VI. Old Business
   a. Reports from the Constitution & Bylaws Committee, Dr. Greg Knofczynski
      i. Amendment process
         – see Constitution & Bylaws Minutes, Nov 18, morning session
      Discussion:
         Chair Knofczynski states that electronic voting will take place hopefully early January 2010 to mid February.
         Sen. Simmons: will faculty be alerted?
         Chair Knofczynski: by e-mail, every step of the way.
         ii. Ex-officio senate membership survey results
             – see Constitution & Bylaws Minutes, Nov 18, afternoon session
             Accepted as committee report
      Discussion:
Sen. Todesca: read with interest. Fairly clear negative response regarding ex officio on senate.

Sen. Hollinger: how many responded?
Sen. Knofczynski: just over 20
Sen. Hollinger: with so few responses how can we ascertain anything from this?
Sen. Simmons: is there a vote relating to this? Or is it just info?
A. Just for information purposes.
Sen. Hopkins: can this be e-mailed?
Sen. Knofczynski: sure, it’s possible.
Sen. LeFavi: the survey question “do you speak freely with your supervisor” no, no, no, – these answers indicate that we simply need to recognize this.
President Hampton: by accepting report we are.
Sen. Hollinger: so there’s no action by simply officially accepting this?
Pres. Hampton: the survey becomes public.
Sen. Carpenter: we as a senate can propose any amendment to the constitution we feel is appropriate.
Sen. Todesca: Parliamentarian? What’s next?
Parlim. Skidmore-Hess: that’s up to any senator; an item can be brought to the floor at any time.

Sen. LeFavi: seems this isn’t going away – why? What’s creating this level of discomfort?
Sen. Hampton: as senator, not president: how can you have shared governance without administrative in-put? Georgia is an open meeting state. It seems this is a moot point. We keep going round and round and we as a body do not seem to have any compunction regarding our ability to speak up.

Sen. Todesca gives a few examples from the survey of stated fears.
Sen. McGrath: Those of us who don’t mind speaking up are not representative of every one in the room. We don’t use an example to prove a generality. This is supposed to be the body for faculty’s share of the process; this is not the place for everyone to be represented.
Sen. Todesca: no one is trying to deny administrators, as faculty, their ability to sit-in on meetings; it’s an issue of awarding them the ex-officio status.

Motion on the floor: issue a new survey.

Sen. Erney: (speaking to ex-officio present) would you be here if you didn’t have that status?
Vice President Whitford: in my career experience, it’s important that I see and hear as much as possible to be as informed as possible. This senate really hasn’t gotten to the point where it’s functioning as it will. We wanted faculty governance but according to BOR there has to be University President representation.

Dean Conroy: in established senates, Dean’s are ex officio.
Dean Shields: with the ex officio status, it’s part of our job responsibility, if we’re not ex officio? I’m not inclined to attend. Why don't you propose a constitutional amendment so that as you go forward you can have a real conversation about this issue? Past experience: faculty are not afraid to speak up on important issues. And, just because people are quiet does not mean they have no opinion or are afraid to speak. The most influential faculty tend to be those who speak the least, and every one listens when they have something to say.
Dean Wachholz: nothing to add to Shields. We are just here to listen. If you want to do that go ahead, but the more you isolate senate from administration, the less gets done.
Dean Barrett: agree with Shields. Remove ex officio status, I’m not coming. Past experience: deans were part of process.
Sen. LeFavi: Natural proclivities aside, are people inclined to speak or not. Tenure status seems to be a big issue from the survey.
Sen. Hollinger: I’m concerned about taking this survey as gospel considering the return rate.
Motion on floor: further study via Constitution & Bylaws Committee: 11 for 21 against.

iii. Huntington-Hill Apportionment Method
– see Constitution & Bylaws Minutes, Nov 18, afternoon session

