Armstrong State University, "November 17, 2014 Armstrong Faculty Senate Agenda" (2014). Armstrong Faculty Senate Agenda. 29.
https://digitalcommons.georgiasouthern.edu/armstrong-fs-agenda/29

This agenda is brought to you for free and open access by the Armstrong Faculty Senate at Digital Commons@Georgia Southern. It has been accepted for inclusion in Armstrong Faculty Senate Agenda by an authorized administrator of Digital Commons@Georgia Southern. For more information, please contact digitalcommons@georgiasouthern.edu.
I. Call to Order

II. Senate Action
   A. Approval of Minutes from October 20, 2014 Faculty Senate Meeting
   B. Brief remarks from Dr. Linda Bleicken, President
   C. Old Business
      1. Outcome of Bills/Resolutions
         i. FSB_2014-05-12-01 Institutional Accountability, Transparency and Communication
            a. Joint Leadership Team summary October 28 (Appendix B)
            b. Faculty Personnel Requests 10.29.14 (Appendix C)
            c. Staff Personnel Requests 10.29.14 (Appendix D)
      2. Other Old Business
   D. New Business
      1. Committee Reports
         i. University Curriculum Committee
            a. Meeting Minutes and Curriculum Changes (Appendix A)
         ii. Governance Committee
         iii. Academic Standards
         iv. Education Technology
         v. Faculty Welfare
         vi. Planning, Budget, and Facilities
         vii. Student Success
      2. Armstrong IT improvement timeline (Robert Howard)
      3. Emergency Planning Committee (Debra Hagerty)
      4. Other New Business
   E. Senate Information
      1. Contact the Governance Committee at governance.senate@armstrong.edu.
      2. Send Committee meeting dates/minutes to faculty.senate@armstrong.edu.
   F. Announcements

III. Adjournment
CALL TO ORDER. The meeting was called to order at 3:00 by Dr. David Lake.

APPROVAL OF MINUTES. The minutes of October 1, 2014 were approved as presented.

ITEMS REMANDED BY FACULTY SENATE (See UCC Attachment 1)

Submitted from Languages, Literature, and Philosophy (French eMajor program):

The following item was remanded by the Faculty Senate. It was moved and seconded to amend the item as shown below. The amended language reflects the outcome of discussion between the College of Liberal Arts and the College of Education. The motion carried and the item was approved as amended. The item is being resubmitted to the Faculty Senate for approval.

29. Create the following course:
ESOL 4010 Applied Linguistics for ESOL Teachers 3-0-3

A study of the nature, structure, and diversity of language, emphasizing the phonological, morphological, syntactic, and semantic patterns of English in comparison and contrast with features of other selected languages. Prospective teachers The course will explore the principles of linguistic systems and major theorists and schools of linguistic thought. Language acquisition theories as related to language development and learning and their implications for instruction will also be examined within the cultural framework of working with communities of non-native English speakers.
Rationale: The creation of this course permits the department to offer courses required for an e-major.

Effective Term: Fall 2015

CURCAT:
- Major Department: Languages, Literature, and Philosophy
- Can Course be repeated for additional credit? NO
- Maximum Number of Credit Hours: 3
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

The Faculty Senate approved the following item with the exception of the sentences highlighted in green. Those sentences were remanded. It was moved and seconded to remove the remanded sentences. Removal of those sentences reflects the outcome of discussion between the College of Liberal Arts and the College of Education. The motion carried and was approved. Since the program was already approved by the Faculty Senate, only the removal of the sentences needs to be approved.

30. Create the following program of study for the B.A. Degree in French:

World Languages and Cultures – eMajor Description (For Information Purposes Only, Not for Catalog Entry)
The tracks in World Languages and Cultures offer students the opportunity to combine two or more world languages in a program of study that will impart the basic knowledge necessary to participate in international and intercultural settings. The track emphasizes knowledge of modern foreign cultures and enables students to focus on one modern language while achieving speaking facility in one or two others. These tracks are foundational to advanced studies in Humanities disciplines such as modern Languages, History, Art History, Philosophy, or Political Science. When combined with business courses and/or the Certificate in Spanish for Professionals, these degrees can open up international corporate and medical services opportunities.

Majors in World Languages and Cultures may find employment in business, government, education, media, travel and social services depending upon their skills and experiences. Majors can seek out employment opportunities in which language skills are required in the workplace. Such positions include translating, interpreting, the travel industry (airlines, international hotel chains, etc.), and teaching foreign languages within a corporate context. World Languages and Cultures majors also pursue careers in social services capacities.

Additionally, completion of the Certificate in Teaching English as a Second Language as part of these degrees will prepare majors to teach English to speakers of
Internships, practicum placements, and study abroad are highly recommended as study components in this major.

REQUIREMENTS FOR THE B.A. DEGREE IN FRENCH: WORLD LANGUAGES AND CULTURES

Georgia Core curriculum.................................................................60 hours
Core Areas A-E (see Core Curriculum) ........................................42 hours
Core Area F .................................................................18 hours
  FREN 1001 and 1002 (as needed) ........................................ 0-6 hours
  FREN 2001 and 2002 (as needed) ........................................ 0-6 hours
  SPAN or GRMN or LATN 1001 and 1002 or other foreign language (as needed) ........................................ 0-6 hours
  SPAN or GRMN or LATN 2001 AND 2002 or other foreign language (as needed) ........................................ 0-6 hours
  Other Electives from Area C and E Courses ..........................0-18 hours

Students must achieve a grade of “C” or better in all courses taken in Area F.

Senior- College Curriculum.................................................................60 hours
Upper-level courses in French and Linguistics ........................................33 hours
  FREN 2010 .............................................................................. 3 hours
  FREN 3010 .............................................................................. 3 hours
  FREN 3150 or 3160 ................................................................. 3 hours
  FREN 3201 .............................................................................. 3 hours
  FREN 3250 or 3260 ................................................................. 3 hours
  FREN 4010 .............................................................................. 3 hours
  FREN 3300 .............................................................................. 3 hours
  Electives:
    FREN 3000/4000-level courses ................................................. 9 hours
  Supporting course: ESOL 4010 ....................................................... 3 hours
Related Electives ..................................................................................27 hours
A second or third foreign language may be taken in the major as needed under the Elective hours.
For the degree, a minimum of 39 hours in total must be taken at the 3000/4000 level.

Suggested Elective Sequences: Minor in Spanish or German, Certificate in Spanish for Professionals.

Total hours required for the degree..........................................................120 semester hours

Rationale: See item 28 below

Effective Term: Spring 2015

Submitted by the Gender Studies program:

The Faculty Senate remanded the following item because some of the course names had not been updated. The catalog editor has corrected those course names. It was moved and seconded to approve the item as corrected. The motion carried and the item was approved. It is being sent forward to the Faculty Senate for approval.
7. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF ARTS IN GENDER AND WOMEN’S STUDIES

A. General Requirements
Core Areas A, B, C, D,I, and E .......................... 42 hours
Area F .......................................................... 18 hours
   GWSTGNST 1101 Introduction to Gender and Women’s Studies
   GWSTGNST 2101 Ethics, Values, and Gender and Ethics
   GWSTGNST 2200 Gender in Global Contexts
   Foreign language 1002 (3 credit hours)
   Foreign language 2001 (3 credit hours)
   ENGL 2100 Literature and Humanities

Physical Education ........................................... 3 hours
First-Year Seminar ........................................... 1 hour

B. Major Field Courses
Minimum of 39 hours at 3000 level or above
Required Courses in the Major Field ..................... 15 hours
   GWSTGNST 5700U Perspectives in Feminist Theory
   GWSTGNST 4900 Gender Studies Junior/Senior Seminar
   GWSTGNST/SOCI 5600U Sociology of Gender
   FILM 5040U Women and Film
   HIST 3740 History of American Women

Additional Major Field Courses
List A: Arts and Humanities (3000 or above) .......... 6 hours
   Choose from:
   ENGL 5340U Literature by Women
   ENGL 5355U Black Women Writers
   FILM 5025U Popular Culture Theory and Criticism
   GWSTGNST 4700 Gender and Women’s Studies Internship
   GWSTGNST 5000U Topics in Gender and Women’s Studies
   GWSTGNST 5500U Topics in Women’s Leadership
   HIST 5660U Topics in the History of Women and Gender in America
   HIST 5670U Topics in the History of Women and Gender in Europe

List B: Social/Behavioral Sciences and Health Professions (3000 or above)  6 hours
   Choose from:
   GWSTGNST 4700 Gender and Women’s Studies Internship
   NURS 3355 Women’s Health
   COMM 5500U Communication between the Genders
   PSYC 3100 Human Sexuality
   PUBH 5570U Women and Minority Health Issues
   PUBH 5575U Health and Sexuality Education
   SOCI 3150 Sociology of the Family
   SOCI 3300 Social Stratification
   SOCI/GWSTGNST 3510 Gender, Violence and Society
   SOCI 3800 Sociology of Sexuality
C.  Minor ........................................................... 15-18 hours  
   A university-approved minor in another area of study.
D.  Electives ...................................................... 15-18 hours 

Total Semester Hours 124 hours
E.  Exit Exam

Effective Term: Fall 2015

ITEMS

I. College of Education

A. Adolescent and Adult Education

*Items 1-2 from the Department of Adolescent and Adult Education were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

1. Create the following courses:
   PEBC 1300 Walk, Jog, Run 0-1-1
   Prerequisite: None
   Description: The principles of cardio respiratory fitness associated with walking, jogging, and running will be taught in this course along with the principles of flexibility fitness associated with static and dynamic stretching for the prevention of walking and jogging injuries. This course will provide students with basic cardio respiratory skills to develop an effective beginning walking, jogging or running program. This course is open to all levels of fitness.

   Rationale: A brief survey in the spring 2014 was conducted in flex term activity classes, the results indicate that a Walk, Jog, Run training course would be popular. Similarly sized universities along with universities that are larger and smaller than Armstrong offer similar courses. The course will be offered in both 7 week sessions.

   Effective Term: Fall 2015

CURCAT:
   Major Department: Adolescent and Adult Education
   Can course be repeated for additional credit? No
   Maximum number of credit hours: 1
   Grading Mode: Normal
   Instruction Type: Lab
   Course Equivalent: None
2. PEBC 1050 Intermediate Weight Training

0-1-1
Prerequisite: PEBC 1000 Beginning Weight Training or Instructor Approval
Description: Principles of muscular strength and muscular endurance fitness associated with resistance training. This course will provide students with the skills necessary to develop an effective intermediate weight training program.

Rationale: A brief survey in the spring 2014 was conducted in flex term activity classes, the results indicate that an Intermediate Weight Training course would be popular. Similarly sized universities along with universities that are larger and smaller than Armstrong offer similar courses. The course will be used in the second 7 week session.

Effective Term: Spring 2015

CURCAT:
Major Department: Adolescent and Adult Education
Can course be repeated for additional credit? No
Maximum number of credit hours: 1
Grading Mode: Normal
Instruction Type: Lab
Course Equivalent: None

B. Childhood and Exceptional Student Education

Items 1-3 from the Department of Childhood and Exceptional Student Education were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.

1. Modify the following course
ECUG 4300 Language Arts Assessment and Modification
1-V-3
Prerequisite: Admission to Candidacy in the Department of Childhood and Exceptional Student Education, ECUG 3071, ECUG 3072
Corequisite: ECUG-4750 ECUG 3750

Rationale: The corequisite is no longer required. ECUG 3071 and 3072 are required as prerequisites due to course rotation changes. ECUG 3750 is required as corequisite due to course rotation changes.

