapy II: 3-0-3
The focus of this course is to continue to study the major therapy systems, comparing them, contrasting them and looking for the bases of meaningful integration. Prerequisite: A minimum grade of “B” in PSYC 7232.

PSYC 7490
Foundations of Psychotherapy II: 3-0-3
A directed study at the graduate level providing an examination and analysis of current literature pertaining to selected content areas in psychology.

PSYC 7531
Advanced Personality Psychology: 3-0-3
This course provides an overview of classic personality perspectives, with in-depth investigation of current personality theories and research. Prerequisite: Admission to the Psy. D. program or permission of the instructor.

PSYC 7610
Research Seminar: 1-0-1
An overview of ongoing research in the Department of Psychology designed to prepare students for the research requirements of the MS degree program.

PSYC 7621
Seminar in Teaching Psychology: 2-0-2
Seminar in Teaching Psychology involves lecture, discussion, activities and homework designed to explore how to effectively teach psychology classes at the university level. Using readings from books and journals, along with personal experience, the class will discuss and apply issues such as how to plan effective lectures, test writing and grading, demonstrations, leading discussions, handling controversial issues, dealing with disruptive students, seeking out opportunities for experiential learning, and so on.
PSYC 7630
Clinical Seminar: 3-0-3
Seminar provides the opportunity to research a clinical topic of current interest to the class and to present scholarly work before peers. Emphasis is on the development of skills in researching the literature, development of ideas through critical thinking, and oral and written presentation. May be repeated with different topics. Prerequisite: Permission of instructor.

PSYC 7633
Psychotherapy Skills III: 3-0-3
Lecture and laboratory in basic skills of group leadership and group psychotherapy. Prerequisite: A minimum grade of “B” in PSYC 7433. Corequisite: PSYC 7235.

PSYC 7730
Practicum I: 3-0-3
The general goal of Practicum I, II, and III is to provide graduate students, who are therapist in training, with additional support and “practice wisdom” while they are engaged in field work at various mental health settings. (These settings may include both on-campus and off-campus programs such as the GSU Psychology Clinic, GSU Counseling Center, Regents Center for Learning Disorders, outpatient community mental health centers, inpatient psychiatric/correctional/or residential treatment facilities). Prerequisite: Admission to the Psy. D. program or permissions of the instructor.

PSYC 7731
Practicum II: 3-0-3
Continuation of Practicum I. Prerequisite: A minimum grade of “B” in PSYC 7730.

PSYC 7732
Practicum III: 0-0-3
This course is a continuation of PSYC 7731. Prerequisite: A minimum grade of B in PSYC 7731.

PSYC 7810
Research Experience: 0-0-(1-6)
Student works with a faculty member on a research project in progress, obtaining experience and skills to enhance the student's understanding of the research process.

PSYC 7999
Thesis: 0-0-(1-6)
Thesis.

PSYC 9235
History and Systems of Psychology: 3-0-3
This course examines the development of experimental and clinical psychology with an emphasis on relating the development of current issues in psychology. Prerequisites: Admission to the Psy. D. Program or permission of the instructor.

PSYC 9331
Psychopharmacology: 3-0-3
Designed to give the clinician in training a foundation in the use of drugs to treat mental disorders. Prerequisites: A minimum grade of B in PSYC 7236 and PSYC 7239.

PSYC 9731
Rural Practicum: 0-0-3
This course provides supervised experience in psychological assessment and psychotherapy in rural settings. Students will be placed in rural clinical sites. May be repeated for a maximum of 12 hours. Prerequisites: Completion of at least 9 hours of practicum with grades of B or above.

PSYC 9735
Practicum in Supervision: 0-0-3
Provides supervised experience in the supervision of pre-master's degree graduate students in their psychological assessment and psychotherapy work. May be repeated for a maximum of 9 hours. Prerequisite: Completion of at least 18 hours of practicum with grades of B or above.

PSYC 9999
Dissertation: 0-0-(1-6)
Students are provided support and direction in completing the doctoral dissertation. The course provides guidance from both the dissertation supervising chair and the dissertation committee. The dissertation may consist of an empirical investigation, an in-depth clinical case study, or a theoretical work suitable for publication. Prerequisite: Admission to doctoral candidacy.

Public Health (COPH)

PUBH 5520/5520G
Introduction to Public Health: 2-0-2
This course is designed to give students a foundation in the core functions of the population-based public health (assessment, policy development and assurance). In addition, this course will examine the 10 essential services of public health within these core functions. Defining effective public health practice and providing knowledge about the technical, social, and political parameters related to public health research and practice are goals for this class. Students will gain an understanding of public health as a broad area of work that applies the benefits of current biomedical, environmental, social, and behavioral knowledge in ways that maximize the health status of all populations.

PUBH 6134
Health Services Administration: 3-0-3
Examines the structure and functioning of the health care delivery system. Health care organizational components focused upon: hospitals, long-term care, ambulatory care, managed care, private and public insurance, public health, integrated delivery systems and other health care providers. Reviews principles of strategic management applied to health care organizations.

PUBH 6135
Health Behavior Theory: 3-0-3
Selected social, psychological, and behavioral theories and their application to health promotion, disease prevention, adult learning, decision-making and other areas which directly influence positive health behaviors across individual, group and community levels. Special focus will be placed on the application of theories and models to practice. Prerequisite: Undergraduate course in introductory public health concepts and theory or permission of instructor.

PUBH 6532
Environmental Health: 3-0-3
This course is a survey of specific environmental conditions and factors that contribute to the development of health problems in communities. Health effects, policy issues, intervention strategies and control programs for community environmental health protection are discussed.

PUBH 6533
Epidemiology: 3-0-3
This course provides an introduction to many important topics in epidemiology for public health practice, including but not limited to the evolution of the discipline, causal concepts in the natural history of disease, critical features of infectious and chronic diseases, elements of public health screening, basic measures used in epidemiology, design of epidemiologic investigations, consider random error and systematic bias, calculation and interpretation of confidence intervals and p values, discussion of confounding and interaction, criteria for evaluation of cause and effect relationships and the implications for ethical public health practice. Students are expected to gain a foundation for the application of epidemiologic methods for exploration of the causes and conditions that influence the origin, propagation, mitigation, and prevention of diseases in population health. Prerequisite: Undergraduate course in quantitative methods or statistics or permission of instructor.
PUBH 6534
Health Policy and Management: 3-0-3
The course provides a comprehensive introduction and overview to public health management and administration. The course context is based on managerial decision making and the practical knowledge, tools, processes and strategies required by organizational management. This course overviews the basics of administration, including public health law, human resources management, budgeting and financing, health information management, performance measurement and improvement, ethics, leadership, communication, media relations, and legislative relations in public health; introduced as processes are strategic planning, program development and evaluation, budget preparation, and constituency building for collaboration. Emerging areas of public health policy and management are also discussed as contexts to apply practical knowledge, tools and strategies.

PUBH 6535
Social and Behavioral Sciences and Public Health: 3-0-3
This course is designed to familiarize students with the history and current applications of social and behavioral sciences as they are applied to public health practice and research. It explores social and behavioral science models, theories, and approaches that inform public health, and their philosophical roots. The course also examines social and behavioral determinants of health equity across the ecological spectrum. Emphasis is placed on critical thinking skills to help students synthesize and utilize information in research and practice. An important contribution of this course is the emphasis on recognizing the contributions of social and behavioral science research and practice to enhanced public health.

PUBH 6541
Biostatistics: 3-2-4
This course examines statistics in public health and related health sciences, including sampling, probability, basic discrete and continuous distributions, descriptive statistics, hypotheses testing, confidence intervals, categorical data analysis, regression, and correlation. Emphasis will be on the development of critical thinking skills and health data analysis applications with computer software. Prerequisite: Undergraduate course in statistics or permission of instructor.

PUBH 7090
Selected Topics in Public Health: (1-3)-0-(1-3)
Allows the student the opportunity to receive specialized and/or focused instruction in a public health topic not generally offered by the department. Prerequisite: Permission of instructor.

PUBH 7730
Practicum in Public Health: 0-12-3
Permits the student to receive practical experience in a selected public health-related setting. Prerequisite: Permission of instructor.

PUBH 7839
Public Health Capstone Research Project: 0-3-3
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis, and interpretation of the data. Prerequisite: Permission of instructor.

PUBH 7890
Directed Individual Study: (1-3)-0-(1-3)
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

PUBH 7999
Thesis: 0-(3-18)-(1-6)
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis and interpretation of the data. Prerequisite: Permission of Graduate Program Director.

PUBH 8130
Advanced Topics in Biostatistics: 3-0-3
This course provides an overview of advanced biostatistical descriptive and inferential methods including multiple regression, logistic regression, longitudinal data, survival analysis, and repeated measures with applications to public health and biomedical studies. Emphasis will be placed on developing statistical reasoning and critical thinking skills in addition to programming skills using statistical software (SAS) to analyze public health and biomedical data. Prerequisite: A minimum grade of "C" in PUBH 6541.

PUBH 8131
Sampling Methodology: 3-0-3
This course introduces public health students to the principles of sound survey sampling methodology. Topics include: uses of sample surveys, the population and sample, simple random sampling, systematic sampling, stratification and stratified sampling, ratio estimation, cluster sampling, multiple stage cluster sampling, variance estimation in complex sample surveys, non response and missing data in sample surveys, telephone and internet sampling, strategies for design-based analysis of sample survey data and questionnaire design.

PUBH 8132
Environmental and Occupational Health: 3-0-3
This course is designed to reinforce basic concepts of environmental and occupational health. Students will be exposed to the current impact of potential environmental and occupational health and safety hazards. Students will also be exposed to current concepts associated with environmental and occupational regulatory standards, assessment protocols, sampling and monitoring techniques, and remediation strategies.

PUBH 8133
Epidemiologic Methods: 3-0-3
An advanced epidemiology class designed to reinforce epidemiological concepts, as well as build a foundation for epidemiologic research in public health practice. Specific course content includes observational and experimental epidemiologic research methods. Emphasis will also be placed on appropriate analytic techniques necessary for biostatistical inference.

PUBH 8134
Health Economics, Policy and the Political Process: 3-0-3
Foundational economic and specific health economic theory, trends, market issues, and applications are presented to include health insurance and payment theory, processes, and applications. Comparison between rational and irrational theory is explored. Evolution of health policy, considering past, current and future major legislation and executive directives, are explored within the political process.

PUBH 8135
Social and Behavioral Aspects of Health: 3-0-3
An in-depth examination of selected social, psychological, and behavioral theories and their application to health promotion, disease prevention, adult learning, decision-making, and other areas which directly influence positive health behaviors. Special focus will be placed on applying theories and models to practice.

PUBH 8136
Theoretical Perspectives of the Social and Behavioral Sciences in Public Health: 3-0-3
This course will explore social and behavioral science theories, models, and approaches that inform public health research and practice, as well as their philosophical foundations. With emphasis on an ecological perspective, students will study relevant theories to understanding community health issues and to developing interventions. The course also examines social and behavioral determinants of health equity across the ecological spectrum. In this course students will gain an enhanced understanding of the contributions of the social and behavioral sciences to Public Health. Prerequisites: A minimum grade of "C" in PUBH 6535 or a master's level course in social and behavioral sciences in public health.
PUBH 9130
Professional Seminar in Biostatistics: 3-0-3
This course focuses on study design and sampling methods as well as data analysis of small and large, national and local health surveys and vital statistics in order to gain experience describing data using effective graphical and numerical methods. Students will use statistical software (SAS) to analyze data originating from various survey designs, including data from experimental designs such as parallel, longitudinal studies that involve several treatment or intervention groups. Students will work in groups on data analysis projects and case studies in order to be exposed to other methods of expertise in different areas of public health and to learn effective collaboration. Readings from the literature in public health and biomedical studies will be analyzed and critiqued so that students will gain experience in distinguishing effective data analysis techniques. Emphasis will be placed on the development of critical thinking skills, statistical reasoning, and collaboration. Prerequisite: A minimum grade of "C" in PUBH 8130.

PUBH 9131
Community-Based Participatory Research in Public Health: 3-0-3
This course uses an interdisciplinary approach to public health research, incorporating the community-based participatory model. Survey, quantitative, and qualitative designs will be explored. The overall focus is on the promotion of a philosophy which engages the community in the process of planning and conducting collaborative research. Techniques and concepts necessary for building trust and partnerships in research will be explored. In addition, methods of engaging and involving the community in the research process will be discussed.

PUBH 9132
Community-Based Research in Public Health: 3-0-3
This course will familiarize students with concepts, issues, and skills needed to conduct community-based Public Health research. Emphasis will be placed on utilizing qualitative, quantitative, and mixed methods within an ecological theoretical framework. Students will gain an understanding of the Community-Based Participatory Research (CBPR) approach, amongst others. Power-based issues in research relationships and the ethics of community-based research will be discussed. Students will learn advocacy skills to catalyze community-level intervention and structural change based on research findings.

PUBH 9135
Public Health, Funding and Grantsmanship: 3-0-3
This course will review the major sources of funding for public health programs, including public and private sources, and the components of successful funding proposals. Students will gain experience in writing funding proposals and creating program budgets. Students will learn appropriate techniques to planning and writing research grants for large-scale and small-scale community projects. As a part of this process, students will learn effective means of locating and soliciting funding agencies responsible for financing public health activity.

PUBH 9760
Doctoral Preceptorship in Public Health: 0-0-6
The doctoral preceptorship/field experience consists of 250 hours of field experience under the joint direction of a public health faculty member and a qualified specialist working in selected areas of public health. A written report specifying activities, products, and outcomes of the experience is required upon completion of the preceptorship. Prerequisite: Doctoral student standing and permission of instructor.

PUBH 9999
Dissertation: 0-(-1.9)-(-1.9)
The doctoral dissertation is a culminating experience that requires the student to synthesize and integrate knowledge and apply theory and principles learned to an area of public health practice within the area of concentration. A written product must be submitted and must take the form of a manuscript that is suitable for publication in a national-level public health journal, a grant proposal, a technical report, a case analysis, or other similar document. The dissertation must also be presented and successfully defended before the faculty. Prerequisite: Permission of the Advisor.

Reading (COE)

READ 0099
Academic Reading: 4-0-4
Designed to prepare students to process academic information effectively and efficiently in university reading-intensive courses through the use of reading, reactive writing, and learning strategies. Emphasizes advanced reading comprehension techniques that facilitate the interpretation of printed academic materials. Students are encouraged to pursue reading as an ongoing, interactive, critical thinking process. Audit or institutional credit only.

READ 2230
Cognition and Language: 3-0-3
This course examines cognition and language and the relationships between the two systems. The course presents language as a special form of thinking and communication and as a complex, living, changing system. The course explores relevant theories of cognitive and language development and traces development from infancy to adolescence. The course emphasizes practices that promote specific language and cognitive competencies and explores their utilization in various contents and with learners representing language diversity. Prerequisite: Sophomore standing.

READ 3235
Cognitive and Language Development of the Child with Special Needs: 3-0-3
This course will examine cognitive and language development from infancy to adolescence with an emphasis on children with special needs. Language and cognitive development in children with brain damage, deafness, autism and various other cognitive disorders will be studied, as well as language development in children from diverse backgrounds, with a focus on preparing pre-service special education teachers to better meet the communicative needs of their students. Prerequisite: SPED 3130.

READ 3330
Content Literacy: 3-0-3
Addresses the development of reading and writing skills needed by students in grades 4-12. Instructional strategies focus on application of literacy skills in content subjects. Prerequisite: Admission to Teacher Education Program.

READ 4131
The Teaching of Reading: 3-0-3
Provides an overview of the basic program of reading instruction for the developmentally average child with special emphasis on adjustments and adaptations for students with special needs. Considers the stages of a child's reading development, as well as teaching and assessment techniques. Includes activities that foster the development of reading strategies, integration of the use of technology in literacy instruction, familiarity with current reading resources, and familiarity with approaches and models of instruction. Prerequisites: A minimum grade of "C" in READ 3235 and READ 2230.

READ 4233
Literacy: Assessment and Instruction: 3-0-3
This course examines literacy difficulties encountered by children in the classroom. It emphasizes a diagnostic-prescriptive approach to instruction which utilizes multiple indicators of literacy performance. Using data from individual cases, students practice problem solving strategies as they relate to classroom situations. Students assess literacy performance, analyze available information, and plan instruction. Prerequisite: ECED 3262 or READ 4131.

READ 7090
Selected Topics in Reading: (1-3)-0-(1-3)
Topics in Reading is designed to serve dual purposes: 1) it allows the department to respond to specific needs of area schools, and 2) it allows the department to respond to current issues and trends in reading education with topical courses. Prerequisite: Permission of instructor.
READ 7131
Approaches to Reading Instruction: 3-0-3
Provides an overview of the basic program of reading instruction. Includes activities that foster the development of strategic readers, familiarity with current reading resources, integration of technology into literacy education, and familiarity with approaches to and models of instruction. Considers the stages of an individual's reading development, as well as effective teaching strategies, assessment techniques, and organization for instruction.

READ 7132
Diagnosis and Correction of Reading Difficulties: 3-0-3
A study of the diagnosis and remediation of reading difficulties in P-12 contexts. Provides experiences in the use of diagnostic techniques and remedial procedures involving pupils with reading difficulties. Prerequisite: READ 7131.

READ 7230
Issues and Trends in Reading: 3-0-3
Designed to investigate the current issues and trends in reading instruction across levels P-12. Emphasis will be on the critical analysis of research literature that is related to the current practices and trends in the teaching of reading. Prerequisite: READ 7131, READ 7132, and READ 7330.

READ 7330
Reading in Content Areas: 3-0-3
Addresses the development of reading skills needed by students in grades P-12. Instructional strategies are presented and designed to help students transfer literacy skills into content areas.

READ 8130
Advanced Diagnosis and Correction of Reading Difficulties: 3-0-3
Involves a continued in-depth study of the administration and interpretation of reading and reading-related diagnostic strategies and of corrective and remedial strategies appropriate to the needs determined through diagnosis. Focus is on individuals experiencing substantial reading difficulties in P-12 settings. Prerequisite: READ 7132.

READ 8230
Organization and Supervision of Reading Programs: 3-0-3
A study is made of a balanced reading program and the relationship of the reading program to the total curriculum. Prerequisite: READ 7131.

READ 8839
Field Project in Reading: 1-2-3
Designed to enable students to design, organize, and report an instructional improvement research project implemented in reading. Prerequisite: EDUR 8434.

READ 8890
Directed Individual Study: (1-3)-0-(1-3)
The Directed Individual Study provides an opportunity for a student to pursue an area of interest not covered by any existing courses in a guided, independent format. The student is responsible for defining an area of study, course objectives, activities and assessment procedures and identifying a graduate faculty member in the Reading Program who will supervise the study. Prerequisite: Permission of instructor.

Recreation (CHHS)

RECR 1530
Foundations of Recreation and Leisure: 3-0-3
Historical examination of the leisure services profession; sociological, economic, psychological, political, and technological considerations for the delivery of leisure and recreation services in contemporary society.

RECR 2130
Leisure Concepts/Life Span: 3-0-3
Examination of the concepts of leisure, recreation, and play as they relate to human development across the life span and to the provision of leisure services to persons with disabilities.

RECR 2330
Computer Applications in Recreation and Sport Management: 3-0-3
Fundamentals of personal computer use, including exposure to word processing, spreadsheet manipulation, statistics, desktop publishing, presentation software, the internet, and software specific to the fields of recreation and sport.

RECR 2530
Leadership and Programming in Leisure Service: 3-0-3
Provides a basic understanding of the practice and theory of recreation program development and leadership in various service settings. Covers the process of recreation programming, principles of leadership, meeting the needs of a diversity of participants, and the implementation of programs and activities.

RECR 3130
Theoretical Foundations of Therapeutic Recreation: 3-0-3
An overview of the models of therapeutic recreation practice. Students will demonstrate an understanding of the underlying philosophical and historical underpinnings for the therapeutic recreation profession. Students will demonstrate knowledge of the rationale for the inclusion of therapeutic recreation in the health care delivery system. Students will demonstrate an understanding of the etiology of disease with the specific implications for the provision of therapeutic recreation service delivery. Prerequisite: Completion of Area F Requirements.

RECR 3135
Therapeutic Recreation Practice Concepts: 3-0-3
Concepts related to the practice of therapeutic recreation. Students will demonstrate an understanding of the professional organizations and their associated standards of practice; legislation impacting on the provision of TR services; reimbursement issues; and the management of therapeutic recreation services. Prerequisites: Completion of Area F Requirements.

RECR 3230
Adventure Education: 3-0-3
Foundation of adventure education, philosophy, ethics, benefits, theoretical underpinnings, research, model programs, and use of adventure education programs for the delivery of services to an expanding clientele base. Prerequisite: Completion of Area F requirements.

RECR 3235
Introduction to Natural and Cultural Resource Management: 3-0-3
The history, philosophy, policies, and laws associated with natural and cultural resource management, and to ecological and heritage preservation concepts as they apply to resource management. Prerequisite: Completion of Area F requirements.

RECR 3236
Planning Recreations Areas and Facilities 3-0-3
Basic understanding of the principles and procedures for planning, designing, and operating recreation and park areas and facilities. Prerequisite: Completion of Area F requirements.

RECR 3330
Commercial Recreation: 3-0-3
Introduces the student to the area of commercial recreation. The course includes information on entrepreneurship in commercial recreation, the delivery of commercial recreation services, and an in-depth look at various commercial recreation settings. Prerequisite: Completion of Area F requirements.

RECR 3335
Dynamics of Tourism: 3-0-3
Fundamental understanding of the dynamics and components to tourism and the tourism industry from the historical and applied perspectives. Prerequisite: Completion of Area F requirements.

RECR 3336  
Heritage Tourism: 3-0-3  
Examines the managerial issues and promotional techniques required for the effective operation of heritage-based tourism and leisure service entities. Prerequisite: Completion of Area F requirements.

RECR 3337  
International Tourism: 3-0-3  
Introduces the student to the field of international tourism from the social, scientific and applied perspectives, including such concepts as: tourist motivation, foreign exchange, migration, deviant practices associated with international tourism, and the phenomena of tourist-host relations. Prerequisite: Completion of Area F requirements.

RECR 3338  
Resort Operations: 3-0-3  
Acquaints the student with the area of resort operations. The course includes information on basic resort operations, guest services, and resort recreation functions. Prerequisite: Completion of Area F requirements.

RECR 3430  
Conference and Event Planning: 3-0-3  
An overview of principles and practices specific to meetings and events, such as conferences, conventions, festivals, and workshops. Principles and practices related to site selection, transportation, food and beverage, exhibits, special program features, social functions, and evaluations will be addressed. Prerequisite: Completion of Area F requirements.

RECR 3530  
Attraction and Tourism Management Consortium: 3-0-3  
Utilizes an intensive one-week field school methodology and provides students with an exposure to, and understanding of, the various attractions and infrastructure that comprise a working tourism system. Students will explore and understand a variety of managerial issues pertinent to the operation of specific attractions within the tourism system. Prerequisite: Completion of Area F requirements.

RECR 4130  
Assessment and Documentation in Therapeutic Recreation: 3-0-3  
Provides students with knowledge related to the systems approach to the clinical concepts of therapeutic recreation. Students will demonstrate an ability to conduct assessments, document on outcomes, and participate in comprehensive program planning. Prerequisites: Completion of Area F requirements.

RECR 4135  
Therapeutic Recreation Intervention Techniques: 3-0-3  
Provides students with the ability to utilize various intervention techniques. Students will demonstrate the ability to conduct activity and task analysis. Students will demonstrate an understanding of adaptive equipment and leisure education. Students will demonstrate an understanding of advocacy. Prerequisites: Completion of Area F requirements and EDUF 2230.

RECR 4230  
Resource Management and Interpretation: 3-0-3  
An overview of principles and practices associated with effective management of recreation users in natural and cultural resource settings and with the concepts and techniques of interpretation. Prerequisite: Completion of Area F requirements.

RECR 4430  
Financial and Legal Dimensions of Recreation: 3-0-3  
A basic understanding of techniques of financing and budgeting, and a knowledge of legal, legislative, and risk management concepts as they relate to recreation service delivery. Prerequisite: Completion of Area F requirements.

RECR 4435  
Managing Recreation Organizations: 3-0-3  
An understanding of organizational behavior, human resources management, ethical principles, and professional issues as they impact the delivery of recreation services. Prerequisite: A minimum grade of "C" in RECR 1530.

RECR 4530  
Marketing Recreation Services: 3-0-3  
An understanding of marketing techniques and strategies as they apply to the delivery of recreation services, including knowledge of public relations and promotion strategies. Prerequisite: Completion of Area F requirements.

RECR 4536  
Evaluation and Research: 3-0-3  
A basic understanding of research and evaluation methods, design, analysis, interpretation, and report writing; and the ability to conduct, present, evaluate, and utilize research on recreation. Prerequisite: Completion of Area F requirements.

RECR 4790  
Internship: 12-0-12  
A sixteen-week supervised work experience related to student's emphasis area which allows application of classroom knowledge and theory to practice. Prerequisites: Total Institution GPA of 2.0 or better, completion of major core requirements, area of emphasis, non-recreation courses, 200 hours of community service, and permission of advisor.

RECR 4830  
Selected Topics in Recreation: 0-0-3  
A critical understanding of the current and anticipated problems and trends in the field of recreation with particular emphasis on solutions, established and predicted, to address these problems and trends.

RECR 6030  
Selected Topics in Recreation and Sport: 3-0-3  
Provides the student with the opportunity to study contemporary topics and issues relevant to recreation and leisure profession in an individual setting. The student will be able to work with faculty in a rigorous, closely directed, research or exploratory environment.

RECR 6230  
Computer Applications in Recreation and Sport Management: 3-0-3  
Provides students with the ability and opportunity to apply intermediate and advanced computer skills using contemporary software applications.

RECR 7230  
Research Methods and Statistical Applications in Recreation and Sport Management: 3-0-3  
An operational understanding of research, evaluation methods, and statistical applications. The goal of this course is to produce intelligent consumers of research based information and to give students the opportunity to prepare for advanced graduate study.

RECR 7235  
Issues and Trends in Recreation: 3-0-3  
A critical understanding of the current and anticipated problems and trends in the field of recreation with particular emphasis on solutions, established and predicted, to address these problems and trends.

RECR 7236  
History and Philosophy of Leisure and Sport: 3-0-3  
A critical inquiry into the history and philosophies of leisure and sport to gain an understanding of the concepts surrounding, and operation of, the modern leisure and sport industries.
RECR 7237
Recreation Management: 3-0-3
An overview of recreation management with a focus on organizational behavior, personnel management, public relations, marketing, public finance, and politics and power structures in recreation and leisure service settings.

RECR 7790
Internship: 0-0-9
Provides an opportunity for a full time, 40 hour week, 15 week professional experience. Students will work in a supervised organizational setting within the Parks and Recreation, or related, profession. Prerequisite: Completion of all graduate course work.

RECR 7830
Directed Individual Study: 0-0-3
Students have an opportunity to pursue an independent recreation research project or to work with a faculty member as part of a research team.

RECR 7999
Thesis: (1-6)-0-(1-6)
Opportunity to conduct an independent research project in the preferred field of recreation, requiring the development of a thesis proposal, the execution of appropriate research, the analysis of results, and the development of a written product.

Regional Economic Development (COBA)

REDC 3130
Introduction to Regional Economic Development: 3-0-3
This course provides an overview of regional economic development programs and provides guidelines for the regional development planning process. The course addresses the regional economic development profession and associated career opportunities and discuss tools used in economic development efforts. The course requires a service project in which the student works with an outside economic development agency to apply the theories and techniques learned in class. Prerequisite: A minimum grade of “C” in ECON 2105.

REDC/ECON 4131
Applied Econometrics and Regional Analysis: 3-0-3
The course outlines analytical and empirical tools used by the contemporary economic development specialist and economist. The methodology of data collection and estimation of regression models are introduced. Moreover, the course covers methods of forecasting, linear programming, derivation of impact multiplier analysis, and cost-benefit analysis. Prerequisite: A minimum grade of “C” in BUSA 3131.

REDC/ECON 4431
Economic Development: 3-0-3
This course examines the economic and social challenges faced by rural areas of the United States and developing countries. The main concern is on what resources rural economies have, and how these resources can be used to sustain economic development. Special attention is given to economic development strategies that emphasize equity in distribution as a goal as well as access to resources by a wide cross-section of citizens. Prerequisites: A minimum grade of “C” in ECON 2105 and ECON 2106.

REDC 4730
Regional Economic Development Field Project: 3-0-3
The student will work under the supervision of both an advising faculty member and an economic development professional on a specific, well-defined economic development activity for a local business or governmental unit. Prerequisite: REDC 4131 and prior approval of the department chair.

REDC 4830
Special Problems in Regional Economic Development: 3-0-3
Students have an opportunity to pursue studies at a level or in topics not covered in scheduled courses. The scope and nature of the material covered is determined in consultation with the faculty sponsor. Prerequisites: REDV 3130, Junior standing, and permission of director.

REDC 4890
Directed Study in Regional Economic Development: 3-0-3
Designed for independent study and research in selected areas of regional economic development under faculty supervision. Prerequisites: REDV 3130; Permission of director.

Religious Studies (Interdisciplinary)

RELS 2130
Introduction to Religion: 3-0-3
Introduction to definitions, perspectives, and methods used in religious studies, as well as, to the varieties of religious issues and expressions.

RELS 3030
Selected Topics: 3-0-3
Selected topics in religious studies.

RELS/PHIL 3131
World Religions: 3-0-3
See PHIL 3131 for course description.

RELS/HIST 3139
History of Religion in the U.S.: 3-0-3
See HIST 3139 for course description.

RELS/PSYC 3231
Psychology of Religion: 3-0-3
See PSYC 3231 for course description.

RELS/HIST 3233
The Early Church: 3-0-3
See HIST 3233 for course description.

RELS/HIST/INTS 3250
The Muslim World to Tamerlane: 3-0-3
See HIST 3250 for course description.

RELS/HIST/INTS 3251
The Muslim World Since Genghis Khan: 3-0-3
See HIST 3251 for course description.

RELS 3330
Introduction to the Old Testament: 3-0-3
This course is an introduction to the critical study of the literature of the Old Testament and the world in which it was produced. We will examine individual texts of the Hebrew Bible/Old Testament within their historical contexts while taking into consideration other methodological approaches such as literary criticism, feminism, and theology.

RELS/HIST 3334
Christian Europe 450-1750: 3-0-3
See HIST 3334 for course description.

RELS 3335
Introduction to the New Testament: 3-0-3
This course introduces the fundamental ideas, themes, and trajectories represented in New Testament texts. We shall examine the historical, cultural, and religious contexts of the New Testament and broaden our understanding of the various claims of its texts. We shall also question and reflect upon the New Testament's contemporary relevance. Close attention will be paid to the texts.

RELS/PSYC 3336/3336H
Humanistic and Transpersonal Psychology: 3-0-3
See PSYC 3336/3336H for course description.
Regents' Review Courses

RGTR 0198
Regents' Reading Skills: 2-0-2
This course is intended to ensure that all graduates of USG institutions possess certain minimum skills in reading comprehension. Students work on improving their comprehension of material drawn from a variety of subject areas (social science, natural science and humanities) with various modes of discourse (exposition, narration and argumentation). Critical thinking and the following four major aspects of reading are emphasized: vocabulary in context, inferential and literal comprehension, and analysis. Required of all students who have earned 45 or more hours without passing or exempting the Regent's Test reading. Not open to ESL students or students with fewer than 45 hours. Audit or institutional credit only.

RGTE 0199
Regent's Writing Skills: 2-0-2
This course is intended to ensure that all graduates of USG institutions possess certain minimum skills in writing. Students learn to evaluate their own writing strengths and weaknesses and work on improving their writing skills so that they are able to write an essay meeting the Regents' criteria. Required of all students who have earned 45 or more hours without passing or exempting the Regent's Test essay. Not open to ESL students or students with fewer than 45 hours. Audit or institutional credit only.

Secondary Education (COE)

SCED 3237
Science Methods: 2-3-3
Designed to assist students in understanding the purpose of science in the secondary school curriculum and becoming familiar with trends in science instruction. Skills are developed in using classroom laboratory and field trip experiences in planning and evaluating science instruction. Major emphasis is placed on planning and presentation of skills and on developing strategies to facilitate working with the diverse student populations present in public schools. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4138 and EDUF 3234.

SCED 3337
Methods of Teaching Language Arts in the Secondary School: 2-3-3
A study of methods and materials appropriate in teaching composition, literature, and oral expression in the secondary school English program. Emphasis will be placed on the writing process, teaching grammar through writing, and literature for grades 7-12. Includes a field-based component which requires teaching language arts in a secondary school classroom. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4138 and EDUF 3234.

SCED 3437
Social Science Methods: 2-3-3
A study of the social sciences in the secondary schools with emphasis on curriculum issues, planning social science instruction, methods and materials appropriate for older adolescents and topical issues in teaching social sciences. Includes a field-based component which requires teaching social science in a social science in a secondary school classroom. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4138 and EDUF 3234.

SCED 3537
Methods of Teaching Mathematics in Secondary School: 2-3-3
A study of teaching methods and materials, curriculum content, and trends in secondary school mathematics. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4138 and EDUF 3234.

SCED 4137
Methods of Teaching in the Secondary School: 2-3-3
This course is designed to assist students in understanding planning and teaching practices in the secondary school and in becoming familiar with best practices in secondary instruction. Skills are developed in planning, conducting, and evaluating instruction using classroom and practicum experiences. Major emphasis is placed on planning, presentation, and assessment of skills, and on developing strategies to facilitate working with the diverse student populations present in public schools. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4138, SCED 4731, and EDUF 3234.

SCED 4138
Secondary Curriculum: 3-2-3
Addresses the linear curriculum design model for use in designing secondary school curriculum. Emphasis is placed on designing an instructional unit focusing on the selection of appropriate learning objectives related to specific knowledge and skills, selection of interactive learning activities and appropriate assessment of student progress. Consideration is given to research based effective teaching behavior. Includes a field-based component which requires planning and teaching an instructional unit in a secondary school classroom in the student's teaching field. Prerequisite: Admission to Teacher Education Program. Corequisites: SCED 4137, SCED 4731, and EDUF 3234.

SCED 4731
Secondary School Practicum: 0-3-3
This supervised practicum is a field-based teaching experience in a secondary school classroom. Candidates will complete structured observations and plan and teach an instructional unit in one's teaching field.
Emphasis is placed on lesson and unit planning, a variety of instructional strategies and use of instructional technology, and professional reflection. Prerequisites: Admission to Teacher Education program. Corequisites: SCED 4137, SCED 4138, and EDUC 3224.

SCED 5799/5799G
Student Teaching in Secondary Education: 0-40-9
A period of guided teaching during which the student, under the direction of a cooperating teacher, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities. Prerequisites: Completion of the teaching field and professional education courses and admission to the Student Teaching Program.

SCED 6131
Curriculum for Secondary Education: 3-0-3
This course is designed to assist teacher candidates in understanding curriculum design, instructional planning and teaching practices in the secondary school and in reflecting on best practices in secondary instruction. Emphasis is placed on planning, presentation, and assessment skills, as well as developing strategies for working with the diverse student populations present in schools. Candidates will design an instructional unit focusing on the selection of appropriate learning objectives related to specific knowledge, skills, and dispositions in one's teaching field; selection of interactive learning activities and resources - including multiple technologies--; and the use of appropriate assessments of student learning. Prerequisite: Admission to Teacher Education Program.

SCED 8633
Seminar in Secondary Education: 3-0-3
A capstone course for the M.Ed. in each of the secondary education programs. Emphasis is placed on a study of the historical and contemporary research, instruction, and recommended practices for effective secondary schools. Current trends and issues in secondary education will be examined. A field-based study is included in the course.

Sport Management (CHHS)

SMGT 2130
Introduction to Sport Management: 3-0-3
Introduces students to the meaning of sport management in terms of its scope, foundations, issues and future trends. Examines the job responsibilities and competencies required of sport managers in a variety of sports, or sport-related organizations. Also provides the student with an overview of the different facets and career opportunities available in the field of sport management.

SMGT 2230
Social Issues of Sport: 3-0-3
Helps the student understand the social aspect of sport. Specifically, examines such topics as how social phenomena affect sport participation and behavior, and how the dynamic nature and diverse parameters of society affect the sport industry.

SMGT 3230
Economics of Sport: 3-0-3
Examines major economic issues in the sport industry and introduces the methodology of economics that can be used to analyze these issues. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 3236
Financial Management of Sport: 3-0-3
Examines the fundamental concepts and theories of finance applicable to the field of sport management. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 3237
International Sport Management: 3-0-3
An in-depth examination of the nature and role of sport in contrasting cultures and the matters of sport governance that cross national boundaries as well as the possibilities of formulating reform measures in sport policy and practice around the world. Prerequisites: A minimum grade of “C” in ACCT 2030, COMM 2332, ECON 2105, RECR 2330, SMGT 2130, SMGT 2230, and STAT 2231.

SMGT 3238
Management of Sport Organizations: 3-0-3
Introduces the student to the operation of actual sport enterprises. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 3330
Sport Promotion and Marketing: 3-0-3
Focuses on the application of marketing principles and practices to the sport industry. Prerequisites: A minimum grade of “C” in MKTG 3313, ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 4090
Selected Topics in Sport Management: (1-3)-0-(1-3)
Provides a student with in-depth study of selected topics in Sport Management. Prerequisite: Permission of instructor.

SMGT 4330
Facility and Event Management: 3-0-3
Addresses the principles and procedures involved in sports facility and event management. Special emphasis will be given to sports event planning, production, and evaluation. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 4336
Sport Business Operations: 3-0-3
Teaches the student to use modern computerized programs used in the operations of the sport industry and the policies and procedures that govern their use. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 4337
Legal Aspects of Sport: 3-0-3
Helps the student understand the legal aspects of negligence, intentional torts, the essentials of contracts, and elements of constitutional law as they apply to the sport industry. Helps the student understand risk management in the sport industry. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 4338
Sport Policy Development: 3-0-3
Helps the student understand the modern administrative issues in the administration of sport related businesses. The course will focus on many of the most demanding legal concerns of running sport businesses. Prerequisites: A minimum grade of “C” in ACCT 2030, ECON 2105, SMGT 2130, SMGT 2230, STAT 2231; and RECR 2330 or CISM 1120 and CISM 1110.

SMGT 4630
Baseball and American Culture: 3-0-3
This course is designed to provide students with an overview of the history of baseball in America, and relate the historical events and phenomena to American culture. Course work will relate class topics to historical and contemporary social, cultural, economic, and political issues. Course content will consist of lectures, readings, class discussion, video and other presentations.
SMGT 4735
Sport Management Internship: 0-40-12
The student is involved in a full-time (40 hours per week) external working experience with a host sport organization. The internship allows the senior student an opportunity to receive practical experience in a selected sport management-related setting. Prerequisites: Completion of main core requirements and permission of advisor. Requires a 2.25 GPA to enroll (reduced from 2.5). Students who do not meet 2.25 requirement may complete twelve (12) hours approved course work as substitute for the internship, with approval of department chair.

SMGT 4899
Directed Individual Study: (1-6)-0-(1-6)
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor. Prerequisite: Permission of instructor.

SMGT 6030
Selected Topics in Sport Management: 3-0-3
Provides students with the opportunity to study contemporary topics and issues relevant to the sport management profession.

SMGT 6330
Social and Ethical Issues of Sport and Leisure: 3-0-3
Introduces the student to a variety of sociological principles and implications that relate to human organization and human interaction within the realm of leisure and sport. Leisure and sport are pervasive influences in American culture and in much of the developed world. It is important to understand the evolution of the leisure ethic in our society, how sport has become so important and how an individual is socialized through the forum of sport. The class will investigate the interrelationships between society, sport, popular culture and the value systems attributed to the involvement in these areas.

SMGT 6335
Sport Administration: 3-0-3
Designed to develop a futuristic understanding of the management of sport related businesses. The exponential change in the world of sport requires an understanding of successful past and present practices and the foreseeability of change. Emphasis in this class will be on strategic planning for change, NCAA change in organization and mandates, the current and future legal environment in sport including changes in “standards of care”, and the managerial implications for keeping up with the changing nature of sport participants and the associated coaching changes needed to be effective.

SMGT 6337
Sport Facility and Event Management: 3-0-3
Helps the student understand contemporary sport facilities and event management. Important aspects of the class include event risk management, event planning and operations, facilities management, facility planning and development, and negotiating with promoters, independent contractors and those involved in privatization.

SMGT 7330
Research Methods and Statistical Applications in Recreation and Sport Management: 3-0-3
Offers an operational understanding of research, evaluation methods, and statistical applications. The goal of this course is to produce intelligent consumers of research based information and to give students the opportunity to prepare for advanced graduate study.

SMGT 7335
Sport Law and Risk Management: 3-0-3
Provides an advanced understanding of legal proceedings, legal research, negligence, and risk management. Through actual experiences of advanced legal research, moot courts, and the development of a risk management plan for an actual sport business students will develop a deeper understanding of the current status of negligence as it applies to the sport industry and the development of a risk plan to reduce operational risks.

SMGT 7337
Sport Marketing: 3-0-3
Examines the unique nature of marketing sport both as a participatory and spectator event. Emphasis is upon understanding the synergy of marketing, sport and society. Consideration is given to marketing collegiate and professional sport.

SMGT 7339
Sport Finance and Management Strategy: 3-0-3
Traditional and innovative revenue acquisition methods available to sport organizations will be examined. Particularly, the thorough financial analysis of two sport organizations competing in the same segment of the sport industry. The second half of the course focuses on macro management strategies. Content includes low-cost provider, differentiation and niche strategies and the analysis of Porter's 5 Forces Model of sustaining competitive advantage.

SMGT 7790
Sport Management Internship: 0-40-9
Allows the student to apply the knowledge and skills acquired in class and to receive practical experience in selected sport industry settings.

SMGT 7830
Directed Individual Study: 0-0-3
Provides students with an opportunity to pursue an independent sport management research project or to work with a faculty member as part of a research team.

SMGT 7999
Thesis: 0-0-(1-6)
Opportunity to conduct an independent research project in the preferred field of sport management, requiring the development of a thesis proposal, the execution of appropriate research, the analysis of results, and the development of a written product.

Sociology (CLASS)

SOCI 1101/1101H/1101S
Introduction to Sociology: 3-0-3
The discipline of sociology and the sociological perspective as a tool for understanding society and culture, including the interpersonal, intergroup, and international dimensions of social life.

SOCI 2232
Introduction to Social Services: 3-0-3
This course is designed to introduce students to the field of social services, including the history of the profession and its knowledge, skill, and value base. Students will gain an understanding of various careers within social services and the settings in which they are practiced. They will gain an understanding of micro, mezzo, and macro type agencies.

SOCI 3094/3094S
Selected Topics in Sociology: (1-3)-0-(1-3)
Various topics.

