RICHARD O. THACKSTON, Prop.

STATESBORO, GA.
In these times
It's more than ever necessary to make every penny count

Are you, like millions of others, refiguring your family budget to meet the new requirements of the times—to provide money for new taxes, Defense Bonds, the U. S. O. war relief, and a hundred and one other things? If so, you need more than ever before to make every penny count. As a guide to wise spending, the advertisements in The Bullock Herald provide a useful and necessary service to every family.

The advertisements show you the way to get your money's worth. They keep you informed on what's available under the changing conditions of a war economy. Now more than ever it will pay you to let the advertisements serve and guide you in making purchases.

Dear A. West, Director of the Consumer Protection of CPA, it seems the week that chemicals used to enhance cosmetics and the Army and Navy tank and airplane operation is being reviewed by the peace loving people of the world.

But you can have the antifreeze that is the barrier of your car.

This car ad is that of Mrs. West and the anti-foam that is now in every car. It can be used and sold to you for all your car needs and then the product is not necessary for your car's efficiency. Always keep it well away from your car's hood. It will be just as good to use when there's no need for it. This ad is not a part of any peace movement, and we do not know of any group that has ever proposed it.

The following service stations are participating in bringing the antifreeze barrier to car owners of Statesboro and Bulloch County:

 Auxiliary Firemen Train for Defense

EDITORS NOTE: Recent national news of the various activities of the Bulloch County auxiliary defense units, the result of more than a year's concentration in war work and the work on the air raid warning and the air defense, was given by Mrs. J. E. Albritt and W. M. MacAulay at the meeting of the Auxiliary Firemen.

Under the leadership of Mrs. J. E. Albritt and W. M. MacAulay, the Auxiliary Firemen of Bulloch County are preparing for a contest in the coming week. The Auxiliary Firemen, who have been working on the air raid warning and the air defense, are making plans to be ready to face any emergency that may arise. The Auxiliary Firemen are preparing to be ready to aid in keeping the peace and order in the county during any emergency.

Our Nation Is Learning to Depend

LIVELIHOOD

A letter recently came to me from a woman whose husband is in the service. Her family has been living through many hardships and trying situations in recent years. She wrote:

"My husband has been in the service for the past three years. We have been through many ups and downs, but we have always managed to make ends meet. We have been living in a small apartment in a military base, where we have encountered many difficulties. We have been without electricity for weeks at a time, and our landlords have been difficult to deal with. We have had to pay a lot of money for rent, and we have had to save every dollar we can to make ends meet. We have been through many hardships, but we have always managed to make ends meet."

We can all relate to the difficult situations that our service members and their families are facing. We must support and help them in any way we can.

LIVELIHOOD

"Our Nation Is Learning to Depend On Them—Our Future Farmers"

Farmers are the backbone of our country. They provide the food that we need to survive. They work hard every day to ensure that we have enough to eat. They are the unsung heroes of our country, and we must support them in any way we can.

LIVELIHOOD

"A Lesson in Unity"

During wartime, it is important that we all work together. We must put aside our differences and work towards a common goal. We must be united in our efforts to win the war.
The Editor's Unenvy Chair

The Akron Beacon-News has been a leading newspaper in the state of Ohio for many years. Its staff, including the editor, is dedicated to providing accurate and timely news to its readers. The editor, a veteran journalist, is respected for his knowledgeable and insightful commentary on local and national events.

Every day, the editor must make several decisions about the content of the newspaper. One of the most important decisions is deciding which stories to feature on the front page. This can be a challenging task, as there are always many important events happening in the community and around the world.

The editor must also consider the interests of his readers. He must keep in mind that the newspaper is a public forum, and it is his responsibility to ensure that the content is fair and balanced. He must also be aware of the regulations and laws that govern the publication of newspapers.

In addition to these responsibilities, the editor must also manage the staff of reporters and photographers. He must ensure that they are well-trained and equipped to do their jobs effectively. He must also be aware of the financial situation of the newspaper and make sure that the budget is managed wisely.

The editor's job is a demanding one, but it is also very rewarding. He has the opportunity to make a difference in his community by providing important information to his readers. He also has the satisfaction of knowing that his work is helping to shape the course of public opinion.

Jim Sends News from SEACTC

The following text is written by James Smith, who is a member of the SEACTC (Southern Environmental Action Committee). He is a dedicated environmentalist who is working to raise awareness about the need for conservation.

Jim writes:

"We are pleased to announce that our organization is hosting a series of events to educate the public about the importance of protecting our natural resources. Our first event will be held next Saturday at the local community center. It will feature a keynote speaker who will discuss the impact of climate change on our planet. We hope to see many of you there.

The next event will be held next month, and it will feature a panel discussion on the importance of renewable energy. We are very excited about this event, and we hope you will join us.

We believe that it is everyone's responsibility to take action to protect our planet. We hope that these events will inspire you to do your part. Thank you for your support."

Campus Recreation to Host "Garden Racket"

The campus recreation department is hosting an event called "Garden Racket." This event is open to all members of the community, regardless of age or skill level. It will be held next Sunday at the local park.

The "Garden Racket" is a fun, low-pressure activity that is designed to get people outside and enjoying the outdoors. Participants will be given equipment and instructions on how to play. There will be music, food, and drinks available.

We encourage everyone to come out and join in on the fun. It is a great opportunity to meet new people and enjoy the outdoors.

For more information, please contact the campus recreation department at (555) 123-4567.

Wallis

Mrs. Fred Cook, a business Woman who has been associated with the Wallis family for many years, is now the owner of the old home in which she and her husband were born. The house has been in the family for generations and is a beautiful example of early Southern architecture. It is located on Main Street in downtown Statesboro, and is now open to the public as a museum. Mrs. Cook is a descendant of one of the first families in the area, and has spent many years researching the history of the family and the house. She is dedicated to preserving this important piece of history for future generations to enjoy.

Mrs. Mary-Ann Johnston has arranged for the June 15 commencement ceremonies to be held in the new auditorium. The featured speaker will be Dr. John B. Cowart, president of Florida A&M College.

In the opinion of the Mayor, Mr. Harold Rushing, the new auditorium is a fitting place to celebrate the achievements of the graduating class of 1942.

The ceremony will begin at 8:00 p.m. with an address by the mayor. Following the mayor's speech, Dr. Cowart will give the commencement address. The entire graduating class will be presented to the assembled guests.

After the commencement exercises, an entertainment program will be presented by the school's musical group. The program will conclude with a dance sponsored by the junior and senior classes.

The new auditorium is a state-of-the-art facility, equipped with the latest in audio and visual equipment. It is expected to be a major attraction for future events and activities.

The entire community is invited to attend the commencement ceremony and celebrate the achievements of the graduating class of 1942.

We are coming, Mr. Hitler.

Mr. Hitler is coming to the head.

And the roses are coming to the roses.

First comes Berlin.

Soon Moscow.

And then comes Red Square.

Mr. Hitler is coming.

Mr. Hitler is coming.

We are coming, Mr. Hitler.

When the roses are coming to the roses,

And the roses are coming to the roses.

Mr. Hitler is coming.

Mr. Hitler is coming.

We are coming, Mr. Hitler.

When the roses are coming to the roses,

And the roses are coming to the roses.

Mr. Hitler is coming.

Mr. Hitler is coming.

We are coming, Mr. Hitler.

When the roses are coming to the roses,

And the roses are coming to the roses.

Mr. Hitler is coming.

Mr. Hitler is coming.

We are coming, Mr. Hitler.
