DEDICATION

This book is dedicated to the memory of Wiley Nessmith, the Confederate Soldier, who endured the War, sustained by his love of home and family.

The publication of the letters is made possible by - -

- Paul Nessmith, Wiley's grandson, who made contact so that the Nessmith family might have copies of the found letters that were lost for more than 125 years.

- Wally Wildenradt and Annie Laura Wildenradt, granddaughter of Wiley Nessmith, who are responsible for the story, Deep in the Heart, a novel by E. Randall Floyd, based on the love letters written by Wiley Nessmith.

- Franklin R. Hatch, of Doswell, Virginia, who found the letters and searched diligently until he found Wiley Nessmith's family in Bulloch County, Georgia, and gave permission for their publication.

- The Bulloch County Historical Society for publishing these letters.

WILEY NESSMITH

Wiley Nessmith was born in Wilkinson County, Georgia on August 20, 1840. His parents were James Nessmith, III and Jane Price Nessmith. He grew up on the family farm that his parents had gotten in Wilkinson County through the lottery. Wiley was the youngest of eleven children.

In 1860, Wiley and Martha Ann Walker, daughter of Jeremiah and Johanna Fox Walker, were married in Wilkinson County, Georgia. On June 28, 1861 a beautiful baby girl, Johannah, was born.

On March 4, 1862, Wiley volunteered for duty with the Confederate States of America. At this time, the 49th Georgia Regiment, Company A, in which Wiley would serve for three years, was formed. The company was known as the Wilkinson County Invincibles. They were drilled for service in Wilkinson County before being shipped off for more training in Whitesville, Effingham County, Georgia.

Then they were sent to Savannah, Georgia. Next the company went by rail to Goldsboro, North Carolina. Their first battle was at Seven Pines. Then on 26th of June, 1862, they were in the battle at the Seven Days' fight in front of Richmond, Virginia. On June 27th1862, they were in the battle at Fraziers' Farm and First Cold Harbor.

In July of 1862, they were assigned to the Army of North Virginia, under the command of General Robert E. Lee. They were attached to Thomas' Brigade, commanded by General E. L. Thompson and on August 8, 1862 they joined Stonewall Jackson's Division of Foot Cavalry. On August 9th, 1862, they met the enemy at Cedar Run. Then they went into the battle of Manassas on August 29 and 30, 1862 and on September 2nd, 1862, they were in the Battle of Chantilly.

On December 13th, 1862, the 49th of Georgia was with General Lee in the defeat of the Federal Army of the Potomac in the First Battle of Fredericksburg. Their winter quarters were set up at Camp Gregg near Fredericksburg, Virginia. A battle at
Chancellorsville on May 3rd, 1863, was the next combat that Company A was engaged in and then on May 6th, 1863, they were in the second battle of Fedricksburg. The great three days battle of Gettysburg on July 1st, 2nd, and 3rd, 1863 and Lee's Pennsylvania Campaign found Company A in the forefront of enemy fire.

During the Winter of 1863, the 49th, with General T.L. Rooseir’s brigade of Cavalry went on raiding expeditions into the Shenandoah and Moorefield Valleys. They surprised the Federals in Moorefield Valley and captured a supply train with 136 wagon loads of provisions, enough to supply General Lee’s Army for four months.

After the raiding expeditions, they returned to Rappahannock and remained at the Orange Court House area until May, 1864. They took part in the fighting from Spotsylvania to Second Cold Harbor at Richmond and the Petersburg Campaigns.

On March 25th, 1865, they were assigned guard for General Lee and Staff. The 49th Regiment of Georgia, Company A, surrendered with General Lee at Appomattox, Virginia on April 9th, 1865.

After the surrender, Wiley walked from Appomattox to his home in Wilkinson County, Georgia where he was reunited with his family.

After the war, Wiley and Martha worked on the farm that he was so concerned about during the years of the war. They had six more children born in Wilkinson County, Georgia. Then after 1885, Wiley and Martha moved their family to Bulloch County, Georgia.

In 1892, Martha Ann Nessmith purchased 100 acres of land from W. H. Blitch in the Westside Community, Bulloch County, Georgia. It was here they farmed and raised their family.