Effective Term: Fall 2015

2. Modify the following course
ECUG 4750 INTERNSHIP II - STUDENT TEACHING
0-V-12
Prerequisites: Admission to Candidacy in the Department of Childhood and Exceptional Student Education and completion of all other coursework.
Corequisite: ECUG-4300
Rationale: The corequisite is no longer required.

Effective Term: Fall 2015

3. Modify the following Program of Study:

Bachelor of Science in Early Childhood Education

Track 2: Child and Family Studies

C. Related Field Courses ........................................12 hours

SOCI 1101 Introductory Sociology (if not taken in Core Area E)

Approved electives (9 credit hours from the following list):

COMM 3050 Interpersonal and Small Group Communication
CSDS 4050 Intercultural Communication
HSCP 2000 Ethical Theories/Moral Issues in Health
HSCP 4010 Health and Human Development
PEHM 3090 Basic Games, Dance, and Rhythmic Activities
PSYC 2950 Lifespan Developmental Psychology
PSYC 1200 Drugs and Behavior
PUBH 5570U Women and Minority Health Issues
SOCI 3200 Racial and Ethnic Minorities
SOCI 3500 Social Problems
THEA 3030 Creative Dramatics and Children’s Theatre

Rationale: Listing the electives allows the automated degree audit system for advising to program these choices and work well. The list clearly delineates what is approved.

Effective Term: Fall 2015

II. College of Health Professions

A. Diagnostic and Therapeutic Sciences

*Items 1-50 from the Department of Diagnostic and Therapeutic Sciences were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

Overview and Rationale: Due to changes in the scope of professional practice within specific disciplines, the movement toward interprofessional practice, the creation of the interprofessional Department of Diagnostic and Therapeutic Sciences, and to make the curricula more efficient and transparent, Radiologic Sciences has completely redesigned
the curricula for the five entry-level tracks. Each of the five tracks will have a distinct prefix, there is a prefix (RDSC) for common Radiologic Sciences courses and a prefix (DDTS) for common Department of Diagnostic and Therapeutic Sciences courses. With the exception of the first item below, all other changes are new courses. (Note: RADS courses are not being deleted from the Bridge and Special Options curricula in the degree.) New courses are subdivided by common courses then each respective track.

**DDTS/RDSC 'Common' Courses**

1. **Delete the following course:**
   **RADS 3060 Principles of Image Formation and Evaluation**  
   2-2-3

   **Rationale:** This course is being replaced with new course RDSC 3060.

   **Effective Term:** Fall 2015

2. **Create the following course:**
   **RDSC 3060 Principles of Image Formation and Evaluation**  
   2-2-2

   Open only to majors in radiologic sciences. Factors controlling radiographic image production and image quality. Topics include geometric and photographic properties, image quality evaluation, and image display.

   **Rationale:** This course will be a Common (interprofessional) course. Thus the change in the course prefix. It will replace RADS 3060. The content related to the digital process has been moved to another course and the radiographic imaging process has been increased.

   **Effective date:** Fall 2015

   **CURCAT:**
   - Major Department: Diagnostic and Therapeutic Sciences
   - Can course be repeated for additional credit? No
   - Maximum number of credit hours: 2
   - Grading Mode: Normal
   - Instruction Type: Lecture
   - Course Equivalent: RADS 3060

3. **Create the following course:**
   **DDTS 2001 Introduction to Diagnostic and Therapeutic Sciences**  
   3-1-3

   Prerequisite: ENGL 1102

   An introduction to the disciplines in DDTS: Medical Laboratory Sciences, Respiratory Therapy, and Radiologic Sciences. Includes an introduction to medical terminology.

   **Rationale:** See Overview and Rationale, page 7
Effective date: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: None

4. Create the following course:
DDTS 3001 Patient Care and Interaction 3-2-3
Prerequisite: Open only to majors in Diagnostic and Therapeutic Sciences.
Physical and psychological needs of the family and patient, patient transfer techniques, interaction with the terminally ill, vital signs, administration of injections and pharmaceuticals, IV and tube maintenance, urinary catheterization, acquisition and interpretation of EKG’s, emergency medical situations, infectious disease processes and universal precautions.

Rationale: See Overview and Rationale, page 7

Effective Term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: RADS 3050

5. Create the following course:
DDTS 4010 Research Methodologies 3-0-3
Prerequisite: HLPR 2000. Open only to majors in Diagnostic and Therapeutic Sciences or Permission of Instructor
Application of quantitative and qualitative approaches to research issues specific to the Diagnostic and Therapeutic Sciences. Topics covered include development of research questions, study design, methodology, data collection and analysis.

Rationale: See Overview and Rationale, page 7

Effective Term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
6. Create the following course:

**DDTS 4020 Management and Leadership** 3-2-3

Prerequisite: Open only to majors in Diagnostic and Therapeutic Sciences or Permission of Instructor.

This course introduces leadership concepts, focusing on the contemporary theories of leadership and management, health care financing, and total quality concepts. A course component will include a leadership practicum.

Rationale: See Overview and Rationale, page 7

**Effective Term:** Fall 2015

**CURCAT**

- Major Department: Diagnostic and Therapeutic Sciences
- Can Course be repeated for Additional Credit? No
- Maximum number of credit hours: 3
- Grading Mode: Normal
- Instruction Type: Lecture/Lab
- Course Equivalent: None

7. Create the following course:

**RDSC 3001 Radiologic Sciences I** 5-0-5

Prerequisite: Open only to majors in radiologic sciences.

An introduction to professional organizations, specialties, accreditation, certification, licensure, professional development, ethics, and legal issues. Mechanics, electromagnetic physics, nuclear physics, and x-ray production as they relate to the medical setting. Includes introduction to digital imaging processes, fluoroscopy, radiologic physics and nuclear decay.

Rationale: See Overview and Rationale, page 7

**Effective term:** Fall 2015

**CURCAT**

- Major Department: Diagnostic and Therapeutic Sciences
- Can Course be repeated for Additional Credit? No
- Maximum number of credit hours: 5
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None
8. **Create the following course:**
RDSC 3002 Radiologic Sciences II 6-0-6
Prerequisite: RDSC 3001
Biological, chemical, and physical effects of radiation and radiation measurement and safety. A survey of human pathology including cancer, vascular diseases, trauma, anomalies and other disease processes as demonstrated by radiologic imaging. Includes 2D and 3D cross sectional images of Ultrasound, CT, MRI, Nuclear Medicine and Radiography.

Rationale: See Overview and Rationale, page 7

**Effective term: Fall 2015**

**CURCAT**
- Major Department: Diagnostic and Therapeutic Sciences
- Can Course be repeated for Additional Credit? No
- Maximum number of credit hours: 6
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

9. **Create the following course:**
RDSC 4100 Advanced Imaging Modalities 3-0-3
Prerequisite: RADR 4101 or CVIS 4101 or NUCM 4101 or RTHR 4101 or SONO 4101
Corequisite: RADR 4102 or CVIS 4102 or NUCM 4102 or RTHR 4102 or SONO 4102
Instrumentation, operation, and clinical uses of MRI or CT or Mammography

Rationale: See Overview and Rationale, page 7

**Effective Term: Fall 2015**

**CURCAT**
- Major Department: Diagnostic and Therapeutic Sciences
- Can Course be repeated for Additional Credit? Yes
- Maximum number of credit hours: 9
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

**Cardiovascular/Interventional Sciences Courses**

10. **Create the following course:**
CVIS 3001 Cardiovascular Interventional Sciences I 6-4-6
Prerequisite: Open to majors in Radiologic Sciences, Cardiovascular/Interventional Science track.
Introduction to field of cardiovascular interventional science, imaging and equipment. This includes diagnostic and treatment methods, application of specific equipment and devices, contrast media, and technology utilized in the diagnosis and treatment of cardiovascular disease.

Rationale: See Overview and Rationale, page 7

Effective Term: Fall 2015

CURCAT:
- Major Department: Department of Diagnostic and Therapeutic Sciences
- Can Course be repeated for additional credit? No
- Maximum number of credit hours: 6
- Grading model: Normal
- Instruction type: Lecture/Lab
- Course Equivalent: None

11. Create the following course:
   CVIS 3002 Cardiovascular Interventional Sciences II 6-3-6
   Prerequisite: CVIS 3001
   Caring for the invasive, percutaneous, cardiovascular patient. Includes monitoring essentials and managing medical emergencies associated with the cardiovascular procedures.

   Rationale: See Overview and Rationale, page 7

   Effective Term: Fall 2015

   CURCAT:
   - Major Department: Diagnostic and Therapeutic Sciences
   - Can course be repeated for extra credit? No
   - Maximum Number of Credit Hours: 6
   - Grading Mode: Normal
   - Instruction Type: Lecture/Lab
   - Course Equivalent: None

12. Create the following course:
   CVIS 3003 Physiologic Monitoring and Recording 4-0-4
   Prerequisite: CVIS 3002
   The advanced identification and interpretation of ECGs and hemodynamics and cardiac function.

   Rationale: See Overview and Rationale, page 7
Effective: Fall 2015

CURCAT:
  Major Department: Diagnostic and Therapeutic Sciences
  Can course be repeated for extra credit? No
  Maximum Number of Credit Hours: 4
  Grading Mode: Normal
  Instruction Type: Lecture
  Course Equivalent: None

13. Create the following course:
   CVIS 3100 Introduction to Cardiovascular Interventional Clinical
   Education 1-V-1
   Prerequisite: CVIS 3001
   Corequisite: CVIS 3002
   Overview of the clinical setting, administrative structures, legal/compliance
   requirements, and required documentation.

   Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
  Major Department: Diagnostic and Therapeutic Sciences
  Can course be repeated for extra credit? No
  Maximum number of Credit Hours: 1
  Grading Mode: Satisfactory/Unsatisfactory
  Instruction Type: Lecture/Lab
  Course Equivalent: None

14. Create the following course:
   CVIS 4101 Cardiovascular Interventional Clinical Education I 0-V-5
   Prerequisite: CVIS 3100, DDT5 3001
   Supervised clinical experience in cardiovascular/interventional procedures.

   Rationale: See Overview and Rationale, page 7
15. Create the following course:
CVIS 4102 Cardiovascular Interventional Clinical Education II 0-V-8
Prerequisite: CVIS 4101
Supervised clinical experience in cardiovascular/interventional procedures.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can course be repeated for extra credit? No
Maximum Number of Credit Hours: 8
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

16. Create the following course
CVIS 4103 Cardiovascular Interventional Clinical Education III 0-V-9
Prerequisite: CVIS 4102
Supervised clinical experience in cardiovascular/interventional procedures.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can course be repeated for extra credit? No
Maximum Number of Credit Hours: 9
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

17. Create the following course
CVIS 4200 Cardiovascular Interventional Science Synthesis 3-0-3
Prerequisite: CVIS 3003 and CVIS 4102
Discussion of advanced theoretical concepts in cardiovascular interventional technology as they relate to practice.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences  
Can course be repeated for extra credit? No  
Maximum Number of Credit Hours: 3  
Grading Mode: Normal  
Instruction Type: Lecture  
Course Equivalent: None

**Nuclear Medicine Courses**

18. Create the following course:  
**NUCM 3001 Nuclear Medicine I**  
5-2-6  
Prerequisite: Open to majors in Radiologic Sciences, Nuclear Medicine Track  
Introduction to the theory, principals and, procedures of nuclear medicine. Basic  
principles involved in imaging, diagnoses, and therapies are emphasized.  

