Attitude toward Old People - Blank
- multiple blank copies of Likert Scale for Assessing Attitudes toward Old People
- This questionnaire is a list of 34 statements re: old people, with a numerical rating scale for agreement or disagreement with the statements. Attached in front of the questionnaire is a statement explaining its purpose and asking for the sex and age of the respondent, as well as whether he/she lives in a rural or urban setting, and the occupation of the respondent's father. On the last page, there are questions about the frequency of contact between the respondent and old people, as well as a list of short statements where the respondent can either agree or disagree.

**Box 8**

This box contains notes on index cards. The loose set of cards in the front, the set in the envelope and the two sets held together by paper clips were all held together by rubber bands. The index cards in the back of the box were loose in the original box.

**Bulloch County Sociological Survey (1969)**

**User Notes**
Some of the folders contained in Boxes 3, 4, 5 and 6 [from **Attitude toward Old People - Blank** to **Personality Cards - Unclassified (10)**] were originally located in two portable file drawers. All the papers were loose in the drawer. However, the papers were separate by labelled file markers. The large headings in italics indicate the locations of the file markers in the drawers.
