Armstrong State University, "April 13, 2009 AASU Faculty Senate Minutes" (2009). Armstrong Faculty Senate Minutes. 65.
https://digitalcommons.georgiasouthern.edu/armstrong-fs-minutes/65

This minutes is brought to you for free and open access by the Armstrong Faculty Senate at Digital Commons@Georgia Southern. It has been accepted for inclusion in Armstrong Faculty Senate Minutes by an authorized administrator of Digital Commons@Georgia Southern. For more information, please contact digitalcommons@georgiasouthern.edu.
I. Call to order  
12:15  
There were 40 of 40 senators present, please see Appendix A for a roster of attendees.

II. Approval of Minutes  
March 9 Senate Meeting  
Approved: with the additions of James Todesca and Catherine Gilbert as present at the meeting.

III. Other  
   a. President Hampton states that employment contracts for coming academic year will  
include furlough language. Senator McGrath queries whether the system is responsible for the  
language only or the actual administration of furloughs as well. Dr. Whitford responds that the  
language is system mandated, the management will be relegated to university Presidents.

   Upon questioning, we do not know if this change to contracts is either permanent or being  
inflicted on all state employees. Senator White requests clarification with regard to Senator  
McGrath’s original query. Dr. Whitford states that she cannot be sure, but suspects that any  
furlough implementation will be at the discretion of the university President, as necessary.

   b. President Hampton introduces debate time limit of 2 minutes per person, for this meeting.  
Senator Simmons suggests postponing debate on given issues as opposed to limiting time.  
Parliamentarian Thomas cites Robert’s Rules of Order, indicating that time limits are acceptable.  
President Hampton details he will call another meeting if necessary.

Senators White and Todesca express support for Senator Simmons’ proposal to table the debate.

Senator Andrews asks for clarification regarding limit. Clarification: each speaker gets 2  
minutes at a turn, not 2 minutes total.

Motion to limit debate time: approved (26 for, 11 against).
IV. Old Business
   a. Bylaws second readings
      i. Graduate Affairs Committee (App B)
Chair Hendrix states that the committee wants the language of the bylaws to revert back to there being 7 members of subcommittees, as opposed to 5, and that membership is limited to faculty at either the Associate or Full Graduate level. The committee rationale concerns the College of Education, and the insurance of adequate representation as well as with regard to matters of quorum.

A friendly amendment is passed to re-instate the language.

Bylaws are approved.

   b. Electronic Evaluation (eFACE) Recommendation (App C)
Discussion topics included: changes to evaluation content (will not change), whether or not adjusting the frequency of evaluations had been considered (yes), the return rate of electronic evaluations (lower- yet content statistically comparable to print), electronic delivery as mandatory method (illegal), and particulars of electronic method and delivery (under consideration). Faculty is still permitted to perform their own internal survey as well.

Additional discussion regarded the cost of the paper vs. electronic method; specifically, the reported cost of the paper form, $60,000 to $80,000, is called into question. Dr. Whitford reports that Andy Clark states the forms alone are $20,000.

From Senator Scott:
For those concerned about eFace, please visit www.theideacenter.org to learn about a potentially new and perhaps improved way to obtain meaningful course evaluations.

Motion to adopt recommendation: approved (21 for, 15 against).

   c. Part Time Faculty Recommendation (App D)
Senator White queries regarding the recommended departmental coordinators of part-time faculty. Specifically, whether any release time would be allocated for any faculty who take this role on. Chair Erney responds that the committee has considered making the position part of APAR service; however the committee cannot make official provisions. Senator Skidmore-Hess suggests the faculty handbook articulates the department head’s responsibility for supervising part time faculty STOP he part time faculty who feel disconnected from faculty life. This could be attributed in part to both their teaching schedules and the time they spend on campus.

Motion to adopt recommendation: approved (34 for, 3 abstentions).

V. New Business
   a. Elections Committee Report
Chair Scott reported that the position of Senate Vice President was won by Dr. Kathryn Craven (66% of vote) and the position of Senate Secretary by Jewell Anderson (69% of vote).
Additionally, Suzy Carpenter will be joining the Constitution and Bylaws Committee, Beth Childress the Committee on Committees, and Hans Georg-Erney and AndiBeth Mincer will be added to the Elections Committee roster.

The final slate of committee memberships should be out by April 30.

b. Standing Committee Year End Reports
   i. Academic Standards (App E)
   ii. Educational Technology (App F)
   iii. Faculty Development
   iv. Faculty Welfare (App G)
   v. Graduate Affairs Committee (App H)
   vi. Honors Advisory (App I)
   vii. International
   viii. Interdisciplinary (App J)
   ix. Library (App K)
   x. Planning, Budget, Facilities (App L)
   xi. Research and Scholarship
   xii. Student Success (App M)
   xiii. Writing

   Read, as a block, into the Minutes.

VI. Approval of Graduation Candidates (App N)
   Approved.

VII. University Curriculum Committee (App O)
   Approved on a section by section basis.

   Section I
   Motion to approve Section I: accepted.

   Section II
   To be approved on a course by course basis.

   Section II.I.A.1:
   Senator Simmons moves to table this item.

   Several senators support the motion to table, and present the following rationale:
   1. we cannot be sure what the USG is going to dictate with regard to the core curriculum
   2. the proposed course should be filtered through the Interdisciplinary Studies Committee
   3. the proposed course overlaps content with extant LLP courses (Ethics 2000)
   4. the course catalog designates Area F as the area for major specific courses
From Senator Simmons, College of Liberal Arts:

**EDUC 2000 Ethics and Values in Public Education**

*Explores the interaction among ethical, philosophical and educational theories.* Examines legislative actions that have shaped public educational policy in the United States. Explains why school aged children in the United States are guaranteed a free, appropriate public education (FAPE) regardless of race, creed, color, religion, social station, gender, or ability.

**HLPR 2020 Health Care Ethics**

*Interdisciplinary examination of the relation between ethical theory and moral practice in health care.*

1. Duplicates Ethics 2000
   a. **Ethics 2000: Interdisciplinary Ethics and Values (from the course description).**
      *An interdisciplinary examination of the relation between ethical theory and moral practice in specific areas of our society...*
   b. Ethics 2000 satisfies the interdisciplinary needs of the Core Area B by addressing ethical concerns in specific disciplines while maintaining a general ethics education character.
   c. Do the sponsors of HLPR 2020 and EDUC 2000 believe that Ethics 2000 failing to satisfy a core area B need? If so, how?

2. HLPR 2020 and EDUC 2000 may be too discipline specific for the core.
   a. Insofar as the courses then attempt to distinguish themselves from Ethics 2000 by focusing on discipline specific material, they appear better suited to the Education/Health Care curriculum, not the core curriculum.
   b. It seems reasonable to ask, would these courses have general appeal (core curriculum courses), or would they be of interest primarily to the education/health care professions majors?

Conclusion: Given the availability of Ethics 2000, which can simultaneously accommodate the interdisciplinary and discipline specific goals of HLPR 2020 and EDUC 2000 while remaining thoroughly aligned with the general educational principles of the core curriculum, and the likelihood of a core revision in the near future, we recommend the senate table these courses until we take up the question of the entire core area B, at which time a discussion of the area’s mission may be debated.

Observation on Ethics 2000
1. Note the diversity of departments represented, and the inclusion of faculty in Education.
2. Note that there is plenty of room for more faculty from the AASU departments. We are regularly forced to employ adjunct faculty when we cannot find full-time faculty to staff the class. We would always prefer to have full-time faculty.

**ETHICS 2000 STAFFING FROM 2005-2009**

3. HLPR 2020 and EDUC 2000 will also make Ethics 2000 harder to staff.
   a. Erik Nordenhaug, Jack Simmons and David Wheeler struggle to find faculty to teach Ethics 2000. In particular we have sought faculty from Education and Health Professions.
   b. Erik Nordenhaug and I would welcome more participation from Education and Health Professions in Ethics 2000.
   c. If those departments produce courses, this will further reduce the number of faculty available to staff Ethics 2000.
4. Loosing Ethics 2000 (130 students per semester) will greatly reduce the availability of Ethics classes in core area B to students, even with the addition of HLPR 2020 and EDUC 2000.

From Dr. Erik Nordenhaug, College of Liberal Arts:
I support the recommendation/motion to table the course additions of EDUC 2000 Ethics and Values in Public Education and HLPR 2020 Health Care Ethics. Two of my reasons are the following:

1. The term “ethics” designates a specific academic field of study which has moral theory as its subject matter in much the same way that biology has life as its subject matter. Study of these moral theories and the philosophical arguments for them is the primary content of any ethics course. The proliferation of Ethics courses in area B1 that now focus primarily on discussion of “moral issues and dilemmas” in specific fields is NOT the primary focus of what is meant by the academic field called “Ethics”. Because it appears now that departments all over the campus are qualified to teach the academic field called “ethics”. I am left to conclude that either (a) faculty from all over the campus are well trained in ethical theory (and they all have 18 graduate credit hours in the field) or (b) that the majority of faculty (and most certainly students) have come to think of “ethics” as something radically different than what it is—namely the study of ethical theories and the philosophical foundations for such theories. Not even “APPLIED ETHICS” can occur until one first knows what ethical theories are and the arguments supporting them. My reason for tabling and for wanting further examination of CORE AREA B1 is that WE THE FACULTY APPEAR TO BE REINFORCING THE CULTURAL (AND CERTAINLY STUDENT) PERCEPTION THAT “ETHICS” IS PRIMARILY A SUBJECTIVE AND RELATIVE TERM THAT AMOUNTS TO SIMPLY DISCUSSING MORAL ISSUES AND DILEMMAS THAT OCCUR WITHIN SPECIFIC DISCIPLINES. THE TERM “ETHICS” IS BECOMING A BANDWAGON TERM THAT LOOKS GOOD IN COURSE TITLES AND IS PLEASING TO OUR CULTURE WHICH APPEARS TO THINK THE TEACHING OF ETHICS ACTUALLY MAKES PEOPLE ETHICAL, WHICH IS NOT THE PURPOSE OF ETHICS ANY MORE THAN THE TEACHING OF BIOLOGY ACTUALLY MAKES PEOPLE BIOLOGICAL. We are not serving the academic discipline of ethics or our students by suggesting to them that the term “ethics” primarily means the discussion of moral issues and dilemmas within individual professional academic fields where frequently professional standards, policies, codes, rules, regulations, and even law are being taught as the final arbiter of what “ethics” is. The teaching of ethics is not reducible
to teaching students how to follow rules, regulations, policies, standards, codes, or the law. These approaches misconstrue the nature of ethics and the all too simple course descriptions, rationales, and sample syllabi which are passing through the university curriculum committee do not, without further review, ameliorate my fear and concern that the objective meaning of the word “ethics” as an academic discipline is becoming so diluted as to be meaningless.

