This essence notes (open access) is brought to you for free and open access by the Scholarly Communications Work Team at Digital Commons@Georgia Southern. It has been accepted for inclusion in Scholarly Communications Work Team Essence Notes by an authorized administrator of Digital Commons@Georgia Southern. For more information, please contact digitalcommons@georgiasouthern.edu.

**Scholarly Communications Work Team Meeting
July 17, 2017, 4-5pm, Library Conference Room**

Minutes

ATTENDING: R. Baker, K. Coates, L., J. Gerrald, P. Gujilde, L. Gwinett, C. Lau, L. Li, J. Minihan, J. Mortimore, N. Rech, D. Skinner and F. Smith

Agenda:

1. Update on Fall Traveling Houses: CHHS, COBA

Traveling Open Houses for COBA and CHHS have not yet been scheduled. Clement asked for talking points to use when talking to contacts in COBA. Jeff suggested reaching out to the secretary of the Dean or Communications Director as key contacts in the colleges. Nikki said she would share the talking points she used for outreach to COSM.

Note: the College of Nursing is well covered in SW so there are no plans for a Traveling Open House for outreach to Nursing faculty.

2. Update on proposed topics for joint programming/collaboration with CT2 (Centers for Teaching and Technology)

Ruth shared the current version of the document compiling the list of topics for potential joint programming with CT2; some entries need expanding. Ruth asked for edits to be completed by Friday, July 20th so the list could be forward to Debra Walker in CT2. Jeff and Ruth plan to meet with CT2 staff to discuss future collaboration or joint programming. It was noted that we can also point to library services information available online in LibGuides, particularly 'the Atrium.'

PlumX: we can also add info from C&RS brochures to the planned Scholarly Communications LibGuide regarding PlumX, which we plan to promote this Fall. PlumX can be cross-referenced in the Selected Works portion of the guide.

3. Old Business-none

4. New Business: New Faculty Orientation

Brochures from C&RS (Data Management Services and Digital Commons, which include information about PlumX and other metrics) are available if liaisons want to distribute them to new faculty.
