PlantBot Genetics visits Augustana College

February 25, 2016

"Monsantra at the Salt Flats"

PlantBot Genetics is a collaborative pair of artists, Wendy DesChene and Jeff Schmuki, whose work combines activism, research and social space to foster discussion and generate action in the area of ecological awareness. The PlantBot Genetics Moth Project exhibition will visit Augustana College from March 9 – April 2. In addition to the exhibition, the artists will work with Augustana students to create interventions around the Quad-Cities community. Jeff Schmuki is an assistant professor of ceramics at Georgia Southern University's Betty Foy Sanders Department of Art.