SOCI 3231
Practice Skills: 3-0-3
An examination of the knowledge, skill, and value base for working in the social services. The emphasis is on preparation for practice in social services settings. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 3331
Criminology: 3-0-3
The study of crime from a sociological perspective. Topics include definitions and measurement of crime, types of crime and crime statistics, theories of crime causation with special attention to new theoretical
developments, and social policy issues involving the criminal justice system and crime prevention. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 3333
Deviant Behavior: 3-0-3
The study of deviant behavior from a sociological perspective. Topics include definitions of deviance, theories of rule making and rule breaking with special attention to rule making theories, and substantive examination of forms of deviant behavior with special attention to elite deviance. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 3334
Juvenile Delinquency: 3-0-3
The study of juvenile delinquency from a sociological perspective. Topics include a historical examination of delinquency, theories of delinquency with special attention to historical and classic theories, the social context of delinquency, and social policy issues involving the juvenile justice system and youth-related social problems. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 3335
Social Change: 3-0-3
Discussion of theories and causes of social change in contemporary or historical perspective. Prerequisite: SOCI 1101.

SOCI/AMST 3336/3336S
Social Problems: 3-0-3
A general introduction to the study of social problems in areas such as deviance, social inequality, social change and American institutions. Prerequisite: SOCI 1101.

SOCI/AMST 3337
Urban Sociology: 3-0-3
Study of the origin of cities and the impact of modern urban life on the social, psychological, ecological, and economic components of human societies. Prerequisite: SOCI 1101.

SOCI/CRJU 3432/3432S
Gangs, Drugs, and Criminal Justice: 3-0-3
See CRJU 3432 for course description.

SOCI 3434
Methods of Social Research: 3-0-3
A review of social research methods with emphasis on design, data collection, measurement, survey and analysis. Required of all sociology majors. Prerequisites: SOCI 1101 and STAT 2231.

SOCI 4231
Child Welfare and Family Services: 3-0-3
Comprehensive study of current philosophy and practice in the various fields of child welfare, including family income maintenance programs, child protective service, adoption, foster care, institutional placement of children, home based services, family preservation, early childbearing, guardianship and custody, the family and the courts, and child advocacy. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 4232
Social Welfare Policy and Services: 3-0-3
An analysis of American social welfare policy. Covers programs and policies under public, voluntary, and proprietary auspices in the areas of income maintenance, mental health and substance abuse, health care, child welfare, nutrition, housing, and employment. Prerequisite: SOCI 1101 or permission of instructor.

SOCI/WGST 4332/4332S
Sociology of Gender: 3-0-3
Explores gender identity, gender roles, and gender social structures using the sociological perspective. Prerequisite: SOCI 1101.

SOCI 4334
Organizations: 3-0-3
Explores what it means to live in an organizational society and world. Theory, metaphor, and research findings provide insight and tools for understanding and, possibly, affecting our organizational world. Organizational and leadership effectiveness will be ongoing themes. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 4335
Self and Society: 3-0-3
Explores the relationship between the self and society (the individual and the social milieu) using social psychological and/or symbolic interactionist perspectives. Content includes origins of the self and how it is shaped by society, formation of norms, identity management, socialization, interpersonal influence, and role behavior. Prerequisite: SOCI 1101.

SOCI/WGST 4338
Sociology of Competition and Games: 3-0-3
Examines sport as a social institution, focusing on cultural values related to sport, stratification within and among sports, and issues of power and inequality pertaining to sport. Prerequisite: SOCI 1101.

SOCI/AAST 4431/4431S
Inequality: 3-0-3
Examines the sociological approaches and theories of stratification and structured inequality, and analyzes the causes and consequences of economic, political, and social inequality. Prerequisite: SOCI 1101.

SOCI 4630
Senior Seminar: 3-0-3
A capstone course which will enhance students' knowledge, understanding, and appreciation of the discipline. Key theoretical, methodological, and substantive issues in the discipline will be discussed. Required of all senior majors. Prerequisites: SOCI 3434, SOCI 5431 and senior standing.

SOCI 4790
Field Instruction: (1-9)-0-(1-9)
Designed as an educational placement to give practical experience in a sociologically and vocationally appropriate setting to students in the B.S. program in Sociology. Prerequisite: Permission of the major advisor from the Department of Sociology and Anthropology.

SOCI 4892
Directed Individual Research: 3-0-3
Directed individual research.

SOCI 5094/5094G/5094S
Selected Topics in Sociology: 1-3/-0-(1-3)
Various topics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

SOCI 5131/5131G
Population: 3-0-3
Examines sociological approaches to understanding demographic processes, including the historical transformation of the world's population and its current status. Covers three basic population processes: fertility, mortality, and migration. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5132/5132G
Sociology of Community: 3-0-3
Focuses on community life in the United States. Community is viewed as a social entity and an arena of social interaction. Urban, rural, and alternative communities in the U.S. are investigated to uncover their patterns of interaction and organization. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.
SOCI/RELS 5133/5133G
Sociology of Religion: 3-0-3
A sociological study of religion focusing on the human (especially social) aspects of religious belief and practice. Various religious groups will be examined to identify how they organize their collective religious expressions. Theories and research methods used by sociologists to study religious beliefs and practices and religious institutions will be reviewed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5134/5134G
Sociology of Childhood: 3-0-3
Focuses on childhood as a social phenomenon. Childhood is viewed as a social construction, and particular attention is paid to the cultural context in which childhood has flourished, the role of children's culture in society, and social problems that are associated with childhood. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101.

SOCI 5135/5135G
Aging: 3-0-3
Examines the impact of an aging population upon society and the effects of the socially defined experience of aging upon the individual. Special attention is given to economic factors, retirement, life-style options, health, death, and widowhood. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5136/5136G
Sociology of Education: 3-0-3
Studies the social conditions that influence the organization and process of education, the course focuses on the effects of social class, race, and gender inside and outside the classroom. Major theoretical and methodological approaches to the sociology of education are reviewed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5137/5137G
Collective Behavior: 3-0-3
A sociological study of social movements and such forms of collective behavior as mobs, crowds, rumors, riots, and mass hysteria. Key theories and research methods used by sociologists and other social scientists to study collective behavior will be reviewed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5138/5138G
Sociology of the Family: 3-0-3
A sociological study of the social forces that impinge on families, affecting the behaviors of family members and the forms that family units take. Key theories and research methods used by sociologists and other social scientists to study families will be reviewed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5139/5139G/5139S
Sociology of Health Care: 3-0-3
Analyzes health and illness from a sociological perspective. Attention will be given to health care institutions, roles, beliefs, and practices as well as newly emerging roles. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101.

SOCI 5140/5140G
Group Dynamics: 3-0-3
This course will provide students with a knowledge base in group work. They will study the structure, organization, and function of groups and learn to identify stages of group development, roles group members play, and skills used by the group facilitator. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101, SOCI 2232, or permission of instructor for undergraduates only.

SOCI 5231/5231G
Sociology of Politics: 3-0-3
Contributions of sociology to the study of politics, including analysis of political aspects of social systems, social context of action, and social basis of power. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI 5332/5332G
Death and Dying: 3-0-3
Examines sociocultural dimensions of death, dying, bereavement, grief, and mourning, including cross-cultural comparisons and social patterns in historical perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI/AAST/AMST 5333/5333G
Race and Ethnicity: 3-0-3
A survey of the major concepts and theories in the study of racial and ethnic relations in the United States. The situations and experiences of various racial and ethnic groups are considered. Prerequisite: SOCI 1101.

SOCI 5431/5431G
Sociological Theory: 3-0-3
An overview of the major classical sociological theorists, linking their contributions to contemporary issues and concerns. Covers key theorists and basic tenets of structural functionalism, conflict theory, and symbolic interactionism and introduces the process of theory construction. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101.

SOCI 5433/5433G
Program Evaluation: 3-0-3
Explores what it means to live in a society in which accountability is a thematic issue and policy and programs benefits which accrue from well-designed evaluations and proposals. Evaluation research and grant development issues, including basic design and use considerations, are discussed. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: SOCI 1101 or permission of instructor.

SOCI/ANTH/AAST/AMST 5435/5435G
The Rural South: 3-0-3
The life-ways and social organization of rural society with emphasis on the South. Examines social institutions, community dynamics, social change, and the cultural distinctions of the region. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ANTH 1102 or SOCI 1101 or permission of instructor.

SOCI/ANTH/LAST 5436/5436G
Latin American Societies: 3-0-3
See ANTH 5436 for course description.

SOCI/ANTH/INTS 5438/5438G
Social Issues of International Development and Change: 3-0-3
The study of social issues of international development and change, particularly in developing countries. Through the use of lectures, discussion, and readings, students will learn about the factors affecting development and underdevelopment around the world, including globalization, health, the environment, food security, non-governmental organizations, conflict and instability, gender issues, human rights, international trade, transnational corporations, debt, demography, urbanization, informal economies, labor issues, democratization, civil society participation, and technology. Prerequisites: ANTH 1102 or INTS 2130 or SOCI 1101.
SOCI 6091
Selected Topics in Theory: (1-3)-0-(1-3)
In-depth examination of selected theories or schools of sociological thought. Course may be repeated as topics change. Prerequisite: Undergraduate course in sociological theory or permission of instructor.

SOCI 6092
Selected Topics in Methodology: (1-3)-0-(1-3)
In-depth examination of selected methodologies for sociological research. May be repeated as topics change. Prerequisite: Undergraduate course in methods of social research or permission of instructor.

SOCI 6093
Selected Topics in Data Analysis: (1-3)-0-(1-3)
In-depth examination of selected data analysis techniques for sociological research. Course may be repeated as topics change.

SOCI 6434
Research Design and Methodology: 3-0-3
Study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical issues related to sociological research.

SOCI 6435
Sociological Quantitative Analysis: 2-1-3
Study of the techniques and statistics necessary to design and interpret quantitative sociological research. Required for the M.A. Degree in Sociology. Prerequisite: Undergraduate preparation in statistics and research methods or permission of instructor.

SOCI 6436
Qualitative Research Methods: 3-0-3
Analysis and practice of qualitative methodology in sociology. Includes participant observation, interviews, case studies, content analysis, and other innovative techniques.

SOCI 6631
Seminar in Self and Society: 3-0-3
Examination of social psychological theory and research with emphasis upon the sociological perspective. Both structural and symbolic interactionist theories are explored.

SOCI 6632
Seminar in Social Change: 3-0-3
Examines sociological approaches to and theories of change and analyzes causes and consequences of long-term structural transformations.

SOCI 6633
Seminar in Social Stratification: 3-0-3
Examines several different approaches, methods, and data sources from the research specialty area of inequality. Introduces students to themes that are used to organize and differentiate theories of social stratification. Some familiarity with quantitative methods and empirical research will be prerequisites to successful performance in the course.

SOCI 6634
Seminar in Social Organization: 3-0-3
Examination of theories of social organization and their application at both the micro and macro levels of analysis in groups, organizations, and societies.

SOCI 6635
Sociology of Gender: 3-0-3
Examines the cultural construction of gender as well as the structural hierarchies of wealth, power, and prestige linked to gender.

SOCI 6636
Crime and Justice: 3-0-3
A sociological examination of crime and justice issues. Criminological theory and social issues involving crime, delinquency, and the juvenile and criminal justice systems will be explored.

SOCI 6637
Social Theory: 3-0-3
Examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

SOCI 6638
Proseminar in Social Science: 3-0-3
Introduces students to the foundations and controversies in social scientific research.

SOCI 7790
Practicum: 0-(1-9)-(1-9)
Designed as an educational placement to give graduate students a practical experience in a vocationally-appropriate setting.

SOCI 7891
Independent Study in Sociology: 0-0-(1-3)
Independent examination of graduate course topics offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies. Prerequisite: Permission of instructor.

SOCI 7892
Directed Research in Sociology: 0-0-(1-3)
Participation in an independent or group research project. More than three hours of credit for directed research may be earned, but only three hours may be applied to the completion of minimum hours required for the M.A. Degree in Sociology. Prerequisite: Permission of instructor.

SOCI 7990
Applied Monograph: (1-6)-0-(1-6)
A document of thesis quality and rigor which presents research and systematic observations from a practicum or field internship experience of no less than one semester. As a substitute for the traditional thesis, this option must be approved by the sociology graduate faculty of the Department of Sociology and Anthropology. Prerequisite: Permission of graduate faculty in sociology.

SOCI 7999
Thesis: (1-6)-0-(1-6)
Research thesis. Prerequisite: Permission of major professor.

SOCI 8891
Independent Study in Sociology: 0-0-(1-3)
Independent examination of graduate course topic offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies. Designed for graduate students beyond the masters level. Prerequisite: Permission of instructor.

SOCI 8892
Directed Research in Sociology: 0-0-(1-3)
Participation in an independent or group research project. Designed for students participating in programs of study beyond the master's level. Prerequisite: Permission of instructor.

Spanish (CLASS)
SPAN 1001/1001S
Elementary Spanish I: 3-0-3
Introduction to listening, speaking, reading, and writing in Spanish and to the culture of Spanish-speaking regions.
SPAN 1002/1002S
Elementary Spanish II: 3-0-3
Continued listening, speaking, reading and writing, in Spanish with further study of the culture of Spanish-speaking regions. Prerequisite: SPAN 1001 or equivalent.

SPAN 1060
Accelerated Elementary Spanish: 6-0-6
An accelerated introduction to listening, speaking, reading, and writing in Spanish and to the culture of Spanish-speaking regions. Completes elementary levels of Spanish in one semester.

SPAN 2001/2001H/2001S
Intermediate Spanish I: 3-0-3
Building upon communication skills (understanding, speaking, reading, and writing Spanish) and cultural understanding, developed at the elementary level. Prerequisite: SPAN 1001 and SPAN 1002 or equivalent.

Intermediate Spanish II: 3-0-3
Development of writing skills and closer examination of grammatical structures of the Spanish language. Writing assignments based on both oral and written authentic sources. May be exempted through Department of Foreign Languages testing program. Prerequisite: Prior or concurrent enrollment in SPAN 2001 or equivalent.

SPAN 2060/2060S
Accelerated Intermediate Spanish: 6-0-6
Accelerated intermediate Spanish with continued work on listening, speaking, reading, and writing in Spanish and the culture of Spanish-speaking regions. Completes the intermediate levels of Spanish in one semester. Prerequisite: Completion of SPAN 1002 or equivalent.

SPAN 2131
Spanish for Hospitality and Tourism: 3-0-3
Designed specifically for students in hotel and restaurant management in order to acquaint them with basic vocabulary for use in their specific area of study and may be used to fulfill graduation requirements for the B.S. degree (in lieu of SPAN 2001). Prerequisites: SPAN 1001 and SPAN 1002 or College Spanish or equivalent.

SPAN 3030/3030S
Selected Topics in Spanish: (1-3)-0-(1-3)
Selected topics in Spanish. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3130/3130S
Conversation: 3-0-3
Provides oral practice in Spanish using authentic communicative activities. Prerequisites: SPAN 2002 or equivalent.

SPAN 3131/3131S
Spanish Grammar and Composition: 3-0-3
A treatment of fine points of grammar and idioms, with special attention to the verbal and pronominal systems. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3195/3195S
Studies Abroad: Language: 3-0-3
A course in oral and written communications in Spanish using materials and resources available in the foreign country. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3230/3230S
Approach to Hispanic Literature: 3-0-3
Introduction to reading literary texts in Spanish. Selected literary works by genre of poetry, narrative prose, drama, and essay will be studied with attention to the study of their forms of literary expression in Spanish and introduction of terms related to the discussion of literature in Spanish. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3295/3295S
Studies Abroad: Literature: 3-0-3
The study of selected works of literature in Spanish which are appropriate for building on language skills or which are related thematically to the country or culture visited. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3395/3395S
Studies Abroad: Culture: 3-0-3
Students become familiar with the culture of the country in which they are staying by examining selected historical, geographical, and artistic features and discussing aspects of the lifestyle of the country. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3530/3530S
Introduction to Spanish for Business: 3-0-3
Provides a basic foundation in vocabulary and discourse related to functional business areas, practice in carrying out typical business transactions in Spanish, and practice in writing commercial documents in Spanish, including translating and interpreting activities. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 3531
Technology for Spanish for Business: 3-0-3
Study of basic foundation in vocabulary and discourse related to functional technology in business and industry in today's global society. Researching, creating, and applying technologies used in the business world. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN 4130/4130S
Advanced and Applied Conversation: 3-0-3
Builds on oral skills with activities designed to be applied to more complex communicative tasks, including negotiating, supporting opinions, and solving problems. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN 4131/4131S
Spanish Stylistics: 3-0-3
Students will study models of effective and elegant writing in Spanish for improvement of their own writing. Additional study of more sophisticated levels of expression and vocabulary. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN 4132/4132S
Phonetics: 3-0-3
The course provides an understanding of Spanish articulatory phonetics. Students will learn the basic principles of Spanish pronunciation and enhance the correct pronunciation of Spanish through intensive oral drills. Students will also enhance their Spanish spelling and will be able to describe standard Spanish as well as other dialects of Spanish. Prerequisites: Completion of SPAN 3130 or equivalent.

SPAN 4195/4195S
Studies Abroad: Advanced Language: 3-0-3
The practice of the Spanish language and study of the supporting grammatical structures using materials and resources available in the foreign country. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN/LAST 4231/4231S
Introduction to Spanish-American Literature I: 3-0-3
Introduction to the literature of Spanish America from the Colonial Period to “Modernism” Emphasis on literary currents in connection with their history and culture. Prerequisite: SPAN 2002 or equivalent.

SPAN 4232
Introduction to Spanish-American Literature II: 3-0-3
Introduction to the literature of Spanish America from the end of the 19th Century to the present. Study of representative authors, their themes and their significance for the development of the literary period. Prerequisite: SPAN 2002 or equivalent.

SPAN 4233
Peninsular Literature I: 3-0-3
The study of authors and readings, with special attention given to the literary movements and historical context, from the Middle Ages to the seventeenth century. Prerequisite: SPAN 2002 or equivalent.

SPAN 4234
Peninsular Literature II: 3-0-3
The study of authors and readings, with special attention given to the literary movements and historical context, from the eighteenth century to present day. Prerequisite: Completion of SPAN 2002 or equivalent.

SPAN 4295/4295S
Studies Abroad: Advanced Literature: 3-0-3
An intensive study of literary works thematically related to the country or culture visited by the student. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN 4332
Caribbean Culture and Civilization: 3-0-3
Study of the development of the Caribbean in terms of history, culture, and civilization. In addition, the course will examine the literature, pictorial art, music, and the economic, social and political aspects of the area today. Emphasis on Cuba, Puerto Rico, and the Dominican Republic.

SPAN 4334/4334S
Peninsular Civilization and Culture: 3-0-3
General survey of culture and civilization of the Iberian peninsula from its earliest inhabitants to the present. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN 4335/4335S
Spanish American Civilization and Culture: 3-0-3
A study of the culture and civilization of Spanish America from the time of the pre-Columbian Indian societies through the present. Prerequisite: Completion of SPAN 2002 or equivalent.

SPAN 4395/4395S
Studies Abroad: Advanced Civilization: 3-0-3
A study at the advanced level of the land, culture, civilization, monuments, and artistic achievements of the country in which the student is studying. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN 4431
19th Century Literature in Spain: 3-0-3
A study of literary works which focus on recurrent themes of transition from Spain's status as a world power and the decay of traditional social values during the nineteenth century in Spain. Prerequisite: SPAN 2002 or equivalent.

SPAN 4432
Twentieth Century Spanish Literature: 3-0-3
A study of literary works and trends in twentieth century Spain. Prerequisite: SPAN 4230 or permission of instructor.

SPAN 4433
Golden Age Prose and Poetry: 3-0-3
Study of representative works and its authors of the prose and poetry of Spain during the 16th and 17th centuries. Prerequisite: Completion of SPAN 2002 or the equivalent.

SPAN 4434
Golden Age Drama: 3-0-3
Study of drama in Spain during the 16th and 17th centuries tracing its development from the Medieval through the Baroque periods. Prerequisite: SPAN 2002 or equivalent.

SPAN/LAST 4436/4436S
Twentieth Century Spanish-American Literature: 3-0-3
A study of literary works in Spanish America from 1925 to the present. Emphasis on literary tendencies with respect to cultural, social, and economic factors of this period. Prerequisite: SPAN 4231 or permission of instructor.

SPAN 4530/4530S
Advanced Spanish for Business I: 3-0-3
An advanced level of commercial Spanish vocabulary and discourse related to functional business areas and situational practice for success in the Spanish speaking business world. Prerequisites: SPAN 3530 and two Spanish courses at the 3000 level or permission of instructor.

SPAN 4531
Advanced Spanish for Business II: 3-0-3
A continuation of the study of basic foundation in vocabulary and discourse related to functional technology for business and industry in today's global society. Researching, creating, and applying technologies used in the business world. Prerequisites: SPAN 4530 or permission of instructor.

SPAN 4532
Translation and Interpretation: 3-0-3
Introduction to comparative stylistics through translations. Comparative study of characteristic modes of expression and introduction to the theoretical aspects and techniques of translation, using a variety of commercial documents in business and industry. Prerequisites: Completion of SPAN 2002 or the equivalent.

SPAN 4533
Business Through Literature: 3-0-3
Reading in the social, economic and political changes of the Hispanic world through essays, novels, plays, short stories, and poems. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN 4534/4534S
The Manufacturing Enterprise: 3-0-3
This course is designed to provide a uniquely hands-on experience which entails student creation of a company and subsequent product development, marketing, and production for a profit. Prerequisites: Completion of SPAN 2002 or the equivalent.

SPAN 4635
Capstone Course for Spanish Majors: 45-0-3
In this course, language skills (speaking, listening, writing, reading) are refined as depth and nuance are added to the understanding of Hispanic history, literature, culture and contemporary events. SPAN 4635 is a preparatory course for the exit exam that the Spanish faculty of the Department of Foreign Languages requires its majors to take before graduating from Georgia Southern University.

SPAN 4790/4790S
Internship In Spain: (1-15)-0-(1-15)
Internship in one or more Spanish speaking countries. Prerequisites: Permission of instructor and department chair.

SPAN 4890/4890S
Directed Study in Spanish: (1-15)-0-(1-15)
Concentrated study of a topic in Spanish literature, culture, society, thought, or language. May be repeated for credit provided a new topic is studied. Prerequisites: Two Spanish courses at the 3000 level.

SPAN 5030/5030G/5030S
Selected Topics in Spanish: (1-3)-0-(1-3)
Selected topics in Spanish. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be
required to do. Prerequisites: Two Spanish courses at the Intermediate II level or equivalent.

SPAN 5230/5230G
Medieval Spanish Literature: 3-0-3
Study of representative authors and their works through the 15th century. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Completion of SPAN 2002 or equivalent.

SPAN/LAST 5232/5232G
Literature of Hispanic Minorities: 3-0-3
Acquaints students with the representation of various minority groups in Hispanic society as represented in literature. Emphasis on ethnicity, cultural traditions, and their relation to historical and political events. Representative narrative works and poetry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: SPAN 3230 and two other Spanish courses at the 3000 level or permission of instructor.

SPAN 5234/5234G
Modern Peninsular Women Writers: 3-0-3
This course explores current literary works (prose, poetry, drama) by women in Spain. Analyzes selected works as individual literary creations, and also situates them in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN/WGST 5235/5235G/5235S
Modern Spanish American Women Writers: 3-0-3
This course introduces students to major works of modern Spanish American women writers and texts by Latina writers in the U. S. The course will focus on contemporary women's issues, women's lives and feminist thinking in connection to class, race, and culture, both through prose and poetry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

SPAN/AAST 5330/5330G
African-Hispanic Culture: 3-0-3
An introduction to African-Hispanic culture through the reading and discussion of poetry, short stories, historical documents, and movies in which Afro-Hispanics play a central role. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Three Spanish courses at the 3000 level or permission of instructor.

SPAN 5331/5331G
Latinos in the U.S.: 3-0-3
This course is designed to familiarize students with significant cultural, historical, and social contributions of Latinos in the United States. Emphasis will be placed on the diversity within the Latino community and the contributions of Latino literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN 5332/5332G
Hispanic Culture through Cinema: 3-0-3
This course will provide knowledge of Hispanic culture through films from Spain and Spanish America and will focus on Hispanic culture with discussion of a variety of themes, including traditions and customs, history, women's roles, marginalized individuals, and the search for identity. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Completion of SPAN 2002 or equivalent.

SPAN 5890/5890G
Hispanic Culture through Cinema: 3-0-3
Independent study under faculty supervision. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Permission of instructor.

SPAN 6130
History of the Spanish Language: 3-0-3
Study of how Spanish developed from Latin to its contemporary form. Emphasis upon the external historical context in which Spanish developed, as well as an understanding of what linguists think about language change and evolution from phonological, morphological, and syntactic points of view.

SPAN 6132
Phonetics: 3-0-3
Study of Spanish articulatory phonetics. Concentration on the basic principles of pronunciation through intensive oral drills. Students will improve ability to write in Spanish and will be able to differentiate the standard from other dialects of the language.

SPAN 6230
Survey of Colonial Spanish American Literature: 3-0-3
This course will provide a critical and historical study of representative literary genres and authors of Vice Regal America from Spanish transcription of pre-Columbian works to those just prior to the wars of independence.

SPAN 6231
Survey of 18th-19th Century Spanish American Literature: 3-0-3
This course will provide a critical and historical study of representative literary genres and authors of Spanish America from the eighteenth and nineteenth centuries.

SPAN 6232
16th-17th Century Drama in Spain: 3-0-3
A study of the plays of major playwrights of Golden Age Spain, including Lope de Vega, Tirso de Molina, Calderon de la Barca, Francisco Rojas de Zorrilla, and Maria de Zayas. Topics to be discussed include, but are not limited to, performance and reception, development of commercial theatre, language, and the role of theatre in early modern Spain.

SPAN 6233
16th-17th Century Poetry and Prose in Spain: 3-0-3
A study of major authors in poetry and prose of the sixteenth and seventeenth centuries.

SPAN 6234
Spanish American Poetry: 1910 to the Present: 3-0-3
A study of the works of representative post-modern, vanguard, and contemporary poets of Spanish America; analysis of poems within a literary, historical, and political context.

SPAN 6235
Major Authors in Spain: 18th-21st Centuries: 3-0-3
This course consists of a close reading and critical analysis of the principal works, schools, and movements of literature in eighteenth through twenty-first century Spain.

SPAN 6236
Modern Spanish American Theatre: 3-0-3
Analysis of selected works of representative Spanish American playwrights of the twentieth and twenty-first centuries, with emphasis on the social, cultural, and political contexts of the plays studied.

SPAN 6331
Contemporary Spanish American Culture and Civilization: 3-0-3
The study of contemporary civilization and current cultural trends within the various Spanish American communities.
SPAN 7090
Selected Topics in Spanish: (1-3)-0-(1-3)
Selected Topics in Spanish.

SPAN 7091
Seminar in Spanish: 3-0-3
Topic selected by instructor.

SPAN 7130
Second Language Acquisition in Spanish: 3-0-3
A study of the problems of second language acquisition in Spanish related to programs which emphasize the teaching of communicative skills for use in authentic contexts. Theoretical and historical background as well as hands-on activities.

SPAN 7131
Stylistics in Spanish: 3-0-3
Studies the features of the Spanish language which are necessary for precision and elegance in writing. Includes study of illustrative texts, review of advanced grammatical features, lexical groupings, and written compositions.

SPAN 7195/7195S
Studies Abroad: Language: 3-0-3
Studies oral and written features of Spanish within a Spanish-speaking country using native materials and resources.

SPAN 7230
Epics and Ballads: 3-0-3
An introduction to the rich tradition in Spanish literature of narrative verse. Begins with the oral traditions of medieval epics and ballads and continues through the contemporary written ballad tradition of Garcia Lorca and the mixed tradition of the Mexican-American corridos.

SPAN 7231
Picareseque Literature: 3-0-3
Studies the theme of the antihero, the “picaro,” and the development of the picaresque as a literary sub-genre in Golden Age Spain.

SPAN 7232
Cervantes: 3-0-3
An in-depth analysis and discussion of Cervantes' literary works, including Don Quixote and supplementary readings in Cervantine scholarship and criticism.

SPAN 7233
Romanticism: 3-0-3
Studies the Nineteenth century romantic movement in Spain as an outgrowth of cultural change and transition.

SPAN 7234
Don Quijote: 3-0-3
Studies of Cervantes' masterpiece. Attention will be given to both the artistry of the novel and the different facets of Cervantine humanism, in the context of his time. The course of study will be based on an analytical study supported by critical bibliography.

SPAN 7236
Contemporary Spanish-American Literature: 3-0-3
Studies selected works of the most representative Spanish-American authors from the “Boom” (1960-1975) to the present. Emphasis on the avant-garde movement and its impact on Spanish American poetry and on regional and psychological fiction and drama.

SPAN 7237
Modernism: 3-0-3
Studies the renovation of Spanish-American literature from 1880 to 1920, focusing on the plurality of its literary sources and the cultural and social factors of Spanish-America of that period. Examination of the significance of modernism on all Spanish-American literature.

SPAN 7395/7395S
Studies Abroad: Culture: 3-0-3
Studies literature, culture, and/or civilization within a Spanish-speaking country, using native materials and resources.

SPAN 7890/7890S
Directed Study in Spanish: (1-3)-0-(1-3)
Independent Study under faculty supervision.

SPAN 7999
Thesis: 0-0-(1-6)
Planned research and writing directed by the student's thesis director.

Special Education (COE)

SPED 3130
Characteristics of Learners with Special Needs: 3-0-3
This course provides a review of the etiology, diagnosis, characteristics, and philosophical and educational implications of the full range of students with special needs who demonstrate a need for additional educational services in order to achieve full potential. Considerable emphasis will be placed on the delivery of educational services and social issues related to Mild Disabilities. Together with the listed co-requisites, this course is designed to meet the requirements of House Bill 671. Prerequisite: Admission into Teacher Education Program. Corequisites: SPED 3131, SPED 3134, and SPED 3711.

SPED 3131
Assessment in Special Education: 3-0-3
This course is designed to provide an overview of a variety of assessment techniques, including observations, teacher-made tests, criterion referenced assessments, and standardized evaluation tools for use in identifying and developing programs for individuals with special learning needs. Special emphasis will be placed on interpreting assessment results for instructional planning. Prerequisite: Admission into the Teacher Education Program. Corequisites: SPED 3130, SPED 3134, and SPED 3711.

SPED 3134
Special Education Procedures: 3-0-3
Knowledge about litigation and legislation affecting Special Education and the procedures associated with pre-referral, assessment, placement, and instruction of children with special needs. The development of eligibility reports, Individual Education Plans, and Transition Plans is included in course content. Prerequisite: Admission into the Teacher Education Program. Corequisites: SPED 3130, SPED 3131, and SPED 3711. *Behavior Intervention Plans are taught in SPED 3231.

SPED 3231
Classroom Management: 3-0-3
This course is designed to initiate the preservice teacher in the basic procedures for instructional and behavior management of students with disabilities. Emphasis is placed on the understanding and development of skills in the following areas: data-based behavioral management, including several theoretical paradigms; research-based effective instructional management; and applied behavior analysis techniques. Prerequisite: SPED 3722. Corequisites: SPED 4733 and SPED 4734.

SPED 3331
Introduction to Special Education for Early Childhood Education: 3-0-3
This course is designed to examine: (a) the characteristics of students with disabilities, (b) the educational and legal implication for working with students with disabilities and other special learning needs, (c) collaborating with other professionals to meet the needs of all students, (d) strategies for successful inclusion, and (e) instructional and curricular adaptations. Prerequisite: Admission to Teacher Education Program. Corequisites: ITEC 3130, ECED 3131 and EDUF 3131.
SPED 3332
Introduction to Special Education in the Middle Grades: 3-0-3
This course is designed to examine the etiology, diagnosis, characteristics, effective teaching strategies, and philosophical, educational, and legal implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. Prerequisites: A minimum grade of C in MGED 3131 and admission to Teacher Education Program. Corequisites: MGED 3332, MGED 3432, and MGED 3731.

SPED 3333
Introduction to Special Education: 3-0-3
This course is designed to examine the etiology, diagnosis, characteristics, effective teaching strategies, and philosophical, educational and legal implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. Prerequisite: Admission to Teacher Education Program.

SPED 3631
Inclusive Practices: 3-0-3
This course is designed to focus on best practices for educating P-12 students with diverse learning needs in the general education classroom. Candidates will investigate significant legal and historical considerations related to inclusion, pedagogical and curricular issues, collaboration, best instructional practices, and current trends. Prerequisite: A minimum grade of “C” in SPED 3711.

SPED 3711
Special Education Practicum I: 0-(2-3)-1
This practicum course is designed to provide an opportunity for students to work within the classroom to practice skills taught in corequisite courses addressing characteristics, assessment, and curricular choices for individuals with special needs. Prerequisite: Admission into the Teacher Education Program. Corequisites: SPED 3130, SPED 3131, and SPED 3134.

SPED 3722
Special Education Practicum II: 0-5-2
This practicum course is designed to provide an opportunity for preservice teacher candidates to work within P-12 classrooms to conduct formal observations of the classroom and specific students within that context. In addition, the preservice teacher candidates are required to design a unit of instruction appropriate to the students within the two assigned classrooms to be graded in the appropriate SPED Methods course. A significant amount of tutoring in small groups is included. Prerequisite: SPED 3711. Corequisites: SPED 3631, SPED 4230, and SPED 4231.

SPED 4090
Special Education Special Topics: (1-3)-0-(1-3)
Designed to provide additional specialized field-based experience or remedial coursework as needed to meet the needs of preservice teachers. Attention will be focused on providing opportunities for strengthening skills necessary to special education teachers. Prerequisites: Approval of advisor, instructor, and department chair.

SPED 4230
Instructional and Behavior Management Methods, P-5: 3-0-3
This course will provide preservice candidates with practical methods for planning and managing group and individualized instruction in all curriculum areas for individuals with Mild Disabilities, Grades 6 through 12. It includes review, demonstration and preparation of programs, methods, and materials for such instruction in both regular and special education classrooms. Instruction in methods for transitioning is one of the primary foci of this course. The course is part of the Special Education Block experience. Prerequisite: A minimum grade of “C” in SPED 3711. Corequisites: SPED 3631, SPED 3722, and SPED 4231.

SPED 4231
Instructional and Behavior Management Methods, 6-12: 3-0-3
This course will provide preservice candidates with practical methods for planning and managing group and individualized instruction in all curriculum areas for individuals with Mild Disabilities, Grades 6 through 12. It includes review, demonstration and preparation of programs, methods, and materials for such instruction in both regular and special education classrooms. Instruction in methods for transitioning is one of the primary foci of this course. The course is part of the Special Education Block experience. Prerequisite: A minimum grade of “C” in SPED 3711. Corequisites: SPED 3631, SPED 3722, and SPED 4230.

SPED 4430
Family, Community and Professional Collaboration: 3-0-3
This seminar is designed to provide preservice teachers with knowledge of effective communication skills and to present models of consultation and collaboration for use in family, community, and professional relationships. The models are applied to working with families, teachers and other community professionals involved in the provision of services to students with disabilities. Prerequisite: Completion of teaching field courses and professional education sequence. Corequisite: SPED 4799.

SPED 4733
SPED Practicum III: 0-20-3
This practicum course will provide an opportunity for preservice candidates to work within diverse P-5 classrooms to practice instructional and classroom management skills. In addition to special education classrooms, students may be placed in inclusionary settings and/or classrooms for students identified as being “at-risk” learners. The course is part of the Special Education Block experience. Prerequisite: A minimum grade of “C” in SPED 3722. Corequisites: SPED 3231 and SPED 4734.

SPED 4734
SPED Practicum IV: 0-20-3
This practicum course will provide an opportunity for preservice candidates to work within diverse classrooms, grades 6 through 12, to practice instructional and classroom management skills. In addition to special education classrooms, students may be placed in inclusionary settings and/or classrooms for students identified as being “at-risk” learners. The course is part of the Special Education Block experience. Prerequisite: A minimum grade of “C” in SPED 3722. Corequisites: SPED 3231 and SPED 4733.

SPED 5799/5799G
Student Teaching in Special Education: 12-0-12
Student teaching is a period of guided teaching practice. Under the direction of a supervising teacher, students gradually assume increasing responsibility for classroom instruction and management. During this experience, students are expected to engage directly in many of the activities which constitute the wide range of a teacher’s responsibility. Prerequisites: Completion of all other teaching field courses and professional education sequence and must meet requirements for admission to Student Teaching. Corequisite: SPED 4430.

SPED 6130
Introduction to Special Education: 3-0-3
Designed to examine the etiology, incidence, diagnosis, characteristics and philosophical and educational implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. It is a prerequisite to Master's level coursework in Special Education and meets the educational requirements mandated by H.B. 671.

SPED 6230
Assessment and Procedures in Special Education: 3-0-3
This course is designed to provide graduate students with pre-requisite skills in procedures, and assessment in Special Education. More specifically, this course provides a review of a variety of assessment techniques, including observations, teacher-made tests, criterion referenced assessments, curriculum-based assessment, and standardized evaluation tools for program planning purposes for individuals with special learning needs. In addition, this course provides knowledge about legislative requirements and the procedures associated with assessment, placement, and instruction of students with disabilities. Prerequisite: SPED 6130.
SPED 6231  
Special Education Laws and Procedures: 3-0-3  
This course provides knowledge about legislative requirements and the procedures associated with assessment, placement, and instruction of children with special needs. Individual Education Plans, eligibility reports, and transition plans are designed within the current legal and legislative context of special education. Prerequisite: SPED 6130.

SPED 6330  
Classroom Management: 3-0-3  
This course is designed to provide graduate students with pre-requisite skills in classroom management and procedures. More specifically, this course provides an overview of basic procedures for instructional and behavior management of students with disabilities. In addition, this course provides knowledge about legislative requirements and the procedures associated with instructional and behavioral management. Also included in this course is a review of a variety of assessment techniques including observation, interviews, and other informal assessment techniques for use with individuals with disabilities. Prerequisite: SPED 6130.

SPED 7090  
Selected Topics in Special Education: (1-3)-0-(1-3)  
Designed to promote specialized training in new and/or emerging topics related to the preparation of practitioners in the field of special education. Attention will be given to a range of special needs as they reach special significance in local systems. Prerequisite: Permission of instructor.

SPED 7131  
Characteristics of Behavior Disorders: 3-0-3  
Provides an in-depth examination of the types of behaviors characteristic of children and youth with behavior disorders. Emphasis is placed on theories and practices related to appropriate assessment, identification, placement, and programming procedures. Prerequisites: SPED 6130, SPED 6230, SPED 6330, READ 4131, and a course in Abnormal Psychology.

SPED 7132  
Methods of Instruction in Behavioral Disorders: 3-0-3  
Focuses on identification and implementation of individualized and group methods of teaching and managing students with emotional/behavioral disorders. A developmental approach to behavioral and educational needs is emphasized. Prerequisite: SPED 7131.

SPED 7133  
Collaboration Across the Life Span: 3-0-3  
An in-depth examination of the issues confronted by individuals with disabilities and their families across the life span is provided. The consultative and collaborative skills necessary to work with students with disabilities, parents, student services personnel, and community agencies across the life span are taught. Emphasis is placed on planning and implementing transitions at all stages.

SPED 7136  
Language Development: 3-0-3  
Provides a review of the types and causes of language problems found in exceptional child populations. Provides instruction and demonstration in diagnostic and developmental/remedial techniques in the area of speech/language.

SPED 7231  
Characteristics of Learning Disabilities: 3-0-3  
Provides an in-depth examination of characteristics of individuals with learning disabilities and the theories and systems related to appropriate assessment, identification and skill acquisition throughout the life span. Prerequisites: SPED 6130, SPED 6230, SPED 6330, and READ 4131.

SPED 7232  
Methods of Instruction in Learning Disabilities: 3-0-3  
Designed to provide practical techniques of structuring group and individualized instruction in all curriculum areas for individuals with learning disabilities. Emphasis is placed on analysis of individual strengths and weaknesses and selection of appropriate methods and materials to promote gains in cognitive, language, academic, and social skills. Prerequisite: SPED 7231.

SPED 7238  
Supervision of Teachers: 3-0-3  
Designed to enable the supervising mentor teacher to demonstrate in a classroom setting a mastery of skill performance related to effective observation, conferencing, and communications skills. To receive credit, the participant must have a student teacher, intern, or be serving as a mentor teacher while enrolled in this course. Prerequisite: EDLD 7137.

SPED 7331  
Advanced Characteristics of Mental Retardation: 3-0-3  
Designed to provide an in-depth review of syndromes, characteristics, causes, behavior and special problems associated with all levels of mental retardation with implications for education and training. Prerequisites: SPED 6130, SPED 6230, SPED 6330, and READ 4131.

SPED 7332  
Advanced Methods of Instruction in Mental Retardation: 3-0-3  
Designed to provide students with the practical techniques of structuring group and individualized instruction in all curriculum areas for individuals with mental retardation. It includes review, demonstration and preparation of programs, methods, and materials for such instruction, with special emphasis on application of the diagnostic prescriptive process. Prerequisite: SPED 7331.

SPED 7630  
Seminar in Special Education: 3-0-3  
Requires students to address a series of topics central to current research and practice in Special Education as they relate to a specific area of disability. Students will be required to prepare for and lead class discussion on a topic of their choice. Prerequisite: Completion of 30 hours in M.Ed. Program.

SPED 7631  
Perspectives on Mild Disabilities: 3-0-3  
This course is designed to provide graduate students with a review of the characteristics of students with mild disabilities and the implications for their education and development. In addition, graduate students will reflect on the inter- and intra- individual differences which define the uniqueness of students with mild disabilities. Course content will integrate legal and social issues related to the instruction of students with mild disabilities. Prerequisites: Prior or concurrent enrollment in SPED 6230 and SPED 6330.

SPED 7632  
Methods for Mild Disabilities: 3-0-3  
This course is designed to provide graduate students with skills in social and learning methods for students with mild disabilities. More specifically, this course provides an overview of basic methodology for academic and social instruction for students with disabilities. In addition, this course provides knowledge about the identification and implementation of a variety of teaching methodologies appropriate for learners with mild disabilities. Prerequisite: SPED 7631.

SPED 7633  
Introduction to Augmentative Language: 3-0-3  
This course is an introduction to Augmentative Language and is designed to develop conversational signing skills at the beginning level. Candidates will develop expressive and receptive sign skills, and learn the manual alphabet, numbers, and sign vocabulary. Other topics include grammar, history, fingerspelling, terminology, and Deaf culture.

SPED 7634  
Characteristics and Assessment of Low Incidence Populations: 3-0-3  
This course is designed to provide the graduate candidate with an introduction to the characteristics and assessment of students with moderate...
to severe disabilities in low incidence categories including mental retardation, sensory impairments, physical disabilities, multiple disabilities, chronic health impairments, autism, and traumatic brain injury. Historical and philosophical perspectives of programs related to students with moderate to severe disabilities using a life-span approach will be explored. Positive behavioral support strategies will be introduced. Developmentally appropriate formal and informal assessment will be addressed. In addition, this course will include reflection on multicultural, diversity, technology, employment and community living issues facing this population of individuals with disabilities.

