- VI. Old Business
- a. Reports from the Constitution & Bylaws Committee, Dr. Greg Knofczynski
    - i. Amendment process
      - see [Constitution & Bylaws Minutes, Nov 18, morning session](#)
- Discussion:  
 Chair Knofczynski states that electronic voting will take place hopefully early January 2010 to mid February.  
 Sen. Simmons: will faculty be alerted?  
 Chair Knofczynski: by e-mail, every step of the way.
- ii. Ex-officio senate membership survey results
    - see [Constitution & Bylaws Minutes, Nov 18, afternoon session](#)
    - Accepted as committee report
- Discussion:  
 Sen. Todesca: read with interest. Fairly clear negative response regarding ex officio on senate.  
 Sen. Hollinger: how many responded?  
 Sen. Knofczynski: just over 20

Sen. Hollinger: with so few responses how can we ascertain anything from this?

Sen. Simmons: is there a vote relating to this? Or is it just info?

A. Just for information purposes.

Sen. Hopkins: can this be e-mailed?

Sen. Knofczynski: sure, it's possible.

Sen. LeFavi: the survey question "do you speak freely with your supervisor" no, no, no, – these answers indicate that we simply need to recognize this.

President Hampton: by accepting report we are.

Sen. Hollinger: so there's no action by simply officially accepting this?

Pres. Hampton: the survey becomes public.

Sen. Carpenter: we as a senate can propose any amendment to the constitution we feel is appropriate.

Sen. Todesca: Parliamentarian? What's next?

Parlim. Skidmore-Hess: that's up to any senator; an item can be brought to the floor at any time.

Sen. LeFavi: seems this isn't going away – why? What's creating this level of discomfort?

Sen. Hampton: as senator, not president: how can you have shared governance without administrative in-put? Georgia is an open meeting state. It seems this is a moot point. We keep going round and round and we as a body do not seem to have any compunction regarding our ability to speak up.

Sen. Todesca gives a few examples from the survey of stated fears.

Sen. McGrath: Those of us who don't mind speaking up are not representative of every one in the room. We don't use an example to prove a generality. This is supposed to be the body for faculty's share of the process; this is not the place for everyone to be represented.

Parlim. Skidmore-Hess: Sen. Todesca can make a motion.

Sen. Todesca: no one is trying to deny administrators, as faculty, their ability to sit-in on meetings; it's an issue of awarding them the ex-officio status.

Motion on the floor: issue a new survey.

Sen. Erney: (speaking to ex-officio present) would you be here if you didn't have that status?

Vice President Whitford: in my career experience, it's important that I see and hear as much as possible to be as informed as possible. This senate really hasn't gotten to the point where it's functioning as it will. We wanted faculty governance but according to BOR there has to be University President representation.

Dean Conroy: in established senates, Dean's are ex officio.

Dean Shields: with the ex officio status, it's part of our job responsibility, if we're not ex officio? I'm not inclined to attend. Why don't you propose a constitutional amendment so that as you go forward you can have a real conversation about this issue? Past experience: faculty are not afraid to speak up on important issues. And, just because people are quiet does not mean they have no opinion or are afraid to speak. The most influential faculty tend to be those who speak the least, and every one listens when they have something to say.

Dean Wachholz: nothing to add to Shields. We are just here to listen. If you want to do that go ahead, but the more you isolate senate from administration, the less gets done.

Dean Barrett: agree with Shields. Remove ex officio status, I'm not coming. Past experience: deans were part of process.

Sen. LeFavi: Natural proclivities aside, are people inclined to speak or not. Tenure status seems to be a big issue from the survey.

Sen. Hollinger: I'm concerned about taking this survey as gospel considering the return rate.

Motion on floor: further study via Constitution & Bylaws Committee: 11 for 21 against.

iii. Huntington-Hill Apportionment Method

– see [Constitution & Bylaws Minutes, Nov 18, afternoon session](#)

Discussion:

Sen. Wells: the library lost a senator, but what helped was to recognize that the designation was reflective of how many people were employed within the department

b. Summer Schedule – Registrar Judy Gitner (App E)

Discussion:

Sen. Matteer: having taught summer, the numbers on the color hand-out are incorrect. Where did the numbers come from?

