Internship Spotlight – Daniel Marin

October 23, 2017

Internship *Spotlight*

EXPERIENCE  MATTERS

Position Title:

SAP/Information Technology Intern

Intern Responsibilities:

"I have been working in all different fields including: Business Intelligence, Infrastructure, SAP Security, and SAP Enchantments."

Fort Worth, Texas

"My favorite part of my internship has been the professional development that I have received through networking. I have been given the opportunity to talk one-on-one with the CIO of Textron and the CEO of Bell Helicopter."

Daniel Marin

Senior | Information Systems

In your opinion, why does experience matter?

“ Experience will allow you to learn if the field you are pursuing is actually the field that fits you the best. It also throws you in real-world situations that you cannot learn in a classroom and teaches you how to successfully handle them. ”
