Practice was begun last week for the boxing teams which will soon afford us another type of sport. Approximately thirty men have entered training under the capable coaching of Mr. Russell. Negotiations are under way for some inter-collegiate matches in which will probably be Georgia and Clemson. After the boxers will be the annual school tournament.

Miss Zulieme Lane, assistant librarian, is studying at Peabody this term.

The Jazz Orchestra is now open for the fall semester. The band will begin the season by playing for the dinner dance which will be given by the George-Anne staff Tuesday evening.

The orchestra, under the direction of Shelby Monroe, who plays the sax, is further composed of James Wiggin, clarinet; Sara Erol, saxophone, piano, and Wilson Wilkes, drums.

Some of the girls suggest that the boys form a gigaio club. How about it boys?

There were 64 people who made the honor roll for the fall term; a large group under the capable coaching of Mr. Russell. Negotiations are under way for some inter-collegiate matches in which will probably be Georgia and Clemson. After the boxers will be the annual school tournament.

Although the accurate figures have not been tabulated, it is estimated that not been tabulated, it is estimated that 450. Included in this enrollment are seventeen new students.

The George-Anne staff has entertainment for tax reform and for the revision of the constitution of the state.

Judge Park has always been an advocate and friend of this institution and the students were glad to welcome him as a guest and a speaker. His address was most interesting and he spoke in a clear and forceful manner.

Twenty Students On Frosch Council

The Freshman Commission consisting of outstanding freshmen, has been organized by the Student Council.

This commission was organized for the purpose of aiding the officers to deal more democratically and more efficiently with the unusually large freshman class, thereby carrying a spirit of co-operation among the members.

It is hoped that the organization of this commission will create a sentiment within the class which will carry them to the purpose of student government. By organizing this commission the Student Council is confident that the freshman class will be better prepared for carrying on student activities, and will develop enthusiasm in upholding the "Ideals and Standards" of the college. The program of the commission will be to uphold Character and Scholarship, Loyalty and School Spirit, The Physical and Intellectual. 

Happy New Year
Most of our New Year's resolutions are like promissory notes, which, when they fall due, are either deferred or ignored. That which "we promise to do" is not so far removed from that which "we promise to do," hence the similarity. In these days of depression with talk of inflation, moratorium and loan, etc., we can not meet our obligations monetarily. However, psychologically speaking, there is nothing in the way of keeping our resolutions except will. The only thing we have to do is to keep our resolutions. We have to keep them to ourselves until we have made them. We have to make them to ourselves and not to other people.

First, let's resolve to be considerate of other people. In the assembly in chapel each day, when a person gets up to play or speak, respect him. What he has to say will not always be interesting and probably his or her music won't always be your favorite. Remember that there is someone in the crowd who enjoys it, and above all think of the struggle on the part of the speaker or performer. You can talk about "vulgarity" of being courteous, ladylike, etc. until civilization itself becomes depressed; practice those things and the chronic pessimist will have no place.

Second, let's practice courtesy everywhere. Never get the idea in your head that somebody is obliged to do something for you. Rather believe that the world could get on without you... When a person picks you up to school or carry you to town, he is doing you a service. You are not, in the least, doing the owner of the car a kindly deed—it's not your good turn for the day at all. Carry on a conversation, your acquaintance may mean something to you later on in life. When you leave the car, a casual "Thank you" and a light closing of the door will not be out of place.

Third, if you think college is a place to develop nobility and disinterested traits, you are in the wrong pew to derive much benefit. Friends are the Golden Rule of life. However, to have a friend it is always necessary to be a friend. It does not matter how often you meet a person, it is the easiest thing in the world to excite simple greetings.

Last, let's remember, as a group to cultivate the habit of success, to live our ambition to our abilities, to lead a religious life, and to keep always on the highest natural level.

