Undergraduate Researcher to Present at ASME Conference

July 6, 2022

Jess Gale, an undergraduate student in the Mechanical Engineering program, recently had a conference paper accepted to ASME's 2022 International Mechanical Engineering Conference and Exposition (IMECE). Jess is experimentally investigating the design and optimization of a miniature HVAC system for application in the active cooling of apparel garments. He is conducting research under the supervision of Dr. Sevki Cismeci, Assistant Professor. His research was funded by an Undergraduate Research Award from the Allen E. Paulson College of Engineering and Computing. Jess' work will be presented at the conference to be held October 30th – November 3rd, 2022 in Columbus, OH.
