Faculty Senate Meeting

Minutes of October 17, 2011

Science Center 1407, 3:00 pm

I. Call to Order: Senate President LeFavi called the meeting to order at 3:03 pm (see Addendum A for attendance roster).

II. Senate Action

A. Approval of Minutes from September 19, 2011, Faculty Senate Meeting (For Senate minutes, see: http://www.armstrong.edu/Departments/faculty_senate/senate_minutes). A motion was approved to accept the September minutes.

B. Action items from University Curriculum Committee (For a full list of items, see the UCC minutes from October 5, 2011, located on the Senate website: http://www.armstrong.edu/Departments/faculty_senate/senate_minutes). A synopsis of the results is as follows:

College of Education item 1 approved.

Department of Childhood and Exceptional Student Education items 1-17 approved with an amendment to add the physical education requirement to item 15: Program of Study for the Bachelor of Science in Education in Special Education: Cross-categorical.

Department of Health Science items 3-9 approved with an amendment to item 7, listing "HP/FM Majors only" as one of the prerequisites for HSCF 4010.

Department of Physical Therapy items 2-3 approved.

Department of Radiologic Sciences items 1-38 approved with amendments to items 14 and 21: (1) RADS 4202: Radiation Oncology I, should be listed as RADS 4202: Radiation Oncology II; and (2) RADS 3510: Nuclear Medicine Instrumentation should be reactivated and modified.

Department of Criminal Justice, Sociology & Political Science items 1-2 and 4-6 approved.

Department of Economics items deferred to a later date.

Department of Languages, Literature, & Philosophy items 1-3 approved.

Department of Biology items 1-6 approved.

Department of Chemistry and Physics item 1 approved.

Department of Mathematics items 1-4 approved.

C. Action items from Graduate Affairs Committee (For the complete report, see the Senate website for GAC minutes from October 4, 2011:

http://www.armstrong.edu/Departments/faculty_senate/senate_minutes). A motion to accept the Graduate Affairs Committee report was approved.

D. Bill from Graduate Affairs Committee on Graduate Assistantship distribution (Addendum B). Dr. Riemann introduced the bill on behalf of the Graduate Assistant Task Force. Discussion ensued regarding the nature of graduate assistant distribution, the value of graduate assistantships for recruitment, and the use of graduate assistants in programs that do not offer graduate degrees. A motion was approved to correct the wording under item 1 to state: “Applications for graduate assistantships would be completed...” The full bill was approved as amended.

E. Constitution and ByLaws Committee Apportionment Changes (Addendum C). After Dr. Adams introduced the proposal, a motion was approved to accept the apportionment changes specified by the committee.

F. Approval of candidates for graduation (Addendum D). Following the incorporation of changes made to the graduation list from the floor, the Senate approved the candidate list provisionally, indicating that it will be necessary to work with the Graduate Affairs Committee and Student Success Committee to propose additional modifications to the list as per standard procedures for approving candidates. Final approval from the Senate will take place by email.

G. Question on Summer profit-sharing from Psychology. Dr. Wolfe opened the discussion by summarizing a departmental meeting in which summer profit-sharing was considered. Faculty in the Department of Psychology discovered that the department head was able to share financial figures derived from summer 2011. A general Senate discussion ensued in which it was determined that university departments and colleges already have relevant data on the profitability of the summer term. The Senate indicated its desire for greater budgetary transparency at the university. After lengthy deliberations concerning what type of information should be collected, an amended motion was approved, asking Senate President LeFavi to create an ad hoc committee of senators to compile data from summer 2010 and summer 2011 regarding summer school revenues and expenses and distribute this compilation to senators for action at the November meeting.

III. Senate Information

- A. Report on Graduation Bill. Dr. Mateer explained that the concerns expressed by the Senate, which resulted in a bill on graduation and commencement, have been adequately met by means of the Senate working with the Commencement Committee. In the future, students will be divided according to their colleges and disciplines, and will be encouraged, not required, to line up in alphabetical order.
- B. Dr. Lefavi indicated that the Committee on Committees is forwarding a proposal on changes to committee duties to the Constitution and ByLaws Committee.
- C. Dr. Lefavi noted that the Steering Committee is asking the Research and Scholarship Committee to review procedures related to IRB forms and Graduate Assistant Requests.

III. Announcements

- A. Dr. Johnson presented an update from the Educational Technology Committee concerning the university's conversion from Blackboard technology to Desire to Learn. He indicated that an informational email will be sent out shortly.
- B. Mr. Davis provided a brief update on the CIO search, explaining that the committee is in the process of evaluating candidates and will be presenting information about campus visits at a later date.
- C. Dr. LeFavi encouraged senators to attend the October 27, 2011, Campus Leadership Informational Meeting, which promises to provide an update on the budgetary concerns raised at the August 15, 2011, Senate meeting.
- D. Dr. LeFavi explained that faculty concerns about the Faculty Handbook have been sent to Dr. Kraft and that he is in the process of incorporating changes based upon the feedback he received. Dr. Lefavi asked faculty to send additional feedback to Dr. Kraft.

IV. The meeting was adjourned at 4:31 pm.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'J. Tatlock', is written over a horizontal line.

