AVON PLAYERS GIVE "HAMLET"

SHAKESPEAREAN PLAY WAS ONE OF THE LYCEUM ATTACHMENTS OF THE COLLEGE.

The Avon Players, presenting "Hamlet" under the direction of Joseph Selman, played to seven hundred people in the auditorium Tuesday evening.

The Shakespearean play was given as a part of the regular lyceum attractions given to the students of the college each year, though practically every term the visiting all-state teachers and freshmen on the campus here. One was his definition of a good school in which he said, "A good school is a place where young citizens get every dollar invested in it. There is no other institution in which the teachers and freshmen on equal terms for once."

Frosh Beat Faculty

In Soccer Struggle

The freshman girls challenged the Ladies of the faculty to a soccer game at 4 o'clock Wednesday afternoon, on South Georgia Teachers College soccer field.

At four o'clock a crowd of students gathered near the soccer field to see the teachers and freshmen on equal terms for once.

The freshman girls were represented by two teams, Miss Tressell, dressed in woodland green, opened the game by kicking the ball into the freshman territory. Quickly the freshmen captured the ball and took it down the field. Ashley Parker stepped their advance by merely getting in front of the ball. Mrs. Carruth gave a mighty kick.

TEACHERS DEFEAT MARINES FRIDAY

TEAM CONTINUES UNDEFEATED SEASON BY OVERWHELMING THE MARINES 67-37.

At the dedication of the new basketball gymnasium in Brooklet Friday night, the Teachers trounced the the Pirate Island Marines to the tune of 67-37.

The game was slow for the first few minutes, but the Teachers began to "click" and it was soon evident that the Marines were outclassed in every phase of the game. The Marines handled the ball well individually, but did not show much teamwork.

Near the end of the half the Teachers had established a safe lead over the Marines and when the half ended the score was 57-21.

In the last half the varsity started, but Coach Smith soon began to run in substitutes almost continuously and before the final whistle blew practically five teams were seen in action.

The Teachers played the Marines Saturday night, but we were unable to report the score as this paper was printed before the game was played.

The baskers of S. G. T. C. have

(Continued on page 4)

FIVE-ACRE LAKE IS BEING BUILT

The newest addition to the campus is another lake which will cover five acres. The lake will be situated just below Lake Wells and will be connected to it. The present lake has proven too small to accommodate the large number of fish that has been put into it.

After the new lake has been finished the fish from the smaller lake will be turned in the larger one. The smaller lake will be used as a breeding place for the fish and the larger for feeding grounds.

The dams are now under construction and are expected to be finished in a few weeks. However, the water will not be turned in for a few weeks in order to let the dams settle.

A year ago this section of the campus was merely a swamp that served as an excellent breeding place for mosquitoes. Now it is being transformed into one of the most attractive parts of the campus.

TYPHOID PUNCTURES TO BE GIVEN FRIDAY

Dr. Whiteside will give typhoid punctures and smallpox vaccinations next Friday afternoon at 3 o'clock in room 2 of the administration building.

The public health department urges all students who have not had the punctures or vaccinations, to get them Friday.

TWO

RESOLUTIONS

Fifteen days of the new year have been spent. We wonder how many of the new year resolutions have been kept. A great many of us make resolutions and then do not have the "stickability" to make the resolutions a reality. Some do not make them at all—giving the excuse, "It's no use." If a person does not make resolutions, he should at least take stock of himself frequently and try to decide what inhibitions and standards need to be rebuilt and strengthened. Any piece of machinery needs to be overhauled from time to time—so we need an occasional "overhauling."

THE BAND

During the football season of 1932 there was a new spirit manifested and many gave the band the credit. Surely they did good work at all football games, and though efforts were greatly appreciated by the students, faculty and alumni. The George-Anne in the fall praised the band for the fine manner in which they performed.

Inside a gymnasium a band has an even better chance to impress the public, but no when only part of the band plays. Those who have come out for the basketball games so far this season have done their best and their music has been good, but how much better could it be made if all band members would come out for the games.

PATRONIZE ADVERTISERS

The advertisers of the George-Anne use this paper as a medium for creating good will towards and advertising the activities sponsored by the students. Support them by your patronage and make them feel that they are making worthwhile gains by advertising in the George-Anne.

THE STUDENT ACTIVITIES

Any college in which the students are not continually banding together and having study activities is falling in its teaching.

