IV Graduate Curriculum Items (App C)
Accepted
Senator Knofczynski: what if we have comments about the report?
Pres. Hampton: take any concerns to the Graduate Affairs Committee.

IV. Old Business
   a. Ad Hoc Committee on Furloughs – progress report
   Sen. Nivens: they had a meeting at noon and have yet to make a final decision.

   b. Constitution & Bylaws Committee – progress report on implementation of voting for amendments to the Constitution and Bylaws through COVE, and the time-line for the voting process.
Sen. Knofczynski: in conversations with CIS, they need about two working days notice to make electronic voting possible. The goal is to have the amendment process in place by March.

   c. Second Reading of Bylaws for Interdisciplinary Studies Committee Bylaws (App D)
   Approved
   Senator Hollinger: motion to amend membership to 2 years.
   Approved.
V. New Business
   Sen. Scott: by January 15, the Elections Committee intends to have the list of pending vacant
senate seats to department heads. We need to get the elections underway by March, with the slate
of senate officers available by April; but, that seems a bit late so we’ll encourage earlier
development of those slates. This’ll be done by Survey Monkey again. Last year’s memo will
go out again. We will need the senators-elect in place before the officer slate is constructed, in
case any in-coming senators are to be considered for nominating to officer positions.

   Pres. Hampton: Please remind dept chairs that senators need to be avail from 3 – 5 p.m. the
second Monday of each month.

   b. Resolution (App F)
   Sen. LeFavi: this resolution has been created in an attempt to address the recurring issue of ex-
officio membership and the expressed trepidation of junior faculty to speak freely to this body
with ex-officio members present. Additionally, the language tries to reconcile the conflicting
sentiments regarding how to react to faculty concern: either vote to remove ex-officio or ignore
faculty concerns, neither of which seems most officious to the whole body. I don’t know if I
have this best worded. Then again, too specific language can get difficult as well. So this is
what I bring, in the hope this issue can be put to bed.

   Sen. Taggert: what does this accomplish that our extant mechanisms do not?

   Sen. LeFavi: two things. One, this is specific to the senate. Two, mediator John Kraft says that
we really don’t have mechanisms in place for faculty to follow. And this kind of resolution
could support the evolution and creation of such a mechanism.

   Sen. Hollinger: this seems to be stating the obvious. Also it’s based on a survey that again we
said was non-representational. And a survey that was unclear. We do have a grievance
committee.

   Sen. Carpenter: you’re right, there wasn’t much response. But the ones that did respond clearly
feel inhibited. And I tend to go with Bob on this, if something like this increases comfort level –
what do we have to lose?

   Sen. Mincer: you took the words out of my mouth.

   Sen. Craven: who got the survey? Full time, junior, staff? We didn’t see the distribution list.
The validity hasn’t been significantly established.

   Sen. Knofczynski: I sent it to faculty senators with direction they disseminate to faculty members
only. So that’s what I’m assuming was the response.

   Sen. Price: seems to me this is not so much a validity of measure issue as an issue of inclusion.
And the resolution seems concerned with that.

   Sen. Winterhalter: what is, then, the burden on the senate to protect / support all opinion;
considering it as a material reality and not philosophical position?
Sen. LeFavi: I appreciate that. It is hard to give this teeth.

Sen. Price: it’ll be difficult to link action to reaction. Any administrator worth their salt knows how to strike blows without leaving bruises.

Sen. Moore: I have some concerns: “we recognize we’re the voice of the faculty…” from the pre amble. Don’t accept a senatorial position if you are not willing to speak. Maybe we should create a mission statement as part of the constitution

Sen. Childress: what your trying to do is wonderful but if I come in here and run my mouth and it gets back to my dean and there are repercussions how can that be linked? There is a line of inquiry at this campus and it has consequences, no matter what we write.

Sen. Price: perhaps what’s needed here is an accompanying statement from the administrators articulating parallel values.

Sen. Logan: I see this as a step in the right direction.

Sen. LeFavi: this resolution is meant to address real concerns from real people it is not meant to be a legal protection. It is meant to memorialize the obvious.

Sen. Childress: I would feel terrible not to vote for it. If it would help one person.

Sen. Craven: motion to amend the Resolution by deleting the third and fourth “Whereas” Statements.
Passed. 28 to 0. 3 abstentions.

Sen. Price: Motion to change first “senator” of the third paragraph to “senator or faculty,” and end statement at word “resolution,” and use “unequivocally” only.
Passed.

Pres. Hampton: now to vote on to the resolution itself.
Passed 27 to 4

   c. Sen. Nivens: our dept is having issue with Registrar’s inability to wash out students who haven’t had correct pre-requisites. Also, post-baccalaureate transcripts are NOT checked. Remanded to Steering Committee.

