VI. Old Business
    a. Reports from the Constitution & Bylaws Committee, Dr. Greg Knofcczynski
       i. Amendment process
          – see Constitution & Bylaws Minutes, Nov 18, morning session
          Discussion:
          Chair Knofcczynski states that electronic voting will take place hopefully early January 2010
to mid February.
          Sen. Simmons: will faculty be alerted?
          Chair Knofcczynski: by e-mail, every step of the way.

       ii. Ex-officio senate membership survey results
          – see Constitution & Bylaws Minutes, Nov 18, afternoon session
          Accepted as committee report
          Discussion:
          Sen. Todesca: read with interest. Fairly clear negative response regarding ex officio on
          senate.
          Sen. Hollinger: how many responded?
          Sen. Knofcczynski: just over 20
Sen. Hollinger: with so few responses how can we ascertain anything from this?
Sen. Simmons: is there a vote relating to this? Or is it just info?
A. Just for information purposes.
Sen. Hopkins: can this be e-mailed?
Sen. Knofczynski: sure, it’s possible.
Sen. LeFavi: the survey question “do you speak freely with your supervisor” no, no, no, – these answers indicate that we simply need to recognize this.
President Hampton: by accepting report we are.
Sen. Hollinger: so there’s no action by simply officially accepting this?
Pres. Hampton: the survey becomes public.
Sen. Carpenter: we as a senate can propose any amendment to the constitution we feel is appropriate.
Sen. Todesca: Parliamentarian? What’s next?
Parlim. Skidmore-Hess: that’s up to any senator; an item can be brought to the floor at any time.
Sen. LeFavi: seems this isn’t going away – why? What’s creating this level of discomfort?
Sen. Hampton: as senator, not president: how can you have shared governance without administrative in-put? Georgia is an open meeting state. It seems this is a moot point. We keep going round and round and we as a body do not seem to have any compunction regarding our ability to speak up.
Sen. Todesca gives a few examples from the survey of stated fears.
Sen. McGrath: Those of us who don’t mind speaking up are not representative of every one in the room. We don’t use an example to prove a generality. This is supposed to be the body for faculty’s share of the process; this is not the place for everyone to be represented.
Sen. Todesca: no one is trying to deny administrators, as faculty, their ability to sit-in on meetings; it’s an issue of awarding them the ex-officio status.
Motion on the floor: issue a new survey.
Sen. Erney: (speaking to ex-officio present) would you be here if you didn’t have that status?
Vice President Whitford: in my career experience, it’s important that I see and hear as much as possible to be as informed as possible. This senate really hasn’t gotten to the point where it’s functioning as it will. We wanted faculty governance but according to BOR there has to be University President representation.
Dean Conroy: in established senates, Dean’s are ex officio.
Dean Shields: with the ex officio status, it’s part of our job responsibility, if we’re not ex officio? I’m not inclined to attend. Why don’t you propose a constitutional amendment so that as you go forward you can have a real conversation about this issue? Past experience: faculty are not afraid to speak up on important issues. And, just because people are quiet does not mean they have no opinion or are afraid to speak. The most influential faculty tend to be those who speak the least, and every one listens when they have something to say.
Dean Wachholz: nothing to add to Shields. We are just here to listen. If you want to do that go ahead, but the more you isolate senate from administration, the less gets done.
Dean Barrett: agree with Shields. Remove ex officio status, I’m not coming. Past experience: deans were part of process.
Sen. LeFavi: Natural proclivities aside, are people inclined to speak or not. Tenure status seems to be a big issue from the survey.
Sen. Hollinger: I’m concerned about taking this survey as gospel considering the return rate.
Motion on floor: further study via Constitution & Bylaws Committee: 11 for 21 against.

iii. Huntington-Hill Apportionment Method
    – see Constitution & Bylaws Minutes, Nov 18, afternoon session

Discussion:
Sen. Wells: the library lost a senator, but what helped was to recognize that the designation was reflective of how many people were employed within the department

b. Summer Schedule – Registrar Judy Gitner (App E)