Rationale: See Overview and Rationale, page 7  
Effective: Fall 2015  

CURCAT:  
Major Department: Diagnostic and Therapeutic Sciences  
Maximum number of Credit Hours: 6  
Can course be repeated for extra credit? No  
Grading Mode: Normal  
Instruction Type: Lecture/Lab  
Course Equivalent: None

19. Create the following course:  
**NUCM 3002 Nuclear Medicine II**  
5-2-6  
Prerequisite: NUCM 3001  
Corequisite: RDSC 3002  
Principles of radionuclide production and radiation detection. Topics include  
preparation and use of radiopharmaceuticals, decay modes, half-life, radiation  
interactions, radiation equipment and instrumentation applied to nuclear medicine  
imaging.  

Rationale: See Overview and Rationale, page 7  
Effective: Fall 2015  

CURCAT:  
Major Department: Diagnostic and Therapeutic Sciences  
Can course be repeated for extra credit? No  
Maximum number of Credit Hours: 6  
Grading Mode: Normal  
Instruction Type: Lecture/Lab
Course Equivalent: None

20. Create the following course:
NUCM 3003 Nuclear Medicine III 3-0-3
Prerequisite: NUCM 3002
Advanced Nuclear Medicine Imaging. Topics include the principles of Positron Emission Tomography, radiopharmaceutical production and instrumentation of PET.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
- Major Department: Diagnostic and Therapeutic Sciences
- Can course be repeated for extra credit? No
- Maximum number of Credit Hours: 3
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

21. Create the following course:
NUCM 3100 Introduction to Nuclear Medicine Clinical Education 1-V-1
Prerequisite: NUCM 3001
Corequisite: NUCM 3002
Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
- Major Department: Diagnostic and Therapeutic Sciences
- Can course be repeated for extra credit? No
- Maximum number of Credit Hours: 1
- Grading Mode: Satisfactory/Unsatisfactory
- Instruction Type: Lecture/Lab
- Course Equivalent: None

22. Create the following course:
NUCM 4101 Nuclear Medicine Clinical Education I 0-V-5
Prerequisite: NUCM 3100, DDTS 3001
Supervised clinical practice in performing nuclear medicine procedures.

Rationale: See Overview and Rationale, page 7
Effective: Fall 2015

CURCAT:
   Major Department: Diagnostic and Therapeutic Sciences
   Can course be repeated for extra credit? No
   Maximum number of Credit Hours: 5
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None

23. Create the following course:
   **NUCM 4102 Nuclear Medicine Clinical Education II 0-V-6**
   Prerequisite: NUCM 4101
   Supervised clinical practice in performing nuclear medicine procedures.
   
   Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
   Major Department: Diagnostic and Therapeutic Sciences
   Can course be repeated for extra credit? No
   Maximum number of Credit Hours: 6
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None

24. Create the following course:
   **NUCM 4103 Nuclear Medicine Clinical Education III 0-V-9**
   Prerequisite: NUCM 4102
   Supervised clinical practice in performing nuclear medicine and CT procedures.

   Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
   Major Department: Diagnostic and Therapeutic Sciences
   Can course be repeated for extra credit? No
   Maximum number of Credit Hours: 9
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None
25. Create the following course:
NUCM 4200 Nuclear Medicine Synthesis
Prerequisite: NUCM 3003 & NUCM 4102
A discussion of general and advanced theoretical concepts of Nuclear Medicine

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can course be repeated for extra credit? No
Maximum number of Credit Hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Course Equivalent: None

Radiography Courses

26. Create the following course:
RADR 3001 Radiography I
Prerequisite: Open to majors in Radiologic Sciences, Radiography Track
Corequisite: RDSC 3001
Procedures involving the chest, abdomen, bony thorax, and visceral organs requiring the use of contrast media, including spatial relationships, and pathology, equipment manipulation, and quality evaluation of radiographic examinations. Includes radiographic and fluoroscopy equipment overview, iodinated contrast media & interaction, and an introduction to trauma, surgical, & neonatal radiography.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 6
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

27. Create the following course:
RADR 3002 Radiography II
Prerequisite: RADR 3001
Corequisite: RDSC 3002
Procedures involving extremities, shoulder girdle, and pelvic girdle, including spatial relationships, pathology, equipment manipulation, and quality evaluation of radiographic examinations. Includes study of radiographic equipment and the physics of specialized imaging modalities and an introduction to computed tomography.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Lecture/Lab
   Course Equivalent: None

28. Create the following course:
   RADR 3003 Radiography III
   Prerequisite: RADR 3002
   Corequisite: RDSC 3002
   Procedures involving vertebral column, reproductive organs and facial bones including spatial relationships, pathology, equipment manipulation, and quality evaluation of radiographic examinations. Includes equipment testing, analysis of quality control data and quality assurance data, federal government guidelines and introduction to total quality management concepts and procedures.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Lecture/Lab
   Course Equivalent: None

29 Create the following course:
   RADR 3100 Introduction to Radiography Clinical Education
   Prerequisite: RADR 3001
   Corequisite: RADR 3002
   Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.
Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 1
Grading Mode: Satisfactory/Unsatisfactory
Instruction Type: Lecture/Lab
Course Equivalent: None

30. Create the following course:
RADR 4101 Radiography Clinical Education I 0-V-5
Prerequisite: RADR 3100, DDTS 3001
Supervised clinical practice in performing radiographic procedures.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 5
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

31. Create the following course:
RADR 4102 Radiography Clinical Education II 0-V-3
Prerequisite: RADR 4101
Supervised clinical practice in performing radiographic procedures.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 3
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None
32. Create the following course:
   **RADR 4103 Radiography Clinical Education III** 0-V-(6-9)
   Prerequisite: RADR 4102
   Supervised clinical practice in performing radiographic procedures.

   Rationale: See Overview and Rationale, page 7.

   **Effective Term: Fall 2015**

   **CURCAT**
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 9
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None

33. Create the following course:
   **RADR 4200 Radiography Synthesis** 3-0-3
   Prerequisite: RADR 3003 & RADR 4102
   A discussion of general and advanced theoretical concepts of Radiography

   Rationale: See Overview and Rationale, page 7

   **Effective: Fall 2015**

   **CURCAT:**
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of Credit Hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: None

   **Radiation Therapy Courses**

34. Create the following course:
   **RTHR 3001 Radiation Therapy I** 6-0-6
   Prerequisite: Open to majors in Radiologic Sciences, Radiation Therapy Track
   Corequisite: RDSC 3001
   An introduction to the history and practice of radiation therapy with an emphasis on
   patient care, radiation protection, treatment preparation, and treatment delivery
   associated with the study of neoplastic disease and treatment interventions.

   Rationale: See Overview and Rationale, page 7
Effective term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: None

35. Create the following course:
   RTHR 3002 Radiation Therapy II 5-3-6
   Prerequisite: RTHR 3001
   Corequisite: RDSC 3002
   Radiation production, nuclear transformations, and interactions with matter including radiation detectors, instrumentation, and radiation safety. Includes radiation therapy equipment operation and utilization for simulation and treatment along with an examination of quality management principles used to ensure safe and efficient treatment delivery. Regulatory agencies, equipment safety, testing procedures, and importance of documentation are highlighted.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Lecture/lab
   Course Equivalent: None

36. Create the following course:
   RTHR 3003 Radiation Therapy III 3-1-3
   Prerequisite: RTHR 3002
   A study of the principles used to plan and deliver radiation treatments. Dose absorption, dose and isodose distributions, contouring, hand calculations, brachytherapy and emerging technologies are included.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
   Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 3
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

37. Create the following course:
RTHR 3100 Introduction to Radiation Therapy Clinical Education 1-V-1
Prerequisite: RTHR 3001
Corequisite: RTHR 3002
Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 1
Grading Mode: Satisfactory/Unsatisfactory
Instruction Type: Lecture/Lab
Course Equivalent: None

38. Create the following course:
RTHR 4101 Radiation Therapy Clinical Education I 0-V-5
Prerequisite: RTHR 3100, DDTS 3001
A supervised clinical experience in the application and delivery of radiation therapy.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 5
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

39. Create the following course:
RTHR 4102 Radiation Therapy Clinical Education II 0-V-6
Prerequisite: RTHR 4101
Supervised clinical experience in the application and delivery of radiation therapy.
Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 6
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

40. Create the following course:
RTHR 4103 Radiation Therapy Clinical Education III 0-V-9
Prerequisite: RTHR 4102
Capstone clinical education course in the application and delivery of radiation therapy.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 9
Grading Mode: Normal
Instruction Type: Practicum
Course Equivalent: None

41. Create the following course:
RTHR 4200 Radiation Therapy Synthesis 3-0-3
Prerequisite: RTHR 3003 & RTHR 4102
Discussion of theoretical concepts of radiation therapy as they relate to practice.

Rationale: See Overview and Rationale, page 7

Effective term: Fall 2015

CURCAT
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Course Equivalent: None

Sonography Courses

42. Create the following course:
SONO 3001 Sonographic Principles, Theory, and Physics I  
6-2-6
Prerequisite: Open only to majors in Radiologic Sciences, Sonography Track
This course is the introduction to sonography specialties, sonographic instrumentation, propagation principles and interactions, the theoretical concepts and scanning techniques of adult and pediatric abdominal, gynecological, and obstetrical content and exam procedures, and the standards and practices related to diagnostic medical sonography.

Rationale: See Overview and Rationale, page 7

Effective Term: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 6
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

43. Create the following course:
SONO 3002 Sonographic Principles, Theory, and Physics II  
4-3-5
Prerequisite: SONO 3001
Corequisite: RDSC 3002
This course is a continuation of Sonographic Principles, Theory, and Physics I. It includes advanced topics related to sonographic instrumentation, propagation principles and interactions. It also includes concepts and intermediate scanning techniques pertaining to invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and gynecology.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 5
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None
44. Create the following course:
SONO 3003 Sonographic Principles, Theory, and Physics III 4-6-6
Prerequisite: SONO 3002
This course is a continuation of Sonographic Principles, Theory, and Physics II to include advanced concepts related to scanning techniques, invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and gynecology and other sonography specialties.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 6
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

45. Create the following course:
SONO 3100 Introduction to Sonography Clinical Education 1-V-1
Prerequisite: SONO 3001
Corequisite: SONO 3002
Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.

Rationale: See Overview and Rationale, page 7

Effective: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of Credit Hours: 1
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

46. Create the following course:
SONO 4101 Sonography Clinical Education I 0-V-6
Prerequisites: SONO 3100, DDTS 3001
Supervised clinical practice in performing Sonographic procedures.

Rationale: See Overview and Rationale, page 7.
Effective Term: Fall 2015

CURCAT:
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None

47. Create the following course:
   SONO 4102 Sonography Clinical Education II 0-V-6
   Prerequisites: SONO 4101
   Supervised clinical practice in performing Sonographic procedures.

   Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT:
   Major Department: Diagnostic and Therapeutic Sciences
   Can Course be repeated for Additional Credit? No
   Maximum number of credit hours: 6
   Grading Mode: Normal
   Instruction Type: Practicum
   Course Equivalent: None

48. Create the following course:
   SONO 4103 Sonography Clinical Education III 0-V-6
   Prerequisites: SONO 4102
   Supervised clinical practice in performing Sonographic procedures.

   Rationale: See Overview and Rationale, page 7.
49. Create the following course:
SONO 4200 Sonography Synthesis  
Prerequisite: SONO 3003 & SONO 4102
A capstone course to include advanced concepts related to scanning techniques, 
invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and 
gynecology and other sonography specialties.

Rationale: See Overview and Rationale, page 7.