**SPED 7635**
Methods for Low Incidence Populations: 3-0-3
This course is designed to provide students with practical techniques of structuring group and individualized instruction in all curriculum areas for individuals with moderate to severe disabilities. It includes review, demonstration, and preparation of programs, methods, and materials for such instruction, with special emphasis on application of the diagnostic-prescriptive process. Prerequisite: SPED 7634.

**SPED 7736**
Internship in SPED/BD, LD, MR/Mild: 0-10-3
This course involves the implementation of prescriptive methods for teaching students identified with either Behavior Disorders, Learning Disabilities, Mental Retardation, or Mild Disabilities. Interns must complete 150 contact hours of field experience in a P-12 classroom serving students with the categorical focus identified in the student's program of study. Prerequisites: SPED 7132, SPED 7232, SPED 7332, or SPED 7632.

**SPED 8130**
Administration in Special Education: 3-0-3
Designed to develop the skills necessary to organize, house, equip, staff, supervise, and provide specialized educational environments and services for children with disabilities.

**SPED 8838**
Qualitative/Applied Behavioral Analysis Research: 3-0-3
Designed to provide an in-depth study of the methodology involved in qualitative and ABA research. Provides students with a foundation of skills which will allow them to conduct research independently. In addition, a major goal of this course is to facilitate the development of critical thinking skills which will enable students to make reflective decisions within their professional domain. Prerequisite: EDUR 8131.

**SPED 8890**
Directed Individual Study: (1-3)-0-(1-3)
The student will propose and carry out an applied or theoretical project in Special Education. Prerequisite: Permission of program faculty.

### Statistics (COST)

**STAT 2231**
Introduction to Statistics I: 3-0-3
An introductory statistics course which covers descriptive statistics, probability, random variables and selected probability distributions, statistical inference including confidence intervals and hypothesis tests. Appropriate technology will be used for simulation and to solve statistical problems. Neither a background in calculus nor experience with computers is required. Prerequisite: A minimum grade of “C” in MATH 1101, MATH 1111, MATH 1112, MATH 1113, MATH 1232, or MATH 1441.

**STAT 2232**
Introduction to Statistics II: 3-0-3
A continuation of STAT 2231. The focus is on inferential procedures to compare the same characteristic between two or more populations and inferential procedures to investigate the relationship between two or more variables from the same population. Topics include tests of association, regression, correlation, and analysis of variance. The statistical software package SPSS is used. Prerequisite: A minimum grade of “C” in STAT 2231.

**STAT 3130**
Applied Statistics: 3-0-3
An introductory course in applied statistics for students in the natural sciences, social sciences, health and professional studies, technology, and business. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions, and categorical data. Topics covered also include regression and correlation. Prerequisite: MATH 1111 or equivalent.

**STAT 4090**
Selected Topics in Statistics: (1-3)-(0-2)-(1-3)
Specialized study in a selected area of Statistics. Prerequisite: Permission of the instructor.

**STAT 4890**
Directed Study in Statistics: (1-3)-(0-2)-(1-3)
Directed study under faculty supervision. Well-prepared statistics students may be permitted to enroll in an independent study upon the recommendation of a Statistics faculty member. Prerequisites: Permission of instructor and department chair.

**STAT 5130/5130G**
Sampling and Survey Methods: 3-0-3
An introduction to the design and analysis of sample surveys suitable for students in business, social sciences, and biological sciences as well as to the mathematical sciences. Comparison of simple random sampling, stratified, systemic, cluster and multistage sampling. Emphasis on appropriate sample type and estimation of parameters. Graduate students will be assigned an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in STAT 2231 or, with permission of instructor, any course in introduction to statistics.

**STAT 5330/5330G**
Introduction to Mathematical Statistics: 3-0-3
An introductory course intended to present a solid foundation in statistical theory, and, at the same time, to provide an indication of the relevance and importance of the theory in solving practical problems in the real world. Topics include moments and moment-generating functions, point and interval estimation, test of statistical hypothesis, contingency tables and goodness-of-fit, nonparametric methods, and introduction to linear models. This course covers part of the material outlined in the Society of Actuaries' course 110. Graduate students will be assigned an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in MATH 3337.

**STAT 5531/5531G**
Statistical Methods I: 3-0-3
This is the first of a two course sequence in applied statistics. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Topics include descriptive statistics, parameter estimation, tests of significance, confidence intervals, analysis of variance, simple linear regression and correlation. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions and categorical data. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in MATH 3337.

**STAT 5532/5532G**
Statistical Methods II: 3-0-3
This is the second of a two course sequence in applied statistics. The material covered will provide an introduction to the ideas of linear models and experimental design while focusing on methods of data analysis using regression and analysis of variance. Topics include multiple regression analysis, analysis of variance with multiple classification, analysis of covariance, repeated measures analysis of variance, multiple comparison techniques, and diagnostic procedures and transformations. Suitable for students in business administration, economics, and the social, health and
biological sciences. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of "C" in STAT 5531 or, with permission of instructor, a one semester introduction to applied statistics at the junior level or above.

STAT 6130 Statistics for Researchers: 3-0-3
An introductory course in statistical methods for students in the natural sciences, social sciences, health and professional studies, technology, and business. Sampling techniques for the various disciplines, data summary techniques, analysis and reporting will be studied. Topics include descriptive statistics, point and interval estimation, hypothesis testing, categorical data analysis, contingency tables, regression and correlation analysis. Prerequisite: MATH 1111 or equivalent.

STAT 7090 Selected Topics in Statistics: (1-3) *(0-2) *(1-3)*
Selected study in a selected area of Statistics. Prerequisites: STAT 5531 and permission of instructor.

STAT 7130 Applied Multivariate Statistical Analysis: 3-0-3
Estimating and inference from the multivariate normal distribution, Hotelling's T^2, multivariate analysis of variance, multivariate regression, multivariate experimental design, principle component analysis, factor analysis, discriminate analysis and cluster analysis. Prerequisite: STAT 5531.

STAT 7132 Applied Nonparametric Statistics: 3-0-3
Review of probability and statistical inference; binomial, quantile and sign tests; contingency tables; methods based on ranks. Prerequisite: STAT 5531.

STAT 7134 Applied Regression Analysis: 3-0-3
Simple and multiple linear regression, model selection, residual analysis, influence diagnostics, transformation of data to fit assumptions, multicollinearity and an introduction to nonlinear regression. Prerequisite: STAT 5531.

STAT 7231 Design of Experiments I: 3-0-3
Various statistically designed experiments are introduced including randomized blocks designs, Latin squares, incomplete block designs, factorial and fractional factorial designs with and without confounding and nested designs. Prerequisite: STAT 5531.

STAT 7232 Design of Experiments II: 3-0-3
Response surface methodology is introduced. First- and second-order models and designs are studied which includes determining optimum conditions and methods of estimating response surfaces. Multivariate experiments, non-linear response surface models, and mixture designs are also studied. Prerequisite: STAT 7231.

STAT 7234 Statistical Process Control: 3-0-3
Philosophy of statistical process control is studied along with SPC techniques of control charts, process capability, designed experiments and acceptance sampling. Prerequisite: STAT 5531.

STAT 7331 Mathematical Statistics I: 3-0-3
Random variables, density functions, mathematical expectation, discrete and continuous distributions, moments and moment-generating functions and limiting distributions. Prerequisites: MATH 2242 and MATH 3337.

STAT 7332 Mathematical Statistics II: 3-0-3
Rigorous introduction/development of interval estimation, test of significance, comparison of "k" means, randomized block design, multiple comparison procedures, nonparametric test and linear regression. The general linear model will be introduced. Prerequisite: STAT 7331.

STAT 7430 Actuarial Mathematics: 3-0-3
Survival distributions and life tables, life insurance, life annuities, net premiums, multiple life functions, multiple decrement models, valuation theory for pension plans, collective risk models, population theory and theory of pension funding. Prerequisite: STAT 7331.

STAT 7432 Applied Stochastic Processes: 3-0-3
Poisson process, renewal theory, Markov chains, Brownian motion, random walks and Martingales and stochastic order relations. Prerequisite: STAT 7331.

STAT 7434 Applied Time Series Analysis: 3-0-3
Basic ideas of stochastic model building techniques with applications are discussed. Properties of the autocorrelation function and the spectrum of stationary processes are investigated. Models studied include the linear stationary ARMA and linear nonstationary ARIMA models along with forecasting models. Prerequisite: STAT 7331.

STAT 7436 Reliability Analysis: 3-0-3
Probabilistic models for the reliability of coherent systems, statistical models for lifetimes of components and repairable systems, including the nonhomogeneous Poisson process, reliability estimation and prediction, MIL standards and accelerated life testing. Prerequisite: STAT 7331.

STAT 7530 Statistical Computing I: 3-0-3
Basic computer organization and computer arithmetic are investigated. Programming languages and statistical software packages are explored. Methods for approximating cumulative distribution function and percentage points of a probability distribution are studied including nonparametric procedures. Multiple comparison procedures are also examined. Random number generation and statistical tests for testing random number generators are explored. Prerequisite: STAT 7331.

STAT 7532 Statistical Computing II: 3-0-3
Various computational methods in linear algebra as applied to such statistical methods as multiple linear regression, designed experiments, multivariate analysis and the general linear model. Further topics include computational methods for unconstrained optimization, nonlinear regression and model fitting based on criteria other than least squares. Prerequisites: STAT 5532 and STAT 7331.

STAT 7760 Practicum in Biostatistics: (1-3)-36-(1-3)
Permits the student to receive practical experience in a selected statistics setting. Prerequisite: Permission of instructor.

STAT 7890 Directed Study in Statistics: (1-3) *(0-2) *(1-3)*
Directed study under faculty supervision. Prerequisites: Permission of instructor and department chair.

STAT 7895 Research: 0-0-1
Graduate students will conduct a program of independent research under the direction of a thesis advisor or an advisory committee on a topic in Statistics. Results of the research will be presented as a thesis in MATH 7999 for partial fulfillment of the requirement of the Master of Science Degree in Mathematics with an emphasis in Statistics.
Technology Education (COE)

TCED 1121

Drafting for Technology Education Teachers: 1-2-2
This course is an introduction to the basic principles of manual drafting. Included is a study of lettering and line quality, sketching, multiview drawings, dimensioning, auxiliary views, sections and pictorial drawings. Emphasis will also be on the teaching of these manual drafting skills in a Technology Education laboratory setting.

TCED 2131

Introduction to Technology Education: 3-0-3
Introduces the prospective teacher to the field of Technology Education. Highlights origins, movements and leaders that have shaped this program. Goals, objectives, content and competencies will be explored through didactic and practical methods.

TCED 2132

Lab Design: 3-0-3
Includes the essentials of designing an appropriate Technology Education facility and managing such a facility in a public school setting. Program development and equipment procurement are included. Also includes the essentials of maintaining tools, equipment and the facility. In addition, the operation of programs in a public school situation and the necessary safety precautions are included.

TCED 3231

Materials Technology for Technology Education Teachers: 2-4-3
An analysis of the common materials used in the teacher preparation area of the Technology Education Laboratory. Emphasis is placed on identification, nomenclature, and standard processes used to develop mock-ups and prototypes as related to the Technology Education laboratory.

TCED 3234

Electronics Technology for Technology Education Teachers: 2-4-3
This course is designed to provide the prospective Technology Education teacher with the information necessary to instruct students in the fundamentals of electronics technology and its impact upon human innovation and the environment. Upon completion of this course, students will be able to design, troubleshoot, and maintain electronic components typically found in a Technology Education laboratory.

TCED 4130

General Technology for Teachers: 3-0-3
A study of the educational aspect of the areas of production, transportation, construction and communication. An emphasis is placed on utilizing common materials discovered in the nature and the refinement of these materials in a laboratory environment through the design and development of prototypes.

TCED 5236/5236G

Technology Education Curriculum: 3-0-3
Focuses on problems, techniques and procedures in the preparation, selection and organization of curriculum materials for instructional purposes. Emphasis is placed on methods, techniques and theories of learning, preparation of materials, sequencing, laboratory safety, evaluation and teacher liability in the technology setting. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Admission to Teacher Education Program (for initial certification only).

TCED 5237/5237G

Technology Education Methods: 2-3-3
The Technology Education major will be exposed to effective methods and techniques of teaching Technology Education subjects. Emphasis will be placed on class organization, course management, preparation of lesson plans and audio-visual instructional aids. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Admission to Teacher Education Program (for initial certification only).

TCED 5238/5238G

Materials and Methods of Construction: 3-0-3
An introduction to and fundamental exploration of the commonly used building materials and methods of construction. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Admission to Teacher Education Program (for initial certification only).

TCED 5239/5239G

Advanced Technology Education for Teachers: 2-4-3
A study of the educational aspects of human innovation and problem solving as they apply to Technology Education. An emphasis is placed on using the “Technological Problem-Solving Process” to identify, evaluate, and solve problems with existing technologies and the innovation of new technologies. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: Admission to Teacher Education Program (for initial certification only).

TCED 7131

Organizing and Implementing Programs of Technology Education: 3-0-3
An analysis of existing, emerging and proposed Technology Education programs. Content provides a foundation for the planning and implementation of quality programs of instruction at different levels.

TCED 7132

Designs for Technology Education Teachers: 3-0-3
Explores new development in the field of drafting and design emphasizing the relationship of material and form in the selection and design of projects. Participants obtain hands on experience through actual design problems and their solutions. Prerequisite: Beginning course in drafting or equivalent.

TCED 7630

Seminar in Technology Education: 3-0-3
An advanced study of Technology Education for experienced teachers, administrators and supervisors. Emphasis is placed on the development of sound principles and practices for initiating, conducting and evaluating programs. Participants will gain practical experiences and conduct intensive research on individual and group problems. Prerequisite: TCED 7131.

TCED 8131

Philosophy of Technology Education: 3-0-3
A survey of past and present philosophies that have influenced the development of Technology Education. Inclusion of movements, leaders and events will be interjected as appropriate. Emphasis will be placed on the development and/or strengthening of a personal philosophy.

TCED 8132

Administration and Supervision of Technology Education: 3-0-3
A comprehensive study of organizational structures functioning as a continuum in the public schools. Explores appropriate school facilities in light of their recognized organizational structures. Emphasis will also be placed on the development of guidelines for administration and supervision. Prerequisite: TCED 7131.
Civil Engineering Technology (COST)

TCET 2241
Surveying: 2-4-4
Principles of the level, theodolite, EDM, total station and global positioning systems, taping, note keeping, coordinate geometry, control surveys, triangulation, trilateration, plane coordinate systems, azimuth and topographic mapping. Laboratory includes use of level, theodolite, EDM, total station, GPS, transverse closure, level net closure, topographic mapping, measuring distances and heights using coordinate geometry calculations. Prerequisite: MATH 1113.

TCET 3141
Environmental Pollution: 3-2-4

TCET 3142
Structural Analysis: 3-3-4
Introduction to types of structures and loads. Analysis of statically determinate and intermediate structures by classical and other methods. The types of structures covered include beams, plane trusses and plane frames. Topics include external and internal reactions, deflections, moving loads and influence lines, approximate methods (including portal method and camilever method), classical slope-deflection and moment distribution methods, and an introduction to matrix method. Computational laboratory activities in support of instruction, including use of industry-standard structural analysis software. Prerequisites: TENS 2138, TENS 2143, and MATH 2242.

TCET 3233
Transportation Systems: 3-0-3
Overview of transportation engineering with respect to operational and traffic characteristics of land, air and water transportation systems. Emphasis on design and traffic control devices. Laboratory involves data measurement and analysis techniques associated with transportation engineering. Prerequisite: Junior standing in Civil Engineering Technology.

TCET 3234
Construction Materials: 2-3-3
Introduction to engineering properties of common civil engineering materials including metals, soils, aggregates, Portland cement concrete, asphalt concrete, wood, and masonry. Laboratory involves performance of standard tests on aggregates, concretes, wood; emphasizing data analysis and application of test results to design specifications. Prerequisite: TENS 2143.

TCET 3236
Project Cost Analysis, Planning and Management: 3-0-3
This course focuses on the cost estimating process related to the site work and highway construction industry, and examines construction drawings and specifications documents as they relate to cost estimation process. The course also covers key aspects of project planning, scheduling, and management. Topics include: bid documents, estimating process, cost of labor and equipment, handling and transporting materials, earthwork and excavation, computerized estimating, techniques for economy studies of multiple alternatives, project scheduling, project management, and safety. Prerequisite: Junior standing in Civil Engineering Technology. Corequisite: TCET 3234.

TCET 4141
Water Supply Systems: 3-2-4

TCET 4142
Reinforced Concrete Design: 3-2-4
Characteristics of concrete materials, introduction to ACI building code requirements for reinforced concrete, strength design of slabs, beams, columns and footings. Design/computational laboratory activities in support of instruction. Prerequisite: TCET 3142.

TCET 4146
Structural Steel Design: 3-2-4

TCET 4243
Highway Design: 3-3-4
A synthetic approach to highway design based on considerations of geometric controls, structural requirements, drainage needs, and economy. Laboratory includes design projects, field stake out of horizontal curves, cross-sectioning, and slope stakeing. Prerequisites: TCET 2241, TCET 3234, and TCET 3233.

TCET 4244
Soil Mechanics and Foundations: 3-3-4
Introduction to soil mechanics and foundations, including: soil composition, index properties, classification, exploration, compaction, permeability and seepage, stress distribution, consolidation, settlement, shear strength, bearing capacity, lateral earth pressure; and application of soil mechanics to design of footings and analysis of retaining walls and pile foundations. Laboratory includes evaluation of soil properties, using the test results in design and analysis. Prerequisites: TENS 2138 and TENS 2143.

TCET 4245
Water-Wastewater Treatment: 3-3-4
Sources and characteristics of water and wastewater. Principles of design for units and processes in water and wastewater treatment plants. Treatment standards. Standard laboratory tests used to control the operation of water and wastewater treatment plants. Field trips to water and wastewater treatment plants. Computer program design of water treatment units. Prerequisites: TCET 3141 and TENS 2144.

TCET 4536
Senior Project: 0-6-3
Designed to be the culmination of the undergraduate civil engineering technology education, the course draws together diverse elements of the Civil Engineering Technology curriculum to provide integrating experiences and to develop competence in focusing both technical and nontechnical skills in solving problems. The project involves design and analysis of a new or modified civil engineering project or system with demonstrated feasibility. Prerequisites: TCET 4142, TCET 4146, senior standing in Civil Engineering Technology, and approval of the instructor.

TCET 4890
Special Problems in CET: (1-4)-(0-4)-(1-4)
Individual and specialized study in areas of civil engineering technology (CET) not otherwise covered in the student's program. Prerequisites: Senior standing, identification and definition of a problem or study in area and approval of the instructor.
General Technology (COST)

TCGT 1530  
Technology, Science and Environment: 3-0-3  
A systematic investigation of the constructs of technology in terms of its bases in scientific principles and its impact on the global environment.

TCGT 4090/4090S  
Selected Topics in Technology: (0-3)-(0-6)-(1-3)  
Scheduled on an infrequent basis to explore special areas in technology and will carry a subtitle. Keeps with established policies for offering a structured course on an infrequent basis. It will allow faculty to offer a course on a trial basis for possible approval at a later date.

TCGT 7532  
Global Technology: 3-0-3  
An examination of the developments of technology and industry worldwide and the effects upon international relations.

Construction Management (COST)

TCM 1120  
History of Architecture and Construction: 2-0-2  
A study of the history of architecture and construction with emphasis on nineteenth and twentieth century America. Topics include architectural styles, historically significant buildings and construction methods, notable events, architects and builders.

TCM 1130  
Architectural Graphics and Print Reading: 2-2-3  
A study of construction working drawings. Topics include sketching and drafting techniques for the presentation of floor plans, elevations, sections, and building components. Students will be introduced to the application of CAD (Computer Aided Design) in studying the topics above. Prerequisites: CISM 1110 and CISM 1120.

TCM 1131  
Building Materials and Systems: 3-0-3  
The materials, systems and methods of construction. Topics include material properties, selection and application criteria and construction processes. Covers divisions 7-14 of the CSI Master format, but with an emphasis on divisions 7-9.

TCM 2233  
Construction Surveying: 2-2-3  
Introduction to the equipment and techniques used for construction surveying, including measurement of distances, horizontal and vertical angles, and differences in elevation. Emphasis is placed on accuracy of measurements, precise operation of instruments, completeness in laboratory exercises, and accurate field notes. Prerequisites: A minimum grade of "C" in TCM 1130; and MATH 1112, MATH 1113, or MATH 1441.

TCM 2240  
Introduction to Structures: 3-2-4  
The theory of structures and its applications to building construction. Topics include analysis of coplanar force systems, analysis of trusses and frames, friction, centroids and moment of inertia, stresses and strains, properties of materials, bending, shear, deflections in beams, combined stresses and analysis of columns. Prerequisite: A minimum grade of "C" in PHYS 1111 or PHYS 2211, and PHYS 1113.

TCM 2241  
Mechanical and Electrical Equipment and Systems: 4-0-4  
A study of mechanical and electrical equipment and systems as related to the building construction industry. The course is composed of three basic parts. Part one addresses available energy sources, thermoflow and ventilation characteristics, air handling systems, and mechanical codes. Part two addresses domestic water and waste systems, fire sprinklers and stand pipe systems and plumbing codes. Part three addresses electrical power, lighting and communication systems and electrical codes. Prerequisites: TCM 1130, PHYS 1111, and PHYS 1113.

TCM 3230  
Wood Structures: 2-2-3  
Wood construction materials, methods and systems and the application of structural theory for analyzing framing in building construction. Topics include properties and characteristics of wood, strength analysis of wood and wood fasteners, introduction to wood framed systems, an analysis of the methods used in the design, production and erection of wood construction. Prerequisites: TCM 1130 and TCM 2240.

TCM 3231  
Steel Structures: 2-2-3  
Steel materials, systems, construction methods and strength analysis as applied to building construction. Topics include fundamental properties and characteristics of steel, strength of steel framed systems and an analogy of the methods used in the design, production and erection of structural steel. Prerequisites: TCM 1130 and TCM 2240.

TCM 3232  
Concrete and Masonry Structures: 2-2-3  
Concrete, concrete formwork and masonry construction. Topics include concrete formwork design and construction, concrete reinforcing and accessories, fundamental properties of concrete, concrete handling, field testing, finishing, curing, mortar materials and masonry construction. Prerequisites: TCM 1130 and TCM 2240.

TCM 3320  
Building Codes: 2-0-2  
A study of codes applicable to the building construction industry with emphasis on the Standard Building Code. An introduction to construction related federal regulations with emphasis on labor related issues, construction labor unions and the collective bargaining process. Prerequisite: TCM 1131 or permission of instructor.

TCM 3330  
Quantity Estimating: 2-2-3  
Construction estimating with emphasis on quantity take-off and specifications, including techniques of interpreting a visualizing construction drawings. Prerequisites: TCM 3230, TCM 3231, TCM 3232, and TCM 2240.

TCM 3331  
Construction Finance: 2-2-3  
A study of financial management for contractors with special emphasis on project level financial controls, cost accounting and variance analysis, the time value of money, cash flow management, overhead and break-even analysis, banking and bonding, financial statements and ratios. Prerequisites: ACCT 2030, CISM 1110, CISM 1120, and ECON 2105.

TCM 3332  
Construction Equipment Management: 3-0-3  
The various aspects of heavy equipment management and ownership. Topics include equipment acquisition and disposition options, production costs and productivity, cost analysis and control, management staffing and responsibilities, selected topics in maintenance, depreciation and economic life. Prerequisite: TCM 3331.

TCM 3890  
Special Problems in Construction: (1-4)-(0-4)-(1-4)  
Individualized study in the area of building construction and contracting not otherwise available in the student's program. Prerequisite: Permission of instructor six weeks prior to beginning of term in which study is to take place.

TCM 4090  
Selected Topics in Construction: (1-3)-(0-2)-(1-3)
Scheduled on an infrequent basis to allow the exploration of undergraduate topics within building construction and contracting. Course shall carry a subtitle for topic identification. Prerequisite: Permission of instructor.

TCM 4430
Construction Safety: 3-0-3
Safe building construction management techniques. Topics include workers' compensation insurance, OSHA regulations, construction disasters, safe construction training and planning, and the hidden costs of accidents. Prerequisite: TCM 3330.

TCM 4431
Construction Cost Estimating: 2-2-3
Methods and procedures in estimating costs of construction projects. Topics include types and purposes of estimates, direct and indirect costs, labor and equipment cost analysis, the CSI Masterformat, approximate estimates, and computerized estimating. Prerequisites: TCM 3330 and TCM 3331.

TCM 4432
Construction Administration: 2-2-3
Terms, documents and operations inherent in building construction management. Topics include business ownership, company organization, project bidding/negotiating methods, construction contracts, bonds, insurance and accounting. Prerequisites: TCM 3331 and completion of 25 hours of TCM course work.

TCM 4433
Project Planning and Scheduling: 2-2-3
Fundamentals and techniques of planning and scheduling for construction projects. Topics include bar charts, Critical Path Method using both arrow and node networks, precedence networks, cost-time trade-offs, PERT, resource leveling, updating schedules during construction, introduction to project control, and computerized scheduling. Prerequisites: TCM 3330, CISM 1110, and CISM 1120.

TCM 4434
Site Construction: 2-2-3
The site development construction process with an emphasis on soils as a construction material. Topics include soils investigation, testing, classification, engineering properties and modification techniques, excavation equipment, construction dewatering, slope stability and support, layout and grade staking, sediment and erosion control, foundations, underground utilities and pavements. Prerequisites: TCM 3330 and TCM 3331.

TCM 4540
Senior Project: 1-6-4
An exercise in estimating and scheduling from construction documents of an actual building project utilizing major elements of the CM program. Project includes developing a fictitious construction company organization, production of a project estimate and schedule and preparing a construction bid and construction documentation. Prerequisites: A minimum grade of “C” in TCM 4430, TCM 4431, TCM 4432, and TCM 4433.

TCM 4740
Internship: 0-0-4
Designed for students to receive practical work experience with an approved construction firm. A total of 560 contact hours with the construction firm is required. Prerequisites: A minimum grade of “C” in TCM 4430, TCM 4431, TCM 4432, and TCM 4433.

Electrical Engineering Technology (COST)

TEET 2114
Circuit Analysis Laboratory I: 0-3-1
Laboratory activities in support of instruction in TEET 2143. Prerequisites: TENS 2136 and TENS 2116. Corequisite: TEET 2143.

TEET 2143
Circuit Analysis I: 3-2-4
An introduction to basic circuit analysis including DC and AC circuits, network theorems and Kirchoff's laws. Laboratory activities in support of instruction. Prerequisites: MATH 1441 and TENS 2146. Corequisite: TEET 2114.

TEET 2441
Digital Circuits: 3-2-4
A study of basic asynchronous and synchronous logic circuits. Topics include logic functions, Boolean operations, logic families, combinational logic, flip-flops, counters, registers, and memory systems. Also includes laboratory activities in support of instruction. Prerequisite: TENS 2146.

TEET 2443
Microcontrollers: 3-2-4
Study and applications of the 8051 Microcontroller. Course topics include microcontroller architecture, memory, peripheral devices, interfacing, and programming. Also includes laboratory activities in support of instruction. Prerequisite: TEET 2441.

TEET 3116
Circuit Analysis Laboratory II: 0-3-1
Laboratory activities in support of instruction in TEET 3145. Prerequisite: TEET 2114. Corequisite: TEET 3145.

TEET 3145
Circuit Analysis II: 3-2-4
A continuation of Circuit Analysis I. Topics include AC Power, Polyphase Circuits, Transformers, Resonant Circuits, LaPlace Transforms in Circuit Analysis, Transfer Functions, Fourier Analysis. Laboratory activities in support of instruction. Prerequisites: TEET 2143 and MATH 2242. Corequisite: TEET 3116.

TEET 3241
Electronics I: 3-2-4
An introduction to basic solid state devices, including diodes, BJTs and FETs; their applications in rectifiers, amplifiers, and power supplies. Also includes laboratory activities in support of instruction. Prerequisites: A minimum grade of “C” in TEET 2143 or equivalent.

TEET 3243
Electronics II: 3-2-4
A continuation of TEET 3241. Topics include FET and BJT small signal amplifiers, power amplifiers, tuned amplifiers, multistage amplifiers, feedback amplifiers, operational amplifiers, oscillators, and regulated power supplies. Prerequisites: A minimum grade of “C” in TEET 3241 or equivalent.

TEET 3246
RF Amplifier Design: 3-2-4
An introduction to modern techniques for RF amplifier design. The course concentrates on lumped element circuits in the frequency range 1-1000 MHz, RF amplifiers, oscillators, mixers and RF receivers. Prerequisite: A minimum grade of “C” in TEET 3241 or equivalent.

TEET 3341
Electric Machines: 3-2-4
DC and AC (single and polyphase) motors and generators, energy converters and transformers. Also includes laboratory activities in support of instruction.

TEET 3343
Electrical Distribution Systems: 3-3-4
A study of electrical power distribution, primarily the National Electrical Code residential and industrial, with emphasis on services, feeders, branch circuits, metering, voltage drops, sizing of conductors, demand limiting, etc. Also includes laboratory activities in support of instruction. Prerequisite: TEET 3145. Corequisite: TEET 3314.

TEET 3541
Programmable Controllers: 3-3-4
A study of sequential programmable logic controllers (PLCs) as applied to industrial processes with emphasis on ladder diagrams, input/output devices, application programming design or beginning through advanced functions, systems and networking. Also includes laboratory activities in support of instruction. Prerequisite: TENS 2146. Corequisite: TEET 3512.

TEET 3890
Directed Independent Study: (1-3)-0-(1-3)
An individualized study involving research and applications pertaining to Electrical Engineering Technology. Prerequisites: Senior standing, identification and definition of a problem or study area and approval of the instructor.

TEET 4090
Selected Topics in Electrical Engineering Technology: (1-6)-0-(1-6)
Designed to provide for study of Electrical Engineering Technology course topics not generally offered by the program.

TEET 4237
Fiber Optic Communications: 3-0-3
Fiber optic technology as applied to communication system. Study of various types of optical fibers, LASER and LED, photo diodes, optical connectors, and optical systems. Prerequisite: TEET 3233, TEET 4235, or permission of instructor.

TEET 4238
Industrial Electronics: 2-2-3
Industrial applications of electronic switching devices including SCR-based converters, inverters, choppers, motor controls, and process control systems. Prerequisites: TEET 3243.

TEET 4245
Electronic Communication Systems: 3-2-4
Devices and circuits within modern electronic communication systems. Topics include spectral analysis, electrical filters, amplitude, angle modulation and detection, pulse and digital modulations. Also includes laboratory activities in support of instruction. Prerequisite: TEET 3241. Corequisite: TEET 3243.

TEET 4340
Digital Communications: 3-2-4
Students are introduced to digital communication principles and common applications of those principles in modern digital systems. Topics include sampling theorem, time division multiplexing, pulse-code modulation, digital modulation techniques including ASK, QPSK, QAM, and noise analysis. Prerequisite: TEET 4245.

TEET 4540
Automatic Controls: 3-2-4
An introduction to control feedback theory including block diagrams transfer functions, stability properties of feedback, and classical design methods. This course includes laboratory activities in support of instruction. Prerequisite: A minimum grade of "C" in TENS 2146 or equivalent.

TEET 4541
Computer System Design: 3-2-4
The design of computer systems and components. Processor design, instruction set design, and addressing; control structures and microprogramming; memory management, caches, and memory hierarchies; interrupts, I/O structures, and pipelining. Prerequisite: TEET 2441 or ENGR 2332.

TEET 4630
EET Senior Project: 2-3-3
Individual applied “Product Design and Build” project that includes specifications, scheduling, computer-aided engineering and design (CAE/CAD), printed circuit board fabrication and performance testing. Other requirements are weekly progress reporting, oral presentations, and a comprehensive written report. Prerequisite: Senior standing in EET.

TEET 4890
Special Problems in EET: (1-3)-0-(1-3)
Individual and specialized study in areas of electrical engineering technology not otherwise covered in the student’s program. Prerequisites: Senior standing, identification and definition of a problem or study area and approval of the instructor.

Engineering Science (COST)

TENS 2138
Digital Computation: 2-2-3
An introduction to engineering technology problem solving using the computer. Emphasis is placed on the application of advanced software, programming logic/structure, and programming languages. Exploration of a range of problems that are suitable to be solved using computers and the software tools which provide the best fit for these problems.

TENS 2135
Thermodynamics: 3-0-3
An introduction to thermodynamics. First and second law analysis of thermal systems. Use of property charts, tables and equations of state in analyzing common thermal processes of technological importance. Prerequisite: MATH 1441.

TENS 2137
Engineering Economy: 3-0-3
Introduction to the time value of money and its effect on economic decisions. The principles and techniques needed to make decisions about the acquisition and retirement of capital goods, the output and life of equipment, operating costs, depreciation rates and economic selection. Prerequisite: MATH 1111.

TENS 2141
Statics: (0 or 3)-(0 or 2)-(0-4)
The study of force systems and equilibrium of bodies at rest. Forces in plane trusses machines and frames, centroids and moments of inertia, and friction. Includes problem solving session in support of above topics. Prerequisite: MATH 1113.

TENS 2142
Dynamics: (0 or 3)-(0 or 2)-(0-4)
The study of kinematics and kinetics of particles and rigid bodies; work and energy and impulse and momentum as applied to particles. Includes problem solving sessions in support of the above topics. Prerequisites: MATH 1441 and TENS 2141.

TENS 2143
Strength of Materials: (0 or 3)-(0 or 2)-(0-4)
Introduction to concepts of stress and elastic deformation under axial, torsional, flexural and combined loadings and beam loading. Also includes laboratory activities in materials testing and problem solving. Prerequisites: MATH 1441 and TENS 2141.

TENS 2144
Fluid Mechanics: (0 or 3)-(0 or 2)-(0-4)
Fundamentals of fluid statics and fluid dynamics for incompressible fluids, fluid properties, static and dynamic forces, Bernoulli’s equation, pipe flow and losses, open channel flow and flow measurement. Also includes methods, procedures and the use of equipment and meters to measure standard fluid properties and phenomena. Prerequisites: MATH 1441 and TENS 2141.

TENS 2146
Electrical Devices and Measurements (0 or 3)-(0 or 3)-(0-4)
An introduction to basic electrical devices and measurements. Coverage includes analog/digital systems and computer simulation. Also includes laboratory activities in support of instruction. Prerequisite: MATH 1441.
Technology Fort Gordon (COST)

TFG 7531
Telecommunication Systems: 3-0-3
This course will provide students the ability to design a secure voice and data network for subscribers. A systems approach will be used to study telecommunications networks for the understanding of the function of individual components and subsystems. Attention will be given to the theory of different existing and emerging technologies. Students will receive an overview of public and private telecommunications systems, fundamentals of traffic engineering, switching, transmission, and signaling. Emphasis will be placed on the function of discrete components as well as complete systems. Prerequisite: Admission to Fort Gordon Cooperative Educational Degree Program.

TFG 7532
Network Operations and Management: 3-0-3
This course examines the management tools and software applications needed to manage the variety of local and wide area networks. The course will address data communication devices, telecommunication devices, simple network management protocol, remote monitoring, telecommunication management, and network operation and security. Prerequisite: Admission to Fort Gordon Cooperative Educational Degree Program.

TFG 7533
Network Security: 3-0-3
This course provides an in-depth study of network Security. Students will gain a respect for the threats and vulnerabilities facing U.S. voice and data networks and learn how networks are protected through organizational policy, software application, methodologies, and equipment. Topics discussed are: cryptography, Public Key Infrastructure (PKI), Internet Protocol Security (IPSec), IP and bulk encryption, firewalls, intrusion detection systems, Certification and accreditation processes. Prerequisite: Admission to Fort Gordon Cooperative Educational Degree Program.

TFG 7534
Network Design: 3-0-3
This course examines a structured, systematic, top-down process to design telecommunications networks. Some specific objectives are: students will understand the structured network design process, the logical and physical design process for access, distribution and core networks and the planning processes for host/network security and management. Prerequisite: Admission to Fort Gordon Cooperative Educational Degree Program.

Graduate Engineering Technology (COST)

TGET 7134
Construction Planning and Administration: 3-0-3
An in-depth treatment of the process of developing capital construction projects from the point of conception through the preliminary planning and budgeting to final design, contract or selection, and finished construction of the desired end product.

Theatre (CLASS)

THEA 1100/1100S
Theatre Appreciation: 3-0-3
An introductory study of dramatic literature and its relationship to the theatrical arts including set, costume, lighting design, acting, and directing.

THEA 1331
Stage Make-up: 3-0-3
offers students an introduction to make-up materials and techniques of application. Included with the basic techniques will be work with aging, wounds, scars, prosthetics, and other types of make-up.

THEA 1711
Theatre Practicum: 1-2-0
Provides students with opportunities to take an active part in a theatrical production. A maximum of four hours may apply toward a degree. Thirty clock hours of work will equal one hour of credit.

THEA 1712
Puppetry Practicum: 1-2-0
Provides students with opportunities to take an active part in puppetry production. A maximum of 4 hours may apply toward a degree. Thirty clock hours of work will equal one hour of credit.

THEA 2332
Stagecraft: 3-0-3
Provides students with basic instruction in principles of scenic construction, design, drafting, and painting. Designed as preparatory course to production and performance.

THEA 2333
Fundamentals of Acting: 3-0-3
Includes history of actor training, the influence of Stanislavsky, the playing of objectives, character development, and rehearsal discipline.

THEA 2712
Puppetry Practicum: 1-2-0
Provides students with opportunities to take an active part in puppetry production. A maximum of four hours may apply toward a degree. A minimum of thirty clock hours of activity required to receive credit.

THEA 3030/3030S
Selected Topics in Theatre: 3-0-3
Offers varied courses in specialized areas in the field of theatre.

THEA 3230
Voice for the Stage: 3-0-3
Students learn how to use their voices in a variety of performance situations.

THEA 3330
Acting: Scene Study: 3-2-2
Broadens student understanding of the craft of acting. Special emphasis will be placed on character study through the extensive use of scene work from twentieth century drama.

THEA 3331
Advanced Stagecraft: 3-0-3
Examines construction principles and techniques applied to stage scenery and design. Also, focuses on maintenance of stage facility and shop equipment. Prerequisite: THEA 2332.

THEA/AAST/AMST 3332
African American Theatre: 3-0-3
Investigates the contributions of black playwrights, actors, and directors to American theatre.

THEA/IRISH 3333
Irish Theatre: 3-0-3
Studies the theatre of Ireland from the Abbey Theatre through the present. Covers Irish theatre movement and plays by significant playwrights from W.B. Yeats to Brian Friel. Prerequisite: Permission of instructor.

THEA 3334
Sound Design for the Theatre: 3-0-3
Teaches the process of sound design for theatrical production with basic instruction in the use of equipment. Teaches techniques necessary to reproduce sound effects and music for the stage.

THEA 3335
Scene Painting: 3-0-3
History and techniques of scene painting including back drops, three dimensional textures, and trompe l'oeil effects. Course will cover a variety of paint media including transparent dye and application of gold leaf.
THEA 3336
Theatre Management: 3-0-3
Provides students with an introductory study of the principles and practices of theatrical management. Provides a systematic examination of the role of the theatre stage manager.

THEA 3337
Play Directing: 3-2-2
Includes conceptualization, communication with actors and designers, and casting and rehearsal techniques necessary to stage a play for the theatre. Prerequisite: Permission of instructor.

THEA 3338
Rehearsal and Performance: 0-12-3
This course will enable a student to receive credit for intensive participation in a theatrical production over the course of a 4-to-7 week period. The student will participate in a number of different activities: acting, set design and construction, costume design and construction, lighting design and implementation, publicity, stage management, property design and construction, house management, and others.

THEA 3711
Theatre Practicum: 1-2-0
Provides students with opportunities to take an active part in a theatrical production. A maximum of four hours may apply toward a degree. Thirty clock hours of work will equal one hour of credit.

THEA 3712
Puppetry Practicum: 1-2-0
Provides students with opportunities to take an active part in puppetry production. A maximum of four hours may apply toward a degree. Thirty clock hours of work will equal one hour of credit.

THEA 4330
Theatre History: To the Elizabethans: 3-0-3
Surveys the physical structure, production methods, and acting and stage design of the theatre up to the Elizabethan period. Includes the study of ritual and oriental theatre as well as Western European drama. Prerequisite: Permission of instructor.

THEA 4331/4331S
Theatre History: Elizabethan to Modern: 3-0-3
Surveys the physical structure, production methods, and acting and stage design of Western theatre from the Elizabethan through the modern period. Prerequisite: Permission of instructor.

THEA 4332
Children's Theatre and Storytelling: 3-0-3
Examines play theory, storytelling, and creative drama techniques for the staging of plays with and for children.

THEA 4333/4333S
Acting Styles: 3-2-2
Specialized study of the techniques needed to perform in a particular style of theatre or in the work of a particular playwright. Topics include Shakespeare and verse drama, Brecht and Epic theatre, improvisational comedy, and Greek and Roman tragedy. May be repeated once for credit.

THEA 4334
Drama in Performance: 3-0-3
Examines the relationship between the play in performance and the dramatic text with special attention to historical theories of acting which influence the literary works.

THEA 4335
Scene Design: 3-0-3
Emphasizes interpretation of plays through visual images and the creation of physical spaces for performances. Includes traditional drafting and computer assisted design technologies, scale model making, perspective drawing and painted or air brushed rendering of the set. Prerequisite: THEA 2332 or permission of instructor.

THEA 4336
Lighting Design: 3-0-3
Theory and practice of lighting for a variety of stages including proscenium, thrust, and arena stage production. A practical study of the equipment and the aesthetics of lighting for the theatre. Prerequisite: THEA 2332 or permission of instructor.

THEA 4337
Costume Design: 3-0-3
The history and applied theory of theatrical costume design. An exposure to costume materials and concepts executed and demonstrated through watercolor and charcoal rendering. Prerequisite: THEA 2332 or permission of instructor.

THEA 4338
Seminar: World Theatre: 3-0-3
This course is a study of one of the forms of theatre engaged in by different cultures around the world. Each course will focus on one specific area of theatre chosen from: People's Theatre, Russian Theatre, Asian Theatre, Classic Greek Theatre, Neo-Classic Theatre, or some other area within the Instructor's expertise.

THEA 4711
Theatre Practicum: 0-2-1
Provides students with opportunities to take an active part in a theatrical production. A maximum of three hours may apply toward a degree. Forty clock hours of work will equal one hour of credit.

THEA 4712
Puppetry Practicum: 1-2-0
Provides students with opportunities to take an active part in puppetry production. A maximum of four hours may apply toward a degree. A minimum of thirty clock hours of activity required to receive credit.