2. My second reason in favor of tabling these course additions is that ACCORDING TO APPENDIX J SECTION M (page 18 of your current agenda), the Interdisciplinary Studies Committee has been rethinking its mission and has the currently proposed charge of “encouraging, promoting, and coordinating interdisciplinary studies at Armstrong Atlantic State University”. As stated in the duties there “The committee will serve as an advisory group that will monitor and advocate for the development and effectiveness of interdisciplinary courses and programs.”

I propose tabling these two course additions until this Interdisciplinary Committee has performed its stated duty to monitor development and effectiveness in CORE AREA B1 ETHICS COURSES which are OBVIOUSLY INTERDISCIPLINARY and spreading like cultural jargon often does—without foundation in the academic disciplines from which such bandwagon jargon springs.

From Dr. Joyce Bergin, College of Education:
From the Board of Regents Academic Affairs Handbook, Section 2.04.01:

**General Education in the University System of Georgia**

From the origins of intellectual study to the present, general education has been a key to a fulfilling life of self-knowledge, self-reflection, critical awareness, and lifelong learning. General education has traditionally focused on oral and written communication, quantitative reasoning and mathematics, studies in culture and society, scientific reasoning, and aesthetic appreciation. Today, general education also assists students in their understanding of technology, information literacy, diversity, and global awareness. In meeting all of these needs, general education provides college students with their best opportunity to experience the breadth of human knowledge and the ways that knowledge in various disciplines is interrelated.

In the University System of Georgia, general education programs consist of a group of courses known as the Core Curriculum as well as other courses and co-curricular experiences specific to each institution. The attainment of general education learning outcomes prepares responsible, reflective citizens who adapt constructively to change. General education programs impart knowledge, values, skills, and behaviors related to critical thinking and logical problem-solving. General education includes opportunities for interdisciplinary learning and experiences that increase intellectual curiosity, providing the basis for advanced study in the variety of fields offered by today's colleges and universities.
Vote to call the question on tabling: approved.

Motion to table: denied (14 for, 21 against).

Discussion remains on the floor.

Vote to call the question on the motion to approve the course: approved (22 for, 4 against).

Motion to accept courses: approved (17 for, 13 against).

Graduate Affairs Committee

Bylaws

Mission
The Graduate Affairs Committee, serving as the official representative of the Graduate Faculty, will exercise jurisdiction over all matters related to graduate-level programming at Armstrong Atlantic State University.

Duties
The committee will:

1. act on behalf of the Graduate Faculty except as specified elsewhere in the Bylaws;
2. develop, review, and keep current all polices and procedures affecting graduate-level recruitment, admissions, progression through programs, retention, and graduation;
3. approve the list of graduate students for fall and spring commencements;
4. receive reports from the Graduate Student Coordinating Council;
5. establish and maintain the following subcommittees, and receive and act upon their recommendations:
   - Graduate Faculty Status Subcommittee
   - Graduate Student Appeals Subcommittee
   - Graduate Curriculum Subcommittee
6. report to the Senate regarding all matters related to graduate school programming;

Meetings
Regularly scheduled meetings will convene during fall and spring semesters at least once per month from August through April. Special meetings may be called by the Vice President for Academic Affairs, the Associate Vice President for Academic Affairs, or the Chair of the committee in consultation with the membership.

Reports
Upon approval of the minutes from each meeting, the committee will report its actions to the Senate, including all actions originating from its various subcommittees.

Membership
The committee will be composed of one graduate faculty member with associate or full graduate faculty status from each of the following graduate programs: early childhood education, middle grades and secondary education, adult education, special education, communication sciences and disorders, health services administration, public health, sports medicine, nursing, physical therapy, criminal justice, history, liberal and professional studies, and computer science. In addition, two additional at-large member will be included from disciplines not otherwise represented on this committee. The chief officer of the School of
Graduate Studies, Academic Deans (or their designees), and the Advisor to the Graduate Student Coordinating Council serve as *ex-officio*, non-voting members of the committee.

**Graduate Faculty Status Subcommittee**

Charge: The Graduate Faculty Status Subcommittee will make recommendations to the Graduate Affairs Committee regarding the granting of graduate faculty status.

Duties: The subcommittee will review and submit recommendations concerning proposals for categories of graduate faculty status, appointment criteria in each category, procedures whereby graduate faculty applications are reviewed by the subcommittee, and graduate faculty applications submitted in accordance with adopted policies and procedures.

Meetings: This subcommittee will meet monthly (August through April) unless otherwise specified or required.

Reports: All subcommittee recommendations are reported to the Graduate Affairs Committee for approval.

Membership: The subcommittee will be composed of seven members as approved by the Graduate Affairs Committee, all members will have associate or full graduate faculty status. A chair of this subcommittee will be determined at the first Graduate Affairs Committee meeting of the academic year.

**Graduate Student Appeals Subcommittee**

Charge: The Graduate Student Appeals Subcommittee will make recommendations to the Graduate Affairs Committee involving graduate student academic appeals issues.

Duties: The subcommittee will develop and submit recommendations to the Graduate Affairs Committee concerning policies and procedures for graduate student appeals. The subcommittee will supervise the formal adjudication of any such appeals, and may serve in an advisory capacity to the Academic Standards Committee of the Faculty Senate.

Meetings: As needed or requested by the Chair of Graduate Affairs Committee

Reports: All subcommittee recommendations are reported to the Graduate Affairs Committee.

Membership: The subcommittee will be composed of seven members as approved by the Graduate Affairs Committee, members will have associate or full graduate faculty status. A chair of this subcommittee will be determined at the first Graduate Affairs Committee meeting of the academic year.
Graduate Curriculum Subcommittee

Charge: The Graduate Curriculum Subcommittee will make recommendations to the Graduate Affairs Committee involving graduate curricula issues.

Duties: The subcommittee will make recommendations concerning general curricular policies and procedures, consider all proposals for new graduate degrees, programs, majors, and courses, and review all actions of college and university curriculum committees pertinent to graduate education.

Meetings: This subcommittee will meet monthly (August through April) unless otherwise specified or required.

Reports: All subcommittee recommendations are reported to the Graduate Affairs Committee for approval.

Membership: The subcommittee will be composed of seven members as approved by the Graduate Affairs Committee, members will have associate or full graduate faculty status. Subcommittee membership will be structured as follows: one member from the College of Health Professions, one member from the College of Liberal Arts, one member from the College of Science and Technology, one member from the College of Education, and one at-large member. A chair of this subcommittee will be determined at the first Graduate Affairs Committee meeting of the academic year.
Appendix C

The members of the Faculty Welfare Committee make the following recommendation concerning eFACE (electronic Faculty Evaluation).

The Committee recommends the adoption of eFACE with reservations. The committee is concerned about the lower student response rates seen in the pilot run of eFACE, and recommends we consider following the Gainesville State College model and use a survey add-on to Banner in which the students are asked to complete an anonymous evaluation before they can view their grades. Students can choose to opt out of the evaluation and still see their grades, but this method resulted in a 72% completion rate during the fall of 2008. Another concern is the disconnect that may occur between the student and class if the evaluation does not occur during the class period. With these reservations noted, the committee acknowledges the benefits of switching to eFACE. First, the eFACE pilot study committee estimated that $25 to $30 thousand dollars per year is spent to operate FACE as it currently exists (for forms and personnel time cost), offering a potentially large savings in money and time by switching to eFACE. Second, eFACE affords increased security of the forms and rapid data return. Currently, many people handle the forms (including students) and the data normally doesn’t get returned to the faculty member before the start of the next semester; automating the process would alleviate both of these concerns. This, in combination with the lack of statistical difference in the evaluations faculty received on eFACE vs. FACE in the pilot study, leads the committee to recommend the adoption of eFACE. The committee recommends coordination with CIS for development of a timeline for phasing in of eFACE. The committee recommends considering using the model of Gainesville State College (Highest response rate of schools surveyed), and considering the formation of an eFACE ad hoc committee.
Appendix D

Faculty Welfare Committee
Recommendations Regarding Part-Time Faculty

ÿ Have a Full-Time Faculty designee from each academic department serve as the Part-Time Faculty Coordinator/Mentor for their Department. This faculty designee would help to provide the Part-Time Faculty in their department with both the Departmental & University information & tools needed to do their job. An evening point of contact person for Part-Timers questions would also be helpful.

ÿ Ask all academic departments to ensure Part-Time Faculty have access to the same information & tools as Full-Time Faculty
Examples of needs include:
Provide an Evening CIS Technical Support contact
Access to Departmental AV equipment after hours. Provide key to storage rooms
Functional office spaces with updated, networked computers & phone access

ÿ Creation of a Part-Time Faculty Webpage
Part-Time Faculty webpage should contain critical information for Part-Timer faculty teaching needs / responsibilities, as well as include a compilation of informational resources and links to campus-wide resources.
Include specific contact information for Enrollment Services staff with areas of responsibility. A prominent link to this page will be critical so that Part-Time Faculty may find it. One suggestion would be to place under the AASU homepage “Faculty/Staff” links.

ÿ Promote a University “Perks Package” for Part-Time Faculty to encourage them to spend time on campus and foster a sense of belonging.
Such a package could include:
Free Faculty/Staff Parking Pass
University Faculty ID Card provides access to many benefits, such as:
Art, Music, Theatre events
Free admission to University athletic events
Library check-out privileges & access to wealth of online resources
Membership to Recreation Center at Faculty/Staff rate
Appendix E

End of Year Report: Academic Standards Committee

The Academic Standards Committee met five times throughout the past academic year. Two of those meetings were for determining appeals and three meetings dealt with bylaw revisions. The committee voted on a total of 70 appeals with the following breakdown: 50 for admission, 20 for readmission. Of the 50 admits, 8 were admitted without restriction, 22 were denied admission, and 20 were granted limited admission. Of the 20 readmits, 2 were granted readmission, 16 were denied readmission, and 2 were granted limited readmission. The bylaws were revised to create subcommittees: the Academic Appeals sub-committee, and the Student Conduct Subcommittee. There will be student representation on the Student Conduct Subcommittee, but not the Academic Appeals Subcommittee. The University Appeals Officer will be permanent chair, ex-officio. There are two more meeting scheduled for the semester: one in April, and one on June 1st.
Appendix F

Spring 2009 Report from the Educational Technology Committee

Linda Wright, Chair
Nancy Luke, Secretary
Members:
This committee met Fall: 8/13/08, 9/17/08, 11/21/08; Spring: 2/16/09

The Bylaws for this new Senate Committee were approved by the Senate. This will require an adjustment to the membership of the committee to include 2 student members to the subcommittee on Student Technology Voice

We have begun to implement our charge, by communicating with AASU committees with responsibilities for the technology available at AASU. The ETC has begun to gather information on:

- access to educational technology for students and faculty in classrooms, computer labs, library and online.
- university policies governing the use of technology and changes in the technology infrastructure of the University, in collaboration with the Committee on Information Technology;
- student and faculty development use of technology tools, specifically the changeover occurring in the Faculty Development Committee and Teaching and Learning Center
- the current list of approved online courses, and current policies and procedures for online and web-enhanced programs and courses, from the ACDOL committee

Recommendations:

- An online space in the AASU domain be granted for a web page to contain links to the whole spectrum of educational technology resources at AASU. This is not intended to replace existing resources, but to add a comprehensive site with links to CIS, ACDOL, CIT, and Faculty Development committees, and the Online Teaching Community, Student Services, Help Desk, and Teaching and Learning Center activities and resources. Reciprocal links from these sites will also be requested.
- A separate wiki or blog has been proposed to house specific reports on educational technology tools for use in classes. This site would be developed by this committee in conjunction with interested students and faculty.
- If a new residency requirement is implemented at AASU, this should specifically exclude students enrolled in the online programs. In addition, resident students must not be excluded from taking online classes.