Registrar Gitner: SHIP schedules. Except, we didn't count every lab, every minute. More like eyeballed it overall, especially in the biology 4 week term.

Sen. Matteer: so their lab time is reduced.

Regis. Gitner: it was not as scientific as would have liked. If I didn't do the perfect job I apologize.

Sen. McGrath: our long and careful discussion with all considerations and presenting an option to the office were ignored. This is the problem.

Sen. Bevis: faculty is only one part of the decision process. The over-all picture is one of the reasons the Registrar had to make the decision she did.

Sen. Craven: numbers are inaccurate; but that's not going to change what we're locked into for the next three years, but hopefully meaningful numbers will be utilized forward.

Sen. LeFavi: here we are in December, we've got to go on with it. Agree with McGrath, but we still have to get this on the road.

Pres. Hampton: Dr. Craven's point is well taken, now the opportunity to get good numbers is upon us.

Sen. Logan: Secondary Education department is not happy, but nonetheless moving on with this.

c. Emeritus Faculty Status, examination of benefits – assigned to Faculty Welfare Committee

d. Graduate Faculty Status, examination of establishment procedure and maintenance process – assigned to Graduate Affairs Committee

VII. New Business

a. Interdisciplinary Studies Committee Bylaws first reading, Dr. Greg Knofczynski (App F)  
Motion to accept changes: unnecessary (via Parliamentarian)

Discussion:

Chair Knofczynski: Interdisciplinary Studies Committee would like to re-work their bylaws to remove student membership because the student members are being mis-led with regard to their role and the committee has no say in the selection of student members.

Sen. Craven: what's with the three year term length for members of this committee?

Sen. Scott: my recollection, two year norm, three allowed.

Parlim. Skidmore-Hess: constitution seems to allow only two year terms.

Nivens: I've been concerned about this since beginning of last year. With no senate oversight on student memberships. We need to have some input on how that's done. Nothing has happened to get faculty on student committees either.

Pres. Hampton: reciprocity is in process and coming in January.

Chair Knofczynski: the bylaws confirm the possibility of a three year term.

Parlim. Skidmore-Hess: the constitution doesn't agree – sticks to a two year term limit.

b. Graduate Curriculum Committee items for Senate acceptance (App G & H)  
Appendix G & H: accepted.

c. Sen. Scott: makes a motion that the Faculty Grievance Committee needs to be reconstituted. (App I)

Discussion:

Sen. Carpenter: I was on that committee before this, and we got nothing accomplished. Due the parameters we had to work within.

Sen. Simmons: I concur. It would be useful, if there was another body in place that replaced that committee? Mediation?

Dr. Kraft: there is a conflict resolution program is in effect. There is also a grievance procedure in place beyond that.

Vice Pres. Whitford: we're looking at grievance. There is a university grievance procedure. It's a university committee. Dr. Kraft was asked earlier to put names on the committee– but it's ad hoc. It should not be part of the senate.

Sen. Scott: basically, the concerned faculty member was simply concerned about what had replaced the grievance committee.

Motion to send to the Steering Committee: passes, 28 for, 5 against.

VIII. Announcements

Pres. Hampton: the next senate meeting is the first day of spring semester classes.

Sen. Carpenter: our meeting dates are not in Cove.

IX. Adjourned: 4:26

Respectfully Submitted,

Jewell Anderson

**ITEMS**

**SECTION I. Undergraduate Items Approved**

The following items were discussed and approved by the committee and are being submitted to the Faculty Senate for approval.

**I. College of Education**

**A. Early Childhood Education**

**1. Change the following course title:**

ECUG 4080 ~~Life and Physical Science~~ **Methods in Early Childhood Science** 3-3-3

Rationale: The title, Methods in Early Childhood Science, more accurately describes the course content.