By activities the teaching is judged, and unless they are stimulated and developed it has been a failure. Students desire to put the ideas and knowledge gained in class to a practical use if they are learning as they should. They are enthusiastic, and as they discuss problems and come up with the highest baffling points, they are building a better formation. Thus, they realize, can be gained only from books, and they wish, if their own accord, to study and improve their knowledge of the subject in which they are especially interested. This study becomes something to be desired rather than avoided. If properly taught, a student should be led to spontaneously give his time to the furthering of his education in a true cooperative spirit.

As the fundamental points were properly presented, he would do this, and if learning properly should gain from books in increasing for all sorts of outside activities. Then a college should be able to judge its students and find in the number and quality of activities the measure of its good learning.

A STUDENT.

MORE SHAKESPEARE

Should we have more or less Shakespeare for the rest of this year? Do we want more Shakespeare? Is it not the most worthwhile and enjoyable of all the literary attractions of the past year?

In the senior English class a discussion followed the American presentation of "Hamlet" and there was prevalent the opinion that another play by the same players would be enjoyed more than the others. At this class is to study Shakespeare in the spring term they are unaninnmous in favor of another play. Many students who did not study Shakespeare have expressed the opinion that another of his plays would suit their pleasure.

The Aven Players will be making return engagements in the coming spring. It would be a good thing if the student body would have the opportunity to see another Aven Players' performance. It might be "Othello," "Romeo and Juliet," or "The Merchant of Venice." Why not?

A STUDENT.

IT'S A POOR JOKE—

"A fool can't really be foolish until he writes a poem."

A SWEET DISPOSITION

There are a few sweet dispositions forever on earth; a secretary is the rarest and most valued in life.

The goal of cleanliness fostered not once will clean "ladies" become "ladies" out of this very class may come forth again. And "sweetness" marked her for life.

Large are her heart, and her soul sincere. And from difficulties, even a considerably large self.

She gives to all effort, all she has, a tear.

She gains from a sweet disposition the Best wishes to a friend.

No further ask for her sociability to disclose,

One way to look at the depression

When the rich of the world become beautiful, we're in a mess.

When the poor gain the power and privilege of a punch

It will do me no good, for I'm certain to be

On a desert island by myself.

And though everything comes to the person who waits, though the gods that ends well,

To "A Poetic Attempt" published in 1932, Maurice Grahl, with that air of

Large is her heart, and her soul sincere.

They will forever remain in that same state.

Until students at T. C. organize a better method!

ONE WAY TO LOOK AT THE DEPRESSION

Winter is here, and another year is past. But the best way to look at it is:

We must pay our pressing bills.

What's about we have a hunch.

It's a pooh joke—

'Miss Tree.'

Co-operate with local-what railway.

Do we ever hear the call,

It is sometimes amusing to watch

"A fool can't really be foolish until he writes a poem."

"Ye Orators" (By Josephine Murphy)

Demosthenes placed pebbles in his mouth and went down to the seashore and stood on stony rocks and talked above the sound of the waves. He climbed down the steep hills reciting as he went.

Thus a college should be able to judge its students and find in the number and quality of activities the measure of its good learning.

To "A Poetic Attempt" published in 1932, Maurice Grahl, with that air of

.. College Notes ..

Alice Gray spent the week end with Reta Lee.

Elizabeth Fletcher visited her parents in Atlanta.

Maudie S. visited her home in Clayton Thursday.

Rachel Barrier visited her family in Gwinnet last week end.

Elise Prectorius spent Tuesday with her aunt, Mrs. W. I. Edwards.

Enice Pearl Hendricks visited Mary Alice McDonald last week end.

Emily Brooke visited Rebecca Franklin in Statesboro last week end.

Willie C. Proctor visited her parents in Graymont-Summit last week end.

Newells DeLouch spent last Sunday with Corinne Lanier in Statesboro.

We regret that Ollie Lanier has been removed to his home on account of illness.

The Vanider and Mary Wolf spent last week end with Miss Lilian Vandiver.

Mrs. Vera McElroy, who is teaching at West Ride, visited on the campus last week.

Adeline McGilley, Dorothy Bacon and Mrs. Davis have returned from the infirmary.

E. A. Lovett and Miss Elizabeth Lovett, of Sylvania, were visitors on the campus last week end.

Carolyn Brack and Christine Langford accompanied Di-. Taylor to Savannah Thursday afternoon.

Mr. Wells and Dean Henderson accompanied Dr. Taylor to Savannah Thursday afternoon.

Mr. Wrinkle and Yoemans. Willie C. Proctor visited her, par-