Discussion:
Sen. Wells: the library lost a senator, but what helped was to recognize that the designation was reflective of how many people were employed within the department

b. Summer Schedule – Registrar Judy Gitner (App E)
Discussion:
Sen. Matteer: having taught summer, the numbers on the color hand-out are incorrect. Where did the numbers come from?
Registrar Gitner: SHIP schedules. Except, we didn’t count every lab, every minute. More like eyeballed it overall, especially in the biology 4 week term.
Sen. Matteer: so their lab time is reduced.
Regis. Gitner: it was not as scientific as would have liked. If I didn’t do the perfect job I apologize.
Sen. McGrath: our long and careful discussion with all considerations and presenting an option to the office were ignored. This is the problem.
Sen. Bevis: faculty is only one part of the decision process. The over-all picture is one of the reasons the Registrar had to make the decision she did.
Sen. Craven: numbers are inaccurate; but that’s not going to change what we’re locked into for the next three years, but hopefully meaningful numbers will be utilized forward.
Sen. LeFavi: here we are in December, we’ve got to go on with it. Agree with McGrath, but we still have to get this on the road.
Pres. Hampton: Dr. Craven’s point is well taken, now the opportunity to get good numbers is upon us.
Sen. Logan: Secondary Education department is not happy, but nonetheless moving on with this.

c. Emeritus Faculty Status, examination of benefits – assigned to Faculty Welfare Committee

d. Graduate Faculty Status, examination of establishment procedure and maintenance process – assigned to Graduate Affairs Committee

VII. New Business
a. Interdisciplinary Studies Committee Bylaws first reading, Dr. Greg Knofczynski (App F)
Motion to accept changes: unnecessary (via Parliamentarian)
Discussion:
Chair Knofczynski: Interdisciplinary Studies Committee would like to re-work their bylaws to remove student membership because the student members are being mis-led with regard to
their role and the committee has no say in the selection of student members.

Sen. Craven: what’s with the three year term length for members of this committee?

Sen. Scott: my recollection, two year norm, three allowed.

Parlim. Skidmore-Hess: constitution seems to allow only two year terms.

Nivens: I’ve been concerned about this since beginning of last year. With no senate oversight on student memberships. We need to have some input on how that’s done.

Nothing has happened to get faculty on student committees either.

Pres. Hampton: reciprocity is in process and coming in January.

Chair Knofczynski: the bylaws confirm the possibility of a three year term.

Parlim. Skidmore-Hess: the constitution doesn’t agree – sticks to a two year term limit.

b. Graduate Curriculum Committee items for Senate acceptance (App G & H)

Appendix G & H: accepted.

c. Sen. Scott: makes a motion that the Faculty Grievance Committee needs to be reconstituted. (App I)

Discussion:

Sen. Carpenter: I was on that committee before this, and we got nothing accomplished. Due the parameters we had to work within.

Sen. Simmons: I concur. It would be useful, if there was another body in place that replaced that committee? Mediation?

Dr. Kraft: there is a conflict resolution program is in effect. There is also a grievance procedure in place beyond that.

Vice Pres. Whitford: we’re looking at grievance. There is a university grievance procedure. It’s a university committee. Dr. Kraft was asked earlier to put names on the committee– but it’s ad hoc. It should not be part of the senate.

Sen. Scott: basically, the concerned faculty member was simply concerned about what had replaced the grievance committee.

Motion to send to the Steering Committee: passes, 28 for, 5 against.

VIII. Announcements

Pres. Hampton: the next senate meeting is the first day of spring semester classes.

Sen. Carpenter: our meeting dates are not in Cove.

IX. Adjourned: 4:26

Respectfully Submitted,

Jewell Anderson

D. Radiologic Sciences
1. Revise the Program of Study for Bridge Program

Program for the Degree of Bachelor of Science in Radiologic Sciences - (Bridge Program)

B. Major Field Courses 66 hours
Choose one of the following tracks:
b. Management Track
Choose five courses from the following:
- HSCC 2300 – Management of Health Information
- HSCC 2500 – Health Issues & Resources
- HSCC 3110 – Health Law - Legal Issues in the Health Care Environment
- HSCC 3130 – Health Policy Issues
- HSCA 3600 – Healthcare Finance Financial Management for Health-Related Organizations
- HSCA 4201 – Health Care Marketing
- HSCA 4600 – Principles of Human Resources Management
- HSCA 4620 – Principles of Management in Health Service Organizations
- HSCA 4640 – Managed Care Concepts
- HSCA 4650 – Long Term Care Management

Rationale: The addition of elective choices in the program of study gives the students more options for a broader education in the management area. Additionally, the Health Science department has revised their curriculum and deleted courses that were course offerings in the management track. This necessitated typographical changes in the program of study for that track.