**Effective date: Fall 2010**

**B. Health and Physical Education**

**1. Change the title and description of the following course:**

PEBC 1502 ~~Folk, Social, and Contemporary Dancing~~ **Contemporary Dance from Around the World** 0-2-1

Description: Continuation of PEBC 1501. ~~with emphasis on dynamics, composition, and choreography.~~ **This course includes social dances from different countries with emphasis on dynamics, composition, and choreography. Dances may include: cha-cha, salsa/mambo, tango, rumba, swing, line, plus square dances from various countries.**

Rationale: The name change demonstrates the international flavor of the course that includes diverse dances from around the world. The addition of the dances will meet the interests expressed by students.

**Effective Term: Fall 2010**

**2. Change the title of the following course:**

PEEC 3140 – ~~Coaching Baseball and Softball~~

3-0-2

Rationale: Including both softball and baseball in one course prevents detailed instruction in each sport.

**Effective Term: Fall 2010**

**C. Special and Adult Education**

**1. Create the following course:**

**SPED 4740 Internship I**

**1-V-3**

**Prerequisites: Admission to Candidacy in the Department of Special and Adult Education.**

**Description: Directed field experience with students with disabilities.**

Rationale: Course is designed to ensure that candidates have the Professional Standards Commission's mandated experience working with students with disabilities at multiple levels.

**Effective Term: Fall 2010**

**CURCAT:**

**Major Departments: Special and Adult Education**

**Can course be repeated for additional credit? No**

**Maximum Number of Credit Hours: 3**

**Grading Model: normal**

**Instruction Type: Lecture/Lab**

**2. Change the following course title, hours, and course description.**

CEUG 3012 ~~Language Development: Ages and Stages~~ **Language Acquisition** ~~3-1-3~~ **3-0-3**

**Description:** ~~Normal development of language components: semantics, phonology, morphology, syntax, and pragmatics across the life span. Covers the current theories that explain human language acquisition. Study includes language components: phonology, morphology, syntax, semantics, and pragmatics. Explores typical and atypical language behaviors and describes intervention and simulation strategies~~ **development and describes cultural influences on language acquisition and communication competence. Practicum required.**

Rationale: The changes in title and description clarify the course content and coverage. The change in hours reflects that the practicum has been moved to Internship I.

**Effective Term: Fall 2010**

**3. Change the following course prefix, hours, and course description:**

~~SPED~~ CEUG 3010 Constructing Literacy Programs for PK-12

**Effective Term: Fall 2010**

**CURCAT (change only)**

**Equivalent course: SPED 3010**

**4. Change the following course hours and course description:**

SPED 4007 Directed Field Based Research

~~1-3-3-1-V-3~~

Description: **Provides** Opportunities for pre-service teachers to engage in field based, **action** research in special education. ~~A capstone course.~~ May serve as an honors course. **Field experience is required.**

Rationale: The change in non-lecture hours to V (variable) allows for flexibility in the time needed to complete the field experience assignment in this course. Although students must complete a specified number of hours of major course work as a prerequisite to this course, it is not a capstone course. It does involve action research in a classroom with special education students.

### Summer calendar

Athletics – no immediate impact

Housing – need time to clean rooms between terms

Financial Aid

Must be at least 8 weeks long

Limit the number of sessions

Verification of attendance, disbursement, rescheduling must be processed for each session;  
multiple sessions diverts staff time away from fall processing

Need summer schedule set at least one year in advance (by March for 2011)

Once the dates are set and then are changed, processing for each student must be done manually.

### Proposal

1. Adopt a calendar.
2. Commit to it for at least 3 years (prefer 5).
3. Evaluate at end of second year (academic year 2011-12) if needed for Summer 2013.
4. Adopt the 5/5/10 calendar
  - The current 4/4/6/8 calendar causes the university to compete internally for student seats in summer classes; 5/5/10 or 4/6/10 would not
  - Lab hours in 4/4/6/8 or 4/6/10 week courses do not always equal those of a full semester
  - Students do not take 2 classes (excluding labs) in one 4-week term
    - 2005 – 1355; 5 students with 2 or more classes in C or D
    - 2006 – 1190; 3
    - 2007 – 1242; 0
    - 2008 – 1710; 0
    - 2009 – 1791; 0
  - Students cannot finish a lab science sequence in summer in 4/4/6/8 or 4/6/10
  - Survey results: 69.5% of students in favor of 5/5/10
  - 74.1% of employees in favor of 5/5/10
  - Survey results: Prefer 4/4/8
  - Reasons given: None – 69.2%; Time off – 30.8%
  - 5/5/10 is a compromise of the needs of all colleges; best meets the needs of the students and the university

