Graduate Student Presents Work at NSF Conference

October 19, 2022

Amanda Weaver, a graduate student in the Master of Science in Mechanical Engineering (MSME) degree program, recently presented her research at the NSF Engineering Education and Centers (EEC) Grantees Conference on September 22-23, 2022 in Washington DC. Amanda's presentation on "Hydrogen, the New Climate Change Mitigation Technology for Aerospace Travel," was based on research conducted in the Renewable Energy and Engines laboratory under the mentorship of Dr. Valentin Soloiu, Professor.