Effective Term: Fall 2010

III. College of Liberal Arts
A. Criminal Justice, Social, & Political Science
1. Change credit from 2 to 3 credit hours
CRJU 1120 Moot Court Debate 2-0-2  3-0-3
Prerequisite: Eligibility for ENGL 1101 and permission of the instructor.
Legal argumentation and decision making including writing briefs, research, and forensic skills.
Rationale: Students need a minimum of 45 contact hours per semester to prepare for the regional moot court competition. Even after the regional competition has taken place, students meet to prepare for the national competition that is held the following Spring semester. Furthermore, with the support of law firms such as Hunter Maclean, we owe it to them to have the best prepared teams possible.

Effective Term: Fall 2010

2. Change the prerequisite for the following course:
CRJU 4510 Advanced Criminal Law
Prerequisite: CRJU 2510 CRJU 1100
Criminal law as social control within ordered liberty. Emphasizes economic and moral components of undergirding public policy.

Rationale: CRJU 2510 is no longer a required course in the major and only serves as a general elective. CRJU 1100 – Intro to Criminal Justice is the prerequisite course for all other upper level electives and changing this prerequisite requirement makes this upper level elective consistent.

Effective Term: Fall 2010

C. History
1. Modify Program of Study for the BA in History

A. General Requirements:
Area F ........................................................................................................... 18 hours
HIST 1111 - Civilization I or HIST 1112/H - Civilization II/Honors (If both taken to satisfy core area B or E, substitute an approved global perspectives course.)
HIST 2111 - History of America to 1877 (If taken to satisfy core area E, substitute a humanities or social science course at the 1000 or 2000 level.)
HIST 2112 - History of America since 1865 (If taken to satisfy core area E, substitute a humanities or social science course at the 1000 or 2000 level.)
Foreign Language 1002 - Elementary Language II
Foreign Language 2001 - Intermediate Language I (Grade of C or better required.)
Foreign Language 2002 – Intermediate Language II (Grade of C or better required)
MATH 1113 – Pre-calculus
MATH 1161 – Calculus
MATH 2200 – Elementary Statistics
CSCI 1150 – Fundamentals of the Internet and World Wide Web
(If a math or computer science course is taken to satisfy area D, a humanities or social sciences course may be substituted.)
D. Electives .........................................................15 hrs.
(If core completed elsewhere without foreign language, Foreign Language
1002, 2001, 2002 required in lieu of 9hrs. of electives)

Rationale: Inserting the word “both” in the civilization requirement is to clarify
the original intent of the requirement. Beyond the traditional value of
mathematics in the liberal arts, the primary reason for requiring an additional
mathematics course was to introduce students to computer literacy and because
the state previously required statistics for history certification. The current
generation of students is more grounded in computer applications. Students may
still take two mathematics courses in the core curriculum. Foreign language
competency is fundamental to historical studies and will be improved by an
additional intermediate course.

Effective Term: Fall 2010

IV. College of Science and Technology
A. Chemistry & Physics
1. Change the course description for the following:
PHYS 4991, -2, -3, -4 ADVANCED RESEARCH IN PHYSICS 0-(3-9)-(1-3)

Rationale: Modify the course title of PHYS 4991 in the catalog to allow the course to be
taken more than once. This was modeled after the CHEM 4991, -2, -3, -4 ADVANCED
CHEMICAL RESEARCH 0-(3-9)-(1-3)

Effective Term: Fall 2010

CURCAT:
Repeatable: Yes
Instructional Type: Lab
Cross listed: None
Grading Mode: Normal

Maximum Number of Credit Hours: 3

B. Information, Computing, and Engineering
1. Change the undergraduate prerequisite for the following course:
CSCI 5520U Rapid Java Application Development 3-0-3
Prerequisite: CSCI 2410 and CSCI 2620

Rationale: Topics covered in the discrete structure course are not needed as background
for the course.

