FUNDAMENTALLY, CHARGE ACCOUNTS ARE THE SAME AS ALWAYS.

Generally, you can still buy according to regular Charge Accounts. Originally three months and six months customer accounts are in the picture. In their best days and customers here are satisfied with the plan. We have no firm dates on the end of the period for these accounts. The checking at the end of the month will be continued.

THIS IS HOW IT WORKS

All retail dealers, no matter where, are entitled to charge accounts at the end of the month, must and will be honored. These accounts are not for the use of the public, but for the use of the merchants. The accounts are designed to give the merchant the opportunity to serve the customer in the best way possible. This is not a charge account for the use of the public, but for the use of the merchant.