CAMPUS ETIQUETTE FOR 1934

Most of our New Year's resolutions are like promissory notes, which, when they fall due, are either deferred or ignored. That which "we promise to do" is not so far removed from that which "we promise to do," hence the similarity. In these days of depression with talk of inflation, moratorium and loan, etc., we can not meet our obligations monetarily. However, psychologically speaking, there is nothing in the way of keeping our resolutions except will. The only thing we have to do is to keep our resolutions. We have to keep them to ourselves until we have made them. We have to make them to ourselves and not to other people.

First, let's resolve to be considerate of other people. In the assembly in chapel each day, when a person gets up to play or speak, respect him. TEACHERS’ FIVE
WIN CAGE SERIES

The “fast professors” stacked up two more games in the win column Friday and Saturday nights. After a slow start in both games, the Teachers’ prize machine started clicking off points. They defeated the South Georgia State team from Douglas by the score of 55 to 14 Friday night, and in a close contest finally came through to the tune of 43 to 30 Saturday night.

In the first game, it was a problem of who the Teachers’ teams could shoot the most points. No one man scored over seven points, and Coach Smith was surprised at this non-uniformity. The last five proved to be the fastest scorers of the game. The Teachers proved to be unusually weak on defense against the Visitors, and their defense work was not up to the best, Spears, Pafford and Hines led the scoring with seven points each. Smith played a splendid game at guard, and Wrinkle held down the pivot position perfectly. Although these five men made a splendid game, it was equalled by the performance of the substitutes, for they tallied as much as did the first team.

Warnock and Nevis, two county high school teams, played a fast preliminary game, Nevis finally winning by a close score.

Saturday night the “Professors” played the best game of the season, with 9 and Hines third) with 8. Jake Smith played his usually good game in store. The Teachers were the players who saw most of the ball, and Smith came out a winner.

Profs Lose Their
First Game to M. G. C.

The Teachers suffered their first defeat of the season at the hands of Cochran Friday night 24-24.

The Teachers started slowly and Cochran held a 4-0 lead in the first five minutes. Then the Teacher’s offense pulled up to 5 and then went ahead, leading at the half 12-8.

Cochran took a new look on the game, then gradually gaining on the Teachers and slipping into the lead 23-20 after thirty-five minutes, before the game ended. The Teachers made two game but fatigue attempts to come in the last half minute, but when the final whistle blew, the score was still Cochran 25, T. C. 24.

The Cochran boys out-ranged and out-bit the Teachers. The Teachers had many chances to catch in an “easy shot” because of the extreme roughness of the game.

Stuart was high-point man for the Teachers.

ATHLETIC COUNCIL BEGINS NEW YEAR

Very recently the new game, Rodin-ng, was introduced on the campus of S. G. T. C. It has proved to be extremely popular among the girls and seems to enjoy it very much.

The return of the baseball season promises to be a thrilling time for basketball enthusiasts on the campus. Mrs. Dyer is acting as coach and the girls practice from four to six each afternoon. The clubs, societies and sororities also are practicing and have planned a tournament to begin January 29th.

On March 3 and 4 delegates from the Woman's Athletic Association will attend the conference at Valdosta. Last year the conference proved to be most inspiring and instructive and the one planned for this year has already aroused quite a bit of interest.

There will be a mass meeting at the gym tonight at which plans of the W. A. A. will be discussed.

T. C. Basketeers
Play Augusta Y

The Teachers' "Ree" played the fast Augusta Y. C. A. basketeers here Saturday night in the fourth and hardest game of the season.

Augusta's 'Y' team was made up of stars from several Georgia colleges, and included a former University of South Carolina player, a University of Kentucky star and an Indiana University player.

One thing that struck me was that one of the basketball programs has at least one of the basketball programs. What do you think of this story? It's a very humorous story, as well as a clever one.

Miss Malvina Trussell, biology instructor at South Georgia Teachers College, accepted an invitation to join the Sigma Delta Epsilon, national honorary group. The invitation is the result of Miss Trussell's election to the honorary group. Miss Trussell has completed a course in taxanomic vertebrate zoology, anatomy and two courses in entomology. This semester will find her adding taxanomic botany and other fields to her work.

The Brackley-Ark of Rominke College warns that the original mean men who go around tickling dogs just aren't worth it.