Effective Term: Fall 2015

CURCAT:
Major Department: Diagnostic and Therapeutic Sciences
Can Course be repeated for Additional Credit? No
Maximum number of credit hours: 3
Grading Mode: Normal
Instruction Type: Lecture/Lab
Course Equivalent: None

50. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN RADIOLOGIC 
SCIENCES
A. General Requirements (Core Areas A, B, C, D.IIB, and E)  42 hours
(Nuclear Medicine students must complete a general chemistry course with lab)
(Notes: The following does not apply to Bridge or Special Options. Text in current catalog 
was changed to that below [UCC Sept. 3 minutes] so catalog is not accurate.)
Core Area F .................................................................18 hours
   BIOL 2081 Human Anatomy and Physiology I
   BIOL 2082 Human Anatomy and Physiology II
   HLPR 2000 Research in Health Professions
   DDT/S 2001 Intro to Diagnostic and Therapeutic Sciences  3
Guided Electives from the following list (3 4-credit hours)
   RADS 2000 or RESP 2110
   COMM 2280 (except for Sonography track), or a lower-level class (1000 or 2000 level) 
in MATH, CSCI, ITEC, BIOL, CHEM, PHYS, PHSC, ASTR,GEOL, or ISCI
One of the following:
   PHSC 1211/1211L Physical Environment and Lab
   PHYS 1111K Introductory Physics I
Physical Education ...........................................................................3 hours
First-Year Seminar .............................................................................. 1 hour
B. Major Field Courses (all tracks)  24 Hours
   RADS 3000 — Introduction to Radiological Sciences
   RADS 3050 — Patient Care and Interaction
   RADS 3080 — Professional Interactions
   RADS 3200 — Imaging Pathology

Senate Agenda 28
RADS 3450 — Leadership in Healthcare
RADS 3451 — Leadership Practicum
RADS 4410 — Cross-Sectional Anatomy
RADS 4450 — Radiological Sciences Management
RADS 4800 — Research Methodologies in Radiologic Sciences
DDTS 3001 Patient Care and Interaction 3-2-3
DDTS 4010 Research Methodologies 3-0-3
DDTS 4020 Management and Leadership 3-2-3
HLPR 2000 Intro to Research in Health Professions 2-0-2
RDSC 3001 Radiologic Sciences I 5-0-5
RDSC 3002 Radiologic Sciences II 6-0-6
RDSC 3060 Princ of Image Formation and Evaluation 2-2-2

a. Radiography Track Major Courses 4642 Hours

RADS 3060 — Principles of Image Formation and Evaluation
RADS 3071 — Imaging and Radiation Procedures I
RADS 3072 — Imaging and Radiation Procedures II
RADS 3073 — Imaging and Radiation Procedures III
RADS 3074 — Imaging and Radiation Procedures IV
RADS 3090 — Introduction to Radiation Physics
RADS 3112 — Introduction to Computed Tomography
RADS 3150 — Radiobiology and Radiation Protection
RADS 3161 — Radiography Clinical Education I
RADS 3162 — Radiography Clinical Education II
RADS 4050 — Quality Management in Radiography
RADS 4090 — Radiographic Physics
RADS 4163 — Radiography Clinical Education III
RADS 4415 — Radiography Synthesis Seminar
RADS 4164 — Clinical Education IV
RADS 4420 — Senior Radiography Seminar

One of the following pairs:
RADS 4111 — Advanced Imaging in MRI
RADS 4171 — Magnetic Resonance Clinical Education

~OR~
RADS 4112 — Advanced Imaging in Computed Tomography
RADS 4172 —Computed Tomography Clinical Education

~OR~
RADS 4113 — Advanced Imaging in Mammography
RADS 4173 — Mammography Clinical Education

RADR 3001 Radiography I ......................................................... 6-2-6
RADR 3002 Radiography II ......................................................... 6-2-6
RADR 3003 Radiography III ......................................................... 6-3-6
RADR 3100 Introduction to Radiography Clinical Education I .............. 1-V-1
RADR 4101 Radiography Clinical Education I .................................. 0-V-5
RADR 4102 Radiography Clinical Education II ............................ 0-V-3
RADR 4103 Radiography Clinical Education III ............................ 0-V-6-9

**Total Semester Hours for CVIS Track**: 130 hours

**Effective Term**: Fall 2015
D. Rehabilitation Sciences

Item 1 from the Department of Rehabilitation Sciences was discussed. Discussion centered on compliance with USG Academic and Student Affairs Handbook, Section 2.4.7. Dr. Donna Brooks said she would get clarification on the policy and report back to the committee. The motion to approve the item did not carry.

1. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN REHABILITATION SCIENCES

A. General Requirements (Core Areas, A, B, C, D.IIA, and E) 42 hours
   PSYC 1101 or PSYC 1101H General Psychology required in area E.3

Core Area F ................................................................. 18 hours
   HLPR 2000 Introduction to Research in the Health Professions
   BIOL 2081/2082 (with labs) Human Anatomy and Physiology I/II
   One of the following (if not used in Core Area D. IIA):
   BIOL 1107/1107L and BIOL 1108 (with lab) Principles of Biology I/II
   CHEM 1211/1212 (with labs) Principles of Chemistry I/II

Physical Education ...................................................... 3 hours
First-Year Seminar ..................................................... 1 hour

B. Major Field Courses ................................................. 39-42 hours
   COMM 2280 Speech Communication
   HSCF 3005 Applied Musculoskeletal Anatomy and Kinesiology
   HSCF 3200 Exercise Physiology
   HSCP 4010 Health & Human Development
   PHYS 1111K Introductory Physics I
   PHYS 1112K Introductory Physics II
   PSYC 1101 Introduction to Psychology (if not taken in Core Area E)
   PSYC 3280 Abnormal Psychology
   RESP 2110 Medical Terminology
   RHAB 1000 Introduction to Rehabilitation Sciences
   RHAB 4000 Application of Research to the Rehabilitation Professions
   RHAB 4100 Neuroscience for the Rehabilitation Professions
   RHAB 4111 Pathophysiology for the Rehabilitation Professions I
   RHAB 4112 Pathophysiology for the Rehabilitation Professions II

C. Electives ................................................................. 15-21 hours
   15 hours must be at or above the 3000 level.

Total Semester Hours ................................................. 124 hours
Rationale: To enable DegreeWorks to recognize PSYC 1101 requirement correctly and to simplify language in Major Area of Study and Electives.

**Effective Term: Fall 2015**

### III. College of Liberal Arts

A. Art, Music, and Theatre (no items)

B. Criminal Justice, Social, and Political Science

*Items 1a and 1b from the Department of Criminal Justice, Social and Political Science were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

1. Create the following courses:

   a. CRJU 1200 Introduction to Cyber Crime 3-0-3
      Prerequisites: ENGL 1101
      Description: History of cybercrime and the examination of techniques and strategies for investigating computer crime.

      **Rationale:** This course is necessary to establish the basic understanding to cybercrime and it part of the transition from a cyber security focus to a cybercrime focus for the track. It also reflects the expertise of new faculty.

      **Effective Term: Fall 2015**

      **CURCAT:**
      - Major Department: Criminal Justice, Social & Political Science
      - Can Course be repeated for additional credit? No
      - Maximum Number of Credit Hours: 3
      - Grading Mode: Normal
      - Instruction Type: Lecture
      - Equivalent course: none

   b. CRJU 3190 Criminal Law 3-0-3
      Prerequisite: CRJU 1100
      Description: Examination of legal norms used by government to control deviant behavior and the overlap with moral and social norms.
Rationale: CRJU 2510 Introduction to Criminal Law and CRJU 4510 Advanced Criminal Law are being collapsed into one course i.e. CRJU 3190. This will be an attractive upper level course for our majors as well as serve the need in Track II.

Effective Term: Fall 2015

CURCAT:
Major Department: Criminal Justice, Social & Political Science
Can Course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Equivalent course: CRJU 2510 and CRJU 4510

Items 1c and 1d from the Department of Criminal Justice, Social, and Political Science were discussed and the undergraduate portion approved by the committee. They are being submitted to the Graduate Curriculum Committee and therefore are marked “For Information Only” for the report to the Senate.

c. CRJU 5010U/G Digital Forensics I 3-0-3
   Undergraduate Prerequisites: CRJU 1100 and senior standing
   Graduate Prerequisite: None
   Description: Identification, capture, and recording of evidence from suspect and victim’s computer hard drives and laptops. Students cannot receive credit for both CRJU 5003U/G and CRJU 5010U/G.

   Undergraduate Rationale: This course is essential in understanding the means of detecting cybercrime and is part of the transition from a cyber security focus to a cybercrime focus for the track. It also reflects the expertise of new faculty.

   Graduate Rationale: Although an online program, this course provides the option for students to engage in hands-on experience of detecting cybercrime. Students can take either CRJU 5010G and CRJU 5020G in seated classes or 5003G online. This course also reflects the expertise of new faculty.

   Effective Term: Fall 2015

CURCAT:
   Major Department: Criminal Justice, Social & Political Science
   Can Course be repeated for additional credit? No
   Maximum Number of Credit Hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Equivalent course: none

d. CRJU 5020U/G Digital Forensics II 3-0-3
Undergraduate Prerequisites: CRJU 5010U
Graduate Prerequisite: CRJU 5010G
Description: Expansion of the identification, capture, and recording of evidence from suspect and victim’s mobile devices such as mobile phones, tablets, and PDAs.

Undergraduate Rationale: This course is essential in understanding the means of detecting cybercrime and is part of the transition from a cyber security focus to a cybercrime focus for the track. It also reflects the expertise of new faculty.

Graduate Rationale: Although an online program, this course provide the option for students to engage in hands-on experience of detecting cybercrime. Students can take either CRJU 5010G and CRJU 5020G in seated classes or 5003G online. This course also reflects the expertise of new faculty.

Effective Term: Fall 2015

CURCAT:
Major Department: Criminal Justice, Social & Political Science
Can Course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Equivalent course: none

Items 2a and 2b from the Department of Criminal Justice, Social and Political Science were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.

2. Delete the following courses:
   a. CRJU 2510 INTRODUCTION TO CRIMINAL LAW 3-0-3
      Rationale: CRJU 3190 is created to encompass the content of this course.
      Effective Term: Spring 2015
   b. CRJU 4510 ADVANCED CRIMINAL LAW 3-0-3
      Rationale: CRJU 3190 is created to encompass the content of this course.
      Effective Term: Fall 2015

Items 2c, 2d, and 3 from the Department of Criminal Justice, Social, and Political Science were discussed and the undergraduate portion approved by the committee. They are being submitted to the Graduate Curriculum
Committee and therefore are marked “For Information Only” for the report to the Senate.

c. **CRJU 5001U/G CYBER SECURITY I** 3-0-3

**Rationale:** This course has been cross-listed with ITEC 5001U/G as part of the interdisciplinary undergraduate Cyber Security track in Criminal Justice and the interdisciplinary graduate Cyber Security Certificate. With the focus of the track changing from Cyber Security to Cyber Crime, this course will return to its original focus as a Cyber Security course in the Information Technology Department.

**Effective Term:** Fall 2015

d. **CRJU 5002U/G CYBER SECURITY II** 3-0-3

**Rationale:** This course has been cross-listed with ITEC 5002U/G as part of the interdisciplinary undergraduate Cyber Security track in Criminal Justice and the interdisciplinary graduate Cyber Security Certificate. With the focus of the track changing from Cyber Security to Cyber Crime, this course will return to its original focus as a Cyber Security course in the Information Technology Department.