Respectfully Submitted,
Linda Wright, Ph.D.
Appendix G
Faculty Welfare Committee Report 2008-2009
Chair: Hans-Georg Erney
Secretary: Rochelle Lee
Committee Members: Maya Clark, Alexander Collier, Elizabeth Crawford, Ann Fuller, John Jensen (Senator), Clifford Padgett, Regina Rahimi

The Faculty Welfare Committee (henceforth abbreviated to FWC) met seven times in the 2008-2009 academic year. Our primary goals were 1) revising the bylaws for the newly enlarged committee, 2) working towards child care at AASU, and 3) representing the faculty’s interests during the current budgetary crisis. For those interested in a more detailed record of the committee’s work, minutes of individual meetings are available online at http://facultysenate.armstrong.edu/minutes/faculty_welfare_committee.html

As part of our university’s transition to a Faculty Senate, the FWC has absorbed both the Faculty Activities Committee and the Evaluation Committee. The new FWC revised the bylaws suggested by the old committee in an attempt to prevent its expanded purview from resulting in an unwieldy and impractical body. The new bylaws were further revised at the suggestion of the Senate Bylaws Committee. They are available online at http://facultysenate.armstrong.edu/committees/faculty_welfare_bylaws.html

Like many people before, this year’s FWC decided to tackle the perennial issue of child care at AASU. Building on previous surveys, original research, and plain good sense, the committee determined that there exists a high demand for affordable on-campus child care among faculty, staff, and students, and that the absence thereof is somewhat of an embarrassment to this institution, especially in comparison with similar schools. Near the end of this academic year, we are cautiously optimistic about starting an early education pilot program with the help of a grant from the U.S. Department of Education grant in the foreseeable future. (An earlier report on the child care issue is available online at http://facultysenate.armstrong.edu/minutes/fwc/FWC_Child_Care_Summary_11-17-08.doc

Other FWC activities during 08-09 include a resolution urging the Teachers Retirement System Board against changing their policy regarding Cost of Living Annual Increases (see App. G of the November 10, 2008 Faculty Senate minutes), a recommendation concerning the interests of part-time faculty, a continuation of last year’s salary study, and a recommendation concerning electronic Faculty and Course Evaluations (FACE). Many of these issues will likely continue to occupy the attention of the FWC as well as the Senate. Indeed, it stands to reason that this committee’s importance will increase during a time when budgetary pressures make vigilance about the faculty’s interests more necessary than ever.

Suggested Directions for 2009-2010
1) Continue efforts to provide child care for members of the AASU community.
2) Continue FACE review.
3) Continue salary study.
Appendix II
Graduate Affairs Committee Report–2008-2009

Necessarily in this first year operating under the university’s new governance system, many of the GAC’s activities in 2008-2009 have dealt with figuring out how to function in its new role as a semi-autonomous committee and its relationship to the Faculty Senate. Not surprisingly, therefore, much of the committee’s work focused on reviewing its bylaws from its days as the Graduate Council. Ultimately, it chose to scrap those bylaws in favor of an entirely new document. In this effort, certain details remain to be worked out, but that work should be completed by the end of the spring term. Similarly, questions about the best way for the GAC’s subcommittees to function will also be worked out after completing this transitional year.

In addition to its normal activities overseeing the School of Graduate Studies (in terms of curriculum, programs, Graduate Faculty status, etc., the GAC spent the academic year focused on reviewing and making recommendations on how to improve graduate admission procedures. The GAC devoted a great deal of time working with Jill Bell, Director of Graduate Enrollment Services, Russell Watjen, Associate Vice President for Academic Affairs, and members of the ad hoc Graduate Review Group (chaired by Joe Weaver) discussing current admission policies and ways of better using out-of-state tuition waivers as recruiting tools. This work will continue next year. Other topics needing to be addressed next year include a discussion of the role and status of members of the Graduate Faculty and the leadership structure of the School of Graduate Studies.

Minutes of the GAC meetings can be found on the committee’s web page at http://gs.armstrong.edu/graduateaffairscommittee.html.

Respectfully submitted,
Christopher E. Hendricks

Annual Report, 2009 Academic Year
Honors Advisory Committee

Members:
- Greg Anderson
- Chris Baker — Senator
- David Lake - Chair
- Michael Price
- Kristin Stout - Secretary
- Jonathan Roberts — Director, Honors Program

Business of the Committee
- We had two meetings of the officers and Honors Director to discuss bylaws and one meeting of the full committee on this issue.
- Officers have been regularly attending Honors Student Meetings and each officer has participated in at least one volunteer activity of the Honors Students
- New bylaws approved by Senate
- Spring business of a policy change and awarding scholarships will be done by email to committee members later in the Spring Semester.

Submitted
David A. Lake, PT, PhD
Chair of the Honors Advisory Committee
Appendix J

End of year report for the IDS committee
Friday, March 27, 2009

Members: Teresa Winterhalter (Chair), Bill Daugherty, Priya Gosser Zaphon Wilson, Josh Smith

The committee met regularly throughout the Fall 2008 and Spring 2009 semesters to discuss its bylaws and policies and procedure that have an impact on IDS programs.

Although earlier iterations of the committee’s Bylaws, which we agreed upon in our October meeting, had been approved by the IDS committee, The Senate Bylaws Committee, and passed first and second readings on the floor of The Senate, the last meeting of the committee in March 2009 was devoted to rethinking the duties and mission outlined in those Bylaws. After discussion of Dr. Whitford’s observations about the unique profile of our committee, the committee agreed to revisit some of the issues that gave her concern. In this meeting the committee revised the language in the description of its duties as per the advice of Dr. Whitford. The committee forwarded this revised document to Dr. Whitford, asking that she fold its editorial changes into her version of our bylaws before she makes her final decisions about approving them.

The final language for the Bylaws that was forwarded to Dr. Whitford reads as follows:

SECTION M: Interdisciplinary Studies Committee

Charge
The Interdisciplinary Studies Committee will establish and maintain liaisons with departments in all schools and colleges for the purposes of encouraging, promoting, and coordinating interdisciplinary studies at Armstrong Atlantic State University.

Duties
The committee will (1) serve as an advisory group that will monitor and advocate for the development and effectiveness of interdisciplinary courses and programs and (2) assume ad hoc responsibilities as they arise.

Membership
The committee shall be composed of six faculty members, including three coordinators of interdisciplinary majors and three faculty representing interdisciplinary minors or certificates.

Throughout the 2008-2009 meetings, the committee also discussed the importance of establishing university policies governing IDS programs. Because these programs are so numerous on our campus and promise to continue growing, the committee feels that establishing policies to oversee these programs is imperative. To address this urgency and to follow up on a suggestion made by Dr. Whitford to establish university policies for IDS programs in the Faculty Handbook, rather than under the charge of the IDS committee, Bill Daugherty volunteered to examine the organization and style of the Faculty Handbook to see where we might make
suggestions for establishing policies for IDS university-wide. The committee is currently
discussing his findings. It plans to make recommendations to Dr. Whitford for how to establish
IDS policies at a university-wide level by Fall 2009.

Here is a summary of Bill Daughtery’s findings:

There is nothing in the handbook by-laws dealing with interdisciplinary studies or joint
appointments.
The faculty handbook on-line was last amended in October 2006; a revision to reflect changes
involving the Faculty Senate and so forth should be on someone’s agenda for the near future,
and those changes should include inserting necessary items for interdisciplinary issues.
Article VII covers the committees of the faculty, and obviously the IDS committee’s Bylaws
must be inserted into this section when revised.
To address the issues that will be deleted from the IDS committee’s original duties section in the
Bylaws, the committee suggests that we look at Article VIII College and School Faculties. This
article has two sections, A and B. Section A discusses full time faculty assignments and B
covers college committees.
These sections offer two possibilities for revision:
1. Under section A create sub-section A.1 or whatever it would be, and use that sub-section to
deal with IDS needs and issues.

    OR

2. Create a new, third section for IDS faculty issues, either Section C or make the new material
Section B and re-label the old section B on college committees to be a new section C. This may
be the best solution because sections A and B deal with faculty issues and C with committees.

The committee also met in its November 2008 meeting to discuss the curricular approval process
for IDS courses that are not housed within discipline-specific programs. The committee
recommends that the following policy be followed in these instances: if a course has an
application to an interdisciplinary program within one of the colleges, then the interdisciplinary
committee should review the proposed course before it enters the standard curricular review
process. If, however, the course has applications to interdisciplinary programs across the
colleges, then the course should be reviewed by the curriculum committee in the college in
which the proposed course is generated, then it should be forwarded to the interdisciplinary
committee, and that committee will forward the course proposal to the University Curriculum
Committee.

In that same meeting the committee reviewed and accepted the proposal for the European Union
Studies Courses. The committee recommended the proposal be sent to the University
Curriculum Committee.
Appendix K
Library Committee

The Library Committee met five times this academic year. In those meetings, the members accomplished the following tasks:

I. Revised the committee’s bylaws for Senate consideration

II. Reviewed two versions of the Lane Library’s mission statement for SACS and offered suggestions

III. Established adding an amendment to the Memorandum of Understanding for the Ben Lee Memorial Scholarship to repurpose funds for book purchasing

IV. Revised Brockmeier-associated documents to help simplify the nomination and evaluation process

V. Reviewed application packages for the Brockmeier Faculty Award and collectively decided on the winner for 2008-2009

Submitted by,

Jennifer Zettler, Secretary
Joan Schwartz, Chair

Appendix L
Planning, Budget, and Facilities Committee
Annual Report, 2008-09

Membership: David Wheeler (chair, Liberal Arts), Suzy Carpenter (Science and Technology), Suzanne Edenfield (Health Professions), Sean Eastman (Science and Technology, Senate representative), Doug Frazier (Library), Michael Mahan (Education), Michael Mink (Health Professions), Stephen Primatic (Liberal Arts). Ex Officio Members: David Carson, Michael Donahue, Shelley Conroy, Kam Lau, Vickie McNeil, Ellen Whitford.

