HALF MADE PRESIDENT STUDENT COUNCIL
B.-P. I. HERE TODAY
FINAL HOME GAME

The teachers close the 1933 season this week, playing their final home games here today and tomorrow with Brewton-Parker Institute, and bring another successful season to a close with a three-game series with the Marines on Parris Island Thursday, Friday and Saturday.

With a fair lead in the Georgia State Conference League the Teachers hope to take the two games from B.-P. I., which will give them half as frequent

ANOTHER PROBLEM

Along with the many problems that face a new and growing college is the one of transportation and no school is better acquainted with this problem than mine.

Hardly a week passes that some group of students from the college make a trip to some nearby town or community and often make longer trips. The Glee Club, Dramatic Club, the baseball team, Y. M. C. A. teams, including tennis, track, baseball, football and basketball, the band, trips for pageants, to the sea coast and many others. Each time a trip is made automobiles have to be solicited, teachers, students and friends of the college are called upon to help transport the groups.

This method of transportation is not satisfactory; it is often difficult to get the cars, to keep the groups together and to keep peace and quiet.

The George-Anne believes a large bus would solve these problems. A twenty or thirty seat bus would help keep the students together, take the responsibility off teachers, students and friends of the college are called upon to help transport the groups.

Now that the Cherokee Indians have been evacuated, we can get back to work again. An article about getting an unsatisfactory report on two history courses under the same instructor, said, "Don't put all your eggs in one basket."

CELEBRAL HERITAGE

"What have you done," Saint Peter asked.

"This I would admit you here," "I ran the paper," the editor said, "Of my college for one year."

Saint Peter raised his head, his hair and grayly touched a belt; "Come, in poor thing, and select your hat!"

BEST BOOKS (By J. M.)

What do you consider the best, or one of the best books you have ever read?

If the question was asked of students selected at random, and the following replies were given.

"Daisy Valentine," by Miss Anna Jarvis, "Of Human Bondage," by W. Somerset Maugham, "The Kingdom of Slender Swords," by W. Somervell, "Our Mutual Friend," by Dickens. This book seems to me that the most gripping books I have had the pleasure of reading. It is a story of a youth and college life, and one that I have read, but I think "Of Human Bondage," by W. Somerset, Maugham, is a good one that I have read, and I don't know why I liked it."

Lillian Vandervort—"Of all the books I have read it seems to me that "The Bridge of San Luis Rey" is one of the best I have read. It is a story of a big, clean, wholesome man, who knew what he wanted and set out to get it the right way."

"Elise Biggers—"The Harvesters," by Gene Stratton Porter, is very interesting. I like an "A Fine Madness"

"Katherine Lowery—"I like mystery stories and believe that "The Hiding of the Dark," by Frances Neyes Hart, is one of the best of these. I also think "The Efficient Life," by Gulick, is good. It shows you how to live a well rounded and balanced life."

"Leonard Kent—"I believe that "Of Human Bondage," by W. Somerset, Maugham, is one of the most interesting novels I have read. I became interested in the Chinese family in her book, "Good Earth" and wish to continue reading about China."

Elizabeth Moseley—"I like "Clara Barton in China," by Miss Jarvis then became a mission- ary to the idea and she wrote hun- dreds of letters to influential men, she deputation team, Y. M. C. A. Not only would a bus help keep the responsibility off teachers, students and friends of the college are called upon to help transport the groups.

T. C. Baseball Team Returns From Tour

The T. C. baseball team returns Saturday night from a week's road trip into South Georgia, where they encountered three of the conference teams. The first of the series was a two-game match with B.-P. I. at Mount Vernon. These the Teachers won by scores of 4-2 and 4-1. Slyden and Mobley pitched these games. Mobley allowed only one hit in the second game. Until this series B.-P. I. held the league leadership, but losing two games to the Teachers 'dropped them out of first place and let the Teachers move in.

Then the boys went down to Douglas for a two-game series. They won one and lost one there. Settles pitched the first game, and although Douglas won this opener, the Teachers' team could make only one run in the tenth inning before Douglas pushed over the deciding marker, to win 6-5. In the second game, Slayden took up the pitching and his team went on to clinch the series.

Box Score—First Game

Teachers AB E H E
Woods.. . . . .5 1 1 0
Haug.. . . . .6 5 1 1
Bouyer. . . . .8 6 2 0

总的得分: 44 6 16 4

SWIMMING POOL IS NOW OPEN

Splash! Splash! All walks lead to the swimming pool this month. To take advantage of this new facility, the teachers had to choose "Old Man Summer Time." Even tennis has had to back up in the rear ranks now that the swimming pool is open. The yelp of "Let's play tennis" has given its place to "I'll see you at the pool."

After the swim we can hear through the walls of the dormitory some remarks as these. "My hair is so wet and straight." "Girls, please don't crack up the lobby" this from Michelle, "I'm so tired I could die," and "If I just didn't have to dress for the next class.""The pool is under fine supervision and direction. Those that are enjoying the pool have had physical examinations and are physically fit and in good health. Efficient life savers have been secured, who can make every student swimming safe for the students as well as give some beneficial instruction.

The summer school students should look forward to the swimming pool both with pleasure and profit.

