# FACULTY AND ADMINISTRATION

Henry L. Ashmore, *President*

Joseph I. Killorin, *Academic Dean*

#### PRESIDENT ASHMORE

The fortunes of Armstrong State College in these years of its evolution into a senior college of the University System of Georgia rest primarily in the hands of Dr. Henry L. Ashmore, its able and dynamic chief administrator. To Dr. Ashmore is entrusted the responsibility of recognizing the unique needs of the college in these critical years and of making recommendations concerning those to the Board of Regents, the governing body for the university system.

#### DEAN KILLORIN

The development of the curriculum for the four-year program and the acquisition of an outstanding faculty for it are the responsibility of Academic Dean Joseph I. Killorin. With the beginning of the junior year scheduled for the fall of 1966 tremendous strides towards this goal have already been made under his supervision. A long-time member of the college staff, he represents, in this period of dynamic change, the continuity with the high ideals that have characterized its programs in the past.

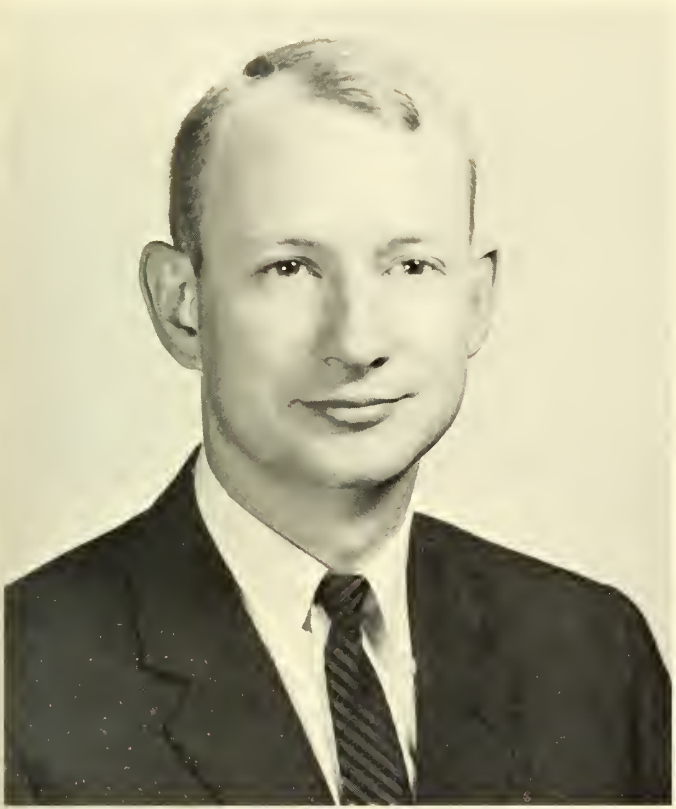

Jule C. Rossiter, *Comptroller*

Miss Jule Rossiter, the college comptroller, holds the distinction of being the only member of her sex in such a position in the University System. As comptroller she has charge over all business affairs of the college as well as supervising the maintenance of the physical plant.

To the Dean of Student Affairs, James T. Rogers, falls the responsibility for all non-academic matters pertaining to students. Into this broad category falls the office of admissions, the registrar, the counselors, the alumni office, student activities and student aid.

## '66 'GEECHEE CAGERS

The '66 Geechee cagers ended an outstanding season with eighteen victories against ten defeats, and suffered not a single loss on the home court. After opening the season at the Hellenic Center, the Geechees moved to the new gym and continued their winning ways before packed houses. They also won the Hunter Air Force Base Christmas Invitational Tournament, and in the last two weeks of the season managed victories over the first, third, and fourth ranked teams in the conference.