Discussion:
Sen. Matteer: having taught summer, the numbers on the color hand-out are incorrect. Where did the numbers come from?
Registrar Gitner: SHIP schedules. Except, we didn’t count every lab, every minute. More like eyeballed it overall, especially in the biology 4 week term.
Sen. Matteer: so their lab time is reduced.
Regis. Gitner: it was not as scientific as would have liked. If I didn’t do the perfect job I apologize.
Sen. McGrath: our long and careful discussion with all considerations and presenting an option to the office were ignored. This is the problem.
Sen. Bevis: faculty is only one part of the decision process. The over-all picture is one of the reasons the Registrar had to make the decision she did.
Sen. Craven: numbers are inaccurate; but that’s not going to change what we’re locked into for the next three years, but hopefully meaningful numbers will be utilized forward.
Sen. LeFavi: here we are in December, we’ve got to go on with it. Agree with McGrath, but we still have to get this on the road.
Pres. Hampton: Dr. Craven’s point is well taken, now the opportunity to get good numbers is upon us.
Sen. Logan: Secondary Education department is not happy, but nonetheless moving on with this.

c. Emeritus Faculty Status, examination of benefits – assigned to Faculty Welfare Committee

d. Graduate Faculty Status, examination of establishment procedure and maintenance process – assigned to Graduate Affairs Committee

VII. New Business
a. Interdisciplinary Studies Committee Bylaws first reading, Dr. Greg Knofczynski (App F)
    Motion to accept changes: unnecessary (via Parliamentarian)

Discussion:
Chair Knofczynski: Interdisciplinary Studies Committee would like to re-work their bylaws to remove student membership because the student members are being mis-led with regard to their role and the committee has no say in the selection of student members.
Sen. Craven: what’s with the three year term length for members of this committee?
Sen. Scott: my recollection, two year norm, three allowed.
Parlim. Skidmore-Hess: constitution seems to allow only two year terms.
Nivens: I’ve been concerned about this since beginning of last year. With no senate oversight on student memberships. We need to have some input on how that’s done. Nothing has happened to get faculty on student committees either.
Pres. Hampton: reciprocity is in process and coming in January.
Chair Knofczynski: the bylaws confirm the possibility of a three year term.
Parlim. Skidmore-Hess: the constitution doesn’t agree – sticks to a two year term limit.

b. Graduate Curriculum Committee items for Senate acceptance (App G & H)
   Appendix G & H: accepted.

c. Sen. Scott: makes a motion that the Faculty Grievance Committee needs to be
   reconstituted. (App I)
   Discussion:
   Sen. Carpenter: I was on that committee before this, and we got nothing accomplished. Due
   the parameters we had to work within.
   Sen. Simmons: I concur. It would be useful, if there was another body in place that replaced
   that committee? Mediation?
   Dr. Kraft: there is a conflict resolution program is in effect. There is also a grievance
   procedure in place beyond that.
   Vice Pres. Whitford: we’re looking at grievance. There is a university grievance procedure.
   It’s a university committee. Dr. Kraft was asked earlier to put names on the committee– but
   it’s ad hoc. It should not be part of the senate.
   Sen. Scott: basically, the concerned faculty member was simply concerned about what had
   replaced the grievance committee.
   Motion to send to the Steering Committee: passes, 28 for, 5 against.

VIII. Announcements
Pres. Hampton: the next senate meeting is the first day of spring semester classes.
Sen. Carpenter: our meeting dates are not in Cove.

IX. Adjourned: 4:26
Respectfully Submitted,
Jewell Anderson

ITEMS

SECTION I. Undergraduate Items Approved
The following items were discussed and approved by the committee and are being submitted to the Faculty Senate for approval.

I. College of Education
   A. Early Childhood Education
      1. Change the following course title:
         ECUG 4080 Life and Physical Science Methods in Early Childhood Science 3-3-3
         Rationale: The title, Methods in Early Childhood Science, more accurately describes the course content.
         Effective date: Fall 2010

   B. Health and Physical Education
      1. Change the title and description of the following course:
         PEBC 1502 Folk, Social, and Contemporary Dancing Contemporary Dance from Around the World 0-2-1
         Description: Continuation of PEBC 1501, with emphasis on dynamics, composition, and choreography. This course includes social dances from different countries with emphasis on dynamics, composition, and choreography. Dances may include: cha-cha, salsa/mambo, tango, rumba, swing, line, plus square dances from various countries.
Rationale: The name change demonstrates the international flavor of the course that includes diverse dances from around the world. The addition of the dances will meet the interests expressed by students.

