

Sustainability Fee Project Grant Report Guidelines
for grants awarded during FY2015
Due by 5pm August 1, 2015
Email pdf or word doc to cfs@georgiasouthern.edu

Please provide the following information in order to help the Center for Sustainability document the success of the Sustainability Fee Grant Program.

Date: 03/08/2016
Name(s): Chuck Taylor
Unit/Department(s): Facilities Planning
E-mail address: ctaylor@georgiasouthern.edu
Phone: 912-478-5885
Project title: BICYCLE REPAIR STATION: STUDENT UNION
Amount granted: \$2400
Amount spent: \$2400

Project Outcomes/Value

Detail the planned and actual outcomes of the project here.

To encourage and support the use of bicycles in transportation to, and around campus.

Many students ride their bike to bike parking facilities near campus bus stops. The repair station provide support to bicycle commuters.

Outcome: The bike repair station includes all the tools necessary to perform basic repairs and maintenance, from changing a flat to adjusting brakes and derailleurs

Project Timeline - Is your project *completed* or still *in progress*?

Project Complete

Project Outcomes -List the *proposed* project goals/objectives and *actual* outcomes of the grant. Describe any successes, challenges and observations.

To encourage and support the use of bicycles in transportation to, and around campus.

Many students ride their bike to bike parking facilities near campus bus stops. The repair station will provide support to bicycle commuters is a component in the support of promoting alternative methods of transportation as a means to reduce the carbon footprint of GSU.

Sustainability Improvements – clearly state how your project has improved campus or community sustainability and explain how you assessed the improvement. If funds were used to purchase products intended to reduce energy, water use, waste, labor cost, etc., please provide information and calculations that show the expected return on investment for your grant.

Encouraging bicycling on campus decreased reliance on cars, reducing CO2 emissions while also decreasing auto-related infrastructure capitol/maintenance expenses. Also encourages healthy lifestyle/physical activity.

Outreach – how did you publicize your Sustainability Fee grant/project? Please attach copies of all publicity (news articles, web pages, fliers, newsletter, etc.) associated with your grant. If no publicity measures have been taken yet, what are your plans for publicity of your project?

Article written in Facilities Operations Newsletter & Funded by Sustainability Grant stickers placed on

identifiable items.

Budget report- provide an explanation of how all funds were used and explain any deviation from the original budget.

Implementation was achieved by a construction contract which combined this project and the Stadium Bicycle Parking Station project with the relocation of the Stadium Stop Shelter.

Student and Community Impact

Because these grant funds come directly from a \$10 Student Sustainability Fee, it is important to document how they benefit students. Please provide information on the following:

#Undergraduate students employed by the grant, and length of employment (# hours/week for x weeks)

No direct student employment

#Graduate students employed by the grant, and length of employment (# hours/week for x weeks)

No student employment

volunteers involved in the project, including total # of volunteer hours

No direct volunteers

students reached through classes or other means

Students reached through actual use of the new facilities

community members reached

Students reached through actual use of the new facilities

Grant Leverage

Were you able to leverage your work for additional outcomes? Indicate the following if they apply.

NA

Presentations given on grant work (indicate if local, regional, national, international, list title and conference name and date)

Papers published, in press or in preparation (indicate student authors with an asterisk)

Grants leveraged (list granting agency, amount awarded)

Project abstract

Provide a one paragraph abstract of the completed project and a photo (preferably including some of the people involved with the project at work) to be posted on the CfS web page.

Also include links to all web pages on which this work is discussed or displayed
