Undergrad Researcher to Present at National Conference

October 7, 2021

Richard Smith III, an undergraduate student in the Mechanical Engineering program, was selected to present his work at CUR's Research Experiences for Undergraduates (REU) Symposium. Richard currently conducts research under the supervision of Dr. Valentin Soloiu, Professor and Allen E. Paulson Distinguished Chair of Renewable Energy. He will present his work on "Sustainable Alternative Fischer-Tropsch Aerospace Fuels using Low-Temperature Combustion" at a virtual event to be held on Monday, October 25th, 2021.
