OTHER BUSINESS

A. Informational Item: From Dr. Delana Gajdosik-Nivens: “The grading mode for MATH 0987 and 0989 (the foundations level courses in learning support) need to be A, B, C, F since they are not co-req’ed to the core classes.” The courses were created with a grading mode of S/U, and it should be a grading mode of Normal.

“The co-req’ed courses, MATH 0997, 0999 and ENGL 0999 should be S and U and you can only get the S if you pass MATH 1001, MATH 1111 or ENGL 1101.” It is possible that this was not reflected in what was previously passed.

B. Item amended by Faculty Senate. The change to the program of study in the Bachelor of Science in Secondary Education was amended on the floor of the Faculty Senate at the request of the College of Education. The amended item was further amended from the floor of the Senate; those amendments are noted on each document (See Attachment 1)