Effective Term: Fall 2010

2. Change the title of the following course:
PEEC 3140 – Coaching Baseball and Softball 3-0-2

Rationale: Including both softball and baseball in one course prevents detailed instruction in each sport.

Effective Term: Fall 2010

C. Special and Adult Education
1. Create the following course:
SPED 4740 Internship I 1-V-3
Prerequisites: Admission to Candidacy in the Department of Special and Adult Education.

CURCAT:
Major Departments: Special and Adult Education
Can course be repeated for additional credit? No
Maximum Number of Credit Hours: 3
Grading Model: normal
Instruction Type: Lecture/Lab

2. Change the following course title, hours, and course description.
CEUG 3012 Language Development: Ages and Stages Language Acquisition 3-1-3 3-0-3

Description: Normal development of language components: semantics, phonology, morphology, syntax, and pragmatics across the life span. Covers the current theories that explain human language acquisition. Study includes language components: phonology, morphology, syntax, semantics, and pragmatics. Explores typical and atypical language behaviors and describes intervention and simulation strategies development and describes cultural influences on language acquisition and communication competence. Summer calendar

Athletics – no immediate impact
Housing – need time to clean rooms between terms
Financial Aid
   Must be at least 8 weeks long
   Limit the number of sessions
   Verification of attendance, disbursement, rescheduling must be processed for each session;
   multiple sessions diverts staff time away from fall processing
   Need summer schedule set at least one year in advance (by March for 2011)
   Once the dates are set and then are changed, processing for each student must be done manually.

Proposal
1. Adopt a calendar.
2. Commit to it for at least 3 years (prefer 5).
3. Evaluate at end of second year (academic year 2011-12) if needed for Summer 2013.
4. Adopt the 5/5/10 calendar
   • The current 4/4/6/8 calendar causes the university to compete internally for student seats in summer classes; 5/5/10 or 4/6/10 would not
   • Lab hours in 4/4/6/8 or 4/6/10 week courses do not always equal those of a full semester
   • Students do not take 2 classes (excluding labs) in one 4-week term
     2005 – 1355; 5 students with 2 or more classes in C or D
     2006 – 1190; 3
     2007 – 1242; 0
     2008 – 1710; 0
     2009 – 1791; 0
   • Students cannot finish a lab science sequence in summer in 4/4/6/8 or 4/6/10
   • Survey results: 69.5% of students in favor of 5/5/10
   • 74.1% of employees in favor of 5/5/10
   • Survey results: Prefer 4/4/8
   • Reasons given: None – 69.2%; Time off – 30.8%
   • 5/5/10 is a compromise of the needs of all colleges; best meets the needs of the students and the university
   • Timing

Mission
The Interdisciplinary Studies Committee will establish and maintain liaisons with departments in all schools and colleges for the purposes of encouraging program development, promoting existing programs, and coordinating interdisciplinary studies at Armstrong Atlantic State University.

Duties
The committee will (1) serve as an advisory group that will monitor and advocate for the development and effectiveness of interdisciplinary courses and programs and (2) assume ad hoc responsibilities as they arise.

Membership
The committee shall be composed of nine to fifteen faculty members: it must include the coordinators of all interdisciplinary majors. A minimum of five faculty representing various interdisciplinary minors or certificates shall serve on this committee. A chair for the committee shall be elected at the first meeting of each academic year. The faculty members of the committee shall serve three year terms. The committee shall also have two student members, representing the interdisciplinary graduate and undergraduate programs respectively. These student representatives will be non-voting members and be nominated by the Student Government Association and Graduate Student Council following recommendations from the faculty members of the committee. Student representation shall be established each year, and the student representatives will be asked to serve a one year term.

Meetings
This committee shall meet at least once per academic semester. The committee will determine meeting dates and times to be posted on the senate website.

Reports
The minutes of each meeting will be provided to the Secretary of the Senate for posting. At the end of each semester, the chair of the committee will submit to the Senate a summary of committee activities.