- PUBH 5565U - Health and Drug Education
- PUBH 5575U - Health and Sexuality Education
- SMED 5945U - Internship in Sports Medicine
- PUBH/SMED 5600U - Healthy Weight Mgmt & Body Comp
- PUBH 5580U - Health and Human Development
- Electives (9 hours maximum)

Rationale: SMED 5055 is now a required course instead of a specialty course or an elective

Effective Term: Fall 2010

D. Radiologic Sciences

1. Revise the Program of Study for Bridge Program

Program for the Degree of Bachelor of Science in Radiologic Sciences - (Bridge Program)

B. Major Field Courses 66 hours

Choose one of the following tracks:
b. Management Track

Choose five courses from the following:
- HSCC 2300 – Management of Health Information
- HSCC 2500 – Health Issues & Resources
- HSCC 3110 – Health Law – Legal Issues in the Health Care Environment
- HSCC 3130 – Health Policy Issues
- HSCA 3600 – Healthcare Finance
- Financial Management for Health-Related Organizations
- HSCA 4201 – Health Care Marketing
- HSCA 4600 – Principles of Human Resources Management
- HSCA 4620 – Principles of Management in Health Service Organizations
Rationale: The addition of elective choices in the program of study gives the students more options for a broader education in the management area. Additionally, the Health Science department has revised their curriculum and deleted courses that were course offerings in the management track. This necessitated typographical changes in the program of study for that track.

Effective Term: Fall 2010

III. College of Liberal Arts
A. Criminal Justice, Social, & Political Science
1. Change credit from 2 to 3 credit hours
   CRJU 1120 Moot Court Debate 2-0-2 3-0-3
   Prerequisite: Eligibility for ENGL 1101 and permission of the instructor.
   Legal argumentation and decision making including writing briefs, research, and forensic skills.

   Rationale: Students need a minimum of 45 contact hours per semester to prepare for the regional moot court competition. Even after the regional competition has taken place, students meet to prepare for the national competition that is held the following Spring semester. Furthermore, with the support of law firms such as Hunter Maclean, we owe it to them to have the best prepared teams possible.

   Effective Term: Fall 2010

2. Change the prerequisite for the following course:
   CRJU 4510 Advanced Criminal Law 3-0-3
   Prerequisite: CRJU 2510 CRJU 1100
   Criminal law as social control within ordered liberty. Emphasizes economic and moral components of undergirding public policy.

   Rationale: CRJU 2510 is no longer a required course in the major and only serves as a general elective. CRJU 1100 – Intro to Criminal Justice is the prerequisite course for all other upper level electives and changing this prerequisite requirement makes this upper level elective consistent.

   Effective Term: Fall 2010

C. History
1. Modify Program of Study for the BA in History

   A. General Requirements:
   Area F .................................................................................................................. 18 hours
HIST 1111 - Civilization I or HIST 1112/H - Civilization II/Honors (If both taken to satisfy core area B or E, substitute an approved global perspectives course.)
HIST 2111 - History of America to 1877 (If taken to satisfy core area E, substitute a humanities or social science course at the 1000 or 2000 level.)
HIST 2112 - History of America since 1865 (If taken to satisfy core area E, substitute a humanities or social science course at the 1000 or 2000 level.)
Foreign Language 1002 - Elementary Language II
Foreign Language 2001 - Intermediate Language I (Grade of C or better required.)
Foreign Language 2002 – Intermediate Language II (Grade of C or better required)
MATH 1113 – Pre-calculus
MATH 1161 – Calculus
MATH 2200 – Elementary Statistics
CSCI 1150 – Fundamentals of the Internet and World Wide Web
(If a math or computer science course is taken to satisfy area D, a humanities or social sciences course may be substituted.)
D. Electives
(If core completed elsewhere without foreign language, Foreign Language 1002, 2001, 2002 required in lieu of 9hrs. of electives)

Rationale: Inserting the word “both” in the civilization requirement is to clarify the original intent of the requirement. Beyond the traditional value of mathematics in the liberal arts, the primary reason for requiring an additional mathematics course was to introduce students to computer literacy and because the state previously required statistics for history certification. The current generation of students is more grounded in computer applications. Students may still take two mathematics courses in the core curriculum. Foreign language competency is fundamental to historical studies and will be improved by an additional intermediate course.

