## Student Wins Award for Research on Jet Fuel at Combustion Conference

January 9, 2023

Lily Parker, an undergraduate student in the Mechanical Engineering program, received an award at the Undergraduate Research Competition at ASME's Internal Combustion Engine (ICE) Forward Conference, recently held in Indianapolis, Indiana. Lily presented her research on the combustion characteristics of a synthetic surrogate for jet fuel in a constant-volume combustion chamber.

## Career Fair on Wednesday, February 1st

January 9, 2023

The Office of Career and Professional Development will host the STEM Career Fair on **Wednesday, February 1st**, from 11:00 AM – 3:00 PM in the Recreation Activity Center (RAC) on the Statesboro Campus.

The STEM Career Fair is for all current students, alumni, and employers interested in the STEM industries (science, technology, engineering, and mathematics). As one of OCPD's largest events of the semester, this career fair typically features 130 employers and 500+ students.

## STEM Night on Tuesday, January 31st

January 9, 2023

The Office of Career and Professional Development will host STEM Night on **Tuesday, January 31st**, from 5:00 – 7:30 PM in the Russel Union on the Statesboro Campus.

This is an in-person networking event for students to meet employers face to face and learn more about the employer's internship and employment opportunities. STEM Networking Night complements the larger STEM Career Fair hosted the following day. From 5-6 PM, students can attend major/field-specific panel sessions from top employers to learn more about working in their field, how to obtain an internship, and job search tips. From 6-7:30 p.m., students can network in a mixer-like environment with 30 top employers and learn more about their organizations and opportunities.
