Lunch-N-Learn: NIH Data Sharing Policies 101

Noon – 1pm, Thursday, October 27th

Conference Room, 3rd Floor, Henderson Library

RSVP Now!

According to the NIH, data sharing is essential for expedited translation of research results into knowledge, products, and procedures to improve human health. Investigators applying to the NIH for \$500,000 or more of direct research costs in any single year are expected to include a plan for sharing their final research data, or state why sharing is not possible. Bring a bag lunch and join us to learn about the NIH's data sharing requirements, and how to best prepare your data management plan for successful funding. Drinks and dessert will be provided.

Lunch and Learn Workshops at CT2: Data Management Plans

12:30 – 1:30pm, Thursday, November 10th

CT2 Classroom, Ground Floor, Henderson Library

RSVP Now!

Many funding agencies and publishers now require that research data be made publicly available. We will discuss the basics of data management planning, sharing, and archiving, with emphasis on resources and supports available to all campus researchers (faculty and students) through the Zach S. Henderson Library. Hosted by the Office of Research Services and Sponsored Programs, the Office of Research Integrity and the Office of Research Accounting in collaboration with CT2. Boxed lunch and beverages will be provided for registered participants.

Data Management Workshop: Preparing Data for Sharing and Archiving

2 – 3pm Friday, December 2nd

Conference Room, 3rd Floor, Henderson Library

RSVP Now!

During this workshop, we will discuss best practices for preparing your research data for long-term sharing and archiving. Topics will include file formats and file management, metadata and describing data, anonymization, intellectual property rights, and licensing for reuse. While emphasis will be on tabular data, all data types—including images, audio, and video—will be addressed. Drinks and snacks will be provided.
