Sociology Grad Passes Social Work Licensure Exam

February 11, 2019

Congratulations to our alum Sarah Womble for passing her social work licensure exam in February 2019; she is now a Licensed Master Social Worker (LMSW). Sarah graduated from GSU with a BS in sociology in December 2015 and earned her MSW from Valdosta State University in May 2017. She works as a hospice social worker at [Bethany Hospice and Palliative Care](#) in Claxton, GA. Sarah enjoys her career and credits GSU with helping her develop strong research skills.

“I enjoy my work as a hospice social worker. My job is tough and involves being emotionally available to my clients all the time. I have to use self care a lot. However, it’s so rewarding. With the research background GSU helped foster, I look for the best methods of helping my clients through one of the toughest times in their lives. It’s truly a gift to take care of my patients.”

Sociology Alum Becomes Advisor

February 11, 2019

Congratulations to Chayla Jackson, sociology alum (May 2018) who was recently hired as an [academic advisor in the College of Engineering and Computing](#). Here's what Chayla has to say about her BS in sociology, with an emphasis in social services.

“Majoring in Sociology has prepared me to become someone I always dreamed of being. Through my studies, I have learned more about patience, being resourceful, and giving back. It was through these learned skills that I was able to obtain a job as an Academic Advisor and begin to aid those in need to the best of my ability. I only hope to enhance these skills to be a help to larger populations in the future.”