THEA 4831
Directed Study in Theatre: 3-0-3
Permits students to conduct in-depth study of issues associated with theatre. This course cannot be used to replace existing courses in the catalog. Must be approved by the department chair and the instructor.

THEA 5530/5530G
Playwriting: 3-0-3
The study, analysis, and practice in the art and craft of writing plays for the stage or for dramatic television and film. Undergraduates complete one act play while graduate students complete a first draft for a full length play.

THEA 5531/5531G
Puppetry: 3-0-3
Acquaints the student with puppetry as an art and an educational medium. Emphasizes effective use of puppetry in the development of individual and group resources, creativity, self expression, and emotional adjustment. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Applied Engineering (COST)

TMAE 5131/5131G
Essentials of Applied Mechanical Engineering: 2-3-3
This is a course for students with no mechanical engineering experience. The principles of engineering mechanics are developed from a work/energy point of view. Survey topics include a review of the fundamentals of mechanics, elastic behavior of materials, stress-strain relationships and measurements, elasticity theory, stability, dynamics, and vibration theory. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete. Prerequisite: Permission of instructor. Should not be taken by graduate students with a B.S. in Mechanical Engineering.
TMAE 5132/5132G  
**Essentials of Applied Electrical Engineering: 2-3-3**  
This is a course for students with no electrical engineering experience. Survey topics include electrical energy sources, DC circuits, resistive networks, network theorems, inductance, capacitance, natural and step responses of RL, RC, and RLC circuit, sinusoidal steady state analysis, Three-phase circuits, computer circuit analysis, non-linear, active components such as diodes, transistors (both bipolar and MOSFET), and operational amplifiers. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete. Prerequisite: Permission of instructor. Should not be taken by graduate students with a B.S. in Electrical Engineering.

TMAE 5890/5890G  
**Selected Topics in Applied Engineering: (1-3)-(0-2)-(1-3)**  
This course is scheduled on an infrequent basis to explore special areas in applied engineering. Graduate students will be required to complete a case study, or research project not required of undergraduate students. Prerequisite: Permission of the instructor.

TMAE 7136  
**Mechatronics I: 2-3-3**  
This course is designed to build a working familiarity with the electronics and techniques needed in the design and control of electro-mechanical systems. The topics in this course include integrated use of mechanical, electrical, and computer systems for control of machines and devices, system modeling, sensors and actuators, basic electronics design, signal processing, grounding, and interfacing techniques. Prerequisite: TMAE 5131 and TMAE 5132 or permission of instructor.

TMAE 7137  
**Mechatronics II: 2-3-3**  
This course is designed to provide further fundamental information to understand the fusion of mechanical engineering, electrical engineering, and computer data acquisition/programming and their relationship to the field of Mechatronics. This course emphasizes the interfacing of microcomputers with sensors and actuators, hybrid (analog/digital) design, digital logic and analysis, circuitry, micro-computer architecture, assembly language programming, signal conditioning, filters, analog-to-digital and digital-to-analog conversion, and the interface of data acquisition systems with the control process. Prerequisite: A minimum grade of "C" in TMAE 7136 or permission of instructor.

TMAE 7430  
**Industrial Case Study Analysis: 3-0-3**  
The systems approach and case study format are utilized for the resolution of current technical management problems of various industries. Problem solving methods are presented, discussed, and utilized in student activities.

TMAE 7431  
**Advanced Quality Control: 3-0-3**  
A study of modern philosophies, methodologies, and technologies for quality control and improvement with emphasis on total quality management, statistical process control, quality improvement methods and acceptance sampling.

TMAE 7432  
**Advanced Engineering Economy: 3-0-3**  
Consideration of probability and risk effects on estimates, selection of the minimum attractive rate of return, capital rationing, among competing projects and economic analysis in government.

TMAE 7433  
**Facilities Planning: 3-0-3**  
An organized approach for planning a facility that achieves facilities location and design objectives, including how the activity's tangible assets best support achieving the activity's objectives. It is a composite of facilities location and facilities design with the approach based on the engineering design process. Techniques can be applied equally for non-manufacturing applications.

TMAE 7435  
**Manufacturing Systems Analysis: 3-0-3**  
A study of the analysis of manufacturing systems, systems analysis and problem solving in manufacturing. The tools of systems analysis will be used to formulate the real problems of manufacturing, identify where computer systems can help, and solve challenging manufacturing systems problems.

TMAE 7530  
**Research in Applied Engineering: 3-0-3**  
A study of modern research methods and their application to the preparation of the thesis and technical reports.

TMAE 7890/7890S  
**Selected Topics in Applied Engineering: 3-0-3**  
This course is scheduled on an infrequent basis to explore special areas of applied engineering.

TMAE 7891  
**Independent Study: (1-3)-(1-3)-(1-3)**  
Independent study is available for students to undertake individualized experimentation, research, study related to applied engineering, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.

TMAE 7895  
**Special Problems in Applied Engineering: 0-(1-3)-(1-3)**  
Individual and specialized study in the areas of applied engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.

TMAE 7999  
**Thesis: 0-0-(1-6)**  
This course focuses on the preparation and completion of the thesis.

**Mechanical Engineering Technology (COST)**

**TMET 2128**  
**Solid Modeling and Analysis: 0-4-2**  
Students will develop a working proficiency in parametric solid modeling software, such as ProEngineer. In addition to creating solid models, students will develop a basic understanding of structural and thermal analysis. The skills learned in the course will be applied in junior and senior level TMET courses. Prerequisite: ENGR 1133 or TMFG 2522, and prior or concurrent enrollment in TENS 2143, or permission of instructor.

**TMET 2521**  
**Introduction to Mechatronics: 1-2-2**  
Lecture and laboratory instruction in the theory and practice of engineering technology measurements and their application to controlled activities. A familiarity with traditional measuring devices, and a proficiency with data acquisition packages will be developed. The packaging of results in reports and presentations will be emphasized. Prerequisites: TENS 2146 and prior or concurrent enrollment in TENS 2143, or permission of instructor.

**TMET 3130**  
**Mechanism Design: 2-2-3**  
Kinematic analysis and design of the basic machine components and an introduction to mechanism synthesis and analysis. Extensive use of commercial mechanism analysis software. Prerequisite: TENS 2142.

**TMET 3135**  
**Machine Design: 3-0-3**
Principles of mechanical design, the design of machine elements with consideration given to strength requirements, fatigue, material properties and modes of failure. Computer applications are stressed. Prerequisite: TENS 2143.

**TMET 3136**
**Machine Component Design: 3-0-3**
The detailed design of components such as springs, belts, clutches, brakes, chains, bearing, gears, lubrication, and welded and riveted connections. Prerequisite: TMET 3135.

**TMET 3232**
**Thermodynamics II: 3-0-3**
A second course in thermodynamics that expands upon first and second law analysis techniques developed in an introductory thermodynamics course. Includes an in-depth analysis of power and refrigeration cycles. Serves as an introduction to combustion processes. Prerequisites: TENS 2135, TENS 2144, and prior or concurrent enrollment in CHEM 1145 or permission of instructor.

**TMET 3233**
**Heat Transfer: 3-0-3**
An introduction to basic energy transport by conduction, convection and radiation. Applications to extended surfaces, heat exchanger, etc. Prerequisites: MATH 2242 and TENS 2135.

**TMET 3341**
**Materials Science: 3-3-4**
Study of engineering materials such as metals and alloys. Atomic structure and arrangement; control of the microstructure and mechanical properties of materials, mechanical testing, solidification, cooling curves, and phase diagrams and various strengthening mechanisms. Laboratory includes problem solving sessions and experiments on materials related to strengths, toughness, solidification, and metallography. Prerequisite: CHEM 1145.

**TMET 3343**
**Materials Processing: 3-2-4**
Traditional as well as modern processing techniques. Limitation on use of different materials and their processing, metal-casting processes end equipment, forming and shaping processes and equipment, joining processes and equipment. Laboratory includes problem solving sessions and experiments on the metallurgy of materials. Prerequisite: TMET 3341.

**TMET 4090**
**Selected Topics in Mechanical Engineering Technology: (1-6)-(1-6)**
Provides for study of Mechanical Engineering Technology course topics not generally offered by the program.

**TMET 4123**
**Vibration: 2-0-2**
Free and forced vibration of one, two and multi-degree-of-freedom systems. Theory is developed and applied to practical cases. Prerequisites: TENS 2132 and MATH 2242.

**TMET 4225**
**Thermal Science Lab: 0-4-2**
Laboratory activities in support of instruction in thermodynamics, heat transfer, and HVAC. Prerequisites: TMET 3232 and TMET 3233, or permission of instructor.

**TMET 4890**
**Special Problems in Mechanical Engineering Technology: (1-3)-(0-1-3)**
Individual and specialized study in areas of mechanical engineering technology not otherwise covered in the student program. Prerequisites: Senior standing, identification and definition of a problem or study area and approval of the instructor.

**TMET 4899**
**Directed Independent Study: (1-3)-(0-1-3)**
An individualized study involving research and applications pertaining to Mechanical Engineering Technology. Prerequisites: Senior standing, identification and definition of a problem or study area and approval of the instructor.

**TMET 5133/5133G**
**Vibration and Preventive Maintenance: 2-3-3**
An introduction to mechanical vibrations and preventive maintenance. Emphasis is placed on: undamped and damped free vibration of single degree of freedom systems, vibration analysis of system with multiple degrees of freedom, and forced vibration analysis with different excitations. Students will engage in hands-on experimental studies and develop analysis technique using vibration data. Preventive maintenance topics will also be studied. Graduate students will be required to complete additional laboratory and research assignments. Prerequisites: TMET 2521, TMET 3130, and TMET 3135; or permission of instructor.

**TMET 5134/5134G**
**Introduction to Finite Element Analysis: 1-4-3**
An introduction to the fundamentals of Finite Element Analysis. Students will develop a working knowledge of a commercial FEA software package. Students will model and analyze mechanical and thermal engineering problems using a commercial FEA package. Students will develop an ability and competence in interpretation and analysis of FEA results. Graduate students will be required to complete additional laboratory and research assignments. Prerequisites: TMET 2128, TMET 3136, and TMET 3233; or permission of instructor.

**TMET 5136/5136G**
**Mechanical Controls: 2-3-3**
An understanding of fundamentals of classical control theory will be developed. Students will be introduced to the concept of feedback and its properties; the concept of stability and stability margins; and the different tools that can be used to analyze these properties. Students will also develop a working knowledge of the basics of linear control techniques. Graduate students will be required to complete additional laboratory and research assignments. Prerequisites: TMET 2128 and TMET 3130, or permission of instructor.

**TMET 5137/5137G**
**Mechanical System Design: 0-6-3**
A capstone design course requiring that students call upon all of their academic preparations in the solution of mechanical system problems. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete. Prerequisite: Senior standing or approval of the instructor.

**TMET 5234/5234G**
**HVAC: 2-3-3**
Introductory course in Heating, Ventilating, and Air Conditioning (HVAC) systems. HVAC processes are analyzed and load calculations are performed in accordance with ASHRAE practices. Design projects are included. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete. Prerequisite: TMET 3232 and TMET 3233; permission of instructor for graduate students.

**TMET 5431/5431G**
**Automation and CIMS: 2-3-3**
A capstone course in materials science and processing. Fundamental manufacturing, automation, and topics in production and related control systems are covered. Numerical control, computer integrated manufacturing, and flexible manufacturing systems are included. Laboratory includes work with a Mini-CIM system. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete. Prerequisites: ENGR 1133, TENS 2138, and TMET 3343 or permission of instructor.
Manufacturing Technology (COST)

TMFG 1111
Manufacturing Seminar: 1-0-1
A seminar aimed to allow the student seeking a degree in the Manufacturing program to gain an understanding of the Manufacturing Degree program (courses, sequencing, purpose) and the Industrial Management major and how it integrates with other related sciences such as engineering. One single lecture period.

TMFG 1121
Technical Drafting: 1-2-2
A basic drafting course with emphasis on manual drafting skills and projection theory and practice.

TMFG 1123
3D Computer Drafting: 1-2-2
A computer aided drafting course with emphasis on the application of 3D parametric solid modeling CAD. Study includes the features and applications of AutoDesk Inventor. Creating 3D components, assembling a 3D product and animation of presentation will be discussed in this course.

TMFG 2131
The Manufacturing Enterprise: 2-3-3
A national award-winning private enterprise simulation course with innovative hands-on application activity in organizing, owning, and operating a company. Students from a variety of majors study the typical enterprise organizational responsibilities and interrelationships, and operate a laboratory factory, developing, producing, and marketing a competitive product for profit.

TMFG 2522
Computer Drafting: 1-3-2
A basic computer drafting course. One lecture and 1 double-lab period; 2 credit hour. Prerequisites: TMFG or permission of instructor.

TMFG 3131
Manufacturing Processes and Materials: 2-3-3
A study of the industrial processes used in the manufacturing of products. Emphasis is placed on the selection of materials for processing based on their properties, characteristics, and adaptability to automated manufacturing processes.

TMFG 3132
Materials Machining Technology: 2-3-3
An experience centered course dealing with the operation of machine tools. Emphasis is placed on machining technologies used to process a variety of manufacturing materials. Both traditional and computer control machining processes are explored.

TMFG 3133
Forming and Fabrication: 2-3-3
A study of forming and fabrication technology and applications, including material properties, product design considerations, and issues impacting quality and productivity. Emphasis is on methods, tooling, and machinery involved in forming, piercing, and assembly processes for sheet, plate, tubing, wire forms and structural shapes. Laboratory activities involve experiments and projects designed to provide hands-on familiarity with typical industrial methods and equipment. Prerequisites: ENGR 1133 and TMFG 3131.

TMFG 3134
Electrical Technology: 2-3-3
Assumes that the student has had no prior knowledge of electricity and electrical/electronic concepts in that it is an introductory course designed to acquaint the student with the basic concepts governing electrical energy. Basic electrical/electronic principals and concepts are covered including DC circuits, AC circuits, elementary electronics and Programmable Logic Controllers (PLCs). Prerequisite: MATH 1111.

TMFG 3230
Productivity Measurement and Improvement: 2-2-3
A study of various methods and tools used in industry and business to measure work productivity and the methods and tools used to improve work procedures. Content areas include: methods study, motion study, time study, pre-determined time standards systems, work factors, work sampling, incentive systems, ergonomics, safety, and other special topics for methods improvement and work measurement. MS Excel will be used to solve problems. Prerequisite: TMFG 2131.

TMFG 3231
Introduction to Industrial Management: 3-0-3
The development, organization and operation of manufacturing industries. Topics include: organization, engineering considerations, the manufacturing system, manufacturing cost control, materials flow control, quality assurance, and human resources. Prerequisite: TMFG 2131 or equivalent.

TMFG 3232
Applied Industrial Statistics and Quality Assurance: 2-3-3
Statistical process control in manufacturing. Topics include evaluation of the process control system, defining problems and setting priorities, analyzing the process, describing data, process capability and pre-control charts, control charts, and determining cause. Prerequisite: TMFG 2131 or equivalent and completion of Area A math requirement.

TMFG 4121
Machining, Forming and Fabrication Practicum: (1-3)-0-(1-3)
A general study and practicum of machining, forming and fabrication techniques utilized in industry including conventional machining, CNC machining, layout development, beginning and forming press work, foundry mechanical assembly and welding. Prerequisite: ENGR 1133.

TMFG 4130
Plastics Materials and Processes: 2-2-3
A study of plastics and organic composites material, their properties, uses, and the manufacturing processes used to produce products from them. Reinforces and expands upon concepts and technical knowledge introduced in the prerequisite overview course. Familiarity with common processing properties, tools and equipment will be provided through laboratory work. Prerequisite: Three hours of introductory level industrial materials and processes.

TMFG 4132
Power Systems and Control Application: 2-3-3
The study of the conversation, transmission, storage and control of energy. Emphasis is placed on hydraulics, pneumatics, and electro-mechanical machine control through programmable logic control (PLC) and compute control technologies. Prerequisite: MATH 1111.

TMFG 4134
World Class Manufacturing: 2-3-3
A comprehensive study of world class manufacturing percepts of Just-In-Time production, Total Quality Control, Total Productive Maintenance and Total Employee Involvement. Manufacturing systems are developed, and trial runs are conducted and evaluated. Prerequisite: TMFG 2131 or equivalent.

TMFG 4293
CO-OP: 1-0-1
CO-OP.

TMFG 4299
Manufacturing Internship: (1-6)-0-(1-6)
Provides practical application and experience in cooperating industry and business. Designed to permit attendance at an approved industry-sponsored work experience for the purpose of providing the student with advanced related occupational or technical training. Prerequisite: Senior standing, preferably last semester before graduation.
TMFG 4330  
Cost Engineering: 3-0-3  
Cost engineering is concerned with the cost determination and evaluation of engineering design, including the various types of cost estimates, cost information, and cost assurance. Prerequisite: TMFG 2131.

TMFG 4531  
Plant Layout: 2-2-3  
The fundamental theories, practices, and methods for the design of manufacturing and service facilities to enable productive flow of goods and services. Emphasis is placed on applied exercises utilizing MS Excel and AutoCAD software that culminates in a semester project. Prerequisites: ENGR 1133, TMFG 2131, and TMFG 3230.

TMFG 4533  
Production Planning: 3-0-3  
The methods used to plan and control the efficient and effective use of equipment, tooling, people, materials, and other resources to manufacture products. MS Excel will be used to solve problems. Prerequisite: TMFG 2131.

TMFG 5133/5133G  
Automated Manufacturing Systems: 2-3-3  
Computer integrated manufacturing (CIM) concentrating on advanced computer numerical control machining, and the interface of robotics systems in manufacturing. Experiences using programming techniques, production equipment simulations, and rapid prototyping are emphasized. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: ENGR 1133 and TMFG 3132, or permission of instructor.

TMFG 5230/5230G/5230S  
International Manufacturing: 3-0-3  
A study of opportunities, issues, and problems involved in manufacturing products for import and export, and in dealing with global suppliers of materials, parts, and assemblies. Focus is on those aspects unique to the management of technical operations, such as ISO (International Organization for Standardization) quality standards, scheduling, and transfer technology. Additional topics may include transportation, Customs documentation, global trends and trade policies, and cultural issues. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

TMFG 5233/5233G  
Manufacturing Applications in Information Technology: 3-0-3  
A senior level seminar emphasizing the application of commercially available software to solve manufacturing production problems. Topics include Theory of Constraints, Failure Mode and Effect Analysis, Flow Charting, and Project Management. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisites: Senior standing, three hours of statistics or quality assurance, and three hours of technical processes, or permission of instructor.

TMFG 5234/5234G  
Introduction to Technical Management & Leadership: 2-3-3  
A study in the application of modern technical management and leadership principles to individuals and groups. This course is directly linked to the knowledge and applications learned in the technical manufacturing courses taken in the Industrial Management Program. Graduate students are required to complete an advanced level assignment in addition to all undergraduate course requirements. Prerequisite: TMFG 2131.

TMFG 5433/5433G  
Quality Control and Testing: 2-2-3  
Apparel manufacturing quality control systems. Topics include: physical textile testing, statistical process control, and quality auditing techniques. Field trips to local industries. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Safety and Environmental Technology (COST)

TSEC 5331/5331G  
Occupational Safety: 3-0-3  
The technical aspects of developing and implementing occupational safety programs in manufacturing industries. Emphasis on hazard identification and control. Topics include: OSHA compliance, accident investigation, fire protection, machine guarding, noise abatement, and electrical safety. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

TSEC 5332/5332G  
Ergonomics: 3-0-3  
The human machine interface in manufacturing industries as it relates to the well-being of workers and efficiency of production systems. The application of human factors from both physiological and psychological perspectives are examined. Emphasis is placed on regulatory compliance. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

TSEC 5333/5333G  
Industrial Hygiene and Ergonomics: 3-1-3  
A study of the techniques used by health and safety professionals to anticipate, recognize, evaluate, and control those environmental factors or stresses arising in or from the workplace that adversely effect an employee's health, comfort, and performance. Ergonomic tool and work area design and work procedures are emphasized. Regulatory agencies, compliance, and program management issues are discussed. Graduate students are required to complete an advanced level assignment in addition to all undergraduate course requirements. Prerequisite: One chemistry course or permission of instructor.

TSEC 5334/5334G  
Hazardous Waste Management: 3-0-3  
A study of hazardous waste substances as they are created by various industries and their proper management by combining planning, organizing, and controlling techniques with a knowledge of generating, storing, transporting, treating, recycling and disposing of hazardous materials. Issues of environmental impact, regulatory compliance, ethics, and program management are discussed from a technical management perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: One chemistry course or permission of instructor.

TSEC 5335/5335G  
Systems Safety in Manufacturing: 3-0-3  
A study of the application of systems safety concepts to manufacturing and production systems. Emphasis is placed on the critical analysis of systems through modeling and the development of control strategies to reduce the frequency and severity of industrial accidents. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

TSEC 5336/5336G  
Environmental Law: 3-0-3  
A course designed to provide an introduction and overview (for those without legal or specific scientific training) of the system through which our nation attempts to preserve the environment. The U.S. legal system, national, and international environmental policy is reviewed. Emphasis is placed on the control of air quality, water quality, toxic substances, and hazardous releases as it relates to environmental regulation of industry. Graduate students will be required to complete an additional project or assignment in addition to the undergraduate course requirements.
University Honors (VPAA)

**UHON 1190**
Freshman Honors Seminar I: (1-3)-0-(1-3)
This class for 1906 Scholars will combine reading, discussion, and writing about service, citizenship, and social change. Throughout the course, students will engage in course-related service activities with local agencies or organizations designed to make a positive contribution to the lives of the people of Bulloch County. They will also consider the broader national and international context in which local issues arise. Students will consider how service relates to their honors curriculum and will write a term paper.

**UHON 1191**
Freshman Honors Seminar II: (1-3)-0-(1-3)
The 1906 Scholars will build on their service activities from UHON 1190 together with their coursework. Students will reflect on the role that leadership plays in service, citizenship, and social change. Students will read, discuss, and write about different leadership styles as they explore their own leadership abilities in their service experience. Students will synthesize their coursework and their service to write a term paper.

**UHON 2120**
Sophomore Honors Seminar: 2-0-2
An enrichment course designed to supplement the standard curriculum. Topics will vary, but will always concern a specific thought-provoking issue or problem. In a seminar setting, students and their instructor will engage the chosen topic by employing innovative and interdisciplinary approaches. Prerequisite: A minimum grade of “C” in UHON 1191.

**UHON 3090**
Honors Enrichment Seminar: (1-3)-0-(1-3)
An in-depth exploration of a special topic in an honors seminar setting. Reserved for students in the Honors Programs. Topics to be selected by Honors Council based on proposals submitted by faculty. Prerequisite: Honors student status.

**UHON 3190**
Honors Junior Research Seminar: (1-3)-0-(1-3)
In a seminar setting, students will conduct readings about the research process with a focus on developing an honors capstone topic. Prerequisite: A minimum grade of “C” in UHON 2120 and minimum junior standing.

Web Information Technology (Provost)

**WBIT 1100**
Introduction to Information Technology: 0-3-3
This course is an introductory course in information technology. Topics include foundation in hardware, software, data and an overview of the information technology in organizations. Additional topics include structured programming techniques, systems development, database design and networking, with an emphasis on appropriate business ethics, interpersonal skills and team building.

**WBIT 1310**
Programming and Problem Solving I: 0-3-3
This course helps students to develop basic problem-solving skills using the Java programming language. Students are introduced to fundamentals of Java programming language with emphasis on primitive data types, control structures, methods, arrays, classes, objects, abstraction, inheritance and polymorphism. Students learn basic techniques of good programming style, design, coding, debugging, and documentation. Students are able to create programs to solve basic practical problems. Prerequisites: A minimum grade of "C" WBIT 1100 and in an Area A mathematics course.

**WBIT 2000**
The Enterprise and IT: 0-3-3
This course will look at the structure and management of an information technology infrastructure. From the management aspect the course will touch on principles and practices of managing both people and technology to support an organization. The course will emphasize how to make an information technology infrastructure effective, efficient, and productive. The management of hardware, software, data, networks and other supporting IT functions will be studied. Prerequisite: A minimum grade of “C” in WBIT 1100.

**WBIT 2300**
Discrete Mathematics for IT: 0-3-3
Discrete (as opposed to continuous) mathematics is of direct importance to the fields of Computer Science and Information Technology. This branch of mathematics includes studying areas such as set theory, logic, relations, graph theory, and analysis of algorithms. This course is intended to provide students with an understanding of these areas and their use in the fields of Computer Science and Information Technology. Prerequisites: A minimum grade of “C” in MATH 1113, MATH 1232, and MATH 1441.

**WBIT 2311**
Programming and Problem Solving II: 0-3-3
This emphasis of this course is on advanced programming techniques in Java including GUIs, software reuse through component libraries, recursion, event-driven programming, database processing, file processing, and exception handling. Students are able to create event-driven, graphical programs or text-based programs solving practical problems incorporating databases and external files. Prerequisites: A minimum grade of “C” in WBIT 1310 and WBIT 2300.

**WBIT 3010**
Technical Communication: 0-3-3
This course covers workplace communication at the intermediate level. Topics include audience analysis, research proposal and report writing, document and visual design, editing and presentation design. Prerequisite: A minimum grade of “C” in ENGL 1102.

**WBIT 3110**
Systems Analysis and Design: 0-3-3
This course introduces the fundamental principles of the design and analysis of IT applications. In this course, students will learn to apply the tools and techniques commonly used by systems analysts to build and document IT applications. Classical and structured tools for describing data flow, data structure, process flow, file design, input and output design, and program specification will be studied, as well as object-oriented techniques. Prerequisites: A minimum grade of “C” in WBIT 1310 and WBIT 2000.

**WBIT 3111**
Information Technology Project Management: 0-3-3
Project management techniques and tools as applied to information systems projects including resource and personnel management and allocation, product testing, scheduling, and project management software. Students will study examples of both successful and unsuccessful projects and apply lessons learned to a class project. Prerequisites: A minimum grade of “C” in WBIT 3110 and STAT 3010.

**WBIT 3200**
Database Design, Development and Deployment: 0-3-3
This is an advanced course in database design, development and deployment. Course emphasizes database design drawing distinctions between data modeling and process modeling using various modeling techniques including Entity-Relationship Modeling, Object Modeling and Data Flow Diagramming; database development using the relational model, normalization, and SQL; database deployment including control mechanisms, forms, reports, menus and web interfaces. Additional topics include procedures, functions, packages and triggers. Students will design, create and process a database to demonstrate competency in the course content. Prerequisite: A minimum grade of “C” in WBIT 2311.

**WBIT 3400**
Introduction to Multimedia: 0-3-3
This course covers the basic design principles and tools for creating and editing digital media elements. Examples of these elements include graphics, animation, audio, video, virtual space and simulation. Prerequisite: A minimum grade of “C” in WBIT 1100.
WBIT 3410  
**Web Applications Development: 0-3-3**  
The course provides a survey of techniques and tools for developing basic web pages for delivery of text and graphic information; focus on page markup languages, client-side scripting, page design principles, page layout techniques, markup language syntax, and page styling methods. Prerequisite: A minimum grade of “C” in WBIT 1310.

WBIT 3500  
**Architecture and Operating Systems: 0-3-3**  
This course introduces students to the architectures of computer systems and the operating systems that run on them. It explores and gives experience with some common computer designs and operating systems. Topics include basic computer architecture, instruction set architecture, memory, memory management, processes, and file systems. Prerequisite: A minimum grade of “C” in WBIT 1310.

WBIT 3510  
**Data Communications and Networking: 0-3-3**  
This course covers computer networks and communications concepts, principles, components, and practices; coverage of common networking standards, topologies, architectures, and protocols; design and operational issues surrounding network planning, configuration, monitoring, troubleshooting, and management. Prerequisite: A minimum grade of “C” in WBIT 3500.

WBIT 3600  
**Introduction to E-Commerce: 0-3-3**  
The emphasis of this course is on basic principles and practices of E-business and E-commerce. Topics include infrastructures and applications of E-commerce, E-Tailing, E-Marketing, advertisement, B2B, B2C, C2C, E-Government, M-Commerce, E-Learning, electronic payment systems, security, and legal issues. Students also learn to build simple dynamic E-commerce sites using server-side scripting. Prerequisites: A minimum grade of “C” in WBIT 3110 and WBIT 3410.

WBIT 4020  
**Professional Practices and Ethics: 0-3-3**  
This course covers historical, social, economic and legal considerations of information technology. It includes studies of professional codes of ethical conduct, philosophy of ethics, risk analysis, liability, responsibility, security, privacy, intellectual property, the Internet and various laws that affect an information technology infrastructure. Prerequisite: Senior standing.

WBIT 4030  
**Senior Project: 0-3-3**  
A capstone course for WebBSIT majors. Students will be expected to complete a final team or individual project. The project may be an approved industry internship or a project developed and designed by faculty of the WebBSIT. Students will apply skills and knowledge from previous WebBSIT courses in project management, system design and development, digital media development, eCommerce, database design, and system integration. Prerequisites: Senior standing and program approval.

WBIT 4112  
**Systems Acquisition, Integration and Implementation: 0-3-3**  
Most IT applications used by organizations are configured from components that have been purchased from third-party vendors. This includes both hardware components and, increasingly, software components. In this course, students will study the component acquisition process, and methods and techniques for integrating these components into an existing IT infrastructure. Prerequisites: A minimum grade of “C” in WBIT 3110, WBIT 3200, and WBIT 4520.

WBIT 4120  
**Human-Computer Interaction: 0-3-3**  
The emphasis of this course is on fundamentals of human-machine interfaces, both cognitive and physical. Learning styles and effects of short-term memory on cognition and reaction will affect hardware and software development. Students will design a prototype interface. Prerequisites: A minimum grade of “C” in WBIT 2311 and WBIT 3400.

WBIT 4520  
**Information Security: 0-3-3**  
This course is an introduction to information assurance and security in computing. Topics include computer, network (distributed) system and cyber security, digital assets protection, data backup and disaster recovery, encryption, cryptography, computer virus, firewalls, terrorism and cyber crimes, legal, ethical and professional issues, risk management, information security design, implementation and maintenance. Prerequisites: A minimum grade of “C” in WBIT 3500 and current enrollment or prior completion with a minimum grade of “C” in WBIT 3510.

WBIT 4601  
**Customer Relationship Management: 0-3-3**  
The applications of IT applications has allowed many organizations to collect large amounts of data on their clients and to use such data to improve the relationships with their customers. In this course, students will study customer relationship management systems, including the reasons for their emergence, the functionalities that they provide and the issues one would have to face to successfully introduce a Customer Relationship Management System into an organization. Prerequisites: A minimum grade of “C” in WBIT 3200 Database and WBIT 3600.

WBIT 4602  
**IT Seminar: 0-3-3**  
Students will participate in research and discussion on a topic of current interest. A term paper on the topic (or related subtopic) is required. A designated faculty member from the Consortium will select the topic in advance based on his/her expertise and lead the seminar. Prerequisites: A minimum grade of “C” in WBIT 3111, WBIT 3200, WBIT 3600, and WBIT 4120.

WBIT 4610  
**IT Policy and Law: 0-3-3**  
This course will focus on the legal implications of conducting business in the information technology age. Topics will include current understanding of Internet contracts, copyright, trademark and patent law. Further, this course will examine cutting-edge cases relating to security, e-commerce, and emerging ethical issues and trends. Prerequisite: A minimum grade of “C” in WBIT 3600.

---

**Women's and Gender Studies (Interdisciplinary)**

WGST 2530  
**Introduction to Women and Gender Studies: 3-0-3**  
A multidisciplinary course designed to introduce students to the field of women and gender studies. Students will examine traditional and alternative perspectives on women's and men's experiences.

WGST 3090  
**Selected Topics in Women and Gender Studies: 0-15**  
See WGST 3090 for course description.

WGST/HIST/AMST 3137  
**History of Women in the U.S.: 3-0-3**  
See HIST 3137 for course description.

WGST/PSYC/INTS 3232  
**Psychology of Gender: 3-0-3**  
See INTS 3232 for course description.

WGST/POLS 3235  
**Gender and Politics: 3-0-3**  
See POLS 3235 for course description.

WGST/ENGL 3237  
**Women and Literature: 3-0-3**
See ENGL 3237 for course description.

WGST/LATN 3330
Roman Women: 3-0-3
See LATN 3330 for course description.

WGST/COMS 3333
Communication and Gender: 3-0-3
See COMS 3333 for course description.

WGST 4090
Independent Study in Women's and Gender Studies: 0-0-(1-4)
The opportunity to design and conduct independent research and/or projects under the direction of a WGST faculty member in specialized areas of Women's and Gender Studies. Prerequisite: WGST 2530 or permission of instructor.

WGST/PHIL 4130
Feminist Philosophy: 3-0-3
See PHIL 4130 for course description.

WGST/COMM 4331
Gender, Media, and Representation: 3-0-3
See COMM 4331 for course description.

WGST/SOCI 4332/4332S
Sociology of Gender: 3-0-3
See SOCI 4332 for course description.

WGST/HIST 4335
“Woman Question” in Europe: 3-0-3
See HIST 4335 for course description.

WGST/SOCI 4338
Sociology of Competition and Game: 3-0-3
See SOCI 4338 for course description.

WGST/HIST/AAST 4530
Revelation and Revolution: 3-0-3
See HIST 4530 for course description.

WGST/ENGL 5539
Literature by Women: 3-0-3
See ENGL 5539 for course description.

WGST 5131/5131G
Sex, Violence, and Culture: 3-0-3
Uses feminist theories of gender, sexuality, and patriarchal culture to explore the relationship between public and private violence. Placing private violence in a global perspective, this course critiques the gender stakes of economies of domination and exploitation, the war system, and ideologies of family and nation. Prerequisite: WGST 2530.

WGST/SPAN 5235/5235G/5235S
Modern Spanish American Women Writers: 3-0-3
See SPAN 5235 for course description.

WGST/ANTH 5331/5331G
Gender and Anthropology: 3-0-3
See ANTH 5331 for course description.

WGST/ENGL/AAST 5539/5539G
Literature by Women: 3-0-3
See ENGL 5539 for course description.

WGST/WRIT 5633/5633G
Writing the Body: 3-0-3
See WRIT 5633 for course description.

WGST/ENGL 6635
Women's and Gender Issues: 3-0-3
See ENGL 6635 for course description.

WebMBA Consortium (COBA)

WMBA 6000
Human Behavior in Organizations: 3-0-3
This course provides an overview of existing theories and models of human behavior in organizations. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power and influence in organizational life. Special emphasis is placed on leadership for change. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6010
Managerial Accounting: 3-0-3
A study of management accounting and control information. This course shows to make pricing and product mix decisions, how to improve existing activities and processes, how to measure performance in decentralized operating units, and how to align organizational activities with long-term strategic objectives, both in a domestic and international setting. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6020
Managerial Communications: 3-0-3
This course is designed to meet the needs of the practicing manager. Included are the communications carried out by managers in organizations and the organizational and human variables which influence these communications. Included is the management of information systems. Communication styles of managers from different cultures are discussed. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6030
Global and International Business: 3-0-3
This course presents fundamental considerations for managers of international trade operations. This course is designed to provide graduate level skills in the management functions of global strategic planning, international organizing, leading expatriates and diverse cultures, and controlling the global organization. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6040
Managerial Decision Analysis: 3-0-3
This course is designed to expose students to the types of decision making situations they will face as managers. It will introduce students to advanced quantitative concepts and state-of-the-art techniques. By the end of the course students will be expected to be able to analyze a problem statement, develop alternative solution procedures and select the one that most successful solutions to business problems require the ability to integrate concepts from non-quantitative fields with the quantitative results. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6050
Strategic Marketing: 3-0-3
A strategy planning approach to marketing management from conception and application perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical, and international aspects are also considered. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6060
Managerial Finance: 3-0-3
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6070
Entrepreneurship-New Venture Analysis: 3-0-3
A study of the business formation process which focuses on the creativity, risk-taking, and planning associated with new ventures. The course will provide information on the entrepreneurial process starting with idea generation, idea development, feasibility analysis, resource identification, and concluding with the development of a coherent business plan. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6080
Management Information Systems: 3-0-3
This course focuses on information technology and systems from a general management perspective. Topics of discussion include the management of the systems development process, the organizational cycle of information, technology planning, evaluation, selection, and strategic uses of information technology. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6090
Information Technology Management (ERP): 0-3-0-3
This course is designed to enable the manager to effectively explore and evaluate new technologies in an applied business environment. The course focuses on the evaluation, selection, implementation process, and use of advanced ERP systems, i.e. SAP R/3. This course will concentrate on the managerial, not the technical aspects, of information technology management. The use of relevant readings and cases are used to apply the concepts and techniques presented in the course. The course will offer the rewards for the successful implementation. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6100
Production Operations Management: 3-0-3
This course is designed to provide a understanding of the production/operations function within an organization. It will focus on the types of decisions to be made at various organizational levels and, where appropriate, on particular models and quantitative techniques that can be useful in making those decisions. Emphasis will be placed on how those decisions are interrelated and on their strategic implications for the firm. Finally, it will consider how the operations function fits in with other functional areas of the firm. Prerequisite: Completion of WebMBA Prerequisite Cycle.

WMBA 6110
Business Strategy: 3-0-3
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment. Prerequisites: Completion of WebMBA Prerequisite Cycle and completion of WMBA 6010, WMBA 6050, and WMBA 6060.

Writing (CLASS)

WRIT 1101
English Composition for Non-native Speakers: 2-2-3
For students whose native language is not English. Concentrates on developing the student's skills in thinking, reading and writing. Emphasis is placed on the reading and understanding of prose selections and on the writing of clear, logical, well-constructed essays that are relatively free from serious grammatical faults. Includes a research paper. Credit for this course will be accepted in lieu of credit for ENGL 1101. Upon completion of this course, the student will enroll in ENGL 1102. Prerequisite: This course must be completed with a minimum grade of "C" before the student may enroll in ENGL 1102.

WRIT/LING 2090/2090S
Selected Topics in Writing and Linguistics: 1-3-0-0-1(1-3)
Introduces students to one or more topics preliminary to study of more specialized areas of Writing and Linguistics. Prerequisite: A minimum grade of "C" in ENGL 1101.

WRIT 2130
Technical Communication: 3-0-3
Teaches students to improve written, oral, and visual communication by requiring assignments relevant to their proposed professions. The focus is on the type of communication required by the scientific and engineering discourse communities.

WRIT 2131
Everyday Creative Writing: 3-0-3
Investigates the uses of creative writing in “everyday” forums such as music, advertisements, radio, television, and other forms of popular culture. Students will learn the elements common to all types of creative writing -- word play, figurative expression, sound effects, concrete language, attention to detail -- and apply these elements in their own creative writing exercises and projects.

WRIT 2133
Forms in Creative Writing: 3-0-3
A workshop course that focuses on the writing of a specific creative form or genre. The form being studied and practiced varies, but may include Science Fiction and Fantasy; Spiritual Autobiography; Humor and Satire; Prose Poetry, Horror, and additional forms not covered in other creative writing courses. Prerequisite: A minimum grade of “C” in ENGL 1101.

WRIT 2533
Writers on Writing: 3-0-3
Examines the lived experience of working writers, their diverse composing practices and motivations for writing, and studies how writers write. Through selected memoirs and other readings, students will investigate how writers use their writing to shape meaning and identity and how scholars study writing processes. Prerequisite: ENGL 1102.

WRIT 2535
Writing and Place: 3-0-3
This course examines the relationship between language and location by analyzing print and visual rhetorics of social and natural environments. Students explore such environments by focusing on travel writing, ecocomposition, or globalization and writing. Prerequisite: ENGL 1102.

WRIT 3030/3030S
Selected Topics in Writing: 3-0-3
Offers varied courses in specialized areas of the field of writing.

WRIT 3130/3130S
Creative Writing: 3-0-3
The writing of poetry and fiction through close analysis of poetic and narrative forms with the purpose of encouraging students to develop their creative writing abilities and their awareness of creative writing techniques and strategies.

WRIT 3131
Teaching Writing: 3-0-3
An introduction to the theory and practice of teaching writing, including making the writing assignment, pre-writing, revising writing, and evaluating student writing. Prerequisite: ENGL 2111 or ENGL 2112.

WRIT 3220
Foundations in Professional and Technical Writing: 3-0-3
Surveys the field of professional and technical writing, its various areas of interest, and potential career paths. The course explores the histories, theories, and research methodologies of professional and technical writing, which may include new media studies; cultural studies; rhetorics of science, technology, and the workplace; and usability. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 3230
Writing in the Workplace: 3-0-3
Prepares students from all disciplines to be effective communicators in their chosen professions. Students learn to write and prepare a variety of documents, including memos, letters, reports, proposals, critical studies, and recommendations. Prerequisite: A minimum grade of “C” in ENGL 1102.
WRIT 3232
Document Creation for Technical and Professional Writers: 3-0-3
Overviews theories of document creation, including human perception, psychology of color, and principles of design as they relate to needs of professional and technical writers. Students will learn to apply these theories by producing technical documents and projects which incorporate the principles of visual communication and usability. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 3233
Technical and Professional Editing: 3-0-3
Encompasses the ideas of editing as a professional writing skill, with a focus on the job of a technical editor. Emphasizes proofreading skills and the manipulation of documents from inception through presentation as finished products. Layout, document design, and contemporary production processes are also emphasized. Prerequisite: A minimum grade of “C” in ENGL 1101.

WRIT 3234
Research Methods for Technical and Professional Writers: 3-0-3
Introduction to quantitative and qualitative research designs in professional and technical communication. Intensive study of planning and research designs including primary (surveys, interviews, experiments, questionnaires, field research, etc.) and secondary research tools (i.e., Internet, print sources, bibliographies). Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT/FILM 3335
Introduction to Screenwriting: 3-0-3
See FILM 3335 for course description.

WRIT 3430
Linguistics and Grammar for Teachers: 3-0-3
Through lecture, workshops, and projects about writing, students will develop a metalanguage for teaching grammar and usage in order to effectively teach basic grammatical, mechanical, and usage concepts. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT/COMM/AMST 3433
Comic Book Writing in American Culture: 3-0-3
Investigates multiple dimensions of and models for comic book writing as it traces the medium’s history, development of new genres, and narrative conventions since its origins in the 1930s. Teaches the comic book’s use of iconography, cultural tropes, and cognitive closure in the construction of sequential narratives. Prerequisites: A minimum grade of “C” in ENGL 1101 and ENGL 1102.

WRIT 3435
Writing and Healing: 3-0-3
Introduces students to the physical, intellectual, and spiritual benefits of writing personal/cultural stories in classrooms, community groups, websites, and public memorials. By analyzing current theories and their own and each other’s narratives, students learn the connections between writing and health, silence and sickness. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 3520
Revision, Grammar and Culture: 3-0-3
Offers strategies for revision; surveys the social forces underlying standardization and the processes of language change; addresses and reinforces current standards of grammar and usage in the United States. Emphasizes sentence and paragraphs as well as complete pieces of writing. Prerequisites: A minimum grade of “C” in ENGL 1101 and ENGL 1102.