The farm provided cash crops of corn and cotton. They raised hogs for meat, cows for milk and butter, and chickens for eggs and meat.

Wiley, along with two of his sons, Wash and Ben, and a neighbor were charter members of the Bethel Missionary Baptist Church in the Westside Community, Bulloch County, Georgia. They purchased four acres of land near their farms on which to build the Church. The church was established on September 29, 1901 and it will celebrate its one hundredth anniversary in the year 2001.

As Wiley and Martha grew older and farming became difficult, they sold the farm to their youngest son, Dorsey in 1905. After selling the farm Wiley and Martha ran a community store. Also, Wiley fitted glasses for the people of the community. His grandson, Paul Nessmith, has the glasses kit that Wiley used in this endeavor.

During an influenza epidemic in 1917, Martha Ann died. After a few years of living alone, Wiley’s ill health made it necessary for him to live with his children. While sitting beside the fire on a cold November day with a quilt over his legs, a spark ignited the quilt. Before it could be extinguished, he had received severe burns. On November 27, 1924, Wiley died and was laid to rest beside his beloved Martha Ann in Brannen Cemetery, Westside Community, Bulloch County, Georgia.

We know little about the farm when Dorsey Nessmith owned it, but would assume that he continued to raise the same crops and foods for his family that his father had raised.

In 1910, Dorsey Nessmith sold the farm to his brother, Benjamin David (Ben) Nessmith. Ben had a farm adjoining the farm he bought from his brother. Now with a larger farm area, Ben would plant pecan trees on part of the land. The money crops would now include corn, tobacco, cotton, peanuts, velvet beans, sugar cane, and pecans. He had mules, cows, hogs, and chickens.

In 1951, Benjamin Elisha (Bennie) Nessmith bought the 175 acres farm owned by his father, Benjamin David Nessmith. Bennie was not a farmer but rented the farmland and the pecan orchard.

After the death of Bennie and his wife Dartha Bonnett Nessmith, the farm was purchased by Guy B. (Bunny) Deal and Sally Akins Deal, Bennie’s niece. Bunny and Sally Deal live on the tract of land that belonged to Benjamin David Nessmith (her Grandfather). The house that they live in was built in 1918 by her Grandfather and is
located directly across the road from the original 100 acres farm of Wiley and Martha Ann Nessmith.

The Nessmith-Deal farm was recognized in 1998 as a Georgia Centennial Farm by the Historic Preservation Division of the Department of Natural Resources. This program recognizes farms that have been in the family for at least 100 years.

CONFEDERATE LETTERS OF WILEY NESSMITH

The report we have concerning the Grandpa Wiley letters is that they were found in a Civil War knapsack in the attic of an old house in Petersburg, Virginia, several years ago. How did they get there, no one knows. Why were they written but never mailed? One can only guess.

We know that the 49th Georgia Regiment, Company A was in the nine-month siege of Petersburg from July 1884 until April 1885. We wonder if Grandpa Wiley left his knapsack at the home of a friend, or in a building that the troops was holed up in for a period of time and he forgot to retrieve it when his company had to move out suddenly.

The letters show that he wrote often to his dear Martha Ann and the Baby. We know from the letters that some of his letters were mailed, so why were these written and never mailed?

Wiley wrote about the hardships of war and how disease was rampant in the camps. He told Martha Ann about the long marches in cold and wet weather, of the shortage of food and at times of just waiting around.

Weariness began to reflect in his letters as he wrote that he wished that the unholy war would end and all the soldiers would join their loved ones back home. In responding to a letter from Martha Ann he stated that it wouldn’t be so bad if we went back in to the union. He even stated that it looked like the Yankees would win the war, but the most important thing was to get home to his family.

The original letters are in the possession of a collector of Civil War relics. As he took on the task of deciphering and typing the letters, he felt a need to locate the family of this Georgia soldier. After several years of searching, he was able to locate Paul Nessmith, Grandson of Wiley, in the Georgia House of Representatives.
The rest of the story is that we now have a copy, though not the originals, of the letters that has made the War Between the States a real war to the family of Wiley Nessmith. The family is privileged to have this account from the pen of a family member who personally experienced life during a devastating conflict and time of major crisis in American history.
