**Faculty Senate Meeting**  
**Minutes of March 24, 2014**  
**Student Union, Ballroom A, 3:00 pm**

- I. Senate President Baird called the meeting to order at 3:01 pm (see Appendix A)
- II. Senate Action
  - A. Approval of the [Minutes from February 17, 2014](#) Faculty Senate Meeting
  - B. Remarks from Dr. Linda Bleicken, President
    1. Updates from the Board of Regents meeting
      - i. Business Economics degree approved
      - ii. A.S. to B.S in Criminal Justice articulation agreement between Savannah Tech and Armstrong was approved
      - iii. Positive signals received on the request to change our name to Armstrong
      - iv. Green Zone military initiative was positively acknowledged
      - v. New project pending approval: \$2.7 million ARC renovation into academic space. Current pool structure has a persistent water leak.
    2. Dr. Jane Wong is heading a pilot leadership program at Armstrong to develop future leadership within the current faculty ranks.
    3. Enrollment Management (EM)
      - i. Identified issues with EM
        - a. Lack of data
        - b. Underutilization of technology
        - c. Lack of interunit communication (e.g., Bursar, Registrar, Financial Aid, etc)
        - d. No coordinated plan for student retention
        - e. Low morale
      - ii. Actions
        - a. Improve data integrity through better coordination
        - b. Evaluating effectiveness of current EM processes
        - c. Enrollment Management Team developed to examine issues
        - d. Hired external consultant to assist in implementation of changes
        - e. Automation of processes currently being done manually
        - f. Ongoing review of organizational structure
  - C. Old Business
    1. N/A
  - D. New Business
    1. Committee Reports
      - i. [University Curriculum Committee Minutes](#)
        - a. Discussion regarding Item II.1. Prior Learning Documentation Course
          - i. Concern expressed about having students take a course to learn how to prepare documentation to exempt the student from taking a course. Rather should not students take the actual course to develop the competency vs. taking a course to learn how to not have to take the course?
          - ii. Responses:
            1. Many former and current military students have the

competencies but need help in documenting their experiences.

2. Also, this type of course is needed for LLP to participate in the E-major in Languages program.
  3. The course will bring standardization to the portfolios developed.
  4. This course is one of several prior learning assessment options. CLEP is currently being used. Also, faculty will make the decisions about which courses are eligible for the portfolio option and the learning outcomes. The Prior Learning Assessment (PLA) course will result in students obtaining 2 credit hours for the PLA course in addition to the course being “exempted”. Faculty will decide if student passes the course. PLA course does not supplant CLEP option. PLA credits from other universities will be accepted just like any other transfer credit from other courses.
- iii. Question: Regarding the GAC attachment on credit for courses completed prior to 7 years ago, should we accept a claim of competency from a decade ago when we do not accept courses completed 7 years ago?
1. Responses:
    - a. The GAC has different requirements compared to UCC
    - b. We are doing a disservice to our students if we do accept this since other universities will accept PLA.
    - c. The PLA option will not impact that many courses/students
  - iv. APPROVED without modification
  - b. All other items APPROVED without modification
  - ii. [Graduate Affairs Committee](#)
2. Enrollment update from Ms. Mariea Noblitt, Interim Associate Vice President of Enrollment Management
- i. Came to Armstrong in July 2013 to perform an operations audit
    - a. See II.3.B.i above for findings.
    - b. Actions
      - i. Streamlined admissions processes
      - ii. Improved communication through increased meetings across units
      - iii. Newly admitted students awarded financial aid in March vs. May (in previous years)
    - c. Process improvements developed to persist even after her departure
3. Update on Student Affairs Restructuring by Dr. Georj Lewis, Vice President of Student Affairs (Appendix B)
- i. Key issue was to address staff vacancies (11/31 positions vacant). Goal