WRIT 3531
Frameworks in Writing Studies: 3-0-3
Explores the areas of literacy, composition, rhetoric, and cultural studies as they pertain to writing studies and provides an overview of the ways in which culture shapes and is shaped by writing. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 4130
Creative Non-fiction: 3-0-3
Provides a workshop environment for writing a wide variety of expository material generally not covered in freshman English. Students are encouraged to try forms, topics, and voices which broaden their writing experience. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 4430
Poetry Writing: 3-0-3
A creative writing workshop in which students review and practice the fundamentals of poetry writing, such as use of imagery, figurative language, and sound effects; and also learn and practice more complex aspects of poetry writing, such as writing in specific forms and genres. Students read and discuss poetry by established poets, evaluate the work of their peers, and produce a portfolio of instructor-assigned and self-generated poems. Prerequisites: WRIT 2131 or a minimum grade of “C” in WRIT 3130 or permission of instructor.

WRIT 4530
Fiction Writing: 3-0-3
A creative writing workshop in which students review and practice the fundamentals of fiction writing, such as the importance of beginnings, scene building, narrative drive, stance, character development, endings; and also learn and practice more complex aspects of literary fiction strategies in specific genres (the traditional short story, magical realism, flash fiction, novellas). Students read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Prerequisites: WRIT 2131 or a minimum grade of “C” in WRIT 3130 or permission of instructor.

WRIT 4550
Literacy Studies: 3-0-3
Examines current and past theories of literacy; the ways literacy is shared and used by individuals, families, and cultures; and the political, social, and personal implications of literacy. Prerequisites: A minimum grade of “C” in WRIT 3531.

WRIT 4560
Composition Studies: 3-0-3
Traces the field’s origins, significant figures, and publications. Students study key terms, theories, and controversies as well as explore how knowledge and identity are both mediated by writing. Prerequisite: A minimum grade of “C” in WRIT 3531.

WRIT 4570
Rhetoric in Writing: 3-0-3
Surveys the rhetorical tradition as it applies to writing, examines the role of rhetorical studies in the field of writing, and explores how rhetoric informs the writing classroom. Prerequisites: A minimum grade of “C” in WRIT 3531.

WRIT 4580
Cultural Studies in Writing: 3-0-3
Traces the contributions that cultural studies makes to writing studies and investigates the fundamental elements of cultural analysis, including studies in the political and economic aspects of writing. Prerequisites: A minimum grade of “C” in WRIT 3531.

WRIT 5030/5030G
Selected Topics in Writing: 3-0-3
A course on particular topics in rhetoric and composition, the teaching of writing, English as a Second Language, linguistics, and creative writing not covered by other courses. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
WRIT/LING 5130/5130G
Modern English Grammar: 3-0-3
A study of the system of rules of word formation and sentence construction that we unconsciously employ in our daily use of the English language. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 5230/5230G
Theory of Composition: 3-0-3
A survey of the theories behind the most important issues and components of the teaching of writing, such as composing processes, grammar, modes, grading, basic writing, invention, style, and more. Students are asked to test some of these theories by direct application to their own or other authors' written texts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT/LING 5330/5330G
History of English Language: 3-0-3
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 5331/5331G
Twentieth Century Rhetoric: 3-0-3
Addresses the modernity and postmodernity of rhetoric by examining problems and issues in selected rhetorical writings. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

WRIT 5430/5430S/5430G/5430S
Advanced Poetry Writing: 3-0-3
A creative writing workshop which focuses primarily on the students' own poems. The course deepens and expands the poetry writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss poetry by established writers, evaluate their work and the work of their peers and produce a portfolio. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT/ANTH/LING 5530/5530G
Sociolinguistics: 3-0-3
See ANTH 5530 for course description.

WRIT 5531/5531G
Advanced Creative NonFiction: 3-0-3
A creative writing workshop which focuses primarily on the students' own creative nonfiction. The course deepens and expands the writing skills and knowledge learned in undergraduate expository writing courses and allows students to specialize in a specific genre, such as the memoir, the personal essay, travel writing, etc. Students read and discuss creative nonfiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Prerequisite: A minimum grade of “C” in WRIT 4130 or permission of instructor.

WRIT 5540/5540G
Advanced Fiction Writing: 3-0-3
A creative writing workshop which focuses primarily on the students' own fiction. The course deepens and expands the fiction writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 5550/5550G
Technologies of Writing: 3-0-3
Analyzes the meanings and implications of the new technologies on reading and writing as well as explores the relationship between a culture's technologies of writing and cultural narratives of identity, subjectivity, and agency. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Undergraduate Prerequisite: A minimum grade of “C” in ENGL 1102. Graduate Prerequisite: Admission to graduate level standing.

WRIT 5631/5631G
Writing Crime Fiction: 3-0-3
A creative writing workshop in which students learn the history of crime fiction and read examples to develop their own fiction. Students will formally evaluate the work of their peers. Visiting authors will be a highlight of this course. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT 5632/5632G
Writing Flash Fiction: 3-0-3
A creative writing workshop in which students investigate the short-short story by reading and writing examples. The form is both ancient (dreams, parables) and cutting edge (Flash Fictions, Sudden Fiction). Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of “C” in ENGL 1102.

WRIT/WGST 5633/5633G
Writing the Body: 3-0-3
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Graduate students will be given additional assignments not required of undergraduate students. Prerequisites: A minimum grade of “C” in ENGL 1101 and ENGL 1102.

WRIT 5930/5930G
Technical Writing: 3-0-3
Focuses on the study and authoring of technical documents found in business, engineering, government, scientific, and other technical professions, including reports, proposals, manuals, presentations, and electronic communication. Students will have hands-on practice working with various computer applications, including word processing and spreadsheet applications, presentation software, and graphics and hypertext authoring tools. No previous computer experience necessary. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: ENGL 1102 or admission to graduate-level standing.

WRIT 7130
Advanced Composition: 3-0-3
A study of the forms and techniques of the essay with varied reading and writing assignments to develop the student's own writing skills.

WRIT 7260
Writing Project: 4-2-6
This intensive teachers-teaching-teachers course, based on the Bay Area Writing Project, incorporates teaching of writing, researching learning methods/theories, personal writing, and presenting workshops using writing activities. Collaborative and individual exercises will emphasize writing across the curriculum. Prerequisites: Minimum of three years teaching experience, recommendation of College of Education advisor, Writing Project Teacher Consultant, or school administrator. Selection approval by Writing Project Director. This is an invitation only course.

Yoruba (CLASS)
YORU 1001
Elementary Yoruba I: 3-0-3
Introduction to listening, speaking, reading, and writing in Yoruba and to the culture of Yoruba speaking regions.
YORU 1002  
**Elementary Yoruba II: 3-0-3**  
Continued listening, speaking, reading, and writing in Yoruba with further study of the culture of Yoruba speaking regions. Prerequisite: YORU 1001 or equivalent.

YORU 2001  
**Intermediate Yoruba I: 3-0-3**  
Building upon communication skills (understanding, speaking, reading, and writing Yoruba) and cultural understanding, developed at the elementary level. Prerequisites: YORU 1001 and YORU 1002 or equivalent.

YORU 2002  
**Intermediate Yoruba II: 3-0-3**  
Continued development of communication skills (understanding, speaking, reading, and writing Yoruba) and cultural understanding, developed at elementary and intermediate I levels. Prerequisite: YORU 2001.

YORU 3030  
**Selected Topics in Yoruba: (1-3)-0-(1-3)**  
Study of a topic in Yoruba literature, culture, society, thought, or language not included in the regular offering. Continued development of all five language competencies (listening, speaking, reading, writing, and culture). May be repeated for credit provided a new topic is studied. Prerequisite: YORU 2002.

YORU 3130  
**Yoruba Conversation: 3-0-3**  
Continued development of all five language competencies (listening, speaking, reading, writing, and culture) with special emphasis on Yoruba conversation. Prerequisite: YORU 2001 or equivalent.

YORU/AAST 3330  
**Yoruba Culture and Civilization: 3-0-3**  
Introduction to Yoruba culture in Nigeria and other west African societies as well as the Diaspora.

YORU/AAST 4890  
**Directed Study in Yoruba: (1-15)-0-(1-15)**  
Concentrated study of a topic in Yoruba literature, culture, society, thought, or language. May be repeated for credit provided a new topic is studied. Prerequisite: Two Yoruba courses at the 3000 level.
The University System of Georgia

The University System of Georgia’s Board of Regents was created in 1931 as part of a reorganization of Georgia’s state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The Board oversees 35 institutions: 4 research universities, 2 regional universities, 13 state universities, 7 state colleges, and 9 two-year colleges. These institutions enroll more than 233,000 students and employ more than 9,000 faculty and 35,000 employees to provide teaching and related services to students and the communities in which they are located.

The governor appoints members to the Board, who each serves seven years. Today the Board of Regents is composed of 18 members, five of whom are appointed from the state-at-large, and one from each of the 13 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System, but is not a member of the Board. The Chair, the Vice Chair, and other officers of the Board are elected by the members of the Board. The System’s programs and services are offered through three major components: Instruction, Public Service/Continuing Education, and Research.

**INSTRUCTION** consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates. Instruction is conducted by all institutions. Requirements for admission of students to instructional programs at each institution are determined, pursuant to policies of the Board of Regents, by the institution. The Board establishes minimum academic standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed in all cases to the institutions.

A core curriculum, consisting of freshman and sophomore years of study for students whose educational goal is a degree beyond the associate level, is in effect at the universities and two-year colleges. This curriculum requires 60 semester credit hours, including 42 in general education--humanities and fine arts, mathematics and natural sciences, and social sciences--and 18 in the student’s chosen major area of study. It facilitates the transfer of freshman and sophomore degree credits within the University System.

**PUBLIC SERVICE/CONTINUING EDUCATION** consists primarily of non-degree activities and special types of college-degree-credit courses. Non-degree activities may include short courses, seminars, conferences, lectures, consultative, and advisory services in many areas of interest. Non-degree public service/continuing education is conducted by all institutions. Typical college-degree-credit public service/continuing education courses are those offered through extension center programs and teacher education consortia.

**RESEARCH** encompasses investigations conducted primarily for discovery and application of knowledge. These investigations include clearly-defined projects in some cases, non-programmatic activities in other cases. Research is conducted both on and off campus and explores a variety of matters related to the educational objectives of the institutions and to general societal needs.

The policies of the Board of Regents for the government, management, and control of the University System and the administrative actions of the Chancellor provide autonomy for each institution. The executive head of each institution is the President, whose election is recommended by the Chancellor and approved by the Board.

**System Institutions**

**Research Universities**
- Georgia Institute of Technology, Atlanta
- Georgia State University, Atlanta
- Medical College of Georgia, Augusta
- University of Georgia, Athens

**Regional Universities**
- Georgia Southern University, Statesboro
- Valdosta State University, Valdosta

**State Universities**
- Albany State University, Albany
- Armstrong Atlantic State University, Savannah
- Augusta State University, Augusta
- Clayton State University, Morrow
- Columbus State University, Columbus
- Fort Valley State University, Fort Valley
- Georgia College and State University, Milledgeville
- Georgia Southwestern State University, Americus
- Kennesaw State University, Kennesaw
- North Georgia College and State University, Dahlonega
- Savannah State University, Savannah
- Southern Polytechnic State University, Marietta
- University of West Georgia, Carrollton

**State Colleges**
- Abraham Baldwin Agricultural College, Tifton
- Dalton State College, Dalton Gainesville
- State College, Gainesville Georgia
- Gwinnett College, Lawrenceville Gordon College, Barnesville
- Macon State College, Macon
- Middle Georgia College, Cochran

**Two-Year Colleges**
- Atlanta Metropolitan College, Atlanta
- Bainbridge College, Bainbridge
- Coastal Georgia Community College, Brunswick
- Darton College, Albany
- East Georgia College, Swainsboro
- Georgia Highlands College, Rome
- Georgia Perimeter College, Decatur
- South Georgia College, Douglas
- Waycross College, Waycross

University System of Georgia Independent and Distance Learning

Information
University System of Georgia Independent and Distance Learning
Georgia Center for Continuing Education
1197 S. Lumpkin Street, Suite 193
Athens, Georgia 30602-3603
Phone: (706) 542-3243
Toll Free USA: 1-800-877-3243
FAX: (706) 542-6635
E-Mail: idl@georgiacenter.uga.edu
Web Site: http://www.georgiacenter.uga.edu/idl

Mission: The mission of University System of Georgia Independent and Distance Learning (IDL) is to offer University System academic credit courses to University System students and individuals who are interested in earning academic credit through distance learning methods and technologies. IDL strives to increase access to higher education by transcending barriers of geography and time, while meeting the highest academic standards, encouraging academic rigor, and requiring equivalent levels of student achievement and quality of courses regardless of delivery format. It allows flexibility of registration, permitting students to register at any time and take up to three courses simultaneously with nine months to complete each course.

Independent and Distance Learning courses are offered by academic departments located at senior institutions of higher education within the University System of Georgia, including Georgia Southern University. Faculty of the academic departments develops the courses offered and grade lessons submitted by students to satisfy requirements of the course. Academic credits earned through IDL are recorded on the student’s transcript in the University of Georgia Registrar’s Office and may be used for degree requirements according to the regulations of the college or university from which the student plans to graduate. The total number of hours earned through IDL that may be applied toward a baccalaureate degree program within the University System of Georgia may not exceed one-fourth of the hours required for graduation.

Tuition Fees: Tuition for IDL courses is $160 per semester hour. Fees paid to IDL are in addition to other tuition fees paid to an institution. All fees are subject to change at the end of any academic term. Contact IDL for tuition information, or visit the IDL website at http://www.georgiacenter.uga.edu/idl for current fee information.

IDL Academic Calendar
Summer Semester March 1, 2008 - June 30, 2008
Fall Semester July 1, 2008 - September 30, 2008
Spring Semester October 1, 2008 - February 28, 2009

The IDL academic calendar registration date will be utilized to assign a student registration to a particular academic term for purposes of enrollment certification, financial aid, and enrollment reporting. The grade earned in an IDL course will be credited to the term of registration.

Registration: Students may register online with credit card payment from the IDL Web site http://www.georgiacenter.uga.edu/idl or by obtaining a registration form from the IDL office, catalog, or from the web site and online catalog (printable form).

The registration form with the fees payment (follow instructions on form) should be mailed to the following address:
Independent and Distance Learning
Suite 193
Georgia Center for Continuing Education
University of Georgia
Athens, Georgia 30602-3603

IDL registration is continuous throughout the year (the office is closed during University of Georgia holidays). Office hours are Monday - Friday, from 8:00 a.m. to 5:00 p.m.

Advisement: To ensure appropriate course selection, particularly in the major field of study, students should seek approval from the advisors of their degree programs. IDL is not responsible for misadvisement, changes in programs of study, or other actions resulting in improper selection of courses.

Prerequisites/Recommendations
Students should consult with their academic advisors regarding prerequisites and recommendations listed in the course descriptions.

Technology Options
A growing number of IDL courses available as web courses are available for registration. These are indicated in the print catalog and on the IDL website http://www.georgiacenter.uga.edu/idl.

Web Courses
Web Courses are taken completely online, with the exception of the course midterm and/or final examinations. (All IDL examinations must be taken at an official test site.) Web Courses offer a variety of features online, such as course guides, lesson submission, internet resources, and e-mail links to IDL. Selected courses may offer self-assessments with immediate feedback, and interaction with faculty and other students.

Note: All IDL courses are available in the traditional print version course guide allowing submission of lessons via postal service.

Academic Credit Course Listing: University System of Georgia IDL courses are offered for nonresident credit. Courses are subject to revision due to instructor and textbook changes and may be temporarily closed for registration. University System of Georgia universities offering courses through University System of Georgia IDL are designated by the following abbreviations:

- AASU Armstrong Atlantic State University
- GCSU Georgia College and State University
- GSU Georgia Southern University
- NGCSU North Georgia College and State University
- UGA The University of Georgia
- UWG University of West Georgia
- VSU Valdosta State University

Courses designated by a “U” following the course prefix and number are offered by universities other than the University of Georgia. Contact IDL for course availability.
Georgia Southern University Faculty, Fall 2007

This list includes full-time faculty for Fall 2007. The date enclosed in parentheses indicates the year the faculty member joined the staff of Georgia Southern University. The asterisk denotes Graduate College faculty (members and affiliates).

Faculty A

*CHERYL AASHEIM, Assistant Professor of Information Technology
B.S., University of Florida, 1991;
M.S.T., University of Florida, 1993;

*MARTHA L. ABEll, Professor and Chair, Department of Mathematical Sciences
B.S., Mercer University, 1984;
M.S., Georgia Institute of Technology, 1987;
Ph.D., Georgia Institute of Technology, 1989. (1989)

*JONATHAN D. ACETO, Associate Academic Professional and Adjunct Assistant Professor of Music
B.M., Eastman School of Music, 1991;
M.M., Arizona State University, 1994;

DEBOPAM ACHARYA, Assistant Professor of Computer Sciences
B.S., Ambedkar University, 2000;
M.S., Jawaharlal Nehru University, 2002;

MARIA ADAMOS, Associate Professor of Philosophy
B.A., Middlebury College, 1992;
M.A., University of California-Santa Barbara, 1994;

STERLING CAMERON ADAMS, Professor Emeritus of Music
B.M., Cincinnati Conservatory of Music, 1949;
M.M., Cincinnati Conservatory of Music, 1951;
Ph.D., Indiana University, 1962. (1965)

DAVID W. ADDINGTON, Professor Emeritus and Chair Emeritus, Department of Communication Arts
B.A., Palos Verdes College, 1954;
M.A., University of California-Los Angeles, 1960;
Ph.D., State University of Iowa, 1963. (1987)

*AHMED ADU-OPPONG, Assistant Professor of Public Health
B.S., University of Texas-Arlington, 1987; M.S., University of Houston-Clear Lake, 1991; M.H.C./B.A., University of Houston-Clear Lake, 1998; Ph.D., University of Texas Health Science Center, 2005;

*ELEANOR F. AGNEW, Associate Professor Emerita of Writing and Linguistics
B.A., University of Vermont, 1970;
M.A., University of Maine, 1981;

INSOOK AHN, Assistant Professor of Fashion Merchandising and Apparel Design
A.A.S., Fashion Institute of Technology, 1995;
B.H.E., Chung-Ang University, 1992;
M.A., Savannah College of Art and Design, 1997;

KARELLE S. AIKEN, Assistant Professor of Chemistry
B.A., Williams College, 2000;

*JUNE E. ALBERTO, Associate Professor of Nursing
B.S.N., Spaulding College, 1973;
M.S.N., University of Kentucky, 1978;

*KATHY S. ALBERTSON, Associate Professor of Writing and Linguistics
B.A., Armstrong State College, 1988;
M.A., Georgia Southern University, 1990;

CLARK R. ALEXANDER, JR., Director, Applied Coastal Research Laboratory, and Adjunct Professor of Geology
B.S., Humboldt State University, 1983;
B.A., Humboldt State University, 1983;
M.S., North Carolina State University, 1985;

*NATHANIEL C. ALEXANDER, Professor of Teaching and Learning
B.S., Clemson Agricultural College, 1966;
M.Ed., North Carolina State University, 1970;

WALED EMAD ALI, Fulbright Scholar and Adjunct Instructor of Foreign Languages

DEBORAH ALLEN, Assistant Professor of Nursing
A.H.S., Trident Technical College, 1993;
B.S.N., Liberty University, 1997;
M.S.N., Old Dominion University, 1998;
Ph.D., Hampton University, 2006. (2007)

*DAVID C. ALLEY, Professor of Spanish
B.A., Macalester College, 1975;
M.Ed., University of Georgia, 1981;

ALAN ALTANY, Director of Teaching and Learning Initiatives and Adjunct Professor
B.A., St. John’s University, 1976;
M.A., St. John’s University, 1977;

*HEIDI M. ALTMAN, Assistant Professor of Anthropology
B.A., Florida State University, 1987;
M.A., Florida State University, 1990;
M.A., Florida State University, 1996;

PAMELA F. ALTMAN, Director, Archives and Records Management, and Adjunct Instructor
B.S., Georgia Southern University, 1995;

*WILLIAM A. AMPONSAH, Associate Professor of Economics
B.S., Berea College, 1984;
M.S., University of Kentucky, 1986;

*LORI E. AMY, Associate Professor of Writing and Linguistics
B.A., University of Hawaii, 1985;
M.A., University of California-San Diego, 1987;

AMY NICOLE ANDERSON, Minority Advisement Program Coordinator and Adjunct Instructor
B.A., Mercer University, 2001;

REBA BARNES ANDERSON, Assistant Professor Emerita of Sport Science and Physical Education
B.S., Georgia Southern College, 1961;
WILLIAM A. ANDERSON, Temporary Instructor of Quantitative Analysis
B.S.B.E., Illinois Institute of Technology, 1963;

EARL RAYMOND ANDREWS, Associate Professor Emeritus of Technology
B.S., University of Minnesota, 1952;
M.A., University of Minnesota, 1962;
Ed.D., University of Missouri, 1968. (1967)

URKOVIA JACOBS ANDREWS, Assistant Professor of Public Relations
B.S., Georgia Southern University, 2002;

ASHA K. ANUMOLU, Instructor of Nursing
B.S., Columbia Union College, 1986;
M.S.N., Georgia Southern University, 1992. (1994)

DIMITRY APANASKEVICH, Assistant Curator, U.S. National Tick Collection, Assistant Professor of Biology, and Member, Institute of Arthropodology and Parasitology
B.Sc., Saint Petersburg State University, 1998;
M.Sc., Saint Petersburg State University, 2000;

*OLOABA FRANK ARASANYIN, Associate Professor of Writing and Linguistics
Dipl., Université de Paris (Sorbonne), 1976;
B.A., Université Catholique de Louvain, 1979;
M.L.S., Rutgers University, 1991;
M.A., Université Catholique de Louvain, 1981;
Ph.D., Northwestern University, 1986. (2001)

JULIUS FELLOWS ARIAHI, University Librarian Emeritus and Associate Professor Emeritus
A.B., Emory University, 1967;
M.S., Florida State University, 1976;

HARRY JOSEPH ARLING, Professor Emeritus of Music
B.M., Southern Illinois University, 1965;
M.M., Southern Illinois University, 1965;

*DONALD J. ARMEL, Professor of Industrial Technology
B.S., Indiana State University, 1977;
B.S., Indiana State University, 1978;
M.S., Indiana State University, 1980;

KEITH ARNETT, Counselor and Adjunct Instructor
B.A., University of Georgia, 1998;

LAURA ARNETT, Temporary Instructor of Political Science
A.B., Ohio University, 1994;

*CASSANDRA ARROYO, Assistant Professor of Public Health
B.S., University of Maryland-Eastern Shore, 1998;
M.S., Harvard University, 2000;

L. ARTHUR, Professor of Foreign Languages and International Coordinator
B.A., Oglethorpe College, 1972;
M.A., University of Georgia, 1973;
Ph.D., University of Georgia, 1979. (1989)

*LINDA M. ARTHUR, Assistant Professor of Educational Leadership
B.A., Valdosta State University, 1970;
M.Ed., Valdosta State University, 1977;
Ed.S., Georgia State University, 1979;

PRANOTI M. ASHER, Associate Professor of Geology
B.Sc., University of Bombay, 1984;
M.Sc., University of Bombay, 1986;

FRANK ATUAHEN, Assistant Professor of Construction Management
B.Sc., University of Science and Technology, 1979;
M.C.E., University of Delaware, 1983;
M.Engr., Pennsylvania State University, 1993;
Ph.D., Rutgers University, 1998. (2005)

*JOHN E. AVERETT, Professor of Biology
B.S., Sul Ross State College, 1966;
M.A., Sul Ross State College, 1967;
Ph.D., University of Texas-Austin, 1970. (1994)

JACK NELSON AVERITT, Professor Emeritus of History and Dean Emeritus, Graduate School
B.S., Georgia Teachers College, 1944;
M.A., University of Georgia, 1945;
Ph.D., University of North Carolina, 1957. (1945)

JULIANNA AVILA, Assistant Professor of Reading Education
B.S.Ed., University of Redlands, 1997;
M.A.Ed., University of California-Berkeley, 2002;

MARIA AVILES, Temporary Instructor of Information Systems
B.C.E., Escuela Politécnica del Ejercito, 2001;

Faculty B

ANAND BALARAMAN, Temporary Assistant Professor of Physics
B.Sc., Bharatidasan University, 1993;
M.Engr., Indian Institute of Science, 1998;
M.S., University of Florida, 2005;

DORSEY KAYE BALDWIN, Recruitment Coordinator, Career Services, and Adjunct Instructor
B.S.P.E., Valparaiso University, 2001;
M.S., Georgia Southern University, 2004. (2005)

JAMES R. BALLARD, Temporary Instructor of Economics
B.S.B.A., Auburn University, 1975;

*BARRY J. BALLECK, Associate Professor of Political Science
B.A., Brigham Young University, 1987;
M.A., Brigham Young University, 1989;

*ANTHONY G. BARILLA, Associate Professor of Economics
B.A., Eastern Illinois University, 1988; M.A.,
Eastern Illinois University, 1989; Ph.D.,
Kansas State University, 2002. (1999)

CATHERINE L. BARKER, Coordinator of Residential Education, University Housing, and Adjunct Instructor
A.B., Elon University, 1998;

*JOHN BARKOULAS, Associate Professor of Finance
B.B.A., Athens School of Economics and Business Science, 1983;
M.B.A., West Texas A & M University, 1986;

GREGORY E. BARLOW, Temporary Instructor of Writing and Linguistics
B.A., Valdosta State University, 2004;
†Deceased, November 11, 2007

NANCY C. BARRETT, Assistant Professor Emerita of Spanish
A.B., Woman’s College of the University of North Carolina-Greensboro, 1956;

RACHAEL A. BARRETT, Career Services Specialist and Adjunct Instructor
B.S., St. Mary’s Dominican College, 1983;

ROBERT M. BARROW, Associate Professor Emeritus of History
A.B., University of North Carolina, 1959;
A.M., College of William and Mary, 1960;
Ph.D., University of Virginia, 1967. (1967)

SHARON M. BARRS, Instructor of Mathematics
B.S., University of South Carolina, 1990;
M.S., University of South Carolina, 1992. (2007)

*JEAN E. BARTELS, Professor and Chair, School of Nursing
B.S.N., Alverno College, 1981;
M.S.N., Marquette University, 1983;

AMAL EID HUSSEIN BASHA, Assistant Professor of Construction Management
B.Sc., Cairo University, 1975;
M.Arch., Oklahoma State University, 1977. (2005)

ISMAIL MOHAMMED BASHA, Assistant Professor of Construction Management
B.Sc., Cairo University, 1971;
M.S., Oklahoma State University, 1976;
Ph.D., Oklahoma State University, 1979. (2005)

*ROBERT K. BATECHelor, Assistant Professor of History
A.B., Cornell University, 1990;
M.A., University of California-Los Angeles, 1992;

DOROTHY A. BATTLE, Professor of Curriculum, Foundations, and Reading
B.S.Ed., Winston Salem State College, 1970;
M.Ed., University of Georgia, 1983;

EDWARD J. BAYENS, Director, Judicial Affairs, and Adjunct Instructor
A.B., Western Kentucky University, 1971;
M.A., Western Kentucky University, 1975;

*JOHN J. BEASLEY, Professor of Child and Family Development
B.A., East Carolina College, 1969;
M.S., Virginia Polytechnic Institute and State University, 1972;

SCOTT A. L. BECK, Assistant Professor of Teaching and Learning
A.B., Cornell University, 1988;
M.Ed., University of North Carolina-Greensboro, 1994;

WAYNE A. BECKER, Director, Georgia Southern Botanical Garden, and Adjunct Assistant Professor
A.A.S., The Ohio State University, 1982;
B.S., The Ohio State University, 1983;
M.S., Michigan State University, 1987;

JEFF BEEKMAN, Temporary Assistant Professor of Art
B.F.A., University of Florida, 2000;

DEBORAH A. BELL, Assistant Professor of Mathematics
A.S., Abraham Baldwin College, 1969;
B.S.Ed., University of Georgia, 1971;
M.Ed., University of Georgia, 1974;
Ed.S., Georgia Southern University, 1993;
Ed.D., Georgia Southern University, 2003. (1986)

KEERA Z. BELL, Assistant Professor of Computer Sciences
B.S., Spelman College, 1996;
M.S., Clark Atlanta University, 1999;

*MARITZA BELL-CORRALES, Assistant Professor of Spanish
B.A., Universidad Pontificia Bolivariana, 1977;
M.A., University of South Florida, 1996;

JACK BENNETT, Professor Emeritus of Instructional Media
B.S.Ed., Ball State Teachers College, 1966;
M.A.Ed., Ball State University, 1969; Ed.D.,
Ball State University, 1972. (1981)

*MARY MALLARD BENNETT, Assistant Professor of Teaching and Learning
B.S., Georgia Southern College, 1979;
M.Ed., Georgia Southern College, 1985;
Ed.S., Georgia Southern University, 1990;

*SARA NEVILLE BENNETT, Professor Emerita of Biology
B.S., Georgia Southern College, 1964;
B.S.Ed., Georgia Southern College, 1964;
M.S., Georgia Southern College, 1967;
Ph.D., University of Georgia, 1975. (1966)

DONALD L. BEREZEC, Director, Center for Forensic Studies in Accounting, and Clinical Lecturer of Forensic Accounting
B.B.A., Western Illinois University, 1978;

*JAMES J. BERGIN, Professor of Leadership, Technology, and Human Development
B.A., Saint Mary of the Lake Seminary, 1967;
M.Ed., Loyola University, 1971;

SHONDA L. BERNARDIN, Assistant Professor of Engineering Studies
B.S., Florida A&M University, 1997;
M.S., University of Florida, 1999;

*EDNILSON SANTOS BERNARDES, Assistant Professor of Operations Management
B.B.A., Federal University of South Mato Grosso, 1998;
M.B.A., Federal University of South Rio Grande, 2000;
Ph.D., University of Minnesota, 2006. (2005)

KELLY S. BERRY, Assistant Professor of Theatre and Technical Director, Theatre
B.A., Coastal Carolina University, 1996;

RUTH E. BERRY, Associate Academic Professional and Adjunct Instructor of Music
B.M., Boston University, 1982;

GERALD BETTY, Temporary Instructor of History
B.A., Spring Hill College, 1988;
M.A., Arizona State University, 1992;

*JAMES D. BIGLEY, JR., Associate Professor of Recreation
B.S., Slippery Rock State College, 1980;
M.S., Slippery Rock State College, 1982;

B.B.A., University of Georgia, 1954;  
M.B.A., Georgia State College, 1964;  

GEOFFREY T. CARR, Temporary Instructor of Communication Arts  
B.A., Pfeiffer University, 1999;

SHARON R. CARRASQUE, Temporary Instructor of Spanish
B.A., Skidmore College, 1977;

E. RUTH CARROLL, Associate Professor Emerita of Middle Grades and Secondary Education
B.S.Ed., Central State University, 1979;
M.Ed., Central State University, 1981;

HARRISON S. CARTER, Provost and Vice President Emeritus of Academic Affairs and Professor Emeritus of Management
B.S., Georgia Southern College, 1966;
M.S., U.S. International University, 1970;
Ph.D., University of Georgia, 1974. (1975)

*PATRICIA W. CARTER, Associate Professor and Chair, Department of Art
B.A., Rutgers University, 1987;
M.F.A., Rutgers University, 1989;

WALTER H. CARTER, Adjunct Professor of Public Health
B.S., University of Richmond, 1963;
M.S., Virginia Polytechnic Institute and State University, 1966;
Ph.D., Virginia Polytechnic Institute and State University, 1968. (2006)

*JEAN-PAUL CARTON, Professor of French
Licence, Université de Tours, 1971;
Maîtrise, Université de Tours, 1972;
Ph.D., University of Utah, 1982. (1983)

*THOMAS L. CASE, Professor and Acting Chair, Department of Information Systems
A.B., Davidson College, 1974;
M.S., University of Georgia, 1979;
Ph.D., University of Georgia, 1982. (1981)

JANE M. CASON, Educational Program Specialist and Adjunct Instructor
B.S.Ed., University of Georgia, 1969;

SUSAN H. CASON, Project Coordinator, Undergraduate Teacher Education, and Adjunct Instructor
A.S., Macon Junior College, 1976;
B.S.Ed., Georgia College, 1979;

HOLLIS LANIER CATE, Professor Emeritus of English
A.B., Presbyterian College, 1951;
M.Ed., University of Georgia, 1957;
Ph.D., University of Georgia, 1962. (1967)

BRIAN A. CATTO, Adjunct Professor of Public Health
B.A., Brown University, 1964;
M.D., University of Southern California School of Medicine, 1973;
M.P.H., University of South Carolina, 2003. (2007)

J. MICHELLE CAWTHORN, Assistant Professor of Biology
B.S., Old Dominion University, 1981;
M.S., Old Dominion University, 1984;
Ph.D., Bowling Green State University, 1989. (1996)

*WENDY L. CHAMBERS, Associate Professor of Curriculum, Foundations, and Reading
B.S., Iowa State University, 1985;
M.S., University of Florida, 1990;

*GREGORY CHAMBLEE, Associate Professor of Teaching and Learning
B.S.C.S., North Carolina State University, 1986;
B.S. Ed., North Carolina State University, 1987;
M.Ed., North Carolina State University, 1992;

*CHARLES W. CHAMP, Professor of Mathematics
A.A., Southern Baptist College, 1968;
B.S., Arkansas State University, 1971;
M.S., Arkansas State University, 1973;
M.A., University of Missouri, 1982;
Ph.D., University of Southwestern Louisiana, 1986. (1992)

*LUCINDA CHANCE, Dean, College of Education, and Professor of Leadership, Technology, and Human Development
B.S., Lambuth University, 1968;
M.S., University of Tennessee-Martin, 1976;
Ed.D., Memphis State University, 1985. (2001)

*CHARLES R. CHANDLER, JR., Professor of Biology
B.S., Old Dominion University, 1981;
M.S., Old Dominion University, 1984;

B.A., Georgia Southern University, 2004;

THOMAS E. CHAPMAN, Assistant Professor of Geography
B.A., Michigan State University, 1985;
M.A., University of Toledo, 1993;

SIMONE M. CHARLES, Assistant Professor of Public Health
B.S., University of West Indies, 1992;
M.S., University of Maryland-Eastern Shore, 1998;

KAREN D. CHASSEUREAU, Temporary Instructor of Teaching and Learning
B.S.Ed., Georgia Southern University, 1999;

*CHEUNG CHAU, Assistant Professor of Music
B.M., Harid Conservatory, 1995;
M.M., Yale University, 1995;

MING-HUI CHEN, Adjunct Professor of Public Health
B.S., Hangzhou University, 1983;
M.S., Shanghai Jiao Tong University, 1985;
M.S., Purdue University, 1991;
Ph.D., Purdue University, 1993. (2006)

HUNG-MING CHENG, Assistant Professor of Mechanical Engineering Technology
B.S., National Sun Yat-Sen University, 1994;
M.S., National Sun Yat-Sen University, 1996;
Ph.D., Purdue University, 2005. (2006)

ROBIN A. CHERAMIE, Adjunct Assistant Professor of Management, Marketing, and Logistics
B.A., Southeastern Louisiana University, 1992;
M.B.A., University of New Orleans, 1994;

HARLEY ROBERT CHESHIRE, JR., Associate Professor Emeritus of Vocational Education
B.S., Virginia Polytechnic Institute, 1962;
M.S., Virginia Polytechnic Institute, 1964;
Ed.D., University of Georgia, 1971. (1972)
ALEXANDER L. CHEW, Professor Emeritus of Educational Psychology and Counseling
A.A., Armstrong College, 1959;
B.S.Ed., Georgia Southern College, 1961;
M.Ed., University of Georgia, 1966;
Ed.S., Georgia Southern College, 1973;
Ed.D., University of Mississippi, 1977. (1979)

SUNG C. CHOI, Adjunct Professor of Public Health
B.S., University of Washington, 1957;
M.A., University of Washington, 1960;

*JOANNE CHOPAK-FOSS, Associate Professor of Health Education
B.S.P.E., University of Delaware, 1982;
M.S., Pennsylvania State University, 1987;

SHEIN-CHUNG CHOW, Adjunct Professor of Public Health
B.S., National Taiwan University, 1978;

ALICE GALLOWAY CHRISTMAS, Assistant Professor Emerita of Early Childhood Education
B.S.Ed., University of Georgia, 1961;
M.Ed., University of Georgia, 1965;

CHARLES L. CHRISTMAS, Associate Professor Emeritus of Mathematics
B.S., Oakland City College, 1951;
M.A., University of Georgia, 1962;
Ph.D., University of Georgia, 1966. (1969)

*PETER C. CHRISTOPHER, Associate Professor of Writing and Linguistics
A.B., Columbia University, 1978;

*LINDA A. CIONITTI, Professor of Music
B.M., College at Purchase-State University of New York, 1982;
M.M., Michigan State University, 1984;

*JAMES B. CLABORNE, Professor of Biology
B.S., Florida State University, 1977;
Ph.D., University of Miami, 1981;
Postdoctoral training, Max Planck Institute for Experimental Medicine, Göttingen, West Germany, 1981-83. (1983)

*KENNETH F. CLARK, Professor of Leadership, Technology, and Human Development
B.S., Florida State University, 1971;
M.Ed., Florida Atlantic University, 1974;
Ed.S., Nova University, 1981;

*DANA CLEGHORN, Assistant Professor of Early Childhood Education
B.S.Ed., University of North Alabama, 1988;
M.S., Syracuse University, 1989;

PATRICK R. COBB, Professor Emeritus of Sport Science and Physical Education
A.B., Atlantic Christian College, 1962;
M.A.Ed., Western Carolina College of Louisiana, 1969;
Ed.D., Northwestern State University, 1972. (1973)

*RISA A. COHEN, Assistant Professor of Biology
B.S., Tufts University, 1996;

DON COLEMAN, Registrar Emeritus and Director Emeritus, Admissions
B.S., Georgia Teachers College, 1948;

JON COLEMAN, Assistant Director, Administrative Services, and Adjunct Instructor
B.A., University of Florida, 1990;
J.D., University of Florida, 1993;

KIMBERLY M. COLEMAN, Assistant Professor of Community Health
B.A., Spelman College, 1994;
M.P.H., University of Michigan, 2002;

MARTHA A. COLEMAN, Professor Emerita of Nursing
B.S.N., Medical College of Georgia, 1960;
M.S.N., Emory University, 1967;

LINDA R. COLLINS, Assistant Professor of Spanish
B.A., Southern University and A&M College, 1973;

MARGERY L. COLLINS, Temporary Instructor of Writing and Linguistics
B.A., Queens University, 1969;

CLAIR IVAN COLVIN, Professor Emeritus and Head Emeritus, Department of Chemistry
B.S., Ohio University, 1949;
M.S., University of Miami, 1961;
Ph.D., University of Miami, 1963. (1964)

*KATHLEEN M. COMERFORD, Associate Professor of History
B.A., Fordham University, 1988;
M.A., Fordham University, 1989;

ADAM JONATHAN CON, Associate Professor of Music
B.Ed., University of British Columbia, 1986;
M.Ed., University of British Columbia, 1992;

*DIANA M. CONE, Professor of Hospitality, Tourism, and Family and Consumer Sciences and Associate Dean, College of Health and Human Sciences
B.S., University of Southern Mississippi, 1979;
M.S., University of Southern Mississippi, 1980;
Ph.D., Florida State University, 1981. (1990)

ELIZABETH R. CONGDON, Temporary Instructor of Biology
B.S., Kent State University, 1992;
M.S., Cleveland State University, 2000. (2007)

KEVIN R. COOK, Temporary Instructor of Political Science
A.B., University of Georgia, 1984;

*ROBERT P. COOK, Acting Associate Dean, and Yamaeaw Professor of Computer Sciences
B.E., Vanderbilt University, 1969;
M.S., Vanderbilt University, 1971;

WILLIAM L. COOK, Vice President Emeritus for Business and Finance

*JONATHAN COPELAND, Professor of Biology and Member, Institute of Arthropodology and Parasitology
B.A., Tufts University, 1968;
M.A.T., Tufts University, 1991;
Ph.D., University at Stony Brook-State University of New York, 1975. (1991)
SARA J. CORWIN, Adjunct Professor of Public Health
B.A., University of Arizona, 1982;
M.P.H., University of South Carolina, 1993;
Ph.D., University of South Carolina, 1996. (2006)

LISA A. COSTELLO, Assistant Professor of Writing and Linguistics
B.A., California State University-Long Beach, 1993;
M.A., California State University-Long Beach, 2003;

*ROBERT COSTOMIRIS, Associate Professor of Literature
B.A., University of California-Berkeley, 1977;
B.S., University of California-Davis, 1985;
M.A., University of Washington, 1990;

ROBERT D. COSTON, Professor Emeritus of Economics
B.S., Northeast Louisiana University, 1965;
M.B.A., Northeast Louisiana University, 1967;

DOYCE J. COTTEN, Professor Emeritus of Kinesiology
B.S., Florida State University, 1961;
M.S., Florida State University, 1963;
Ed.D., Florida State University, 1965. (1966)

*GEORGE H. COX, JR., Professor of Political Science and Public Administration
B.S., University of Tennessee, 1969;
M.A., George Peabody College for Teachers, 1972;
Ph.D., Emory University, 1981. (1982)

LINSEY R. COZZIE, Lab Technician and Adjunct Instructor of Biology
B.S., Wingate University, 2004;
M.S., Georgia Southern University, 2007. (2007)

KATHLEEN M. CRAWFORD, Instructor of Teaching and Learning
B.S.Ed., Georgia Southern University, 1997;

CHARLOTTE C. CRITTENDEN, Assistant Professor Emerita of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1962;
M.Ed., Georgia Southern College, 1963;

*CHARLES P. CROUCH, Assistant Professor of History
B.A., Louisiana State University and A&M College, 1979;
M.A., Louisiana State University and A&M College, 1985;
Ph.D., University of Illinois at Urbana-Champaign, 1991. (1993)

*ANGELA D. CROW, Associate Professor of Writing and Linguistics
B.A., Point Loma Nazarene College, 1987;
M.A., University of Kansas, 1991;

ANN D. CROWTHER, Temporary Instructor of Writing and Linguistics

JEFFREY A. CROWTHER, Temporary Instructor of Political Science
B.A., Marietta College, 1969;

*BRETT W. CURRY, Assistant Professor of Political Science
B.A., University of Missouri, 2000;
M.A., The Ohio State University, 2003;

*CHRISTOPHER P. CUTLER, Assistant Professor of Biology
B.Sc., University of Birmingham, 1985;