## **Appendix F**

### **Interdisciplinary Studies Committee Bylaws**

#### **Mission**

The Interdisciplinary Studies Committee will establish and maintain liaisons with departments in all schools and colleges for the purposes of encouraging program development, promoting existing programs, and coordinating interdisciplinary studies at Armstrong Atlantic State University.

#### **Duties**

The committee will (1) serve as an advisory group that will monitor and advocate for the development and effectiveness of interdisciplinary courses and programs and (2) assume ad hoc responsibilities as they arise.

#### **Membership**

The committee shall be composed of nine to fifteen faculty members: it must include the coordinators of all interdisciplinary majors. A minimum of five faculty representing various interdisciplinary minors or certificates shall serve on this committee. A chair for the committee shall be elected at the first meeting of each academic year. The faculty members of the committee shall serve three year terms. ~~The committee shall also have two student members, representing the interdisciplinary graduate and undergraduate programs respectively. These student representatives will be non-voting members and be nominated by the Student Government Association and Graduate Student Council following recommendations from the faculty members of the committee. Student representation shall be established each year, and the student representatives will be asked to serve a one year term.~~

#### **Meetings**

This committee shall meet at least once per academic semester. The committee will determine meeting dates and times to be posted on the senate website.

#### **Reports**

The minutes of each meeting will be provided to the Secretary of the Senate for posting. At the end of each semester, the chair of the committee will submit to the Senate a summary of committee activities.

**Rationale:** The Interdisciplinary Studies Committee is concerned about the process by which student members will be nominated and selected for service on this Committee. Also, since faculty discussions sometimes include the creation and/or modifications of programs, the student members might be misled concerning the certainty of such programs. The Committee intends to reconsider the issue of student representation at a later date.

**PRESENT:** Carol Andrews, Sabitra Brush, Brenda Logan, Anita Nivens (Chair), Regina Rahimi, Phyllis Panhorst (Catalog Editor)

**ABSENT:** Kalenda Eaton, Elwin Tilson

**GUESTS:** Jill Bell, Pam Magliulo, Rick McGrath

**CALL TO ORDER.** The meeting was called to order at 2:15 by Dr. Anita Nivens.

**APPROVAL OF MINUTES.** The minutes of April 24, 2009 were approved as presented.

**ITEMS**

**I. College of Liberal Arts**

**A. Criminal Justice, Social, & Political Science**

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee, contingent upon questions being satisfactorily answered by someone from the Department of Criminal Justice, Social and Political Science at the Graduate Affairs Committee meeting.

- \_\_\_\_\_ **1. Create the following course:**  
**POLS 5300U/G Marxism, Socialism, and Democracy 3-0-3**  
**Undergraduate Prerequisite: POLS 1150 or POLS 1200 or POLS 2290 or POLS 2200 or HIST 1112**  
**Graduate Prerequisite: None**

**Description: Classical and critical readings of Marxist texts. Examination of history of communist regimes, revolution, and social democratic governments. Evaluation of significance for contemporary democratic theory and practice.**

Rationale: The course establishes a regular offering in an important area of study and is normative in B. A. Political Science programs. The course complements existing offerings in the major. Graduate students must complete a research project requiring in-depth textual study and review of scholarly literature.

**Effective Term: Fall 2010**

**CURCAT:**

**Major Department: CJSPS**  
**Can the course be repeated for additional credit: No**  
**Maximum number of credit hours: 3**  
**Grading Mode: Normal**  
**Instructional Type: Lecture**

## **B. Economics**

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee.