- is to fill all positions by July 1, 2014
- ii. Changes to reporting structure based on new responsibilities and relationships with VPSA. No additional funds requested for restructured positions.
  - iii. Question: What was missing from Sally Watkins' role besides serving on the Student Honor Court? Response: The role was more reactive vs. proactive. Need to develop an expectation of student civility: rights, responsibility and integrity
  - iv. Question: Was there a concern about increases in violations? Response: Unsure of history, but did receive some complaints about communication with faculty and staff. Wants better relationship with faculty with regard to awareness of services available.
4. FSR-2014-03-24-01: Deferred Action Status for Undocumented Students (Appendix C)
- i. Discussion: President Bleicken stated support for the issue, hence the effort to obtain private funding through the LUMINA Foundation, for example. She also noted that it is the state legislature, not BOR that controls this policy. Approval of the resolution would not necessarily be harmful to Armstrong.
  - ii. Friendly amendment: add "Georgia State Legislature and Governor" to the first sentence of the resolution. Amendment APPROVED.
  - iii. Resolution APPROVED
5. FSB-2014-03-24-03: Part-Time Faculty Compensation Taskforce Bill (Appendix D)
- i. Discussion: Gratitude expressed to the Faculty Welfare Committee for their leadership on this issue.
  - ii. Bill APPROVED
6. FSB-2014-03-24-04: Creation of the Student Research and Scholarship Council (Appendix E)
- i. Discussion: Question: Why are just two colleges represented in the bill? Response: Because only CST and COLA have coordinators of undergraduate research. Question: Is the committee membership aware of these new responsibilities? Response: Yes the Provost's office and SGA have been informed about membership expectations.
  - ii. Bill APPROVED
7. FSB-2014-03-24-05: Creation of the Faculty Research, Scholarship, and Awards Committee (Appendix F)
- i. Discussion: Question: Why are deans and not department heads responsible for selecting members? Response: Best to use deans since membership is based on colleges vs. departments.
  - ii. Bill APPROVED
8. FSB-2014-03-24-06: Salary Inversion (Appendix G)
- i. Discussion: President Bleicken indicated there is already a process for ongoing salary studies. This bill would undermine the role of deans and department heads to select faculty for raises. Response: The intent of the bill is to ensure that action is taken since the salary study may not necessarily accomplish that.

- ii. Bill APPROVED
- 9. FSB: Space and Payment Schedule for Part-Time Faculty (Appendix H)
  - i. Discussion: President Baird noted that the use of ADP will terminate in the near future. President Bleicken asked if paragraph one of the bill is actually true. Should this not be handled at a college or department level? Response: Gamble Hall does have space for part-time faculty, so this is not true across the board. However, this issue was presented by part-time faculty to the Faculty Senate Part-Time Faculty Liaison. The library does not have any extra space to support this effort.
  - ii. Dean Barrett noted that this should be done on a building by building basis given this is not a uniform issue across colleges.
  - iii. Motion to table the first paragraph of the bill APPROVED
  - iv. Friendly amendment to remove “Also, currently” and “consequently also” from second paragraph of bill APPROVED
  - v. Bill APPROVED
- 10. Faculty Budget Priorities Report by Dr. Erik Nordenhaug (Appendix I)
  - i. Email will be sent requesting comments on survey until April 8, 2014
  - ii. A FS resolution will be created based on the survey and comments received
  - iii. President Baird commended the PBF committee on this work
- 11. eFACE Committee Update by Drs. Alex Collier and Angeles Eames (Appendix J)
  - i. Script for faculty to encourage students to complete eFACE has been developed and will be shared with all faculty.
  - ii. Please let Dr. Eames know if you have experience with any of the listed vendors
  - iii. Pilot test of new systems in Summer 2014 and full implementation in Fall 2014.

E. Senate Information

- 1. Enrollment Management Project Team update by David Bringman
  - i. Has observed improvements accountability and efficiency in EM
  - ii. Goal is to transform Victor Hall into “one-stop-shop” for student services
  - iii. New ideas from staff now encouraged and acted on
  - iv. Summer 2015 fees for less than 4 credit hours will be reduced by 67%
  - v. Please send any ideas you have to [david.bringman@armstrong.edu](mailto:david.bringman@armstrong.edu)

## Faculty Senate Resolution: Deferred Action Status for Undocumented Students

Be it resolved that the Faculty Senate recommends that Armstrong Atlantic State University and the Georgia State Legislature grant undocumented students with Deferred Action in-state tuition in accordance with Georgia Regents Policy Manual 4.3.4 (Verification of Lawful Presence).

