COSM SOAR Leader wins SOAR Excellence Award

July 18, 2014

Neal Hollis, one of COSM's SOAR Leaders, was the recipient of the SOAR Excellence Award on Wednesday evening, July 16, 2014. This annual award is given to an individual or team for going above and beyond to ensure SOAR is a success!

Neal was an invaluable member of the COSM SOAR Team. He performed his SOAR tasks flawlessly, assisted students, answered questions and helped advisors. However, as the SOAR Leader assigned to assist with the Pre-Professional Breakout session, he rocked the house! Neil contributed "the student's point of view" at every presentation and answered a multitude of questions from parents and students. Going above and beyond routine SOAR duties, Neil arranged for his brother, a dental student at GRU School of Dentistry, to speak at one of the pre-professional sessions. Needless to say, parents and students loved this session.