Bylaws: The committee held seven meetings—August 13, September 5, September 19, October 10, February 6, March 6, and April 10. Minutes for all of these meetings are available on the Senate website. Like most Senate committees, PBF spent its first several meetings writing its bylaws and addressing requests from the Senate for revisions. The committee’s bylaws were formally approved by the Faculty Senate on November 10. Although our approved bylaws call for one undergraduate student member and one graduate student member, no student was ever appointed to our committee. Whether the initiative for selecting student members comes from the respective student organizations, from the Faculty Senate, or from the committee itself, the issue of selecting student members must be resolved by early 2009-10. The committee felt that including the large number of ex-officio members would facilitate informed and open discussion of budgetary matters.

The committee’s two primary aims for 2008-09 were to improve transparency of the budget and budget-making process and, in keeping with our mission, insure faculty participation in the construction, and, for this year at least, the reduction of the university’s budget. In these efforts, our success was limited. We acknowledge that, for many reasons, 2008-09 may have been an atypical year: the new Senate and committee structure, a new VP for Business and Finance (Carson), other new personnel involved in the budget (Clark and Carroll), the announcement of President Jones’s stepping down, the necessity for a large budget clean-up process, fiscal uncertainty and budget reductions from the Board of Regents. We believe, nevertheless, that transparency and faculty participation must be regular features of university budget operations.

Transparency: At our two September meetings, budget officials promised the imminent posting online of the current (FY 2009) departmental operating budgets and the imminent posting online of the timetable for constructing the FY 2010 budget. The timetable became available online in October, though, because of budget cuts, it has not been followed by the Board of Regents. Again, on February 6, the committee was told that the current departmental budgets were ready to be put online. Delays at the Board of Regents in purchasing software, however, have postponed making this possible.

On October 10, VP Carson briefed fully the committee on the current year’s entire budget and, at the committee’s arrangement, delivered a similar budget briefing to a meeting of the Faculty
Senate on January 12. On both occasions, he candidly fielded questions. The entire FY09 budget, in print version, is available on Library Reserve.

**Participation:** All of our meetings involved frank budget discussion between the committee membership and those administrators holding ex-officio status. No doubt, many of the questions asked and concerns raised by members originated with their respective faculty constituencies. Administrators were honest and often detailed in their responses. Despite frequent inquires by the committee, however, about the timeline for budget construction and the committee’s role in that process, our role was only indirect, voicing our opinions in the committee meeting setting to those who would be making the budget.

**Budget Priorities:** At our last two meetings we composed a list of budget priorities for difficult fiscal times, with an aim of a Senate resolution. Dr. Hampton discouraged our submitting a resolution, favoring, instead, an “advisory position.” We believe that the primary purpose of the university is student learning; therefore, the premier budget priority has to be academic quality. We suggest that academic quality might best be achieved by maintaining faculty lines and adding lines as enrollment increases, keeping a careful watch on the university’s faculty/student ratio and the full-time/part-time faculty ratio. A number of cost-saving measures are suggested in our March 6 minutes.

**Recommendations for 2009-10:** 1.) secure process for selecting student membership; 2.) invite new president to first regular committee meeting and establish means by which the committee, through the Senate, can participate in budgetary matters—perhaps a “Budget Council,” such as those mentioned by several presidential candidates, that would include administrators responsible for the budget and the chair or another member from the PBF committee or Senate; 3.) assure that the faculty is informed of the availability on Library Reserve of the FY 2010 budget; 4.) work toward the online availability of operating budgets.
Appendix M

Student Success Committee
Annual Report
2008-2009
Monthly Meetings: September through March
Last Meeting: April 26th

I. Business conducted during the year (Please see the minutes posted on the faculty senate website)
   A. By-laws revised and approved
   B. Numerous student scholarships approved through External Affairs
   C. Reviewed and revised academic advisement mission statement, goals, and outcomes for Advisement Office.
   D. Reviewed & revised Academic Advisement Handbook for Advisement Office offering suggestions for advising upper-classmen and graduate students.
   E. Reviewed list of graduate students for both December and May graduations.
   F. Composing Academic Advisement Survey to determine what suggestions to offer faculty in assisting students during advisement for matriculation and retention purposes.
   G. Scholarship sub-committee charged with recommending scholarships for incoming freshmen in March and returning freshmen, sophomores, juniors, seniors, etc. end of May.
   H. Discussion of possible graduate student orientation.

II. Business to be carried forward during the 2009 - 2010 by the Student Success Committee
    Academic Advisement Survey conducted. Opportunity for students to offer insight into advisement
    List of Candidates for Graduation (undergraduate students) for the December & May graduations.
    List will come from Registrar.
    Ongoing approval of scholarships through External Affairs, while a large quantity of scholarships will be evaluated in late May.
    Revisit graduate student orientation issue.

CALL TO ORDER. The meeting was called to order at 3:06 p.m. by Dr. Rick McGrath.

APPROVAL OF MINUTES. The minutes of February 18, 2009 were approved as presented.

SECTION I. Undergraduate Items Approved
The following items were discussed and approved by the committee and are being submitted to the Faculty Senate for approval.

I. College of Education
   A. Early Childhood Education
      1. Modify the following program of study:

      PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN EARLY CHILDHOOD EDUCATION

      B. Major Field Courses
         ........................................................................................................... 47 hours
         EDUC 3100 - Technology Applications for Teachers
         EDUC 3200 - Curriculum, Instruction, and Assessment
         EDUC 3300 - Educating Students with Disabilities in the General Education Classroom
         ECU 3040 - Diversity in Childhood and Adolescence
         ECU 3060 - Language and Cognition
         ECU 3071 - Literature and Language Arts
ECUG 3072 - Teaching of Reading
ECUG 3100 - Contemporary Social Issues of the Family
ECUG 3750 - Internship I – Pre-Student Teaching
ECUG 4070 - Social Studies
ECUG 4080 - Life and Physical Science
ECUG 4090 - Classroom Management
ECUG 4300 - Diagnosing and Prescribing for Reading Problems
ECUG 4750 - Internship II – Student Teaching

Rationale: Name of EDUG 3040 was changed at the November 2008 UCC meeting.

Effective term: Summer 2009

2. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN EARLY CHILDHOOD EDUCATION

D. Regents’ Test, GACE Basic Skills Assessment satisfy Basic Skills Assessments (GACE, PRAXIS I [passed prior to 3/7/07] or exemption scores), admission to candidacy in the Department of Early Childhood Education Department, pre-planning Practicum, electronic education teaching portfolio, admission to Internship II Student Teaching, attempt GACE content area examinations GACE II Tests One and Two content area examinations passed, current CPR (adult, child, & infant), First Aid certification.

Rationale: These words summarize clearly our intents to specify admission requirements.

Effective Term: Fall 2009

B. Special and Adult Education

1. Change the course prerequisites:
   SPED 4750 Internship II – Student Teaching 0-V-12
   Prerequisites: Admission into the College of Education, completion of all coursework Admission to Candidacy in the Department of Special and Adult Education, completion of all required coursework, and a satisfactory grade on Chapters I and II of the assessment portfolio.

   Rationale: Candidates are currently admitted into the program rather than the College of Education . The additional prerequisites are necessary for program assessment as defined by NCATE and the Georgia Professional Standards Commission.

   Effective Date: Fall 2009

2. Change the following prerequisites and course hours:
   SPED 2003 Curriculum and Educational Practices for Students with Disabilities 1-2-V -3
Prerequisites: CEUG 1010, CEUG 2100, and Admission into the College of Education to Candidacy in the Department of Special and Adult Education.

**Rationale:** Candidates are currently admitted into the program rather than the College of Education. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

**Effective Date:** Fall 2009

3. **Change the following prerequisites and course hours:**
   SPED 3006 Assessment
   Prerequisites: CEUG 1010, CEUG 2100, and Admission into the College of Education to Candidacy in the Department of Special and Adult Education.
   
   **Rationale:** Candidates are currently admitted into the program rather than the College of Education. There is no required field experience in this course.

   **Effective Date:** Fall 2009

4. **Change the following prerequisites and course hours:**
   SPED 3007 Eligibility and IEP Development
   Prerequisites: CEUG 1010, CEUG 2100, and Admission into the College of Education to Candidacy in the Department of Special and Adult Education.
   
   **Rationale:** Candidates are currently admitted into the program rather than the College of Education. There is no required field experience in this course.

   **Effective Date:** Fall 2009

5. **Change the following prerequisites and course hours:**
   SPED 3009 Physical and Health Disabilities
   Prerequisites: CEUG 1010, CEUG 2100, and Admission into the College of Education to Candidacy in the Department of Special and Adult Education.
   
   **Rationale:** Candidates are currently admitted into the program rather than the College of Education. There is no required field experience in this course.

   **Effective Date:** Fall 2009

6. **Change the following prerequisites and course hours:**
   SPED 3020 Field Experiences: Grades P-5
   
   **Rationale:**

   **Effective Date:** Fall 2009
Prerequisites: Admission into the College of Education to Candidacy in the Department of Special and Adult Education, permission of instructor or department head.

**Rationale:** Candidates are currently admitted into the program rather than the College of Education. The course has been revised to include seminars.

**Effective Date:** Fall 2009

7. Change the following prerequisites and course hours:
   - SPED 3040 Field Experiences: Grades 6-8 0 1-V-1
   - Prerequisites: Admission into the College of Education to Candidacy in the Department of Special and Adult Education, permission of instructor or department head.

**Rationale:** Candidates are currently admitted into the program rather than the College of Education. The course has been revised to include seminars.

**Effective Date:** Fall 2009

8. Change the following prerequisites and course hours:
   - SPED 3060 Field Experiences: Grades 9-12 0 1-V-1
   - Prerequisites: Admission into the College of Education to Candidacy in the Department of Special and Adult Education, permission of instructor or department head.

**Rationale:** Candidates are currently admitted into the program rather than the College of Education. The course has been revised to include seminars.

**Effective Date:** Fall 2009

9. Change the following prerequisites and course hours:
   - SPED 4002 Teaching Mathematics to Students with Disabilities 3-2 V-3
   - Prerequisites: Admission to special education Candidacy in the Department of Special and Adult Education and SPED 2003, SPED 3001, SPED 3004, SPED 3005, and SPED 3006.

**Rationale:** Candidates are currently admitted into the program rather than the College of Education. SPED 3004 is not offered. Addition of a prerequisite course supports the knowledge base required for this course. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

**Effective Date:** Fall 2009

10. Change the following prerequisites and course hours:
SPED 4003 Teaching Reading, Spelling, and Written Expression to Students with Disabilities 3-2 V-3

Prerequisites: Admission into special education Candidacy in the Department of Special and Adult Education and SPED 2003, SPED 3001, SPED 3007, SPED 3003, and SPED 3010.

Rationale: Candidates are currently admitted into the program rather than the College of Education. SPED 3003 is not offered. Addition of a pre-requisite course adds to the knowledge base required for this course. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

Effective Date: Fall 2009

11. Change the following prerequisites and course hours:
   SPED 4004 Instructional Strategies in the Content Areas 3-2 V-3
   Prerequisites: Admission into special education Candidacy in the Department of Special and Adult Education, and SPED 2003, SPED 3001, SPED 3007, and SPED 3010.

