Hot Doc: read.gov

September 28, 2009

Have you seen the [read.gov](#) site lately? The [Center for the Book in the Library of Congress](#) has created this new page that is pretty cool! It is designed to accompany their annual [National Book Festival](#). The site has something for everyone, with famous stories that question young viewers, webcasts by popular adult authors like Jane Goodall and David Baldacci. They haven't forgotten teens or educators, either! As we celebrate [National Banned Books Week](#), take a look at this interactive site, and perhaps help create a story with the [Exquisite Corpse Adventure!](#)

Brought to you by Lori Lester, [Government Documents Librarian](#)