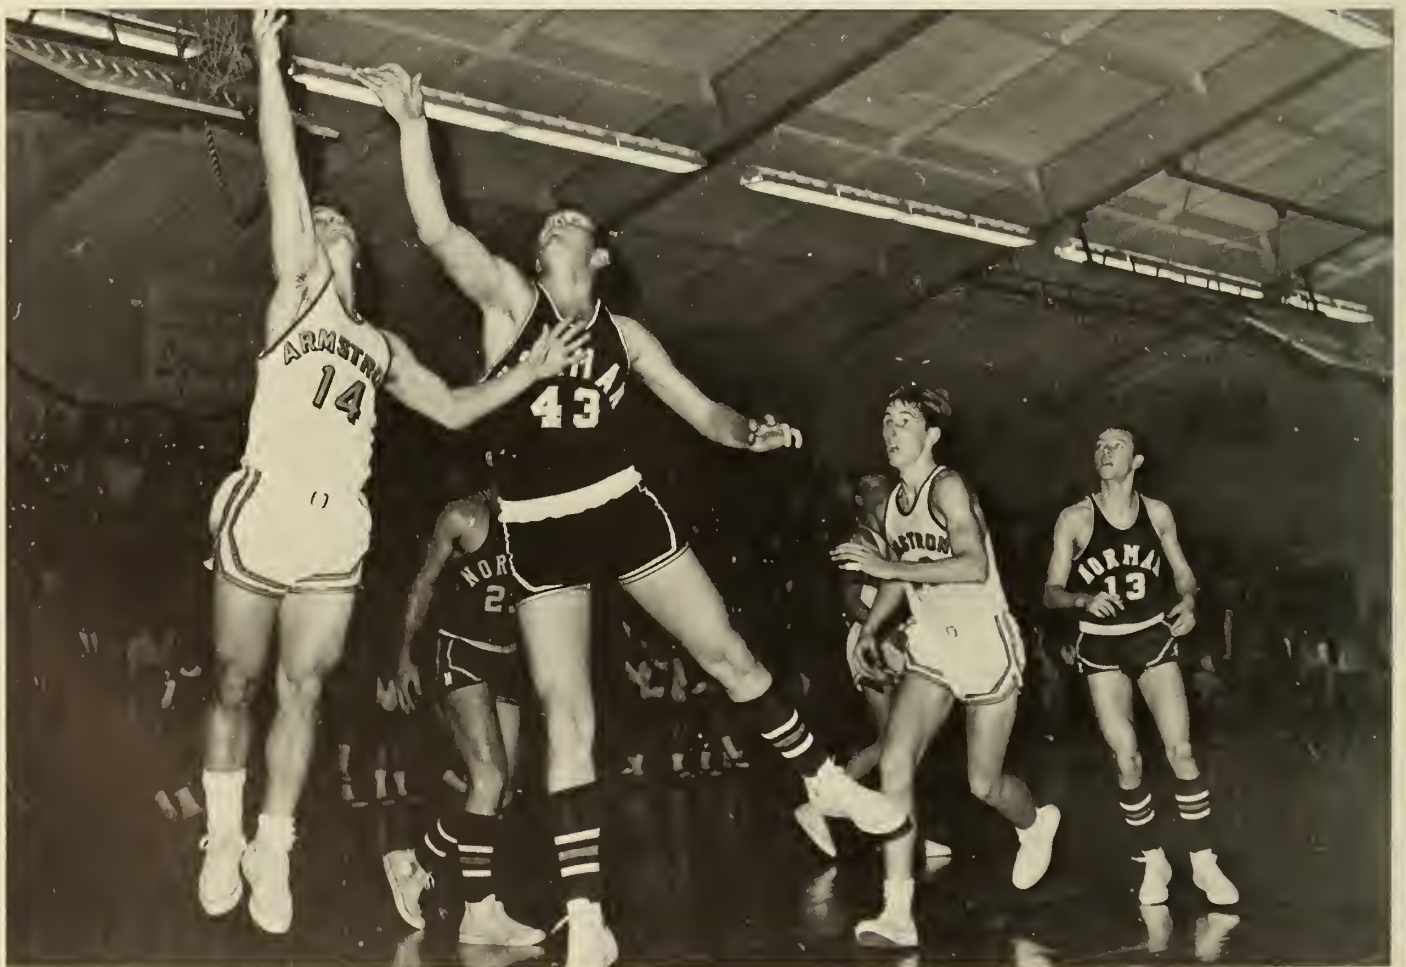

This fine Geechee team was led by Malcom Rich, winner of the T.E.P. Trophy as the most valuable player and also named to All-Conference and All-Regional Teams, and Danny Sims who was named to the Georgia Junior College Tournament honorary team.

## GOLF

### Golfers Have A Busy Season

Under the guidance of Coach Tapp, the 1966 Geechee golf team, with a 5-2 record and runner-up in the Georgia State Junior College Tournament of 1965, is again a solid favorite to win the 1966 state championship. Kelly and Browne, returning players, led the team to a glorious victory as the Geechees captured the runner-up spot in the Middle Georgia Invitational. Browne, low scorer and recipient of medalist honors, was assisted by able players Pinard, Freeman, Neiman, and Purdy.

*First Row:* Danny Sims, David Hagins, Larry Thompson, Henry Muller. *Second Row:* Coach Sims, Tommy Babin, Bobby Stephenson, Barney Epstein, Stanley Kroboth. *Third Row:* Tommy Cannon, Jim Harte, John Patrick, Malcom Rich, Bobby Cannon.

Coach Roy Sims

## The 1966 Geechee Baseball Team

The '66 Geechee baseball team, playing its home games at Daffin Park, opened in fine style and moved toward a winning season by compiling an early 11-7 record. It was primarily a team of first-year men since there were only three holdovers from last year. Though plagued by numerous playing errors throughout the season, the team managed to stay alive in game after game to come out on top. There were many outstanding plays and players, but it was largely a team effort that made the season a successful one.

**EVERY YEAR A

... VISUALIZE a train stretching from Savannah to New York City. Or from Savannah to Gary, Ind. Or to St. Louis, Mo. *Any idea how many freight cars in such a train?* Almost 100,000! Every year Union-Camp in Savannah loads such a train with products ranging from raw materials inbound to finished paper products and allied forest products outbound to supply the ever-growing paper needs of America . . . Our freight bill annually exceeds \$15,000,000. This points up the importance of adequate transportation facilities to the operations of Union-Camp's Savannah plant, the largest single pulp-to-container mill in the world.

In 25 years on the Savannah scene, Union-Camp has grown ten-fold. Today, over 5300 Savannahians and residents of nearby communities are employed in the plant, earning approximately \$33 million annually in wages. An added 20-odd million dollars is paid for pulpwood to forest land owners in the greater Savannah area.

Progress in *people, payrolls and production* has been the Union-Camp story. The future promises even more exciting possibilities for both Union-Camp and the Savannah Area.