Rationale: Candidates are currently admitted into the program rather than the College of Education. Addition of prerequisite courses supports the knowledge base needed for this course. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

Effective Date: Fall 2009

12. Change the following prerequisites and course hours:
   SPED 4005 Strategies for Developing Social Skills and Behavioral Controls 3-3 V-3
   Prerequisites: Admission into special education Candidacy in the Department of Special and Adult Education, and SPED 2003, SPED 3001, and SPED 3003 SPED 3007, and SPED 3010.

Rationale: Candidates are currently admitted into the program rather than the College of Education. SPED 3003 is not offered. Addition of a pre-requisite course adds to the knowledge base required for this course. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

Effective Date: Fall 2009

13. Change the following prerequisites and course hours:
   SPED 4006 Planning and Managing the Learning Environment 3-2 V-3
Prerequisites: Admission into special education to Candidacy in the Department of Special and Adult Education and SPED 2003, SPED 3001, SPED 3003, SPED 3010, SPED 4002, and SPED 4003.

Rationale: Candidates are currently admitted into the program rather than the College of Education. SPED 3003 is not offered. Addition of a pre-requisite course adds to the knowledge base required for this course. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course.

Effective Date: Fall 2009

14. Change the following prerequisites and course hours:
   SPED 4008 Collaborative Procedures Fostering Inclusion and Transitions 3-4 V-3
   Prerequisites: Admission into special education to Candidacy in the Department of Special and Adult Education and SPED 4005 and SPED 4006.
   Co-requisite: SPED 4750.

Rationale: Candidates are currently admitted into the program rather than the College of Education. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours needed to complete the critical assignment in the course. Co-requisite course was printed in catalog in error.

Effective Date: Fall 2009

15. Modify the following course:
   CEUG 1010 Human Growth and Lifespan Development
   Description: Lifespan development that focuses on physical, emotional, cognitive, and social development. Application to classroom teaching and learning.

Rationale: The new title accurately describes the content of this course. Candidates in Special Education learn about total life development to better understand the impact of disabilities on individuals, families, teachers and institutions in society across the entire lifespan.

Effective Date: Fall 2009

16. Change the following title and prerequisite(s):
   SPED 3001 Assistive and Adaptive Technology for the Special Educator 2-0-2
   Prerequisites: Admission to the College of Education Candidacy in the Department of Special and Adult Education.

Rationale: Candidates are currently admitted into the program rather than the College of Education. Since candidates take a general technology course prior to admission into the program, the content in SPED 3001 will now prepare the Special Education teacher
candidate to address the more focused adaptations in technology required to modify instruction for students with disabilities.

**Effective Date: Fall 2009**

17. **Change the following course description and credit hours:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPED 3010</td>
<td>Constructing Literacy Programs for PK-12</td>
<td>3-0 V-3</td>
</tr>
</tbody>
</table>

**Description:** An in-depth study of how to construct literacy programs in PK-12 with emphasis on reading strategies, approaches, techniques, and evaluation tools. Course will include strategies for teaching written expression and spelling. This course will satisfy the certification requirement for the teaching of reading and writing. **Field experience is required.**

**Rationale:** The critical assignment for this course is for the teacher candidate to create a basic literacy program. Working with a P-5 teacher and exposure to children in a language arts program will give the candidate a better understanding of curriculum development. The change in contact per week non-lecture hours to V (variable) allows for flexibility in the number of contact hours need to complete the critical assignment in the course.

**Effective Date: Fall 2009**

18. **Modify the following program of study:**

**PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN SPECIAL EDUCATION: CROSS-CATEGORICAL**

A. **General Requirements (Core Areas A, B, C, D, and E) .........................................................42 hours**

Core Area F ................................................................................................................................18 hours

II. College of Health Professions
   A. Communication Sciences and Disorders
      1. Create the following courses:
         a. CSDS 1001 American Sign Language I 3-0-3
            Prerequisites: none
            Description: Introduction to the structure of American Sign Language, as well as to the history and culture of the Deaf Community. Includes use of signs, finger spelling, body language and facial expressions. Grammar is introduced in context, with an emphasis on developing question and answer skills.
         b. CSDS 1002: American Sign Language II 3-0-3
            Prerequisite: CSDS 1001 or equivalent or permission of instructor
            Description: This course is designed to increase recognition and recall needed to improve conversational skills in ASL to a functional level for expressive and receptive use. Content will provide greater knowledge of the grammar, syntax and other aspects of the language.
         c. CSDS 2001 American Sign Language III  3-0-3
            Prerequisites: CSDS 1001 and CSDS 1002 or permission of instructor
            Description: This course is a continuation of American Sign Language, expanding the emphasis on ASL grammar, vocabulary development, and Deaf culture. Dialogue, short stories, narratives, and short conversation, both receptive and expressive, will be featured through the course.

Rationale: These three courses are being added to the list of courses offered by the department. These courses are not required but will be offered as electives to students in the major and other interested AASU students.

Effective term: Fall 2009

CURCAT:
Major Department: Communication Sciences & Disorders
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: normal
Instruction Type: Lecture

B. Nursing
   1. Change the pre/co requisites for the following courses:
      a. NURS 3304 PROFESSIONAL NURSING PRACTICE 3-0-3
b. NURS 3309 PATHOPHYSIOLOGY 3-0-3
   Prerequisite or Corequisite: Admission to the BSN program
   or NURS 3309

C. NURS 3311: INTRODUCTION TO PHARMACOLOGICAL CONCEPTS FOR NURSING 2-0-2
   Prerequisite or Corequisite: Admission to the BSN program
   or NURS 3344

D. NURS 3312: PHARMACOLOGICAL CONCEPTS FOR NURSING I 2-0-2
   Corequisite: NURS 3345

E. NURS 3320: HEALTH ASSESSMENT OF THE WELL INDIVIDUAL 3-3-4
   Prerequisite or Corequisite: NURS 3344

F. NURS 3344 SKILLS AND ESSENTIALS OF NURSING PRACTICE 3-3-4
   Prerequisites or corequisites: Admission to the BSN program, BIOL 2275
   or NURS 3311, NURS 3309, and NURS 3320

G. NURS 3345 ADULT HEALTH I 4-6-6
   Prerequisites: NURS 3304, NURS 3344, NURS 3320, NURS 3311, NURS 3309
   Corequisite: NURS 3320

H. NURS 3535 MENTAL HEALTH I 4-6-6
   Prerequisites: NURS 3304, NURS 3344, NURS 3320, NURS 3311, NURS 3309
   Pre/corequisites: NURS 3345, NURS 3312

I. NURS 4210 GERONTOLOGY IN THE 21ST CENTURY 3-0-3
   Prerequisites: Admission to the BSN program or permission of course instructor
   NURS 3304, NURS 3320

J. NURS 4213 Introduction to Forensic Nursing and the Law 3-0-3
   Prerequisites: Admission to the BSN program or permission of course instructor
   NURS 3304, NURS 3320 and NURS 3344

K. NURS 4214 COMPLEMENTARY AND ALTERNATIVE MODALITIES 3-0-3
   Prerequisite or corequisite: Admission to the BSN program or permission of course instructor
   NURS 3345

L. NURS 4215 HOME HEALTH NURSING 2-1-3
Prerequisites: NURS 3304, 3345, 3320, 3308, 3309, 3340, and either 3355 or 3425. NURS 3535

m. NURS 4216 PALLIATIVE CARE AT END OF LIFE 2-3-3
   Prerequisite or corequisite: Admission to the BSN program or permission of course instructor. NURS 3345

n. NURS 4217 CRITICAL CARE 1-6-3
   Prerequisite or corequisite: NURS 4345

o. NURS 4218 Perioperative Nursing 1-6-3
   Prerequisites: NURS 3304, 3308, 3320, and 3345

p. NURS 4222 PEDIATRIC NURSING EXTERNSHIP 1-6-3
   Prerequisites: NURS 3304, NURS 3308, NURS 3309, NURS 3320, NURS 3345, NURS 3425, NURS 3355, 4355

q. NURS 4223 MATERNAL/INFANT NURSING EXTERNSHIP 1-6-3
   Prerequisites: NURS 3304, NURS 3308, NURS 3309, NURS 3320, NURS 3345, NURS 3425, NURS 3355, 4355

r. NURS 4313 Pharmacological Concepts for Nursing II 2-0-2
   Prerequisites or Corequisites: NURS 4345, NURS 4355
   Prerequisites: NURS 3312

s. NURS 4345 ADULT HEALTH II 4-9-7
   Prerequisites: NURS 3345, NURS 3535, NURS 3312
   Pre/Corequisites: NURS 4313, NURS 4355

t. NURS 4440 POPULATION FOCUSED NURSING 3-6-5
   Prerequisites: NURS 4345, NURS 4355, NURS 4313 and NURS 4445
   Prerequisites: 4345

u. NURS 4450 PROFESSIONAL NURSING LEADERSHIP AND MANAGEMENT 4-9-7
   Prerequisites: NURS 4440, NURS 4446. NURS 4313, NURS 4445 remove redundancies

v. NURS 4490 TOPICS IN PROFESSIONAL NURSING V-V-(1-4)
   Prerequisites: Admission to the BSN program.

**Rationale:** These requested changes reflect the final step in transitioning to the revised nursing curriculum implemented in Fall 2008. As the previous curriculum is phased out, these pre and co-requisite changes will ensure smooth progression and appropriate course sequencing.
Effective Term: Summer 2009

C. Radiologic Sciences
   1. Create the following course:
      RADS 3900 Special Topics in Radiologic Sciences  V-0-[1-6]
      Prerequisite Permission of Instructor
      Course Description: Supervised independent study.

Rationale: This is an elective course (will not change the number of hours required for degree). At times, students want to investigate areas in the profession with an in-depth manner with faculty supervision. This course allows students and faculty to have a formal, supervised, independent study mechanism for an area to be determined by the faculty and student.

Effective Term: Summer 2009

CURCAT:
Major Department: Radiologic Sciences
Can course be repeated for additional credit? Yes
Maximum Number of Credit Hours: 6
Grading Mode: U/S
Instruction Type: Independent Study

III. College of Liberal Arts
   1. Create the following course:
      ENST 4000 INTERNSHIP IN ENVIRONMENTAL STUDIES  V-V-3

      Description: First-hand practical experience in a professional-level capacity for a government agency, research lab, planning group, advocacy organization, or other groups that solve problems and develop policies pertaining to the environment and sustainability.

Rationale: The Environmental Studies Internship offers students the chance to apply and further develop their skills and knowledge and to gain practical experience in the field of Environmental Studies and Sustainability. The training gained and the contacts may become a valuable asset in obtaining later employment in this growing field.