Effective Term: Fall 2010

IV. College of Science and Technology
A. Chemistry & Physics
1. Change the course description for the following:
   PHYS 4991, -2, -3, -4  ADVANCED RESEARCH IN PHYSICS  0-(3-9)-(1-3)

Rationale: Modify the course title of PHYS 4991 in the catalog to allow the course to be taken more than once. This was modeled after the CHEM 4991, -2, -3, -4  ADVANCED CHEMICAL RESEARCH  0-(3-9)-(1-3)

Effective Term: Fall 2010

CURCAT:
Repeatable: Yes
Instructional Type: Lab

Grading Mode: Normal  
Equiv. Course: None  
Maximum Number of Credit Hours: 3  

B. Information, Computing, and Engineering  
1. Change the undergraduate prerequisite for the following course:  
   CSCI 5520U Rapid Java Application Development  3-0-3  
   **Prerequisite:** CSCI 2410 and CSCI 2620  

   **Rationale:** Topics covered in the discrete structure course are not needed as background for the course.  

   **Effective Term:** Fall 2010  

2. Change the prerequisite for the following course:  
   CSCI 3201 Foundation of Digital Systems  
   **Prerequisite:** CSCI 1302 and CSCI 2201  

   **Rationale:** Topics covered in the UNIX and web development course are not needed as background for the course.  

   **Effective Term:** Fall 2010  

C. Mathematics  

1. Change the prerequisite for the following course:  
   MATH 1113 PRECALCULUS 3 – 0 – 3  
   **Prerequisite:** MATH 1111 or a grade score of at least 550 on the mathematics portion of the SAT or a score of at least 21 on the mathematics portion of the ACT  

   **Rationale:** The additional prerequisite serves those students who have taken the ACT rather than the SAT.  

   **Effective Term:** Fall 2010  

2. Change the prerequisite for the following course:  
   MATH 1161 CALCULUS I 4 – 0 – 4  
   **Prerequisite:** MATH 1113 or a grade score of at least 600 on the mathematics portion of the SAT or a score of at least 24 on the mathematics portion of the ACT  

   **Rationale:** The additional prerequisite serves those students who have taken the ACT rather than the SAT.  

   **Effective Term:** Fall 2010  

3. Change the prerequisite for the following course:  
   MATH 1161H HONORS CALCULUS I 4 – 0 – 4  
   **Prerequisite:** MATH 1113 or 600 or higher on the mathematics portion of the SAT. Admission to the Honors Program or a minimum grade of B in MATH 1113, or
Eligibility for MATH 1161 and either admission to the Honors Program or a minimum grade of B in MATH 1113, or permission of the department head

Rationale: The new prerequisite language is simpler and incorporates the ACT prerequisite.

**Effective Term:** Fall 2010

4. **Change the prerequisites for the following course:**
   MATH 3912 GEOMETRY AND DATA ANALYSIS: A LABORATORY APPROACH
   2–3–3
   Prerequisite: MATH 3911 and admission to teacher education—A grade of C or better in EDUC 3100 and either MATH 1113 or MATH 3911

Rationale: A minimum grade of C in EDUC 3100 is required for students to be admitted into the teacher education program. The additional MATH 1113 prerequisite will accommodate middle grades education majors, who may now take MATH 1113 rather than MATH 3911 in their program of study.

**Effective Term:** Fall 2010

5. **Change the undergraduate prerequisite for the following course:**
   MATH 5911U TOPICS IN MATHEMATICS FOR EDUCATORS
   Prerequisite: MATH 3911 or MATH 3912

Rationale: This change will accommodate those education majors who need MATH 3912 and MATH 5911U, but not MATH 3911, in their program of study.

**Effective Term:** Fall 2010

### SECTION II. Items Postponed or Withdrawn

The following items were postponed or withdrawn for at the request of the individual departments.

**Postponed:**

1. College of Health Professions
   A. Communication Sciences and Disorders
      1. **Change the prerequisites for the following course:**
         CSDS 3400 Speech Science
         Prerequisite: Admission to the Communication Sciences and Disorders program
         CSDS 2230 or Permission of Department Head

Rationale: The content of this course is of interest to students in various disciplines. This change allows students outside of the major to enroll in the course that have adequate knowledge of phonetics and the anatomy of the speech and hearing mechanism.

**Effective Term:** Fall 2010
2. Change the prerequisites for the following course:
   CSDS 3410 - Introduction to Audiology
   Prerequisite: Admission to the Communication Sciences and Disorders program
   CSDS 2230 or Permission of Department Head

   **Rationale:** The content of this course is of interest to students in various disciplines. This change allows students outside of the major to enroll in the course that have adequate knowledge of the anatomy of the speech and hearing mechanism.