### **1. Create the following course**

**ECON 5150U/G Survey of Economics for Educators 3-0-3**

**Undergraduate Pre-requisite: (U/G) Admission to Candidacy in the College of Education or holds current teaching certification**

**Graduate Pre-requisite: (U/G) Admission to Candidacy in the College of Education or holds current teaching certification**

**Description: Survey of macroeconomic, microeconomic, and personal finance topics relevant to the Georgia Performance Standards for teaching economics in grades K-12. Course examples will be drawn from classroom resources available to educators. Students will be expected to develop a portfolio of grade-level appropriate examples for future classroom use.**

**Rationale:** The Georgia Performance Standards for Economics requires that high school economics students pass an exam that is approximately 85 percent economics and 15 percent personal finance. To cover the material necessary for proper preparation, prospective high school teachers would currently need to take at least two economics courses for which there is little or no room available in their curriculum. This course provides a practical foundation for meeting educational needs for teachers K-12. Graduate students will be required to create and present a course module for an assigned topic.

**Effective Term: Spring 2010**

### **CURCAT:**

**Major Department: Economics**  
**Can the course be repeated for additional credit: No**  
**Maximum number of credit hours: 3**  
**Grading Mode: Normal**  
**Instructional Type: Lecture**

## **C. Languages, Literature, & Philosophy**

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee.

### **1. Modify the following course:**

**ENGL 5350U/G Topics in African American Literature 3-0-3**

**Undergraduate Prerequisite: ENGL 2100 or permission of department head**

**Graduate Prerequisite: None**

**Description:** Thematic approach to African American Literature, with emphasis on historical, philosophical, and/or cultural contexts. Topics such as religion, migration, the oral tradition, autobiography, popular culture,

rhetoric, civil rights, slavery, sexuality, or literary theory. **May be repeated for additional credit when topics change.**

Rationale: An oversight when we first modified this course last year. All of our special topics courses are repeatable.

**Effective Term: Fall 2010**

**CURCAT:**

**Can course be repeated for additional credit? Yes**

**Maximum Number of Credit Hours: 6**

## **OTHER BUSINESS**

It was decided to keep the meetings at the traditional time of 2:15 p.m. on the last Friday of the month. Ms. Panhorst will make room arrangements for UH 282.

**ADJOURNMENT.** The meeting was adjourned at 2:39 p.m.

Respectfully submitted,

### ARMSTRONG ATLANTIC STATE UNIVERSITY

University Hall 282  
Minutes, October 30, 2009

**PRESENT:** Carol Andrews, Sabitra Brush, Kalenda Eaton, Anita Nivens (Chair), Regina Rahimi, Elwin Tilson, Phyllis Panhorst (Catalog Editor)

**ABSENT:** Brenda Logan,

**GUESTS:** Joyce Bergin, Judy Ginter

The Graduate Curriculum Subcommittee will meet at 2:15 p.m. on Friday, October 30 in University Hall 282.

### A G E N D A

**CALL TO ORDER.** The meeting was called to order at 2:15 p.m. by Dr. Anita Nivens.

**APPROVAL OF MINUTES.** The minutes of September 25, 2009 were approved with additions made at the Graduate Affairs Committee of October 20, 2009.

### ITEMS

The following items from the College of Education are recommended for approval by the Graduate Curriculum Subcommittee.

**College of Education  
Early Childhood Education**

**Change the following course title:**

~~ECEG 7010 Advanced Methods in Elementary Science~~ **Advanced Methods in Early Childhood Science**  
3-0-3

Rationale: The title, Advanced Methods in Early Childhood Science, more accurately describes the course content. “Early Childhood” now replaces “Elementary” in the literature of the field of Early Childhood Education.