Rationale: The Interdisciplinary Studies Committee is concerned about the process by which student members will be nominated and selected for service on this Committee. Also, since faculty discussions sometimes include the creation and/or modifications of programs, the student members might be misled concerning the certainty of such programs. The Committee intends to reconsider the issue of student representation at a later date.
PRESENT: Carol Andrews, Sabitra Brush, Brenda Logan, Anita Nivens (Chair), Regina Rahimi, Phyllis Panhorst (Catalog Editor)

ABSENT: Kalenda Eaton, Elwin Tilson

GUESTS: Jill Bell, Pam Magliulo, Rick McGrath

CALL TO ORDER. The meeting was called to order at 2:15 by Dr. Anita Nivens.

APPROVAL OF MINUTES. The minutes of April 24, 2009 were approved as presented.

ITEMS

I. College of Liberal Arts

A. Criminal Justice, Social, & Political Science

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee, contingent upon questions being satisfactorily answered by someone from the Department of Criminal Justice, Social and Political Science at the Graduate Affairs Committee meeting.

1. Create the following course:
   POLS 5300U/G Marxism, Socialism, and Democracy  3-0-3
   Undergraduate Prerequisite: POLS 1150 or POLS 1200 or POLS 2290 or POLS 2200 or HIST 1112
   Graduate Prerequisite: None
   Description: Classical and critical readings of Marxist texts. Examination of history of communist regimes, revolution, and social democratic governments. Evaluation of significance for contemporary democratic theory and practice.
   Rationale: The course establishes a regular offering in an important area of study and is normative in B. A. Political Science programs. The course complements existing offerings in the major. Graduate students must complete a research project requiring in-depth textual study and review of scholarly literature.
   Effective Term: Fall 2010

CURCAT:
Major Department: CJSPS  
Can the course be repeated for additional credit: No  
Maximum number of credit hours: 3  
Grading Mode: Normal  
Instructional Type: Lecture

B. Economics

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee.

1. Create the following course  
   ECON 5150U/G Survey of Economics for Educators 3-0-3  
Undergraduate Pre-requisite: (U/G) Admission to Candidacy in the College of Education or holds current teaching certification  
Graduate Pre-requisite: (U/G) Admission to Candidacy in the College of Education or holds current teaching certification  
Description: Survey of macroeconomic, microeconomic, and personal finance topics relevant to the Georgia Performance Standards for teaching economics in grades K-12. Course examples will be drawn from classroom resources available to educators. Students will be expected to develop a portfolio of grade-level appropriate examples for future classroom use.

Rationale: The Georgia Performance Standards for Economics requires that high school economics students pass an exam that is approximately 85 percent economics and 15 percent personal finance. To cover the material necessary for proper preparation, prospective high school teachers would currently need to take at least two economics courses for which there is little or no room available in their curriculum. This course provides a practical foundation for meeting educational needs for teachers K-12. Graduate students will be required to create and present a course module for an assigned topic.

Effective Term: Spring 2010

CURCAT:
   Major Department: Economics  
   Can the course be repeated for additional credit: No  
   Maximum number of credit hours: 3  
   Grading Mode: Normal  
   Instructional Type: Lecture

C. Languages, Literature, & Philosophy

The following item was approved at the undergraduate level by the University Curriculum Committee on September 16. It is recommended for approval at the graduate level by the Graduate Curriculum Subcommittee.

1. Modify the following course:  
   ENGL 5350U/G Topics in African American Literature 3-0-3  
Undergraduate Prerequisite: ENGL 2100 or permission of department head  
Graduate Prerequisite: None  
Description: Thematic approach to African American Literature, with emphasis on historical, philosophical, and/or cultural contexts. Topics such as religion, migration, the oral tradition, autobiography, popular culture,
rhetoric, civil rights, slavery, sexuality, or literary theory. **May be repeated for additional credit when topics change.**

**Rationale:** An oversight when we first modified this course last year. All of our special topics courses are repeatable.

**Effective Term:** Fall 2010

**CURCAT:**
- Can course be repeated for additional credit? Yes
- Maximum Number of Credit Hours: 6

**OTHER BUSINESS**
