# Poverty Simulation

September 12, 2019

**The Poverty Simulation  
Saturday, Sept. 21  
1:30 p.m. - 4:30 p.m.  
Williams Center Multipurpose Room**

**More than 30% of Bulloch County's population lives at or below the poverty level. Most are considered the "working poor", receiving a minimum or low wage. The poverty simulation is designed to help participants better understand the barriers faced by a low-income family trying to survive from month to month.**

**Who might participate?**

**Anyone who wants to understand the people with whom they work or the people in their communities who need their support. Walk a mile in the shoes of those facing poverty to try to understand the situations and decisions people experience every day.  
Registration: Scan to register before September 18th!**
