“THAT GREAT GRETSCHE SOUND”
Gretsch puts you up front again. The sound is real and the style is now. Gretsch really makes it for the 70's. With technical “firsts” that mean rugged construction, innovative design and perfect projection of “that great Gretsch sound.” Here are some of the unique designs that make Gretsch drums better than ever —

- New monster cymbal floor stand.
- Patented snap-in key holder.
- WIDE-42 power snares.
- All-height adjustable cymbal holder.
- Lightning snare throw-off for quick, positive action.
- Disappearing drum spurs.
- Adjustable built-in bass drum tone control.

Whether you're on the stage or on the field, you know you're ahead with Gretsch. There's a great reputation behind the Gretsch name. For drum know-how — technical excellence — and a contemporary attitude to keep up with what's happening today. That's why “that great Gretsch sound” is better than ever.
The Gretsch ROCK 'N ROLL outfit is perfect for the drummer or group that really wants to be heard above the crowd. Its twin tom toms with heavy duty holders can take the hard-driving drumming of today's sound.

## Cymbal Pocket

Cymbal pocket for 18", 20", and 22" cymbals, add $4.00
Expect this from Gretsch sticks: uniformity of model, balance, and playing qualities. Such consistent high calibre of Gretsch sticks is the result of careful stock selection, perfect turning, and glassy-smooth finish. Only the finest second-growth, straight-grained white hickory stock may be used ... and this must be scientifically and thoroughly seasoned before turning to insure perfect straightness. Step by step, Gretsch's attention to details is your assurance that your favorite stick will always be the same. There's a model exactly suited to your needs.

1D Art Blakey — Fine, all-round model for big band or small group. Ideally suited for ride cymbal work.

4D Rock 'N Roll — An ideal choice for today's beat whether it's Liverpool, Detroit or your own individual style. Designed for drummer's ease in handling no matter how demanding the dance work.

5D Progressive Jazz — Medium weight, long model. Designed by one of the most progressive jazz drummers today. Perfect for fast work between snare, tom tom and cymbals.

6D Elvin Jones — Modern jazz drum star, Elvin Jones, known for his personal approach to drums, now has personal drum stick designed by Gretsch and available for versatile hard-driving stylists.

7D — Mel Lewis — Very light dance stick used by Lewis and many others. Ideal for top cymbal work and left hand independent snare drum beats.

8D Don Lamond — Similar to the 7D in weight but slightly longer. A "fast" model, very popular with drummers who play "Up-Tempo" numbers.

4871 — Drummers' Castanets; one pair tied with gut on ebonized hard wood handle
4872 — Drummers' Castanets; two pairs tied with gut on ebonized hard wood handle

DRUMMERS' TRIANGLES
Gretsch triangles are of the finest professional quality. Molded of highly tempered, heavy tool steel, they are Nickel-plated to prevent rust. They produce clear, resonant tone to highlight orchestral effects. Each comes with striker.
4880 — 6" Triangle with striker
4881 — 8" Triangle with striker
4882 — 10" Triangle with striker
4879 — Triangle Holder... Clips to Music Stand or Bass Drum hoop; Holds triangle in ideal position for playing ease.
The student drummer has it all together with these compact, lightweight, good-looking Gretsch Drum Kits. Inside is a smart, separate-tension Pearl snare drum and a Chrome plated stand. Both perfect for concert band or orchestra or for building a complete dance outfit. The kit also includes a heavy-duty foam rubber practice pad that fits right on the drum head, responding just like the drum itself. Included is a detailed instruction book for students.