**Effective Term:** Fall 2015

3. **Modify the following course:**  
**CRJU 5003U/G CYBER FORENSICS** 3-0-3

Application of computer investigation and analysis techniques to gather evidence suitable for presentation in a court of law. Techniques of cyber crime scene analysis, media analysis, and the use of various forensic tools. **Students cannot receive credit for both CRJU 5003U/G and CRJU 5010U/G.**

**Effective Term:** Fall 2015

*Items 4-5 from the Department of Criminal Justice, Social and Political Science were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

4. **Modify Undergraduate Certificate in Criminal Justice**

**Certificate Program**  
For this certificate, the student must complete at least 18 semester hours of course work from Armstrong State University.
Undergraduate Certificate in Criminal Justice ................................. 30 hours
ENGL 1101 Composition I
ENGL 1102 Composition II
HIST 1111 Civilization I or HIST 1112 Civilization II
One course selected from:
   MATH 1001 Quantitative Skills and Reasoning
   MATH 1111 College Algebra
   MATH 1113 Pre-calculus Mathematics
One course selected from:
   ARTS 1100 Art Appreciation
   ARTS/MUSC 1270 World Art and Music
   ARTS 2710 Art History I
   ARTS 2720 Art History II
   MUSC 1100 Music Appreciation
   THEA 1100 Theatre Appreciation
   THEA 1200 Introduction to Theatre
   THEA 2410 Oral Interpretation
CRJU 1100 Introduction to Criminal Justice
CRJU 2410 Introduction to Corrections
CRJU 2020 Ethical Theories and Moral Issues in Criminal Justice
CRJU 2210 Introduction to Law Enforcement
One course selected from:
   CRJU 2200 Criminal Investigation
   CRJU 2510 Introduction to Criminal Law
   CRJU 3190 Criminal Law

Total 30 hours

Rationale: CRJU 2510 was deleted and CRJU 3190 was created to replace

Effective Term: Fall 2015

5. Modify Program of Study: B.S. in Criminal Justice

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN CRIMINAL JUSTICE
A. General Requirements
   Core Areas A, B, C, D.I, and E ............................... 42 hours

Track I: General Criminal Justice
Area F ................................................................. 18 hours
   CRJU 1100 Introduction to Criminal Justice
   CRJU 1130 Interpersonal Communication Skills
   CRJU 2020 Ethical Theories and Moral Issues in Criminal Justice
   CRJU 2210 Introduction to Law Enforcement
One course selected from:
CRJU 2410 Introduction to Corrections (Track I or II)
CSCI 1150 Fundamentals of the Internet and World Wide Web (Track II only)
MATH 2200 Elementary Statistics

Track II: Cyber Crime

Area F .................................................................................... 18 hours
CRJU 1100 Introduction to Criminal Justice
CRJU 1200 Introduction to Cyber Crime
CRJU 1130 Interpersonal Communication Skills
CRJU 2020 Ethical Theories and Moral Issues in Criminal Justice
CRJU 2210 Introduction to Law Enforcement

One course selected from:
CRJU 2410 Introduction to Corrections (Track I or II)
CSCI 1150 Fundamentals of the Internet and World Wide Web (Track II only)
MATH 2200 Elementary Statistics

Physical Education ................................................................. 3 hours
First-Year Seminar ................................................................. 1 hour

Track II: Cyber Security

B. Major Courses ................................................................. 33 hours
CRJU 3100 Research Methods
CRJU 3160 White-Collar and Organized Crime
CRJU 3170 Criminal Justice Administration
CRJU 3190 Criminal Law
CRJU 3300 Criminology
CRJU 3500 Criminal Evidence and Procedure
CRJU 4800* Internship
CRJU 5010U Digital Forensics I
CRJU 5020U Digital Forensics II
CRJU 5130U Political Terrorism
CRJU 5300U Juvenile Delinquency
CRJU 5500U Law and Legal Process

Capstone courses:
CRJU 4910 Seminar in Criminal Justice
CRJU 5001U Cyber Security I
CRJU 5002U Cyber Security II

*When possible, the internship should be completed in the field of cyber security.

C. Related Field Courses .................................................... 9 hours
MATH 1111 College Algebra
ITEC 1310 Programming for Information Technology
CSCI 2070 Introduction to Computer Ethics and Cyber Security

D. Approved Electives ......................................................... 6 hours
6 hours of electives at the 3000+ level. If internship is less than 12 credit hours, those hours are to be made up in upper-level (3000+) electives.

E. Free Electives ................................................................. 12 hours
Total Semester Hours 124 hours

F. Exit Exam: Area Concentration Achievement Test in Criminal Justice for four-year programs

Rationale: The modifications to the Track in Criminal Justice reflect the change in focus from Cyber Security to Cyber Crime as well as reflect the expertise of new faculty.

Effective Term: Fall 2015

C. Economics (no items)
D. Gender Studies (no items)

E. History

*Items 1-14 from the Department of History were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

1. **Modify the following course:**
   - **HIST 2100 THE AFRICAN DIASPORA** 3-0-3
     - Prerequisite: ENGL 1101
     - Historical overview of the origins of humanity in Africa and the subsequent spread of African peoples around the world and examination of diasporic issues in the modern era, such as the so-called African brain drain, historic diaspora tourism and development, as well as diasporic experiences of return.

   Rationale: The description and emphasis of the course in the current catalogue does not realistically belong to the field of African Diaspora Studies. The proposed description will appropriately situate HIST 2100 within the current scope of the African Diaspora discourse, not only looking at the historical overview but also contemporary trends.

   Effective Term: Fall 2015

2. **Create the following course:**
   - **EURO 4130 EU Law and Legal Systems** 3-0-3
     - Prerequisite: EURO 2000
     - Description: A study of EU legal institutions and processes in the context of international law and in comparison to the United States.
Rationale: EURO 4130 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
Major Department: History
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Course Equivalent: None

3. Create the following course:
EURO 4160 Federalism and Multilevel Governance in the EU 3-0-3
Prerequisite: EURO 2000
Description: An examination of multilevel governance and policymaking in the European Union in comparison with the United States and other federal systems.

Rationale: EURO 4160 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
Major Department: History
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: Normal
Instruction Type: Lecture
Course Equivalent: None

4. Create the following course:
EURO 4230 Doing Business in the EU 3-0-3
Prerequisite: EURO 2000
Description: A study of the challenges of doing business in the EU compared to the United States. Focuses on institutions and rules which impact the business environment for domestic and international firms, and on how political decisions affect the business environment.
Rationale: EURO 4230 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
  Major Department: History
  Can course be repeated for additional credit? No
  Maximum Number of Credit Hours: 3
  Grading Mode: Normal
  Instruction Type: Lecture
  Course Equivalent: None

5. Create the following course:
EURO 4260 European Monetary Union 3-0-3
Prerequisite: EURO 2000
Description: A examination of the history and evolution of European Economic and Monetary Union and its impact on the United States and the global economy.

Rationale: EURO 4260 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
  Major Department: History
  Can course be repeated for additional credit? No
  Maximum Number of Credit Hours: 3
  Grading Mode: Normal
  Instruction Type: Lecture
  Course Equivalent: None

6. Create the following course:
EURO 4330 EU Science and Technology Policy 3-0-3
Prerequisite: EURO 2000
Description: An examination of EU science and technology policy in comparison with the United States. Examines how governments can encourage scientific and technological innovation, and whether government can (or should) try to limit or control technological innovation.
Rationale: EURO 4430 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
  Major Department: History
  Can course be repeated for additional credit? No
  Maximum Number of Credit Hours: 3
  Grading Mode: Normal
  Instruction Type: Lecture
  Course Equivalent: None

7. Create the following course:
   EURO 4430 EU Environmental Policy 3-0-3
   Prerequisite: EURO 2000
   Description: A survey of critical issues in EU environmental policy, including key environmental problems, the challenges of making and implementing environmental policy in the EU’s multilevel governance system, and future prospects for EU environmental regulation.

Rationale: EURO 4430 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
  Major Department: History
  Can course be repeated for additional credit? No
  Maximum Number of Credit Hours: 3
  Grading Mode: Normal
  Instruction Type: Lecture
  Course Equivalent: None

8. Create the following course:
   EURO 4530 European Social Policy 3-0-3
   Prerequisite: EURO 2000
   Description: An examination of social policy and current social policy issues and arrangements in Europe and the EU.

Rationale: EURO 4530 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program,
common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
- Major Department: History
- Can course be repeated for additional credit? No
- Maximum Number of Credit Hours: 3
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

9. Create the following course:
EURO 4630 Communications and Media  3-0-3
Prerequisite:  EURO 2000
Description: An examination of communications and the media in the EU in comparison with the United States. Examines media law, policies, and practices in the realms of broadcasting, voice telephony, the Internet and social media.

Rationale: EURO 4630 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
- Major Department: History
- Can course be repeated for additional credit? No
- Maximum Number of Credit Hours: 3
- Grading Mode: Normal
- Instruction Type: Lecture
- Course Equivalent: None

10. Create the following course:
EURO 4730 EU Foreign Policy  3-0-3
Prerequisite:  EURO 2000
Description: An examination of the foreign policy of the EU. Examines how EU foreign policy is made, the intersection of national and EU foreign policies, and EU policies regarding key issues and countries/areas of the world.

Rationale: EURO 4730 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.
Effective Term: Spring 2015

CURCAT:
   Major Department: History
   Can course be repeated for additional credit? No
   Maximum Number of Credit Hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: None

11. Create the following course:
   EURO 4760 US-EU Relations 3-0-3
   Prerequisite: EURO 2000
   Description: An examination of relations between the United States and the European Union, including US-EU cooperation on global issues and the future of transatlantic relations in a changing world.

   Rationale: EURO 4760 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015

CURCAT:
   Major Department: History
   Can course be repeated for additional credit? No
   Maximum Number of Credit Hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
   Course Equivalent: None

12. Create the following course:
   EURO 4830 EU Studies Capstone Course 3-0-3
   Prerequisite: EURO 2000
   Description: A capstone course for students in the EU Studies certificate program. Explores various selected topics in a way that allow students to synthesize their knowledge of the EU.

   Rationale: EURO 4830 is an online course offered by the European Union Studies Program of the University System of Georgia. For ASU to participate in the program, common course numbers and descriptions are required in order to use the Ingress course registration system for collaborative online courses used by GoVIEW.

Effective Term: Spring 2015
13. Modify the following minor:

European Union Studies Minor

European Union Studies ........................................ 15 hours
EURO 2000 Introduction to the European Union
Nine hours from a multidisciplinary menu that includes the following campus (with at least a 25% EU component) as well as online courses: BIOL 3100, ECON 3100, ECON 3200, ECON 3450, HIST 3330, HIST 3360, HIST 3390, HIST 4831, HIST 5480U, HIST 5490U, HIST 5670, POLS 3340, EURO 3990, EURO 4130, EURO 4160, EURO 4230, EURO 4260, EURO 4330, EURO 4430, EURO 4530, EURO 4630, EURO 4730, EURO 4760 (consult Department of History for an updated list of courses).
Capstone seminar: EURO 4500 or EURO 4830

Rationale: The above list of courses is an updated list of currently available campus courses and online courses offered on a two-year cycle by the European Union Studies Program of the University System of Georgia.

Effective Term: Fall 2015

14. Modify the following certificate program:

The European Union Studies Certificate provides an in-depth study of the European Union (EU) and its relationship with the United States and other nations. It is a collaborative program of Armstrong, and the European Union Studies Program of the University System of Georgia and the University of Munich. The program offers a common curriculum open to all university system institutions.