*MARC D. CYR, Associate Professor of Literature
B.A., Western Washington University, 1979;
M.A., Western Washington University, 1981;

*DANIEL R. CZECH, Associate Professor of Kinesiology
B.A., Denison University, 1995;
M.S., Georgia Southern University, 1998;

Faculty D

GYLTON B. DA MATT, Assistant Professor of Physical Education/Pedagogy
B.A., Federal University of Minas Gerais, 1986;
M.A., Appalachian State University, 1998;
Ph.D., University of South Carolina, 2004. (2007)

*NALAIA DA ROZA, Professor Emerita of Music
B.S., Nazareth College, 1962;
M.M., College of the Holy Names, 1964;

*LEAH E. DAIGLE, Assistant Professor of Justice Studies
B.A., Roanoke College, 1998;
M.S., Northeastern University, 1999;
Ph.D., University of Cincinnati, 2005. (2005)

JOHN H. DAILY, Professor Emeritus of Political Science and Public Administration
B.A., Edinboro State College, 1965;
M.A., Kent State University, 1968;
Ph.D., Kent State University, 1973. (1971)

*PHYLLIS S. DALLAS, Associate Professor of Writing and Linguistics
B.S.Ed., Valdosta State College, 1973;
M.A., Valdosta State College, 1975;

*STEVEN B. DAMELIN, Associate Professor of Mathematics
B.Sc., University of the Witwatersrand, 1991;
M.Sc., University of the Witwatersrand, 1993;

BRET S. DANILOWICZ, Dean, Allen E. Paulson College of Science and Technology, and Professor of Biology
B.S., Utica College, 1989;
M.A., The Open University, 2004;

*JOY W. DARLEY, Assistant Professor of Mathematics
B.S.Ed., Georgia Southern College, 1982;
M.Ed., Georgia Southern College, 1984;
Ph.D., University of South Carolina, 2005. (2005)

*JAMES H. DARRELL, Associate Professor Emeritus of Geology
B.A., Ohio Wesleyan University, 1964;
M.S., University of Tennessee, 1966;

SUSAN JONES DARRELL, Assistant Professor Emerita of Family and Consumer Sciences Education
B.S., Georgia Southern College, 1960;
M.Ed., University of Georgia, 1968;
Ed.S., University of Georgia, 1978. (1968)

GARY E. DARTT, Professor of Communication Arts
B.S., Augusta College, 1964;

NIRMAL K. DAS, Associate Professor of Civil Engineering Technology
B.S.C.E., Jadavpur University, 1969;
M.S., Texas Tech University, 1985;
Ph.D., Texas Tech University, 1988;
Professional Engineer. (1993)

**JOHN W. DAVENPORT, Professor Emeritus of Mathematics and Computer Science**

B.S., Union University, 1960;
M.S., University of Mississippi, 1964; M.S.,
University of South Carolina, 1987; Ph.D.,
Texas Tech University, 1974. (1982)

**SUSAN BRAXTON DAVIES, Director, Admissions, and Adjunct Instructor**

B.A., Georgia Southern University, 1995;

**ELYNS G. DAVIS, Professor Emerita of Economics**

B.B.A., Baylor University, 1954;
M.S., Baylor University, 1954;
Ph.D., Texas A&M University, 1978. (1979)

**JAMES E. DAVIS, JR., Director, Agribusiness Development, and Adjunct Assistant Professor B.S.A.,**

University of Georgia, 1974; M.S.,

**L. SHANNON DAVIS, Assistant Professor of Chemistry**

B.S.Chem, Georgia Southern College, 1984;

**MARGARET C. DAVIS, Assistant Professor of Nursing**

A.S.N., Armstrong State College, 1989;
B.S.N., Armstrong State College, 1995;
M.S.N., Armstrong Atlantic State University, 1997;
Ph.D., Capella University, 2006. (2006)

**REBECCA M. DAVIS, Associate Professor of Justice Studies**

B.S., Georgia Southern College, 1987;
M.A., Georgia Southern College, 1989;
J.D., University of Georgia, 1992. (1994)

**TRENTON J. DAVIS, Assistant Professor of Political Science**

B.S., Missouri State University, 2002;
M.P.A., Missouri State University, 2003;

**TYSON T. DAVIS, Temporary Instructor of Communication Studies**

B.S., Georgia Southern University, 1996;

**RON G. DAVISON, Professor Emeritus of Leadership, Technology, and Human Development**

B.A., University of Buffalo-State University of New York, 1959;
Ed.M., University of Buffalo-State University of New York, 1964;

**MOHAMMAD S. DAVOUR, Chair, Department of Mechanical and Electrical Engineering Technology, and Professor of Mechanical Engineering Technology**

B.S., Oklahoma State University, 1981;
M.S., Oklahoma State University, 1984;
Ph.D., University of South Carolina, 1999. (1988)

**BRENDA L. DEAL, Academic Advisor and Adjunct Instructor of Accounting**

B.B.A., Georgia Southern College, 1988;

**PAMELA A. DEAL, Director, Emerging Technology Center, and Adjunct Instructor of Political Science**

B.S.Ed., Georgia Southern College, 1981;

**S. TODD DEAL, Professor of Chemistry**

B.S., Georgia Southern College, 1986;
Ph.D., The Ohio State University, 1990. (1992)

**T. MICHAEL DEAL, Registrar and Adjunct Instructor**

B.B.A., Georgia Southern College, 1974;

**TONY J. DEAL, Radiation Safety Officer and Adjunct Instructor of Physics**

B.S., Georgia Southern University, 1992;

**CLEON E. DEAN, Associate Professor of Physics**

B.S., Texas A&M University, 1980;
M.S., Texas A&M University, 1982;

**WINDY DEES, Assistant Professor of Sport Management**

B.A., Rollins College, 1999;
M.S., University of Florida, 2004;

**JOHN FRANCIS DENITTO, Professor Emeritus of Middle Grades and Secondary Education**

B.S.Ed., Georgia Teachers College, 1954;
M.Ed., Georgia Southern College, 1965;
Ed.S., Georgia Southern College, 1973;

**LISA L. DENMARK, Assistant Professor of History**

B.A., Georgia Southern University, 1993;
M.A., Georgia Southern University, 1995;

**LUTHER TREY DENTON, III, Professor of Marketing**

B.A., Emory University, 1982;
M.B.A., Emory University, 1986;
Ph.D., University of Georgia, 1991. (1992)

**MARIANA DEPETRIS, Temporary Assistant Professor of Art**

Licentiate, National University of Córdoba, 1992;

**VIRGINIA M. DEROMA, Associate Professor of Psychology**

B.S., Louisiana State University, 1984;
M.A., West Virginia University, 1988;

**ANOOP DESAI, Assistant Professor of Mechanical Engineering Technology**

B.S., University of Bombay, 1999;
M.S., University of Cincinnati, 2002;

**NANCY B. DESSOMMES, Assistant Professor of English**

A.F.A., Young Harris College, 1973;
B.A., Georgia Southern College, 1975;
M.A., Auburn University, 1978;

**RUSSELL A. DEWEY, Assistant Professor Emeritus of Psychology**

A.B., University of Michigan, 1973;
Ph.D., University of Michigan, 1978. (1979)

**ANDREW W. DIAMANDUROS, Research Associate II, Allen E. Paulson College of Science and Technology, and Adjunct Instructor of Biology**

A.S., University of South Carolina-Lancaster, 1980;
B.S., University of South Carolina-Lancaster, 1982;
M.A., Columbia University, 1989;

**TERRY DAVIS DIAMANDUROS, Assistant Professor of School Psychology**

A.S., University of South Carolina-Lancaster, 1980;
B.S., Clemson University, 1982;
M.A., New York University, 1991;
ROBERT DICK, Associate Professor Emeritus of Political Science and Public Administration

*JOHN R. DIEBOLT, Professor of Biology and Associate Dean, Jack N. Averitt College of Graduate Studies

*JENNIE DILWORTH, Associate Professor of Child and Family Development
B.S., Brigham Young University, 1985; M.Ed., University of North Texas, 1989; Ph.D., Texas Woman’s University, 1998. (1997)

*DANNY R. DIXON, Associate Professor of Sociology
B.S., Georgia Southern College, 1979; M.S.W., University of Georgia, 1985; Ph.D., University of Georgia, 1997. (2003)

PAUL DIXON, Associate Professor Emeritus of Vocational Education and Adult Education
B.S., University of Tennessee, 1958; M.S., University of Tennessee, 1971; Ed.D., University of Tennessee, 1974. (1974)

*GRIGORY DMITRIEV, Professor of Curriculum, Foundations, and Reading

*ALLISON J. DOBSON, Associate Professor of Chemistry
B.S., Western Kentucky University, 1992; M.S., The Ohio State University, 1995; Ph.D., The Ohio State University, 1998. (1998)

LLOYD NOLAN DOSIER, Professor Emeritus of Management
B.B.A., Georgia State University, 1965; M.B.A., Georgia State University, 1966. (1968)

JULIE DOUBERLY, Temporary Instructor of Writing

*ALAN C. DOWNS, Associate Professor of History

*ELIZABETH DOWNS, Professor of Leadership, Technology, and Human Development

*DONALD JOSEPH DRAPALIK, Professor Emeritus of Biology

CHRISTINE A. DRAPER, Assistant Professor of Middle Grades Education

CHRISTY J. CARR DUBERT, Instructor of Nursing

*DAVID L. DUDLEY, Associate Professor of Literature and Chair, Department of Literature and Philosophy

*LOIS L. DUKE-WHITAKER, Professor of Political Science
A.A., University of South Carolina, 1975; A.B.J., University of South Carolina, 1976; M.A., University of South Carolina, 1979; Ph.D., University of South Carolina, 1986. (1996)

EDWARD A. DUNCAN, Head Cataloging Librarian Emeritus and Assistant Professor Emeritus
B.A., North Texas State University, 1950; M.A., Florida State University, 1956; M.L.S., Rutgers University, 1964. (1986)

*ROBERT W. DUNHAM, Associate Professor of Music and Director, Bands

IRIS B. DURDEN, Serials Librarian and Associate Professor

*LANCE A. DURDEN, Associate Professor of Biology and Member, Institute of Arthropodology and Parasitology

EDD DURING, JR., Adjunct Assistant Professor of Military Science

JOHN N. DYER, Associate Professor of Information Systems
B.S., University of Alabama, 1991; M.B.A., University of Alabama, 1993; M.S., University of Alabama, 1995; Ph.D., University of Alabama, 1997; M.M.L, Georgia College & State University, 2003. (2001)

Faculty E

*JACQUELINE K. EASTMAN, Associate Professor of Marketing
B.S.B.A., The Ohio State University, 1986; Ph.D., Florida State University, 1993. (2001)

KEVIN L. EASTMAN, Professor of Finance

WILLIAM R. EATON, Assistant Professor of Philosophy

*OLIVIA C. EDENFIELD, Associate Professor of English and Associate Dean, College of Liberal Arts and Social Sciences
B.A., Georgia Southern College, 1982; M.A., University of Iowa, 1986; Ph.D., University of Georgia, 2002. (1986)

BRADLEY C. EDWARDS, Temporary Assistant Professor of Literature
B.A., University of Wisconsin, 1992; Ph.D., University of Georgia, 2005. (2006)

*ELIZABETH CARR EDWARDS, Assistant Professor of Reading Education
B.S.Ed., Georgia Southern University, 1991; M.Ed., Georgia Southern University, 1994;
Ph.D., University of Georgia, 2006. (2006)

MARK A. EDWARDS, Professor and Chair, Department of Physics
B.S., Georgia Southern College, 1977; M.A.,
The Johns Hopkins University, 1979;

VERNON O. EGGGER, Professor of History
B.A., Baylor University, 1970;
M.Div., Southern Baptist Theological Seminary, 1973;
A.M., University of Michigan, 1977;
Ph.D., University of Michigan, 1983. (1983)

*HENRY A. EISENHART, Professor and Chair, Department of Hospitality, Tourism, and Family and Consumer Sciences
B.U.S., University of New Mexico, 1970;
M.A., University of New Mexico, 1973;
Ph.D., University of New Mexico, 1979. (1991)

NANETTE EISENHART, Temporary Instructor of Latin
B.A., University of Oklahoma, 1981;

*KEVIN L. ELDER, Associate Professor of Information Systems
B.S., California State University-Fresno, 1985;
M.S., California State University-Fresno, 1988;

BOBBIE R. ELLAISI, Associate Professor Emerita of Middle Grades and Secondary Education
B.A., Baylor University, 1957;
M.Ed., University of Texas, 1961;

FRED CARROLL ELLenburg, Professor Emeritus of Middle Grades and Secondary Education
A.B., Furman University, 1954;
M.A., Appalachian State University, 1963;
Ed.D., University of Tennessee, 1967. (1967)

ELEANOR M. ELLIS, Adjunct Instructor of Health and Kinesiology

STEVEN T. ENGEL, Associate Professor of Political Science and Director, University Honors Program
B.A., Michigan State University, 1990;
M.A., Miami University, 1992;
M.A., Bowling Green State University, 1993;

Faculty F

*ELIZABETH FAIR, Adjunct Instructor of Management
B.S.Ed., Auburn University, 1977; M.B.A.,
University of Kentucky, 1982; Ph.D.,

*MATHEW D. FALLIN, Associate Professor of Music
B.M., Georgia Southern College, 1987;
M.A., Louisiana Tech University, 1989;

*QINGQUAN FANG, Professor of Biology and Member, Institute of Arthropodology and Parasitology B.S.,
Anhui Agricultural University, 1977; M.S.,
Anhui Agricultural University, 1983; Ph.D.,
Kansas State University, 1993. (1996)

PAMELA B. FELDT, Director, Regents Center for Learning Disorders, and Assistant Professor of Psychology
B.A., Michigan State University, 1979;
M.S., University of Miami, 1981;

PAUL A. FERGUSON, Director, Health Services, and Adjunct Instructor
B.A., Monmouth University, 1972;

*ROBERT W. FERNEKES, Information Services Librarian and Associate Professor
B.S., University of San Francisco, 1969;
M.L.S., George Peabody College for Teachers, 1970;
Ed.S., George Peabody College for Teachers, 1971;

*DONNA K. FISHER, Assistant Professor of Economic Development
B.S., Michigan State University, 1982;
B.S., University of Oregon, 1990;
M.S., University of Illinois at Urbana-Champaign, 1997;
Ph.D., University of Illinois at Urbana-Champaign, 2000. (2001)

*KARI BETH FITZMORRIS, Assistant Professor of Public Health
B.S., Louisiana College, 1997;
M.S.P.H., Tulane University, 2001;

ROBERT N. FITZWATER, Associate Professor Emeritus of Chemistry
B.S., Rollins College, 1949;
Ph.D., University of Florida, 1958. (1968)

DIANE M. FLETCHER, Adjunct Instructor of Public Health
B.S.N., Indiana University of Pennsylvania, 1978;

*LESLIE B. FLETCHER, Professor of Accounting
B.A., Duke University, 1973;

GORDON EARL FLOYD, Assistant Professor Emeritus of Sport Science and Physical Education
B.S., University of Florida, 1963;
M.P.E., University of Florida, 1965;

*RICHARD M. FLYNN, Professor of Literature
B.A., George Washington University, 1977;
M.A., American University, 1980;
M.Phil., George Washington University, 1984;

W. RONALD FOCHT, Temporary Instructor of Economics
B.S., Rochester Institute of Technology, 1980;

JANE FORBES, Temporary Instructor of Information Systems
B.B.A., University of Georgia, 1978;

CHARLOTTE ADAMS FORD, Associate Professor Emerita of History
A.B., University of Georgia, 1941;
M.A., Georgia Southern College, 1964. (1964)

PAUL DOUGLAS FOWLER, Professor Emeritus of Industrial Engineering Technology
B.I.E., Georgia Institute of Technology, 1954;
M.S.I.M., Georgia Institute of Technology, 1965;
Professional Engineer. (1971)

WILLIAM H. FRANCISCO, Assistant Professor Emeritus of Accounting
B.S.B.A., University of Southern Mississippi, 1969;
M.S., University of Southern Mississippi, 1975;

SANDRA TINDOL FRANKLIN, Assistant Professor Emerita of Middle Grades and Secondary Education
B.Ed., Georgia Southern College, 1959;
M.S.T., Georgia Southern College, 1967;
*SUSAN T. FRANKS, Associate Professor of Teaching and Learning
  B.A., Armstrong State College, 1976;
  M.A.Ed., Virginia Polytechnic Institute and State University, 1983;

WALTER J. FRASER, JR., Professor Emeritus and Chair Emeritus,
  Department of History
  B.A., University of Virginia, 1958;
  M.A., East Carolina College, 1964;

GEORGE L. FREDRICK, Adjunct Professor of Military Science
  Lieutenant Colonel, U.S. Army; B.S.Ed.,
  Texas State University, 1986; M.S.A.,
  Central Michigan University, 1992; Ed.S.,
  Columbus State University, 1988;

FRANK E. FRENCH, Professor Emeritus of Biology and Adjunct
  Member, Institute of Arthropodology and Parasitology
  B.S., Texas Technological College, 1957;
  M.S., Iowa State College, 1958;

ROBERT FRIGO, Assistant Director, University Honors Program,
  and Adjunct Instructor
  B.A., Marquette University, 1994;
  M.Ed., University of South Carolina, 1997;
  M.A., Queen’s University (Belfast), 2003. (2006)

STEFANIE ANN FRIGO, Postdoctoral Teaching Fellow of Writing
  and Linguistics
  B.A., Cambridge University, 1999;
  M.A., Cambridge University, 2003;
  M.A., Queen’s University (Belfast), 2003. (2006)

CYNTHIA J. FROST, Assistant Access Services Librarian and
  Assistant Professor
  B.A., Illinois Wesleyan University, 1975;

*LAURA JUNE DELONG FROST, Associate Professor of Chemistry
  B.S., Kutztown University, 1986;

*HOWARD LESLIE FURR, Associate Professor of Hotel and
  Restaurant Management
  B.A., Louisiana State University and A&M College, 1974;
  M.Ed., Springfield College, 1981;

KELLY K. FUTCH, Temporary Instructor of Mathematics
  B.A., Georgia Southern College, 1979;

X. L. GARRISON, Professor Emeritus of Administration and
  Supervision
  B.S., University of Kentucky, 1937;
  M.Ed., University of Miami, 1948;

GEORGE W. GASTON, JR., Associate Professor Emeritus of
  Educational Foundations and Curriculum
  A.B., University of Georgia, 1957;
  M.Ed., University of Georgia, 1963;
  Ed.D., Indiana University, 1968. (1967)

*DELENA GATCH, Assistant Professor of Physics
  B.S., Georgia Southern University, 1995;
  Ph.D., University of Georgia, 2000. (2001)

ROSE MARY GEE, Assistant Professor of Nursing
  A.S.N., Armstrong State College, 1980;
  B.S.C.J., Georgia Southern College, 1976;
  B.S.N., Medical College of Georgia, 1981;
  M.S.N., Medical College of Georgia, 1991;
  Ph.D., Emory University, 2005. (1993)

JONATHAN H. GEISLER, Associate Professor of Geology and
  Curator of Paleontology
  B.S., College of Charleston, 1995;
  B.A., College of Charleston, 1995;
  M.A., Columbia University, 1998;
  M.Phil., Columbia University, 2000;

*SOPHIE B. GEORGE, Professor of Biology
  B.Sc., Fourah Bay College, 1981;
  M.Sc., University of Paris VI, 1984;

CHRIS B. GEYERMAN, Associate Professor of Communication Arts
  B.S., Utah State University, 1983;
  M.A., Eastern Illinois University, 1984;

*GODFREY A. GIBBISON, Associate Professor of Economics
  B.S., University of the West Indies, 1992;
  M.S., Iowa State University, 1995;

DALE B. GIBSON, Educational Program Specialist and Adjunct
  Instructor
  B.S.Ed., Georgia Southwestern College, 1975;

*TIMOTHY D. GILES, Associate Professor of Writing and
  Linguistics
  B.A., East Carolina University, 1982;
  M.A., East Carolina University, 1986;

PATRICIA INGLE GILLIS, Professor Emerita of English
  A.B., Baylor University, 1951;
  M.A., Baylor University, 1952;
  Ph.D., University of Arkansas, 1965. (1971)

PEGGY S. GILMORE, Serials Acquisitions Librarian Emerita and
  Associate Professor Emerita
  A.B., Georgia State College for Women, 1953;
  M.L.I.S., Emory University, 1956. (1971)

*LORRAINE S. GILPIN, Assistant Professor of Teaching and
  Learning
  B.S.Ed., Georgia Southern University, 1996;
  M.Ed., Georgia Southern University, 1998;

*DAVID F. GLEASON, Professor of Biology
  B.S., Furman University, 1980;
  M.S., University of Houston, 1984;
**ARDIAN GRECA**, Yamacraw Associate Professor of Computer Sciences
B.E., University of Tirana, 1991;

**ARIKKA E. GREGORY**, Assistant Professor of Music
B.A., University of Florida, 1994;
M.M., Florida State University, 1996;

**BRYAN W. GRIFFIN**, Associate Professor of Curriculum, Foundations, and Reading
B.A., North Carolina State University, 1986;
M.S., Florida State University, 1989;
Ph.D., Florida State University, 1993. (1992)

**JULIA B. GRIFFIN**, Assistant Professor of Literature
B.A., University of Cambridge, 1985;
M.Phil., University of Oxford, 1988;

**MARLYNN M. GRIFFIN**, Professor of Curriculum, Foundations, and Reading
B.S., Florida State University, 1984;
M.S., Florida State University, 1985;
M.S., Florida State University, 1989;
Ph.D., Florida State University, 1992. (1992)

**SARA J. GRIMES**, Temporary Instructor of Management
B.B.A., Georgia Southern University, 1995;

**MICHELLE D. GROOVER**, Electronic Information Specialist, Office of Marketing and Communications, and Adjunct Instructor
B.S., Milligan College, 1993;

**BRUCE GRUBE**, President and Professor of Political Science
A.B., University of California-Berkeley, 1964;
Ph.D., University of Texas-Austin, 1975. (1999)

**KATHLEEN H. GRUBEN**, Associate Professor of Marketing
B.B.A., Stephen F. Austin State University, 1992;
M.B.A., Stephen F. Austin State University, 1994;

**LAURA H. GUNN**, Assistant Professor of Biostatistics
B.A., Jacksonville University, 1999;
M.S., Duke University, 2001;

**SANJAY GUPTA**, Adjunct Associate Professor of Accounting
B.Com., University of Calcutta, 1985; M.B.A.,
Georgia Southern University, 1993; Ph.D.,
University of Central Florida, 2001 (2001)

**JOHN E. GUTKNECHT**, Associate Professor Emeritus of Management
B.S., Tulane University, 1954;

**Faculty H**

**MICHELLE A. HABERLAND**, Assistant Professor of History
B.A., University of Florida, 1990;
M.A., University of Florida, 1993;

**DONALD F. HACKETT**, Professor Emeritus and Dean Emeritus, College of Technology
B.S., University of Illinois, 1940;
M.Ed., University of Missouri, 1947;
Ed.D., University of Missouri, 1953. (1948)
*AMY A. HACKNEY, Assistant Professor of Psychology  
B.A., Indiana University, 1994;  
M.S., St. Louis University, 2000;  
Ph.D., St. Louis University, 2003, (2003)

*MARY HADLEY, Associate Professor of Writing and Linguistics  
B.A., University of Leeds, 1970;  
M.S., Southern Connecticut State University, 1987;  
M.S., Central Connecticut State University, 1992;  
Ph.D., University of Reading, 2000, (1994)

*DANIEL V. HAGAN, Professor Emeritus of Biology and Adjunct  
Member, Institute of Arthropodology and Parasitology  
B.S.Ed., Georgia Southern College, 1968;  
M.S.T., Georgia Southern College, 1972;  
Ph.D., University of Georgia, 1979, (1980)

JIMMY D. HAHS, Assistant Professor of Construction Management  
B.S.C.E., University of Missouri School of Mines and Metals, 1961;  
M.S.C.E., University of Missouri, 1965;  

DENA HALE, Assistant Professor of Marketing  
B.S., Southern Illinois University, 2001;  

*H. STEPHEN HALE, Associate Professor of Anthropology  
B.A., University of Central Florida, 1974;  
M.A., Florida Atlantic University, 1976;  

MARILYN HALE, Director, College of Liberal Arts and Social  
Sciences Advisement Center, and Adjunct Instructor  
B.A., University of Central Florida, 1974;  

*ALICE H. HALL, Associate Professor of Child and Family  
Development  
B.S., Virginia Polytechnic Institute and State University, 1983;  
M.Ed., James Madison University, 1988;  

RYAN L. HALL, Hall Director, University Housing, and Adjunct  
Instructor  
B.S., Missouri State University, 2002;  

ANN H. HAMILTON, Associate Dean of the Library, Associate  
University Librarian, and Professor  
A.B., Alabama College, 1968;  
M.A., Mississippi State University, 1970;  
M.Ln., Emory University, 1971;  

*KAREN L. HAMILTON, Assistant Professor of Finance  
B.S., University of Rhode Island, 1986;  
M.Ed., Pennsylvania State University, 1997;  

*LYNDA S. HAMILTON, Professor Emerita of Legal Studies  
A.B., Wesleyan College, 1965;  
M.A., Clemson University, 1967;  
J.D., University of Georgia, 1981. (1982)

LYNN HAMILTON, Temporary Assistant Professor of Writing and  
Linguistics  
B.A., Wheaton College, 1980;  
M.A., DePaul University, 1981;  

KATHERINE J. HAMM, Assistant Dean of Students, Interim  
Director of Greek Life, and Adjunct Instructor  
B.A., Lenoir-Rhyne College, 1995;  

*DIANA J. HAMMITTE, Associate Professor of Teaching and  
Learning  
B.S.Ed., University of Alabama, 1976;  
M.A., University of Alabama, 1987;  

*HYO-JOO HAN, Assistant Professor of Information Systems  
B.A., Kyungpook National University, 1994;  
M.B.A., Pennsylvania State University, 1999;  
M.S., Pennsylvania State University, 2000;  

*KYLE W. HANCOCK, Associate Professor of Music  
B.M.E., Baldwin-Wallace College, 1975; M.M.,  
Cleveland Institute of Music, 1979; A.Mus.D.,  

JAMES E. HANDLEY, Adjunct Professor of Military Science  
Colonel, U.S. Army;  

SANDRA E. HANDWERK, Adjunct Professor of Public Health  
A.A., Lehigh Carbon Community College, 1970;  
B.A., Moravian College, 1972;  
M.Ed., Kutztown University, 1974;  

*MARK D. HANNA, Professor of Management  
B.A., LeTourneau College, 1981;  
M.S., Clemson University, 1983;  
Ph.D., Clemson University, 1989, (2001)

JOSEPHINE B. HANSCHKE, Educational Program Specialist and  
Adjunct Instructor  
B.A., Auburn University, 1994;  
M.Ed., Georgia Southern University, 1996;  

ANDREW HANSEN, Temporary Instructor of Exercise Science and  
Physiology  
B.S.Ed., Georgia Southern University, 1993;  

CHARLENE M. HANSON, Professor Emerita of Nursing  
R.N., St. Peter’s Hospital, 1959;  
B.S. College at Oneonta-State University of New York, 1972;  
M.S., Syracuse University, 1979;  

JAMES W. HARBOUR, Associate Professor of Theatre  
B.F.A., Southern Oregon College, 1971;  

*CHARLES J. HARDY, Founding Dean, Jian-Ping Hsu College of  
Public Health, and Professor of Kinesiology  
B.S., East Carolina University, 1978;  
M.S., University of Tennessee, 1980;  

SARA-ELIZABETH HARDY, Assistant Professor Emerita of  
Mathematics  
B.A., Georgia College, 1956;  
M.A., Florida State University, 1957. (1964)

*PEGGY G. HARGIS, Professor of Sociology  
B.A., University of Alaska-Anchorage, 1978;  
M.A., University of Alaska-Anchorage, 1979;  
Ph.D., University of Georgia, 1994, (1994)

*HORACE W. HARRELL, Associate Professor Emeritus of  
Accounting  
B.B.A., Georgia Southern College, 1969;  
M.B.A., University of Georgia, 1970;  
Ph.D., University of Georgia, 1976;  
DAVIDA M. HARRIS, Temporary Instructor of Sociology
B.A., Johnson C. Smith University, 2003;

*JAMES K. HARRIS, Associate Professor and Chair, Department of
Computer Sciences
B.S., University of Alabama, 1976;
M.A., University of Alabama, 1977;
Ph.D., University of Alabama, 1983;
M.S., University of South Carolina, 1989. (2000)

*KYMBERLY A. HARRIS, Assistant Professor of Teaching and
Learning
B.A., University of Alabama, 1982;
B.S.Ed., Athens State College, 1989;
M.A., University of Alabama, 1998;

LASHAWN HARRIS, Assistant Professor of History
B.A., Virginia Union University, 1997;
M.A., Virginia State University, 1999;

*GALE AILEEN HARRISON, Associate Professor Emerita of
Political Science
B.A., Agnes Scott College, 1967;
M.A., Vanderbilt University, 1970;

JOHN S. HARRISON, Assistant Professor of Biology
B.S., Brigham Young University, 1994;

JAMES ORION HARRISON, JR., Reference Librarian Emeritus
and Associate Professor Emeritus
A.B., Georgia State University, 1969;
M.Ln., Emory University, 1970. (1970)

*CHARLES HARTER, Professor and Director, School of
Accountancy
B.S.B.A., University of Nebraska, 1981;
M.S., University of Wyoming, 1985;

*ALAN W. HARVEY, Associate Professor of Biology
B.S., Stanford University, 1981;

JONATHAN HARWELL, Collections Development and Assessment
Librarian and Assistant Professor
B.A., University of Southern Mississippi-Hattiesburg, 1994;

*GREGORY W. HARWOOD, Professor of Music
B.A., Brigham Young University, 1978;
M.A., Brigham Young University, 1980;

SHAFIK HASHMI, Professor Emeritus of Political Science
B.A., Osmania University, 1951;
M.P.A., University of the Philippines, 1959;
Ph.D., University of Kansas, 1964. (1989)

ZIA H. HASHMI, Professor Emeritus of Political Science and
Director Emeritus, Center for International Studies
B.Sc., Osmania University, 1953;
L.L.B., Aligarh University, 1957;
M.A., Aligarh University, 1958;
Ph.D., University of South Carolina, 1970. (1968)

*JOHN J. HATEM, Associate Professor of Finance
B.S., Yale University, 1980;

*RICHARD J. HATHAWAY, Professor of Mathematics
B.S., University of Georgia, 1979;
Ph.D., Rice University, 1983. (1986)

ROBERT A. HATTAWAY, Lecturer of Biology
B.S., North Georgia College, 1970;
M.S., University of Tennessee, 1973;

JAMES DONALD HAWK, Professor Emeritus and Head Emeritus,
Department of Educational Foundations and Curriculum
B.S.Ed., University of Georgia, 1955;
M.Ed., University of Georgia, 1956;
Ed.D., University of Georgia, 1959. (1962)

CAROLYN VICKIE HAWKINS, Director, University Housing, and
Adjunct Instructor
B.S.T., Appalachian State University, 1977;
M.A., Appalachian State University, 1979. (1979)

JOHN B. HAWKINS, Temporary Assistant Professor of
Mathematics
B.S., Georgia Institute of Technology, 1965;
M.S., Georgia Institute of Technology, 1967;

SUE HAWKS-FOSTER, Director, Educational Opportunity
Programs, and Adjunct Instructor
B.S., Georgia College, 1975;

MARY F. HAZELDINE, Professor of Marketing and Associate Dean,
College of Business Administration
B.S., Oklahoma State University, 1971; M.A.,
Oklahoma State University, 1973; M.B.A.,
University of Texas-Arlington, 1981;

*MING FANG HE, Associate Professor of Curriculum, Foundations,
and Reading
B.A., Wuhan University, 1983;
M.Ed., University of Toronto, 1992;

ANN HEALY, Temporary Instructor of Journalism
B.A., Barry University, 1984;

*AMY R. HEASTON, Associate Professor of Teaching and Learning
and Associate Provost
B.S., Bowling Green State University, 1982;
M.A.E., Ball State University, 1989;

SYNNOVE J. HEGGOY, Professor Emerita of Special Education
B.A., Vanderbilt University, 1965;
M.Ed., University of Georgia, 1974;
Ed.S., University of Georgia, 1978;

CLAYTON H. HELLER, Associate Professor of Physics and Acting
Associate Dean, Allen E. Paulson College of Science and
Technology
B.S., San Diego State University, 1984;
M.S., San Diego State University, 1986;
M.S., Yale University, 1991;
M.Phil., Yale University, 1991;

LANCE WARREN HEMBERGER, Assistant Professor Emeritus of
Educational Psychology
B.A., Westminster College, 1963;
M.S., University of Georgia, 1965;
Ph.D., University of Georgia, 1969. (1969)

ALLEN C. HENDERSO, Professor of Music
B.M., Carson-Newman College, 1985;
M.M., University of Tennessee, 1987;
ANN S. HENDERSON, Temporary Instructor of Accounting
B.S.B.A., University of Tennessee, 1985;

ELLEN HUGGINS HENDRIX, Assistant Professor of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1986;

*BARBARA A. HENDRY, Associate Professor of Anthropology
B.A., Florida State University, 1972;
M.A., Florida State University, 1983;

JOHN W. HENRY, Associate Professor Emeritus of Management
B.S., Valdosta State College, 1969;
B.B.A., Valdosta State College, 1985;
M.B.A., Valdosta State College, 1978;
Ph.D., Florida State University, 1992. (1985)

*NICOLAS L. HENRY, Professor of Public Administration
B.A., Centre College, 1965;
M.A., Pennsylvania State University, 1967;
M.P.A., Indiana University, 1970;
Ph.D., Indiana University, 1971. (1987)

*TRACY ANN HENRY, Assistant Professor of Economics
B.S., University of the West Indies, 1995;
M.S., University of the West Indies, 1997;
M.A., University at Stony Brook-State University of New York, 1999;
Ph.D., University at Stony Brook-State University of New York, 2004. (2005)

VERNON J. HENRY, Adjunct Professor of Geology
B.S., Lamar State College of Technology, 1953;
M.S., Texas A&M College, 1955;

KYLE HENSEL, Adjunct Instructor of Management, Marketing, and Logistics
B.B.A., Georgia Southern University, 2002;

DIANA HENSLEY, Coordinator, Student Leadership, and Adjunct Instructor
B.S., University of Wisconsin-Stevens Point, 2001;

NANCY A. HERRING, Associate Professor Emerita of Accounting
B.A., Southern Illinois University, 1969;
M.A., Georgia Southern College, 1971;
Ph.D., Georgia State University, 1983;

KEITH FREDERICK HICKMAN, Professor Emeritus and Head Emeritus, Department of Industrial Technology
B.S., Colorado State College, 1955;
M.Ed., Colorado State College, 1959;

*JOSÉ MANUEL HIDALGO, Assistant Professor of Spanish
Licenciature, University of Seville, 1998;
M.A., Ohio University, 2003;
Ph.D., University of Virginia, 2006. (2006)

JAMES L. HIGDON, Assistant Professor of Physics
B.S.P., University of Texas, 1981;
B.A., University of Texas, 1981;
M.A., University of Texas, 1989;
Ph.D., University of Texas, 1993. (2006)

SARAH J. HIGDON, Adjunct Assistant Professor of Physics
B.Sc., University of Leeds, 1986; M.A.,
University of Bradford, 1988; M.Sc.,
University of Manchester, 1989;

ROBERT HIGGERSON, Temporary Assistant Professor of Philosophy
B.A., Southeast Missouri State University, 1989;
M.A., Southern Illinois University-Carbondale, 1994;

*LESLEE HIGGINS, Associate Professor of Accounting
B.A., University of California-Santa Barbara, 1970;
M.B.A., University of Louisville, 1982;

RICHARD L. HILDE, Associate Professor Emeritus of Marketing
B.S., Minor State College, 1965;
M.B.A., St. Mary's University, 1969;
Ph.D., University of North Dakota, 1973. (1973)

DENNY E. HILL, Assistant Professor Emeritus of Sociology
A.A., Manatee Junior College, 1969;
B.A., University of Florida, 1971;

*JEREMY RYAN HILL, Research Associate II, College of Business Administration, and Adjunct Instructor of Public Administration
B.B.A., Georgia Southern University, 1999;

*JESSICA HINES, Professor of Art
A.A., St. Louis Community College, 1980;
B.F.A., Washington University, 1982;

CHARLES W. HODGES, Adjunct Assistant Professor of Finance and Quantitative Analysis
B.S., Florida State University, 1981; M.B.A.,
Florida State University, 1988; Ph.D., Florida
State University, 1993. (2006)

J. FRANK HODGES, JR, Professor Emeritus of Finance and Insurance
B.S.I.M., Georgia Institute of Technology, 1954;
M.B.A., Georgia State University, 1962;

*DONNA A. HOODICKI, Professor of Nursing
B.S.N., Medical College of Georgia, 1978;
M.N., University of South Carolina, 1980;
Ph.D., Medical College of Georgia, 1992. (1983)

*ROBERT C. HOELL, Assistant Professor of Management
B.A., Virginia Polytechnic Institute and State University, 1985;
M.S., Virginia Polytechnic Institute and State University, 1993;

RAY J. HOFFMAN, Design and Production Assistant, Marketing and Communications, and Adjunct Instructor

ALYCIA F. HOLMES, Assistant Professor of Fashion Merchandising and Apparel Design
B.S.F.C.S., University of Mississippi, 1999;

JAMES M. HOOD, Assistant Professor Emeritus of Educational Psychology and Counseling
B.S.Ed., Georgia Southern College, 1959;
M.Ed., University of Georgia, 1964;
Ph.D., University of Alabama, 1972. (1968)

ADELE M. HOOLEY, Assistant Professor Emerita of English
B.S., Shippensburg State College, 1950;

WILLIAM J. HOSKINS, Adjunct Professor of Public Health
B.A., University of Tennessee, 1962;
N. M. WALD, HOSSAIN, Temporary Assistant Professor of Mechanical Engineering
B.Sc., Bangladesh University of Engineering and Technology, 1997; M.S., South Dakota School of Mines and Technology, 2001; Ph.D., South Dakota School of Mines and Technology, 2006. (2007)

*ALICIA ANN HOSTICKA, Professor Emerita of Teaching and Learning

ANNA KAY HOTHCHIKI, Temporary Instructor of Curriculum, Foundations, and Reading

RENEE B. HOTCHIKI, Assistant Professor of Public Health

JAMES A. HOTZ, Adjunct Professor of Public Health
B.A., Cornell University, 1972; M.D., Ohio State Medical School, 1975. (2005)

RAMONA HOWARD, Hall Director, University Housing, and Adjunct Instructor
B.S., Georgia Southern University, 2003; M.Ed., Georgia Southern University, 2005. (2006)

TIMOTHY HSU, Adjunct Professor of Public Health

YINGKANG HU, Professor of Mathematics
B.S., Beijing Institute of Chemical Technology, 1982; Ph.D., University of South Carolina, 1989. (1989)

*BERNIE P. HUANG, Assistant Professor of Manufacturing
B.S., Chung-Yuan Christian University, 1992; M.S., Iowa State University, 1998; Ph.D., Iowa State University, 2002. (2002)

KATHLEEN S. HUBBARD, Assistant Professor of Art

*SONYA HUBER-HUMES, Assistant Professor of Creative Writing

JANE RHOADES HUDAK, Dean, College of Liberal Arts and Social Sciences, and Professor of Art

LAWRENCE HUFF, Professor Emeritus and Head Emeritus, Department of English and Philosophy
A.B., University of Georgia, 1941; M.A., University of Georgia, 1948; Ph.D., Vanderbilt University, 1958. (1958)

MARTHA L. HUGHES, Temporary Instructor of Spanish

*JOHN B. HUMMA, Professor Emeritus of Literature

PATRICIA B. HUMPHREY, Associate Professor of Mathematics

MONICA HUNT, Temporary Instructor of History

MOHAMMAD F. HUQUE, Adjunct Professor of Public Health

DORSET HARRAN HURLEY, Adjunct Instructor of Biology

*MICHAEL O. HURST, Associate Professor of Chemistry
B.S., University of Missouri-Kansas City, 1977; Ph.D., Iowa State University, 1983. (1988)

JAMES M. HUTCHEON, Temporary Assistant Professor of Biology

BRIAN RICHARD HYER, Educational Program Specialist and Adjunct Instructor

Faculty I

ALINA IACOB, Assistant Professor of Mathematics
B.A., University of Bucharest, 1992; Ph.D., University of Kentucky, 2005. (2007)

IONUT EMIL IACOB, Temporary Assistant Professor of Mathematics
B.Sc., Politehnica of Bucharest, 1993; M.S., University of Kentucky, 2002; Ph.D., University of Kentucky, 2005. (2007)

HENRY ILER, Associate Professor Emeritus of Art

*WILLIAM S. IRBY, Associate Professor of Biology and Member, Institute of Arthropodology and Parasitology

Faculty J

*MARY H. JACKSON, Associate Professor of Leadership, Technology, and Human Development

*ROBERT E. JACKSON, Assistant Professor of Accounting

MEGAN JACOBS, Assistant Professor of Art
B.A., Smith College, 2002;
M.F.A., University of New Mexico, 2005. (2005)

STEVEN JACOBSON, Counseling Psychologist, Counseling and Career Development Center, and Adjunct Instructor
B.S., Longwood University, 1997;
M.S., Longwood University, 1998;
Ph.D., Oklahoma State University, 2006. (2006)

*SABA M. JALLOW, Associate Professor of Political Science and Director, Center for Africana Studies
B.S.Agr., West Virginia University, 1980;
M.S., West Virginia University, 1981;
M.S., West Virginia University, 1983;
Ph.D., West Virginia University, 1992. (1989)

ELEANOR J. JAMES, Assistant Professor Emerita of English
B.S.Ed., Texas Technological College, 1969;
M.A., University of Nebraska-Omaha, 1974. (1975)

ORIGEN J. JAMES, Professor Emeritus of Accounting and Dean Emeritus, College of Business Administration
B.S., Agricultural and Mechanical College of Texas, 1958;
M.B.A., Agricultural and Mechanical College of Texas, 1959;

*STEPHEN J. JENKINS, Professor of Curriculum, Foundations, and Reading
B.S., Ball State University, 1976;
M.S.Ed., Indiana University, 1979;
Ph.D., Indiana University, 1982. (1990)

CATHERINE T. JOHNSON, Assistant Professor of German
B.A., University of Michigan, 1986;
M.A., University of Michigan, 1990;

CHRIS JOHNSON, Assistant Professor of Interior Design
B.A., University of Georgia, 1998;

JANE G. JOHNSON, Head Acquisitions Librarian Emerita and Professor Emerita
A.B., Converse College, 1957;
M.S., Louisiana State University and A&M College, 1968. (1977)