Effective term: Fall 2009

CURCAT:
Major Department: COLA
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: normal
Instruction Type: internship
2. Create the following course:
   EURO 3990 TOPICS IN EUROPEAN UNION STUDIES 3-0-3
   Prerequisite: EURO 2000
   Description: Selected topics on issues in European Union studies or in European Union relations with the outside world. May be repeated for credit as topics vary.

   Rationale: The University System of Georgia’s European Union Studies program offers at least two courses per semester on various topics on the EU and/or its relations with other parts of the world. Many of these are offered on-line and in association with other USG institutions and/or the University of Munich. For more information see: http://www.eustudiesprogram.org/. Giving these courses the EURO designation will be an improvement over current practice, which has used special topics numbers in HIST, POLS, ECON, and other disciplines. Because topics vary each semester, students should be permitted to take the course multiple times.

   Effective Term: Summer 2009

   CURCAT:
   Major Department: College of Liberal Arts
   Can course be repeated for additional credit: Yes
   Maximum number of Credit Hours: 9
   Grading Mode: Normal
   Instruction Type: Lecture or On-line

3. Create the following course:
   EURO 4500 SEMINAR IN EUROPEAN UNION STUDIES 3-0-3
   Prerequisites: Admission to the European Union Certificate program and EURO 2000
   Description: The capstone seminar for the European Union Certificate program. Topics vary.

   Rationale: The University System of Georgia’s European Union Studies program requires a 4000-level capstone research seminar on the EU and/or its relations with other parts of the world. The course is typically offered on-line and in association with other USG institutions and/or the University of Munich. For more information see: http://www.eustudiesprogram.org/. Giving this seminar the EURO designation will be an improvement over current practice, which has used special topics numbers in HIST, POLS, ECON, and other disciplines. Because of the sporadic offering of EU courses, it is possible that a student will take more than one seminar.

   Effective Term: Summer 2009

   CURCAT:
   Major Department: College of Liberal Arts
   Can course be repeated for additional credit: Yes
   Maximum number of Credit Hours: 6
**Grading Mode:** Normal  
**Instruction Type:** Lecture or On-line

### A. Criminal Justice, Social, & Political Science

1. **Modify the following minor:**

#### International Studies Minor

</tbody>
</table>

**Rationale:** This course expands the global focus of this track.

**Effective Term:** Fall 2009

### B. History

1. **Modify the following course:**
HIST 3500 FOUNDATIONS OF INTRODUCTION TO HISTORICAL STUDIES METHODS  3-0-3
Prerequisites: Permission of instructor or department head and two of the following: HIST 1100 or POLS 1100; or HIST 1111; or HIST 1112 or HIST 1112H; HIST 2000; HIST 2111; HIST 2112.
Description: Topics-based course in which students deal with different types of historical material to examine various historical materials and the historiography of the topic in order to develop skills in research, writing, critical thinking, oral presentation, and the use of computer literacy as appropriate to the discipline of history. Topics may vary.
Rationale: The new title more appropriately reflects the course content. Although the course is offered every semester, some history majors have been shut out in the past. The “permission of instructor or department head” clause will help monitor this problem.

CURCAT:
Major Department: History
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: normal
Instruction Type: lecture

Effective Term: Fall 2009

2. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF ARTS IN HISTORY

B. Major Field Courses ........................................................................................................33 hours
HIST 3500 - Foundations of Introduction to Historical Studies Methods
HIST 4500 - Advanced Seminar in History
One course from:

HIST 4010 - Seminar in Non-Western History
HIST 4020 - Seminar in European History
HIST 4030 - Seminar in American History

One public history course (3000 or above)
Seven other history courses at the 3000 level or above
Portfolio requirement

Effective Term: Fall 2009

C. Languages, Literature, & Philosophy
1. Create the following course:
FREN 3040 BUSINESS FRENCH  3-0-3
Prerequisite: FREN 2002 or Permission of Instructor
Description: French used in business settings and commercial correspondence, along with procedures generally applicable to international commerce. Course taught in French.
Rationale: Students in French classes are increasingly majoring in business-oriented specialties. When learning a language, students also learn a certain culture. A course on the Francophone business world is consequently a necessity for those students seeking an international career, especially one in which French is going to be used. By learning the French vocabulary and techniques used in business relations, students will also learn the culture associated with business in the Francophone world. The purpose of this course is for students to become more fluent in the target language and more marketable when searching for and finding a career in the French-speaking business world.

Effective Term: Fall 2009

CURCAT:
College: Liberal Arts
Major Department: Languages, Literature, and Philosophy
Can the course be repeated for additional credit: No
Maximum number of credit hours: 3
Grading Mode: Normal
Instructional Type: Lecture

2. Create the following course:

FREN 3025 FRENCH CINEMA FOR CONVERSATION AND COMPOSITION 3-0-3
Prerequisite: FREN 2002 or Permission of Instructor
Description: Development of oral and aural proficiency and writing skills through discussions and guided essays, with emphasis on French cinema. Course taught in French.

Rationale: The two French conversation and composition courses already offered are literature and culture based, but do not emphasize French cinema. Movies reflect the culture of the French-speaking world and give visual representations of that culture (language, body language, accents, way of life, etc.) to students who may not have had a chance to travel to a French-speaking country. Films are also excellent conversation starters because they often raise issues that are more universal, such as family, values, education, religion, sexual orientation, etc.

Effective Term: Fall 2009

CURCAT:
College: Liberal Arts
Major Department: Languages, Literature, and Philosophy
Can the course be repeated for additional credit: No
Maximum number of credit hours: 3
Grading Mode: Normal
Instructional Type: Lecture

3. Modify the following course description:
FREN 1001 ELEMENTARY FRENCH I 3-0-3
Prerequisite: Eligibility for ENGL 1101
Description: Elements of French grammar, pronunciation, and oral comprehension. Emphasis on communication skills and listening and reading strategies. Introduction to culture and civilization of the French-speaking world. Development of speaking, listening, reading, and writing skills, integrated within the introduction to culture and civilization of the French-speaking world. This course is intended for students with little or no previous knowledge of French. Course taught in French.

Rationale: The changes are meant to reflect the emphasis on communication skills as well as the current national French standards.

Effective Term: Fall 2009

4. Modify the following course description:
FREN 1002 ELEMENTARY FRENCH II 3-0-3
Prerequisite: Eligibility for ENGL 1101 and FREN 1001 or Permission of Instructor
Description: Continuation of French 1001. Elements of French grammar, pronunciation, and oral comprehension. Emphasis on communication skills and listening and reading strategies. Introduction to culture and civilization of the French-speaking world. Development of speaking, listening, reading, and writing skills integrated within the study of culture and civilization of the French-speaking world. Course taught in French.

Rationale: The changes are meant to reflect the emphasis on communication skills as well as the current national French standards.

Effective Term: Fall 2009

5. Modify the following course description:
FREN 2001 INTERMEDIATE FRENCH I 3-0-3
Prerequisite: Eligibility for ENGL 1101 and FREN 1002 or Permission of Instructor
Description: Emphasis on Francophone culture using literary and nonliterary texts with continued development of reading, writing, listening and speaking skills. Study of themes and functions that reflect contemporary language use, with an emphasis on speaking, listening, writing and reading skills, within the frame of contemporary Francophone culture. Course taught in French.

Rationale: The changes are meant to reflect the emphasis on communication skills as well as the current national French standards.

Effective Term: Fall 2009

6. Modify the following course:
FREN 2002 INTERMEDIATE FRENCH II 3-0-3

Rationale: The changes are meant to reflect the emphasis on communication skills as well as the current national French standards.

Effective Term: Fall 2009
Prerequisite: Eligibility for ENGL 1101 and FREN 2001 or Permission of Instructor

Description: Continuation of FRENCH 2001 Promotion of further awareness of Francophone culture using literary and nonliterary texts with continued development of reading, writing, listening and speaking skills, with the study of themes and functions that further reflect contemporary language use, with an emphasis on speaking, listening, writing and reading skills, within the frame of contemporary Francophone culture. Course taught in French.

Rationale: The changes are meant to reflect the emphasis on communication skills as well as the current national French standards.

Effective Term: Fall 2009

CURCAT:
College: Liberal Arts
Major Department: Languages, Literature, and Philosophy
Can the course be repeated for additional credit: No
Maximum number of credit hours: 3
Grading Mode: Normal
Instructional Type: Lecture

7. Modify the following course prerequisite and description:
FREN 3010 FRENCH CONVERSATION AND COMPOSITION I: CULTURE 3-0-3
Prerequisite: FREN 2002 or Permission of Instructor
Description: Development of oral proficiency and writing skills through group discussion and guided essays writing workshops, with emphasis on Francophone culture. Course taught in French.

Rationale: The prerequisite change reflects the need for the French professor to be able to accept into the class students who are identified as having the necessary French level to enter the class without having taken the 1001-2002 sequence. It also reflects the current national French standards.

Effective Term: Fall 2009

8. Modify the following course prerequisite and description:
FREN 3020 FRENCH CONVERSATION AND COMPOSITION II: LITERATURE 3-0-3
Prerequisite: FREN 2002 or Permission of Instructor
Description: Development of oral proficiency and writing skills through group discussion and guided essays writing workshops, with emphasis on literature.

Course taught in French.

Rationale: The prerequisite change reflects the need for the French professor to be able to accept into the class students who are identified as having the necessary French level to enter the class without having taken the 1001-2002 sequence. It also reflects the current national French standards.
9. Modify the following course prerequisite and description:

FREN 3030 ADVANCED GRAMMAR AND SYNTAX 3-0-3

Prerequisite: FRENCH 3010 and FREN 3020 FREN 2002 or Permission of Instructor

Description: Advanced analysis and examination of the grammar and syntax of French, stressing written and spoken usage through written grammar exercises, translations from French to English and essays, language practice events geared toward communication. Course taught in French.

Rationale: The change reflects a switch in the way Advanced Grammar is now taught nationwide. It is not taught as a translation-intensive class any longer, but as a class geared towards written and spoken proficiency. The prerequisite change reflects the need for the French professor to be able to accept into the class students who are identified as having the necessary French level to enter the class without having taken the 1001-2002 sequence. It also reflects the current national French standards.

Effective Term: Fall 2009

10. Modify the following course prerequisite and description:

FREN 3200 SPECIAL TOPICS IN FRENCH LITERATURE 3-0-3

Prerequisite: FRENCH 3030

Description: Subject announced when course is offered. Includes surveys of nineteenth and twentieth century literature, major French literary movements, as well as more specialized topics, such as French women writers, immigration, and the holocaust. May be repeated for additional credit when topics change. Course taught in French.

Rationale: The prerequisite change reflects the need for the French professor to be able to accept into the class students who are identified as having the necessary French level to enter the class without having taken the 1001-2002 sequence. It also reflects a need for the professor to accept into the class students who want to fulfill a minor without having to go through an arbitrary sequence if they have the required level in the target language. It also reflects the current national French standards for a course in special topics in French literature.

