Nordson BUILDS scholarship

April 3, 2021

At Nordson, one way we positively impact our communities is through our Nordson BUILDS scholarship program. We support bright, motivated students who live near our facilities in the United States and attend a college or university, community college or trade school in pursuit of a major related to manufacturing. In 2020, we provided 219 students with scholarships ranging from \$2,000 to \$10,000 – a total investment of over \$800,000.

Even better, the students we support get exclusive primary access to summer internships and permanent employment opportunities after graduation. In that way, the program also helps Nordson develop a diverse, highly-skilled talent pool for the future.

Here is the link to the application: <https://app.mykaleidoscope.com/scholarship/nordsonbuilds>