### *Policy 4.3.4:*

*Each University System institution shall verify the lawful presence in the United States of every successfully admitted person applying for resident tuition status, as defined in [Section 7.3](#) of this Policy Manual, and of every person admitted to an institution referenced in [Section 4.1.6](#) of this Policy Manual.*

### *Section 7.3.1.1:*

*In-State Tuition shall be defined as the rate paid by students who meet the residency status requirements as provided in [Section 4.3](#) of this Policy Manual.*

### Rationale:

According to the Department of Homeland Security: As of January 18, 2013

“An individual who has received deferred action is authorized by the Department of Homeland Security (DHS) to be present in the United States, and is therefore considered by DHS to be lawfully present during the period deferred action is in effect;” thus, the requirements for lawful presence put forth under Policy 4.3.4 by the Board of Regents, Verification of Lawful Presence, are met. Undocumented students, with Deferred Action, should then, be allowed to pay in-state tuition at Armstrong Atlantic State University in accordance with Board of Regents Policy.

The Board of Regents states that “any student requesting to be classified as an in-state student for tuition purposes will be required to provide verification of their lawful presence in the United States in order to be classified as an in-state student.” In order to verify lawful presence, the Board of Regents, on its website under its FREQUENTLY ASKED QUESTIONS section states that:

“There are a number of ways for a student’s lawful presence in the United States to be verified. In some instances, the student will not need to submit any additional documentation. For example, if the student completes the Free Application for Federal Student Aid (FAFSA), and the U.S. Department of Education determines that the student is eligible to receive federal student aid, then the student may not need to submit additional documentation as the U.S. Department of Education verifies lawful presence before awarding aid.”

In other situations, a student may need to provide documentation of lawful presence, such as a copy of their U.S. birth certificate (certified copy), Georgia driver’s license (issued after January 1, 2008), United States passport, or Permanent Resident Card, as proof of lawful presence. Students should contact their college or university to learn more about what documentation they may need to submit.” Thus, by Board of Regents policy, undocumented students with Deferred Action are entitled to receive in-state tuition at Armstrong Atlantic State University.

## Georgia Board of Regents Policy Manual Section 4.3

### *4.3 Student Residency*

#### *4.3.1 Out-of-State Enrollment*

*Each USG institution is required to file an annual report detailing the number of out-of-state students enrolled during the previous academic year (BoR Minutes, April, 1995, p. 21*

#### *4.3.2 Classification of Students for Tuition Purposes*

##### *4.3.2.1 Description of Terms Used in the Policy*

*Terms used in the Tuition Classification Policy not found below can be found in the Glossary of Terms for Classification of Students for Tuition Purposes.*

##### *Dependent Student*

*An individual under the age of 24 who receives financial support from a parent or United States court appointed legal guardian.*

##### *Emancipated*

*A minor who, under certain circumstances, may be treated by the law as an adult. A student reaching the age of 18 shall not qualify for consideration of reclassification by virtue of having become emancipated unless he/she can demonstrate financial independence and domicile independent of his/her parents.*

##### *Independent Student*

*An individual who is not claimed as a dependent on the federal or state income tax returns of a parent or United States court appointed legal guardian, and whose parent or guardian has ceased to provide support and rights to that individual's care, custody, and earnings.*

##### *4.3.2.2 United States Citizens*

##### *Independent Students*

*An independent student who has established and maintained a domicile in the State of Georgia for a period of at least twelve (12) consecutive months immediately preceding the first day of classes for the term shall be classified as in-state for tuition purposes.*

*No student shall gain or acquire in-state classification while attending any postsecondary educational institution in this state without clear evidence of having established domicile in Georgia for purposes other than attending a postsecondary educational institution in this state.*

*If an independent student classified as in-state for tuition purposes relocates out of state temporarily but returns to the State of Georgia within twelve (12) months of the relocation, such student shall be entitled to retain his/her in-state tuition classification.*

##### *Dependent Students*

*A dependent student shall be classified as in-state for tuition purposes if such dependent student's parent has established and maintained domicile in the State of Georgia for at least twelve (12) consecutive months immediately preceding the first day of classes for the term and:*

1. *The student has graduated from a Georgia high school; or,*
2. *The parent claimed the student as a dependent on the parent's most recent federal or state income tax return.*

*A dependent student shall be classified as in-state for tuition purposes if such student's United States court-appointed legal guardian has established and maintained domicile in the State of Georgia for at least twelve (12) consecutive months immediately preceding the first day of classes for the term, provided that:*