A certificate in EU Studies can be taken in tandem with a formal degree program. Students from all academic majors are eligible to participate as long as they possess a minimum 2.75 cumulative GPA. A student may formally apply to enroll in the program after successful completion of the following:
EURO 2000 Introduction to the European Union with a grade of C or better
30 semester hours of academic credit
History 111 or 1112

Undergraduate Certificate in European Union Studies 18 hours
Note: students must maintain a 3.0 cumulative GPA upon graduation.
EURO 2000 Introduction to the European Union

Four courses from a multidisciplinary menu that includes the following campus (with at least a 25% EU component) as well as online courses: BIOL 3100, ECON 3100, ECON 3200, ECON 3450, HIST 3330, HIST 3360, HIST 3390, HIST 4831, HIST 5480U, HIST 5490U, HIST 5670, POLS 3340, EURO 3990, EURO 4130, EURO 4160, EURO 4230, EURO 4260, EURO 4330, EURO 4430, EURO 4530, EURO 4630, EURO 4730, EURO 4760. For an updated list of courses (including online courses), see the program’s campus representative.

Capstone seminar: EURO 4500 or EURO 4830

Practicum experience. The required practicum experience can be fulfilled by a study abroad course or a hands-on internship. The practicum experience must be approved by the program’s campus representative.

Areas of distinction. The certificate also highlights special achievements by providing a notation of “distinction” in two areas:
- Foreign language proficiency (6 semester hours at or above the 2000 level)
- Composition of a thesis

Rationale: The above list of courses is an updated list of currently available campus courses and online courses offered on a two-year cycle by the European Union Studies Program of the University System of Georgia.

Effective Term: Fall 2015

F. Languages, Literature, & Philosophy

*Items 1-4 from the Department of Languages, Literature, and Philosophy were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

1. Delete the following course:
   ENGL 0099 BASIC COMPOSITION 3-0-3

Rationale: These curricular changes are the result of a set of Complete College Georgia requirements and USG requirements for learning support courses beginning in Fall 2015. The course redesign is the product of the research and recommendations of LLP’s Dr. Annie Mendenhall in a study undertaken over the summer at the request of the Provost’s Office.

Effective Term: Fall 2015

2. Create the following course:
   ENGL 0999 Support for English Composition 1-0-1
   Prerequisite: English Placement Index of less than 4449
Corequisite: English 1101 or English 1102
This course is intended to provide corequisite support for students requiring remediation in English or reading while they are enrolled in English Composition.

Rationale: These curricular changes are the result of a set of Complete College Georgia requirements and USG requirements for learning support courses beginning in Fall 2015. The course redesign is the product of the research and recommendations of LLP’s Dr. Annie Mendenhall in a study undertaken over the summer at the request of the Provost’s Office.

Effective Term: Fall 2015

CURCAT:
Major Department: Languages, Literature, & Philosophy
Can Course be repeated for additional credit? Yes
Maximum Number of Credit Hours: 2
Grading Mode: S/U
Instruction Type: Lecture
Course Equivalent: NA

3. Modify the following course:
ENGL 1101 COMPOSITION I 3-0-3
Prerequisite: Each student must attain at least one of the following prior to enrolling: (a) a score of at least 380 SAT Verbal or 20 on the verbal section of the ACT; or (b) a passing score on the Compass in English and in reading; or (c) exit learning support English and learning support reading successfully.
Prerequisite: English Placement Index of 4449 or higher
Corequisite: ENGL 0999 for EPI less than 4449

Rationale: These curricular changes are the result of a set of Complete College Georgia requirements and USG requirements for learning support courses beginning in Fall 2015. The course redesign is the product of the research and recommendations of LLP’s Dr. Annie Mendenhall in a study undertaken over the summer at the request of the Provost’s Office.

Effective Term: Fall 2015

4. Modify the following course:
ENGL 1102 COMPOSITION II 3-0-3
Prerequisite: ENGL 1101 with a grade of C or better and English Placement Index of 4449 or higher
Corequisite: ENGL 0999 for EPI less than 4449

Rationale: These curricular changes are the result of a set of Complete College Georgia requirements and USG requirements for learning support courses beginning
in Fall 2015. The course redesign is the product of the research and recommendations of LLP’s Dr. Annie Mendenhall in a study undertaken over the summer at the request of the Provost’s Office.

**Effective Term: Fall 2015**

G. Liberal Studies (no items)

H. Honors Program (no items)

**IV. College of Science and Technology**

A. Biology (no items)

**B. Chemistry and Physics**

*Items 1-9 from the Department of Chemistry and Physics were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.*

1. Modify the following course:

   **CHEM 1211 PRINCIPLES OF CHEMISTRY I**

   Prerequisite or corequisite: MATH 1111 *(minimum grade of C)* or eligibility for MATH 1113, MATH 1161 or MATH 2072

   Prerequisite or corequisite: CHEM 1211L

   First course in a two-semester sequence covering the fundamental principles and applications of chemistry designed for science majors. Topics include composition of matter; nomenclature; atomic structure; bonding and molecular geometries; stoichiometry; properties of solids, liquids, gases; acids and bases; thermochemistry; and periodic relations. The lab reinforces these topics.

   **Rationale:** DFW rates in CHEM 1211 for the past 3 academic years are over 31%. Students currently have to retake both the lecture and the laboratory. If split, most of these students will not take up lab seats in upcoming semesters, allowing more room for new students. In addition, these students will not have to pay a second lab fee and pay additional tuition for a class that they have already completed. Students that do well in lab, but not well enough to pull up their lecture grade to the next letter grade are better off in terms of GPA if the classes are not combined. In addition, our university splits lecture and lab into two separate credit-bearing courses for Organic Chemistry (CHEM 2101/ CHEM 2102), Survey of Chemistry (CHEM 1151/CHEM 1152) and Biology (BIOL 1107). This change means that all the chemistry offerings by the Department of Chemistry and Physics that count toward area D in the core will be consistent. If we split the two as proposed, it will make the transfer process more effective for students who have passed either the lab or the lecture, but not both.
MATH 1111 is required for any student with an SAT score lower than 550. Students with less than 550 have a higher likelihood of earning a DWF than the average in CHEM 1211.

Based on student data for the last three years, the average GPA of students completing MATH 1111 with a C or better prior to taking chemistry was 0.64 grade points higher (Data below).

For students with math SAT <550 for 2010-2013 (only those students that took both chemistry and math in that window) including W/without W

Co-req MATH 1111 and CHEM 1211: \( n = 233/186 \) mean GPA = 1.49/1.87
Pre-req MATH 1111 with C: \( n = 250/160 \) mean GPA = 2.13/2.31

In addition, the changes in learning support class policies will allow students that are demonstrating lower math proficiency than the current cohort to enroll in CHEM 1211. Currently those students must complete the learning support class before enrolling in MATH 1111 and possibly CHEM 1211. See the excerpt below regarding this change in policy:

“To achieve dramatic increases in success of and completion by students who are placed in Learning Support, the USG will adopt corequisite remediation as the default method of remediation. This means that by fall of 2015 it is expected that the majority of Learning Support students at the majority of USG institutions will be enrolled in corequisite remedial support courses while they are also enrolled in gateway college courses (ENGL 1101 or an Area A mathematics course).”

http://www.usg.edu/educational_access/complete_college_georgia/transforming_remediation
Accessed 10 Sep 2014.

**Effective Term:** Fall 2015

**CURCAT:**
- Major Department: Chemistry
- Can Course be repeated for additional credit? No
- Maximum Number of Credit Hours: 43
- Grading Mode: Normal
- Instruction Type: Lecture and Laboratory
- Course Equivalent: None

2. Modify in Banner/add to catalog the following course:
   CHEM 1211L PRINCIPLES OF CHEMISTRY I LABORATORY 0-3-0-0-3-1
   Prerequisite or Corequisite: CHEM 1211
   First course in a two-semester sequence introducing students to chemical laboratory principles and experimental design.
Rationale: Our university splits lecture and lab for introductory chemistry and biology courses into two separate credit-bearing courses. If we split the two as proposed, it will make the transfer process more effective for students who have passed either the lab or the lecture, but not both. DFW rates in CHEM 1211 for the past 3 academic years are over 31% but students usually do well in the laboratory. Splitting the lab and lecture course will allow students to repeat the lecture and not take up lab seats in upcoming semesters, allowing more room for new students. In addition, these students will not have to pay a second lab fee, and pay additional tuition for a class that they have already completed. Students that do well in lab, but not well enough to pull up their lecture grade to the next letter grade are better off in terms of GPA if the classes are not combined. In addition, the pedagogical style that we use in the lab is adversely affected by having students that have performed well in the laboratory repeating the material.

Effective Term: Fall 2015

CURCAT:
Major Department: Chemistry
Can Course be repeated for additional credit? No
Maximum Number of Credit Hours: 01
Grading Mode: Normal
Instruction Type: Laboratory
Course Equivalent: None

3. Modify in Banner/add to catalog the following course:
CHEM 1212L PRINCIPLES OF CHEMISTRY II LABORATORY 0-3-00-3-1
Prerequisite: CHEM 1211(minimum grade of C) and CHEM 1211L (minimum grade of C)
Prerequisite or Corequisite: CHEM 1212
Second course in a two-semester sequence introducing students to chemical laboratory principles and experimental design.

Rationale: Our university splits lecture and lab for introductory chemistry and biology courses into two separate credit-bearing courses. If we split the two as proposed, it will make the transfer process more effective for students who have passed either the lab or the lecture, but not both. DFW rates in CHEM 1212 for the past 3 academic years are over 22% but students usually do well in the laboratory. Splitting the lab and lecture course will allow students to repeat the lecture and not take up lab seats in upcoming semesters, allowing more room for new students. In addition, these students will not have to pay a second lab fee, and pay additional tuition for a class that they have already completed. Students that do well in lab, but not well enough to pull up their lecture grade to the next letter grade are better off in terms of GPA if the classes are not combined. In addition, the pedagogical style that we use in the lab is adversely affected by having students that have performed well in the laboratory repeating the material.
4. Modify the following course:

**CHEM 1212 PRINCIPLES OF CHEMISTRY II**

3-3-43-0-3

Prerequisite: CHEM 1211 (minimum grade of C) and MATH 1111 and CHEM 1211L (minimum grade of C)

Second course in a two-semester sequence covering the fundamental principles and applications of chemistry designed for science majors. Topics include solutions; thermodynamics; equilibria; kinetics; electrochemistry; nuclear chemistry; descriptive inorganic chemistry; and introduction to organic chemistry, and polymers. The lab reinforces these topics.

**Rationale:** DFW rates in CHEM 1212 for the past 3 academic years are over 22%. Students currently have to retake both lecture and laboratory. These students will not take up lab seats in upcoming semesters, allowing more room for new students. In addition, these students will not have to pay a second lab fee, and pay additional tuition for a class that they have already mastered. Students that do well in lab, but not well enough to pull up their lecture grade to the next letter grade are better off in terms of GPA if the classes are not combined. In addition, our university splits lecture and lab into two separate credit-bearing courses for Organic Chemistry (CHEM 2101/ CHEM 2102), Survey of Chemistry (CHEM 1151/CHEM 1152) and Biology (BIOL 1107). If we split the two as proposed, it will make the transfer process more effective for students who have passed either the lab or the lecture, but not both. Since we are also proposing to split the lecture and laboratory for CHEM 1211, students must pass both with a C or better to register for CHEM 1212.