Effective Term: Fall 2010

2. Change the prerequisite for the following course:
CSCI 3201 Foundation of Digital Systems

Prerequisite: CSCI 1302 and CSCI 2204

Rationale: Topics covered in the UNIX and web development course are not needed as background for the course.

Effective Term: Fall 2010

C. Mathematics

1. Change the prerequisite for the following course:
   MATH 1113 PRECALCULUS 3 – 0 – 3
   Prerequisite: MATH 1111 or a grade score of at least 550 on the mathematics portion of the SAT or a score of at least 21 on the mathematics portion of the ACT

   Rationale: The additional prerequisite serves those students who have taken the ACT rather than the SAT.

   Effective Term: Fall 2010

2. Change the prerequisite for the following course:
   MATH 1161 CALCULUS I 4 – 0 – 4
   Prerequisite: MATH 1113 or a grade score of at least 600 on the mathematics portion of the SAT or a score of at least 24 on the mathematics portion of the ACT

   Rationale: The additional prerequisite serves those students who have taken the ACT rather than the SAT.

   Effective Term: Fall 2010

3. Change the prerequisite for the following course:
   MATH 1161H HONORS CALCULUS I 4 – 0 – 4
   Prerequisite: MATH 1111 or 600 or higher on the mathematics portion of the SAT. Admission to the Honors Program or a minimum grade of B in MATH 1113, or permission of the department head. Eligibility for MATH 1161 and either admission to the Honors Program or a minimum grade of B in MATH 1113, or permission of the department head

   Rationale: The new prerequisite language is simpler and incorporates the ACT prerequisite.

   Effective Term: Fall 2010

4. Change the prerequisites for the following course:
   MATH 3912 GEOMETRY AND DATA ANALYSIS: A LABORATORY APPROACH 2–3–3
Prerequisite: MATH 3911 and admission to teacher education. A grade of C or better in EDUC 3100 and either MATH 1113 or MATH 3911

Rationale: A minimum grade of C in EDUC 3100 is required for students to be admitted into the teacher education program. The additional MATH 1113 prerequisite will accommodate middle grades education majors, who may now take MATH 1113 rather than MATH 3911 in their program of study.

Effective Term: Fall 2010

5. Change the undergraduate prerequisite for the following course:
   MATH 5911U TOPICS IN MATHEMATICS FOR EDUCATORS
   Prerequisite: MATH 3911 or MATH 3912

Rationale: This change will accommodate those education majors who need MATH 3912 and MATH 5911U, but not MATH 3911, in their program of study.

Effective Term: Fall 2010

SECTION II. Items Postponed or Withdrawn
The following items were postponed or withdrawn for at the request of the individual departments.

Postponed:
I. College of Health Professions
   A. Communication Sciences and Disorders
      1. Change the prerequisites for the following course:
         CSDS 3400 Speech Science
         Prerequisite: Admission to the Communication Sciences and Disorders program
         CSDS 2230 or Permission of Department Head

         Rationale: The content of this course is of interest to students in various disciplines. This change allows student outside of the major to enroll in the course that have adequate knowledge of phonetics and the anatomy of the speech and hearing mechanism.

         Effective Term: Fall 2010

      2. Change the prerequisites for the following course:
         CSDS 3410 - Introduction to Audiology
         Prerequisite: Admission to the Communication Sciences and Disorders program
         CSDS 2230 or Permission of Department Head

         Rationale: The content of this course is of interest to students in various disciplines. This change allows student outside of the major to enroll in the course that have adequate knowledge of the anatomy of the speech and hearing mechanism.
Effective Term: Fall 2010

3. Change the prerequisites for the following course:
CSDS 3420 Language Disorders
Prerequisite: CSDS 3150, CSDS 2240

Rationale: CSDS 3150 has been renumbered to CSDS 2240

Effective Term: Spring 2010

4. Change the prerequisites for the following course:
CSDS 3430 - Organically Based Communication Disorders
Prerequisite: CSDS 3150, CSDS 2240

Rationale: CSDS 3150 has been renumbered to CSDS 2240

Effective Term: Spring 2010

5. Change the prerequisites for the following course:
CSDS 3450 - Articulation Disorders
Prerequisite: CSDS 3150, CSDS 2240, CSDS 2250

Rationale: CSDS 3150 has been renumbered to CSDS 2240. CSDS 2250 (Phonetics) provides content in phonetic transcription that is vital for the successful completion of the course which requires transcription of disordered speech.