House Council Members Elected for Next Year

The House Council for the year 1933-1934 was elected today. The council is composed of a president, first vice-president, second vice-president, secretary, treasurer, and four council members. The annual election was held today. The first vice-president, Carley Conley, was elected by the senior representatives. Junior representatives, two sophomore representatives, two freshmen representatives and the Anderson Hall representatives were elected by the council.

For the first time in the last five years, the House Council has elected a woman as president of the council. The council is primarily a part of the student government. The duties of the council are not only social, but they are necessary in the management of the dormitory such as giving some beneficial instruction.

Georgia History Class To Make Tour of State

The Georgia History Class, under the supervision of Miss Hester Newton and Dr. R. J. H. DoLack, are planning to leave Friday on the annual historical trip sponsored by this class. About eight members are expected to go to the historical points of interest in Savannah, Brunswick, and the surrounding country that will be visited. Some places to be visited are the old Savannah, Old Mary's Gone, Old Library, Tabernacle, Old Fort Federal, Old Midway Cemetery, Old Cemetery, and other points throughout the state selection of Georgia.

Lampright: "Around the wait."
Contemporary Comment

WHAT CLASS OF ANIMAL?

The average college man now spends half of his time thinking how he may appear individual.

He becomes himself the most outstanding sort of hat or cap he can find, and then if his hair doesn't match it, his hair. He goes to town with one leg of his knickers unfastened and his sock hanging loose, or if he happens to have on a regular pair of men's pants he doesn't wear any socks. He goes to class with a red and white pajama top for a shirt and on special occasions he wears a tie to match.

He never appears interested in anyone unless they say something particularly funny or ridiculous. At the slightest intimation of music he starts prancing around like a young colt. He will utter some foolish ditty, finish by saying "Hotcha" or "Poo Poo O'Drop" and throw back his head and laugh as though his life depended on it.

One looks for some robust überhaupt to burst forth in Mahatma Gandhi style. He is to imitate another year, who by prancing around with his mouth closed, talking wildly and gesturing with his eyes.

He cares not that his everlasting egotism and absurdness brings the criticisms of friends and strangers alike. He forgets that some day when he does the "judicial robes" or prances around like a young colt. He will utter some foolish ditty, finish by saying "Hotcha" or "Poo Poo O'Drop" and throw back his head and laugh as though his life depended on it.

Is a man who whistles really a moron?—Ram's Horn.

R. J. H. DeLoach Speaks At Athens Conference

Dr. R. J. H. DeLoach attended the Institute of Public Affairs conference at the University of Georgia this week. Thursday and Friday, May 10-11.

This is an annual affair made possible by endowments donated by philanthropists for the purpose of getting a broader view of government.

Mr. DeLoach was honored by being a special speaker and his subject was "Why Agriculture Declined After the Civil War?" The economic phase of the conference being that which interested him most and he made very favorable reports about the conference.

A man's brain, which contains 2,000,000,000 nerve cells, covers more than two square feet when spread out.

T. C. GLEE CLUB CLOSES SEASON

(Closed from page 1)

as concluding numbers the Glee Club will sing two choruses.

The members of the Glee Club have spent much time and effort to make the program a success and the audience can be assured of an entertaining program Tuesday night. The program will be presented without charge to the student body as one of the student activities and it is hoped that the entire school will be present.

VESPER PROGRAM SUNDAY NIGHT

The Y. W. C. A. led a very effective and unusual morning watch and vesper service yesterday, observing Mother's Day. At the beginning of the day those students who were unable to visit their mothers, assembled in the auditorium to enjoy a special morning watch feature program, "The Songs My Mother Loved." Religious services were attended by the students.

To mark the close of the day a special vesper service was given. The garden setting, the cross made of red and white roses and the white-haired mother sitting in her chair, furnished a unique setting for the following program:

Piano prelude: "Hymn, "O, Motherhood, the Beautiful"—Ralph Bushe.

Mother's Day Scripture quotations: "Kathryn Yeomans.

Prayer for Mother's Day—Aubrey Clifton.

Talk, Mother's Day—Ralph Stephens.

Tributes to Mother—Lawrence Shippey.

Beatitudes to Mother—Julia Rose.

Closing hymns: "Farewell to Our Mothers."—Benedict.

Philip Weltner Made Director Education

Of interest to every student in those institutions which are branches of the University System is the announcement made from Atlanta Friday, Hon. Philip Weltner, Attorney General of Georgia, was made director of education of the system, a new post.

Chairman Hughes Spalding of the board of regents said Mr. Weltner would inaugurate educational policies that may be adopted under the direction of the board and the supervision and direction of all educational interests of the entire system.

It was announced no action had been taken on the election of a chancellor of the university system succeeding Chancellor C. M. Smelting, who was made chancellor emeritus at the last meeting. However, Mr. Weltner is to assume the duties properly conferred upon the chancellor pending the selection of such an official.

Mr. Weltner gave an unusual amount of his time and energies to the work of the board of regents during his services with the board and also co-operated with the joint committee of the Georgia legislature that drafted the state reorganization bill at the 1931 session, creating the board of regents and court of control. It is understood that he drafted the original reorganization bill.

Education and civic interests have been frequent in the life of Mr. Weltner. He organized the juvenile court in Atlanta and was its first judge. He was the author of the state reorganization bill, of the adult probation statute, and of a number of other Georgia laws although he has