**Effective: Fall 2010**

## B. Special and Adult Education

### Modify the Program of Study for the Master of Arts in Teaching General Special Education/Initial Certification.

<del>CEUG 1010 Lifespan Development</del>	
<del>CEUG 3012 Language Development: Ages and Stages</del>	
<del>CEUG 2100 Introduction to Students with Disabilities</del>	
<del>SPED 3010 Constructing Literacy Programs PK-12</del>	
Foundations courses.....	15 hours
EDUC 6000 Professional Orientation to Teaching	3
EEXE 7001 Technologies for Special Education	3
EEXE 6790 Legal and Procedural Issues in Special Education	3
EEXE 7403 Brain Research and Educational Practice	3
EEXE 6130 Assessment of Student with Disabilities	3
Specialized Content.....	18 hours
EEXE 6034 Cognitive and Behavior Problems that Disrupt Learning	3
EEXE 6406 Social and Behavioral Issues of Individuals with Disabilities	3
EEXE 6400 Collaboration for Transition and Post Secondary Education	3
EEXE 6032 Methods and Strategies for Teaching Mathematics and the Content Areas	3
EEXE 6031 Methods and Strategies for Teaching Reading, Spelling and Written Expression	3
EEXE 6750 Graduate Internship (all courses must be completed)	3
Total Semester Hours	33

Rationale: Remove the four prerequisite courses from the program of study. The four, undergraduate level prerequisite courses slow down students' matriculation through the MAT program and add unnecessary financial burdens to their graduate studies. The Department has placed the content of these prerequisite courses into the graduate courses already approved for the program of study.

#### Effective term: Fall 2010

### Drop the following course from the program of study for the Master of Arts in Teaching General Special Education/Initial Certification

~~EEXE 6406 Social and Behavioral Problems that Disrupt Learning 3-0-3~~

Rationale: The content of this course has been combined with the content of EEXE 6034 Cognitive and Behavioral Problems that Disrupt Learning.

#### Effective term: Fall 2010

Change the title and course description of the following course:

~~EEXE 6034 Cognitive and Behavioral Problems that Disrupt Learning~~  
 —— **Disabilities that Impact Learning and Behavior** 3-0-3

Description: ~~Emphasis on differentiating the characteristics~~ This course offers in-depth study of students with various cognitive, **social**, and behavioral problems that disrupt learning. ~~Includes~~ Covers etiologies,

**characteristics**, cultural and social impacts of the ~~disability~~ disabilities and the theories, **research**, and systems that support assessment, interventions, and support services.

Rationale: This course reflects the merger of content from the deleted course, EEXE 6406. It offers students more cohesive coverage of the content.

**Effective term: Fall 2010**

**4. Change the title, course description, and hours of the following course.**

EEXE 6031 ~~Methods and Strategies for Teaching Language and Literacy Skills for Reading, Spelling, and Written~~ **3-0-3-3-V-3**

~~Description: Provides an in depth study of remediation, accommodation, and instructional methods and strategies that are appropriate or students with cognitive and behavior problems that disrupt learning in reading, spelling and written expression. Includes goals setting and objectives that guide planning and assessment. Course covers basic language acquisition theories and the role of language in developing skills in reading, spelling, and written expression. Covers research based methods for developing literacy skills for students with language based learning problems. Field experience required.~~

Rationale: Course now includes the critical elements of language and literacy deficits that create reading, spelling, and written expression deficits. The new title accurately reflects course content. The change in course hours provides for the flexibility needed to complete the field experience.

**Effective term: Fall 2010**

**5. Create the following course:**

**FOUN 6745 Classroom Based Research 3-V-3**

**Prerequisite: None**

**Co-requisite: None**

**Description: Course helps educators learn to apply basic principles of research to classroom instruction to assess its effectiveness with diverse students. Demonstrates applied research principles, data collection, data analysis, summarizing results, and reporting procedures for various constituents. Course project may be included in a program's exit portfolio.**

**Rationale: Applied or action research is a factor in the modern classroom and especially for educators who must demonstrate instructional validity. A research course is appropriate for advanced teacher preparation programs**

**Effective term: Fall 2010**

**CURCAT:**

**Major Department: Special and Adult Education**

**Can course be repeated for additional credit? No**

**Maximum Number of Credit Hours: 3**

**Grading mode: Normal**

**Instruction Type: Lecture**

**6. Change the hours for the following course:**

EEXE 6750 Graduate Internship ~~0-V-3~~ 0-V-4

Rationale: The Department of Special and Adult Education will add a field based research project component to the internship, therefore, an additional hour of credit is appropriate.

**Effective term: Fall 2010**

**7. Modify the Program of Study for the Master of Arts in Teaching General Special Education/Initial Certification**