Effective Term: FALL 2009

IV. College of Science and Technology

A. Biology

1. Delete the following certificates from Interdisciplinary Programs:
   a. Certificate in Forensic Science
   b. Post-Baccalaureate Certificate in Pre-Medical Studies
Rationale: These certificates are not official documents and do not provide students a competitive advantage. All departments (Biology, Chemistry and Criminal Justice) are in agreement that these certificate programs should be removed from the catalog.

Effective term: Fall 2009

Note: This topic was discussed in detail and it was suggested that a statement be added to the catalog and to website advising students in these programs which courses they need to take in preparation for medical schools. It was also recommended that more information on pre-professional programs be included in the AASU catalog and on the AASU website. Also, there are currently no students in these programs.

B. Chemistry & Physics

1. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN CHEMISTRY WITH AMERICAN CHEMICAL SOCIETY CERTIFICATION

B. Major Field Courses ................................................................................................... 44
    CHEM 2101/2101L - Organic Chemistry I
    CHEM 2102/2102L - Organic Chemistry II
    CHEM 2300 - Principles of Chemical Analysis
    CHEM 2700 - Descriptive Chemistry
    CHEM 3200 - Inorganic Chemistry
    CHEM 3300 - Instrumental Analysis
    CHEM 3401 - Physical Chemistry I
    CHEM 3402 - Physical Chemistry II
    CHEM 3801 - Biochemistry I
    CHEM 4500 - Chemistry Seminar
    CHEM 4991 - Advanced Chemical Research (3 hours)
    Two courses from:
    CHEM 4100 - Advanced Organic Chemistry
    CHEM 4200 - Advanced Inorganic Chemistry
    CHEM 4300 - Advanced Analytical Chemistry
    CHEM 4400 - Advanced Physical Chemistry

C. Related Field Courses .................................................................................................... 7
    MATH 2072 (1 hour in area F)
    MATH 2083

D. Electives .......................................................................................................................... 9
    9 hours of upper-division electives
    2 hours of free electives

Rationale: The American Chemical Society no longer requires a Descriptive Chemistry course for the ACS certified degree. This will give students more options to take as electives.

2. Change the following prerequisite:

CHEM 1212 PRINCIPLES OF CHEMISTRY II 3-3-4
    Prerequisite: CHEM 1211 (minimum grade of C) and MATH 1111

Rationale: Students need to achieve an acceptable level of competency in a course prior to moving forward, the department feels that level is a C. We have found that students
need to make a minimum grade of C in CHEM 1211 to be successful in CHEM 1212. Further, there are safety issues inherent in the laboratory related to mastery of content.

Effective Term: Fall 2009

3. Change the following prerequisites:
   a. CHEM 2102 ORGANIC CHEMISTRY II 3-0-3
      Prerequisite: CHEM 2101 *(minimum grade of C)* and CHEM 2101L *(minimum grade of C)*
      Prerequisite or corequisite: CHEM 2102L
   b. CHEM 2300 PRINCIPLES OF CHEMICAL ANALYSIS 3-4-4
      Prerequisite: CHEM 1212 *(minimum grade of C)*
   c. CHEM 3200 INORGANIC CHEMISTRY 3-4-4
      Prerequisite: CHEM 2300 *(minimum grade of C)*
      Prerequisite or corequisite: CHEM 2102
   d. CHEM 3300 INSTRUMENTAL ANALYSIS 3-4-4
      Prerequisite: CHEM 2102/2102L and CHEM 2300 *(minimum grade of C)*
      Prerequisite or Corequisite: PHYS 1112/1112L or PHYS 2212/2212L
   e. CHEM 3401 PHYSICAL CHEMISTRY I 3-4-4
      Prerequisite: CHEM 2300 *(minimum grade of C)* and MATH 1161
      Prerequisite or Corequisite: PHYS 1112/1112L or PHYS 2212/2212L
   f. CHEM 3402 PHYSICAL CHEMISTRY II 3-4-4
      Prerequisite: CHEM 3401 *(minimum grade of C)*

*Rationale:* All students majoring in chemistry are required to have a C in their major courses to graduate; therefore it is recommended that students be required to achieve adequate mastery of the prerequisite courses *(minimum grade of C)* before they enroll in this course. This will contribute to the overall student success in these courses.

Effective Term: Fall 2009

4. Change the following prerequisites:
   a. PHYS 1112 INTRODUCTORY PHYSICS II 3-0-3
      Prerequisite: PHYS 1111 *(minimum grade of C)* and PHYS 1111L *(minimum grade of C)*
      Prerequisite or corequisite: PHYS 1112L
   b. PHYS 2212 PRINCIPLES OF PHYSICS II 3-0-3
      Prerequisite: PHYS 2211 *(minimum grade of C)* and PHYS 2211L *(minimum grade of C)* and MATH 2072
      Prerequisite or corequisite: PHYS 2212L
Rationale: Students need to achieve an acceptable level of competency in a course prior to moving forward, the department feels that level is a C. We have found that students need to make a minimum grade of C in PHYS 1111 & 1111L to be successful in PHYS 1112 & 1112L.

Effective Term: Fall 2009

5. Change the following prerequisites:
   a. PHYS 3100 ELECTRICAL CIRCUIT ANALYSIS 3-0-3
      Prerequisite: PHYS 2212 (minimum grade of C) and PHYS 2211L (minimum grade of C)
      Prerequisite or corequisite: MATH 3411

   b. PHYS 3300 THERMODYNAMICS 3-0-3
      Prerequisite: PHYS 2212 (minimum grade of C) and PHYS 2212L (minimum grade of C) and MATH 3411

   c. PHYS 3312 ELECTROMAGNETISM 3-0-3
      Prerequisite: PHYS 2212 (minimum grade of C) and PHYS 2211L (minimum grade of C) and MATH 2083

   d. PHYS 3400 CHEMICAL THERMODYNAMICS 3-0-3
      Prerequisite: CHEM 1212 and MATH 2072 and either PHYS 1112 (minimum grade of C) or PHYS 2212 (minimum grade of C) and PHYS 2211L (minimum grade of C)

   e. PHYS 3801 OPTICS AND MODERN PHYSICS 2-0-2
      Prerequisite: PHYS 2212 (minimum grade of C) and PHYS 2211L (minimum grade of C) or both MATH 1161 and PHYS 1112 (minimum grade of C)

   f. PHYS 4170 ADVANCED MECHANICS 3-0-3
      Prerequisite: MATH 2083 and PHYS 2212 (minimum grade of C) and PHYS 2211L (minimum grade of C) (MATH 3411 also recommended)

Rationale: All students majoring in physics are required to have a C in their major courses to graduate; therefore it is recommended that students be required to achieve adequate mastery of the prerequisite courses (minimum grade of C) before they enroll in this course. This will contribute to the overall student success in this course.

Effective Term: Fall 2009

C. Information Technology

1. Modify the following program of study:
PROGRAM FOR THE DEGREE OF BACHELOR OF INFORMATION TECHNOLOGY

B. Major Field Courses ........................................................................................................36 hours
CSCI 1302 - Advanced Programming Principles
CSCI 2070 - Ethical Considerations in Computer Science
ITEC 2530 - Operating Systems
ITEC 3500 - Database Administration
ITEC 3600 - Systems Analysis and Design
ITEC 3710 - E-commerce
ITEC 3800 - Data Communications and Networks
ITEC 4390 - Senior Project (6 hours)
ITEC 4770 - Client/Server Systems
ITEC 4800 - Network Design and Administration
ITEC 4830 - Graphics Design
ITEC 5001U – Cyber Security I
ITEC 5002U Cyber Security II

D. Electives ......................................................................................................................... 9-15 hours
At least six hours of electives must be courses numbered 3000 or above.

Rationale: ITEC 5002 (Cybersecurity II) was never intended to be a required course in the Bachelor of Information Technology curriculum. It is an elective for students majoring in IT. It should be stricken from the list of required courses in the major. It is still required for the Cybersecurity minor, which is cross-listed with Criminal Justice.

2. Change the following course description
WBIT 4520 Information Assurance and Security 3-0-3
Prerequisite: WBIT 3500 Architecture and Operating Systems
Pre or Co-requisite: WBIT 3510 Data Communication and Networking.

Description: This course is an introduction to information assurance and security in computing. Topics include computer, network (distributed) system and cyber security, digital assets protection, data backup and disaster recovery, encryption, cryptography, computer virus, firewalls, terrorism and cyber crimes, legal, ethical and professional issues, risk management, information security design, implementation and maintenance.

Note: If a student is taking WBIT 3510 as a co-requisite and subsequently withdraws from WBIT 3510, the student must also withdraw from WBIT 4520

Rationale: WebBSIT Operating Board has clarified the co-requisite requirement for this course in December 2008 Operating Board Meeting.

Effective Term: Fall 2009

3. Change the following course description
WBIT 3200 Database Design, Development and Deployment 3-0-3
Pre or Co-requisite: WBIT 2311.
**Description:** An advanced course in database design, development and deployment. Course emphasizes database design drawing distinctions between data modeling and process modeling using various modeling techniques including Entity-Relationship Modeling, Object Modeling and Data Flow Diagramming; database development using the relational model, normalization, and SQL; database deployment including control mechanisms, forms, reports, menus and web interfaces. Additional topics include procedures, functions, packages and triggers. Students will design, create and process a database to demonstrate competency in the course content. **Note:** If a student is taking WBIT 2311 as a co-requisite and subsequently withdraws from WBIT 2311, the student must also withdraw from WBIT 3200.

**Rationale:** WebBSIT Operating Board has clarified the co-requisite requirement for this course in December 2008 Operating Board Meeting.

**Effective Term:** Fall 2009

**D. Mathematics**

1. **Change the description of Progress Requirements as follows:**

   Progress Requirements

   To earn the bachelor’s degree in the mathematical sciences, students must complete all mathematics courses and all courses in their chosen minor or area of concentration required in the program of study with a grade of C or better. In order to complete the prerequisites for a mathematics course other than MATH 2200 or MATH 2008, the prerequisite courses must be completed with a grade of C or better. A grade of C or better is required in each course used toward a minor in Mathematics or Statistics.

   **Rationale:** The current description does not clearly state the intention for students obtaining a minor in Mathematics or Statistics to complete the courses used towards such a minor with a grade of C or better. This requirement is consistent with minor requirements for other programs of study within the College of Science and Technology. In addition, a typographical error is corrected by deleting the repeated word “study.”

**SECTION II. Area B Courses Approved**

The following items were discussed and approved by the committee. They are being submitted to the Faculty Senate for approval. However, final approval resides with the Administrative Council on General Education of the Board of Regents.

**I. College of Education**

A. **Middle and Secondary Education**

   1. Create the following course:

   Area B – Institutional Options
**Ethics & Values**

**EDUC 2000 Ethics and Values in Public Education** (2-3) – 0 – (2-3)

*Pre-requisites: ENGL 1101*

*Co-requisites: None*

**Description:** Explores the interaction among ethical, philosophical and educational theories. Examines legislative actions that have shaped public educational policy in the United States. Explains why school aged children in the United States are guaranteed a free, appropriate public education (FAPE) regardless of race, creed, color, religion, social station, gender, or ability.

