Spring 2019 IT Graduation Reception and Exit Survey

May 6, 2019

Graduating Seniors!

First off, congratulations on your graduation! The IT department will have a reception for graduates and their families immediately following graduation on Friday in the IT building on the second floor atrium. We hope to see you there.

The department would also invite you to fill out a survey as a graduating senior. The purpose of the survey is to solicit feedback on your experience in the program as well as to determine what our students are doing after graduation (e.g. job or grad school). This feedback helps in our accreditation efforts by demonstrating how amazing our students are in terms of the opportunities they have post graduation. A link to the survey is [here](#).

Finally, you should have received an email related to this if you have applied for graduation. The number of email addresses we received does not match the names listed for graduation. Please spread the word to your fellow students in case we have missed anyone. Feel free to forward this news article to a fellow graduating senior if you think they'd like to come to the reception or fill out the survey.

Again, congratulations and we hope to see you Friday.

Good luck with finals!
The IT Department