**Effective Term:** Fall 2015

**CURCAT:**
- Major Department: Chemistry
- Can Course be repeated for additional credit? No
- Maximum Number of Credit Hours: 01
- Grading Mode: Normal
- Instruction Type: Laboratory
- Course Equivalent: None

5. Modify the following course:

**CHEM 1212H HONORS PRINCIPLES OF CHEMISTRY II**

3-0-3

Senate Agenda 52
Prerequisite: CHEM 1211 (minimum grade of B) and CHEM 1211L (minimum grade of B) and approval of department head.
Prerequisite or corequisite: CHEM 1212A

Rationale: Since we have split CHEM 1211 and CHEM 1211L, students must pass both with a B or better to register in CHEM 1212H.

Effective Term: Fall 2015

6. Modify the following course:
CHEM 2000 FUNDAMENTALS OF ORGANIC CHEMISTRY AND BIOCHEMISTRY 3-0-3
Prerequisite: CHEM 1212 (minimum grade of C) and CHEM 1212L (minimum grade of C)
Rationale: Since we have split CHEM 1212 and CHEM 1212L, students must pass both with a C or better to register in CHEM 2000.

Effective Term: Fall 2015

7. Modify the following course:
CHEM 2101 ORGANIC CHEMISTRY I 3-0-3
Prerequisite: CHEM 1212 (minimum grade of C) and CHEM 1212L (minimum grade of C)
Prerequisite or corequisite: CHEM 2101L
Rationale: Since we have split CHEM 1212 and CHEM 1212L, students must pass both with a C or better to register in CHEM 2101.

Effective Term: Fall 2015

8. Modify the following course:
CHEM 2300 PRINCIPLES OF CHEMICAL ANALYSIS 3-4-4
Prerequisite: CHEM 1212 (minimum grade of C) and CHEM 1212L (minimum grade of C)
Rationale: Since we have split CHEM 1212 and CHEM 1212L, students must pass both with a C or better to register in CHEM 2300.

Effective Term: Fall 2015

9. Request for a blanket change replacement by catalog editor:
CHEM 1211 to CHEM 1211/1211L
CHEM 1212 to CHEM 1212/1212L

Effective Term: Fall 2015
C. Computer Science and Information Technology

**Items 1-2 from the Department of Computer Science and Information Technology** were discussed and the undergraduate portion approved by the committee. They are being submitted to the Graduate Curriculum Committee and therefore are marked “For Information Only” for the report to the Senate.

1. **Delete the following course:**
   **ITEC 5001U/G CYBER SECURITY I 3-0-3**
   
   **Rationale:** Since 2008, this course has been cross-listed with CRJU 5001U/G, as part of the interdisciplinary undergraduate minor in Cyber Security. With the focus of Criminal Justice’s Cyber coursework shifting from Cyber Security to Cyber Crime, this course, which only briefly discusses Cyber Crime, no longer needs to be listed at the 5000 level. Originally taught as ITEC 3100, it can return to its original focus as an undergraduate course on Cyber Security. The newly renumbered version of this course will remain a required course in the undergraduate IT major.

   **Effective Term:** Fall 2015

2. **Delete the following course:**
   **ITEC 5002U/G CYBER SECURITY II 3-0-3**
   
   **Rationale:** Since 2008, this course has been cross-listed with CRJU 5002U, as part of the interdisciplinary undergraduate minor in Cyber Security. With the focus of Criminal Justice’s Cyber coursework shifting from Cyber Security to Cyber Crime, this course, which only briefly discusses Cyber Crime, no longer needs to be listed at the 5000 level. The newly renumbered version of this course will remain a required course in the undergraduate minor in Cyber Security.

   **Effective Term:** Fall 2015

**Items 3-9 from the Department of Computer Science and Information Technology** were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.

3. **Create the following course:**
   **ITEC 3700 CYBER SECURITY I 3-0-3**
   
   **Prerequisites:** CSCI 2070
   Current standards and best practice in information assurance and security. Topics include the evaluation of security models, threat analysis, security risk assessment and risk mitigation, disaster recovery planning, cryptography and encryption algorithms, and security policy formation and implementation.
Rationale: Previously ITEC 5001U, this is the same course, except renumbered as an undergraduate course. This course has been renumbered because it is no longer needed for the Criminal Justice graduate certificate in Cyber Crime, and thus it should be changed to an undergraduate course number. It will remain as: a required course in the IT major; a required course in the undergraduate minor in Cyber Security; and will be a course in the new (see below) undergraduate certificate in Cyber Security. Because it is offered in these three undergraduate courses of study, it is more appropriate that it be numbered as an undergraduate course.

Effective Term: Fall 2015

CURCAT
Major Department: Computer Science and Information Technology
Maximum Number of Credit Hours: 3
Repeatable: No
Grading Mode: Normal
Instruction Type: Lecture
Equivalent Courses: ITEC 5001U

4. Create the following course:
ITEC 4200 CYBER SECURITY II, NETWORK SECURITY 3-0-3
Prerequisites: ITEC 3700
Concepts of network security, including: countermeasures and safeguards to networks such as remote access controls, firewalls, intrusion detection systems, data encryption, and virtual private networks.

Effective Term: Fall 2015

Rationale: Previously ITEC 5002U, this is the same course, except renumbered as an undergraduate course. This course has been renumbered because it is no longer needed for the Criminal Justice graduate certificate in Cyber Crime, and thus it should be changed to an undergraduate course number. It will remain as: a required course in the undergraduate minor in Cyber Security; and will be a course in the new (see below) undergraduate certificate in Cyber Security. Because it is offered in these undergraduate courses of study, it is more appropriate that it be numbered as an undergraduate course.

CURCAT
Major Department: Computer Science and Information Technology
Maximum Number of Credit Hours: 3
Repeatable: No
Grading Mode: Normal
Instruction Type: Lecture
Equivalent Courses: ITEC 5002U
5. Create the following course:

ITEC 4300 CYBER SECURITY III, ETHICAL HACKING 3-0-3
Prerequisites: ITEC 4200
Concepts of hacker techniques and tools, including: cryptographic concepts, a technical overview of hacking, including port scanning, enumeration of computer systems, wireless vulnerabilities, web and database attacks, malware, and penetration testing. Social aspects of hacking, including social engineering. Incident response.

Rationale: This is a totally new course, designed to further the student’s knowledge of how to attack and defend a networked information/computer system. As the number of hacking incidents continues to grow, students entering the Cyber Security career field must be able to recognize and perform attacks on systems in order to understand how to defend such computer systems from attack. This course will be a required course in the undergraduate minor in Cyber Security; and will be a course in the new (see below) undergraduate certificate in Cyber Security.

Effective Term: Fall 2015

CURCAT
Major Department: Computer Science and Information Technology
Maximum Number of Credit Hours: 3
Repeatable: No
Grading Mode: Normal
Instruction Type: Lecture
Equivalent Courses: none

6. Create the following course:

ITEC 3950 ADVANCED MOBILE APP DEVELOPMENT 3-0-3
Prerequisite: ITEC 2000
An advanced course in Mobile App Development with more advanced techniques such as the development of gaming applications and applications for database access.

Rationale: An advanced course in Mobile App Development with more advanced techniques like gaming and database access. Adding this course will enable the Department of Computer Science and Information Technology to offer two levels of Mobile and Web Development Certificates and one Minor in Mobile and Web Development.

Effective Term: Fall 2015

CURCAT
Major Department: Computer Science and Information Technology
Maximum Number of Credit Hours: 3
Repeatable: No
Grading Mode: Normal
Instruction Type: Lecture
7. Modify the following Program of Study:

**PROGRAM FOR THE DEGREE OF BACHELOR OF INFORMATION TECHNOLOGY**

**B. Major Field Courses ........................................ 36 hours**
CSCI 2070 Ethical Considerations in Computer Science  
CSCI 2201 UNIX and Secure Web Development  
ITEC 2530 Operating Systems  
ITEC 3500 Database Administration  
ITEC 3600 Systems Analysis and Design  
ITEC 3700 Cyber Security I  
ITEC 3710 E-commerce  
ITEC 3800 Data Communications and Networks  
ITEC 4391 Senior Capstone Project I  
ITEC 4392 Senior Capstone Project II  
ITEC 4770 Client/Server Systems  
ITEC 4800 Network Design and Administration  
ITEC 4830 Graphics Design  
ITEC 5001U Cyber Security I  

Effective Term: Fall 2015

8. Modify the following program of study:

**Cyber Security Minor**

Cyber Security .............................................................................................................. 21 hours  
CSCI 1150, CSCI 2070, CRJU/ITEC 3700, CRJU/ITEC 5001U, CRJU/ITEC 4200, CRJU/ITEC 4300, CRJU/ITEC 5002U  
One course selected from: ITEC 1310, CSCI 1301, CSCI 1302  
One course selected from: CRJU 3300, CRJU 3500, CRJU 3600, CRJU 5500U

Rationale: Changes required in order to account for the renumbering of ITEC/CRJU 5001U to the undergraduate ITEC/CRJU 3700 and ITEC/CRJU 5002U to ITEC/CRJU 4200. Remove CSCI 1302, as it contains multiple hidden prerequisites (MATH 1113, CSCI 1301).

Effective Term: Fall 2015

9. Create the following undergraduate certificate program:

**Undergraduate Certificate in Cyber Security ......................... 18 hours**
CSCI 1150 Fundamentals of the Internet and the World Wide Web  
One course selected from:  
CSCI 1301 Introduction to Programming Principles
ITEC 1310 Programming for IT
CSCI 2070 Ethical Considerations in Computer Science
ITEC 3700 Cyber Security I
ITEC 4200 Cyber Security II, Network Security
ITEC 4300 Cyber Security III, Ethical Hacking

Rationale: This undergraduate certificate program is being offered with the intent of making it available to students, often non-traditional students such as active duty military personnel, who wish to obtain a certificate in Cyber Security without having to earn an undergraduate major. The program requires a minimum of “hidden” prerequisites – the only one being MATH 1111, which is the prerequisite for both CSCI 1150 and ITEC 1310, or MATH 1113, which is the prerequisite for CSCI 1301 (if CSCI 1301 is chosen). ITEC 1310 is an option because it is the IT prerequisite for CSCI 2070, Computer Ethics, which is the prerequisite for ITEC 3700. CSCI 1301 is an option because it is the CS prerequisite for CSCI 2070. CSCI 1150 is included because any student earning a certificate in Cyber Security must have a functional knowledge of the Internet and a minimal ability to code in HTML. While this appears to mimic the undergraduate minor in Cyber Security, earning a minor implies that the student is also majoring in a course of study, i.e., is a full-time, degree-earning student at ASU. This certificate program will enable a student to only earn this certificate without having to enter a degree program. Degree-earning students should be encouraged and “steered” to earning the minor, as opposed to the certificate.

Effective Term: Fall 2015

Item 10 from the Department of Computer Science and Information Technology was discussed. Consideration of the item was postponed until there is clarification on USG Academic and Student Affairs Handbook, Section 2.4.7.

