## FLC: Igniting the Spark: Undergraduate Student Scholars Through Inquiry-Based Learning

Undergraduate research has been regarded as one of the High-Impact Educational Practices (HIPS) that can increase the students' involvement in active learning practices. The focus of this faculty learning community is to explore ways to promote and integrate inquiry-based learning in our courses that can help lead to an undergraduate student scholar culture.

Upon the successful conclusion of this FLC, participants will:

- 1- have developed an in-depth understanding of inquiry-based learning.
- 2- be able to integrate inquiry-based learning in their courses.
- 3- be able to improve their teaching.

Meets every other Thursday, from **3:30-4:30 PM** beginning on **February 11th, 2021**. Meetings will be hosted in Zoom. If interested, email [rhaddad@georgiasouthern.edu](mailto:rhaddad@georgiasouthern.edu) with the following information: Your name, College, Department, Subjects being taught, contact information, and a brief statement reflecting your interest in participating in this FLC.

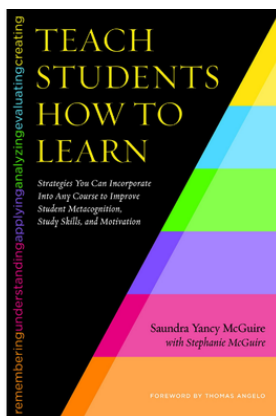

## CTE MyHelp Ticket System

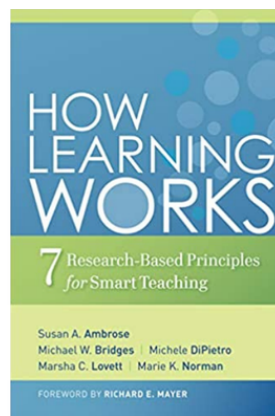

It's a new year and with it comes changes in the CTE. What hasn't changed is the CTE's goal of meeting the professional development needs of faculty in a timely manner. To assist us with this goal, we have adopted the MyHelp ticket system! This new system will replace our previous Teaching Services Request form.
