Assignment Charrette

BADGE: Evidence-Based Teaching

Assignment Charrettes are unique, interactive workshops that provide faculty with a chance to review and discuss their assignments and share ideas for changes that improve student learning.

You'll submit an assignment from your course and work with a small group in short rotations to read and respond to each others' assignment descriptions and grading criteria. This is a great source of ideas and inspiration for the new semester!

9am-12pm
Solms 207 (Armstrong) & Cone 2029 (Statesboro)

Brain-Based Learning: Isn't All Learning Brain-Based?

A faculty learning community on neuroscience that everyone can understand.

- How can we as faculty use neuroscience to enhance student learning?
- How do the brains of faculty and students differ?
- What brain-based learning strategies might I add to my classroom to help facilitate deeper learning?

Come explore Joshua Eyler's "How Humans Learn: The Science and Stories behind Effective College Teaching" in this Chancellor's Learning Scholar FLC. All faculty are welcome and the text will be provided free of charge. Limited to 10 participants.

Meetings will be held on the Armstrong campus the following Fridays at noon: January 24, February 7 & 21, March 13 & 27, and April 10 & 24.

Please email David Bringman at dbbringman@georgiasouthern.edu to join this FLC.

Registration Open: Spring Teaching Online Courses (TOC) Program

The TOC Program certifies faculty to design and deliver online courses at Georgia Southern. The program consists of three parts: a seven-week online workshop, a three-week course development practicum, and two face-to-face technical training workshops. The estimated time commitment is 36-40 hours.

- Part 1. TOC Workshop: January 27-March 15 (7 weeks)
- Part 2. TOC Design Practicum: March 30-April 19 (3 weeks)
- Part 3. Technical training workshops: The two technical workshops may be completed at any time during the semester.

For more information, visit our TOC Program page or contact us at cte@georgiasouthern.edu.

Registration Open: Improving Your Online Course
Experienced online instructors are invited to register for the Quality Matters® (QM) online workshop "Improving Your Online Course" (IYOC).

Benefits for completing IYOC include:

- Determine how well your online course meets Quality Matters standards.
- Exchange ideas and opinions about the design of quality online courses with Georgia Southern colleagues.
- Use the QM Rubric to identify and prioritize course design strategies to improve learner preparation and support, alignment, engagement, web accessibility, and Universal Design for Learning (UDL) in your online course.

**Prerequisites:** be certified to teach online at Georgia Southern, have taught online at Georgia Southern for two semesters, and have a fully developed online course to improve.

**Spring IYOC Dates:** Tuesday, January 28 - Monday, February 10 (3 weeks)

Our best estimate is to expect up to 10 hours per week to complete the workshop.

If you have any questions, please contact Instructional Designer Stephen Hufsmith at shufsmith@georgiasouthern.edu.

**SoTL FLC**

Facilitated by Dr. Diana Botnaru, Health Sciences & Kinesiology, and Dr. Shainaz Landge, Chemistry & Biochemistry

Learn to speak SoTL! This two-semester SoTL Faculty Learning Community (FLC) gives participants a hands-on introduction to the Scholarship of Teaching and Learning (SoTL). During the first semester, participants collaborate in small groups to design a SoTL project for implementation in the spring semester. Each group creates and submits required IRB human research paperwork at the end of the first semester. In the second semester of the FLC, participants collect and analyze project data.

Participants must be willing to commit to 6 spring meetings and 3 fall meetings. All participants will receive a copy of Engaging in the Scholarship of Teaching and Learning (Bishop-Clark and Dietz-Uhler, 2012). Applicants will be notified of acceptance into the FLC one week prior to the first meeting.

**The following meetings are Tuesdays at 11 AM in Cone Hall 2029 (Statesboro) & Solms 207 (Armstrong):**
• 1/28 Intro and overview (Ch 1-3)
• 2/11 Generating research questions (Ch 4)
• 2/25 Designing the study (Ch 5)
• 3/10 Collecting Data (Ch 6)
• 3/24 Considerations for writing an IRB Proposal
• 4/7 Share IRB draft with peer reviewers (no meeting)
• 4/21 IRB draft feedback
• 5/5 Submit IRB for approval (no meeting)