1. *Such appointment was not made to avoid payment of out-of-state tuition; and,*
2. *The United States court-appointed legal guardian can provide clear evidence of having established and maintained domicile in the State of Georgia for a period of at least twelve (12) consecutive months immediately preceding the first day of classes for the term.*

*If the parent or United States court-appointed legal guardian of a dependent student currently classified as in-state for tuition purposes establishes domicile outside of the State of Georgia after having established and maintained domicile in the State of Georgia, such student may retain his/her in-state tuition classification so long as such student remains continuously enrolled in a public postsecondary educational institution in this state, regardless of the domicile of such student's parent or United States court-appointed legal guardian.*

#### *4.3.2.3 Non-Citizens*

*A non-citizen student shall not be classified as in-state for tuition purposes unless the student is legally in this state and there is evidence to warrant consideration of in-state classification as determined by the Board of Regents. Lawful permanent residents, refugees, asylees, or other eligible noncitizens as defined by federal Title IV regulations may be extended the same consideration as citizens of the United States in determining whether they qualify for in-state classification.*

*International students who reside in the United States under non-immigrant status conditioned at least in part upon intent not to abandon a foreign domicile shall not be eligible for in-state classification.*

#### *4.3.3 Tuition Differential Waivers*

*See Section 7.3.4 of this Policy Manual for instances in which an institution may waive the differential between in-state and out-of-state tuition.*

#### *4.3.4 Verification of Lawful Presence*

*Each University System institution shall verify the lawful presence in the United States of every successfully admitted person applying for resident tuition status, as defined in Section 7.3 of this Policy Manual, and of every person admitted to an institution referenced in Section 4.1.6 of this Policy Manual.*

## **Faculty Senate Bill to create a taskforce on Part Time Faculty Compensation**

### Background

During November 2013 the President of the Faculty Senate William Baird, in response to general concern over the issue, asked the Faculty Welfare Committee review with a view to revisiting it as a Bill the *Faculty Senate Resolution 017.10/11: The Part time Salary Study*, approved by the Faculty Senate on May 2, 2011. <http://www.armstrong.edu/images/FSR%20017.pdf?AASUSTID=e0604e8dc512181c4550d6b8a18f47f5>

After consulting the Office of Institutional Research and reviewing previous salary studies for full time faculty, the Faculty Welfare Committee found that no study of part time faculty salaries has been made since 2011.

Part time salaries at Armstrong have not changed since 2010, except that in 2014 part time instructors who teach fully online courses are compensated at a rate higher than all others, \$3,600 per course.

Georgia Southern University continues to offer \$1,000 per credit hour as their mode for part time faculty, according to Virginia Samiratedu, Academic Fiscal Affairs Officer at Georgia Southern (personal communication, February 2014.) . At University of South Carolina at Beaufort, \$2,000 per course is advertised as their minimum for all positions (Website). Armstrong's top pay rate, for faculty with 29-36 years of experience, is \$2,800 per course at present.

The Committee conducted an informal survey of Department Heads in Biology, Mathematics, Languages, Literature and Philosophy, History, and Fine Arts during February 2014. All Department Heads surveyed stated that they believed the compensation rate for part time faculty is too low. Department Heads in Mathematics and Biology responded "Yes" to the question, "In your experience/opinion has Armstrong's salary for part time faculty has caused your department difficulty recruiting part time faculty?" Specialists in the humanities are more available. Dept Head David Wheeler added, "Hiring them in foreign languages or philosophy, however, is much more difficult. Other universities pay better, and so do private high schools. Retaining part-timers in all fields is difficult. When they get something better, they jump ship here." (e-mail, 2/25/2014).

### Bill

Based on the persistence of compensation problems discussed in the 2011 resolution and the difficulty Armstrong Department Heads face recruiting and retaining part time faculty

in some disciplines, the Faculty Welfare Committee recommends the following to the Faculty Senate:

It is the belief of this faculty, in fairness to our colleagues and to better recruit faculty to teach part time at Armstrong, that the salary rate for part time faculty should be increased and competitive with that of peer institutions. To that end, the Office of the Provost will form a taskforce comprised of appropriate administrators, representatives from the Faculty Senate and representatives from Armstrong's part time faculty. Their charge, to recommend a competitive and fair rate of compensation for part time faculty and to make any other recommendations necessary in order to achieve that rate of compensation for Armstrong's part time faculty.