**Rationale:** Students will receive a broad, historical view of the ethical, legal, theoretical and philosophical underpinnings that have shaped public education in the United States. Course is designed for a wide audience of individuals who will at some point in the future interact with public education as parents, guardians, voters, school board members, educators, education support personnel, or interested citizens.

**Effective Term:** Fall 2009

**CURCAT**

*Major Department: College of Education*

*Cross listed: No*

*Equivalent courses: None*

*Can course be repeated for additional credit: No*

*Maximum credit hours: 3*

*Grading mode: Normal*

*Instruction type: Lecture*

**II. College of Health Professions**

**A. Radiologic Sciences**

1. Create the following course:

   **HLPR 2020 Health Care Ethics** (2-3)-0-(2-3)

   **Prerequisite:** ENGL 1102

   **Description:** Interdisciplinary examination of the relation between ethical theory and moral practice in health care from the perspective of both practitioners and consumers.

   **Rationale:** This course offering will enhance options for students by tailoring discussion topics to ethical issues in the health care environment. The course will be a COHP interdisciplinary course offering. If approved by the university, consent will be requested from the Board of Regents to be used in AREA B of the core.

   **Effective Term:** Summer 2009

**CURCAT:**

*Major Department: Radiologic Sciences*
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Mode: normal
Instruction Type: Lecture

SECTION III. 5000-level Items Approved
The undergraduate components of the following items were discussed and approved by the committee. They are being submitted to the Graduate Curriculum Committee for approval of the graduate components.

I. College of Education
   A. Middle and Secondary Education
      1. Change the following pre-requisites and co-requisites:
         a. MGSE 5300U/G Content Methods Language Arts 3-2-3
            Undergraduate Pre/Corequisites: Unchanged
            Graduate Prerequisites: Admission to Candidacy in the Department of Middle Grades and Secondary Education, EDUC 6200, EDUC 6300, MGSE 6000, MGSE 6100
            Graduate Co-requisites: MGSE 6300, MGSE 6400
         b. MGSE 5400U/G Content Methods Social Studies 3-2-3
            Undergraduate Pre/Corequisites: Unchanged
            Graduate Prerequisites: Admission to Candidacy in the Department of Middle Grades and Secondary Education, EDUC 6200, EDUC 6300, MGSE 6000, MGE 6100
            Graduate Co-requisites: MGSE 6300, MGSE 6400
         c. MGSE 5500U/G Content Methods Science 3-2-3
            Undergraduate Pre/Corequisites: Unchanged
            Graduate Prerequisites: Admission to Candidacy in the Department of Middle Grades and Secondary Education, EDUC 6200, EDUC 6300, MGSE 6000, MGE 6100
            Co-requisites: MGSE 6300, MGSE 6400
         d. MGSE 5600U/G Content Methods Middle Grades Mathematics 3-2-3
            Undergraduate Pre/Corequisites: Unchanged
            Graduate Prerequisites: Admission to Candidacy in the Department of Middle Grades and Secondary Education, EDUC 6200, EDUC 6300, MGSE 6000, MGE 6100
            Graduate Co-requisites: MGSE 6300, MGSE 6400

Rationale: The department discovered that the large number of prerequisites and co-requisites made it difficult for students to have a smooth matriculation through the
Many of our students take one content methods course at a time and are blocked by courses having numerous prerequisites and/or co-requisites.

Effective term: Summer 2009

II. College of Liberal Arts

A. Criminal Justice, Social, & Political Science

1. Modify the following course description:

POLS 5440U/G LATIN AMERICAN POLITICS 3-0-3
Prerequisites: Unchanged

Description: Examination of cultural, social, and traditions, economic institutions and problems facing the region, the challenges to democratic consolidation, patterns of historical development, interest groups, political parties, efforts to strengthen and deepen the recent transitions to democracy, and civil-military relations in post-authoritarian Latin America.

Rationale: The change in course description better reflects the changes currently taking place in Latin America with the rise of new actors and issues in domestic and international politics.

Effective Term: Fall 2009

B. Languages, Literature, & Philosophy

1. Create the following course:

FREN 5030 U/G SPECIAL TOPICS IN FRANCOPHONE LITERATURE 3-0-3
Undergraduate Prerequisite: ENGL 2100 or Permission of Instructor
Graduate Prerequisite: None

Description: Analysis of post-colonial, French-language literatures from Asia, Africa, the Carribbean, Canada and Cajun areas, in English translation.

Rationale: This course is meant to open French literature to the AASU student community. There are no courses on French literature offered in English (in translation) on our campus, while that literature is one of the richest and most influential of the modern European world, featuring authors such as Pisan, Montaigne and Descartes, Hugo and Dumas, Sartre, Foucault and De Beauvoir. There is also a current interest in literature of the Francophone (French speaking) World, with the study of works by Bâ, Senghor, and Césaire, to cite only a few. This course would offer the richness of Francophone Literature to students who are not able to read it in its original language. Also, it would allow professors of English literature, gender and women’s studies as well as African American literature to teach a special topics course on specific themes in their own courses, but with a focus on Francophone authors. Graduate students will be required to lead discussion on one author/work and will do more substantial research.

Effective Term: Fall 2009
SECTION IV. Items Remanded, Rejected, Tabled, Withdrawn
The following items were discussed and either remanded, rejected, or tabled by the committee, or were withdrawn by the department. See individual items for details.

I. College of Education
A. Middle and Secondary Education

The following item was withdrawn by the department for reworking.

1. Create the following class:
   MGSE 5800U/G Economics and Personal Finance for Teachers 3-0-3
   Undergraduate Prerequisites: Admission to Candidacy in the Department of Middle and Secondary Education or approval of the instructor
   Graduate Prerequisites: Admission to Candidacy in the Department of Middle and Secondary Education or approval of the instructor
   Description: This course provides a basic study of microeconomic and macroeconomic concepts, methodology, resources for incorporating economics into the school curriculum, providing the basic concepts of personal finance as it relates to individual and family units, and teaching materials developed for the appropriate grade level.

   Rationale: This course is designed to address the new State of Georgia Professional Standards (GPS) requiring concentration on economics in the Social Studies curriculum. Graduate students will research the change in teaching standards that necessitated the addition of Economics to the GPS Standards. Graduate students will also prepare and deliver a presentation to the class on how to incorporate the teaching of Economics in the Social Studies classroom.

   Effective Term: Summer 2009

CURCAT
   College: Middle and Secondary Education
   Major Department: Middle and Secondary Education
   Can Course be repeated for additional credit: No
   Maximum Number of Credit Hours: 3
   Grading Mode: Normal
   Instruction Type: Lecture
Discussion points: Is there anyone in the department who is qualified to teach economics? Is the course about the pedagogy of economics rather than economics itself. If so, does the wording of the course description need to be changed? Does one need to be qualified to teach economics in order to teach how to teach economics?

Dr. Rick McGrath and Dr. Pat Thomas had a meeting to discuss this class. The suggestion coming out of the discussion was that an economics professor write a class that would meet the GPS standards.

II. College of Liberal Arts
A. Criminal Justice, Social, & Political Science

Items 1 and 2 below were withdrawn by the department because the Department of Computer Science is not putting their associated changes forward at this time.

1. Modify the following program of study:

PROGRAM FOR THE DEGREE OF BACHELOR OF SCIENCE IN CRIMINAL JUSTICE

Track II: Cybersecurity

C. Related Field Courses

- MATH 1111 – College Algebra
- ITEC 1310 – Programming in Visual Basic
- CSCI 2070 – Introduction to Computer Ethics and Cyber Security
- CSCI 2000 – Introduction to Computer Ethics and Security

Rationale: The College of Science and Technology has already made these changes. COLA needs to be consistent with its listings.

Effective Term: Fall 2009

2. Modify the following minor:

Cyber Security Minor

- CSCI 1150 – Fundamentals of the Internet and the World Wide Web
- CSCI 2070 – Introduction to Computer Ethics and Cyber Security
- CSCI 2000 – Introduction to Computer Ethics and Security

One course selected from:
- ITEC 1310 – Programming in Visual Basic
- CSCI 1302 – Advanced Programming Principles

One course selected from:
- CRJU 3300 – Criminology
- CRJU 3500 – Criminal Evidence and Procedure
- CRJU 3600 – Topics in Criminal Justice
- CRJU 5500U – Law and Legal Process
- CRJU/ITEC 5001U – Cyber Security I
Rationale: The College of Science and Technology has already made these changes. COLA needs to be consistent with its listings.

Effective Term: Fall 2009

III. College of Science and Technology
   A. Chemistry & Physics

The following item was tabled because there are questions about whether this is the right way to do a course that is repeatable for credit. Also, the CURCAT information is incorrect.

1. Modify the following course:
   PHYS 4991, -2, -3, -4 ADVANCED RESEARCH IN PHYSICS  0-(3-9)-(1-3)

   Rationale: Modify the course title of PHYS 4991 in the catalog to allow the course to be taken more than once. This was modeled after the CHEM 4991, -2, -3, -4 ADVANCED CHEMICAL RESEARCH  0-(3-9)-(1-3)

   Effective Term: Fall 2009

   CURCAT:
   Repeatable: Yes
   Instructional Type: Lab
   Cross listed: None
   Grading Mode: Normal
   Equiv. Course: None
   Maximum Number of Credit Hours: 3

B. Computer Science

This following item was tabled because the CURCAT is incorrect regarding repeatability, and Dr. Saad had to leave before we got to this item.

1. Create the following course:
   CSCI 5990U/G Special Topics in Computer Science  V-V-(1-4)
   Undergraduate Prerequisites: announced with the topic
   Graduate Prerequisites: announced with the topic
   Description: Selected new topics in computer science.

   Rationale: A special topics course is designed for introducing new technologies. Such a course is for trying new ideas before proposing a permanent course. We need a special
topics at this level for both undergraduates and graduate students to take. Undergraduate student will enroll in CSCI 5990U and graduate students will enroll into CSCI 5990G. Graduate students will be required to do an extra research paper or project.

CURCAT:
Major Department: Computer Science
Can Course be repeated for additional credit? No
Maximum Number of Credit Hours: 4
Grading Mode: Normal
Instruction Type: Lecture
Effective Term: Fall 2009

OTHER BUSINESS
Ms. Panhorst reported that there are some processing delays due to the change in the approval process. Currently, items approved by University Curriculum Committee go to the Senate for approval. After the minutes of the Senate meeting are approved, the go to the President for final approval. 5000-level classes go to the Graduate Curriculum Subcommittee before going on to the Senate for approval. Dr. Rich asked that this item be put on the agenda next month to discuss how the process might be streamlined.

ADJOURNMENT. The meeting was adjourned at 5:19 p.m.

Respectfully submitted,

Phyllis L. Panhorst
Catalog Editor and Secretary to the Committee