   **Effective Term:** Fall 2010

3. Change the prerequisites for the following course:
   CSDS 3420 Language Disorders
   Prerequisite: CSDS 3150, CSDS 2240

   **Rationale:** CSDS 3150 has been renumbered to CSDS 2240

   **Effective Term:** Spring 2010

4. Change the prerequisites for the following course:
   CSDS 3430 - Organically Based Communication Disorders
   Prerequisite: CSDS 3150, CSDS 2240

   **Rationale:** CSDS 3150 has been renumbered to CSDS 2240

   **Effective Term:** Spring 2010

5. Change the prerequisites for the following course:
   CSDS 3450 - Articulation Disorders
   Prerequisite: CSDS 3150, CSDS 2240, CSDS 2250

   **Rationale:** CSDS 3150 has been renumbered to CSDS 2240. CSDS 2250 (Phonetics) provides content in phonetic transcription that is vital for the successful completion of the course which requires transcription of disordered speech.

   **Effective Term:** Fall 2010

6. Change the prerequisites for the following course:
   CSDS 4140 - Augmentative & Alternative Communication
   Prerequisite: CSDS 3150, CSDS 2240

   **Rationale:** CSDS 3150 has been renumbered to CSDS 2240

   **Effective Term:** Spring 2010

7. Change the name and co-requisite for the following course:
   CSDS 4210 - Senior Seminar in Communication Sciences and Disorders
   Co-requisite: CSDS 4450
Rationale: The content of this course will vary. As the topic changes, it may be of interest to students in various disciplines. This change allows student outside of the major to enroll. In addition, CSDS 4450 (Practicum in Speech Language Pathology) is not required for successful completion of the course. The new title better reflects the course content and availability to non-majors.

**Effective Term: Fall 2010**

Withdrawn:

I. College of Liberal Arts

A. History

1. Change the prerequisites for HIST 3500 as follows:
   HIST 3500  Introduction to Historical Methods
   Prerequisites:  Permission of instructor or department head and two of the following:
   HIST 1100 or POLS 1100; HIST 1111; HIST 1112 or HIST 1112H; HIST 2000;
   HIST 2111; HIST 2112Open only to history majors or by permission of instructor or department head.

Rationale: Banner will not support the existing prerequisite. This is our gateway course for the major and is used in conjunction with HIST 4500 (our exit course) to assess the program of study. Non-majors may still be admitted with permission of the instructor or department.

**Effective Date: Fall 2010**

**OTHER BUSINESS**

A. Proposed Bylaws Change

Dr. Ogletree reported that Dr. Greg Knofczynski of the Senate Bylaws Committee informed her that the proposed bylaws change sent forward from the September 19, 2009 meeting were not approved. Apparently the wording conflicts with wording in another section. The Senate Bylaws Committee is investigating the history of the section further.

**ADJOURNMENT.** The meeting was adjourned at 4:22 p.m.

Respectfully submitted,

Phyllis L. Panhorst

RE: Reapportionment of Senate and election of Senators for Academic Year 2010/2011

In keeping with the duties of the Senate Elections Committee, as outlined in the Faculty Senate Bylaws, I am writing to inform you that the Senate terms of the Senators and alternates listed below (pg. 2) end as of May 2010. Additionally, this year, the Senate was reapportioned to account for changes in the organization of some departments on campus. As a result of reapportionment, some departments gained a Senator and others lost one. Therefore, it is necessary for your respective departments to conduct departmental elections in order to replace the Senators and alternates whose terms are ending and for those who are losing representation to make the adjustments noted.

As you conduct your elections, please keep the following rules from the Senate Bylaws regarding Senate membership and the election process in mind:

1. Each newly elected Senator from this point forward will be elected to a 3-year term. (The initial 1, 2, & 3 year terms served to stagger the rotation of the membership of the Senate so that a third of the Senators each year would be newly elected Senators.)
2. All Senators must have a designated alternate who serves the same term as the Senator.
3. The Chair of the Senate Elections Committee should be notified by Department Heads no later than March 1 of the results of the departmental elections.

Below (on page 2) is the list of Senators and alternates who served a two year term in the Faculty Senate during its first 2 years and must therefore be replaced or other changes required due to reapportionment of the Senate. This list is based on the latest information available to the Senate Elections Committee from the Secretary of the Senate records. Please contact me if you have questions or concerns.

RESOLUTION

WHEREAS the Faculty Senate of Armstrong Atlantic State University recognizes that the quality of conversations at Faculty Senate meetings directly impacts the decision-making process at those meetings;

WHEREAS the Faculty Senate of Armstrong Atlantic State University understands that only by hearing all opinions on issues can the quality of conversations at Faculty Senate meetings be optimized;

THEREFORE BE IT RESOLVED that the Faculty Senate of Armstrong Atlantic State University makes known that it (a) deplores any and all retribution against a senator or faculty member resulting from opinions expressed in a Faculty Senate meeting, and (b) will unequivocally support any faculty member who documents discrimination or reprisal that can reasonably be shown to have resulted from opinions expressed in a Faculty Senate meeting as that faculty member pursues a just resolution.
