NEW BROADKASTER “PROGRESSIVE JAZZ” DRUM OUTFIT $449

The latest, the finest in artist outfits for the progressive drummer playing with small groups. This is the exact outfit played by Art Blakey and by Max Roach on the Emarcy Records he made with his group. It's compact, strictly modern in appearance, and a pleasure to travel with. Note particularly the 20” x 14” bass drum (pioneered by Dave Tough and Gretsch) the 14” x 4” Max Roach snare drum (fastest sounding, snappiest answering snare drum you ever tried) and the 12” x 8” and 14” x 14” toms so suitable for small jazz groups. Pictured here in Copper Mist Gretsch Nitron but also available in all other GRETSCH-PEARL and GRETSCH NITRON colors. See opposite page for detailed listing, finishes and price.

**“NAME-BAND” OUTFIT**

Many top-ranking drummers have said they chose this outfit because it not only offers everything they need for serious professional work but, in addition, it sets up that equipment in compact, highly portable form. Doesn’t take up too much floor space, which is often an important consideration. Note the option offered you in snare and bass drum sizes. And note, also, the many beautiful finishes you choose from. Metal parts of the drums and tomtoms are heavily plated in gleaming, long-lived chrome. Prices include tax. Finishes are as follows:

- **GRETCH-PEARL** in White, Black or ‘Midnight Blue’
- **GRETCH-SPARKLE** in Green, Red, Blue, Silver or Gold
- **GRETCH-NITRON** (New!) in Cameo Coral, *Cadillac Green, Copper Mist or Jet Black*

BIRDLAND SPOTLIGHTS GRETSCH DRUMS and the POLL-WINNING DRUM STARS WHO PLAY THEM

When the jazz world’s Big Men on Drums come to New York, they just naturally head for Birdland, the Jazz Corner of the World.

Says Birdland manager, Oscar Goodstein, “since most of the drummers playing the club use Gretsch drums anyway, we keep a Gretsch outfit on hand at all times.”

Just as famous as this New York jazz mecca are the Gretsch drummers who play there. Gretsch men have been winning the annual DOWN BEAT Critic and Popularity Polls since the very first one—more than 20 years ago! Such poll-winning jazz greats as Louie Bellson, Art Blakey, Kenny Clarke, Chico Hamilton, Jo Jones, Mel Lewis, Sonny Payne, Charlie Persip, Max Roach, Art Taylor, (listed alphabetically) are “regulars” in the Birdland spotlight.

Many of the special Gretsch professional accessories and drum innovations you see in these pages were designed at the suggestion of Gretsch’s jazz headliners. We’re proud of the outstanding contributions these fine drummers have made to modern drumming.

When you pick the drums for your marching band or drum corps, you know in advance that they’re going to lead a hard life. You expect them to look well, play well, and stand up faithfully under all conditions. Indoors or out, in fair weather or foul, they’ve got to deliver!

So, as you read the specifications of GRETSCH BROADKASTER DRUMS for field service you’ll find there, we think, concrete assurance that these are the drums to meet your demands and expectations 100%.

For Flashing Beauty you choose from a wealth of new and standard colors in Gretsch-Pearls and Gretsch Sparkles. And in the new Gretsch Nitrorns, you can have your school or corps colors faithfully reproduced in this tough, smoothly polished, long lasting plastic.

Or order them in hand polished mahogany or lacquer colors (solid or ‘tritone’). We match your color samples exactly.

Gleaming chrome plating on the metal parts (you get it at no extra cost on all Gretsch drums) gives additional flash and lasting service. Dust and dampness can’t more than momentarily dim the beauty of Gretsch chrome plating. A quick rub with a damp cloth restores the polish instantly.

For Longer Life, don’t settle for less than GRETSCH-EXCLUSIVE moulded ply-wood shells and hoops. There’s nothing to match them for service. And we guarantee them to hold their perfect round for the life of the drum! As a further protection against adverse weather conditions, the inside surfaces of GRETSCH BROADKASTER shells are heavily finished with special moisture-resistant metallic lacquer.

GRETSCH streamlined tension casings combine beauty with efficiency. They are self-seating, self-aligning, and strip-proof.

For the modern effects and tom tom routines that play so important a part in present day field drumming, GRETSCH parade snare drums all come equipped with throw-off snare strainers.

Important as these construction details are in terms of looks and service, one feature of GRETSCH BROADKASTER DRUMS outweighs all the rest. It’s—

‘THAT GREAT GRETSCH SOUND’

—that unmistakable, matchless tone that instantly identifies GRETSCH drums to so many band directors and drummers.

In the final analysis of drum quality, tone must come first. And GRETSCH BROADKASTERS have it to a unique degree. Your own ears will confirm that statement.
