PsycTESTS Now Available!

September 26, 2016

The Henderson Library now offers PsycTESTS!

Produced by the American Psychological Association (APA), PsycTESTS serves as a repository for a growing selection of psychological tests and measures, including thousands of actual test instruments and test items that are available for immediate download and use in research and teaching. International in scope, PsycTESTS also provides access to an increasing number of tests that are available in languages other than English. PsycTESTS is an authoritative source of structured information about tests of relevance to psychologists and professionals in related fields such as psychiatry, management, business, education, social science, neuroscience, law, medicine, and social work. While focused on contemporary instances of test use, coverage spans more than a century.

PsycTESTS is now available on on the library's A-Z Database List and will be available via the catalog and Discover @ Georgia Southern soon.

If you have any questions about this resource, please contact the Information Services Desk at (912) 478-5645.
