[RN to BSN Program Ranked One of the Most Affordable Programs](#)

February 8, 2019

Georgia Southern University's School of Nursing RN to BSN program was recently named one of the most affordable programs for 2019 by [GreatValueColleges.net](#). The University's RN to BSN program was ranked 27th out of 50 for [Most Affordable Online RN to BSN Programs](#).

"We are pleased to be recognized by Great Value Colleges as one of the Top 50 Most Affordable Online RN to BSN Programs for 2019," stated Sheri Carey, DNP, APRN, PCNS-BS, assistant professor and RN to BSN program director. "This recognition attests to the affordability and outstanding reputation of our program and ongoing faculty excellence."

Great Value Colleges recognized Georgia Southern's RN to BSN program as having an unerring commitment to providing non-traditional students a high-quality education at an affordable price. "We strive to give students all the tools they need to achieve their full potential and meet future academic and career goals."

Data collected from College Navigator regarding tuition, as well as information obtained from the program's website, was used. Though the methodology used to determine a program's ranking primarily focused on tuition, items such as program flexibility, customization within the degree program and unique offerings were also examined.

The School of Nursing is housed in the Waters College of Health Professions and is fully accredited by the Georgia Board of Nursing and the Commission on Collegiate Nursing Education.