**Faculty Senate Bill: Creation of the Student Research and Scholarship Council**

Each year, the Associate Provost for Student Engagement and Success and the coordinators of undergraduate research from the College of Science and Technology and the College of Liberal Arts will call for faculty volunteers from all four colleges to serve on the Student Research and Scholarship Council which will be responsible for running the Student Scholars Symposium and distributing undergraduate research grants to students. If possible, the committee shall be comprised of an equal number of faculty members from each college. Student members from SGA and GSCC will also be encouraged to join. The Associate Provost for Student Engagement and Success will serve as an ex-officio, non-voting member of the committee.

## **Senate Bill: Creation of the Faculty Research, Scholarship, and Awards Committee**

This committee will replace the functions of the Faculty Development Committee

**Name:** Faculty Research, Scholarship, and Awards Committee

### **Membership:**

Membership to consist of the following ex-officio, non-voting members: Director of Faculty Development and the Director of Grants & Sponsored Programs.

**Voting Members** shall be made up of 2 members from each college, selected by the Deans of each college. It is recommended that the Deans select one faculty with a distinguished record of scholarship and one faculty with a distinguished record in teaching.

**Additional members** will include the appointed Teaching Fellows for the current and previous year.

**Terms:** Terms shall be 2 consecutive years (with option for one renewal)

**Meetings:** The committee shall meet no less than 2 times each academic year.

**Reporting:** The Faculty Research, Scholarship, and Awards Committee will send all reports and recommendations to the Provost

### **Duties of the Director of Faculty Development (DFD) Relative to the Committee:**

- i. No later than one month prior to the start of each Fall term, the DFD shall send out a call to all Deans for appointments, as needed to fulfill the membership requirements set forth above.
- ii. The DFD shall be responsible for calling the initial meeting within the first two months of each Fall term.
- iii. At the first meeting of the Fall term, the DFD will initiate a call for nominees and election of a chair and vice chair to serve through the academic year.
- iv. In the event that a College should fail to send forward two members, the DFD shall send out a call for volunteers from the college lacking full membership.

### **Duties of the Committee:**

1. Development of strategies to support faculty scholarship
2. Development of strategies to bring innovation to classroom instruction

3. Support events or programs that encourage interaction among all Armstrong faculty
4. Review all internal grants under the Provost's Office and make recommendation to the Provost
5. Review applications for Advanced Academic Leave and make recommendation to the Provost
6. Review nomination materials for Faculty Awards and make recommendations to the Provost. These Faculty Awards under the purview of this Committee are:  
Distinguished Service to the Discipline and Distinguished Service by a Part-Time Faculty Member.

## **Faculty Senate Bill: Salary Inversion**

### **Statement:**

We, the faculty of Armstrong Atlantic State University, wish to address the problem of salary inversion. We petition the administration of the university to attend to salary inversion and make corrections when new faculty members are appointed to faculty positions. When salaries are raised for newly hired faculty, we believe that the salaries for existing faculty should be raised commensurately.

### **Rationale:**

While we applaud the increase of salaries for new faculty as a means of inviting the best candidates to our campus and completing successful faculty searches, we do not feel that it is appropriate to ignore the plight of existing faculty whose salaries are not being raised commensurately. New and inexperienced faculty members should not be compensated at rates that are equal to or greater than existing faculty who have demonstrated and continue to demonstrate excellent teaching, scholarship, service, and commitment to Armstrong. The practice of salary inversion is demoralizing and unfair to the teaching faculty work-force of the university.

### **Faculty Senate Bill: Payment Schedule for Part-Time Faculty**

Part-Time Faculty do not receive a paycheck until the end of the second month of the semester. This situation makes it extremely difficult to make ends meet when they do not receive a paycheck for eight weeks. We request the President to allow for a change in the payment schedule for Part-Time faculty, so they are paid at the end of the first month of the semester.

3. 13 - Concerns about Students
4. 11 - Comments/Feedback about the survey itself
5. 10 - Concerns about the Physical Capital/Facilities
6. 7 - Concerns about Part-time Faculty
7. 7 -Concerns about Specific Program Needs/General Instruction Allocation
8. 5 - Concerns about Staff
9. 3 - Concerns about the Relationship between Faculty and Administration
10. 1 - Praise for Armstrong

The most numerous comments pertain to the salary/workload of full-time faculty and the proliferation of administrators who are highly paid.

