Cyber Security Awareness Class for all Employees

During the month of October, GSU highlights our local training for Cyber Security. Each employee must complete the general cyber security awareness training course contained in BuildingABetterU by December 31st. For instructions, please visit http://its.georgiasouthern.edu/infosec/cyber-security-awareness-course-instructions/.

For more information on general online safety, visit http://www.staysafeonline.org/stay-safe-online/.

Some topics covered include:

- KEEP A CLEAN MACHINE
- PROTECT YOUR PERSONAL INFORMATION
- PARENT TIPS
- MOBILE & ON-THE-GO

STOP.THINK.CONNECT

Cyber security begins with STOP. THINK. CONNECT. These three simple words are the starting point for staying safer and more secure online.

- STOP: Before you use the Internet, take time to understand the risks and learn how to spot potential problems.
- THINK: Take a moment to be certain the path ahead is clear. Watch for warning signs and consider how your online actions could impact your safety or your family’s.
- CONNECT: Enjoy the Internet with greater confidence, knowing you’ve taken the right steps to safeguard yourself and your computer.