10. Create the following track for the Associate of Science Degree

Cyber Security Track
A. General Requirements (Core Areas A, B, C, D.I, and E) 42 hours
   In Core Area A, MATH 1111 must be taken
   If CSCI 1301 is taken under Additional Requirements, then MATH 1113 must also be taken
   Physical Education 3 hours
   First-Year Seminar 1 hour
B. Additional Requirements 18 hours
   CSCI 1150 Fundamentals of the Internet and the World Wide Web
   One course selected from:
      CSCI 1301 Introduction to Programming Principles
      ITEC 1310 Programming for IT
      CSCI 2070 Ethical Considerations in Computer Science
      ITEC 3700 Cyber Security I
ITEC 4200 Cyber Security II, Network Security
ITEC 4300 Cyber Security III, Ethical Hacking

Total Semester Hours 64

Rationale: By offering an Associate of Science with a Cyber Security track, the Cyber Security curriculum will become “stackable.” It allows a student who may have only matriculated to Armstrong for the undergraduate certificate, and then wanting to earn a degree, to take the credits earned for the certificate and apply them to an Associate’s degree. Should that student decide to earn a Bachelor’s in Information Technology at Armstrong, or an equivalent Bachelor’s degree at another institution (especially another USG institution), the Associate’s will then allow that student to seamlessly transition into the major program.

Effective Term: Fall 2015

Items 11-12 from the Department of Computer Science and Information Technology were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval.

11. Create the following minor:
   Mobile and Web Development Minor
   Mobile and Web Development................................................................. 18 hours
   One course selected from:
   CSCI 1301 Introduction to Programming Principles
   ITEC 1310 Programming for IT
   CSCI 1150 Fundamentals of the Internet and the World Wide Web
   CSCI 3301 UNIX and Secure Web Development
   CSCI 3370 Human Computer Interaction
   ITEC 2000 Introduction to App Development
   ITEC 3950 Advanced Mobile App Development

   Rationale: Mobile and Web Development is currently in high demand in industry and it is predicted that it will continue to be in high demand in the foreseeable future. Creating the Mobile and Web Development Minor will attract students from other disciplines at Armstrong for earning a high demand minor.

   Effective Term: Fall 2015

12. Create the following undergraduate certificates:

   Undergraduate Certificate of Mobile and Web Development ................. 12 hours
   CSCI 1150 - Fundamentals of the Internet and World Wide Web
   One course selected from:
   CSCI 1301 Introduction to Programming Principles
   ITEC 1310 Programming for Information Technology
   CSCI 3301 - UNIX and Secure Web Development
ITEC 2000 - Introduction to App Development

**Undergraduate Advanced Certificate of Mobile and Web Development..18 hours**
Undergraduate Certificate of Mobile and Web Development, plus the following courses:
CSCI 3370 - Human Computer Interaction
ITEC 3950 - Advanced Mobile App Development

**Rationale:** Mobile and Web Development is currently in high demand in industry and it is predicted that it will be in high demand in the foreseeable future. Creating the certificates of Mobile and Web Development will enable us to attract students at Armstrong or working professionals for earning one or both certificates in this high demand technology.

**Effective Term:** Fall 2015

D. Engineering Studies (no items)
E. Mathematics (no items)
F. Psychology (no items)

**ADJOURNMENT.** The meeting was adjourned at 4:54 p.m.

Respectfully submitted,

Phyllis L. Fulton
Catalog Editor and Secretary to the Committee
October 30, 2014

The Senate has remanded the following items from the UCC Minutes of Oct 1, 2014

1) Under the College of Liberal Arts: Fix D: Gender Women’s Studies Item 7A under Area F: GNST 2101 should read: GNST 2101 Ethics, Values and Gender. It currently reads GNST 2010 Ethics and Gender.

2) Under the College of Liberal Arts Languages Literature and Philosophy, F, Item 29. Fix the issue behind creating ESOL 4010 Applied Languages for ESOL Teachers. Senate discussion on October 20, 2014 revealed Georgia Professional Standards Commission (GaPSC) is the only one that can approve a program that deals with any type of teacher certification, including ESOL. The mention of a “Certificate in Teaching English as a Second Language” in the proposed Program of Study is a concern, due to the fact that ASU has not applied for, nor received, permission from the GaPSC for that certificate. In addition, the completion of the coursework does not end in certification. There are additional requirements from the GaPSC that must be met in order for teachers to be “certified” in any field, including mandatory testing, data collection, and a Pre-Service Certificate in order to do any field work in the Public Schools.

3) Concerns about listing ESOL 4010 as a supporting course ties closely to above mentioned concerns. Delete CLA/LLP D, item 30.

Therefore UCC’s charge is:

1) Fix the typo in D College of Liberal Arts Item 7A under Area F in Gender Women’s Studies.

2) Delete College of Liberal Arts Languages Literature and Philosophy, F, Item 29. ESOL 4010. Coordinate with COE Associate Dean and/or the Georgia Professional Standards Commission, CLA/LLP French eMajor Coordinator and the Valdosta University French eMajor coordinator to work out certification issues and requirements that will satisfy ASU and USG, French eMajor.

3) Delete College of Liberal Arts Languages Literature and Philosophy, F, Item 30. SOL 4010. Coordinate with COE Associate Dean and/or the Georgia Professional Standards Commission, CLA/LLP French e Major, coordinator and the Valdosta University French eMajor coordinator to work out certification issues and requirements that will satisfy ASU and USG French eMajor programs.

UCC should come back to the Senate after these changes have been coordinated and worked out.

Note: The rest of the CLA/LLP French eMajor program was approved by the Senate with little or no discussion. COE Associate Dean is willing to meet with UCC and explain the nuances and concerns regarding the certification issue. The Senate recommends that UCC wait until the issues
mentioned in this charge are resolved. UCC committee should then resubmit the three items in a future Senate meeting.

Respectfully

Elizabeth F. Desnoyers-Colas Ph.D

President, Faculty Senate
Joint Leadership Team  
October 28, 2014  
Summary

Ebola Update  
Members of the Emergency Management Planning Team shared a draft emergency action plan for infectious disease issues as well as a draft of a campus email regarding Ebola information. Members of the Joint Leadership Team were asked to provide feedback on these items to Delana Nivens by Wednesday, October 29. Angela Stork also shared the Ebola plan for Housing and Residence Life.

USG Emergency Notification Plan  
Dr. Bleicken shared the revised USG Emergency Notification plan as an information item.

Domestic Partner Benefits Update  
Dr. Bleicken spoke with USG representatives who indicated that the System has looked at domestic partner benefits but is not ready to move forward at this time. Rebecca Carroll indicated that individuals in the USG Human Resources division are supportive, illustrated by the option of voluntary benefits to domestic partners but that legislative law prohibits further action. Dr. Bleicken also spoke with Dr. Dan Papp, President of Kennesaw State, whose Faculty Senate also passed a resolution on the issue. His advice: any change would need to be led by the USG’s flagship institution. The University of Georgia explored the idea after its Faculty Senate passed a resolution. The University of Georgia’s Foundation Board did not see domestic partner benefits as part of its mission and did not fund it. At Armstrong, a discussion would need to occur with the Foundation Board of Trustees to determine whether Trustees believe funding domestic partner benefits is consistent with the Foundation’s mission and whether appropriate funding is available for such an initiative. Ms. Carroll also shared that Human Resources has added Services for Domestic Partners on its website under the Benefits menu. Dr. Liz Desnoyers-Colas requested an email be sent to campus employees about the website.

FY2016 Budget Narrative  
Dr. Bleicken indicated that the FY2016 budget narrative was submitted to the USG on October 24. Annually, the institution submits the budget narrative as part of the USG’s budgeting process. The budget narrative asks institutions to address enrollment, current financial standing, utilization of funds received for FY2015, and progress toward Complete College Georgia initiatives. All institutions were required to provide a plan to address a possible reduction in state funding. For Armstrong, the question was how it would address a 3% reduction in state funds. David Ward indicated that the following actions were provided in the plan: implement a 60-day waiting period to fill vacant positions; elimination of vacant lines; and elimination of operational inefficiencies. Representatives from Armstrong will attend a budget hearing at the system level on December 15. The institution is allotted 20 minutes for a presentation to be followed by questions by representatives from the USG. The entire meeting is one-hour in length.
**Text Messaging Policy**

David Ward shared a draft policy statement, *Communicating to Students via Text Message*. The purpose of the policy is to identify those authorized to send text messages to large segments of the population, the type of messaging to be sent, and how often. The policy does not prohibit programmatic communication that may be occurring. Cassian Nunez had several questions about financial aid communications. He and Dr. Ward will have a follow-up discussion.

**Celebrate Debrief**

*Celebrate Festival*

- 85 student groups, departments, and community groups participated in the event.
- Student groups with booths preferred locations in the quad versus Burnett lawn due to visibility as students changed classes.
- Students who attended liked the location.
- Request was made to provide context/explanation of how the tradition of Celebrate began (first initiated when Armstrong became a university and changed its name to Armstrong Atlantic State University).
- Question was raised regarding t-shirt distribution and the possibility to return to past practice in which campus departments requested shirts that were delivered to departmental offices.
- Request was made to consider ways to include students who attend night classes.

*Alumni Awards Gala*

- Venue was beautiful.
- Program was well done.
- Food service needs to be improved.
- Greater preparation needed to address for dietary requests (i.e., vegetarian, kosher).

*Treasure Savannah*

- More than 300 volunteers participated across multiple venues (Grace House Kitchen, Keep Savannah Beautiful, Campus Housing painting project, Hoofs 4 Healing, Campus Clean Up, Hinesville River Alive, Ambuc Park and Lake Mayer Clean Up, and West Broad YMCA).
- It’s a good experience for everyone who participates.

*Celebrate Armstrong Beach Music Blowout*

- Fireworks were great.
- The band was good.
- Marketing needs to be improved.
- Target audience must be identified and appropriate adjustments made.
- Consider a change from one-item food option to multiple options.
- Determine whether October is best month for 2015.
Updates

Enrollment
David Ward shared that the Spring 2015 enrollment target is 6710 with a retention target from fall to spring of 90% and a new student enrollment target of 618. The Start Strong, Start Now event is scheduled for December 12. Registration for spring and summer classes began October 27. The Fall 2015 enrollment target is 7272.

Staff Council
Pat Potter shared that the Staff Council team for the Making Strides Walk raised $1400+ and was the 6th overall fundraiser for the event. Between the Celebrate Festival Book Sale and the Coca Cola sales at the Celebrate Armstrong Beach Music Blowout, more than $500 was raised for the Staff Textbook Scholarship. A Perc Coffee fundraiser is also being scheduled to support the scholarship fund. The Fall Staff Assembly is scheduled for November 10 at 9:00am. The Staff Council will work with SGA on the Toys for Tots drive. The Holiday Luncheon is scheduled for December 16 at 12:00Noon.

SGA
Cassian Nunez shared that SGA will be working to identify a special event in concert with the Toys for Tots drive, either another movie or open mic night. SGA is moving forward with its Breathe Strong campaign, sponsoring a lecture on November 4. He shared that all of the SGA Presidents in the USG are focused on three areas: branding, diversity, and enrollment. SGA supported a proposed $10 student fee increase for the Student Recreation Center that may be submitted to the USG for review and approval. Cassian indicated that a SGA resolution would be forthcoming in support of eCore courses. He also indicated that SGA will continue to work with and to inform students regarding DACA (deferred action for childhood arrivals). Mr. Nunez shared that student organizations are utilizing the new food policy. The team was reminded of the November 5 Leaders Inspiring Leaders event and was asked to RSVP to Cassian regarding attendance.

Upcoming Events
VPBF Candidates—October 29, 30
Armstrong Leadership Lecture Series featuring Ken Blanchard—October 29
Provost and VPAA Candidates—November 3, 4, 10, 13, 17

Additional Items
Port
Robert Howard reported that the Port issue has been resolved. ITS will ensure that students have an alternative way to access their information if it should happen again.

State Charitable Contributions Campaign
Liz Desnoyers-Colas shared that the campaign had been extended to November 15.

Next Meeting: December 2 at 9:00 am in the Burnett Hall Boardroom