# The last stages of this process

- The PBF committee will share all the data collected from the Faculty Budget Priorities Survey with faculty and administration.
- For the next couple of weeks as the PBF committee forms its conclusions and recommendations for the final report, it invites comments and observations from the faculty regarding what those conclusions and recommendations should be.
- At the next and last Senate meeting of the semester, the PBF committee will propose a Faculty Senate Resolution based on the recommendations of the final Faculty Budget Priorities Report. If approved by the Senate, the Resolution and the Report would then be submitted to the President.

# eFACE Update

Report from Ad-hoc eFACE  
Review Committee to  
Faculty Senate (3.24.14)

- Wendy Wolfe – Associate Professor, Psychology

# Committee Charge

- Committee formed by Dr. Carey Adams
- Charge: To improve teaching and learning through improvements in the eFACE survey and methodology.
- Background for charge: Course evaluations are a problem at our institution due to (1) low completion rates and (2) the content of the evaluations. The items currently contained in the survey are not informative; many consider them useless.

# Historical Information

- eFACE was implemented at Armstrong in 2009
- Response rates have ranged from 16.3% (Fall, 2010) to 28.1% (Fall, 2009). They are generally around 22%.
- Based on work by the Faculty Welfare Committee, the Faculty Senate passed a resolution and a bill in January 2012 to suggest improvements.

# Historical Information: Senate Resolution (Recommendations)

- Improve marketing of eFACE to students
- Involve SGA
- Establish an eFACE raffle
- Purchase Class Climate software license
- Improve the eFACE questionnaire
- Provide survey access through SHIP/Banner or Vista instead of Pirates' Cove
- Eliminate restrictions that limit student comments
- Develop an eFACE mobile application
- Ensure all courses are accessible for eFACE

# Historical Information: Senate Bill

- Be it resolved that the University adopt and implement a required popup in SHIP, in which the students must either complete eFACE or opt-out of eFACE before entering SHIP

# Information Gathering

- Student Survey
- Student Focus Group
- SGA Presentation
- Literature Review
- Additional articles provided by committee re: task discussions
- Contacting Peer Institutions
- Review of External Vendors

# Goal 1: Improve Student Response Rates

- Pop-up message implemented for first Flex Term in Spring, 2014
- Standard message regarding the importance of student feedback drafted for electronic or in-person communication by instructors to students
- Flex Term response rate went from 5.6% (Spring, 2013) to 25.3% (Spring, 2014)

# Goal 1: Improve Student Response Rates

- Direct link from pop-up to survey (to be implemented by final assessment period in Spring, 2014)
- Updates on Additional Strategies Considered:
  - Return to paper surveys (significant re-tooling required)
  - Raffle (minimally successful in Fall, 2013)

# Goal 2: Improve Survey Content

- Internal Revision vs. External Vendor
  - Internal management of survey contains hidden costs
  - External vendor could help address content issues and response rate issues
    - Response rates may be improved through mobile app, QR codes, single sign-on access, email reminders, email thank-you for completion.
    - Content may be improved through item pool with established reliability/validity, item customizability to instructors or programs to assess target areas, standard items may allow comparisons across universities and disciplines.

# External Vendor Evaluation Criteria

- Robust Security
- Intuitive Interface
- Sends e-mail confirmation upon receipt of survey
- Provides ability to customize questions
- Data Control (ownership, Armstrong preferred)
- Provides a standard set of questions
- Ability to attach questions for a group (i.e. only for majors or those taking FYE)
- Mobile versions
- Hosted solution (survey on their server)
- Single Sign-On
- Roll-up reports (reporting at several levels)
- Ability to compare instructors rating with those of the department, college, and university
- Automated reminders
- Provides test bank
- Length of time data can be kept (max is preferred)
- Provides national comparisons (with institutions that also administer this survey)
- Allows students to modify a response
- Export data in multiple formats
- Real-time tracking
- Provides for dropped classes
- Searchable data base
- Including/excluding signed student comments
- Time to access report AND report availability
- Save progress, can complete survey in more than one sitting
- Allows for branching or skipping question

# Vendors Under Consideration

- Smart Evals
- College Net: What do You Think?
- EvalKit
- IDEA Center: Faculty and Student Survey
- Digital Measures
- Scantron: Campus Climate
- College Survey Services
