Cochrane Library Now Available on the Wiley Online Platform!

November 7, 2016

The library now subscribes to Cochrane Library on the Wiley online platform, replacing our previous subscriptions to the individual Cochrane databases on EBSCOhost. It is now available on the library’s A-Z Database List.

Cochrane Library is a collection of six databases that contain different types of high-quality, independent evidence to inform healthcare decision-making, and a seventh database that provides information about Cochrane groups. Learn more here.

On Monday, November 14th, the library will remove all links to Cochrane on EBSCOhost from the A-Z Database List and GALILEO Scholar. Please begin using the new Cochrane Library now.

If you have any questions, please contact the Information Services Desk at (912)478-5645.