Jason Tatlock
(with assistance from Pamela Sears)

Addendum B – Bill on Graduate Assistant Allocations

Graduate Assistant Allocations

Whereas in the present Graduate Assistant distribution structure, no priority is given to the graduate programs;

Whereas the Graduate Affairs Committee's Ad Hoc Committee to investigate the distribution of Graduate Assistantships on campus has determined that Graduate Assistantship priority should reside with graduate programs;

Whereas the placement of Graduate Assistantships in graduate programs enhances the program and recruiting for such program;

Whereas many graduate programs have special needs that cannot be met without graduate assistants;

We ask the following processes and policy changes be adopted immediately:

- I. Applications for graduate assistantships would be completed by graduate programs wishing to have a Graduate Assistant, with a review committee assigned charged with ensuring that minimal criteria are met and that the Graduate Assistants are used in a manner that advances the educational experience of the student and fulfill a role in the scholarship, teaching or service missions of the university.
- II. Accomplishment reports would be filed by faculty awarded Graduate Assistantships for the review committee to evaluate at the end of each academic year prior to renewing the Graduate Assistantship for a subsequent year. Members of the review committee should have graduate faculty status. After the Graduate Assistantship needs of the graduate programs are met, a list of others faculty (faculty not with graduate programs) who are awarded graduate assistantships should be circulated to all graduate program coordinators so qualified candidates can be identified in a timely manner, thereby also allowing these assistantships to be used as incentives for recruiting quality graduate students.
- III. Efforts should be made by persons with the necessary authority to increase the number of Graduate Assistantships available to academic faculty (e.g., compare the number academic program Graduate Assistants with those in Student Affairs).
- IV. The procedure and policies in which tuition waivers are awarded through the Graduate Admission Office should be thoroughly reviewed and adjustments made to better utilize these waivers for student recruitment. Awarding waivers for a limited time for a particular student (i.e., four semesters) and instituting a process to ensure equity across each of the graduate programs is requested.

Addendum C – Constitution and Bylaws Committee Minutes (with original appendices)

Constitution and Bylaws Committee
Meeting Minutes of Monday, October 3, 2011
Radiologic Sciences Conference Room

I. Call to Order

The meeting was called to order at 2:33pm.

Present: Laurie Adams, Suzy Carpenter, and Beth Howells

II. Examination of 2012-2013 Apportionment of Senate

The committee examined the proposed apportionment developed by Laurie Adams based on the September 15th snapshot of the faculty provided by Phyllis Panhorst of the Voting Members of the Faculty as defined in Article I, Section C of the Senate Constitution. Her calculations were determined using the Huntington-Hill apportionment method (**see attached Appendix A**) as required by the Senate Bylaws in Article III Section B and C. Due to the loss of the Dental Hygiene Department, the current senate has only 39 senators.

III. Recommendation for 2012-2013 Realignment of the Senate

As indicated in the attached **Appendix B**, the committee recommends the following changes in order to reapportion the senate back to 40 senators next year:

- The Department of Adolescent and Adult Education will need to determine which senator will step down next year.
- Nursing will need to vote for two senators this spring: one to replace a third-term senator and one new senator.
- Math will elect one new senator.
- The additional loss was offset by the elimination of Dental Hygiene.

IV. Adjournment

The meeting was adjourned at 2:53 pm.

Respectfully submitted,

Beth Howell

Appendix A

Huntington-Hill Apportionment Method

On September 15, 2009 there were 269 voting members of the faculty. To apportion the 40 senators among the 23 departments it would seem reasonable to follow the following formula for each department.

$$\frac{\text{number of faculty in department}_i}{\text{total number of faculty}} * 40 = \text{number of senators for department}_i$$

Equation 1

For example, since the department of PSYC has 8 faculty members, they should have

$$\frac{8}{269} * 40 = 1.189 \text{ senators. Obviously, we would round this down to 1 senator.}$$

Typically, the value 2.49 would round down to two and the value 2.50 would round up to three. The Huntington-Hill method does not use the value of 0.5 to decide if we round up or down. With the Huntington-Hill method, whether we round up or down is determined by the value of

$$\sqrt{n(n+1)}$$

Equation 2

where n and $n+1$ are the integers we would round down to or up to.

For example: When a value is between 2 and 3, we first calculate $\sqrt{(2)(3)} = \sqrt{6} \approx 2.4495$. So a value of 2.449 will round down to two, while a value of 2.45 will round up to three.

Another example: When a value is between 3 and 4, we need to find $\sqrt{(3)(4)} = \sqrt{12} \approx 2.464$ indicating that a value will round up as long as it is greater than or equal to the square root of 12.

Once the number of senators for each department is determined using Equation 1 along with rounding according to Equation 2, the number of senators is added up. Since we are rounding values up to the next integer more frequently than usual, the total number of senators may exceed the total number allowed. This is what happened when the original allocation was established as shown below.

SENATOR APPORTIONMENT			
	Number of voting faculty	From Equation 1	Number of Senators
AMT	19	2.825279	3
BIOL	20	2.973978	3
CHEM/PHYS	16	2.379182	2
CJPS	11	1.635688	2

RESP	3	0.446097	1
SPED	4	0.594796	1
total	269		42
total plus ?	269		

CSDS will not get a representative
next year.

In order to reduce the total number of senators from 42 to 40, the Huntington Hill method requires the total number of voting faculty to be increased by increments of one until the number of senators drops to 40. This will happen when the total number of voting faculty is raised to 283, which will provide the apportionment shown below. This is the apportionment we submitted to the Faculty Senate at the November Meeting.

		SENATOR APPORTIONMENT	
	Number of voting faculty	From Equation 1	Number of Senators