Effective Term: Fall 2010

6. Change the prerequisites for the following course:
CSDS 4140 - Augmentative & Alternative Communication
Prerequisite: CSDS 3150, CSDS 2240

Effective Term: Spring 2010

7. Change the name and co-requisite for the following course:
CSDS 4210 - Senior Seminar in Communication Sciences and Disorders
Co-requisite: CSDS 4450

Rationale: The content of this course will vary. As the topic changes, it may be of interest to students in various disciplines. This change allows student outside of the major to enroll. In addition, CSDS 4450 (Practicum in Speech Language Pathology) is not required for successful completion of the course. The new title better reflects the course content and availability to non-majors.
Effective Term: Fall 2010

Withdrawn:

I. College of Liberal Arts
A. History
   1. Change the prerequisites for HIST 3500 as follows:
      HIST 3500 Introduction to Historical Methods
      Prerequisites: Permission of instructor or department head and two of the following:
      HIST 1100 or POLS 1100; HIST 1111; HIST 1112 or HIST 1112H; HIST 2000;
      HIST 2111; HIST 2112 Open only to history majors or by permission of instructor
      or department head.

      Rationale: Banner will not support the existing prerequisite. This is our gateway course
      for the major and is used in conjunction with HIST 4500 (our exit course) to assess the
      program of study. Non-majors may still be admitted with permission of the instructor or
      department.

      Effective Date: Fall 2010

OTHER BUSINESS

A. Proposed Bylaws Change
   Dr. Ogletree reported that Dr. Greg Knofczynski of the Senate Bylaws Committee
   informed her that the proposed bylaws change sent forward from the September 19,
   2009 meeting were not approved. Apparently the wording conflicts with wording in
   another section. The Senate Bylaws Committee is investigating the history of the
   section further.

   ADJOURNMENT. The meeting was adjourned at 4:22 p.m.

Respectfully submitted,

Interdisciplinary Studies Committee Bylaws

Mission
The Interdisciplinary Studies Committee will establish and maintain liaisons with departments in all schools and colleges for the purposes of encouraging program development, promoting existing programs, and coordinating interdisciplinary studies at Armstrong Atlantic State University.

Duties
The committee will (1) serve as an advisory group that will monitor and advocate for the development and effectiveness of interdisciplinary courses and programs and (2) assume ad hoc responsibilities as they arise.

Membership
The committee shall be composed of nine to fifteen faculty members: it must include the coordinators of all interdisciplinary majors. A minimum of five faculty representing various interdisciplinary minors or certificates shall serve on this committee. A chair for the committee shall be elected at the first meeting of each academic year. The faculty members of the committee shall serve three year terms. The committee shall also have two student members, representing the interdisciplinary graduate and undergraduate programs respectively. These student representatives will be non-voting members and be nominated by the Student Government Association and Graduate Student Council following recommendations from the faculty members of the committee. Student representation shall be established each year, and the student representatives will be asked to serve a one year term.

Meetings
This committee shall meet at least once per academic semester. The committee will determine meeting dates and times to be posted on the senate website.

Reports
The minutes of each meeting will be provided to the Secretary of the Senate for posting. At the end of each semester, the chair of the committee will submit to the Senate a summary of committee activities.

Rationale: The Interdisciplinary Studies Committee is concerned about the process by which student members will be nominated and selected for service on this Committee. Also, since faculty discussions sometimes include the creation and/or modifications of programs, the student members might be misled concerning the certainty of such programs. The Committee intends to reconsider the issue of student representation at a later date.