*KENNETH H. JOHNSON, Associate Professor Emeritus of Accounting
B.A., Alabama Polytechnic Institute, 1962;
B.S.B.A., Alabama Polytechnic Institute, 1978;
M.B.A., Alabama Polytechnic Institute, 1981;
Ph.D., Georgia State University, 1989. (1991)

LASHANDA N. JOHNSON, Adjunct Instructor of Health and Kinesiology
B.S.H.S., Georgia Southern University, 2004;
M.P.H., Georgia Southern University, 2006. (2007)

RICHARD B. JOHNSON, Associate Professor Emeritus of Communication Arts
B.A., Idaho State College, 1959;
M.F.A., Ohio University, 1962;

GEORGE HEWETT JOINER, JR., Professor Emeritus of History and Director Emeritus, Bell Honors Program
B.A., Emory University, 1963;
M.A., Northwestern University, 1966;
Ph.D., Northwestern University, 1971. (1968)

DANIEL CAMERON JONES, Temporary Instructor of Physics
B.S.P., Georgia Southern University, 2005;

DONNA N. JONES, Assistant Professor Emerita of English
B.M., Stetson University, 1953;

*GERALD A. JONES, Professor Emeritus and Director Emeritus, Engineering Studies
B.S., Mississippi State University, 1968;
M.S., Mississippi State University, 1971;
Ph.D., Mississippi State University, 1988. (1991)

*MARCIA NOREEN JONES, Professor of Economics
B.S., University of the West Indies, 1980;
M.S., University of Illinois at Urbana-Champaign, 1983;
Ph.D., University of Illinois at Urbana-Champaign, 1986. (1986)

WARREN F. JONES, JR., Professor Emeritus of Psychology and Dean Emeritus, College of Arts and Sciences
B.A., Union University, 1950;
A.M., George Peabody College for Teachers, 1951;
Ph.D., Vanderbilt University, 1953. (1972)

ERIN M. JORDAN, Temporary Clinical Instructor of Health and Kinesiology
B.S., West Virginia University, 1995;
M.S., Indiana State University, 1996. (2007)

*FRANCIS E. JORDAN, Assistant Professor of Mathematics
B.A., West Virginia University, 1993;
M.S., West Virginia University, 1995;

*VLADAN JOVANOVIC, Professor of Computer Sciences
B.S., University of Belgrade, 1975;
M.S., University of Belgrade, 1978;
Ph.D., University of Belgrade, 1983. (2001)

*A. BARRY JOYNER, Professor of Kinesiology and Chair, Department of Health and Kinesiology
B.S.Ed., Georgia Southern College, 1985;
M.Ed., Auburn University, 1986;
Ph.D., University of Georgia, 1992. (1992)

JUNE B. JOYNER, Temporary Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2000;

Faculty K

CHRISTOPHER A. KADLEC, Assistant Professor of Information Technology
B.S., University of Mississippi, 1993. (2007)

YOUAKIM KALAANI, Assistant Professor of Electrical Engineering Technology
A.A.S., Cuyahoga Community College, 1986;
B.S.E.E., Cleveland State University, 1989;
M.S.E.E., Cleveland State University, 1991;
D.Engr., Cleveland State University, 1995;

LYDIA KARAKOLIDIS, Residence Hall Director, University Housing, and Adjunct Instructor
B.S., Georgia Institute of Technology, 2004;

CONSTANTINE KARIOTIS, Associate Professor Emeritus of Mathematics
B.S., National and Capodistrian University, 1956;
M.S., DePaul University, 1962;

JOHN B. KARRH, Professor Emeritus of Civil Engineering Technology
B.S., University of Alabama, 1958;
M.S., Stanford University, 1959;
Ph.D., University of Alabama, 1970;
Registered Professional Engineer; Registered Land Surveyor. (1988)
*BILLUR KAYMAK(ÇALAN, Associate Professor of Mathematics
B.Sc., Middle East Technical University, 1982;
M.Sc., Middle East Technical University, 1988;

*HOWARD KEELEY, Assistant Professor of Literature
A.A., Gainesville College, 1996;
A.B., University of Georgia, 1997;
M.A., Princeton University, 2000;

RICHARD ALLEN KEITHLEY, Assistant Professor Emeritus of Writing and Linguistics
B.A., Vanderbilt University, 1965;

MICHAEL S. KELLEY, Temporary Assistant Professor of Geology
B.S., University of Connecticut, 1989;
M.S., Rensselaer Polytechnic Institute, 1995;

CRAIG K. KELLOGG, Associate Professor Emeritus of Chemistry
B.S., Georgia Institute of Technology, 1959;
Ph.D., Georgia Institute of Technology, 1963. (1966)

JULIA ANN KELLY, Temporary Instructor of Accounting
B.S., Mississippi State University, 2000;

*JANICE KENNEDY, Professor of Psychology
B.S., Georgia State College, 1973;
M.A., Georgia State University, 1977;
Ph.D., Georgia State University, 1980. (1984)

REBECCA M. KENNERLY, Assistant Professor of Speech Communication
B.S., Eastern Michigan University, 1996; M.A.,
Eastern Michigan University, 1998; Ph.D.,

*STEPHANIE L. KENNEY, Associate Professor of Leadership, Technology, and Human Development and Associate Dean, College of Education
B.S., Western Michigan University, 1983;
M.A., Western Michigan University, 1987;

*RUSSELL L. KENT, Professor of Management
A.A.S., Regis College, 1977;
B.S., Florida State University, 1979;
M.B.A., University of South Alabama, 1983;
Ph.D., Florida State University, 1991. (1990)

*SCOTT N. KERSEY, Assistant Professor of Mathematics
B.S.E., Arizona State University, 1985;
M.S.E., Arizona State University, 1988;
M.A., University of Wisconsin, 1993;

MARY CLAIRE KETTLER, Assistant Professor Emerita of Fashion Merchandising and Apparel Design
B.S., Louisiana Tech University, 1973;
M.S., Louisiana Tech University, 1974. (1974)

J. BERNARD KEYS, Fuller E. Callaway Professor Emeritus of Business
B.S.B.A., Tennessee Technological University, 1960;
M.S., University of Tennessee, 1964;

ABU MAS KHAN, Temporary Assistant Professor of Physics
B.Sc., University of Dhaka, 1992;
M.Sc., University of Dhaka, 1994;
M.S., University of Cambridge, 1998;

*IRINA S. KHMELKO, Assistant Professor of Political Science
Dipl., Kiev State University, 1988;
M.A., Lancaster University, 1995;
M.P.A., Bowling Green State University, 1996;

*RYAN KHO, Associate Academic Professional and Adjunct Instructor of Music

*AMANDA S. KING, Assistant Professor of Economics
B.A., Agnes Scott College, 1995;
M.A., Vanderbilt University, 1999;

BARBARA M. KING, Temporary Instructor of Sociology
B.A., Pacific Lutheran University, 1994;

EVERTON KING, Temporary Instructor of Information Technology
A.A., Southeastern University, 1982; B.S.,
Southeastern University, 1982; M.S.T.M.,

*JOHN T. KING, Assistant Professor of Economics
B.A., Western Kentucky University, 1996;
M.A., Vanderbilt University, 2000;

TARRY J. KIRKLAND, Temporary Instructor of Political Science
B.S.I.S., Georgia Southern University, 1993;

DEBORAH N. KITTRELL-MIKELL, Center Coordinator, Health and Human Sciences Student Services Center, and Adjunct Instructor
B.S.Ed., Georgia Southern University, 1990;
M.Ed., Georgia Southern University, 1997;
M.Ed., Georgia Southern University, 1999;

*THOMAS B. KLEIN, Assistant Professor of Writing and Linguistics
B.A., University of the Saarland, 1987;
M.A., University of Maryland, 1991;

PAUL RUSSELL KLEINGINNA, Professor Emeritus of Psychology
B.A., University of Miami, 1964;
M.S., University of Miami, 1967;

BRIAN P. KOEHLER, Associate Professor of Chemistry
B.S., Presbyterian College, 1992;
Ph.D., University of Georgia, 1999. (1999)

JOHN F. KOHN, Temporary Instructor of Management, Marketing, and Logistics
B.A., Dickinson College, 1969;

THOMAS M. KOLLARS, JR., Associate Professor of Public Health
A.O.S., Austin Peay State University, 1983;
B.S., Austin Peay State University, 1985;
M.S., Austin Peay State University, 1989;
Ph.D., Memphis State University, 1993. (2007)

*KATHLEEN A. KOON, Associate Professor Emerita of Nursing
B.S.N., D’Youville College, 1965;
M.S.N., Vanderbilt University, 1971;

DENISE D. KORNEGAY, Adjunct Instructor of Public Health
B.A., Carson Newman College, 1985;
M.S.W., University of Georgia, 1987. (2006)
JEFFREY P. KOZEE, Temporary Instructor of Writing and Linguistics  
B.A., Georgia Southern University, 2003;  

DAVID I. KRELLER, Assistant Professor of Chemistry  
B.Sc., University of Waterloo, 1991;  
M.S., University of California-Berkeley, 1993;  
Ph.D., Queen's University, 2003. (2007)  

WAYNE ALLAN KRISSINGER, Professor Emeritus of Biology  
B.S., Georgia Southern College, 1964;  
M.S., Georgia Southern College, 1967;  
Ph.D., Medical College of Georgia, 1975. (1965)  

*JERRI J. KROPP, Associate Professor of Child and Family  
Development and Director, Family Life Center  
A.B., West Georgia College, 1976;  
M.S., University of Georgia, 1979;  
Ph.D., University of Georgia, 1983. (1993)  

*CLARA E. KRUG, Professor of French  
B.A., Madison College, 1968;  
M.A., Michigan State University, 1970;  
Ph.D., Michigan State University, 1978. (1978)  

*RISA MOOSA KUMAZAWA, Assistant Professor of Economics  
B.A., Illinois Wesleyan University, 1994;  
M.S., Illinois State University, 1995;  

*GAUTAM KUNDU, Associate Professor of Literature  
B.A., University of Calcutta, 1965;  
M.A., University of Calcutta, 1968;  
M.Phil., Jadavpur University, 1978;  
M.A., Simon Fraser University, 1981;  

*HSIANG-JUI KUNG, Assistant Professor of Information Systems  
B.S., Chinese Naval Academy, 1980;  
M.S., Northwestern University, 1990;  

*HORST KURZ, Associate Professor of German  
B.A., Universität Augsburg, 1982;  
M.A., The Ohio State University, 1986;  
Ph.D., The Ohio State University, 1992. (1993)  

JULIE KUYKENDALL, Fitness Program Director, Campus Recreation and Intramurals, and Adjunct Instructor  
B.S., Georgia Southern University, 2003;  
M.S., Georgia Southern University, 2006. (2005)  

Faculty L  

PATRICIA ANN LACERVA, Associate Professor Emerita of English  
B.A., Southeastern Louisiana College, 1960;  
M.A., Auburn University, 1962;  

*ANTHONY J. LACHOWETZ, Associate Professor of Sport Management  
B.S., Springfield College, 1980;  
M.S., Springfield College, 1996;  
Ph.D., University of Massachusetts, 2001. (2001)  

PAUL G. LAGRONNE, Professor Emeritus of Accounting and Dean Emeritus, School of Business  
B.S., Bowling Green College of Commerce, 1947;  
M.B.A., University of Denver, 1948;  
Ph.D., University of Alabama, 1958. (1962)  

*ANNETTE LAING, Assistant Professor of History  
B.A., California State University-Sacramento, 1988;  
M.A., University of California-Riverside, 1990;  

ROBERT L. LAKE, Temporary Assistant Professor of Social Foundations  
B.A., Empire State College, 1998;  
M.S., University at Albany-State University of New York, 2000;  

*MARGARET J. LaMONTAGNE, Associate Professor of Teaching and Learning  
B.S.Ed., University of Georgia, 1976;  
M.A.E., University of Alabama, 1980;  

BETTY LANE, Professor Emerita and Head Emerita, Division of Home Economics  
B.S., Georgia College, 1949;  
M.Ed., University of Georgia, 1956;  
Ph.D., Florida State University, 1962. (1953)  

BILLY C. LANE, Construction Project Coordinator and Adjunct Instructor of Construction Management  
B.E.T., Georgia Southern College, 1975;  

DORIS N. LANIER, Associate Professor Emerita of English  
B.A., Georgia Southern College, 1968;  
M.A., Georgia Southern College, 1970;  
Ed.S., Georgia Southern College, 1974. (1972)  

NANCY J. LANIER, Associate Professor Emerita of Special Education  
A.B., Brenau College, 1949;  
M.Ed., Georgia Southern College, 1973;  
Ed.S., Georgia Southern College, 1976;  
Ed.D., University of South Carolina, 1983. (1973)  

*SUSIE M. LANIER, Assistant Professor of Mathematics  
B.S.Ed., Georgia Southern College, 1981;  
M.S.T., Georgia Southern College, 1983;  
Ph.D., University of Georgia, 1999. (1983)  

SAUL J. LASKIN, Professor Emeritus of Mechanical Engineering Technology  
B.M.E., City College of New York, 1956;  
M.M.E., City College of New York, 1962;  
M.S., University of Rochester, 1968;  
Ph.D., University of Rochester, 1972;  
Professional Engineer. (1979)  

DEWITT EARL LAVENDER, Associate Professor Emeritus and Chair Emeritus, Department of Mathematics and Computer Science  
B.S., University of Georgia, 1962;  
M.A., University of Georgia, 1963;  
Ph.D., University of Georgia, 1966. (1966)  

*ALAIN LAWO-SUKAM, Assistant Professor of Spanish  
B.A., University of Yaoundé I, 1995;  
M.A., University of Yaoundé I, 1997;  
Ph.D., University of Illinois at Urbana-Champaign, 2005. (2005)  

*JOHN J. LEAPTROT, Assistant Professor of Marketing  
B.S.B.A., Oregon State University, 1972;  
M.B.A., Nova Southeastern University, 1999;  
Ph.D., Florida Atlantic University, 2005. (2005)  

*GERALD R. LEDLOW, Associate Professor of Public Health  
B.A., Virginia Military Institute, 1987;  
M.H.A., Baylor University, 1996;  

BRIDGETT H. LEE, Lecturer of Mathematics  
B.S.Ed., Georgia Southern University, 1994;  
RICHARD F. LEE, Adjunct Professor of Biology
B.A., San Diego State University, 1964;
M.A., University of California-San Diego, 1966;

SUN-A LEE, Assistant Professor of Child and Family Development
B.S., Yonsei University, 1994;
M.S., University of Arizona, 2002;

*LISSA M. LEEGE, Associate Professor of Biology
B.A., St. Olaf College, 1988;

*CHRISTINA LEMON, Associate Professor of Art
B.F.A., Radford University, 1990;

*GORAN LESAJA, Associate Professor of Mathematics
B.S., University of Zagreb, 1980;
M.S., University of Zagreb, 1987;
M.S., University of Iowa, 1994;
Ph.D., University of Iowa, 1996. (1996)

LORI L. LESTER, Document Librarian and Assistant Professor
B.A., State University of West Georgia, 1994;

ANGELA M. LEVERETT, Instructor of Accounting and Assistant to
the Director, College of Business Administration Graduate Studies
B.B.A., Georgia Southern University, 1992;
B.B.A., Georgia Southern University, 1993;

CHRISTOPHER O'NEAL LEVERETT, Temporary Instructor of
Information Systems
B.S.I.E.T., Georgia Southern University, 1991;
M.T., Georgia Southern University, 1993;

*WILLIAM B. LEVERNIER, Professor of Economics
B.B.A., Gonzaga University, 1978;
M.A., University of Tennessee, 1981;

GEORGE L. LEWIS, Dean of Students and Adjunct Instructor
B.B.A., Edinboro University of Pennsylvania, 1993;

ROBERT FULTON LEWIS, Associate Professor Emeritus of
Reading
B.S.Ed., Auburn University, 1952;
M.S., Auburn University, 1958;
M.Ed., Auburn University, 1960;
Ed.D., Auburn University, 1963. (1963)

WILLIAM CLARK LEWIS, JR., Temporary Instructor of
Communication Arts
B.A., University of Florida, 2000;

LILI LI, Information Services Librarian and Assistant Professor
B.A., Shanghai Teachers’ University, 1986;

*LIXIN LI, Assistant Professor of Computer Sciences
B.E., Southwest Jiaotong University, 1997;
M.E., Southwest Jiaotong University, 1999;

*XIEZHANG LI, Professor of Mathematics
B.S., Shanghai Teachers’ College, 1966;
M.S., Shanghai Teachers’ College, 1981;
Ph.D., Kent State University, 1990. (1990)

*YOUMING LI, Assistant Professor of Computer Sciences
B.S., Beijing University, 1991;
M.S., Beijing University, 1996;

*MELISSA KAY LICKTEIG, Assistant Professor of Nursing
B.S.N., Harding University, 1987;
M.S.N., University of Central Arkansas, 1993;

RALPH LIGHTSEY, Professor Emeritus of Educational Research
A.B., Mercer University, 1945;
B.D., Emory University, 1951;
Th.M., Columbia Seminary, 1955;
Ed.D., University of Georgia, 1965. (1965)

TAMMY T. LINDER, Temporary Instructor of Writing and
Linguistics
B.A., Georgia Southern University, 2000;

JOHN ROBERT LINSEY, Professor Emeritus of Education
B.S., Clemson Agricultural College, 1948;
M.Ed., Mercer University, 1953;
A.M.Ed., Florida State University, 1956;
Ed.D., Florida State University, 1958. (1958)

TRAVIS B. LINVILLE, Temporary Assistant Professor of Art
B.F.A., Miami University, 1999;

*DELORES D. LISTON, Professor of Curriculum, Foundations, and
Reading
B.A., University of Oklahoma, 1983;
M.A., Florida State University, 1986;

*BRUCE LITTLE, Professor of Art
B.F.A., Auburn University, 1976;
M.F.A., Auburn University, 1979;

*JUN LIU, Assistant Professor of Quantitative Methods
B.S., Nankai University, 1993;
M.Acc., Nankai University, 1999;
M.S., University of Illinois-Chicago, 2000;

*JOHN THOMAS LLOYD, JR., Professor of Literature
B.A., Dartmouth College, 1973;
B.A., Corpus Christi College, Cambridge University, 1976;
M.A., University of Wisconsin, 1978;

*MARGARET A. LLOYD, Professor Emerita and Chair Emerita,
Department of Psychology
B.A., University of Denver, 1964;
M.S.Ed., Indiana University, 1966;
M.A., University of Arizona, 1972;

JAMES M. LoBUE, Associate Professor of Chemistry
B.A., Carleton College, 1978;
Ph.D., Wesleyan University, 1986. (1993)

NAN STEVENS LoBUE, Temporary Instructor of Writing and
Linguistics
B.A., Carleton College, 1978;

*LAWRENCE LOCKER, JR., Assistant Professor of Psychology
B.S., Fort Hays State University, 1995;
M.A., University of Kansas, 2001;
Ph.D., University of Kansas, 2005. (2005)

TAUNIA LOCKER, Temporary Instructor of Psychology
B.S., Fort Hays State University, 1993;
*MARY JILL LOCKWOOD, Professor of Accounting
B.A., University of Florida, 1969;
J.D., Emory University, 1974;
L.L.M., Emory University, 1979;

*ALLISON J. LONG, Associate Professor of Chemistry
B.S., Western Kentucky University, 1992;
M.S., The Ohio State University, 1995;

MARSHA F. LOTT, Temporary Instructor of Art

MISTY L. LOUGHRY, Associate Professor Management
B.A., Towson State University, 1986;
M.B.A., Loyola University, 1990;

BILL P. LOVEJOY, Professor Emeritus of Biology
B.S., Muskingum College, 1951;
M.S., University of New Mexico, 1958;
Ph.D., Oregon State University, 1972. (1968)

DAVID A. LOWDER, Systems Librarian and Assistant Professor
A.B.J., University of South Carolina, 1977;

HSIU-LIEN LU, Assistant Professor of Early Childhood Education
B.A., National Taiwan Normal University, 1983;
M.Ed., University of Massachusetts, 2003;

*CHRISTINE G. LUDOWISE, Assistant Professor of Political Science
B.A., College of Wooster, 1991;
Ph.D., University of Tennessee, 1999. (1999)

BONNIE LYNCH, Educational Program Specialist and Adjunct Instructor
B.A., Georgia Southern College, 1972;

JAMES WALTER LYNCH, Assistant Professor Emeritus of Mathematics
B.A., University of Georgia, 1952;
M.A., University of Georgia, 1956. (1961)

MONIKA F. LYNCH, Assistant Professor Emerita of German
B.A., Georgia Southern University, 1969;
M.A., University of Georgia, 1972. (1972)

CHARLES ALLEN LYNN, Temporary Instructor of English as a Second Language
B.A., Georgia State University, 1997;

Faculty M

LI MA, Associate Professor of Physics
B.E., Changchun Institute of Optics and Fine Mechanics, 1982;
M.S., Changchun Institute of Optics and Fine Mechanics, 1983;

TIMOTHY P. MACK, Dean, Jack N. Averitt College of Graduate Studies, and Professor of Biology
A.B., Colgate University, 1975;
M.S., Pennsylvania State University, 1979;

RONALD J. MACKINNON, Associate Professor of Information Systems
B.S., St. Francis Xavier University, 1959;
Ed.D., Oklahoma State University, 1970;

*NANCY L. MALCOM, Associate Professor of Sociology
B.A., Miami University, 1994;

GUSTAVO O. MALDONADO, Assistant Professor of Construction Management
A.D., Instituto Corazón de María, 1975;
Dipl., Universidad Nacional de Córdoba, 1981;
M.S., Virginia Tech, 1987;

*BARBARA J. MALLORY, Assistant Professor of Educational Leadership
B.S., East Carolina University, 1973;
M.A.E., East Carolina University, 1979;
M.L.S., East Carolina University, 1984;
Ed.S., East Carolina University, 1990;

CAROLYN MANDES, Assistant Professor Emerita of Education
B.S.Ed., Georgia Teachers College, 1956;
M.Ed., Georgia Southern College, 1974;

JUSTINE S. MANN, Professor Emerita of Political Science and Public Administration B.A.,
Newcomb College, 1940; M.A., University of Alabama, 1963;
Ph.D., University of Alabama, 1966. (1968)

JAMES E. MANNING, Professor Emeritus of Engineering Studies and Dean Emeritus, Allen E. Paulson College of Technology
B.E.E., University of Florida, 1963;
M.E., University of Florida, 1966;
Ph.D., University of Florida, 1970; Professional Engineer. (1977)

*KARL B. MANRODT, Associate Professor of Logistics
B.A., Wartburg College, 1979;
M.S., Wright State University, 1989;

BRENDA L.H. MARINA, Assistant Professor of Educational Leadership
A.A.S., University of Akron, 1988;
B.S.T.Ed., University of Akron, 1993;
M.S.Ed., University of Akron, 1996;

ANNE E. MARSHALL, Assistant Professor of Educational Research
B.A., Boston College, 1996;

ELAINE S. MARSHALL, Bulloch Healthcare Foundation Endowed Chair and Professor of Nursing
A.A., Weber State College, 1970;
B.S.N., University of Utah, 1972;
M.S., University of Utah, 1979;

JOHN STATEN MARTIN, Professor Emeritus of Building Construction Technology
B.S., Georgia Teachers College, 1950;
M.Ed., Georgia Southern College, 1960;

*ROBERT ALLAN MARTIN, Associate Professor Emeritus of Educational Psychology
B.S.Ed., and B.Mus., The Ohio State University, 1960;
M.A., The Ohio State University, 1964;
Ph.D., The Ohio State University, 1971. (1972)

*DORALINA MARTÍNEZ-CONDE, Assistant Professor of Spanish
B.A., Universidad Nacional Pedro Henríquez Ureña, 1972;
M.A., The Ohio State University, 1984;

MARY R. MARWITZ, Assistant Professor of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1972;
M.A., Baylor University, 1982;
Ph.D., University of South Carolina, 1998. (1996)

MONDI MASON, Assistant Professor of Public Health
B.A., University of Florida, 1989;
M.P.H., University of Northern Colorado-Greeley, 1994;

*RICHARD L. MASON, Assistant Professor of Music
B.A., West Virginia Wesleyan College, 1979;
M.A., California State University-Northridge, 1981;

*DAVID WYLIE MATHEW, Professor Emeritus and Chair Emeritus, Department of Music
B.A., Knox College, 1967;
M.M., Northern Illinois University, 1971;

BRENDA R. MATZKE, Assistant Professor of Nursing
B.S.N., University of Texas, 1981;
M.S.N., Southeastern Louisiana University, 2003;

JULIE G. MAULDIN, Assistant Professor of Early Childhood Education
B.A., Georgia Southern University, 1998;
M.A., Georgia Southern University, 2001;
Ed.D., Georgia Southern University, 2006. (2007)

KISHWAR MIRZA MAUR, Associate Professor Emerita of Biology and Adjunct Member, Institute of Arthropodology and Parasitology
B.Sc., Women's College, 1954;
B.Ed., Osmania University, 1955;
M.S., Ohio University, 1961;

*TRENT W. MAURER, Assistant Professor of Child and Family Development
B.A., University of Notre Dame, 1998;
M.S., University of Illinois at Urbana-Champaign, 1999;

*VIKTOR V. MAYMESKUL, Assistant Professor of Mathematics
M.S., Donetsk State University, 1981;
Ph.D., Institute of Applied Mathematics and Mechanics, 1987;

*LANCE D. MCBRAYER, Assistant Professor of Biology
B.S., Berry College, 1993;
M.A., College at Buffalo-State University of New York, 1996;

*WILLIAM W. McCARTNEY, W. E. Carter Distinguished Professor of Leadership
B.I.M., Alabama Polytechnic Institute, 1964;
M.B.A., Sanford University, 1970;

*STARLA McCOLLUM, Associate Professor of Kinesiology
B.S., Winthrop College, 1982;
M.S., Winthrop College, 1984;

*KAREN M. McCURDY, Associate Professor of Political Science
B.A., University of Colorado, 1979;
M.A., University of Wisconsin, 1982;

*J. MICHAEL MCDONALD, Professor of Management
B.S., Georgia Institute of Technology, 1971;
M.Ed., University of Georgia, 1973;
Ph.D., University of Georgia, 1976. (1987)

JANNA KAY MCDONALD, Coordinator, Staff Development, and Adjunct Instructor
B.S., East Carolina University, 1992;

*C. MICHELE DAVIS McGIBONY, Associate Professor of Chemistry
B.S., Georgia Southern University, 1993;

*LETICIA L. MCGRAH, Assistant Professor of Spanish
B.A., Mobile College, 1993;
M.A., Auburn University, 1995;
Ph.D., University of Kentucky, 2000. (2001)

*MICHAEL J. MCGRAH, Associate Professor of Spanish
B.A., Georgia Southern College, 1988;
M.A., Middlebury College, 1989;

*JULIE McGuire, Associate Professor of Art
B.A., Illinois College, 1983;
M.A., University of Arkansas, 1988;

*WILLIAM D. McIntosh, Professor of Psychology
B.S., Fordham University, 1984;
M.A., Duquesne University, 1985;
Ph.D., University of Georgia, 1990. (1990)

BRITTON A. MCKAY, Assistant Professor of Accounting
B.S., Southern Illinois University, 2001; M.Acc.,
Southern Illinois University, 2003; Ph.D.,

*BEVERLY ANN McKENNA, Assistant Professor of Teaching and Learning
B.S.Ed., University of Arkansas, 1976;

BETTY J. McKinny, Clinical Instructor of Secondary Education
B.S., Southern Oregon State College, 1971;
M.S.Ed., Western Oregon State College, 1978;
Ed.S., University of Connecticut, 1989;

*DENSON K. McLAIN, Professor of Biology and Member, Institute of Arthropodology and Parasitology
B.S., Texas A&M University, 1976;
M.S., University of Florida, 1978;
Ph.D., Emory University, 1982;
Postdoctoral training, University of Notre Dame, 1983-86;
Postdoctoral training, Emory University, 1986-87. (1987)

*JUDITH McLAUGHLIN, Professor Emerita of Public Health
B.A., Berea College, 1966;
M.S., The Ohio State University, 1971;

*MARGARET A. McLaughlin, Associate Professor of Writing and Linguistics
B.A., DePauw University, 1955;
M.A., Western Illinois University, 1972;
M.S.Ed., Western Illinois University, 1976;

SEAN M. McLAUGHLIN, Adjunct Assistant Professor of Military Science
Captain, U.S. Army;
*THOMAS BRUCE McLEAN, Associate Professor of Mathematics  
B.S.Ed., Ohio Northern University, 1963;  
M.A., Bowling Green State University, 1965;  

*JAMES L. McMILLAN, Associate Professor of Health and Kinesiology  
A.S., Macon Junior College, 1979;  
B.S.Ed., Georgia Southern College, 1981;  
M.S., Auburn University, 1984;  

*E. THOMAS McMULLEN, Associate Professor of History  
B.S., Washington State University, 1964;  
M.S., Southern Methodist University, 1971;  
M.A., Indiana University, 1986;  

MEAGAN N. McNAMEE, Temporary Instructor of Mathematical Sciences  
B.S., Georgia Southern University, 2003;  

GARY E. MEANS, Dean, Division of Continuing Education and Public Service, and Professor of Public Health  
B.A., San Diego State University, 1964;  
M.S.W., San Diego State University, 1968;  

*WALDO E. MEEKS, Professor of Industrial Technology  
B.S., Georgia Southern College, 1972;  
M.T., Georgia Southern College, 1976;  

BRIDGET A. MELTON, Assistant Professor of Health and Kinesiology  
B.A., Purdue University, 1997;  
M.S., Georgia Southern University, 2000;  

*CHERYL T. METREJEAN, Assistant Professor of Accounting  
B.S.B.A., University of Louisiana, 1986;  
M.Acc., University of North Carolina-Chapel Hill, 1988;  

*PAUL EDDIE METREJEAN, Assistant Professor of Accounting  
B.S.B.A., University of Louisiana, 1989;  
M.T., University of Mississippi, 1997;  

JONATHAN N. METZLER, Assistant Professor of Health and Kinesiology  
B.A., Concordia College, 1998;  
M.A., University of North Carolina-Chapel Hill, 2001;  

*GRZEGORZ J. MICHALSKI, Temporary Assistant Professor of Mathematics  
M.S., Warsaw University, 1986;  

D. KING MIDDLETTON, Temporary Instructor of Writing  
B.G.S., Armstrong State College, 1985;  

JODI M. MIDDLETON, Leadership Specialist, Office of Student Leadership and Volunteer Services, and Adjunct Instructor  
B.A., California State University-Sacramento, 2003;  
M.S., University of Tennessee, 2006. (2006)

*MORGAN P. MILES, Professor of Marketing  
B.S., Mississippi State University, 1978;  
M.S., Virginia Polytechnic Institute and State University, 1981;  

REX MILLER, JR., Education Technology Services Coordinator, School of Technology, and Adjunct Instructor  
B.M.E., Georgia Institute of Technology, 1965;  

VINCENT A. MILLER, Assistant Director, Admissions, and Adjunct Instructor  
B.S., Louisiana Tech University, 2001;  

ROSE B. MILLIKAN, Assistant Professor Emerita of Mathematics  
B.A., University of Arkansas, 1959;  
M.Ed., University of Arkansas, 1962;  
B.F.A., Georgia Southern College, 1987;  
Ed.S., Georgia Southern University, 1993. (1985)

LAURA A. MILNER, Associate Professor of Writing and Linguistics  
B.A., University of Alabama, 1981;  
M.A.L.S., Wesleyan University, 1984;  

STEPHEN MINTON, Temporary Instructor of Hotel and Restaurant Management  

TIMUR MIRZOEV, Assistant Professor of Information Technology  
B.S., Kabardino-Balkarian State University, 1999;  
B.B.A., University of Mississippi, 1996;  
M.S., Indiana State University, 2002;  
Ph.D., Indiana State University, 2007. (2007)

*W. BEDE MITCHELL, Dean of the Library, University Librarian, and Professor  

*ANIRUDDHA MITRA, Assistant Professor of Mechanical Engineering Technology B.M.E.  

CLEON M. MOBLEY, JR., Associate Professor Emeritus of Physics  
A.S., Southern Technical Institute, 1961;  
B.S., Oglethorpe College, 1963;  
M.S., University of Missouri-Rolla, 1966;  
Ph.D., The Union for Experimenting Colleges and Universities, 1967. (1967)

HARRIS W. MOBLEY, Professor Emeritus of Anthropology  
A.B., Mercer University, 1955;  
B.D., Southeastern Baptist Theological Seminary, 1959;  
M.A., Hartford Seminary Foundation, 1965;  

JAMES M. MOHR, Assistant Professor of Broadcasting  
B.S., Arkansas State University, 1978;  

GUSTAVO J. MOLINA, Associate Professor of Mechanical Engineering Technology  
Dipl., National University of Cordoba, 1986;  
M.A.Sc., University of Ottawa, 1994;  

EDWARD B. MONDOR, Assistant Professor of Biology and Member, Institute of Arthropodology and Parasitology  
B.Sc., Brandon University, 1993;  
M.Sc., University of Alberta, 1996;  

*J. LOWELL MOONEY, Professor of Accounting  
B.B.A., University of Georgia, 1978;  
M.Acc., University of Georgia, 1979;  
Ph.D., University of Georgia, 1989;

ROBERT W. MOONEY, Adjunct Professor of Public Health
B.S., Rochester Institute of Technology, 1977;

BRIAN C. MOORE, Chair, Department of Construction
Management/Civil Engineering Technology, and Professor of Civil
Engineering Technology
B.S., Maine Maritime Academy, 1984;
M.S., Georgia Institute of Technology, 1989;

DANELL C. MOORE, Temporary Instructor of Nursing
A.D.N., Georgia State University, 1976;
B.S.N., Armstrong State College, 1980;
M.Ed., Valdosta State College, 1991;

DOROTHY LOUISE MOORE, Associate Professor Emerita of Early
Childhood Education
B.S., Bemidji State University, 1949;
M.A., University of North Colorado, 1953;
Ph.D., Florida State University, 1973. (1975)

*MICHAEL T. MOORE, Professor of Reading
B.Ed., Duquesne University, 1972;
M.Ed., University of Pittsburgh, 1976;

*SUE MULLINS MOORE, Professor of Anthropology and Chair,
Department of Sociology and Anthropology
B.A., University of Florida, 1975;
M.A., University of Florida, 1977;

WILLIAM THOMAS MOORE, Temporary Instructor of Accounting
B.S., University of Tampa, 1971;

*MARLA B. MORRIS, Associate Professor of Curriculum
B.A., Tulane University, 1991;
M.A., Loyola University, 1993;

*HANS P. MORTENSEN, Associate Professor of Graphic
Communications Management
B.S., Rochester Institute of Technology, 1985;

CLEMENT CHARLTON MOSELEY, Professor Emeritus of History
B.S.Ed., Georgia Southern College, 1959;
M.A., Georgia Southern College, 1965;
Ph.D., University of Georgia, 1968. (1963)

HOWARD F. MOSELEY, Professor Emeritus of Administration and
Supervision
B.S., Livingston State University, 1939;
M.A., University of Alabama, 1948;
Ed.D., University of Alabama, 1955. (1965)

JANET MOSS, Temporary Instructor of Management, Marketing,
and Logistics
B.A., University of South Florida, 1983;

*STEVEN E. MOSS, Associate Professor of Decision Sciences
B.A., University of South Florida, 1982;
M.B.A., Georgia State University, 1985;
Ph.D., Georgia State University, 1994. (2000)

*MARC MOULTON, Assistant Professor of Art
B.A., Weber State University, 1985;

SULA BRANNEN MOXLEY, Assistant Professor Emerita of Marketing
B.S., Stetson University, 1950;
M.B.E., Georgia State University, 1967. (1971)

LINDA G. MULLEN, Assistant Professor of Marketing
B.A., Western Michigan University, 1976;
M.B.A., Southern Illinois University, 1997;

LISA K. L. MULLER, Assistant Professor of Public Relations
B.S., Georgia Southern University, 1998;

*LINDA S. MUNILLA, Professor of Marketing
B.S., West Virginia Institute of Technology, 1971;
M.S.Ed., Virginia Polytechnic Institute and State University, 1977;
Ed.D., Virginia Polytechnic Institute and State University, 1981. (1979)

*BARRY A. MUNKASY, Assistant Professor of Kinesiology
B.S.E., Tulane University, 1985;
M.S., Arizona State University, 1990;
Ph.D., University of Southern California, 1999. (1998)

ELLEN MURKISON, Academic Advisor and Adjunct Instructor
B.A., Illinois State University, 1994;

*EUGENE C. MURKISON, Professor Emeritus of Management
B.S.A., University of Georgia, 1959;
M.B.A., University of Rochester, 1970;

RAY PATTERSON MURPHEY, Temporary Instructor of Writing
and Linguistics
B.A., Georgia Southern College, 1975;

KAREN A. TOWNSEND MURPHREE, Career Resource Specialist
and Adjunct Instructor
B.A., Centenary College of Louisiana, 1992;

DAVID MURRAY, Assistant Professor of Music
B.M., Southwest Baptist University, 1993;
M.M., University of Kentucky, 1995;

*JOHN D. MURRAY, Professor and Chair, Department of
Psychology
B.A., Purdue University, 1984;

KENT D. MURRAY, Assistant Professor of Communication Arts
A.A., Gulf Coast Junior College, 1969;
B.A., University of West Florida, 1974;

MORGAN MURRAY, Residence Hall Director, University Housing,
and Adjunct Instructor
B.A., The Ohio State University, 2004;

*FREDERIC D. MYNARD, Assistant Professor of Mathematics
B.S., University of Burgundy, 1994;
M.S., University of Burgundy, 1996;

Faculty N

KAREN Z. NAUFEL, Assistant Professor Psychology
B.A., University of Arkansas, 2002;
M.A., University of Arkansas, 2004;
*SHAHNAM NAVAEE, Professor of Engineering Studies and Associate Dean, Allen E. Paulson College of Science and Technology
B.S., Louisiana State University and A&M College, 1980;
M.S., Louisiana State University and A&M College, 1983;
Ph.D., Clemson University, 1989. (1993)

*DANA NAYDUCH, Assistant Professor of Biology and Member, Institute of Arthropodology and Parasitology
B.S., Rutgers University, 1992;

*BETTY MOORE NELSON, Instructor of Teaching and Learning
A.S., Tidewater Community College, 1976;
B.S., Old Dominion University, 1977;
M.S.Ed., Old Dominion University, 1980. (1996)

*ERIC R. NELSON, Professor of Writing
B.A., Virginia Polytechnic Institute and State University, 1975;

GARY D. NELSON, Adjunct Professor of Public Health
B.S.Ed., Kansas State University, 1973;
M.S.H.E., Central Michigan University, 1978;
Ph.D., University of Utah, 1982. (2006)

REX A. NELSON, Professor Emeritus of Industrial Technology
B.S., Fort Hays Kansas State College, 1957;
M.S., Fort Hays Kansas State College, 1958;

ROBERT NORTON NELSON, Associate Professor Emeritus of Chemistry
B.S., Brown University, 1963;
Ph.D., Massachusetts Institute of Technology, 1969. (1970)

CAROL M. NESSMITH, Assistant Professor Emerita of Mathematics
B.S., University of Georgia, 1968;
M.Ed., University of Georgia, 1969;
Ed.S., Georgia Southern University, 1992. (1978)

*SAUNDRA MURRAY NETTLES, Professor of Curriculum, Foundations, and Reading
A.B., Howard University, 1967;
M.S., University of Illinois at Urbana-Champaign, 1968;
M.S., Howard University, 1974;

ROBERT C. NEWMAN, Lecturer of Information Systems
B.S.B.A., University of South Carolina, 1979;

*SZE-MAN NGAI, Associate Professor of Mathematics
B.Sc., University of Hong Kong, 1987;
M.A., University of Pittsburgh, 1989;

BETSY H. NICHOLS, Associate Professor Emerita of Writing and Linguistics
A.B., Alabama College, 1969;
M.A., University of Arkansas, 1971;

JAMES R. NICHOLS, Professor Emeritus of Literature and Chair Emeritus, Department of English and Philosophy
B.A., Union College, 1961;
M.A., University of North Carolina-Chapel Hill, 1966;

*MICHAEL E. NIELSEN, Professor of Psychology
B.A., Southern Utah University, 1986;
M.A., Northern Illinois University, 1990;

BARBARA B. NIXON, Temporary Instructor of Communication Arts
B.A., Auburn University, 1984;

PAMELA N. NKEMKA-MORFAY, Temporary Assistant Professor of Biology
B.Sc., University of Reading, 1991;
M.Sc., University of Reading, 1992;

*THOMAS G. NOLAND, Associate Professor of Accounting
B.A., University of Kentucky, 1987;
M.S.M., Georgia Institute of Technology, 1992;
Ph.D., University of Mississippi, 2000. (2001)

JOHN F. NOLEN, JR., Vice President Emeritus of Student Affairs and Dean Emeritus of Students
B.A., Furman University, 1960;
B.D., Southeastern Baptist Theological Seminary, 1963;
Ph.D., Florida State University, 1972. (1970)

*PATRICK J. NOVOTNY, Associate Professor of Political Science
B.S., Illinois State University, 1989;
M.A., University of Wisconsin, 1990;

THERESA C. BEEBE NOVOTNY, Administrative Specialist, Academic Success Center, and Adjunct Instructor
A.S., Johnson & Wales College, 1991;
B.S., Johnson & Wales College, 1993;

MACIEK ANDREW NOWAK, Assistant Professor of Marketing
B.S.E., University of Michigan, 1997;
M.S.E., University of Michigan, 1998;
M.S.E., University of Michigan, 2000;

Faculty O

JANET LATRELLE O’BRIEN, Director, Academic Success Center, and Adjunct Instructor
A.S., South Georgia College, 1980; B.S.Ed.,
Georgia Southern College, 1982; M.Ed.,

DANIEL W. O’DOWD, Director, Annual Campaign, and Adjunct Instructor
B.S., Georgia Southern University, 1995;
M.S., Western Illinois University, 1997. (2001)

B.S.Ed., Georgia Southern College, 1971;
M.Ed., Georgia Southern College, 1974;
Ed.S., Georgia Southern College, 1979;
Ed.D., Mississippi State University, 1979. (1979)

*LINDA R. PAIGE, Professor of Literature
B.A., University of Arkansas, 1971;
M.Ed., University of Arkansas, 1972;
M.A., University of Arkansas, 1983;
Ph.D., University of Tennessee, 1989. (1989)

ROGER NELSON PAJARI, Professor Emeritus of Political Science
B.S., University of Minnesota, 1964;
M.A., University of Tennessee, 1968;

JOHN L. PARCELS, JR., Assistant Professor Emeritus of Philosophy
B.A., Drew University, 1965;
M.A., Emory University, 1972. (1972)

ABBIE GAIL PARHAM, Assistant Professor of Accounting
A.S., Emanuel County Junior College, 1978;
B.B.A., Georgia Southern College, 1984;

