Eagle Motorsports Amazes at Auburn

April 14, 2015

Eagle MotorSports' Baja SAE team won big at the regional competitions in Auburn, Alabama. **The Georgia Southern team came in 1st for Maneuverability, 2nd in Endurance, and 5th place overall out of 100 teams!** [The other two other events are Acceleration and Hill Climb.]

That's us — #11!

Each year, the team designs and builds its own Baja (or off-road) vehicle using a Briggs & Stratton lawn mower engine for power. Eagle MotorSports teams have done increasingly well each of the past few years, and the faculty and staff of the Allen E. Paulson College of Engineering & Information Technology are very proud of their efforts. Congratulations to the entire team, its captain, Michael Santangelo, and many thanks to faculty mentor Spencer Harp.