*FAYTH M. PARKS, Assistant Professor of Counseling Education
B.A., Upsala College, 1977;
M.S., Upsala College, 1980;
Ph.D., University of Illinois at Urbana-Champaign, 1996. (2002)

ROSEMARIE D. PARKS, Adjunct Professor of Public Health
B.S., Youngstown State University, 1993;
M.D., Northeastern Ohio Universities College of Medicine, 1993;

ADAM J. PARRILLO, Temporary Instructor of Geography
B.S., University of Cincinnati, 2000;

*ANTHONY V. PARRILLO, Associate Professor of Public Health
A.B., Herbert H. Lehman College, 1975;
M.S., Syracuse University, 1984;

*JOHN W. PARRISH, JR., Professor of Biology
B.S., Denison University, 1963;
M.A., Bowling Green State University, 1970;
Ph.D., Bowling Green State University, 1974;
Postdoctoral training, University of Texas-Austin, 1974-76. (1988)

LEO G. PARRISH, JR., Professor Emeritus of Management
B.E.E., Georgia Institute of Technology, 1961;
M.S.I.M., Georgia Institute of Technology, 1964;

MILDRED MOORE PATE, Assistant Professor of Writing and Linguistics
B.A., Claflin College, 1974;
M.S.T., Georgia Southern College, 1976. (1985)

HARJI P. PATEL, Adjunct Professor of Public Health
B.S., University of Baroda, 1959;
M.S., University of Baroda, 1961;

*CHRIS W. PAUL, II, Professor of Finance and Quantitative Analysis
B.S., Southwest Missouri State University, 1972;

TOM LEO PAUL, Professor Emeritus and Head Emeritus, Department of Sport Science and Physical Education
B.S., Wisconsin State College-Oshkosh, 1951;
M.S., University of Florida, 1961;

MARVIN G. PAYNE, Professor Emeritus and Chair Emeritus, Department of Physics
A.B., Berea College, 1938;

*KARL E. PEACE, Georgia Cancer Coalition Distinguished Cancer Scientist, Professor of Biostatistics, and Director, Center for Biostatistics
B.S., Georgia Southern College, 1963;
M.S., Clemson University, 1964;
Ph.D., Medical College of Virginia-Virginia Commonwealth University, 1976. (2000)

WALTER JAMES PEACH, Professor Emeritus of Special Education
B.S., St Louis University, 1963;
Ed.M., St Louis University, 1965;
Ph.D., Florida State University, 1968. (1969)
**SANDRA J. PEACOCK, Professor and Chair, Department of History**
B.A., Franklin and Marshall College, 1977;
M.A., Sarah Lawrence College, 1979;

**DORIS PARSONS PEARCE, Associate Professor Emerita of Family and Consumer Sciences**
A.B., Berea College, 1950;
M.S., Oklahoma State University, 1952;
Ph.D., Florida State University, 1963. (1966)

**THOMAS A. PEARSSALL, Associate Professor of Music**
B.M., University of Kentucky, 1982;
M.M., Bowling Green State University, 1984;

**JOHN PEDEN, Assistant Professor of Recreation**
B.S., California State University-Chico, 1999;
M.A., California State University-Chico, 2002;
Ph.D., College of Environmental Science and Forestry-State University of New York, 2005. (2005)

**JOE PELLEGRINO, Assistant Professor of Literature**
B.A., Duquesne University, 1981; M.A.,
Duquesne University, 1983; B.F.P.A.,
Saint Louis University, 1988;

**MICHAEL A. PEMBERTON, Associate Professor of Writing and Linguistics**
B.A., University of California-Los Angeles, 1975; M.A.,
California Polytechnic State University, 1984; Ph.D.,

**CONSUELA WARD PENDER, Director, Multicultural Student Center, and Adjunct Instructor**
B.A., Florida State University, 1994;

**JUANJUAN PENG, Assistant Professor of History**
B.S., Wuhan University, 1997;
M.S., Wuhan University, 2000;
M.A., The Johns Hopkins University, 2004;

**MARTHA C. PENNINGTON, Professor and Chair, Department of Writing and Linguistics**
A.B., Bryn Mawr College, 1971;
M.A., University of Pennsylvania, 1973;

**IRINA A. PEREVALOVA, Temporary Instructor of Physics**
B.Sc., Moscow Institute of Physics and Technology, 1993; M.Sc.,
Moscow Institute of Physics and Technology, 1996,

**CHARLES H. PERRY, Professor Emeritus of Industrial Technology**
B.S., Georgia Institute of Technology, 1964;
M.Ed., University of Georgia, 1986;

B.A.Ed., University of North Carolina-Chapel Hill, 1965;
M.Ed., University of Florida, 1974;
M.S., University of South Carolina, 1987;

**DAPHINEY PIERRE, Temporary Instructor of Information Systems**
B.B.A., Savannah State University, 2005;

**REINHARD PILTNER, Temporary Assistant Professor of Mathematics**
Diplom-Ingenieur, Ruhr-Universität Bochum, 1976;

**ROBERT C. PIRRO, Associate Professor of Political Science**
A.B., Harvard University, 1986;
M.A., University of California-Berkeley, 1989;

**DANIEL PITTMAN, Professor of Music**
B.M.Ed., University of Southern Mississippi, 1970;
M.M., University of Mississippi, 1974;
D.M.A., Memphis State University, 1979. (1990)

**ELIZABETH JANE PLEAK, Professor of Art**
B.S.Ed., Edinboro State College, 1971;

**WALTER S. POLKA, Associate Professor of Educational Leadership**
B.A., University at Buffalo-State University of New York, 1968;
M.A., Niagara University, 1970;
M.S., Niagara University, 1971;

**BILL W. PONDER, Professor Emeritus of Chemistry**
B.S., Louisiana Polytechnic Institute, 1956;
M.S., Iowa State University, 1959;
Ph.D., Iowa State University, 1961. (1991)

**JOCELYN POOLE, Reference Librarian, Associate Professor, and Head Information Services Librarian**
B.S., Virginia State College, 1979;
M.S.M., Hampton University, 1985;

**EMILIA J. POWELL, Assistant Professor of Political Science**
Dipl., University of Cambridge, 1999;
Dipl., Jean Monet Center for European Studies, 2001;
M., University of Nicholas Copernicus, 2001;
M.A., Florida State University, 2003;
Ph.D., Florida State University, 2006. (2006)

**PAMELA LYNN POWELL, Clinical Instructor of Teaching and Learning**
B.S.Ed., Georgia Southern College, 1976;
**ANN E. PRATT, Professor of Biology**
B.A., Clark University, 1975;
M.S., University of Massachusetts, 1979;
Ph.D., University of Florida, 1986;

**DELMAR EUGENE PRESLEY, Professor Emeritus of English and Director Emeritus, Museum**
A.B., Mercer University, 1961;
B.D., Southern Baptist Seminary, 1964;
Ph.D., Emory University, 1969. (1969)

**BARBARA A. PRICE, Professor of Decision Sciences**
B.S., Grove City College, 1969;
M.S., Virginia Polytechnic Institute and State University, 1971;

**LARRY E. PRICE, Professor Emeritus of Finance and Head Emeritus, Department of Finance and Economics**
B.S.E.E., University of Arkansas, 1959;
M.B.A., University of Arkansas, 1961;
Ph.D., University of Arkansas, 1966. (1963)

**PATRICIA T. PRICE, Assistant Professor of Writing and Linguistics**
B.S.Ed., University of Georgia, 1969;
M.A., Georgia Southern College, 1977;

**PENELOPE B. PRIME, Adjunct Professor of Economics**
B.A., University of Denver, 1976;
A.M., University of Michigan, 1980;

**BRADLEY J. PRINCE, Adjunct Assistant Professor of Information Systems**
B.S., Jacksonville State University, 2000;
M.B.A., Auburn University, 2002;
Ph.D., Auburn University, 2006. (2006)

**TONY A. PRITCHARD, Assistant Professor of Pedagogy**
B.S., Erskine College, 1994;
M.S., Appalachian State University, 1997;

**KITTIE PRUITT, Lecturer in Kinesiology**
B.S., Georgia Southern College, 1979;

**JAMES L. PUGH, Assistant Professor of Psychology**
B.A., Tulane University, 1969;
M.A., West Georgia College, 1977;
Ph.D., Georgia State University, 1984. (1995)

**MARY-KATE PUNG, Adjunct Instructor of Public Health**
A.B., Rutgers State University-New Brunswick, 1975;

**OSCAR J. PUNG, Professor of Biology and Member, Institute of Arthropodology and Parasitology**
B.A., Oakland University, 1973;
M.S., Seton Hall University, 1981;

**CARL PURDY, Associate Academic Professional and Adjunct Instructor of Music**
B.M., New England Conservatory of Music, 1983;

**TOMS YE D ALE PURVIS, Associate Professor Emeritus of Writing and Linguistics**
B.A., Oklahoma Baptist University, 1968;
M.A., University of Tennessee, 1970;

**KARLA JAN QUALLS, Instructional Services Coordinator and Adjunct Assistant Professor of Music**
B.M., New Mexico State University, 1988;
M.M., Arizona State University, 1991;

**NICHOLAS W. QUICK, Professor Emeritus of Legal Studies**
A.B., University of Illinois, 1942;
M.A., University of Illinois, 1947;
Ph.D., University of Texas, 1954;

**SANDRA C. RABITSCH, Assistant Professor Emerita of English**
B.S., Georgia Southern College, 1962;
M.S.T., Georgia Southern College, 1969. (1968)

**FRANK RADOVICH, Associate Professor Emeritus of Health and Kinesiology**
B.S.B., Indiana University, 1960;
M.S.Ed., Indiana University, 1964;
H.S.D., Indiana University, 1980. (1962)

**JOHN A. RAFTER, Associate Professor Emeritus of Mathematics**
B.S., University of Michigan, 1966;
M.S., Michigan State University, 1968;

**ROSALIND DOROTHY RAGANS, Associate Professor Emerita of Art Education**
B.F.A., City University of New York-Hunter College, 1955;
M.Ed., Georgia Southern College, 1967;
Ed.D., University of Georgia, 1971. (1964)

**MOSFEQUR RAHMAN, Assistant Professor of Engineering Studies**
B.Sc.M.E., Bangladesh University of Engineering and Technology, 1997;
M.Sc.M.E., Bangladesh University of Engineering and Technology, 1999;
M.S.E.S.M., University of Alabama, 2002;

**DONALD RAKESTRAW, Professor of History**
B.A., Jacksonville State University, 1975;
M.A., Jacksonville State University, 1980;

**JENNIE RAKESTRAW, Professor of Teaching and Learning and Associate Dean, College of Education**
B.S.Ed., Jacksonville State University, 1977;
M.S.Ed., Jacksonville State University, 1980;

**DELORES RAMSEY, Assistant Professor Emerita of Health and Kinesiology**
B.S.Ed., Georgia Southern College, 1961;
M.Ed., Georgia Southern College, 1962;

**CINDY HOUSE RANDALL, Assistant Professor of Decision Sciences**
B.B.A., Georgia Southern College, 1978;

**E JAMES RANDALL, Professor Emeritus of Marketing**

**DOLORES R. RANGEL, Assistant Professor of Spanish**
B.A., Instituto Tecnologico Y de Estudios Superiores de Monterrey, 1983;
M.A., New Mexico State University, 1988;
MARSHALL R. RANSOM, Lecturer of Mathematics
A.B., Brown University, 1972;
M.S., Stetson University, 1977;

*SWATI RAYCHOWDHURY, Assistant Professor of Public Health
B.A., DePauw University, 2000;
M.P.H., Indiana University, 2002;

*DAN W. REA, Professor of Curriculum, Foundations, and Reading
B.A., University of Missouri, 1969;
M.A.T., Howard University, 1974;

*CATHERINE W. REAVIS, Professor of Nursing
B.S.H.E., Texas Technological College, 1967;
A.D.N., Amarillo College, 1979;
M.S.N., West Texas A&M University, 1981;
Ed.D., Texas Tech University, 1995;

ROY E. REDDERSON, Associate Professor Emeritus of Electrical Engineering Technology
B.S.E.E., Auburn University, 1961;

*LAURA B. REGASSA, Associate Professor of Biology and Member, Institute of Arthropodology and Parasitology
B.A., Marquette University, 1985;

*JAMES S. REICHARD, Associate Professor of Geology
B.S., University of Toledo, 1981; M.S., University of Toledo, 1984; Ph.D., Purdue University, 1995. (1996)

MICHELE REIDEL, Assistant Professor of Middle Grades/Secondary Education
B.A., Eckerd College, 1990;
M.A., Clark University, 1992;

*MICHAEL REKSULAK, Assistant Professor of Economics
B.A., Friedrich-Schiller University of Jena, 1997;
M.A., University of Mississippi, 1998;

ROXIE REMLEY, Professor Emerita of Art
A.B., George Peabody College for Teachers, 1949;
M.A., George Peabody College for Teachers, 1949;
M.F.A., Pratt Institute, 1962. (1950)

*JUDITH L. REPMAN, Professor of Leadership, Technology, and Human Development
B.A., Louisiana State University and A&M College, 1974;
M.L.S., Louisiana State University and A&M College, 1976;

*WILLIAM MARTIN REYNOLDS, Professor of Curriculum, Foundations, and Reading
B.A., Roberts Wesleyan College, 1975;
M.S.Ed., College at Brockport-State University of New York, 1980;

DALLAS D. RODES, Professor of Geology and Chair, Department of Geology and Geography
B.S., University of Missouri, 1969;
M.A., Syracuse University, 1973;

*FREDRICK J. RICH, Professor of Geology
B.S., University of Wisconsin, 1973;

*DONNIE D. RICHARDS, Associate Professor of Spanish and Chair, Department of Foreign Languages
B.A., Texas Technological College, 1964;
M.A., Texas Tech University, 1972;

*M. VIRGINIA RICHARDS, Associate Professor of Family and Consumer Sciences Education and Associate Dean, College of Health and Human Sciences
B.S.H.E., Texas Technological College, 1967;
M.S.H.E., Texas Tech University, 1970;

MARK L. RICHARDSON, Assistant Professor of Writing and Linguistics
A.B., Colgate University, 1973;
M.A., Emory University, 1977;
Ph.D., Emory University, 1980. (1995)

FRED A. RICHTER, Associate Professor Emeritus of Literature
B.A., Florida State University, 1964;
Ph.D., Auburn University, 1971. (1969)

*CURTIS EUGENE RICKER, Associate Professor of Writing and Linguistics, Associate Dean, College of Liberal Arts and Social Sciences, and Acting Chair, Department of Music
B.A., Brigham Young University, 1975;
M.A., Brigham Young University, 1980;

ED RIDEOUT, JR., Adjunct Assistant Professor of Communication Arts
B.A., Pennsylvania State University, 1987;

*GLEN RIECKEN, Professor of Marketing and Chair, Department of Management, Marketing, and Logistics
B.Comm., University of Saskatchewan, 1969;
M.B.A., University of Oregon, 1970;

AMY JO RIGGS, Assistant Professor of Nutrition and Food Sciences
B.S., Indiana University, 1997;
M.S., Ball State University, 2002;
Ph.D., Auburn University, 2006. (2006)

WARREN L. RILES, Director, Career Services, and Adjunct Instructor
B.S., Tuskegee Institute, 1967;
M.S., University of Tennessee, 1992;

FERNANDO RIOS-GUTIÉRREZ, Assistant Professor of Electrical Engineering Technology and Engineering Studies
B.Sc., National Polytechnic Institute, 1978;
M.Sc., National Institute of Astrophysics, Optics, and Electronics, 1980;
M.S., Tulane University, 1998;
Ph.D., Tulane University, 2000. (2007)

SARAH M. RITCHIE, Instructor of Athletic Training
B.S., West Virginia University, 2002;
M.S., James Madison University, 2004;

*KENT RITTSCHOF, Associate Professor of Curriculum, Foundations, and Reading
B.S., Arizona State University, 1988;
M.A., Arizona State University, 1992;

MICHELLE VAN HORN RIVERA, Instructional Services Coordinator and Adjunct Instructor B.S.Ed.,
SUSAN E. ROACH, Temporary Instructor of Accounting
B.B.A., Kennesaw College, 1987;

JOSEPH C. ROBBINS, Associate Professor Emeritus of Music
B.A., Hendrix College, 1957;

*JUDITH F. ROBBINS, Associate Professor of Teaching and Learning
B.S., University of South Alabama, 1982;
M.Ed., University of South Alabama, 1986;
Ph.D., Florida State University, 1991. (1990)

GARY B. ROBERTS, Adjunct Associate Professor of Management
A.B., Bowdoin College, 1968;
M.B.A., Georgia State University, 1977;
Ph.D., Georgia State University, 1982. (2002)

*DAVID W. ROBINSON, Professor of Literature
A.B., University of Alabama, 1980;
M.A., University of Washington, 1982;

KIMBERLY A. ROBINSON, Academic Advisor, College of Information Technology, and Adjunct Instructor
B.S.R., Georgia Southern University, 1995;

*PAUL A. RODELL, Associate Professor of History
B.A., Northern Illinois University, 1968;
M.A., University at Buffalo-State University of New York, 1982;
Ph.D., University at Buffalo-State University of New York, 1992. (1992)

*CRAIG H. ROELL, Professor of History
A.A., University of Houston-Victoria, 1974;
B.A., University of Houston, 1977;
M.A., University of Texas, 1980;
Ph.D., University of Texas, 1986. (1989)

*CAMILLE F. ROGERS, Associate Professor of Information Systems
B.B.A., Eastern New Mexico University, 1991;
M.B.A., Eastern New Mexico University, 1993;

GEORGE ARTHUR ROGERS, Professor Emeritus of History
A.B., Illinois College, 1940;
M.A., University of Illinois, 1947;
Ph.D., University of Illinois, 1950. (1950)

GERALD W. ROGERS, Temporary Instructor of Mathematics
B.S.Ed., Georgia Southern University, 1995;

JOHN THADDEUS ROGERS, Associate Professor Emeritus of Physics
B.S., United States Naval Academy, 1950;
M.S., Virginia Polytechnic Institute, 1958;
Ph.D., Virginia Polytechnic Institute, 1963. (1965)

*RICHARD L. ROGERS, Professor Emeritus and Chair Emeritus, Department of Psychology
B.A., University of Arkansas, 1966;
M.A., University of Arkansas, 1968;

*JOELLE E. ROMANCHIK-CERPOVICZ, Associate Professor of Nutrition and Food Science
B.A., Glassboro State College, 1991;

ENVER ROSHI, Adjunct Professor of Public Health
G.P., University of Tirana, 1986;
M.P.H., Hebrew University, 1997;
Ph.D., University of Tirana, 2002. (2006)

STEPHEN J. ROSSI, Assistant Professor of Exercise Science
B.A., University of North Carolina-Wilmington, 1998;
M.S., Appalachian State University, 2002;
Ph.D., Oklahoma State University, 2006. (2006)

JOANNA L. ROSSI-BASTARACHE, Assistant Professor of Broadcasting
B.A., Regis College, 2003;

*DAVID C. ROSTAL, Professor of Biology
B.S., Pacific University, 1980;
M.S., Portland State University, 1986;

H. KEITH ROUTHTON, Director, Student Athlete Services, and Adjunct Instructor
B.S.H.S., Georgia Southern University, 1992;
M.S., Georgia Southern University, 1995;

*MARLO T. ROUSE-ARNETT, Associate Professor of Child and Family Development
B.A., Syracuse University, 1994;
M.A., Syracuse University, 1996;

VIRGINIA C. ROWDEN, Assistant Professor Emerita of Communication Arts
B.A., University of Colorado, 1974;
M.A., University of Colorado, 1977;

AMY W. ROWELL, Assistant Director, Career Services, and Adjunct Instructor
B.A., Northwestern State University of Louisiana, 1995;

*JOSEPH S. RUHLAND, Assistant Professor of Finance
B.B.A., University of Wisconsin, 1997;
Ph.D., University of Georgia, 2006. (2006)

ALISON M. RUSHING, Assistant Professor of Nursing
A.D.N., Armstrong State College, 1976;
B.S.N., Medical College of Georgia, 1978;
M.S.N., Medical College of Georgia, 1979;

PAIGE S. RUTNER, Assistant Professor of Information Systems
B.S., Millersville State College, 1988;

*STEPHEN M. RUTNER, Professor of Logistics
B.A., Millersville University, 1987;
M.B.A., University of Alabama, 1992;

*REBECCA G. RYAN, Assistant Professor of Psychology
B.A., Concord College, 2002;
M.A., West Virginia University, 2004;
Ph.D., West Virginia University, 2006. (2006)

Faculty S

*DEBRA SABIA, Professor of Political Science
B.S., University of Southern Mississippi, 1981;
M.A., University of South Carolina, 1984;
Ph.D., University of South Carolina, 1994. (1990)

RAMSES F. SADEK, Adjunct Professor of Public Health
B.Sc., Cairo University, 1978;
M.Sc., Cairo University, 1983;
M.S., University of Georgia, 1989;
YUSUF M. SALEEBY, Adjunct Instructor of Nursing
B.S., Georgia State University, 1987;

*HANI M. SAMAWI, Associate Professor of Public Health
B.Sc., Yarmouk University, 1981;
M.Sc., Yarmouk University, 1986;
M.S., University of Iowa, 1991;

*FREDERICK KIRKLAND SANDERS, Professor Emeritus of Literature
B.A., Wofford College, 1958;
M.A., Emory University, 1963;
Ph.D., University of Georgia, 1971. (1969)

STEVE SANDERS, Associate Director, Campus Recreation and Intramurals, and Adjunct Instructor
B.S., Georgia Southern College, 1988;
M.S., Georgia Southern University, 1992. (1996)

LAURA H. SAUNDERS, Academic Advisor, College of Education, and Adjunct Instructor
B.S.Ed., Georgia Southern University, 1995;

R. FRANK SAUNDERS, JR., Professor Emeritus of History
B.S.Ed., Georgia Teachers College, 1957;
M.Ed., Georgia Southern College, 1963;
Ph.D., University of Georgia, 1970. (1969)

*DONNA SAYE, Assistant Professor of Mathematics
B.S., Berry College, 1974;
M.Ed., Georgia Southern College, 1977;
Ed.S., Georgia Southern University, 1995;

*NEAL SAYE, Associate Professor of Writing and Linguistics
B.S., Berry College, 1974;
M.A., Georgia Southern College, 1978;

CHERIE A. SAYER, Temporary Instructor of Art
B.Ed., Waikato University, 2000;

*CANDY B. K. SCHILLE, Associate Professor of Literature
B.A., Boise State University, 1973;
M.A., University of Washington, 1981;

*WILLIAM SCHMID, Associate Professor of Music
B.M., University of Dayton, 1979;
M.M.Ed., North Texas State University, 1981;

*NORMAN E. SCHMIDT, Professor of Chemistry
B.S., Bethel College, 1984;
Ph.D., University of South Carolina, 1989. (1990)

JUDITH H. SCHOMBER, Professor Emerita of Spanish
B.A., Florida State University, 1969;
M.A., Florida State University, 1971;
Ph.D., Florida State University, 1975. (1976)

*MARTHA L. SCHRIVER, Professor of Teaching and Learning
B.S.Ed., Bowling Green State University, 1970;
M.Ed., University of Toledo, 1988;
Ph.D., University of Toledo, 1992. (1992)

*BRUCE A. SCHULTE, Associate Professor of Biology
B.S., College of William and Mary, 1982;
M.S., University of California, 1985;

LISA L. SCHULZ, Assistant Professor of Counselor Education
B.A., Southern Oregon State College, 1983;
M.A., Southern Oregon State College, 1994;
M.S., Oregon State University, 2001;

ADAM T. SCHWARZ, Hall Director, University Housing, and Adjunct Instructor
B.S., Stetson University, 2003;

*ALISON J. SCOTT, Assistant Professor of Public Health
B.A., Miami University, 1995;
M.S., University of Wisconsin, 1999;
M.H.S., The Johns Hopkins University, 2002;

ALLISON WILLIAMS SCOTT, Area Coordinator, University Housing, and Adjunct Instructor
B.A., Wheaton College, 1996;

HEATHER SCOTT, Temporary Instructor of Teaching and Learning
B.S., University of Georgia, 1993;

MIRANDA ELAINE SCOTT, Temporary Instructor of Sociology
B.A., Georgia Southern University, 2002;

TAYLOR CARVER SCOTT, Associate Professor Emeritus of Sociology
A.B., University of Florida, 1947;
M.A., University of Florida, 1949;
Ph.D., University of Maryland, 1967. (1967)

GAVIN J. SEAL, Temporary Assistant Professor of Mathematics
M.Sc., University of Geneva, 1994;

*DAVID W. SEAMAN, Professor of Foreign Languages
B.A., College of Wooster, 1962;
A.M., Stanford University, 1964;
Ph.D., Stanford University, 1970. (1992)

ANTHONY CARL SEGRETÌ, Adjunct Professor of Public Health
B.S., University of Pittsburgh, 1973;
M.S.Hyg., University of Pittsburgh, 1975;

LEWIS R. SELVIDGE, JR., Professor Emeritus of Technology
B.S., Southern Illinois University, 1962;
M.S., Southern Illinois University, 1964. (1968)

*ROBERT A. SHANAFELT, Assistant Professor of Anthropology
B.A., Kent State University, 1980;
M.A., Kent State University, 1982;
M.A., Florida State University, 1994;

*PADMII SHANKAR, Associate Professor of Nutrition and Food Science
B.S., University of Madras, 1984;
M.S., University of Madras, 1988;
M.S., University of Central Oklahoma, 1993;

WILLIAM SHARPE, Temporary Instructor of Mathematics
A.S., Abraham Baldwin Agricultural College, 1967;
B.S.Ed., University of Georgia, 1969;
M.Ed., Georgia Southern College, 1973;

GEORGE W. SHAVER, III, Adjunct Assistant Professor of Psychology
B.S., University of Tennessee, 1994;
M.Div., Southern Baptist Theological Seminary, 1999;
M.A., George Fox University, 2001;

VICKIE LYNN SHAW, Area Director of Residential Education,
University Housing, and Adjunct Instructor
B.A., Mercer University, 1998;

*LAURO SHELTON, Assistant Professor of History
B.A., McPherson College, 1989;
M.A., Temple University, 1996;

JUNAN SHEN, Assistant Professor of Civil Engineering Technology
B.Sc., Southeast University, 1985;
M.Sc., Southeast University, 1990;
M.Sc., Chalmers University of Technology, 1997;
Ph.D., Saga University, 2000. (2005)

C. DAVID SHEPPARD, Professor of Marketing
B.S., David Lipscomb College, 1976;
M.B.A., University of Tennessee-Chattanooga, 1982;
Ph.D., University of Tennessee, 1989. (2006)

*SONYA S. GAITHER SHEPHERD, Instructional Technology Librarian and Associate Professor
B.S., LaGrange College, 1993;
M.S.L.S., Clark Atlanta University, 1994;

*RONNIE L. SHEPPARD, Professor and Chair, Department of Teaching and Learning
B.A., Baylor University, 1967;
M.Ed., North Texas State University, 1970;

NANCY SHERROD, Temporary Assistant Professor of Literature and Philosophy
B.A., Valdosta State University, 1979;
M.A., University of Georgia, 1989;
Ph.D., University of Georgia, 1995. (2005)

GENE E. SHERRY, Director, Intramural Sports, and Adjunct Instructor
B.S., University of Kansas, 1992;

RONALD E. SHIFFLER, Dean, College of Business Administration, and Professor of Quantitative Analysis
B.S., University of North Carolina-Greensboro, 1970;
M.S., Bucknell University, 1972;
M.Stat., University of Florida, 1974;

EUYUP SHIM, Temporary Instructor of Construction Management
B.S., Yonsei University, 1996;

*GEORGE H. SHRIVER, Professor Emeritus of History
B.A., Stetson University, 1953;
B.D., Southeastern Baptist Theological Seminary, 1956;
Ph.D., Duke University, 1961. (1973)

*NANCY SHUMAKER, Professor of Spanish and Director, Center for International Studies
B.A., Swarthmore College, 1967;
M.A., University of Georgia, 1973;

MARYLAND W. SHYTLES, Professor Emerita of Communication Arts
B.A., Winthrop College, 1936;
M.A., University of Michigan, 1939;
Ph.D., University of Michigan, 1952;

EDWARD H. SIBBALD, BB&T Executive in Residence in Banking and Lecturer of Finance
B.A., Fordham University, 1970;

DONALD WAYNE SIVA, Associate Professor Emeritus of Early Childhood Education
B.Ed., Chicago Teachers College, 1963;
M.A., Roosevelt University, 1966;
Ph.D., University of South Carolina, 1969. (1969)

*SAMIA SHIA, Adjunct Associate Professor of Management
B.S., Alexandria University, 1968;
M.S., Ain-Shams University, 1976;
Ph.D., Iowa State University, 1989. (2005)

CYNTHIA F. SIKES, Assistant Professor of Mathematics
B.A., Georgia College, 1971;

ANDREW SILLIS, Assistant Professor of Mathematics
B.A., Rutgers University, 1989;
M.A., Pennsylvania State University, 1994;

*JACOB V. SIMONS, JR., Professor of Operations Management
B.S., United States Air Force Academy, 1977;
M.A., Ball State University, 1980;
M.S., Troy State University, 1982;
Ph.D., University of Houston, 1989. (1997)

*CAROL L. S. SIMONSON, Associate Professor Emerita of Nursing
B.S.N., Cornell University-New York Hospital School of Nursing, 1960;
M.Ed., University of Florida, 1963;
Ph.D., University of New Mexico, 1990. (1992)

*ANASTATIA SIMS, Professor of History
B.A., University of Texas-Austin, 1974;
M.A., University of North Carolina-Chapel Hill, 1976;

*DEBRA T. SINCLAIR, Assistant Professor of Accounting
B.A., University of South Florida, 1984;
M.B.A., Drexel University, 1993;

THOMAS ALEXANDER SINGLETARY, Professor Emeritus of Electronics Technology
B.S.Ed., Georgia Southern College, 1959;
M.S., Stout State College, 1960;
Ed.D., University of Missouri, 1968. (1960)

STEPHANIE R. SIP, Assistant Professor of Legal Studies
B.A., Wake Forest University, 1990;
J.D., University of Georgia, 1990;

ALICIA H. SITREN, Assistant Professor of Political Science
B.S.B.A., University of Central Florida, 2001;
M.S., University of Central Florida, 2003;

WILLIAM DOUGLAS SKELETON, Adjunct Professor of Public Health
M.D., Emory University, 1963. (2006)

CHARLES A. SKEWIS, Head Acquisitions Librarian and Assistant Professor
A.A.S., Iowa Lakes Community College, 1975;
B.S., University of Wisconsin-Platteville, 1977;

CATHY SKIDMORE-HESS, Assistant Professor of History
A.B., Mount Holyoke College, 1986;
M.A., University of Wisconsin, 1988;  

DEBRA G. SKINNER, Catalog Librarian and Assistant Professor  
B.A., Georgia Southern College, 1973;  
M.Ed., Georgia Southern College, 1978;  
Ed.S., Georgia Southern College, 1983;  

DONALD SLATER, Assistant Professor of Construction Management  
B.C.E., Catholic University of America, 1965;  
M.C.E., Oklahoma State University, 1973;  
M.E., Virginia Polytechnic Institute and State University, 1986;  
M.S.C.Ed., Shenandoah University, 1998;  
Ph.D., West Virginia University, 2003. (2005)

AMY D. SMITH, Adjunct Instructor  
B.A., Georgia Southern University, 2002;  

*EDWARD W. L. SMITH, Professor of Psychology  
B.A., Drake University, 1963;  
M.S., University of Kentucky, 1966;  
Ph.D., University of Kentucky, 1969. (1994)

FREDERICK SMITH, Head Circulation Librarian and Associate Professor  
A.B.J., University of Georgia, 1975;  
M.S., Florida State University, 1976. (1986)

INNA N. SMITH, Temporary Instructor of Mathematics  
B.S., Leningrad Institute of Shipbuilding, 1978;  
M.S., Leningrad Institute of Shipbuilding, 1978;  
Dipl., Leningrad Institute of Shipbuilding, 1984;  

LISA P. SMITH, Assistant Professor of Librarianship  
B.A., Brenau University, 1988; M.L.S.,  
University of Alabama, 1989; B.S.,  
Georgia Southern University, 1995;  

*PETER C. A. SMITH, Assistant Professor of Art  
B.F.A., Oregon State University, 1995;  

REED W. SMITH, Professor of Communication Arts  
B.S.Com., Ohio University, 1972;  
M.A., Bowling Green State University, 1973;  

SARAH A. SMITH, Associate Director, Admissions, and Adjunct Instructor  
B.S., Clemson University, 2003;  

SOLOMAN K. SMITH, Temporary Instructor of History  
B.A., College of William and Mary, 1998;  

SUE L. SMITH, Assistant Professor Emerita of Housing and Equipment  
B.S., Western Kentucky University, 1955;  
M.A., Indiana State University, 1960. (1971)

SUSAN A. SMITH, Temporary Instructor of Writing and Linguistics  
B.S.Ed., Georgia Southern College, 1976;  

*TERESITA MARIA SMITH, Assistant Professor of Nursing  
B.S., Medical College of Georgia, 1974; M.S.N.,  
Georgia Southern University, 1991; Ph.D.,  

TOM D. SMITH, Assistant Professor Emeritus of Sport Science and Physical Education  
B.S., Indiana State University, 1953;  
M.S., Indiana State University, 1959;  
M.S., Indiana University, 1971. (1971)

WAYNE E. SMITH, Associate Registrar and Adjunct Instructor  
B.S., Radford College, 1975;  
M.S., Radford University, 1983. (1998)

*WILLIAM L. SMITH, Professor of Sociology  
B.A., Loras College, 1978;  
M.A., Marquette University, 1980;  

WILLIAM ROBERT SMITH, Associate Professor Emeritus of Economics  
B.S.Ed., Georgia Teachers College, 1949;  

*L. DWIGHT SNEATHEN, JR., Assistant Professor of Accounting  
B.S.B.A., University of Arizona, 1996;  
M.Acc., University of Arizona, 2000;  

JASON SOLOMON, Temporary Assistant Professor of Music  
B.M., University of Georgia, 2000;  
M.M., University of Georgia, 2002;  
Ph.D., University of Georgia, 2007. (2007)

*JIMMY L. SOLOMON, Professor of Mathematics  
B.S., University of Mississippi, 1964; M.S.,  
Mississippi State University, 1966; Ph.D.,  

ARTHUR G. SPARKS, Professor Emeritus and Chair Emeritus,  
Department of Mathematics and Computer Science  
B.S.Ed., Georgia Southern College, 1960;  
M.Ed., University of Georgia, 1962;  
M.A., University of Florida, 1964;  
Ph.D., Clemson University, 1969. (1964)

*LEON E. SPENCER, Professor of Leadership, Technology, and  
Human Development  
B.A., Park College, 1976;  
M.A., Ball State University, 1979;  
Ed.S., Ball State University, 1982;  
Ed.D., Ball State University, 1983. (1994)

WILLIAM SPIETH, Professor Emeritus of Kinesiology  
B.S., Pennsylvania State University, 1958;  
M.S., Pennsylvania State University, 1960;  
Ph.D., Pennsylvania State University, 1971. (1965)

PATRICK O. SPURGEON, Professor Emeritus of English  
B.A., Emory and Henry College, 1952;  
M.A., University of Tennessee, 1958;  
Ph.D., University of Tennessee, 1963. (1966)

JOAN T. STALCUP, Administrative Coordinator, International Studies, and Adjunct Instructor  
B.A., University of Wisconsin-Milwaukee, 1984;  

*LAWRENCE D. STALCUP, Associate Professor of Hotel and Restaurant Management  
B.S., Cornell University, 1977;  
M.P.S., Cornell University, 1980;  
Ph.D., Purdue University, 1997. (1997)

DONTARIE M. STALLINGS, Assistant Professor of Chemistry  
B.S.Chem., Georgia Southern University, 2002;  

JACK STALLINGS, Associate Professor Emeritus of Kinesiology  
B.S., Wake Forest College, 1955;  

† Deceased, October 5, 2007
*ROSE MARIE STALLWORTH-CLARK, Associate Professor of Curriculum, Foundations, and Reading
B.S., Huntington College, 1965;  
M.Ed., Georgia Southern College, 1982;  
Ph.D., University of Georgia, 1996. (1981)

*THOMAS PATTON STEADMAN, Professor Emeritus of Art
B.S., East Tennessee State University, 1971;  

*JOHN W. STEINBERG, Associate Professor of History
B.A., University of Kansas, 1979;  
M.A., University of Kansas, 1982;  
Ph.D., The Ohio State University, 1990. (1990)

*JANICE N. STEIRN, Associate Professor of Psychology
A.B., West Virginia University, 1979;  
M.S., University of Georgia, 1982;  

STEVE STEPANEK, Assistant Professor of Journalism
B.S., Iowa State University, 1978;  
J.D., University of Iowa, 1989;  
M.A., University of Iowa, 1990;  

*JAMES C. STEPHENS, Associate Professor Emeritus of Middle Grades and Secondary Education
B.S.Ed., Georgia Southern College, 1969;  
M.S.T., Georgia Southern College, 1972;  
Ed.S., Georgia Southern College, 1973;

B.A., Columbia University, 1976;  
M.A., Columbia University, 1980;
M.Phil., Columbia University, 1983; Ph.D., Columbia University, 1989, (1991)

ABEBAEYEHU A. TEKLE ELASSIE, Assistant Professor of Educational Leadership

RUSSELL THACKSTON, Temporary Instructor of Information Systems
B.A., Georgia Southern University, 1996; M.S., Georgia State University, 2006. (2007)

BRENT W. THARP, Director, Georgia Southern Museum, and Adjunct Assistant Professor of History

KELLY P. THARP, Temporary Assistant Professor and Project Director, Fund for Improvement of Post-Secondary Education (FIPSE)

CHARLES S. THOMAS, Professor of History
B.A., University of Tennessee, 1972; M.A., University of Tennessee, 1974; Ph.D., Vanderbilt University, 1983. (1983)

DEBORAH M. THOMAS, Associate Professor of Teaching and Learning
B.S., Florida State University, 1976; M.S., Florida State University, 1979; Ph.D., Florida State University, 1991. (1991)

MICHAEL L. THOMAS, Assistant Professor of Marketing

PAMELA SUE THOMASON, Professor Emerita of Recreation
B.A., Purdue University, 1968; M.S., Purdue University, 1971; Ph.D., Texas A&M University, 1980. (1973)

CHRISTINA J. THOMPSON, Academic Advisor and Adjunct Instructor

DONALD L. THOMPSON, Professor Emeritus and Head Emeritus, Department of Marketing

JOHN THOMPSON, Assistant Professor of Music
B.M., Belmont University, 1996; M.A., Middle Tennessee State University, 1999; Ph.D., University of California-Santa Barbara, 2006. (2007)

JYNETTE M.L. THOMPSON, Temporary Instructor of Sociology

TERRY W. THOMPSON, Assistant Professor of Writing and Linguistics

DOUGLAS H. THOMSON, Professor of Literature

LEIGH THOMSON, Assistant Professor of Art

MARY KATHLEEN THORNTON, Assistant Professor of Nursing
A.D.N., Barton County Community College, 1978; B.S.N., Fort Hays State University, 1982; M.N., University of Kansas, 1988; Ph.D., University of Kansas, 2000. (2001)

RICHARD TICHICH, Professor Emeritus of Art

KRISTYL TIFT, Temporary Instructor of Communication Arts

KATHLEEN BURKE TINKER, Temporary Instructor of Nursing

SAMUEL Y. TODD, Assistant Professor of Sport Management

KATHLEEN M. TOOTLE, Clinical Instructor of Teaching and Learning

CAREN J. TOWN, Professor of Literature

TIFANIE PAIGE TOWNSEND, Assistant Professor of Art History
B.A., University of Tennessee, 1989; M.A., University of Georgia, 1996; Ph.D., University of Georgia, 2003. (2005)

SHARON K. TRACY, Professor of Political Science

JOHNNY W. TREMBLE, Clinical Instructor of Teaching and Learning

SUSAN B. TRIMBLE, Associate Professor of Teaching and Learning

CHARLES H. TRUPE, III, Associate Professor of Geology

WEI TU, Assistant Professor of Geography

DOUGLAS E. TURNER, Adjunct Assistant Professor of Management Information Systems
JEFFREY A. TYSINGER, Assistant Professor of School Psychology
B.A., Indiana University of Pennsylvania, 1993;
M.S., University of Alaska-Anchorage, 1995;
Ed.S., University of Memphis, 1997;

PETER G. VERITY, Adjunct Professor of Biology
A.B., Dartmouth College, 1975;
M.S., University of Rhode Island, 1978;

BRANI VIDAKOVIC, Adjunct Professor of Public Health
B.S., University of Belgrade, 1978;
M.S., University of Belgrade, 1981;
Ph.D., Purdue University, 1992. (2006)

*MARY VILLEPONTEAUX, Assistant Professor of Literature
B.A., College of Charleston, 1979;
M.A., University of Sussex, 1981;

*STEPHEN P. VIVES, Professor and Chair, Department of Biology
B.S., Oklahoma State University, 1980;
M.S., Oklahoma State University, 1982;
M.S., University of Wisconsin, 1986;

*BRIAN L. VlCEK, Associate Professor of Mechanical Engineering
Technology
B.S., Rensselaer Polytechnic Institute, 1988;
M.S., Rensselaer Polytechnic Institute, 1989;

ARVARD O. VOGEL, Professor Emeritus of Graphic Arts
Technology and Printing Management
A.B.S., Snow College, 1951;
A.B., Colorado State College-Greeley, 1957;
A.M., Colorado State College-Greeley, 1957. (1967)

*ROBERT L. VOGEL, Karl E. Peace Professor of Biostatistics
B.A., Hanover College, 1970;
M.A., University of Louisville, 1978;

Faculty W

*PHILIP S. WALDROP, Professor of Industrial Technology
B.S.Ed., Ball State University, 1968;
M.S.Ed., Purdue University, 1972;
Ph.D., Purdue University, 1979. (1995)

SACHA WALICORD, Temporary Instructor of Legal Studies and
General Business
J.D., University of Linz, 1993; L.L.M.,
University of Linz, 1999; L.L.D.,

*JANICE R. WALKER, Associate Professor of Writing and
Linguistics
A.S., Kennesaw College, 1978;
B.A., University of South Florida, 1994;
M.A., University of South Florida, 1996;

*PATRICIA J. WALKER, Professor of Art
B.F.A., Rhode Island School of Design, 1985;

TYESHA WALKER, Temporary Instructor of Communication Arts
B.S., Georgia Southern University, 2005. (2006)

*JOHN S. WALLACE, Professor Emeritus and Director Emeritus, School of Technology
B.A.E., Georgia Institute of Technology, 1966;
M.S.A.E., Georgia Institute of Technology, 1968;
Professional Engineer. (1974)
